

## God level 1271

### Chapter 1271

At this moment, the whole place was eerily silent!

If a pin drops, you can hear it clearly!

I don't know how much time passed before everyone slowly came back to their senses. They all looked at each other, still feeling unbelievable!

1020 points!

The full score is only 220 points!

This is 800 points more than the full score!

This can no longer be expressed with exaggeration!

In fact, not to mention Qin Feng's 1020 points, even the points of Xuan Female Clone and Phantom Clone completely shocked them.

They really couldn't figure out how the three Qin Feng brothers did it...

The crowd also started talking.

"Tsk~! Tsk~! 1020 points! How did Qin Feng do it?"

"yes! It's so confusing!"

At this moment, everyone was sighing.

At this moment, a voice full of jealousy resounded throughout the audience.

"Qin Feng! Qin Lei! Qin Mu! You three are cheating! You are definitely cheating!"

The whole audience was startled. They all followed the sound and saw that the speaker was none other than Old Man Yuexia.

Seeing this, Qin Feng couldn't help but frown.

Before he could speak, Hongjun beside him jumped with anger and immediately Pointing at Laozi Yuexia, he started to curse loudly.

"Old thief under the moon! Your level of alchemy is not as good as my father and uncle, so you are cheating by falsely accusing them! How shameless!"

Old man Yuexia sneered:"You little bastard! Do you think I am just talking nonsense?!

Hongjun sneered:"Haha!" You're not just talking nonsense, so what are you?! Even the will of the secret place has been determined, but you just said cheating. If I look at it, you are just jealous, you are nakedly jealous!

The old man under the moon was furious:"You little thief!" You've gone too far! Are you saying I'm just talking nonsense? Then I ask you, the highest score in this alchemy assessment is 220 points. Why can Qin Feng, Qin Lei, and Qin Mu's scores exceed the 220-point limit?"

This reminder caused an uproar in the audience.

Yes!

The maximum maximum score is 220 points!

How come the scores of Qin Feng, Qin Lei, and Qin Mu exceeded the full score?

Could it be that the three of them really cheated?!

All the assessors suddenly felt suspicious.

Even Hongjun was stunned for a moment.

He didn't know how his father got the score above the full mark.

To be honest, he was also full of curiosity.

"Little thief! Tell me! How did the three of them exceed the perfect score?"

Old man Yuexia asked loudly

"this....", Hongjun didn't know what to say.

At this moment, Qin Fengyun spoke lightly.

"Old Man Yuexia, you doubt my three brothers, which proves that you have poor vision, and that is why you said such ridiculous words. No wonder your alchemy skills are so low!

Old Man Yuexia laughed angrily:"Haha!!" How funny! You said that my level of alchemy is low, then you can prove it first, how did you get the points to exceed the full score? If you have the ability, prove it to everyone!"

As soon as these words came out, everyone looked at Qin Feng with strange eyes.....

The old man under the moon said in a sinister manner:"Child Qin Feng, I'm sorry you can't prove it. How can you, a child who is less than a million years old, be good at alchemy? If you say you didn't cheat, I won't believe it until I die! Unless....."

Before he finished speaking, Qin Feng made a move, a white light flashed in the field, and a pill furnace appeared out of thin air, suspended in mid-air...

Before everyone could understand what was going on, Qin Feng flicked his index finger.

Boom~!

The fire is lit instantly!

Then, Qin Feng waved his hand again, and a bunch of medicinal materials appeared out of thin air and fell towards the alchemy furnace...

Immediately afterwards, he pinched the seals with both hands and kept flying, which only dazzled the whole audience.

No one's eye speed could keep up with Qin Feng's hand speed...

In just a moment, before the examiners could see clearly, they saw the alchemy energy rising into the sky, and a silver divine elixir flew out of the alchemy furnace.....

At the same time, the wind surged over the alchemy furnace, forming a huge celebrating cloud. The heaven and earth were shaken by it, making the heaven and earth roar, and the whole square was trembling... The next second, a dao lotus was born, with thirteen petals. Become one with the silver magic elixir.....

As soon as the fusion was completed, the aroma of the silver magic elixir reached the sky, exuding endless light of Taoism, shaking the heavens and the earth.....

The examiners looked at the silver magic pill carefully and felt shocked...

They recognized at a glance that the silver magic pill was the Eternal Breaking Pill, which could help the first and second realms of eternity break through the small realm.

