

God level 1261

Chapter 1261

New reviews will be updated!

Hongjun turned around excitedly, his eyes filled with nervousness and expectation.....

Buzz~!

The stone ball vibrated and the light was dazzling!

After a while, the light gradually faded, and a few lines of golden text appeared:

This alchemy was successful, the evaluation score: 134 points.

The assessor has additional points: 20 points.

The assessor's current evaluation score: 154 points.....

"father! I got 154 points! 154 points! Ha ha!!"

As soon as he read the message, Hongjun showed ecstasy.

At this time, Qin Feng's consciousness returned to his body, his eyes opened, and he also showed a satisfied smile.

"Dad, you are getting stronger with practice! The more you practice, the better it gets! The first time, your score was 117 points, the second time was 121 points, and the third time it suddenly jumped to 136 points....."

"The child's current total score is 154 points. He should be able to surpass those giants and win the first place, right?!"

Hongjun was so excited that he danced with joy.

"With 154 points, it is still a bit dangerous to crush the giants. It mainly depends on how well they perform....."

Qin Feng casually put away the quenching spirit in front of him.

This time, not only did Hongjun achieve an excellent result, he also harvested three Nine-turn Spirit Tempering Pills, and at the same time, he also improved his level of alchemy. It can be said that he killed three birds with one stone and had many benefits.....

"Dad, not just anyone can refine the holy elixir. I think even if those giants perform exceptionally well, no one will be able to score more than 150 points. You know, those old guys have lived too long, and they will be deducted 10 points. They want to get 150 points in the exam, but it's too difficult....."

Hongjun analyzed proudly, his face full of himself.

Qin Feng smiled.

Hongjun makes some sense. If the giants want to get more than 150 points, they must have an evaluation score of more than 160 points.

It can be used to refine the Nine-turn Spirit Tempering Pill. It is extremely difficult to get a rating of 160 points or more.

Even Qin Feng couldn't do it.

Hongjun relied on 20 additional points to accumulate 154 points.

Of course, Qin Feng relied on Hongjun's body to make elixirs, so his performance was limited.

If he were to refine it with his own body, he would definitely be able to exceed 150 points.....

"Hong'er, there are people outside the world, and there are people outside the world. We can remain optimistic, but we cannot underestimate the giants. Especially the three sects outside the territory have profound foundations and cannot be underestimated!"

"Dad, I know!"

"OK! Not much to say, there are still Pangu and Fuzhi waiting for me to help. Time is running out now, and we have just completed one of your goals, so we need to speed up the progress!"

"right!"

With this reminder, Hongjun quickly sacrificed the Chaos Bead.

Without saying a word, Qin Feng took a step forward and got into the divine bead.

Hongjun quickly put away the Chaos Bead, walked quickly to the desk, and held it with one hand. Pressing on the black stone ball...

As soon as his hand touched the surface of the ball, the stone ball burst out with suction, actively absorbing his breath.....

The next second, the black stone ball erupted with dazzling spiritual light, enveloping Hongjun's entire body.....

Immediately afterwards, a white light flashed and Hongjun was teleported out.....

According to the rules, when a player completes the assessment or gives up the assessment, as long as he presses his hand on the black stone ball, he will be teleported away by the will of the secret place.....

Of course, the player's results are now locked and there is no chance to change them.....

Following a burst of spinning space transmission, when the light of the sky and the earth cleared, Hongjun found himself back in the square.....

At this time, the square was deserted, and no examiners had come out yet.

The fetal membrane of heaven and earth stands alone in the corner of the square.

He did not dare to waste time, quickened his pace, and walked towards the fetal membrane of heaven and earth.....

In just a moment, he entered the fetal membranes.

At this moment, inside the fetal membranes.

Star Lord Ziwei, Qinglin, Pangu, Chuchu, Fuzhi, and Yunxi are meditating with their eyes closed.

As soon as Hongjun came in, the six people felt it and opened their eyes one after another.

"Hong'er!"

"Little Lord!"

Everyone gathered around happily

"Hong'er, how's it going?", Lord Ziwei asked anxiously.

Pangu and others also showed concern.

Everyone looked a little uneasy.

They were concerned about whether Qin Feng's plan was effective.

If it was useless, their two days of waiting would have been in vain.....

The time flow rate in the assessment area is ten times that of the outside world.

Qin Feng and Hongjun stayed in the examination area for more than twenty days, and only two days passed in the outside world.

"Mother, father's plan works. The child got a high score of 154 points!"

Hongjun happily explained

"Very good!"

"Ha ha!! Little Lord! Empress Ziwei! This time, we are in the top ten, so we are all very hopeful!"

Everyone was overjoyed.

Hongjun said again:"Time is running out! We can't waste too much time, who comes next?"

"I come!"

"I!"

Chu Chu and Fuzhi said at the same time, both of them couldn't wait. When

Fuzhi saw Chu Chu coming forward, he quickly took a step back and said with a smile:"Let Aunt Chu Chu come first!"

"good!"

Hongjun didn't say much and quickly offered up the Chaos Bead.

The next second, he got into the divine bead himself.

Chu Chu waved his hand and sucked the Chaos Bead into his hand.

"Everyone, I'm going first!"

Then, she said goodbye to everyone, walked out of the fetal membrane of heaven and earth, and walked towards the entrance of the examination...

Not long after, Chu Chu entered the light door and came to a closed alchemy room.

She released the Chaos Bead.

The next second, Qin Feng and Hongjun came out of the Chaos Bead one after another.

In this way of cheating, the Chaos Bead is the key.

Only Hongjun can control the Chaos Bead, so Hongjun must follow.

This is what Hongjun wants. A reason to try.

But as soon as Qin Feng showed up, Chu Chu stepped forward happily

"Brother, what should I do?"

"You go to the desk first, press the black stone ball with your hand, and enter your information. Then choose the divine elixir of the holy realm....."

As soon as he said this, Hongjun was shocked: "Dad, are you starting from the holy realm directly? Don't you need to refine a few upper realm divine pills first and get used to it with Aunt Chu Chu?"

Qin Feng said hurriedly: "I have been a father three times. I have practical experience, I am very confident, and there is no need to run in. Besides, there are many people waiting behind me, and I am a father and my time is tight, so I can't waste it....."

"That's right!", Hongjun nodded repeatedly.

Chu Chu also realized that time was tight and hurriedly walked to the desk.

It didn't take long for her to complete the identity verification.

Like Hongjun, her additional points were also 20 points.

Then, she chose He took the jade talisman of the holy realm divine elixir and crushed it...

A few minutes later, everything was ready.

Qin Feng controlled Chu Chu's body and started refining the elixir.....

Hongjun was meditating beside him, silently paying attention to.....

It was during this time.

The wailing in the examination area became less and less and became much quieter.....

If someone goes to those alchemy rooms and observes, they will find that many people are not refining alchemy, but are meditating with their eyes closed...

It turns out that many people are tired from refining alchemy, so they meditate and rest in the middle to restore their soul.....

Refining alchemy is a matter that consumes the power of the soul.

The spirit of these assessors is far inferior to Qin Feng, and few can continuously refine elixirs.
.....

Of course, insufficient energy and spirit will also affect the performance of alchemy.

Some people can continue to refine elixirs, but they have to stop and meditate for a while, and then continue to refine elixirs until their mental and spiritual power has returned to their peak...

They do this because they want to pursue better performance and get better results. evaluate.

But in this way, they will spend more time.....

Time flies!

In the blink of an eye, eight days passed.....

On this day, in a certain room.

Mohu opened his eyes from meditating, his face full of energy.

Just a few days ago, he completed alchemy at the holy realm three times in a row, and his best score was 151 points.

Mohu was extremely satisfied with this result.

In his opinion, he can definitely win first place.....

At this time, Mohu looked at the information displayed on the black stone ball, with a confident smile on his lips.....

Then, he stood up and walked to the desk.

When he reached the desk, he did not press the black stone ball and leave the alchemy room, but picked up the jade talisman of the upper realm divine elixir.....

It stands to reason that he has completed the assessment of the holy realm and there is no need to try to reach the realm again.

Even if you do well in the upper realm exam, it will still not be as good as the worst result in the holy realm.

Mohu knew this very well.

What he wanted when he reached the realm of refinement was the three Heaven-Breaking Divine Pills, not the results.

After all, the medicinal materials here cannot be taken away, they can only be used to make elixirs, and the elixirs can be taken away.

The medicinal material for the Heaven-Breaking Divine Pill was also a rare opportunity. How could he miss it...

At that moment, Mohu crushed the jade talisman.....

Without the pressure of grades, Mohu looked relaxed and at ease.

He is confident that he will definitely win first place with his 151 points.

He didn't know that Hongjun's points were 154, which was already ahead of him.....

At the same moment, a refreshing aroma of elixir came from the room where Chu Chu was.....

Qin Feng's third furnace refining was successful!

In just eight days, he completed the refining of the three-furnace nine-turn spirit quenching pill...

This speed was much faster than before!

Buzz~!

At the moment Qin Feng turned on the furnace, the black stone ball on the desk was ablaze with light and kept vibrating.....

Hongjun quickly turned around and looked.

The next second, several lines of dazzling information were displayed on the black stone ball.....

"Huh! This point.....Tsk tsk!!"

As soon as Hongjun saw the information above clearly, he looked envious..

Chapter 1262

The next second, several lines of dazzling information were displayed on the black stone ball.....

"Huh! This point.....Tsk tsk!!"

As soon as Hongjun saw the information above clearly, he looked envious.....

The information displayed above is as follows:

This alchemy is successful, the evaluation score is: 147 points.

The assessor has additional points: 20 points.

The assessor's current evaluation score is: 167 points.....

At this time, Qin Feng's consciousness withdrew from Chu Chu's body...

After Chu Chu regained control of his body, he quickly looked at the black stone ball....

"Wow! 167 points! Brother, you have made progress again!"

Chu Chu sighed.

Qin Feng made alchemy three times, each time faster and with higher points.

As the number of alchemy changes, his level of alchemy has been improving rapidly.....

"Dad, Aunt Chu Chu scored 167 points, she will definitely win the first place, those giants will definitely not be able to compare!"

Hongjun's tone was full of envy.

Qin Feng smiled slightly:"The number one will definitely not be Chu Chu. Hongjun was puzzled:"

Why?"

Qin Feng said with a smile:"Every time my father refines it one more time, the level of alchemy will be higher and the results will be better. In this way, the results of the few people at the back waiting for my help will get better and better...."

Hongjun suddenly realized

"OK! Time is urgent, let's move on to the next one!"

Qin Feng urged while putting away the Nine-turn Spirit Tempering Pill in front of him...

Hongjun also knew that time was precious and did not dare to waste it, so he quickly offered up the Chaos Bead.

Then, he and Qin Feng entered the Chaos Bead one after another.

Chu Chu hurriedly Put away the Chaos Bead, then walk to the desk and press the black stone ball on the table with one hand.....

After a moment, she turned into white light and left the secret room...

The next second, she was back in the square.

By this time, a sparse number of assessors had appeared in the square, and some assessors had already completed the assessment.....

It's just that the faces of these examiners are not very good-looking, and they obviously did not do very well in the exam...

These people had no intention of paying attention to Chu Chu's appearance.

Chu Chu was too lazy to pay attention to them, let alone waste time.

With this appearance, she hurried back to the fetal membrane of heaven and earth.

After entering the fetal membrane, she handed the Chaos Bead to Fuzhi.....

Fu Zhixin understood the meaning, and after receiving the Chaos Bead, he left the fetal membrane of heaven and earth and walked towards the light gate of the assessment area.....

This handover process is all completed within the fetal membrane of heaven and earth.

The fetal membrane of heaven and earth can isolate all spiritual exploration, and people outside will naturally not notice it...

A moment later, Fuzhi passed through the light door and entered the assessment area...

The next second, he entered an alchemy room.

Later, Qin Feng and Hongjun produced the Chaos Bead...

Just like last time, after Fuzhi entered his personal information, he asked Qin Feng to operate his body and began to refine the Nine-turn Spirit Tempering Pill... with six times. With experience in alchemy, Qin Feng's speed is getting faster and faster, and his movements are getting smoother.
.....

Time flies!

In the blink of an eye, seven days passed.....

