

God level 1161

Chapter 1161

Thinking of this, the corners of Qin Feng's mouth curled up slightly, revealing a secretive smile...

At this time, Star Master Ziwei reminded: "Your Majesty, you have won the top three in two consecutive assessments, which can be said to have stolen the show. This is not necessarily true. It's a good thing!"

As soon as he said this, Hongjun also said: "Yes! Dad, you have performed so dazzlingly twice in a row, I'm afraid you have been targeted by someone with intentions. Maybe it's not just the emperor who wants to deal with you. Mang, Old Man Yuexia and Ancestor Liugen."

Qin Feng nodded slightly, secretly thinking that this was indeed a trouble.

Just now, after entering the fetal membrane of heaven and earth, he secretly observed the movements of everyone in the hall.

He found that Taiqing, Yuqing, and Shangqing had been whispering and looking at the results on the monument from time to time, obviously talking about him.

It would be unjustifiable to say that he was not targeted by these three people.

In addition, even Mohu and Luoia also discussed it secretly for a long time.

Ancestor Hunji and Amitabha also discussed secretly with their subordinates for a long time.

Frankly speaking, he has been targeted by many giants.

When the time comes, it may not be only Old Man Yuexia, Emperor Mang Witch Ancestor, Six Root Ancestors, or even other giants who will take action against him.

Even if those giants don't take action, they will send people to spy on them secretly and reap the benefits.

Thinking of this, Qin Feng closed his eyes silently and thought about countermeasures.

He cannot just rely on hiding his current strength to deal with external threats.

In his opinion, those strengths are probably not enough.

The effect he wants is absolute shock, and he wants to establish his position among the giants in one fell swoop.

If this is the case, the stronger he is, the better.

At this time, Hongjun whispered again: "Dad, judging from the current situation, it is very calm on the surface, but it may not be beneficial to you behind the scenes. You still need to make more preparations to be prepared!"

Qin Feng Wei Wei nodded: "The best way is to improve your strength. As long as you have enough strength, you can cope with all changes without changing!"

"Dad, you have a point! So is there any way now to quickly improve your strength?"

"yes! Your Majesty, is there any way?"

Hongjun and Ziwei asked one after another.

They were worried that Qin Feng was not strong enough and would suffer a big loss.

With Qin Feng's current strength, it is naturally enough and he will not suffer a loss.

But what he wants is to fight back, so naturally he still needs Improve my strength.

Of course, Qin Feng would not tell these truths.

At that moment, he said: "If you want to further improve my strength, there is a way."

"any solution?"

"My Fengleixianxing is almost ready to mature! If it can be cultivated and matured, this deity will be able to have another prototype of the heaven, and its strength will definitely increase a lot. What's even better is that as long as the Fenglingxianxing matures, I can practice the four-image secret technique, and my strength can be greatly improved..."

As soon as these words were said, Ziwei Star Masters all showed joy.

Hongjun couldn't wait to say : "Dad, how much Nine Heavens Jade Dew is left before the Fenglei Immortal Apricot can mature?"

"About three thousand drops!

Hongjun was overjoyed: "This is not much!" You give me some Hunyuan Shendan, and I'll go out and buy them right away!

Qin Feng smiled bitterly: "I'm afraid it won't be so easy to acquire this time." The last time you went out to buy Jiutian Jade Dew, you bought almost all the Jiutian Jade Dew on the market."

"The only ones who still have Jiutian Jade Dew in their hands are those giants who are quasi-saint ancestors and above. For example, Dimang Wuzu, Taiqing Saint Ancestor, Mohu, Luoja, etc., they all received a lot of Nine Heavens Jade Dew rewards in the last ranking reward."

"It's a pity that these people are not interested in Hunyuan Divine Pill, and it is almost impossible to exchange Jiutian Jade Dew from them."

Hearing this, Hongjun and others couldn't help but frown.

They knew that what Qin Feng said was true.

"Dad, having said that, there are still some Nine Heavens Jade Dew circulating on the market. Hai'er tried his best to buy it, and at worst, the price of Hunyuan Shendan could be lowered."

Qin Feng nodded slightly:"This is also a way. Then you can acquire as much as you can based on market conditions. You can decide the price of Hunyuan Divine Pill based on the actual situation! There are a thousand Hunyuan Divine Pills in this storage ring, you take it first!"

As soon as he finished speaking, Qin Feng waved his hand, and a storage ring flew over.

Hongjun happily took the storage ring and said with a smile:"Dad, it's just three thousand drops of Nine Heavens Jade Dew, you don't need so much at all. Hunyuan Shendan. Qin

Feng shook his head slightly:"The actual nine-day jade dew that my father needs is more than three thousand drops. I'm afraid even three hundred thousand drops are not enough. How much can you collect?""

"Well~! ", Hongjun was horrified,"Dad, didn't you say that it only takes about 3,000 drops to cultivate the Fenglingxianxing to maturity?"

Qin Feng explained:"It only takes about 3,000 drops to cultivate the Fenglingxianxing. It can condense the green dragon. When using the four elephants, White Tiger, Suzaku and Xuanwu, you need to absorb a large amount of spiritual root power. Only by merging the spiritual root power with the power of the Great Flood God Realm can you condense the four elephant divine patterns."

"However, to absorb the power of spiritual roots, one can only draw it slowly from the spiritual roots, so as not to damage the source of the spiritual roots. But in that case, the efficiency would be too low. Even if it takes tens of thousands of years, it may not be possible to condense the four-image divine pattern."

"But with the help of a large amount of Nine Heavens Jade Dew, the power of spiritual roots can be quickly generated, and the efficiency can be increased thousands of times.

Hongjun suddenly realized:"My child understands!" It's just that there is so much Nine Heavens Jade Dew that I'm afraid I won't be able to collect it...."

Qin Feng nodded slightly:"You can collect as much as you can. As a father, I don't expect you to collect the Nine Heavens Jade Dew through acquisitions. Perhaps, the ranking reward of this assessment will reward some Nine Heavens Jade Dew.""

"right!", Hongjun's eyes lit up,"According to the rules, this ranking reward is very likely to be awarded to Jiutian Jade Dew. However, even if the reward is given, it is not enough for what Dad needs!

Qin Feng smiled and said:"To condense the four divine patterns, you can do it one by one. As long as you can condense one successfully, it will be of great help to your strength." It's not necessary to collect more than 300,000 drops at once"

"That's it, the kid understands! That kid is going to buy Jiutian Jade Dew now....."

"Your Majesty, I will help the young master purchase it together!"

Pan Zu and Lu Ya asked for orders one after another.

"Go for it!"

"Yes, Your Majesty!"

At that moment, Hongjun and the others took the order and left.

Qin Feng said no more, closed his eyes and meditated directly, and began to study the secret method of the Four Symbols.

Xuan Fei's clone and Xuying's clone also participated in the research.

Naturally, the more proficient he became in studying this secret method, It will be easier to condense the four-image divine pattern, which is what Qin Feng needs to do urgently.....

The Star Lord Ziwei and Queen Mother of the West are within the fetal membrane of heaven and earth, silently guarding.....

In this way, each of the Divine Alliance has its own division of labor.

The assessment is still in progress.....

Time flies!

In the blink of an eye, more than fifty days have passed.....

Over the past fifty days, examinees have passed the test one after another.

More than 19,000 people have gathered in the hall, and even some examiners at the top of the first realm have passed...

Without exception, when these examiners arrived and saw the results of Qin Feng and the two clones, They were all shocked, and all of them were in disbelief.....

For a time, Qin Feng and his two clones became the focus, being talked about and speculated by these assessors from time to time.....

And in these fifty days, more than 1,300 disciples of the Divine Alliance once again passed the level.....

This once again shocked some thoughtful people!

Those who were interested found that the performance of God Realm this time was too exaggerated. Not only did they take the top three in every assessment, but all members passed the level in every assessment.

You know, even those superpowers have not cleared all levels.

For example, in the Hunji Heavenly Realm, there were more than 1,500 people in the beginning, but now there are only more than 900 people left, and even fewer people from other forces remain.

The three major outside forces and Jiyue Tianjie are exceptions. They have no players below the Quasi-Saint Ancestor.

In short, in terms of the number of people nowadays, it is the God Realm that has the largest number of people.

As a result, more and more caring people began to pay attention to the God Realm.

However, Qin Feng also discovered a problem.

The last disciple of the Divine Alliance to pass the level ranked over 19,100.

This shows that if there is another assessment, there will also be disciples who are eliminated from the Divine Alliance.

Of course, these are all things for later.

But on this day, the number of assessors gathered in the hall had reached 19,700, not far from the ranking of 20,000.

This shows that the second assessment is about to end.

On this day, Hongjun, Panzu, and Lu Ya finally acquired three thousand drops of Nine Heavens Jade Dew after more than fifty days.

There is really no Jiutian Yulu on the market, and what should be acquired has basically been acquired by them.

As for the Nine Heavens Jade Dew in the hands of those peak giants, they naturally can't get it.

However, being able to complete the task has already made Hongjun very satisfied.

According to his prediction, this assessment will be over in two or three days.

If you can gather 3,000 drops of Nine Heavens Jade Dew for your father before this test, you may be able to cultivate Fenglei Immortal Apricot to maturity in one fell swoop.

In this way, dad's strength can be improved a lot.

At that moment, Hongjun asked Pan Zu and Lu Ya to continue the acquisition. He took Jiutian Jade Dew and went to Qin Feng excitedly...

Chapter 1162

After a while, within the fetal membrane of heaven and earth

"Dad, I have collected three thousand drops of Nine Heavens Jade Dew, take a look!"

Hongjun held out a jade bottle with excitement on his face.

"Hong'er, well done!"

Qin Feng took the jade bottle with a look of relief.

He could see that the Jiutian Jade Dew circulating in the market was almost exhausted.

Otherwise, Hongjun and the others would not have spent more than fifty days to collect three thousand Dropping Jiutian Jade Dew.

In other words, if he wants to get more Nine Heavens Jade Dew, there are only two ways.

One is to see if the assessment rewards will be given out.

The other is to snatch it from top giants such as Old Man Yuexia..

Now the only ones who still have Jiutian Jade Dew in their hands are those top giants.

Thinking of this, Qin Feng sent Jiutian Jade Dew into the Great Flood God Realm with a thought.

In the God Realm, Liu Yan had been waiting for a long time.

Without Qin Feng's instructions, Liu Yan went to cultivate Fenglei Immortal Apricot as soon as she got Jiutian Jade Dew...

But on this side, Hongjun did not leave after Qin Feng finished dealing with Jiutian Jade Dew.

"Dad, I have something to report to you!"

"What's the matter?"

"These days, Hai'er, Pan Zu, and Lu Ya have been shopping around for the Nine Heavens Jade Dew, and the top bosses are all watching. Just today, Ancestor Randen sent someone over and asked Hao'er to tell you that he wanted to complete a deal with you.

Qin Feng's heart moved:"What deal?"

"People from the ancient ancestors of Ran Deng said that they had seventeen thousand drops of Nine Heavens Jade Dew in their hands. If dad wants to exchange it, he can exchange it for the Nine Turns Golden Body Pill. Seventeen thousand drops in exchange for twenty Nine-Turn Golden Body Pills!"

After hearing this, Qin Feng suddenly realized.

Although the effect of the Hunyuan Divine Pill is comparable to that of the Divine Pill in the Eternal Realm, it is ultimately a lower realm pill.

And the lower realm's Divine Pill is only effective for those below the Supreme Saint.

Divine pills in the middle realm are effective against the Heavenly Saints.

Divine pills in the upper realm are effective even against the Saint Ancestor.

In other words, the Nine-turn Golden Body Pill is effective against the giants of the Saint Ancestor and can be greatly strengthened. Their physical bodies.

This is also a means to improve their strength.

The Randen Ancient Ancestor naturally wants to trade.

Thinking of this, Qin Feng smiled coldly: "Twenty Nine-turn Golden Body Pills are worth at least 20,000 drops. He wanted to exchange for 17,000 drops of Jiutian Jade Dew. He obviously saw that we were in urgent need of Nine Heavens Jade Dew, so he came to lower the price!"

"The kid thinks so too. However, we are in urgent need of Jiutian Jade Dew. If dad is willing to exchange it, we can negotiate the price with them. Qin

Feng smiled bitterly: "My father wanted to trade, but it's a pity that my father has finished refining those nine-turn golden body pills."

"oh! How could the child reply to them? Or tell them that there is no more Nine-turn Golden Body Pill?"

Qin Feng thought for a while and then said: "There is no need to tell the truth, and you don't talk about the price. Just say, as a father, you need to think about something"

"Oh, the kid understands!"

Hongjun bowed his hands and turned around to leave.

Qin Feng looked at Hongjun's back with a thoughtful look on his face.

To be honest, he really wanted to exchange it for the Nine-turn Golden Body Pill.

As long as it was a pill, he would take too much. , drug resistance will develop.

