

## God level 1231

### Chapter 1231

But he said that on the other side, in a secret place, in the temple hall.

All the assessors are waiting anxiously.

Counting the time, the third test should start soon...

At this moment, somewhere in a corner, Old Man Yuexia and Ancestor Liugen were whispering.

"Fellow Daoist Liugen, the third test is about to begin. Why hasn't Qin Feng'er come out yet?"

"It should be soon!"

"Hey~! I wonder how much benefit he will get from the Holy Territory this time?"

When this matter was mentioned, Old Man Yuexia sighed helplessly, feeling very unhappy.

Ancestor Liugen also smiled bitterly and said:"In such a huge Xuanwu Holy Land, I estimate that there are no less than a thousand opportunities!"

"So many?", Old Man Yuexia frowned.

Ancestor Liugen sighed:"Old friend, don't forget, not only the players on the third level were forcibly passed out, but also the players on the first and second levels. was forcibly transmitted....."

"In other words, all three levels of the Holy Realm fell into Qin Feng's hands. Adding together these three levels of opportunities, there are at least a thousand opportunities, right?!"

Old man Yuexia nodded slightly:"After your analysis, there are indeed a thousand ways. However, the holy land is not small, and various places of opportunity are well hidden. Qin Feng and others can only stay in the holy land for five days."

"Even if the Qin Feng family occupied the Holy Land, they would not be able to find all the opportunities in such a short period of time!

Ancestor Liugen nodded repeatedly:"That's the truth!" Five days is too short. Even if Qin Feng and others try their best, it will be difficult to find all the opportunities. It would be good for them to find a few hundred opportunities at most."

The old man under the moon sighed:"Hey! Hundreds of opportunities are not many! In short, Qin Feng made a lot of money this time! The corners of Ancestor Liugen

's lips curled up slightly, and he sneered:"Old friend, do you think they still have time to digest the opportunity?" I'm afraid they spend all their time looking for opportunities. Even if they get those hundreds of opportunities, they won't have time to refine them."

Hearing this, the old man Yuexia's eyes lit up.

"right! They must not have time to refine it, because the third test is about to begin. In this way, even if Qin Feng and others get hundreds of opportunities, it will be of no use"

"Who knows what will happen in the next assessment? Maybe they have the opportunity but no life to enjoy it....."

As soon as these words came out, the two looked at each other with self-righteous smiles.

They didn't know that Qin Feng had not hundreds of opportunities, but thousands.

Not only that, Qin Feng has a map and a pass, but also has the help of a mysterious space that can flow at a hundred times the speed of time.

Not only did he take away all the opportunities, but he also digested most of them, which greatly increased the strength of the Divine Alliance.....

"Fellow Daoist Liugen, is it possible that Qin Feng asked his subordinates to look for opportunities while he was digesting those opportunities? If so, his strength will be improved again this time! That guy's combat power has reached 150 million poles. If it increases further,....."

Speaking of this, Old Man Yuexia's voice was very low, and there was some worry in his eyes.

He was really scared by Qin Feng.

If that guy doesn't see you for a few days, his strength will skyrocket. Who knows if he will be stronger again when he comes out this time...

The Six Root Ancestors don't believe in evil at all.

He said with disdain:"Old friend, don't worry! It's only five days. Even if Qin Feng uses all the digestion opportunities, the improvement in strength will be extremely limited. It's hard to say whether he can increase his combat power to 160 million....."

The old man under the moon was still worried:"What I am worried about now is that the holy blood of creation of Emperor Mang Witch Ancestor fell into his hands. If he refines that drop of holy blood, I am afraid that his combat power will be greatly reduced.".....Why!"

Ancestor Liugen sneered:"Haha! Fellow Taoist Yuexia, don't keep increasing Qin Feng's prestige and destroying your own ambition. I have observed before that if you want to refine that drop of holy blood, you need at least the physical strength of the Saint Ancestor to be in the middle stage or above."

"Does Qin Feng have such a strong physical body? In my opinion, his physical strength may be better than that of the Dimang Witch Ancestor, but it definitely has not reached the level of the Holy Ancestor in the middle stage, so he should not be able to refine it....."

Ancestor Liugen analyzed it self-righteously.

He didn't know that Qin Feng's body had not only reached the middle stage of the Saint Ancestor, but was also the limit of the middle stage of the Saint Ancestor, and was just a hair away from the late Saint Ancestor stage.

In the same way, the Six Root Ancestors also far underestimated the energy of that drop of holy blood.

In short, Patriarch Liugen underestimated Qin Feng!

At this time, he said again: "Fellow Taoist Yuexia, even if Qin Feng refines the holy blood, his combat power will only reach about 200 million poles at most. With such strength, with the combined power of all our forces, we can still kill Kill him!"

Hearing this, the old man Yuexia sighed: "I hope so!"

By now, he not only hated Qin Feng for killing his son, but also felt fear.

If Qin Feng did not die, he would always worry about his own life.

With Qin Feng's potential and talent, he will definitely have the ability to kill him in the future.

He naturally hopes that Qin Feng will die soon and be done with it!

Ancestor Liugen saw the thoughts of the old man Yuexia and continued to comfort him: "Friend Yuexia, don't worry too much. Not to mention that Qin Feng doesn't have 200 million combat power. Even if he has 400 million combat power, we can all deal with him. Him!"

Old Man Yuexia was shocked: "No way?! That's 400 million combat power! It's close to the half-step Saint Ancestor....."

Ancestor Liugen smiled mysteriously: "Old Man Yuexia, don't underestimate the strength of the three sects outside the territory. The opening of the secret land this time is different from the past. The three sects... Hehe!!"

At the end, Ancestor Liugen said The smile is more mysterious.

The old man under the moon suddenly understood.

He almost forgot that the true identity of the Liugen Patriarch was a disciple of the Pure Sect from outside the territory.

Since the ancestor of Liugen said so, I think the three sects outside the territory all have extremely powerful trump cards, and they are not afraid of even the strong man with 400 million combat power.....

At this thought, Old Man Yuexia's eyes suddenly shone with surprise.

Later, he asked curiously: "Fellow Taoist Liugen, you said that the opening of the secret land this time will be unusual. How do you say this?"

"Liugen's face changed slightly, and he was secretly annoyed that he almost let it slip.

At that moment, he suddenly He said with a serious face: "Old friend, don't mention this matter too much, we will find out later. You just need to remember that even if Qin Feng has 400 million combat power, we can still control him. Unless his strength really reaches the threshold of the Half-Step Saint Ancestor...."

The old man Yuexia understood the idea and nodded quickly: "I understand!"

Then he said with a happy face: "So, Qin Feng is dead this time. No matter how much he jumps around, he will never be able to survive in five days." Within, the strength will be raised to the threshold of the Half-Step Saint Ancestor..."

Liugen Ancestor also smiled knowingly: "So, I ask you not to worry, Qin Feng will not live long. ...."

"yes! I was too worried before!"

The old man under the moon stroked his beard and smiled, feeling more relaxed than ever before.

He didn't know that Qin Feng's combat power had reached 360 million. If he temporarily fused with the Holy Blood of Creation, his combat power would exceed 400 million. The ultimate number is expected to reach 430 million.

In other words, Qin Feng has the Holy Blood of Creation as a trump card. As long as he wants, he can raise his strength to the half-step Saint Ancestor level at any time.

This is something that the three foreign sects would never have imagined.

Yue Both Old Man Xia and Ancestor Liugen far underestimated Qin Feng.....

Not only that, the strength of Qin Feng's two clones has also skyrocketed, and each one is stronger than the six ancestors.

And his third clone is also condensing.....

Having said that, Qin Feng's true strength is extremely terrifying!

At this moment, Amitabha came over

"I've met my senior brother!"

Ancestor Liugen hurriedly stepped forward to greet him.

"Junior brother, what are you talking about?" Amitabha asked casually.

Ancestor Liugen smiled and said: "Qin Feng's son has not shown up for many days. Fellow Taoist Yuexia is worried that he will get many opportunities and his strength will greatly increase, so we will not be able to get rid of him!"

Amitabha said with a smile on his face: "Haha!! Fellow Taoist, worry too much! In just five days, Qin Feng's strength will not improve much. Don't worry, he is not far from death."

Old man Yuexia let out a long sigh of relief: "That's good! By the way, not only Qin Feng can't be retained, but Qin Lei and Qin Mu can't be retained as well, and everyone from top to bottom of the Divine Alliance can't be retained. We either don't take action or we eradicate it!"

Amitabha smiled and nodded: "Haha!! Except for the three brothers Qin Feng, the rest of the Shenmen League are all ants! Of course, it is also necessary to eliminate the roots. However, it may be difficult to eradicate all...."

The old man under the moon was stunned: "Fellow Taoist, what do you mean?....."

Amitabha said with a smile: "Fellow Taoist, have you forgotten that there are more than 1,300 children of the Shenmen League, and among them there are about 1,000 people in the first level. And the third assessment is about to begin, and there are only 10,000 places to pass. Even if you are in the second realm, you may not be able to pass the test."

"How many people do you think can pass the first level of about a thousand in the League of Gods? As long as these people fail to pass the test, they will be sent out of the secret place, and we will have no way to kill them....."

The old man under the moon suddenly understood and said with a smile: "My fellow Taoist is still thoughtful! I want you to see it. It's good that we can pass three hundred people this time. As for the thousand first-level people, I'm afraid no one can pass it....."

As soon as he said these words, white lights suddenly lit up one after another in the hall... shua~! Huh~! Huh~!

Then, one figure after another appeared out of thin air

"They are from the Divine Alliance!"

"The people from the Divine Alliance finally came out!"

"We have been waiting for these nasty guys for a long time..."

In just a moment, more than 1,300 people from the Shen League showed up and gathered in a corner of the square.

The players looked at them coldly, with some resentment in their expressions.....

But the next second, there was an exclamation from the crowd.....

"Oh My God! Look! Their cultivation levels are all above the second level....."

At this reminder, everyone quickly looked at it carefully and left.

Seeing this, everyone was dumbfounded and opened their mouths.....

The cultivation bases of all the members of the Divine Alliance are really at the second level or above, and not a single one is at the first level...

In the corner, Amitabha, the Six Root Ancestors, and Old Man Yuexia looked even more embarrassed.

They were laughing just now that the Divine Alliance would be eliminated by a thousand people this time, but in the blink of an eye they were slapped in the face.....

The children of the Divine Alliance are the descendants of the ancient God Lord, and are taken care of by the will of the secret land. As long as their cultivation reaches the second level, it is not difficult to pass the next test!

After being embarrassed, the three ancestors of Liugen seemed to have thought of something. They looked at each other and their expressions gradually became gloomy again...

Chapter 1232

After being embarrassed, the three ancestors of Liugen seemed to have thought of something. They looked at each other and their expressions gradually became gloomy again.....

At this moment, there was also a low discussion in the hall.

"Only five days have passed, and the cultivation level of the children of the Divine Alliance has all reached the second level or above. It is incredible!"

"yes! I remember that a thousand of them were still in the first realm before, but this time they all came out and were above the second realm.....Why~! "

"Things are not going well this time! The children of the Divine Alliance are secretly biased, and the next assessment will be very beneficial to them!"

"What do you mean, their people can basically pass the test? This is more than 1,300 people!"

"Don't you think it's possible?"

"This...hey! As a result, the Divine Alliance will occupy more than a thousand places, and more people will be eliminated!"

"exactly! In short, the benefits they received in the holy territory were too great! Otherwise, it would be impossible to have such a big breakthrough in five days...."

"Damn it! They benefited and their strength increased, but it was us who suffered!"

"snort! If it weren't for Qin Feng's mischief, we would also share in those benefits!"

"that is! The League of Gods has taken away our benefits!"

"How abominable!"

"Wait! The Shenmeng is selfish and will not end well!"

Many people in the crowd were sour. The more they discussed, the more resentful they became. Everyone looked at the Divine Alliance with eyes full of hatred.

Especially those in the first realm of eternity.

They had originally put all their hopes. They were placed in the opportunity of the Holy Realm, but the opportunity was ruined by the Divine Alliance and their hope was cut off.

