

## God level 1171

### Chapter 1171

Just when Qin Feng was thinking about how to condense the divine patterns next, Fu Zhi walked over with a happy face.

"Father, Aunt Chu Chu is already a powerful person in the late stage of Tiansheng. She should enter the Xuanwu Saint Realm with us this time, right?"

Qin Feng nodded: "This is natural!"

Fu Zhi was overjoyed: "Father, that's great." The child has thoroughly studied the Nine-Bend Yellow River Formation that my father gave me last time."

"This formation does not require an army of hundreds of millions. It only requires twelve heavenly saints occupying the positions of three talents and nine poles to form the three talents and nine poles. A small Jiuqu Yellow River formation can be constructed."

"Originally, there were only eleven Heavenly Saints on our side and could not form a formation. Now, with Aunt Chu Chu joining us, the formation can be completed! Qin Feng's eyes lit up:"

Fu'er, you did a good job!" If this formation is formed, what level of power can it achieve?

Fu Zhi thought for a while and said, "I don't know exactly what level of power it can reach." However, Young Master Hongjun's strength is comparable to that of the half-step quasi-sage ancestor, and Panzu and Aunt Chuchu are both at the peak of the heavenly saint's overall strength."

"With the addition of myself, Queen Mother of the West and nine others, the power of this formation is probably comparable to that of the Quasi-Saint Ancestor in the middle stage. After all, the Nine-bending Yellow River Formation is equivalent to a sacred-level formation, with extraordinary power. Hearing this

, Qin Feng was very happy: "Not bad!" good! If this formation can exert the combat power of the Quasi-Saint Ancestor in the mid-stage. This trip to the Xuanwu Holy Realm, you guys are a big help to me. Fu

Zhi was overjoyed: "Being able to help my father is exactly what I hope for!"

"very good!"

Qin Feng nodded happily.

Then, he turned his hand over, and there was a Nine-turn Yuanshen Pill and three Nine-turn Golden Body Pills in his palm.

"Chu Chu, if you take these four pills and refine them, they can very well consolidate your current cultivation."

"Thank you bro!", Chu Chu happily put away the pills

"Once the elixir is refined, you can join Fuzhi and others in studying the Nine-Bend Yellow River Formation. This will be of great use to our trip to the Holy Land."

"OK!"

At the moment, Qin Feng gave a few more instructions and sent the two of them away.

Fuzhi and Chu Chu did not dare to waste time, so they left in a hurry and went their separate ways.

After all, there was only one day left before the Xuanwu Holy Realm was about to open. There was not much time left for them.

After Fu Zhi and Chu Chu left, the surrounding disciples also quieted down and practiced individually, not daring to disturb Qin Feng.

At this moment, Hongjun, Panzu, Ziwei, Kunpeng, and Hongyun five The people rushed back.

As soon as the five people came back, they hurried to Qin Feng's side

"Your Majesty, the five of us were outside just now and felt the power of the Quasi-Saint Ancestor overflowing from the fetal membrane. Did something happen here?"

"yes! Dad, this matter has aroused suspicion among many people outside."

Ziwei Star Master and Hongjun couldn't wait to ask

"What do people outside suspect?"

"They wondered if their father was practicing some secret technique, and some people thought that someone had broken through to the quasi-saint ancestor. However, more people think this idea is ridiculous. Dad, what's going on? Has anyone broken through to become a quasi-saint ancestor?"

Hongjun looked forward to it.

He naturally hoped that someone in the Divine Alliance could break through to the Quasi-Saint Ancestor.

In that way, they would be able to face the pressure from the outside world more easily.

After all, the Dimang Witch Ancestor and Old Man Yuexia have joined forces, the opponent has two peak giants, two mid-stage quasi-saint ancestors, four early-stage quasi-saint ancestors, and more than twenty heavenly saints from the Great Witch Heaven Realm. With such strength, Hongjun feels huge pressure just thinking about it. He was worried about Qin Feng.

As if he could see what Hongjun was thinking, Qin Feng hurriedly said: "No one has broken through to the Quasi-Saint Ancestor. If there is a breakthrough, among the disciples of our Divine Alliance, you and Panzu are the most likely. However, just now, our Divine Alliance has also added a large amount of combat power...."

At that moment, Qin Feng briefly described how he used the spirit-imbuing method to turn Chu Chu into Emperor Xuanwu.

After hearing this, Hongjun and others were surprised and happy.

"Dad, that's great! Now that Aunt Chu Chu has strength comparable to the peak of Heavenly Saint, our Divine Alliance has gained another great general!" Hongjun was overjoyed.

Ziwei Star Lord also said: "Yes! Your Majesty, since these Four Elephant Divine Marks are so wonderful, Your Majesty should condense another Divine Mark to create a second Sifang Emperor. In this way, our League of Gods will have one more general."

Qin Feng nodded: "This is exactly what I mean. However, condensing divine patterns requires a large amount of Nine Heavens Jade Dew. I only have more than 16,000 drops of Nine Heavens Jade Dew left in my hand."

"Dad, I bought more than 13,000 drops today. In addition, the child has sold all thirty golden body pills, a total of 60,000 drops, and the two together are more than 73,000 drops..."

Hongjun took out a rune jade bottle, It was handed over, and it contained more than 73,000 drops of Jade Dew.

Before that, Hongjun had purchased more than 28,000 drops of Nine Heavens Jade Dew yesterday, and all of them were given to Qin Feng, who had almost consumed them. At this moment, Qin Feng was overjoyed to have obtained more than 73,000 drops of jade dew.

These jade dew and the jade dew on his body added up to about 90,000 drops, which must be enough to condense the second four-image divine pattern.

"Hong'er, why did those thirty Golden Body Pills sell for a high price of 60,000 drops of Jade Dew? According to the price I mentioned before, the maximum exchange rate is 45,000 drops."

Qin Feng took the jade bottle and asked curiously.

Hongjun said proudly: "Dad, you don't know something. Yesterday, the Ancestor of Ran Deng sent people to counter-offer several times, and I insisted on paying 1,500 drops each, no less. The ancient ancestor of the combustible lamp refused to give up and was still bargaining, insisting on 1,000 drops each."

"The child was annoyed by him, and today it is directly open to the public, announcing the sale of the Golden Body Pill, 2000 drops each. Unexpectedly, this announcement caused a huge sensation, and many would-be saint ancestors came to inquire about the price."

"The ancient Ancestor Ran Deng was anxious, fearing that someone else would buy the Golden Body Pill, so he agreed to trade it for 1,500 drops per pill. But this time, the child was unwilling and insisted on 2,000 drops each."

"At this time, the people from Moyuan outside the territory also liked the Golden Body Pill. Seeing the counter-offer from the Randan Ancestor, the people from Moyuan directly raised the price to 1,800 drops per pill. This made the ancient ancestor of Ran Deng completely anxious, and agreed on the spot to trade for 2,000 drops a piece."

"Seeing this, the people in Moyuan also agreed to trade for 2,000 drops each. In the end, Hai'er traded 30 Golden Body Pills to both parties, each party got 15 pills, and Hai'er also got 60,000 drops of Nine Heavens Jade Dew in exchange.

Qin Feng was overjoyed:"Well done!" My father is worried about the lack of Jiutian Jade Dew. You are really a timely help for my father. Even better, you sell for twice the market price, making this a huge profit.

Hongjun said happily:"This is what a child should do."

Qin Feng smiled and said:"Hong'er, you have worked hard these past two days." From today on, you should stop buying Jade Dew and quickly refine the Golden Body Pill and Yuanshen Pill I gave you to improve your strength as soon as possible. In one day, the Holy Land of Xuanwu will be opened...."

"Well, the kid knows."

Then, the two chatted for a while.

The five Hongjuns resigned and went down to refine the elixirs to prepare for the trip to the Holy Land one day later.

After Qin Feng put away the jade dew, he summoned Shangguan Yunxi. She came over.

"The disciple has met the master!"

Yun Xi saw Qin Feng and bowed respectfully.

Qin Feng looked at this beautiful disciple and nodded happily.

In the past few days, Shangguan Yunxi has refined more than 200 Nine Drunk Spirit Fruits and cultivated them. I have also reached the peak of the first realm.

"Not bad! Xi'er, it seems that you haven't been slacking off these days, and your cultivation has also reached the peak of the first level. Yun Xi smiled bitterly."

Master, my disciple may embarrass you this time." The disciple took the second assessment and got a ranking of more than 17,000. But in the next assessment, 10,000 people will be eliminated. With the disciple's strength, he will definitely not be able to get into the top 10,000, and he will definitely be eliminated. Qin Feng Anwei said:"

Xi'er, don't belittle yourself. Cultivation is not what you are good at." What you are good at is alchemy. With your attainments in alchemy, not to mention the first and second realms of eternity, even the quasi-sage ancestor may not be able to match you.

Yun Xi said helplessly:"Even so, it won't change the fate of my disciple being eliminated in the next game."

Qin Feng smiled slightly:"Who said you will be eliminated? I summoned you here to find a way for you to pass the next test."

Yun Xi's eyes lit up:"Master, what is the way?"

Qin Feng Turning the palm over, there was an Yuanshen Pill and three Golden Body Pills in the palm.

"Xi'er, take these four magic pills and refine them!"

"Huh! This...this is the Nine-turn Golden Body Pill and the Nine-turn Soul Pill! Master, these four pills are too precious and it would be too wasteful to give them to my disciple. Might as well give it to those Heavenly Saint level disciples!

Qin Feng insisted:"Take it!" This Nine Transformation Soul Pill can greatly enhance spiritual consciousness, and the stronger the spiritual consciousness, the easier it is to break through bottlenecks. Perhaps, this one will allow you to break through to the second realm of eternity"

"And these three Nine-turn Golden Body Pills can greatly strengthen your physical body and improve your overall strength. After the four elixirs are refined, your overall strength will definitely reach the second level of eternity. Shangguan

Yunxi smiled bitterly:"Master, I understand your painstaking efforts." But even if the disciple has the strength of the second level of eternity, it will be difficult to pass the next test. According to the difficulty of the next assessment, let alone the second level, even the third level has the possibility of being eliminated. Qin

Feng smiled slightly:"As a teacher, I want to help you pass the customs. Naturally, I won't just have this little help." To tell you the truth, Chu Chu was born in the ice system and was in harmony with the spirit of Xuanwu, so my master made her into the Xuanwu Emperor."

"And you practice the fire element, which coincides with the spiritual attribute of Suzaku. I will prepare you to become the Suzaku Emperor. As long as you complete the fusion with the Suzaku Spirit, you will definitely have the strength of the Heavenly Saint. By then, are you still afraid that you won't be able to pass the test?"

After hearing this, Shangguan Yunxi suddenly realized.

Immediately, she was overjoyed:"Master, you... do you really want me to fuse the spirit of the Suzaku?"

"Of course! However, before you want to fuse the Suzaku Spirit, it is best to upgrade your cultivation level to the second level. That way the success rate will be better and it will be smoother. Yun

Xi suddenly realized:"Disciple understands!" Disciple, go and refine the elixir now!"

At that moment, Shangguan Yunxi took the magic pill and left in a hurry...

Looking at Yunxi's leaving back, Qin Feng also showed a happy smile.

Yunxi is not only his good disciple, but also his He naturally had to take more care of his concubine.

After handling these trivial matters, Qin Feng no longer wasted time.

He took out the Nine Heavens Jade Dew and began to condense the Vermillion Bird Divine Pattern..

Chapter 1172

Time flies!

In the blink of an eye, a day passed.

This day is the day when the Xuanwu Secret Realm will be opened.

In the square, various points transactions have ended.

Those players who collected enough points were naturally elated.

Most people don't have enough points and can only enter the first level with the worst opportunities.

However, even if you can only enter the first level, it does not mean that there is no chance to turn around.

Whether you can get good opportunities and resources still depends on luck.

At this moment, in the corner.

Ancestor Dimang and Old Man Yuexia are discussing

"Fellow Daoist Di Mang, calculate the time, there is still a quarter of an hour before the Xuanwu Holy Realm is about to open. Are your points allocated?"

"Allocated! This time, in order to kill the little thief Qin Feng, I asked all subordinates below the Supreme Saint to contribute 1 point. Back and forth, I gained more than 400 points, and then distributed them to the twenty-six subordinates of Tiansheng, giving me an extra 200 points."

Di Mang Witch Ancestor did not hide anything and told all his family's situation.

Old Man Yuexia glanced behind Di Mang Witch Ancestor and saw the twenty-six Heavenly Saint Great Witches, all gearing up and looking forward to it. The earth is waiting for the opening of the Xuanwu Holy Realm.

In the Great Witch Heaven Realm, those who have reached the level of quasi-saint ancestors are revered as the ancestors of wizards.

And those who have reached the level of heavenly saints are revered as the great wizards.

The old man under the moon glanced at the twenty-six heavenly beings. A flash of joy flashed across the eyes of the Holy Great Wizard.