And the pills in the upper realm will generally coincide with the number of heaven.

The so-called number of heaven is forty-nine.

In other words, after taking forty-nine pills, it will generally have no effect.

Qin Feng has already taken forty-five Nine-turn Golden Body Pills. If he takes four more pills, he will be complete.

In the future, it will be useless for him to get the Nine-turn Golden Body Pills. It is better to exchange them for some Nine-Heaven Jade Dew.

Of course, the prerequisite Only if he could still get the Nine-turn Golden Body Pill.

In short, he didn't let Hongjun reject the proposal of the Randen Ancestor just for follow-up considerations.

After sorting out these trivial matters, Qin Feng closed his eyes again and continued to study the four But at this moment, a huge roar sounded in his body.

The next second, a large amount of spiritual mist energy overflowed from his body, rolling continuously, and his momentum skyrocketed...

Qin Feng was overjoyed, I quickly closed my eyes.....

At the same time, the system prompts sounded in his mind.....

"Ding~! Congratulations to the host, your Fenglingxianxing has absorbed enough Nine Heavens Spiritual Dew and is fully mature.....Its heaven core is automatically promoted to the wind and thunder heaven (the prototype of heaven)....."

"Ding~! Congratulations to the host for obtaining the prototype of the fifth heaven.....The host receives a large amount of prototype power to feed back.....Your combat power increases to 96 million poles....."

After a long time, Qin Feng slowly opened his eyes, his face full of joy.

In just a few minutes in the outside world, more than ten hours passed in the Great Flood God Realm.

As soon as Liu Yan got the Nine Heavens Jade Dew, she immediately went to cultivate the Fenglei Immortal Apricot, so that the Fenglei Immortal Apricot matured so quickly.

Of course, the Fenglei Immortal Xingli is only a hair away from being fully mature.

In short, once the Fenglei Immortal Apricot matures, Qin Feng's strength has greatly increased, making him more and more confident.

I wonder if Old Man Yuexia and others will be surprised if we take action in a few days?

"Ding~! Remind the host that your four spiritual roots are fully mature, and the host has met the requirements for practicing the Four Elephants method. You can try to condense the Four Elephants divine patterns....."

Upon hearing this prompt, Qin Feng's eyes lit up.

He was finally able to unite the four images.

Although he no longer has the Nine Heavens Jade Dew, the Four Elephants Divine Marks can still be condensed, but the speed will be extremely slow.....

The function of Jiutian Jade Dew is to stimulate the spiritual root energy and speed up the condensation of the Four Elephant Divine Marks...

Thinking of this, Qin Feng waved his hand and summoned Qin Baobao.

"Dad, are you looking for me?" Baby Qin ran over jumping up and down.

Today, Baobao Qin still looks like a little girl, extremely cute.

In the League of Gods, all the children call her Princess Baobao.

But in the world controlled by Baobao Qin, The children of the lower world all call her Nvwa Empress.

As the master of a vast world, there is nothing wrong with being called Nvwa Empress.

However, this girl feels that Nvwa Empress does not sound good and feels that being called a Nvwa is disrespectful..

Simply, she asked the disciples from the lower world to call her 'Nuwa Empress'. The pronunciation was different.

"Baby, this is for you!"

Qin Feng turned his palm over, and there was an additional seal in his palm.

"Dad, what is this?"

"This is the prototype seal of the Heavenly Realm of Wind and Thunder! Take it and refine it! That way, you can become the prototype master of a heaven, which should allow you to break through to a new level!

Qin Bao was overjoyed:"Thank you, Dad!"

At that moment, she accepted the seal of the embryonic form of the heaven with excitement.

You must know that her current cultivation level is the early stage of Tiansheng. If she breaks through to another realm, it will be the middle stage of Tiansheng. She will be with Fu Zhi and Ziwei Star Master. It's the same.

Qin Feng currently has eleven Heavenly Saints under his command.

Among them, Qin Baobao, Kunpeng, Hongyun, Minghe, and Fengdi are all in the early stage of Heavenly Saints. Fu Zhi and Ziwei are in the middle stage of Heavenly Saints.

Lu Ya, Queen Mother of the West It is the late stage of Tiansheng.

Hongjun and Panzu are the peak of Tiansheng.

Among these people, Hongjun, Panzu, Fu Zhi, and Ziwei are already the masters of the prototype of a heaven.

Therefore, the position of the master of the fifth prototype of heaven , Qin Feng gave it to Qin Baobao.

Firstly, Qinbaobao was his daughter, and secondly, Qinbaobao's talent potential was the best among the five early-stage heavenly saints.

If Qinbaobao was allowed to refine the prototype seal of heaven, it would be It is easiest to break through to the middle stage of Heavenly Sage.

However, after Qin Baobao got the Heavenly Seal, he said goodbye to Qin Feng and hurriedly went to refine it.

At the moment, Qin Feng did not waste time and closed his eyes again to meditate, trying to condense the four elements. Elephant God Mark...

Time flies!

In the blink of an eye, two days have passed.

On this day, when Qin Feng was condensing the divine mark with all his strength, the hall outside suddenly trembled.

From the hall, people's long-awaited cheers could also be heard

"The 20,000th person showed up! Appeared!"

"Ha ha!! This assessment is finally coming to an end!"

"award! The clearance rewards are finally about to be distributed!"

At this moment, the hall was filled with people and it was very lively.

Qin Feng also slowly opened his eyes, showing a look of anticipation.

This second assessment is finally over.

The assessment rewards he was looking forward to will be distributed soon..

Chapter 1163

At this moment, the main hall was filled with people and it was very lively.

Qin Feng also slowly opened his eyes, showing a look of anticipation.

This second assessment is finally over.

The assessment rewards he was looking forward to were about to be distributed.....

Buzz~! Buzz~!

The main hall trembled slightly!

The Points Monument also emitted a spiritual light!

The 20,000 rankings above are all shining brightly!

The second assessment has reached a critical point, and the will of the secret land is testing the assessment area.....

The results of the first 20,000 assessors are all included in the monument...

The 10,000 people who have not yet appeared are still being assessed in the assessment area.

Obviously, those people are different from Qin Feng.

As soon as the assessment began, they threw themselves into the test, unlike Qin Feng who practiced for a few days before participating in the assessment.

In other words, the assessors who have not yet arrived at the scene have not passed the test yet, but the time they have spent has exceeded the 20,000th person on the monument.

In other words, those people's results are only in the top 20,000, and they can only be eliminated.
.....

Buzz~! Buzz~! Buzz~!

The whole secret place was shaking slightly!

The will of the secret place is rapidly testing!

After a while, thousands of faint shouts could be heard in the assessment area.

That was the unwilling cry of the eliminated people.

But all this was in vain, they were all forcibly teleported out by the secret will.....

After a long time, the tremors in the secret place gradually stopped.

In the assessment area, all 10,000 assessors were eliminated.

At the same time, in the center of the hall, an ethereal voice sounded from the monument

"This assessment is officially over! Completion rewards will be distributed later!"

As soon as these words were spoken, people cheered in the stadium.

"Very good! it's over! It's finally over!"

"Hahaha! How dangerous! I have exactly 20,000 people! I almost got eliminated!"

"I wonder what the reward for clearing this level is?"

"Just wait and see! Hope there will be some surprises!"

In the main hall, everyone was gearing up, waiting for the announcement of the monument.....

At the same time, the devil of heaven and earth was in the womb.

Qin Feng stopped condensing the divine patterns and stood up slowly.

The phantom clone and the Xuan female clone on the side also stood up at the same time...

In the past two days, Qin Feng has been condensing the Xuanwu divine pattern.

The difficulty of condensing the four major divine patterns is still Xuanwu, White Tiger, Suzaku, and Qinglong.

The Black Tortoise Divine Pattern is relatively easier to condense.

Of course, all this is only relative, and the actual difficulty of condensing the four major divine patterns is quite the same.

In short, in order to familiarize himself with the condensation of divine patterns, Qin Feng chose to start with the slightly easier Xuanwu divine patterns.

At the same time, the shadow clone and the Xuan female clone were also helping.

In the past two days, the three of them worked together to condense 0.6% of the Xuanwu divine pattern. The progress was extremely difficult.

It can be seen from this that it is extremely difficult to condense the four-image divine pattern.

If you want to speed up, you need Jiutian Jade Dew to stimulate the spiritual root energy.

At the same time, each type of four-image divine pattern can only be effective if it is condensed to 100%. In the early stage, no effect will be seen.

According to this progress, Qin Feng will have to wait for a very long time if he wants to rely on divine patterns to improve his strength.

But next, he would have to face the attacks of Old Man Yuexia, Emperor Mang Witch Ancestor and others, and there was not enough time to wait.

The best way is to wait until he collects enough Nine Heavens Jade Dew to use it to stimulate the spiritual root energy of the Renshui Peach Tree, which can greatly speed up the condensation of the Xuanwu Divine Mark.

Maybe there would be a chance to put the Xuanwu Divine Pattern to use, which would greatly enhance his strength.

Thinking of this, Qin Feng's need for Jiutian Jade Dew became even more intense.

I wonder if there will be Nine Heavens Jade Dew among the rewards this time?

"Dad, this assessment is over! Rewards will be distributed soon!"

At this moment, Qin Baobao came jumping up and down.

Seeing this girl, Qin Feng's mouth showed a happy smile.

Two days ago, he gave Qin Baobao the prototype of the Wind and Thunder Seal of Heaven.

Qin Baobao Living up to her high expectations, after refining the boundary seal, she relied on the power of heaven and earth to break through to the middle stage of Heavenly Saint.

This will be of great help to her in the next assessment.

"Your Majesty, let's go!"

At this time, Ziwei Star Master, Hongjun and others also came to ask for orders.

"Let's go! Go out and claim your prize!"

"yes! His Majesty!"

Qin Feng gave the order, and all the subordinates agreed.

The next second, under his leadership, everyone walked out of the fetal membrane of heaven and earth.

As soon as he arrived at the main hall, Qin Feng saw that the square was filled with dense crowds.

Everyone was Looking at the sacred monument, looking forward to the announcement of its rewards.

Qin Feng's appearance also caused a commotion in the field. Everyone looked at him, some curious, some appraising, some puzzled, and even more envious. Jealous and hateful...

Unknowingly, Qin Feng has become a man of influence among the forces in the world, and his influence is no less than those of the top giants.

At this moment, the sacred monument lit up with a faint aura, and the ethereal The voice sounded again.....

"Now announcing the level of clearance rewards!"

"The first to third place will receive first-level clearance rewards!"

"The fourth to tenth place will receive the second level of clearance rewards!"

"Ranking 11th to 100th will receive the third level of clearance rewards!"

"The 101st to 20,000th place will receive the fourth level clearance reward!"

"The fourth level clearance rewards are now distributed! Two drops of Nine Heavens Jade Dew per person!"

As soon as the words fell, everyone cheered.

The reward for passing the level this time is much richer than the last time! The fourth level reward last time was only a drop of Nine Heavens Jade Dew, but this time it was doubled. Qin Feng's eyes also lit up.

, I was overjoyed.

The reward for passing the level was the Nine-Tian Jade Dew that he urgently needed most.

And more than 1,300 of his subordinates had passed the level, and they all received the fourth-level reward.

After conversion, it was more than 2,600 I got the Jiutian Jade Dew...

Boom~! Boom~! Boom~!

At this moment, the sky above the hall continued to roar, and the pressure was overwhelming...

The next second, more than 19,000 light pillars soared from the sky and landed on everyone's heads.In each light pillar, there are two drops of Nine Heavens Jade Dew....All the contestants were happy and collected their rewards one after another.....

Seeing this scene, Hongjun hurriedly said to Qin Feng:"Dad, this time the rewards for passing the level are distributed, there are nearly 40,000 drops of Jiutian Jade Dew circulating on the market. When the time comes, the child will buy it again, which will solve dad's urgent need!"

Qin Feng nodded happily:"This is a good idea!"

At this moment, the voice of the secret will sounded again

"The third level clearance rewards are now distributed! Twenty drops of Nine Heavens Jade Dew per person!"

Boom~Long~Long!

Another hundred light pillars descended from the sky and fell on the heads of the top 100 strong men.

Each light pillar contained twenty drops of Nine Heavens Rain and Dew...

Hongjun, Panzu, Queen Mother of the West, Lu Ya, The Master of Ziwei Star has received rewards of this level...

When the third level of rewards is distributed, it will be the second level of clearance rewards.

This time, only seven beams of light descended from the sky, falling respectively on Sanqing, Old Man Yuexia, and Ancestor Hunji. , Amitabha, and Mohu each had two hundred drops of Nine Heavens Jade Dew on them.....

Immediately afterwards, the first-level rewards for passing the level were distributed, 2,000 drops of Nine Heavens Jade Dew per person!

As soon as the reward was announced, the whole audience was amazed.

Two thousand drops of Nine Heavens Jade Dew!

This is not a small amount.

