

## God level 121

### Chapter 121

Qin Feng quickly stood up and took the phone over.

I saw three figures appearing in the screen.

One is a young man with a flat head carrying five swords, one is a young man in white, and the other is Lin Jianhao.

At this moment, the three of them were a little confused.

They walked around the villa and didn't see Qin Feng at all.

Suddenly, the young man in white seemed to have discovered something, and gently raised his head to look in the direction where the camera was hidden.

The boy with a flat head suddenly raised his head and looked in the direction of the camera.

With a flick of his finger, a golden light shot out.

Snap~!

The screen instantly went black!

The other party discovered the hidden camera

"He is a master of the metal system!", Chu Chu exclaimed!

Qin Feng nodded slightly.

This flat-headed young man is definitely a master.

He carries five swords behind him, which shows that he has mastered the true meaning of gold.

Mastering the true meaning of gold will not only increase the attack power, but also control it at the same time. A variety of metal weapons.

But the true meaning of gold is usually awakened when breaking through the six-star level.

Is this flat-headed young man a six-star gold elemental master?

But Qin Feng thinks it is impossible.

Such a master should disdain to associate with Lin Jianhao, and Not so young.

Then there is another situation.

The mental power of this flat-headed young man is very strong, and he has awakened the true meaning of gold in advance.

This flat-headed young man is definitely a master, and his strength is far beyond that of the same level.

As for the young man in white, he is better than the flat-headed young man. He discovered the hidden position of the camera one step earlier.

It means that his six senses are stronger than that of the boy with a flat head.

These two are not simple!

"Brother, what should I do now?", Chu Chu asked nervously.

When she saw Lin Jianhao, she felt nervous and a little angry at the same time.

People from the Lin family have repeatedly assassinated their brothers and sisters.

Unless the Lin family dies, their brothers and sisters will never have peace.

"Chuchu, they can't find us, what do you think they will do?"

Qin Feng flipped through several camera images, and they were all black.

"This...just leave if you can't find it! What else can you do??",The little girl curled her lips

"No!",Qin Feng immediately shook his head,"Have you forgotten? The children of the Lin family are still imprisoned in the city. Since they have all taken action, how can they return without success? Whatever you say, you have to take something with you!"

Chu Chu was surprised:"Brother, you are Said they wanted to save the Lin family?"

"Yes!", Qin Feng is very sure

"This is how to do ah?", Chu Chu was anxious.

"By the way, let's call the city lord now and tell him that Lin Jianhao is here and may rob the prison, and ask him to quickly transfer the Lin family members... I have sister Xixi's phone number, I will call her now!"

Chu Chu anxiously took out her mobile phone.

"neat! can not fight!", Qin Feng quickly stopped

"Uh... why?", Chu Chu looked puzzled.

"You will harm the city lord!"

"Well....", Chu Chu looked confused.

"Do you know who those two people are? They were able to kill seven five-star experts in a row, one of whom was a late-stage five-star. If the city lord stops it, he will definitely die!"

"Even if the city lord transfers the Lin family's children, they will go directly to the city lord's mansion and they will die just the same. The Lord of Shangguan City treats us well, we cannot harm him! It's best if he doesn't know anything!"

Qin Feng said these words calmly.

Chu Chu was immediately shocked and broke into a cold sweat.

Yes!

Why didn't she think of this?

Shangguan City Lord was only in the early stage of five-star, and he was definitely not the opponent of those two people.

By then, not only the City Lord Will die, maybe Sister Xixi will die too

"Brother, what should we do? Do you want to pretend that you don't know anything and let them rescue the Lin family?"

The little girl is anxious.

She doesn't want the Lin family to be rescued.

In that case, there will be endless revenge in the future.

Qin Feng sneered:"How is that possible?! Not only could the Lin family not be rescued by them, but Lin Jianhao also had to stay. This time is a good opportunity to kill Lin Jianhao. If you miss this time, you don't know when we will see you again!"

"Brother, you don't want to meet them, do you? The two guys next to Lin Jianhao seem to be very powerful!", Chu Chu was worried.

"No need to meet, I have a solution. Little girl, I need your cooperation next time!"

"Um!"

Qin Feng quickly explained to Chu Chu.

Then, the brother and sister quickly changed into night clothes, put on masks, and left together.

After leaving the mansion, the two went their separate ways.

Qin Feng used the ice concealment technique, Sneak directly to the prison where the children of the Lin family are imprisoned.

This time, he not only wants to prevent the Lin family from rescuing people, but also designs to kill Lin Jianhao.

At the same time, in the villa area, Qin Feng's villa.

Lin Jianhao and the other three have carefully searched the villa. Once again, in addition to finding many hidden cameras, not even half a person was seen, let alone Qin Feng.

"We were fooled!"

In the dark night, the piano player's voice was very soft

"Ha~! That guy is very cunning!", the Yaodao ruffian smiled and raised the corners of his mouth.

Lin Jianhao's face darkened.

In the past two days, there have been rumors that Qin Feng was seriously injured and was recuperating in the villa. There was also a mecha unit guarding the villa outside.

It took a long time. , all this is a trap.

This time, they became passive

"Musician, what should I do if I can't find that boy?" Yao Dao held a cigarette out of boredom.

Lin Jianhao suddenly raised his head: "You two, we are all here, so don't go back empty-handed, help me save my tribe!"

Yao Dao held his cigarette butt sideways and looked at the handsome young man beside him.

The piano master looked out the window at the night, which was quiet and cold.

After a moment, he whispered: "Let's go! Help! It's not bad to add some chaos to Yunyang City!"

Lin Jianhao was overjoyed.

He quickly stepped forward to lead the way.

The group quickly disappeared into the vast night..

## Chapter 122

But on the other side, Qin Feng rushed to the prison area in just ten minutes.

He knocked out all the prison guards along the way.

This is to protect them.

Otherwise, when Lin Jianhao and others arrive, these prison guards may die.

It didn't take long for Qin Feng to find the cell where the Lin family's children were imprisoned.

Stepping into the damp and musty cell, Qin Feng looked around at the situation inside.

There are more than thirty children of the Lin family.

They were all injected with elemental blockers. For a short period of time, they were unable to sense the power of the elements. At the same time, their hands and feet were shackled with titanium actinium.

One end of the shackles is also connected to a high-voltage electric shock device. As long as they struggle, they will be shocked by high-voltage electric shocks, causing them to lose consciousness instantly.

For these elemental masters and physical masters, this method can only be used.

Qin Feng's footsteps alarmed the Lin family.

The disciples of the Lin family raised their heads and looked at the masked man in black in front of them in shock, a little confused.

In the crowd, Lin Tianyang seemed to have thought of something, and said with surprise on his face: "Friend, are you here to save me?"

As soon as these words came out, all the children of the Lin family were delighted. yes!

If he wasn't here to save them, why would this masked man come here in the middle of the night?

He even knocked out the prison guard at the door of the cell.

At that moment, the Lin family shook all the sleeping disciples awake.

"Friends, help us cut off the shackles!", Lin Tianyang urged anxiously.

Bang~!

Qin Feng knocked Lin Tianyang unconscious with a slap, and even knocked out all the teeth in his mouth.

The Lin family was instantly petrified!

"You...who are you?!", Lin Xue questioned.

Bang~!

Lin Xue was also slapped and knocked unconscious.

The Lin family was completely confused.

"You...how do you hit someone!"

"Your Majesty to the end....."

Snap~! Snap~! Bang~!

There was a loud crackling sound.

Qin Feng knocked out all the Lin family members in a moment.

Next, he quickly took out a mobile phone and hid it on Lin Xue.

Then, he began to break all the hand and leg bones of the Lin family's children.

Many people woke up in pain and were knocked unconscious again.

Qin Feng also thought about killing these Lin family children directly and finishing them off once and for all.

But this will have an impact on Shangguan Yunyang, and he will be deemed unfavorable in supervision.

Another point is that it will completely stimulate Lin Jianhao and make him do some crazy things, which will not be conducive to his plot to kill Lin Jianhao.

After doing that, Qin Feng took out the tape he had prepared in advance, blocked Lin Tianyang's mouth, cut off his shackles, put a sack on him, and took him away.