The Po Heng Dan is a lower realm divine pill, but the Po Heng Pill in front of you is different. There is purple light in the silver, with a strong Taoist charm, and there is also a halo light that is only found in the middle realm divine pills.

"Dad, you...are you the Heng-Breaking Pill? But no matter how I look at it, it looks like a mid-level divine elixir!"

Hongjun couldn't help but ask.

The whole audience was also puzzled.

"You read that right! It is the Po Heng Dan, but its quality has reached the middle level."

Qin Feng waved and put away everything in the field.

Hongjun suddenly exclaimed:"Oh my God! Dad, your alchemy skills are so powerful that you can actually refine a lower realm divine elixir into a middle realm quality. No wonder you can score more than the full score!"

As soon as these words were spoken, the whole audience suddenly realized

"right! If you can improve the quality of the magic elixir to a higher level, you should get scores that exceed the limit!"

"Indeed! I really didn't expect that Qin Feng's alchemy skills were so terrifying!"

"yes! This is the first time I have seen the alchemy technique that can improve the quality of elixirs!"

"That's right! Today, I have become more knowledgeable!"

"By the way, have you noticed? It only took Qin Feng a few minutes to refine an eternity-breaking elixir. This level of elixir refining... tsk tsk!! It is not surprising at all to say that he can score 1020 points!"

At this moment, the whole audience was amazed. Everyone looked at Qin Feng with admiration.  
.....

Among the crowd, Xian Ling, Zhao Gongming, and San Xiao's eyes shone with admiration... At this moment, they became even more devoted to Qin Feng.

On the other side, the giants were also dumbfounded.

It was also the first time that they saw that someone could improve the quality of the elixir.

Such a top-notch secret technique would be difficult for even the Holy Ancestor to control, but Qin Feng has mastered it.....

With this alone, Qin Feng's alchemy skills surpassed them by ten blocks.....

Among the giants, Old Man Yuexia felt his throat was dry and his mouth was full of bitterness.....

"Old Man Yuexia, do you understand?"

Qin Feng looked over with a smile but not a smile.

"I.....", Old Man Yuexia didn't know what to say.

Hongjun laughed and said:"Haha!! Old thief Yuexia, now you understand why my father's score can exceed the perfect score! You have no ability and no vision, so you framed my father. It's really funny!"

Pangu He also echoed:"Young Master, you can't blame this old guy! With his vision, he can't imagine His Majesty's methods. From my point of view, compared with Your Majesty, this old guy's alchemy skills are like a firefly competing for the brightness of the bright moon. , not worth mentioning!"

"You...you guys!"

Old man Yuexia was so angry that his face turned red.

But he was wrong, and he didn't know how to refute for a moment.

Even the examiners around him looked at him strangely.

Old man Yuexia suddenly felt like a clown, a little embarrassed.....

Just when he was so embarrassed that he felt ashamed, the points monument in the center of the square lit up with a spiritual light.....

Buzz~!

The monument trembles!

One by one, the assessment points appeared behind the rankings...

Everyone was startled and turned their heads to look.

I saw that the number 1001 to the 5001 were all 0 points.

The 5000th place to the 101st place is 1 point.

The 100th to 11th place is 5 points.

Tenth place is worth 10 points, ninth place is worth 20 points, and eighth place is worth 30 points.  
.....

By analogy, Qin Feng scored 100 points, and the two clones scored 80 and 90 points respectively.

At this moment, everyone's clearance tokens vibrated, and the secret will sent another message.

Everyone took it out to watch.

After a while, there was a cry from the crowd!

"Oh my God! This...this rule! My last hope is gone...."

Qin Feng also took it out and looked at it, then showed a smile.

It turned out that the secret will gave the final points trading rules, and the whole process could only be completed within three hours.

That rule is detrimental to many people, but it is very beneficial to Qin Feng...

Chapter 1272

It turned out that the secret will gave the final points trading rules, and the whole process could only be completed within three hours.

That rule is detrimental to many people, but it is very beneficial to Qin Feng...

According to the rules, everyone can only trade once, and they can only trade for 1 point.....

After three hours, all points transactions will be ended and the total points from the four assessments will be announced.

Those whose total points are less than 5 points will be eliminated on the spot.

After the elimination is completed, the clearance rewards and ranking rewards for this round will be distributed.....

According to the information, the reward for passing the level this time will be different from the previous one, and I don't know what the reward will be.