On this day, Qin Feng looked at the Nine-turn Spirit Tempering Pill in front of him with a look of joy.

This is the ninth spirit-quenching pill that he has personally refined!

Hongjun looked at Fuzhi's results with a look of amazement.

Dad's alchemy level has improved again!

This time, he completed the third furnace in just seven days.

Not only was the elixir refined faster, but its quality was also improved.....

In the end, Fuzhi's points reached 179 points...

Seeing this, Hongjun couldn't help but swallowed his saliva, and was a little annoyed in envy...

If he had known this, he would have been the last to receive the alchemy, and it was all his fault at that time. I was so impatient that I had to be the first to show up.....

"Dad, Fu Zhidu's score is 179, which is 12 points higher than Aunt Chu Chu's....."

Hongjun's tone was full of envy.

Fuzhi on the side had already been laughing from ear to ear.

Qin Feng smiled and said nothing.

Then, he said:"Let's go! Time waits for no one!"

"oh!"

Hongjun responded and quickly offered the Chaos Bead.....

The next second, Qin Feng and Hongjun got into the Chaos Bead together.

Fu Zhi did not dare to waste time, put away the divine beads and left.....

After Fuzhi left the assessment area, he completed the handover with Qinglin in the fetal membrane.....

This time, Qin Feng completed the refining of the three furnaces in only six days and obtained three more spirit-quenching pills.

Qinglin's points were 188, which was even better...

Next, there were Pangu, Ziwei Star Master, Shangguan Yunxi...

Qin Feng's alchemy level was getting higher and higher, and he spent less and less time... In the blink of an eye, more than ten days have passed in the examination area...

Nearly half of the examinees have completed the examination.....

The square has become very noisy.

Even most of the giants came out... At this moment, Old Man Yuexia, Ancestor Liugen and other giants gathered together, secretly exchanging their results.....

Before the end of the assessment, the Monument will not announce the results. Everyone can only calculate their own level and approximate ranking by asking each other.....

In the corner, Ancestor Ran Deng was a little dejected.

He was not good at alchemy, and he didn't perform very well this time, so he was naturally a little frustrated.....

"Fellow Taoist Ran Deng, why are you so depressed?", Old Man Yuexia asked curiously.

Ancestor Liugen also looked over curiously.

"Hey~! It's hard to see at a glance! This time I tried my best to refine the Heaven-Breaking Divine Pill, but failed three times, so I had no choice but to refine the Divine Pill of that intermediate level. Unexpectedly, even in the middle realm, it is difficult to refine the Poji Pill."

"This time, I succeeded three times, but the best score was only 41 points, and 10 points for exceeding my age were deducted. As a result, I only scored a pitiful 31 points....."

Having said this, Ancestor Ran Deng smiled bitterly and shook his head.

Old Man Yuexia and Ancestor Liugen looked at each other, and they also felt that Ancestor Ran Deng was a little miserable...

Then Old Man Yuexia comforted him: "Fellow Taoist, you don't have to be anxious. I just asked around, and 31 points is already very good. results. Among the examinees who come out now, a considerable number of them have negative scores, not even 0 points....."

"Um, negative number?" Randeng Ancestor was a little surprised.

Because his results were not satisfactory, he did not inquire about the results of other assessors. How did he really feel?.....

"Fellow Taoist Yuexia is right! A considerable number of people have negative numbers, and a considerable number of people have 0 points. If you don't want to, fellow Taoist, look around you, are there many people with sad faces?"

Ancestor Liugen also started to comfort him.

Hearing this, Ancestor Ran Deng quickly looked around and saw many players sighing.....

Some are complaining that this test is too difficult. The pills selected for the test are all extremely difficult to refine.....

Some complained about the age limit for this assessment, causing their points to become negative.

Ancestor Ran Deng listened carefully and understood what was going on.

The elixir refining level of many examiners can only refine the elixir of the lower realm. If they cannot refine the elixir of the middle realm, but the elixir of the lower realm can be refined, the evaluation score is 1 to 10 points.

In other words, a lower realm divine elixir refined to a perfect level can only get 10 points at most.

But once the age exceeds 100 trillion years, 10 points will be deducted.

Among the players present, except for those giants, it is not uncommon for players to be over 100 trillion years old.....

This led to the birth of a large number of players with negative points...

Listening carefully to this, the expression of the ancestor of Ran Deng gradually changed, and his eyes became brighter.....

Based on this analysis, his 31 points are not bad!

At this time, Old Man Yuexia said:"Friend Ran Deng, this assessment is much more difficult than we thought. With your 31 points, even if you can't make it into the top ten, there is no problem in entering the top twenty."...."

Ancestor Ran Deng nodded slightly:"Yes! Listening to the tone of those assessors, it seems that everyone did not do very well in the assessment. To be honest, the rules of this assessment are not good for us older people! If we hadn't been deducted 10 points, my score is 41 points, and the hope of entering the top ten is even greater!"

Old Man Yuexia nodded repeatedly:"Yes! This damn secret will is so biased towards young people. It stipulates this, and makes the assessment The balance is tilted towards the League of Gods....."

As soon as they heard about the Divine Alliance, both Randen Ancestor and Liugen Ancestor frowned and felt unhappy.

The children of the League of Gods are all young, and quite a few of them have not missed a million years old, which is an additional 10 points.

Nearly half are less than 1 trillion years old, which is 5 extra points.

Except for the old Antarctic man, none of the remaining ones are over 100 trillion years old, and no points will be deducted.....

This is the advantage of Shenmeng's youth.

In other words, there will be no negative points in the League of Gods.

What's even better is that the League of Gods also has 10 bloodline bonus points.

Calculated this way, even if the children of the Divine Alliance do worse in the assessment, they will still score 10 points or more.

This thought made Old Man Yuexia, Ancestor Liugen, and Ancestor Randen very unhappy.

"You two, it seems that in this assessment, the results of the children of the Divine Alliance are not bad!"

Randeng Ancestor's tone was sour.

Old Man Yuexia sneered:"Haha! If they don't save him, they just rely on their age and bloodline advantages to gain some basic points. However, even if they are not too bad, they are definitely not much better.

Ran Deng was puzzled:"How do you say this?"

The old man smiled coldly:"As I said, being young has its advantages, but there are also advantages to being young. These young people live too short a time, and their alchemy skills are not much better."

"As a result, apart from the additional points given by the rules, they would not get many points for alchemy. In other words, the League of Gods cannot produce high scores. From my point of view, if the entire League of Gods can produce a score of 30 points, it would be extremely impressive....."

"Makes sense!"

Randeng Ancestor and Liugen Ancestor all nodded, feeling that the analysis was reasonable.

At this moment, a white light lit up in the square, and a figure appeared out of thin air.

The three of them turned their heads and saw A young and beautiful female cultivator appeared.

The female cultivator was none other than Qin Feng's disciple, Shangguan Yunxi. As soon as

Shangguan Yunxi appeared, she walked towards the heaven and earth fetal membrane with a happy face.....

"Ah! It turned out to be a descendant of the Divine Alliance!"

"Looking at her happy look, it seems like she got good grades!"

"hehe! Just a nobody, not worthy of attention...."

Ran Deng and the others looked at Yun Xi and muttered, with some disdain in their eyes.

Afterwards, the three of them stopped paying attention to Shangguan Yunxi.

For them, only Qin Feng, Qin Lei, and Qin Mu of the Divine Alliance deserve their attention, and Hongjun also deserves one or two attentions. The rest are all ants, and they naturally disdain to pay attention to them.....

But on the other side, in the fetal membrane of heaven and earth, the children of the Alliance of Gods saw joy on their faces when they saw Yun Xi's return...

They knew the meaning of Yun Xi's return.

Yun Xi was the last person Qin Feng helped.

When Yun Xi returns, it will be Qin Feng's turn to take the assessment himself..

Chapter 1263

Not long after, Shangguan Yunxi entered the fetal membrane of heaven and earth.

At this moment, hundreds of disciples have gathered in the Tiandi Fetal Membrane, and the atmosphere in the venue is very lively.....

This time, everyone's results were outstanding.

With the advantage of youth, most of the children of the Divine Alliance have additional points based on their age.

Even better, they have the added bonus of bloodline.

As a result, among the hundreds of children in the field, the worst score was 10 points, and more than one-third had 20 points or more.

Such results are much better than those of outside assessors.

You know, outside assessors have not yet accounted for half of those who have scored 10 or more points.

As for scoring more than 20 points, it is even rarer.

The children of the Divine Alliance were naturally excited about this comparison.

At this moment, Yun Xi walked into the fetal membrane

"Yunxi, how are you?"

Ziwei, Qinglin and other senior officials came forward to ask questions.

The disciples also looked over with concern.

These disciples have initially understood some of the situation.

Yun Xi said with a happy face: "Back to Master Ziwei, Yun Xi scored 220 points!"

"What?! 220 points!"

"OMG! I didn't even get 22 points, but Master Yunxi actually got 220 points!"

"This score is too terrible!"

At this moment, the whole audience exclaimed...

Ziwei, Qinglin and other senior officials also opened their mouths in surprise.

Fuzhi couldn't help but analyze: "Deduct 20 additional points, which is 200 points. In other words, your Holy Realm Divine Pill evaluation level has reached a perfect evaluation!"

As soon as these words fell, everyone was even more amazed.

According to the rules, the evaluation score of the Holy Realm Divine Pill is 101 to 200 points.

Only when it reaches the perfect level evaluation can you get 200 points.

And the refining of the Holy Realm Divine Pill is extremely difficult, even if Even if the Saint Ancestor makes a move, he may not be able to get a perfect rating...

Could it be that His Majesty's alchemy level is already comparable to those of the superior Saint Ancestors?!

"That's right! When Master refined the last batch of elixir, he received a perfect rating, but....."

Yun Xi waved her hand and released the Chaos Bead.

The next second, the divine bead vibrated and the spiritual light bloomed.

Qin Feng and Hongjun walked out one after another

"Father, did your last alchemy evaluation reach the perfect level?"

When Fu Zhi saw Qin Feng, he asked with concern.

Qin Feng smiled and shook his head: "Although it is a perfect evaluation, it took the help of the Qiankun Ding and the Nirvana Flame to reach that level. Without the help of these two things, I'm afraid it would still be a little short of a perfect rating."

"Of course, this is also because the Nine-turn Spirit Tempering Pill is easier to refine among the holy realm pills. If we change to a more difficult Holy Realm Divine Pill, even with the assistance of the Qiankun Cauldron and the Flame of Nirvana, it will be difficult for me to reach the perfect level....."

Hearing this, everyone suddenly realized, but the admiration on their faces did not diminish at all.

Even if he reaches the perfect level with the help of foreign objects, it means that Qin Feng's alchemy level has reached the saint ancestor level.

After all, even if the Holy Ancestor has external help, he may not be able to reach the perfect level.

"OK! Time is running out, it's time for me to make alchemy!"

According to the regulations, the assessment will end in two days.

Two days in the outside world, and twenty days in the assessment area.

For Qin Feng, it is completely enough.

However, he has his own plan, and I am afraid it will cost more time and don't want to waste it....

"Dad, Yunxi and I will come with you!"

"yes! Master! I'll go in with you so you can borrow my Qiankun Cauldron and the Flame of Nirvana....."

Hongjun and Yunxi expressed their opinions one after another.

Ziwei's eyes lit up:"Yes! Your Majesty! With the assistance of Yun Xi's Qiankun Cauldron and Nirvana Flame, your alchemy evaluation will be higher..."

Qin Feng shook his head slightly: "Sacred artifacts have spirits, and only their owners can Control them. If I want to use the Qiankun Cauldron and the Flame of Nirvana, I have to borrow Yun Xi's body to control it. That means Yun Xi is refining elixirs, which is not helpful to my evaluation...."

"this....."

At this reminder, Ziwei Star Master and others frowned and became a little worried.

They knew that Qin Feng was right. If he were not the owner of the sacred weapon, it would be difficult for others to control the sacred weapon.

The Qiankun Cauldron and the Flame of Nirvana are both sacred weapons and cannot be manipulated so easily.

In other words, only Yunxi can freely control these two items.

Thinking of this, everyone felt a little sad.