This made them full of hatred towards Qin Feng and the children of the Divine Alliance...

In the corner, Old Man Yuexia, Ancestor Liugen, and Lord Amitabha whisper

"You two, the Divine Alliance has gained a lot of benefits this time!"

Old man Yuexia's face was gloomy, and he felt very unhappy.

Ancestor Liugen nodded slightly:"Yes! The cultivation level of the whole divine alliance has increased greatly, and even Qin Feng has broken through to the extremely holy realm....."

As soon as he said these words, the old man Yuexia was shocked and quickly looked at Qin Feng in the crowd. He was indeed in the holy realm.

His heart suddenly sank.....

Now that things have happened, Qin Feng is too lazy to hide his cultivation and deliberately lets go of the realm information.....

Seemingly sensing the thoughts of the old man Yuexia, Amitabha hurriedly comforted him.

"Fellow Taoist Yuexia, you don't really think that Qin Feng's son is in the extremely holy realm, do you?"

"Um, fellow Taoist, what do you mean?"

Amitabha smiled coldly:"Haha! Fellow Taoist, have you ever thought about it? Qin Feng's previous cultivation level was at the second level, and the strength he could display was at the peak limit. Do you think a second level person would really be that strong?"

"this.....I think it's impossible! But....."

Old Man Yuexia thought for a while, then shook his head slightly, but couldn't tell the reason.

Amitabha sneered: "Before, I also thought it was strange. Now think about it, we should have been deceived by Qin Feng. Perhaps, his cultivation is the peak of the Quasi-Saint Ancestor, but he just used secret techniques to cover up his cultivation and performance. Exit the second territory"

"Now, he is playing another trick, showing his cultivation to the third level, probably because he wants us to be afraid of him. Because he knows that what he has done has caused public outrage, and it is a lie to say that he is not afraid!

The old man Yuexia's eyes lit up: "Fellow Taoist really woke up the dreamer with his words." No matter how evil a second realm monster is, it is impossible for him to have such strength. It seems that we have been deceived by this kid.

Ancestor Liugen also echoed: "Senior brother is so right!" That guy must have been scared, so he deliberately showed his cultivation to the extreme holy realm, but his true strength shouldn't have changed much....."

Amitabha said coldly: "Even if he is as cunning as a fox, it will not change his destiny. Just wait and see, he won't be able to jump around for long....."

As soon as he said this, Patriarch Liugen and Old Man Yuexia both showed knowing smiles.....

At this moment, Taiqing, Mohou, Luoja, Ancestor Hunji, Ancestor Randeng and other giants also looked over.

At this moment, the lips of Amitabha and the three of them moved slightly, and they began to communicate with several giants through voice transmission.....

After a moment, the faces of the giants showed a look of understanding, and they looked at Qin Feng again, with a hint of ridicule.....

Obviously, they also believed Amitabha's analysis and were quite disdainful of Qin Feng's changes in cultivation...

Of course, they were also more determined to get rid of Qin Feng!

This guy is so mysterious that they still can't figure out the details and feel uneasy!

But on the other side, as soon as Qin Feng and others arrived, they felt tens of thousands of eyes, all of which were evil.

In the crowd, various discussions continued.

Although the discussions were small, they were clearly heard in the ears of the people of the Divine Alliance, and some of them were ridiculing and cursing... When the people of the Divine Alliance heard this, they were very unhappy and stared around, thinking that those annoying guys were They will shut up.

But those assessors obviously didn't take the people from the Divine Alliance seriously. Not only did they not shut up, but they spoke even more harshly.....

The leaders of these forces have already formed an alliance and will eliminate the Divine Alliance in the next assessment.....

Their total number is about 17,000 or 8,000, which is more than ten times that of the children of the Divine Alliance. They also have many top giants as their backers. It can be said that there is strength in numbers, so naturally they do not take the Divine Alliance seriously.

Even, in the eyes of some people, few of the children of the Shenmen League will be able to get out alive...

At this moment, the two sides looked at each other, mixed with sarcasm in their words, and the atmosphere became a little tense...

Among the crowd, Hongjun saw This scene couldn't help but whisper in Qin Feng's ear

"Dad, the atmosphere is wrong! These guys are full of hostility towards us! Qin Feng said coldly:"

As a father, I have already expected this!" They suffered a big loss and were naturally unhappy, but so what? At least in this square, they don't dare to take action!"

"Dad is right! The kid is worried that they will join forces to deal with us in the next adventure....."

Qin Feng nodded slightly:"They will definitely do that. However, if the soldiers come to block it, and the water comes to cover it, it's not necessarily who will deal with whom at that time! Regardless of all that, we should cope with the next assessment well, which is the top priority"

"As long as we get more Nine Heavens Jade Dew rewards in the next assessment, it will be of great help to you and me in improving our strength. As long as we are stronger, we don't have to worry about their alliance. Hongjun's eyes lit up:"

Dad is right!" In this assessment, the child will definitely strive to enter the top ten! Qin Feng smiled slightly:"

As a father, I look forward to your performance!""

As soon as he spoke, he turned his head and looked in a certain direction, with a strange look on his face.

Just now, the will of the secret earth teleported everyone in the Divine Alliance back to the hall, except for his purple and gold clone. Come here.

At this moment, he clearly sensed that his purple-gold clone was still staying in that mysterious space.

Perhaps, the purple-gold clone did not have the clearance token that only examiners have, so the will of the secret place decided that he was not an examiner, so there was no transmission. Come out.

In this way, a wonderful thing happens.

That is, the Zijin clone can continue to stay in the space to practice and enjoy a hundred times the flow of time.

Another advantage is that this secret place prohibits any space teleportation.

Qin Feng and others After being passed out, you cannot freely enter and exit the Xuanwu Holy Realm. Only after you leave the secret place, there is no such space restriction.

However, the space summoning between Qin Feng and the clone is extremely strong, and it seems that it can break through the space restrictions of the secret realm.

By then , after the purple gold clone has finished training, he can directly summon it to his side.

In the same way, the purple gold clone should also be able to summon him to that mysterious space.....

At this thought, Qin Feng's mouth curled up slightly, revealing a mysterious smile.

At this moment, the sky above the hall shook, and the breath of the secret will slowly descended.

Then, an ethereal voice echoed

"The third assessment is about to begin....."

Chapter 1233

At this moment, the sky above the hall shook, and the breath of the secret will slowly descended.

Then, an ethereal voice echoed

"The third assessment is about to begin. This assessment will increase the rewards for passing the level....."

"For those who pass the level, the 101st to 10,000th place will be rewarded with 10 drops of Nine Heavens Jade Dew; the

11th to 100th place will be rewarded with 100 drops of Nine Heavens Jade Dew; the fourth to tenth place will be rewarded with 1,000 drops of Nine Heavens Jade Dew; the first to third place will be rewarded with 10 drops of Nine Heavens Jade Dew. The first prize is 10,000 drops of Nine Heavens Jade Dew...."

"In addition, the ranking rewards for the top ten will also be greatly improved. I hope all assessors will actively strive for them....."

As soon as this news was announced, the whole place was in an uproar....

"The rewards for clearing the level this time have been doubled!"

"yes! The rewards for clearing the previous game were only 2 drops for those who passed the level and 20 drops for those who entered the top 100. This time they are 10 drops and 100 drops, which is an increase of five times!"

"hehe! The further the assessment goes, the fewer people will be left, and the rewards will naturally be more generous....."

"The reward for passing the level has been increased by five times. Will the ranking reward also be increased by five times?"

"It should be possible! The will of the secret land has just reminded you that the ranking rewards will be greatly improved....."

"Why! I'm afraid I won't be able to pass this test. No matter how generous the reward is, what's the use?...."

In the crowd, some were happy and some were worried...

The Shenmeng side was full of joy...

They all knew that Qin Feng needed a large amount of Nine Heavens Jade Dew, and this time the rewards for passing the level were greatly increased, which was very beneficial to their Majesty.....

In the crowd, Hongjun's face was full of excitement: "Dad, the key reward this time is very generous. If all of us pass the test, we will get more than 10,000 drops of Nine Heavens Jade Dew. If more people enter the top 100, my child will enter the top ten again." , it is possible to win 20,000 drops!"

Qin Feng smiled slightly: "The rewards for the top three are the most generous. Each one is 10,000 drops. If you win them all, it will be 30,000 drops."

Jiutian Jade Dew is Qin Feng's most generous reward. Urgently needed supplies.

First of all, more than 100,000 drops are needed to condense the white tiger divine pattern.

In addition, he also has eight spiritual root seeds in his hand. If he wants to cultivate them, he will need a large amount of Nine Heavens Spiritual Dew.

At this time, Hongjun said happily again: "Dad, if you win the top three again this time, I'm afraid Old Man Yuexia and the others will be angry to death!"

Qin Feng said with a smile at the corner of his mouth: "It's hard to say! I don't know yet this time. The content of the assessment, as a father, I can't guarantee that I will get the top three....."

Before these words were finished, everyone's clearance tokens began to tremble, and new information came in.

Everyone picked up the token one after another and read the content of the message.

After a moment, everyone's faces showed a look of surprise.

That information is about the content of the third assessment, as well as precautions and details.....

The first test is physical strength.

The second test is about the strength of spiritual consciousness.

This third test is about spiritual strength...

After reading the content, some people were happy and some were sad.

Qin Feng showed a faint smile.

Hongjun also said with a happy face: "Dad, this test is very beneficial to the child. The hope of entering the top ten is greater."....."

Qin Feng smiled and said nothing.

Star Master Ziwei on the side said in confusion: "Hong'er, why do you say that? You know, the intensity of spiritual power is closely related to your cultivation. Although your overall strength is strong, your cultivation is several small realms behind those of your giants. , it is not easy for you to enter the top ten."

Hongjun smiled and said: "Mother, please don't forget. The strength of spiritual power has a great relationship with cultivation level, but it also has a great relationship with the quality of spiritual power. Children's Spiritual power is the power of chaos, far beyond ordinary spiritual power....."

Hearing this, Star Master Ziwei showed a look of surprise.

Generally speaking, the higher the cultivation level, the higher the quality of spiritual power, but most people only think that it is an increase in intensity and do not subdivide the quality.

In fact, some people are gifted with extraordinary talents. Even if their cultivation is not high, their spiritual quality is already extremely high.

This results in their high spiritual energy intensity and their combat power being much stronger than those of the same level. This is the case for Hongjun.

At this time, Hongjun said again: "Mother, this test is also beneficial to you. Your spiritual power is also the power of chaos. Of course, it is more beneficial to father. His spiritual power is Hongmeng who is stronger than the power of chaos. The power."

Ziwei said with a smile on her lips: "That's right! What's more, we still have the secret will to be partial. It seems that your hope of entering the top three is greater. Your Majesty, you should have hope of winning the top three, right?"

Qin Feng was noncommittal: "It's no problem for me and my two clones to enter the top ten. As for winning the top three, it depends on the specific assessment... Besides, the three extraterrestrial sects are Crouching Tigers, Hidden Dragons, and we can't underestimate them....."

Hearing this, Star Master Ziwei nodded slightly and said no more.

On the other side, in the corner of the crowd.

Ancestor Liugen showed joy after reading the message.

"Senior brother, it seems that this time, it is finally our turn for the three outer sects to shine, especially our outer pure sect. You have a great chance of winning first place!

Amitabha said with a smile on his face: "Junior brother, thank you!" Don't underestimate Taiqing and Mohu. The spiritual strength of these two people is not inferior to mine....."

The old man Yuexia on the side was puzzled: "Two fellow Taoists, why do you think this test is more beneficial to the three sects outside your territory? In terms of cultivation, Ancestor Hunji is no worse than you!"

Ancestor Liugen smiled slightly: "Fellow Taoist Yuexia doesn't know that the strength of spiritual power depends not only on the cultivation level, but also on the quality of the spiritual power. The three sects outside our territory practice top-level mental methods, and the quality of the spiritual power produced is extremely high."

"At least at the same level of cultivation, the quality of our spiritual power is higher than that of the Nine Heavens and Ten Domains, so this assessment is beneficial to the three sects outside our territory....."

