

God level 1201

Chapter 1201

As soon as he finished speaking, Qin Feng launched the Heaven-Slaying Sword Formation.

Everyone stopped talking and sacrificed their own sacred weapons one after another...

Buzz~! Buzz~! Buzz~!

Suddenly, auras of spiritual light soared into the sky!

Man and machine in one!

Hongjun and others' momentum skyrocketed!

Later, Fu Zhi presented the Nine-Bend Yellow River Formation.

Hongjun and others took their positions one after another, and suddenly the Yin Qi disappeared, the yellow waves rolled, and a large formation was formed!

On this side, the Xuan female clone and the Xuying clone merged into one, turning into the Xuanxu clone, and then used the Abi Yuantu swords.....

Qin Feng also quickly activated the Heaven-Slaying Sword Formation, creating a heavenly charm that shook the world and shook the Three Thousand Avenues.....

The next second, he activated his sword technique, and billions of sword lights blasted towards the protective shield in front...

Xuanxu's clone, Hongjun and others also launched attacks.....

Boom~! Boom~! Boom~!

Suddenly, sword light filled the sky, and the sky collapsed!

Earth-shaking explosions continued to erupt in the field, and the entire holy land was shaking violently. It was stronger than any energy collision in the past.....

This is the strength of the Alliance of Gods now together!

The protective light shield of the altar was also under the fierce attack of Qin Feng and others. The light flickered and the defense power was constantly being consumed.....

And this powerful attack naturally shocked the entire holy realm.....

This time, all the forces in the Holy Land were unable to sit still.

In the forbidden area of the valley, ever since the Shenmen League and others encountered Prince Xishen, there have been constant fights, and the explosions were earth-shattering... It is true that Qin Feng and others are too strong, and even if they want to make the movement quieter, it is impossible...

This time, Anyone can guess that there must be a treasure in this place.

Otherwise, the fight wouldn't be so fierce.

In short, the actions of Qin Feng and others stimulated Di Mang, Ancestor Hunji, and Amitabha to rush over at a faster pace, fearing that they would miss the treasure competition.....

As for the other large and small forces that came over, there were even more.....

At this moment, deep in the secret realm, there is an entrance to a dilapidated temple.

The Dao Sect outside the territory and his party are working tirelessly to break the restrictions on the entrance...

The difficulty of the entrance is not much less than the entrance to the forbidden area of the valley where Qin Feng is.

Obviously, this dilapidated temple is also a place of great opportunity.

At this moment, with the cooperation of more than a dozen people including Taiqing, 70% of the restrictions have been broken. In another two or three hours, they will be able to completely break the restrictions and enter to obtain treasures.

However, they have no intention of breaking the ban now, and they all look absently in the direction of Qin Feng.....

"Senior brother, have you noticed? There has been constant fighting over there since five or six hours ago, and it has never stopped. The explosions and energy fluctuations are getting more intense now. I'm afraid someone has discovered a treasure trove....."

Holy Ancestor Yuqing couldn't help but murmur.

Saint Taiqing also nodded slightly.

In fact, he had already made such a guess.

If it hadn't been for the discovery of a treasure land, no one would have fought for so long.

After all, this is the third level of the Holy Realm, and there are many opportunities.

Unless you encounter a major opportunity, no one will insist on fighting to the death. Everyone can look for opportunities elsewhere.....

"If my guess is correct, that place of opportunity should have been discovered by two forces at the same time. Then the two sides fought, causing huge commotion and attracting more and more forces to come."

"As a result, all those who arrived found that the opportunity hidden in that secret place was too great, so they refused to give in to each other and kept fighting for it."

Taiqing Shengzun analyzed it self-righteously.

Shangqing nodded quickly: "Elder brother, I think your analysis is correct. If it weren't for that extraordinary opportunity, there wouldn't be so many people fighting for it. I don't know if the opportunities there are as big as the opportunities we found?"

As soon as these words were said, everyone couldn't help but look at the dilapidated temple in front of them.

This is a place of chance. The last time the secret place was opened, people from the Dao Sect outside the territory discovered it.

Unfortunately, when they discovered it, it was when the holy realm was about to close. , it was too late to break the ban.

The group of Dao Sect players from outside the territory secretly noted the location of this place of opportunity.

When the secret place opened this time, the Xuanwu Holy Realm reappeared.

Taiqing and others followed the last time route, and successfully found this place.

After more than ten hours of cracking, the group had broken through more than 70% of the restrictions.....

Of course, they can also break the ban with force.

However, the Taoist sect outside the territory has rich experience. They know that using force to break the ban is fast, but the huge noise caused will attract other forces to investigate.

What's more, even if the ban is broken, you may not necessarily get an opportunity right away. There will definitely be difficulties inside.

This is the experience they gained from exploring the secret place many times.

According to their experience, it is the safest thing to use conventional formation-breaking methods to break through the restrictions silently and then enter to gain opportunities.

But when Taiqing was asked by Shangqing, he couldn't help but said: "Junior brother, don't tell me! That place of opportunity can cause so many forces to compete for it, I'm afraid it's no less than the opportunity here! It's even greater!"

"Is that so?!" Shangqing became a little anxious, "Senior brother, since that opportunity may be greater, how can we miss it? Otherwise, junior brother, bring a few people over to have a look, maybe we can get a share of the pie!"

Yu Qing quickly agreed: "Yes! Senior brother, according to our experience, the opportunities here are extraordinary. If that opportunity is greater than this one, we cannot miss it. Otherwise, let Third Junior Brother take someone to take a look! Hearing this

, Taiqing thought for a while and said: "How about this, you two take ten disciples over to take a look." I'm worried that if the third junior brother goes alone, he won't be strong enough and won't get much benefit.

Shangqing was overjoyed: "Senior brother, do you agree?!"

Yu Qing said with some worry: "Senior Brother, you asked me to leave with the third junior brother, and you have to take ten more people with you. Then you won't have many manpower here, and the speed of breaking the ban will be greatly reduced! Taiqing smiled slightly: "Seventy percent of the restrictions on our side have been cracked. Even if I am the only one left, it won't take long to crack it." You two should bring people there as soon as possible, maybe you can get a share of the pie!"

Hearing this, Yuqing and Shangqing looked at each other.

Immediately, they nodded slightly.

"Senior brother, let's go over and have a look!"

At that moment, Yuqing and the others stopped spending more money, ordered ten Dao Sect disciples, and left...

After Yuqing and others left, Taiqing led the remaining disciples and continued to break the ban...

But they didn't do anything. Unexpectedly, this choice led to an accident that no one expected.....

This is another story!

Not only people from the Dao Sect outside the territory sent people to the forbidden area in the valley.

At this time, under a mountain range somewhere in the Holy Land, there was an extremely secret cave.

At this moment, at the entrance of the cave.

Mohu and Luojia are leading a group of Moyuan disciples and are trying their best to break the ban.

The difficulty of the forbidden entrance was actually equivalent to the difficulty encountered by Taiqing and the others.

Obviously, this cave is also a place of great opportunity.

In fact, the situation they encountered was similar to that of Daozong.

And the method they chose was consistent with the Sanqing, which was to use conventional formations to break the ban and steal the opportunities in the cave silently.

At this time, about 70% of their restrictions were broken.

At the same time, they were disturbed by the noise caused by Qin Feng and others...

Then, Mohu couldn't help but said: "Luohu, that place should be extraordinary, and there may be greater opportunities. Why don't you take me with you? Half of the people went over to take a look. We will continue to break the ban here...."

Luoja thought for a while and said: "Okay!"

At that moment, without saying much, he directly took half of his men and rushed in the direction of Qin Feng...

At this point, all the super forces in the holy realm had sent Manpower rushed there.....

But Qin Feng and others are still destroying the altar...

Inside the temple, there are constant roars and shocking sounds.

The power of the Creation Sword Formation stirred up the entire holy realm and caused no peace...

Time flew by so fast!

In the blink of an eye, half an hour passed.

Di Mang and his party were less than an hour away from the forbidden area in the valley.

Amitabha and Ancestor Hunji are getting closer to the forbidden area of the valley, less than two hours ago.....

At this moment, there was a "click" sound deep in the temple, and the protective shield of the altar was finally broken by Qin Feng and others....

Chapter 1202

At this time, deep in the temple, with a crisp sound, the protective cover of the altar shattered instantly, turning into little golden lights that dissipated all over the sky.....

"Ha ha!! broken! It finally broke!"

"The difficulty of banning this altar is really high! Hongjun and others cheered.

Qin Feng waved and put away the Heaven-Destroying Sword Formation, showing a happy smile.

They all joined forces and spent half an hour to break through the altar mask. It can be seen that this The ban on the altar is extremely difficult.