If what he expected was true, the people Lin Jianhao wanted to save the most were Lin Tianyang and Lin Xue.

After leaving the prison, Qin Feng will soon arrive at a remote alley.

Late at night, the alleys are empty.

Suddenly, a small black shadow emerged from the depths of the alley.

"elder brother! Ok?", the petite black shadow is Chu Chu

"In the sack! Follow the plan!"

Qin Feng hurriedly threw Lin Tianyang to Chu Chu and left.

Chu Chu picked up the sack and quietly sneaked out of the city.

Now that her strength is infinitely close to the early stage of the two-star stage, she will have no problem carrying someone.

Ten minutes later, Qin Feng He returned to the prison and used ice concealment to hide.

Instead of entering the prison again, he went to the top of a building, took out a night vision binoculars, and monitored them from a distance. It did n't take long before three people appeared near the prison. The three figures were none other than Lin Jianhao and the others.

The three were a little surprised when they saw the prison guard knocked unconscious at the door.

Then, the three entered the prison.

Qin Feng was waiting for the three of them to come out in the distance.

At the same time, the three of Lin Jianhao entered. After that, he quickly found the cell where the children of the Lin family were imprisoned.

In the cell, Lin Jianhao saw a room full of fainted clan members and felt something was wrong.

"Xueer, wake up!"

He quickly stepped forward and shook Lin Xue awake.

"Brother Hao~! Ouch~! It hurts~! it hurts!", Lin Xue's face was filled with pain.

"Xue'er, what's wrong with you?" Lin Jianhao felt distressed

"Brother Hao, the bones in my hands and legs were broken!", Lin Xue's forehead was covered with cold sweat.

Lin Jianhao was shocked and angry:"Who did it? Shangguan Yunyang?"

"not him! A mysterious man in black just arrived. He knocked Tianyang unconscious and then knocked me unconscious. After a while, he broke my hands and feet again..."

Lin Xue had tears in her eyes, feeling aggrieved.

Lin Jianhao was stunned.

Yaodao and the piano master also looked at each other, and there was indeed a problem!

"Lin Jianhao, if you want to save someone, do it quickly!", Yaodao still had a cigarette in his mouth.

"good!"

Lin Jianhao quickly cut off the shackles of the tribesmen and woke them up.

But the next moment, he was dumbfounded.

The legs and feet of these tribesmen were all broken.

How to save them?

He couldn't save the three tribesmen by himself. More than ten people carried them all away.

The demon sword and the piano master could not help but frown.

"Lin Jianhao, let's go! These people can't be saved!", Yaodao blew out a smoke ring.

He is really addicted to cigarettes.

"You two, help me!" Lin Jianhao was anxious.

"We don't want to be burdened.", Yaodao smiled mischievously.

"I'll carry it myself!"

"It's up to you! How much can you carry?"

Lin Jianhao was stunned.

He could only take away two people at most, one in each hand.

Any more would definitely affect the mission of Yaodao and the two of them, and that is not allowed.

"Have you thought about it?", the corners of Yaodao's mouth raised slightly.

"I've thought about it!"

Lin Jianhao made a decision instantly.

He wanted to take away Lin Xue and Lin Tianyang, and no one else could control them.

"Huh! Where is Tianyang?" Lin Jianhao suddenly found that his son was not in the cell.

Lin Xue was startled and quickly looked at the place where Lin Tianyang was before. The shackles there had long been cut off.

She had been knocked unconscious before, and Qin Feng robbed Lin Tianyang. She did not see. At this moment, she thought about it, and her face changed drastically: "Brother Hao, Tianyang may have been kidnapped by a masked man!"

"What?!" Lin Jianhao was shocked

"interesting!", the piano master rarely spoke, his voice was very soft.

Demon Sword ruffian: "That masked man is so cunning. He actually used this method to prevent us from saving people. Do you think this guy could be Qin Feng?"

Lin Jianhao suddenly realized: "It must be him!"

"Let's go! He will come to us!", the piano master took the lead and walked out of the cell.

Yaodao glanced at Lin Jianhao and followed him.

Lin Jianhao couldn't care about that much, so he only carried Lin Xue out of the prison, ignoring the wailing of the tribesmen.

After a while, the three of them came out. Entered the prison.

Qin Feng monitored this scene from a distance through the night vision telescope.

When he saw Lin Xue in Lin Jianhao's hand, a smile appeared on the corner of his mouth. The plan went smoothly.

At that moment, he put away the telescope and followed quietly..

Not long after, Lin Jianhao and the others left Yunyang City.

Qin Feng also followed them out of the city..

## Chapter 123

An hour later, in a remote woods outside the city.

Lin Jianhao and the other three stopped.

The violinist was hanging on the top of the tree, overlooking the surroundings, as if he was looking for something.

Lin Jianhao is setting Lin Xue's bones to heal his injuries.

Unfortunately, Qin Feng's attack was very serious, and the injury could only be treated with first aid.

Even though Lin Xue is an elementalist and has excellent physical fitness, this injury cannot be healed within a few months.

"Luthier, have you found anything?"

Yao Dao sat under the tree root with a cigarette butt in his mouth.

The piano master shook his head slightly and said nothing.

In the distance, Qin Feng used night vision goggles to watch silently.

He did not dare to get too close.

The young man with a flat head and a white coat were both masters..At this moment, the young man in white is standing on the top of the tree, obviously looking for traces of himself, and obviously the other party has also guessed.

He has the ice concealment technique, and with such a long distance, he has no worry about being discovered.

Qin Feng feels that he is almost there. He took out his mobile phone and sent a text message instruction to Chu Chu.

After a moment, Lin Xue's mobile phone vibrated.

Lin Jianhao and others were stunned.

Lin Xue was even more surprised. How could she have a mobile phone on her body?

When she was arrested , all the belongings on her body were confiscated.

Of course she didn't know that Qin Feng had hidden this phone on her.

At that moment, Lin Xue took out the phone from her body

"This...isn't this Third Uncle's mobile phone?", Lin Xue was surprised.

She was very familiar with Lin Zhongyue's mobile phone.

"I come!" Lin Jianhao took the phone directly.

The call from the other party was a video call.

The call was connected.

In the video, Lin Tianyang's head emerged from the sack and he looked around with fear.

When he saw Lin Jianhao in the video, he was pleasantly surprised. Jiaojia:"Dad, save....."

Snap~!

A small hand slapped him unconscious.

Lin Jianhao was furious:"Who are you?! Let my son go! Otherwise, I will....."

Click~!

The video is immediately interrupted.

Lin Jianhao was confused.

Yaodao stood up and walked over.

The violinist also looked over in surprise.

At this time, the phone vibrated and a text message was sent.

The cell phone that sent the message was actually Lin Dao's.

Lin Jianhao quickly clicked on

"Lin Jianhao, if you want to save your son, come here to see me alone. If you don't show up for more than an hour, you will only see your son's body! Lin

Jianhao's expression changed drastically.

Immediately, he raised his head and said, "It must be Qin Feng's fault." He killed my third uncle and my eldest uncle, so he has their cell phones."

"Ah! interesting!" Yao Dao threw away the cigarette butt in his hand.

It seems that the main character has appeared.

"Sure enough, I found it.", the violinist floated down from the top of the tree

"Brother Hao, why did Qin Feng let you go there alone? Lin

Xue seemed to be paralyzed, leaning against the root of the tree.

Lin Jianhao sneered: "He wants to kill me!"

Lin Xue was stunned: "Just him?" He is only three-star, but you are a four-star expert!"

In Lin Xue's view, the most terrifying thing about Qin Feng is his cunning and cunning, not his strength.

"What if we add Zhou Changtong?", Lin Jianhao sneered.

Lin Xue was shocked:"Zhou Changtong is really colluding with Qin Feng?"

"It should be so! Otherwise, could Qin Feng kill his uncle and fourth uncle by himself?"

Lin Jianhao's eyes showed sorrow.

Lin Xue suddenly realized:"So, where are Zhou Changtong and Qin Feng lying in ambush, just waiting for you to pass by?"

Lin Jianhao sneered and said nothing.

