

God level 1151

Chapter 1151

In just a moment, Old Man Yuexia walked to the rune stone pillar and pressed one hand against the stone pillar...

Buzz~!

The stone pillar trembled and activated instantly!

The next second, Old Man Yuexia was petrified and turned into a humanoid stone sculpture...

Then, with a thought, he gathered the power of his consciousness and blasted towards those forbidden seals.....

Boom~! Bang~! Bang~!

With just one blow, two seals were shattered in succession!

Ha ha! But that's it!

The old man under the moon laughed in his heart and was extremely proud.

The intensity of his consciousness far exceeds that of the same level, and is infinitely close to the level of the Saint Ancestor. It is very easy to break the seal.

This assessment was completely created for him!

However, to break the 10 billion forbidden seals, it will take a lot of time and a lot of spiritual power. He must go all out...

With this in mind, Old Man Yuexia began to work hard to break the forbidden seals.....

Bang~! Bang~! boom~!

Seals were shattered one after another.....

Above the stone pillar, the time displayed is also constantly jumping, recording the time spent by the old man under the moon.....

At the same time, in another secret room.

Tai Qing ShengPressing one hand on the rune stone pillar, it turned into a humanoid stone statue...

The next second, with a thought in his mind, his spiritual consciousness broke through.....

Bang~! Bang~! Bang~!

With just one blow, he broke three restrictions...

Taiqing smiled in his heart.

To be stronger or weaker than the consciousness is to be stronger or weaker than the soul.

If you want to compare Yuanshen, who can compare with their three brothers!

Daozu is also very good at studying Yuanshen.

As the three direct descendants of Tao Ancestor, Taiqing, Yuqing, and Shangqing, due to some special reasons, have transcendent talents in the soul.

Even if his cultivation level is only close to the peak of the Saint Ancestor, the strength of Taiqing's soul is comparable to that of the Saint Ancestor in the sixth realm, and even stronger than Old Man Yuexia.

"It seems! This time, the top three will belong to our three brothers!"

Sage Taiqing thought proudly while trying his best to break the ban.....

At this moment, there is another secret room.

Holy Lord Yuqing is looking at the information in the clearance token with a look of joy on his face.
....

"Divine knowledge test! interesting! interesting!"

He smiled and put away the token, then strode towards the stone pillar.....

"hey-hey! In the first level of assessment, the three brothers Qin Feng, Qin Lei and Qin Mu stole the show. Then the top three in the second level should belong to our three brothers. Ha ha!"

Yu Qing laughed and pressed the rune stone pillar with one hand.

Buzz~!

The spiritual pillar is activated~!

Divine consciousness breaks the restriction~!

Bang~! Bang~! Bang~!

In one blow, three restrictions were broken in a row.

Yuqing's divine The intensity of consciousness is actually equivalent to that of Taiqing.....

He was originally the pinnacle of the Quasi-Saint Ancestor, but he had only sealed part of his spiritual power and obscured his cultivation.

And this assessment will not affect the performance of his spiritual consciousness.....

On the other side, there is another secret room.

Shangqing is also conducting a spiritual assessment.

He can also break three restrictions in a row with one blow.

His true cultivation level is also at the pinnacle of the quasi-Saint Ancestor, and the strength of his soul has also reached the Saint Ancestor level... the power of the Saint Ancestor level divine consciousness!

Who among the tens of thousands of examiners can achieve this?

Even Amitabha, Mohou, Luoia, and Ancestor Hunji couldn't reach it.

Only the three of them, their senior brothers, can have such a powerful spirit.

The top three in this second level of assessment are definitely their three brothers!

Shangqing thought self-righteously, feeling extremely certain in his heart.....

In this way, everyone plunged into the fiery assessment.....

Only Qin Feng is silently refining energy, and the two clones are also waiting for his breakthrough...

In this assessment, Qin Feng has no way to replace the two clones and can only let the clones test in person.

Because to activate the assessment, you need to press the rune stone pillar with one hand. The moment you press the direction, the stone pillar will automatically collect the examiner's information. It cannot be replaced, so it is impossible to cheat...

However, Qin Feng still wants the two clones to enter the front three.

The only way is to let yourself break through to the third realm of eternity - the Holy Realm.

His Yuanshen is Hongmeng Yuanshen.

This makes his spiritual consciousness comparable to the early stage of the Saint Ancestor.

However, the spiritual strength of the two clones is only at the peak level of the Quasi-Saint Ancestor. It is almost impossible to enter the top three.

However, if he can break through to the ultimate holy realm, then his spiritual consciousness intensity will be comparable to that of the Saint Ancestor in the middle stage.....

In this way, the spiritual consciousness of the two clones will be improved simultaneously, and they will be able to reach the initial level of the Saint Ancestor.....

Coupled with the light of the God Lord and the assistance of the Jade Order of Creation, it is very possible for the two clones to enter the top three.

This is the real reason why Qin Feng wants to break through his cultivation first.....

In this way, Qin Feng silently refines energy, his combat power is constantly increasing, and his cultivation level is improving bit by bit...

Time flies!

In the blink of an eye, an hour passed.

Within this hour, most of the first-level players were unable to completely break even the first restriction.

The players in the second level could only barely break one of the restrictions, and some outstanding players were able to break two.

As for the quasi-saint ancestors, some have cracked thousands of ways, and many have cracked hundreds of thousands.

However, compared to 10 billion restrictions, hundreds of thousands of restrictions are just a drop in the bucket.

There is still a long way to go before the assessment is completed.....

Qin Feng is still devouring energy silently, and his cultivation progress has increased from 97.3% in the second level to 97.38%, an increase of 0.08%.....

In this way, time passes bit by bit.....

In the blink of an eye, a day passed.

On this day, in a secret room.

Taiqing pressed one hand on the rune stone pillar, and his whole body was covered with lightning, like a dancing electric python, crackling and exploding.....

In fact, those thunders are not the real power of thunder and lightning, but the power of his divine consciousness is so powerful that it can condense the void into reality and manifest into objects.....

Click~! Click~! Click~!

Bang~! Bang~! Bang~!

Wherever the lightning passed, all the restrictions were shattered!

The power of the forbidden shattering is like powder, turning into dust and dissipating in the air.

Taiqing's body also showed flesh color inch by inch.....

In the end, his whole body and clothes returned to his physical body. In such a state, only two eyes are still petrified.....

Taiqing's mind moved, and lightning flashed across his body into his eyes.....

Bah~! Bah~! Bah~!

The electric light intertwined and concentrated in the eye sockets, like two bright lights, lighting up the entire room!

Click~! Click~! Click~!

Bang~! Bang~!

Immediately afterwards, there were two muffled sounds!

The restriction on the eyes is completely broken!

Taiqing opened and closed his eyes, his divine light was released, his vision returned instantly, and he could see everything around him clearly.

And on the rune pillar in front of him, a line of information suddenly appeared.

The Taoist sect from outside the territory, the Holy Master Taiqing, successfully passed the customs!

Time taken: 13 hours and 1 quarter of an hour.

There are twelve hours in a day.

An hour is eight-quarters of a day.

It only took Taiqing Shengzun a little more than a day to clear all the levels.

This speed is extremely fast, and it is almost impossible for an ordinary quasi-holy ancestor to reach his peak level.

"It only took thirteen hours to complete the level! This first place is undoubtedly mine! Ha ha!!"

Tai Qing laughed heartily, very satisfied with his results.

The next second, the space shook slightly, and he turned into a white light and disappeared into the room.

That was because the secret place detected that he had completed the assessment and forcibly teleported him Got out.....

At the same time, in another secret room.

After a day and night of refining, Qin Feng's cultivation level increased to 98.16% of the second level, and he is getting closer and closer to the extremely holy realm..

Chapter 1152

But on the other side, after Taiqing Shengzun was forcibly teleported out, he arrived in a large hall the next second.

There is a monument of points in the center of the hall.

As soon as Saint Taiqing appeared, the monument trembled slightly and lit up with a faint golden light.

Taiqing quickly looked up and saw a line of text appearing on the sacred monument.

Taoist sect outside the territory, Taiqing Saint, result: thirteen hours and a quarter, temporarily ranked first.....

"good! good! I am indeed number one! Ha ha!!"

Taiqing stroked his beard and laughed, feeling extremely happy.

He stared at the line of text for a long time, and then looked around with unfinished thoughts.

Except for him, there was no one in the hall. It seemed empty and deserted, which made him There is a feeling of loneliness among masters...

Obviously, in this assessment, those with better scores will get out sooner.

"I wonder what happened to the second junior brother and the third junior brother? They should be able to take second and third place....."

Taiqing muttered.

At this moment, a white light flashed in the center of the hall, and another person appeared out of thin air. It was the Holy Lord Yuqing.

"Second Junior Brother!"

"Big brother!"

When the two met, they were extremely happy.

"Senior brother, I knew you would definitely win first place!"

"Ha ha!! The three brothers and I are born with strong souls. If we can't take the top three at this level, it will be even harder to say in the future."

"Of course!"

"By the way, Second Junior Brother, look at your ranking!"

With this reminder, Yuqing looked at the Points Monument and saw that the second line of information had appeared on it:

Taoist Sect from Outside the Territory Yuqing Shengzun, result: thirteen hours and two quarters, temporarily ranked second.....

"good! good! Sure enough, it's second place!"

Sage Jade Qing was very satisfied.

"However, Yudi is still far behind compared to his senior brother!

Taiqing stroked his beard and smiled: "Junior brother, don't be humble. The difference in grades between you is only a quarter of an hour."

Yuqing also smiled and said: "Senior brother, I wonder when the third junior brother will come out?"

"It should be soon! After all, the strength of his soul is comparable to that of the early Saint Ancestor, and is almost the same as us."

"That's right! Looking around, among all the examinees, there should be no one else with the strength of spiritual consciousness reaching the early stage of the Holy Ancestor except our three brothers....."

As soon as this was said, the two of them smiled knowingly.

They are uniquely blessed with innate advantages and have such powerful souls.

They didn't believe that there was anyone among the players who could compare with them.

Just as the two were chatting, a white light flashed in the hall, and another person appeared. It was the Holy Lord Shangqing.

"Third junior brother!"

"Two senior brothers!"

"Ha ha!! I said, the third junior brother will be here soon, isn't it already here!"

"Senior brothers, how are our results?"

"Junior brother, look at the monument!"

Hearing this, the Holy Lord Shangqing raised his head and looked at the monument, only to see another one on it.information.

Taoist sect from outside the territory, Holy Master of the Supreme Purity, score: thirteen hours and three quarters, temporarily ranked third.....

"Huh! Two senior brothers, the top three are the three of us!"

"Ha ha!! Of course! Don't even look at it. There are only three of us in this hall. You can tell our ranking just by looking at the number of people.

Yuqing said proudly.

Taiqing also said:"Yes!" This time the assessment is all about time. The earlier someone comes out, the stronger his spiritual consciousness is. The later he comes out, the weaker his spiritual consciousness is, and his ranking will naturally be lower! Shangqing

's eyes lit up:"Senior Brother, in this case, we are determined to be the top three!"

Taiqing smiled slightly and said confidently:"Of course!" Don't look at the rankings shown above as temporary first, second, and third. The actual rankings are first, second, and third. The rankings will not change much."

Yu Qing also smiled and said: "If there is an error, then two players must come out at the same time to make a slight error. If the difference in appearance time is too long, it is impossible for those who appear later to achieve better results than those who appear earlier."

Shangqing suddenly said: "Senior brother is right!" In this way, the top three in this assessment all belong to our Taoist sect from outside the territory! I wonder what other people will think when they learn this result?"

"Ha ha!! In the last assessment, God Realm stole the show. This time, it's our Dao Sect's turn."

As soon as these words were said, all three of them were smiling.

"By the way, two senior brothers, what do you think the results of the three Qin Feng brothers will be this time?"