Next, three beams of light descended from the sky, landing directly on the heads of Qin Feng and the two clones.

Afterwards, Qin Feng and his two clones received the reward in the enviable eyes of everyone.....

In this way, Qin Feng got 6,000 drops of Nine Heavens Jade Dew, and together with the rewards from his subordinates, it was nearly 10,000 drops.

The harvest this time is very good!

At this moment, the ethereal voice sounded again in the hall.....

"Ranking rewards begin now!"

As soon as these words were said, the whole audience started talking, and everyone looked curious.

As we all know, the ranking reward is the most important, and it is much richer than the clearance reward.

At this moment, Qin Feng's heart became hot..

Chapter 1164

"What do you think the ranking reward will be this time?"

"Not sure! However, judging from the rewards for clearing this level, the ranking rewards are definitely more generous than the last time!"

"Of course! I just don't know what the reward will be...."

There were many envious sounds from the crowd.

At this moment, the voice of the sacred monument sounded again

"Tenth place, Mohu, Extraterrestrial Demonic Abyss, reward: two Nine-turn Golden Body Pills, one Nine-turn Yuan Shen Pill, and two thousand drops of Nine Heavens Jade Dew....."

As soon as those words fell, the whole audience exclaimed!

"Wow! Two Nine Turns Golden Pills! Twice as much as last time!"

"yes! The Jiutian Jade Dew is twice that of last time!"

"There is also the Nine-Revolution Soul Pill, which is an upper-level divine elixir that nourishes spiritual consciousness. Legend has it that it is more difficult to refine than the Nine-Revolution Golden Body Pill, and its value is also much higher!"

"Oh My God! The ranking rewards this time are more than double the last time!"

"yes! It's so enviable!"

At this moment, everyone was envious.

Even the top giants had different expressions.

The giants who entered the rankings and were expected to receive rewards were secretly happy.

Those who did not enter the top ten were secretly beating their chests and feeling regretful.

For example, Emperor Ancestor Mang Wu, Ancient Ancestor Ran Deng, and Ancestor Liugen all failed to enter the top ten this time, and they were all very upset.

Qin Feng was secretly happy, and he had even more expectations in his heart.

As we all know, the reward for the top three is a heavy reward. The most important thing.

And the ranking rewards this time have been increased, and the rewards for the top three are naturally more generous...

At this moment, a beam of light fell from the sky and landed on Mohu's head, and many rich rewards fell along the beam of light.....

After Mohu collects the rewards, the monument will announce the rewards again.....

"Ninth place, Outer Pure Sect, Amitabha, reward: three Nine-turn Golden Body Pills, two Nine-turn Primordial Spirit Pills, and three thousand drops of Nine Heavens Jade Dew....."

"Eighth place, Hunji Heaven Realm, Hunji Ancestor, reward: four Nine-turn Golden Body Pills, three Nine-turn Yuan Shen Pills, and four thousand drops of Nine Heavens Jade Dew....."

"The seventh place, the extreme moon heaven realm, the old man under the moon, rewards: five nine-turn golden body pills, four nine-turn soul pills, and five thousand drops of nine-day jade dew....."

"The sixth place, the Taoist Sect from outside the territory, the Holy Lord of the Supreme Purity, rewards: six Nine-turn Golden Body Pills, five Nine-turn Yuan Shen Pills, and six thousand drops of Nine Heavens Jade Dew....."

"Fifth place, the Taoist Sect from outside the territory, the Jade Pure Saint, reward: seven Nine-turn Golden Body Pills, six Nine-turn Yuan Shen Pills, and eight thousand drops of Nine Heavens Jade Dew....."

"Fourth place, Taoist Sect from outside the territory, Holy Master Taiqing, reward: eight Nine-turn Golden Body Pills, seven Nine-turn Yuan Shen Pills, and nine thousand drops of Nine Heavens Jade Dew....."

The will of the secret land distributed rewards accordingly, making everyone extremely envious.

Even Sanqing, who did not enter the top three, was very satisfied with this ranking reward.

In their opinion, even if he only finished fourth, fifth, or sixth, the rewards he could receive would be comparable to those of the top three in the past.

This also made the three of them, Di Mang Witch Ancestor, Ran Deng Ancestor, and Liu Gen Ancestor, even more envious.

Ancestor Liugen felt extremely aggrieved.

In two consecutive assessments, he failed to make it into the top ten. He could only watch others receive rewards, which really tarnished his reputation as a top giant.

Ancestor Ran Deng was also extremely depressed.

In the two assessments, he only got tenth place in the first time, and didn't even make it into the top ten in the second time.

Among these rewards, he is very concerned about the Nine-turn Golden Body Pill and the Nine-turn Yuan Shen Pill, which are both divine pills that can enhance his strength and reach the upper realm!

The Nine-turn Golden Body Pill can strengthen his physical body and increase his combat power.

The Nine Transformation Soul Pill can enhance his soul and improve his overall strength to a certain extent.

What's even better is that the more powerful the soul is, the easier it is to break through to the Saint Ancestor Realm.

No way!

After two assessments, he only got one Nine-turn Golden Body Pill, and not one Nine-turn Soul Pill, which made him extremely depressed.....

"The rewards for the fourth to tenth places have been distributed, and now comes the most important rewards for the top three.!"

"yes! I don't know what the top three rewards are this time....."

"No matter what reward it was, it was won by the three Qin Feng brothers. They were the biggest beneficiaries of this trip to the secret place!"

"hehe! This is just the beginning, who will have the last laugh is still unknown!"

"Too! Let's take a look at what the top three rewards are this time!"

At this moment, the crowd was talking a lot.

Ordinary players were envious and admired Qin Feng.

But those quasi-saint ancestors had long been jealous and very unhappy.

Even some top giants felt uncomfortable.....

Thinking that they are all powerful people above the quasi-saint ancestors, they actually lost two consecutive games to three second-level juniors. No matter how much I think about it, I feel shameless.

If Qin Feng hadn't been famous and was said to have the strength of a mid-stage quasi-saint ancestor, I'm afraid many quasi-saint ancestors would have taken a liking to him.....

At this moment, the ethereal voice sounded in the hall

"Now give out ranking rewards to the top three!"

"Third place, God Realm, Qin Lei, reward: fifteen Nine-turn Golden Body Pills, ten Nine-turn Yuan Shen Pills, and 10,000 drops of Nine Heavens Jade Dew....."

OMG!

Fifteen Nine-turn Golden Body Pills will be rewarded!

There are also ten Nine Transformation Soul Pills!

There was a lot of envy in the field.

In the crowd, Ancestor Ran Deng looked envious and jealous.

The two magic elixirs add up to twenty-five!

This reward is too generous!

It's really pitiful that he only got one magic elixir after two games. correct!

The guy didn't refuse the deal he proposed to Qin Feng last time.

After the rewards were distributed, he sent people to find Qin Feng to see if he could exchange for some magic pills.

Thinking of this, Ancient Ancestor Ran Deng began to calculate how much Nine Heavens Jade Dew he still had in his hand.....

On the other side, Old Man Yuexia looked very unhappy when he saw that the phantom clone had received such a generous reward.

On the side, Prince Xi Shen was also indignant.

"Dad, I really don't understand! That Qin Lei looks plain and ordinary. Why did you get third place?"

Guixu Saint Ancestor also echoed: "Yes! What's even more depressing is that the rewards they get every time are very generous. For example, the reward for third place this time is almost three times that of Senior Yuexia...."

"Ah!"

Old Man Yuexia sneered, with a look of displeasure on his face.

Seeing this, Saint Ancestor Guixu suddenly realized that he had accidentally mentioned the pain point of Old Man Yuexia.

Old Man Yuexia is known as the one with the best spiritual consciousness in the Nine Heavens and Ten Domains.

But in this spiritual awareness test, he only got seventh place, which was a huge blow.

Now, when he mentions the reward for Old Man Yuexia, it is far inferior to Qin Lei who came in third. Isn't he just changing his direction to beat Yuexia? The old man's face!

Thinking of this, Saint Ancestor Guixu immediately shut up and didn't dare to say anything.

The old man Yuexia couldn't get rid of the jealousy in his heart, and said coldly: "Huh! Although the reward for the third place is rich, it belongs to me. Three times, I'm afraid it hasn't been reached yet!"

But as soon as he finished speaking, that ethereal voice sounded in the hall again!

"In addition, congratulations to Qin Lei for receiving an additional reward: a fragment of the Xuanwu divine pattern...."

As soon as he said this, the whole place was in an uproar....

"Tsk tsk! Added bonus! Another additional bonus!"

"Qin Lei's luck is so good! In the past, there were no additional rewards for the top three. This time the secret land is opened, and the top three in two consecutive games will have additional rewards!"

"correct! Last time, Senior Amitabha mentioned that this additional reward was specially prepared for people in the God Realm. Now it seems that this is really the case!"

As soon as these words were said, everyone suddenly realized. If it was a guess last time, then it was confirmed this time.

After understanding this, everyone looked at the children of the Divine Alliance, and they couldn't help but show envy and jealousy.

These guys from the God Realm , once you become stronger, you are really blessed by nature, and you are taken care of by the will of the secret world!

Even the ranking rewards will be deliberately rewarded more, which makes people jealous!

The children of the Shen Alliance are extremely happy, and they are all happy for their highness.....

Among the crowd, Qin Feng was surprised and happy.

What surprised him was that just when he was worried about condensing the Xuanwu divine pattern, the will of the secret land rewarded him with an extra fragment of the divine pattern. This was such a coincidence.....

It stands to reason that since he is condensing the Xuanwu Divine Marks, the will of the secret place should not be clear.

Maybe this is really just a coincidence.

What he was happy about was that the secret land rewarded him with Xuanwu Divine Mark fragments, which should be of great help to him in condensing the Xuanwu Divine Mark...

Of course, he would have to go back and do some research to find out whether it would help or not.

At this moment, some doubts came from the crowd.

"Fellow Taoist, what are the Xuanwu divine pattern fragments rewarded in this secret place for? Why haven't you heard of it before?"

"hehe!! This means you are ignorant! As far as I know, after the ancient God Lord founded the Great Wilderness God Realm, he also used four spiritual roots of heaven and earth to condense the four elephant divine patterns. The four divine patterns are the green dragon pattern, the red bird pattern, the white tiger pattern, and the red bird pattern....."

"Later, the ancient God Lord died inexplicably, and the four divine patterns were shattered. Even the four spiritual roots of heaven and earth withered automatically, leaving only the prototypes of the next four heavens are hidden in this secret place....."

"Fellow Taoist, you said these are just the origins of the divine patterns, but what is the function of these divine patterns?"

"hey-hey!! The functions of these divine patterns are quite strange. It is rumored that refining a piece of divine pattern into the body can greatly enhance combat power. The effect of a piece of divine pattern fragment in increasing combat power is comparable to ten Nine-turn Golden Body Pills!"

As soon as these words were said, there was an exclamation, and everyone was amazed.

The man said proudly: "Of course, the effects of the four divine pattern fragments are different. For example, the refining of the Xuanwu divine pattern fragments improves the water and ice elements. The combat power of the system. Refining the fragments of the Suzaku divine pattern increases the fire element's combat power....."

"I see! Then this thing is a good thing!"

Everyone sighed.

The man added: "I also heard that refining fragments of the four divine patterns can speed up the condensation of the four divine patterns. The secret technique of condensing the four-image divine pattern is only mastered by the ancient god lord. No one else knows what they are used for, so this rumor is not very credible....."

After saying this, everyone sneered.

Since the secret technique of condensing the four-image divine pattern is unique to the ancient God Lord.

However, the ancient God Lord has fallen and the secret technique has been lost. The rumors are just speculation. To put it bluntly, they are nonsense and not worth believing.

At the moment, no one took the following words seriously.

Among the crowd, Qin Feng overheard this, but his heart was burning.

Others don't understand the secret technique of the Four Symbols, but he has mastered it and is practicing it.

Maybe, that rumor is true.

After the rewards are distributed, he will try to refine the fragments of the divine patterns to see if he can speed up the condensation of the divine patterns.....

In short, through the publicity of some insiders, everyone knew the magical uses of the divine pattern fragments, and everyone was enthused.

In the corner, Old Man Yuexia felt a little embarrassed.

He just said that the reward for third place was not three times that of his.

In the blink of an eye, the secret place gave the phantom clone an extra reward.

The value of that piece of Xuanwu divine pattern fragment is equivalent to ten Nine-turn Golden Body Pills, so the reward obtained by the phantom clone is more than three times more than his...

This slap in the face comes too fast!

At that moment, Old Man Yuexia sat down with a gloomy face.

The Saint Ancestor of Guixu looked strange and did not dare to talk any more.

At this time, a beam of light descended from the sky and landed on the head of the phantom clone...

Many rewards slowly fell in the beam of light. Among them was a broken divine seal covered with black Dao lines, emitting this extremely dazzling aura...