Without the assistance of the Qiankun Cauldron and the Flame of Nirvana, they were worried that Qin Feng would not receive a perfect evaluation and his points would be lower than Yun Xi...

Qin Feng could see what everyone was thinking at a glance and said with a slight smile: "I will borrow your body. Going to make alchemy has great restrictions on how well I can perform my alchemy. Now, when I make alchemy myself, I no longer have those restrictions and can freely display my true level."

"At my true level, even without the help of the Qiankun Cauldron and the Flame of Nirvana, it would be easy to get a perfect rating....."

As soon as these words were said, everyone suddenly looked at Qin Feng with eyes full of amazement...

It turned out that they had underestimated His Majesty's alchemy strength!

At this moment, the phantom clone, which had been meditating with its eyes closed, slowly opened its eyes and turned its head to look in the direction of the assessment area.....

He seemed to sense something, and a smile appeared on his lips.

At the same moment, Qin Feng also turned to look at the assessment area with a smile on his lips.
.....

This scene made Hongjun, Ziwei and others look puzzled.

At this time, in the assessment area, in a certain alchemy room.

Xuan Mi's clone looked at the Nine-turn Spirit Tempering Pill in front of her with a look of joy.....

This was his second time refining the Spirit Tempering Pill, and he received a perfect evaluation of 200 points.

The first time he refined the Spirit Tempering Pill, he also received a perfect rating of 200 points.

However, it took him two days to refine it the first time, and only a day and a half the second time, and the speed was getting faster and faster.

Moreover, this time efficiency is higher than Yun Xi.

Under Qin Feng's control, Yun Xi completed the refining in two and a half days at the fastest time...

In other words, using someone else's body to make elixirs was a big problem. This greatly limits Qin Feng's performance.

Now, Qin Feng's clone came to refine the elixir, and the effect was even better than Yun Xi's.

What's more, Yun Xi still achieved perfect evaluation with the help of the Qiankun Ding and the Flame of Nirvana.

Xuan Mi's clone easily completed two perfect evaluations without the help of any holy weapon, relying only on her own alchemy skills.

On the other hand, if Qin Feng is allowed to refine it, the level of performance will only be higher.

The two clones are both extensions of Qin Feng's body.

As Qin Feng's alchemy level increases, the alchemy level of the two clones will also increase simultaneously.

However, it is not just experience that affects the level of alchemy, but also the power of spiritual consciousness.....

The stronger the power of divine consciousness, the more precise the detailed control, elixir control, and fire control will be, and the level of alchemy will naturally be higher.

And Qin Feng's spiritual consciousness is stronger than the two clones.

Even if their alchemy experience is the same, Qin Feng's alchemy level is still higher than that of the two clones.....

Thinking of this, Xuan Mi's clone put away the tempering spirit in front of her and looked at the black stone ball on the desk.

The points displayed above are 220 points.

220 points should be the limit score for this assessment.

The maximum additional points will not exceed 20 points.

The perfect evaluation of the holy realm is only 200 points.

Therefore, the theoretical maximum score is 220 points.

Xuan Mi's clone was not satisfied with this result...

Thinking of this, he aimed at the last pile of medicinal materials.

In the alchemy experience of the ancient god lord, there is also a secret technique called: Pill Ascension Jue.

As the name suggests, during the elixir refining process, using the elixir-raising technique can greatly improve the quality of the elixir, and there is a one-in-10,000 chance of the elixir evolving to a higher level.

For example, using the Pill Ascension Technique, there is a one in 10,000 chance of promoting the Nine-turn Spirit Tempering Pill to the Ten-turn Spirit Tempering Pill.....

The nine-turn spirit-quenching pill is a low-grade divine pill in the holy realm, and the ten-turn spirit-tempering pill is a mid-grade holy pill. It is a small grade difference, and the effect is higher...

Xuan Mi's clone thought of a question. If he uses the elixir-raising method, the improvement will be If the quality of the Nine-turn Spirit Tempering Pill has been determined, will the evaluation exceed the perfect evaluation? Will the waiting evaluation exceed 200 points?

If possible, would his performance exceed the expectations of the Secret Will?

Will I get super rewards again?

The more Xuan Min's clone thought about it, the more it seemed possible.

At that moment, he waved his hand and sucked the last pile of materials to his side, preparing to start refining the elixir...

This time, he was going to use the elixir-raising technique...

Chapter 1264

The more Xuan Min's clone thought about it, the more it seemed possible.

At that moment, he waved his hand and sucked the last pile of materials to his side, preparing to start refining the elixir..

This time, he was going to use the elixir-raising technique.....

At the same time, in the square, within the fetal membrane of heaven and earth.

Qin Feng sensed that Xuan Mi's clone was starting to make elixirs.

He withdrew his spiritual thoughts and looked around.

The phantom clone also stood up at the same time

"After I leave, while you are chatting, be careful not to leak any information....."

The phantom clone gave an order

"yes! His Majesty!"

All the disciples agreed one after another.

They knew the meaning of the phantom clone.

The phantom clone has been silently running the heaven and earth membrane, isolating the exploration of outside assessors, especially those giants.

Now, the phantom clone is leaving, The isolation effect of the fetal membrane of this world will be reduced.

Although it can isolate the exploration of those examiners, the effect on the giants will be worse... The phantom clone told everyone, just not wanting the disciples to be careless and reveal the clone in their words. , caused some unnecessary trouble.....

After the shadow clone finished giving instructions, Qin Feng stepped forward and walked out of the fetal membrane of heaven and earth. The shadow clone followed closely...

However, more and more examinees came out of the square, reaching 70% of the total number....

At this moment, Ancestor Hunji just came out.

Old Man Yuexia, Ancestor Ran Deng, and Ancestor Six Roots all stepped forward to greet him.

"Brother Hunji, looking at your happy face, you must have done well in the assessment!"

Old man Yuexia asked with a smile.

"yes! Fellow Taoist Hunji, I wonder how many points you got this time? Ancestor

Liugen and Ancestor Randeng also showed curiosity.

Ancestor Hunji stroked his beard and smiled:"Not bad!" I chose to refine the divine elixir of the upper realm, and the three refinements were successful. The best evaluation is 84 points!"

"Hiss~! It was actually 84 points!"

"Tsk tsk!! My alchemy skills are really superb! I admire you!"

Old Man Yuexia and Ancestor Liugen were both amazed.

The Ancestor Ran Deng on the side moved his lips, but when the words came to his lips, he swallowed them back...

He just scored 31 points in the exam, and he really didn't have the face to talk.

"Well done to both of you!"

Ancestor Huanji was in a good mood and laughed.

Then he said with regret: "Although my highest evaluation score is 84 points, I was deducted 10 points for my age, and my final score was only Just 74 points..."

"Tsk tsk!! Brother is so humble! Even if it is 74 points, with your score, entering the top five is not a big problem."

Old man Yuexia is still flattering.

Ancestor Hunji asked curiously: "You three, how did you do in the exam?"

Old man Yuexia said with a humble face: "Compared to my brother, I am far behind. My highest evaluation score was 60 points, but in the end, 10 age points were deducted, leaving me with only 50 points."

Ancestor Liugen also said: "I am even less than fellow Taoist Yuexia, I only got forty points...."

Ancestor Ran Deng moved his lips, a little embarrassed to speak.

Ancestor Hunji was curious: "Fellow Randeng, how many points did you score?"

"Why~! ", Ran Deng Ancestor stamped his foot, "Don't mention it! I only scored 31 points!"

"Forehead....", Ancestor Hunji was slightly startled.

Immediately, he hurriedly consoled him: "Don't be discouraged, fellow Taoist Ran Deng! You are already good at alchemy, so your results shouldn't be bad...."

Old Man Yuexia also took over the conversation: "Yes! Fellow Daoist Bi Ran Deng only has 31 points. Judging from the crowd in this square, it is definitely a high score. Even if Fellow Fellow Ran Deng cannot make it into the top ten, then if you enter There is absolutely no problem in the top twenty!"

Hearing this, Ancestor Hunji's eyes lit up.

He had just come out and had no time to inquire about the results of other assessors.

Now, after hearing what Old Man Yuexia said, he clearly realized that everyone did not do well in the exam.

Even with 31 points, he can be in the top 20. With 74 points, he is sure to be in the top five.

At this thought, Ancestor Hunji felt at ease, and the joy in his eyes became even stronger.

Later, he saw that Randen Ancestor was a little disappointed, so he comforted him: "Fellow Randeng, you don't have to be disappointed. If it were not limited by the rules of this assessment, you would have scored more."

"right! If it weren't for that damn age limit, a few people like me would have scored higher!"

"Hey~! This damn rule has deceived me and others, but it is cheap for everyone in the League of Gods!"

Old Man Yuexia and Ancestor Liugen complained about the rules one after another...

Ancestor Huanji was also annoyed: "Yes! With the help of these rules, the results of the children of the Divine Alliance will not be bad. I wonder how the three Qin Feng brothers will do in the exam this time?"

Old man Yuexia smiled coldly: "Brother, don't worry! Even with the help of rules, it is difficult for the Divine Alliance to achieve high scores!"

"That's right! The combined time spent practicing by a group of young children is not enough time for me to wait for the alchemy. Based on this alone, there won't be any alchemy masters among them. Let me tell you, the Shenmen League can't even score a 30-point score this time!"

Ancestor Liugen also agreed.

Ancestor Hunji nodded slightly: "I hope so! If we talk about who among the Divine Alliance will be the variable, that is, Qin Feng, Qin Lei, Qin.....Huh! Look over there!"

Halfway through the words, the heaven and earth fetal membrane in the distance lit up with aura.

Ancestor Hunji quickly looked up and saw Qin Feng and the shadow clone walking out of the fetal membrane and walking directly towards the entrance to the examination.....

In just a moment, the two of them entered the light gate one after another and disappeared...

Old Man Yuexia, Ancestor Liugen, and Ancestor Randeneng also saw the scene and were surprised...

You must know that people who have completed the assessment cannot enter the light. door.

In other words, Qin Feng and the shadow clone have not yet passed the assessment, so they can enter.....

"No way? Qin Feng and Qin Lei came out for the assessment just now? Aren't they worried about not having enough time?"

"There are less than two days left, and the assessment is about to end. Calculating the time in the examination area, nearly twenty days are enough."

"That's right! But why did Qin Feng and Qin Lei take the assessment now? What are they waiting for?"

The four people in Huanji looked at each other, confused...

Then, the old man Yuexia smiled coldly: "You know, little thief Qin Feng likes to play tricks on others. But no matter how much he pretends, he can't improve his alchemy level. At his current age, he may not even be as good as some of the Supreme Saints. Hearing this

, Patriarch Liugen also nodded with a smile: "Fellow Taoist Yuexia is right!" This alchemy assessment was extremely difficult. Even Fellow Taoist Ran Deng only got 41 points in evaluation. From my perspective, it would be pretty good if this little thief Qin Feng could get 10 evaluation points."

Randeng Ancestor rolled his eyes in displeasure: "I worked so hard to get 41 points, but 10 points were deducted, so the total score is only 31 points. If this little thief really gets that 10-point evaluation score, given his age and bloodline advantages, his total score can reach 30 points, which is only 1 point worse than me....."

Ancestor Yuexia said hurriedly: "Don't worry, fellow Taoist Ran Deng! Even if it is 10 points, it is extremely difficult to obtain. None of the Po Heng Dan, Po Ji Dan, and Tian Po Shen Dan are easy to refine. As for the most advanced Nine Transformations Qin Feng, the child, doesn't even have to think about the Spirit Tempering Pill..."

As soon as these words were said, all the giants looked at each other and smiled, as if they were convinced that Qin Feng had been defeated.....

But he said that on the other side, in the examination area, there was a secret alchemy room.

After Qin Feng entered the information, he closed his eyes and meditated at the desk, and did not immediately go to the alchemy.

He seems to be waiting for something.....

At the same time, in another alchemy room.

After the phantom clone entered the information, he also closed his eyes and sat up to meditate, but also did not go to make an elixir.....

They are waiting for the results of the alchemy of Xuan Mi's clone.

The elixir-raising technique is an extremely difficult secret technique to operate!

Qin Feng has never operated it before, and this is the first time he tries Xuan Ni's clone.

However, Xuan Mi's clone is an extension of Qin Feng's body.