The combined strength of these twenty-six Great Wizards is comparable to that of two quasi-Saint Ancestors in their early stages, which is also a great help.

"Fellow Taoist Dimang, you have so many Heavenly Saints to help you. Our operation this time will definitely go very smoothly! The corner of Di Mang's mouth curled up slightly:"

Of course!" If I don't take action, it will be fine. If I do, Qin Feng will never be able to stand up. What's more, this ancestor spent a lot of money to kill Qin Feng this time!"

Hearing this, Old Man Yuexia nodded silently.

He knew what Di Mang meant.

In order to allow those great wizards and heavenly saints to collect enough points, Di Mang asked many subordinates below the supreme saint to hand over one point.

In this way, Those subordinates only have 1 point left, and they can only enter the first level of the Holy Realm, which has the worst chance.

This is not a good thing for Dimang's more than 400 subordinates.

Especially among those subordinates, Many of them are extremely holy men who should be qualified to enter the second level, but now they can only go to the first level. For the same reason, in order to deal with Qin Feng, Old Man Yuexia asked many of his subordinates to stay in the extreme moon world. It also cost them opportunities

"Fellow Daoist Di Mang, as long as we kill the three Qin Feng brothers, we will get the reward resources from them. All the price paid is totally worth it.

Di Mang smiled proudly:"Hehe!!" This is what I thought! Otherwise, I would not have made such a big sacrifice."

Old man Yuexia also echoed:"Yes! In order to deal with Qin Feng, I did not bring many of my subordinates into the secret place, just to give Qin Feng a backup plan. Now, that backhand should be working, and I'm afraid that kid's foundation is gone..."

Di Mang couldn't help but asked curiously:"Fellow Taoist, what's the backhand?"

"Here's the thing! When I left that day, let Taiyi and Brahma....."

At that moment, Old Man Yuexia briefly explained his previous arrangements.

After hearing this, Emperor Mang's eyes became brighter and brighter.

Then, he gave a thumbs up and praised repeatedly:"High! High! Fellow Taoist is really tall! I'm afraid Qin Feng'er never thought that Fellow Taoist would arrange for Taiyi and others to raid his lair." Old Man

Yuexia He said with a proud look on his face: "Hehe!! I'm afraid that little thief never thought that while he was in the secret place, his lair would be gone long ago."

"Anyway, Taiyi, Brahma, Gouchen, Gusheng and others together, there are nearly twenty heavenly saints, and the quasi-god and above armies of the three heavens together, the number of people is six to seven trillion, destroying the divine world. , extremely easy."

Di Mang Witch Ancestor also smiled and said: "Of course! Looking at the subordinates Qin Feng brought, we can see that he brought more than 1,300 people. He should have brought all those from the Eternal Realm and above."

"Among the people left behind in the God Realm, there is not even a subordinate of the first realm of eternity. How can they withstand the coalition forces of Taiyi and others?"

"And I also heard that your Jiuqu Yellow River Formation in Jiyue Heaven Realm is unparalleled in power. With the help of this formation, it will be easy for the coalition forces of Taiyi and others to sweep across the God Realm."

"Counting the time, two or three months have passed outside. If I look at it from my perspective, Taiyi and the others should succeed. In the God Realm today, there is probably not even a single person left alive. If Qin Feng knew the truth, would he be so angry that he vomited blood? Ha ha!!"

At the end of the sentence, the two couldn't help but smile at each other, extremely proud, as if the conspiracy had succeeded.

But Old Man Yuexia never expected that it was not Taiyi and others who destroyed Qin Feng's foundation, but Qin Feng who destroyed him first. The foundation of the formation.

Even his Nine-Meander Yellow River formation diagram fell into Qin Feng's hands.

At this time, the old man Yuexia asked again: "Fellow Dimang, according to the rules, if you kill one person on the third level, you will be killed." Deduct 10 points. Are you planning to kill only the three Qin Feng brothers?....."

Emperor Mang Witch Ancestor smiled coldly: "Hmph! Of course, kill them all! As long as they are the children of the Divine Alliance who have entered the third level, no one can be spared. I

currently have 275 points in my hand. Even if I kill 27 people in a row, I will not let go." If it reaches 0 points, it will not be eliminated."

Emperor Mang Witch Ancestor said the truth.

Either he doesn't take action, and since he is determined to take action, he will completely fall out of favor, and naturally he will not be soft on the Shenmeng.

Old Man Yuexia was overjoyed:"I mean the same thing. Think about it, the number of people from the Divine Alliance who dare to enter the third level will not exceed 20 people. The points of fellow Taoists, plus my points, are enough to kill 30 people."

Di Mang The wizard looked forward to it:"Wait! The entrance to the holy realm should be opened soon. I can't help but want to see Qin Feng's desperate look....."

"Ha ha!! So does I!"

The two of them smiled at each other and chatted happily.....

At the same time, in another corner of the main hall, it was the residence of the Three Saints Heavenly Realm.

The strength of the Three Saints Heavenly Domain ranks in the middle among the Nine Heavens and Ten Domains. It has three powerful early-stage quasi-saint ancestors and eleven Heavenly Saint masters.

The three early stage powerful quasi-saint ancestors are the lion camel ancestor, the celestial elephant ancestor, and the roc demon ancestor.

Among them, the Shitu Ancestor has the highest cultivation level and has reached the peak of the early stage of the Quasi-Saint Ancestor.

At this moment, these three quasi-sage early ancestors, together with eleven subordinates of the Heavenly Saint, are plotting something.....

"Chief, do you really plan to attack Qin Feng? Rumor has it that this guy has the strength of a mid-stage Saint Ancestor. Even if the three of us join forces, we may not be his opponent!"

The ancestor of Tianxiang looked worried.

All the subordinates of Tiansheng also looked puzzled.

They didn't know what the big leader had done wrong. He suddenly summoned them and actually conspired to attack the God Realm.

Shituo The ancestor had a beard on his face and a majestic expression.

He glanced at the crowd and said:"Second leader, don't inflate other people's ambitions and destroy your own prestige. Although Qin Feng is quite strong, we can still defeat him if our three leaders join forces and fourteen Tiansheng subordinates.

The ancestor of Tianxiang said with a worried look:"Even so, we will have to pay a heavy price.""

The ancestor of the three leaders, Peng Mo, also didn't understand:"Big leader, Qin Feng is a tough opponent, why do you suddenly want to deal with him?

Ancestor Shituo looked around at the crowd, and then said in a low voice:"Everyone, after these two assessments, the rewards for the defeat of the three Qin Feng brothers are extremely generous. Aren't you excited?""

"this...."

At this time, Patriarch Tianxiang and others all looked at each other.

To be honest, when they first saw the three Qin Feng brothers receiving their rewards, they were all envious.

It would be an absolute lie to say that they are not moved.

But the ancestor of Tianxiang said worriedly: "Big leader, although my subordinates are excited, they can still deal with Qin Feng with our strength, but it is still a bit reluctant. What's more, Qin Feng also has many subordinates." The ancestor of Peng Demon also said: "Yes! If there is only Qin Feng, we can give it a try. But with those subordinates, this will not be easy to handle."

The ancestor of Shituo smiled coldly: "Ha! It is said that Qin Feng has the strength of the mid-stage quasi-saint ancestor, then it's just a rumor. What are the facts? Who has seen it? Don't you really imagine that a junior in the second eternal realm can have the strength of the mid-stage quasi-saint ancestor?"

"this....."

The ancestors of Tianxiang and Peng Mo were speechless.

To be honest, both of them thought this was ridiculous and didn't believe it.

At that moment, the Peng Mo Ancestor thought: "Big Chief, you mean that Qin Feng does not have that kind of strength at all, but the outside world has exaggerated it?" The

Shitu Ancestor said with a smile but not a smile: "Although I am not sure, But there is probably an element of exaggeration in it. From this leader's point of view, it is enough to exaggerate to the sky that Qin Feng, with his second-level cultivation, has the strength of the early Quasi-Saint Ancestor. As for the mid-stage Quasi-Saint Ancestor, ten Eighty-nine times, I blew it!"

After saying this, the Peng Demon Patriarch and others nodded, feeling that it made sense.

At this time, the lion camel ancestor said again: "Besides, the outside world also has it is said that Qin Lei and Qin Mu's strength has reached the level of half-step quasi-saint ancestors. Regarding this matter, this leader feels that it is somewhat true."

"What's more, this leader's goal this time is not to deal with Qin Feng, but to deal with Qin Lei or Qin Mu."

Hearing this, the Peng Demon Ancestor's eyes lit up: "Big Chief, what do you mean? The lion camel ancestor whispered sinisterly: "What this leader means is that after we enter the third floor, we will wait for an opportunity to strike." If Qin Lei or Qin Mu are separated from Qin Feng, we will secretly attack Qin Lei and Qin Mu who are alone."

"If the rumors are true, the strength of these two people is at most half a step to the quasi-saint ancestor level. If the fourteen of us join forces to kill Qin Lei and Qin Mu, it will be extremely easy. As long as the execution is successful, the rewards for these two people will all be ours!"

As soon as these words came out, the eyes of Patriarch Peng Mo and others shone brightly.

Immediately, everyone nodded again and again.

"Chief, my subordinates think this is feasible!"

"If we just deal with Qin Lei and Qin Mu, I think it's feasible!"

When everyone agreed, the ancestor of the lion and camel was overjoyed.

"Ha ha! good! Since everyone agrees, let's discuss in detail how to deal with Qin Lei and Qin Mu....."

At that moment, Ancestor Shitu and others began to plot.

Unfortunately, the Shitu Ancestor and others did not know that the current phantom clone and the mysterious female clone have reached a combat power of 40 million. Coupled with the super multiplier, the two people's comprehensive strength has barely reached 40 million. The threshold of the pinnacle of the quasi-saint ancestor.

How can such terrifying strength be dealt with by the Shitu Ancestor and others?.....

Of course, it was not only these two forces that conspired against Qin Feng and others, but also other forces...

While many forces were secretly conspiring, Qin Feng opened his eyes from meditating in the fetal membrane of heaven and earth.

After a day and a night of hard work, he teamed up with his two clones, and with the assistance of Liu Yan, finally exhausted the 90,000 drops of Nine Heavens Jade Dew.

The completion degree of the condensation of the Vermillion Bird Divine Pattern has also reached 92.3% in one fell swoop, and is not far from completion.

At this moment, Qin Feng's face looked a little regretful.

He knew that the difficulty of condensing the Vermillion Bird Divine Mark was much greater than that of the Black Tortoise Divine Mark, but he did not expect that the Nine Heavens Jade Dew would need to be consumed more.

"such a pity! Jiutian Jade Dew is gone! If there are ten thousand drops of Nine Heavens Jade Dew, I can condense the spirit of the Suzaku... ugh~! "

Qin Feng couldn't help but sigh.

He was thinking about whether to send someone to buy Yulu again.

But at this moment, there was a rumbling sound in the hall, and the whole hall trembled...

Qin Feng quickly followed the sound, his eyes piercing the membrane of heaven and earth.

I saw three space entrances cracked out of thin air in the center of the hall.....

The Xuanwu Holy Realm has finally opened..

Chapter 1173

Qin Feng quickly followed the sound and looked through the membrane of heaven and earth.

I saw three space entrances cracked out of thin air in the center of the hall.....

The Xuanwu Holy Realm has finally opened.....

Boom~Long~Long!

In the main hall, there was thunder and wind, and the roar continued.

Three space light doors slowly opened, one with white light, one with dazzling silver light, and one with brilliant golden light.

According to the token's information, the White Light Gate is the entrance to the first level of the Xuanwu Holy Realm.

The Silver Light Gate is the entrance to the second level.

The Golden Gate is the entrance to the third floor

"opened! opened! The door to the Holy Land is open!"

"quick! quick! Come to the Holy Land!"

"Walk! let's go!"

The hall became lively in an instant, and all the contestants were so excited that their eyes shone with excitement. Then, people rushed to the entrance of the three light gates like a tide.

As we all know, the resources and opportunities in the holy territory are limited, so naturally the first to arrive First come, no one wants to fall behind the crowd.....

Suddenly, a strange phenomenon occurred in the audience.

The white light door leading to the first floor was almost bursting with people, with more than 15,000 people trying to enter the first floor.

Unfortunately, the white light gate can only pass through three people at a time, so it naturally becomes extremely crowded and the speed is extremely slow.

Many people started to jump in line in order to get in first. Conflicts soon broke out in the crowd, and quarrels broke out.....

If it weren't for the ban on fighting each other in the main hall, I'm afraid someone would have started a fight.

Compared to the fiery scene at the entrance to the first floor, the second floor is much more orderly.

To enter the second level, you need to score more than 4 points. Not many people can meet this requirement.

There are only about 3,000 people in the audience who want to enter the second level. Most of them are extremely holy and powerful, a small half are in the second level, and almost none are in the first level.

The entrance to the second floor is larger, and five people can enter at one time.