The broken divine seal The texture of the seal is neither gold nor jade, so it is very strange.

It is the Xuanwu divine pattern fragment.....

After a while, all the prizes fell...

The phantom clone put away the prizes in the envious eyes of everyone.....

"Second place, God Realm, Qin Mu, reward: 20 Nine-turn Golden Body Pills, 15 Nine-turn Yuan Shen Pills, and 15,000 drops of Nine Heavens Jade Dew....."

"Additional reward: two pieces of Xuanwu divine pattern fragments....."

Soon, another beam of light fell on the head of Xuan Mi's clone, and many generous rewards fell.
.....

Old Man Yuexia, Dimang Witch Ancestor and others were extremely jealous.

After the Xuan female clone collects the rewards, The secret will is announced again.....

"First place, God Realm, Qin Feng, reward: twenty-five Nine-turn Golden Body Pills, twenty Nine-turn Yuan Shen Pills, and 20,000 drops of Nine-Heaven Jade Dew....."

"Additional reward: three Xuanwu divine pattern fragments....."

After hearing the announcement of the rewards, Qin Feng felt happy and looked up, looking forward to the arrival of the reward beam.....

He was very satisfied with this first place reward.

But after waiting for a long time, the reward beam did not come.....

The will of the secret place shrouded the sky above the hall, constantly surging, creating an invisible pressure that flickered in and out...

This scene made everyone feel strange. what happened?

Aren't the reward results announced?

Why hasn't the reward beam fallen yet?

Just when Qin Feng and everyone felt strange, the voice of the secret will sounded again in the sky above the hall.....

"The first place Qin Feng was detected, and the score of this assessment was: four hours and five quarters of an hour. The assessment completion evaluation is: Super perfect!"

"Therefore, in this assessment, Qin Feng will be given a super reward!"

The ethereal voice echoed quietly over the hall.

Oh my God!

In addition to the additional rewards, there is actually a super reward!

This is too exaggerated!

Everyone in the hall was stunned!...

Chapter 1165

"Therefore, in this assessment, Qin Feng will be given a super reward!"

The ethereal voice echoed quietly over the hall.

Oh my god!

In addition to additional rewards, there is actually a super reward!

This is too exaggerated!

Everyone above the hall was shocked!

In the corner , Emperor Mang Witch Ancestor and Old Man Yuexia could hardly believe their ears.

The two couldn't help but look at each other, with deep jealousy in their eyes.

On the other side, the children of the Shen Alliance were extremely happy.

"Your Majesty, that's great! You actually got a super reward!"

"Dad, what will this super reward be?"

Hongjun and others were extremely excited.

Qin Feng looked up into the sky and smiled without saying a word.

He was also greatly surprised, and at the same time he was very curious, what would be the super reward given by the secret place?

At this moment, not only him, but also the entire hall The examiners on the board were all curious about what the super reward would be.

At this moment, the ethereal voice of the secret land sounded again

"The content of this super reward is: all rewards are doubled!"

"Therefore, the rewards obtained by Qin Feng are recalculated as follows: fifty Nine-turn Golden Body Pills, forty Nine-turn Yuan Shen Pills, 40,000 drops of Nine Heavens Jade Dew, and six Xuanwu Divine Mark fragments....."

As soon as this reward was announced, the whole audience was in an uproar!

"Oh My God! Fifty Golden Body Pills, forty Yuan Shen Pills, and 40,000 drops of Nine Heavens Jade Dew.....This reward is too scary!"

"There are also six fragments of the Xuanwu divine pattern! This is equivalent to sixty golden body pills!"

"Tsk tsk!! Calculated this way, the rewards for the second to tenth place combined are not as good as the rewards for Qin Feng!"

"You should calculate this way. The rewards received by the three Qin Feng brothers are more than five times the ranking rewards of the other seven....."

At this moment, all the assessors were so envious that they almost cried.....

The quasi-saint ancestors were so jealous that their eyes turned red.

In their opinion, how could He De, a small second realm of eternity, be able to obtain such a generous reward!

Even giants like Ancestor Huanji, Mohou, and Luoia, who acted aloof, began to feel jealous.....

Buzz~!

The void trembled, and a beam of light fell from the sky and landed on Qin Feng's head...

The next second, many rewards slowly fell in the beam of light.

Qin Feng stretched out his hand and put all the rewards into the storage ring under the extremely envious eyes of everyone.

At this point, the rewards for the second assessment have been distributed!

Qin Feng did a little calculation in his mind. The total rewards for him and the two clones were eighty-five Golden Body Pills, sixty-five Yuan Shen Pills, 65,000 drops of Nine Heavens Jade Dew, and nine Xuanwu Divine Mark fragments.....

Such rewards are extremely generous!

Thinking of this, Qin Feng pursed his lips slightly and showed a satisfied smile.

But at this moment, an extremely discordant sound sounded in the hall

"snort! What the hell! From my perspective, the will of this mysterious land insists on favoring the God Realm, which is extremely unfair to us!"

As soon as these words came out, they resounded in all corners of the hall.

Everyone followed the sound and saw that the person complaining was the Emperor Mang Witch Ancestor.

At this moment, he was staring at Qin Feng and the two clones with jealousy.

I missed him. The giant who was at the pinnacle of the quasi-saint ancestor did not even make it into the top ten in this assessment, and only received a second-level passing reward, which was only two hundred drops of Nine Heavens Jade Dew.

Now, he saw Qin Feng and the others How could one not feel jealous after receiving such a generous reward?

However, as soon as his words came out, they still resonated with many players.

Yes!

The will of this secret place is obviously biased towards the children of the God Realm. It either reduces the difficulty of the assessment or Provide additional rewards and even super rewards.....

At that moment, Old Man Yuexia agreed:"Fellow Taoist Di Mang is right! The will of this mysterious land is too biased towards the people of the God Realm, and it is too unfair to other people. Even under the same strength, the assessment we will encounter The difficulty is also much greater than that of people from the God Realm."

"Even in the direction of rewards, the will of the secret land will be biased towards the people of the God Realm, giving both additional rewards and super rewards. This is really unfair to me!"

"Logically speaking, since it is an assessment, it must be fair and just, and everyone competes fairly. It's just that the will of the secret world is irrational, but as one of the forces in the heavens, the people in the divine world should be sensible, so naturally I will reflect on it."

At the end of the sentence, the old man Yuexia looked at Qin Feng

"Qin Feng, you are the Lord of the God Realm. Don't you think you should reflect on this matter?"

Seeing this, everyone looked at Qin Feng.

At this moment, Qin Feng became the focus of the audience.

Qin Feng smiled coldly: "What Taoist Fellow Yuexia means is....."

"Ha ha!! What I mean is very simple. If you are sensible, you should take out the rewards you have received and share some with everyone!"

As soon as these words came out, the whole place was in an uproar.

No one expected that Old Man Yuexia would say such shameless remarks.

All the children of the Shen League were furious, secretly cursing this old thief for being so shameless!

But among the crowd, some greedy The players' eyes lit up one after another.

Even some shameless guys actually started to agree.

"yes! I think what Senior Yuexia said makes sense! Fellow Taoist Qin Feng, if you take the overall situation into consideration, you should come up with some rewards to appease everyone!"

"That's right! The Nine Heavens Jade Dew that the three of you got is more than 65,000 points. It's okay to give out tens of thousands of drops to divide it into one point!"

"yes! As for those Golden Body Pills and Yuanshen Pills that are difficult to separate, you can also take out some Hunyuan Shendan to offset the difference!"

Hearing these extremely shameless remarks, the children of the Shenmen League almost exploded with anger.

Qin Feng glanced at the audience coldly, remembering those shameless guys one by one.

He is not a good person. Good people, these greedy guys dare to attack him, they are simply seeking death! What's even more ridiculous is that many of these people are only in the first and second realms of eternity.

It can be seen that in the face of interests, human nature Greed is so ugly!

"How ridiculous! You don't have the ability to get rewards! You just want to share my reward, who gives you the face?"

Qin Feng glanced coldly at the clamors.

Those in the first and second realms trembled in fear under his majesty and couldn't help but shut their mouths.

As for the supreme saints and heavenly saints His expression was cold, and his eyes were still greedy.

Although it was said that Qin Feng had the strength of the mid-stage quasi-saint ancestor, they had not witnessed it with their own eyes, so they always had some disbelief in their hearts.

What's more, Qin Feng's cultivation level was only at the second level, and he was not as good as them. Let them have some illusions, that is, Qin Feng is not as good as them.

As for those quasi-saint ancestors, especially those who have reached the mid-stage of quasi-saint ancestors and above, they don't take Qin Feng seriously at all, and even have some disdain.

These people don't know, Qin Feng is already in the extremely holy realm, but he just hides his cultivation, and his strength is even more powerful than they can imagine.....

They didn't even know that offending Qin Feng would cost them an unimaginable price.....

But as soon as Qin Feng's words came out, many people shut up, but once people's greed is ignited, it is not easy to extinguish.

Old Man Yuexia could clearly see it.

At the moment, he said with a look of gloating: "Qin Feng, did you see it? Everyone thinks this assessment is unfair. If you are wise, you can give some rewards to everyone to calm the injustice in everyone's hearts."

Yue. There is something hidden in the old man's words, deliberately carrying the wind.

Emperor Mang's witch ancestor quickly agreed: "That's right! Qin Feng, you'd better come up with some rewards quickly and share some with everyone. Otherwise, it will be difficult to cause public anger!"

Di Mang's threat became even stronger..

Qin Feng sneered: "Are you two very dissatisfied with the arrangements of the ancient God Lord?"

Old Man Yuexia smiled coldly: "That's right!"

The Dimang Witch Ancestor also raised the corner of his mouth: "They are just dissatisfied! The arrangements of the Ancient God Lord are not at all good. Fair!"

Hearing this, Qin Feng couldn't help laughing: "Haha!! You two are so shameless! You know, this is the inheritance place of the ancient God Lord. My descendants from the God Realm are descendants of the ancient God Lord."

"The inheritance of the mantle of the ancient God Lord naturally has to be enjoyed by the children of the God Realm. And who are you? You have no blood relationship with the ancient God Lord. You have no qualifications and no reason to enjoy his favors."

"But the will of the ancient God Lord is benevolent. It allows you to enter here and have the opportunity, which is already a great grace to you. But you actually repay kindness with hatred and complain about the unfairness of the ancient God Lord. This is simply arrogant and extremely shameless!"

This scolding went straight to the essence.

Many examiners blushed and felt very embarrassed.

Hongjun also cursed angrily: "We, the people of the God Realm, are the descendants of the God Lord and the direct successors to the God Lord's mantle. This secret land is actually a resource left by our ancestors"

"When you come here, you are robbing the resources left by our ancestors. We haven't said anything to you yet, but you shameless guys are talking about us, which is just to push your boundaries and be extremely shameless!"

After everyone heard these words, they became even more embarrassed.

Yes!

When it comes to blood relationships, the people of the God Realm have certain sovereignty over this secret place.

To a certain extent, they have taken over the gods. Some advantages in the world.

At this time, Old Man Yuexia and Dimang Witch Ancestor were scolded speechlessly. Their positions were not right.

But Dimang Witch Ancestor still said stubbornly: "Anyway... Anyway, I feel that the assessment is not right. fair!"

Qin Feng sneered disdainfully: "If you are dissatisfied with the rules of the secret land, then you can get out of the secret land. No one will ask you to stay! The Will of the Secret Earth didn't even ask you to come! I have said all this, but if you still want to stay, I can only say that you are thick-skinned and shameless!"

Di Mang was furious: "Qin Feng, little thief!" How dare you insult me like this! I swear to be incompatible with you!"

"Ha ha!! Are you angry?! In this way, you are admitting that you are thick-skinned and don't want to leave, so you are so angry that you cursed. It's sad to think that you, the majestic and powerful person at the top, have no backbone at all!"

Di Mang was so angry that he jumped:"You little thief!" Who do you think has no backbone?"

"You! If you really have the backbone, you should leave this secret place now without saying a word. If you don't leave yet, you have no spine! Just shameless!

Hongjun quickly echoed:"Haha!"! Dad, you are right, he is a shameless guy. Just like last time, he said in front of everyone that you and your two uncles can't make it into the top three."

"But as a result, you entered the top three again. I thought he would be embarrassed and keep a low profile, but I didn't expect him to jump up and down in public, completely forgetting what he said! Qin

Feng chuckled:"Hong'er, you saw it, once a person is shameless, he will talk like farts and forget what he said!" If he was a really shameless person, he would still be jumping around, so people like him would definitely be shameless and stay here and not leave....."

"You...you...you guys...."

Emperor Mang, the witch ancestor, was so angry that Qin Feng and his son sang and sang, and he was about to explode with anger...

But he was speechless in retorting, because he was really being unreasonable.

At this moment, in front of everyone, he was ridiculed by Qin Feng and his son to the point where he lost all face and was extremely embarrassed.....