Yaodao and Qinshi looked at each other and nodded. They also felt the same.

"You two, what should we do? How about I go there alone and kill them both!", Lin Jianhao looked at the two people

"You underestimate Zhou Changtong! Yaofeng raised the corners of his mouth in a ruffian manner,"That guy's real strength is three-star perfection, and he also knows how to control beasts." If you go alone, you may never come back!

Lin Jianhao was surprised:"Is Zhou Changtong so strong?" What to do?"

"Call him and ask him where he is?"

"good!"

Lin Jianhao quickly dialed the phone, but the person directly refused to answer.

He had to send another text message to ask for the address.

Soon, the phone vibrated, and a text message came back.

"Don't ask for the address! Hold your phone and follow my instructions, I will let you slowly walk to your destination! Remember, you can only come here alone. If you bring anyone else, your son will definitely die!"

Lin Jianhao and others frowned.

This guy is so cunning!

"what to do?" Lin Jianhao looked at Yaodao and Yaodao.

Yaodao smiled and said:"Do as he said, we will follow you secretly"

"What about my cousin?"

Lin Jianhao will not leave Lin Xue alone.

Now that Lin Xue can't move, any ferocious beast can kill her.

What's more, this is a wild place at night, and ferocious beasts often come and go.

"Yaodao, you stay and look after Lin Xue, I'll come over!", the violinist's voice was very cold

"OK!", Yaodao shrugged indifferently.

In fact, the piano master was better at hiding his aura, so it was more suitable for him to follow him.

Lin Jianhao was overjoyed.

The piano master was stronger than Yaodao.

With him following, Qin Feng and Zhou Changtong were doomed.

At that moment, Lin Jianhao became angry. a message passed

"I'll come right away! How do I get there?"

The other side quickly responded with a message:"Go straight south! Don't ask how far! go straight!"

Cunning guy!

Lin Jianhao muttered and set off.

The violinist hid his aura and hung far behind.

After a while, only Yaodao and Lin Xue were left in the field.

Lin Xue closed her eyes and leaned against the root of the tree. Feigning sleep.

Yaodao sat opposite, lit a cigarette out of boredom, and started smoking.

In the darkness, the flame of the cigarette butt flickered slightly.

In the distance, Qin Feng saw this scene, and his face showed joy.

Under his design, he finally The two masters were separated.

However, he did not take action.

He was waiting!

At the same time, behind a rock on a hill outside the city, Chu Chu was holding a mobile phone and was directing Lin Jianhao how to go.

Just the direction she directed, Completely opposite to the direction she was in.

In this way, Lin Jianhao was getting farther and farther away from where she and Qin Feng were.

At this time, Lin Tianyang woke up leisurely beside her.

Bang~!

Chu Chu slapped her again, and she was He fainted.

On the other side, Qin Feng waited quietly.

Unknowingly, twenty minutes passed.

Qin Feng felt that it was almost done. Even if the man in white noticed it, it would be too late to rush back for rescue.

At that moment, he quietly Sneak towards the location of the demon sword..

## Chapter 124

On the other side, the demon sword was leaning against the root of the tree, blowing smoke rings leisurely, one ring inside another, very beautiful.

Lin Xue looked at him curiously.

This man is a bit strange, always wearing sunglasses.

Shouldn't sunglasses be worn during the day?

Why is this man wearing sunglasses at night?

At the same time, Qin Feng had quietly sneaked close to the two of them, only twenty meters away from the demon sword.

He continued to sneak.

Eighteen meters.....fifteen meters.....Ten meters...six meters... huh?

The demon sword seemed to be aware of it, and a gleam of light flashed under his sunglasses.

Lin Xue was startled. She saw something strange about the demon sword, but she didn't notice anything strange around her!

But at this moment!

The demon sword suddenly moved.

In just an instant, thousands of golden lights burst out from his body.

A spear, like a dragon emerging from the sea, illuminated the world with dazzling five-color light. , in the blink of an eye, light and shadow intersect in the field, and countless afterimages flicker across the sky.

The night became as bright as day amid the shadows of swords and guns.

Li Xue couldn't see anything clearly.

She was completely confused, and he didn't understand what was going on.

Bang~! Bang~! Bang~! Bang~! Bang~!

Five loud bangs in a row!

The mountains and forests trembled for a kilometer in radius.

The next moment, the golden light dissipated, and the scene in the field reappeared. All the trees within a radius of dozens of meters collapsed.

The demon sword stood proudly in the center of the field, with five gleaming swords suspended behind it.

Opposite him, there was a mysterious masked man holding a bone-white spear in his hand.

Lin Xue was stunned.

Did this person make a sneak attack just now?

She didn't notice at all.

This made her gasp.

Suddenly, a gust of cold night wind blew by.

Click~! Click~!

Two extremely small sounds.

There were tiny cracks in Yaodao's sunglasses.

Snap~! Snap~!

The sunglasses automatically shattered!

Two weird eyes were revealed.

It looked like an eagle's eyes, glowing in the dark and looking weird.

Lin Xue suddenly realized, no wonder Yaodao always wore sunglasses, even in the dark night.

Huh! wrong!

Suddenly, Lin Xue felt some pain in her chest.

When she looked down, she was horrified to find that her heart had been pierced.

The wound was sealed by ice.

But at this moment, the ice is melting and warm blood is flowing out.

She felt her life was draining away, her eyes gradually turned black, and her consciousness fell into darkness uncontrollably...

Plop~!

Lin Xue slowly fell to the ground.

She didn't understand until her death how she died.

The opponent took action too quickly!

Yaodao glanced at the dead Lin Xue indifferently.

Didn't care at all.

He silently looked at the man in black opposite him with a solemn expression.

The opponent's combat power and momentum are about 60,000 points.

He has 70,000 combat points.

But when the two sides fought just now, he was actually at a slight disadvantage.

He didn't even protect Lin Xue.

Qin Feng was also looking at the demon sword and was shocked.

This guy is very strong!

But his eyes are also weird

"You are strong!"

Yao Dao spoke.

He actually took out a cigarette and lit it for himself.

But his face no longer had the ruffianism in the past and became very serious.

Qin Feng did not move.

He was looking for the opponent's flaws.

This is a master, Acting rashly can easily be countered

"Do you think my eyes are weird?", the demon sword exhaled a puff of smoke

"Are you concerned about your appearance?"Qin Feng's voice was very calm.

"No! These are the eyes of the six-star monster Dragon Sky Eagle. With them, I can see many things that humans cannot see, especially when moving at high speeds....."

An evil smile formed on the corner of Yaodao's mouth.

It turns out this guy's eyes were transplanted.

Having a pair of powerful eyes is very important for those who are good at fighting.

Qin Feng suddenly discovered that this guy had some similarities with Zhou Changtong.

That is the physical changes, which are all related to monsters.

Could it be that their organization specializes in studying the human body and monsters?

"Just now, my sunglasses blocked my sight",The demon sword spit out another string of smoke rings

"I would be stronger without sunglasses!",

Yaodao smiled.

He was not convinced by the confrontation just now.

However, he was telling the truth.

Without wearing sunglasses, his fighting skills will be improved by 10% and his strength will be enhanced by another point.

"Why are you telling me this?", Qin Feng wondered

"I want to tell you! You are no better than me. If you and I fight, there will be no outcome. However, I appreciate you. How about you join us?"

Yao Dao took another puff of cigarette.

His eye transplant had some side effects, and he needed cigarettes to suppress some pain.

"This is also the first time I have seen someone who can use five elements at the same time. If you join, you will definitely be valued by the organization, and you will also get many unimaginable benefits.", Yaodao smiles

"Then kill Lin Jianhao now!"

"Can! Hand over Zhou Changtong!"

"Feel sorry! Zhou Changtong is not in my hands!"

Yaodao frowned: "I've been talking for a long time!" You are not sincere! So...."

Qin Feng suddenly broke out.

Absolutely frozen.

An area of 100 meters was instantly frozen.

The demon sword instantly turned into an ice sculpture, and thousands of golden lights burst out!

The ice exploded instantly!

The five war knives flew around, the sword energy extending across tens of meters, like a cutting machine, crushing everything in the way.