The old man under the moon suddenly realized, with a look of envy in his eyes.

Thinking about it, the three sects outside the territory have the support of the Holy Ancestor.

Their cultivation methods all come from the almighty Saint Ancestor, and are naturally better than those of Nine Heavens and Ten Realms.

At this time, Liugen Patriarch said with a proud face: "Of course, there are also differences between the mental methods of the three sects outside our territory. For example: the Moyuan Mental Method, spiritual power can temper the physical body. The Dao Sect's mental method, spiritual power can Temper the soul. Only my pure sect mind method, the spiritual power is self-tempering and pure."

"In other words, if we just talk about the strength of spiritual power, I am afraid that the Pure Sect ranks first. Daozong and Moyuan were even slightly inferior."

Old man Yuexia suddenly realized: "I understand! From this point of view, Taoist friend Ami has great hope of winning the first place!"

Amitabha said with a smile as always: "Hey!! Even so, I can't guarantee whether I can win the first place. However, there is absolutely no problem in being in the top three. That Taiqing and Mohu can't be underestimated!"

Hearing this, Old Man Yuexia suddenly felt a little confused.

Amitabha kept mentioning Taiqing and Mohu, but did not mention Qin Feng.

Obviously, he regarded Taiqing and Mohu as strong competitors, but did not take Qin Feng seriously. At that moment, the old man Yuexia couldn't help but said: "Fellow Taoist Ami, what about Qin Feng? That little thief is difficult to deal with, so don't underestimate him? Amitabha said with disdain in his eyes: "How powerful is Qin Feng? I have seen him once from a distance, that's all."

Hearing this exaggerated statement, Old Man Yuexia murmured in his heart.

He didn't know if Amitabha was arrogant or if he was really capable.

Speaking of which, Amitabha had not really fought with Qin Feng, but he just saw Qin Feng take action. Making a judgment like this will not be very accurate.

At this time, Amitabha continued:"Fellow Taoist Yuexia, think about it again. Qin Feng showed physical strength in the first and second assessments. and Yuanshen are both extremely strong, ranking in the top three."

"A person's comprehensive strength is generally a combination of physical body, soul, and spiritual power. If you deduct the strength of his physical body and soul, how much strength do you think is left in terms of his pure spiritual power?"

"Huh! right!"Yue Xia, the old man's eyes lit up,"Fellow Taoist's analysis made me enlightened. Indeed, without the physical body and soul, in terms of spiritual power, Qin Feng would only be at the level of an ordinary peak giant."

Amitabha said with a smile:"That's it! On the contrary, neither the body nor the spirit of the deity is visible, only the spiritual power is the purest. It should be easy to suppress Qin Feng"

"In other words, it is possible for Qin Feng to enter the top ten this time, but it is absolutely impossible to enter the top three....."

The old man under the moon was overjoyed:"That's great! This little thief caused us to lose the opportunity. We will never let him get more benefits."...."

Ancestor Liugen sneered:"Old friend Yuexia, don't worry, little Qin Feng won't be able to jump in time."....."

At the same time, in another corner of the square.

Taiqing, Yuqing, and Shangqing were also whispering.

"Senior brother, do you think Qin Feng can be in the top three this time?", Yuqing asked with concern.

Now that things have happened, Sanqing has paid more and more attention to Qin Feng, and his desire to get rid of him has become stronger.

"hehe! Judging from Qin Feng's previous performance, his physical body and soul are extremely strong. Apart from these two, his remaining spiritual power will not be very strong. Therefore, I think it is not difficult for him to enter the top ten, but it is not difficult to enter the top three. It's possible, but it's even more impossible to win first place!"

Taiqing expressed his analysis.

Shangqing also echoed:"I think senior brother is right. When it comes to winning first place, Amitabha has the greatest hope. However, Eldest Brother and Mohu also have a chance. Hearing this

, Taiqing smiled and said nothing.

At this time, Yuqing said again:"Elder brother, what do you think will happen to Qin Lei and Qin Mu?" Taiqing smiled coldly:"The two of them are even worse than Qin Feng!" Previously, Old Man Yuexia and Ancestor Liugen both said that Qin Mu's comprehensive combat power barely reached the threshold of the peak giant. Presumably, Qin Lei and Qin Mu are similar"

"But the two of them had shown that their physical souls were extremely strong before. If you deduct these two points, their spiritual power would not be much stronger. They might not even be able to reach the threshold of the top giants. In other words, the two of them should not be in the top ten this time!

After listening to the analysis, Yu Qing nodded slightly:"That's right!" Speaking of which, the performance of the three Qin Feng brothers is always impressive, and almost all of Master's predictions have come true. The opening of the secret land this time is really different from the past."

At this reminder, Taiqing's expression condensed and he nodded slightly:"Yes! The three Qin Feng brothers must be killed, otherwise.....hehe!"

Shangqing also said:"Two senior brothers, don't worry, as long as the secret land is open again to seek opportunities, we will take action and will never let Qin Feng grow. What's more, Jingzong, Moyuan, and many forces are on our side, and Qin Feng's end is coming soon."

After hearing this, Taiqing's expression calmed down, and a smile appeared at the corner of his mouth.

Boom~Rong~Rong!

At this moment, a rumbling roar suddenly sounded in the center of the hall, and the surrounding space fluctuated slightly.

Then, A golden light door slowly opened, and the entrance to the assessment area was opened..

Chapter 1234

"opened! The entrance is open!"

"It's finally starting!"

The crowd was talking a lot, some looked expectant and some looked nervous.

"Let's go!"

At this time, Amitabha's voice rang out in the field.

As soon as he finished speaking, he was the first to walk towards the entrance.

This assessment was the most beneficial to him, and he was eyeing the first place, so naturally he couldn't wait.

Then, Ancestor Liugen, Old Man Yuexia, and a dozen Jing Sect disciples followed closely...

In just a moment, Amitabha and his entourage entered the Light Gate.

Subsequently, the Demonic Abyss outside the Territory, the Taoist Sect outside the Territory, and the major sects of the Nine Heavens and Ten Territories Forces are entering one after another.....

Qin Feng watched all this silently.

Soon, most of the forces entered...

At this time, Qin Feng heard a message from Xian Ling.

"Lord Qin Feng, you have to be careful! This time, all the forces were forced out of the Holy Realm, and they all complained about you. Just before you came out, they had already agreed to take action against you and the Shenmeng during the next free search for opportunities....."

After hearing this, Qin Feng raised his head slightly and looked at Xian Ling in the crowd...

Xian Ling had a sad face, as if he was worried about himself.

Qin Feng felt warm in his heart, moved his lips slightly, and sent a message to her

"Thank you fellow Taoist for telling me, Qin already expected it!"

"Why~! ""

"This time, they have joined forces with great momentum, so be careful! Not only that, we neutral forces have been warned by Old Man Yuexia not to get too close to you, otherwise... Hey!"

Xian Ling's tone revealed worry.

Obviously, she was not optimistic about Qin Feng and Shenmeng.

However, Qin Feng accepted her friendship.

"Thank you for your kindness, Qin will remember it! You go and take the assessment, I have my own way to deal with them!"

"All right! Lord Qin Feng, this is all a little girl can do!"

After Xian Ling finished transmitting the message, he said no more and led the disciples of Da Xian Tianyu into the assessment area.

Afterwards, Cang Sheng, Yu Tian, and Aishen also brought their subordinates into the light gate.....

When they passed by the Shenmeng area, they all glanced at Qin Feng, as if they were hesitant to speak.

But when they thought of Old Man Yuexia's warning, the three of them were afraid and did not dare to say anything, so they bowed their heads and left.

Qin Feng understood the mood of these three people and did not blame them at all. Instead, he was somewhat grateful.

They did not add insult to injury and followed the forces to plot against themselves, which was enough to show their affection...

This also made Qin Feng more determined to get rid of Old Man Yuexia...

Time flies!

Not long after, all the forces entered the light gate, and only the League of Gods was left in the field.

"Dad, they're all in! Let's go in too! The kid can't wait...."

Hongjun said anxiously.

Qin Feng smiled slightly:"Let's go!"

As soon as he finished speaking, he walked towards the light door.

All the disciples cheered and quickly followed. They had been waiting for a long time.

If His Majesty hadn't kept a low profile, they would have gone in long ago.

They were full of confidence for the next assessment...

In just a moment, Qin Feng was the first to walk into the light door.....

As the world spun and the space twisted... the next second, Qin Feng found himself entering an independent secret room.

There is an altar in the secret room, which is engraved with ancient runes.

There is a half-meter-high rune stone platform in the center of the altar.

There is a transparent crystal ball the size of a head placed on the stone platform, emitting a faint white light...

This assessment is very simple!

As long as the examiner puts his hand on the transparent crystal ball, instills spiritual power into it, and activates a halo.

According to the introduction of the secret information, the higher the quality of the spiritual power, the greater the number of haloes inspired.

Generally speaking, a strong person in the first level can only inspire a halo at most.

The second realm can inspire two halos, the third realm can only inspire three halos, and so on.....

In addition, the brightness of each halo is different, and it is divided into five levels: lower, middle, upper, extreme, and extreme.....

With this in mind, Qin Feng strode towards the altar.

He also wanted to know what quality his spiritual power had reached.

Buzz~!

Just as Qin Feng stepped into the altar, the sky above the secret room shook, and a ray of light from the God came down, pouring directly into his head.....

Buzz~!

The next second, Qin Feng's tiger body shook slightly, his body glowed with golden light, and his spiritual power began to increase sharply, increasing by 30% in the blink of an eye.....

"Sure enough!"

A smile appeared at the corner of Qin Feng's mouth.

The ancient god lord was extremely partial to his descendants.

As soon as he entered the altar, the divine light came over him, and the invisible power of divine light penetrated into his spiritual power. The quality was forcibly improved by 30%.....

Of course, such benefits do not only happen to him. All the children of the Divine Alliance will be taken care of by the secret will...

With the help of the light of the Divine Lord, Qin Feng was in a good mood. He walked to the crystal ball in a few steps and prepared to test.....

But at this moment, he suddenly thought of something. When he turned his palm, two jade tablet fragments appeared out of thin air, one large and one small.

Those are the fragments of the Jade Certificate of Creation!

The big one belongs to Qin Feng himself.

The smaller one was found from the Emperor Mang Wuzu's storage ring.

Before, Emperor Mang Witch Ancestor also used it in the assessment.

With the help of this good fortune jade ultimatum, the difficulty of the assessment can also be reduced.

Large jade tablet fragments can reduce the difficulty by 30%.

Small jade tablet fragments can be reduced by 10%.

Speaking of which, there are six fragments of this jade certificate in total.

Qin Feng got three pieces before and merged them into one big piece.

Now, he got the fourth piece from Di Mang.

If he gets the remaining two pieces, he will get some unexpected benefits.

What's more, possessing the complete jade certificate of creation is the key medium for him to integrate into the Great Flood God Realm in the future, so he must find the remaining two fragments.

Thinking of this, Qin Feng made a thought and sent two pieces, one large and one small, into the Great Flood God Realm...

Then, he sat cross-legged in the center of the altar, closed his eyes and began to meditate.....

At the same time, in that mysterious space.

Qin Feng's purple gold clone is absorbing the energy around him and growing...

Now, he has grown to the first level of eternity, and is still far away from Dacheng.

At this time, he seemed to sense something and slowly opened his eyes.

Then, with a thought in his mind, the space in front of him split open and a dazzling white light emerged.

The next second, two fragments of the Jade Certificate of Creation, one large and one small, emerged from the crack in the space...

Zijin's clone stretched out his hand and took the two jade certificate fragments into his hands.....

Then, he pinched the seal and began to fuse the two fragments...

It turned out that as long as the two fragments were fused together, a larger jade tablet fragment would be obtained, and the effect would be greater.

For example, the previous large fragments can reduce the difficulty of the test by 30%, and the small ones can reduce the difficulty by 10%.

Combining the two pieces into one can reduce the difficulty by 40%.

Because of this, Qin Feng asked the Zijin clone to fuse.

