

## God level 1241

### Chapter 1241

First place, Shenmeng, Qin Feng, result: six rings of excellence.....

What?!

Six rings of excellence?!

As soon as they saw the results of that extremely monster, the whole audience was completely dumbfounded.

The venue instantly became extremely quiet, and even the faint sound of breathing could be heard.  
.....

Six rings of excellence! is this real?!

Everyone almost thought they were in a dream.

This result is too monstrous and terrifying!

If it weren't for the information clearly displayed on the monument, they wouldn't have dared to believe that this was true.....

The six rings are exquisite!

That is comparable to the spiritual strength of the Holy Ancestor at the extreme level, which is the limit of the sixth realm...

One step further, it is the legendary seventh realm.

From ancient times to the present, since countless calamities, only the ancient God Lord has reached this state!

Can Qin Feng's spiritual power reach the limit of the sixth realm?

No one dares to imagine.....

Even the giants gasped!

Even if the will of the secret world is partial, Qin Feng's own spiritual power must be extremely terrifying and must surpass them.....

Thinking of this, the giants looked at Qin Feng with very complicated eyes.....

The assessors also thought of this, and each of them looked at Qin Feng in awe.....

Even though many of them are full of hatred and resentment towards Qin Feng, they have to be in awe in the face of such an evil and terrifying existence.....

Among the crowd, Xian Ling saw this scene, and his beautiful eyes couldn't help but shine, and he fell in love with Qin Feng even more.....

"The rankings are announced! Next, distribute rewards for passing levels!"

At this moment, the voice of the secret will echoed over the square.....

"Rewards for passing levels are about to be distributed!"

The tranquility in the field was broken, and the crowd began to commotion.

Many people had looks of anticipation on their faces.

The reward for passing the level this time was much richer than the previous two times.

"Now rewards for passing the level from 101st to 10,000th are 10 drops of Nine Heavens Jade Dew each...."

Buzz~! Buzz~! Buzz~!

As the ethereal voice fell, thousands of light beams descended from the sky, landing on the heads of the players ranked 101st to 10,000th.....

There is a small jade bottle in each light pillar, slowly falling...

Those jade bottles contain ten drops of Nine Heavens Jade Dew.

All the assessors were delighted and accepted their rewards one after another... After these people received their rewards, another ninety beams of light descended from the sky and landed on the heads of the eleventh to one hundredth contestants.

Each beam of light has a larger jade bottle, each containing 100 drops of Nine Heavens Jade Dew...

Next, there are rewards for the fourth to tenth place, 1,000 drops of Nine Heavens Jade Dew for each person.....

"Now the rewards for the first to third place are 10,000 drops of Nine Heavens Jade Dew each. ...."

Buzz~! Buzz~! Buzz~! ...

Four thick beams of light descended from the sky, landing on the heads of Qin Feng, Xuying's clone, Xuan Ni's clone, and Amitabha respectively...

Among the four pillars of light, there was a jade bottle filled with 10,000 drops of jade dew, which slowly fell. to four people.....

Then, under the envious eyes of everyone, Qin Feng and the others put away the jade bottle.

After receiving the reward, a happy smile appeared on Qin Feng's lips.

At this point, he and his two clones had obtained 30,000 drops of Nine Heavens Jade Dew.

In addition, Hongjun also received 1,000 drops.

Pangu, Ziwei and other 19 senior leaders of the Shen League who entered the top 100, accumulated 1900 drops.

There are more than 1,300 remaining disciples, each of whom gets 10 drops, which is more than 13,000 drops.

All accumulated together, that is more than 66,000 drops.

In short, the rewards for passing the level this time are very good, and Qin Feng is very satisfied.  
.....

At this time, all the rewards for passing the level were distributed, and the crowd started talking again.

"The rewards for passing levels have been distributed. Did you notice anything?"

"What's up?"

"There were not just ten thousand people present, but ten thousand and one....."

"Forehead? Yeah?"

"Do not believe? You count!"

"Let me see... Hey! It's really..."

At this moment, the crowd kept talking.

Some people who were interested had discovered that there was one more person present than originally planned.

Obviously, this was caused by Qin Lei and Qin Mu tying for second place.....

"Regardless of whether there is one more person, I just want to know now, what will be the ranking reward for this assessment?"

"The reward for passing the level this time is five times more generous than the last time. I guess the ranking reward this time will also be more generous, right?"

"hehe! I am very sure of that! I just don't know how rich it will be...."

"Hey~! I really envy those powerful people who are in the top ten!"

Everyone sighed...

In the crowd, Old Man Yuexia and Ancient Ancestor Ran Deng felt bad.

Thinking that they were the top giants, but they didn't have the chance to enter the top ten, they naturally felt a little uncomfortable.....

On the other side, on the side of the Divine Alliance, Hongjun was already waiting anxiously.

This was his first time entering the top ten, and he was extremely looking forward to this ranking reward...

At this moment, that ethereal voice sounded in the sky above the square.

"Start issuing ranking rewards now....."

As soon as he said this, the whole place was in commotion.

Everyone raised their heads and looked up at the sky above the square...

The giants couldn't help but become nervous.

They also want to know what the ranking rewards will be this time.....

At this time, the voice of the secret will sounded again

"Tenth place, Shenmeng, Hongjun, reward: one Nine-turn Spirit Tempering Pill, 20,000 drops of Nine-Heaven Jade Dew....."

As soon as this announcement came out, the whole place was in a state of shock.....

"Wow! Twenty thousand drops of Nine Heavens Jade Dew! The first place in the assessment only received 20,000 drops! This time the tenth place will be 20,000 drops....."

"yes! The rewards this time are much richer than last time...."

The crowd marveled.

At the same time, the giants are also going crazy....

"Nine-turn Spirit Tempering Pill?! Junior brother, did I hear you correctly just now? The reward is the Nine-turn Spirit Tempering Pill? Saint

Taiqing asked excitedly.

Saint Yuqing also blushed excitedly and said, "Brother, you heard it right!" It's the Nine-turn Spirit Tempering Pill!"

"Ha ha!! Fellow Taoist Taiqing, you heard it right! It's the Nine-turn Spirit Tempering Pill! This ranking reward is more generous than I imagined!"

Amitabha also laughed heartily.

Namohou, Luoia, and the six ancestors all showed ecstasy. But the old man under the moon and the ancient ancestor Ran Deng had puzzled faces.

Their understanding of elixirs is comparable to Not in the three sects outside the territory.....

"Everyone, is the Nine-turn Spirit Tempering Pill magical?" Old Man Yuexia inquired curiously.

Saint Taiqing caressed his beard and said with a smile: "Fellow Taoist Yuexia doesn't know something. This Nine-turn Spirit Tempering Pill is a magical pill that can temper spiritual power. Although they are both in the Nine-turn series, its quality has reached the threshold of the holy realm....."

"What? Have you reached the threshold of the holy realm?!"

Old man Yuexia was extremely shocked.

The ancient Ancestor Ran Deng on the side was also dumbfounded.

You must know that above the upper realm divine elixir, there is a higher level of divine elixir, which is the holy realm divine elixir.

At the moment, Yuexia The old man swallowed and said: "In other words, the value of this Nine-turn Spirit Tempering Pill is comparable to a hundred Nine-turn Golden Body Pill?"

Sage Taiqing smiled: "Haha! I'm afraid that's not all. How can a divine elixir in the holy realm be comparable to a divine elixir in an upper realm?"

The reward this time exceeded Taiqing's imagination.

When he thought that he would get the Nine-turn Spirit Tempering Pill, he felt very good.

Amitabha was also in a happy mood: "Yes! The Nine-turn Spirit Tempering Pill is a divine pill in the holy realm. Even if you refine one, it will greatly improve the strength of our spiritual power and can greatly enhance our combat power."

Hearing these words, Old Man Yuexia and Ancient Ancestor Ran Deng looked at each other and both showed bitter smiles.

Such a good opportunity, but they had no chance to enter the top ten, so they missed it.....

At this time, Lord Amitabha said again: "This Nine-turn Spirit Tempering Pill is very good. The only drawback is that it is too difficult to refine. Even with our level of cultivation, it will take one or two months to refine one." That is to say, even if we get the Nine-turn Spirit Tempering Pill this time, we won't have time to refine it....."

Saint Taiqing smiled and said: "This is all a trivial matter! Even if there is only one such magic pill, it is a big opportunity. Besides, we don't have time to refine it, and Qin Feng and the others will also have no time to refine it."

"When the time comes, after I kill them, won't I be able to take their ninth-turn tempered spirits as my own?"

With this reminder, all the giants' eyes lit up and they all showed joy.

Even Old Man Yuexia and Ancestor Ran Deng also showed excitement.....

But he said that there was another side, the Divine Alliance side.

At this moment, Hongjun also looked ecstatic.

Just now, he asked Qin Feng what the Nine-turn Spirit Tempering Pill was.

He didn't know the Nine-turn Spirit Tempering Pill, but Qin Feng knew it and told him.

When he knew that the Nine-turn Spirit Tempering Pill was a holy realm pill, he was immediately overjoyed.....

Star Master Ziwei, Pangu, and Fu Zhi on the side were also overjoyed after hearing this.

Qin Feng also felt secretly happy.

This was only tenth place, and he was rewarded with a Nine-turn Spirit Tempering Pill.

As the first place, his reward must be extremely generous.

"Huh! Dad, why haven't my rewards been distributed yet?"

After Hongjun was excited, he began to mutter again...

At this time, all the assessors also found that something was wrong...

Just in front of everyone When my heart was muttering, the voice of the secret will sounded again.....

"Tenth place, Shenmeng, Hongjun, there is an additional reward: a nine-turn spirit tempering pill....."

"Forehead! Are there additional bonuses?"

All the assessors were greatly surprised.

All the giants were also surprised.

Could it be that this time's ranking rewards are different from the past, and there will be additional rewards?

What's even better is that the additional rewards are actually the most precious Nine-turn Spirit Tempering Pill!

Not even that. While everyone was thinking about it, a beam of light descended from the sky and landed on Hongjun's head...

In the beam of light, two purple magic pills and a white jade bottle fell slowly...

I saw that the two purple magic pills were blooming with colorful colors. The glow of the sky is surrounded by purple air, and it is extraordinary at first sight.....

That was the divine elixir of the holy realm - the Nine-Revolution Tempering Spirit Pill...

And that white jade bottle contained twenty thousand drops of Nine Heavens Jade Dew...

A moment later, Hongjun received the envy of the giants. I bought two Nine-turn Spirit Tempering Pills and White Jade Dew.....

The next second, the light beam in the sky retracted

"This time it's my turn!"

Ancestor Liugen looked at the sky impatiently...

He is in ninth place!

Needless to say, the reward he received must be more generous than Hongjun's.....

However, what he cares about most is the Nine-turn Spirit Tempering Pill.

As long as he can get two, he will be satisfied... boom~boom~boom!

The void shook, the coercion of the secret will shrouded, and the ethereal voice sounded again.....

"Ninth place, casual cultivator, six-root ancestor, reward: one Nine-turn Spirit Tempering Pill, 25,000 drops of Nine-Heaven Jade Dew....."

As soon as he finished speaking, a beam of light fell on the heads of the six ancestors...