Bang~! Bang~! boom~! ...

There were constant sounds of explosions and collisions.

The scene was full of afterimages of the two people.

The demon sword's strength has indeed increased.

In the blink of an eye, the two sides fought for hundreds of rounds.

Pfft~!

It was the sound of a weapon being inserted into something.

The battle in the field came to an abrupt end, and all afterimages disappeared.

Yaodao looked at Qin Feng in front of him proudly.

The knife in his hand was inserted into Qin Feng's heart.

But the next second, he was stunned.

Qin Feng in front of him was broken.

It was actually an ice mirror.

Qin Feng's image was projected in the mirror

, and the real Qin Feng stood behind him.

Suddenly, he felt a pain in his heart.

Horried, he looked down.

A spear penetrated his heart from behind.

There was still blood on the tip of the gun.

The ice on the wound was melting and the pain was getting stronger.

He slowly looked back, his eyes full of shock. how so?

"Sometimes the eyes can be deceiving...."

Qin Feng sighed and slowly pulled out the spear, blood flowing from the wound.

Demon Sword slowly fell backwards, his eyes filled with unwillingness..

Chapter 125

Finally killed!

Qin Feng breathed a sigh of relief.

This demon sword is indeed difficult to deal with.

The man in white is probably stronger.

However, the harvest this time is very good.

Of the five swords of the Light Demon Sword, two are middle-grade Yuanwu, and the remaining three are also low-grade fine Yuanwu, with a total value of seven to eight billion.

This is quite a gain.

Qin Feng quickly cleared the battlefield and put away the bodies of Lin Xue and Yaodao.

He casually looked through Yaodao's storage ring and was pleasantly surprised to find a Jingyuan Pearl inside.

Wearing this Jingyuan Pearl for a long time will help improve your mental strength.

It's just that this improvement process is very slow, far inferior to his god-level devouring.

Qin Feng swallowed the Jing Yuan Pearl without hesitation.

His mental power has improved again, his six senses have been strengthened again, and the probability of awakening mysterious elements has increased to 40%.

The increase in mental power will also subtly improve his strength.

Qin Feng felt secretly happy.

Then, he hurriedly left the battlefield and dived in the direction Lin Jianhao left.

After walking for about ten minutes, he calculated in his mind that he was almost done and stopped.

Then, he found a hidden place, hid his figure, and sent a message to Chu Chu.....

On the other side, Chu Chu was directing Lin Jianhao on his mobile phone.

The further Lin Jianhao walked, the more he felt something was wrong.

Why does the other party keep asking him to walk in a straight line?

According to the distance he walked, he should be there by now!

The opponent cannot run further.

He questioned him several times, but Chu Chu threatened to kill Lin Tianyang if he continued to be nagging.

He just had to bite the bullet and continue walking in a straight line.

But at this moment, Chu Chu's phone vibrated and received a text message from Qin Feng.

As soon as she saw the content of the message, she felt happy.

My brother succeeded in the first step.

She was about to start the second step.

Chu Chu turned on the video recording and pointed it at Lin Tianyang.

The next second, she stabbed Lin Tianyang's heart with her sword, and blood spattered out.

Lin Tianyang was killed in a coma.

Chu Chu's hands trembled slightly.

This is her second murder.

She quickly calmed down and quickly disposed of Lin Tianyang's body.

At this time, her phone vibrated and Lin Jianhao sent a text message.

"Are you finished yet? Still want to go straight?"

Chu Chu sent the video of killing Lin Tianyang without saying a word.

Then, she sent another text message, and quickly left the place and disappeared into the vast night.

On the other side, Lin Jianhao had just finished sending the text message to question, and his cell phone He was shocked, and a short video was sent to him.

He quickly opened it and saw that the video content was actually the scene of Lin Tianyang being killed.

He was filled with grief and anger.

In the dark night, desperate roars sounded.

"Ah~! ah~~! "

Lin Jianhao's legs weakened and he fell to the ground.

Not far away, the violinist was startled and quickly ducked over.

When he got closer, he saw that Lin Jianhao's eyes were red and there were tears in the corners of his eyes.

He calmly took the phone and clicked on the video in the text message.

After a moment, he frowned slightly.

The other party actually killed Lin Tianyang.

At this moment, the phone vibrated and another text message was sent.

"Lin Xue is next! And that crew cut! You wait to collect the corpse!"

The piano master's face changed drastically.

He quickly dialed the phone and found that the phone was turned off.

"Fallen into a trap!"

The piano master dropped his cell phone and returned straight away.

He was going to rescue Yao Dao.

Lin Jianhao picked up the cell phone and looked at the text message, his face changed drastically.

No! Xue'er!

He quickly followed.

Both of them returned at full speed.

They must rescue as soon as possible..

But the violinist's speed was obviously much faster, and he immediately left Lin Jianhao behind.  
.....

At the same time, on the two people's return route.

Qin Feng used the ice concealment technique and waited quietly for the two of them to pass by.

It didn't take long for him to see the violinist coming quickly.

The speed was astonishingly fast, even faster than Five-Star Dzogchen.

Qin Feng was secretly shocked.

In the blink of an eye, the violinist passed by.

Qin Feng did not intercept and continued to wait.

After waiting for four or five minutes, Lin Jianhao showed up belatedly.

Enemies are extremely jealous when they meet.

Qin Feng rushed over quickly.

Lin Jianhao was alarmed.

But before he could react, Qin Feng escaped behind him in an instant.

A dazzling sword light illuminated the world.

Pfft~!

Blood splatters!

Qin Feng split Lin Jianhao in half with one knife.

The screams echoed through the night sky.

A gust of night wind blew by, and the thick smell of blood floated in the air.

Qin Feng breathed a sigh of relief.

This hidden danger in the Lin family has been completely eradicated!

Suddenly, he felt something in his heart and slowly raised his head.

The violinist was looking at him and walking slowly over.

In the dark night, this man was dressed in white and fluttering in the wind, with a touch of sadness on his handsome face.

"you lied to me....", the violinist sighed softly

"so what?", Qin Feng was secretly on guard.

This man's aura was more terrifying than the demon sword.

The piano master glanced at Lin Jianhao's body faintly, feeling a little depressed.

"What happened to the demon sword?", the violinist's voice was very soft

"That crew cut? He is dead!"

The piano master was shocked and looked at Qin Feng in amazement.

This guy can actually kill the demon sword!

After a moment, he shook his head with regret.

"You shouldn't have killed Yaodao. Originally, you still had a chance to live. Now, you have no chance..."

Chapter 126

"You may not know yet, but we have informed the organization about your transaction with Zhou Changtong. We originally thought you were a talented person and would be a good fit to join us. ...."

The violinist sighed and shook his head.

Qin Feng frowned:"Who told you that I had a deal with Zhou Changtong? Just based on Lin Jianhao's words?"

"No!"The piano master shook his head slightly,"Even if you have nothing to do with Zhou Changtong, we still want to recruit you. Just because you defeated a three-star master with one-star cultivation, the organization is very interested."

"Our organization loves unique talents like you. Now it seems that we still underestimated you. However, this behavior is also more suitable for joining us. such a pity! You killed the demon sword....."

The violinist felt deeply sorry.

He didn't say a word.

If he can introduce a suitable talent to the organization, he will be generously rewarded by the organization.

This time, they came to Qin Feng not only for Zhou Changtong, they were also interested in Qin Feng.

Yao Dao had the same idea, otherwise he would not have invited Qin Feng before. pity!

Qin Feng killed the demon sword.

Now regardless of whether Qin Feng is suitable to join, or whether Qin Feng and Zhou Changtong are related or not, Qin Feng must die!

This is the rule of the organization

"You cut off your own retreat....", the violinist sighed.

Qin Feng said coldly:"You are so sentimental! Even if you don't have the Demon Killing Sword, I won't join you."...."

"That's because you don't know how great our organization is! Perhaps, the strongest man in mankind will be born from our organization... We will save mankind and repel the star beasts....."

The violinist looked up at the sky with emotion on his face

"If he was really great, why would Zhou Changtong defect?"

Qin Feng smiled coldly.