Qin Feng can gain practical experience by trying Xuan Mi's clone once.

The more practical experience he has, the more effective Qin Feng's Dan Sheng Jue will be...

At the moment, Qin Feng and the shadow clone are waiting silently.

At the same time, in a certain alchemy room.

Xuan Mi's clone's left hand was flying with seals, Dan Jue, and Yan Jue. They kept switching and using them. His hand speed was astonishingly fast...

And his right hand was pinching the Sheng Dan Jue. The speed was extremely slow. Every time he pinched it, the heaven and earth rhymed. They all trembled, forming one wave after another of Tao Yun whirlpool power, slowly pouring into the alchemy furnace...

Shengdan Jue is to mobilize the power of heaven and earth Dao Yun, and slowly integrate it into the medicinal materials during the alchemy process.....

In this way, after the elixir is refined, it will contain the power of heaven and earth. The quality of the elixir will be one level higher than that of normal elixirs, and the quality will naturally be better...

This is the principle of improving the quality of elixirs!

Just like this, Xuan Mi's clone controlled the furnace to refine the elixir with her left hand, and pinched the elixir ascending technique with her right hand. Using both distractions, the difficulty of refining the elixir directly increased by more than ten times... In just a moment, beads of sweat appeared on his forehead.....

He did not dare to waste time and accelerated the refining.....

Qin Feng and the shadow clone are waiting for his results...

Time flies!

In the blink of an eye, three days passed.

The elixir refining of Xuan Mi's clone has not been completed yet.

You know, he had completed refining the Spirit Tempering Pill in less than two days before.

Obviously, after the difficulty increased tenfold, his performanceBig drop in speed.....

Before I knew it, another day passed.

Xuan Mi's clone still couldn't produce the elixir...

On the fifth day, the room where Xuan Mi's clone was located came out with a refreshing fragrance of elixirs and a strange fragrance of lotus.....

At this time, in the room, the alchemy furnace was surrounded by purple energy and roared endlessly.

On top of the cauldron, a snow-white lotus appeared, which was the Daoyun White Lotus. It was the effect after the completion of the Ascension Pill Art.....

But at this moment, Daoyun White Lotus is still in the shape of a bud

"open~! "

At this moment, Xuan Mi's clone completed the last seal.....

Buzz~!

Daoyun White Lotus blooms slowly!

The flower blooms with nine petals, and the Tao charm reaches the sky!

The next second, the cauldron opened on its own, and the elixir energy soared into the sky... In an instant, the whole room was filled with the rich fragrance of elixirs, and the strange fragrance of lotus...

Immediately afterwards, a unique nine-turn quenching spirit appeared. The elixir flew out of the elixir furnace and spun around above the furnace...

The shadow of the Nine-leaf Daolian shrank rapidly and merged into the spirit-quenching elixir...

Woo~! Woo~! Woo~!

At this moment, the black stone ball on the desk emitted a powerful light and vibrated continuously.
.....

Xuan Mi's clone quickly looked around and saw several lines of golden messages appearing on the stone ball.....

Once he saw the content of the message clearly, a look of ecstasy appeared on his face...

Chapter 1265

Xuan Mi's clone quickly looked around and saw several lines of golden messages appearing on the stone ball.....

Once he saw the content of the message clearly, a look of ecstasy appeared on his face.....

I saw the information displayed as follows:

This alchemy was successful, the elixir was born with Nine-leaf Daolian, the efficacy of the medicine was increased by 30%, the evaluation score: 260 points, the assessor's additional points: 20 points, the assessor's current comprehensive score: 280 points.....

280 points!

That's 60 points more than the maximum full score of 220 points!

Presumably, with such an achievement, there is a high chance of getting a super reward.....

The first time I used Shengdan Jue, I was able to achieve such a result, and Xuan Mi's clone was very satisfied.....

He retracted his gaze and looked at the Spirit Tempering Pill in front of him.

This Nine-turn Spirit Tempering Pill is obviously different from the ordinary Nine-turn Spirit Tempering Pill.

Not only is it larger, it also has a white lotus pattern on it.

The patterned flower has nine petals and faintly exudes the heavenly charm of creation. It is the lotus with the charm of Taoism.

The lotus of Tao Yun can bloom with nine petals, ten petals, eleven petals, or twelve petals.

When it reaches the twelve petals, the power of Tao Yun reaches its peak.

The so-called: nine is supreme, twelve is perfection.

When the Lotus of Daoyun blooms with thirteen petals, you can change your destiny against the will of heaven and upgrade the Nine-turn Spirit Tempering Pill to the Ten-turn Spirit Tempering Pill.....

It's just that the chance is less than one in 10,000.

Thinking of this, Xuan Min's clone put away the magic pill with satisfaction, got up and walked towards the desk.

He wants to leave here...

At the same time, in another alchemy room, the phantom clone opened its eyes.

He glanced at the direction of Xuan Ming's clone, then stood up and walked towards the alchemy furnace...

Everything that Xuan Ming's clone experienced was as if he had experienced it himself, and it was equivalent to having the experience of using the Dan Sheng Jue.....

After this experience, the shadow clone will be able to perform the pill-raising technique more smoothly...

Soon, the shadow clone began to refine the pill.....

It took five days for Xuan Mi's clone to perform a Pill Ascension Technique, which was too much time.

The phantom clone can no longer afford to delay.

If it's a little slower, I'm afraid the assessment time is up and the main body hasn't completed the assessment yet.....

Thinking of this, the phantom clone became a little anxious and immediately devoted all his energy to alchemy...

Time flew by so fast!

In the blink of an eye, four days have passed.....

With the first experience given by Xuan Mi's clone, the speed of the phantom clone was greatly increased, and it was completed in only four days.....

However, the Lotus of Daoyun on the Spirit Tempering Pill still has nine petals, and its evaluation score is 260 points. With 20 additional points, it is still 280 points, which is consistent with Xuan Mi's clone.

However, the phantom clone was very satisfied.

The speed of his alchemy refining has increased, which means that he has become more proficient in the elixir-raising technique.....

After being overjoyed, the phantom clone continued to refine alchemy...

With another practical experience, he quickly entered the alchemy state...

In the blink of an eye, another four days passed.

The phantom clone succeeded for the second time.

This time it took the same time as the first time, but the Lotus of Daoyun on the Nine-turn Spirit Tempering Pill opened ten petals, and the effect of the pill increased by 50%.

The evaluation score given by the Secret Will is 280 points, plus 20 additional points, it is 300 points...

The shadow clone is overjoyed and continues to invest.....

Soon, he succeeded in refining elixir for the third time.

This time, he only spent three days, but the Lotus of Daoyun still only opened ten petals, so the total score was still 300 points...

At this point, the virtual shadow clone took 11 days, plus the time spent by the Xuan Mi clone. 5 days, a total of 16 days have been spent.

Calculate the time, there are only four days left, and the assessment is about to end.....

At this moment, a certain alchemy room.

Qin Feng opened his eyes from meditating.

The two major clones have completed the assessment, giving him four practical experience in elixir-raising techniques. Now it is his turn to refine the elixir himself...

But there are only 4 days left, and he cannot delay...

Qin Feng glanced in front of him calmly. The alchemy furnace, flicked your finger, and a little spark flew away... boom~!

The fire is lit instantly!

Afterwards, Qin Feng waved his hand, sucked a bunch of medicinal materials not far away into his hand, and officially started to make alchemy.....

When he takes action, the effect is completely different from the two clones, and the speed is more than twice as fast.....

Qin Feng's spiritual consciousness is more than twice as strong as the two clones. Both his control ability and practical experience are far stronger than those of the two clones.....

Therefore, his move caused the heaven and earth to roar, the avenues shook, and the entire alchemy spiritual energy surged...

Time flew by so fast!

In the blink of an eye, a day and a half passed, and the fragrance of Tongtian Dan and the endless power of Dao Yun surged out of the alchemy room...

In just one and a half days, Qin Feng successfully refined the first batch of the Spirit Tempering Pill. The Lotus of Daoyun bloomed with eleven petals and received an evaluation score of 300 points.

Soon, Qin Feng started the second furnace of refining.

This time, it only took him one day to refine it successfully. The Refining of Principle Source opened twelve petals and reached perfection.

The evaluation score given by Secret Will is 350 points.

At this point, there is only one and a half days left before the assessment is over.

Qin Feng breathed a sigh of relief.

One and a half days was enough for him to refine the third furnace.

It's a pity that he still hasn't been able to refine the ten-turn spirit tempering pill so far, and he is slightly dissatisfied.

Afterwards, he closed his eyes and meditated, adjusting his breath.

Half a day later, Qin Feng opened his eyes from meditating, his pupils filled with brilliance.

The continuous refining of alchemy over the past few days had already made him mentally exhausted...

After half a day of rest, his mental state returned to its peak.

This will be of great benefit to his subsequent alchemy work.....

"I wonder if I can bloom thirteen petals this time and advance the nine-turn spirit-tempering elixir to the ten-turn spirit-quenching elixir?"

Qin Feng muttered in his heart.

It is rumored that the ten-turn spirit-quenching pill is different from the nine-turn spirit-quenching pill and has some unique benefits.....

Naturally, he wanted to refine one and try the effect.

Thinking of this, Qin Feng opened the alchemy furnace again and carried out the third refining.....

The intense assessment was over, and there was only one day left. He couldn't waste it.....

Time flies!

In the blink of an eye, the distance to the end of the assessment is, only one hour left.

At this time, the square outside was already noisy.

Almost all the players have completed the assessment, and everyone is asking each other about their points.....

In the square, lamentations and complaints erupted from time to time, and occasionally a few sparse laughter came out...

Obviously, there were few happy people and many sad ones.

Most people did not perform well in this assessment, and quite a few people even received negative marks...

At this moment, in the corner of the square.

The giants gathered around and chatted....

"Tsk tsk!! Fellow Taoist Mohu, I really didn't expect that your points this time would be as high as 151. It's really scary!"

"yes! I only scored 31 points. Compared with fellow Taoists, I am absolutely ashamed!"

Ancestor Ran Deng was very embarrassed.

All the giants also sighed, and they all looked at Mohu with eyes full of admiration.

At this time, the ancestor of Liugen sighed:"Everyone, Mohu should be ranked in the top ten this time. Fellow Daoist Hu, Fellow Daoist Luoja, Fellow Daoist Taiqing, Senior Brother Ami, Fellow Daoist Yuqing, Fellow Daoist Hunji, Fellow Daoist Shangqing, Fellow Daoist Yuexia, me, and Junior Brother Puxian..." As soon as these words were said, all the giants nodded..

Today, the assessment is almost over, and all the giants have come out.

As soon as everyone inquired about each other's results, they basically knew the basics.

There was no accident with the ancient Ancestor Randen, and he failed to enter the top ten.

The Venerable Samantabhadra of the Pure Sect outside the territory , his alchemy performance surpassed that of the ancient ancestor Ran Deng.....

Of course, this ranking was made by Liugen Ancestor himself, and he was obviously a bit self-righteous...

At that moment, Mohu said:"Fellow Daoist Liugen, I'm afraid your ranking is not accurate. Are the top ten people really going to be ten people like me?"

Ancestor Liu Gen smiled slightly:"In the past few days, I have asked almost all the squares. No one can do better than the ten of us. The top ten should be none other than us!"

At this point, Liu Gen said The ancestor looked confident.

Mohu hesitated for a moment and then said:"Fellow Taoist, have you also asked the people from the Divine Alliance?"

"This...that's not the case!"

Ancestor Liugen shook his head repeatedly.

The relationship between the giants and the Divine Alliance was not good, and it was impossible for him to inquire about it.

Then he said: "This time, the people of the Divine Alliance are nothing to worry about! Fellow Taoist should have discovered that the children of the Divine Alliance are all extremely young. Without time to refine, how could they have superb alchemy skills?"

As soon as these words were said, all the giants nodded one after another, everyone felt so.

Mohu was still a little worried and said: "That's all for the others! The three brothers Qin Feng, Qin Lei, and Qin Mu should not be underestimated! Ancestor Liugen didn't take it seriously: "Those three are equally young, even younger than many of their subordinates. I'm afraid they don't have time to refine elixirs." Let me tell you, the performance of the three brothers this time will be very bad....."

