

## God level 1251

Chapter 1251

At this moment, in that mysterious space.

Qin Feng finally absorbed the Taoist charm of the book...

Poof~!

A soft sound!

The book, which had lost all its Taoist charms and divine patterns, exploded automatically and turned into dots of silver starlight, scattering all over the sky.....

"Ding~! Congratulations to the host for successfully obtaining the alchemy inheritance of the ancient god.....The host's alchemy skills are greatly improved....."

"Ding~! Congratulations to the host, your soul has been nourished by a lot of Tao Yun power. ....Divine consciousness is strengthened, and its intensity is raised to the late stage of the Saint Ancestor....."

"Ding~! Congratulations to the host, your soul level has transformed... and your cultivation level has also been upgraded to the ultimate holy realm 99.94%.....Combat power increased to 460 million poles....."

Boom~Long~Long!

Qin Feng's whole body momentum surged, and his number increased from 450 million to 460 million in the blink of an eye.....

After a long time, he slowly opened his eyes, and golden light flowed in his eyes, and his magnanimity of looking down on the world was inadvertently revealed.....

"Finally absorbed it!"

The corners of Qin Feng's mouth curled up slightly, revealing a satisfied smile.

This time he absorbed the book, and he gained a lot.

Not only did his alchemy skills improve greatly, but his cultivation level also increased to 99.94% of the Extreme Saint Realm, which is only one step away from the Heavenly Saint Realm. Just a little bit worse.....

According to his estimate, as long as he absorbs the energy of one or two more quasi-saint ancestors, he can break through to the heavenly saint realm.

At that time, his combat power will make breakthroughs again, and he will be one step closer to the limit of the Half-Saint Ancestor...

The Half-Saint Ancestor's combat power ranges from 500 million to 1 billion.

In other words, 1 billion poles is the ultimate combat power of the Half-Saint Ancestor.

With Qin Feng's super increase, as long as his combat power reaches 800 million, it will be comparable to the limit of the Semi-Saint Ancestor.

If he could reach that level, it would be easy to defeat all forces joining forces...

Of course, with his current combat power of 4.6, his overall strength has surpassed the threshold of the Half-Step Saint Ancestor.

The giants would never have imagined this.....

Thinking of this, Qin Feng smiled charmingly, stepped forward, and disappeared into thin air.....

At this moment, in the square, within the fetal membrane of heaven and earth.

After reading the assessment information, everyone in the Divine Alliance had different expressions.....

"I didn't expect that this test would actually be a test on alchemy. This is so strange!"

"yes! I thought it was an assessment of understanding or talent potential. After all, the first three assessments were all about personal quality. This time it should also be related to personal quality. Why did an alchemy assessment suddenly appear? It was really unexpected!"

"Hey~! The progress of alchemy requires time to polish the foundation. We, the children of the Divine Alliance, are all young and have very little experience in the art of alchemy, especially compared to those old guys, we are far behind. It can be seen from this that the assessment is not good for our Divine Alliance!"

As soon as these words were said, all the disciples nodded slightly, all showing sad expressions.

It is true that the Divine Alliance is too young and has not experienced many years, so some of its foundations are naturally insufficient, such as this alchemy.....

Among the crowd, even senior officials such as Hongjun and Pangu smiled bitterly, losing their confidence.

Since it is an assessment, there will be eliminations!

Everyone is also worried that if the results of this assessment are not good, it will be bad if they are eliminated...

Of course, some people are worried, and some are happy.

Among the children of the Divine Alliance, there are very few who are good at alchemy, such as Shangguan Yunxi...

The content of this assessment is her strength.....

All in all, this test was unfavorable to most of the children of the Divine Alliance, and the atmosphere in the venue was inevitably depressing...

At this moment, Lord Ziwei spoke.

"There is no need for you to lose heart! I came here, firstly, to assist Your Majesty in obtaining the mantle and inheritance of the ancient God Lord, and secondly, to find our own opportunities!"

"Judging from the current situation, we have not been able to help His Majesty very much. On the contrary, His Majesty has secured a large number of opportunities, and almost everyone has received one or two opportunities."

"You know, when we first came in, there were many disciples who were still in the early stages of the first realm, and few of them were even Heavenly Saints, let alone quasi-Saint Ancestors."

"What about now? However, in just a few months, everyone's cultivation has improved by leaps and bounds. The weakest have reached the middle stage of the second realm. Even the Heavenly Saint has fifty or sixty people, and the Quasi-Saint Ancestor has five people. Who can lead such a huge progress? Coming? It's Your Majesty!"

"In other words, we all got the opportunity we were looking for. Even if we are eliminated in this assessment, there will be no regrets"

"But don't forget, everything we get is a gift from His Majesty. Our goal has been achieved, but His Majesty's goal has not yet been achieved"

"And this test is particularly beneficial to Your Majesty, because Your Majesty has obtained the alchemy experience of the ancient God Lord. Shouldn't you be happy?"

"We have received the benefits we deserve, and we only want to help His Majesty achieve his goals, instead of just worrying about not being able to pass the test and calculating our own gains and losses, so what else do you have to be frustrated about?!"

As soon as these words were said, all the disciples suddenly woke up.

Yes!

They have already had the opportunity, so what are they afraid of being eliminated?!

It is His Majesty who needs the points and the results the most.

Now, although the new assessment is not good for them, it is not good for His Majesty. It was beneficial, and they should be happy.

If not for His Majesty's help, how could they have had so many opportunities!

This thought made the disciples feel a little ashamed.

Then, everyone sorted out their thoughts and began to be happy for Qin Feng again.....

"Master Ziwei is right! We have been given a lot of opportunities, and there will be no regrets even if we are eliminated. However, it is still unclear whether His Majesty will be able to obtain the mantle of the Ancient God Lord!"

"Speaking of which, our Divine Alliance relies on Your Majesty. Only when His Majesty becomes stronger can our Divine Alliance have a bright future!"

"yes! Now our Divine Alliance has offended the Nine Heavens and Ten Territories, as well as three types from outside the Territory. If Your Majesty cannot inherit the mantle of the ancient God Lord, I am afraid that after leaving the secret place, the situation of our God Alliance will not be good!"

"Outside that secret place, there are not only the remnants of many forces, but also the holy ancestors behind the three sects outside the territory. If they take action against us, I'm afraid....."

As soon as these words were reminded, the faces of all the disciplesThere was a slight change, and everyone took a breath.

The horror of the Holy Ancestor is unimaginable. It is definitely not comparable to the Half-Step Holy Ancestor.

"Everyone, we didn't think far enough before! Now it seems that if the Divine Alliance wants to survive, the only way is for His Majesty to inherit the mantle of the ancient Divine Lord....."

"After all, the ancient God Lord is the legendary seventh realm powerhouse, far stronger than all the Saint Ancestors. If your Majesty gets his mantle, with your understanding and talent, you should be able to compete with the Holy Ancestor....."

After hearing this, all the disciples' eyes lit up and they felt that it made sense.....

They are full of confidence in Qin Feng's understanding and talent.....

"In this way, this assessment is a great thing for our Divine Alliance!"

"Of course! As long as it is beneficial to His Majesty, it is beneficial to our Divine Alliance!"

As soon as these words were said, all the disciples' faces showed joy.....

At this moment, a white light flashed in the field, and Qin Feng appeared out of thin air.

He's back!

"His Majesty!"

All the disciples were overjoyed and came forward one after another to pay homage.

"Dad, your aura has become stronger again!"

Hongjun walked over with a face of surprise.

Qin Feng smiled slightly:"It's a bit improved!"

All the disciples were happy when they heard this.

Qin Feng is their backbone and their only support.

They naturally hope that Qin Feng will become stronger and stronger.

"Dad, do you know the content of this assessment?"

Qin Feng nodded slightly.

Hongjun asked again with concern: "Dad, have you fully understood the ancient god master's alchemy experience?"

Qin Feng smiled and said nothing.

When Hongjun saw this, he understood in his heart.

He was immediately overjoyed: "That's great! Dad, you have inherited the Alchemy Master's experience. You should be among the top three in this assessment. The only pity is that after this, I'm afraid I won't have the chance to accompany you on this journey....."

Qin Feng was puzzled: "Hong'er, why do you say that?" Hongjun smiled bitterly: "Dad, don't you know about the child? From the time he was born to the present, the child has never been involved in alchemy. It can be said that he does not know how to make alchemy at all. This time Assessment, the child is destined to be eliminated...."

"Hey~! If I had known that this test was about alchemy, I would have dabbled in it a long time ago. With a child's talent and understanding, as long as he dabbles in it for a while, it should be good. It's a pity that God doesn't give children this opportunity....."

Speaking of this, Hongjun looked regretful.

He was still a little unwilling.

After hearing those words, Qin Feng said calmly: "You may not be eliminated!"

Hongjun was stunned: "Dad, no? The kid can't make elixirs, how can he not be eliminated?"

Qin Feng said with a smile: "According to the previous information, Secret Will only announced the assessment content, but has it announced the elimination rules?"

As soon as he said this, Hongjun's eyes lit up.

The disciples of the Divine Alliance have only just realized this...

Yes!

Secret Will has only announced the assessment content, but not the elimination rules yet!

So how do you get eliminated?!

Just when everyone was confused, a change occurred in the field, and everyone's clearance tokens trembled again.....

"It's a clearance token!"

"Secret Will sent another message....."

Everyone took out their tokens one after another.

Outside the fetal membrane, there was also a commotion in the square.

Those people also picked up their tokens.

Qin Feng was no exception. He silently took out the token and read the message.

After a moment, a smile appeared on his face.

At the same time, the exclamations of the disciples of the Divine Alliance sounded behind him

"This is the elimination system for this assessment!"

"Huh! It's such an elimination system! This...this is good for us!"

"Dad, this kid won't be eliminated!! Ha ha!!"

"Little Lord! This time, there is really no way out, but there is another village with dark flowers and bright flowers. Maybe, we all hope to advance, haha!!"

At this moment, cheers erupted in the Divine Alliance.

On the contrary, there was a wailing sound in the square..

Chapter 1252

At this moment, cheers erupted in the Divine Alliance.

On the contrary, there was a sound of wailing in the square...

After reading the information, the assessors seemed to have been hit hard, and they all felt like mourning their heirs.....

"How...how could this happen?"

"Why is there such an elimination mechanism!"

"That's right! It was clearly stated that the test was to test alchemy, so why was the elimination not only based on the skill of alchemy?"

"Hey~! What I am best at is alchemy! I thought I could pass the test smoothly this time, but looking at the elimination system, even if I get a good ranking, I'm afraid I won't be able to pass the test!"

"yes! 5-point elimination mechanism! Even if they pass this time, most people only have 4 points! That's still 1 point away, and you can't pass the test at all!"

At this moment, there were constant complaints and wailing in the square.....

In the corner, the giants were gathering together to read the news about the elimination system.

After reading it, they looked calm and not affected at all....

"Everyone, what do you think of this elimination system?"

Amitabha put away the token and asked casually

"I think this is only reasonable!"

"That's right! Some people are not good at refining alchemy, but that does not hinder their excellence. It would be inappropriate to eliminate that person just because they do not know how to make elixir. After all, the ancient God Lord chose the inheritor of the mantle, not the alchemist!"

"Makes sense! Judging from this assessment, the ancient God Lord preferred alchemy, but he also knew that the strength and potential of the inheritor were more important....."

"such a pity! I originally thought that 90% of the people in the Divine Alliance would be eliminated! Now it seems that they are going to escape disaster....."