Immediately afterwards, a nine-turn spirit tempering pill and a white jade bottle slowly fell along the beam of light.....

Ancestor Liugen was instantly dumbfounded. what happened?

Why doesn't he have any additional rewards?

Could it be that he only has one Nine-turn Spirit Tempering Pill?

If so, the reward he received is far less than Hongjun!..

Chapter 1242

Ancestor Liugen was instantly dumbfounded. what happened?

Why doesn't he have any additional rewards?

Could it be that he only has one Nine-turn Spirit Tempering Pill?

If so, the reward he received is far less than Hongjun!

The assessors around him also looked confused.

The tenth-placed Hongjun has additional rewards, but why is the ninth-placed Liugen Patriarch not given any rewards?....

"This ninth place only has a Nine-turn Spirit Tempering Pill?"

"yes! Why is there no additional reward for ninth place? Could it be a mistake?"

All the giants also looked at each other in astonishment.....

At this moment, the voice of the secret will sounded again in the sky above the square.....

"The eighth place, the Taoist Sect from outside the territory, the Jade Pure Saint, reward: one Nine-turn Spirit Tempering Pill, 30,000 drops of Nine-Heaven Jade Dew....."

Buzz~!

A magnificent beam of light fell from the sky, falling directly on the head of the Holy Lord Yuqing...

In the beam of light, a purple divine elixir and a white jade bottle slowly fell.....

Still no additional rewards!

The giants were a little dumbfounded...

Without waiting for everyone in the audience to think too much, after Holy Master Yuqing collected the rewards, the reward for seventh place was also announced.....

"The seventh place, Hunji Heaven Realm, Hunji Ancestor, reward: one Nine-turn Spirit Tempering Pill, 35,000 drops of Nine-Heaven Jade Dew....."

Buzz~!

Immediately afterwards, another magnificent beam of light fell on the head of Ancestor Huanji, and the prize slowly fell in the beam of light.....

Seeing this scene, the crowd started talking about it....

"what happened? The tenth place Hongjun has additional rewards. Why are there no additional rewards for the seventh, eighth, and ninth place?"

"yes! Really strange!"

"Everyone, do you remember it? In the first two assessments, Qin Feng, Qin Lei, and Qin Mu entered the top three and all received additional rewards."

"Yes! At that time, we guessed that they were from the Divine Alliance, and only after they entered the top three were they taken care of by the will of the secret land and given additional rewards. Now it seems that it is not exactly like that. As long as people from the Divine Alliance enter the top ten, there will be additional rewards!"

"That's right! That's it!"

Everyone was stunned.

At the same time, the giants also figured out the reason. They all looked at each other with wry smiles.

At this moment, the voice of the secret will sounded again.....

"Sixth place, Luo Jia, Extraterrestrial Demonic Abyss, reward: one Nine-turn Spirit Tempering Pill, 40,000 drops of Nine-Heaven Jade Dew....."

As soon as he finished speaking, the beam of light descended and landed on Luo Jia's head..... really!

Still no added bonus!

Luo Jia looked depressed and silently put away the reward.....

"hehe! The will of this secret place is really partial!"

"yes! Without additional rewards, the sixth, seventh, eighth, and ninth places we ranked were all far inferior to the tenth place at the bottom. It's really unfair!"

The tone of the giants was sour, and their hearts were full of jealousy.....

On the other side, the Divine Alliance side.

Hongjun's face was full of joy

"Dad, it turns out that as long as we, the children of the Divine Alliance, enter the top ten, we will receive additional rewards. You are in the top three this time, and there must be additional rewards. ...."

Qin Feng's mouth curved and he smiled slightly:"I'm afraid it's more than that!"

Hongjun was stunned.

Immediately, he thought of something and his eyes lit up:"Dad, you mean, like last time, you will get a super reward in addition to additional rewards?"

Qin Feng smiled and said nothing.

Hongjun slapped his head again:"That's right! Dad, your results this time are extremely evil, and you will definitely get a super reward. Not only that, the results of your two clones are also extremely excellent."

"Is it possible that in addition to additional rewards, your two clones also have the opportunity to receive super rewards?"

Qin Feng smiled slightly:"That's not clear. It all depends on how the secret will is evaluated....."

"That's right! However, after hearing your reminder, the child is even more looking forward to your rewards....."

Speaking of this, Hongjun looked excited.

At this time, the fifth place was also announced.....

"Fifth place, Extraterrestrial Demonic Abyss, Mohu, reward: one Nine-turn Spirit Tempering Pill, 45,000 drops of Nine-Heaven Jade Dew....."

Mohu silently put away the reward.

Next, is the fourth place.....

"Fourth place, Taoist sect from outside the territory, Holy Master Taiqing, reward: one Nine-turn Spirit Tempering Pill, 50,000 drops of Nine-Heaven Jade Dew....."

A beam of light descended, and the divine elixir and jade bottle fell along the beam of light. Saint Taiqing's face was full of depression.

Thinking that the reward he received for his impressive fourth place was not as good as that of Hongjun, who was ranked tenth, he naturally felt uncomfortable.....

The tenth place Hongjun is 2 Nine-turn Spirit Tempering Pills and 20,000 drops of Nine-Heaven Jade Dew.

He has a Nine-turn Spirit Tempering Pill and 50,000 drops of Nine-Heaven Jade Dew...

You know, the value of a Nine-turn Spirit Tempering Pill is equivalent to 200,000 drops of Nine-Heaven Jade Dew...

Calculated in this way, the reward he received is really huge. He was not as good as Hongjun, so naturally he felt depressed...

Just like that, Taiqing Shengzun put away the reward with satisfaction and depression...

Discussions began to sound in the crowd.

"The rewards for fourth place have been distributed! Next, the rewards for the top three should be distributed....."

"yes! According to the past, the rewards for the top three will be more generous. I wonder what the rewards for the top three are this time?"

"have no idea! Just wait and see!"

Before these words finished, the spiritual fluctuations of the Secret Will were reverberating in the sky above the square.

Everyone knew that the Secret Will was going to announce the reward for the third place...

The crowd's chatter decreased, and they all looked to the sky curiously...

Amitabha also swallowed. I drooled for a moment, looked a little nervous, and looked up at the sky with some expectation.....

Next, it's his turn!

He has entered the top three, so the reward must be very generous...

As soon as this thought came to his mind, that ethereal voice sounded in the sky.....

"Third place, Amitabha of the Outer Pure Sect, reward: one Nine-turn Spirit Tempering Pill, three Heaven-Breaking Divine Pills, and 100,000 drops of Nine-Heaven Jade Dew....."

As soon as the news was announced, the crowd was amazed.....

"Wow~! The third place Jiutian Jade Dew is one hundred thousand drops! It's so enviable!"

"yes! Exactly twice as much as the fourth place!"

"Not only that, there are three more Heaven-Breaking Divine Pills!"

"The Heaven-Breaking Divine Pill is incredible. It is rumored that it can enable the powerful Heavenly Sage to break through the realm. It is the best among the higher-level divine pills. One pill is worth 20,000 drops....."

"The value is so high! Tsk tsk!! This magical elixir is so precious....."

The crowd was amazed...

But they didn't notice that Amitabha's expression was very strange...

At this moment, he was extremely annoyed.....

Three Heaven-Breaking Divine Pills are worth about 60,000 drops of Nine-Heaven Jade Dew, plus the 100,000 drops of Nine-Heaven Jade Dew, the total is only 160,000 drops, which is not as valuable as one Nine-Heaven Spirit-Quenching Pill...

In other words, His third place reward was not as good as tenth place Hongjun...

At this thought, Amitabha almost exploded with anger!

The giants around also looked shocked.....

No way?

The reward for third place is this...

The will of this secret place is too biased towards the children of the Divine Alliance!

Buzz~!

A beam of light fell from the sky and landed on the head of Amitabha. The rewards slowly fell along the beam of light...

Then, with a grimace on his face, Amitabha went to receive the rewards in the envious eyes of everyone.....

At this moment, only the giants can understand Amitabha's mood.

It is true that those ordinary examiners do not understand the value of the Nine-turn Spirit Tempering Pill at all.....

"Hey~! It surprised me that! Fellow Taoist Ami is the third place, but the rewards he received are not as good as those of Hongjun, who is the tenth place....."

"There is no way! How can Hongjun, a disciple of the Divine Alliance, be favored by the will of the secret land and have additional rewards that we don't have?....."

"yes! This is so unfair....",

The giants were indignant.

At this time, Old Man Yuexia suddenly said:"Everyone, don't forget that the three Qin Feng brothers are also members of the Divine Alliance. This time they will also have additional rewards..."

After hearing this, the faces of the giants changed slightly, and they all A little ugly to look at.....

At the same time, the Divine Alliance side.

When Qin Feng saw Amitabha's reward, he smiled and was very satisfied.

Not only was he looking forward to the Nine-turn Spirit Tempering Pill, but he also urgently needed the Nine-Heaven Jade Dew.

This entered third place, and the reward for Jiutian Jade Dew suddenly increased to 100,000 drops, which was just right for him.

Presumably there are more Jiutian Yulu in the second place and the first place.

In addition, Qin Feng urgently needs the Heaven-Breaking Divine Pill.

He has more than thirty Heavenly Saints under his command, all of whom are in urgent need of the Heaven-Breaking Divine Pill to break through.

The Heaven-Breaking Divine Pill in his hand has long been used up, and he can replenish it this time.....

"Dad, it's almost your clone's turn...."

Hongjun on the side was more anxious than Qin Feng.

He was looking forward to whether Qin Feng's clone would be able to receive a super reward.....

At this moment, Amitabha had already collected the rewards.....

The crowd began to whisper

"The third place has been distributed, and the second place will be next....."

"I wonder what the rewards will be for Qin Lei and Qin Mu who come second? It should be more generous!"

"yes....."

Everyone looked in the direction of the Divine Alliance.

The giants also looked over with concern.....

They were very curious about what rewards the secret will will give Qin Lei and Qin Mu this time.  
.....

At this moment, the sky above the square shook, and the ethereal voice sounded again.....

"Second place, Shenmeng, Qin Lei, reward: two Nine-turn Spirit Tempering Pills, five Heaven-Breaking Divine Pills, and 150,000 drops of Nine-Heaven Jade Dew....."

As soon as the news was announced, everyone was amazed.....

Obviously, the reward for second place is much richer than that for third place. There are 50,000 more drops of Jiutian Jade Dew alone, and two more pills of breaking the sky...

Amitabha and other giants are even more dumbfounded?

What?!

The second place will be rewarded with two Nine-turn Spirit Tempering Pills?!

Before, the third place only had one. Why did the second place have two?

At this moment, Amitabha was so angry that he vomited blood.....

Why does he feel that the secret will is targeting him?!

At this moment, the ethereal voice continued to sound.....

"In addition, second place Qin Lei will receive an additional reward: a Nine-turn Spirit Tempering Pill....." hehe!

Sure enough!

All the giants sneered in their hearts and were very unhappy.....

But before they could think about it, the voice from the secret place sounded again.....

"It was appraised by Qin Lei, the second place, and the result of this assessment is: Sixth Ring Top Grade. The assessment completion evaluation is: Super perfect!"

"Therefore, Qin Lei will be given a super reward in this assessment!"

The ethereal voice echoed quietly in the sky.