"Well... I hope so!" Mohu was noncommittal.

Ancestor Liugen smiled slightly: "Anyway, there is only one hour left, and the assessment is over. When the time comes, you will know at a glance what the results of the three Qin Feng brothers will be....."

At this time, Old Man Yuexia suddenly said: "Fellow Taoist Liugen, have you discovered a problem?"

"Varied question?"

"Qin Feng has not come out since he entered the assessment area. Right now, the assessment is about to end in just one hour, but he still hasn't come out."

Old Man Yuexia was extremely concerned about Qin Feng's every move.

With this reminder, Liugen Ancestor suddenly said:"Yes! After that kid went in, he was never seen coming out. What the hell is he doing? Are you just pretending to be a ghost again? Old Man Yuexia smiled coldly:"

In my opinion, he is probably just pretending!" I really don't understand. He keeps delaying time and doesn't come out, just because he thinks he can change his situation? Ancestor Liugen smiled:"

Maybe it's because his test scores were too poor and he just stayed in the test area and didn't want to leave!""

The old man under the moon sneered:"Even if he doesn't leave, as soon as the time comes, the secret will will forcefully transport him out. It's useless to stay."....."

Just when he said these words, an earth-shattering wave of Dao Yun came from the direction of the examination area...

The giants were shocked, and they all looked towards the direction of the examination area in astonishment. They didn't know what happened somewhere...

If they could lock the address, they would definitely You will be surprised to find that the source of the fluctuation comes from the alchemy room where Qin Feng is located...

Chapter 1266

At this moment, Qin Feng was in the alchemy room.

A square acre of Xu Qingyun was formed above the furnace cauldron.....

There is a budding Taoist lotus in the Qingyun. It is snow-white and crystal clear, swaying, hanging down endless green Taoist light, stirring the Taoist rhythms of heaven and earth.....

At this time, Qin Fengfu reached his heart and pinched the last elixir-raising formula in his hand.

"open!"

Buzz~!

The Dao Lotus trembled, and the green light bloomed!

The supreme and noble Dao Lotus slowly bloomed.....

One petal!

Two petals!

Three petals!

Four petals!

Five petals!

Six petals!

.....

Eleven petals

Twelve petals

Thirteen petals.....

Boom~!

The flower bloomed with thirteen petals, the heaven and earth shook violently, and the endless rhyme moved brilliantly!

Buzz~!

The next second, the elixir furnace opened on its own, the aroma wafted out, and a purple divine elixir rose slowly from the furnace and automatically merged with the Dao Lotus in the air.....

Boom~Long~Long!

With this fusion, the divine elixir trembled slightly, and the thirteen-petaled Taoist lotus slowly blended into it. The spiritual energy of the elixir rose crazily, surging continuously...

In this way, the thirteen-leaf Taoist lotus gradually merged into the divine elixir. Dan...

Such changes lasted for a full quarter of an hour before Daolian completely integrated into the magic pill.....

Buzz~!

At the moment when Daolian was completely integrated into the divine elixir, the divine elixir roared, the sky and the earth cleared, and the torrential elixir energy filled the entire room...

Qin Feng was bathed in the elixir energy.

He only took a brief breath of the elixir, and suddenly his soul became clear. His whole body was extremely energized, and even the spiritual power in his body was ready to move.....

Looking at the divine elixir again, the purple energy lingers, the seven-colored divine light complements each other, and the heavy Taoist rhymes are powerful in all directions...

This divine elixir is no longer a nine-turn spirit-tempering elixir, but a higher-quality ten-turn spirit-tempering elixir...

Ha ha!

He finally made it at the last moment!!

Qin Feng was overjoyed...

Buzz~!

At this moment, the black stone ball on the desk beside him lit up with a dazzling light.

Qin Feng quickly turned around and saw a few lines of golden text appearing on it:

The examiner refined the ten-turn quenching spirit elixir, which far exceeded the assessment expectations. This elixir refining received a super evaluation, and the examiner who scored 1000 points has additional bonuses. Score: 20 points.

The assessor's current comprehensive evaluation score is: 1020 points.....

Huh!

1000 points!

Qin Feng's eyes flashed with surprise.

1000 points!

Completely crushing everyone, even two clones!

After a while, if all the examiners see this data, they will definitely be completely shocked...

Not to mention everyone is surprised, with such a terrifying score, they will definitely get super rewards, and there is even hope of getting special rewards.....

Qin Feng waved his hand, sucked the magic elixir in front of him into his hand, and observed it carefully.

I saw that there was a Dao Lotus pattern on the divine elixir, with thirteen petals. It was somewhat similar to the spirit-quenching elixir that I had used before, but the color turned golden.

Ordinary Nine-turn Spirit Tempering Pill does not have the Dao Lotus pattern.

The nine-turn spirit-quenching elixirs that have been used in the Ascension Pill Jue all have the Dao Lotus pattern, and their quality has also been improved.

But their color has not changed, they are all purple.

Only the Ten-turn Spirit Tempering Pill will become completely golden, with its own Taoist charm and clear light, making it even more noble.....

Seeing this, Qin Feng put away the Ten-turn Spirit Tempering Pill with satisfaction.

The efficacy of this ten-turn spirit-quenching pill is equivalent to ten times that of the nine-turn spirit-quenching pill. One pill is worth ten. At the same time, it can also enhance the understanding of Tao Yun, which is helpful for breaking through to the realm of the saint ancestor.....

In other words, the value of the Ten-turn Spirit Tempering Pill is more than ten times that of the Nine-turn Spirit Tempering Pill.....

What's even better is that any magic pill has a dosage limit.

After Qin Feng takes the nine-turn spirit-quenching pill to the limit, he can continue to take the ten-turn spirit-quenching pill...

Although the two pills are similar, they are no longer the same kind.

Speaking of which, in this alchemy assessment, Qin Feng got a total of twenty-nine nine-turn spirit-quenching pills and one ten-turn spirit-quenching pill.

This is also an unexpected opportunity!

After putting away the Ten-turn Spirit Tempering Pill, Qin Feng looked at the black stone ball not far away.

It was less than an hour before the assessment ended, and it was time for him to leave.

Thinking of this, he walked towards the black stone ball.....

But on the other side, in the square, everyone looked in the direction of the assessment area in shock, unable to calm down for a long time.

Before, Qin Feng refined the Ten-turn Spirit Tempering Pill, which caused a huge tremor in heaven and earth...

It was not until Qin Feng put away the Ten-turn Spirit Tempering Pill that the vision gradually disappeared and everything returned to calm.....

After a long time, everyone calmed down and kept whispering.

The giants also looked at each other with uneasy expressions.

After a while, Old Man Yuexia spoke first: "Everyone, what is going on? Why did the direction of the examination area cause such a big shock in the world?"

"yes! Looking at the scale of the rhyme vibration, it feels like a rare treasure has been born."

"A strange treasure is born? That was in the direction of the assessment area, how could a strange treasure appear? By the way, Qin Feng still stayed in the assessment area and didn't come out. Could it be that he made something?"

As soon as these words were said, all the giants changed their expressions.

Everyone looked at me and I looked at you, and they were all a little flustered.

They didn't want Qin Feng to do something shocking again.....

At that moment, the old man under the moon said with a dry throat: "Probably not! With Qin Feng's age, a million years is not enough. The time he spent growing up in his life is not enough for the time we spend refining alchemy, so how can he accomplish anything in alchemy? Come to the Mingtang?"

Ancestor Ran Deng hurriedly agreed: "That makes sense! Let's not talk about others, just talk about myself. The time I have spent on alchemy has accumulated for more than billions of years, far exceeding Qin Feng's age."

"But what's the result? I only scored 31 points this time. It can be seen from this that no matter how talented Qin Feng is in alchemy, it would be good if he could be better than me, but if he wants to make the big move just now, I don't believe it!"

Hearing this, the giants nodded slightly, and they all felt that it made sense...

But Saint Taiqing said with some worry: "If the movement just now was not caused by Qin Feng, who could it be? There should be very few people left in the examination area. There seems to be no one else who is qualified to make such a noise, right?"

"this....."

With this reminder, all the giants looked at each other, a little worried again.

At this moment, a white light lit up in the field, a figure appeared out of thin air, and another assessor came out.

The giants looked quickly and saw that the person who came out was not Qin Feng, but an old man with white beard and hair, holding a dragon-headed wooden staff.

That old man was none other than the Antarctic old man who joined the League of Gods after the first test.....

"It's him!"

The giants recognized the old man in Antarctica at a glance.

The old man in Antarctica was not very cultivated and had very poor talent, but he lived an extremely long time, surpassing all the giants, and even being as old as the legendary saint ancestor.
.....

At this moment, as soon as the Antarctic old man appeared, he walked out of the world with a happy face.

Seeing the happy look on his face, he obviously did well in the assessment.

When the giants saw this scene, they couldn't help but look at each other and whispered.

"Everyone, did you see this? The old Antarctic man seems very happy! It seems that he did a good job in the assessment! Could it be that he was responsible for the movement just now?"

"Not to mention, it's really possible that an old man from Antarctica did it! If anyone wants to live longer, I can't compare to him. Although this person's cultivation talent is not good, his alchemy talent is not bad."

"yes! It does not mean that the higher the cultivation level, the better the alchemy talent. Given the age that the old Antarctic man lives, as long as he carefully polishes his alchemy skills, he will probably be no worse than me!"

"Forehead! If you say so, this old guy also has hope of entering the top ten! He won't really make it into the top ten this time, right? He is now a member of the Divine Alliance!"

"This...should not happen! Although the old guy lived a long time, his cultivation level was low and his consciousness was weak. This is his biggest weakness. It shouldn't be difficult for him to enter the top 100, but he has little hope of entering the top ten....."

"Everyone, no matter what, as long as the movement just now was not caused by Qin Feng, we can rest assured....."

After hearing the last sentence, everyone was stunned. right!

As long as Qin Feng didn't make such a noise, they would feel more at ease.

As for who else did it, it doesn't matter...

Qin Feng really left a huge shadow on them.....

But he said that on the other side, within the fetal membrane of heaven and earth.

The disciples of the Shenmen League also sensed the huge noise coming from the assessment area. They all thought it was Qin Feng who caused it, and they all looked up eagerly.....

Unexpectedly, the last person to come out was the old Antarctic man.

The disciples were greatly puzzled.

Finally, the old man in Antarctica returned to the fetal membrane. All the children came forward to inquire and found that the old man in Antarctica had a good score, reaching 43 points.

Originally, the old Antarctic man was over the age limit and would be deducted 10 points.

But he signed a contract with Qin Feng, and he integrated a drop of Qin Feng's essence and blood into his body, possessing the bloodline of the ancient god lord, and received 10 additional points, which just offset the deduction points.....

In the end, he relied on his own strength to score 43 points.

This point made all the disciples admire him.

If we want to say who is better at alchemy among the Divine Alliance, apart from Qin Feng and Yun Xi, it is the old man from Antarctica.....

Next, all the disciples continued to wait for Qin Feng to come out...

What is surprising is that in the last hour, five or six people came out in succession, but none of them was Qin Feng...

This made the children of the Shenmen League more and more anxious as they waited, wondering what happened to Qin Feng inside.

However, the giants became more and more happy as they watched, secretly thinking that the previous big news should be related to Qin Feng.

If it is related, people should be the first to come out as soon as the movement stops.

They became more and more convinced that such a huge noise was caused by the old Antarctic man.

In this way, time passed unconsciously, and three or four people came out during this period.

It was only when there was only half a quarter of an hour left before the assessment was over that Qin Feng was the last one to return.....

When he returned, he was beaming with joy.

No one knew that in the last hour, he did some more things and got some unexpected gains...

Chapter 1267

But as soon as Qin Feng appeared, everyone in the audience paid attention and looked at him curiously.

Nowadays, he is the most influential person in the world, and he will be the center of attention no matter where he goes.....

"Look! Qin Feng's child is out!"

"hehe! He finally came out. He always waited until the end to come out. I don't know what he was doing!"

"What the hell could be done? Just pretending to be a ghost!"

The giants looked at Qin Feng while whispering.

"Did you find it? Seeing the joy on his eyebrows, it seems that he has gained something....."

"Ha~! If he was really good at alchemy, he wouldn't have waited so long to come out. Who knows what he was doing??"