"hehe! Fellow Taoists think highly of the Divine Alliance! This is a 5-point elimination system! Most of the children of the Shenmen League do not have 5 points. Even if Qin Feng wants to help, he can't help that much. Let me tell you, only 60% of the children of the Divine Alliance will be eliminated this time, which is less than previously expected....."

"Makes sense! Most of the children of the Divine Alliance are young and should not be good at alchemy. In this assessment, their results will definitely not be ideal....."

"In other words, many of them will score 0 points in the alchemy assessment, which will greatly hinder them. Qin Feng will definitely give up a large number of his disciples. Eliminating 60% is a reasonable prediction....."

"Ha ha!! That's not bad! Every time I see so many people from the Divine League clearing the level, I feel unhappy! This time, we will take a closer look at how most of their people have been eliminated....."

"hey-hey!! I don't know anything else. This 5-point elimination system has no impact on our three sects outside the territory. It is extremely easy for all members to pass the level....."

As soon as these words were spoken, the people from the three sects outside the territory all showed knowing smiles.....

The so-called 5-point elimination system means that after the fourth assessment, the total points from the four assessments will be calculated.

When the total points are less than 5 points, they will be eliminated on the spot, and only those with more than 5 points can stay.

In fact, after three assessments, more than 90% of the examinees only received 3 points.

Even in this fourth assessment, they still got points, and most of them could only get 1 point. The total was 4 points, which was still not enough to 5 points, and they were destined to be eliminated.

What's more, in the fourth assessment, only those who are in the top five thousand will get 1 point, and those who are in the top five thousand will get 0 points.

In this way, when the fourth assessment is over, there will be thousands of people with only 3 points, and the results will naturally be even worse.

Of course, for the top three performers, there is no need to worry at all.

For example, Hongjun scored 5 points in the first and second games, and 10 points in the third game, totaling 20 points.

Even if he scores 0 points in the fourth game, he will not be eliminated.

This is true for people like Ziwei Star Lord, Pangu, Fu Zhi and others.

In other words, as long as one of the first three assessments enters the top 100, it is absolutely impossible to be eliminated.

The points for each assessment are basically 100 points for first place, 90 points for second place, and 80 points for third place.....

By analogy, tenth place is worth 10 points.

11th to 100th place is worth 5 points.

After 100th place, it will be 1 point.....

The points arrangement for the fourth assessment will also be the same.....

Of course, the secret will also opened a back door for the examiners.

That is, after the fourth assessment, the assessors will be given one day to trade points with each other.....

If you don't have enough points, you can buy points from other people to make up 5 points.

It's a pity that everyone is short of points, so it is extremely difficult to buy them. This is all for another day.....

At this moment, within the fetal membrane of heaven and earth.

Hongjun was talking to Qin Feng

"Dad, this 5-point elimination system will allow us to eliminate fewer people, but there will still be quite a few children who will be eliminated. After all, most people in the League of Gods have 3 points"

"In this fourth alchemy test, they are not good at it. There will be very few people who can get 1 point. Even if you get it, it's only 4 points, not enough for 5 points...."

Speaking of this, Hongjun was a little helpless.

Qin Feng said lightly:"After the assessment, there is still one day to trade points. At that time, we will give up some of the disciples and let them contribute points, leaving them for others who need them more....."

Hongjun's eyes lit up:"That's right! It's time to let some of the Shenmeng disciples who are not highly cultivated. The subsequent encounters will only become more and more dangerous. Keeping them by force is not necessarily a good thing."

"What's more, Dad has helped them get a lot of opportunities, and many of them haven't fully digested it yet. If we let them look for opportunities again, they will be greedy for more than they can lose. It is better to let them contribute their points and leave them to more useful people."

Hongjun greatly agreed with Qin Feng's suggestion.

Now, the Divine Alliance is surrounded by enemies on all sides. It is time to transfer some of the weak disciples out of the secret place to prevent them from suffering unreasonable disasters.

Otherwise, the combined forces of all the forces will Under this situation, Qin Feng could not guarantee that everyone could be saved.

And those disciples contributed their points before leaving, which can be regarded as making the best use of everything and making a great contribution to the Divine Alliance.....

It is already quite good for the children of the Divine Alliance to reach this point."

HongAfter calculating silently for a while, he said happily:"Dad, if we do this, there will be a lot of people left in our Divine Alliance!"

Qin Feng smiled slightly: "Sometimes having more people is also a good thing. One disciple contributes Three or four points can allow two of the disciples to stay. Based on this calculation, at least 60% of the disciples of our Divine Alliance can stay...."

"In fact, as a father, I don't care about those things. What the father cares about is the ranking reward of this fourth assessment. That is our big opportunity! Hongjun nodded repeatedly: "The ranking rewards for each assessment are extremely generous, and they are higher each time." The rewards for this fourth game will definitely not be worse than those for the third game, or even higher...."

Qin Feng's eyes showed deep thought: "The Nine-turn Spirit Tempering Pill rewarded in the third test is exactly what my father needs. I wonder if there will be another reward in the fourth test? By the way, Hong'er, if you talk about the results of this test What do you think of the top ten, all being obtained by the children of our Divine Alliance?"

Hongjun was greatly surprised: "Dad, are you kidding me? Except for you, the two clones, and Yun Xi, the rest of us in the Divine Alliance are not She is good at alchemy. Even if Yun Xi is extremely talented in alchemy, it will be extremely difficult for her to enter the top ten."

"With her ability, she could be in the top thirty at most. After all, those giants and quasi-saint ancestors are all old monsters who have lived for countless years, and they are all very high in alchemy...."

Qin Feng smiled mysteriously: "My father has a plan, maybe we can win all the rewards of the top ten...."

"Um...Dad, are you serious?"

Hongjun still couldn't believe it.

Seeing this, Qin Feng smiled slightly and whispered in his ear.

Hongjun quickly listened carefully.

After a while, his eyes gradually lit up, showing a look of great joy.....

After he heard everything, he said with excitement: "Dad, I think this method is feasible!"

Qin Feng put his hands behind his back and smiled without saying a word.....

At this moment, there was new movement in the square...

Chapter 1253

At this moment, there was new movement in the square...

Outside the membrane of heaven and earth, an invisible coercion descended from the sky and enveloped the entire place in an instant.

Immediately afterwards, the ethereal voice of the secret will echoed in the void.....

"The assessment entrance is about to open, all assessors please be prepared....."

With this announcement, the whole square became lively.....

"The assessment is about to begin!"

"yes! I'm a little nervous!"

"Hey~! I don't know how to make alchemy at all, this test is really...."

There was a lot of discussion in the square...

Buzz~! Buzz~! Buzz~!

At this moment, the space in the center of the square shook, and light gates appeared out of thin air, ten in total.

Those are the entrances to the assessment area.

"The entrance is open! Let's go!"

The crowd surged.

All the forces moved towards the entrance.

In the corner, the old man Yuexia looked towards the direction of the Divine Alliance and frowned slightly.

The entrance was already open, and the Divine Alliance had not yet removed the membrane of heaven and earth, and no disciples had come out. I don't know. What the hell are you doing?

"Fellow Taoist Yuexia, let's go! how? Are you still waiting for Qin Feng's son to show up?"

Behind him, the voice of Six Root Ancestors sounded.

"yes! Qin Feng's son has been hiding somewhere since he got the reward, and he doesn't know what he is doing. Is it possible that he is refining the Nine-turn Spirit Tempering Pill? Old Man Yuexia guessed.

Ancestor Liugen couldn't help but smile:"With just one day of rest, he won't be able to refine it in time." If I look at it, that little thief is just pretending. I don't have to worry about it, I'd better finish this assessment first! That little thief won't be able to bounce around for much longer!"

Old man Yuexia smiled knowingly:"That's right!"

At this moment, the two of them said no more and walked towards the entrance.

At the same time, a group of giants such as Ran Deng Ancestor and Amitabha also walked towards the entrance.....

When the old man under the moon walked to the entrance of a light door, he sensed movement in the fetal membrane of heaven and earth in the distance.

He couldn't help but look back, and saw Xuan Mi's clone leading the disciples of the Divine Alliance out of the fetal membrane, and also walked towards one of the entrances...

Seeing this, Old Man Yuexia breathed a sigh of relief.

There has been no movement from the Shenmen League, which always makes him uneasy and always makes him feel that Qin Feng is up to some conspiracy...

Unknowingly, Qin Feng has left a big shadow in his heart.

Now, the disciples of the Divine Alliance have also come out for the assessment. I think everything is normal...

Thinking of this, Old Man Yuexia stepped directly into the light door in front of him and disappeared.....

Giants such as Liugen Ancestor and Ran Deng Ancestor also filed in.....

In this way, more and more examinees entered the light gate...

The children of the Divine Alliance also entered the examination room one after another...

On the other side, within the fetal membrane of heaven and earth.

Qin Feng watched the movements in the square silently.

The phantom clone is also on the side, he wants to maintain the operation of the fetal membrane of heaven and earth.

In addition, Hongjun, Pangu, Ziwei, Fuzhi, Qinglin, Chuchu, and Yunxi stood silently behind Qin Feng.

Before long, most of the people in the square were gone.

The clone of Xuan Ming and the disciples of the Divine Alliance also entered the examination area...

Seeing this, Lord Ziwei couldn't help but ask: "Your Majesty, why did you leave me and seven other people behind?"

Qin Feng slowly turned back.

"I have a plan and I want the seven of you to cooperate."

"Your Majesty, what is the plan?"

Ziwei and others all showed curiosity.

Hongjun smiled and interjected: "Mother, Dad wants to get all the top ten rewards this time!"

"Forehead?! Won all the top ten?!"

Ziwei and others couldn't help but exclaimed.

This idea is too exaggerated!

If Qin Feng and the two clones can enter the top three, they have no doubt.

But if they say that they can win all the top ten, they absolutely do not believe it. Can't even imagine.....

Ziwei and others looked at each other with astonishment on their faces.

After a while, Master Ziwei said: "Your Majesty, among the seven of us, except for Yun Xi, the other six have average levels of alchemy, and Hong'er has even less experience in alchemy. You want the seven of us to enter Top ten, is this impossible?!"

Pangu also smiled bitterly: "Yes! Your Majesty! With our alchemy strength, it is hard to say whether we can enter the top ten, let alone the top ten."

Fuzhi also agreed. : "My father, Old Man under the Moon, Ancient Ancestor Ran Deng and other giants have all lived for countless years. Their attainments in alchemy are far higher than ours. Who else can be in the top ten besides my father? , it has to be them!"

Qin Feng nodded slightly: "You are all right! With your level of alchemy, it is indeed difficult to enter the top ten. However, my plan is this...."

At that moment, Qin Feng revealed his plan.

After everyone heard this, their eyes lit up and they looked happy.....

"Your Majesty, is that really okay?"

Ziwei Star Master asked excitedly.

Qin Feng said lightly: "I don't know if it's okay or not. After all, everything is my imagination, and I won't know until I put it into practice. Everything that needs to be said has been said, who starts first?"

"Dad, let me go first! I am the worst at alchemy. Even if I fail, I will not lose anything at all!"

Hongjun volunteered to stand up.

"good! Then it starts with you!"

As soon as the words fell, the two of them were about to take action.

But at this moment, there was a sound of footsteps outside the membrane of heaven and earth. Everyone's hearts moved, and they turned their heads to look outside, and saw Xian Ling walking towards this side...

Behind Xian Ling, there were four people following, none other than Zhao Gongming and San Xiao.