Sage Shangqing asked curiously.

The corner of Yuqing's mouth curled up slightly: "I think it will be very bad! The reason why the three of them achieved such good results in the first assessment is because they are extremely strong physically."

"As for what I secretly inquired about, Qin Feng's overall strength is equivalent to that of a mid-stage Quasi-Saint Ancestor, and there must be a powerful physical influence in this. If the strength of the physical body is deducted, its strength will be greatly reduced."

"In other words, his power of consciousness and spiritual energy are only at the ordinary Heavenly Saint level. With only the strength of the divine consciousness at the Heavenly Saint level, if you want to get a good ranking, you are just dreaming!"

After hearing this analysis, Taiqing and Shangqing nodded, feeling that it made sense.

"Second Senior Brother, according to your analysis, the three Qin Feng brothers, let alone getting good rankings, might not be able to enter the top 100."

Yu Qing smiled disdainfully: "Third Junior Brother, you still think highly of the three of them." Qin Feng can't even get into the top 100, then Qin Lei and Qin Mu will be even worse. I'm afraid even the top 1,000 people won't be able to get into it."

"Well, how do you say this?"

Yu Qing said with a proud look on his face: "Brother, I have secretly inquired and found that Qin Feng's overall strength is comparable to that of the mid-stage quasi-saint ancestor, while Qin Lei and Qin Mu are far inferior. It seems that they are only half-step to the strength of the quasi-saint ancestor. From this point of view, the power of consciousness of those two people will be even worse!"

Hearing this, both Shangqing and Taiqing came to a sudden realization.

Immediately, Taiqing smiled and shook his head: "It seems like there is nothing to worry about these three people. Whatever! I don't need to pay attention to these three people anymore, I'll just wait for the others!"

"Senior brother is right!"

Yuqing and Shangqing agreed one after another. The three of them all thought that Qin Feng and the others were not afraid.

Then, the three of them chose a corner in the hall and waited quietly for them to appear later. Time flew by quickly!

In the blink of an eye, another day has passed.

In the main hall square, there are still only three people, Taiqing, Yuqing, and Shangqing, and the fourth person has not yet appeared.

That is, on this day, there is a secret room in the assessment area.

Old Man Yuexia has passed the customs. Looking at the results displayed on the rune stone pillar....

"Twenty-three hours and five-quarters of an hour! With such excellent results, if I don't take first place, who will take first place! Ha ha!"

After reading it, he looked up to the sky and laughed, extremely satisfied with his results. After all, he performed extremely well this time.

In his opinion, he is definitely the first!

"I wonder what ranking Qin Feng will get this time?"

The old man under the moon thought of Qin Feng, and the corners of his mouth curled up slightly, and hatred grew in his heart.

At this moment, the space shook slightly, and he turned into a white light and was teleported away.
.....

At the same time, in another room.

Qin Feng sat cross-legged, surrounded by spiritual mist, colorful rays of light, and a divine light appeared behind his head.....

After two days of devouring and refining, his cultivation level has increased to 99.27%, and he is just one step away from breaking through..

Chapter 1153

But on the other side, in the main hall square.

Taiqing, Yuqing, and Shangqing have been waiting for a long time, but they still haven't waited for the fourth person to show up.

This made the three of them secretly happy, and they became even more certain that they had chosen the top three.

"Two senior brothers, ten hours have passed since I arrived, and no one has come out yet. It seems that the top three this time are none other than us!"

Shangqing Shengzun said with a smile.

"Ha ha!! Of course! This also shows that, except for the three of us, none of the examiners has reached the early stage of the Holy Ancestor."

"That's right! As long as the strength of the spiritual consciousness reaches the threshold of the early stage of the Holy Ancestor, one can pass the level within fifteen hours. It is almost two days since the assessment, and it has already passed fifteen hours, but no one has come out. Obviously, there is no fourth person who can reach the early stage of the Holy Ancestor."

"The two senior brothers' analysis makes sense!", Shangqing nodded slightly.

Immediately, he asked curiously: "Two senior brothers, who do you think will be the fourth one to come out?"

Yu Qing smiled slightly: "There are no more than four people: Amitabha, Mohou, Luoja, and Ancestor Hunji....."

As soon as he finished speaking, a white light lit up in the center of the hall, and a figure appeared out of thin air.

"Look! Someone is coming!"

The three of them looked over one after another. After a closer look, the three of them discovered that the person coming was actually Old Man Yuexia.

"Huh! It's him!"

The three people from Taiqing were a little surprised.

When the old man Yuexia saw the three people from Taiqing, he was also stunned, and even the smile on his face froze.

He thought he would be the first to pass the level, but why did he come to the main hall? There were three people already?

Didn't he get the first place?

Old man Yuexia was panicked and quickly looked up at the points monument.

At this sight, he was dumbfounded!

A new line of information appeared on the monument.

Jiyue Heaven Realm, Old man under the moon, score: twenty-three hours and five-quarters of an hour, temporarily ranked fourth..... really!

I am really only fourth!

The old man under the moon suddenly felt his blood boiling in his heart and he felt very depressed.

His strongest item only got fourth place. Are these three really strong?

Thinking of this, he quickly looked up and saw that the third place Shangqing's time was thirteen hours and three quarters of an hour, the second place Yuqing's time was thirteen hours and two quarters, and the first place Taiqing's time was thirteen hours and three quarters of an hour. It was thirteen hours and a quarter... The more he looked at it, the more moved he became.....

No way?!

The time spent by these three guys was almost half of his own.

In other words, the strength of the consciousness of these three guys has definitely reached the early stage of the Saint Ancestor!

Thinking of this, Old Man Yuexia glanced at Taiqing and the others, with a look of confusion on his face.

He could tell at a glance that only Taiqing was the pinnacle quasi-saint ancestor, while the other two were only late-stage quasi-saint ancestors.

But even so, the consciousness of the three people was terrifyingly powerful.

He didn't know that both Yuqing and Shangqing had hidden cultivation levels.

In short, after seeing the results of the three people, Old Man Yuexia felt inferior and a little disappointed.

But then, he thought about Qin Feng again, and found that there was no Qin Feng or anyone else in the field. He was a solid fourth, which was pretty good.

This thought made him feel much better.

At least, he entered the top ten, ranking fourth relatively high, which more or less saved his face in the previous assessment.

Thinking of this, Old Man Yuexia didn't say much. After silently choosing a corner, he sat down cross-legged and meditated with his eyes closed.....

After all, he is not familiar with the people from the Taoist sect outside the territory, so naturally he doesn't know how to say hello.....

The three people in Taiqing silently followed every move of the old man Yuexia. It wasn't until the old man closed his eyes and meditated that the three of them started whispering.....

"Third Junior Brother, have you seen this? Old Man Yuexia was the fourth one to come out, but it took him almost twice as long as us. It can be seen from this that no one can surpass us in the future! Yuqing said proudly.

Shangqing nodded repeatedly:"Yes!" The fourth place result is so far behind us, let alone the ones behind us....."

As soon as these words were said, another white light lit up in the field, and another person passed the level and arrived at the scene, it was the ancestor of Hunji...

At the same time, a message appeared on the sacred monument.

Hunji Heaven Realm, Hunji Ancestor, result: twenty-four hours and a quarter, temporarily ranked fifth...

After reading the results, Hunji Ancestor chose a position, sat cross-legged, meditated, and waited silently, looking very low-key.....

Not long after, three more people appeared in the field, namely Amitabha, Mohu, and Luoja...

These three people were temporarily ranked sixth, seventh, and eighth respectively...

Seeing this, the three people from Taiqing The joy is getting stronger

"Third Junior Brother, have you seen this? The later people appear, the worse their grades are and the lower their rankings are, without exception! This is the rule!"

Yu Qing said proudly.

Shang Qing nodded slightly and looked happy.

From this point of view, the three of them must be the top three this time. Nothing will happen again.

In fact, it is not only the three of them who think so..

All the giants present had this idea.

After all, according to normal logic, they never expected that after Qin Feng entered the assessment area, he did not immediately participate in the assessment, but instead started practicing. Before

Qin Feng took action, who dared to say that he was the first?!

This is something to talk about later!

But he said that since Luo Jia passed the eighth level, no one has appeared.

Time flies, and in a blink of an eye, it is the third day of the assessment.

On this day, the ancient ancestor of Ran Deng appears, temporarily Ranked ninth.

In the corner, Old Man Yuexia showed a hint of joy when he saw the ancestor of Ran Deng.

"Nine people have already appeared. If one more comes, the top ten spots will be filled. Qin Feng can still appear, but it seems unlikely that he will enter the top ten."

Old man Yuexia muttered in his heart, feeling vaguely uneasy.

If he doesn't make it into the top ten, it means he won't get the ranking reward, which will be a huge loss.

And he used the Seven Arrows Book to plot against Qin Feng, and he knew Qin Feng's magic. The strength of consciousness is equivalent to the peak level of Quasi-Saint Ancestor, and it is not weak at the peak of Quasi-Saint Ancestor.

So he is very worried that Qin Feng will enter the top ten, because Qin Feng has that kind of strength.

But currently, Qin Feng will enter the top ten. The chances of making the top ten are getting smaller and smaller.

As long as one more person comes, Qin Feng's chance of making the top ten will be completely gone.

As soon as this thought came up, a white light lit up in the field.

The old man under the moon quickly opened his eyes, Taking a closer look, he saw a majestic figure appearing out of thin air. It was the Emperor Mang Witch Ancestor.....

"It's Di Mang!", Old Man Yuexia was ecstatic.

The tenth place was Di Mang, not Qin Feng.

It means that Qin Feng lost the ranking reward this time!

As long as Qin Feng does not get any benefits, he will feel happy

"There are so many people!"

As soon as Di Mang appeared, he looked around. As soon as he saw that there were many people in the field, he quickly looked at the points monument.

At this sight, he laughed on the spot

"Ha ha!! Tenth place! My ancestor is the tenth! This is so great! This time, I can get ranking rewards again!"

Di Mang is very satisfied with his results.

In fact, he is physically strong and has ordinary spiritual consciousness.

If he hadn't had a piece of jade divination fragment to help him, he might not have been able to enter the top ten. He feels a little lucky in his heart.

Look. Seeing Di Mang's happy appearance, all the giants smiled and said nothing.

Old man Yuexia was also in a happy mood and said with cupped hands:"Fellow Di Mang, I wish you to be in the top ten and get another ranking reward!"

"Ha ha!! Fellow Taoist is happy to be ranked fourth this time, but the harvest is not small!"

"where! where! I'm just lucky. Speaking of fourth place, fellow Taoist Dimang was fourth in the last assessment"

"Fellow Taoist Yuexia is so humble! As we all know, the examinations in this secret place become more difficult the further you go, and the rewards will become more generous. The reward for fourth place this time is more generous than last time."

The two of them complimented each other like this.

Old Man Yuexia was also happy to hear this.

Then, he suddenly said:"Fellow Taoist, you said in public last time that it was impossible for the three Qin Feng brothers to be among the top three. Looking at it today, your words have come true!"

At this reminder, the giants were slightly moved.

Yes!

This time, Qin Feng and the others were not seen.

Di Mang even turned back and glanced at the monument, showing a proud look.

"Ha ha! Just say it! Then Qin Feng's son is physically strong. Without a physical body, how could he perform well with his mere second-level cultivation? In my opinion, he won't be able to make it into the top ten this time, but he will not be able to make it into the top 100!"

The more Di Mang spoke, the more proud he became, and he breathed a sigh of relief in his heart. He had previously belittled Qin Feng in public, and was really worried that Qin Feng would be slapped in the face if he entered the top three.

But now, looking at it, he doesn't need it at all. Worry.

Let alone Qin Feng entering the top three, he has no chance of even being in the top ten.

"Ha ha! Fellow Taoist Di Mang is right! Qin Feng's child is only in the second level, so naturally he is not qualified to enter the top ten!"