That space has a hundred times the speed of time. If the Zijin clone is allowed to fuse, it will not delay his assessment progress.

The best thing is that Qin Feng thought that in the second assessment, his results were too good and he received the super reward of the Secret Will.

If this time, he gets an excellent result in the assessment, will he also get a super reward?

To achieve this goal, Qin Feng naturally had to fuse the fragments of the Jade Order of Creation first.

What's more, this jade certificate fragment can not only help him, but also help the two clones, helping him to take the top three...

Before, Qin Feng had been busy practicing and did not deal with these trivial matters.

Until this moment, he didn't realize that the jade tablet fragments were not fused, so he asked Zijin's clone to help deal with it.

With a hundred times the time flow rate in that space, it can be solved in less than a quarter of an hour...

In short, Qin Feng knows that all the forces have joined forces, and he must improve his strength as soon as possible... and the Nine Heavens Jade Dew is the scarce resource he needs to improve his strength..

As long as he has enough Nine Heavens Jade Dew, he can condense the White Tiger Divine Pattern and cultivate the seeds of the eight spiritual roots...

Adding these together, even a million drops of Jade Dew may not be enough.

The fastest way to obtain Jiutian Jade Dew is to pass the assessment reward.

Naturally, the better the results, the more rewards...

Therefore, Qin Feng also attaches great importance to this assessment.

In this way, the Zijin clone merged the two fragments in the mysterious space.

Qin Feng and his two clones were waiting silently.

At the same time, there are many secret rooms in the assessment area.

All the contestants have been involved in the heated assessment..

At this moment, in the assessment area, there is a secret room.

The old man under the moon stretched out his skinny palm and placed it on the crystal ball in front of him.

He was a little nervous and took a deep breath before frantically pouring spiritual power into the crystal ball.....

Boom~!

Suddenly, his whole body's momentum exploded, stirring up the spiritual energy in the entire secret room.....

Buzz~!

The next second, the transparent crystal ball lit up with dazzling white light and made a gentle buzzing sound...

Then, a white halo lit up around it.

Then, outside the white halo, a second halo lit up.....

When the second halo appears, the third halo begins to emerge.....

Just like this, one halo appeared one after another, until the fifth halo appeared, and no new halo was born.....

The fifth halo became brighter and brighter, first changing from pale white to bright white, then to silver, and finally to gold, blooming with a dazzling golden light that completely illuminated the entire room and lasted for a cup of tea. time.....

Buzz~!

Finally, there was another clear cry!

The light gradually faded, and returned to normal after a while. A line of text appeared in the transparent crystal ball: Test ended, spiritual strength: five-ring top quality!

After reading this line of information, the old man Yuexia showed a satisfied look on his face.

The first ring is the first level.

The second ring is the second level.

The third ring is the extremely holy level.

The fourth ring is the level of heavenly saint.

The fifth ring is at the level of a quasi-saint ancestor.

According to the brightness of the last ring, light white is low-grade, bright white is medium-grade, silver is low-grade, and gold is top-grade.

Therefore, his performance is the top five rings, which is the level of the quasi-sage ancestor, which is his normal level.

He is already very satisfied with this result.

In terms of spiritual strength, he has no advantage. As long as he can reach the required level, he will be satisfied.

Thinking of this, Old Man Yuexia retracted his skinny palm.

At this moment, the space shook slightly.

The next second, he turned into a white light and was forcibly teleported out by the secret will.....

At this moment, in another room.

Hongjun is pressing his palm on the transparent crystal ball, constantly instilling spiritual power into it.....

And in the sky above his head, a ray of light from the God Lord poured in, fused with the spiritual power in his body, continuously strengthened his spiritual power, and strengthened his spiritual power by 30%.....

Buzz~!

At this moment, the transparent crystal ball was vibrating continuously, and halos appeared one after another!

In the blink of an eye, five halos appeared.

Immediately afterwards, the brightness of the last halo became stronger and stronger..... light white.....bright white...silver.....gold.....Purple gold...

Suddenly, the whole room was filled with dazzling purple gold light.....

After a long time, the light faded, and a line of information appeared in the transparent crystal ball: The test is over, spiritual strength: five-ring top quality!

"It's actually a five-ring masterpiece! I will definitely make it into the top ten this time! Ha ha!!"

Hongjun looked ecstatic.

The five-ringed masterpiece represents the ultimate level of the quasi-Saint Ancestor.

One step further, it is the Saint Ancestor level.

As far as Hongjun knows, among the peak giants, the strength reaches There are absolutely no ten people who have reached the peak limit.

He is naturally very satisfied with this result.

In fact, Hongjun's spiritual strength is not that high, which is the peak level of the Quasi-Saint Ancestor.

But with the blessing of the Lord of God, he can The intensity of his spiritual power increased by one level, reaching the limit of the Quasi-Saint Ancestor's peak...

Buzz~!

At this moment, there was a clear sound in the air!

Buzz~!

A soft sound.

The light of the God above Hongjun's head was mysteriously The earth's will was withdrawn.

The next second, he turned into a white light and was teleported out.....

At the same time, in another secret room.

Star Master Ziwei held the light of the God above his head, and looked at the message that appeared in the crystal ball with a look of joy: The test is over, the spiritual strength is: five-ring middle grade!

Star Master Ziwei is extremely satisfied with this result.

With her cultivation at the peak of the Heavenly Saint, with the help of the power of chaos and the light of the divine master, her results have reached the mid-level of the Quasi-Saint Ancestor, and it is easy to enter the top 100.....

At this time, not only Hongjun and Ziwei Star Master, but also the children of the God Alliance have achieved dazzling results with the help of the light of the God Master.....

Even the disciples of the second realm with the lowest cultivation level can achieve the results of the extremely holy realm with the help of the light of the God Lord.....

The disciples of the Supreme Saint have reached the level of Heavenly Saint.

And the senior officials of Tiansheng, especially those in the late Tiansheng stage and above, have all reached the level of Quasi-Saint Ancestor or above... The

Divine Alliance has ushered in a harvest season...

But on the other side, there is a secret room.

Amitabha was looking at his results with a smile on his face: spiritual strength, sixth level, low grade.

The sixth ring is inferior!

That is equivalent to the spiritual strength of the Holy Ancestor in his early stages!

I'm afraid no one in the entire secret land can reach this level, right?

Amitabha thought with a proud look on his face.

Unlike the physical body and the soul, the intensity of spiritual power is the most difficult to temper and the most difficult to surpass.

It would be rare to say that the physical strength of a quasi-Saint Ancestor at his peak could be comparable to that of an early Saint Ancestor, but it would not be considered rare.

The same is true for the strength of the soul.

For example, Emperor Mang Witch Ancestor and Old Man Yuexia, one is super strong physically and the other is super strong spiritually, but among the giants, their strength is not outstanding.

On the contrary, if the spiritual strength of a quasi-Saint Ancestor at his peak is comparable to that of an early Saint Ancestor, it would be extremely rare, and the difficulty is far greater than that of the physical body and the soul...

What's more, in the world of cultivation, spiritual cultivation is the mainstream.

The more Amitabha thought about it, the more proud he became.

At this moment, the surrounding space was distorted, and the will of the secret earth started teleportation.

Amitabha turned into a white light and disappeared out of thin air.

As the world began to spin, Amitabha's eyes lit up and he found himself in a new square.

The square was very huge, with a points monument standing in the center, but no information was displayed on it.

Around the sacred monument, nearly 10,000 examiners have gathered.....

Obviously, the operation of this assessment is simple. Many assessors have already completed the assessment and have been informed.

"Senior brother!"

At this moment, the cry of the Liugen Ancestor rang out from behind him.

Amitabha looked back and saw the Liugen Ancestor walking towards him with a happy face.

Behind the Liugen Ancestor, there were also Old Man Yuexia, Sanqing, Mohou, Luoja, Ancestor Hunji, and Ancestor Randeng.

All the giants had finished the examination and came out one step ahead of him.

At that moment, Amitabha glanced at the giants and said with a smile: "Everyone Fellow Taoist, you are moving very quickly! Come to think of it, your results are pretty good, right?"

After this question, all the giants looked at each other and smiled.

Then, Taiqing sighed: "The results are not bad! However, although we know our respective results, we don't know our ranking...."

"how do I say this?", Amitabha looked puzzled.

"Fellow Taoist, look at that monument of points. There is no information displayed on it...."

Amitabha turned his head and looked at the sacred monument not far away, and nodded slightly: "That's true! It seems that this time, it will not show the ranking until everyone has completed the assessment. I still need to wait!

"At that time, Patriarch Liugen smiled and said: "Brother, the top ten in this assessment are only between us. Let's share our results with each other, so we can know the ranking?"

Amitabha's eyes lit up: "This makes sense!"

Ancestor Liugen continued: "Actually, before you came out, a few of us had already disclosed our scores to each other."

Amitabha asked hurriedly: "How are your scores?"

"Taoist friends Yuexia, Randeng, and Shangqing are the top five rings; Taoist friends Yuqing, Luoja, and Mohu are the top five rings; Taoist Taoist Taiqing is the low-grade six rings...."

Upon hearing this, Amitabha was slightly startled.

Immediately, he looked at Saint Taiqing with a look of amazement.

"Fellow Taoist Taiqing, I never imagined that your spiritual power is so strong, I admire you! admire!"

Taiqing stroked his beard and said with a smile: "Fellow Taoist, thank you!" If what I expected is true, fellow Taoist spiritual strength is also at the lower level of the sixth ring, right? Lord Amitabha smiled slightly:

Fellow Taoist, you have a wise eye!" I can't hide anything from you!"

At this time, Ancestor Liugen said with a smile: "It seems that the first place this time is chosen between the two of you." It's just that your spiritual powers are all at the same level. How do you distinguish between the first and second? Amitabha smiled and said: "Even if they are at the same level, there are still some differences. We can't tell them apart, but the will of the secret world will. After the assessment is over, you will know how it ranks."

Hearing this, the Liugen Patriarch nodded slightly: "When you say this, I feel a little nervous. I have the same spiritual power level as my three Taoist friends Yuqing, Mohu, and Luojia, but I don't know who is higher and who is lower in terms of specific rankings....."

Yuqing smiled slightly: "Don't worry, fellow Taoist, this assessment will be over soon. At that time, we will know who is higher and who is lower among the four of us." At this time, the old man Yuexia interjected: "Fellow Taoists, Friends, it seems that Qin Feng's son hasn't come out yet!"

With this reminder, the giants looked around, and sure enough they didn't see Qin Feng.

Later, Lord Amitabha said: "Fellow Taoist Yuexia is really thinking about him all the time. Don't worry, that kid won't achieve very good results this time. However, he should have the potential to enter the top ten."

Taiqing also said: "I think so too. The nine of us, plus Qin Feng's son, just occupy the top ten spots." As soon as these words were said, all the giants nodded slightly, and they all agreed.

These giants did not realize that they had unknowingly recognized Qin Feng and regarded Qin Feng as a being of the same level as them.

Of course, they underestimated Qin Feng!

"Not only Qin Feng didn't come out, but Qin Lei and Qin Mu didn't come out either.....",The old man under the moon said again.

Amitabha raised the corner of his mouth and said with some disdain:"Qin Feng is just that, he does have some strength. But Qin Mu and Qin Lei are much worse than Qin Feng. This time, they should not be in the top ten. In that case, why bother? Pay attention to them?"

Taiqing also agreed:"Fellow Taoist Ami is right! Fellow Taoist Yuexia, just pay more attention to Qin Feng. This time, Qin Lei and Qin Mu will not cause any waves....."

The two top giants said so, and the giants showed understanding smiles.

Old Man Yuexia also felt inexplicably relaxed.

He hated Qin Feng, and naturally he also hated the two clones.

He didn't want the Phantom Clone and Xuan Ming Clone to enter the top ten.....

At this moment, there was a secret room in the assessment area.

The phantom clone seemed to sense something and opened its eyes from meditating.

Then, he waved his hand, and a gap opened in the space in front of him, and a dazzling white light emerged.

Immediately afterwards, a fragment of the jade certificate slowly emerged from the crack in the space...