The whole audience was stunned... the giants were even more stunned..  
Chapter 1243

"Therefore, Qin Lei will be given a super reward in this assessment!"

The ethereal voice echoed quietly in the sky.

The whole audience was stunned...

Those giants were completely dumbfounded...

No way?!

This is the second place. Qin Lei is just like Qin Feng last time. He also received a super reward...

Then the benefits obtained by Qin Lei must be too great!

At this moment, the whole audience was amazed!

The Shen League side cheered.

"Ha ha!! Dad, that's great! Your clone really got a super reward...."

Hongjun looked excited

"I would like to congratulate Your Majesty!"

"We also wish to congratulate Your Majesty!"

At this time, Ziwei Star Master and other high-level officials also came to congratulate him.

Qin Feng was smiling and very happy.

At this time, the will of the secret land was announced again....

"The content of this super reward is: all rewards are doubled!"

"Therefore, Qin Lei's rewards were recalculated as follows: six Nine-turn Spirit Tempering Pills, ten Heaven-Breaking Divine Pills, and three hundred thousand drops of Nine-Heaven Jade Dew.  
....."

As soon as this reward was announced, the whole audience was in an uproar!

"OMG! Three hundred thousand drops of Nine Heavens Jade Dew and ten Heaven-Breaking Divine Pills!"

"There are also six Nine-turn Spirit Tempering Pills.....That elixir has always been rarely rewarded, so it must be extremely precious....."

"Tsk tsk!! This reward is too generous!"

The crowd sighed!

The faces of the giants were extremely ugly.

Qin Lei's reward was much better than theirs, and it was several levels higher!

The most depressing one was Amitabha!

He was also among the top three..

But compared with the second place phantom clone, his reward is simply in the sky and on the ground!

At this time, Liugen Ancestor suddenly said again: "Everyone, have you noticed that Qin Lei and Hongjun's The rewards combined are much greater than the rewards for all of us combined....."

As soon as these words were spoken, the faces of the giants became even more gloomy, and they all felt depressed and wanted to vomit blood...

At this moment, the void trembled.

A magnificent beam of light descended from the sky and landed on the head of the phantom clone...

Immediately afterwards, six nine-turn spirit-quenching pills, ten sky-breaking pills, and a crystal white jade bottle slowly fell along the beam of light...

Then, The phantom clone accepted all the rewards in the enviable eyes of everyone...

Qin Feng felt extremely comfortable when he saw this scene...

Three hundred thousand drops of Nine Heavens Jade Dew, just like that!

What's more, there are still six nine-turn spirit tempering pills, which can temper your spiritual power and greatly increase your strength.....

At this time, the sky above the square shook, and the sound of the secret place echoed again.....

"Second place, Shenmeng, Qin Mu, reward: two Nine-turn Spirit Tempering Pills, five Heaven-Breaking Divine Pills, 150,000 drops of Nine Heavens Jade Dew, additional reward: one Nine-turn Spirit Tempering Pill....."

"Appraised by Qin Mu, who ranked second, the result of this assessment is: Sixth Ring Top Grade. The assessment completion evaluation is: Super perfect!"

"Therefore, in this assessment, Qin Mu will be given a super reward... The reward content is: all rewards are doubled!"

"Therefore, the rewards obtained by Qin Mu were recalculated as follows: six Nine-turn Spirit Tempering Pills, ten Heaven-Breaking Divine Pills, and three hundred thousand drops of Nine-Heaven Jade Dew....." really!

Another super bonus – doubled!

Everyone was envious.

Those giants were so jealous that their eyes were red...

Buzz~!

The beam of light projected down, and many rewards slowly fell towards Xuan Mi's clone.....

So far, Qin Feng has received a total of 12 Nine-turn Spirit Tempering Pills, 20 Heaven-Breaking Divine Pills, and 600,000 drops of Nine Heavens Jade Dew as rewards.

If the rewards for passing the level are included, it would be 630,000 drops of Nine Heavens Jade Dew, which just relieves his urgent need.....

Of course, Jiutian Jade Dew is a consumable material, so naturally the more the better.

What's more, Qin Feng's demand exceeds one million drops.....

A moment later, Xuan Mi's clone received the reward under the extremely envious eyes of everyone...

There was another murmur among the crowd....

"Tsk tsk~! The League of Gods has made a lot of money this time!"

"yes! It's so enviable!"

"The rewards for the second place have all been distributed, so the rewards for the first place should be distributed....."

"The reward for the first place is the most generous. I don't know what reward Qin Feng will get?"

"No matter what the reward is, it will definitely be super doubled....."

"this.....It really makes people jealous!"

Everyone was filled with emotion.....

On the other side, all the giants were feeling depressed, as if a huge boulder had been pressed against them, and they were feeling depressed.....

"hehe! Everyone, Qin Feng will be here soon. I wonder what reward he will get?"

Taiqing Shengzun muttered angrily.

"snort! What else?! It's nothing more than a little more than the second place, and another super reward! If it weren't for the partiality of the secret will, would they have taken so much advantage?"

Amitabha's tone was sour and jealous.

At this moment, the void shook slightly.

All the examiners raised their heads.

Even the giants took a deep breath and looked at the sky with concern.

They knew , the secret place is going to announce the first place reward.....

Immediately afterwards, with a burst of space vibration, the ethereal voice of the secret place began to echo.....

"First place, Shenmeng, Qin Feng, reward: four Nine-turn Spirit Tempering Pills, ten Heaven-Breaking Divine Pills, 200,000 drops of Nine Heavens Jade Dew, additional reward: one Nine-turn Spirit Tempering Pill....."

"Appraised by Qin Feng, who ranked first, the result of this assessment is: Six Rings Excellent. Achieve super perfect evaluation standards....‘’

"Therefore, this assessment gave Qin Feng a super reward... The reward content is: all rewards doubled!"

"Therefore, the rewards obtained by Qin Feng are recalculated as follows: ten Nine-turn Spirit Tempering Pills, twenty Heaven-Breaking Divine Pills, and 400,000 drops of Nine-Heaven Jade Dew....."

As soon as this reward was announced, the whole audience was in a sensation...

Sure enough!

Qin Feng also has a super reward-double!

It's just that Qin Feng's basic reward is too high, right?

There are only four nine-turn spirit quenching pills, twice as many as the second one!

The Heaven-Breaking Divine Pill is also twice as powerful as the second one.

Then, after the super reward is doubled, it becomes extremely exaggerated.....

"OMG! Four hundred thousand drops of Nine Heavens Jade Dew!"

"There are also ten Nine-turn Spirit Tempering Pills and twenty Heaven-Breaking Divine Pills. ....This... this reward is too terrifying!"

All the players can hardly describe their feelings...

The giants' throats are also dry, and they don't know what to say anymore...

Amitabha is even more angry and wants to yell.

He doesn't care about anything else, he only cares about the ninth turn. Spirit Tempering Pill.

And he was clearly ranked third, but he only received a Nine-turn Spirit Tempering Pill as a reward.  
.....

When it's the second place's turn, the basic reward is two Nine-turn Spirit Tempering Pills.....

When it's the first place's turn, the basic reward is four nine-turn spirit quenching pills...

Not to mention these, it actually gets doubled again.

When I think of this, Amitabha feels like vomiting blood.....

At this moment, Qin Feng was also extremely happy.

Ten nine-turn spirit quenching pills!

It will definitely greatly increase his spiritual strength and his combat power will increase greatly.  
.....

What's even better is that the 400,000 drops of Nine Heavens Jade Dew, plus the rewards obtained by the two clones, are one million drops, which initially reaches what he wants...

Of course, these are not enough.

He still has a lot of needs for his subordinates in the future, but with just one million drops, I'm afraid he won't be able to satisfy them.

However, Qin Feng is already very satisfied with this reward.

At that moment, he looked up into the sky, waiting expectantly for the rewarded beam of light to fall.....

The assessors around him were also paying attention silently.

The giants felt extremely unhappy when they saw this scene.....

But the next second, the changes in the field reappeared.

The expected reward beam was not rewarded, but the voice of the secret will sounded again.....

"Approved! Qin Feng's results this time: Six Rings Unparalleled, not only reached the super perfect evaluation standard, but also greatly exceeded this evaluation standard....."

"Therefore, Qin Feng will be given another special reward in this assessment!"

Suddenly, the whole audience was in an uproar!

Isn't it?

There are also special rewards?!

Before everyone could think about it, the ethereal voice announced again.....

"The special reward content this time is: the reward is doubled again!"

"Therefore, Qin Feng received the following rewards: 20 Nine-turn Spirit Tempering Pills, 40 Heaven-Breaking Divine Pills, and 800,000 drops of Nine-Heaven Jade Dew....."

As soon as this reward was announced, the whole audience went crazy!

All the giants were completely dumbfounded, their mouths opened wide and their jaws dropped in shock...

Chapter 1244

As soon as this reward was announced, the whole audience went crazy!

The giants were completely dumbfounded, their mouths opened wide and their jaws dropped in shock...

Buzz~!

There was another roar in the sky, and a magnificent beam of light descended from the sky and landed on Xiang Qinfeng's head...

Immediately afterwards, twenty nine-turn spirit-quenching pills, forty sky-breaking pills, and two white jade bottles followed the light column. Landing slowly... the two white jade bottles contain the Nine Heavens Jade Dew, each bottle contains 400,000 drops.....

Qin Feng was naturally overjoyed.

He also didn't expect that he would also have a special reward...

In this way, the reward he received alone exceeded the total of other ranking rewards. It was really astonishing.....

Not long after, many prizes fell in front of Qin Feng...

He put away the prizes with a look of joy.

The appraisers all around were so envious that they were almost numb!.....

They can no longer describe their feelings in words.....

So far, Qin Feng and his two clones have obtained a total of 32 Nine-turn Spirit Tempering Pills, 60 Heaven-Breaking Divine Pills, and 1.4 million drops of Nine-Heaven Jade Dew.....

This time, he received a lot of ranking rewards, and he will definitely make a lot of money.....

Thinking of this, the smile on Qin Feng's face became even stronger.

In the distance, the giants felt very uncomfortable when they saw this scene.....

"Look at Qin Feng's happy look, it's really disgusting!"

"Hey~! What this little thief gained is really amazing!"

"yes! Not only his gains were amazing, but the rewards from Qin Lei and Qin Mu were also amazing. Even the rewards from Hongjun's son were better than us!"

"This... is really infuriating!"

At this time, Old Man Yuexia smiled coldly: "Fellow Taoists, don't worry!" Even if they get such a generous reward, so what? Do they deserve it?"

As soon as these words were said, the eyes of the giants lit up.

"Yes! I almost forgot that the Nine-turn Spirit Tempering Pill is extremely difficult to refine. It takes less than a month or two to refine one. Although Qin Feng and others got a lot of nine-turn spirit tempering pills, they didn't have time to refine them!"

"Yes! In this way, even if they get the reward, they won't have time to digest it. When the time comes, if we kill them again, won't those Nine-turn Spirit Tempering Pills be ours?....."

"Huh! Such an analysis may not be a bad thing for us!"

"yes! With our roots and the partiality of the secret will, the reward is not much better. It's good now, Qin Feng's son has got so many rewards, maybe it will be easier for us in the end....."