Even the people in the Great Witch Heaven Realm felt a little embarrassed.

But Emperor Mang Witch Ancestor knew in his heart that he could not really leave the secret place just for the sake of face.

But if he stays, he will become what Qin Feng said, a shameless and ungrateful person.

This crime can be described as murderous and heart-breaking. It made Emperor Dimang Witch Ancestor feel ashamed and angry, and he wished he could directly attack Qin Feng...

But reason told him that he couldn't take action, otherwise it would be a violation...

Just when Emperor Mang Witch Ancestor was so angry that he almost exploded. At that moment, in the center of the hall, the sacred monument trembled slightly, lit up with a dazzling spiritual light, and new information appeared on it...

Everyone was startled and looked at the sound one after another...

Chapter 1166

Everyone was startled and looked around following the sound.....

I saw lights flashing on top of the sacred monument, and everyone's points were lined up one by one.

Everyone quickly opened their eyes and watched.

This point is related to the opportunity later, but it is extremely important.

Qin Feng also watched carefully.

Soon, a smile appeared on his face.

The points distribution this time is the same as last time.

First place is worth 100 points, second place is 90 points, and third place is 80 points.....

By analogy, tenth place is worth 10 points.

11th to 100th place is worth 5 points.

The 101st to 20,000th place is 1 point.

Behind everyone's points, there is also a total points statistics, which is the accumulation of points from the two assessments.

Qin Feng and his two clones both had a total score of 180 points, tied for first place.

Taiqing Saint Ancestor ranked second with a total score of 90 points, but his points were only half of those of Qin Feng and the others.

Di Mang ranked third with a total score of 75 points. This was due to his fourth place in the first assessment.

Ancestor Hunji and Mohu both had a total score of 70 points, tied for fourth.

Yuqing Shengzun ranked fifth with a total score of 65 points.

Shangqing Shengzun and Luo Jia scored a total of 55 points, tied for sixth place.

Amitabha, with a total score of 50 points, ranked seventh.

Old Man Yuexia ranked eighth with a total score of 45 points.

Ran Deng Gu Zu, with a total score of 15 points, ranked ninth.

As for the Six Root Ancestor, it was even worse. After two assessments, he only scored 10 points.

As for the quasi-saint ancestors below the peak giants, except for the Guixu Saint Ancestor, they all scored 10 points.

Guixu Saint Ancestor only scored a pitiful 2 points.

On the contrary, for the Divine Alliance, Hongjun, Panzu, Queen Mother of the West, Lu Ya, and Ziwei Star Master all scored 10 points, the same as those quasi-saint ancestors.

Further down, all assessors get 2 points.

After reading the total points, everyone was amazed.

The results of the God Realm are obviously much better than those of other forces.

At this moment, the ethereal voice sounded again in the sky above the hall

"This assessment is over! Remind all assessors that 10,000 people will be eliminated from the next assessment!"

As soon as these words were said, the whole place was in an uproar.

"No way! Another 10,000 people will be eliminated!"

"It's over! It's over! It's completely over now! I only got over 19,000 people in this assessment, and I will definitely be eliminated in the next one!"

"Hey~! In the next game, don't say you are only in the first level, even if you are in the second level, more than half will be eliminated!"

"This...how can this be good!"

"Hey~! There is no way, the difficulty of this assessment is getting higher and higher, and those who are not strong enough will eventually be eliminated!"

"But I don't want to be eliminated. I haven't gotten the opportunity I want yet....."

For a moment, the hall was filled with sighs and sighs.

The examiners of the first and second realms all had sad faces.

Even some of the weaker Saints are a little uneasy!

Who can guarantee that the next assessment will not be their weakness?

If it is their weakness, even if they are supreme saints, they may be eliminated!

Not to mention those assessments, even the disciples of the Divine Alliance who were favored by the will of the secret land began to panic, and they were all whispering to each other.

In this assessment, only five or six hundred people entered the top ten thousand, and the remaining eight hundred people were all between ten thousand and twenty thousand.

There is a great possibility that these 800 people will be eliminated!

This is not what they want, and naturally it is not what Qin Feng wants to see.

Qin Feng naturally wants that everyone under his command will have opportunities and everyone's strength will be greatly increased.

In this way, he can also get feedback from combat power and increase his strength.....

As if anticipating the reactions of the players, the voice of the secret will sounded again

"Starting now, take a three-day break! Three days later, the Xuanwu Holy Realm will be opened for examinees to gain opportunities! Hope to cherish it!"

As soon as these words were said, the invisible spiritual pressure above the main hall gradually disappeared. It was the will of the secret place that had faded away.....

At the same time, everyone's customs clearance tokens received information and started to tremble slightly.

Everyone quickly took out the tokens and looked at them one after another.

Qin Feng also picked up the token, and his spiritual consciousness penetrated to check the information.

After reading it, his face showed joy again.

At this moment, cheers also sounded in the hall

"Ha ha!! Very good! Xuanwu Holy Realm! The Xuanwu Holy Realm has been opened!"

"yes! It is said that this Holy Realm of Xuanwu was transformed from the prototype of the heaven left behind after the death of the God Lord, when the spiritual root condensed with the Xuanwu Divine Marks decayed. It is as big as dozens of Great Thousand Worlds!"

"Oh My God! So big! That's unimaginable!"

"hehe! You, the small forces from the vast world, naturally have a hard time imagining the vastness of the prototype of heaven."

"That's not right! This token introduces that the Xuanwu Holy Realm is divided into three layers. If it is the prototype of a heaven, why are there still layers?"

"This means you are ignorant! The Xuanwu Holy Realm is different from the ordinary prototype of the Heaven Realm. It was transformed by the residual thoughts of the ancient God Lord and the use of great magical powers, so it will be divided into three levels, and the opportunities of each level are different!"

As soon as these words were spoken, many people suddenly realized

"No wonder, as introduced in this token, the qualifications required to enter each level of the Xuanwu Holy Realm are different. To enter the first level, you need to score more than 1 point to be eligible to enter."

"To enter the second level, you need to score more than 4 points; to enter the third level, you need to score more than 10 points....."

"In the Xuanwu Holy Realm, there are countless resources and opportunities. But the higher you go, the better the opportunities and resources. Simply put, the resources and opportunities on the second level are more than ten times better than those on the first level. And the third level is more than ten times better than the second level!"

"Oh My God! In this way, the resources and opportunities on the third level are more than a hundred times that of the first level!"

"Of course! Otherwise, the qualification to enter the third level would not require more than ten points. Basically, only the powerful Quasi-Saint Ancestors are eligible to enter!"

"Hey~! I only have 2 points. Not to mention entering the third floor, I am not even qualified to enter the second floor. I can only enter the first floor...."

"I only have 2 points!"

At this moment, countless sighs came from the crowd

"Huh! it's not right! The vast majority of people scored 2 points, only those quasi-saint ancestors scored 10 or above, and a few people from the God Realm also scored 10 or above. There are almost no players with 4 points, so how do you get into the second level?"

"Um...didn't you read the introduction behind the token carefully? Points trading is allowed during this three-day rest period. You can buy points, and if you collect 4 points, you can enter the second level."

"Let me see! Huh! Oh My God! It's true! Ha ha!! I'm going to buy points. If I get 10 points, I can even enter the third floor!"

"hehe!! Nowadays, everyone needs points. Do you think points are easy to buy? What's more, although the third level has many resources and opportunities, it is also full of dangers!"

"right! Fighting against each other is prohibited on the first and second floors, but fighting on each other is allowed on the third floor. However, points will be deducted for injuring or killing other players, which is not a small price to pay! If one person is not good enough, his points will be deducted to 0 points, and he will be eliminated from the competition."

"hehe!! That depends on what happens! If both parties encounter a big opportunity, even if they are eliminated by deducting points, it is still a good deal for some people!"

"That's right! It seems that not everyone is eligible to enter this third level."

"In short, this trip to Xuanwu Holy Land is an opportunity given to us by the secret place, and we must seize it."

"That's right! There are a lot of resources in the secret place, and there are even many spiritual fruits that can directly increase the strength. If you are lucky, find a good opportunity and improve your strength, you might be able to pass the next assessment!"

"yes! Half of the people will be eliminated in the next assessment. If we don't want to be eliminated, this trip to the Xuanwu Holy Land is our only chance."

"Without further ado, I'm going to acquire points!"

"I'm going to buy points too!"

At this moment, the whole square was buzzing with discussion.

In order to get more points, the leaders of many forces entered the second and third floors and began to search for the points of their subordinates.

There were also assessors who began to buy points everywhere.....

After reading the token information, Qin Feng and the Shenmeng disciples showed understanding smiles on their faces.

It turned out that the information in their tokens was different from other assessors. There was an additional piece of information.

That additional information The information is that the points threshold for people in the God Realm to enter the Xuanwu Holy Realm is half that of other people.

In other words, to enter the second level, the children of the Divine Alliance only need to reach 2 points to enter.

To enter the third level, only Need to reach 5 points or more.....

To put it simply, all the disciples of the Divine Alliance can enter the second level.

Of course, only the children of the Divine Alliance know this information.

"Dad, this time the secret will is favoring us again!"

Hongjun's voice of joy rang in Qin Feng's ears.

Qin Feng smiled slightly:"Let's go! Return to the fetal membrane of heaven and earth! We negotiate for those people to go to the third floor!"

All the subordinates were overjoyed and followed Qin Feng back one after another.....

This time, the children of the Divine Alliance only need 5 points to enter the third level.

Since Qin Feng has a lot of points, he naturally has to allocate some of them and arrange for a few more confidants to enter the third level...

Chapter 1167

After entering the fetal membrane of heaven and earth, the senior leaders of the Divine Alliance gathered around Qin Feng

"Dad, this trip to the Xuanwu Holy Realm should be of great help to the improvement of the strength of our children of the Divine Alliance!"

"Your Majesty, with the will of the secret earth taking care of us, the children of the Divine Alliance, we can all enter the second level or above, and the opportunities we gain are at least ten times that of others."

Hongjun and others expressed their opinions one after another.

At this time, Fuzhi analyzed: "Father, judging from my child, most people outside only have 2 points. If one person wants to collect 4 points, three people need to contribute. Out 1 point. After this calculation, only four to five thousand people can finally enter the second level."

"The remaining 15,000 or so people can only enter the first floor. As we all know, the more people there are, the more intense the competition, and the harder it is to win opportunities. With this conversion, the probability of getting a chance at the second level is not only ten times that at the first level, but about thirty times....."

This analysis was sound and well-founded, and all the senior executives nodded their heads after hearing this.

Qin Feng nodded slightly to Fuzhi to express his approval.

Among his subordinates, Fu is good at analysis.

At this time, Qin Baobao's eyes lit up: "Dad! According to Fu Zhi's brother's analysis, the number of people who can enter the third level is at most two to three hundred. Then wouldn't the opportunity multiplier be hundreds of times or even thousands of times that of the first level? twice as much....."

Qin Feng smiled slightly: "You can say that!"

Qin Baobao was overjoyed: "Dad, that baby also wants to go to the third floor!"

Star Master Ziwei also said happily: "Your Majesty, you have a lot of points in your hand, which can just make more disciples Enter the third level."

Fu Zhi quickly dissuaded him: "Father, I think you should be cautious about this matter! Although the opportunities on the third level are good, allowing each other to fight is full of risks."

"Therefore, Haier believes that the candidates selected to enter the third level must have a certain ability to protect themselves, and not just anyone can enter! Qin

Feng nodded slightly: "I think about it as a father too!" What's more, my father has received a large number of rewards this time, and has been targeted by many people. The so-called ordinary man is not guilty, but he is guilty of carrying a jade."

"I'm afraid that as soon as I enter the third level, many people will attack me, not just the Emperor Mang Witch Ancestor and Old Man Yuexia. This situation is more dangerous than we previously expected."

"If that happens, I may lose sight of one thing and not be able to take care of so many people, so the candidates who enter the third level this time must have a certain ability to protect themselves. And those who have the ability to protect themselves can only do it if they are Heavenly Saint or above."

Hearing this, everyone nodded.

Emperor Feng even echoed: "Your Majesty is right! Today at the reward distribution site, Old Man Yuexia and Emperor Mang Wuzu deliberately set the pace, and many people showed greedy faces. If it weren't for the rules, I'm afraid they would have been on the spot. Just want to grab it"

"And once His Majesty enters the third level, it will be an opportunity for those greedy guys. If you don't believe it, you can look at some scenes outside and you will know what they are doing!"

Being reminded by Emperor Feng, the senior officials couldn't help but turn their heads and look outside the membrane of heaven and earth.

Above the main hall, they saw a lively scene, with many people trading points.

In many corners, people who used to be aloof The quasi-saint ancestors actually gathered together in small groups, as if they were discussing and plotting something. From time to time, someone looked at the direction of the Divine Alliance with strange eyes.

Seeing this scene, everyone naturally understood that there was something wrong. Shao Zhun Saint Ancestor is plotting against Qin Feng, and there are many early Quan Saint Ancestors among them.