The shadow clone waved and took the fragment of the jade certificate into his hand.

The next second, he took a closer look at the jade certificate, and his face showed joy.

Those are the fragments of the Jade Certificate of Creation!

The Zijin clone has merged the two jade tablet fragments into one.

This new jade tablet fragment has become larger, and the fluctuations of Tao Yun have become more magnificent.....

The phantom clone was very satisfied.

Now that the treasure is in hand, he can test it.

Thinking of this, the phantom clone stood up directly and walked towards the test altar...

Chapter 1236

Thinking of this, the phantom clone stood up directly and walked towards the test altar.....

Buzz~!

As soon as his foot stepped into the altar, the heaven and earth shook, and a ray of light from the God Lord broke through the air and poured directly into the head of the virtual shadow clone.....

Boom~!

The tiger body of the phantom clone trembled, and his momentum surged instantly...

It was the power of divine light that was integrated into his spiritual power, which increased the strength of his spiritual power by 30%. The next second, the phantom clone's hand seal was , sacrificed the jade ultimatum of good fortune.....

Buzz~!

The jade certificate vibrates and the light blooms!

Then, a beam of light was also activated, pouring into the phantom clone's heavenly spirit...

Boom~boom~!

The tiger body of the phantom clone trembled, and his aura became wild again, and his spiritual power intensity was increased by another 40%.....

At this point, the strength of his spiritual power has been increased by 70%...

The shadow clone was overjoyed, strode up to the transparent crystal ball, pressed his palm against the surface of the ball, and instilled spiritual power into it.....

Boom~Long~Long~!

Immediately, overwhelming spiritual power poured into it, and the crystal ball instantly exploded with aura, emitting an extremely dazzling aura that illuminated the entire room, swallowing up the shadow clone, making it almost impossible to see everything in the field....I can only vaguely see a majestic figure, standing in the white light of the sky.

The spiritual power poured into the phantom clone is too strong!

Buzz~!

Another clear cry!

The crystal ball trembles and shines brightly!

Woo~! Woo~! Woo~! .....

Immediately afterwards, one halo appeared after another.....

The third course.....The fourth lane.....The fifth one... the speed at which these haloes appear is slower than the last. This is a normal phenomenon. After all, it becomes more difficult to distinguish the farther back you go.....

The phantom clone looked at the halos emerging one after another, and felt a little nervous...

Five halos appeared!

This means that his spiritual power has reached the level of quasi-saint ancestor.

So next, what level will his spiritual power be among the Quasi-Saint Ancestors?

Woo~!

As soon as that thought came up, there was a space shock, and the sixth halo appeared...

The shadow clone was delighted!

Sure enough, his spiritual power reached the sixth ring level, which is the level of the Saint Ancestor.....

But before the phantom clone could finish being happy, the sixth halo gradually brightened, turning from light white to bright white in the blink of an eye.....

Six-ring middle grade!

This is the strength of the Saint Ancestor in the middle stage!

The shadow clone is overjoyed!

But all this is not over, the halo is still getting brighter.....

Buzz~!

After a while, the halo changed from bright white to silver, blooming with noble silver-white light, extremely dazzling.....

At this point, the brightness of the halo has reached its extreme and will no longer get brighter.....

After a long time, the light gradually faded away and everything in the field recovered.

A line of information appeared on the surface of the transparent crystal ball: test ended, spiritual strength, top grade six rings!

Haha!!

Top grade six rings!

That is the level of the late Saint Ancestor!

The shadow clone looked ecstatic.

He himself did not expect that his spiritual power would reach such a level.

You know, the spiritual strength is much more difficult to achieve than the physical soul.

He originally thought that it would be extremely good if his spiritual strength reached the early stage of the Saint Ancestor, but he did not expect that he would be in the late stage of the Saint Ancestor.

With such excellent results, it is easy to enter the top three. It is even expected to be highly praised by the will of the secret land and given additional super rewards.

Of course, these are all speculations of the phantom clone.

Whether Secret Will will give super rewards depends on whether his performance far exceeds the expectations of Secret Will.

Only if you exceed the prediction of Secret Will, you will have a chance to obtain a super prediction.

What's more, it is also very clear that the phantom is divided into the body and mind.

It was with the help of the Lord's Light and the Jade Order of Creation that his spiritual power reached the late stage of the Saint Ancestor.

Without the help of these two things, his true spiritual power would only be at the early stage of the Holy Ancestor, which should be comparable to Amitabha and Taiqing.

Of course, the spiritual strength of the main body is far stronger than him, and the results will only be better.....

As soon as he thought of his real body, the virtual shadow's body and mind moved, and he sent the jade certificate of creation into the Great Flood God Realm.....

Xuan Mi's clone and body are still waiting to use the Jade Spell of Creation.....

Buzz~!

At this moment, there was a tremor in the air, and the will of the secret earth withdrew the light of the God Lord.

Then, the phantom clone turned into a white light and was forcibly teleported out.....

The next second, his eyes lit up and he found himself in a new large square.

More than 10,000 examiners have gathered in the field.

At this moment, everyone was whispering to each other, mostly asking about each other's grades, and the atmosphere in the field was very noisy.

As soon as the phantom clone appeared, the cry of Lord Ziwei sounded from behind.....

"His Majesty!"

The shadow clone turned around and saw Star Master Ziwei, Hongjun, Panzu and others walking over.

Behind them, there were nearly a thousand disciples of the Divine Alliance.

Apparently, most of the disciples of the Divine Alliance had completed the assessment.....

"Dad, how are the results?"

As soon as everyone from the Divine Alliance arrived, Hongjun asked curiously.

All the disciples also showed concern.

The shadow clone smiled slightly:"Not bad! Top grade six rings!"

As soon as these words were said, all the disciples gasped and opened their eyes wide in shock.

Oh my god! The sixth ring is high-grade!

That is the later level of the Holy Ancestor.

The strength of His Majesty's spiritual power is too exaggerated.!

You must know that what is in front of you is just a clone of His Majesty.

How strong will the spiritual power of His Majesty be?

Thinking of this, all the disciples dare not imagine...

After Hongjun was surprised, he showed an uneasy look.

"What's wrong? Hong'er, I see you feel uneasy.", the phantom clone saw Hongjun's uneasiness.

Hongjun smiled bitterly: "Dad, your clone's scores are all in the top six rings. It seems that the child has overestimated himself. My results are only five-ring top-notch, so I'm afraid I won't make it into the top ten."

It turns out that Hongjun has always been proud of his achievements.

In his opinion, the phantom clone's score is either the lower grade of the sixth ring, or at most the middle grade of the sixth ring.

But unexpectedly, the phantom clone actually reached the upper grade of the sixth ring.

This This made him question his results, feeling that he had overestimated the difficulty of the assessment. He was afraid that his five-ring gem was not as good as he imagined.

He did not know that Qin Feng was not only assisted by the light of the God Lord, With the help of the Jade Certificate of Creation, it is inevitable that the performance of the phantom clone will be underestimated.

At the same time, Qin Feng's progress has always been extremely fast, which always surprises the disciples.

After hearing those words, the phantom clone smiled.

He Understanding Hongjun's thoughts, he comforted him: "Hong'er, the five-ring peerless product is equivalent to the limit of a top giant. This result is already extremely good. Are you still worried about not being able to enter the top ten?"

Ziwei Star Master on the side also said: "Yes, Hong'er, I also think you can enter the top ten....."

Hongjun was a little anxious and said: "Theoretically, there is a chance, but the actual result is really unpredictable. It would be great if the points monument could announce the results earlier....."

Having said this, Hongjun looked at the points monument in the center of the square.

The phantom clone also followed his gaze, and sure enough, he saw that there was no information displayed on the sacred monument...

This made Hongjun look sad.

It seems that the ranking will not be announced until everyone has finished the assessment...

Hongjun is extremely concerned about the ranking in this assessment.

He finally had the opportunity to show off his talents once, how could he miss this opportunity to show off his skills in a big way?.....

What's more, he is still young and has a young heart.

In fact, Hongjun is not the only one who is worried.

At this moment, sad people can be seen everywhere in the square.

Especially those assessors in the first and second realms.

They are always worried that they will be eliminated, but they don't know their rankings, so they start to ask each other about their scores to deduce what level their scores are among the others.  
.....

While Hongjun was talking to the phantom clone, in another corner of the square, Old Man Yuexia looked over.

He is very interested in Qin Feng, so he always pays attention to every move of the Shenmeng.

Just now, he saw the phantom clone appear.

Afterwards, Hongjun and the shadow clone chatted for a few words, and Hongjun looked at the points monument with a sad face.

The phantom clone also offered some words of comfort. what happened?

Could it be that their assessment results this time were not satisfactory?

The old man under the moon was making random guesses in his mind

"Fellow Taoist Yuexia, what are you looking at?"The six Taoists looked curiously.

When he asked, Amitabha, Taiqing, Mohou, LuoJia and others also looked over curiously.

These giants have been gathering together, chatting and waiting for the end of the assessment.

When Old Man Yuexia saw the giants looking at him, he hurriedly said:"Fellow Taoists, look at the expressions of Hongjun and Qin Lei. They have been staring at the points monument, and they seem a little worried....."

"Huh! It really is....."

"Could it be that Qin Lei's assessment was not satisfactory?"

The old man under the moon smiled mysteriously:"I guess it's probably like this....."

Amitabha also smiled and said:"I have guessed that this will happen! Without the help of the soul and the physical body, Qin Lei's spiritual power will not be much stronger. It is normal that he did not do well in the exam....."

As soon as these words were spoken, another white light rang out from the side of the Divine Alliance.

Xuan Mi's clone also came out!

Hongjun quickly stepped forward to ask about the results.

But after asking this question, the look of sadness on his face became even stronger, and he couldn't help but look up at the points monument in the distance again...

It turned out that Xuan Mi's clone's score was also in the top six rings.

This made Hongjun once again suspect that his assessment was not ideal, and he was afraid that he would not be able to make the top ten, and he would be even more worried about gains and losses.

In the eyes of the giants, this scene seemed to confirm Amitabha's speculation.

They couldn't hear the whispers between Hongjun and others, so they could only guess everything by their expressions.....

But they are extremely confident in their own judgment.

At that moment, Patriarch Liugen flattered him and said, "Brother Ami, it seems that you are right. Qin Lei and Qin Mu probably didn't do well in the exam. Even Hongjun is worried about them....."

Amitabha looked proud: "It's not difficult to guess these things. Among the divine alliance, Qin Feng is the only one worth mentioning. Qin Lei and Qin Mu are not worth mentioning!" As soon as these words came out, all the giants looked at each other and smiled, all thinking they were right. I think that's it..

Chapter 1237

Amitabha looked proud: "It's not difficult to guess these things. Among the divine alliance, Qin Feng is the only one worth mentioning. Qin Lei and Qin Mu are not worth mentioning!" As soon as these words came out, all the giants looked at each other and smiled, all thinking they were right. I think that's it...

At this time, the ancient Ancestor Ran Deng suddenly said:"I might as well go and ask directly and see what Qin Lei and Qin Mu'er say. What do you think?"

After hearing this, the giants showed their faces again A knowing smile.

They knew that Ancient Ancestor Ran Deng had no good intentions and was probably taking the opportunity to mock Qin Lei and Qin Mu.

When it comes to hatred for Qin Feng, Ran Deng Ancestor is not inferior to Old Man Yuexia.

Qin Feng destroyed his evil clone - the ancient coffin ancestor.

He also killed two of his capable subordinates - Ancient Ancestor Ma Shan and Ancient Ancestor Feather Wings.

These are blood feuds of life and death!

It can be said that the ancient Ancestor Ran Deng hated Qin Feng.

If it weren't for the fact that fighting each other was not allowed here, if it was allowed, he would have released the ancient corpses and massacred the children of the Divine Alliance.

Compared to Old Man Yuexia, Ancient Ancestor Ran Deng is not afraid of Qin Feng at all, because he has the trump card of the Ancient Corpse.

In fact, he didn't even pay attention to the three sects outside the territory.

Of course, the giants didn't know he had this trump card.