Perhaps there were not many people wanting to enter the second floor, and the time gap between the front and back was not long, so everyone lined up in an orderly manner, with no one jumping in line and no one competing.

The entrance on the third floor is larger, and ten people can enter at one time.

It takes more than 10 points to enter the third level, which can only be achieved by those quasi-saint ancestors and heavenly saints, as well as some leaders of small forces with only extremely holy cultivation...

As a result, only three or four people can enter the third level. Just a hundred people.

At this time, the quasi-saint ancestors, heavenly saints, and a few extremely saints were entering the third level unhurriedly.....

Even some quasi-saint ancestors and heavenly saints did not set off immediately and were still watching. This made the entrance to the third floor a bit deserted and only a few people entered.  
.....

At this moment, in the corner.

Ancestor Dimang, Old Man Yuexia, Ancestor Liugen and others did not set off immediately. They silently watched the direction of the Divine Alliance, waiting for Qin Feng and others to set off.

In addition to them, the Three Saints Heavenly Domain and several other large forces were also watching, seeming to be waiting for Qin Feng's movement...

But there was no movement from Qin Feng's side, and no one came out of the heaven and earth fetal membrane.....

Such changes made the impatient Emperor Mang a little impatient.

"what happened?! Why hasn't the little thief Qin Feng come out yet?"

Di Mang couldn't help but muttered.

Old Man Yuexia quickly comforted him:"Fellow Taoist Di Mang, please be patient! That little thief will definitely come out, I'll just wait and see!"

"snort! Isn't the little thief afraid?!", Di Mang sneered slightly.

"maybe! By the way, Fellow Daoist Di Mang, have you noticed that the number of people entering the second level this time is less than expected!"

Old man Yuexia looked at the team lining up at the entrance to the second floor. There were only about three thousand people in total.

Hearing this, Di Mang also looked at the team.

Then, he nodded slightly:"That's right! I originally thought there would be five to six thousand people, but now there are only about three thousand. It seems that a lot of points have gone to the Quasi-Saint Ancestors and Heavenly Saints, which has resulted in fewer people entering the second level! how? Isn't this normal?"

"This is not normal!", Old Man Yuexia shook his head slightly.

Then, he said mysteriously: "Fellow Di Mang, even if those heavenly saints need to collect a lot of points in order to enter the third level, it will not cause only three thousand people to enter the second level.. This illustrates a problem!"

"what is the problem?"

"Quasi-Saint Ancestors and Heavenly Saints, some are accumulating points in large numbers"

"Forehead? Why collect points?"

"If you kill one person, you will be deducted 10 points. Some people are collecting points just to go on a killing spree."

After this reminder, Di Mang suddenly realized.

Then, he was surprised and said: "So, this trip to the Holy Realm is not peaceful! I have to be careful!"

Old man Yuexia smiled slightly: "That's natural! However, I feel that many of those who are collecting points are plotting against the three Qin Feng brothers. After all, a common man is not guilty, but he is guilty of carrying a jade. The rewards those three guys received still made many people jealous!"

Di Mang gloated: "It seems that we have many competitors!"

Yuexia old man smiled and said: "Yes! This time, Qin Feng's son wants to come out alive, but I'm afraid it won't be that easy....."

Having said this, the two of them looked at each other and smiled, with a look of pride on their faces.....

At the same time, within the fetal membrane of heaven and earth.

Qin Feng felt regretful in his heart when he saw that all the entrances to the holy realm were open.

He originally thought about sending someone to buy some Nine Heavens Jade Dew, but now it seems he doesn't have time.

But that doesn't matter.

Those quasi-saint ancestors and heavenly saints who entered the third level have some Nine Heavens Jade Dew on their bodies.

Aren't those guys trying to take advantage of him?

When the time comes, if he fights back, he may be able to get some Nine Heavens Jade Dew from those guys, just to meet his needs.

At this thought, Qin Feng's eyes lit up and he looked forward to the next trip to the Holy Land.

At this moment, Qinglin came over.

Behind Qinglin, there was also a beautiful woman, who was the former subordinate of the Queen Mother of the West - Jiuyuan Xuannv.

Now, Qinglin's cultivation has reached the peak of the Holy Saint.

Jiutian Xuannv is also at the pinnacle of the supreme saint

"Your Majesty, the entrance to the Xuanwu Holy Land has been opened. When should we set off?  
Qing

Lin asked respectfully.

After hearing this, Qin Feng looked at the scene outside.

At the entrance to the second floor, a team of three thousand people had already entered one-third of the way in, and there were still some left. Two thousand people were queuing up to enter, and the speed was very fast.

After reading this, Qin Feng looked at another corner of the world.

At this moment, in that corner.

Fuzhi, Hongjun, Panzu, Chuchu and other twelve The famous Tiansheng was practicing the small Nine-bend Yellow River Formation.

Due to limited time, the twelve people in Fuzhi were not yet proficient in the formation.

Seeing this, Qin Feng said:"Let's do this, everyone waiting for the entrance to the second floor will After entering, you and Xuannv will lead all the disciples of the Divine Alliance directly into the second floor."

"What about Your Majesty?"

"I will wait for Fu Zhi and them for a while. It seems that their formation is almost done, and it only takes half an hour, so I will wait for them first. Those of you who are going to the second floor can go first.

Qinglin suddenly realized:"I understand!"

It turns out that the children of the Divine Alliance who entered the second level this time are all led by Qinglin and Jiutian Xuannv.

Qin Feng asked Qinglin to lead the team into the second level because he had great trust in her and because Qinglin was strong enough.

He asked Jiutian Xuannv to lead the team, but there was another reason.

Thinking of this, Qin Feng looked at Jiutian Xuannv: "Xuannv, are you really familiar with the geography of Xuanwu Holy Realm?"

Jiutian Xuannv respectfully replied: "Your Majesty, I have lived in Xuanwu Heaven Realm for a period of time. There are resources and opportunities in that place. It can be said that I know it very well."

"The Xuanwu Holy Realm was transformed from the Xuanwu Heavenly Realm. Although there are some changes, the general geographical location will not change. Even if there are changes, subordinates can still find them through memory."

After hearing these words, Qinglin's eyes lit up.

Qin Feng also nodded with pleasure: "That's great! Then you should assist Qinglin in leading the team. Presumably, with your guidance, you will be able to avoid a lot of detours, and it will be much easier to obtain resources and opportunities."

Qinglin also said: "Yes!" His Majesty! With Xuannv in our Divine Alliance, if we have a living map, we will be at a great advantage compared to other forces."

Jiutian Xuannu said shyly: "Your Majesty and Sister Qinglin praised me! Compared with my understanding of Xuanwu Holy Realm, I am not as good as the Queen Mother"

"She was once the registered disciple of the ancient God Lord. She had lived in the Xuanwu Heaven Realm for a longer period of time and was qualified to enter some forbidden areas. Subordinates are not allowed to enter those places."

"This time, Your Majesty enters the third level, and the Queen Mother leads the way. It can be said that it is easy for you to obtain resources and opportunities."

Hearing this, Qin Feng was very happy.

You know, when others enter the Holy Land of Xuanwu, they have to rely on luck to search for resources and opportunities.

They have Xuannv and Queen Mother of the West in the Divine Alliance. When searching for resources and opportunities, they just follow the map and find it at their fingertips.

It can be said that Their chances of getting opportunities are more than a hundred times higher, it's cool to think about it.....

"very good! Then you two go down and get ready!"

"yes! His Majesty!"

At that moment, Qing Lin and Jiutian Xuannu retreated.

The two women began to organize the children of the Divine Alliance to set off.

Seeing the children starting, Qin Feng's heart also felt hot. He couldn't help but look to Fuzhi's side, hoping that they would complete the formation quickly. The rehearsal...

Speaking of which, Fuzhi and others were delayed so late because of the delay in refining the Golden Body Pill and Yuanshen Pill.

However, after the twelve of them refined the Divine Pill, their strength improved a lot..

Hongjun and Pan Zu have been promoted to the limit of the peak of Tiansheng, and they are only one step away from the quasi-sage ancestors.

In addition, Ziwei Star Master has broken through to the late stage of Tiansheng, and Kunpeng and Hongyun have also broken through to the middle stage of Tiansheng.

Except for In addition, after Shangguan Yunxi refined the divine elixir, his cultivation level also broke through to the second realm of eternity, and he was ready to integrate the spirit of Suzaku.....

In short, everything is ready. All we need is the east wind. Qin Feng will condense the spirit of the red bird and come out.....

The great improvement of these subordinates' cultivation also improved Qin Feng's combat power a lot.....

However, after Qinglin and Jiutian Xuannu retreated, the two women quickly organized the children of the Divine Alliance, led more than 1,300 people, and marched out of the fetal membrane of heaven and earth...

Not long after, inside the fetal membrane, Only Qin Feng, his two clones, and twelve heavenly saints such as Fu Zhi are left...

Chapter 1174

At the same time, inside the main hall.

Many quasi-saint ancestors and heavenly saints have entered the third level one after another, and only a few are still waiting.

Obviously, these people are waiting for Qin Feng.

Di Mang and Old Man Yuexia are two of them.

Just when Di Mang was getting impatient, there was finally movement in the direction of the Divine Alliance.

I saw that the fetal membranes of the sky and the earth suddenly lit up with light.

Afterwards, Qinglin was seen leading more than 1,300 disciples of the Divine Alliance, and walked out of the fetal membrane of heaven and earth in a mighty manner.....

"The people from the Divine Alliance finally came out!"

When the Dimang Witch Ancestor and Yuexia Old Man saw the people from the Divine Alliance appearing, they finally became energetic.....

At the same time, there was a commotion in the main hall.

At this moment, in the main hall, at the entrance to the second level of the holy realm, all the three thousand people had entered, and there was no one left.

The entrance to the third floor is also crowded with people.

At the entrance to the first floor, more than 10,000 people gathered.

The dispatch of the children of the Divine Alliance immediately alarmed them.

These guys couldn't help but look at the League of Gods team and started talking about it.

"The people from the Divine Alliance finally came out!"

"Why! The entrance to the first floor was packed! So many people came out of the Divine Alliance at once, and I don't know how many of them want to enter the first level?"

"Let me see, among the more than 1,300 people, at least 1,000 people are going to enter the first level!"

"Uh~! So many?"

"Running out! Didn't you see that there are more than 800 people in Hunji Heaven, more than 700 people went to the first level, and only about a hundred people went to the second level. I said that there are 300 people in the God Realm who can enter the second level. I already think highly of them...."

"that is! Of the more than 400 people in the Taikoo Heaven Territory, only about 50 entered the second level, while the other 400 or so people entered the first level. This fellow Taoist said that there are more than 300 people in the God Realm who can enter the second level. This is because he thinks highly of the God Realm....."

But as soon as he said these words, a shocking scene appeared.

I saw Qinglin leading the team and walking directly to the entrance of the second floor.

More than 1,300 disciples of the Divine Alliance followed closely behind them, but none of them went to the first floor.

In just a moment, Qinglin stepped onto the second floor.

Buzz~!

The door of silver light flashed slightly, and Qinglin's body also lit up with a faint silver light.

The next second, she entered the second floor without any obstruction.

This is the door of entrance, the detection of those who enter.

Only when the score reaches 4 or more points can you pass successfully.

If the score is less than 4 points, you will be ejected from the door and unable to enter.

As soon as Qinglin entered, Jiutian Xuannv and others followed closely behind, filing in one by one, and no one was blocked... In just a moment, more than 1,300 disciples of the Divine Alliance all entered the second floor, and no one was blocked. The rest... the whole audience was dumbfounded!

For a moment, everyone stared blankly at the empty entrance to the second floor, speechless.

It took a long time before the crowd remembered that there was an exclamation of surprise

"OMG! All the people from the Divine Alliance entered the second level. How did they do it?"

"yes! It takes more than 4 points to enter the second level. How can they have so many points?"

"It couldn't be that the three brothers Qin Feng, Qin Lei, and Qin Mu were distributing the points in their hands!"

"This is impossible! Although the three Qin Feng brothers have a lot of points, it is not enough for more than 1,300 people to reach 4 or more points!"

"yes! Oh My God! How come all the people from the Divine Alliance entered the second level! How did they do that?"

For a moment, the entire audience was stunned.

Even Di Mang and Old Man Yuexia were a little confused.

They didn't know that the children of the Shen League had been taken care of by the will of the secret land, and they only needed half of the points, which was 2 points. Can enter the second level.

And the children of the Shen League each have 2 points, and they can all enter without Qin Feng allocating points...

Just like this, the whole audience sighed, and people were puzzled.

In the corner, the emperor Mang and the old man under the moon looked at each other

"How strange! How come more than 1,300 disciples of the Divine Alliance have entered the second level? How did they do that?"

Di Mang Witch Ancestor frowned, as if thinking.

Old man Yuexia said with a gloomy face:"No matter how they did it, the Shenmen League entered more than 1,300 people at once. Based on this calculation, nearly one-third of the people who entered the second level are children of the Shenmen League. Emperor

Mang Witch Ancestor was startled:"According to what you say, the opportunities and benefits of the second level will be taken up by the children of the Divine Alliance!" How abominable!"