He has refused to join this organization from the beginning to the end.

He has a lot of secrets. If he joins, he will definitely be studied, and maybe even sliced into pieces.

"That's it!"

The piano master sighed softly and slowly floated up. Three feet above the ground, within a radius of a thousand meters, the wind energy began to stir.

His aura also began to slowly increase, and in a blink of an eye he reached the level of late five-star, and his combat power aura also increased. At more than 90,000 points, the five-star perfection is not far away.

Qin Feng was secretly shocked. This guy's cultivation level is indeed a level higher than that of the demon sword, and he is a stronger wind element than the five elements elementalists.

The next second, the surroundings rise out of thin air. Breeze.

The luthier was clearly right in front of me, but his breath was completely integrated into the wind, as if he had disappeared.

Seeing him was like seeing the wind instead of a person, which was a bit strange.

At this moment, the luthier suddenly started, the winds of heaven and earth rise together.

Thousands of wind blades shoot towards Qin Feng from all directions, without any blind spots, a perfect kill!

Qin Feng moves.

He instantly escapes underground, and all the wind blade attacks fail.

Next In an instant, he rushed out from the ground behind the piano master.

Absolutely frozen!

A violent blow!

The dragon bone gun burst out with dazzling colorful divine light, cutting through the night, leaving a trace of light.

Bang~! Bang~! Bang~!

Countless winds The blade shot out, shattering the ice and filling the sky with ice shards.

The two sides fought together instantly.

The violinist was frighteningly fast, almost catching up with Liu Xing. There were only afterimages of the two people in the field.

With a muffled groan, Qin Feng was struck by a The strike flew away.

The white shadow flashed, and the violinist chased him instantly.

This time, Qin Feng was no match. He transformed violently!

Thunder and fire were intertwined, and he was extremely domineering.

Qin Feng's momentum instantly increased by 80,000 points, just reaching the threshold of the late five-star stage.

Another burst of afterimages intertwined, and both sides groaned at the same time, each retreating tens of meters.

The battle came to an abrupt end.

All the afterimages disappeared.

The two faced each other in the air, both sides looked serious.

Qin Feng was amazed in his heart.

He continued He had used his violent transformation, but he still couldn't gain the upper hand.

This guy was indeed much stronger than the demon sword.

However, as long as he fought for a while and figured out the opponent's fighting habits, he still had a chance to win.

"You are very good!"

The violinist admired softly, his expression no longer as calm as before.

With a casual move, a seven-stringed guqin with a jade-like body appeared in front of him.

"You deserve a real shot from me...."

The violinist sighed leisurely, and gently stroked the strings with his slender white fingers, as if stroking a loved one, with tenderness in his eyes.

Qin Feng frowned slightly.

This was the first time he saw someone using the guqin as a weapon.

The piano master looked up again and looked at Qin Feng with a somewhat excited look.

At this time, his ears grew rapidly and turned into a pair of long pointed ears in the blink of an eye, like the ears of some kind of monster.

Qin Feng was shocked, so weird.

Sure enough, the people in this organization always have something to do with monsters.

For a moment, the luthier's ears took shape.

He closed his eyes slightly, as if feeling something, with an expression of enjoyment on his face.

With these ears, he can hear everything.

Whether it is ultrasound or infrasound

"Did you know that everything in the world has its own vibrating sound?", the violinist smiled and opened his eyes

"Listen to the wind and listen to the sound! Listen with the wind and you will hear many wonderful vibrations. This is the magic of the world"

"It's just as magical as you can control five elements at the same time. I think the organization will be very interested in your body....."

As soon as the voice fell, the strings plucked.

Ding~!

Boom~!

The sound of the piano sounded, the heaven and the earth resonated, and an explosion occurred within a radius of hundreds of meters.

Trees, rocks, cordyceps and beasts all exploded and turned into powder.

Qin Feng's heart suddenly swelled and he felt severe pain in his heart.

All the blood and cells in his body resonated, and even his bones and bone marrow were shaking violently. His body seemed to explode in the next second.

This is actually a method of using wind energy to turn into sound waves, causing all things to resonate and explode.

Qin Feng was shaken so much that his mouth, nose, ears, and eyes were bleeding.

Hmm~!

What a strong body!

He actually failed to blow it up with one blow!

The violinist secretly praised and plucked the strings again.

Rumble~!

Explosions continued all around.

Qin Feng's whole body was shaken again, his heart swelled violently, blood vessels all over his body burst, and blood spurted out.

Damn~!

Qin Feng endured the severe pain, swallowed two demon cores, and rushed towards the piano master.

The violinist smiled.

Qin Feng's blood vessels burst. One more blow and he will die!

He gently plucked the strings again..

Chapter 127

The violinist gently plucked the strings again.

The surroundings exploded instantly.

Qin Feng's body shook violently again.

Bang~!

Qin Feng's skin cracked and blood sputtered out.

A smile appeared on the musician's lips.

He was waiting for Qin Feng to blow himself up.

But the next second, he was stunned.

Qin Feng did not blow himself up.

What's even more shocking is that Qin Feng's broken skin is growing at a speed visible to the naked eye.

How can this be!

The violinist was shocked!

This kind of healing speed cannot be achieved even with advanced skills, unless it is a super skill.

But super skills are skills that only the Seven-Star King can master!

How could Qin Feng master this?

What's more, this guy's cultivation level is only two stars.

The more the violinist thought about it, the more shocked he became.

Naturally, he didn't know that Qin Feng's swallowing skill was a divine skill, using beast core to heal wounds was comparable to advanced skills, and using demon core to heal was comparable to super skill.

At this moment, Qin Feng came to him.

The violinist was startled and started to pluck the strings.

Absolutely frozen!

It froze him in an instant.

A violent blow!

The two sides fought together again.

Afterimages intersect in the field!

The sky is full of gun shadows!

The violinist was shocked.

This guy was so seriously injured just now, how could he be healed so quickly?

This speed of repair is comparable to the regeneration technique of the Seven Star Wood Element Master.

The two sides fought dozens of rounds in a matter of seconds.

Ding~!

The sound of the piano sounds again!

This was followed by two muffled groans.

Qin Feng vomited blood and flew out.

The battle came to an abrupt end.

The violinist stood proudly.

But his breathing was a little short.

Qin Feng's fighting skills are terrible, and he gets stronger as he fights.

Even though his combat power was more than 10,000 points higher, he was suppressed and couldn't pluck the strings even once for half a day.

Although he looks relaxed and comfortable when he plucks the strings, it is actually very difficult.

The seven strings require seven fingers to be pressed at the same time, and the power of wind energy is secretly injected to form a string array.

Use another finger to pluck the strings.

In other words, for him to launch a resonance attack, at least eight fingers must operate at the same time.

Wow~!

Qin Feng spat out a mouthful of blood and got up from the ground.

There was a hollow in his chest.

That was hit by the headstock.

Qin Feng didn't care, he swallowed the two demon cores and recovered quickly from his injuries.

This scene made the violinist's eyes light up

"It turns out you relied on medicine to recover from your injuries....."

The violinist said softly, feeling relieved.

In the dark night, he couldn't see clearly what Qin Feng was eating and thought it was a pill.

"That elixir must be very precious, right? I wonder how many you have left?"

The piano master smiled faintly, with the light of victory in his eyes.

He concluded that Qin Feng must not have many elixirs.

The elixirs that can restore injuries so quickly must be extremely precious. No matter how rich and powerful the young master is, I'm afraid He didn't have many pills on his body.

As long as he used up all Qin Feng's pills, Qin Feng would definitely die.

Qin Feng was too lazy to answer the violinist's question.

His eyes fell on the violinist's fingers, and a sneer appeared at the corner of his mouth: "Your fingers seem If you can't do without the strings, does it mean that if you press one less string, you won't be able to attack?"

The violinist was shocked.

This guy is so observant.

"so what? How long do you think you can hold on?" The violinist stroked the strings lightly.

Suddenly, he flicked his finger.

Ding~!

The sound of the piano suddenly sounded!

Boom~!

It exploded at the same time in a radius of 100 meters.

But just a moment before he plucked his finger.