In short, Ran Deng Ancestor is low-key on the surface, but his heart has already expanded.

Speaking of which, he also wanted to thank Qin Feng.

If Qin Feng hadn't taken away his purple gold alms bowl, leaving his evil thoughts nowhere to live, the ancient corpse would have lost control again.

In desperation, he could only pour his evil thoughts into the ancient corpse.

Unexpectedly, under this accidental collision, he actually completely controlled the ancient corpse through his evil thoughts.

In other words, the ancient corpse has become his clone.

Of course, it was a defective clone that could not cultivate itself and could hardly make any progress in its lifetime, but it could finally be used by him.

In the past, he had the ancient corpse in his hands, but he didn't dare to release it. It was also a kind of frustration.

"Fellow Taoist Randeng, you can go and ask, we also want to know what grades Qin Lei and Qin Mu got in the exam that made them so sad!"

Patriarch Liugen encouraged with a smile.

"Ha ha!! Let me ask you now!"

Ancestor Ran Deng laughed loudly and shouted to the shadow clone and Xuan female clone from afar.

"Qin Lei! Qin Mu! You have been staring at the monument for a long time, are you anxious to know your ranking?"

This shout resounded throughout the square.

Immediately, all the assessors looked over.

Many people had strange looks on their faces.

The faces of the people in the Shen League also changed slightly, and they all looked at the ancestor of Ran Deng, with expressions on their faces. Everyone is cautious...

As we all know, the relationship between the Ancestor Randeneng and the Divine Alliance is not good.

Now, Ancestor Randeneng takes the initiative to speak out, fearing that nothing good will happen.

At that moment, all the noise in the venue suddenly stopped and became a little quiet.

Everyone The focus of attention falls on the ancient ancestor of Ran Deng, the shadow clone, and the mysterious female clone.

"hehe! Fellow Taoist Randeng, why do you suddenly care about us two brothers?", the phantom clone replied lukewarmly.

Ancestor Ran Deng smiled coldly: "I am just curious. You two have been staring at the monument, and you seem to be very anxious. I don't know what kind of achievements you have achieved. Can you tell me a few things so that I can admire you?"

Hearing this, the disciples of the Divine Alliance frowned.

The relationship between the two parties is not good. It is too abrupt for this guy to ask about His Majesty's grades in public.

All the examiners also felt strange.

However, they were also curious about Qin Lei and Qin Muer. What kind of results do people have?

Naturally, the shadow clone was a little confused.

At that moment, he said: "Fellow Taoist cares so much about the results of our two brothers. You can wait until the assessment is over and you will know it by looking at the monument. Why bother now?" ask?"

"how? It's not convenient for you two to say it, or you're embarrassed to say it!", Ran Deng Ancient Ancestor had a teasing tone.

Seeing this scene, the shadow clone suddenly realized.

It turned out that this guy thought that his grades were poor, so he wanted to tease himself in public on the pretext of asking about his grades, and took the opportunity to mock himself for just being He couldn't figure out why the Ancestor Randen felt that his grades were poor.

Seeing the teasing expression on Ancestor Randen's face, everyone in the Divine Alliance was naturally unhappy.

The assessors around him also guessed something and started whispering.

"Have you noticed? Looking at Senior Ran Deng's expression, he seemed to see that Qin Lei and Qin Mu's grades were not good!"

"I saw it too. From the perspective of senior Ran Deng, there should be no mistake. I'm afraid Qin Lei's results this time are really bad...."

"snort! Everyone in the Shenmeng League is extremely annoying, I wish they couldn't do well!"

"that is! Let's just watch it as a show!"

There were constant murmurs in the crowd, many people were full of resentment, and more people showed gloating expressions.

They could see that the ancient Ancestor Ran Deng was deliberately looking for trouble, and wanted to take the opportunity to laugh at the phantom clone and the Xuan female clone.

They also They were happy to see such a scene.

At this moment, everyone in the Divine Alliance also realized it, and each of them frowned slightly.

Especially the rumors around them, which kept ringing in their ears, made them very unhappy, including harsh curses and even more words of schadenfreude.

At the moment, Hongjun said angrily: "Old man Ran Deng, what are you saying in a weird way? Are you familiar with our Divine Alliance? Why should I tell you?"

"Ha ha!!", Ran Deng Ancestor laughed, "Hongjun kid, are you helping them cover up? Just don't say that. When you say this, I feel more and more that you are embarrassed to say it. Are you afraid of embarrassment?"

The shadow clone frowned: "Fellow Taoist's method of provoking generals is too childish! Besides, my nephew is right, I am not familiar with you! You ask, I'll tell you? You take yourself too seriously!"

The shadow clone said it very rudely and did not give Ran Deng any face.

Ran Deng was annoyed and said: "Qin Lei, my son, even if you talk hard, your results will be announced sooner or later. At that time, I would like to see if you are still as stubborn as now?"

The shadow clone sneered: "Really? Although I am not talented, I am still confident of entering the top ten. But I'm very curious about whether you can make it into the top ten. When the time comes, I want to see if you are still as confident as you are now!"

"Ha ha!! You said you could make it into the top ten? Ha ha!!"

Randeng laughed as if he heard a big joke.

Old Man Yuexia, Liugen Ancestor, Taiqing and other giants also smiled and shook their heads, as if they felt that the shadow clone was bragging again.

This scene made Everyone in the Divine Alliance was greatly annoyed.

It took a while before the Ancestor Ran Deng stopped laughing.

"Qin Lei, it's not that I look down on you. To be honest, we and other giants have long known how powerful you are. In terms of overall strength, you are not weak. But after deducting the spirit and the physical body, how many kilograms or taels of spiritual power you have? We all know clearly."

"Don't say that your spiritual power intensity can match that of the Quasi-Saint Ancestor at the peak, I'm afraid it can't even match that of the Quasi-Saint Ancestor at the later stage. With such results, do you still dream of entering the top ten?"

Randeng Ancestor spoke his analysis out loud.

After listening, everyone in the audience felt that everything made sense and nodded.

"Senior Ran Deng is right! Without the soul and physical body of Jia Hecheng, the spiritual strength of Qin Lei and Qin Mu would be inferior to that of the Quasi-Saint Ancestor in the later period....."

"They can't even reach the late stage of the Quasi-Saint Ancestor, but they want to be in the top ten. They are really bragging!"

"That's fine! In the two previous assessments, the three brothers occupied the top three positions in a row. This time, they finally had no chance to be rampant. What's even more ridiculous is that Qin Lei and Qin Mu can't even get into the top ten....."

At this moment, the crowd was whispering, and many people showed gloating smiles.

On the other side, the phantom clone was a little dumbfounded after hearing those words.

This ancient ancestor of Ran Deng really underestimated him!

What's even more ridiculous is that all the assessors present think so.

The same goes for the giants.

It can be seen that hatred can easily blind people's eyes and reduce their rationality.

People always like to carry out the things they care about in the direction of their own imagination, that is, they are self-righteous...

Thinking of this, the shadow clone said with a smile but not a smile: "Friend Randeng, you are so confident, so what are your achievements?" ?"

As soon as he asked this question, all the assessors looked at the ancient Ancestor Ran Deng curiously.

They were also curious about the achievements of this ancient ancestor of Ran Deng.

Seeing this, Ran Deng said proudly: "It's okay to tell you! My performance is the top five rings!"

As soon as he said this, the whole audience was amazed, and everyone praised the top giants for being extraordinary!

Many of them have achieved first- and second-level results.

As soon as the giant comes out, it is the best with five rings.

But after hearing this, everyone in the Divine Alliance had strange expressions on their faces.

You know, His Majesty's two clones are both top-grade sixth-ringed ones.

Comparing Ran Deng's performance with His Majesty's clone, this is too bad!

Hongjun's eyes even shone.

He originally thought that his grades were mediocre and he was afraid that he would not be able to make it into the top ten, but now he heard that Randen Ancestor's grades were only five-ring top-notch, and he couldn't help but feel overjoyed.

He is a top grader with five rings, a grade higher than Ran Deng's.

Seeing the strange expressions on the faces of the people in the Divine Alliance, Ancient Ancestor Ran Deng thought that the people in the Divine Alliance were shocked by his achievements.

At that moment, he said with a proud look on his face: "Qin Lei, my achievements are my confidence. Unlike you, I don't even have the confidence to tell my results!"

Hearing this, Xuying's body and mind felt funny.

Before he could speak, Hongjun beside him couldn't help laughing.....

When Ran Deng saw this scene, he was very angry and was about to reprimand Hongjun.

At this moment, a white light lit up in the field, and a majestic figure appeared. It was Qin Feng.....

He finally finished the assessment.

As soon as Qin Feng appeared, he immediately caused a commotion in the audience..

Chapter 1238

As soon as Qin Feng appeared, he immediately caused a commotion in the audience.....

"It's Qin Feng!"

"Qin Feng finally came out!"

Everyone looked at Qin Feng.

Even the ancient ancestor Ran Deng looked at Qin Feng and forgot to scold Hongjun.

Those giants also looked at Qin Feng.

At this moment, Qin Feng became the focus of the audience.

"His Majesty!"

Everyone in the Divine Alliance also looked happy.

With Qin Feng present, they seemed to have a backbone.

Qin Feng looked around and looked at the ancient Ancestor Ran Deng with a half-smile.

The two clones were extensions of his body. Of course he knows what happened before.....

"father!", Hongjun walked over excitedly.

At the same time, he moved his lips slightly and sent a message to Qin Feng

"Dad, this ancient ancestor of Ran Deng only has five-ring top grades, yet he still comes to mock us. It's really hilarious!"

"The father already knows!"

Qin Feng moved his lips slightly and sent back the message.

Hongjun said with joy again: "Dad, even the ancestor of Ran Deng has only five rings of top grades, but my child is five rings of top grade. It seems that the child is expected to enter the top ten. By the way, dad, your score is....."

"Six rings of excellence!", Qin Feng transmitted the message at will.

After listening to it, Hongjun opened his eyes wide and looked at his father with a look of disbelief.

The sixth ring is the best!

That is the limit of the Saint Ancestor, which is higher than the Saint Ancestor's peak level. It's still high!

The Holy Ancestor is a supreme being.

Not to mention the limit among the Holy Ancestors!

Is all this true?

Hongjun is still unbelievable.

Not to mention that Hongjun doesn't believe it, even Qin Feng himself saw the results , was also shocked.

His actual spiritual strength barely reached the late stage of the Saint Ancestor.

But with the help of the Jade Creation and the Light of the Divine Lord, his spiritual strength increased by 70%. Reaching the sixth-ringed gem in one fell swoop caused the secret room to tremble, the laws of heaven and earth were disordered, and the will of the secret earth was silent for a long time...

Qin Feng recalled it, and he was filled with emotion.....

"Qin Feng, kid! You finally came out!"

At this moment, the sneer of the Ancestor Ran Deng rang out in the field.

He hated Qin Feng very much.

When he saw it at this time, he would naturally not have a good look.

Before Qin Feng could speak, Hongjun mocked: "Randeng old man, you are so anxious for my father to come out, do you want to compare your grades with my father? Just with your achievements, you can't even compare to my dad!"

Randeng Ancestor was furious: "No matter how bad I am, I can still enter the top ten! And you? You are nothing but idle talk!"

"Ha ha!! You keep talking about it, but you just don't dare to compare with my father. It seems that you don't know what you are doing!"

"snort!", Ran Deng Ancestor sneered and didn't say much.

Facing Qin Feng, he really didn't have much confidence.

His performance was at the bottom among the giants, and he really didn't dare to say that he could beat Qin Feng.

Of course, If he faced the Shadow Clone and Xuan Ming Clone, he would be confident.

Hongjun said again: "I think so! It's hard to say whether you will make it into the top ten this time! Not to mention compared to my dad! If my expectations are correct, my dad will definitely win first place this time!"

As soon as these words were said, the whole place was in an uproar.

Many people laughed sarcastically.

After the previous analysis by Ran Deng Ancient Ancestor, all the examiners also felt that if Qin Feng did not have the help of his soul and physical body, his spiritual power would not be as strong as Tai's. Strong.