Old man Yuexia also looked depressed and said:"Yes! Huh! By the way, why didn't Qin Feng be seen among those people?"

"yes! It seems that the little thief hasn't come out yet!"

Di Mang also thought of Qin Feng.

At this moment, a burst of energy fluctuations came from the corner of the hall.

Di Mang and the old man Yuexia were alarmed and couldn't help but turn their heads to look.

In the distance, they saw the fetal membranes of the sky and the earth suddenly There was a burst of spiritual light.

The next second, the fetal membrane of heaven and earth disappeared out of thin air, and twelve heavenly saints including Qin Feng, two clones, and Hongjun appeared one after another.....

At this moment, the whole audience couldn't help but look over, and everyone's eyes were on Qin Feng.....

Di Mang and Old Man Yuexia showed excitement when they saw the real master appear.

They have been waiting for Qin Feng for a long time.

Not only them, but also more than a dozen quasi-saint ancestors such as Ancestor Shitu and Ancestor Tianxiang also secretly looked at Qin Feng...

They were also waiting for Qin Feng to appear.

This guy is finally out!

Qin Feng naturally felt the strange looks from these people.

The corners of his mouth curled up slightly, and he was too lazy to pay attention to this, and walked straight towards the entrance to the third floor.....

At the same time, Hongjun's message rang in his ears

"Dad, there are many people calling your attention! In addition to Di Mang Witch Ancestor and Old Man Yuexia, there are more than a dozen quasi-saint ancestors who have been secretly eyeing you!"

"Um! Even my father noticed it!"

"Dad, forget about Di Mang and Old Man Yuexia. After all, they are the pinnacle giants of Quasi-Saint Ancestors, and they are still qualified to compete with you. The other dozen or so quasi-saint ancestors, all in the early and middle stages of the quasi-saint ancestors, actually dare to take your idea, really act recklessly!"

"hehe! Who makes them think that their father is a soft persimmon?"

"That's because they are ignorant!"

"Ignore them! We're on track!"

Qin Feng and his son were walking and chatting like this, and unknowingly they reached the entrance of the third floor.

Then, the group entered the third floor in full view of everyone.....

As soon as Qin Feng and others entered, Emperor Mang Witch Ancestor couldn't wait to get up.

"Fellow Taoist Yuexia, let's go!"

"good! Fellow Daoist Liugen, come too!"

"Ha ha!! This is exactly what I meant!"

At this moment, the three peak giants Di Mang, Old Man Yuexia, and Liugen Ancestor, as well as six quasi-saint ancestors such as Wuzu Liang and Prince Xishen, led 26 heavenly saints and rushed to the third floor....

After Di Mang and others entered, in another corner, the Peng Demon Ancestor stood up and looked up.

"Chief, Qin Feng has set off, let's go too!"

"good!"

At this moment, the ancestors of the lion camel, the celestial elephant, and the roc demon also rushed to the third floor with eleven heavenly saints.

At the same time, in the main hall, there were enough quasi-sage ancestors who had been stranded so far. There were more than a dozen people.

At this moment, they all got up and walked towards the entrance of the third floor. They had also been waiting for Qin Feng for a long time.....

This scene made the examiners at the entrance to the first floor feel secretly frightened.

Anyone with a discerning eye can see that these powerful quasi-saint ancestors seem to be heading towards Qin Feng.

Then Qin Feng seems to be in bad luck!

But on the other side, as soon as Qin Feng stepped into the entrance of the third floor, he felt that the world was spinning, golden light was flying around, and the scenery was blurry...

After a moment, the sky and the earth cleared, his feet sank, and he was down to earth, appearing in a vast square. superior.

At the same time, white light flashed behind him, and shadow clones and Xuan female clones also appeared one after another.

Qin Feng quickly raised his head and looked around.

There was no one in the huge square, and those who wanted to come first were looking for opportunities.

Look around the square, the colorful bridge runs through the peaks in all directions.

In the distance, there are mountains and mountains, spiritual trees everywhere, mountain springs and spiritual stones everywhere, and birds and animals playing among them... The spiritual energy in the valleys creates fog, and the rays of light between heaven and earth shine on everything. This world is shining everywhere, and it feels like a fairyland!

This is the third level of Xuanwu Holy Realm!

The square where they were located was on the top of a mountain.

According to the information provided by the token, this huge square is a safe stronghold.

Entering this square, it is forbidden to fight with each other. Violators will be eliminated on the spot.

But after leaving the square, you can fight at will. 10 points will be deducted for killing one person. No points will be deducted for those who actively attack or hurt others.

If a person takes the initiative to attack and is killed by others, the person who fought back will not be deducted points.

After Qin Feng saw what was going on around him, Queen Mother Xi came over excitedly.

"Batu Ling! This is Batuling! Your Majesty, the geographical conditions of this Xuanwu Holy Realm are indeed very similar to those of the Xuanwu Heavenly Realm back then. I know that there is a place of opportunity nearby. I will take you there!

Qin Feng was overjoyed: "Okay!" Let's go! Huh! This is....."

Suddenly, Qin Feng seemed to have discovered something, his expressionI looked around the world strangely

"Dad, what's wrong?"

"Hong'er, have you noticed that the laws of heaven and earth in this holy territory seem to have changed?"

Hongjun was slightly startled:"It's different?" I don't seem to feel it...."

As soon as he said these words, Qin Feng thought, the space in front of him also changed, and the shadow clone appeared in front of him out of thin air...

Everyone couldn't help but be stunned, as if they thought of something, and they were a little stunned..

Qin Feng's eyes lit up and he looked overjoyed.

Afterwards, he tried summoning a few more times and summoned the Xuan Mi clone to his side.

At this time, Hongjun and others seemed to notice some problems.

At that moment, Hongjun asked:"Dad, what did you find? Has the space rule here changed?"

Qin Feng smiled and said:"Yes! The space limit here has become smaller or there is a flaw. Although I still can't use space summons, I can't summon people from the Great Flood God Realm either. But my father and the two clones can summon each other."

These words surprised everyone.

Queen Mother Xi hurriedly said:"Your Majesty, I'm afraid it's not a mistake, but the will of the secret place that restricts the space here has weakened."

"The connection between His Majesty and the two clones is extremely strong, and the power of summoning is difficult to limit. Therefore, His Majesty can break through the space restrictions under the suppression of the secret will. This is not something that just anyone can do.

Qin Feng smiled slightly: "No matter what!" This is a good thing for us. Now, I have a better way to deal with Di Mang and Old Man Yuexia....."

At that moment, Qin Feng revealed his plan.

After listening to this, all the subordinates looked happy.

Afterwards, Qin Feng flew towards the east of the holy realm alone.....

The phantom clone took twelve heavenly saints and flew towards the south.....

Xuan Mi's clone flew towards the west alone.....

The group of people split up and left in three directions.

Just as Qin Feng and others left the square, Emperor Mang Wuzu and his party came in in a mighty manner.

As soon as they came in, they saw Qin Feng and others divided into three groups. They were slightly stunned at first, and then they all looked overjoyed.

"Ha ha!! Fellow Taoist Yuexia, God is really helping us! I thought Qin Feng and others would act as a team. Unexpectedly, these fools acted separately, and we were able to defeat them all!"

As soon as these words were spoken, Yuexia and the others showed knowing smiles..

Chapter 1175

"Fellow Daoist Di Mang, who should we deal with first?" Old Man Yuexia asked.

Emperor Mang Witch Ancestor smiled slightly:"Of course we must concentrate our efforts to get rid of Qin Feng! This guy is the chief culprit!"

"Exactly! let's go!"

"Dad, wait a minute!"

Old man Yuexia was about to take action, but he was stopped by Prince Xi Shen.

"Xi'er, what's wrong?"

Prince Xishen said hurriedly:"Dad, it's just Qin Feng. Do we need so many of us to encircle and suppress him in a big way?" Then Qin Lei and Qin Mu just let it go? In case Qin Feng was killed, Qin Lei and Qin Mu were notified"

"The two of them knew we were going to kill them, so they would definitely hide. In this huge holy land, it is easy to hide a few people. In this case, it will not be easy for us to kill them again"

"What's more, the secret place gives us only seven days to stay here. When the time is up, we will be forcibly teleported back. We don't have much time to search for them here. What's more, we still have to look for opportunities."

After hearing this return, Di Mang and others nodded slightly, feeling that it made sense.

At that moment, the old man Yuexia said:"Xi'er, what do you mean?"

"Dad, what I want to say is, should we divide into three groups and hunt down Qin Feng, Qin Lei, and Qin Mu respectively? Let's go together with Zhentian to hunt down Qin Lei."

Old man Yuexia nodded slightly:"That's fine! However, Qin Lei also has twelve subordinates of Tiansheng. Otherwise, you two take the twenty-six Heavenly Saints and Great Witches and go to deal with it! Fellow Taoist Di Mang, what do you think?"

Those twenty-six Heavenly Saints and Great Witches are all from the Great Witch Heaven Realm. Old Man Yuexia naturally wants to seek the advice of Emperor Mang Witch Ancestor.

"no problem!" Di Mang readily agreed, "In addition, I will arrange for Ping Liang and the other four witch ancestors to deal with Qin Mu. You and I are going to deal with Qin Feng..."

"No!" The old man Yuexia shook his head slightly, "Fellow Taoist Di Mang, Qin Feng is very weird. Although he only has the strength of a mid-stage Saint Ancestor, who can be sure that he has no profitable means of escape?"

"In my opinion, you should use a butcher's knife to kill a chicken! The two of us, plus the four of Ping Liang, will go to encircle Qin Feng, and we will be more certain of killing him."

"We just have to do it. If we don't take action, it will be enough. Once we do, he will never be able to recover. By the way, fellow Taoist Liugen, will you come with us?"

Ancestor Liugen smiled slightly: "I will naturally follow you!" Di Mang said in confusion: "

Fellow Taoist Yuexia, if that's the case, what can Qin Mu do?" Let him go? Old Man Yuexia smiled coldly: "

Don't worry, fellow Taoist Di Mang!" Even if we don't go after Qin Mu, someone will go after Qin Mu."

"I have been secretly observing for a long time, and we are not the only ones who have ideas about the Divine Alliance, so we still let a fish slip through the net and let those people grab it!"

"Lest we catch all the people in the Divine Alliance, it would be bad if some profit-driven guys, for the sake of the rewards from Qin Feng and the others, would do harm behind the scenes, or even want to reap the benefits."

As soon as these words came out, everyone suddenly realized.

Immediately, the Dimang Witch Ancestor repeatedly praised: "Fellow Taoist Yuexia is indeed brilliant! In this way, we don't have to worry about someone trying to reap the benefits, and at the same time, we can use our strength to let others surround and kill Qin Mu. high! It's really high!"

"Ha ha!!", Old Man Yuexia also smiled proudly, "Fellow Taoist, let's set off! By the way, Xi'er, you should also be aware of the danger and don't underestimate the enemy!"

"Dad, don't worry! Prince

Xi Shen's lips curled up slightly, and he said indifferently: "Qin Lei's strength is only half-step to the quasi-saint ancestor. Even if there are twelve heavenly saints around him, with the child's strength, one person can crush him." them"

"What's more, with the help of Zhentian and the 26-day Holy Wizard, the boy will be able to kill them easily."

Old man Yuexia nodded with satisfaction: "That's very good! let's go!"

At that moment, the four witch ancestors including Old Man Yuexia, Emperor Mang Ancestor, Liugen Ancestor, and Ping Liang chased in the direction where Qin Feng left.....

Prince Xishen and Saint Ancestor Guixu led twenty-six heavenly saints and chased the shadow clone.....

Not long after Di Mang and others left, Ancestor Shitu, Ancestor Tianxiang, Ancestor Peng Mo and others rushed to the square.

As soon as the three people arrived, their spiritual consciousness swept across billions of miles in radius.

Soon, they discovered that the people from the Divine Alliance were leaving in three directions.

In addition, Di Mang, Old Man Yuexia and others divided into two groups and followed the direction where Qin Feng and Xuying's clone left, but no one followed in the direction of Xuan Mi's clone.....

The ancestor of the lion camel looked overjoyed when he saw this scene.

"Ha ha!! Very good! The two younger brothers, Di Mang and Old Man Yuexia, should have gone after Qin Feng, while Prince Xishen and Saint Ancestor Guixu had gone after Qin Lei. Now Qin Mu is left with no one to chase him"

"We can just avoid the forces of the Great Witch Heaven and Ji Yue Heaven to deal with Qin Mu who is alone....."

The ancestor of the Peng Demon also said happily:"Big leader, it is the best thing to be able to cause a conflict between the Wu Heaven Realm and the Jiyue Heaven Realm. This time, God really helps us!""

"Ha ha!! With the strength of the fourteen of us, it should be easy to join forces to surround and kill Qin Mu. That guy has a lot of rewards!"