Old man Yuexia echoed.

As long as he had the opportunity to belittle Qin Feng, he would be happy to do it.

Just as he finished speaking, a white light lit up again in the field, and another person passed the level.

This time the person who came was Liugen Ancestor.!

So far, the nine peak giants have cleared the level, but Qin Feng still has not arrived.

Di Mang was overjoyed: "Friend Yuexia, you saw it! The six fellow Taoists have also passed the level, but Qin Feng's son still hasn't passed the level, which shows that what I said has indeed come true. How can a junior in the second realm be compared with us!"

Old Man Yuexia nodded repeatedly: "It's exactly what fellow Taoist said!"

However, he was murmuring in his heart.

Qin Feng's spiritual consciousness is obviously not weak. It should be at the level of the pinnacle of the quasi-saint ancestor, even stronger than the six ancestors.

But now, the six ancestors have passed the level, why? Qin Feng has not cleared the level for a long time.

Could it be that I overestimated his spiritual consciousness?

The more Old Man Yuexia thought about it, the more likely it was, and the happier he felt in his heart.

He hoped that Qin Feng's spiritual consciousness would be as weak as possible.....

But neither Old Man Yuexia nor Witch Ancestor Dimang knew it, just when they were complimenting each other.

In the assessment area, a certain secret room was already filled with spiritual mist.

In the spiritual mist, Qin Feng sat cross-legged and was refining energy with all his strength.....

Suddenly, his tiger body shook, and an incomparably majestic momentum erupted in his body. It hit the sky and the earth one after another, causing the heaven and the earth to roar, covering the sky and the earth.....

At this moment, he actually broke through to the third realm of eternity - the Holy Realm...

Chapter 1154

Boom~Long~Long!

Heaven and earth roar!

Spiritual energy vibrates!

At this moment, Qin Feng's momentum was soaring crazily, soaring all the way...

66 million poles.....70 million poles.....80 million poles.....

"Ding~! Congratulations to the host for reaching the third realm of eternity - the Holy Realm... Your combat power has been increased to 90 million....."

After a long time, Qin Feng slowly opened his eyes, his face full of ecstasy.

He finally broke through to the third level, and his combat power reached 90 million in one fell swoop.

90 million poles!

We are almost reaching the limit of the pinnacle of the quasi-saint ancestor!

The maximum combat power of the Quasi-Saint Ancestor is 99 million poles.

For example, Ancestor Hunji, Mohu, Luoja, Amitabha, and Sanqing are all at this level.

Although Qin Feng's combat power is not as good as these powerful ones, his amplitude is extremely strong and he is fully capable of fighting them, and can even overwhelm them.

Of course, these people have hidden methods.

Whether Qin Feng can defeat them all depends on the specific battle. Before the battle begins, everything is speculation.

What's more, Qin Feng knew in his heart that as long as he touched the inheritance of the ancient god master, he would definitely be besieged by these powerful men.

That is the greatest treasure of this secret place. Everyone wants it, and no one wants to be robbed by others.

And Qin Feng came in this time just for the inheritance of the God Lord.

If he can't get the inheritance from the God Lord, he won't be able to integrate the Great Desolate God Realm into the Great Flood God Realm, and he won't be able to get a stronger Great Desolate God Realm.

Therefore, he still needs to continue to become stronger, and he must be able to fight against many powerful powers on his own, so that he can be absolutely sure to obtain the inheritance.

Of course, all this is a thing for later...

Thinking of this, Qin Feng showed a smile at the corner of his mouth.

He was very satisfied with the results of this cultivation breakthrough.

Not only has his strength skyrocketed, but his soul strength has also reached the level of the mid-stage Saint Ancestor.

"I don't know how many people have passed the level? It's time to let the clone take the assessment."

Qin Feng muttered in his heart, so he took out the fragments of the Jade Certificate of Creation and sent them directly into the Great Flood God Realm.....

After doing this, he continued to meditate with his eyes closed, refining energy...

This time, he only refined two-thirds of the energy before he achieved a breakthrough in cultivation. There was still one-third of the energy that was not refined. Naturally, To continue refining.....

For him, if he has time to improve his strength, he should improve it more. Anyway, there are only advantages and no disadvantages.

What's more, this matter will not delay his ranking...

At that moment, Qin Feng immersed himself in cultivation again.....

At the same time, in another secret room.

The phantom clone opened its eyes with a happy expression.

Just now, after Qin Feng's breakthrough in cultivation, his realm was simultaneously promoted to the Holy Realm.

He is the physical extension of Qin Feng. The realms of both parties have improved simultaneously, and their strength has also increased simultaneously.

As soon as Qin Feng broke through to the extreme saint realm, he was also promoted to the extreme saint realm, and his combat power also increased to 30 million.

With his current combat power, coupled with the super amplification multiplier, his comprehensive strength is very close to the threshold of the pinnacle of quasi-sage, and he can sweep many late-stage quasi-sage ancestors.

If he and Xuan Mi's clone teamed up, they would have completely reached the pinnacle level of the Quasi-Saint Ancestor.

In other words, Qin Feng and two clones are now in charge of the Shenmen League, and their top combat power is extremely strong.

With such strength, except for the three major extraterrestrial forces and Hunji Heavenly Realm, the other super forces are somewhat inferior. pity! The outside world doesn't know yet!

At this time, the phantom clone slowly stood up and looked at the rune stone pillar in front of him with a smile.

It's time for him to take the exam!

The phantom clone quickly walked to the stone pillar, turned his palm, and a jade certificate appeared out of thin air. It was the jade certificate of creation.

Qin Feng sent the jade certificate of creation into the Great Flood God Realm, and the phantom clone could use it at any time.

The Jade Certificate of Creation was refined by Qin Feng and can be used by both clones.

After taking out the jade ultimatum of creation, the phantom clone broke his fingers and coagulated blood, blending into the jade ultimatum...

Buzz~!

The jade certificate vibrated, activated instantly, suspended above the clone's head, and exploded with golden light.....

Then, the phantom clone pressed its palm against the rune stone pillar...

Buzz~!

The rune pillar is activated, and the spiritual awareness test officially begins.....

Click~! Click~! Click~!

The next second, the phantom clone turned into stone at a speed visible to the physical body.....

Buzz~!

At the same time, the jade certificate of creation vibrated and cast a golden light, falling on the petrified body...

An invisible force suddenly reduced the power of the time restriction by 30%.....

Buzz~!

The next second, another golden light fell from the sky.....

The power of the ban is reduced by another 30%!

As soon as the phantom's body and mind moved, the consciousness bombarded those restrictions...
click~! Click~! Click~!

Bang~! Bang~! Bang~! Bang~!

With just one strike, four restrictions were broken!

The shadow clone was overjoyed and quickly devoted himself to breaking the ban.....

Crack~li~pah~!

Bah~! Bah~! Bah~!

For a moment, the phantom clone's whole body flashed with lightning, crackling and exploding, and the restrictions instantly shattered, breaking through extremely quickly.....

Just when the phantom clone broke the ban with all its strength, more than twenty people had gathered in the square of the hall.

These people are either the most powerful Quasi-Saint Ancestors or the late-stage Quasi-Saint Ancestors.

At this moment, in the corner.

Ancestor Liugen looked depressed.

To think that he was a giant at the top, but he was squeezed out of the top ten rankings twice in a row.

Last time, he was squeezed out by the three Qin Feng brothers.

This time, two late-stage quasi-saint ancestors from the Dao Sect from outside the territory actually appeared, occupying the second and third places, and squeezed him out of the top ten, leaving him in eleventh place.

"Fellow Daoists of the Six Roots, there is no need to be so discouraged. Even though you didn't make it into the top ten this time, you still have a chance next time!"

Old man Yuexia persuaded with a smile.

At this moment, he was in a very good mood.

The number in the field had reached twenty-three, and Qin Feng had not appeared yet, which made him feel particularly happy.....

"Why~! ", Ancestor Liugen gave a bitter smile, "Even if I was squeezed out of the top ten in the last game, I am still squeezed out in this game! There are only nine peak giants, but I can't make it into the top ten every time. It's a loss of face!"

Old Man Yuexia comforted him: "Fellow Daoist Liugen, don't worry about it! Let's not talk about the last assessment. The ones who surpassed you in this assessment are the two late-stage Saint Ancestors of the Outer Territory Dao Sect. This is not a shame."

"The Outer Territory Dao Sect is inherently mysterious, and with the Holy Ancestor sitting behind it, they naturally have some extraordinary methods, so it is normal for them to surpass them! Having said that, the Divine Alliance shined brightly in the last game, but this time it is the turn of the Outer Territory Dao Sect!

Ancestor Liugen nodded slightly: "That's right!" This time, the top three were all taken by Taoist sects from outside the region."

When he said this, Patriarch Liugen suddenly remembered something and whispered: "Fellow Taoist, have you noticed that the three Qin Feng brothers haven't cleared the level yet!"

Old man Yuexia said with a gloating smile: "Yes! I originally thought that even if he couldn't make it into the top ten, he should be able to make it into the top twenty. But now, the Quasi-Saint Ancestor is about to clear all the later stages, and he still hasn't appeared. It seems that I overestimated him!"

Old man Yuexia said what he meant.

He always felt that Qin Feng's spiritual consciousness was very strong, so he should be in the top twenty.

But now there are twenty-three people in the square, nine are top giants, and fourteen are In the late stage of Quasi-Saint Ancestor, Qin Feng was nowhere to be seen.

Ancestor Liugen muttered:"It seems that the three Qin Feng brothers are only very strong physically, and they should be normal in other aspects."...."

The corners of Old Man Yuexia's lips curled up slightly:"Wait and see! Based on my understanding of him, his spiritual consciousness should not be weak, and should not be weaker than that of the Quasi-Saint Ancestor in the later stages."

The Liugen Patriarch said in disbelief:"No. Right? No matter how outstanding Qin Feng is, he is only a monk in the second level after all. His physical strength is already extremely impressive, but he can't be that strong in spiritual consciousness, right?"

Old Man Yuexia smiled and said nothing.

Naturally, he would not tell anything about the Nailhead Seven Arrows book.

Seeing this, the Six-Gen Ancestor sighed:"That's alright! I'll just see when Qin Feng will arrive. Those late-stage quasi-sage ancestors will also be there. I hope Qin Feng can give me a surprise."...."

At the moment, the two stopped chatting and waited for Qin Feng to show up.....

Time passed like this bit by bit...

Those powerful men from the late stage of the Quasi-Saint Ancestor appeared one after another, but Qin Feng's figure did not appear for a long time...

This made the old man Yuexia more and more confused.

Just when Old Man Yuexia was puzzled, the last late-stage quasi-Saint Ancestor strongman also passed the level, and his ranking was locked at twenty-eight.....

This time when we came to explore the secret land, there were nine peak giants and nineteen people in the late stage of the Quasi-Saint Ancestor...

When the last late-stage Quasi-Saint Ancestor appeared, the six ancestors laughed.

"Fellow Taoist Yuexia, you have arrived at the later stage of the Holy Ancestor, but Qin Feng still has not cleared the level. It seems that your judgment is wrong!"

"Huh! strangeness!"

Old man Yuexia frowned, very puzzled.

Could it be that Qin Feng's spiritual consciousness is not as good as that of the Quasi-Saint Ancestor in the late stage, and he really thinks highly of him?

If that is true, why could he block the nail head in the first place? The secret plot of the Seven Arrows Book?

The more Old Yuexia thought about it, the more he couldn't figure it out.

But Patriarch Liugen smiled and said: "Fellow Taoist, is there anything strange? Isn't it normal for a young monk in the second realm to have less spiritual consciousness than a late-stage quasi-saint ancestor?"

"Fellow Taoist, you don't quite understand some of the situation, but..."

The old man under the moon stopped talking.

At this moment, another white light lit up in the hall.