At this moment, all the people in the square had left, leaving only Xian Ling and his party of five.

In just a moment, the five Xian Ling walked to Tiandi Parafetal membrane....

"Xian Ling asks to see Master Qin Feng!"

Xian Ling bowed respectfully to the fetal membrane of heaven and earth.

Inside the fetal membrane, Qin Feng and others couldn't help but look at each other.

"Your Majesty, why did this woman come to you?"

Ziwei Star Master's tone was a little sour.

With a woman's intuition, she could feel that Xian Ling had strange thoughts about Qin Feng.

"Uh... I don't know why she came here. However, she only came to me after everyone had left, because she was afraid that she had something important to do. What's more, this Xianling has always been on good terms with my Divine Alliance, I'd better meet her before talking!"

"Your Majesty, I will accompany you!"

Qin Feng smiled slightly:"It's up to you!"

At that moment, Qin Feng took a step forward and walked towards the outside of the fetal membrane of heaven and earth.

Lord Ziwei followed closely behind.

The next second, the fetal membrane flashed, and Qin Feng and Lord Ziwei appeared one after another.

"Lord Qin Feng, you are indeed here!"

Xian Ling showed joy when she saw Qin Feng.

She had been secretly observing the movements of the Divine Alliance, waiting for a chance to talk to Qin Feng in private when no one was around...

For this reason, she waited She followed Qin Feng to come out of the fetal membrane of heaven and earth.

The fetal membrane of heaven and earth can block the visit of spiritual consciousness and the transmission of sound, so she had to wait for Qin Feng to come out.....

Until everyone entered the examination area, Qin Feng had not yet emerged from the fetal membrane of heaven and earth.

Xian Ling couldn't wait any longer, so she led Zhao Gongming and four others over.

"Fellow Taoist Xianling, what do you want from me?"

Qin Feng has a good impression of Xian Lingpo.

After all, this woman has helped him many times, and he will remember those feelings in his heart.

"Mr. Qin Feng, the little lady came today to tell you a secret."

"secret? Fellow Taoist, please speak!" Qin Feng also showed curiosity.

Xian Ling took a deep breath and said:"Master Qin Feng, I'm telling you the truth. Not long ago, Old Man Yuexia secretly contacted the little girl and asked her to cooperate with them to lure you into a trap....."

As soon as these words came out, Star Master Ziwei's expression changed slightly.

In the fetal membrane, Hongjun and others also heard it, and they all looked surprised.

Only Qin Feng looked calm.

Before, Old Man Yuexia secretly sent a message to Xian Ling and made some small moves, and the phantom clone also observed them.....

Now that Xian Ling took the initiative to speak out, he was not surprised. Everything was within his expectation.

"Fellow Taoist Xianling, what is the specific matter?"

"Sir, here's the thing...."

At that moment, Xian Ling said everything that Old Man Yuexia said...

Chapter 1254

At that moment, Xian Ling said everything that Old Man Yuexia said...

After Qin Feng listened, he just nodded slightly, his expression not showing much emotion.

However, Ziwei Star Master was furious:"Your Majesty, Old Man Yuexia is really insidious! If this thief is not eliminated, there will never be peace!"

Xian Ling also reminded:"Yes! Master Qin Feng, not only Old Man Yuexia, but also those giants They all have to deal with you. Your current situation is like walking on thin ice, and you are scared every step of the way!" Qin Feng nodded slightly:"Thank you for the reminder, fellow Taoist! However, if you do this, you have violated the oath of the old man Yuexia. In the future , he will kill you quickly, and even those giants will not let you go. Aren't you worried, fellow Taoist?"

Xian Ling smiled bitterly: "Since the little girl decided to do this, she has already put life and death aside."

Qin Feng's heart Nuan: "Fellow Taoist, the sacrifice is too big for you to do this. If you obey Old Man Yuexia, not only will your life not be in danger, but you will also be able to obtain the gold-type sacred artifacts you dream of. Is it worth it for you?"

Xian Ling He smiled and said: "The little girl just wants to obey her true heart and does not want to go against her original intention. If she really betrays her Taoist friends because of this, I am afraid that the little girl's Taoist heart will also give birth to inner demons in the future."

Qin Feng was a little moved.

Obviously, Xian Ling treats him sincerely, otherwise there would be no worries about inner demons.

If a person has no friendship with others, he will naturally not care about his life or death.

Thinking of this, Qin Feng said solemnly: "Since fellow Taoist treats me with sincerity, Qin will never betray fellow Taoist!"

"do not worry! Qin will definitely ensure your safety, as well as the safety of the children in Daxian Tianyu, and will never let Old Yuexia hurt you at all! Xian

Ling smiled bitterly: "Master Qin Feng, please forgive me for speaking frankly." With the combined power of all the giants, without the strength of the Half-Step Saint Ancestor, it would be difficult to escape. Therefore, the little girl knows the difficulties faced by the adults, and also knows that the little girl will encounter great risks in the future."

"This is the little girl's own decision, and all risks should be borne by the little girl alone. Since the children of Daxian Tianyu are innocent, the little girl doesn't want to implicate them, so the little girl came up with a way to get the best of both worlds....."

Hearing this, Qin Feng suddenly felt at ease.

Obviously, Xian Ling was worried about his strength, thinking that he was no match for the giants and would be in trouble in the future.

This actually shows that Xian Ling has a deep affection for him.

If not, who would take the initiative to jump into the fire pit.

Before Qin Feng could speak, Lord Ziwei said unconcernedly: "Fellow Taoist Xianling, it seems you have no confidence in my Majesty."

"In fact, you don't have to worry. My Majesty's strength is unfathomable. Even if all the giants join forces, they may not be able to do anything to you. If he says he can protect you, he will naturally be able to protect you!"

Hearing this, Xian Ling smiled and didn't say much.

Looking at it, she obviously didn't believe what Ziwei Star Master said, thinking it was Ziwei Star Lord's blind trust in Qin Feng.

Not only her, but also Zhao Gongming, Yunxiao, and Bixiao. After hearing those words, Qiong Xiao also curled up the corner of her mouth slightly, thinking that Lord Ziwei was bragging.....

When Star Master Ziwei saw this, she felt a little unhappy and wanted to explain it again.

Qin Feng interrupted directly: "Fellow Taoist Xianling, you just said there is a way to get the best of both worlds, what is it?"

"Sir, this little girl wants to join the Divine Alliance and become a member of your army. In this way, the little girl is a member of the Divine Alliance. The little girl's position as Territory Lord was given to Zhao Gongming, and the division was made in public."

"From then on, the little girl had nothing to do with Daxian Tianyu. A little girl is a little girl, and Daxian Tianyu is Daxian Tianyu. The cause and effect caused by the little girl should be borne by the little girl alone, and it should not fall on Daxian Tianyu."

"Even if Old Man Yuexia hates the little girl, he will only kill the little girl and will not easily kill people from Daxian Tianyu. After all, he is a powerful quasi-saint ancestor. Killing innocent people indiscriminately would involve too many causes and effects, which would be detrimental to his cultivation."

Xian Ling expressed his thoughts.

Qin Feng nodded slightly:"This is also a way....."

Xian Ling hurriedly asked:"Then Lord Qin Feng is willing to take in the little girl?" Qin Feng said with a smile:

"Welcome!"

Anyone who wants to join our divine alliance must first sign a contract with my Majesty, and he will not betray you for life. Have you thought about it?"

, how can you care about a contract? This little girl is willing to sign this contract!"

Hearing this, Lord Ziwei nodded slightly, showing a satisfied look.

Qin Feng's contract is different. As long as it is signed successfully, betrayal is impossible.

Of course, the signer must take the initiative to sign the contract before Qin Feng can successfully sign it.

Now that Xian Ling has taken the initiative to agree to sign the contract, the problem is not big.

For these details, Ziwei Star Master will not tell them.

Qin Feng was also happy.

Accepting Xian Ling is equivalent to receiving a subordinate who is at the peak of Heavenly Saint.

What's more, Xian Ling is an extremely rare gold cultivator.

He has a candidate for the White Tiger Emperor!

If Xian Ling's strength is combined with the White Tiger's spirit, he will definitely be able to break through to the Quasi-Saint Ancestor.

At that time, Qin Feng will receive a large amount of combat power in return, and his strength will greatly increase again!

Thinking of this, Qin Feng said: "Fellow Taoist Xianling, let's start signing the contract!"

"Sir, you'll be waiting later!"

As soon as he finished speaking, Xian Ling took out a piece of heavenly seal. It was the heavenly seal of Daxian Heavenly Domain, a symbol of the identity of the domain lord.

Xianling touched the heavenly seal with his hand, and the seal lit up with a flash of light, and then the light shone. Collapse, dim in an instant.....

It turned out that Xian Ling had cleared away the soul consciousness left in Tianyin.

At this moment, the piece of sky seal became an ownerless thing.

Whoever refines it will be the Lord of Daxian Heaven Realm

"Gongming, this is the seal of heaven! Take it! From now on, you are the Lord of Daxian Tianyu!"

Xian Ling waved his hand, and the Great Xian Tianyu Seal flew towards Zhao Gongming....

"Domain Lord!"

Zhao Gongming caught the Tianyin with a complicated expression.

"Domain Lord, have you really thought this through? Once you join the Divine Alliance, you will completely cut off your own escape path! Gongming does not want to be the lord of this domain, but hopes that the domain lord will return and take over the throne again....."

"yes! Domain Lord, don't you think about it anymore?"

Zhao Gongming and Sanxiao seemed to be unable to bear it , and wanted to persuade them....."

"Territory Lord, it seems that it is useless for us to say more. How about this, how about I, Yunxiao, join the Divine Alliance with you?"

"Territory Lord, I, Bixiao, also want to join!"

"And I!"

Sanxiao actually asked to join.

Xianling quickly shook his head:"No! My joining the Divine Alliance has completely angered Old Man Yuexia. If you continue to follow me later, I'm afraid that Old Man Yuexia will really anger the entire Daxian Realm."

"What's more, after I leave, it will be difficult for Daxian Tianyu to be supported by Gongming alone. The three of you should help him properly....."

"This...hey! That's it!"

Sanxiao sighed one after another.

They knew that what Xian Ling said was the truth.

Daxian Tianyu would definitely not be able to rely on Zhao Gongming alone.

But when they thought that Xian Ling was going to join the Divine Alliance, he would be suppressed by all the giants in the future. It was like jumping into a pit of fire, life and death were uncertain from now on, and they felt bad.

Seeing the worried looks of Sanxiao and Zhao Gongming, Lord Ziwei smiled and said nothing.

Obviously, they all underestimated the strength of their majesty.

Wait a moment , His Majesty accepts Xian Ling, and will definitely pass on the position of White Tiger Emperor to Xian Ling.

At that time, Xian Ling will break through to the Quasi-Saint Ancestor in one fell swoop. I wonder what these people will think?

Thinking of this, Ziwei Star Master is somewhat looking forward to taking over. down development.....

"Lord Qin Feng, my little lady is ready, come and sign the contract!"

"good!"

As soon as he finished speaking, Qin Feng broke his fingers and coagulated blood and began to sign the contract...

Chapter 1255

I saw Qin Feng moving his fingers together, and the blood on his fingertips drew a contract rune in the air, blooming with a dazzling spiritual light in the air...

Then, he pressed his finger on Xian Ling's smooth forehead.

Xian Ling couldn't help but closed her eyes, raised her head slightly, her long eyelashes trembled slightly, looking a little nervous...