The ancestor of Tianxiang is still excited.

"let's go! Don't let others snatch this fat sheep!"

The lion camel ancestor waved his hand, and everyone immediately chased in the direction where the Xuan female clone left.....

Soon after the people from the Three Saints Heaven Realm left, several groups of forces arrived one after another...

After those people observed for a period of time, they finally chose the direction of Xuan Mi's clone and chased it.....

At the same time, in the east direction of the Holy Land.

Di Mang and others chased Qin Feng leisurely, and deliberately went around curves, pretending to be searching for resources, but the general direction of movement was consistent with the direction of Qin Feng's movement.....

In addition, they also secretly observed movements in other directions.

After Shituo Ancestor and others appeared, they chased Xuan Ni's clone and left. The consciousness of Di Mang and Old Man Yuexia were scanned.

At this moment, somewhere down the valley.

Emperor Mang Witch Ancestor and Old Man Yuexia looked at each other and smiled.

"Fellow Taoist Yuexia is really clever. As expected, Patriarch Shituo and others went to hunt down Qin Mu. It seems that the Divine Alliance is destined to be completely wiped out this time. Ha ha!!

The old man under the moon smiled slightly and said:"With the strength of the Three Saints Heaven Realm, it is more than enough to surround and kill Qin Mu. What's more, it is not only the Shitu Ancestor's side, but also others who want to attack Qin Mu."

Di Mang Wu Zu smiled and said:"As long as this Qin Mu doesn't slip through the net, I will be relieved. No matter what, we have to give those people some soup. Without saying this, we quickly follow Qin Feng, and we can't let this little The thief slipped away...."

"Fellow Taoist is right!"

At this moment, the group of people continued to pursue Qin Feng.....

In this way, Qin Feng and his two clones were followed by three groups of people.

However, neither party took action immediately, both were looking for the right moment and the right place...

Time flies!

Before I knew it, five hours had passed.

Qin Feng and the two clones have entered the depths of the Holy Realm, and they can no longer scan each other with their spiritual consciousness...

At this moment, in the Xuanwu Holy Realm, in the west, somewhere in the mountains, in a remote valley.

Xuan Mi's clone stopped and looked back at a mountain peak not far away, with a sneer on her lips.

He clearly sensed that the Shitu Ancestor and others were rapidly chasing him.

Obviously, these people no longer want to hide their intentions and want to take action.

Thinking of this, Xuan Min's clone looked towards the east and south of the holy realm.

Two groups, Emperor Mang Witch Ancestor and Prince Xi Shen, have gone deep into the east and south. They searched with their spiritual senses but could not find any trace.

In other words, even if he takes action at this moment, Di Mang Wu Zu and others cannot see the situation here.

In this way, he can take action.

With this in mind, Xuan Ni's clone slowly floated into the air, waiting quietly for the lion camel ancestor and others to come to the door.

At this moment, a dozen rapid sounds pierced the air at the entrance of the valley.....

Ancestor Shitu and others also arrived...

Chapter 1176

Huh~! Huh~! Huh~!

Lights and shadows flashed in the field, and the lion camel ancestor and others appeared one after another.

"Ha ha!! Qin Mu, you didn't run away?!"

The lion camel ancestor looked at the mysterious female clone with a ferocious smile.

The sky elephant ancestor and the roc demon ancestor also looked at the mysterious female clone leisurely, as if they were sure of the mysterious female clone...

The corners of the mysterious female clone's mouth curled up slightly: "Why do I want to run away?!"

"Ha ha!! idiot! Can't you see that we have been chasing you just to deal with you?", the lion camel ancestor laughed wildly.

"How about that?!" Xuanfei's clone looked indifferent.

The lion camel ancestor said proudly: "Now that everything has been said! I will show you a way out, as long as you hand over all the storage rings and treasures on your body! There are also sacred objects or something like that. Remove the soul mark you left on it and let it take the initiative to recognize me as its master. I will let you live!"

"oh? Yeah?!"

Xuan Mi's clone also smiled coldly: "Then I will also show you a way to survive. As long as you hand over all the treasures on your body and kill this annoying lion camel ancestor, I can consider letting others live!"

As soon as these words were spoken, the lion camel ancestor became furious: "You little thief! What the hell are you talking about!"

Ancestor Peng Mo and others were also furious.

"Big boss! This kid is crazy!"

"Big boss! I don't have to talk nonsense with him! kill him!"

"Big boss! Let's do it quickly! It's not just a group of us who want to kill him, there are also three or four groups behind us!

At that moment, the lion camel ancestor waved his hand:"Kill me!"

In a moment, the lion camel ancestor, the celestial elephant ancestor, and the roc demon ancestor all rushed towards the Xuan female clone at the same time.....

I saw the three ancestors of Shituo instantly transformed into tens of thousands of feet, and three giant claws slapped the Tianling Cap of Xuan Ni's clone...

At the same time, their eleven Heavenly Saint subordinates also took action, blasting at Xuan Ni's clone with all their strength....These eleven Heavenly Saints include one Peak Heavenly Saint, two late Heavenly Saints, three mid-stage Heavenly Saints, and five early Heavenly Saints... The combined power of the eleven people is no less than that of a strong early-stage quasi-saint ancestor. a blow.....

This is equivalent to Xuan Mi's clone being besieged by four early-stage quasi-saint ancestors at the same time.....

Boom~Long~Long!

Fourteen attacks came at the same time!

Suddenly, the heaven and earth roared, and the void for billions of miles shook!

The combined power of fourteen people covers the sky and the earth, and their momentum is astonishing.....

In the blink of an eye, the combined power was about to fall...

Ancestor Shitu and others had a proud and sinister smile on their faces.

They seemed to have seen that Xuan Mi's clone would be instantly destroyed by this blow.....

You know, the fourteen of them joined forces to attack, which was comparable to the full attack of the Quasi-Saint Ancestor in the middle stage.

How could this little second realm of eternity be able to withstand it!

Even if Xuan Mi's clone has the legendary half-step quasi-saint ancestor strength, she will definitely die.....

But just when Shituo Ancestor and others were confident, Xuan Ni's clone took action.....

"roll!"

Xuan Mi's clone waved her hand casually, and her white hand turned into a giant palm that reached the sky, and met the joint attack of the Shitu Ancestor and others...

Bang~!

A loud noise that destroyed the heaven and earth!

Billions of miles of void , all collapsed!

Millions of laws, all shattered!

The entire third level of the holy realm shook violently, alarming countless creatures in the holy realm, and also alarmed all the assessors who entered the third level, and they all looked at each other in shock. fighting direction.....

At the same time, a dazzling white light lit up in the center of the explosion, brightening the sky and the earth, blocking out the light of all things, making it difficult for people to see the situation in the field... But in the next breath, fourteen shrill screams rang out from the white light. , the lion camel ancestor and fourteen others vomited blood and flew out.....

After a while, the white light dissipated, and there was an extremely huge pit in the valley...

The clone of Xuan Mi was suspended in the sky, with her hands on her back, her clothes fluttering, standing proudly...

And the fourteen ancestors of the lion camel were covered in blood. They fell to the ground and fell around the deep pit. They all looked up at Xuan Min's clone in great horror, with fear in their eyes...

Just now, Xuan Min's clone casually struck and displayed a battle that was at the threshold of the pinnacle of the quasi-Saint Ancestor. Force... how is this possible?!

Doesn't Qin Mu only have the second realm of eternity?

Why can he have such terrifying fighting power!

"Qin... Mr. Qin Mu, you... you....."

The ancestor of the lion camel spoke...

The clone of the mysterious female was too lazy to pay attention to him. He just waved his hand and the sky above everyone's heads changed. Qin Feng appeared out of thin air.....

"Qin...Qin Feng!"

Ancestor Shituo and others couldn't help but exclaimed when they saw Qin Feng's sudden appearance.

But before he could think about it, Qin Feng took it with one palm...

The power of more than 120 million, instantly enveloped the entire audience. , that terrifying pressure suddenly exceeded the limit of the Quasi-Saint Ancestor's peak, destroying the world and destroying the world.....

"No~! "

The lion camel ancestor and others roared in fear, turned around and ran away.....

They never expected that Qin Feng's strength would be so terrifying.....

But it's too late!

Xuan Mi's clone also took action at the same time...

Boom~! Boom~! Boom~!

Bang~! Bang~! Bang~!

There were constant explosions all over the place!

It's as if the galaxy is shattered and the avenue is wiped out!

The dazzling light illuminated a land hundreds of millions of miles away, shocking all living creatures.....

"Ding~! Congratulations to the host for successfully killing a heavenly saint.....Get a lot of karma points and increase your redemption points by 117 billion points....."

"Ding~! Congratulations to the host for successfully killing a heavenly saint.....Get a lot of karma points and increase your redemption points by 124 billion points....."

"Ding~! Congratulations to the host for successfully killing a heavenly saint....."

.....

At this moment, Qin Feng's mind kept reminding him that the exchange points were rising sharply.

.....

"Ding~! Congratulations to the host for successfully killing a powerful early-stage quasi-saint ancestor (ancestral Peng Demon).....Gained a massive amount of karma points, and your redemption points increased by 1 trillion points....."

"Ding~! Congratulations to the host, you have successfully killed a powerful early stage quasi-saint ancestor (the ancestor of Tianxiang).....Gained a massive amount of karma points, and your redemption points increased by 1.1 trillion points....."

"Ding~! CongratulationsLord, successfully killed a quasi-saint ancestor who was at the peak of his early stages (the ancestor of the lion and camel).....Gained massive karma points, and your redemption points increased by 1.2 trillion points....."

Gradually, the roaring stopped, all the light dissipated, and the scene in the field was revealed.

Qin Feng's clothes were fluttering and his long hair was flying, standing proudly in the air.

The clone of Xuan Mi was standing aside.

Below the two of them, a radius of hundreds of millions of miles has been razed to the ground, and the valley has lost its original appearance, leaving only a bottomless abyss...

As for the lion camel ancestor and others, they have all turned into energy that fills the sky...

In this way, in less than a minute, three powerful early-stage quasi-saint ancestors and eleven powerful heavenly saints were killed by Qin Feng and Xuan Mi's clones.....

Even those top giants couldn't believe it.

You know, even if the three peak giants join forces, it is impossible to kill the fourteen Shitu Ancestors so quickly.

Of course, the fact that Qin Feng and the others were able to kill the Shitu Ancestor and others so quickly was not only due to their crushing strength, but also the wonderful use of the power of Hongmeng.....

In short, Qin Feng was very satisfied when he saw the results of the battle...

In less than a minute, he killed the Shitu Ancestor and others, leaving the Shitu Ancestor and others unable to even ask for help.....

In this way, his strength can be better hidden, and more people will take the bait.

However, Qin Feng also knew that after a battle broke out here, it would definitely attract everyone's attention, and someone would come here soon.

At the moment, he no longer wasted time and collected all the energy transformed by Shitu Ancestor and others, and also put away the storage rings of Shitu Ancestor and others.

In just a moment, he and Xuan Mi's clone had finished cleaning up the battlefield.

Afterwards, he cleaned up the loot and got a total of the energy of three quasi-sage ancestors in their early stages and the energy of eleven heavenly saints.

The total energy of those eleven Heavenly Saints is comparable to that of a quasi-Saint Ancestor in his early stage.

This is equivalent to him getting four groups of energy from the early stage of the Quasi-Saint Ancestor.

In addition, he also received an innate spirit, which was left behind by the ancestor of the Peng Demon after his death. Unfortunately, it was incomplete.

As for the ancestors of Shituo and Tianxiang, there is no innate spirit left after their death. Not every quasi-saint ancestor is the body of the innate holy spirit.

In addition, Qin Feng also got three seeds of the spiritual roots of heaven and earth.

That was after the death of the ancestors of the lion camel, the celestial elephant, and the roc demon, their spiritual roots of heaven and earth also collapsed, leaving only three spiritual root seeds.....

Qin Feng is extremely satisfied with these three seeds, because Hongjun and Panzu have reached the limit of the peak of Tiansheng. What they lack is the spiritual roots of heaven and earth...

If each of them is given a spiritual root seed, let them cultivate their own. With the spiritual roots coming, Hongjun and his two brothers will be able to break through to the quasi-saint ancestor realm in a short time.

By then, the Divine Alliance will also have its own quasi-saint ancestor.

And the great improvement in strength of Hongjun and Qin Feng will also make Qin Feng's strength skyrocket...

Chapter 1177

In addition to those harvests, Qin Feng also obtained three heavenly seals from the storage rings of the ancestors of the lion camel, the celestial elephant, and the roc demon.

If the three seals are combined into one, they can control the Three Saints Heaven Realm, which will be of great use in the future.

Speaking of which, Qin Feng has successively obtained the heavenly seals that control the Great Sun Heaven Realm, the Great Jun Heaven Realm, and the Three Saints Heaven Realm.