Qin Feng was already familiar with his attack method, and he made predictions in advance and instantly escaped several meters underground.

He had discovered that the piano master's resonance attack had a wide range of influence, but it could not affect the deep underground.

This is a loophole!

Huh?!

The violinist was stunned. His first attack was fruitless, and he even lost his target.

In the next moment, a spear rushed out from the ground and pierced his back.

The violinist was horrified and immediately dodged to avoid it.

The two sides fought again. Together.

After a while, the sound of the piano sounded.

Qin Feng escaped underneath again in advance, and the piano master's attack was ineffective again.

In a blink of an eye, the two sides fought dozens of face-to-face encounters.

Qin Feng finally found an opportunity and pierced the piano master's shoulder with a gun.

He was also struck by the piano sound. , exploded with one blow, and blood burst out all over the body.

At this moment, a black shadow appeared silently on the outside of the battlefield.

Qin Feng and the piano master sensed it at the same time.

Both of them were startled, and at the same time they moved towards the place where the black shadow was hiding. Look.

The black figure was wearing night clothes and a mask. Nothing could be seen. The only thing that could be distinguished was that it was very petite.

But as soon as Qin Feng saw those big eyes, he knew that the black figure was Chu Chu.

He quickly pretended not to know him and stared at the luthier coldly. The luthier was also confused. He didn't know whether the other party was an enemy or a friend, and what his strength was.

The other party was a little far away, beyond his attack range, and he couldn't sense it.

More importantly The important thing is that he cannot be distracted when the enemy is facing him.

On the other side, in the dark night.

Chu Chu is hiding in the dark, looking at the battlefield expressionlessly.

In fact, when she saw her brother injured, she felt heartbroken.

But she is very smart, He deliberately behaved indifferently, as if he didn't know Qin Feng, and stared at the battlefield with strange eyes, as if waiting for the fisherman to profit.

This brought invisible pressure to the piano master.

In just a moment, Qin Feng's injuries were completely recovered.

The violinist's shoulder was still bleeding, and his whole arm was a little weak.

"Do you still have medicine?", the piano master became impatient.

Qin Feng's injury has healed, but his injury cannot be recovered, which is not good for him!

"How many pills do you have?", the violinist couldn't help but ask

"you guess!", Qin Feng smiled evilly and activated instantly.

The two sides fought together again.

In the darkness, Chu Chu watched silently, but she was extremely worried in her heart.

She concentrated all her energy and stared at the two people in the field. She kept talking. He kept chanting silently: "Slow down! Slow down!"

At this moment, the field is full of the afterimages of Qin Feng and the piano master. The speed is so frightening that they have reached the level of five-star perfection.

After all, both of them have wind elements and are good at speed. With such speed, even a five-star When the strong men came in the early days, they couldn't see clearly the battle between the two.

But Chu Chu could see clearly.

At this moment, her spirit was extremely concentrated, and her sense of the mysterious elements became stronger and stronger.

In the blink of an eye, Qin Feng and the piano master were fighting. It lasted for half an hour.

During this period, Qin Feng was injured four or five times, but he recovered in a moment.

The piano master was only injured three times, but the injuries were getting worse, and his strength was declining. In the end, Qin Feng had the upper hand.

At this time, A sudden change occurred in the field.

With a shrill scream, Qin Feng cut off one of the luthier's arms with one shot.

The luthier turned around and ran away without even thinking.

Without an arm, he could not perform his special skill on the zither, and lost his last. With the confidence to recover, he might as well run away.

Qin Feng hurriedly chased him.

He must not let this person go.

Otherwise, his secret of cultivating the five elements would be exposed.

But with this pursuit, trouble came.

The piano master's speed was already bad. One step ahead of Qin Feng.

The two sides chased and escaped, and the distance gradually widened.

No!

Qin Feng was worried.

If this continues, the piano master will definitely escape.

At this critical moment, he has been hiding in the dark The Chuchu finally broke out

"slow down!"

She concentrated all her energy, as if she wanted to control the piano master.

Boom~!

Chu Chu just felt a roar in her head, as if some barrier had been blasted, like a big breakthrough.

Her eyes actually lit up with silver light strangely..The power of the mysterious element was completely awakened.

Thousands of meters away, an invisible force descended on the luthier.

The next second, Qin Feng was shocked to find that the luthier's speed had become much slower.

But the luthier himself did not notice it at all.

Master The battle was just a matter of millimeters.

Qin Feng caught up with the violinist in an instant, and there was a burst of light and shadow.

Pfft~!

Qin Feng's spear pierced the violinist's heart.

In the distance, Chu Chu saw this scene and finally breathed a sigh of relief.

Immediately, She felt weak all over and collapsed directly to the ground..

Chapter 128

The violinist looked at the spear stuck in his heart in shock, his eyes filled with disbelief.

"Are you hiding your strength?", the violinist looked up in shock.

At that moment, Qin Feng's speed suddenly doubled, and he was too late to defend himself.

Qin Feng was stunned. In his opinion, it was obvious that the violinist's speed suddenly doubled. Could it be that the violinist's speed suddenly doubled? yes.....

Qin Feng had some vague guesses in his mind.

In fact, the luthier slowed down for a split second.

He vaguely sensed a slight change between heaven and earth, but it was so subtle that he thought it was an illusion.

To put it bluntly, his six senses are still not strong enough, otherwise he would be able to sense things more clearly.

Qin Feng ignored it and slowly drew out his spear.

The violinist suddenly felt a sharp pain in his heart.

The frozen wound was dissolving and blood was flowing out.

He smiled

"Our people will come again, and you will inevitably die....."

The violinist's voice became weaker and weaker, his pupils gradually became dilated, and he slowly fell backwards.....

The violinist died, but with a smile on his face.

Qin Feng silently glanced at the corpse. The pointed ears were very eye-catching.

What kind of organization is behind this guy?

Qin Feng has no time to think about it now.

He quickly put away the body, cleaned up the battlefield, and went to find Chu Chu.

When he walked to Chu Chu's hiding place, he found that the little girl was sweating and sitting on the ground weakly.

"elder brother!"

Chu Chu pulled down her scarf and looked at Qin Feng with joy.

This time, the two of them cooperated very well and successfully solved all the troubles. She was very happy

"Chuchu, why do you look so weak?"Qin Feng looked at his sister with concern, fearing that the girl might be injured.

"Brother, I'm fine! I just helped you, do you feel it?", Chu Chu blinked her big eyes proudly.

Qin Feng smiled slightly:"As expected! Just now, I vaguely felt a mysterious power on the person nearby. It turned out to be controlled by you. So, your mysterious elemental power has awakened?"

"Well~! ", Chu Chu nodded happily

"So what kind of elemental power did you awaken?"

"Control the flow of time! I can lock onto a target and slow down his time by twice as much...."

"so smart!"Qin Feng was ecstatic.

Controlling the flow of time is definitely one of the top abilities.

"Very good! Chu Chu, if you have this ability, your strength will improve a lot...."

Qin Feng was excited.

When his sister becomes stronger, he will naturally be happy

"But I can only change one second at a time. After using it once, I feel exhausted.", Chu Chu raised her mouth helplessly.

Qin Feng smiled:"You have just awakened, and your ability is still relatively weak. When you practice to a certain level, these side effects will become smaller and smaller, and your abilities will become stronger and stronger. By the way, do you know how to exercise this ability?"

Chu Chu muttered: "I have an intuition that as long as I strengthen my sensitivity, my ability will be improved....."

Qin Feng nodded slightly.

This is consistent with what the glasses guy said back then.

The powers of mysterious elements are all manipulative, not real elements.

Their cultivation only requires strengthening their sensitivity, which is essentially different from the Five Elements Wind and Thunder.

After all, their realms are not divided into one star and two stars. No one knows how to divide them specifically.

Because humans have only just studied it.

Nowadays, people who have awakened the mysterious power are extremely rare.

According to Qin Feng's estimation, there are probably even fewer people with genius-level talents.

"Chu Chu, just follow the previous method and strengthen your sensitivity, and your ability will gradually increase. I think as long as you persist, you will be able to do more than just control the flow of time....."

"whee!! Brother, I think so too!"