If they crack it step by step, they may not be able to crack it when the holy realm is closed, and they can only break the ban with force.

Perhaps this is the deliberate arrangement of the secret place, which is to let everyone use force to break the ban. Breaking the ban attracted more people to compete for the opportunity.

Only the strongest ones are qualified to get the opportunity!

Speaking of which, it has been more than ten hours since they entered the secret realm, which is more than a day in the past, and the Holy Land has been closed. There are only more than five days left.

There is no distinction between day and night in the Holy Land, but the passage of time can be calculated

"Hey~! This is...."

"Look at that mysterious man!"

Suddenly, Hongjun and others exclaimed.

Qin Feng quickly followed the sound and saw that in the center of the altar, the basalt cold air on the mysterious man was rising crazily at this moment. Waves of bone-chilling cold air rushed towards him like a tsunami. spread around.....

The temperature of the entire secret room dropped by hundreds of degrees in an instant, seeming to freeze all space, all time, and all laws.....

At that moment, everyone felt an invisible chill entering their bodies, which was so irresistible that the blood in their bodies almost solidified, and even the flow of spiritual energy in their bodies became slow.....

"Is this guy going to wake up?"

Hongjun and the others were shocked. The eyes they looked at the mysterious man changed one by one, and they felt inexplicable fear in their hearts...

At this moment, an invisible pressure fell from the sky above the secret room, and a misty voice echoed.

"The master of Xuanwu Holy Realm is about to awaken! Remind explorers that if you escape from the temple, you can save your life!"

This voice is clearly the voice of the Will of the Secret Earth!

Is that guy the controller of the Holy Realm?!

Everyone was stunned!

However, even the Will of the Secret Earth took the initiative to remind and point out ways to save lives. It seems that this so-called controller of the Holy Realm is extremely powerful. How terrible!

Otherwise, the secret will will not come out to remind, I am afraid that the difficulty of the challenge exceeds the limits of the players.

"father!"

"His Majesty!"

All the subordinates felt uneasy and looked at Qin Feng.

"Come behind me!"

Qin Feng waved his hand and sacrificed the four swords of Zhutian.

Xuanxu's clone also sacrificed the two swords of Yuantu Abi.....

The shadow clone and the Xuan female clone merged into one, turning into the Xuanxu clone.

Its combat power has reached 80 million poles. With an increase of three hundred times, its comprehensive strength is comparable to the peak giants of the extreme value, that is, it has reached the level of Ancestor Hunji, Amitabha, Mohou, Luoia, and Sanqing. Level...

Of course, among extreme giants such as Ancestor Hunji, there are also those who have exceeded the limit. These can only be known in actual combat later. At that moment

, Hongjun and others did not dare to neglect, and retreated behind Qin Feng...

At this moment, the eyelids of the controller jumped, and then his eyes slowly opened and closed, revealing a pair of silver eyes...

The moment he opened his eyes, a surge of divine consciousness instantly spread out, covering Qin Feng and others.....

The intensity of his spiritual consciousness suddenly reached the level of the Holy Ancestor!

Hongjun and others couldn't help but change their expressions slightly.

Before they could think about it, the controller slowly floated up into the sky, and his silver eyes suddenly burst with murderous intent.....

Boom~! Boom~! Boom~!

Suddenly, the world shook!

Countless powers of heaven and earth soared into the sky and rushed towards the temple, causing the entire holy space to tremble violently.....

At this moment, all the assessors in the holy territory were alarmed, and they all looked in the direction of the temple in great shock...

Boom~Long~Long!

At this moment, the endless power of heaven and earth poured into the temple and toward the controller of the holy realm.....

Suddenly, the momentum of the controller surged like a volcano...

70 million poles... 90 million poles... 100 million poles...

150 million poles.....200 million poles.....300 million poles.....

In the blink of an eye, the controller's momentum reached 300 million, far exceeding the pinnacle level of the quasi-saint ancestor, and even surpassing the ancient corpse of the ancient Ancestor Ran Deng.....

Not only that, the controller is still frantically absorbing the power of heaven and earth, and his momentum is still increasing...

310 million poles.....330 million poles.....350 million poles.....

The expressions of everyone in the Divine Alliance changed greatly.

Such terrifying combat power is heading towards the threshold of the combat power of the Half-Step Saint Ancestor...

Even if the Half-Step Saint Ancestor has not reached the level of the Saint Ancestor, it is easy to kill the strongest quasi-Saint Ancestor, which is extremely terrifying....If the controller's strength reaches half-step Saint Ancestor, then Qin Feng and others will be in danger this time.....

"Dad, things are not good!", Hongjun was anxious.

"Father! Let's withdraw! The will of the secret land reminded me before that as long as you exit the temple, you can save your life! It should be a hint that this controller will not leave the temple. As long as we leave the temple, he won't chase us!"

Fu Zhiye reminded.

All the subordinates looked at Qin Feng, waiting for his order.

Qin Feng frowned slightly.

He finally broke through the altar's protective shield and wanted to enter the space door protected by the altar. It is impossible for him to retreat at this moment. , that is equivalent to wasting all the efforts.

But at this moment, the controller's momentum has reached 400 million, and it is still rising.....

Buzz~!

A clear cry!

At this time, Xuanxu's clone sacrificed the Book of Earth!

The divine book's aura shines brightly and rises in the wind!

Boom~Long~Long!

The next second, the book from the earth turned into a membrane of heaven and earth, covering the sky and the earth, covering the entire secret room, and at the same time, it also covered the guardian, Qin Feng and others.....

"Jedi Tiantong! combine!"

Xuanxu's clone made a seal, and the fetal membranes of heaven and earth merged, immediately cutting off the laws of heaven and earth, and also cutting off the connection between the power of heaven and earth.....

Buzz~!

The controller was suddenly shaken, and suddenly lost the support of the power of heaven and earth, and his momentum began to fall crazily.....

400 million poles... 300 million poles... 200 million poles...

100 million poles... 70 million poles... 50 million poles.....

In just a moment, the controller's combat power dropped to over 40 million. He did not even reach the threshold of the quasi-saint ancestor's peak, but only reached the peak of the quasi-saint ancestor's late stage.....

Seeing this scene, everyone in the Divine Alliance was overjoyed.

"Ha ha!! We almost forgot! His Majesty's Book of the Earth can use Jedi Heavenly Power, which is exactly the kind of nemesis that borrows the power of heaven and earth!"

"yes! This guy's combat prowess has fallen to the late stage of Quasi-Saint Ancestor, so there is nothing to be afraid of....."

At this moment, everyone in the Divine Alliance was extremely excited.

Qin Feng also secretly called luck.

Fortunately, he had the Book of the Earth in his hand, which was enough to restrain the controller, otherwise he would have had no choice but to run away.

In fact, if it were any other super power, they would have escaped long ago.

Qin Feng's ability to deal with this controller was entirely due to luck.

Roar~!

At this moment, the controller seemed to be enraged, roaring to the sky, his silver eyes bursting with extremely violent light.....

The next second, he rushed towards Qin Feng and others.

"Do it!"

Qin Feng smiled coldly, immediately launched the Heaven-Destroying Sword Formation, and left to fight.

Xuanxu's clone, Hongjun and others also attacked the controller at the same time...

Chapter 1205

Soon, Qin Feng walked to the second brocade box, and there were still no restrictions on the desk.

He picked up the brocade box and opened it easily. Inside the box was a notebook-like book and a jade talisman.

Qin Feng picked up the jade talisman, his spiritual consciousness penetrated, and a large amount of information poured into his mind...

After a moment, he slowly opened his eyes and looked at the book beside him with a look of surprise.....

"Dad, what kind of opportunity is this time?"

At this time, Hongjun and others came over.

Qin Feng didn't reply. He picked up the book and flipped through it.

He saw that what was recorded in the book was not words, but a bunch of inscriptions similar to divine patterns.

Those patterns, one after another Emitting spiritual light, there is also a faint Taoist rhyme...

When Qin Feng's fingertips touched those lines, a massive amount of Taoist rhyme followed his fingertips, poured into his sea of consciousness, rushed straight into his brain, and penetrated into the depths of his soul...

The next second, Qin Feng couldn't help but trembled all over, as if he had entered an epiphany, and closed his eyes.....

Hongjun and others were shocked when they saw him, but they didn't dare to disturb him.

After a while, Qin Feng slowly opened his eyes, revealing a bright light.

In this short moment, he seemed to have an epiphany, and even his consciousness improved slightly...

Seeing this scene, Hongjun and others were greatly surprised.

You must know that Qin Feng's spiritual consciousness has reached the middle stage of the Saint Ancestor, and it is extremely difficult to improve it any further.