"Even though he is so proud now, he is afraid that he will not even make it into the top ten....."

"Entering the top ten? There should be no hope for him! The rankings will come out soon, and I want to see how many members of the Divine League can make it into the top 100 this time?"

The giants muttered angrily.

And Qin Feng entered the fetal membrane of heaven and earth in their sour eyes.....

As soon as they entered the fetal membrane, everyone in the Shenmeng gathered around excitedly

"father!"

"His Majesty!"

"Father, how is the situation? Do you have a chance to get a super reward?"

The senior leaders of the Divine Alliance asked curiously.

The disciples also showed concern in their eyes.

In their opinion, it is easy for His Majesty to win the first place.

Only the super reward is difficult. Assessed...

Qin Feng said with a smile:"It should happen this time!"

Hearing this, all the disciples were very happy.

"That's great!"

"Your Majesty's action is extraordinary!"

They all know that Qin Feng never says anything that he is not sure about.

If His Majesty is so sure, the matter is almost inseparable.....

"Dad, how many points did you get?", Hongjun asked curiously.

Lord Ziwei smiled and said:"Seeing that Your Majesty is so sure, let me take a guess. Did His Majesty score 500 points?"

Qin Feng smiled and shook his head.

Ziwei Star Master was stunned:"More than 500 points? Wouldn't it be 600 points?"

"600 points? So many! Dad, did you really score 600 points?"

Hongjun's face was full of curiosity.

In their opinion, if you score more than 500 points, you will definitely get a super reward. As for 600 points, that is extremely incredible.....

"yes! Your Majesty, did you score 600 points?"

Qing Lin also asked curiously.

At this moment, all the disciples of the Shen League showed extremely concerned eyes.

Qin Feng smiled, not bothering to hide it, and said directly: "1020 points!"

As soon as these words were said, the whole place was in an uproar!

"Wha...what! 1020 points?!"

"Oh My God!"

1020 points!

This is too exaggerated!

All the disciples were stunned. They all froze on the spot and were petrified.

After a long time, there was a sound of gasping in the field, and all the disciples looked at Qin Feng with great admiration.....

Hongjun also swallowed his saliva and said with great excitement: "Dad, you scored more than a thousand points this time. You will definitely get super rewards like last time, and you may even have a chance to get special rewards!"

Ziwei Star Master also said excitedly: "Your Majesty, judging from these tests, the rewards are getting more and more generous. Your Majesty, if you receive super rewards and special rewards, the benefits you will receive will be unimaginable!"

"right! I wonder what the reward will be this time? In short, Father is going to have a big harvest this time!"

Fu Zhi and other senior officials showed excitement.

Qin Feng said lightly:"It would be great to have a super reward. As for whether there are special rewards, it depends on how the secret will is evaluated. However, let's not be too optimistic."

"After this assessment is over, it will be time to enter the second phase of seeking opportunities. All the forces will definitely take action against us. That will also be the most dangerous time for our League of Gods"

"Perhaps, each of our children will encounter their siege, so you must not take it lightly. Although I am not afraid of those giants joining forces, I cannot guarantee that I can take care of all of you."

With this reminder, all the disciples suddenly woke up.

That's right!

When this test is over, the Divine Alliance will face huge challenges.

No matter how strong the Divine Alliance is, it can handle the siege of all forces on its own. , it's really hard to say.

Even if Qin Feng has half the strength of the Saint Ancestor, it is difficult to say whether he can cope with the joint efforts of more than ten giants and the siege of fifty or sixty quasi-Saint Ancestors.....

Thinking about it this way, the pressure that the Divine Alliance will face is very great.

Thinking of this, Hongjun said:"Dad, it seems that this reward is very important to our League of Gods!"

Qin Feng nodded slightly:"That's right! This is the last time to improve our strength before we fight against other forces. opportunity. As long as the resources given by this reward are enough and our strength is improved enough, there is no need to worry too much."

"Of course, the more we improve our strength, the better. Only by doing that can we minimize our casualties, or even zero casualties."

Ziwei Star Lord interjected:"Your Majesty is right! The biggest threat at the moment is not the Nine Heavens and Ten Domains, nor the many small and medium-sized forces from the Great Thousand Worlds, but the three mysterious extraterrestrial sects. Until now, we still don't know what their trump card is?

Qin Feng looked solemn:"That's right!" The three sects outside the territory are all disciples of the Holy Ancestor. If there is a trump card, it will definitely be extremely terrifying. In addition to these three sects, is there another person who is extremely difficult to deal with?"

"who?"

"Ancestor of Ran Deng!"

With this reminder, Ziwei and others suddenly woke up.

There was an ancient corpse in the hands of the ancient ancestor of Ran Deng.

The giants didn't know it yet, but all the children of the Shenmen League knew it.

At that moment, Hongjun said:"Dad, that day, Ran Deng The ancient ancestor was unable to control the ancient corpse, so he retreated. A few days later, he returned carrying the coffin. The boy looked at his tone and expression that day, and he looked extremely confident. Is it possible that he can already control that ancient corpse?

Qin Feng nodded calmly:"Most likely so!"

Hongjun's face changed slightly:"Dad, if this is the case, the situation is not good!" The ancient corpse was the remains of the Saint Ancestor and had a strength close to that of a Semi-Saint. If the ancient ancestors of Ran Deng join forces and cooperate, I am afraid that the strength will reach the threshold of the half-step saint ancestor."

"Ancestor Guang Ran Deng is so difficult to deal with. If you add in all the forces, all the giants, and the three sects from outside the territory, it's really....."

Hongjun became more and more confused as he talked.

The surrounding disciples also became more and more unhappy as they listened, and the pressure in their hearts doubled.....

Qin Feng glanced at the disciples and said:"After the assessment is over, we will seize the rest time given by the secret place to improve our strength. You must not relax!"

"I'll understand!"

All the disciples agreed one after another.

At this moment, the communication jade talisman on Qin Feng's body began to tremble.

He quickly took it out and read the information inside, with a look of surprise on his face.

"Dad, what's the matter?", Hongjun inquired curiously

"It was a message from Xian Ling. When she saw that I had returned, she thought of bringing all her men over to sign a contract with me....."

Qin Feng didn't hide it.

Hongjun's eyes lit up:"Dad, this is a good thing! With the addition of Daxian Tianyu, our strength will be stronger."

Qin Feng smiled and shook his head:"It would be better not to let them come over for the time being!"

Hongjun Jun was confused:"Dad, why?"

Ziwei was also confused:"Your Majesty, if you want Xian Ling to be an undercover agent, I'm afraid it's impossible. If she goes to be an undercover agent, Old Man Yuexia will definitely let her

make a heart-to-heart contract first. But Xian Ling has become ours and cannot make a contract, otherwise the secret will be revealed on the spot!"

Qin Feng nodded slightly: "You don't need Xian Ling to be an undercover agent, just let Xian Ling continue to declare neutrality. You guys say, under the moon What will the old man do? For the sake of face and to scare other forces, he must take action against Xian Ling first"

"Perhaps, we can use this opportunity to differentiate between the giants. Let's see if we can kill Old Man under the Moon first....."

As soon as these words were said, Hongjun and others' eyes lit up, and they felt that there was some truth.

At this moment, the sky above the square suddenly surged, and an invisible spiritual pressure descended from the sky.

Everyone was startled and raised their heads.

Everyone knows that the secret will is coming.

This fourth assessment is finally over..

Chapter 1268

At this moment, the familiar ethereal voice sounded over the square.

"This assessment time is over and the assessment rankings will be announced later!"

As soon as these words were said, there was a commotion on the field.....

Within the fetal membrane of heaven and earth, the disciples of the Divine Alliance also began to discuss...

"The assessment is finally over!"

"yes! Don't know how we rank?"

"You can see it soon!"

All the disciples were a little nervous. They all looked at Qin Feng, waiting for orders.....

"You go! Emperor Feng stays!"

"yes! His Majesty!"

All the disciples agreed and rushed out of the fetal membrane of heaven and earth.....

They are all anxious to see their ranking.

The ranking in this assessment is not only related to their chance rewards, but also involves an elimination issue.....

All the disciples are naturally very concerned.

The five-point elimination system is like a sharp sword hanging in their hearts.

In order not to be eliminated, they naturally want to get a better ranking.

In this assessment, only those who enter the top five thousand can get points...

Many disciples are worried that they will not be able to enter the top five thousand...

In just a moment, all the disciples came out of the fetal membrane of heaven and earth.

Only Qin Feng and Feng Di were left in the field.....

"Your Majesty, why are you looking for a concubine?"

Feng Di came to Qin Feng with a respectful look.

At this time, Qin Feng had just finished sending a message to Xian Ling and made some arrangements.

"Yue'er, have you been stuck in the middle stage of Tiansheng for a while? Have you used up all the Heaven-Breaking Pills?"

Qin Feng put away the communication jade talisman in his hand and looked at his woman with a doting look on his face.

Emperor Feng smiled bitterly, and his beautiful face showed some helplessness.

When she was on earth, regardless of her cultivation and talent, They are all superb, but following Qin Feng all the way down, it gradually became difficult.

Now that she has been able to practice to the middle stage of Tiansheng, she has tried her best, but she still cannot catch up with many people, and was even beaten by Qin Baobao and Chu Chu All surpassed.

Of course, Qin Feng was also extremely partial to her and gave her the best resources and opportunities.

However, her talent and potential were inferior to those of Qin Baobao, Fuzhi, Ziwei and others.

"Your Majesty, I am not very qualified. I have used up all the Heaven-Breaking Divine Pills you gave me, but I still haven't been able to break through to the late stage of Heavenly Sage....."

Emperor Feng smiled bitterly.

Qin Feng nodded slightly.

He knew that Emperor Feng's qualifications and talents were somewhat lacking. Two or three Heaven-Breaking Divine Pills might not be enough.

"Yue'er, this elixir is for you!"

Qin Feng casually took out a Heaven-Breaking Pill....

"Thank you, Your Majesty! It's just my qualifications, I'm afraid... Hey! This elixir...."

Emperor Feng suddenly discovered that the Heaven-Breaking Divine Pill was a little different, so he couldn't help but take it...

When she took a closer look, she was surprised to find that there was a lotus pattern on the Heaven-Breaking Divine Pill, with thirteen petals. , the whole body is snow-white, faintly emitting green light, and the entire elixir exudes a strong power of Taoism.

"Your Majesty, is this also the Heaven-Breaking Divine Pill?"

The more Emperor Feng looked, the more surprised he became, and he intuitively felt that the Heaven-Breaking Divine Pill in front of him was different from ordinary ones.

Qin Feng's lips curled up slightly:"It is indeed the Heaven-Breaking Divine Pill, but its quality belongs to the Holy Realm Divine Pill!"

"Well...."

Emperor Feng was shocked.

It is a well-known fact that the Heaven-Breaking Divine Pill belongs to the Divine Pill of the Upper God Realm.

She has never heard that the Heaven-Breaking Divine Pill can have the quality of the Holy Realm...

Qin Feng said again:"The Heaven-Breaking Divine Pill of the Holy Realm quality is more than ten times more effective than the ordinary Heaven-Breaking Divine Pill. Just one pill can cure the disease." It allows you to easily break through to the late stage of Tiansheng. In addition, it also has the wonderful effect of permanently improving your understanding!"

"Can it also increase your understanding?!"

Feng Di's eyes lit up with surprise on his face.

What worries her the most is her lack of talent. If her understanding ability is improved, her talent will naturally be improved.

"Your Majesty, this Heaven-Breaking Divine Pill is so wonderful! How did you obtain this heaven-shattering elixir of the holy realm?"

Emperor Feng was very excited. She was so happy.

With this magical elixir, she not only has the chance to break through to the late stage of Tiansheng, but also improves her understanding. It's really wonderful.

Qin Feng smiled:"Let's not talk about this for now. trivia. The rankings are coming out soon, let's go take a look!"

"yes! His Majesty!"

Feng Di smiled sweetly, bowed to Qin Feng, and then came out of the fetal membrane of heaven and earth.

Qin Feng looked at her graceful back and showed a happy smile.