Hongjun was so angry that he couldn't beat him:"These hateful guys, some of whom are only in the early stage of the Quasi-Saint Ancestor, dare to take advantage of my father. They really don't know how to live or die!"

Emperor Feng sneered:"People die for money, birds die for money. Eat death! In the face of interests, there are always some people who want to take risks. What's more, His Majesty's cultivation level is only at the second level, which always gives these quasi-saint ancestors the illusion that they can take down His Majesty!"

Hongjun sneered:"These guys Short-sighted! If they knew my father's true strength, I'm afraid they wouldn't dare to have such thoughts. By the way, father, why don't you show your strength deliberately to intimidate these young people and make some people give up their thoughts."

Qin Feng He sneered and shook his head:"The best way to scare Xiao Xiao is to make them pay a heavy price. The more ignorant they are, the better it is for me!"

Hongjun suddenly realized:"Dad taught you a lesson!"

"In short, after three days, the Heavenly Saint and above followed the deity into the third level. The rest go to the second floor"

"yes! His Majesty!"

The senior officials took the order one after another.

It would be most beneficial to the children of the Divine Alliance to prohibit fighting with each other on the second level.

Afterwards, Qin Feng gave some more instructions, and the senior officials left one after another, leaving only a dozen Heavenly Saints present.

Today, there are eleven heavenly saints in the Divine Alliance, namely Hongjun, Panzu, Queen Mother of the West, Lu Ya, Ziwei, Fuzhi, Qin Baobao, Kunpeng, Hongyun, Minghe, and Fengdi. Hongjun, Panzu, Queen Mother of the

West, Lu Ya and Ziwei both have 10 points.

Fu Zhi and Qin Baobao only have 2 points, which is not enough to enter the third level.

However, the children of the Shen League only need 5 points to enter the third level.

Then Qin Feng used the points of the phantom clone to collect the points of Fu Zhi, Qin Baobao and others to 5 points, spending a total of 18 points.

At this point, the points of the phantom clone became 162 points.

After handling these trivial matters, Qin Feng He left Hongjun behind and sent the others away to prepare for the war in three days.

"Dad, if you keep the child, do you have any other instructions?"

"Hong'er, this time the rewards have just been distributed. There are tens of thousands of drops of Jiutian Jade Dew circulating on the market. You can just go and buy them. You can collect as much as you can! Hongjun

's eyes lit up:"Yes, I almost forgot about this important event!"

"This storage ring contains three hundred Hunyuan Divine Pills and thirty Nine-turn Golden Body Pills. If Ancestor Ran Deng wants to trade, you can exchange those Golden Body Pills for 1,500 drops of Nine Heavens Jade Dew each!"

Qin Feng casually handed over a storage ring.

Hongjun was surprised:"Dad, the normal market price of the Nine-turn Golden Body Pill is one thousand drops of Nine-turn Jade Dew. You want 1,500 drops. Is the price high? A little?"

Qin Feng smiled coldly:"If he wants to change, he will change, if he doesn't, he will be killed! However, Randen Ancestor only scored 15 points after two consecutive assessments. He must be extremely depressed and anxious."

"To put it bluntly, he is still lacking in strength, so he is naturally eager to improve his strength. No matter how much you offer, he will eventually give in. Hongjun nodded slightly:"

Dad, I understand!" By the way, Dad, if someone else is willing to use fifteen hundred drops to buy the Golden Body Pill, do you want to sell it?

Qin Feng thought for a while and said, "You just have to deal with the situation!" Of course, people like Di Mang and Old Man Yuexia cannot be sold to them. Selling to them is tantamount to subsidizing the enemy!"

"The kid understands!"

Then, the two discussed again, and Hongjun took the order and left.....

Not long after Hongjun left, Lord Ziwei came over.

"Your Majesty, this is the Nine Heavens Jade Dew handed over by your subordinates, about three thousand drops....."

Lord Ziwei holds a rune jade bottle in both hands

"very good!"

Qin Feng put away the jade bottle with great satisfaction.

These three thousand drops of jade dew are the rewards for passing the test.

"Your Majesty, many people are now coveting the rewards from you, and the Emperor Mang Witch Ancestor and Old Man Yuexia are even more hostile to you. I also hope that Your Majesty will condense the Black Tortoise Divine Pattern soon and improve his strength so that he can better protect himself!"

Ziwei Star Master looked worried.

"I understand!"

"Then I won't bother you!"

Ziwei Star Master left after saying this.

Qin Feng looked at her leaving figure, and then looked at the main hall where Dimang Witch Ancestor, Yuexia Old Man, and Six Root Ancestors were whispering together, seeming to be plotting something.

At the same time, there were some quasi-saint ancestors in several corners who were whispering and looking in the direction of the Divine Alliance from time to time, obviously trying to get his idea.

Seeing this scene, Qin Feng sneered in his heart, and at the same time he had some pressure.

Now that he has unknowingly become the target of public criticism, it is time to make some preparations.

In other words, he should speed up his improvement of strength.

As long as he is stronger, the intensity of his counterattack will be greater.

What's more, , he just got a lot of rewards, it's time to take the time to digest them...

Chapter 1168

At that moment, Qin Feng summoned the phantom clone and handed him all the Nine Heavens Jade Dew in his hand, a total of about 68,000 drops.

The matter of the Nine Heavens Jade Dew stimulating the power of spiritual roots and accelerating the concentration of Xuanwu divine patterns was left to the two clones.

And Qin Feng himself has other things to deal with.

As soon as the phantom clone left, Qin Feng sat cross-legged and meditated, and took out a strange fragment. It was neither gold nor wood. It was covered with black divine patterns, exuding dazzling white light, and the looming pressure of the water element.....

Those are the Xuanwu divine pattern fragments!

"Looking at the fragments of the divine pattern, it seems that the power of the divine world and the earth are combined with the three thousand charms of the spiritual roots to form it.....No wonder refining it can improve your strength. I wonder if I swallowed it, it would help to condense the divine patterns?"

Qin Feng carefully studied the divine pattern fragments for a while, but he still had no idea. However, he had to try it no matter what.

With this in mind, he opened his mouth and swallowed the divine pattern fragments.....

Boom~Long~Long!

Not long after, waves of roaring sounds resounded within his body, and bursts of water-type Daoyun emanated from his body, pouring into all directions, overwhelming the sky and the earth, with an astonishing momentum.....

"Ding~! Congratulations to the host for successfully devouring the Xuanwu Divine Pattern fragments... Your Xuanwu Divine Pattern Condensation Progress has been increased to 5.6%....."

After a moment, Qin Feng opened his eyes, his face full of ecstasy.

The divine pattern fragments were indeed of great help in condensing his Xuanwu divine pattern!

Just one fragment increased the progress by 5%.

You know, it took him two full days to condense 0.6%....

The help of this fragment was equivalent to saving him more than half a month.

With this in mind, he took out all the remaining eight divine pattern fragments and swallowed them all in one gulp.....

Boom~! Long~! Long~!

The next second, his body roared continuously, and layers of Tao Yun dispersed out of the body, forming rays of rays of light, which illuminated the fetal membranes of the heaven and earth, and also alarmed many disciples of the Divine Alliance.....

"Ding~! Congratulations to the host for successfully swallowing the Xuanwu Divine Pattern fragments (8 pieces)... Your Xuanwu Divine Pattern Condensation Progress has been increased to 45.6%....

Such an astonishing change lasted for a full quarter of an hour before the strange light of Taoism gradually dissipated.....

Qin Fengshen's eyes opened and closed, and the divine light in his eyes was full of joy.

Just 9 divine pattern fragments increased his divine pattern condensation progress to 45.6%, saving him a lot of time and tens of thousands of drops of Nine Heavens Jade Dew...

This made Qin Feng think about it for a long time, but it was a pity that the divine pattern fragments It's rare, and it's only nine dollars.

But the current situation is urgent, he must speed up the time to improve his strength, there is no time to waste.

Thinking of this, Qin Feng took out the Nine-turn Golden Body Pill and the Nine-turn Yuanshen Pill and started refining them.....

At the same time, above the main hall, points trading was extremely hot.

Among the crowd, Hongjun led Panzu, Kunpeng, and Hongyun to start the business of exchanging Hunyuan Shendan for Jiutian Jade Dew...

To Hongjun's expectation, their business was extremely popular, and Jiutian Jade Dew purchased It went very smoothly, exceeding their expectations...

Later, when Hongjun inquired, he found out that the booming business of Jade Dew was due to the fact that the rewards had just been issued, and the Jiutian Jade Dew that had been almost squeezed out on the market suddenly increased by 40,000 yuan. Many drops.

The second and more important thing is that as Hunyuan Shendan spreads in the market, people have a better understanding of the efficacy of Hunyuan Shendan.

This magical pill can not only break through the bottleneck at the peak of the first realm, but also improve the strength of the second and third realms.

And three days later, it will be the day when the Xuanwu Holy Realm opens.

In the first and second levels of the Holy Realm, although they are not allowed to fight each other, the competition for opportunities still relies on strength.

What's more, there will be various strange beasts and even puppet beasts on the first and second floors, so it's not without any danger.

To put it simply, if you want to win opportunities on the first and second levels, you must not only rely on luck, but also rely on strength.

The Hunyuan Divine Pill is a good thing for improving strength, so those players naturally want to buy it.

This is why Hongjun's business has improved!

Of course, in addition to the many people who came to buy the Hunyuan Divine Pill, the Randen Ancient Ancestor also sent people to negotiate about the Nine Turns Golden Body Pill.

Due to price issues, the two parties have not yet reached an agreement.

The people from Ran Deng Ancestor have gone back to report and seem to be discussing.....

At the same time, Old Man Yuexia, Emperor Mang Witch Ancestor and others also made new moves.

At this moment, Saint Ancestor Guixu saluted Old Man Yuexia with a grateful look on his face.

"Thank you, Lord, for rewarding your subordinates with points! Otherwise, my subordinates would not even be qualified to enter the third level!"

"Zhentian, there is no need to be polite to me! You are a member of my Jiyue Heaven Realm, so it is appropriate to give you points. What's more, it's only 4 points!"

It turned out that Saint Ancestor Guixu only had 6 points and was not qualified to enter the third level.

Old Man Yuexia divided his points into 4 points and helped Saint Ancestor Guixu get 10 points, allowing him to enter. Qualifications for the third level.

Entering the third level, the probability of representing and obtaining opportunities is greatly increased, and at the same time, more resources can be obtained. Saint Ancestor Guixu is naturally grateful.

In order to deal with Qin Feng, Old Man Yuexia must bring Saint Guixu with him Zu entered the third level and was willing to give away these points.

At this time, Prince Xishen asked with a happy face:"Dad, in three days, we can take action against Qin Feng. Do you want to deal with Qin Feng alone first, or Qin Feng, Qin Lei, and Qin Mu at the same time?"

Old man Yuexia smiled proudly:"I have to ask fellow Taoist Di Mang. Fellow Taoist Di Mang, what do you think?"

Old man Yuexia turned around and looked at Di Mang.

At this moment, Di Mang was discussing something with the wizard ancestor Ping Liang and others.

When old man Yuexia asked, Di Mang quickly raised his head and sneered: "If it were before, I suggested You defeat them one by one. First hit the force to destroy the chief evil Qin Feng, and then cut off Qin Lei and Qin Mu."

"But now that I have joined them, there is no need to be so troublesome. It will be easy to get rid of the three brothers at once."

It turned out that Dimang Wuzu was ridiculed by Qin Feng in public before, and he was completely humiliated. He hated Qin Feng in his heart.

Therefore, he changed his original intention and directly agreed to join the camp of Old Man Yuexia, and together with Old Man Yuexia, he took action against Qin Feng. Instead of just sending Ping Liang and other subordinates to take action.

With the addition of Di Mang Witch Ancestor, Old Man Yuexia, Prince Xi Shen, and Saint Ancestor Guixu were all overjoyed.

The confidence of several people instantly exploded!

At this moment, Yue Xia The old man agreed: "Fellow Taoist Di Mang is right. With your personal help, the three Qin Feng brothers will definitely die this time!"

Di Mang Witch Ancestor said with disdain: "Hmph! After all, the cultivation level of the three of them is only in the second level. How strong can they be? What's more, fellow Taoist Yuexia already knows them thoroughly."

"Qin Feng's overall strength is only in the middle stage of Quasi-Saint Ancestor. Qin Lei and Qin Mu are even worse, only half-step Quasi-Saint Ancestor. With such strength, we can attack with the power of thunder and kill all three of them in less than a quarter of an hour! Hearing this

, Prince Xishen said with excitement: "Senior, killing the three Qin Feng brothers will not only relieve you of your cruelty, but also get rewards from the three of them. This is also a huge gain!"

"Ha ha!! Makes sense!", Emperor Mang stroked his beard and laughed.