Everyone looked around quickly and saw a child's figure appearing out of thin air. It turned out to be Hongjun.....

Ancestor Liugen suddenly laughed and said: "Fellow Taoist, have you seen it? Even Qin Feng's child Hongjun has arrived, but Qin Feng still hasn't arrived. It can be seen that Qin Feng's spiritual consciousness is very ordinary....."

The old man under the moon shook his head slightly, his doubts and curiosity getting stronger.

He couldn't understand that a person who could resist even the Seven Arrows Book of Nails could not compare with the later stage of the Quasi-Saint Ancestor, or even with Hongjun...

Thinking of this, he really couldn't hold it back, so he asked Hongjun Jun asked: "Boy, you have already cleared the level, why hasn't your father Qin Feng come out yet?"

At this moment, Hongjun was staring at the monument.

He was in a bad mood when he saw that he was ranked twenty-ninth.

And the powerful people around him all looked at him in surprise.

Old Man Yuexia's question immediately attracted everyone's attention.

Hongjun felt unhappy when he saw it was Old Man Yuexia.

He knew clearly that this old man was his father's life-and-death enemy. Now that he was asking about his father's situation, he definitely wanted to see a joke.

At that moment, he said angrily: "Old Man Yuexia, what are you in a hurry for? My dad will pass the level soon! You don't have to ask him when he will come out. Anyway, the results will beat you!"

As soon as he said this, Old Man Yuexia became angry. I almost laughed

"hehe! You kid is just talking nonsense! At present, the ranking on the sacred monument is twenty-nine, but Qin Feng has not yet passed the level. And I am at the top, ranked fourth, why can he beat me?!"

As soon as he said this, Di Mang also took over and laughed:"Haha!!" Fellow Taoist Yuexia is right! This kid is out of his mind to say such nonsense! Not to mention Qin Feng can surpass you, whether he can enter the top 100 is still unknown."

Hearing this, Hongjun said angrily:"Dimang Wuzu, don't be complacent yet! As soon as my father shows up, I'm afraid he will compete with you immediately!"

Hongjun admired Qin Feng very much and had great confidence.

But his words fell into the ears of everyone, just like a child saying something angry. No one believed it, and they all couldn't help but show ridicule.

In their opinion, if Qin Feng's spiritual consciousness was really that strong, he would have appeared long ago.

Di Mang even laughed loudly:"Haha!! Children, you don't need to brag for Qin Feng here. My ancestor has long said that your father Qin Feng cannot be in the top three. look! Now he's ranked 29th and he hasn't come out yet. Isn't this coming true?"

"Next, I dare to conclude that your father Qin Feng cannot enter the top thirty. Do you believe it or not?"

Hongjun sneered:"Bah~!" I do not believe!

Di Mang sneered and said,"You really don't want to give up until you reach the Yellow River!" Number 30 will be here soon. When he shows up, if he is not your father, what will you say?!"

As soon as these words were said, there was a flash of white light in the hall, and another person came.

The thirtieth person actually appeared at this moment!

Everyone looked.

Hey! It's him!

The next second, everyone was stunned.

Only I saw that the person who came was none other than a shadow clone.

Chapter 1155

The next second, everyone was stunned.

I saw that the person who came was none other than a shadow clone.....

"It's Qin Lei!"

"I didn't expect it to be him!"

"The thirtieth pass! not bad!"

The giants murmured in low voices.

Emperor Mang Wuzu was also stunned for a moment.

The appearance of the shadow clone was obviously beyond his expectation.

As soon as Hongjun saw the shadow clone, his face showed ecstasy.

Immediately, he He pinched his waist and looked at Di Mang and said:"Di Mang Witch Ancestor, didn't you say that my father can't enter the top thirty? Now open your eyes and take a good look! Who is the 30th?

Di Mang Witch Ancestor was slightly startled:"Your father?"! Isn't Qin Lei your uncle?"

Hongjun was stunned and startled.

He almost revealed his secret in public. No one present knew that the so-called Qin Lei was one of his father's clones.

However, he reacted very quickly and put his little hands behind his back with a proud look on his face. She said delicately: "Whether it's my father or my uncle, he has made it to the top thirty places."

Di Mang sneered: "Haha! It's not like Qin Feng himself entered the top 30. Besides, Qin Lei only got the 30th place. What do you have to be proud of?" As soon as he said this, the old man Yuexia also echoed: "Yes! This is only the thirtieth place, and you are so proud. People who don't know, think you have won the third place!"

As soon as he said this, Di Mang laughed loudly.

"Ha ha!! Fellow Taoist Yuexia is right! They finally ranked 30th in the God Realm, so they thought it was a big deal. If you make it into the top ten like me, that would be great!"

"Fellow Taoist Di Mang is right! There are only thirty people, what is there to be proud of? The God Realm is indeed a small force and has never seen any big scenes!"

In this way, Di Mang and Old Man Yuexia laughed in harmony.

Although Old Man Yuexia was doubtful about Qin Feng's ability to fight against the Seven Arrows Book, he would always sarcastically mock Qin Feng and others as long as he had the opportunity. Sparing no effort.

Hongjun looked at the two people's proud looks and felt angry.

"snort! What are you two so proud of? Not only did one get fourth place, the other got tenth place. People who don't know, may think you are in the top three!"

Di Mang laughed: "Haha!!" Regardless of whether you are fourth or tenth, there will be ranking rewards. And what can you, the 30th place, have? In my opinion, you can only be envious!"

As soon as these words were said, some of the powerful people smiled, and some shook their heads slightly.

They always felt that quarreling with a child was somewhat detrimental to the identity of the Emperor Mang Witch Ancestor.

However, the Emperor Mang Witch Ancestor had a bad temper and was determined to retaliate.

He himself didn't think there was anything wrong.

But he said that Hongjun was so rebuffed by him that he couldn't find the words to refute.

At this moment, the phantom clone spoke.

"Emperor Mang Witch Ancestor, are you sure you will get the ranking reward?"

Di Mang raised the corner of his mouth and said with disdain: "Isn't it true?"

The phantom clone sneered: "As far as I know, only by entering the top ten can you get the ranking reward!"

"This ancestor is the tenth! Why can't I get the reward?"

"Are you sure you are number ten?"

"This is not nonsense!"

Di Mang Witch Ancestor sneered and looked up at the Points Monument.

At the same time, the giants also looked at the sacred monument. At this sight, everyone in the audience was dumbfounded!

The ranking of Di Mang Witch Ancestor suddenly changed. Became the eleventh!

Everyone looked up quickly and suddenly found that the first place had changed. It was no longer the Taiqing Saint Ancestor, but Qin Lei....

"Qin...Qin Lei is number one!"

"Oh My God! His result was eight hours and three quarters!"

"This is too scary!"

All the great masters exclaimed, unable to believe their eyes.

The Emperor Mang Witch Ancestor felt as if he had been struck by lightning. He instantly froze on the spot and his eyes widened. His heart also sank like an ice cellar! It's over!! It's over!

It's completely over!

He actually became eleventh!

He lost his ranking reward!

"impossible! This is impossible!"

Di Mang Witch Ancestor shook his head repeatedly, unable to believe it.

"How can it be? How could that kid get first place!"

Di Mang murmured to himself, looking dazed.

On the other side, Old Man Yuexia was also dumbfounded, and his face became extremely ugly.

He never expected that the phantom clone would win the first place.

But the fact is right in front of him, No room for him to refute

"Ha ha!! Emperor Mang Witch Ancestor and Old Man Yuexia, you have all seen it, right? My uncle is number one! He won first place! Didn't you just laugh at our Divine Alliance? So what now? After a long time, it turns out that your ranking is not worthy of being compared with my uncle! Ha ha!!"

Hongjun looked ecstatic and laughed unscrupulously.

All the powerful people couldn't help but look at Old Man Yuexia and Emperor Mang Witch Ancestor.

In full view of the public, Old Man Yuexia was greatly embarrassed, but could not refute. It could be said that he had lost all face.

Emperor Mang Wuzu was also brought back to reality by the ridicule. When he saw the great masters looking at him with strange expressions, he was inevitably embarrassed.

Immediately, he became angry and said:"Little thief! Why are you so proud? It's not just Qin Lei who won the first place, but it's not your father Qin Feng!

Hongjun sneered:"I remember someone said that neither my father nor my two uncles could make it into the top three." What now? My uncle Qin Lei even won the first place! What do you say?"

"this....."

Di Mang was embarrassed and his old face turned red.

But he still said stubbornly:"Qin Lei alone has entered the top three, Qin Feng and Qin Mu have not yet, so it cannot be proved that what I said is completely wrong, I can only say that my prediction is not completely right!"

"Yeah? Are you sure my father and Uncle Qin Mu can't make it into the top three?"

"snort! Need I say more?! If they can make it to the top three, they will have to clear the level, why don't they wait until now and still not show up?"

Hongjun curled his lips and said, "Tch!" What do you mean, the later it comes out, the less likely it is to be in the top three? Then how come my uncle Qin Lei came out so late and still won the first place?"

"Well.....this....", Di Mang was asked.

When everyone heard this, their hearts moved. yes!

Qin Lei only appeared on the stage in his thirtieth time, so he didn't win the first place.

There is no guarantee that if Qin Feng and Qin Mu come out late, they will not be able to enter the top three.

But they were a little strange, why did Qin Lei come out so late?

Judging from Qin Lei's results, it only took eight hours and three quarters to clear the level, so he should be out very early.

Thinking of this, everyone was very confused.

Emperor Mang Witch Ancestor was even more uneasy.

Is it possible that all three of Qin Feng will be in the top three?

If this really happened, he would be slapped in the face again.

However, he naturally would not admit defeat before the results came out.

At that moment, he said: "Tch~! It's as if Qin Feng and Qin Mu can definitely enter the top three! Boy, I still don't believe they can enter!"

Hongjun smiled coldly: "Then shall we? A bet? Just bet that my father and I, Uncle Qin Mu, can also be in the top three!"

As soon as these words came out, all the great men looked at each other, feeling a little worried in their hearts.

They don't want the clones of Qin Feng and Xuan Mi to also enter the top three.

That would lower their ranking.

Di Mang's expression changed slightly and he did not dare to answer.

After experiencing the phantom clone incident, he was not sure whether Qin Feng and Xuan Mi's clones would also create miracles, so he naturally did not dare to gamble.

"Do you want to bet?", Hongjun pressed again.

Di Mang held it in for a long time before saying: "No gambling! Don't wait until I win and you will say that I am bullying the small!"

"Ha ha! After doing this for a long time, you don't even dare to bet, why are you talking nonsense!!"

Hongjun laughed so hard that he was so angry that Di Mang's old face turned red, embarrassed and angry.

Seeing Di Mang's deflated appearance, the shadow clone smiled coldly, walked to a corner of the square, and offered up After reading the Book of Earth, he turned into the fetal membrane of heaven and earth.

Then, he got into the fetal membrane of heaven and earth.

Seeing this, Hongjun ignored Di Mang and followed him into the fetal membrane of heaven and earth...

Di Mang looked at the fetal membrane. direction, eyes full of hatred

"I didn't expect Qin Lei to actually get first place... Damn it! snort! I don't believe that Qin Feng and Qin Mu can also enter the top three. There can't be that many miracles in this world!"

At this moment, Di Mang murmured in his heart.

At the same time, in the fetal membrane of heaven and earth.

The shadow clone sat cross-legged, then took out the jade certificate of creation and sent it to the Great Flood God Realm.....

Next, it's Xuan Mi's turn to break the ban..

Chapter 1156

But it was said that after the phantom clone sent the jade certificate of creation into the Great Flood God Realm, the clone of Xuan Mi sensed it on the other side.

In the assessment area, in a secret room.

The clone of Xuan Min opened her eyes from meditating.

After these three days, he has integrated the remaining strands of Holy Spirit energy into the Four Swords of Zhutian and the Formation of Zhutian.