The Heaven-Breaking Divine Pill of the holy realm quality is what Qin Feng is refining. After completing ten turns of the Spirit Tempering Pill, when he was about to leave, something suddenly struck his mind. The

Pill Ascension Jue can be used on the Spirit Tempering Pill as well as other pills.

He had exactly one hour left, so he thought Give it a try.

At that moment, he chose to refine the Divine Pill of the Upper Realm.

Unexpectedly, in less than an hour, he successfully refined a Heaven-Breaking Divine Pill and used the Shengdan Jue to improve it by one level.....

The success of this attempt made Qin Feng very happy.

Today, there are fifty or sixty Heavenly Saints under his command, and there will be more and more in the future, and more Heaven-Breaking Divine Pills will need to be consumed.

The medicinal materials that can be used to refine the Heaven-Breaking Divine Pill are rare, difficult to collect, and cannot be refined in large quantities.

If the Shengdan Jue is used to improve the quality of the Heaven-Breaking Divine Pill and upgrade it to the Holy Realm quality, one pill can be worth ten pills, or even one pill can be worth dozens of pills. This can greatly reduce the consumption of medicinal materials and benefit more high-level officials. Children...

In the future, the development of the children of the Shenmeng will continue and become stronger.
.....

Thinking of this, Qin Feng walked outside the fetal membrane of heaven and earth.

The next second, he came out of the fetal membrane of heaven and earth.

At this time, there was a lot of noise in the square.

People gathered around the points monument and waited nervously.

At this moment, the crowd was whispering and sighing from time to time.....

"Hey~! I got 0 points this time. I wonder if I can get into the top 5,000?"

"Well.....Fellow Taoist, your ambition is not small! Got 0 points and want to be in the top 5,000?"

"how? is it not OK?! Haven't you seen that there are still a lot of negative scores over there?"

"....."

Buzz~!

Just as the crowd kept muttering, the Points Monument lit up with dazzling light, instantly reflecting theFrom all directions, there was a pleasant chirping sound...

Everyone quickly quieted down and looked nervously at the sacred monument...

The next second, lines of information appeared at the bottom of the sacred monument.

The first one that appeared was the 10,000th one. Zero one, then the ten thousandth person...

After the last assessment, there were ten thousand and one people left.

This time, they are arranged from low to high.

In just a moment, the ranking went from number 10,001 to over 8,100, and all of them were negative.....

The crowd sighed.

This alchemy test is really difficult!

At the same time, people also discovered a detail.

That is, when the scores are the same, the older ones will be ranked lower and the younger ones will be ranked higher, so there will be no tied rankings.

It can be seen that the will of the secret land also favors young people in its selection of inheritors.

Buzz~! Buzz~! Buzz~!

Lines of golden light emerged!

Rankings revealed one after another.....

There are constant rumors of wailing in the crowd.....

In the blink of an eye, the ranking reached 5003rd, approaching the dividing line of 5000th place. The atmosphere in the field became tense...

As long as you enter the top 5000, you will get points. If you cannot enter, you will get 0 points. , everyone is naturally nervous.....

Buzz~!

A golden light flashed, and the new ranking was revealed...

No. 5002, Hunji Heaven Realm, Kunlun, 11 points...

As soon as this ranking came out, a wailing sound rang out from the crowd in Hunji Heaven Realm.

The wailing person was naturally the Kunlun player.

At the same time, the children of the Shen League were also nervous, because the lowest score of the Shen League was 11 points.....

Even Qin Feng held his breath and paid attention.....

He naturally hopes that all the children of the Divine Alliance can enter the top five thousand...

Buzz~!

Another ranking was displayed,

No. 5001, Taikoo Tianyu, Gu Feng, 11 points...

Another 11 points, and a sigh came from the crowd in Taikoo Tianyu...

Buzz~!

No. 5000, casual cultivator, Mo Yang, 11 points.....

Buzz~!

No. 4999, Shenmeng, Aikawa Kaede, 11 points.....

This ranking always brings cheers to the Divine Alliance.

The cheers of thousands of disciples shocked the whole square and made everyone look at them.

Even Qin Feng had a smile on his face.

The two clones have long known the statistics of their children's points, and he naturally knows it too.

This Aikawa Feng is from the Xiangliu clan. He is a young junior who is not good at alchemy. This time he only scored 11 points, which is also the lowest among the children of the Shen League.

Now, even Aikawa Kaede has entered the top five thousand, which means that all the children of the Divine Alliance have entered the top five thousand, and everyone can get points, no longer zero...

This naturally makes the children of the Divine Alliance very happy.

The cheers from the Divine Alliance made many powerful disciples look askance at them.

In the corner, the giants frowned when they saw this scene.

Ancestor Ran Deng was annoyed:"Both have 11 points, why are my disciples from the Ancient Heaven Realm ranked 5001? The one from the Divine Alliance is ranked 4999."

Ancestor Huanji was also unhappy and said:"My disciples are also 11 points, and even ranked 5002nd!"

Liugen Ancestor sighed:"Hey! It must be related to age. Most of the children of the Shen League are young, and with the same points, they have an advantage....."

Hearing this, the giants smiled helplessly.

They knew what Patriarch Liugen said was true.

Taiqing Saint Ancestor sighed:"The will of this secret place is to favor the Divine Alliance. The names of the Divine Alliance's children did not appear until the 4999th place. This shows that they are all going to score points again."...."

Amitabha muttered:"No wonder everyone in the Divine Alliance cheered, it's really unpleasant!"

The Six Root Ancestor smiled coldly:"Fellow Taoists, don't be impatient. The children of the Divine Alliance have a secret will to be partial. It's not surprising to be among the top five thousand. But when it comes to making it into the top 100, I'm afraid only a handful of them, even the three brothers Qin Feng, will not be an exception!"

Old Man Yuexia also smiled confidently:"Yes! The good show is yet to come, everyone just wait and see!"

Hearing this, the giants looked at each other and smiled, then continued to look at the monument.

Not long after, the ranking on the monument was close to 100, and the atmosphere in the field became tense again..

Chapter 1269

Not long after, the ranking on the monument was close to 100, and the atmosphere in the field became tense again.....

Entering the top 100, the points earned will be very different, and the meaning will naturally be different.....

At this moment, all the disciples of the Divine Alliance also held their breaths and looked up eagerly.

On the other side, Old Man Yuexia looked at the monument with a smile on his face, his eyes full of joy.

"Everyone, I just counted more than 1,300 disciples of the Shen League, and basically all of them have appeared. Their rankings range from 5,000 to more than 200. Currently, only the last eleven people have not appeared yet....."

Old Man Yuexia told his discovery with a look of joy.

When the giants heard this, their eyes lit up and they looked overjoyed.

"Ha ha!! Fellow Taoist Yuexia is still observing carefully!"

"hey-hey! I wish I could kill everyone in the Divine Alliance to avenge my children, so I will naturally put more thought into it. What is gratifying is that now there are only more than 110 people in the queue, but only eleven people from the Divine Alliance have not shown up. Such results are very unsatisfactory!"

"That's right!! According to the performance of the first three times, the League of Gods is getting better and better each time, especially in the third assessment, more than 20 people entered the top 100. This time there were only eleven people at most, which was less than half the number last time."

As soon as these words were said, all the giants showed signs of gloating.

Then, Old Man Yuexia said again: "I'm just telling you that all the children of the Shen League can pass the test because of the partiality of the secret will. But after all, they were too young and had little experience in alchemy, so they could not get high marks. Therefore, it is easy for them to enter the 5,000th place, but it is too difficult to get a good ranking!"

"yes! Alchemy is a skill that needs time to be polished. How can it be accomplished overnight by those still young children? By the way, fellow Taoist Yuexia, there are still eleven people from the Divine Alliance who haven't shown up yet?"

Ancestor Liugen asked curiously.

Old Man Yuexia smiled: "Fellow Daoist Liugen, don't tell me, I have actually done statistics. The eleven people who did not appear were Qin Feng, Qin Lei, Qin Mu, Hongjun, Ziwei, Qinglin, Fuzhi, Panzu, Qin Chuchu, Shangguan Yunxi, and the old man from Anji."

Ancestor Liugen exclaimed: "Tsk, tsk!! Taoist friends really know all the treasures, and they remember the names of these little people clearly!"

All the giants also sighed, secretly thinking that the old man under the moon was as meticulous as his hair.

With their arrogant personalities, except for Qin Feng, Qin Lei, and Qin Mu, they didn't care about the others, and even Hongjun didn't take it seriously. , everyone thought those were just ants, as serious as the old man under the moon was.....

"Only by knowing yourself and the enemy can you be victorious in every battle! I was at a disadvantage before because I underestimated Qin Feng and the Shenmeng, so now I am not willing to let go of even a single detail in my observation of the Shenmeng."

Old Man Yuexia explained with emotion on his face.

Ancestor Liugen understood very well and nodded: "I understand fellow Taoist's feelings. Among these eleven people, who do you think will be in the top ten?"

"yes! Fellow Taoist Yuexia, who do you think among these people will be in the top ten?"

All the giants showed curious expressions.

The corners of Old Man Yuexia's mouth curled up slightly:"Dissatisfied, everyone, I have secretly observed these eleven people. Except for the Antarctic old man, the other ten people are extremely young, no more than one million years old.."

After hearing this, the eyes of all the giants lit up and they looked happy again.

At that moment, the Ancestor Ran Deng said with a smile on his lips:"If you are not more than a million years old, there is no need to talk about alchemy at all. I can be sure that Qin Feng's ten people have extremely low points in alchemy."

Ancestor Liugen agreed:"If it weren't for the 10 additional points for age and the 10 additional points for bloodline, the ten Qin Feng people would not be able to reach more than 20 points. They want to be in the top ten, that's a dream. Only the old Antarctic man is a threat....."

The old man under the moon smiled proudly:"The Antarctic old man has lived long enough, but his cultivation is not enough, and it is difficult for him to achieve great things. As I see it, the entire army of the Divine Alliance has been wiped out this time. I can't even imagine that one person can enter the top ten....."

"That's right! Let's just wait and watch the show! Ha ha!!"

The giants showed knowing smiles.

At this moment, there was a commotion and exclamation from the crowd...

It turned out that the ranking had finally reached the 100th place...

The giants turned their heads to look.

I saw that I had won the 100th place. The name is a peak Heavenly Saint powerhouse...

For such a ranking, the giants and assessors all think it is normal.....

In the previous assessments, except for the children of the Divine Alliance, those who entered the top 100 were basically quasi-saint ancestors, not even a peak Heavenly Saint powerhouse.

After all, the total number of quasi-saint ancestors is close to a hundred.

It wasn't until Qin Feng killed more than a dozen quasi-saint ancestors that the number of quasi-saint ancestors dropped sharply to seventy or eighty.....

In this fourth assessment, Qin Feng's contribution to being able to advance to the peak of Tiansheng is not small.

Buzz~!

A golden light emerged, revealing a new ranking.

Ninety-ninth place, Daxian Tianyu, Zhao Gongming, 27 points.....

As soon as this information came out, the whole place was in an uproar.

"Look! Zhao Gongming from Daxian Tianyu has entered the top 100!"

"No way? Isn't he in the early stage of Tiansheng? Just based on his strength, can he enter the top 100?"

"hehe!! My cultivation level is not high, but my alchemy skills are amazing! This assessment is about the level of alchemy, not the strength of cultivation....."

As soon as he said these words, the sacred monument lit up again, and the new ranking was revealed...

Ninety-eighth, Daxian Tianyu, Yunxiao, 27 points.....

"Huh! Another person from Daxian Tianyu!"

Buzz~!

The golden light emerged, and the new ranking reappeared.....

Ninety-eighth place, Daxian Tianyu, Bixiao, 27 points.....

"No way! Still from Daxian Tianyu!"

Buzz~!

The 97th place, Daxian Tianyu, Qiongxiao, 27 points.....

"Oh My God! He is actually from Daxian Tianyu!"

Zhao Gongming and Sanxiao have the same points, but Qiongxiao is the youngest, but has the best ranking...

Next, several more rankings emerged, all of them are peak Tiansheng experts...

Buzz~!

Golden light flashed, another ranking Emerging...

No. 91, Daxian Tianyu, Xianling, 29 points.....

As soon as this ranking came out, the whole audience was in an uproar again!