At least, it is impossible for Qin Feng to win the top three, let alone win the first place

"Ha ha!! It really makes me laugh to death! Hongjun kid, you said I couldn't make it into the top ten, so I just tolerated it! You said that Qin Feng can win the first place, then you think highly of him!"

Randeng Ancestor sneered loudly.

All the giants shook their heads.

Old Man Yuexia also mocked:"Boy! Who can enter the top ten and who can win the first place is not just who you want, it all depends on the results! Ancestor Liugen also agreed:"

Fellow Taoist Yuexia is right!" Hongjun son, I can understand how much you love your father. You said that Qin Feng can enter the top ten, but I think it is possible. But if you say he won the first place, then you have to ask my senior brother and Taoist fellow Taiqing....."

The corner of Hongjun's mouth curled up slightly:"Listening to your tone, Amitabha and Taiqing Shengzun have very good results. They should be the best among you?"

Liugen Ancestor smiled coldly:"I'll tell you the truth! They two People's achievements should be far beyond your imagination!"

"Yeah? Come and listen!", Hongjun inquired curiously

"Anyway, the assessment is about to end, and you will know it sooner or later. I will tell you in advance, so there is no harm in it!"

As soon as these words were said, all the assessors pricked up their ears.

They were also very curious.

Seeing everyone's curious expressions, Liugen Ancestor felt inexplicably proud.

He deliberately raised his voice and said in a sinister manner:"Boy, listen carefully.. This time, my senior brother and Taoist fellow Taiqing got the lowest grade of the sixth ring!"

As soon as these words were said, the whole place was in a state of shock.

Wow~!

A low-grade sixth-ringed person!

That is comparable to the spiritual strength of the Holy Ancestor in the early stages!

Such an excellent result, winning the first place, is not an exaggeration!

For a moment, everyone Everyone was talking in low voices, and everyone was filled with admiration.....

Among the crowd, Amitabha and Taiqing both smiled and felt proud.

But everyone in the Divine Alliance was a little confused.

No way?!

The best result among these giants is only a low-grade sixth ring?

You know, His Majesty's two clones are both top-grade six-rings, far higher than them.

As for His Majesty's own performance, they don't know yet. It will definitely be better.....

Among the crowd, Hongjun's eyes were shining and he was beaming with joy.....

He knows Qin Feng's achievements best.

Sure enough, Dad took the top three again, and he will also enter the top ten...

But in this way, several of the top giants will be squeezed out of the top ten. Who will they be?

Hongjun couldn't help but look at the ancient Ancestor Ran Deng...

At this moment, an invisible coercion descended from the sky and enveloped the entire square.

Then, in the sky above the square, that ethereal voice sounded

"This assessment is over! Those with less than 10,000 people will be eliminated!"

As soon as the voice fell, white lights lit up in the field one after another, and examinees were forcibly teleported out one after another.....

Suddenly, the sky above the square echoed with unwilling shouts one after another.

"No~! Don't teleport me out!"

"I'm not convinced! I'm not convinced!"

"I'm not willing to give in! I haven't lost yet!"

"please! Give it another chance!"

"Ah~! I am in the second realm of eternity! I...how could I lose?....."

Huh~! Huh~! Huh~!

For a moment, white lights flashed in the field, and the number of people continued to decrease...

All the forces were terrified.

Some are worried about themselves, some are worried about their disciples.....

A full quarter of an hour passed before the elimination phase ended. The number of people in the field was reduced by half, leaving only 10,000 people, all of whom were at the second level or above.

The leaders of all the forces looked at their disciples one after another.

After a while, the expressions of the leaders of all the forces were a little ugly.

Some of their disciples have lost less than half, some have lost more than half, and some have not even a single one left.

But at this moment, there was a sudden burst of cheers in the field

"His Majesty! All our people are here!"

"Ha ha!! His Majesty! All members of our Divine Alliance have passed the test!"

At this moment, the members of the Shen League were very excited.

There were more than 1,300 of them, and no one was missing.

Qin Feng also showed a happy smile.

All the disciples had passed the test, and more than 10,000 drops of Jiutian Jade Dew were obtained.

But just At this moment, he felt hundreds of eyes, all looking at him, and they were all evil.

Those eyes came from the leaders of other forces. At this moment, they looked over with envy and jealousy, and they felt bad in their hearts.....

Buzz~!

At this moment, in the center of the square, the sacred monument vibrated and lit up with a dazzling light.....

Everyone was startled, looked up one after another, and opened their eyes nervously.

They know that the assessment rankings are coming out..

Chapter 1239

Buzz~!

At this moment, in the center of the square, the sacred monument vibrated and lit up with a dazzling light.....

Everyone was startled, looked up one after another, and opened their eyes nervously.

They knew that the assessment rankings were coming out...

Even the giants opened their eyes wide and watched nervously.....

Buzz~!

There was another roar.

A line of golden text appeared at the bottom of the sacred monument.

No. 10,000, Luoshui Great World, clear water and spring, score: second-ring middle grade.....

Then, above this line of text, another line of golden text appeared.

No. 9999, Cloudless World, Ignorance, Score: Second Ring Middle Grade.....

It turns out that the rankings displayed this time are arranged from low to high.....

At the moment, one piece of information was displayed one after another.

All the players nervously checked their rankings.....

This ranking is related to points and rewards, and also symbolizes the level of strength and face. Naturally, everyone attaches great importance to it.

In the blink of an eye, the rankings were displayed to thousands of people.

The Shen League's worst performance was ranked over 6,000, and its performance far exceeded that of other forces.

This made Qin Feng very satisfied.

The children of the Divine Alliance were also delighted.

But in the eyes of other forces, they are extremely jealous and jealous.

Especially those with lower grades are secretly resentful.

In their view, the reason why the Divine Alliance has achieved such good results is entirely because the Divine Alliance has robbed them of the opportunity of the Holy Realm.

In the blink of an eye, the ranking reached 101st.

Next, it's time to enter the top 100.

Entering the top 100 has a completely different meaning. Both rewards and points will be greatly increased!

At this moment, the attention of the entire audience increased.

Everyone is also curious, who is this hundredth person?.....

Buzz~!

The monument trembles!

A line of golden text appears!

No. 100, Shenmeng, Bitie, result: four rings of excellence.....

"They are from the Divine Alliance!"

"Iron? Never heard of it before....."

The crowd murmured.

Buzz~!

The sacred monument trembled again.

Another line of golden text appears.....

No. 99, Shen Meng, Xiang Liu, result: four rings of excellence.....

"hehe! Still from the Divine Alliance...."

"This Xiang Liu was unknown before....."

"Look! That guy seems to be Xiang Liu, look at his proud look... Haha!"

"Which guy is that? Damn it! How come a guy who is in the middle stage of Tiansheng ranks higher than me?"

"Why! Who would let people who are descendants of the ancient God Lord have a secret will to be partial... Otherwise, how could they be ranked higher than us!"

"that is! What does that guy have to be proud of?....."

The crowd kept whispering!

Especially those powerful men in the late stage of Tiansheng and those at the peak of Tiansheng, all looked at Xiang Liu with jealousy.....

At this moment, a new line of information appeared on the monument.....

No. 98, Shenmeng, Yingzhao, result: four rings of excellence.....

Everyone lamented again.....

Next, the information continues to unfold.

No. 97, Shenmeng, Jiuyin, result: four rings of excellence.....

No. 96, Shenmeng, joint arch, result: four rings of excellence.....

In this way, one piece of information is displayed one after another.....

When we reached the eighty-seventh place, they were all from the Divine Alliance!

This made all the forces stunned.....

The Shenmeng side was naturally overjoyed.....

There were originally ninety-two people who were quasi-saint ancestors and above.

During his last trip to the Xuanwu Holy Realm, Qin Feng killed a total of fifteen quasi-saint ancestors.

As a result, there are only seventy-seven powerful quasi-saint ancestors left.

This allows more people from the Divine Alliance to enter the top 100...

Seeing this scene, all the forces were not only jealous, but also horrified.

Even if the will of the secret world is biased, the fact that the League of Gods can achieve such excellent results is enough to prove that the League of Gods has become very powerful...

In the blink of an eye, the ranking has reached sixteenth place...

So far, nineteen people from the League of Gods have entered Top 100.

Panzu even got the 22nd place, Qinglin got the 27th place, Ziwei Star Master got the 41st place...

Of course, if Panzu wasn't good at spiritual power, the ranking would be higher.

In short, this result is terrible and has shocked all the giants!

At this moment, the giants frowned and whispered.

"Everyone! The League of Gods is getting stronger and stronger!", whispered the old man under the moon

"yes! We can't let them grow any longer. Otherwise, all forces will be overwhelmed by them.", Ran Deng Ancestor also agreed.

Liu Gen Ancestor said:"It's not just a matter of being squeezed. The more Shen League enters the top 100, the more total points they will get, and points can be obtained in the later stage. Transactional. This will be more and more beneficial to Qin Feng in the subsequent assessments!"

With this reminder, the faces of the giants changed slightly.

Naturally, what they care most about is the inheritance of the mantle of the ancient God Lord, and points are the key to obtaining the inheritance.

Especially the giants of the three extraterrestrial sects, the pressure on their hearts is even more.

They know that The opening of the secret place this time was different from the previous meetings...

At this moment, Ancestor Hunji seemed to have discovered something, and suddenly said: "Everyone, have you noticed it? Now that we have reached the sixteenth place, why haven't we seen the rankings of Hongjun, Qin Lei, and Qin Mu?"

This reminder shocked the giants and quickly looked at the sacred monument.

Sure enough!

The rankings of Qin Mu, Qin Lei and Hongjun were not

"Huh! There really aren't three of them!"

"No way? Can these three people also enter the top fifteen?"

"That's it for Qin Lei and Qin Mu! Can Hongjun also enter the top fifteen?"

"yes! It seems that the child is still in the realm of heavenly saint, right? How could he surpass so many quasi-saint ancestors and enter the top fifteen?"

The giants kept whispering, which was a little difficult to understand.

They didn't know that Hongjun had already broken through to the early stage of the Quasi-Saint Ancestor.

Of course, Hongjun also used secret techniques to cover up his own cultivation, just to let these old guys touch it. I don't know their details...

Buzz~!

At this moment, the sacred monument trembled again... another golden text appeared.....

No. 15, Outer Pure Sect, Samantabhadra, achievement: five-ring top grade.....

"Huh! Not Hongjun!"

"Could he finish 14th?"

Buzz~!

The sacred monument trembled, and another message was displayed...

The fourteenth place, the Pure Sect of the Extraterrestrial Area, Venerable Manjusri, achievement: five-ring top grade.....

"Not Hongjun?"

"No way? Is he thirteenth?"

"this....."

All the giants suddenly felt that something was not good, especially Old Man Yuexia, Ancestor Randeng, and Venerable Shangqing, who were even more uneasy.

Their results are only five-ring best, not much better than Venerable Manjushri and Venerable Samantabhadra.....

Buzz~!

Just then, new information emerged.....

Thirteenth place, Extreme Moon Heaven Realm, Old Man Under the Moon, Score: Top Five Rings.....

Boom~!

As soon as he saw this message, Old Man Yuexia felt as if he was struck by five thunders. His whole body shook, his eyes went black, and he almost spurted blood with anger.....

He didn't expect that not only did he fail to enter the top ten, but he also only finished thirteenth.....

The giants were also dumbfounded.

The thirteenth person turned out to be Old Man Yuexia, not Hongjun...

At the same time, the entire square was in commotion.....

Old Man Yuexia is a well-known top giant!

He only got 13th place!

All the assessors were greatly surprised...

Buzz~!

Before everyone could recover from the surprise, another piece of information was revealed...

The twelfth place, Ancient Heaven Realm, Ancestor of Ran Deng, Score: Five-ring Top Rank.....

"this...."

"No way!"

"Isn't the twelfth place Hongjun?!"

The giants were even more dumbfounded.

"this.....This...how is this possible? Why didn't I make it into the top ten?"

Randeng Ancestor was completely stunned.