The improvement of this spiritual consciousness is the same as cultivation. The further you go, the more difficult it becomes.

But their Majesty, just by flipping through the book, his consciousness was obviously improved. Isn't this amazing?

What kind of treasure is that book?

Qin Feng's consciousness has indeed increased.

At this moment, his eyes were bright and his expression was joyful. He looked up into the distance, as if he was recalling the epiphany he had just had.

After a moment, he withdrew his gaze and looked at the book again.

At this sight, a look of surprise appeared on his face.

Wherever his fingers touched, the inscription disappeared.

After thinking about it for a moment, he understood what was going on and showed a look of surprise.

At that moment, he sighed with emotion: "This book is really magical. It should be the only one in the world."

Hearing this, Hongjun asked curiously: "Dad, what is this book?"

Qin Feng put away the book with a solemn expression, and then said: "This book records the alchemy experience of the ancient god. The principles of the Tao cannot be explained in words. , can only be understood. The same is true when the art of alchemy is reached to the extreme."

"Even with words and deeds, many alchemy experiences are difficult to describe and can only be understood through the mind."

"In order to pass down all his alchemy experience, the ancient God Lord used his great supernatural powers and spent a lot of spiritual power to turn his experience into Taoist patterns and engrave it on this book."

"When my fingers touch these lines of Dao Yun, they turn into wisps of Dao Yun and flow into my soul, imparting to me the ancient divine master's experience in a way of understanding."

"This method is a hundred times more powerful than the method of initiation and teaching. It allows me to enter enlightenment in an instant and fully understand the ancient god master's alchemy experience."

"When I finish consuming those insights, those Taoist rhymes will also turn into spiritual consciousness and merge into my soul, helping to increase my spiritual consciousness. It can be said that it kills two birds with one stone."

After hearing these words, everyone showed great joy.

The opportunity your Majesty got this time is also great!

As we all know, the ancient God Lord is good at alchemy.

Your Majesty owns this book, which is equivalent to directly inheriting the God Lord's alchemy skills.

What's even better is that by absorbing those Tao Yun divine patterns, His Majesty can also improve his own consciousness.

"Dad, the ancient God Lord's alchemy skills are extraordinary. If you read this book, you will definitely gain a lot. Not to mention anything else, my light consciousness must be greatly improved! Qin

Feng smiled slightly:"If my estimate is correct, after I finish reading this book, my consciousness should be able to improve to a small level, comparable to the old monsters of the late Saint Ancestor."...."

Hiss~!

All the subordinates couldn't help but take a deep breath.

They couldn't even imagine such a level of consciousness.

Qin Feng added:"According to the introduction on the jade talisman, this book not only records the various elixir refining experiences of the God Lord, but also records various ancient elixir formulas, including many holy-level elixirs, which will be of great use in the future."

"Wow! Holy level elixir! That is a higher-level elixir than the upper realm divine elixir!"

Hongjun and others were filled with emotion.

Qin Feng smiled and said nothing. After collecting the books and jade charms, he walked towards the third brocade box.....

Not long after, he arrived at the third jade case and opened the third brocade box. There were two jade charms inside, one black and one white.

The white jade talisman is the information jade talisman. The jade talismans in the two previous brocade boxes are all of this kind.

The black jade talisman was sealed, and there were many restrictions attached to it, so spiritual consciousness could not penetrate it at all.

Qin Feng looked at it briefly and found that the difficulty of the restriction was actually more difficult than the previous altar restriction.

If it was difficult for him to break it, it would take at least ten days and a half.

Obviously, what he lacks most now is time, and he has no time to slowly crack it.

But if it is said that it needs to be cracked by force, it is even more impossible.

This jade talisman is different from other things. If you use force to break the ban, it is very likely that the jade talisman will break into pieces and turn into powder.

With this in mind, Qin Feng put down the black jade talisman and picked up the white jade talisman. His consciousness penetrated into it, and a large amount of information poured into his mind... After a while

, he opened his eyes, and his face showed A look of astonishment....

"Dad, what kind of opportunity is this time?"

"This time the jade talisman revealed two pieces of information. The first article is about the functions of the five-dimensional Taoist robes and the seven-dimensional Taoist robes. These two items actually have hidden opportunities. Hongjun's eyes lit up:"

Dad, what do you say?"

Qin Feng smiled and said:"According to the instructions of the jade talisman, those who possess the five-dimensional Taoist robes have a certain chance of receiving the inheritance from the direct disciples of the ancient God Lord in the subsequent assessment. Those who possess the seven-dimensional Taoist robes have a certain chance of receiving the true..."Disciple inheritance..."

As soon as these words were said, all the disciples were overjoyed.

"Dad, I didn't expect that the five-level Taoist robes and the seven-level Taoist robes have such benefits! So in the subsequent assessment, what needs to be done to activate the inheritance of direct descendants and the inheritance of true descendants?"

Qin Feng shook his head slightly:"There is no explanation in this jade talisman." However, I guess that the five-dimensional Taoist robes and the seven-dimensional Taoist robes are more like tokens. If you have these two tokens in hand and meet certain conditions, you will have the opportunity to activate the inheritance."

"As for what the conditions are, it depends on the subsequent assessment, and it also depends on our luck...."

After hearing those words, everyone nodded, feeling that they made sense.

At this time, the Queen Mother of the West intervened:"Your Majesty, the five robes are the standard robe for the direct descendants, the seven robes are the standard robes for the true disciples, and the nine robes are the standard robes for the direct descendants."

"If His Majesty obtains the Nine Priest Taoist Robes in the subsequent assessment, he may still have the opportunity to be passed down by his direct disciples. Hearing this

, Qin Feng asked curiously: "Since the direct descendants wear Jiupi Taoist robes, what kind of Taoist robes do the higher-level disciples wear?" Queen Mother Xi smiled bitterly: "Your Majesty, until my master died, he did not choose a disciple of Yibo, so there was no stipulation on what Taoist robes the disciples of Yibo should wear." However, when it comes to the various inheritances left by my master, apart from the inheritance of the mantle, the inheritance from direct descendants is the best."

Qin Feng nodded slightly and said nothing.

At this time, Hongjun said again: "Dad, you just said that there are two messages in the jade talisman. What is the other one?"

"The other one is about this black jade talisman. This black jade talisman is not simple!"

Qin Feng's eyes fell on the mysterious black jade talisman..

Chapter 1206

"The other one is about this black jade talisman. This black jade talisman is not simple!"

Qin Feng's eyes fell on the mysterious black jade talisman.....

"Dad, what exactly is this black jade talisman?", Hongjun asked.

Everyone also looked at Qin Feng, showing curiosity.

"This black jade talisman records a secret technique, and it is also one of the top secret techniques of the ancient God Lord. According to the introduction of the information, if I learn this secret technique, it will be of great help in obtaining the inheritance of the mantle of the ancient God Lord. Hearing this

, Hongjun said happily: "Dad, then hurry up and learn this secret technique!" By the way, what kind of secret art is it about? Qin Feng shook his head slightly:"

As a father, I don't know what the secret technique is. It was not revealed in the information." However, the information reminded me that my spiritual consciousness needs to reach the level of the late Saint Ancestor, otherwise I cannot try to learn."

"Why?", Hongjun was puzzled.

Qin Feng said: "Because the method of inheritance of this secret technique is the same as the previous book. The ancient god used his great magical power to turn the content of the secret technique into the pattern of Tao Yun, which was engraved on this black jade talisman. among"

"Not only that, those Dao Yun patterns are thousands of times stronger than the Dao patterns on the previous books. If the strength of the divine consciousness is lower than that of the late Saint Ancestor, I am afraid that it will not be able to withstand the impact of the Dao Yun patterns."

"In that case, not only would it be impossible to obtain the secret inheritance, but the soul would also be injured, which would be more than worth the gain. What's more, this jade talisman only has one chance to preach. No matter whether it is successful or not, after it is preached, it will automatically turn into powder and completely dissipate....."

Hongjun suddenly said: "No wonder this jade talisman has so many restrictions on it. It seems that the ancient God Lord was also worried about getting this opportunity, so he rashly picked it up to study without understanding the situation."

"If the person who gets the opportunity does not have the strength of his spiritual consciousness up to the standard, not only will he not be able to obtain the opportunity of the secret technique, but his soul will be damaged, then the gain will outweigh the loss. With these restrictions and obstacles, most people will first look at the content of the jade talisman next to them to know the cause and effect."

After hearing these words, everyone nodded.

Fu Zhi sighed: "So, the ancient God Lord also took great pains. Father, the book you got before can help you upgrade your spiritual consciousness to the late stage of the Saint Ancestor, just enough to meet the standards for learning this secret technique."