"Oh My God! Master Xian Ling has also entered the top 100!"

"yes! Daxian Tianyu Tiansheng and above have all entered the top 100....."

"I really didn't expect that! It turns out that Daxian Tianyu is very good at refining alchemy!"

"Strange! I've never heard that Daxian Tianyu is good at alchemy before!"

"It should be that we don't know enough about Daxian Tianyu....."

At this moment, the crowd kept whispering, and many forces cast envious glances at Daxian Tianyu.....

Even the disciples of Hunji Tianjie, the largest force in the Nine Heavens and Ten Domains, looked at the five Xianlings with envy on their faces... There were many powerful Heavenly Saints among those disciples, but they all fell outside the top 100.....

At the same time, Daxian Tianyu was already cheering

"Congratulations to the domain lord! Four deputy domain masters! All in the top 100!"

More than twenty disciples from Daxian Tianyu came forward to congratulate them.....

This time, none of the Da Xian disciples had the chance to enter the top 5,000. Xian Ling, Zhao Gongming and San Xiao all entered the top 100, which really surprised them all... The five Xian Lings were also full of joy.

"Territory Lord, all five of us have entered the top 100. We can all get five points in this assessment, so we don't have to worry about being eliminated!"

Zhao Gongming looked happy.

Yun Xiao also said:"Yes! In the first three assessments, we were not able to enter the top 100. We only scored 3 points in total, which was 2 points short of 5 points. This time it's better, we can get 5 points in one go!"

"whee! It seems that our luck in Daxian Tianyu has arrived!"

Bixiao and Qiongxiao were also overjoyed.

Xianling glanced at the four of them and said with a smile: "We have to thank that gentleman for being able to enter the top 100!"

"The Territory Lord is right!"

Zhao Gongming and Sanxiao promised again and again. They glanced at the Divine Alliance from the corner of their eyes and cast grateful looks at Qin Feng...

If they hadn't signed a contract with Qin Feng and contained the blood of the ancient god lord in their bodies, they would not have received it. 10 bloodline additional points.

Without that additional point, they would never be in the top 100.

In this way, they are naturally grateful to Qin Feng.

(Assessor information is subject to the first assessment entry, so the identity information of Xian Ling and others is still large Xiantianyu, not the Divine Alliance.)

"Territory Lord, four deputy Territory Lords, who are you talking about?"

A disciple inquired out of curiosity.

Xian Ling frowned slightly and said seriously: "You don't need to ask any more questions! We'll know later!"

"oh!"

The disciple was startled and quickly shut up obediently.

Xian Ling and Qin Feng had already communicated and would not expose the matter of joining the Divine Alliance for the time being, and naturally did not want the disciples to know about it.

At the same time, within the Divine Alliance, Ziwei

, Hongjun and other senior officials showed knowing smiles when they saw the joy in Daxian Tianyu.

They naturally knew the reason why Xianling and others could enter the top 100.

On the other side, the giants also looked at it in surprise Xiang Daxian Tianyu

"I never expected that five people from a small Daxian Tianyu would enter the top 100!"

"yes! This time, Daxian Tianyu performed very well!"

"By the way, fellow Taoist Yuexia, how are you discussing with Xian Ling?"

The giants suddenly thought of this little thing and looked at Old Man Yuexia.

"That junior hasn't given me a reply yet!"

Old man Yuexia glanced at Xian Ling.

Then he continued: "After the rankings are announced, I will take the initiative to contact her to see what she says."

Amitabha nodded slightly: "If this woman is the internal correspondent, we can kill Qin Feng so that we can avoid detours and reduce unnecessary losses. We are afraid that this woman will not agree."

Old man Yuexia smiled confidently: "Don't worry, fellow Taoist!" Comparing us with the Divine Alliance, we can tell at a glance which one is stronger and which one is weaker. It is human nature to cling to the powerful side, and she will definitely choose our side."

"What's more, I also promised to give her a gold-type sacred weapon. She has no reason to refuse such a good thing!"

Hearing this, the giants nodded one after another and showed knowing smiles.

In their view, it is a sure thing to win over Xian Ling as an internal agent, and there will be no problem...

Chapter 1270

Hearing this, all the giants nodded and showed knowing smiles.

In their view, it is a sure thing to win over Xian Ling to do internal work, and there will be no problem.....

Afterwards, the giants continued to watch the rankings.

On the sacred monument, golden light flashed one after another, and words appeared one after another.

Soon, there were more than seventy people listed on the sacred monument, all of whom were powerful quasi-saint ancestors.....

There are currently more than fifty people who are not on the list. Except for the Divine Alliance, the rest are all powerful at the Saint Ancestor level.

In the blink of an eye, the ranking reached thirty.

During this period, the name of the Ancestor Ran Deng appeared, but he was only ranked 47th, which made him greatly annoyed and even a little ashamed.

The names of Qin Feng and others have not yet appeared.....

"strangeness! Why haven't the names of Qin Feng and others appeared yet?"

At this time, Ancestor Liugen couldn't help but muttered

"yes! This...this has reached the thirtieth place!"

All the giants looked at each other, feeling a little uneasy.

Buzz~!

A flash of inspiration emerged, and a new ranking appeared...

No. 29, Shenmeng, Antarctic old man, 43 points.....

"Finally, someone from the Divine Alliance has entered the top 100!"

"right! I thought that this time, few from the League of Gods would make it into the top 100...."

"hehe! Haven't you noticed that the rankings of the three Qin Feng brothers have not been announced yet?"

"right! I stared at it for a long time, but I didn't see the rankings of the three Qin Feng brothers....."

There was a buzz of discussion among the crowd.

The examiners were extremely concerned about Qin Feng and his two clones...

It was Qin Feng and his two clones that shocked them too much.....

At this moment, all the giants also frowned and looked uneasy.

"Everyone, this situation is not good!"

"yes! According to my previous analysis, the Antarctic old man should be the best among the eleven members of the League of Gods, but now the situation is contrary to our analysis!"

"yes! His ranking has come out, but the rankings of the three Qin Feng brothers have not come out yet.!"

"That's it for Qin Feng, Qin Lei, and Qin Mu! Why didn't those Hongjun, Ziwei and other ants come out? I never thought that those ants' scores would be better than those of the old Antarctic man!"

"yes! This shouldn't be the case! These ten guys are not more than a million years old. No matter how talented they are in alchemy, they are still not as good as the quasi-saint ancestors. How could they surpass the Antarctic old man and enter the top thirty?"

The giants kept mumbling and were very puzzled.

At this time, the six ancestors frowned and said:"Everyone, do you have a bad premonition?"

"What hunch? Does junior brother think how many of Qin Feng and others will be in the top ten?" asked Amitabha

"Should...probably not!"

Old man Yuexia swallowed his saliva and felt very uneasy.

If two or three of the remaining ten members of the Shen League could enter the top ten, he would feel that his heart could not bear it and he was not willing to accept that reality.

But judging from the current situation , Look, there are signs of that.....

Ancestor Liugen looked around at the giants and then whispered:"Everyone, have you discovered a detail? According to our previous analysis, there are probably about thirty names of fellow Randen Taoists."

"But what's the result? There were only forty-seven fellow Randeng Taoists. What is even more worrying is that the Antarctic old man only ranked 29th with 43 points. But according to our previous analysis, a score of 40 or more can make it into the top 20, but it is not the case now....."

"In other words, the points for entering the top twenty rankings are more than we expected!"

Ancestor Liugen analyzed it carefully.

After hearing this, all the giants looked at me one by one, and I looked at you, dumbfounded.

Ancestor Liugen's analysis makes sense!

Old Man Yuexia was unwilling to give in, and still said stubbornly: "Fellow Daoist Liugen, maybe you are overly worried, but I still don't believe that one of Qin Feng's ten people can make it into the top ten. Ancestor Liugen smiled bitterly:"

I also hope that I am overthinking it, but have you ever thought about it?" At present, there are still more than 20 people whose rankings have not been announced. There are ten people like me and ten people from Qin Feng, so there are twenty people in total."

"Based on this calculation, there is a high possibility that the ten people from Qin Feng will compete with ten people like me for the top ten position....."

As soon as these words were spoken, the deep voice of Saint Taiqing rang out in the venue.

"Not possible, but already. Look! The 21st one has already come out, and it's not even Qin Feng's ten....."

At this reminder, the giants quickly looked up.

I saw the latest ranking displayed on the sacred monument as follows:

No. 21, Outer Pure Sect, Venerable Manjusri, 44 points.....

"No way! Junior Brother Manjusri only got the 21st place?"

Amitabha was slightly startled.

"Everyone, it looks like things are not good!"The old man under the moon also looked sad.

This time, only the top twenty were left.

And the people whose rankings were not shown were the nine giants plus Samantabhadra and the ten Qin Feng.At this moment, all the giants realized this and felt sad.

At this moment, the sacred monument lit up again.

The giants quickly looked up.....

Buzz~!

20th place: Outer Pure Sect, Samantabhadra, 45 points.....

"This...this..."

When the Venerable Samantabhadra saw the rankings, his tongue was knotted, and his face was extremely ugly.

Before that, the giants praised each other and made a self-righteous ranking.

This Venerable Samantabhadra was considered He would get tenth place, and he was expected to get the ranking reward.

He also believed it, and had been looking forward to it.

But unexpectedly, not only did he not get tenth, but he only got twentieth place.

This huge psychological gap made him almost Collapse on the spot.

At this moment, a new ranking appeared again.

Buzz~!

The nineteenth place, casual cultivator, six root ancestors, 47 points.....

As soon as this ranking came out, the whole place was in commotion.

"No way? The Six Roots Ancestor only got the 19th place?!"

"He is a veteran giant!"

"yes! How could his ranking be so bad this time!"

In the square, all the assessors exclaimed.

The six ancestors were also dumbfounded, and their hearts felt cold...

The giants were also caught off guard.

But before they could think more, the sacred monument updated their rankings again.....

Buzz~!

Eighteenth place, Extreme Moon Heaven Realm, Old Man Under the Moon, 53 points.....

"Oh My God! Old Man Yuexia only got the 18th place!"

"This...this must be the worst in history!"

The whole place was in an uproar again!

The old man under the moon shook his old body slightly as if he had been struck by lightning.....

The giants opened their eyes wide in shock.

Before they could recover, the rankings were updated again.....

Buzz~!

Seventeenth place, Outer Taoist Sect, Shangqing Saint, 61 points.....

The whole audience sighed again, seeming to feel sorry for it.

Buzz!

Sixteenth place, Huanji Heaven Realm, Hunji Ancestor, 74 points.....

The sound of regret in the audience became even louder.

Next, the rankings will be revealed one after another.....

The fifteenth, the Taoist sect from outside the territory, the Jade Pure Saint.....

The fourteenth place, Outer Pure Sect, Amitabha...

The thirteenth place...

Just like this, every time a giant was ranked, the whole audience sighed with great regret, and the faces of the giants also became uglier.....

In the blink of an eye, the ranking was ranked eleventh, the Demonic Abyss outside the territory, Mohu.....

All giants have fallen outside the top ten.....

At this time, the giants were completely dumbfounded.

The assessors were also confused.

But before they could think about it, the Divine Monument updated the top ten rankings...

The tenth place was Shenmeng, Hongjun, with 154 points...

The whole audience suddenly exclaimed.

This is the second time Hongjun has entered the top ten.

But before the exclamations stopped, a new ranking was revealed.....

Ninth place, Shenmeng, Chu Chu.....

The exclamations in the audience became even louder...

Immediately afterwards came the eighth place, Shenmeng, Fu Zhi...

It was the children of Shenmeng again, and the audience burst into exclamations...

Next, the children of Shenmeng were ranked one after another. This revelation caused the whole audience to scream loudly...

In the blink of an eye, the ranking reached fourth place, Shangguan Yunxi from Shenmeng, with 220 points.....

As soon as they saw that Yun Xi's score had reached the limit, the whole audience was in a state of shock, with everyone looking in disbelief! , even those giants shook their heads, thinking it was an illusion.

But before they could recover from the shock, the Xuanying clone and the Xuanying clone scored 280 and 370 respectively, leaving everyone completely stunned!

When Qin Feng's 1020 points appeared, the entire audience fell into a deathly silence, as if everyone's breathing stopped at that moment...