As soon as that finger touched the warm skin, the contract runes were imprinted into Xian Ling's skin at a speed visible to the naked eye. The eyebrows disappeared...

The next second, Qin Feng and Xian Ling felt palpitations at the same time. An invisible bond formed deep in their souls, and the contract was successfully signed!

At this time, Xian Ling slowly opened her eyes and looked at Qin Feng in front of her.

Those beautiful pupils were filled with joy and traces of admiration.

At this moment, she found that her feelings for Qin Feng had changed, becoming more dependent, more trusting, more loving, and more respected.

Qin Feng's feelings towards Xian Ling also changed, becoming more trusting and fonder.

This is the power of contract!

Of course, this contract has a master and a slave.

Qin Feng is the master, Xian Ling is the slave

"Ding~! Congratulations to the host for acquiring a new subordinate of the Heavenly Saint Peak (Xian Ling)... The host has received a large amount of combat power in return.....Your combat power increases to 461 million poles...."

At the moment the contract was completed, the system prompts also came, which actually gave Qin Feng a combat power increase of 1 million poles...

From this, we can see that Xian Ling has a very good background, and his cultivation has reached the level of Tiansheng. The peak limit is just one step away from the quasi-saint ancestor.

Only in this way can we give Qin Feng so much fighting power.....

"alright! The contract is completed!"

Qin Feng retracted his fingers with satisfaction.

"Xian Ling has met His Majesty!"

Xian Ling saluted Qin Feng to formally join the Divine Alliance.

"Xian Ling, I just used a drop of my true blood to sign a contract with you using the method of blood contract."

"In other words, a drop of my true blood has been fused into your body. To a certain extent, you are also considered a descendant of the ancient God Lord. Then in the next assessment, you will also be taken care of by the will of the secret place."

Qin Feng explained casually.

Xian Ling was overjoyed:"The little girl has always envied the children of the Divine Alliance for having the blood of the ancient God Lord. Now it's good that I have it myself. Then I should be able to get a good score in this assessment....."

Qin Feng said with a smile:"It should be so! Xian Ling, you specialize in the gold system, right?"

"Yes, Your Majesty!"

"very good! Since you sincerely surrender to me, I will give you a great opportunity!"

"What opportunity?" Xian Ling's bright eyes lit up.

Zhao Gongming and San Xiao also showed curiosity.

Qin Feng's mouth curled up slightly:"Close your eyes and let go of the guardian spirit!"

"OK!"

Xian Ling closed her eyes obediently, with a look of expectation on her beautiful face.

After signing the contract with Qin Feng, she trusted Qin Feng's words. When

Zhao Gongming and San Xiao saw this scene, they became curious.

"Brother, what opportunities do you think Master Qin Feng will give to the Territory Lord?"

Yunxiao couldn't help but sent the message over.

Sanxiao and Zhao Gongming are actually brothers and sisters.

"I don't know! However, there is one thing that I can't figure out!"

"What's the matter?"

"Lord Qin Feng is nothing more than a supreme saint, while the Territory Lord is already the ultimate saint. If there is a good opportunity, why doesn't Mr. Qin Feng keep it for himself? Doesn't he need to improve his cultivation more?"

"Brother, although Lord Qin Feng is not high in cultivation, he is extremely powerful. Maybe he really has some great opportunity in his hands....."

"Hope so! Actually, when it comes to chance, I think of the fact that the Territory Lord rejected Old Man Yuexia and missed out on a gold-type sacred weapon. It was really a pity!"

"yes! The two major wishes of the Territory Lord are: one is to obtain a golden sacred weapon; the other is to obtain a spiritual root of heaven and earth, thereby breaking through to the quasi-saint ancestor. Now it seems that these two big wishes are difficult to fulfill!"

"Hey~! Not to mention the two major wishes, after the Territory Lord joins the Divine Alliance, his future life and death will be unpredictable....."

When Chuan Yin chatted, the two of them were quite worried about Xian Ling's future, and they both sighed... At this moment, Qin Feng was ready to pour soul into Xian Ling... The two of them were ready to pour soul into Xian Ling.

He quickly stopped talking and looked forward...

He saw Qin Feng's two fingers joined together and pressed towards Xian Ling's eyebrows.....

At this moment, the fingertips were flashing with violent electric light, intertwined into a white divine pattern...

As soon as the divine pattern was completed, it exuded a heaven-destroying aura, and instantly enveloped the whole place...

At this moment, Qin Feng pressed his finger on Xian Ling's smooth forehead...

The next second, the white tiger pattern on his fingertips penetrated into Xian Ling's eyebrows and rushed directly towards her sea of consciousness.....

Xian Ling's brows furrowed slightly, as if she felt a burst of pain...

Immediately afterwards, there was a soft 'click' sound in her body, as if a bottleneck was broken.....

The next second, her delicate body shook, and the overwhelming power of Tao Yun burst out from her whole body, spreading to all directions.....

At this moment, she actually broke through to the early stage of the Quasi-Saint Ancestor...

That was the pressure that only the Quasi-Saint Ancestor could have, and it instantly enveloped the entire audience.....

"This...this is...."

"Oh My God!"

"The domain master has made a breakthrough!!!"

Sanxiao couldn't help but exclaimed.

Zhao Gongming also opened his eyes wide.....

This is just the beginning.....

I saw Xian Ling's delicate body trembled, and her cultivation level continued to soar...

Early stage of Quasi-Saint Ancestor.....The peak of the early stage of the quasi-saint ancestor...the limit of the early stage of the quasi-saint ancestor... boom~boom~boom!

At this moment, Xian Ling's whole body was like a volcano erupting, and overwhelming waves surged in all directions, shaking the earth.....

Zhao Gongming and Sanxiao were dumbfounded.....

In just a moment, Xian Ling broke through to the limit of the mid-stage quasi-saint ancestor, and was only one step away from the late stage of the quasi-saint ancestor... At this time, Zhao Gongming and Sanxiao were completely dumbfounded, with disbelief on their faces...

If not Seeing it with their own eyes, they couldn't believe that Qin Feng could raise Xian Ling from the limit of Heavenly Saint to the limit of mid-stage Saint Ancestor in just a few minutes.....

This method is simply amazing!

But before they could breathe a sigh of relief, there was another clear sound from heaven and earth.  
.....

Buzz~!

A huge projection of the White Tiger Spirit appeared behind Xian Ling. The divine power enveloped the whole place, and endless spiritual pressure penetrated all directions...

After a moment, the projection of the White Tiger Spirit fell down, attached to Xian Ling's body, and automatically turned into a white piece. The armor has its own endless charm of Xiao Sha Dao...

In addition, the two canine teeth of the White Tiger Spirit turned into two long swords, hovering above Xian Ling's head, bursting out with sword intent and killing aura.....

The armor and the two swords both carry the charm of sacred weapons and are full of spirituality.

That is the standard equipment of the White Tiger Emperor: the White Tiger Divine Armor and the Tiger Soul Swords, both of which are gold-based sacred weapons.....

At this time, Zhao Gongming and Sanxiao were completely dumbfounded.....

At this moment, the system prompts also sounded in Qin Feng's mind.....

"Ding~! Congratulations to the host, your subordinate Xian Ling has broken through to the limit of the mid-stage quasi-saint ancestor.....The host receives a large amount of combat power feedback, and your combat power is increased to 480 million poles....."

The next second, Qin Feng's momentum began to explode crazily...

Chapter 1256

"Ding~! Congratulations to the host, your subordinate Xian Ling has broken through to the limit of the mid-stage quasi-saint ancestor.....The host receives a large amount of combat power feedback, and your combat power is increased to 480 million poles....."

The next second, Qin Feng's momentum began to explode crazily.....

Boom~Long~Long!

The monstrous momentum spread out instantly, covering the sky and the earth, crushing the whole place, directly oppressing Zhao Gongming and Sanxiao to the point of breathlessness...

Then, their faces showed a look of extreme horror.

They feel it!

Qin Feng's combat power suddenly reached 480 million poles, which was infinitely close to the combat power threshold of the Half-Step Saint Ancestor...

Oh my God!

Is this the true strength of Master Qin Feng?!

This... this is too scary!

This far surpassed all the giants.

Zhao Gongming and Sanxiao were completely stunned.....

Not long after, Qin Feng opened his eyes, his face full of joy.

Star Master Ziwei quickly stepped forward to congratulate:"Congratulations to your majesty, your strength has increased again!"

Qin Feng smiled and said nothing, feeling extremely satisfied.

He accepted Xian Ling as his subordinate and made him the White Tiger Emperor, which increased his combat power from 460 million poles to 480 million poles, a full increase of 20 million poles. He gained a lot.....

At the same time, he gained another capable subordinate who was in the mid-stage of the Quasi-Saint Ancestor.

At this point, the number of quasi-saint ancestors of the Divine Alliance has reached six, namely Hongjun, Xianling, Pangu, Ziwei, Qinglin, and Fuzhi.

But Qin Feng put away all his momentum as soon as he opened his eyes, and the pressure in the field disappeared...

Zhao Gongming and San Xiao suddenly felt the pressure in their bodies relax, and then they came to their senses...

The four looked at each other, and they all looked at each other. There was a look of extreme astonishment in his eyes.

Obviously, the shock Qin Feng gave them will be difficult to eliminate for a long time.....

At this moment, Xian Ling also opened his eyes, with a look of ecstasy on his face.....

She couldn't believe what she was seeing.

She actually broke through to the limit of the Quasi-Saint Ancestor in the middle stage in one fell swoop, and was just a hair away from the Quasi-Saint Ancestor in the late stage...

Not only that, she seemed to have obtained three holy weapons.....

Thinking of this, Xian Ling touched the white tiger armor on her body, and then looked at the two tiger soul swords hovering in front of her.

"This armor and double swords are truly sacred weapons!"

Xian Ling was amazed.

Everything was so real, it didn't seem like a dream at all!

"Gongming, Yunxiao, Bixiao, Qiongxiao, am I in the mid-stage of Quasi-Saint Ancestor now?"

Xian Ling still couldn't believe it.

Zhao Gongming and San Xiao swallowed their saliva before nodding slightly.

If they hadn't seen it with their own eyes, they wouldn't believe it.

Seeing Zhao Gongming and San Xiao nodding, Xian Ling was convinced of everything in front of him. It's all true, not Huang Ke's dream.

Immediately, she said with a happy face: "Great! Both of my big wishes have come true!"

Hearing this, Zhao Gongming and San Xiao couldn't help but look strange.

They knew that Xian Ling's two major wishes were to break through to the early stage of Quasi-Saint Ancestor, and to possess a gold-type sacred weapon.

Now it's better, Xian Ling's cultivation not only broke through to the quasi-saint ancestor, but also reached the limit of the mid-stage quasi-saint ancestor. She also obtained not just one, but three gold-type sacred weapons.

In other words, Xian Ling's wish not only came true, it far exceeded expectations...

Speaking of which, Qin Feng helped her do all this. Thinking of this, Zhao Gongming and San Xiao's eyes changed when they looked at Qin Feng, and they became extremely awe-inspiring.....

"Thank you, Your Majesty, for giving this little girl such a great opportunity!"

Xian Ling walked up to Qin Feng and saluted with great gratitude.

Qin Feng smiled slightly: "You're welcome! Since you treat me sincerely, I will naturally not treat you badly. By the way, you can take these magic pills too!"

Qin Feng waved his hand, and nearly a hundred magic pills flew over.

Xian Ling took it and took a look, and was a little dumbfounded.