As long as he refines these heaven seals, he will be the master of these three heavens (realms) in the future and can borrow the power of heaven and earth from the three heavens.

Of course, there are better uses here, but that's a story later.

What's more, Qin Feng doesn't have time to deal with those trivial matters now.

In addition, Qin Feng also looked through the storage rings of Shitu Ancestor and others, trying to find some much-needed Nine Heavens Jade Dew, but there was not a drop.

In fact, the Jiutian Jade Dew of Shituo Ancestor and others had already been purchased by Hongjun.

Nowadays, if we want to say that those who still have Jiutian Jade Dew in their hands, those who are at the top of their game, as well as those from the Jiyue Heavenly Realm and the Great Witch Heavenly Realm will have more in their hands.

The Jiyue Heavenly Realm, the Great Witch Heavenly Realm and the Divine Alliance are at odds with each other, so naturally they will not trade the jade dew in their hands...

Thinking of this, Qin Feng collected all the storage rings and trophies.

At this moment, there were several crackling sounds in the distance, and someone came over again.

Obviously, the second group of people who wanted to create a clone of Xuan Mi had arrived.

Qin Feng quickly dodged and hid behind a piece of gravel.

Xuan Min's clone stood proudly in the air, waiting for someone to come to the door...

Not long after, a group of people appeared in Xuan Min's clone's sight.

The leader was an old man who was in the early stage of the Quasi-Saint Ancestor, and behind him were six Heavenly Saints.....

These people also saw Xuan Mi's clone at the same time, and immediately shouted excitedly....

"Ancestor! Look! Qin Mu is right over there!"

"Ha ha!! Very good! Qin Mu is still alive!"

"It seems that the lion camel ancestor and others did not succeed....."

"Walk! Let's go! Don't let others get there first....."

The group of people rushed towards Xuan Mi's clone, all of them had excited expressions...

It turned out that the sound of the previous battle had alerted this group of people.

They knew that Ancestor Shitu and others must have taken action against Xuan Ni's clone, and they immediately became very anxious, fearing that Ancestor Shitu and others would succeed...

Now, when they came to take a look, they did not see Ancestor Shitu and others. People, but saw Xuan Mi's clone still parked in mid-air.....

They were immediately overjoyed, thinking that it was good that the fat sheep was fine, and it was an advantage for them..

At that moment, this group of people hurried over without thinking carefully...

In fact, this group of people did not take Xuan Ming's clone seriously from the beginning to the end, thinking that Xuan Ming's clone was just a little guy in the second realm. You can let them control you...

With this slight, you will naturally lose your vigilance.

Xuan Min's clone watched all this silently, with a slight curl of the corner of her mouth, revealing a sarcastic smile...

He recognized at a glance that the old man in the leader was called Ancestor Yu, a powerful early-stage quasi-saint ancestor, and also a nine-day ten-year-old man. The Lord of the Great Yu Heavenly Domain.

The comprehensive strength of the Great Yu Heavenly Territory is not as good as that of the Three Saints Heavenly Territory.

The strength of Patriarch Yu's group was obviously not as good as that of Patriarch Shitu and others, but he was overestimating his ability when he thought of making his own plans...

Thinking of this, Xuan M's clone couldn't stop laughing...

For a moment, Yu The Marmoset Ancestor and his party are approaching.....

At the same time, in the Xuanwu Holy Realm, there was a sky in the east area.

Emperor Mang Witch Ancestor and Old Man Yuexia were looking at the direction of the previous battle.

It's a pity that the two sides are too far apart, separated by endless mountains, grasslands, and oceans, so there is no way to see anything.....

However, the previous fighting sounds were too terrifying, and the huge energy fluctuations and explosions still spread.

This naturally alarmed the Dimang Witch Ancestor and Yuexia Old Man.

"Fellow Daoist Di Mang, those explosions and energy fluctuations just now came from the west, right?"

"That's right! This is the direction Qin Mu left before!"

At that moment, the old man under the moon stroked his beard and said with a smile:"It seems that the lion camel ancestor and others took action....."

Di Mang Witch Ancestor also said happily:"I think so too. Fellow Taoist Yuexia, what do you think of Qin Mu?" Old Man Yuexia smiled and said:"Look at the duration of the explosion and energy fluctuations, it doesn't even last a minute. It means that the battle ended very quickly. The fact that the battle ended so quickly means that Qin Mu is in danger."

Di Mang's eyes lit up:"That's right! If the battle lasts longer, it means that there is not much difference in strength between the two sides. The shorter the duration of the battle, the greater the strength gap between the two sides. In this way, Qin Mu's strength is very ordinary!"

Old Man Yuexia nodded slightly:"Yes! If Qin Mu's strength is as good as what the outside world said, he has half a step. The Quasi-Saint Ancestor is strong enough to last at least three to five minutes. But now, the battle will be over in less than a minute."

"It can be seen from this that Qin Mu's strength is also at the peak level of Tiansheng. The outside world's evaluation of him is completely overestimated! Di

Mang seemed to have thought of something and hurriedly said:"If this is the case, will Qin Feng's strength also be overestimated?" The outside world is spreading that Qin Feng's comprehensive strength has reached the mid-stage of Quasi-Saint Ancestor, but it seems that this is not necessarily the case now!

As soon as he said this, the old man Yuexia sighed:"Hey!" Fellow Daoist Di Mang, it is rumored that Qin Feng once defeated my son, so everyone thinks that Qin Feng has the strength of the mid-stage quasi-saint ancestor. To be honest, this is not the case!"

"oh? how do I say this!"

"To tell the truth to fellow Taoists, Qin Feng has not actually reached the strength of the mid-stage Quasi-Saint Ancestor, but is just close to it. In terms of true strength, he is no match for my son. Back then, he borrowed the power of the divine world to defeat my son!"

Old man Yuexia was somewhat aggrieved for the Crown Prince of Xishen.

The Emperor Mang Witch Master suddenly realized:"So that's it! In this way, the outside world has confirmed that Qin Feng has been overestimated!

Immediately, he said with great joy:"Fellow Taoist Yuexia, if this is the case, it will be easier to kill Qin Feng."....."

Just as he said these words, there was another huge explosion and energy fluctuations in the distance, and the entire holy realm trembled...

Di Mang and Old Man Yuexia were shocked and quickly followed the sound.

The direction of the explosion was exactly where Xuan Mi's clone was.

Apparently, there was another fight going on. strangeness!

Ancestor Shituo and others had already taken action, and the battle was over, so why did they start fighting again?

Di Mang and the two were suddenly confused.

But before the two of them could think about it, the explosion stopped quickly and lasted not even half a minute, which was shorter than the previous one.....

"strangeness! Someone was fighting again just now, and it seemed that they were still in the direction where Qin Mu was. Fellow Taoist Yuexia, what do you think is going on?"

Old man Yuexia shook his head slightly:"I don't know either. By the way, do you think that after the Shitu Ancestor and others killed Qin Mu, a group of people suddenly came to compete with them for the loot?

Di Mang suddenly said:"It makes sense!" It's just that this battle ended too quickly....."

Before he could finish speaking, the Liugen Ancestor, who had been silent all this time, suddenly looked at the two of them with a strange expression.

"Hey two, haven't you noticed something strange since you talked so far?"

"Um? What's weird?", Di Mang looked puzzled.

Ancestor Liugen slowly turned his head, looked in a certain direction to the east of the holy realm, and said with doubts on his face:"You two, did Qin Feng go in that direction before?"

"yes!"

"But I can't sense his position now. You two, can you still feel it?"

This reminder, Di Mang and Old Man Yuexia were startled, and they quickly scanned the direction to the east with their consciousness.

But after a moment, Di Mang's expressions became extremely ugly.

The two of them could not sense Qin Feng's position.

At that moment, the two couldn't help but look at each other.

"Fellow Taoist Yuexia, have you sensed Qin Feng's location?", Di Mang asked

"Can't sense it anymore!", Old Man Yuexia smiled bitterly and shook his head.

Di Mang's face changed slightly: "It's over! We have lost Qin Feng!"

As soon as these words were said, the expressions on the faces of Ping Liang Wu Zu and others were ugly.

They never expected that with their powerful strength, they could actually lose a junior in the second realm.....

This made them extremely annoyed!

But then, Old Man Yuexia said: "Everyone, with Qin Feng's strength, he can't run very far. He must have used some secret technique to cover his aura, so that we can't detect it. We just arrived at his location! Let's search now and we will definitely find him!"

"Fellow Taoist is right!"

At this moment, Di Mang and his party stopped talking and immediately rushed to a certain direction to the east.

That was exactly where Qin Feng was before.

Di Mang and others did not know that Qin Feng did not use secret techniques to cover his aura at all. , but was summoned away by Xuan Mi's clone. Naturally, Di Mang and others could not sense Qin Feng's position.....

However, a huge explosion suddenly came from the previous direction, diverting their attention.

Naturally, they didn't notice that Qin Feng was summoned after the first explosion.....

Now, Qin Feng and Xuan Ming are together, in the west of the Holy Land.

But Di Mang and others rushed to the east, in the opposite direction, which was completely opposite. It was even more impossible to find Qin Feng.....

At the same time, Xuanwu Holy Land, to the west.

The place where Xuan Mi's clone is located.

At this moment, the clones of Qin Feng and Xuan Mi were hovering in the air, surrounded by a strong smell of blood.

There just was a big battle here.

Qin Feng and his clones joined forces and killed Patriarch Yu and others in less than half a minute...

At this moment, Qin Feng was happily reaping his spoils...

Chapter 1178

Soon, Qin Feng finished cleaning the battlefield and began to count the loot.

The harvest this time was still very good. He received a ball of early energy of Quasi-Saint Ancestor and six balls of Heavenly Saint energy.

The six masses of Heavenly Saint energy added together are equivalent to half of the initial energy of the Quasi-Saint Ancestor.

At this point, the total energy Qin Feng gained after two battles was equivalent to the initial energy of five and a half Quasi-Saint Ancestors.

If all this energy is refined, his combat power will be greatly increased.

In addition, he got the fourth spiritual root seed, which meant that he could cultivate four quasi-holy ancestors from the Divine Alliance.

Of course, the Seal of Dayu Tianyu also fell into his hands.

In other words, the Great Sun Heaven Realm, the Great Zi Zi Heaven Realm, the Great Jun Heaven Realm, the Three Saints Heaven Realm, and the Dayu Heaven Realm among the Nine Heavens and Ten Realms will all be controlled by him.

In addition, another thing that made Qin Feng gratified was that he found more than 11,000 drops of Nine Heavens Jade Dew from the storage ring of Patriarch Yu Marriage and others.

These Nine Heavens Jade Dew can almost allow him to condense the spirit of the Suzaku, which means that he will soon be able to create a new subordinate of the Heavenly Saint.

However, for Qin Feng, he still needs a large amount of Jiutian Jade Dew.

Not only is it necessary to condense the Azure Dragon Divine Pattern and White Tiger Divine Pattern, Hongjun, Panzu and others also need a large amount of Nine Heavens Jade Dew when cultivating spiritual root seeds.

This is an indispensable consumable.

Thinking of this, Qin Feng silently put away the loot, and his desire for Jiutian Jade Dew increased.

Then, he silently looked in the three directions in the distance, and there were three groups of forces coming towards him.....

The corners of Qin Feng's mouth raised slightly, showing an expectant smile.

He expects these blind guys to come to his door and provide him with energy and resources...

What's even better is that these guys are very self-righteous and will attack Xuan Mi's clone as soon as they come up.....

Qin Feng also used the rules to let Xuan Mi's clone complete the final blow.

In this way, wait for Xuan Mi's clone to be attacked, and then kill them.

According to the rules, no points will be deducted for this.

In other words, the clones of Qin Feng and Xuan Mi killed 21 people in a row without deducting a single point. This is also a great gain!

The later the points are, the greater the effect will be.

Qin Feng doesn't want to lose money in vain, unless he is forced to.....

"Huh! these guys....."

At this moment, Qin Feng seemed to have discovered something. He frowned slightly and looked into the distance.....

In the three directions in the distance, the three groups of forces stopped in unison and no longer approached...

Could it be that these three groups of people discovered something?!

Qin Feng was a little confused.....

At the same time, in one of the directions, a group of people were looking in the direction of Qin Feng.

There were nine people in the group.

The leader was a strong man with dark skin, horns on his head, and holding a giant axe. His cultivation had reached the mid-stage of the Quasi-Saint Ancestor, which was a small level higher than the Lion and Camel Ancestor.

This strong man with a huge ax is called Pingtian Shengzun, and he is the Lord of the Taiping Heavenly Domain.

The other eight people are his subordinates, all of them are Heavenly Saints.

At this moment, all the subordinates looked at Saint Pingtian with puzzled faces.

"Territory Lord, why don't we move forward?"

"yes! There have been two consecutive battles ahead. I don't know what happened....."

"From my perspective, in the first battle, the Shitu Ancestor and others attacked Qin Mu, and in the second battle, the Yu Tao Ancestor arrived, and the two sides fought for the spoils. After all, these two forces are ahead of us...."