However, after this assessment, it came to an end.

Next, we will go through the stage of seeking opportunities and the final special assessment.

"Dad, according to the trading rules, each person can only trade once, and can only trade 1 point at a time. So many people who only have 3 points will have no way to pass the level!"

Hongjun's voice rang in Qin Feng's ears.

Ziwei Star Master also said:"Yes! Only those who get 4 or more points can collect 5 points through transactions....."

Qin Feng looked around at the wailing crowd and said with an indifferent expression:"This secret place holds various assessments to select outstanding inheritors. Naturally, there will be basic requirements. As long as you can get 1 point in each assessment, you can get 4 point"

"If they can't even get 4 points, it can only be said that these people can't even meet the minimum requirements of the secret will, and it is normal for them to be eliminated."

Hongjun said happily:"Dad, all the children of our Divine League have reached 4 points or above, and they all have a chance to stay. However, there are less than a hundred people with a score of 5 or above, and the remaining 1,300 people all have a score of 4, which is still a bit difficult to handle. ...."

Lord Ziwei suggested:"Your Majesty, why don't you let some of the disciples sacrifice, each contribute a point, and let the other half pass the level."

Qin Feng shook his head slightly:"You don't have to sacrifice the children of our Divine Alliance. Look at this square , there were cries everywhere, there were at least five or six thousand people whose points were below 3 points. These people were destined to be eliminated, and they would definitely be willing to trade their points....."

Hongjun's eyes lit up:"Yes! More than half of the people who are destined to be eliminated. As long as they are willing to trade with us, it will be enough for us, the children of the Divine Alliance..."  
The

Master of Ziwei Star looked worried:"Your Majesty, all the forces are now They regard us as a thorn in their side. Many people are very resentful towards our Divine Alliance. Are they willing to trade?"

Qin Feng glanced at the audience and sneered:"They are resentful towards us. They are just blaming us for losing their Xuanwu Saint. opportunity. In fact, even if they were not teleported out in the first place, they might not be able to get the opportunity."

"It's just that people always like to blame others for their failures and find a reason to comfort themselves, but they also know very well in their hearts that the real reason is their incompetence. This is human nature."

"Now, as long as we come up with something that makes them excited, they will definitely be willing to trade points with us. Who will have trouble with interests? No matter how much complaints you make, it's just a struggle for interests."

"If they are unwilling to trade, when they are eliminated, all the points in their hands will be forfeited. In this case, it is better to get some benefits in exchange. Do you think they will be unwilling to trade?"

Qin Feng spoke so thoroughly that Hongjun and the others immediately understood and their eyes lit up.

At this time, Fuzhi also interjected: "Father, my child's Hetu Luoshu has been promoted to a sacred weapon, and its power has been greatly increased.. If the Zhoutian Star Formation is launched again, the power it will unleash will be unimaginable."

"But the smallest Zhoutian Xingdou Formation must consist of a thousand people. If we can keep all our children, they can form a large formation....."

Qin Feng smiled and nodded: "As a father, I also have this intention. Besides, we, the children of the Shen League, all have 4 points, and we are all qualified to stay. Naturally, we cannot waste it."

"Dad, what should we trade for?"

"That's it!"

Qin Feng waved his hand, and thousands of divine pills appeared, including the Po Heng Pill and the Po Ji Pill.

"Wow~! So many!"

Hongjun marveled.

Ziwei, Fuzhi and other senior officials also clucked their tongues.

Qin Feng got these magical pills in the territory of Xuanwu Saint.

He still has tens of thousands of pills in his hand, and he is worried that he has nowhere to use them.  
He can use them now.....

"Dad, most of those assessors who only have 3 points in their hands are in the second realm and supreme saints. These Heng-Breaking Pills and Ji-Breaking Pills are very tempting to them, and they should be able to get points in exchange. Qin Feng's lips curled up slightly:"

Let you guys handle this matter!""

"yes! father!"

"yes! His Majesty!"

Hongjun, Ziwei and other senior officials all agreed.

When the disciples saw this scene, their eyes were filled with surprise. They looked at Qin Feng one by one, full of emotion.

His Majesty's kindness to them is really speechless.

As long as there is a chance. , His Majesty did not give up on them.

This also made all the disciples become more and more devoted to Qin Feng.....

Afterwards, Qin Feng explained some more, turned around and left.

The two clones also left.