Seeing Chu Chu's happy look, Qin Feng was very pleased.

He couldn't help but think that Chu Chu's mysterious power was to control the flow of time.

So what would his own mysterious power be?

This thought made him even more curious.

All in all, his earth element is about to break through two stars, and he is not far away from completing his hidden mission.

"Little girl, it's not appropriate to stay here for a long time. It's time for us to go back....."

Qin Feng looked at the time again, it was past four o'clock in the middle of the night.

If you delay a little longer, it will be dawn

"Brother, I have no strength, I want a hug....."

Chu Chu stretched out her hands and raised her mouth slightly.

This little girl started to act like a baby.

Qin Feng picked her up with a smile, carried her on his back, and left directly.

The brother and sister soon disappeared into the long night.

An hour later, the two returned to the mansion quietly.

Chu Chu finally recovered her strength.

They both took a hot shower to clean away all traces.

After finishing all this, it was almost dawn.

An hour later, Qin Feng put on clean clothes, came to the hall, and lay on the sofa refreshed.

Chu Chu came over wearing a cute pink princess dress and carrying two cups of freshly brewed hot coffee.

Put a cup on the coffee table in front of Qin Feng

"Brother, I've left out the sugar in your cup, drink it while it's hot!"

Qin Feng smiled slightly.

At home, he always took care of his daily life.

Even his clothes were washed by the little girl.

Qin Feng took a sip of hot coffee, rich and fragrant.

The coffee produced by White Tiger League is of high quality. very high

"The Lin family's troubles have been solved, but we still have other troubles..." Qin Feng put down the cup in his hand.

"What else is there to trouble with?", Chu Chu stirred the coffee with a small spoon

"The man in white said that they had passed my information to their organization. If they haven't returned yet, that organization will definitely send someone to check, and they will definitely find me. The next time someone comes, he will definitely be stronger!"

"Brother, what should I do?", Chu Chu stopped stirring, with worry in her eyes.

Qin Feng took a sip of coffee, then smiled and said:"Don't worry. It should be ten days and a half before their people arrive. By that time, we had already left Yunyang City..."

"Brother, are we leaving Yunyang City?", Chu Chu was surprised

"good! We can no longer stay in Yunyang City. If we stay any longer, we will harm the Lord of Shangguan City and Yunyang City..."

Chu Chu nodded slightly, feeling that it made sense.

This time, they were in danger.

I'm afraid that next time, the person coming from that organization will be a master of six stars or above, Yun Yangcheng can't stop it

"Brother, where are we going?"

"Go to a larger base city. In a big city, there are many masters. Even if that organization finds out our whereabouts, it won't dare to mess around easily."

Chu Chu smiled, brother's idea is good.

"Of course, before we leave Yunyang City, we also need to do something to help Yunyang City. After all, the Lord of Shangguan City treats us well."

"Yes! Brother, what are you going to do? Qin

Feng took a leisurely sip of coffee and then said:"In five days, there will be a grand event for the Zhucheng Martial Arts Competition." We help Yunyang City get a good ranking as a reward....."

Chu Chu's eyes lit up:"Brother, I will go with you when the time comes. My ability can help you cheat!"

"You girl....", Qin Feng pinched Chu Chu's little face,"Come on! Let's see what the harvest is tonight....."

Qin Feng smiled and took out two storage rings, which belonged to Yaodao and Qinshi..

Chapter 129

Qin Feng smiled and took out two storage rings, which belonged to Yaodao and Qinshi.

He and Chu Chu took stock.

After taking stock, they both beamed.

The harvest this time was huge, with more than 4 billion in cash alone, 5 pieces of low-grade Yuanwu, 4 pieces of medium-grade Yuanwu, a secret technique, 100 ml of Imperial Liquid (Wind), and several bank cards.....

"Brother, our harvest this time is pretty good!"

"this is for you!"

Qin Feng casually threw a note to Chu Chu.

It was the note of the demon sword, which recorded a fighting summary of how to operate multiple weapons.

Chu Chu happily put away the note.

She used two swords to fight with multiple weapons. The method was very interesting.

At this time, Qin Feng took out two more badge-like things, both made of bronze. On the front was a pattern of a nine-headed monster. Each of the monster's heads looked different. On the back of the badge, The word"Hun" is written in seal script, and there are small characters engraved below, one is the demon sword, and the other is the piano master.

"Brother, could this badge be the symbol of their organization?"

"Probably! Moreover, I suspect this is the code name of those two people." Qin Feng pointed to the small characters behind the badge.

"This is the badge of the man who uses five swords, with the word "demon sword" engraved on it. Another one uses a seven-stringed guqin, and his badge is engraved with the name of a luthier....."

"That makes sense!" Chu Chu suddenly thought of something, "Brother, both of their badges are bronze. Does that mean they are bronze-level masters? Will they have silver, gold, and diamond levels?....."

"You girl just likes to think nonsense.....this is for you! Go and refine it quickly!"

Qin Feng smiled and had an extra bottle of ice qualification enhancer (Tianpin) in his hand.

He just got more than 4 billion coins, and the total was more than 17 billion, so he directly exchanged it for a bottle of qualification enhancer

"Wow~! Brother, there it is again!"

Chu Chu was so happy, her big eyes were full of sparkling light.

"Go for it!"

"whee!! I'm going to refine it now!"

Chu Chu took the enhancer and skipped away.

After refining this bottle of enhancer, her ice talent will be upgraded to the peerless level.

Putting Chu Chu aside, Qin Feng began to digest the harvest.

He first added 100 ml The emperor's liquid (wind) was swallowed up, and the completion rate of the third star pattern of the wind system increased from 4% to 34%.

If it is normal practice, even with peerless talent, it will take about half a month to reach this level.

How many days now It was completed in minutes.

Qin Fen was very satisfied.

Then, he recycled all the low-grade Yuanwu, bank cards, and other things that were no longer needed, and actually got 21 billion.

The net worth of Yaodao and Qinshi was still very rich.

In this way , Qin Feng had more than 23 billion.

Then, he took out a long sword and watched it with admiration. The name of this sword is Tingfeng. It is both hard and tough. It is a middle-grade Yuanwu. The amplitude of its attack power is 230%, even better than the Dragon Bone Gun.

This was found in the Luthier's storage ring.

The Luthier has a wind-based secret technique called Resonance Killing.

It uses the resonance principle of the sound waves of all things to produce a killing blow.

Learn this secret technique. , requires extremely high hearing, and generally only the hearing of the seven-star strong person can reach the learning threshold.

The piano master had insufficient hearing, so he transplanted the ears of the seven-star monster, so that he could learn the secret technique.

That secret technique was also obtained by Qin Feng, His hearing is not enough and he cannot learn for the time being.

In addition, the seven-stringed guqin of the luthier is a special middle-grade Yuanwu, which can triple the amplitude of sonic attack power.

In addition, the secret technique mentioned, Resonance killing can be integrated into the sword technique, which will be miraculous in combat, and the difficulty of operation will be increased by more than ten times.

At the same time, you also need to prepare a long sword with excellent toughness.

The Tingfeng Sword belongs to this kind of weapon.

The piano master has long planned to integrate secret skills into swordsmanship, but it is a pity that he has not mastered it yet.

Otherwise, his strength will be doubled directly, and Qin Feng will have no way to survive.

Qin Feng is happy at the same time, but also full of expectations.

In the future , this Tingfeng Sword is his main weapon.

Once he learns the resonance and ultimate kill, and then integrates it into the sword technique, his strength will definitely be greatly improved. After counting this, Qin Feng went to the secret training room with satisfaction.

Five days later , the Zhucheng Martial Arts Competition began, and he wanted to improve his strength.

Time passed quickly.

In the blink of an eye, two days passed.

There were only three days left before the Zhucheng Martial Arts Competition.

In these two days, Yunyang City Something also happened.

First, the prison was robbed, and Lin Xue and Lin Tianyang were lost.

Afterwards, Shangguan Yunyang was surprised after hearing the Lin family's argument.

The person who rescued Lin Xue was Lin Jianhao.

But the person who robbed Lin Tianyang was a The mysterious man in black.