Hongjun also smiled and said, "Yes!" It all comes naturally, as if it was prepared for you."

Qin Feng smiled and said nothing.

The combination of these two things would indeed allow him to learn smoothly, but the current situation did not allow it.

At the moment, he said: "Having said that, there is not enough time. It took me a lot of time to understand the insights in that book. It will take a lot of time to crack the restrictions on the black jade talisman."

"But many forces from outside will arrive here at any time, and we have to use the time flow here to speed up the refining of the Black Tortoise Seal. We cannot leave here now."

"Therefore, our most urgent task at the moment is to improve everyone's strength to cope with the various battles ahead....."

With this reminder, everyone woke up and felt a sense of urgency in their hearts.

"Dad, then hurry up and refine the Black Tortoise Seal! As long as we refine the Heavenly Seal, the thousands of opportunities in these three-level holy realms will all be ours...."

"yes! His Majesty! We must not miss this great opportunity!"

Qin Feng put away the black jade talisman and said: "This is natural! Next, everyone will stay here to practice, and then send one person to guard outside the temple. Who will go?"

"Dad, let me go! The child has cultivated to the extreme, and it is difficult to make any progress if he stays to cultivate. It's better to let the children go outside to watch!"

Hongjun took the initiative to ask for help.

"It's most appropriate for you to go. However, even if you have practiced to the extreme, you can still improve some strength. Please accept these Golden Body Pills and Yuanshen Pills!"

Qin Feng waved his hand, and nearly a hundred magic pills flew towards Hongjun. It was those Nine-turn Golden Body Pill and Nine-turn Yuan Shen Pill.

"So many! Dad, after these magical elixirs are refined, my strength will definitely increase greatly! Ha ha!"

Hongjun was ecstatic and put away the magic pills with excitement.

He did a little calculation and found that there were 46 Nine-turn Golden Body Pills and 48 Nine-turn Yuan Shen Pills, which were enough to allow him to refine to the limit.

Before, he I have refined 3 Golden Body Pills and 1 Yuanshen Pill.

The upper realm divine pills all have a refining limit, which is 49 pills, which coincides with the number of 49 in Heaven and cannot reach the number of 50.

Change. In other words, after refining forty-nine of a high-level divine elixir, Hongjun continued to refine it, and it had no effect.

Seeing that Hongjun had obtained so many divine elixirs at once, all the disciples showed envy. color

"Dad, I'm going to go on sentry duty!"

"Go for it!"

As soon as he finished speaking, Hongjun rushed towards the light door excitedly and walked through the door.....

After Hongjun left, Qin Feng looked at everyone again:"You should also accept these magical pills!"

As soon as he finished speaking, hundreds more magical pills flew towards everyone, including the Golden Body Pill, Divine Pill and Yuan Yuan Dan. magic elixir

"OMG! so much!"

"His Majesty! You...where did you obtain so many Nine-turn Golden Body Pills and Nine-turn Yuan Shen Pills??"

"yes! Both of these are divine elixirs of higher realms! In the previous assessment, the first place was only rewarded twenty or thirty pieces....."

All the disciples were shocked.

Qin Feng smiled mysteriously:"Do you think the opportunity of this temple is only here? In fact, the opportunities in other places in the temple have long been obtained by me."

"Ha ha! I see!"

"Your Majesty, with so many magical pills, our strength will definitely increase greatly!"

All the disciples were overjoyed.

Qin Feng smiled and said:"These two kinds of magical elixirs are common among upper realm elixirs. I have obtained a lot of high-level divine elixirs in this temple. After I leave, I will slowly distribute them to you!"

"This is great!"

All the disciples heard their blood boiling with excitement.

"By the way, Kunpeng, Hongyun, Ming, the three of you have cultivated to the peak of the early stage of Tiansheng, and are just one step away from the middle stage of Tiansheng. Please accept these three Heaven-Breaking Divine Pills!"

Qin Feng waved his hand, and three more golden elixirs flew towards Kunpeng and the others.

This was exactly what Qin Feng had obtained, the most precious upper-level elixir - the Sky-Breaking Divine elixir.

Kunpeng and the others took the elixir respectfully..

Then, Kunpeng asked respectfully:"Master, what is the use of this Heaven-Breaking Divine Pill?"

Qin Feng explained:"The Heaven-Breaking Divine Pill, as the name suggests, is the magical pill that breaks the bottleneck of the Heavenly Saint. If a peak powerhouse in the early stage of Tiansheng takes it, there is a 100% chance of breaking through to the middle stage of Tiansheng; if a peak powerhouse in the middle stage of Tiansheng takes it, there is a 40% chance of breaking through to the late stage of Tiansheng; if a peak powerhouse in the late stage of Tiansheng takes it, there is a 3% chance of breaking through to Tiansheng. peak!"

As soon as these words were said, all the disciples were in an uproar.

The eyes they looked at the Heaven-Breaking Divine Pill became extremely fiery.

Kunpeng and the other three were even more ecstatic, and their hands holding the pill were trembling slightly with excitement.

"Kunpeng thanked his master!"

"Hongyun (Styx) thanked his master!"

The three of them thanked me repeatedly and were extremely grateful.

The disciples saw this with great envy.

Qin Feng saw this scene and smiled and said:"You don't have to be envious. If anyone's cultivation has reached a bottleneck and can break through to the next level, come to me to ask for the Heaven-Breaking Divine Pill."

"This Heaven-Breaking Divine Pill is indeed precious, but I still have about twenty pills in my hand, which are enough for you to break through to a small realm...."

As soon as this was said, all the disciples were ecstatic

"His Majesty! We will work hard and won't let you down!"

"OK! Everyone, hurry up and refine the magic elixir! Time is very tight!"

"yes! His Majesty!"

At this moment, all the disciples dispersed one after another, each chose an area, closed their eyes and meditated, refining the magic elixir.....

Seeing this scene, Qin Feng was very pleased.

When these disciples advance greatly in cultivation, his strength will also increase accordingly.

Speaking of which, this trip to the valley was initially successful. When he got the chance, he collected everything.

Now, it is time to digest these gains.

However, he still has one last opportunity that he is not sure of obtaining, and that is to refine the Black Tortoise Seal.

If he fails to refine the heavenly seal before the holy realm is closed, it will be forcibly taken back by the will of the secret land.

Thinking of this, Qin Feng no longer wasted time, and arranged for the phantom clone to refine the Xuanwu Heavenly Seal, and arranged for the Xuanfei clone to continue to condense the Suzaku Divine Mark...

After handling these trivial matters, he chose a quiet corner and took out what he had harvested before. Those energies began to be refined.....

Obviously, facing what will happen next, what he needs to do most is to improve his strength as soon as possible...

Chapter 1207

Qin Feng turned his palm, and there was a ball of energy from the early stage of the Quasi-Saint Ancestor in front of him.

The next second, he opened his mouth and sucked it in, and began to swallow the energy...

But on the other side, after Hongjun came out of the mysterious space, he went straight to the entrance of the temple.

At this moment, he had arrived outside the temple. He looked up and saw that the entire valley was in a mess, the spiritual energy was thin, and there was no trace of life.

Apparently, no one has entered the valley yet.

Hongjun secretly breathed a sigh of relief.

Then, he sacrificed the Chaos Bead, let it hang halfway in the air, and got into it.

As soon as he entered the bead, Hongjun sat cross-legged and pressed the seal...

Buzz~!

A clear cry!

The Chaos Bead exuded a faint spiritual light.

The next second, the Chaos Bead turned transparent at a speed visible to the naked eye, and gradually merged into the air, disappearing, and even the fluctuations in spiritual power disappeared.

If any of the disciples of the Divine Alliance were here, he would be shocked to find that he could no longer detect the existence of the Chaos Bead.

It turns out that this is one of the wonderful uses of Chaos Beads.

It can not only be used to capture people and trap enemies and increase Hongjun's strength, but it can also be used to escape into the void and hide its traces.

After doing all this, Hongjun looked at it with satisfaction.

At this moment, he was hiding in the Chaos Bead, but he could clearly see everything outside. However, it was difficult for people outside to detect the existence of the Chaos Bead, let alone discover him.

Even if the top giants are here, it will be difficult to discover the existence of the Chaos Orb without careful detection.

Hongjun is very satisfied with this result.

Then, he took out a Nine-turn Golden Body Pill and refined it while keeping watch, using it as a distraction.....

Hongjun was already extremely gifted, but if it were anyone else, it would be really difficult for him to be distracted...

At this point, all members of the Divine Alliance had entered into cultivation.

Forces from all directions are also speeding up.....