They were actually forty-nine nine-turn golden body pills and forty-nine nine-turn soul pills. They are all the high-level divine elixirs that the quasi-saint ancestors long for.....

"Your Majesty, these....."

"Take it! Refining them will allow you to gain some strength even if it does not allow you to break through to the late stage of Quasi-Saint Ancestor...."

"Thank you, Your Majesty!", Xian Ling looked excited.

At this time, she had deeply realized that she would make a lot of money by joining the Divine Alliance!

Zhao Gongming and San Xiao looked envious.

Not to mention the great opportunity of the White Tiger Emperor , these Golden Body Pills and Yuanshen Pills alone make them extremely envious.....

Thinking of this, Zhao Gongming walked quickly to Qin Feng and said with a smile on his face:"Master Qin Feng, are you still accepting people from your divine alliance?"

Qin Feng was slightly startled.

Zhao Gongming said with a flattering look on his face:"Master Qin Feng, I also want to join the Divine Alliance."

"Lord Qin Feng, Yun Xiao also wants to join the Divine Alliance!"

"Bixiao too!"

"And me!"

Sanxiao followed suit.

Xianling was a little surprised when she saw this scene.

She quickly sent a message to ask Zhao Gongming why he did this.

Zhao Gongming quickly sent a message and replied: "Lord, when you broke through before, Gongming clearly sensed that Master Qin Feng's combat power and momentum had reached 480 million poles, and he was just one step away from the threshold of the Half-Step Saint Ancestor."

"In other words, Lord Qin Feng is close to the strength of the Half-Step Saint Ancestor. In this case, why is Master Qin Feng afraid of the alliance of giants? Then if we rely on the Divine Alliance, we won't be afraid of Old Man Yuexia causing trouble."

Hearing this, Xian Ling looked at Qin Feng in great surprise.

She had been integrating the spirit of the white tiger before, and she did not sense Qin Feng's combat power.

Now after listening to Zhao Gongming's words, she knew that Ziwei Star Master What she said before was the truth, not bragging at all...

It wasn't until this moment that she realized that Qin Feng's strength was so terrifying!

She made a completely right bet by taking refuge in Qin Feng!

This thought made her feel lucky and happy. Happy, and naturally understand why Zhao Gongming and San Xiao did what they did.

Since Qin Feng has such strength, let alone Zhao Gongming and San Xiao joining the Divine Alliance, even if the entire Daxian Heavenly Territory joins the Divine Alliance, it will not matter...

This Thinking about it, Xian Ling felt even more pleased.....

"Lord Qin Feng, are you willing to take Gong Ming in?"

"And our three sisters!"

Zhao Gongming and Sanxiao looked at Qin Feng expectantly.

Seeing this scene, Qin Feng and Ziwei Star Master looked at each other and smiled knowingly.

At that moment, Qin Feng nodded slightly: "I can accept you, But everyone must sign a contract, are you willing?"

Zhao Gongming hurriedly said: "Gongming is willing!"

"We do too!"

Sanxiao also expressed his position one after another.

"good! Then I will accept you!"

Zhao Gongming was overjoyed: "Sir, there are more than 20 disciples from our Daxian Tianyu who are taking the assessment." After they come out, I will also let them sign a contract with you. Lord Qin Feng, are you willing to take him in?!"

"no problem!", Qin Feng smiled and nodded.

Zhao Gongming was overjoyed: "Sir, this is the Heavenly Seal of Daxian Heavenly Territory. Please accept it as well. From now on, the entire Daxian Heavenly Domain will be at your disposal!"

After saying that, Zhao Gongming held up the Heaven Seal with both hands.

Qin Feng nodded slightly and put away the Heaven Seal.

For him, the more disciples, the more benefits, so naturally he will not give up.

As long as he refines this piece The Masterless Heavenly Seal is equivalent to controlling the entire Great Xian Heavenly Domain.

Speaking of the Nine Heavens and Ten Realms, he has obtained seven of these nineteen heavenly realms (regions).

They are: the Great Sun Heavenly Realm and the Great Freedom Heavenly Realm. , Dajun Heavenly Territory, Daxian Heavenly Territory, Sansheng Heavenly Territory, Dayu Heavenly Territory, and Longjing Heavenly Territory.

When he has time, he can refine the heavenly seals of these seven heavenly realms, and they will surely have endless wonderful uses.....

After collecting the Heavenly Seal, Qin Feng began to sign a contract with Zhao Gongming and Sanxiao.

It didn't take long for all four people's contracts to be signed.

Qin Feng rewarded the four of them with many divine pills, and also gave each of them a divine pill that broke the sky.

Zhao Gongming and Sanxiao were very happy, and they were even more grateful to Qin Feng.

Not to mention those magical pills, just one Heaven-Breaking Divine Pill gave them hope of breaking through to the middle stage of Heavenly Sage.

Qin Feng got four more Tiansheng subordinates, and he was quite satisfied.

What's even better is that the entire Daxian Heavenly Domain will also be his.

Both parties are very happy.

After handling these trivial matters, everyone knew that the alchemy assessment could not be delayed.

Afterwards, Xian Ling, Zhao Gongming, and San Xiao resigned to Qin Feng and entered the examination area to take part in the alchemy assessment.....

After Xian Ling and others left, Qin Feng summoned Hongjun to prepare the next assessment plan..

Chapter 1257

After Xian Ling and others left, Qin Feng summoned Hongjun to prepare the next assessment plan.  
.....

"Dad, congratulations on winning the White Tiger Emperor again, your strength has greatly increased!"

As soon as he came out of the fetal membrane of heaven and earth, Hongjun stepped forward to congratulate him with a face of joy.

He, Pangu and others were in the fetal membrane and could clearly see everything happening outside.

Qin Feng smiled slightly:"I am worried about my father. Although there is no suitable candidate for the White Tiger Emperor, the arrival of Xian Ling really gave me a surprise....."

Ziwei Star Master also smiled and said:"Although Xian Ling and the others have full confidence in His Majesty, they thought that His Majesty's strength was only close to the threshold of the half-step Saint Ancestor. They didn't know yet that His Majesty's combat power has increased tremendously, and his comprehensive strength He has already passed the threshold of half-step saint ancestor....."

Qin Feng smiled:"Let's not talk about those trivial matters, let's start our own plan! The top ten in this assessment is the current first goal. Hong'er, let's get started!"

"Um~! "

Hongjun responded and offered the Chaos Bead.

Buzz~!

The divine beads are ringing loudly, and the spiritual light is emitted.....

Qin Feng was about to enter the Chaos Pearl.

But at this moment, a system prompt sounded in his mind....

"Ding~! It is detected that the host has established the Sifang Emperor, the invisibility conditions are met, and the new mental method is successfully activated....."

"Ding~! Congratulations to the host for activating the Four Symbols and Twenty-eight Constellations mind method, which can perfect the four poles of heaven and earth and obtain the Four Spirits Heavenly Array....."

"Ding~! Congratulations to the host for activating the Three Walls Mind Technique... The three walls merge into one, which is the Heaven... When the Heaven is completed, the God Realm can be achieved....."

Boom~!

Qin Feng's sea of consciousness suddenly shook, and a large amount of information poured in...

It took him a long time to digest all the information, and he slowly opened his eyes, with golden light flowing from his eyes, full of joy.....

Just now, he obtained two more mental techniques.

The Four Symbols and Twenty-eight Constellations mind method is nothing more. It is just an auxiliary mind method, which can be practiced by the great emperors of the four directions.....

But Sanyuan's mind method is different. It is the secret method to create the land of heaven... This makes Qin Feng think of one thing. The ancient god Lord also created heaven, but the creation was incomplete and there were some flaws in the mind method.....

Perhaps, this is also one of the reasons why the ancient God Lord fell.

However, if you want the Great Flood God Realm to be completely perfect, you must create the Heavenly Palace...

The Heavenly Palace is constructed from the land of Three Walls.

The three Yuan lands are: Ziji Yuandi, Taiji Yuandi, and Tianji Yuandi.

The Land of Three Walls needs the prototype structure of heaven.

In other words, to build the Land of Three Walls, you need to cultivate three spiritual roots of heaven and earth, obtain three prototypes of heaven, and then transform the three prototypes of heaven into the Land of Three Walls.

Finally, when the three spiritual roots merge into one, that is, when the three walls merge into one, the heaven can be achieved.

The four elephants guard the four directions!

Sanyuan Town Sanji!

The ancient god lord used a similar mental method to create the ancient heaven, which allowed the Great Wilderness God Realm to take shape... The mental method Qin Feng has obtained now is based on the ancient god lord's mental method. The system has made great improvements and is safer. Also more powerful.....

And if Qin Feng wants to completely perfect the Great Flood God Realm, he must create the Three Walls and unite the heavens...

This is also the last step in his creation of the Great Flood God Realm.

Thinking of this, Qin Feng was very happy.....

"Dad, what's wrong?"

Hongjun's voice rang in Qin Feng's ears.

He felt a little strange when he saw Qin Feng froze on the spot without moving...

Qin Feng raised his head and smiled: "I just realized a secret technique, and I have quite a lot of experience."

As soon as he finished speaking, the heaven and earth fetal membrane behind him flashed with light, and the shadow clone came out.

Qin Feng waved his hand, and three seeds of the heaven and earth spiritual roots, as well as three white jade bottles, flew towards the shadow clone.....

Those three jade bottles contained more than 600,000 drops of Nine Heavens Jade Dew, which was enough for the three heaven and earth spiritual root seeds to mature.....

Without saying a word, the phantom clone took the seeds and the jade bottle and turned around to return to the fetal membrane...

He is an extension of Qin Feng's body. There is no need for any communication between the two parties. One heart and two minds...

The phantom clone is returning this time. Within the fetal membranes.

He wanted to transfer the three spiritual root seeds and the Nine Heavens Jade Dew to Liu Yan and let her cultivate the spiritual roots of heaven and earth.....

If you want to cultivate the Three Walls Land, you must have three mature spiritual roots of heaven and earth as the basis.....

Before that, Qin Feng had nine spiritual root seeds in his hand, and gave one to each of Ziwei Star Master and Fu Zhi. Now he has to use three more, leaving only four seeds.....

For Qin Feng, the more spiritual roots he has, the more his strength will improve.....

If he hadn't wanted to help his confidants to be promoted to quasi-saint ancestors, he would have used those spiritual root seeds himself.....

Of course, if his subordinates can be promoted to Quasi-Saint Ancestor, the feedback to his combat power will be huge.

What's more, his Great Flood God Realm is not perfect yet, and it cannot carry so many spiritual roots of heaven and earth.....

If too many were forcibly planted, it would cause the laws of the Great Flood God Realm to become disordered and the God Realm to collapse, just like the death of the God Lord back then...

It was precisely for these reasons that he kept the spiritual root seeds and had no use for himself.

Now that he had obtained the Sanyuan Heart Technique, he took out the three seeds and used them himself.

With the strength of his Great Flood God Realm, he can still bear it by planting three more spiritual roots of heaven and earth.....

"Let's go!"

After handling those trivial matters, Qin Feng dodged and got into the Chaos Bead in front of him.  
.....

Hongjun quickly waved his hand and put the spirit bead into his palm

"Mother, my child is going to take the assessment first!"

"Go for it!"

Hongjun said goodbye to Lord Ziwei and walked towards one of the light doors.....

Star Master Ziwei watched his back silently, feeling a little uneasy in her heart.....

Whether His Majesty's plan can succeed depends on this first experiment...