Suddenly, he thought about the previous mocking of the Divine Alliance in public. His face turned red, and he felt ashamed and angry. He didn't dare to think about it any more.....

The assessors around were in an uproar!

This time, not only did Old Man Yuexia fail to make it into the top ten, but also the Ancient Ancestor Ran Deng failed to make it.....

Buzz~!

The League of Gods roared again!

The giants took a deep breath and looked at the monument with wide eyes...

Next was the eleventh one.

If the eleventh place is not Hongjun, then the boy will definitely enter the top ten.

If this is the case, it will be difficult for the giants to accept it.

They would rather the shadow clone and Xuan Ni clone enter the top ten than Qin Feng's son also enter the top ten...

That would be too embarrassing for them.....

Especially Old Man Yuexia and Ancient Ancestor Ran Deng, they don't want to be completely outmatched by a child.....

At this moment, not only these giants, but all the evaluators watched nervously...

Even Hongjun himself was very nervous.....

Everyone knows that as soon as the eleventh place is confirmed, the top ten list will be known.....

And entering the top ten will not only get more generous rewards for passing the level, but also get more rare ranking rewards.....

It can be said that the difference between one person and one person is great, and the benefits gained are heaven and earth.....

Buzz~!

The sacred monument trembled and lit up with a dazzling spiritual light.....

A line of golden words unfolded slowly.....

Eleventh place, Taoist sect from outside the territory, Supreme Saint, achievement: Five Rings Extreme.....

"ah....."

This time it's not Hongjun!

That is to say, Hongjun has entered the top ten.....

As if struck by lightning, all the giants were completely dumbfounded..

Chapter 1240

As if struck by lightning, all the giants were completely dumbfounded.....

The assessors around him were not aware of the problem.

They stared at the monument one by one with expressions of concern.....

Buzz~!

The sacred monument trembles again!

"Out! Out! Number 10 is coming out!"

The assessors opened their eyes nervously...

At this moment, a line of golden information slowly appeared.....

Tenth place, Shenmeng, Hongjun, result: Five Rings Excellent.....

"This is...."

"OMG! The tenth place is actually Hongjun!"

"This...how is this possible?!"

As soon as that information came out, the whole audience was in an uproar.

All the assessors were dumbfounded, and they all showed disbelief in their eyes.....

"The young master has entered the top ten!!".

"Very good! Congratulations, young master! Congratulations, young master!"

Everyone in the Divine Alliance cheered.

Hongjun was also smiling and felt extremely comfortable.

At this moment, he could finally breathe a sigh of relief.....

In the crowd, Old Man Yuexia and Ancient Patriarch Ran Deng saw the Shenmeng's happy appearance, and felt their throats were dry and their hearts were bitter.....

"I really didn't think about it! Even Hongjun's children can enter the top ten! This secret will is too biased!"

Shangqing Shengzun looked indignant.

He only got the eleventh place and did not enter the top ten.

"Why! Even so, it is not easy for Hongjun's child to enter the top ten! It seems that we have greatly underestimated the Divine Alliance!"

Yu Qing sighed.

Then, he seemed to have thought of something, and said in surprise:"By the way, the rankings of Qin Lei and Qin Mu didn't appear either. This time, they won't be in the top three again, right?"

With this reminder, the faces of the giants changed slightly.

That is definitely not the result they want to see.

They can accept Qin Feng, Qin Lei, and Qin Mu entering the top ten, but they find it difficult to accept that these three people have won the top three again.

At the moment , Amitabha frowned and said:"The top three this time are not as easy as before, not so easy to win! Unless Qin Lei and Qin Mu's spiritual strength can also reach the lower level of the sixth ring!

Taiqing also sneered:"Haha!" The sixth ring is inferior! That is the strength of the Saint Ancestor at the primary level. I don't believe that Qin Lei and Qin Mu can achieve it!".

The giants nodded slightly, but also thought it was unlikely...

Buzz~!

At this moment, the sacred monument shook!

The commotion in the whole place immediately quieted down, and everyone looked at the sacred monument.....

A line of golden text slowly appeared.....

Ninth place, casual cultivator, Six-root Ancestor, achievement: Five Rings Unparalleled.....

As soon as this information came out, the assessors took it for granted and did not cause any disturbance.....

After all, Liugen Ancestor is the pinnacle giant of the old brand, so it is not surprising that he can win such a ranking.....

The giants frowned slightly.

The ninth place is not Qin Lei and Qin Mu, so the possibility of these two entering the top three will be greater.....

Next, the sacred monument trembled again... golden light emerged, and the information was revealed.....

The eighth place, the Taoist Sect from outside the territory, Jade Qing Shengzun, achievement: Five Rings Unparalleled.....

It's not Qin Lei.

The giants frowned, feeling a little more worried in their hearts.

The sacred monument rang loudly, and the golden light floated over...

The seventh place, Huanji Heaven Realm, Hunji Ancestor, achievement: five-ring peerless product.....

It's not Qin Lei and the other two. The giants looked at each other, anxiety began to appear in their eyes...

The monument continued to be displayed.....

Sixth place, Luo Jia, Extraterrestrial Demonic Abyss, score: five-ring top quality.....

Still not the two of Qin Lei.....

At this time, the giants were a little panicked.

There are only five places left, but Qin Lei and Qin Mu's places still haven't appeared.....

Is it possible that these two really want to be in the top three?

Buzz~!

Fifth place, Mohu, Extraterrestrial Demonic Abyss, result: five-ring top quality.....

There are only four spots left!

Qin Lei and Qin Mu's names still didn't appear.....

The giants are completely nervous.....

"Huh! Everyone! Something is wrong!"

The old man under the moon seemed to have thought of something, and suddenly raised his head

"What's wrong?"

The giants looked over curiously.

"Guys, do the math! Those who have not yet been ranked include fellow Taoist Ami and fellow Taoist Taiqing, as well as the three brothers Qin Feng, Qin Lei and Qin Mu. At this count, there are five people in total, but now there are only four left....."

"Huh! It really is!"

"How could such a strange thing happen?"

Old Man Yuexia's analysis made the giants suddenly realize that they soon discovered this unusual place.....

"Strange! strangeness! Four places are definitely not enough for five people! Could it be that one of the three Qin Feng brothers didn't even get into the top 100?"

Old man Yuexia began to guess again.....

"Forehead...."

All the giants looked at each other.

They really didn't pay attention to the list of less than 100 people before.

Those people simply don't deserve their attention.

However, based on Old Man Yuexia's analysis, they felt that it was very possible.

After all, Amitabha and Taiqing Shengzun both have low-level results in the sixth ring, and they will definitely be among the next four places.....

At this time, Saint Taiqing said anxiously:"No matter how many there are, let's wait and see who the fourth one is."....."

Yuqing noticed his worry and quickly comforted him in a low voice.

"Don't worry, senior brother! This time the top three should be you, fellow Taoist Ami, and little thief Qin Feng. One of Qin Lei and Qin Mu should be in fourth place, and the other one is outside the top 100. I didn't pay attention before waiting....."

"Fellow Taoist Yuqing's analysis makes sense! I think so too!"

"According to my ancestor, this is probably the case....."

The Six Root Ancestors and others all agreed.

Buzz~!

At this moment, the sacred monument trembled.

The giants quickly followed the sound and looked concerned.....

A line of golden light dazzled, and each word emerged...

The fourth place, Taoist sect from outside the territory, Taiqing Saint, score: low grade of sixth ring.....

"Wha...what?!I'm only fourth?!"

Tai Qing's body swayed slightly, and his face became extremely ugly.....

The giants were also confused.

No way?

Even the sixth-ring low-grade ranked fourth?

What are the achievements of the three Qin Feng brothers?

At this moment, Taiqing's heart became cold.

The greatest hope in his heart was extinguished at this moment.....

The assessors around him were all shocked.

They were lamenting that Taiqing's results were so amazing!

To them, the sixth-level low-grade people cannot look up to them. They are extremely terrifying.  
.....

Buzz~!

At this time, the sacred stele rang loudly again...

Third place, Outer Pure Sect, Amitabha, Grade: Sixth Ring Low Grade.....

As soon as this information came out, the crowd once again burst into exclamation.

"Tsk tsk!! Amitabha and Taiqing Shengzun are indeed the pinnacle giants of the old brand!"

"yes! Both of them have low-level results in the sixth ring! It's unimaginable!"

The crowd was filled with admiration.

In the corner, Amitabha had a wry smile on his face:"Haha! Unexpectedly, I only got a third place! Why~! "

Having said this, Amitabha sighed helplessly, looking a little disappointed.....

Taiqing Shengzun also said with a depressed look:"Yes! I didn't expect that the first place this time would go to the three Qin Feng brothers again! It's really... It's really... Hey!" When the giants heard this, their expressions changed. Somewhat ugly.

At this time, Old Man Yuexia comforted him and said:"Fellow Taoists, don't be so discouraged. Although the first and second place this time were won by the three brothers Qin Feng,

"But the three of them only got two places, and one of them was destined to perform extremely poorly and didn't even make it into the top 100. Based on this calculation, the benefits they received are not as great as we imagined....."

As soon as these words were spoken, the eyes of the giants lit up. right!

If calculated this way, the benefits gained by the three brothers Qin Feng will be much less than what was just estimated...

At this thought, the mood of the giants eased and became better...

But on the other hand, as of the moment when the rankings were announced, The Divine Alliance was also in an uproar.

All the disciples had incomprehensible expressions on their faces....

"Dad, something is wrong! Your score is the sixth-level top grade, and the two clones are both top-grade six rings. Anyway, you three are the top three, why is Amitabha in third place?"

"yes! His Majesty! How could the third place be Amitabha? Could it be that the will of the secret place was mistaken?"

Hongjun, Pangu and others were greatly puzzled.

Qin Feng also frowned slightly.

He couldn't figure out what was going on.

Buzz~!

At this moment, the Shenmen League roared, and new information began to be announced...

Qin Feng and others People quickly looked around.

Golden light emerged, and a line of text appeared.....

Second place, Shenmeng, Qin Mu, result: Sixth Ring Top Grade.....

As soon as this information came out, the whole place was in a state of shock.....

"Oh My God! Qin Mu is a top-grade sixth ring!"

"This...this is too exaggerated!"

All the assessors were dumbfounded.

Even the giants were dumbfounded. Some of them dared not open their eyes...

Sixth ring top grade!

That's the later stage of the Saint Ancestor!

Qin Mu's performance was far better than theirs. , even two levels higher than their best performance, Amitabha.....

It took a long time for the giants to regain their composure, feeling uncomfortable in their hearts.

"I really didn't expect that Qin Mu's results were so excellent.....", Amitabha smiled bitterly and shook his head.

Ancestor Ran Deng said with a displeased look on his face:"If it weren't for the partial will of the secret land, Qin Mu would definitely not have such good results. But it's okay, we have guessed it now. The one who was eliminated outside the hundred should be Qin Lei Got it....."

As soon as these words were spoken, the Shenmeng roared, and new information was announced...

Tied for second place, Shenmeng, Qin Lei, score: Sixth Ring Top Grade.....

"Wha...what?! Tied for second place?!"

All the giants looked stunned.

Ancestor Ran Deng even opened his mouth.

The examiners around him also exclaimed again.

"Ha ha!! It turned out to be tied for second place!"

"Very good! This is great! Two second places will get more benefits....."

At this moment, everyone in the Divine Alliance finally understood what was going on, and they were overjoyed and cheered...

Qin Feng also had a smile on his face.

He had not expected such a result, but the benefits would be even greater, which was very much what he wanted...

Before the giants could recover from their shock, the monument trembled again, and the last piece of information was about to be announced....

Everyone raised their heads and looked at the monument...

They all knew that the first place result was finally coming out.

Even the giants opened their eyes...

Buzz~!

Golden light emerged, and a line of text slowly revealed.....

First place, Shenmeng, Qin Feng, result: six rings of excellence.....

What?!

Six rings of excellence?!

As soon as they saw the results of that extremely monster, the whole audience was completely dumbfounded.

The venue instantly became extremely quiet, and even the faint sound of breathing could be heard...