In this way, a quarter of an hour passed unconsciously.

An hour is eight-quarters of an hour!

At this time, Di Mang and his party were only two-quarters of an hour away from the Forbidden Valley...

They would also be the first group to arrive.

At this moment, on a plain.

The old man under the moon looked towards the valley in the distance with a strange look on his face.

"Fellow Taoist Yuexia, how is it?", Dimang Witch Ancestor asked with concern

"Strange! strangeness! I have scanned it seven times with my spiritual consciousness, but I still haven't found the breath of any living thing!"

Old Man Yuexia looked confused.

It turned out that after reaching this distance, Old Man Yuexia's consciousness could barely scan the forbidden valley.

But what surprised him was that his consciousness scanned seven times in a row and found nothing. The breath of any living thing.

At this moment, Qin Feng and his party were in the temple and entered the mysterious space.

And Hongjun escaped into the Chaos Bead again, so naturally he couldn't find anything

"Fellow Taoist Yuexia, could it be that the distance is too far for you to sense it clearly?", Dimang Witch Ancestor said.

Old Man Yuexia nodded slightly: "It's possible! If someone uses some kind of concealment technique, I will not be able to detect his existence from such a long distance. I also hope that this is the case."

"Now, I am worried that this is not the case. But the battle over there was over, and those people got the treasure and withdrew. If so, that would be trouble! Di Mang's face changed slightly:"

Yes!" The sound of fighting over there stopped for a while. Didn't he really get the treasure and run away?"

Ancestor Liugen also said anxiously: "You two, don't worry about that, let's hurry over and see what happens!"

"Exactly!"

At this moment, the group of people stopped talking and hurried towards the forbidden area of the valley.....

Time flies!

In the blink of an eye, another quarter of an hour passed.

Di Mang and his party were only a quarter of an hour away from the valley.

Even the divine consciousness of Emperor Mang Witch Ancestor could scan the entrance of the valley from a distance...

Under their spiritual consciousness, they could vaguely see the mess in the valley, and there were many traces of fighting.....

This further stimulated Di Mang and his party, and they continued to hurry up...

At the same time, Amitabha and Ancestor Hunji were only about half an hour away from the valley... and there were others, large and small. The forces are getting closer and closer to the valley...

Seeing that more and more forces are about to arrive, the forbidden valley will become the center of war for many forces...

At this time, deep in the temple, the In the mysterious space, something began to happen.

At this time, Qin Feng opened his eyes from meditating, his face full of joy.

Just over two quarters of an hour has passed outside, and about three days have passed in this space.

In the past three days, everyone in the Divine Alliance has refined a lot of magic pills, and their strength has improved a lot.

Kunpeng, Hongyun, and Minghe also refined the Heaven-Breaking Divine Pill, and successively broke through to the middle stage of Heavenly Sage.

This allowed Qin Feng to gain a lot of combat power in return.

What's even better is that Qin Feng also refined the energy of three groups of early Quasi-Saint Ancestors in these three days.

Combining these two aspects, his combat power skyrocketed, rising to 130 million poles in one fell swoop, an increase of 10 million poles.

Qin Feng was very satisfied with this progress.

At this moment, he turned his palm, and there was another ball of energy from the early stage of the Quasi-Saint Ancestor in his palm.

The next second, he will open his mouth to devour it and continue refining it.....

Boom~Long~Long!

But at this moment, his tiger body shook, and a roar suddenly sounded inside his body.

"This is....."

Qin Feng seemed to sense something and stopped swallowing the energy in his hand, with a look of surprise on his face.....

At the same time, Xuan Min's clone not far away opened her eyes, and her face showed joy.

Immediately afterwards, Qin Feng closed his eyes, and the roar in his body became louder and louder, and the sound was earth-shattering...

The next second, the Tao Yun in his whole body exploded, and the momentum surged crazily, spreading to all directions, and instantly shocked the whole place. all in.....

"What a strong momentum! Is His Majesty about to break through?"

Ziwei Star Master and others looked at Qin Feng in shock.....

At this time, Qin Feng's body was in a hidden valley in the southern area of the Great Flood God Realm.

A spiritual root of heaven and earth stands in the sky, hundreds of millions of feet high.

That is the Fusang Sacred Tree, one of the spiritual roots of Qin Fengling!

At this moment, Liu Yan was suspended in the air, looking up at the top of the sacred tree with a look of wonder.

I saw the energy of countless spiritual roots escaping from the top of the Fuso Sacred Tree, turning into a monstrous red mist, covering the sky and the earth, covering hundreds of millions of miles...

At the same moment, endless power of heaven and earth descended from the sky...

Boom~boom~boom!

The power of heaven and earth and the spiritual root energy of the Fusang tree automatically blend, causing resonance between heaven and earth.....

The entire Great Flood God Realm trembled...

In just a moment, the power of spiritual roots and the power of heaven and earth formed an extremely huge red divine pattern in the air...

Gradually, the red divine pattern changed from virtual to real. Transformed into a phantom of a sacred bird with red feathers all over its body, looking like a phoenix.....

The phantom of this divine bird is so huge that it can't be seen at a glance, and its momentum is extremely earth-shattering...

It is the spirit of the Suzaku!

Just now, with the help of Liu Yan, the clone of Xuan Mi finally condensed and completed the Suzaku divine pattern.....

However, it is said that as soon as the spirit of Suzaku appeared, the fire aura in the south of the Great Flood God Realm increased several times, and the entire Great Flood God Realm became stronger.....

Exactly: the south of Zhuque Town, its power spreads in all directions. Immortal in life and death, the Southern Lord of the world.

Phew~!

The spirit of the Suzaku raised its head to the sky and screamed, causing the heaven and earth to tremble and the avenue to shine. The coercion of the heaven and earth that it inadvertently emitted was comparable to that of a quasi-saint ancestor.....

With this cry, hundreds of millions of creatures in the Great Flood God Realm were alarmed, and they all looked to the south of the God Realm in shock...

They felt that in that direction, another sacred spirit was born...

At the same time, Qin Feng's mind echoed with the system's prompts.....

"Ding~! Congratulations to the host, your Vermillion Bird Divine Pattern has been successfully condensed.....The southern part of the Great Flood God Realm is guarded by the spirit of Suzaku, and the perfection of the Great Flood God Realm has been increased to 90.1%....."

"Ding~! Congratulations to the host, your Great Flood God Realm has grown significantly, and the host has received a lot of feedback from the power of heaven and earth.....Your combat power increases to 140 million poles....."

After a long time, Qin Feng slowly opened his eyes, his face full of ecstasy.

His combat power has increased a lot, reaching 140 million poles. The hope of killing the top giant is getting bigger and bigger...

Chapter 1208

"Your Majesty, have you successfully condensed your Vermillion Bird Divine Pattern?", Master Ziwei Star asked.

The faces of all the disciples also showed curiosity.

Qin Feng smiled and nodded.

Seeing this, all the disciples showed great joy.

At this time, Qin Feng said again:"Everyone, hurry up and continue practicing.! Maybe, someone will come to the door soon."

With this reminder, all the disciples did not dare to slack off and continued to practice.

However, Master Ziwei walked towards Qin Feng

"Your Majesty, I have refined several Nine-turn Soul Pills in the past few days, and my cultivation has reached the peak of the late Heavenly Sage, and I can break through the bottleneck at any time!"

After hearing this, Qin Feng's eyes lit up. It turned out that the Master of Ziwei Star came to ask for the Heaven-Breaking Divine Pill.

He was overjoyed.

Naturally, he hoped that each of these confidants could break through the cultivation level as soon as possible. In that way, not only these If his subordinates can greatly increase their strength, he himself can also greatly increase his strength.

"Let's refine these Heaven-Breaking Divine Pills!"

Qin Feng waved his hand, and twenty Heaven-Breaking Pills flew over.....

Lord Ziwei was stunned:"Your Majesty, why did you give me so much? I think you gave Kunpeng and the others three, one for each of them is enough!"

Qin Feng smiled and said:"Have you forgotten? I mentioned this before. The Heaven-Breaking Divine Pill can be taken by the peak powerhouses in the early stage of Heavenly Saint, and there is a 100% chance of breaking through to the middle stage of Heavenly Saint. It can be taken by the peak powerhouses in the late stage of Heavenly Saint, and there is only a 3% chance of breaking through to the peak of Heavenly Saint."

"In other words, it takes an average of 33 Heaven-Breaking Divine Pills to allow a late-stage Heavenly Saint to break through to the peak of Heavenly Saint. These twenty Heaven-Breaking Divine Pills may not necessarily allow you to achieve a successful breakthrough. It all depends on your luck."