In just a moment, Hongjun arrived at the light door, stepped in, and saw the sky full of white light...

When the white light in the sky and the earth cleared, he discovered , he was already in a closed secret room.

In the center of the secret room, there is an alchemy furnace.

In front of the alchemy furnace is a white jade desk.....

Hongjun looked around and quickly took out the Chaos Bead...

Buzz~!

The divine beads vibrate and the aura shines brightly!

The next second, Qin Feng walked out of the Chaos Bead.....

Hongjun's eyes brightened:father! Sure enough it can!"

Qin Feng looked around and smiled:"This should be an alchemy room....."

"Dad, can you do the alchemy test for your child later?"

Qin Feng shook his head quickly:"This kind of cheating is too obvious, it will definitely not work. Although the Secret Will does not have very high spiritual intelligence, it can still tell who is refining the pill at a glance. Let's just stick to the way we agreed....."

Hongjun nodded slightly:"That's right!"

"Let's look at the rules first!" Qin Feng walked towards the desk.

Hongjun followed closely.

When they arrived at the desk, they saw a rune stone ball as black as ink and four rune jade tablets on the desk...

In addition to that , there are also a few lines of text engraved on the desk, introducing the rules of assessment.....

At that moment, the father and son read the rules carefully.

After reading it, the two people's faces showed a look of surprise.

"Dad, it turns out you only have two chances to choose! This needs to be chosen carefully!"

Hongjun looked at the four rune jade tablets with a sigh on his face. He saw that the four jade tablets read: Lower Realm, Middle Realm, Upper Realm, and Holy Realm.

Those represent the levels of the divine pills in the four realms.

"No matter so much! Let's first see how many additional points Secret Will will give you....."

"OK! father!"

As soon as he finished speaking, Hongjun broke his finger and coagulated blood, dripping it onto the black stone ball aside...

Buzz~!

The stone ball was activated, the red light emitted, and began to analyze Hongjun's blood...

After a moment, something appeared on the stone ball. A few lines of information:

If your age is not more than 1 million years old, you can get additional evaluation points: 10 points...

If you have the blood of the ancient god lord, you can get additional evaluation points: 10 points.....

Accumulated additional points: 20 points.

Notes are as follows:

If the age is not more than 1 million years old, you can get 10 extra points; if you are not more than 100 million years old, you can get 5 extra points; if you are not more than 100 trillion years old, you can get 0 extra points. Even if it exceeds 100 trillion, 10 evaluation points will be deducted...

Seeing this scene, Qin Feng and Hongjun both showed great joy.

It turns out that this alchemy assessment is based on the results of the alchemy and the evaluation points given by the secret will.

Then we will rank them based on the level of evaluation.....

Qin Feng did not expect that it turned out that the examiner's youth was an advantage, and the will of the secret land would give extra points.

Then this is a good thing for the Divine Alliance!

The children of the Shenmeng are all young, and most of them are under 100 million years old.....

In addition, having the bloodline of the Ancient God Lord also gives you extra points. This is also an advantage of the Divine Alliance!

In this way, Hongjun got 20 evaluation points before he even started the assessment.....

On the contrary, giants like Old Man Yuexia have all lived extremely long lives, and have long been over 100 trillion years old...

Before they were assessed, 10 evaluation points were deducted.....

At this thought, Qin Feng's face became even more joyful...

Chapter 1258

"Dad, this assessment system is very beneficial to our Divine Alliance! The child got 20 points before the assessment started."

Hongjun also looked happy.

With just these 20 evaluation points, he might be able to enter the top five thousand.....

Qin Feng said with a smile:"Don't say so much, you make the choice!"

"OK!"

Hongjun looked at the four tokens in front of him.

"Dad, with your child's alchemy ability, he can only refine a lower level divine elixir at most. Otherwise, let's choose the lower realm first, right?"

Hongjun asked Qin Feng for advice.

He only has two opportunities to choose and must choose carefully.....

Qin Feng shook his head slightly:"Refining the Realm Divine Pill, the highest rating is only 10 points, which is not cost-effective. Besides, you only have two choices. After choosing the Realm Divine Pill, there is only one last chance to choose...."

"Then...then we choose the middle realm divine elixir? The highest rating can be 50 points, just for kids....", Hongjun hesitated.

He has no confidence in his alchemy skills.

Unexpectedly, Qin Feng shook his head slightly:"Don't choose! Choose the one with the highest level first!"

"ah?!", Hongjun looked surprised.

"Dad, this... this is a high-level divine elixir. Even a quasi-saint ancestor would have a hard time refining it. Children don't have that ability!"

Qin Feng smiled slightly:"Don't worry, your father will help you, just make your choice....."

Qin Feng's alchemy level has greatly improved since he obtained the alchemy experience from the ancient god master, and he also wanted to give his skills a try.

It's one thing to get the inheritance, and it's another to operate by yourself. There are still some differences between the two...

Qin Feng also wants to take this opportunity to exercise his practical ability.....

"Dad, that kid chose the Realm Divine Pill!"

Hongjun swallowed and picked up the jade talisman engraved with 'Shangjing Realm'.....

Although he has no self-confidence, he obeys his father's words.

When the jade talisman was obtained, Hongjun pinched it!

Click~!

The jade talisman instantly shattered and turned into auras all over the sky...

After the light dissipated, there were three more piles of medicinal materials in the field, as well as a dense row of text messages, composed of auras, suspended in the air...

Hongjun quickly raised his head and read carefully. Looking at those words, I memorized them carefully...

The content of those words recorded the formula of the Divine Pill of the Upper Realm - the Heaven-Breaking Divine Pill...

It didn't take long before the words in the air gradually faded and then dissipated automatically.....

"Hong'er, have you memorized all the recipes?"

"remember! But...but...I don't know how to practice!"

Hongjun looked worried.

"Really! There are so many kinds of divine elixirs for the upper realm. Why didn't Secret Earth Will choose the Nine-turn Golden Body Pill and the Nine-turn Yuan Shen Pill, but chose the most difficult Heaven-Breaking Divine Pill? This is really troublesome!"

Hongjun muttered with a complaining look on his face.

"Hong'er, don't worry too much, let's get started!"

"Dad, it's not that I don't believe in your alchemy skills, it's just that you haven't refined the Heaven-Breaking Divine Pill before, and you haven't even refined the higher-level Divine Pill. Now, you are suddenly asked to refine such a difficult Heaven-Breaking Divine Pill, which is a huge challenge to you....."

Qin Feng said with a smile: "Without challenge and difficulty, how can there be progress? Let's start!"

"OK, Dad!"

At that moment, Hongjun selected one pile from the three piles of medicinal materials around him, and then went to sit cross-legged next to the alchemy furnace.....

Those three piles of medicinal materials that appeared out of thin air are the materials for refining the Heaven-Breaking Divine Pill.

A pile of materials can only be refined once.

In other words, there are three chances to refine the Heaven-Breaking Divine Pill.

No points are scored for failure.

As long as you succeed once, you will get points.

If you succeed twice or three times, the one with the highest score will be the score for this assessment.....

"Are you ready?"

Qin Feng sat cross-legged opposite Hongjun.....

"Okay, Dad!"

"Let go of the guardianship of your heart!"

"Um!"

Hongjun opened his eyes and relaxed his mind.

Qin Feng mobilized his soul and looked at each other intently. The light in his eyes became brighter and brighter, gradually turning into a dazzling silver, blooming with real light, filling his eyes. No one can see his eyes.....

Immediately afterwards, two rays of silver light shot out from his eyes, shooting directly into Hongjun's pupils...

Hongjun was shocked all over, and there was a roar in his mind...

The next second, Qin Feng's consciousness invaded his soul , to control his soul...

This method of controlling other people's souls is extremely weird. Unless the master voluntarily lets go of the guardianship of his mind, others cannot invade...

Even if the master agrees, if the tacit understanding between the two parties is not enough, or The trust level is not enough, and the operation is quite dangerous, which can easily cause damage to the soul.

Hongjun trusts Qin Feng extremely, and the father and son are of the same mind. Both the trust and tacit understanding are sufficient.....

Hongjun's originally clear eyes gradually became confused after the invasion of Qin Feng's spiritual consciousness...

After a moment, those confused colors gradually faded and became clear again.

The next second, Hongjun looked at himself, moved his hands and feet, and a look of satisfaction appeared on his face.

In fact, the person controlling Hongjun's body at this moment is not him, but Qin Feng.....

Hongjun's consciousness is not asleep, he is more like a bystander, watching Qin Feng control everything.....

Next, Qin Feng controlled Hongjun's body, ignited the fire of the alchemy furnace, and began to refine the Heaven-breaking Pill.....

I saw Hongjun, under his control, skillfully sorting the medicinal materials, putting them into the elixir furnace, and familiarly pinching the elixir formula to control the heat.....

Qin Feng's alchemy skills are already extremely high.

Even without the alchemy inheritance from the ancient god lord, his alchemy level is comparable to that of the quasi-sage ancestor.....

Now that he has the experience of the ancient God Lord, he is even more powerful. Even if it is the first time to refine the Heaven-Breaking Divine Pill, he can operate it smoothly without any glitches.....

In this way, the more Qin Feng operated, the more confident he became...

Hongjun's mind was watching silently from the side, and was also learning silently.....

This kind of learning method is more empathetic and efficient than teaching step by step, which has benefited Hongjun a lot.....

When Qin Feng was controlling the alchemy, he was also adding practical experience to himself, which was of great benefit to him...

In this way, Qin Feng was controlling the alchemy, and Hongjun was studying silently.....

At the same time, in another alchemy room.

Xian Ling looked at the black stone ball in front of him, his face filled with joy.

I saw a few lines of information displayed on the black stone ball:

The age is not more than 100 trillion years old, and the additional evaluation points are: 0 points...

Having the blood of the ancient god Lord, the additional evaluation points are: 10 points.....

Cumulative additional points: 10 points

"As expected, I also have the blood of the Ancient God Lord! Your Majesty is telling the truth....."

Xian Ling looked happy.

Then, she looked at the four jade talismans in front of her.

After hesitating for a while, she picked up the jade talisman of the middle-level divine elixir...

She was not confident about refining the upper-level divine elixir, so she chose the more confident mid-level divine elixir first.....

Click~!

The next second, she crushed the jade talisman.....

At the same time, there was another alchemy secret room.

The ancient Ancestor Ran Deng sat cross-legged next to the alchemy furnace, pinching the elixir formula with his left hand, and kept pouring it into the alchemy furnace, blending, decomposing, and refining the medicinal materials... At the same time, he pinched the elixir with his right hand. The fire trick is to constantly adjust the fire, sometimes urgently, sometimes slowly, sometimes simmering slowly, sometimes fiercely roasting.....

With this dual purpose, it is extremely difficult to operate.

At this moment, there were some fine beads of sweat on his forehead, and his hands were flying with seals, and he was very busy.....

The ancient ancestor of Ran Deng also refined the divine elixir of the upper realm, which is the divine elixir of breaking the sky.

It's just that his alchemy level is atHe is average among the giants, but the Heaven-Breaking Divine Pill is extremely difficult to refine among the upper-level divine pills...

At this beginning, he was in a hurry, and even beads of sweat oozed out.....

Pfft~!

Suddenly, there was a muffled sound in the alchemy furnace!

Immediately afterwards, a smell of burnt medicinal herbs drifted out from the alchemy furnace.....

Ancestor Ran Deng's face instantly turned ugly.

He actually failed to refine it!

All the medicinal materials were destroyed!