At this time, Old Man Yuexia asked the Liugen Patriarch beside him

"Fellow Daoist Six Roots, what do you think? The six ancestors stroked their beards and smiled:"I still mean what I said before, I will always follow you." If fellow Taoists are in need, all they have to do is ask for help, and I will definitely help!"

Old man Yuexia couldn't help but smile and said:"With Brother Di Mang and fellow Taoist brother, I'm afraid there won't be any need for fellow Taoist Liu Gen to take action this time! Ancestor Liugen smiled and said:"

I hope so, I am very willing to watch this good show!""

"Ha ha!! In three days, fellow Taoists will be able to see...."

At this moment, Old Man Yuexia started discussing with the Dimang Witch Ancestor again.

The details of the two people plotting to siege Qin Feng.....

In this way, time flies by.

In the blink of an eye, two days passed.

In the main hall, points trading has reached a fever pitch.

Those players who had collected 10 or 4 points were naturally in a calm mood and waited for the secret realm to open.

And the players who haven't collected the points yet are still busy buying points.....

At this moment, within the fetal membrane of heaven and earth.

Qin Feng opened his eyes from meditating, his face full of joy.

In just these two days, he refined four Nine-turn Golden Body Pills, and his physical body became much stronger.

At this point, the total number of Golden Body Pills he has refined has reached forty-nine. The drug resistance has reached its limit, and further refinements have no effect.

In addition, he also refined forty-nine Nine-turn Soul Pills, which greatly increased the power of the Soul.

At this point, the resistance of the Yuanshen Pill has reached its limit, and no further refining will have any effect.

However, with the help of four golden body pills and forty-nine soul pills, his comprehensive combat power increased to 99 million in one fell swoop, which just reached the limit of the pinnacle of the quasi-saint ancestor.

This kind of combat power can be compared with Patriarch Huanji, Mohou, Luoia, Taiqing Patriarch, Amitabha and others.

It was much stronger than Emperor Mang Wuzu and Old Man Yuexia, not to mention Qin Feng's combat power increased even more.

In short, Qin Feng is very satisfied with this improvement in strength.

At this moment, with a thought in his mind, forty-six Golden Body Pills and sixteen Yuan Shen Pills appeared in front of him.....

These are all leftovers that he has not refined.

Each of these magic pills is priceless, and each of them is a treasure that can enhance strength...

Qin Feng was thinking about giving these magic pills to his close men so that they could improve their strength.

Anyway, his refining has no effect, but the strength of his subordinates has improved, and he can still get combat power to feed him...

With this in mind, Qin Feng summoned his subordinates.

But at this moment, his tiger body suddenly shook, and there was another roar in his body.

This time, the momentum was earth-shattering and extremely astonishing...

Qin Feng's face also revealed a look of ecstasy.

It turns out that his Xuanwu divine pattern is about to be condensed and completed....

Chapter 1169

This time, the momentum was earth-shattering and extremely astonishing...

Qin Feng's face also revealed a look of ecstasy.

It turns out that his Xuanwu divine pattern is about to be condensed and completed.....

At this time, in the Great Flood God Realm, in the northern area, in a hidden valley.

A heaven and earth spiritual root stands in the sky, hundreds of millions of feet high, and is covered with thousands of spiritual peaches.

This is the Renshui Peach Tree, one of Qin Feng's spiritual roots!

At this moment, Liu Yan was suspended in the air, looking up at the top of the sacred tree with a look of surprise.

I saw the energy of countless spiritual roots escaping from the tops of the Renshui peach trees, turning into monstrous white mist, covering the sky and the earth, covering hundreds of millions of

miles... At the same time, endless waves of heaven and earth rained down from the sky above the Great Flood God Realm. Power...

As soon as the power of heaven and earth blends with the spiritual root energy of Renshui Pantao, it immediately resonates with heaven and earth and produces a violent reaction.....

Boom~Long~Long!

The spiritual mist rolled and the sky and the earth shook!

The entire Great Flood God Realm trembled...

In just a moment, the power of spiritual roots and the power of heaven and earth formed an extremely huge black divine pattern in the air.....

When the divine pattern was first formed, it quickly absorbed the power of heaven and earth from the Great Flood God Realm, as well as the spiritual root energy of the Renshui Peach Tree...

Gradually, the divine pattern turned from virtual to real, then from real to form, and actually turned into a head. The phantom of a turtle-snake spirit beast.....

The phantom of the spiritual beast is extremely huge, comparable to the size of several galaxies. It can't be seen to the edge at a glance. The momentum is extremely amazing. It exudes three thousand charms...

This phantom of the spiritual beast is the spirit of Xuanwu!

It's like an image in the sky!

Become a spirit on earth!

As soon as this Xuanwu spirit appeared, the Taoist rhyme between heaven and earth became smoother...

Especially the spiritual energy of heaven and earth in the north of the God Realm suddenly doubled, and the spiritual energy of the water system increased several times.....

The entire Great Flood God Realm has become different and is obviously stronger.....

The so-called: Xuanwu controls the north, and its power extends to all directions. The Heavenly Official is immortal and the Northern Lord of the world.

Roar~! Roar~! Roar~!

The spirit of Xuanwu roared, the heaven and earth shook, the avenue was bright, and billions of beings in the divine world were shocked. They turned their heads and looked to the north of the divine realm...

They felt that in that direction, a sacred spirit had been born, guarding the gods. North of the Jie...

The coercion of heaven and earth that it faintly exuded was comparable to that of the Quasi-Saint Ancestor. It was extremely astonishing... At this moment, not only were they shocked, Liu Yan was also dumbfounded, secretly sighing at His Majesty's The means are too amazing, right?.....

At the same time, within the fetal membrane of heaven and earth.

Qin Feng's whole body Daoyun burst out, and his momentum surged crazily.

At this moment, all the disciples of the Divine Alliance were alarmed and looked at him in shock.

And in his mind, the system prompts echoed.....

"Ding~! Congratulations to the host, your Xuanwu divine pattern has been successfully condensed, and the Xuanwu spirit is automatically born.....The host's Great Flood God Realm is guarded by the Xuanwu Spirit, and the completion rate is increased to 87.9%....."

"Ding~! Congratulations to the host, your Great Flood God Realm has grown significantly, and the host has received a large amount of power from heaven and earth in return... Your combat power has increased to 120 million poles....."

After a long time, Qin Feng slowly opened his eyes, his face full of ecstasy.

He didn't expect that just by condensing the Xuanwu divine pattern, his combat power would skyrocket to 120 million, exceeding the peak limit of the quasi-saint ancestor.

The maximum combat power of the Quasi-Saint Ancestor is only 99 million poles.

In this way, he would be more confident in dealing with the Dimang Witch Ancestor, Yuexia Ancestor and others.

As for the ordinary quasi-saint ancestors who had trouble with him, they simply came to die.

Thinking of this, Qin Feng was secretly happy, and a meaningful smile appeared at the corner of his mouth.

Of course, he was not so arrogant that he thought he was invincible.

There must be some terrible contrasts hidden in this assessment.

For example, Sanqing, Mohou, Luoia, Amitabha and others, who can guarantee that their real combat power has not exceeded the limit of peak combat power?

Historically, when traveling to secret places, foreign forces will shine in the later stages, which is unexpected.

What's more, behind these three extraterritorial forces, there are saint ancestors sitting there, even peeking outside the secret place, which is an even more terrifying existence.

With Qin Feng's current combat power, it is simply insignificant in front of the Holy Ancestor, so he still walks on thin ice and is cautious in doing things.

Of course, those things are still a bit far away when you think about it.

His current leader's goal is to first deal with Old Man Yuexia, Dimang Wu Zu and others.....

Thinking of this, Qin Feng slowly stood up and put away the Nine-turn Golden Body Pill and Yuanshen Pill suspended in front of him.

Only then did he realize that all his subordinates were looking at him in astonishment.

Obviously, his breakthrough just now made too much noise and alarmed everyone.

As soon as Qin Feng got up, Star Master Ziwei quickly came over.

"Your Majesty, have you successfully condensed your Xuanwu divine pattern?"

"Um!", Qin Feng smiled and nodded.

Ziwei Star Master was overjoyed: "Your Majesty, has your combat power reached the threshold of the Quasi-Saint Ancestor peak?"

"yes! Father, have you reached the threshold of the pinnacle of the Quasi-Saint Ancestor?"

Fu Zhi also came over and asked with concern on his face.

All the subordinates looked at Qin Feng with expectant eyes and even a little uneasy.

They naturally hope that Qin Feng will become stronger as possible.

But Ziweixing The Lord opened his mouth and asked, has His Majesty's strength reached the threshold of the Quasi-Saint Ancestor's peak? Are his expectations too high?

After all, before entering the secret place, His Majesty's combat power was only that of the Quasi-Saint Ancestor's late stage.

Thinking of this, everyone thought They are looking forward to it, but they are also worried.

Obviously, they don't know the details of Qin Feng's strength, let alone the speed of Qin Feng's strength improvement, and they all underestimate Qin Feng's strength.

With Qin Feng's current combat power, let alone reaching The threshold for the pinnacle of the quasi-saint ancestor is more than twice the threshold. The threshold combat power for the pinnacle of the quasi-saint ancestor is only 50 million poles.

In other words, even if Old Man Yuexia, Dimang Witch Ancestor, and Liugen Lao Together, the three Zu are no longer his opponents.

Of course, Qin Feng will not tell these truths, and it will be more deterrent to express them with actual achievements.

At the moment,Smiling slightly:"We have achieved it, I guess!"

This understatement made the entire Divine Alliance cheer.

"Ha ha!! Very good! This is so great!"

"Congratulations to Your Majesty! Congratulations, Your Majesty! Your Majesty, your strength has greatly improved this time. During the trip to the Holy Land after tomorrow, we will not be afraid of Emperor Mang Witch Ancestor and Old Man Yuexia."

"Of course! As long as His Majesty's combat power reaches the threshold of the Quasi-Saint Ancestor's pinnacle, and with His Majesty's combat power increase being far stronger than theirs, even the Emperor Mang Witch Ancestor may not be His Majesty's opponent."

"yes! Perhaps Di Mang Wuzu and Old Man Yuexia join forces to be able to barely defeat His Majesty....."

The senior leaders of the Alliance of Gods were analyzing excitedly.

The disciples also smiled happily.

Qin Feng looked at all this and smiled without saying a word.

In the eyes of Ziwei, Fuzhi and others, it is remarkable that Qin Feng has the ability to protect himself under the joint efforts of Di Mang and Old Man Yuexia.

But that's not what Qin Feng wants. What he wants is a counter-attack, and a very thorough counter-attack.

At present, he has this ability

"By the way, Ziwei, distribute these Nine-turn Soul Pills and Nine-turn Golden Body Pills to the Heavenly Saint-level senior officials! One Yuan Shen Pill for each person and three Golden Body Pills!"

Qin Feng waved his hand, and eleven nine-turn soul pills and thirty-three golden body pills flew towards the Ziwei Star Master... The

Ziwei Star Lord was shocked:"Your Majesty, you don't keep these magic pills for yourself to refine. ? Qin

Feng smiled slightly:"The quantity of these two magical elixirs that I have refined has reached the limit. Refining them further will have no effect. I can just refine them for you to enhance your strength.""

Ziwei Star Master was surprised and delighted:"Your Majesty, these two divine elixirs are upper-level divine elixirs, and they will be of great help in improving the strength of the Holy Ancestor. If it were used by heavenly saints like us, would it be a waste of resources? Qin Feng laughed and said,"

Of course not!" This is called making the best use of everything! These two magical elixirs are of great use against the Saint Ancestor, and they will also be more effective against the Heavenly Saint. If you refine it, you might be able to break through your current realm in one fell swoop. Especially the Nine Transformation Soul Pill, which has a great effect on breaking through the realm....."

The Master of Ziwei Star was overjoyed:"Your Majesty, I'll assign you my concubine right now!"

"Go for it! Now there is only one day left before the Xuanwu Holy Realm opens. After you have distributed them, seize the time to refine them."

"I understand!"

At that moment, Master Ziwei took the magic pill and left in a hurry.

Fuzhi also left.

The disciples did not dare to disturb Qin Feng and started doing their own things.

At this time, Qin Feng waved his hand and Chu Chu called over

"Brother, do you have a problem with me?"

Chu Chu was very happy to see Qin Feng.

Now, her brother is in a high position and is very busy all the time. The opportunities to summon her alone are getting less and less.

It is rare to summon her alone, so she is naturally happy.

Qin Feng looked at it My sister, this girl is becoming more and more intelligent, and her cultivation has also improved a lot. I am very pleased.

"Chu Chu, I summoned you here because I want to give you a great blessing!"

"Brother, are you going to give me the Nine-turn Golden Body Pill and the Nine-turn Soul Pill?"

Qin Feng smiled and shook his head: "It's a thousand times stronger than that creation!" Ten thousand times!"

Hearing this, Chu Chu was greatly surprised.