Ziwei Star Master suddenly said:"That's it! Your Majesty, if I can't break through after refining twenty pills, it will be a waste of elixirs. It's better to leave these magic pills for those in the early and middle stages of the Heavenly Sage to take!"

Qin Feng knew that this woman was thinking about him, and a feeling of warmth surged in his heart.

At that moment, he smiled and said:"You don't have to think too much! Although I don't have many Heaven-Breaking Divine Pills in my hand, I have obtained the elixir refining experience from the ancient god master, and I can refine the Heaven-Breaking Divine Pills myself in the future."

Ziwei Star Master's eyes lit up, and he secretly thought that this is indeed the case.

Your Majesty has obtained the true elixir-making inheritance of the ancient god master, and it will not be difficult to refine the Heaven-Breaking Divine Pill in the future.

As for the medicinal materials for refining the Heaven-Breaking Divine Pill, they should not be short of it. After all, there is no shortage of medicines from outside. In the valley, all the medicinal materials that had been growing for hundreds of millions of years were evacuated by them. There should be many medicinal materials for refining the Heaven-Breaking Divine Pill.

After thinking about this, the Lord Ziwei happily accepted the divine pill and said: "Your Majesty, then Let me give it a try. I hope my luck will be better and I can achieve a breakthrough with these twenty Heaven-Breaking Pills....."

Qin Feng encouraged: "I have always had good luck! If you follow me all the time, your luck will not be bad. Maybe you can achieve a breakthrough after taking the first pill."

"Your Majesty, I would like to thank you for your good wishes!"

Ziwei Star Master smiled sweetly and resigned.

She wanted to refine the elixir as soon as possible and break through the cultivation level as soon as possible so that she could help Qin Feng.

Looking at his woman's graceful back, Qin Feng was also very pleased.

In short, these three At the end of the world, he not only refined three groups of quasi-saint ancestors' initial energy, but also condensed the spirit of Suzaku, and gained a lot.

However, the shadow clone's refining of Xuanwu Tianyin only reached 40%.

And for Xuanwu Tianyin, The refining of the seal was their most urgent matter.

They couldn't leave until the seal was refined that day...

Thinking of this, when Qin Feng stopped wasting any more, he took out a ball of Quasi-Saint Ancestor's initial energy and opened his mouth to inhale it. , began to devour it...

At the same time, Xuan Mi's clone stood up directly and walked towards the space light door.....

He has gathered the Suzaku Spirit and completed the mission. It's time to help Hongjun on guard duty.....

After all, Qin Feng was a little worried about letting Hongjun go out alone. He didn't want to put his child in any danger.....

But it was said that Xuan Mi's clone quickly found Hongjun after leaving the temple.

He also entered the Chaos Bead and guarded it with Hongjun outside the palace.....

Time flies!

In the blink of an eye, another quarter of an hour passed.

At this moment, not far from the forbidden valley, Di Mang and his party appeared.

"Huh! Look over there! There is a valley entrance!"

"yes! There are many potholes and bloodstains near the entrance of the valley. Someone must have fought there before!"

"found it! I finally found it! Ha ha!!"

With the strength of Di Mang and others, they can see the situation at the entrance of the forbidden valley with the naked eye from a long distance. They can see a mess at the entrance of the valley. In addition to many huge potholes, there are also a lot of blood stains.....

Previously, Qin Feng killed Prince Xishen and others at the entrance of the valley, which naturally left many holes and blood stains.

Di Mang and others still don't know these truths.

However, they have concluded that they have found the right location.

At this time, the old man under the moon said again: "You two, I vaguely sensed that there were strange fluctuations of spiritual consciousness in the valley. The place we are looking for should be in that valley."

Dimang Witch Ancestor was overjoyed: "Let's go! Let's go in and take a look! Maybe those guys haven't had time to leave after grabbing the treasure!"

As soon as he finished speaking, he rushed towards the valley first.

The four witch ancestors including Old Man Yuexia, Ancestor Liugen, and Liang Liang followed closely.....

At the same time, in the valley, at the entrance of the temple, inside the Chaos Bead.

Hongjun had just finished refining a nine-turn golden body, and his strength had improved a lot. He was happily chatting with Xuan Mi's clone.....

At this moment, Xuan Mi's clone was also in a good mood.

A quarter of an hour has passed outside, and a day and a half has passed in that mysterious space.

In that day and a half, Qin Feng refined two more masses of energy from the early stage of the Quasi-Saint Ancestor.

What's even better is that the Ziwei Star Master successfully broke through to the peak of Heavenly Saint in just this day and a half.

Speaking of which, Master Ziwei made a breakthrough in one fell swoop when he refined the third one. It can be said that he was extremely lucky.

This also saved Qin Feng seventeen Heaven-Breaking Divine Pills, which made Qin Feng very satisfied.

But Qin Feng didn't expect that not long after Ziwei Star Master broke through, Chu Chu also successfully broke through to the peak of Tiansheng.

Chu Chu's breakthrough is easier than that of Ziwei Star Master. She only needs to refine those Xuanwu divine pattern fragments.

At this point, there are four peak Heavenly Saint experts from the Divine Alliance, namely: Hongjun, Panzu, Ziwei, and Chu Chu.

Ziwei and Chu Chu's successive breakthroughs, as well as Qin Feng's refining of the initial energy of two groups of Quasi-Saint Ancestors, caused their combat power to skyrocket again, reaching 150 million poles.

As a result, the combat power of the two clones has reached 50 million, which has just reached the threshold of the pinnacle of the quasi-holy ancestor.

This is the reason why Xuan Mi's clone is in a happy mood.

At this moment, inside the Chaos Bead.

Hongjun looked at the combat power of Xuan Mi's clone and said with a look of joy: "Dad, your combat power has reached the peak threshold of the Quasi-Saint Ancestor. Counting your super amplification, even if the main body does not take action, you should Can you fight with Old Man Yuexia?"

Xuan Mi's clone smiled slightly: "It's hard to say! Old Man Yuexia has many tricks, and he must have hidden cards. If you don't meet for a while in person, it's hard to say whether you will win or lose!"

Hongjun said indifferently. : "The child is still optimistic about his father. By the way, I wonder where the old guy is? We killed his son, Prince Xishen. Logically, he should come as soon as possible."

"There is also the Emperor Mang Witch Ancestor. We have killed so many Heavenly Saint Great Witches. He will not sit idly by and ignore us. He should also come. I wonder if the six ancestors will follow..."

Xuan Mi's clone smiled coldly and was about to speak.

But at this moment, his expression changed, and he suddenly raised his head, looking through the Chaos Orb towards the direction of the valley mouth.

"Dad, what's wrong?"

"somebody is coming! There should be seven people!"

Just after saying this, the space around the two of them shook slightly, and Qin Feng appeared out of thin air.

It turned out that Xuan Mi's clone knew that a powerful enemy was coming, so she directly summoned the main body.

"father!"

As soon as Hongjun saw Qin Feng, his eyes lit up and his face showed joy. With Qin Feng here, he felt much more at ease.

Qin Feng did not answer, and his spiritual consciousness swept directly outside the valley.

His spiritual consciousness was stronger than Xuan Ni's. The clone was stronger by a notch.

With this scan, he could clearly see the identity of the person coming, and the corners of his mouth could not help but curl up slightly, revealing a sneer.

It was really a narrow road for enemies!

His enemy came to the door on his own initiative.

"Dad, who is here?"

"They are Old Man Yuexia, Emperor Mang Witch Ancestor, the Six Root Ancestors, and the four witch ancestors from the Great Witch Heaven Realm!"

"ah! It's really just what I said!", Hongjun was a little surprised.

"By the way, Hong'er, we'll do this later....."

At this time, Qin Feng rolled his eyes, seemed to think of something, and whispered in Hongjun's ear.

After hearing this, Hongjun's eyes lit up.

Immediately, he smiled and said:"Dad, I understand, kid! I'm going out right away!"

After leaving these words, Hongjun dodged and got out of the Chaos Orb.

But just as Hongjun emerged from the Chaos Orb, and as soon as his feet landed on the ground, there was a rapid sound of breaking through the air outside the valley.

Then, shadows flashed in succession, and seven figures flew into the valley. It was none other than Di Mang Wu Zu and his party...

Chapter 1209

But just as Hongjun emerged from the Chaos Orb, and as soon as his feet landed on the ground, there was a rapid sound of breaking through the air outside the valley.

Then, light and shadow flashed, and seven figures flew into the valley. It was Di Mang Wu Zu and his party.....

But he said that as soon as Emperor Mang Wu Zu and others entered the valley, they saw a mess in front of them.

The valleys and basins of hundreds of millions of miles have been shoveled by people, and there are potholes everywhere, and the air is still filled with a faint smell of blood.....