The Four Swords of Zhutian and the Formation of Zhutian have all been promoted to Heaven-casting level holy weapons. This is also a good harvest...

In addition, when the shadow clone breaks the ban, Qin Feng is still refining energy. , the cultivation level has improved slightly...

These slight changes in realm will still increase the strength of the soul.

In other words, the current state of the Xuan female clone is better than the previous state of the virtual shadow clone.....

Thinking of this, Xuan Mi's clone strode to the rune stone pillar.

Then, he turned his palm, and the jade certificate of good fortune appeared...

Buzz~!

The broken finger coagulates the blood, and the jade ultimatum is activated!

The next second, Xuan Mi's clone pressed against the rune stone pillar with one hand.....

Buzz~!

The stone pillars trembled, the assessment was activated, and Xuan Ni's clone was petrified.....

At the same time, the light of the God Lord was cast in the sky.....

The jade certificate of creation also cast a golden light.

The power of restraint continues to decrease!

Xuan Mi dispersed her body and thought, and her spiritual consciousness blasted towards those restrictions... click~! Click~! Click~!

Bang~! Bang~! Bang~! Bang~!

A strike of divine consciousness also broke four seals in a row, but it was slightly faster than the phantom clone.....

Xuan Min's clone was overjoyed and quickly devoted herself to breaking the ban. Suddenly, lightning flashed all over her body, and the roar continued.....

At the same time, inside the main hall.

Since the shadow clone and Hongjun entered the fetal membrane of heaven and earth, all the quasi-saint ancestors also started whispering.

Obviously, the phantom clone won the first place, which shocked them deeply.

At this moment, in the corner.

The faces of Taiqing, Yuqing, and Shangqing were a bit unsightly.

"Senior brother, I didn't expect Qin Lei to get first place. How did he do it?"

Yu Qingyu couldn't believe it.

If it weren't for the data displayed on the sacred monument, he wouldn't have thought this way at all.

"Not sure! However, even if Qin Lei was assisted by the light of the God Lord, he only took eight hours and three quarters to clear the level, and his spiritual consciousness reached the early stage of the Saint Ancestor...."

Taiqing analyzed it carefully.

Shangqing frowned: "Isn't it incredible that a young monk in the second realm of eternity has such a strong spiritual consciousness?"

This time, the phantom clone appeared and used secret techniques to cover his cultivation.

They haven't realized yet that the phantom clone is already in the third realm.

As soon as Shangqing finished speaking, Taiqing and Yuqing looked at each other.

After a moment, Taiqing whispered:"Two junior brothers, this Qin Lei is a little weird! Not only is his physical body strong, but his spiritual consciousness is also so strong. We have to pay attention to it!"

Yuqing also said:"Master predicts , this time the inheritance of the God Lord of the secret land will be inherited. It won't be Qin Lei, Qin Mu, and Qin Feng, right?" At this reminder, Taiqing and Shangqing's expressions changed slightly.

Later, Taiqing said coldly:"Whether they are these three people or not, we must pay attention to them. When necessary, we need to take measures to contain them. Fortunately, their cultivation levels are not high!" In the end, Taiqing said A cold light flashed across his eyes.

Shangqing quickly echoed:"Senior brother is right! These three people are indeed a threat. Just like this time, Qin Lei won the first place. My third place was squeezed out!" In the end, Shangqing was Worried about it.

Ranking rewards, the top three are the most important.

He was squeezed out of the top three, which naturally caused him a lot of losses and made him feel very depressed.

And this reminder made Yuqing a little uneasy.

Yu Qing hurriedly said:"Senior Brother, do you think Qin Feng and Qin Mu will also take a look at Qin Lei and clear the level in only about eight hours? If so, our top three positions will not be guaranteed!"

As soon as he said this, Taiqing frowned:"It's hard to say! However, if Qin Feng and Qin Mu's consciousness is not weaker than Qin Lei, they should be out soon. Let's wait and see!"

Yuqing nodded slightly:"That makes sense!"

At that moment, Sanqing waited silently.....

On the other side, Ancestor Liugen looked at the results on the monument.

Behind him, Old Man Yuexia and Emperor Mang Witch Ancestor were sitting aside with gloomy expressions.

Unknowingly, Dimang Witch Ancestor and Old Man Yuexia came together because they both had a common enemy, which was Qin Feng.

"Two of you! It only took Qin Lei eight hours and three quarters to clear the level. It was really not easy!"

The ancestors of Liugen sighed.

"snort! Maybe it's just luck!", Emperor Mang Witch Ancestor was a little unhappy.

Ancestor Liugen smiled slightly: "Two of you, what do you think Qin Feng and Qin Mu will be? Can they also be in the top three?"

Di Mang said angrily: "Humph!" Of the three of them, it would be great if one of them makes the top three."

It's about his own face. Naturally, he doesn't want Qin Feng and Qin Mu to enter the top three.

At this time, the old man Yuexia also said: "It takes eight hours and three quarters to clear the level. Without the strength of the divine consciousness of the early Saint Ancestor, even if there is Even the assistance of the Divine Lord's Light cannot do it. Do you think Qin Lei's spiritual consciousness is that strong?"

"this...."

Ancestor Liugen hesitated.

He also couldn't accept that an eternal second realm would have such strong spiritual consciousness.

Di Mang even asked:"Fellow Taoist Yuexia, what do you mean?...."

The old man under the moon shook his head slightly:"I can't understand it either, but I really can't believe that Qin Lei's consciousness is so strong. Maybe this is just an exception! Anyway, let's wait and see! If Qin Feng , Qin Mu's spiritual consciousness is equally powerful and will probably come out soon....."

"Makes sense!"

Di Mang Witch Ancestor and Six Root Ancestors all nodded in approval.

At that moment, the three of them stopped talking and waited for the next person to come.

Not too long later, the thirty-first person appeared, but he was a mid-stage quasi-saint ancestor. , not the clones of Qin Feng and Xuan Mi.....

This made Sanqing, Old Man Yuexia, and Dimang Witch Ancestor breathe a little sigh of relief.

In their opinion, if Qin Feng, the virtual shadow clone, and the mysterious female clone have the same spiritual consciousness, they should appear at about the same time.....

If it weren't for the same time period, I'm afraid there would be a gap in spiritual consciousness.

Of course, this is all their imagination.

Time flies so fast, more than seven hours have passed in a blink of an eye.....

According to the accumulated time, it has reached the fourth day of the assessment.

During this period, the number of appearances has reached fifty-one.....

The people who appeared later were basically strong men in the mid-stage of Quasi-Saint Ancestors.

As soon as those people arrived, they were very surprised to find that the first place was Qin Lei.

However, Old Man Yuexia, Emperor Mang Witch Ancestor, and Sanqing all secretly breathed a sigh of relief.

Because among these people, there are no Qin Feng and Qin Mu...

This makes them even more lucky to think that Qin Feng and Qin Mu should be in a different situation from Qin Lei!

But on this day, Old Man Yuexia and Emperor Mang Witch Ancestor were waiting anxiously.

At this moment, a white light lit up in the hall, and number 52 appeared.

The two looked quickly.

Then I saw that the person who came was actually Prince Xishen.

"father!"

As soon as Prince Xishen arrived, he saw Old Man Yuexia and others and walked over quickly.

"The child has seen his father! I have met Lord Di Mang! I've met senior Liugen!"

As soon as Prince Xishen arrived, he saluted the three of them.

Old Man Yuexia also nodded happily: "Xi'er, you won the fifty-second place this time, which is not bad."

"Thank you father for the compliment! By the way, what about the little thief Qin Feng? How many names is he?"

Prince Xishen hated Qin Feng extremely, and asked him about Qin Feng as soon as he arrived.

"He hasn't passed the level yet! Prince Xi Shen was overjoyed:"

This is great!" You know, even little thieves can't do it! By the way, what about Qin Lei and Qin Mu?"

"Qin Mu didn't clear the level either! Qin Lei passed the level and got first place!"

"What?!"

Prince Xishen was startled and quickly looked at the monument.

At this moment, he was dumbfounded.

Qin Lei's score turned out to be eight hours and three quarters, which was nearly faster than the second place Taiqing. Four hours, incredible

"It surprised me that! This Qin Lei's consciousness is so strong!"

Prince Xishen murmured to himself.

Then, he seemed to have thought of something, and looked at Old Man Yuexia with a look of joy.

"Dad, although Qin Lei won the first place, neither Qin Feng nor Qin Mu passed the level. Now these two guys are ranked below the child."

Speaking of this, Prince Xi Shen was vaguely proud.

In his opinion, the later he appeared, the lower his ranking.

After hearing what he said, Old Man Yuexia, Ancestor Dimang Witch, and Ancestor Liugen all It showed a strange look.

At first, they thought so too.

But after the phantom clone appeared and won the first place in one fell swoop, it broke their inherent cognition and made them dare not judge easily.

At the moment, the three of them After looking at each other, Old Man Yuexia swallowed his saliva and was about to explain to Prince Xishen.

But at this moment, another white light lit up the hall, and a tall figure appeared out of thin air.

Everyone quickly turned around to look. When I went, I saw that the person who came was none other than the clone of Xuan Mi.

"It's Qin Mu! Ha ha!! Dad, this guy cleared the level after me, he should be fifty-third!"

Prince Xishen was very proud, thinking that he had surpassed Xuan Ni's clone.

But Old Man Yuexia, Emperor Mang Witch Ancestor, and Six Root Ancestors ignored him, and immediately looked at the Integral Monument...

This look , the three of them were dumbfounded, with their mouths wide open...

At the same time, an exclamation also sounded in the main hall.

"Oh My God! Look at Qin Mu's ranking!"

Prince Xishen suddenly felt something was wrong, and quickly looked up.

He was dumbfounded when he saw it. At the top of the monument, a new message suddenly appeared.

God Realm, Qin Mu, result: eight hours Two quarters of an hour, temporarily ranked first...

Chapter 1157

Prince Xishen suddenly felt something was wrong and quickly looked up.

Seeing this, he was also dumbfounded.

At the top of the sacred monument, a new message suddenly lit up.

God Realm, Qin Mu, results: eight hours and two quarters, temporarily ranked first...

"This...how is this possible! How could Qin Mu be number one!"

Prince Xishen shook his head in shock. It was really hard to accept.

Old Man Yuexia and Emperor Mang Witch Ancestor were silent.

They had experienced it once before, so they were no longer surprised, but their faces became extremely ugly.

In the hall, the giants and the The powerful people in the late stage of the Quasi-Saint Ancestor also had weird looks on their faces. They were not surprised.

Only those in the mid-stage of the Quasi-Saint Ancestor were inexplicably surprised!

It was also the first time they saw it. They were obviously latecomers, but they came from behind and took the victory in one fell swoop. First

"Dad, this Qin Mu clearly appeared behind me! Shouldn't he be number 53? Why did it become number one?"

Prince Xi Shen was still unwilling to give in. He turned around and asked Old Man Yuexia

"Why~! "

The old man under the moon sighed and didn't know how to explain it for a while.

Di Mang even smiled bitterly: "Xi Shen's nephew, now you are the fifty-third one!"

"Well....!", Prince Xishen looked embarrassed.

Seeing this, Patriarch Liugen rolled his eyes and whispered: "Fellow Taoist Yuexia, this situation is not good! If you don't make a decision, it will be even harder to avenge Princess Moon God!" Wen said. Saying this, the old man's eyelids twitched under the moon.

He knew what Patriarch Liugen meant.

This meant that he had to speak in person and ask the six ancestors to join forces to deal with Qin Feng.

However, he knew that the Six Root Ancestors had ulterior motives, so naturally he would not agree easily.

Seeing that the old man Yuexia didn't answer, Liugen Ancestor said again: "In this second assessment, Qin Mu and Qin Lei won first and second respectively. The ranking rewards will definitely be extremely generous. In this way, Qin Feng's power will increase again." If you want to become stronger, I'm afraid it will be even harder to deal with!"