"Ha ha!! Of course! With our combined strength, we should not be able to destroy him. Unless he has the strength of half-step Saint Ancestor....."

At this time, Ran Deng Ancient Ancestor interjected angrily: "Not to mention that Qin Feng's son cannot have half the strength of the Saint Ancestor. Even if he has such strong strength, he may not be able to escape unscathed....."

Hearing this, Old Man Yuexia and Ancestor Huanji were a little surprised...

They didn't know that the Ancestor Randen had an ancient corpse, and his overall strength was extremely close to the threshold of the Half-Step Saint Ancestor...

And the three sects outside the territory had The man had a strange look on his face, and glanced at the ancestor of Ran Deng in surprise.....

They secretly wondered, could it be that the Ran Deng Ancestor guessed their trump card?

You know, these three sects all know that this secret opening is unusual, and they all have big trump cards in their hands. This is to deal with the half-step saint ancestor level...

If the three sects join forces, all the trump cards will be revealed, even if they are half-step saint ancestors It is difficult to escape unscathed...

Of course, these trump cards are the biggest secrets in their hearts.

The three sects do not disclose information to each other.

No one knows what trump card the other party is hiding.

The three sects are on guard against each other and are vaguely regarded as competitors.

If Qin Feng, a freak, hadn't appeared out of nowhere, it would have been impossible for these three sects to join forces...

Of course, they didn't know that the ancient Ancestor Ran Deng had an ancient corpse.

Otherwise, they would not have been shocked and confused after listening to Ran Deng's words.

They thought that the Ran Deng Ancestor guessed that they had a big trump card.....

Just when the three sects outside the territory had their own thoughts, the voice of the will of the secret land echoed again.....

"The rewards for this assessment have been distributed! After a day of rest, the fourth assessment will begin tomorrow!"

As soon as the words fell, the secret will gradually receded, and the invisible pressure in the entire square suddenly relaxed...

There was also a discussion among the crowd.

"Tomorrow will be the start of the fourth assessment! This time, the rest time given to us by the Secret Land is too short!"

"yes! Only given one day!"

"No matter how many there are, let's take a break. I don't know how many people will be eliminated in the next assessment!"

"right! I also need to take a rest quickly....."

As soon as the words fell, the entire square was in commotion, and all the forces chose to stay and rest.....

In the corner, the giants looked at each other with joy on their faces

"Everyone, it seems that the secret will is taking care of us this time....."

"yes! With just one day of rest, Qin Feng and others will definitely not be able to refine the Nine Heavens Tempering Spirit Pill. It seems that those magic pills are destined to us!"

"You won't have to wait long for this day! According to the rules of the secret land, after every two assessments, there will be a period of free search for opportunities. That link is our opportunity to take action...."

"That's right! As long as we go through one more assessment, we can take action!!"

"I'm afraid Qin Feng's son didn't expect that the rewards they received would eventually benefit us, haha!!."

At this moment, all the giants were beaming with joy.

They thought arrogantly that they had defeated Qin Feng.....

But on the other side, after the secret place announced the final information, the Shenmeng and others chose a location.

Subsequently, the phantom clone sacrificed the book of earth and transformed into the fetal membrane of heaven and earth.

Shenmeng and others entered the fetal membrane of heaven and earth together...

At this moment, inside the fetal membrane.

All the senior officials gathered around Qin Feng and reported things

"Your Majesty, this jade bottle contains more than 15,000 drops of Nine Heavens Jade Dew. It is a reward for all the disciples to pass the test. Please accept it!"

Ziwei Star Master presented a jade bottle with both hands.

Qin Feng nodded slightly and put away the jade bottle.

"Dad, this is a reward for your child, please accept it!"

Hongjun also presented the two Nine Heavens Spirit Tempering Pills and 21,000 drops of Nine Heavens Jade Dew...

Qin Feng smiled slightly:"Hong'er, I will accept these Nine Heavens Spirit Tempering Pills as a father. As for the Nine Heavens Jade Dew, keep it for yourself and cultivate your World Tree. In addition, these 80,000 drops of Nine Heavens Jade Dew are for you....."

Qin Feng waved his hand, and a small jade bottle flew towards Hongjun...

"Dad, you are not missing the Nine Heavens Jade Dew....."

Qin Feng smiled and said:"You kid... My father got more than 1.4 million drops of Nine Heavens Jade Dew this time. What is missing? At least it is enough for the current stage. Just accept these 80,000 drops!"

"Including the more than 20,000 drops on your body, a total of 100,000 drops should be able to fully cultivate your World Tree. By then, you should have another big breakthrough and your strength will improve again....."

"In this case, the child was accepted."

At that moment, Hongjun put away the jade bottle with a look of joy on his face.

Qin Feng also put away the two Nine Heavens Tempering Spirit Pills.

So far, the total number of Nine Heavens Spirit Tempering Pills in his body has reached 34.

"Dad, is the rest time given to us by the secret land this time too short?! The kid really wants to go all out to cultivate the World Tree, but what can he do in one day? I'm just afraid that I can't do anything.....Why!"

Hongjun suddenly thought of this fatal problem and couldn't help but sigh.

"yes! His Majesty! This break is too short! It's only one day! You finally got so many rewards, but you don't have time to digest them....."

Lord Ziwei also complained about it.

Yun Xi also echoed:"Master, others don't know about the Nine Heavens Tempering Spirit Pill, but my disciple knows a thing or two about it. This divine pill is extremely difficult to refine. It's very difficult to refine one without a month or two.""

"Now, we only have one day to rest, I'm afraid you won't be able to refine one in time....."

As soon as this was said, all the senior officials frowned.

They did not expect that the Nine Heavens Tempering Spirit Pill would be so difficult to refine.

After your Majesty got the magic elixir, he didn't have time to digest it.

As a result, their strength will not change much when they wait for the next assessment. This does not seem to be in line with His Majesty's behavior.....

At this time, Hongjun said again:"Dad, we can't digest this reward for the time being. We can only wait until next time." ...."

Qin Feng smiled mysteriously:"That's not necessarily the case! Although the secret will only gives us one day, we can create more time...."

Hongjun was puzzled:"Dad, what do you mean?"

Qin Feng did not explain, but said directly:"Hong'er, sacrifice your Chaos Bead and let everyone in!"

"oh!"

Hongjun did not hesitate at all to any of Qin Feng's orders.....

The next second, he sacrificed the Chaos Bead.

Buzz~!

The Chaos Pearl rings loudly, and the aura shines brightly!

"Everyone, come in with me!"

As soon as he finished speaking, Hongjun took the lead to get into the Chaos Bead.

All the disciples followed without saying a word.

Various space laws are restricted in this secret place, but there are no restrictions on space-type holy weapons, so the Chaos Bead can Easily ingest living beings.....

In just a moment, all the disciples entered the Chaos Pearl, and only Qin Feng and two clones were left in the field.

At this time, Qin Feng waved his hand and sucked the Chaos Bead into his hand.

The next second, with a thought in his mind, the clone of Xuan Mi turned into a white light and disappeared out of thin air.....

For a moment, only the shadow clone was left in the field.

At the same time, in that mysterious space.

Qin Feng's purple gold clone opened both sides and looked ahead...

At this moment, the space in front shook, and Qin Feng and Xuan Mi's clones appeared out of thin air.....

When the three of them met, they all smiled knowingly.

It turned out that the clones of Qin Feng and Xuan Mi were summoned through space by Zijin's clones, and they forcibly broke through the space law restrictions of the secret place and were forcibly teleported here.....

The speed of time here is a hundred times that of the outside world.

One day outside is like a hundred days here.

Qin Feng can use these one hundred days to digest this harvest.

In the meantime, his men can put this day to good use.

Thinking of this, Qin Feng stretched out his palm and released the Chaos Bead..  
Chapter 1245

Thinking of this, Qin Feng stretched out his palm and released the Chaos Bead.....

"Hong'er, come out!"

Buzz~!

The Chaos Bead automatically floated into the air, blooming with a dazzling aura!

The next second, light and shadow flashed.

Hongjun, Ziwei Star Master and others came out one after another.....

"Huh! here it is....."

"Oh My God! Isn't this the mysterious space from before?"

All the disciples exclaimed in surprise

"Dad, how did we come back here?"

Hongjun looked at Qin Feng with excitement.

All the disciples also looked over.

Qin Feng smiled slightly and looked in a certain direction.

Everyone followed his gaze and saw the Zijin clone.

The current Zijin clone, Xiu Because it has reached the second realm of eternity, it is getting closer and closer to Dacheng.

However, even in the second realm of eternity, the strength of the Zijin clone has reached the level of the quasi-saint ancestor, and must not be underestimated.

However, Hongjun and others As soon as I saw the Zijin clone, I suddenly realized

"Dad, it turns out it was your purple and gold clone that summoned you. And you carry the Chaos Bead with you, which just happens to bring us here too.

Qin Feng smiled slightly:"That's right!" Hongjun was overjoyed:"

That's great!" Dad, the passage of time here is a hundred times that outside. If we stay here for a hundred days, only one day will pass outside. This time the child has enough time to cultivate the World Tree. Qin

Feng smiled and said:"Not only you, but all of us in the Divine League can make good use of these one hundred days to repair themselves!"

Pangu also said excitedly:"Your Majesty, you gave us a lot of resources before, but due to time constraints, everyone has not digested them all. Now that we have another hundred days, we can just continue to digest resources."

Hearing this, all the disciples showed excitement.

Pangu was right. They still had a lot of resources that they had not yet digested. They could just use these hundred days to continue to improve their strength.

At this time, Fu He then interjected:"Father, I have been secretly observing the giants before, and the eyes they looked at you were full of resentment. When the will of the secret land announced that the next assessment would be held in one day, the giants actually showed a look of gloating.

Ziwei said coldly:"Humph!" Those old thieves must be thinking that His Majesty only has one day to rest and has no time to digest those rewards, so they are gloating like that."

"But they never expected that His Majesty could enter this space and have not one day to rest, but a hundred days!

Hongjun agreed: "Mother is right!" When dad makes full use of this hundred days of rest and his strength increases again, it will definitely open their eyes..."

Qin Feng said with a smile on his lips: "I won't need to pay attention to them. Everyone should quickly use these one hundred days to digest the previous resources and improve their cultivation and strength. In this way, your probability of passing the next assessment will be greater."

"Your Majesty is right!"

"I'll go into seclusion right now!"

All the subordinates agreed one after another.

Afterwards, Hongjun and others left happily, found their own places, and began to practice in seclusion.....

And Qin Feng kept Ziwei Star Master behind

"Master, your current cultivation level has reached the limit of the peak of Heavenly Saint, right?"

Qin Feng looked at Ziwei Star Master with gentle eyes.

"Your Majesty has a sharp eye, and I have indeed reached the limit of the peak of Heavenly Saint. ...."

"Master, this is the spiritual root of heaven and earth - the seed of the divine tree that connects the sky, please accept it! There are also 150,000 drops of Jiutian Jade Dew in this bottle, which should be enough to help the Jietian Sacred Tree grow from germination to maturity.....".

Qin Feng waved his hand, and a golden spiritual root seed and a white jade bottle slowly flew away. ....

"Your Majesty, you are...."