Obviously, there had been brutal fighting here before!

"There was indeed a fight here!"

"Look! There is a temple there!"

"Huh! There is a child over there!"

"It seems to be Qin Feng's son Hongjun!"

Soon, Di Mang and others saw Hongjun.

At the same time, Hongjun also looked at Di Mang and others.

The two sides faced off from a distance.

"Walk! Go check it out!"

At that moment, Di Mang and his party flew directly over.

Hongjun looked calm and waited for their arrival.

After a while, the two sides met.

"Little bastard, why are you here alone?"

Di Mang Witch Ancestor came up and cursed.

Hongjun frowned:"It's none of your business!

Di Mang was furious:"You little bastard!" You are very courageous! That day, you laughed at me in front of everyone. At that time, you were in the square. I violated the rules of the secret land and could not do anything to you."

"But now, there are no rules and restrictions here. You still dare to argue with me, you are simply seeking death!"

As soon as he finished speaking, Di Mang was about to take action.

But at this moment, Old Man Yuexia suddenly stopped him.

"Fellow Taoist Dimang, please wait a moment! Di

Mang Witch Ancestor was slightly startled:"Fellow Taoist Yuexia, what do you mean?" Then Qin Feng killed your daughter. Now, my ancestor wants to kill his son, why do you want to stop him?"

As soon as these words were said, Witch Ancestor Ping Liang and others looked at Old Man Yuexia in confusion.

That's right!

Qin Feng killed Old Man Yuexia's daughter - Princess Moon God!

Logically speaking, when enemies meet, Old Man Yuexia should To kill Qin Feng's son, Hongjun, you should vent your anger first.

Old Man Yuexia said hurriedly:"Fellow Dimang, it's easy to kill this little bastard, but we haven't figured it out yet. The relationship between my Xi'er and many great witches Let me ask this little bastard about the truth about his death first..." After this reminder, everyone suddenly understood.

Emperor Mang Wuzu also suppressed the anger in his heart and did not take action.

At this time, Old Man Yuexia looked at Hongjun: "Boy, I ask you! Have you ever met Prince Xishen, Saint Ancestor Guixu, and the twenty-six great witches from the Great Witch Heaven Realm before?"

"never seen it!", Hongjun looked indifferent.

The old man under the moon frowned slightly: "I ask you again, where is Qin Feng?"

"have no idea!", Hongjun still couldn't get enough.

The old man under the moon said angrily: "Little thief! I'll give you another chance! Say it! Where is Qin Feng??!"

"If you don't know, you just don't know!"

Old man Yuexia was furious.

Does this boy really think he can't do anything?!

But at this moment, the ancestor of Liugen suddenly spoke

"You two, you see there is a temple here. There won't be any treasures in it, right? In other words, Qin Feng and others are inside the temple, and this guy is on guard outside the temple....."

At this reminder, everyone's eyes lit up. right!

In this holy territory, whenever you encounter a temple, there will definitely be some opportunities inside.

At that moment, Old Man Yuexia, Emperor Mang Witch Ancestor, and Liugen Ancestor couldn't help but look at each other.

Later, Ancestor Liugen urged: "You two, let's go in and take a look!"

Ancestor Liugen said that he didn't care much about the conflicts between Old Man Yuexia, Emperor Mang Witch Ancestor and Qin Feng.

What he was more concerned about was whether there might be any opportunities hidden in the temple.

Emperor Mang Witch Ancestor quickly agreed: "Okay! Let's go in and take a look! But before that, I have to kill this little bastard first!"

As soon as he finished speaking, he looked at Hongjun with a ferocious smile.

He is a person who must retaliate against others.

That day, in the square, Hongjun mocked him in front of everyone, which made him deeply hate this junior.

Before, he couldn't do it because of the rules.

At this moment, he had the opportunity to take action, so he would not miss it.

But just when Emperor Mang Witch Ancestor was about to take action, Old Man Yuexia spoke.

"Fellow Taoist Di Mang! To kill a mere Heavenly Saint junior, you don't need to take action yourself! What's more, although fighting each other is allowed here, if you actively kill someone, 10 points will be deducted....."

With this reminder, Dimang Witch Ancestor suddenly woke up and put down the palm he had just raised.

Old Man Yuexia was right. According to the rules of the Holy Land, 10 points will be deducted if you actively attack other assessors and kill them.

For those points, Emperor Mang Witch Ancestor is very concerned about it.

He has great ambitions and has always been thinking about the legacy of the ancient God Lord.

Only when the assessment points reach a certain standard can you have the opportunity to obtain the mantle of the ancient God Lord.

Therefore, he would not lose his points easily unless absolutely necessary.

What's more, just to kill a little Heavenly Saint, you have to lose 10 points, which is not cost-effective.

Thinking of this, Emperor Mang Witch Ancestor Lian looked to his side.

"Pingliang! Mumang! Fire melts! Hades! You four go kill this little thief!"

"yes!"

The shaman ancestor Ping Liang and the three early quasi-sage ancestors quickly took orders.

"Fellow Taoist under the moon! Fellow Daoist Six Roots! Let's go to the temple!"

After giving these instructions, Emperor Mang Witch Ancestor walked towards the entrance of the temple.

"Fellow Taoist, are we waiting for the four of them?", Old Man Yuexia asked.

Emperor Mang Witch Ancestor smiled slightly: "With the strength of the four of them, it takes just a moment to kill a small peak Heavenly Saint. There is no need to wait...."

As soon as he said this, Old Man Yuexia and Ancestor Liugen both showed knowing smiles.

It is true to say that Witch Ancestor Ping Liang is a strong man at the peak of the Quasi-Saint Ancestor in the middle stage, and his strength is infinitely close to that of the Quasi-Saint Ancestor in the late stage.

Mu Mang, Huo Rong, and Ming Tu were strong in the early stage of the Quasi-Saint Ancestors, and they were all physically powerful, not comparable to ordinary Quasi-Saint Ancestors in the early stages.

With the combined strength of the four of them, it would only take a matter of minutes to kill Hongjun alone.....

"Let's go!"

At this moment, Dimang Witch Ancestor strode towards the temple.

Old Man Yuexia and Ancestor Liugen stopped talking and followed closely.....

They never paid attention to Hongjun from the beginning to the end.....

At the same time, the four witch ancestors of Pingliang surrounded Hongjun.....

"Boy, it's time to send you on your way! Do it!"

As soon as he finished speaking, Ping Liang and other four great witch ancestors attacked Hongjun at the same time.....

Boom~Long~Long!

Suddenly, the world changed, and billions of miles of void collapsed...

The four great witch ancestors all had proud smiles on their faces, as if they saw Hongjun being blasted on the spot.....

With their combined strength, even the early stage quasi-saint ancestors would be severely injured on the spot, not to mention that Hongjun was just a little heavenly saint... But just when they were feeling proud, they suddenly saw the corners of Hongjun's mouth slightly twitching. When he raised his eyebrows, the snow-white little tiger teeth were exposed, flashing with a white cold light.....

Hongjun has been waiting for this moment!

What he needs is for Ping Liang and the others to take the initiative to attack him and then fight back, so they won't be deducted points.....

What's more, dad has been waiting in the Chaos Bead for a long time.....

Seeing Hongjun's weird smile, the four of them suddenly felt something was wrong.

But before they could think about it, Hongjun thought.....

Buzz~!

The Chaos Orb instantly burst into light and appeared.

Phew~! Phew~! Phew~!

The next second, the Chaos Bead produced endless suction, sucking Hongjun and Ping Liang in...

Chapter 1210

Buzz~!

The Chaos Orb instantly burst into light and appeared.

Phew~! Phew~! Phew~!

The next second, the Chaos Bead produced endless suction, sucking Hongjun and Ping Liang in...

Ping Liang and the other four felt that the world was spinning, and they were horrified...

Before they could think about it, the space was spinning. The feeling disappears.

The next second, they found themselves entering a strange space, surrounded by gray chaotic energy... and the invisible power of the laws of heaven and earth, covering their bodies, suppressing the flow of their spiritual power, and restraining them. of themselves, causing their strength to decline... not good!

The four people in Pingliang suddenly felt that something was not good!

"I've been waiting for you for a long time!"

But at this moment, a cold voice sounded above their heads.....

The four of them quickly raised their heads and saw the clones of Qin Feng and Xuan Ni floating in the air...

At this moment, Qin Feng had already completed the Heaven-Slaying Sword Formation.

The clone of Xuan Mi also sacrificed the double swords of Abiyuantu.....

Before the four people of Ping Liang could fully react, Qin Feng used his sword skills, and the monstrous sword intent shot down from the sky. Billions of sword lights wanted to cover the four people of Ping Liang...