The man in black also knocked out all the guards and broke the legs and feet of the Lin family.

Obviously, he and Lin Jianhao were not on the same page.

As for what happened next, no one knows.

Lin Xue and Lin Tianyang The matter of loss was left alone.

The children of the Lin family were also picked up by the alliance and escorted back to the headquarters for trial.

In addition, Chu Chu refined the qualification enhancer in the past two days, and her talent was raised to the peerless level.

The little girl was very happy.

She spent all the money she had on buying Ice Spirit Pill, and two days later, she finally broke through to the middle stage of one star.

Now, her strength is comparable to that of the early stage of two stars.

But if she uses the ability to control the flow of time, the two-star Even Perfect can be defeated.

On this day, inside the secret cultivation room.

Qin Feng checked the progress of his cultivation with a look of joy.

Fire Realm (Absolute): Two-Star Great Perfection (Third Star Pattern 44%)

Combat Power Index: 7 Ten thousand points

"Ha ha! All five series have two-star perfection!"

Qin Feng laughed and was in a very good mood.

Now, his combat power index has reached 70,000 points.

If he uses the violent transformation again, his combat power can reach more than 90,000 points, which is not far from the five-star perfection.

He is confident, Under six stars, you can sweep across.

Six-star Duke, Seven-star King, Eight-star King, Nine-star Emperor.

Only after reaching Six-star, in this era, can you truly be called a top master.

Qin Feng is only one step away from the top master. Far away

"Ding! Congratulations to the host for completing the hidden mission and being rewarded with the opportunity to awaken the mysterious element....."

Qin Feng was pleasantly surprised. The reward he was waiting for finally came..

## Chapter 130

"Ding! Reward an awakening stone!"

Qin Feng thought, and there was a colorful spirit stone in his hand.

Awakening Stone: After swallowing, it can trigger the awakening of the host's seventh consciousness. When the seventh consciousness awakens, the host will gain the power of its own mysterious elements.

"So this is ah!"

Qin Feng looked at the awakening stone in his hand.

People have six senses, namely eye consciousness, ear consciousness, nose consciousness, tongue consciousness, body consciousness, and consciousness. They are also called six senses.

But above the six senses, there are also profound The unpredictable seventh consciousness, also known as mana consciousness.

However, the vast majority of people are unable to awaken it throughout their lives. It turns out that once you awaken the seventh consciousness, you can acquire the power of a mysterious element.

No wonder his six senses are stronger, The probability of awakening is higher

"Ding~! The host's current awakening probability is 40%. It is recommended that the host improves its mental power and strengthens its six senses to increase the awakening probability....."

The system sent another prompt.

Qin Feng thinks it makes sense.

He finally got an awakening stone, but if he failed to awaken, he would be in big trouble.

The 40% awakening probability is still a bit low.

If you want to improve your mental power, there are two ways.

One way is to get treasures like Jing Yuan Pearl.

Another way is to break through a big realm.

Every time an elemental master breaks through a major realm, his six senses will be strengthened by one point.

Qin Feng is only one step away from breaking through to Samsung.

"Ding! It is detected that the host's five systems have reached perfection, and the two-star god level challenge is activated.....Note: This challenge is only available once...."

Qin Feng was pleasantly surprised.

The god-level challenge is finally activated, and there is another opportunity to improve.

Unfortunately, there is only one chance.

Qin Feng felt a little regretful and cherished it even more.

At this moment, he seemed to sense something and raised his head to look in the direction of the entrance of the mansion.

His six senses were extremely powerful now, and he sensed Wei Qing's arrival.

Qin Feng quickly left the secret room.....

A quarter of an hour later, in the living room.

Qin Feng received Wei Qing.

The two of them were sitting on the sofa next to the coffee table.

Chu Chu also made hot tea for the two of them.

At this moment, Wei Qing's face was filled with joy.

He came to announce the good news today.

This time, Yunyang City was successfully promoted to a third-level base city.

The base city of the Southern Alliance is divided into five levels.

Level five is the lowest and level one is the highest.

Yunyang City was previously a fourth-level city.

Now that it has been promoted to a third-level city, the alliance has rewarded a large amount of training resources.

With these training resources, the overall strength of Yunyang City's elemental masters will be greatly improved in a short period of time.

Wei Qing came here this time to distribute resources.

As the deputy city lord, Qin Feng received very generous rewards.

According to the standard, the deputy city lord's reward is: 50 ml of Emperor's Liquid (Fire), 100 Fire Spirit Pills, a mid-grade Yuanwu, and 10 billion coins.

As Qin Feng was the hero of this promotion, Shangguan Yunyang rewarded him with an additional 50 ml of Emperor Flow Serum (Fire).

Qin Feng is very satisfied with these.

The middle-grade Yuanwu reward was a fire-type long sword named Yanlong Sword, with an amplitude rate of 230%, which was better than the Dragon Bone Gun.

Qin Feng decided to use it as one of his main weapons from now on.

After all, Tingfeng Sword is a stolen item, so it's better to take it out as little as possible.

In addition, Chu Chu also received generous rewards.

She has now been promoted to 2nd Viscount.

According to the standard, the rewards obtained are: 10 Ice Spirit Pills and 500 million coins.

But as the hero of this promotion, she was awarded an additional 50 ice pills.

After all, Yunyang City's success in promotion was mainly due to the Qin Feng brothers and sisters.

Shangguan Yunyang will naturally be more generous.

The alliance is also very generous, and the resources allocated are very huge, enough to change the foundation of Yunyang City.

"Deputy City Lord Qin, Miss Chu Chu, are you satisfied with this resource allocation?", Wei Qing smiled somewhat flatteringly.

In his eyes, the Qin Feng brothers and sisters are not only the promotion heroes of Yunyang City, but also the descendants of the king, and they cannot be neglected.

"very satisfied! Brother Wei, can you replace these 100 Fire Spirit Pills with Ice Spirit Pills?"

Qin Feng pushed several bottles of pills on the table.

He wanted to exchange cultivation resources for Chu Chu.

"Uh... Deputy City Lord Qin, don't you need it yourself?"

Wei Qing was a little surprised.

Regardless of Fire Spirit Pill or Ice Spirit Pill, they are of great help to elemental masters below six stars, and most people can't get enough of them.

"I don't need it for the time being, but my sister is in short supply.....",Qin Feng took a leisurely sip of fragrant tea.

He can swallow demon cores.

It would be a waste to give these fire elixirs to him

"OK! I'll go back and change it for you.", Wei Qing readily agreed.

Chu Chu's face on the side was full of joy, and her heart was even sweeter.

Her brother was so kind to her!

Naturally, she couldn't guess that his brother was because he didn't need it.

"Brother Wei, I want to ask you for a favor!", Qin Feng smiled and put down the tea cup

"Just say it!", Wei Qing answered very readily.

"Brother Wei, can you help me get some Jingyuan beads?"Qin Feng wants to strengthen the lower six senses to increase the chance of awakening.

"Jingyuanzhu is not cheap! There are 10 billion of them on the market. Wearing them for a long time can strengthen your mental strength. However, most people only need one. If you wear a few more around you, the effect will be similar. How many do you want?"

"Yes! It would be best to get a few more. Brother, keep this 20 billion.", Qin Feng pushed the bank card that he had just rewarded.

"Brother Wei, what's your card number? I'll transfer another 10 billion to you, and you can help me get some Imperial Liquid (Fire)....."

Wei Qing smiled:"It seems that Deputy City Lord Qin is going to retreat! Okay! I will contact you in the next few days and try to get it for you within two days....."

The two completed the transfer quickly.

Wei Qing was very concerned about Qin Feng.

And Qin Feng is so trusting, he is also very happy

"By the way, Brother Wei, is there any way you can get me some?...."

Qin Feng said something again.

Wei Qing also readily agreed

"By the way, Deputy City Lord Qin, in three days, it will be the day for the Zhucheng Military Competition.....",Wei Qing smiled and took a sip of tea.

"Well, I'm already making preparations. After three days, I can just notify me directly.

Wei Qing was overjoyed:"Vice City Lord Qin, you are busy!" I'm going to help you get some resources now."

After a while, Wei Qing left in a hurry..