At this moment, the black stone ball on the desk automatically activated, blooming with a dazzling spiritual light... The ancient

Ancestor Ran Deng was alarmed and couldn't help but turn his head to look.

At this time, new information appeared on the black stone ball.....

This alchemy failure will not count!

The assessor's current evaluation score: -10 points.....

Seeing this scene, Ancestor Randen's face became even more gloomy.

So far, he has scored -10 points, not even 0 points, which is miserable.....

However, this assessment system is not friendly to older people!

If his age exceeds 100 trillion years, -10 points will be deducted directly.

Now the alchemy failed again, and he didn't get a single point...

Thinking of this, Ran Deng Ancestor looked aside again, and there were two piles of medicinal materials.

He still has two chances to try to refine the Heaven-breaking Pill.....

At that moment, he waved his hand and drew a bunch of medicinal materials to his side, preparing to start the second refining.....

Meanwhile, in another room.

Old Man Yuexia looked at the alchemy furnace in front of him with a bitter look on his face.

The inside of the alchemy furnace was scorched black, and all the medicinal materials were burnt.

This is the second time he failed!

However, what he was refining was the highest-level divine elixir of the holy realm...

He claimed that his alchemy skills were superb and he should be considered outstanding among the giants, so he chose to refine the elixir of the holy realm.....

Unexpectedly, he failed twice in a row.

The difficulty of refining the Holy Realm Divine Pill is indeed beyond his control...

Now, he only has one last chance left.

The old man under the moon looked at the last pile of materials and flinched...

He was not confident that he could successfully refine it for the third time.....

"That's it! Let's be more conservative and choose a low-level magic elixir to correct the points!"

Old man Yuexia sighed, got up and walked to the desk.

Like the ancient Ancestor Ran Deng, his current evaluation score is -10 points.

When he walked to the desk, he picked up the piece of upper realm with confidence. The jade talisman of the divine elixir was crushed into pieces...

The moment he crushed the jade talisman, the other two jade talismans on the table disappeared out of thin air...

There were only two choices in this assessment.

Old Man Yuexia The first time I chose the Holy Realm Divine Pill, the second time I chose the Upper Realm Divine Pill, which happened to be used twice.....

There is no chance to choose between the divine elixirs of the middle realm and the lower realm.  
.....

If Old Man Yuexia uses up all the medicinal materials and fails to refine either the upper realm divine elixir or the holy realm divine elixir, he will only get -10 points and there will be no other chance.....

Click~!

As the jade talisman shattered, the aura filled the sky.

Three piles of materials appeared out of thin air!

Dense text messages appeared in the air.....

"Huh! It's...it's the Heaven-Breaking Divine Pill!"

As soon as Old Man Yuexia read those text messages, his face turned pale, thinking that he was careless.....

This Heaven-Breaking Divine Pill is extremely difficult to refine among the upper-level divine pills...

He can't even guarantee that he can succeed once after refining it three times...

If he fails at all, his points can only be -10 points. , not even as good as 0 points...

This thought made Old Man Yuexia's expression even more ugly..

Chapter 1259

Thinking of this, Old Man Yuexia's face became even more ugly....

"Hey~! That's it!"

Old man Yuexia sighed helplessly, selected a bunch of materials, and prepared to refine the Heaven-Breaking Divine Pill...

Now that he has made his choice, no matter what, he will continue to bite the bullet.....

Just like that, in the assessment area.

All the assessors are working intensively on alchemy...

In the alchemy room, from time to time, there are sounds of annoyance about failed alchemy, as well as the burnt smell of discarded medicinal materials.....

This alchemy test is obviously more difficult than everyone imagined.....

Regardless of whether it is the divine elixir of the upper realm, middle realm, or lower realm, the most difficult to refine the divine elixirs are selected for assessment.

For example, for the divine elixir of the upper realm, the one chosen is the divine elixir of breaking the sky.

For the middle realm divine elixir, I choose the Poji elixir.

The Ultimate-Breaking Pill is similar to the Heaven-Breaking Divine Pill. It is a divine pill that allows the Extreme Saint Realm to break through the small realm. It is also one of the medium-realm divine pills that is extremely difficult to refine.....

For the lower realm divine elixir, I chose the Heng-breaking elixir.

Like the Poji Pill and the Heaven-Breaking Divine Pill, the Eternal Breaking Pill can allow the Eternal Second Realm to break through the small realm, but it is also extremely difficult to refine.  
.....

This has caused many people to frequently fail to refine.....

Some assessors who were very old and had poor alchemy skills could not stop wailing in their hearts... let alone scoring, it would be nice if they could get negative scores.....

As for the Holy Realm Divine Pill, Secret Earth Will chose the Nine-turn Spirit Tempering Pill, which is an easy-to-refine divine pill in the Holy Realm...

After all, the difficulty of refining the Holy Realm Divine Pill is greater than that of any upper-level divine pill, and has actually surpassed it. The level that a quasi-saint ancestor can reach.....

If we choose a holy realm elixir that is more difficult to refine, I'm afraid no one will be able to refine it successfully...

Secret Earth Will chooses the easier nine-turn spirit tempering elixir, which also gives the quasi-saint ancestors a chance.....

But on the other side, in the alchemy room where Hongjun was.

Under Qin Feng's control, the alchemy was carried out in an orderly and smooth manner.

At this moment, all the medicinal materials have been put into the furnace, and the alchemy has entered the complicated steps of refining and melting the medicine.....

Under Qin Feng's control, Hongjun pinched the Dan Jue with his left hand and the Fire Jue with his right hand. The seals with both hands flew like flowing clouds and flowing water, extremely smoothly.....

Hongjun's spiritual thoughts were watched with amazement and admiration...

You must know that this is the first time Qin Feng has refined the Heaven-Breaking Divine Pill, and he still used Hongjun's physical body to operate it. It would have been so smooth...

If he let Qin Feng makes alchemy by himself, he will be more proficient and smoother...

It can be seen that Qin Feng's own alchemy talent is extremely high.

What's more, he gained the knowledge of alchemy from the ancient God Lord.

The ancient God Lord is a powerful person in the seventh realm, a realm higher than the Saint Ancestor. How can we take his alchemy skills lightly!

In short, Qin Feng's current level of alchemy far exceeds that of the top giants...

The only thing he lacks is the practical skills of alchemy... At this moment, he controls Hongjun's physical body to make alchemy, which is to increase his practical experience...

In this way, Qin Feng smoothly controls the entire alchemy process.....

Time flies!

In the blink of an eye, three days have passed.....

In this alchemy assessment area, time passes ten times as much as in the outside world.

In the past three days here, only three or four hours have passed in the outside world.....

On this day, Qin Feng's alchemy had reached the final step of making the elixir.

I saw him controlling Hongjun's body with all his strength, and the seals of his hands were constantly flying. In the blink of an eye, he produced eighteen thousand pills, and they were all poured into the alchemy furnace.....

Hongjun was dazzled and could hardly keep up with Qin Feng's hand speed.....

At this critical moment, Qin Feng shouted:"Ning!"

Woo~! Woo~! Woo~!

His hands flew around for a while, and he shot thousands of seals in one go.....

For a moment, the alchemy furnace instantly produced a strong suction force, sucking all the surrounding spiritual energy into the alchemy furnace and sucking it away.....

Boom~!

But the next second, a torrential amount of spiritual energy erupted from the alchemy furnace, like a tsunami, rushing out in all directions, and at the same time, it also carried a strange alchemy fragrance...

It's done!

Qin Feng was overjoyed.

With just a thought in his mind, Hongjun pressed a seal with both hands to open the furnace...

Boom~Long~Long!

The furnace lid slowly opened!

A stream of elixir fragrance soared into the sky, instantly filling the entire room, refreshing the heart...

Then, a round divine elixir flew out of the elixir furnace, spinning above the elixir furnace as if it was spiritual.....

Qin Feng's eyes suddenly lit up....

"Dad, we succeeded in refining it!"

Hongjun was also ecstatic and used his spiritual thoughts to communicate with Qin Feng...

At this moment, the black stone ball on the desk automatically activated, blooming with a dazzling aura...

Qin Feng was alarmed and couldn't help but turn his head to look. Go.

I saw new information appearing on the black stone ball.....

This alchemy was successful, the evaluation score is: 73 points.

The assessor has additional points: 20 points.

The assessor's current evaluation score is: 93 points.....

At the same time, information about Hongjun's customs clearance token also came.

Qin Feng controlled his body and took it out to see that the information was consistent with the information on the stone ball.....

Seeing this scene, Qin Feng breathed a sigh of relief.

Hongjun was also overjoyed.

This means that the results of this alchemy are judged by the secret will to belong to Hongjun...

They succeeded in cheating!

"Dad, we got 93 points! Ha ha!!"

Hongjun was very satisfied with this score.

Qin Feng smiled slightly:"93 points is not bad, but entering the top ten is not enough. Let's continue....."

As soon as he finished speaking, Qin Feng put away the Heaven-breaking Pill.

The magical elixirs refined in this assessment belong to the examiner and can be taken out...

As for the medicinal materials used in the assessment, they can only be used to make elixirs and cannot be taken out.....

After putting away the divine elixir, Qin Feng continued to refine and control Hongjun's physical body, and began to refine the second furnace of the Kaitian divine elixir...

He saw his hands flying with seals, and he put the medicinal materials into the elixir furnace one by one.....

Having had the experience of refining the Heaven-Breaking Divine Pill, Qin Feng became more proficient and smoother in operating it...

After a while, he was completely immersed in the wonderful feeling among the pills.....

Compared with the last time, he is becoming more and more skilled in manipulation, and his practical experience in alchemy is constantly increasing.....

Time flies!

In the blink of an eye, two and a half days later, Qin Feng successfully refined the second furnace and obtained another Heaven-breaking Pill.

This time it took half a day less than last time, and the quality of the Heaven-Breaking Divine Pill was also better.....

The evaluation score given by Secret Will is 92 points, plus 20 additional points, it is 112 points.....

Hongjun's evaluation points are changed to: 112 points.....

The evaluation points for this alchemy are not cumulative, but the highest evaluation points are taken, and additional points are added to get the final points.....

Seeing that the new points were 112 points, Hongjun was very satisfied.

Qin Feng was still dissatisfied, and began to control his body again to refine the third furnace...

In the blink of an eye, only two days had passed, and the third furnace was successful again...

At this moment, Hongjun looked at the black stone ball with a look of surprise. The information displayed...

This alchemy was successful, the evaluation score is: 100 points.

The assessor has additional points: 20 points.

The assessor's current evaluation score is: 120 points.....

"Dad, we got perfect marks this time! 100 points!"

Hongjun was very excited.

In just three practical operations, Qin Feng achieved a perfect evaluation of the refining of the Heaven-Breaking Divine Pill, which shocked Hongjun extremely...

It can be seen that the experience of father's alchemy was transformed into practice, and it was very transformed. Success, the alchemy level skyrocketed.

At this time, Qin Feng looked at the points displayed on the black stone ball and showed a satisfied smile.

The alchemy evaluation was 100 points, which was the limit of the upper realm divine elixir.

According to the rules, the lower realm divine elixir was refined. If the preparation is successful, the score range is from 1 to 10 points.

The mid-level elixir is from 11 to 50 points.

The upper-level elixir is from 51 to 100 points.

The holy elixir is from 101 to 200 points.

"Dad, if you want to see it, if I get these 120 points, I should have a good chance of entering the top ten. If others want to surpass the child, they must refine a holy elixir, otherwise there is no hope."