"Master, take it! Your cultivation has now reached the limit of Heavenly Saint. If you cultivate your own spiritual roots, you will be able to break through to quasi-Saint Ancestor in one fell swoop. This is not only beneficial to you, but also helpful to your husband....."

"I accepted that concubine! Thank you, Your Majesty, for the reward!"

Ziwei Star Master smiled sweetly and happily put away the spiritual root seeds and the jade bottle.

Then she said goodbye to Qin Feng and left happily.....

Looking at Ziwei's slender and graceful back, Qin Feng also showed a smile, his eyes full of expectation.

With the talent of Lord Ziwei, as soon as his spiritual roots mature, he will definitely be able to break through to the Quasi-Saint Ancestor Realm.

By that time, the number of powerful quasi-saint ancestors of the Divine Alliance would reach four.

After thinking for a while, Qin Feng also recovered his mind and sat cross-legged.

He also had to seize the time to digest the reward he received this time.

Thinking of this, he turned his palm over, and there was a purple magic elixir in his palm.

All of a sudden, colorful rays of light were released, purple mist surrounded it, and the fragrance of elixirs overflowed.

That purple divine elixir is the nine-turn spirit tempering elixir that makes the giants covet it.

Qin Feng glanced at the Spirit Tempering Pill expectantly, then opened his mouth, sucked it in, and swallowed it... As soon as the magic pill entered his mouth, it started to go through god-level swallowing. The limbs and bones penetrated into the meridians of his body, then sank into his sea of energy, and began to refine his spiritual power...

At that moment, Qin Feng closed his eyes and began to silently refine the divine elixir.....

At the same time, Xuan Mi's clone also sat cross-legged and meditated, and her spiritual thoughts penetrated into the Great Flood God Realm and began to condense the white tiger divine pattern.  
.....

The Zijin clone is also continuing to practice.....

At this moment, not only Qin Feng started practicing, but Hongjun, Ziwei and others also entered into their own training.....

In this way, everyone in the Divine Alliance entered into cultivation.....

Time flies!

In the blink of an eye, a day passed.....

On this day, Qin Feng was meditating with his eyes closed.

Suddenly, his tiger body shook, and purple energy rose up all over his body.....

"Ding~! Congratulations to the host, you have successfully devoured the Nine-turn Spirit Tempering Pill... Your spiritual strength has been strengthened once, and your combat power has been improved.....The current combat power has been increased to 361 million poles....."

Boom~Long~Long!

At this moment, Qin Feng's body was roaring continuously, and his momentum continued to surge...

In the blink of an eye, his combat power increased from 360 million poles to 361 million.....

After a while, Qin Feng slowly opened his eyes, a look of joy on his face.

The effect of this Nine-turn Spirit Tempering Pill is far beyond his imagination!

Just one magic pill increased his combat power by 1 million.....

And he still has 31 that have not been refined. If he refines them all, his combat power will be greatly increased!

Having said that, it would be impossible for a peak giant to refine a nine-turn quenching spirit within a month or two.

Qin Feng only needed one day to digest it.

Because he uses the secret technique of devouring instead of refining, the efficiency is dozens of times that of the giants.

This was beyond the expectations of the giants.

Thinking of this, Qin Feng felt happy.

The next second, he took out another nine-turn spirit quenching pill, put it into his mouth, and continued to devour it...

Chapter 1246

Time flies!

In the blink of an eye, thirty-two days passed...

On this day, Qin Feng opened his eyes from meditating, his face full of joy.

After thirty-two days of devouring day and night, he finally devoured thirty-two Nine-turn Spirit Tempering Pills.

This allowed him to temper his spiritual power thirty-two times, which improved a lot, and his combat power also increased by a full 32 million poles. The harvest was huge, and he was still unsatisfied.....

It's a pity that there are only thirty-two Nine-turn Spirit Tempering Pills. If there are still more, he can continue to temper them...

According to the rules of heaven, if you take more than forty-nine divine pills that are above the realm, you will develop resistance. Medicinal properties.

The so-called forty-nine numbers of heaven coincide with the number of heaven and earth.

In other words, Qin Feng can still refine seventeen Spirit Tempering Pills, and there is still a lot of room for tempering.

Unfortunately, he no longer has the Nine-turn Spirit Tempering Pill in his hand. He can only hope that after the next assessment, the ranking rewards will be distributed...

In short, Qin Feng refined 32 Spirit Tempering Pills this time, and his combat power has skyrocketed. 32 million poles.....

Of course, after these thirty-two days, many of my subordinates have also improved in strength.....

Many of them have broken through the small realm, allowing him to gain a lot of combat power in return.....

As a result, his comprehensive combat power just reached 400 million poles.

If his super multiplier is included, his comprehensive strength is comparable to the threshold of the Half-Step Saint Ancestor, which makes him more confident to deal with the alliance of various forces...

Thinking of this, Qin Feng was satisfied and took out another weapon. This quaint book.

That was one of the great opportunities he had received before.

There was no text in the book, only some mysterious and unpredictable Dao patterns.

But those Dao patterns contain the ancient god lord's life experience in alchemy.

As long as Qin Feng absorbs those Dao patterns, he will be able to obtain all the alchemy experience of the ancient God Lord.....

What's even better is that after absorbing those Dao patterns, his power of divine consciousness will also be greatly increased.....

And after the power of divine consciousness increases greatly, his overall strength will also increase.

Thinking of this, Qin Feng slowly opened the book and was about to absorb the Taoist charms.....

But at this moment, his tiger body shook, and bursts of wind and thunder-like roars suddenly sounded within his body.....

Qin Feng was overjoyed and quickly turned his head to look at Xuan Mi's clone not far away.....

Xuan Mi's clone also opened its eyes at the same time, with a happy look on her face...

It turns out that Xuan Mi's clone finally succeeded in condensing the white tiger divine pattern.....

At this time, in a certain valley in the western region of the Great Flood God Realm, an extremely huge white divine pattern was taking shape on the top of the billion-foot-tall Huang Zhongli... After a moment, the divine pattern went from virtual to solid. , from reality to form, a giant tiger with white hair all over its body, 'king' lines on its forehead, and white divine light blooming all over its body, with an earth-shattering momentum...

That is the spirit of the white tiger!

Roar~!

The spirit of the white tiger looked up to the sky and roared, the heaven and earth were violent, the world was brilliant, and hundreds of millions of creatures bowed their heads...

At the same time, a system prompt sounded in Qin Feng's mind.....

"Ding~! Congratulations to the host, your white tiger divine pattern has been successfully condensed.....The western part of the Great Flood God Realm is guarded by the Green Dragon Spirit, and the perfection of the Great Flood God Realm has been increased to 94.6%....."

"Ding~! Congratulations to the host, your Great Flood God Realm has grown significantly...you have received a lot of feedback from the power of heaven and earth.....Combat power increased to 419 million poles....."

Suddenly, Qin Feng's whole body momentum surged, instantly alarming the entire square.....

Many disciples looked at him one after another with surprise on their faces...

After a long time, everything calmed down...

Qin Feng opened his eyes again, with a look of ecstasy on his face.

At this point, the four divine patterns of Qinglong, White Tiger, Suzaku, and Xuanwu are all condensed and completed.

His completion rate of the Great Flood God Realm has reached 94.6%, and he is not far away from complete creation success.....

As long as he successfully creates the Great Flood God Realm and finds the remaining two jade tablet fragments, he will be qualified to merge with the Great Desolate God Realm.

By then, he will be able to fuse into a stronger prehistoric world of gods, and his strength will undergo earth-shaking changes.....

At this thought, Qin Feng's heart was full of expectations...

At the same time, all the disciples also looked happy and whispered.....

"Was His Majesty's White Tiger Spirit born just now?"

"should be! I feel the violent aura of golden power! Rumor has it that the spirit of the white tiger is the Lord of the West, serving the power and metal system, specializing in killing and killing, and is extremely violent....."

"That's right! Your Majesty's White Tiger Spirit must have been born!"

"Ha ha!! That's great! In this way, all the spirits of His Majesty's Four Elephants were condensed. ...."

"By the way, who do you think will become the White Tiger Emperor this time?!"

"right! Who will become the White Tiger Emperor?"

As soon as this topic was mentioned, all the disciples became excited and looked around one by one, wondering who would have such good luck.....

Qin Feng naturally listened to all their conversations.

He smiled slightly and looked around, trying to find a suitable candidate among the disciples to merge with the White Tiger Spirit.....

He glanced at all the disciples, but found no suitable candidate.

The spirit of the white tiger masters the way of gold and kills.

Therefore, the best candidate for the White Tiger Emperor is to choose someone who specializes in the path of gold, and cannot mix other paths.

Pangu was originally very suitable, but later he took the ancient shaman route and mixed other paths, so he was not suitable for fusion with the White Tiger Spirit.

Styx is also suitable, but it is no longer suitable to major in the way of blood.

Among the remaining disciples, there are very few who practice the way of gold, and their cultivation level is very low, and they are all unsuitable...

Gold is the first of the five elements, and has always been known for its attack. Once achieved, the attack is often higher than the same level, but if you want Achieving it requires extremely high talent.

Therefore, there are many monks who practice the way of alchemy, and it is extremely rare for those who can reach the realm of heavenly saints.....

Qin Feng's ideal candidate for the White Tiger Emperor is a strong man in the early stage of Tiansheng who has cultivated the way of gold.

That way, like Qinglin, that person can break through to the early stage of Quasi-Saint Ancestor as soon as he successfully integrates the White Tiger Spirit.....

In this way, Qin Feng can have another quasi-saint ancestor under his command.....

What is helpless is that among the many subordinates, there are about forty Heavenly Saints, but none of them practice the golden way...

Looking at those supreme saints, none of them practice the golden way.....

In the first and second realms, there are some ways to practice gold, but they can't catch Qin Feng's eyes.....

Just when Qin Feng was wondering who to choose to become the White Tiger Emperor, a sudden change occurred in the field...

Boom~Long~Long!

On that platform, in the northwest corner, a raging force rose into the sky.....

All the disciples were startled and turned their heads to look.....

Qin Feng couldn't help but follow his gaze and look over...

## Chapter 1247

All the disciples were startled and turned their heads to look...

Qin Feng couldn't help but follow his gaze.....

I saw Fu Zhi standing in the corner with his legs crossed and hanging in the air.

The Hetu and Luoshu were suspended above his head.

At this moment, the two objects were shining with divine light and radiant, exuding a monstrous momentum and a Taoist charm that could only be found in holy weapons...

Buzz~! Buzz~!

Hetu Luoshu vibrated continuously, the sound sounded joyful and full of spirituality...

The next second, the two objects cast a spiritual light, pouring into Fu's head.....

Boom~!

At this moment, man and machine became one, and

Fu Zhi's momentum continued to surge. In the blink of an eye, he reached the limit of the peak of Tiansheng, and the overwhelming momentum enveloped the entire audience.....

"Huh! Master Fu Zhi seems to have made a breakthrough!"

"His Hetu Luoshu seems to have become a sacred weapon....."

At this moment, all the disciples were overjoyed... and Qin Feng's mind also sounded a system prompt.....

"Ding~! Congratulations to the host, your subordinate Fu Zhi successfully integrated the fragments of the Bafang Yukong Scroll into the Hetuluoshu.....Hetu and Luoshu were all promoted to holy weapons (open cauldron level)....."