"Makes sense! Territory Lord, let's go there quickly. If it's too late, I'm afraid the spoils will be divided among them!"

All the subordinates urged anxiously.

But the life-long saint shook his head repeatedly:"You can't go!"

"Um, why?"

All the subordinates looked puzzled.

Pingsheng Tianzun looked into the distance with a solemn expression.

"The first time, the distance was too far, and I couldn't distinguish the level of the energy fluctuations. But I can barely distinguish the second energy wave level. Just now, the energy level emitted by the explosion was no less than that of a quasi-Saint Ancestor peak giant....."

As soon as this was said, the whole audience was shocked

"Wha...what?!"

"Territory Lord, do you mean that the fight just now was caused by a giant who would be the pinnacle of the Saint Ancestor?"

A heavenly saint asked in horror.

Pingtian Saint nodded solemnly.

All the heavenly saints immediately took a deep breath.

Facing the peak giant, the nine of them together were not enough to fill their teeth.

If this is the case , Taking the initiative to go there is tantamount to sending someone to the door, which is no different from seeking death.

"Strange! The place where the fight was taking place was not the direction Qin Mu was going. How could a top giant appear?"

A Heavenly Saint looked puzzled.

He raised his head and looked at the direction of Xuan Mi's clone, but couldn't see anything.

The two sides were really too far apart, and their spiritual consciousness scanning range was limited.

In fact, if it weren't for Saint Pingtian's cultivation level is high enough, and he may not be able to sense the energy explosion level just now.

For example, none of the eight Heavenly Saints noticed anything strange.

At this time, Saint Pingtian said:"Maybe he is targeting Qin Mu, not only our forces, but also top giants."

As soon as these words were spoken, all the saints suddenly realized

"No wonder every battle ends in a very short time. Only the top giants can take action to achieve such results."

"Hey~! I really didn't expect that Qin Mu's reward resources would make even the top giants excited. As a result, those treasures will no longer be with us."

"yes! If a top giant takes action, how can I dare to stay on the sidelines!"

"Speaking of which, that Qin Mu was pretty miserable! If a top giant takes action, he will most likely die and have no chance of survival....."

All the heavenly saints sighed.

Pingtian Shengzun also said helplessly:"That's it! Since there is a top giant involved, we won't go there, lest we get involved. We'd better look for opportunities!"

"Territory Lord is wise!"

All the subordinates responded one after another.

At that moment, Holy Lord Pingtian no longer hesitated and led the subordinates to turn around and leave., far away from Qin Feng's location.....

They don't know that the peak giant they talk about is the clone of Qin Feng and Xuan Mi.....

At the same time, in the other direction.

Two powerful early-stage quasi-saint ancestors also led more than a dozen subordinates of the Heavenly Saint, looking at Qin Feng's location from afar.

These two powerful early-stage quasi-saint ancestors, one named Huanglong Ancestor and the other Chi Jing Ancestor, are the two leaders of the Dragon Essence Heaven Realm.

Like Holy Lord Pingtian, they were shocked when they discerned the level of the energy explosion during Qin Feng's second fight...

At this moment, they also sensed the withdrawal of Holy Lord Pingtian..

The two of them quickly turned around and looked in the direction where Saint Pingtian and others were.

"Brother Chi Jing, Holy Lord Ping Tian has actually withdrawn!", Ancestor Huanglong was thoughtful.

Ancestor Chi Jing also stared at the direction in which Holy Lord Pingtian left, and sighed:"It seems that our previous induction was not an illusion! The energy fluctuation from the previous explosion had indeed reached the level of a peak giant. Ancestor Huanglong nodded slightly:"It seems that a top giant took action against Qin Mu, and those who rushed behind also suffered." Those reward resources are no longer available to us!"

"Why! Let's withdraw too!", Chi Jing Ancestor shook his head helplessly.

Immediately, he said a little thankfully:"Fortunately we discovered it in time, otherwise we would have suffered! Ancestor Huanglong sighed:"

Yes!" Speaking of which, the worst person was Qin Mu, who was probably dead to the point of death!"

"Of course! The pinnacle giant takes action, how can he, a small second realm, survive!"

"Regardless of that, let's withdraw!"

At this moment, the ancestors of Huanglong and Chijing stopped talking, and the group turned and left...

On the other side, in a mountain forest.

There was another group of people watching the situation.

This group looked very strange, although It is a monkey-headed man with a thick body and hair.

The four people headed by it have ferocious faces and long auras. They have all reached the early stage of Quasi-Saint Ancestor.....

These four people are the Lords of the Changling Heaven Realm among the Nine Heavens and Ten Realms.

The holy spirits in the Eternal Spirit Realm have very strange looks. Most of them have monkey heads and human bodies. They also call themselves monkeys and are proud of their monkey names.

Among the four domain lords, the one ranked first is called the Lingming Stone Monkey, who is aware of changes, knows the time of the sky, knows the location, and can move stars and change battles.

The second ranked monkey is called the six-eared macaque, which is good at listening to sounds, able to detect things, know the front and back, and everything is clear.

The third ranked one is called the Ape. He takes the sun and the moon, shrinks thousands of mountains, debates his faults, and plays with the universe.

Ranked fourth is the red-legged horse monkey, who knows Yin and Yang, knows people well, is good at going in and out, avoids death and prolongs life.

At this moment, the four great monkeys looked in the direction of the Taiping Heavenly Territory, and then in the direction of the Dragon Spirit Heavenly Territory, with strange expressions.

Then, the Lingming Stone Monkey looked at the six-eared macaque

"Second brother, your ears can be ventilated and you can listen to the sounds of the world. What did you hear?"

Hearing this, the six-eared macaque looked back and said:"Big leader, Pingtian Shengzun, Huanglong Ancestor, and Chi Jing Ancestor have all withdrawn. Listening to their conversation, they also felt that the energy fluctuation just now seemed to be caused by a top giant."

As soon as these words were spoken, Lingming Stone Monkey gasped:"It seems that what we felt before was not an illusion! This time, the top giant really targeted Qin Mu. By the way, second brother, can you hear some of the conditions at the battle scene?"

The six-eared macaque shook his head slightly:"The distance is too far, so I can't hear some details. ...."

Lingming Stone Monkey smiled bitterly:"That's it! Since the other two parties have withdrawn, we won't take the risk, so withdraw!"

"The great leader is wise!"

At that moment, the four great monkeys led the twenty-one subordinates of the Heavenly Saint and left in a mighty manner.....

Meanwhile, in the distance.

Qin Feng stayed in the air, staring blankly in the three directions with a depressed look on his face.

His spiritual consciousness has reached the level of the middle-stage Saint Ancestor, which is far stronger than those of the quasi-Saint Ancestors. The scanning range is dozens or even a hundred times that of theirs.

Therefore, Pingtian Shengzun and others could not see Qin Feng because they were too far away, and their spiritual consciousness could not scan Qin Feng.

However, Qin Feng's spiritual consciousness was able to scan Pingtian Shengzun and others.

At this moment, he watched helplessly as the three forces turned around and retreated.

This made Qin Feng depressed.

He was still waiting for these guys to come to his door, but he didn't expect these guys to run away.

But Qin Feng didn't want to let this opportunity go!

By killing these guys, he can harvest a lot of energy and resources.

More importantly, he wanted to use this incident to shock those who tried to take advantage of him and let them know that those who took advantage of him would not end well.

What's more, since these people dare to make their own decisions, if they do it this time, there will be another time.

He cannot let people who are hostile to him live.

Thinking of this, Qin Feng thought for a moment and took the initiative to rush towards the Dragon Spirit Heavenly Domain.

The weakest of these three forces is the Dragon Spirit Heavenly Domain, and it is also relatively close to him, so it is the best to attack.

He wants to destroy the Dragon Spirit Heaven Territory quietly.

He didn't want to reveal his strength prematurely before he had a head-on collision with Emperor Mang Wuzu and Old Man Yuexia.....

At that moment, Qin Feng rushed over there.

Xuande's clone followed closely behind.....

At the same time, Xuanwu Holy Land, deep in the south.

The shadow clone, Fu Zhi and others arrived at an extremely remote valley.

This time it was Queen Mother Xi who led the way.

What they arrived at was a land of opportunity, containing countless resources.

Everyone is also very excited..

Chapter 1179

At the same time, Xuanwu Holy Land, deep in the south.

The shadow clone, Fu Zhi and others arrived at an extremely remote valley.

This time it was Queen Mother Xi who led the way.

What they arrived at was a land of opportunity, containing countless resources.

Everyone is also very excited.....

"Your Majesty, this is the valley ahead!"

The Queen Mother of the West pointed to the valley in front of her with excitement.

The mouth of the valley was shrouded in clouds and mist, making it difficult for people to see what was going on in the valley.

"Queen Mother of the West, are you sure this is here?", the shadow clone asked casually.

Queen Mother Xi nodded repeatedly: "That's right! This is it! Although some of the landforms in this holy territory have undergone great changes, some iconic landmarks are still there. This valley was a forbidden medicinal garden in Xuanwu Heaven a long time ago."

"There are countless spiritual flowers, spiritual herbs, spiritual fruits, spiritual medicines, and some spiritual dew and nectar planted inside. These items can all be used as medicine, and it is rumored that they are all materials for refining high-level elixirs....."

As soon as this was said, everyone was surprised.

Hongjun said excitedly: "Wow! Then we are going to make a big fortune! If we use these raw materials to refine a large number of upper realm elixirs, our cultivation will definitely improve by leaps and bounds!"

Star Master Ziwei also covered his mouth and smiled: "The elixirs in the upper realm are effective against the Saint Ancestors, and are naturally more effective against our Heavenly Saints. Of course, they are also of great use to Your Majesty."

Hearing this, Queen Mother Xi said with a proud look on her face: "You don't know, my Master was very Good at alchemy"

"For example, the Nine-turn Golden Body Pill and the Nine-turn Yuan Shen Pill that appear in this reward are ranked low among some of the upper-level pills refined by my master. There are more good pills. Secret Land The will has not been shown yet!"

After hearing these words, everyone's eyes lit up.

They knew that the master mentioned by the Queen Mother of the West refers to the ancient God Lord.

And they have all taken the Golden Body Pill and Yuanshen Pill, and experienced the super power of these two divine pills. Strong medicinal effect.

Unexpectedly, these two magical elixirs were ranked low in the ancient god master's elixir system.

Thinking of this, they were even more looking forward to the next assessment, and they were also extremely looking forward to the resources in the valley ahead..

There is no doubt that in the next assessment, there will definitely be better elixir rewards.

And the valley ahead is a medicine garden for upper realm elixirs, and its value is absolutely immeasurable...

At this time, the Queen Mother of the West said again:"Yes Well, as far as I know, there are some spiritual fruits in this medicine garden that can increase combat power without being used as medicine. They can be eaten directly to increase combat power. They are effective against the Holy Ancestor, and even better against the Heavenly Saint!"

"Wow~! There is such a spiritual fruit! Queen Mother of the West, what kind of spiritual fruit is that? Hongjun couldn't wait to ask.

Queen Mother Xi said a little embarrassedly:"I don't know the specific name of the spirit fruit." After all, I am just Master's registered disciple. I've only been lucky enough to visit a forbidden medicinal garden like this twice, so I can't stay there."

"Only direct disciples can stay here for a long time and be responsible for guarding the medicine garden. Only they can understand this medicine garden better....."

After hearing these words, Hongjun and others were even more delighted.

This medicine garden actually needs to be guarded by the direct disciples of the ancient God Lord. Even the Queen Mother of the West is not qualified to stay. This shows that the level is extremely high and not everyone has the opportunity to enter. This also shows that the resources of the medicine garden are extremely rich.....

"Hey~! This is....."

At this moment, the phantom clone seemed to have discovered something, and looked at the mouth of the valley with a look of surprise.....

"Dad, what's wrong?"

"Your Majesty, what's wrong?"

Everyone asked one after another.

The phantom clone looked back and looked at everyone: "I just scanned it with my spiritual consciousness and found that there is a restriction at the mouth of the valley, and my spiritual consciousness cannot penetrate it....."

The Queen Mother of the West was delighted: "It's a good thing that there are restrictions, because it means no one has ever entered. Otherwise, the restrictions here would have been broken long ago!"

"right!", Hongjun suddenly realized.

Immediately, he was shocked: "Oh my God! If no one has ever entered it, and this Xuanwu Holy Realm existed after the death of the ancient God Lord, how many years have the herbs in it been growing? This... I can't even imagine this!"

As soon as this was said, everyone was overjoyed and started talking about it.

"yes! The older the exotic flowers and plants are, the better their value is!"

"If so, this medicine garden is simply a super treasure house!"

"Are you sure no one really went in?"

Everyone was discussing excitedly, but some still had doubts.

Queen Mother Xi hurriedly said: "Don't worry! Absolutely no one has gone in! This medicine garden was once a forbidden area, and there were originally restrictions. If you want to get in, you can only enter by breaking the restriction. Since its restrictions are intact, it means that no one has entered."