The Dimang Witch Ancestor on the side couldn't help but interjected: "Huh! Even if Qin Feng's side gets the first and second ranking rewards, it won't change the situation. Just rely on God. What kind of big trouble can those juniors in the alliance make?"

"If it were not restricted by the rules, I would have taken action against them long ago. From what I can tell, Taoist friend Yuexia wants to avenge his daughter, but what he lacks is not the strength, but the opportunity.

As soon as these words were said, Prince Xishen said: "That's right!" With the strength of our Jiyue Heaven Realm, it is naturally easy to deal with the Divine Alliance, but due to the rules, we cannot take action! Emperor

Mang Witch Ancestor smiled coldly:"You don't have to worry. According to the previous rules, after every two assessments, you will have an opportunity to freely find opportunities.""

"When freely looking for opportunities, players are allowed to fight each other, but they have to pay a certain price!

Prince Xishen's eyes lit up:"What price?" Emperor Mang Witch Ancestor smiled slightly:"

According to the previous rules, points will be deducted." The consequences may be serious or not serious. It depends on what you think. If you don't care about the inheritance of the God Lord, it doesn't matter if you lose some points. Prince Xishen said happily:"

As long as I can avenge my sister, even if I lose some points, that's no problem." The old man under the moon also had a cold look in his eyes:"

This is an opportunity!" However, we still have to wait until this assessment is over to see how the secret place is arranged. I hope the secret land can give me such an opportunity."

Old Man Yuexia's hatred for Qin Feng has long reached its extreme, and he is even willing to give up the opportunity to compete for the inheritance of the Divine Master.

Thinking of this, he looked at the Dimang Witch Ancestor again

"Fellow Daoist Di Mang, Qin Feng has repeatedly disrespected you. If there is a chance to take action in the next game, are you willing to join me in taking action?"

"this....",Di Mang hesitated.

Although he hates Qin Feng extremely, it is disgusting at best and has not yet risen to the level of a life and death enemy.

If he lost a lot of points in order to deal with Qin Feng and thus lost the qualification to compete for the inheritance of the Ancient God Lord, it would not be cost-effective, so he hesitated.

"Fellow Daoist Dimang, you should know that Qin Mu and Qin Lei have already won the first and second place respectively. If Qin Feng enters the top three again, then you will...."

The old man under the moon stopped talking.

The corner of Dimang Witch Ancestor's mouth twitched, looking a little ugly.

He understood what Old Man Yuexia meant.

If Qin Feng enters the top three again, then what he said before in front of everyone will become a laughing stock, and it can be said that Qin Feng and the others were slapped in the face.

As the pinnacle giant of the quasi-Saint Ancestor, he is very concerned about his reputation.

In other words, the existence of Qin Feng and the others has already damaged Di Mang's face.

However, if Qin Feng and the others die, no matter what Emperor Mang Witch Ancestor said before, no one will take it seriously.

No matter what the process is, success or failure can be judged by heroes!

Thinking of this, Dimang Witch Ancestor said:"Fellow Taoist, I understand what you mean. I also want to deal with Qin Feng with you, but I care more about the inheritance of the ancient God Lord. Points are extremely precious, and I still want to I don't want to lose some points easily!"

Old Man Yuexia said in surprise:"Fellow Dimang, do you really want to become the laughing stock of others? After all, you are also the pinnacle giant of the Quasi-Saint Ancestor, how can you let Qin Feng's child This kid who is only in the second realm is jumping around in front of you?"

Di Mang also felt annoyed at the mention of Qin Feng.

He said:"Fellow Taoist, don't dissuade me! Although Qin Lei and Qin Mu have entered the top three, Qin Feng has not yet entered. What's more, Qin Feng is the boss of the Divine Alliance. As long as he does not enter the top three, my ancestor's face can still be saved Barely keep"

"Of course, I will not let Qin Feng go. Wait until this trip to the secret place is over. I will settle the score with Qin Feng's son, re-establish my prestige, and let the world know what the consequences will be if I offend my ancestor!"

As soon as these words came out, Prince Xishen couldn't help but frown, and he became anxious.

Obviously, his father did not persuade Dimang Witch Ancestor.

These old guys are all exquisite egoists. In the face of their own interests, It was still very rational.

Old Man Yuexia was also a little surprised, secretly thinking that Emperor Mang Wuzu was just rough on the outside, but he also had his own Xiao Jiujiu in his heart, and his calculations were very clear.

At that moment, he said:"Fellow Taoist, what is your plan?" The premise is that Qin Feng does not enter the top three. What if he enters the top three?"

"snort! He hasn't come out yet! How do you conclude that he is in the top three?"

Di Mang Witch Ancestor is still arrogant.

He is also weighing the pros and cons.

According to his idea, it is best for Qin Feng not to enter the top three. He barely saves his face and troubles Qin Feng later.

Old Man Yuexia understood his thoughts and smiled. : "I'm just saying it in case! What if Qin Feng enters the top three?"

"This... If he really enters the top three, I will naturally have the means to deal with him and will not let him keep jumping around... However, it is too early to say this. That kid hasn't come out yet! He may not be able to make it into the top three....."

Emperor Mang Witch Ancestor is still stubborn.

The old man Yuexia nodded slightly: "That's fine! Let's continue to wait and see what Qin Feng's results will be!"

At this moment, he actually expected Qin Feng to enter the top three.

In this way, he can win over Di Mang and attack Qin Feng together in the next round.

Now that things have happened, Old Man Yuexia has become less and less confident.

The outstanding performance of Qin Feng and the two clones made him increasingly unable to evaluate Qin Feng's strength, let alone say that he could kill Qin Feng in a very short time.

So, he wanted to find help.

And the Dimang Witch Ancestor is the best candidate, much more reliable than the six-rooted Ancestor of the God of God.

At the moment, the group of people stopped talking and waited silently for Qin Feng to appear.

Emperor Mang and Old Man Yuexia have their own thoughts.

Ancestor Liugen watched silently, also calculating his own gains and losses.....

However, it was said that after Xuan Mi's clone appeared, she entered the fetal membrane of heaven and earth under the gaze of everyone.

After entering, he sent the jade certificate of creation to the Great Flood God Realm for the main body to take...

On the other side, Taiqing, Yuqing, and Shangqing also started whispering after Xuan Min's clone entered the fetal membrane of heaven and earth.

At this moment, the faces of the three of them were a little ugly.

"Senior brother, have you seen it? Qin Mu's score was better than Qin Lei's, eight hours and two quarters of an hour! Hey~! It seems that we underestimated the three Qin Feng brothers!"

Yu Qing looked depressed.

Shang Qing also looked disappointed and said, "I thought that in this assessment, our Taoist sect outside the territory would shine, but we didn't expect that the Shenmeng would steal the limelight again. Senior brother, if Qin Feng has the same results, I'm afraid your top three rewards will not be guaranteed!"

Taiqing frowned and said a little irritably: "Don't worry!" Qin Feng hasn't come out yet! Whether he can enter the top three depends on whether he has the ability!"

Yu Qing nodded slightly: "That's right! Let's just wait and see!"

At this moment, the three of them stopped talking and continued to wait.....

In this way, many giants in the field are waiting for Qin Feng to show up.

Qin Feng is still refining energy and has no time to assess it yet.

Just like that, without realizing it, another day passed.

The number of people in the main hall has reached more than 70 people. Even some strong men from the early stage of the Holy Ancestor have arrived, and Panzu from the Divine Alliance has also arrived.

But Qin Feng still didn't show up, which made the giants anxious and uneasy.

In a blink of an eye, it was the sixth day of the assessment.

The ranking on the sacred monument has reached the 91st place.

On this day, the assessment area.

In a secret room, Qin Feng's spiritual mist rolled around him, and his momentum continued to surge.....

After a long time, he slowly opened his eyes. His eyes were as bright as lightning, his temperament was extraordinary, and his strength had obviously increased a lot.

At this moment, his face was full of joy.

He finally absorbed all the energy and it was time to take part in the assessment..

Chapter 1158

Thinking of this, Qin Feng slowly stood up.

After this period of energy absorption, his cultivation level increased to 6% of the Holy Realm, and his combat power increased to 93 million extremes.....

The further this practice progresses, the greater the energy that needs to be devoured, the slower the progress, but the greater the span of improvement in strength...

In short, this improvement in strength makes him very satisfied.

According to the information given by Xian Ling, Cang Sheng and others, he also has some understanding of the rules of the secret place.

That is, after every two assessments, there will be an opportunity to freely find opportunities, which is also the biggest opportunity for most assessors.

After all, most examiners have no chance of receiving inheritance, and it is impossible for them to compete with the powerful quasi-saint ancestors.

The opportunity to freely search for opportunities is the only way for them to obtain opportunities from the secret place, and it is also the project they are most looking forward to.

After all, this is the inheritance place of the ancient God Lord. Even a small chance can make them make a lot of money.

You must know that the ancient god lord is a powerful person in the seventh realm in the legend. There are billions of small opportunities hidden in the secret place, which are enough to make anyone below the quasi-saint ancestor's heart flutter.

Even the quasi-saint ancestors are extremely eager for it.

However, opportunities and crises often go hand in hand.

In the free search for opportunities, fighting with each other is allowed in certain areas.

Qin Feng can be sure that Old Man Yuexia, Prince Xishen, and Saint Ancestor Guixu will take advantage of the opportunity to take action, so Qin Feng is eager to improve his strength.

If his guess is correct, the Six Root Ancestors will probably take action.

Of course, with Qin Feng's current strength, he is no longer afraid of the cooperation between Old Man Yuexia and Ancestor Liugen.

However, what he wanted was not to protect himself, but to fight back.

I'm afraid Old Man Yuexia and Ancestor Liugen never expected that his strength had risen to such a terrifying level.

As long as he finds the right opportunity and takes him by surprise, he may be able to kill the Guixu Saint Ancestor and the Xi Shen Prince in one fell swoop, reducing their wings.....

For this reason, Qin Feng wants to improve his strength even more.

The stronger the force, the more confident he will be in counterattacking.

When Old Man Yuexia thought he was dealing with Qin Feng, it was not Qin Feng's biggest opportunity to fight back!

Of course, it's too early to think about this now.

It was time for him to complete the assessment and arrive at the main hall as soon as possible.

Thinking of this, Qin Feng made a move, and the jade certificate of good fortune appeared out of thin air.

Then, he broke his finger and coagulated the blood, activated the jade ultimatum, and let it float above his head. Then he strode to the rune stone pillar and pressed it against the stone pillar with one hand...

Buzz~!

Click~click~click~!

The assessment is activated, and the power of petrification spreads.

In the blink of an eye, Qin Feng was completely petrified...

The next second, the light of the jade certificate of creation and the light of the divine master came at the same time, and the power of restraint continued to fall...

At this moment, Qin Feng thought and his spiritual consciousness bombarded away....

Bang~! Bang~! boom~!

With just one blow, seven restrictions were broken in a row.....

Qin Feng was overjoyed and began to break the restrictions with all his strength...

In a moment, his spiritual consciousness turned virtual into reality, and electric light intertwined all over his body. Wherever the light passed, all the restrictions collapsed one after another, disintegrating and turning into smoke and dust like a torrent.....

Qin Feng's petrified body, the restrictions fell like dust, and the skin color emerged inch by inch... The momentum of breaking the restrictions, lightning and thunder, the whole secret room was roaring, and the heaven and earth shook.

The speed at which the ban was broken was as fast as thunder, which was unprecedented and terrifying.....

In this way, Qin Feng was immersed in breaking the ban with all his strength.....

An hour later, he had broken a fifth, and the speed was getting faster and faster.....

This is because he has become more and more familiar with the restrictions, and he has become more and more comfortable in breaking them...

Time flies!

As soon as it was transferred, another three hours passed...