"Ding~! Congratulations to the host. With the help of the power of the two holy weapons, your subordinate Fu Zhi has broken through to the peak of the Heavenly Saint.....The host receives combat power feedback, and your combat power is increased to 420 million poles....."

Suddenly, Qin Feng's momentum skyrocketed...

A moment later, his combat power increased from 419 million to 420 million...

Qin Feng's eyes lit up, and he looked at Fu Zhi with joy...

Nahetu After Luo Shu merged with the Zhoutian Xingdou Formation, its power has greatly increased, comparable to a cauldron-level holy weapon.

In fact, Hetu Luoshu has not yet become a sacred vessel, but is more like two semi-finished sacred vessels.

When these two things are used together, the power can reach the level of a cauldron-level holy weapon...

Last time, after Qin Feng killed the Guixu Saint Ancestor, he obtained the Guixu Saint Ancestor's holy weapon, the Bafang Yukong Scroll, and gave it to Fuzhi.....

The Hetu Luoshu is a space-based magic weapon, and the Bafang Yukong Scroll is also a space-based magic weapon.

Fu Zhi knew that he could not subdue the Bafang Yukong Scroll, so he destroyed it, and then integrated the fragments into the Hetuluoshu. Sure enough, he promoted the Hetuluoshu to the level of sacred weapons...

This success, the spirituality of the two sacred weapons Zisheng, using the power of the holy weapon to feed Fu Zhi, helped him break through from the peak of Heavenly Saint to the limit of Heavenly Saint...

Seeing this scene, Qin Feng was naturally relieved.

At this moment, Fuzhi slowly opened his eyes.

As soon as he opened his eyes, he looked at Hetu Luoshu in front of him with excitement.....

Woo~! Woo~!

Hetu Luoshu was full of spirituality and cheered happily around him.

Fu Zhi was very happy.

This Hetu Luoshu is equivalent to his natal magical weapon.

When promoting the energy of the holy weapon, Hetu Luoshu is used together, and its power is comparable to that of a cauldron-level holy weapon.

Now, after Liangwu has been promoted to the Kaiding-level holy weapon, its power should be comparable to that of the Forged Heaven-level holy weapon.....

In other words, if he uses Hetu Luoshu to open the Zhoutian Starry Formation, the power should be increased by more than ten times, or even stronger...

Thinking of this, Fu Zhi is naturally happy.

"Vol! come over!"

At this moment, Qin Feng's cheers sounded in Fu Zhi's ears.

"yes! Father!"

Fu Zhi quickly put away Hetu Luoshu and walked over quickly.....

Seeing this, all the disciples started to murmur in their hearts.

Does His Majesty want to choose Master Fu Zhi as the White Tiger Emperor?

In just a moment, Fu Zhi arrived in front of Qin Feng

"The child has met his father!

Qin Feng smiled and nodded:"Do you know why I summoned you?" Fu

Zhi thought for a while and said,"Father, before I broke through, I vaguely sensed that your White Tiger Spirit was successfully condensed." Is it possible that the father wants to choose his child to be the White Tiger Emperor? But I don't know how to practice gold, so I don't seem to be suitable. ...."

Qin Feng smiled slightly:"You are right. The spirit of the White Tiger has been successfully condensed. However, my father summoned you here not because of the White Tiger Emperor, but to give these to you." ...."

As soon as he finished speaking, Qin Feng waved his hand, and a purple-black spiritual root seed and a jade bottle flew over.....

Fu Zhi quickly received it respectfully.

"Father, these are....."

"The purple-black seeds are the seeds of the Imperial House Tree, the spiritual root of heaven and earth. The jade bottle contains 150,000 drops of Nine Heavens Jade Dew. Now, your cultivation has reached the limit of Heavenly Saint. If you can successfully cultivate this Emperor's House Tree, you can successfully break through to the Quasi-Saint Ancestor..."

Fu Zhi was overjoyed:"Thank you, Father!"

Qin Feng said with a smile:"Go! There are only sixty-eight days left. If you seize some time, you may be able to break through before the next assessment....."

"yes! Come on, kid! By the way, father, let me ask you one more question, have you chosen the candidate for the White Tiger Emperor?

Qin Feng shook his head slightly:"Not yet!" However, I have a standard in mind, that is, the candidates should be at the early stage of Tiansheng or above, and they should specialize in the golden way and not mix with other ways....."

"Father, isn't this standard a bit high? There seems to be no one in our divine alliance who meets the requirements....."

"If there is no one that matches, just wait and see who works harder and is more lucky to get this opportunity....."

Qin Feng's last words were for the disciples present.

In the crowd, the disciples who practiced the way of gold, after hearing those words, silently recovered their minds and took the time to practice.....

They are eager to break through to the early stage of Tiansheng as soon as possible, so that they can have a chance to obtain the White Tiger Emperor.....

In this way, an invisible atmosphere of competition was created among some of the disciples who practiced the Golden Way...

Qin Feng did this, firstly, to spur those disciples to practice hard, and secondly, because he did not want to waste the White Tiger Emperor's quota.

Nowadays, he does not lack any subordinates of the Heavenly Saint, but what he lacks are the subordinates of the Quasi-Saint Ancestor.

If there was an opportunity to create a quasi-sage ancestor, he naturally didn't want to miss it, so he chose someone who was in the early stage of heavenly sainthood or above...

Fu Zhi also realized something in his heart: "Father, I understand, I won't bother you." Got it!"

"Go for it!"

At that moment, Fu Zhi said goodbye and left respectfully...

He also wanted to cultivate his spiritual roots.

After Fu Zhi retreated, all the disciples also took back their minds and continued to practice.....

Qin Feng also opened the mysterious book again, and all he could see was the golden Dao Yun divine patterns, and the spiritual light was shining out...

He silently stretched out a finger and touched those Dao patterns.

But as soon as his fingertips touched the lines, a massive amount of Dao Yun flowed along his fingertips, directly into his sea of consciousness, and penetrated into the depths of his soul...

The next second, he couldn't help but close his eyes, and entered in a wonderful epiphany.....

In this way, Qin Feng began to absorb the ancient god master's alchemy experience.....

Meanwhile, the outside world.

In that square, within the fetal membrane of heaven and earth.

The phantom clone stays here alone.

At this moment, his eyes passed through the fetal membrane of heaven and earth, silently observing the movements in the square.

I saw that in a corner of the square, all the giants gathered together, whispering, and discussing some conspiracy.....

The phantom clone watched all this coldly...

At this moment, the giants seemed to have finished their discussion and dispersed.

In the field, only Old Man Yuexia and Ancestor Liugen were still talking.

"Fellow Taoist Yuexia, do you think that woman will agree?"

"Not sure! Try talking! Presumably, under such great temptation, she might be tempted!"

"That's right! Fellow Taoist, then try it!"

"good!"

At this moment, Old Man Yuexia looked around. Seeing that no one was paying attention, he looked at the other end of the square.

That was where Daxian Tianyu was stationed.

At this moment, Xianling was meditating with his eyes closed.

Dozens of subordinates They were surrounding her.

But at this moment, the voice of the old man under the moon rang in her ears.

"Fellow Taoist Xianling, I want to make a deal with you. Are you willing?"

Hearing this, Xian Ling was startled. She quickly raised her head and saw Old Man Yuexia looking towards her, his lips still moving slightly, apparently transmitting messages to herself.

Xian Ling was puzzled.

She and Old Man Yuexia There is no friendship.

Even because of Qin Feng, Old Man Yuexia complained about her.

Now, Old Man Yuexia actually said that he wanted to trade with her. Is it something fishy?

However, facing the top giants, she did not dare to offend easily. , I just didn't dare to refuse outright.

After thinking for a while, Xian Ling carefully sent the message back.

"Senior Yuexia, if you are looking for a little girl to trade, I am afraid you are looking for the wrong person. There is nothing precious about this little girl....."

But in the next second, Xian Ling heard the message from Old Man Yuexia.

"Fellow Taoist Xianling, I don't want to buy you anything, but I want to give you a treasure!

Xian Ling was stunned:"Give me a treasure?" What?"

Old Man under the Moon:"The golden sacred weapon - the Golden Chi Sword! Xian Ling was surprised:"

Senior, why did you give me the holy weapon?"

Old man Yuexia chuckled:"Xian Ling! As far as I know, you have been stuck at the peak of Heavenly Saint for many years, and you have been trying to find a useful holy weapon. However, you practice the way of gold. There are not many gold-type holy weapons in the world, so you have never found a suitable one."

"This time, I will give you the Golden Chi Sword that I have treasured for many years. It just fulfills your long-cherished wish for many years. What do you think?"

Hearing this, Xian Ling was shocked.

She really didn't understand why Old Man Yuexia wanted to give her a sacred weapon.

However, to be courteous for nothing is to be either an adulterer or a thief.

Her heart tightened involuntarily...

Chapter 1248

Hearing this, Xian Ling was shocked.

She really didn't understand why Old Man Yuexia wanted to give her the holy weapon.

However, showing courtesy for nothing is either cheating or stealing.

Her heart couldn't help but tighten...

Thinking of this, she quickly sent a message:"Senior, I really can't figure it out, little lady, why do you want to give me the holy weapon?"

Old Man Yuexia smiled:"I'm giving you the holy weapon. Of course I need your help. As long as you agree to help, I will give you the Golden Chi Sword and fulfill your long-cherished wish. What do you think?"

Xian Ling secretly thought that it was indeed the case.

It would be a lie to say that she is not moved by Jin Chi Sword.

That was the golden holy weapon she had dreamed of!

She would never believe that what Old Yuexia wanted was a good thing.

At the moment, she tentatively asked:"Senior, what do you want?" Old Man Yuexia:"Hey! Help me deal with Qin Feng!"

Friendship, I absolutely cannot agree to this matter. Besides, the little girl has declared her neutrality before and will not participate in the fight between you."

"Besides, with the cultivation level of a mere Heavenly Saint, this little girl is not qualified to participate in the fight between you, let alone help the seniors....."

The old man under the moon smiled coldly:"Since I came to you in person, I will naturally find something useful for you. As long as you agree to this, I will give you the Golden Chi Sword immediately. If you don't believe it, I can make a vow now!"

As the realm of cultivation improves, people will become more consistent with the great ways of heaven and earth, and it will become easier to follow the law.

Therefore, the higher the cultivation level, the less likely people are to make vows easily.

The old man under the moon said that he really planned to give the Golden Chi Sword as he made a vow in his heart.

Xian Ling frowned:"Senior, this little girl's mediocre strength really can't help you, and it's not worth the cost of a holy weapon....."

The old man under the moon sneered:"I want your help, but it's not because of your strength. I know that you have a relationship with Qin Feng, so you don't want to be my enemy. In other words, Qin Feng will also trust you."

"This is what I like. Frankly speaking, I just want you to take advantage of Qin Feng's trust in you and lead him into a formation trap so that he cannot escape. At that time, I and all the giants will take action to let him die without a burial place."

When Xian Ling heard this, cold sweat broke out on her forehead.

It turned out that Old Man Yuexia's conspiracy was to take advantage of Qin Feng's trust in her.

Old Man Yuexia's message continued.