"It is extremely difficult to refine the holy elixir. I am afraid that not many of these examiners can do it....."

Hongjun analyzed with excitement.

Qin Feng smiled and shook his head: "Don't be careless! You said that few can do it, which means there are still a few giants who can do it. Especially the giants of the three sects outside the territory, their background is much stronger than the giants of the Nine Heavens and Ten Domains Got it"

"Maybe, several of them can refine the divine elixir of the holy realm, so we must not be careless. What's more, our goal is to occupy all the top ten places, so it is not enough to refine the divine elixir of the upper realm. We must refine the divine elixir of the holy realm....."

Hongjun's eyes lit up: "Dad, I understand! I'm going to choose the jade talisman of the holy realm!"

As soon as he finished speaking, Qin Feng's consciousness exited.

Hongjun regained control of his body and walked towards the desk...

Qin Feng looked at his back and smiled happily.

Refining the Heaven-Breaking Divine Pill was just a warm-up, to hone the cooperation between him and Hongjun.

What he really wants to refine is the Nine-turn Spirit Tempering Pill, so that he can get higher points and better guarantee his ranking in the top ten...

Besides, the Nine-turn Spirit Tempering Pill is also what he needs.....

Soon, Hongjun completed his choice.

The jade talisman is crushed and the material comes.

The father and son entered into cooperation again and began to refine the Nine Heavens Tempering Spirit Pill...

At the same time, in a certain alchemy room.

Saint Taiqing looked at the black stone ball in front of him with a proud expression.

I saw a few lines of dazzling information displayed on the black stone ball.....

This alchemy was successful, the evaluation score is: 100 points.

Although the age of the examiner is over 100 trillion, the evaluation score is deducted: 10 points.

The current evaluation score of the examiner is: 90 points.....

Although 10 points were deducted, Taiqing Shengzun still had 90 points.

For this evaluation, Taiqing Shengzun was extremely satisfied.

He was already good at refining pills, and he performed well this time. He actually received full marks in the process of refining the Heaven-Breaking Divine Pill.....

"The Divine Pill of the Upper Realm is already full, and there is no point in refining it any further. It seems that I have to refine the Holy Realm Divine Pill to raise my points to another level..."

Saint Taiqing muttered, and walked to the desk with a confident look on his face.

He also had to choose to refine the Holy Realm Divine Pill..

Chapter 1260

Taiqing Shengzun muttered something and walked towards the desk with confidence.

He also had to choose to refine the divine elixir of the holy realm...

After a while, he arrived at the desk, picked up the jade talisman of the holy realm and crushed it.....

Click~!

A crisp sound!

Auras of light erupted all over the sky, and three piles of materials appeared out of thin air...

Then densely packed words appeared in the air.

Saint Taiqing looked up and read the written information carefully.

After a moment, his eyes showed a hint of joy

"fine! fine! The holy elixir chosen for this holy realm is the nine-turn spirit tempering elixir, which is a very easy one to refine. It seems that the will of the secret land has not killed them all, and has given me another chance! Ha ha!!"

Muttering to himself, Saint Taiqing couldn't help laughing.

He was really not sure that he could refine other holy realm pills.

He was still somewhat sure about the Nine-turn Spirit Tempering Pill, but he was not sure. Xiao...

He is convinced that as long as he successfully refines the Nine-turn Spirit Tempering Pill once, there will be no problem in entering the top ten, and there is even hope of entering the top three...

What's even better is that for the Nine-turn Spirit Tempering Pill, he always thought that it would be the best. Very eager.

However, he has the ability to refine the Nine-turn Spirit Tempering Pill, but does not have the materials to refine the Nine-turn Spirit Tempering Pill.

In this assessment, the secret will gave them the materials and let them refine it.

As long as they refine it If the preparation is successful, the elixir belongs to them.

The only pity is that the materials given by the secret place can only be used to make elixirs and cannot be taken away.....

No matter what, in this alchemy assessment, Taiqing Shengzun is 100% sure to be in the top ten.

As for entering the top three, he is 70% sure.

Speaking of alchemy, two of the three sects outside the territory are extremely powerful, and that person is Mohu and Luo Jia from the devil's abyss outside the territory.

Regarding this point, Taiqing Shengzun had to admire him.

"The Lord of the Demonic Abyss is extremely good at refining pills. As the two most proud disciples of the Demon Lord, Mohu and Luo Jia must have a level of alchemy that surpasses my own. The top three this time must include these two people"

"As for the third place this time, the competition is between me and Amitabha. I wonder how Amitabha is doing now? By the way, there is another Qin Feng...."

When he thought of Qin Feng, Saint Taiqing raised the corners of his mouth slightly and shook his head repeatedly.

In his opinion, Qin Feng is too young, but his strength is extremely amazing.

It can be seen that Qin Feng spent all his time practicing and had no time to distract himself from alchemy.

After all, human energy is limited.

He didn't believe that Qin Feng had the ability to improve his strength so much and still had free time to study alchemy.

If this is true, then he is even more evil than the vilest among evildoers, and it is simply unimaginable.

Based on this analysis, Taiqing Shengzun felt that Qin Feng's alchemy skills must be very poor. Let alone the top ten, it was hard to say whether he could enter the top 100, let alone the top three, which he was not sure about.....

In short, in his opinion, even if Qin Feng has the additional points of the ancient god lord's bloodline, it will be difficult to cross the gap of low level of alchemy, and he will definitely not get any good results.....

Perhaps, he can easily crush Qin Feng.

Thinking of this, Saint Taiqing smiled coldly.

The next second, he waved and drew a pile of materials to his side, then turned around and walked towards the alchemy furnace.....

He is about to start refining the holy elixir for the first time.....

Time flies!

In the blink of an eye, another five days have passed in the alchemy assessment area...

According to the flow rate of ten times the time, the outside world is only six hours.....

In the past five days, wailing sounds have been heard from time to time in the assessment area...

The pill assessment is quite difficult.

Contestants frequently failed to refine alchemy, and some even failed to refine it four times in one go, and had to howl in grief and anger...

What's more, the alchemy furnace even exploded on the spot.....

Without the secret will to replenish new alchemy furnaces in time, the assessment would not be able to continue...

Of course, there are also a very small number of people who have achieved self-breakthroughs during this alchemy process.....

At this moment, in one of the alchemy rooms.

Qin Feng looked at the magic pill in front of him with joy.

I saw that the divine elixir was purple in color, blooming with colorful divine light, and the glow was self-contained. It was the divine elixir of the holy realm - the Nine-turn Spirit Tempering Pill.  
.....

After five days and five nights of painstaking elixir refining, Qin Feng used Hongjun's body to finally refine the first Nine-turn Spirit Tempering Pill.....

You know, this was his first time refining a holy elixir, and he succeeded the first time.

Of course, the whole process was not as smooth as refining the Heaven-Breaking Divine Pill and was full of many setbacks, but overall it was good. The pill was finally made, but the quality of the pill was a bit poor.....

"Dad, you are so amazing! The first time I refined the holy elixir, it was a success!"

At this moment, Hongjun looked at the black stone ball in front of him with excitement.

New information appeared on the black stone ball.....

This elixir refining was successful. The evaluation score is: 117 points.

The assessor has additional points: 20 points.

The assessor's current evaluation score is: 137 points.....

"Dad, my kid's score is 137 now. It should be no problem to enter the top ten, right? Qin

Feng smiled slightly: "According to this score, you do have a high chance of entering the top ten." But what you want as a father is to occupy all the top ten positions, so your results must crush everyone."

"Otherwise, as long as one of the giants can squeeze into the top ten, we will lose one spot....."

Hongjun clicked his tongue: "Dad, is this too difficult?"

"Without difficulty and challenge, how can we make progress? Let's continue!"

As soon as he finished speaking, Qin Feng put away the Nine-turn Spirit Tempering Pill.

Then, the father and son collaborated again and began to refine the Nine-turn Spirit Tempering Pill for the second time...

With the first experience, Qin As soon as Feng got started, he became much more proficient than last time, and the Double Seal Technique continued to fly.....

At the same time, in another secret room.

Luo Jia looked at the Nine-turn Spirit Tempering Pill in front of him with joy. The whole room was filled with the refreshing fragrance of the pill.....

Just now, he successfully refined the Nine-turn Spirit Tempering Pill.

This is the second time he has successfully refined it.

Thinking of this, Luo Jia looked at the black stone ball in the distance, which displayed some information.

This alchemy was successful, the evaluation score is: 151 points.

The age of the examiner is over 100 trillion years old, the evaluation score is deducted: 10 points.

The current evaluation score of the examiner is: 141 points.....

"This time the evaluation is 151 points, 2 points more than the first time, not bad!"

Luo Jia's mouth curled up slightly, showing a satisfied smile.

The first time he refined it successfully, the evaluation given by the Secret Will was 149 points.

The second time the refining was successful, the evaluation was 151 points.

The best of the two The good score was 151 points, and after deducting 10 points for being overage, his final score was 141 points.

This score was higher than Hongjun's 137 points.....

Luo Jia is already very satisfied with this result.

However, Luo Jia seemed to have thought of something, looked at a certain place in the distance, and whispered to himself.....

"Mohu's alchemy level has always been higher than mine. I wonder what his score is this time? It is estimated to be more than 150 points! The first place in the alchemy assessment this time is probably none other than him....."

When he thought of Mohu's alchemy skills, Luo Jia sighed with admiration in his tone.

According to his thoughts, Mohu should be first this time, and he should be able to take second place.

As for the third one, it's either Taiqing Saint or Amitabha...

His thoughts are exactly the same as Taiqing Saint.

As for Qin Feng, he didn't think Qin Feng could enter the top ten at all.....

As for Hongjun, Pangu, Ziwei and other senior leaders of the League of Gods, he didn't take it seriously.....

Luo Jia couldn't put it down and looked at the magic elixir in front of him for a while, then carefully put it away.

Then he lit the furnace and made the elixir for the third time.....

He wanted to try again to see if he could perform beyond his normal performance and improve his results...

Time flew by!

In the blink of an eye, another seven days passed... in the alchemy room where Hongjun was.

At this moment, Qin Feng controlled Hongjun's body and was refining the Nine-turn Spirit Tempering Pill.....

This is the third time they have refined the Nine-turn Spirit Tempering Pill, and now it has reached the final critical moment...

Hongjun's mind looked on with competition and excitement...

In these short seven days, He witnessed with his own eyes the rapid improvement of Qin Feng's practical ability in alchemy...

For example, Qin Feng refined the Nine-turn Spirit Tempering Pill for the first time. It took him five days and five nights to succeed, and he received an evaluation of 117 points...

The second time, Qin Feng successfully refined it in just four days and four nights, and received an evaluation of 121 points.....

As a result, Hongjun's total score was 141 points, which was exactly the same as Luo Jia's score...

But this third time, Qin Feng only took three days and three nights to reach the end of the alchemy.

No matter the proficiency or the control of the heat, it was much better than the previous two times...

Hongjun looked at it with excitement on his face.

As long as Dad doesn't make mistakes in the last few steps, his points will definitely increase again...

Boom~!

At this moment, there was a roar from the alchemy furnace in front, and the furnace turned over. The overwhelming amount of alchemy energy rose into the sky, and the fragrance overflowed.....

Qin Feng succeeded in refining elixir for the third time!

Buzz~!

The moment the furnace was turned on, the black stone ball on the desk emitted a powerful light and vibrated continuously.....

New reviews will be updated!

Hongjun turned around excitedly, his eyes filled with nervousness and expectation..