Bang~! Bang~!

With the last two muffled sounds!

The restrictions in Qin Feng's eyes were shattered, and the light in his eyes suddenly appeared, looking down at the world...

He broke the restrictions and passed the level!

The clearance time displayed on the rune stone pillar is: four hours and five quarters of an hour!

Seeing this, Qin Feng showed a satisfied smile on his face.....

At the same time, in the main hall, Old Man Yuexia, Emperor Mang Witch Ancestor, and Sanqing were all silently waiting for Qin Feng to appear...

At this moment, the ranking on the monument had reached the ninety-sixth place.

Old Man Yuexia, Dimang Witch Ancestor and others are already impatient with the wait.

"Dad, the players above Quasi-Saint Ancestor, except for Zhentian, have all cleared the level. Why hasn't Qin Feng appeared yet? Is it possible that that boy's spiritual consciousness is really inferior to Qin Lei and Qin Mu?"

Prince Xishen was impatient to wait.

As soon as he finished speaking, Emperor Mang Witch Ancestor took over.

"What the wise nephew Xi Shen said is not unreasonable! Maybe, that Qin Feng is really not as good as Qin Lei and Qin Mu...."

This was naturally what Emperor Mang Wuzu had in mind.

For his own sake, he least wanted Qin Feng to enter the top three.

Not only did he think so, but the Witch Ancestor Piliang behind him and the other three early-stage quasi-saint ancestors also expected this.

There are five quasi-saint ancestors in the Great Witch Heaven Realm, one at the peak level, one at the mid-level, and three at the early stage. All of them have passed the level.

At this moment, they were all gathered together with Old Man Yuexia.

In short, Di Mang's face is the face of the Great Witch Heaven.

Ping Liang and the other four witch ancestors naturally hope that Qin Feng will not enter the top three, saving the last bit of dignity for Di Mang.

Old Man Yuexia didn't think so.

He smiled slightly and said: "Fellow Dimang, don't forget that Qin Mu came out ahead of Qin Lei, but his results were a quarter of an hour faster than Qin Lei and won the first place. Qin Feng took so long. If you don't come out, maybe your results will be better!"

"hehe!! we'll see!"

Di Mang laughed, but he was very anxious in his heart.

At this moment, several white lights lit up in the hall, and four figures appeared one after another.

Di Mang and others looked quickly and saw that the four people were Lu Ya, Queen Mother of the West, Lord Ziwei, and Saint Ancestor Guixu, there is still no Qin Feng...

However, among these four people there is Saint Ancestor Guixu, who is closely related to our side.

Old Man Yuexia and Prince Xi Shen are concerned.

See this clearly When someone came, the two of them looked at the integral consciousness at the same time.

Lu Ya and the four people arrived almost in no particular order, and it was difficult for them to judge the ranking.

At the same time, Lu Ya, Queen Mother of the West, Ziwei, and Saint Ancestor Guixu also looked at each other. Xiangshen Monument, they are not sure of their ranking either.....

After reading this, Lu Ya, Queen Mother of the West, and Star Master Ziwei looked happy.

Their rankings are ninety-seven, ninety-eight, and ninety-nine respectively.

After Guixu Saint Ancestor read it, his face changed slightly, he couldn't help but spit, and cursed in a low voice.

He turned out to be only the 100th, and he was overwhelmed by these three heavenly saints. He was really embarrassed.

This scene is surprisingly similar to the previous one, almost exactly the same.

Now, the entire secret place knows that he should be the weakest existence among all the quasi-saint ancestors, and he really has no face.

Thinking of this, Saint Ancestor Guixu looked around, then cursed and walked towards Old Man Yuexia.....

At this point, all examinees who are quasi-saint ancestors and above have passed the test.....

On the other side, after reading the results, Lu Ya and the others happily walked towards the heaven and earth fetal membrane.....

However, the Saint Ancestor of Guixu walked over with a depressed look on his face, saluted Old Man Yuexia, Dimang Ancestor, and the Six Root Ancestors, and did not want to say any more...

Seeing his displeasure, the Ancestor Ping Liang comforted him casually. : "Fellow Zhentian, there is no need to be depressed! Compared to the last time, you have entered the top 100 this time. Although there is only one difference between the 100th place and the 101st place, the points you get are very different."

With this reminder, Saint Ancestor Guixu's eyes lit up. right!

Points are distributed according to the previous game.

To enter the top 100, the points will be at least five points, and after the 100th place, there will only be one point. The awareness is huge.

The points directly affect the opportunity acquisition, which is very important.

Thinking of this, Saint Ancestor Guixu swept away the gloom in his heart.

At the moment, he smiled and said: "Fellow Taoist's reminder, I suddenly became enlightened. If Zhen can score five points this time, the accumulated points will be six points, then you will have more choices when you are free to look for opportunities."

But as soon as he finished speaking, the old man Yuexia looked strange and said: "Zhentian, don't be too happy too early! Are you sure that you have really entered the top 100?"

Saint Ancestor Guixu was stunned: "World Lord, isn't it? My ranking is clearly the 100th!"

Old Man Yuexia sighed: "Hey! There is still one person who hasn't arrived yet! It's hard to tell!"

Saint Ancestor Guixu was even more puzzled: "Who else hasn't arrived? Even then When people arrive, shouldn't they line up behind me?"

Just as Old Man Yuexia was about to speak, a white light flashed in the hall, and another person arrived.

Everyone turned around and saw that the person coming was none other than Qin Feng!

"It's Qin Feng!"

"he came!"

Someone whispered in the main hall.

The next second, everyone in the audience looked at the Points Monument in unison.

The Saint Ancestor of Guixu could not help but follow the crowd.....

At this sight, he froze.

At this moment, the sacred monument lit up with a faint aura, and his ranking was changed from the 100th to the 101st in front of everyone...

The Saint Ancestor Guixu suddenly felt that his whole person was not feeling well..... thisWhat exactly is going on!

He actually fell out of the top 100.

The points I got are gone again!

Thinking of this, Saint Ancestor Guixu felt extremely stuffy in his heart, and the fishy smell surged in his throat. He was so angry that he almost spurted blood on the spot...

At this moment, there was an exclamation in the audience.

"Look at Qin Feng's results!"

"Hiss~! This achievement....."

There was a gasp in the whole place!

Saint Ancestor Guixu quickly raised his head and looked up.

At this moment, he was dumbfounded.

Qin Feng suddenly ranked first!

When he saw Qin Feng's results, he was completely shocked!

Oh My God!

Cleared the level in four hours and five quarters!

This is too exaggerated!

Even if the Holy Ancestor takes action himself, he may not be able to do it!

At this moment, Saint Ancestor Guixu thought he was dazzled.

He simply couldn't believe that someone could achieve such exaggerated results.

Not to mention him, no one in the audience dared to believe it, even the top giants had their eyes wide open.

For a moment, the whole place fell silent, even the sound of breathing could not be heard...

Chapter 1159

For a moment, the whole place was quiet, and even the sound of breathing could not be heard...

At the same time, Qin Feng glanced around lightly, then looked at the results on the monument, and showed a satisfied smile.

Then, under the gaze of everyone, he walked into the fetal membrane of heaven and earth.

As soon as Qin Feng's figure disappeared, the whole audience came to their senses. Everyone was whispering and muttering.....

"Oh My God! I cleared the level in four hours and five quarters! This is incredible!"

"yes! Even the old monsters in the early stages of Saint Ancestor may not be able to do it!"

"Not to mention the old monsters in the early stage of Saint Ancestor, even if it is the shot of Saint Ancestor in the middle stage, it may not have such results. I really can't figure it out, how did that kid do it?"

"yes! Now I doubt that that guy is not in the second realm at all. He may have obscured his cultivation level, but is actually a powerful person at the pinnacle of the Quasi-Saint Ancestor!"

There were constant murmurs and sighs in the crowd.

In another corner, the faces of Old Man Yuexia, Prince Xishen, and Saint Ancestor Guixu all looked gloomy.

The face of Emperor Dimang Witch Ancestor was even uglier.

The development of this matter was completely Going in a direction he didn't expect, Qin Feng really entered the top three and won the first place.

In this way, what he said before was like a naked slap in the face.

At the moment, the people in the hall There are not many people.

When all the assessors arrive and see such a result, they will probably laugh at him behind his back.

In fact, this matter will spread throughout the Nine Heavens, Ten Realms, and all the worlds, and he will become a big joke. , How will this make him lose face in the future?

The more the Emperor Mang Witch Ancestor thought about it, the more irritated he became.

Even the four Witch Ancestors, such as Ping Liang, looked at each other, and their faces were a little unsightly.

The Emperor Mang Witch Ancestor lost his face, so he It was like the Great Witch had lost face in the Heavenly Realm.

At this time, Old Man Yuexia looked at the Dimang Witch Ancestor

"Fellow Taoist, what do you think now? The little thief Qin Feng entered the top three and even won the first place."

Di Mang Witch Ancestor frowned and did not reply immediately.

Prince Xi Shen hurriedly said:"Senior Di Mang! You wouldn't really let anyone laugh at you behind your back, would you?

Di Mang was furious:"Who dares?"!"

Prince Xi Shen shivered in fright at this roar.

Then he smiled bitterly and said:"Senior, no one dares to mention it in front of you, but it doesn't mean that no one behind the scenes dares to say it, and it doesn't mean that no one from the Shen League dares to mention it. carry. According to the junior's observation, those children from the Shenmen League are all arrogant, and they might bring this matter up in public!"

Di Mang frowned at this provocation.

He thought of Qin Feng and Hongjun.

These two guys were not very good at cultivation, but they had argued with him in public and never gave him face.

Who can guarantee that , next time, will these two people bring this matter up to ridicule him in public?

At this time, the old man Yuexia also said:"Fellow Taoist Di Mang, the matter is a foregone conclusion, and you can't change it. However, if we can kill Qin Feng and the others after this incident, all slanderous remarks will automatically disappear. Fellow Taoist, what do you think?"

"this.....", Di Mang hesitated.

After a moment, he seemed to have figured it out, and he let out a long sigh and said:"That's it! Fellow Taoist Yuexia, I naturally understand what you mean."

"You just want me to take action and help you kill Qin Feng. But I don't understand. With the power of your Jiyue Heaven Realm, you can't kill that little thief. If you wait to destroy Qin Feng, you won't need my ancestor to take action, and you can still preserve my ancestor's reputation."

Old man Yuexia smiled bitterly: "Fellow Taoist, you have also seen that the three Qin Feng brothers all performed well. Moreover, in the first assessment, the three of them all gained a lot. They got a lot of Nine-turn Golden Body Pills, and their strength must have improved."

"Before this, the strength of Qin Feng's son was comparable to that of the mid-stage quasi-saint ancestor. Now that he is improving, it is even more difficult to deal with. What's more, he also has two brothers to help him. I am not sure that I can kill him in the next free opportunity to look for opportunities!"

"If we fail to kill them, we are just trying to scare the snake away. It will be even harder to kill him next time!"

After hearing this explanation, Emperor Mang Witch Ancestor nodded slightly, feeling that it made sense.

In his opinion, the strength of Jiyue Heaven Realm can definitely crush the Divine Alliance.

However, if Old Man Yuexia can definitely destroy Qin Feng, I'm afraid this matter cannot be 100% correct.

This can also be understood why the old man Yuexia always wins over him.

Thinking of this, Dimang Witch Ancestor thought for a while and said: "Fellow Taoist Yuexia, why don't you In this way, I still want to keep some points and don't want to lose them easily, so I won't help you."

"However, although I won't take action, I can let the four of them, Ping Liang, help you! What do you think?"

Hearing this, Old Man Yuexia quickly looked at Ping Liang and the other four witch ancestors, and his eyes lit up. Immediately

, his face showed a look of great joy.

Seeing this, Prince Xishen and Saint Ancestor Guixu also felt the same. I was overjoyed in my heart.