"As long as you agree to this and make an oath. I will give you the Golden Chi Sword immediately. If you don't agree... Hehe!!"

At the end of the transmission, the old man Yuexia smiled sinisterly.

Xian Ling's face changed slightly:"Senior, what will happen if the little girl refuses?"

Old man Yuexia smiled coldly:"I won't hide it from you either! Now that I have told you everything about my plan, I have made a plan that you will not agree to it. To tell you the truth, this plan is not the plan of me alone, but a decision made by many giants and leaders of various forces!"

"Just agree! If you don't agree, you will offend all the giants and leaders of the forces. When the time comes, we will kill you first and will not let you leave the secret place alive. I can make an oath to prove this right now!

Xian Ling was shocked:"Senior, why do you have to force others into trouble?" Is it okay for a little girl to choose neutrality?

Old Man Yuexia sneered:"Others can choose to be neutral, but you can't." You either choose Qin Feng, choose us, or choose to die! Think it through!"

Xian Ling:"Ah... this....."

Old Man Yuexia:"Xian Ling, think about it carefully. This time we have all the giants joining forces and many forces are helping us. With this strength, even the half-step Saint Ancestor will have to retreat. Do you think Qin Feng still has a chance to survive?"

Xian Ling:"This....."

In Xian Ling's view, Qin Feng's comprehensive strength should reach the level of a top giant, which can be seen from the performance of these three assessments.

Of course, such excellent results should also be the result of the partial will of the secret place.

But even if Qin Feng has the strength of a giant, he will never be an enemy of all the forces joining forces. I'm afraid this time it will be a disaster!

Thinking of this, Xian Ling was extremely frightened.

Obviously, she far underestimated Qin Feng's strength.

She didn't know that Qin Feng's strength had reached the threshold of the Half-Step Saint Ancestor, and was still growing...

At this time, Old Man Yuexia's message sounded again

"By the same token, if you think you have offended us, do you still have a chance to survive? To tell you the truth, even without your help, we can still kill Qin Feng!"

"I want your help just to minimize unnecessary losses and make it easier. In other words, Qin Feng is destined to die! Do you want to risk your life for a dead man?"

Xian Ling hesitated:" This....."

Old Man Yuexia:"Xian Ling, think about it again. You need to cooperate with me and introduce Qin Feng into the formation. You will not suffer any losses and the process is extremely easy."

"As long as you agree to help, you will get a coveted holy weapon. On the contrary, if you refuse, you will not survive. You can't see such obvious pros and cons, can you?"

Xian Ling was silent.

Old Man Yuexia continued:"Xian Ling, if you don't think about yourself, you should also think about your subordinates. What do you think will happen to them after you die?"

Hearing this, Xian Ling's expression changed drastically. She has always valued love and righteousness.

If Old Man Yuexia only said to deal with her, that would be nothing.

If he said that he would not even let her men go, it would make her a little panicked.

From a distance, , Old Man Yuexia saw Xian Ling's panic expression, and raised the corners of his mouth into a proud sneer.

At this moment, Xian Ling's voice transmission rang in his ears

"Hey~! Senior, this matter is really against the little woman's true intention. I didn't know how to choose for a while. Can you allow the little lady to think about it for a while? Besides, this matter is important and I need to discuss it with some people....."

Old Man Yuexia replied:"No problem! Anyway, we will enter the stage of looking for opportunities after the fourth assessment, and then we will take action against Qin Feng. You can give me the answer after the fourth assessment."

"You must be smart enough to see the situation clearly and distinguish the severity. You must never make a wrong decision just for the sake of temporary favor....."

Xian Ling:"Senior, don't worry! After the fourth assessment, the little girl will definitely have the answer in her heart. The little girl will also give you a clear reply!"

Old Man Yuexia:"Okay! I'm waiting for your reply!"

At that moment, the two of them finished. Got the message.

On this side, as soon as Old Yuexia finished transmitting the message, the Six Root Ancestors came over.

"Fellow Taoist Yuexia, did that woman agree?"

"Not yet! She said she would think about it and wait until the fourth assessment is over before giving me an answer....."

"Will she refuse to agree?"

Old man Yuexia said confidently:"I'm sorry she doesn't have the courage, unless she really loses her head. By now, everyone can see that Qin Feng will not be able to leave the secret place alive. She will not be unclear about it....."

Ancestor Liugen nodded slightly:"That's right! Even without the help of that woman, we can still kill Qin Feng, but it will cause more unnecessary trouble."

Old Man Yuexia smiled coldly:"Wait! No matter this woman Whether you agree or not, Qin Feng will die after the fourth assessment!"

He really hated Qin Feng.....

But on the other side, Xian Ling frowned sadly after finishing the message transmission with Old Man Yuexia.

In her heart, she didn't want to be Qin Feng's enemy, but she was worried that Old Man Yuexia would be unfavorable to her subordinates.....

Just when Xian Ling felt in a dilemma, four figures came over

"Territory Lord, why are you worried?"

"yes! Lord Territory Lord, you suddenly frown, do you seem to have something on your mind?"

The visitors are three women and one man, all in the early stage of Heavenly Sage.

In addition to Xianling, who is the peak of Heavenly Saint, there are four senior officials in Daxian Tianyu who are all strong Heavenly Saints, that is, the four people in front of them.

These four people are also Xian Ling's confidant.

The man among the four is named Zhao Gongming.

The three girls are sisters. The eldest is called Yunxiao, the second is called Bixiao, and the third is called Qiongxiao. They are all beautiful in appearance and slim in figure... When they see the four of them coming over , , Xian Ling sighed

"You came just in time! I have something to discuss with you!"

"Territory Lord, what's going on?"

"Come and sit down!"

At the moment, Zhao Gongming and Sanxiao sat around Xian Ling.

Then, Xian Ling moved his lips slightly, transmitted a message to the four people, and told them about the old man under the moon...

After the four people listened, their expressions changed slightly. , everyone was shocked.

They knew that Xian Ling valued love and righteousness, and it was extremely difficult for her to betray Qin Feng, but it was also extremely difficult for her to harm the lives of the disciples of Daxian Tianyu...

This thought made Zhao Gongming and Sanxiao I also felt that this matter was thorny and difficult to deal with...

At the moment, the five people continued to communicate in low voices and began to discuss countermeasures.....

At the same time, within the fetal membrane of heaven and earth.

The shadow clone sat cross-legged and hung in the air.

He has been silently paying attention to everything outside.

Before, the old man Yuexia was doing some tricks, and Xian Ling's expression changed slightly, and he saw it all.

At this moment, Xian Ling was discussing secretly with Zhao Gongming and San Xiao again. He seemed to be worried about something, and he silently watched it.....

People outside can't see everything inside the fetal membrane of heaven and earth, but the inside of the fetal membrane can clearly see what's going on outside.....

When the phantom clone saw those, there was a strange look in his eyes.....

Is there a secret communication between Old Man Yuexia and Xian Ling?

The virtual shadow was guessing in his mind and body, but he couldn't figure out the reason.....

In this way, time passed unconsciously.

In the blink of an eye, the day has almost passed, and there is only a quarter of an hour left before the fourth assessment begins...

All the assessors have ended their rest, and the square has resumed its bustle.....

At the same time, the discussion between Xian Ling, San Xiao and others also ended..

Chapter 1249

At the same time, the discussion between Xian Ling, San Xiao and others also ended.....

"Domain Lord, do you really want to do that?", Zhao Gongming looked shocked.

Xian Ling smiled bitterly:"Only by doing this can I live up to my true intentions and preserve the Great Xian Tianyu..."

Zhao Gongming hesitated for a while and then said:"Lord, I am telling you the truth. Tell the truth! I think that by doing that, you have saved Daxian Tianyu, but it will also harm yourself! His subordinates did not think that Qin Feng had the ability to resist the combined forces of various forces....."

Yun Xiao also said:"Yes! Although Qin Feng is extremely outstanding, it is not clear whether he has the strength of a peak giant....."

Bixiao also said:"If you look at it from my subordinates, there is a high probability that he does not have the strength of a giant. After all, his cultivation level is too low, making it difficult for people to believe that he has such strong strength!"

Qiong Xiao sneered:"Even if he does, How about it? With his own strength, he can't resist the combined forces of many forces!"

Zhao Gongming also agreed:"Yes! Let's deduce that Qin Feng has the strength of a giant, and Qin Lei and Qin Mu also have the strength of a giant. But even so , they cannot be the enemy of all the forces joining forces."

"After all, the three sects outside the territory have very deep foundations, and they all have the support of the Holy Ancestor behind them. If they join forces, how can they be afraid of the three giants? Unless the three Qin Feng brothers join forces and reach the level of half-step Saint Ancestor, there is no hope of survival....."

Yun Xiao sighed:"Obviously, the three Qin Feng brothers cannot have such terrifying strength....."

As soon as he said this, Zhao Gongming, Bixiao, and Qiong Xiao all nodded, thinking that this should be the case.

They didn't know that Qin Feng's strength alone had reached the threshold of half-step Saint Ancestor.

The strength of the two clones also surpassed the peak giants, and even exceeded the peak limit, which was extremely terrifying...

What's even better is that Qin Feng's purple and gold clone is also growing rapidly.....

Of course, no one outside the world knows about these changes.

But after hearing those words, Xian Ling showed a wry smile.

"I know what you mean. You just want me to give up Qin Feng and agree to Old Man Yuexia, but that is not in line with my original intention. What's more, I vaguely feel that Qin Feng may not be able to withstand the joint efforts of all forces."

"Haven't you noticed that every time Qin Feng takes action, compared with the last time, it will bring about earth-shaking changes, which is amazing. The speed at which the strength increases is unimaginable."

"So, are you sure he has become stronger after coming out this time?! Besides, no one outside knows what Qin Feng's strength is. At present, everyone's assessment of his strength is all guesswork."

"Most people didn't see him take action. Maybe some people have seen him, but it must be those top giants, that's why those giants are so afraid of him. Besides, have you discovered a detail?"

Speaking of this, Xian Ling's voice was very low.

"What details?"

Zhao Gongming and others also showed curiosity.

Xian Ling whispered:"After the trip to the Xuanwu Holy Realm, Emperor Mang Witch Ancestor disappeared, and so did Prince Xi Shen. Looking at the attitudes of the giants and Old Man Yuexia's hatred for Qin Feng, I always feel that this matter is strange....."

Zhao Gongming was shocked:"Lord, do you think the disappearance of Emperor Mang Witch Ancestor is related to Qin Feng? This... is unlikely!"

Xian Ling whispered:"I'm not sure whether it is related. However, The disappearance of Prince Xi Shen should be related to Master Qin Feng. Thinking about it again, Master Qin Feng sent everyone out of the Holy Realm, I am afraid that he encountered an incredible opportunity"

"From this perspective, Master Qin Feng's strength may not be as simple as it appears....."

After listening to these analyses, Zhao Gongming and San Xiao both felt that it made sense and couldn't help but look thoughtful.

After a while, Zhao Gongming still shook his head slightly:"Lord, my subordinates still have no confidence in Qin Feng. I still advise the Lord to choose carefully!"

"yes! Domain Lord, you should choose carefully!"

Sanxiao also persuaded.