The disciples around him also looked shocked.

No way?!

When did His Majesty have such a powerful opportunity in his hands?!..

Chapter 1170

"Wow! Is it thousands of times more powerful than the Golden Body Pill and Yuanshen Pill? Brother, what kind of opportunity is this?"

Chu Chu asked impatiently.

The corners of Qin Feng's mouth curled up slightly: "Close your eyes and let go of the guardian spirit!"

"oh!"

Chu Chu closed her eyes obediently, her long eyelashes trembling slightly.

She really wanted to open her eyes and take a look, but she always listened to her brother's words, so she suppressed her curiosity and let go of her surroundings. When the disciples saw this scene, they were also curious and looked over one after another.

At this time, Qin Feng saw that Chu Chu was well prepared and wanted to concentrate on his luck. He pressed his two fingers to Chu Chu's eyebrows.....

Bah~! La~! La~!

In an instant, endless silver lightning burst out from Qin Feng's fingertips.

And a black divine pattern appeared in the electric light, looming, exuding extremely terrifying pressure, comparable to the level of quasi-saint ancestors, it is the Xuanwu divine pattern.....

In just a moment, Qin Feng pressed his finger on Chu Chu's smooth forehead.

With a thought in his mind, he forced the Xuanwu divine pattern into Chu Chu's eyebrows, rushed into Chu Chu's sea of consciousness, and rushed towards Chu Chu's soul.....

A groan!

Chu Chu's face instantly turned pale, as if he had been severely injured...

The faces of the disciples around him changed slightly.

Qin Feng quickly sent a message:"Chu Chu, hold on! Use your soul to actively integrate the Xuanwu divine pattern....."

Chu Chu's little face showed pain.

But after hearing her brother's message, she didn't hesitate at all and quickly integrated the Xuanwu divine pattern with all her strength.....

Boom~Long~Long!

Immediately, lightning flashed and thunder roared in Chu Chu's sea of consciousness, and the power of her divine consciousness was surging. Her body also exuded a monstrous three thousand rhymes, and her aura was astonishing.....

"This...this is....."

The children of the Alliance of Gods were shocked.

At this moment, Chu Chu's pale face gradually turned rosy, and the pain gradually faded away. It seemed that the integration of her soul and Xuanwu Shenwu was getting smoother and smoother.
.....

Boom~Long~Long!

Immediately afterwards, the power of the divine world and heaven and earth in Qin Feng's body followed his fingers and poured towards the center of Chu Chu's eyebrows...

Chu Chu's body shook, as if he had received a huge impact.

Immediately, her combat power and momentum were like a volcano erupting, rushing upwards like crazy, and her cultivation realm also soared...

Middle of the second realm.....Late stage of the second realm.....The peak of the second realm...

In the blink of an eye, Chu Chu broke through to the third realm of the Holy Realm...

All the disciples were dumbfounded.

But all this is not over yet, Qin Feng continues to instill the power of heaven and earth...

Boom~Long~Long!

Chu Chu's momentum continued to surge, and his fighting power was like a tsunami, overwhelmingly surging in all directions, shaking the earth.....

Early stage of the Holy Saint.....The middle stage of the supreme saint...the late stage of the supreme saint.....

In just a moment, Chu Chu's combat power broke through to the Heavenly Saint Realm.

At this time, the entire audience was completely dumbfounded.

This was the first time they had seen someone break through from the early stage of the Second Realm to the early stage of Heavenly Saint in such a short period of time. This was incredible.

His Majesty's methods are simply miraculous and unimaginable!

But it's not over yet!

Boom~boom~boom!

Chu Chu's momentum was still rising crazily, and the air waves were rolling, overwhelming...

In the blink of an eye, Chu Chu's cultivation level was promoted to the middle stage of Tiansheng.....

Everyone's jaws almost dropped when they saw it!

But Chu Chu's momentum is still rising wildly.....

Long~long~long~!

The momentum was as loud as thunder from the sky, roaring continuously, filling the entire world, suppressing all the disciples and making them tremble with fear.....

Click~!

There was a soft sound in Chu Chu's body, like the sound of breaking through the last bottleneck...

Her cultivation instantly rushed into the late stage of Tiansheng, and her fighting strength and momentum suddenly doubled...

This terrifying scene made all the disciples almost numb..

At this moment, Chu Chu's momentum slowly slowed down after increasing, and it seemed to have reached its limit...

Buzz~!

But before all the disciples could breathe a sigh of relief, they saw a clear sound from the sky and the earth, and a huge projection of Xuanwu Spirit appeared behind Chu Chu... As soon as the projection appeared, the whole place was covered with overwhelming pressure, and it suddenly reached the level of Quasi-Saint Ancestor, oppressing The whole place was breathless.....

All the disciples were suddenly horrified and inexplicable!

Not only was there great movement within the fetal membrane of heaven and earth.

As soon as the pressure of the Xuanwu Spirit came out, the fetal membranes of heaven and earth could not cover it, and some faintly overflowed.....

Outside, in the main hall.

There was a sudden gap between many players, and they all looked in the direction of the League of Gods in shock, with doubts on their faces.....

"what happened?! What happened to the League of Gods?!"

"Not sure! However, the pressure just now was somewhat similar to that of the Quasi-Saint Ancestor! Could it be that there is a strong quasi-saint ancestor in the League of Gods?"

"This is absolutely impossible! Among the divine alliance, those who have reached the peak of Heavenly Saint are Hongjun and Panzu, and those two are still buying Jiutian Jade Dew! No one else has the cultivation level of the Heavenly Saint, so how can they break through?"

"right!"

Everyone suddenly realized and looked at a corner of the square.

Four people, Hongjun, Panzu, Kunpeng, and Hongyun, were buying Jiutian Jade Dew. The

Master of Ziwei Star was also on the side, distributing the Golden Body Pill and Yuan Yuan that Qin Feng had rewarded to the four people. magic elixir, and advised them to go back to refine the elixir and stop purchasing it.....

At this moment, the movement emanating from the fetal membranes of heaven and earth also alarmed the five of them.

The five people couldn't help but look at each other, hurriedly packed up the stalls, and rushed to the heaven and earth membrane.....

They were also curious about what happened within the fetal membrane of heaven and earth.

When everyone saw this scene, they became even more puzzled.

"strangeness! Looking at this situation, Hongjun and Panzu are both outside. There should be no one in the Shen League who can break through to the Quasi-Saint Ancestor. So this pressure....."

"hehe! This coercion is just a bit like the level of the Quasi-Saint Ancestor, but there is actually quite a difference. I guess it was Qin Feng who was practicing some secret technique that made the noise!"

"Hmm~! Makes sense!"

In the main hall, many people were whispering to each other and discussing.

Soon, everyone came to the conclusion that it was definitely not a quasi-saint ancestor from the God Realm.

In their opinion, Qin Feng and the two clones were in the second realm. , it is absolutely impossible to break through to the Quasi-Saint Ancestor Realm in just two days.

As long as it is not the three Qin Feng brothers who break through, there is nothing to worry about.

This makes many people secretly relieved.

Unknowingly, many forces will As potential opponents, they don't want the Divine Alliance to become stronger...

In the corner, Old Man Yuexia and Emperor Mang Witch Ancestor also discussed in low voices.

The two were also shocked by the invisible pressure overflowing from the fetal membrane of heaven and earth.....

"Fellow Taoist Di Mang, what do you think happened just now? Could someone have made a breakthrough?"

The old man under the moon was vaguely uneasy.

The Emperor Mang Witch Ancestor said indifferently:"Although the pressure just now was very similar to the pressure of the Quasi-Saint Ancestor, its aura was extremely weak. Even the early Quasi-Saint Ancestor was very weak. Not even one of them, it's definitely not someone who has broken through to the Quasi-Saint Ancestor."

"What's more, the three Qin Feng brothers are only at the second level of cultivation. Is it possible for them to break through to the Quasi-Saint Ancestor in two days? If that were the case, it would be a fantasy!"

Old man Yuexia suddenly understood and nodded slightly:"That makes sense!"

Di Mang Witch Ancestor sneered again:"If I look at it, Qin Feng must be practicing some secret technique, which is why he made some noise. His comprehensive strength has already reached the mid-stage level of Quasi-Saint Ancestor. It is normal for him to make such a big splash."

"That's right!"

Old Man Yuexia thought it was reasonable and secretly breathed a sigh of relief.

The Dimang Witch Ancestor said self-righteously:"I suspect that Qin Feng should know that we are going to join forces to deal with him, and he is a little scared in his heart, so he pretends to make such a big move. Unfortunately, he underestimated my determination to wait."

Old man Yuexia smiled knowingly: "Hey! Fellow Daoist Di Mang is right. After all, he is just a junior in the second realm. If you and I join forces, he will definitely die this time!"

"Makes sense! Ha ha!"

At that moment, the two looked at each other and smiled, as if they had a chance to win.....

At the same time, within the fetal membrane of heaven and earth.

The projection of the Xuanwu Spirit hangs high, and the endless spiritual pressure dominates all directions!

After a moment, the projection of the Xuanwu Spirit automatically fell and attached itself to Chu Chu.

Subsequently, changes occurred in the field.

I saw that the Xuanwu turtle body turned into a black armor and was put on Chu Chu.

The basalt snake head turned into a black spear.

One armor and one feather, both exuding a rich halo of Taoist charm, full of spirituality, they are clearly two sacred weapons!

"Oh My God! It's a sacred weapon! Two holy weapons!"

In the field, the children of the Divine Alliance exclaimed.

At this moment, the vision in the air gradually dissipated, and the surrounding pressure disappeared. Chu Chu slowly opened her eyes, and her delicate little face was full of ecstasy..

At this point, Chu Chu's cultivation reached the late stage of Tiansheng in one fell swoop, and he also obtained two sacred weapons.

Lu Ya and Queen Mother Xi showed envy when they saw this scene.

Thinking that they were also in the late stage of Tiansheng, But there is not even a single holy weapon.

And after Chu Chu's cultivation reached the late stage of Tiansheng, he obtained two more holy weapons in the blink of an eye. How could they not be envious of them? You must know that with the help of holy weapons, it will be helpful to the powerful Tiansheng. A great improvement in strength, not to mention one attack and one defense, two pieces that are perfectly matched, the strength of the pair will be improved even more. At this moment, Chu Chu was also ecstatic.

She couldn't believe what she was seeing, until she confirmed three times in a row. Only after many times did she dare to be sure that she was really a late-stage Heavenly Sage.

"Brother, what's going on? Why did I suddenly become a late-stage Heavenly Saint?"

Chu Chu asked impatiently, with endless curiosity in his heart.

All the disciples also pricked up their ears.

Their hearts were also full of doubts.

Qin Feng smiled slightly:"Brother just used the spirit filling method to make your soul and Xuanwu spirit fusion. From now on, you are Emperor Xuanwu, one of the four great emperors of the Great Flood God Realm, and you can guard the north of the Great Flood God Realm."

Chu Chu suddenly said:"So that's it! Brother, what's up with the armor and the spear? They all seem to be sacred objects!"

"That's right! They are holy weapons! The armor is called Xuanwu Divine Armor, and the spear is called Xuanwu Divine Spear. These two sacred weapons work together perfectly, and their power is close to that of the Heaven-casting level. Even though you are a late-stage Heavenly Saint, with these two holy weapons, your overall strength is comparable to the peak Heavenly Saint.

Chu Chu was overjoyed:"Great!" Brother, thank you so much!"

At this moment, Chu Chu was extremely grateful to Qin Feng.

Qin Feng smiled again and said:"As Emperor Xuanwu who guards the north of the Great Flood God Realm, if you are in the north of the Great Flood God Realm, you can also borrow the power of the northern heaven and earth to make It's no problem that your strength has doubled several times, and you have reached the early stage of Quasi-Saint Ancestor."

Chu Chu's eyes lit up, and he was overjoyed.

The children of the Divine Alliance around him were even more stunned. In this way, Chu Chu is a strong person in the early stage of the quasi-saint ancestor in the north of the Great Flood God Realm.

With this strength, it is more than enough to protect the north.

Chu Chu While he was happy, he also said with some regret:"It's a pity that I can only have such strength in the Great Flood God Realm. But that's okay too. Now that I'm in the outside world, my overall combat power is comparable to the peak of Heavenly Saint. I should be able to help my brother."

"By the way, brother, you can condense the Xuanwu Divine Marks and make me the Xuanwu Emperor. Then you can also condense the white tiger divine pattern, the red bird divine pattern, and the green dragon divine pattern to create three other Sifang Emperors, right?"

Qin Feng's lips curled up slightly:"This is natural!"

In fact, Qin Feng has finished condensing the Xuanwu divine pattern and has more than 16,000 drops of Nine Heavens Jade Dew left in his hand.

Next, he will use these more than 16,000 drops of Nine Heavens Jade Dew to condense the other three elephant divine patterns. Create the second Sifang Emperor as soon as possible..