Whoosh~! Phew~! Phew~!

At this moment, the sky and the earth shook, and the endless sword light instantly swallowed up the four great witch ancestors of Pingliang!

150 million poles of combat power, a 300-fold increase in combat power, plus the power of the creation-level sword array.....

The power of Qin Feng's blow completely surpassed the ultimate level of the peak giant. It was absolutely devastating and terrifying.....

"No~! "

The four people in Pingliang shouted in fear.....

At that moment, they instinctively felt the crisis and unleashed their strongest defensive tactics.
.....

But those defensive moves, under Qin Feng's blow, were as if they were made of paper and were not vulnerable to a single blow...

Bang~! Bang~! Bang~! Bang~

Four consecutive muffled sounds!

Under the light of hundreds of millions of swords, the four great witch ancestors of Pingliang were all exploded and strangled, turning into blood mist all over the sky...

At the same time, Hongjun turned into a cold light and rushed into the blood mist.....

Poof~! Poof~! Poof~!

There were three soft sounds in a row, like the sound of a weak candle being blown out by the wind, mixed with three extremely miserable screams... The spirits of Mumang Witch, Huorong Witch, and Netherland Witch were instantly shattered.

The three witch ancestors in the early stages of the quasi-saint ancestors died and disappeared, turning into energy that filled the sky, leaving behind three groups of ancestral witch blood.....

In fact, Qin Feng can instantly kill Mu Mang's three witch ancestors with one move.....

However, in order to avoid deducting points, he held back slightly and allowed Hongjun to complete the final blow.....

This is equivalent to saying that if they took the initiative to attack Hongjun and were killed by Hongjun, they would not be deducted points.....

At the moment when Mu Mang's three great witch ancestors were killed, a system prompt sounded in Qin Feng's mind.....

"Ding~! Congratulations to the host, your subordinate Hongjun killed Mumang Witch Ancestor (early stage of Quasi-Saint Ancestor)).....Gained a large amount of karma points, and the host's redemption points increased by 5.3 trillion points....."

"Ding~! Congratulations to the host, your subordinate Hongjun killed the Huorong Witch Ancestor (early stage of Quasi-Saint Ancestor)).....Gained a large amount of karma points, and the host's redemption points increased by 5.5 trillion points....."

"Ding~! Congratulations to the host, your subordinate Hongjun killed the Dark Earth Witch Ancestor (early stage of Quasi-Saint Ancestor)).....Gained a large amount of karma points, and the host's redemption points increased by 5.7 trillion points....."

At this moment, Qin Feng's exchange points surged.....

In just one encounter, three of the four great witch ancestors were killed. Only the most powerful witch ancestor, Ping Liang, was still alive, but his body had been exploded...

After all, he was the witch ancestor at the peak of the mid-stage quasi-saint ancestor. The overall strength is infinitely close to the late stage of Quasi-Saint Ancestor, so it is not so easy to kill.....

The moment his body exploded, countless blood mist rolled and gathered, and he was about to be reborn...

But at that moment, 'Hey!~! ' With a sound, a golden sword light appeared across the sky, directly piercing the blood mist transformed by the wizard ancestor Ping Liang.....

Those are the two swords of Xuan Mi's clone, and their power is comparable to the full blow of a peak giant.....

"ah~! "

A shrill scream!

The soul of the witch ancestor Ping Liang was penetrated by the sword, his momentum plummeted, and he was on the verge of collapse.....

He's not dead yet!

Qin Feng was a little surprised.

This witch ancestor Liang Liang is indeed much stronger than the three witch ancestors Mu Mang!

At that moment, Qin Feng was ready to launch his second attack... but at this moment, the boundless roar of the Emperor Mang Witch Ancestor sounded outside the Chaos Bead.....

Immediately afterwards, there were two earth-shattering sounds that broke through the air.....

Emperor Mang Witch Ancestor and Old Man Yuexia rushed over at the same time.....

Qin Feng didn't even think about it. He dodged and rushed out of the Chaos Pearl.....

At this moment, Xuan Mi's clones and Hongjun were left in the field, as well as the Heaven-Slaying Sword Formation.....

Afterwards, Xuan Min's clone sword technique was activated, and she controlled the Heaven-Slaying Sword Formation to perform the final stranglehold on the witch ancestor Ping Liang.....

He is Qin Feng's evil clone. He is an extension of Qin Feng's body and can naturally control the Heaven-Slaying Sword Formation.....

At the same time, Hongjun also launched a crazy attack on Wuzu Liang...

In the Chaos Orb, Hongjun's strength was comparable to that of the early Quasi-Saint Ancestor, and he could not be underestimated at all.....

All of a sudden, the Chaos Bead roared continuously, shaking the earth and the earth.

The screams of Witch Ancestor Pingliang kept coming and going, and his momentum also plummeted.....

But he said that on the other side, outside the Chaos Pearl.

The three of Di Mang Witch Ancestor were walking into the temple.

Suddenly, Hongjun controlled the Chaos Bead and sucked the four of them into it.

The three Di Mang people were alarmed and turned around, only to see the heavenly charm of creation emitting from the Chaos Bead, stirring up the laws of heaven and earth in the entire holy territory.

The three of them were immediately shocked.

Before the three of them could react, three shrill screams came from the Chaos Bead.

Emperor Mang Witch Ancestor seemed to have sensed something, and his expression changed drastically.

The next second, he summoned three soul cards.

As soon as the three soul cards appeared, they exploded one after another and collapsed on the spot.
.....

That is the soul card of Mu Mang and the others.

Emperor Mang Witch Ancestor was immediately dumbfounded.

In the blink of an eye, three of his witch ancestor-level subordinates died.

Old Man Yuexia and Ancestor Liugen were also confused.

Immediately, Emperor Mang Witch Ancestor woke up, roared to the sky, and rushed towards the Chaos Orb.....

"Damn little thief! I'm going to kill you!"

Di Mang Witch Ancestor didn't know what caused the death of Mu Mang and the others, but he knew that there must be something wrong with the Chaos Bead in front of him, and there must be a major ambush inside. Seeing this,

Old Man Yuexia also pounced on the Chaos Bead...

He didn't know how Mu Mang and the others fell, but he saw Hongjun also entered the Chaos Bead... There was definitely something wrong with that bead, and he wanted to destroy it as soon as possible...

The Six Root Ancestor hesitated for a moment. He stood there without moving.

He and Qin Feng had no direct hatred, so naturally he didn't want to take the initiative to intervene.

What's more, Old Man Yuexia didn't fulfill his wish and didn't take the initiative to ask him, so he naturally wanted to watch first.....

In just the blink of an eye, Emperor Mang Witch Ancestor and Old Man Yuexia rushed to the Chaos Bead.....

The two of them are about to take action and prepare to destroy the Chaos Orb.

But at this moment, the Chaos Pearl had a flash of inspiration, and a figure rushed out.

The two of them took a closer look and saw that it was Qin Feng.

"It's you!"

"Little thief! I've been looking for you for a long time! go to hell!"

When they saw Qin Feng, Old Man Yuexia and Di Mang Witch Ancestor were both furious. All the old and new grudges broke out at that moment...

Boom~Long~Long!

The next second, Di Mang and the two of them each took out a palm, and at the same time. Attack Qin Feng.....

Suddenly, the sky collapsed and the earth shattered, millions of miles of space shattered inch by inch, millions of miles of void and all laws were destroyed, and the laws of the entire world were in chaos.....

The two top giants join forces to destroy the world.

The six old men on the side were dumbfounded.

At this moment, Qin Feng smiled coldly, stretched out both palms, and faced the attack of the two men.....

When Patriarch Liugen saw this scene, he shook his head slightly and sighed secretly.

He originally had great ambitions and used the Great Wish Technique. He wanted to use Old Man Yuexia's hatred for Qin Feng as bait, and actively asked him to help deal with Qin Feng, so as to collect the power of Old Man Yuexia's will and solve the problem of Qin Feng. The last seal of that treasure.....

Now it seems that his plan is failing.

He also didn't expect Qin Feng to be so stupid.

If a small second-level monk dares to confront the combined attack of two peak giants, he will die!

Just when the six ancestors were disappointed, the attacks from both sides collided.....

Bang~! Bang~!

Two loud explosions!

All of a sudden, the earth trembled and the mountains shook, the holy realm shook, and billions of miles of void collapsed!

The next second, Emperor Mang Witch Ancestor and Old Man Yuexia screamed at the same time, and were blasted so hard that they vomited blood and flew backwards...

Bang~!

Ancestor Liugen was immediately dumbfounded, and his jaw almost dropped in shock...