Xianling took a deep breath and said calmly:"Hey~! In fact, I have no confidence, I just want to obey my own will and take a gamble! Zhao Gongming smiled bitterly:"

Lord, you are gambling with your life!" What if you lose the bet?.....Why!

Xian Ling smiled slightly:"Even if I lose, I will accept my fate!"

Zhao Gongming sighed:"It seems that the Territory Lord has made up his mind, and our persuasion is useless. In this case, Gongming is willing to advance and retreat with the Territory Lord!"

"Yunxiao is also willing to advance and retreat with the Territory Lord!"

"Bi Xiao (Qiong Xiao) is also willing to advance and retreat with the Territory Lord! Sanxiao also expressed his position...

Xianling's face changed slightly:"You must not!" I only bet on my own fate, so you must not follow me. What's more, in the future, the continuation of Daxian Tianyu will depend on you. That's the only way to achieve both ends, and only Old Yuexia will let you go....."

"But....."

"No need to but, I have made up my mind, so don't pursue it. The matter is settled like this, you should make some preparations quickly. The fourth assessment is about to begin....."

Xian Ling directly interrupted Zhao Gongming and the other four.

I don't know what her plan is, but she can get the best of both worlds.....

Zhao Gongming and Sanxiao looked at each other, knowing that persuasion was useless, they could only shake their heads and sigh.....

Speaking of which, the fourth assessment is about to begin, and they really should make some preparations.....

At the same time, within the fetal membrane of heaven and earth.

The phantom clone opened his eyes from meditating.....

He counted the time. In a few minutes, the fourth test will begin. It's time to summon the main body and all the disciples back.....

Thinking of this, he began to communicate with his body.....

At this moment, one hundred days have passed unknowingly in that mysterious space...

After these one hundred days, the people of the Divine Alliance have digested a large amount of resources, and their cultivation has undergone earth-shaking changes.....

Even the disciples with the weakest cultivation have reached the middle stage of the second realm...

The number of supreme saints has reached more than 400, and the number of heavenly saints has reached more than 60.

Among them, Chu Chu, Lu Ya, Queen Mother of the West, Qin Baobao, Yun Xi, Kun Peng, Hong Yun, and Ming He have all reached the peak of Heavenly Saint...

Especially Chu Chu, who has reached the limit of Peak Heavenly Saint and is only a hair away from the quasi-Saint Ancestor.....

In addition, Ziwei Star Master and Fu Zhi have successfully cultivated their own spiritual roots, and they have both broken through to the early stage of Quasi-Saint Ancestor, and their strength has skyrocketed...

And Hongjun has also cultivated his World Tree to maturity, and the power of the Chaos Bead Being able to make another great improvement by 10%, he also used this to break through to the mid-stage of Quasi-Saint Ancestor, and his strength skyrocketed.....

So far, there are five quasi-saint ancestors of the Divine Alliance.

They are Pangu, Qinglin, Ziwei and Fuzhi in the early stage of Quasi-Saint Ancestor.

A person in the middle stage of Quasi-Saint Ancestor is Hongjun.

The rapid progress of these subordinates, especially the breakthroughs in cultivation of Hongjun, Ziwei, and Fuzhi, allowed Qin Feng to gain a large amount of combat power in return.....

Unknowingly, his combat power reached 450 million poles.

If his super increase is taken into account, his comprehensive combat power has surpassed the threshold of the Half-Step Saint Ancestor, and his strength has improved a lot.

Of course, if he wanted to crush the alliance of forces by himself, he would have to have the strength to surpass the Half-Step Saint Ancestor.

The combat power of the Half-Step Saint Ancestor ranges from 500 million to 1 billion.

If Qin Feng wants to surpass the Half-Step Saint Ancestor, there is still a big gap.

At this time, in a corner of the platform.

Qin Feng still closed his eyes slightly, touching the mysterious book with his fingers, absorbing the Tao Yun divine patterns with pleasure.....

Sixty-eight days have passed, and he has not yet fully absorbed.....

At this moment, he felt the call of the phantom clone and slowly opened his eyes..

Chapter 1250

When he opened his eyes, Qin Feng's eyes were bright and shining, and there was joy deep in his eyes.....

For sixty-eight days, he absorbed 98% of the Dao patterns in the mysterious book and gained a lot of experience in alchemy.

This greatly improved his alchemy skills.

At the same time, the intensity of his spiritual consciousness was also greatly enhanced. It was just a hair short of being comparable to the intensity of the divine consciousness in the later stages of the Holy Ancestor.....

Qin Feng believes that as long as he absorbs the last 2% of Dao Yun, the strength of his spiritual consciousness will definitely transform to the late stage of the Saint Ancestor, which will be of great help to his strength...

But at this moment, the phantom clone called him.

Thinking of this, Qin Feng looked at the Xuan Ni clone and Zijin clone not far away.

The two bodies and minds felt the sensation and opened their eyes at the same time.

Afterwards, the Zijin clone closed its eyes again and continued practicing.....

Now, the Zijin clone's cultivation level has reached 7% of the Holy Realm, and it is getting closer and closer to the realm of the original body...

When the Zijin clone's cultivation level is the same as Qin Feng's, it will be the time when the Zijin clone's cultivation is complete. Obviously, this goal is about to be reached.... But after Zijin's clone closed his eyes, Xuan's clone stood up, looked around, and announced:"The fourth test is about to begin, it's time to leave!" With this announcement, the children of the Gods Alliance opened their eyes from meditating. Open your eyes and look excited on your face....

"The new assessment is finally about to begin!"

"yes! I have been waiting for a long time!"

"Ha ha!! This time, we have made great progress in cultivation, so we should be able to achieve better results in the assessment, right?"

"Well, it's hard to say this.....It's still unclear what the fourth test is...."

"No matter what the test is, the higher the level of cultivation, the better. I will definitely achieve better results when I make great progress in my cultivation this time!"

The disciples were discussing excitedly.

Everyone was full of expectations for the next assessment...

At this moment, Hongjun took out the Chaos Bead...

The appearance of the Chaos Bead changed, and it was more than twice as big as before.....

Now, the World Tree in the Chaos Bead has matured, making the Chaos Bead more powerful and even larger in appearance.....

Buzz~!

At this time, Hongjun sacrificed the Chaos Bead.

Suddenly, the divine beads vibrated, and the aura shone brightly!

"Don't waste any time! Let's go!"

As soon as he finished speaking, Hongjun took the lead and got into the Chaos Pearl.

Then, all the disciples filed in.....

After everyone entered, Xuan Mi's clone waved and sucked the Chaos Bead into his hand...

The next second, he turned into a white light and disappeared out of thin air.

He was summoned back by the phantom clone.

At the moment, only Qin Feng and Zijin clones were left in the field.....

At this time, Qin Feng closed his eyes again and continued to absorb the Taoist patterns on the book...

With only 2% left, he could finish absorbing the Taoist patterns.

There is still a little time left, so he naturally wants to make full use of it...

But on the other side, in the square, in the fetal membrane of heaven and earth.

As a white light lit up, Xuan Mi's clone appeared out of thin air.

Then, he released the Chaos Orb, and Hongjun and others also appeared one after another...

In the blink of an eye, more than 1,300 people gathered in the venue, and it became noisy.

However, the phantom clone did not immediately remove the fetal membrane of heaven and earth.

He is waiting for the true body to return.

If the fetal membrane of heaven and earth is removed now, Qin Feng will not be visible to the outside world, which will cause unnecessary trouble.....

"Dad, it's very lively outside!"

Hongjun put away the Chaos Bead, walked to the shadow clone, and looked curiously outside the fetal membrane of heaven and earth.....

At this moment, in the square, the assessors were chatting in low voices while waiting for the new assessment to begin...

It could be seen that the assessors were both looking forward to and nervous about the next assessment.

And in a certain corner, Old Man Yuexia looked in the direction of the Divine Alliance from time to time...

Beside him, the Six Root Ancestors also looked at the Divine Alliance station from time to time.

"The time is almost up, and the people from the Divine Alliance haven't come out yet, who knows what Qin Feng is up to?"

Ancestor Liugen couldn't help but muttered.

Old Man Yuexia smiled coldly: "In just one day, he practiced continuously. It doesn't take enough time to form a Spirit Tempering Pill, and it won't be able to cause any big waves. If you look at me, he is just pretending to be a ghost!"

Ancestor Liugen stroked his beard and said with a smile: "Fellow Taoist is right!" I feel secretly happy when I think that the little thief has obtained so many Spirit Tempering Pills but has no time to refine them!"

Old man Yuexia also said: "Yes! I can't wait for the fourth assessment to end as soon as possible, so that we can enter the next stage and take action against the thief. As long as we kill that little thief, the Nine-turn Spirit Tempering Pill on his body will be ours!"

"Ha ha!! When fellow Taoist said this, I became even more excited!"

Speaking of this, the two looked at each other and smiled.

They didn't know that Qin Feng had already devoured the Nine-turn Spirit Tempering Pill.

"By the way, fellow Taoist Yuexia, what do you think will be tested in this fourth game?", Liugen Patriarch asked again curiously.

Old Man Yuexia thought for a while and said: "The first test is the physical body, the second test is the spirit, and the third test is the spiritual strength. Will the fourth game test understanding?"

Liugen Ancestor nodded slightly: "It's a little possible! To be honest, if it were a test of understanding, I would be a little worried....."

"What are fellow Taoists worried about?"

"I am worried that the three Qin Feng brothers will take the top three again. Judging from the vitality and blood, they are very young, which shows that their talents and understanding are excellent. If one were to test one's understanding, I'm afraid....."

Speaking of this, the Six Roots Ancestor looked worried.

But the old man under the moon smiled coldly: "Fellow Taoist, you are overthinking! Once the fourth assessment is over, we will enter the stage of seeking opportunities, which is the time for us to take action. Even if they get a good ranking, they will not be able to enjoy those rewards. Got it...."

Ancestor Liugen suddenly said: "That's right! I don't know....."

Before he finished speaking, Liugen Ancestor's expression moved slightly.

At this moment, everyone's clearance tokens trembled, and there was an exclamation in the venue.

"The token comes with information!"

"It must be the secret will that releases nuclear information!"

While speaking, all the assessors took out their clearance tokens one after another.

Ancestor Liugen and Old Man Yuexia also took out their tokens and checked the information.....

"Huh! The test is not about understanding!" Ancestor Liugen was a little surprised.

Old Man Yuexia's eyes shone: "I didn't expect that this was an assessment of alchemy. This one would be beneficial to us....."

Ancestor Liugen also said excitedly: "Fellow Taoist is right! As a practitioner, everyone can make alchemy, and the way of alchemy needs to be polished over time. You and I have lived for countless years, and we are quite advanced in alchemy. Assessment The results will definitely not be bad!"

Old Man Yuexia said with a smile: "Not only you and me, but also the alchemy skills of the giants will not be bad. As for the three children Qin Feng, Qin Lei, and Qin Mu, you can tell they are young just by looking at their energy and blood. Children, they definitely don't have any experience in alchemy. This test is definitely their weakness!"

Liugen Ancestor agreed: "Don't say they are compared with us, I'm afraid that if you pull out a quasi-saint ancestor at random, he will be better in alchemy attainments. stronger than them....."

The old man under the moon breathed a sigh of relief: "It seems that this time, I can feel proud and proud." .....