Fu Zhiye said:"I believe what the Queen Mother of the West said." Along the way, I carefully observed the surrounding environment. This place is extremely remote, the spiritual energy is extremely thin, and it is also very desolate."

"If Queen Mother Xi hadn't led the way, I'm afraid no one would have known that there was such a treasure hidden in this desolate place, so I also think that no one has ever been here....."

Fu Zhi's analysis made everyone think it was reasonable, and their eyes shone...

The more no one has ever entered, the higher the value of this medicine garden...

Hongjun even urged:"Dad, let's go in and take a look. Bar...."

The phantom clone shook his head slightly:"What I want to say is not about the restriction. Just before, I found out that there was a restriction, so I tried to use my spiritual consciousness to forcefully penetrate the restriction. Although it was not completely successful, there was still a weak ray of spiritual consciousness that penetrated the restriction. Through the past..."

"But the moment the tiger fangs penetrated, I sensed that there was a strange spiritual consciousness behind the restriction, and it retreated as soon as it was touched. The power of that divine consciousness is no less than that of the Quasi-Saint Ancestor at his peak...."

As soon as these words were spoken, Hongjun and others were shocked.

They know that although the spiritual consciousness of the phantom clone is not as good as the original body, it has reached the level of the early Saint Ancestor, and it can still achieve something by forcibly penetrating the restriction.

But what they didn't expect was that behind this restriction, there was actuallyHidden is a quasi-saint ancestor's pinnacle-level divine consciousness.

"Dad, do you mean that a top giant has already found this place first?"

"Probably not!" Qin Feng shook his head slowly, "The restrictions at the entrance of the valley are intact and no one has destroyed it. It doesn't look like anyone has entered."

"What's even stranger is that my father has seen the consciousness of the nine peak giants. But the divine consciousness just now was not that of the nine giants, but an unfamiliar divine consciousness."

As soon as these words came out, everyone was even more shocked, and they couldn't help but look at each other face to face.

Immediately, Fu Zhi guessed: "Is it possible that there is a master who is close to the peak of the Saint Ancestor hidden in the forbidden area of the Medicine Garden? Couldn't he be a direct disciple of the ancient God Lord, still alive today?"

Queen Mother Xi quickly shook her head: "This is absolutely impossible!" After my master passed away, his residual will clearly told me that all the direct senior brothers have died, so the people here cannot be direct disciples....."

"That's strange! If he wasn't the direct descendant of the God Lord, then who could he be? How could he be in this medicine garden forbidden area?", Fu was puzzled.

The Queen Mother of the West smiled bitterly: "I don't know either!"

"Dad, what should we do now? Do you want to go in? If there is really a peak-level master hidden inside, I'm afraid it will have to wait until your true body arrives."

Hongjun put forward this opinion because he was worried about the insufficient strength of the phantom clone.

Not only did he think so, but Fuzhi and others also thought so.

They didn't know that the strength of the phantom clone had reached the peak of the quasi-saint ancestor. Once the threshold is reached, the main body becomes more powerful.

At this time, the phantom clone thought Hui Dao said: "That's all! Let's get rid of Prince Xishen and others first, and then go in!"

"Makes sense! Prince Xishen and those guys are following behind, they should be arriving soon!"

"That's right! Let's get rid of those pesky tails first! What's more, if there is really a peak-level giant hiding in this medicine garden, we will inevitably be attacked if we rush in rashly. When Prince Xishen and others arrive, it will be even more troublesome!"

All the subordinates agreed.

At that moment, the group did not go into the valley, but looked back in the direction of a certain barren mountain.

Prince Xishen, Saint Ancestor Guixu, and twenty-six Heavenly Saints and Great Witches were in that direction, heading towards Coming here...

After looking in that direction for a while, the shadow clone then looked in a direction to the west of the holy realm.

In that direction, Qin Feng and Xuan Mi's clones had already caught up with the people from the Dragon Spirit Heaven Realm. , a war is about to break out...

Chapter 1180

But he said that on the other side, Xuanwu Holy Land, the west.

The ancestors of Huanglong and Chijing were leading a dozen of Heavenly Saint's subordinates to search for opportunities...

Through their own spiritual senses, the group of people were rushing towards the place with the strongest spiritual energy.

Generally speaking, a place with strong spiritual energy is a treasure.

This is also a kind of inertial thinking.

But no one expected that some forbidden areas would be covered up and disguised as desolate places.

For example, the place where the phantom clone and others discovered is one of the largest chance treasures in the territory of Xuanwu Saint.

But it is said that Huanglong Patriarch and others are looking for opportunities everywhere.....

Suddenly, the ancestor of Chi Jing seemed to have discovered something. He stopped and looked at the jungle behind him.....

His movement attracted the attention of others.

Everyone stopped one after another

"Brother Chi Jing, what's wrong?", Huanglong Patriarch asked

"Brother Huanglong, someone is here, coming directly towards us.....", Ancestor Chi Jing looked somewhere behind.

His spiritual consciousness is better than that of Huanglong Ancestor, so he should be alert first.

"You're not here for us, are you?"

Ancestor Huanglong hurriedly walked to Ancestor Chi-Jing with a cautious expression.

The Heavenly Saint's subordinates also became nervous one by one.

Fighting with each other is allowed on this third level.

Who knows whether the person coming is an enemy or a friend?!

Right here When Huang Long and others were a little uneasy, there was a rapid sound of breaking through the air in the jungle.....

Huh~! Huh~! Wow~!

Wow~!

With the sound of leaves being blown by the strong wind, a light and shadow rushed out of the jungle from far to near, and the person appeared in front of everyone.....

"It's you!"

Huang Long and others were shocked when they saw the visitor.

Because the visitor was none other than the clone of Xuan Mi they had secretly followed before.....

At this moment, Xuan Ming's clone pretended to be panicked, looking behind him from time to time, as if he was being chased...

When he saw Ancestor Huang Long and others, he pretended to be surprised, as if he had met them unexpectedly. Same thing...

Ancestor Huang Long and others were also very surprised.

They originally thought that Xuan Mi's clone had died long ago, but they didn't expect that this guy was still alive and well.

What exactly is going on?

The two consecutive fights before came from the direction of Qin Mu. Could it be that the previous fights had nothing to do with Qin Mu?

Just when Patriarch Huanglong and others were puzzled, Xuan Mi's clone didn't allow them to think too much, and quickly raised his hand: "Passing by! Excuse me!"

As soon as he finished speaking, Xuan Mi's clone turned around and left.

"Don't let him get away!", Ancestor Chi-Jing shouted hurriedly.

Ancestor Huanglong suddenly woke up, and with a flash, he blocked the way of Xuan Mi's clone.

"Fellow Taoist, what do you mean?!"

Xuan Ming's clone pretended to be shocked, and looked behind her from time to time, as if she was worried that someone would catch up behind her.....

"hehe!! I have no other intentions! You hand over all the rewards you got in the assessment, and I will let you go!"

Ancestor Huanglong kept laughing ferociously.

Xuan Mi's clone's face changed slightly:"So you have the same idea as them?"

"them? Could it be those people chasing you?!"

Ancestor Huanglong couldn't help but look behind Xuan Mi's clone.

He saw that Xuan Mi's clone kept looking behind him in a panic, and secretly thought that someone must be chasing him... When ancestor Chi Jing saw this scene, he said anxiously:"Brother Huang Long, there's no need to guess! Someone must be chasing this guy, and most likely he is here to reward resources. Boy! Hand over those rewards quickly!"

As soon as he finished speaking, Ancestor Chi Jing dodged over, and Ancestor Huanglong worked in tandem to clamp Xuan Mi's clone.

At the same time, the dozens of Heavenly Saints also surrounded them, and for a moment, The female clone was surrounded by these people.

His expression changed slightly:"What are you going to do?"

"Hand it over or not?"

"No!

Ancestor Huanglong frowned:"Boy, have you thought about it?"! Ancestor Chi Jing was anxious:"

Brother Huang Long, stop talking nonsense with this kid!" Someone is chasing him, and it must be for a reward! Let's do it! Don't let that person rob you!"

With this reminder, Huanglong Ancestor suddenly realized

"Take action!"

As soon as he finished speaking, Ancestor Huanglong and Chi Jing took action against Xuan Mi's clone.

The dozen or so subordinates of Tiansheng also took action at the same time.....

"Boy! go to hell!"

Boom~boom~boom!

In a moment, more than a dozen attacks came in unison, like a surging wave, shattering the layers of space.....

The power of that combined attack was comparable to the full-out attack of the Quasi-Saint Ancestor in the middle stage, and the momentum was earth-shattering...

Huanglong Ancestor and others had a ferocious smile on their faces, as if they had seen the fate of Xuan Mi's clone being bombarded to pieces.....

But then, everyone realized something was wrong.

I saw Xuan Mi's clone suddenly raised the corners of her mouth slightly, revealing an evil smile. The slightly exposed white teeth reflected a breathtaking cold light... What he wanted was for Huanglong Ancestor and others to take the initiative to attack him, and then fight back. kill.

Only such counterattacks will not result in points being deducted.

In fact, there was no one chasing him at all.

That was the urgent atmosphere he deliberately created to trick Huang Long and others into taking action.

Sure enough, these fools were fooled!

At this moment, the attack from Huanglong Patriarch and others fell.....

Xuanzang's clone hit her with a palm...

Boom~!

There was a loud crashing sound!

Billions of miles of void were shattered inch by inch, and millions of laws were annihilated...

The next second, Huang Long and others were blasted so hard that they vomited blood and flew backwards...

Before they could think about it, a huge hand that reached the sky penetrated the void. Falling from the sky, he struck at Huang Long and others who were flying upside down again...

That palm covered the sky and the earth, and its power suddenly exceeded the limit of the peak giant!

Qin Feng also took action!

Boom~boom~boom!

Suddenly, there were continuous explosions and shrill screams in the field!

The entire holy realm felt a huge energy shock!

The land with a radius of hundreds of millions of miles shook violently!

All the assessors looked here in shock...

In just a moment, all the explosions stopped suddenly, and the terrifying energy fluctuations gradually stopped.....

When the light on the battlefield dissipated, the scene inside was revealed.

I saw the clones of Qin Feng and Xuan Mi standing in the air, and Huanglong Ancestor and others had turned into energy that filled the sky.....

This time, Qin Feng and Xuan Mi joined forces and wiped out Huanglong Ancestor and others in less than twenty seconds.

Of course, the final killing blow was all accomplished by Xuan Mi's clone.

As a result, neither of them was deducted points.

It can be said that this is a perfect ambush!

At that moment, Qin Feng happily cleaned the battlefield and began to collect trophies.....

Meanwhile, Holy Land, to the south.

In a wilderness place, Prince Xishen, Saint Ancestor Guixu, and twenty-six Heavenly Saints and Great Witches all looked blankly in the direction of Qin Feng.....

"Your Highness, this is the third time!"

Guixu Saint Ancestor sighed with a face

"yes! The third time was in the direction of Qin Mu. In just half an hour, there were three consecutive sounds of fighting in that direction, which showed that the competition was extremely fierce!"

Prince Xishen said self-righteously.

"Your Highness, what do you think of the little thief Qin Mu? The corners of Prince

Xishen's lips curled up slightly, and he gloated:"The battle was so fierce, that little thief will most likely perish, and it's very possible that even his body will be snatched away until nothing is left!"

Saint Ancestor Guixu also said happily:"It's exactly what I thought!" Speaking of which, Qin Mu is also pitiful. He is being targeted by several forces. It is difficult for him not to die! Prince Xi Shen said proudly:"

It was my father's clever plan that borrowed the help of others to get rid of Qin Mu first." Next, it's our turn to take action and destroy Qin Lei!"

Having said this, Prince Xishen turned his head and looked in a certain direction to the south, where the phantom clone was located.

"Your Highness, how strange it is! After Qin Lei and others arrived at the valley, they stopped moving, as if they were waiting for us to pass. Could it be that, knowing he couldn't escape, he decided to risk his life and fight against us?"

Prince Xi Shen smiled coldly:"Haha!! This Qin Lei is far inferior to Qin Feng! His strength is only half-step to the Quasi-Saint Ancestor. Even if he adds those twelve subordinates, he will not be your opponent alone."

"What's more, besides you, we also have this prince and twenty-six great witches on our side. If we join forces, they will be dead!

The Saint Ancestor of Guixu quickly patted his horse and said,"Of course!" Your Majesty is a powerful mid-stage quasi-saint ancestor. Together, these twenty-six great witches are as powerful as two early-stage quasi-saint ancestors. They are more than enough to deal with Qin Lei and others!

Prince Xishen smiled confidently:"Let's go!" Let's go meet Qin Lei! It's time to have a showdown with him!"

At that moment, he dodged and rushed towards the location of the shadow clone.....

The Saint Ancestor of Guixu and twenty-six great witches quickly followed behind..