You must know that the strength of the Witch Ancestor Ping Liang is stronger than that of Prince Xi Shen, and is infinitely close to the late stage of the Quasi-Saint Ancestor. The other three Witch Ancestors are all considered strong in the early stage of the Quasi-Saint Ancestor.

If these four people help, they will be destroyed. The certainty of killing Qin Feng can at least be doubled.

At that moment, Old Man Yuexia said happily: "This is really great! Then after this assessment is over and we enter the free search for opportunities, we will find an opportunity to attack Qin Feng!"

Di Mang smiled and nodded: "Okay!" However, I have an additional condition!"

"what conditions?"

"After killing the three Qin Feng brothers, the treasures on their bodies were revealed. Our Great Witch Heaven and Jiyue Heaven must be divided equally!"

As soon as these words came out, Old Man Yuexia's eyes lit up.

That's right!

The three brothers Qin Feng got the top three rewards in this assessment. In this assessment, they will get the top three rewards again. I'm afraid It is even more generous than the first game.

It can be said that the resources of Qin Feng and the others are already very rich. Even Emperor Mang Witch Ancestor is tempted, so he naturally wants to divide some.

After thinking about this, Old Man Yuexia said cheerfully: "No problem! As long as the Great Witch Heaven and I, the Jiyue Heaven, We both advance and retreat equally, so naturally we should!"

For Old Man Yuexia, his biggest thought now is to kill Qin Feng and avenge his daughter.

As for the reward resources, that comes second.

When Old Man Yuexia agreed, Di Mang and other witch ancestors also showed great joy. At this time

, Old Man Yuexia suddenly looked at the Six Root Ancestors

"Fellow Taoist Liugen, if you are willing to help me, I am willing to give you the other half of the resources of Qin Feng and the others. What do you think? Ancestor Liugen smiled slightly:"

Fellow Taoist, I still said the same thing." If you need my help, all you need to do is ask for it in person, and ask sincerely. As for whether those resources should be given to me or not, that is secondary....."

As soon as these words came out, Di Mang and others were very surprised, and they all looked at the Six Root Ancestors in confusion.

The old man Yuexia frowned slightly, becoming increasingly defensive.

He felt more and more that the Six Root Ancestor was weird.

This guy, who has always been selfish, always asks me to beg him, and I don't know what he is doing.

But I asked him to take the initiative to help and tempted me with resources, but he remained unmoved.

Having said that, is there really a big difference between these two methods?

Thinking of this, Old Man Yuexia whispered:"I will consider this matter!"

Old Liugen smiled lightly and said:"Don't worry, fellow Taoist, when you deal with Qin Feng, I will always follow you, but I won't Take action. However, when the time comes, if fellow Taoist is in need, you just need to ask, and I will help!"

Old Man Yuexia nodded slightly:"That's fine! Having fellow Taoist following you is also an extra help. However, Fellow Taoist should think clearly. Now that we have joined forces with the Great Witch Heaven Realm, we may be able to destroy Qin Feng without Fellow Daoist taking action. By then, Fellow Daoist will have lost the opportunity to carve up Qin Feng's resources."

Liugen Ancestor is not He thought:"If you lose it because of this, then lose it! My thoughts remain unchanged."

"Whatever! Then I'll just decide like this first!"

The three parties have finished discussing this.

At this moment, Old Man Yuexia and his party stopped talking and waited for the end of the assessment before looking for an opportunity to attack Qin Feng.....

It's just that these people never expected that they had far underestimated Qin Feng's strength, and even the strength of the phantom clone and the Xuan female clone..

Chapter 1160

However, he said that while Old Man Yuexia, Dimang Witch Ancestor, and Liugen Ancestor were discussing how to deal with Qin Feng, Sanqing was also discussing.

At this moment, Sanqing's face looked obviously ugly.

"I really didn't expect that Qin Feng actually entered the top three and won the first place."

"yes! In this way, the top three were taken by the League of Gods. All the top three rewards for our senior fellow apprentices have been wasted!"

Yuqing and Shangqing were both sighing.

But Taiqing Shengzun stared at Qin Feng's results, showing a thoughtful look.

"Senior brother, what are you thinking about?", Yuqing asked in a low voice.

"Second Senior Brother, how do you think Qin Feng achieved his achievements?"

"Uh...this...."

Yuqing glanced at the monument, with a complicated look in his eyes.

With such achievements, even if their master personally took action, it would be nothing more than this.

You must know that their master is the real ancestor, and he is very good at spiritual consciousness.
....

"Senior brother, to be honest, the moment I saw Qin Feng's results, I really couldn't believe my eyes. With this achievement, I'm afraid even Master would have difficulty achieving it! Yuqing sighed.

Shangqing also echoed:"Yes!" Even if Qin Feng took advantage of his identity as a descendant of the ancient God Lord, it is still unimaginable that he could achieve such results.

Taiqing nodded and said,"That's true!" By the way, as far as I know, during the previous trips to secret places, several people from the God Realm got fragments of the Jade Order of Creation. Presumably, those fragments fell into Qin Feng's hands."

Yu Qing's heart moved:"Brother, do you mean that Qin Feng's such good results have something to do with the creation of the Jade Certificate?

Taiqing nodded slightly:"That's right!"

Yu Qing's eyes lit up:"Senior brother, should we snatch the fragments of the jade certificate of creation from Qin Feng's hands?

Shangqing also said:"Yes!" Since the jade certificate is so beneficial, we might as well snatch it. What's more, Qin Feng and the others entered the top three in two consecutive assessments. If this continues, I'm afraid the inheritance will be lost to them!

Taiqing smiled coldly:"Humph!" Even if the three of them enter the top three in a row and have a chance to inherit, they may not be destined to enjoy it. When the time comes, if we can't get it, we can grab it!

Yuqing smiled and said,"Senior brother is right!" If the three of us join forces and perform that secret technique, no one in this secret place can stop it!

Taiqing said again:"Although that is the case, we should not act rashly." I just made a secret observation. Di Mang and Old Man Yuexia have been plotting for a long time, and I am afraid that they are ready to attack Qin Feng."

"Senior brother, what should we do?"

"Naturally, I sit on the mountain and watch the tiger fight, and see if I can reap the benefits. If my prediction is correct, the next opportunity to freely search for opportunities will be their opportunity to plot against Qin Feng. By then, we....."

At that moment, Taiqing whispered.

After hearing this, Yuqing and Shangqing both showed a smile.

At this moment, Sanqing seemed to have reached an agreement, they closed their eyes and meditated, and stopped discussing.

And the second assessment is still going on.....

Just like that, several more powerful Heavenly Saints arrived, including Cang Sheng and Xian Ling.
.....

The ranking on the sacred monument has reached one hundred and six.

Those who were latecomers were shocked when they saw that the first three on the monument turned out to be the Qin Feng brothers.

The three Qin Feng brothers are too strong!

This world of gods is very different from the past!

That Xian Ling was even more delighted when she saw it.....

At the same time, within the fetal membrane of heaven and earth.

Hongjun, Panzu, Ziwei, Lu Ya, Queen Mother of the West and others were surrounding Qin Feng, talking excitedly.

In this assessment, Qin Feng took the top three again, which greatly boosted everyone's morale and everyone was in a good mood.

"Dad, I wonder what the reward for passing the level this time is? Hongjun asked curiously.

Qin Feng smiled slightly:"This assessment is different from the last one. It is estimated that we will not know the reward content until the end of the assessment."

Ziwei also smiled and said:"Compared with the rewards for passing the level, the ranking rewards are the key point.""

"yes! Dad, you are in the top three this time. I wonder what you will be rewarded for? I heard that the further the assessment goes, the more generous the rewards will be. Presumably the ranking rewards this time will be better than the last one!"

Hongjun had a look of expectation.

Qin Feng smiled and said nothing, and his heart was full of expectations.

Then, he turned his head and looked outside the membrane of heaven and earth, swept his eyes across the people in the hall, and then said: "This time, in addition to various rewards In addition, points are also very important"

"Dad, how do you say this?

Qin Feng replied: "As far as my father knows, in this secret place, after every two assessments, the secret place will open up an opportunity to freely search for opportunities." This land of opportunity is divided into levels, and you need to spend points to enter it."

"The better the land of opportunity, the more points you need to spend to enter it. If you want to get good opportunities, you need to have enough points."

As soon as these words fell, everyone suddenly realized. Immediately, Hongjun said with excitement: "Dad, several of us entered the top 100 in the last game, got five points, and crushed more than 99% of the players in points."

"This time, we are in the top 100 again, and we must have a lot of points. After accumulating these two times, the points accumulated by the few of us can definitely crush the vast majority of people. If we want to enter the best place of opportunity, there is great hope."

As soon as these words were said, everyone nodded.

Pan Zu and Lu Ya all showed excitement.

At this time, Star Master Ziwei seemed to have thought of something and hurriedly asked: "Your Majesty, when entering that land of opportunity, are you allowed to fight each other? ?

Qin Feng pondered for a while and said: "Some places allow fighting, and some do not!" Of course, the more advanced the land of opportunity, the greater the possibility of allowing fighting."

Ziwei's face suddenly changed slightly: "Your Majesty, if this is the case, you must be careful. I'm afraid that Old Man Yuexia will attack you next.

Qin Feng smiled coldly: "I have been mentally prepared for this matter." Just now, I observed it secretly. That month, I will grow old. I have been whispering for a long time with the Dimang Witch Ancestor and the Six Root Ancestors, probably just to deal with me."

When they heard this, everyone was shocked and quickly turned their heads to look outside the fetal membrane of heaven and earth.

Sure enough!

The people from the Great Witch Heaven and the people from the Jiyue Heaven have gathered together.

This made Ziwei and others feel bad.

At that moment, Ziwei Star Master said: "Your Majesty, looking at the situation outside, I am afraid that the Great Witch Heaven Realm and the Jiyue Heaven Realm have joined forces. If they join forces, it will be very detrimental to you!

Hongjun also looked worried: "Yes!" father! Those two people are both giants at the pinnacle of Quasi-Saint Ancestors, and they also have six powerful Quasi-Saint Ancestors under their command. If they join forces, it will definitely be difficult to deal with them! Panzu also said uneasily: "There are six ancestors who are also involved. If he also intervenes, it will be even more detrimental to Your Majesty.""

Qin Feng nodded slightly: "If the three of them join forces, I'm afraid I will have to retreat. However, even if the secret place allows them to fight each other, there will still be a price to pay. With the conflict between Di Mang and me, he won't have to pay such a big price."

"Of course, don't be afraid of ten thousand. Just in case. I still need to make some preparations and be on guard. What's more, I want to take this opportunity to get rid of Old Man Yuexia's wings."

Hearing this, Hongjun and the others looked at each other, their eyes still full of worry.

They thought Qin Feng was speaking out of anger, but they did not feel that Qin Feng really wanted to fight back.

In fact, Qin Feng had been His strength has greatly increased, almost doubling.

Their understanding of Qin Feng's strength is still before entering the secret place, that is, they think that Qin Feng's strength is equivalent to that of the six ancestors.

Naturally, they cannot deal with such strength. Old Man Yuexia, Emperor Mang Witch Ancestor, and Six Root Ancestors have joined forces.

In fact, with Qin Feng's current strength, even if Old Man Yuexia and Six Root Ancestors join forces, they will not be his opponent.

Unless the God Mang Witch Ancestor is added, In order to make him retreat three points.

In short, even the people closest to Qin Feng have far underestimated his strength.

Of course, all this was done deliberately by Qin Feng.

For this reason, he has already broken through to the extreme saint He also deliberately used secret techniques to cover up his cultivation.

He did this to paralyze the enemies such as Old Man Yuexia.

He wanted to surprise these old guys and give them a blow that they would never forget.

Thinking of this, The corners of Qin Feng's mouth curled up slightly, revealing a secretive smile..