Just let the subordinates handle these trivial matters themselves.

After a while, Qin Feng and the two clones returned to the fetal membrane of heaven and earth.

As soon as it entered the fetal membrane, Xuan Min's clone sat cross-legged and meditated, her mind sank into the Great Flood God Realm, and began to communicate with Liu Yan... The shadow clone began to study the Four Symbols and Twenty-eight Constellations mind method.

Qin Feng began to study the Sanyuan Heart Technique...

The Four Symbols and Twenty-Eight Constellations Heart Technique and the Sanyuan Heart Technique were all activated after he gathered the great emperors from all directions.

The Four Symbols and Twenty-eight Constellations mind method can perfect the four poles of heaven and earth and obtain the Four Spirits Heavenly Formation. It is extremely powerful and is also an indispensable step to perfect the Great Flood God Realm.....

The three-yuan mental method can obtain the land of the three-yuan, and when the three-yuan are unified, the heaven will be forged.

This is also the last step to perfect the Great Flood God Realm.

Qin Feng must practice both of these two major mental techniques.

Because of the alchemy assessment before, he didn't have time to participate in the research.

Now, as soon as he has some free time, he starts researching.

The four assessments have basically ended, and there will be a big battle soon.

He must try his best to improve his strength in order to deal with the alliance of giants.

Even though Qin Feng has half the strength of the Saint Ancestor, he does not dare to underestimate the giants, especially the three outside sects.

In addition, he has another thing that worries him even more, and that is the three saint ancestors behind the three types of extraterrestrials.

With his current strength, he is no match for the Holy Ancestors, let alone against the three Holy Ancestors on his own.

In other words, even if he destroys all the forces in the secret land, he will still have to face the three great ancestors in the end.

The three Saint Ancestors are hiding outside the secret place and have been waiting, so he must try his best to improve his strength... It is best that when the will test of the Secret Place is completed, he will have the strength to fight against the Saint Ancestors.

Only in this way can he protect himself.

The Four Symbols, Twenty-Eight Constellations Heart Method and the Three Walls Heart Method are both methods that can help him improve his strength. Naturally, he will speed up his research...

Of course, if Qin Feng was not hostile to the three great saints, there would not be such a big problem. potential threat.

But this idea is unrealistic!

Unless Qin Feng gives up the inheritance of the ancient god master and voluntarily eliminates him.

Otherwise, the three foreign sects will not let him go, nor will the three great saint ancestors let him go.

But it is absolutely impossible for Qin Feng to give up the legacy of the ancient God Lord.

Therefore, the conflicts between the two parties are irreconcilable and will break out together sooner or later.

Thinking of this, Qin Feng felt pressure growing in his heart.

Then, not wanting to waste time, he immersed himself in his thoughts and began to study the Sanyuan Mental Technique.

The two clones also perform their own duties.

At the same time, various lively points transactions began in the square outside...

Chapter 1273

At the same time, various lively points transactions began in the square outside.....

When it comes to elimination or retention, those assessors with 4 points are very anxious and are looking for points everywhere.

The assessors who only had 3 points knew that no matter how hard they struggled, they were destined to be eliminated.

After experiencing a short period of frustration, he actively joined the trading army.

In any case, their trip to the secret place is coming to an end.

After leaving, it would also be nice if you can exchange your points for some benefits.

At this moment, the sounds of bargaining could be heard in every corner of the square.

"My friend, I would like to exchange 3 drops of Jiutian Jade Dew for 1 point from you. How about that?"

"What?! Only 3 drops of Jiutian Jade Dew? Are you kidding!"

"hey-hey! I am sincerely buying it! Think about it carefully. If you don't sell me, it will be invalid if you keep it in your hands."

"hehe! It will be sold if you sell it below, but the one with the highest price will get it. You only gave 3 drops of Jiutian Jade Dew, who would sell it to you!"

"Ouch~! This fellow Taoist, the pricer is right, but the trading time is only three hours. If you pick and choose, it will be a pity if you miss the time. As I say, take action when it's time to take action!"

"Cut~! No matter how hard I try, I will never betray you! go away!"

"Ouch! Why are you still swearing!".....

At this moment, the sounds of bargaining like this can be heard endlessly.

Most of those who are destined to be eliminated are in the second eternal realm, and a few are in the extremely holy realm.

Those who have 4 points in their hands and those who have the qualifications to stay are basically the supreme saints and heavenly saints.

In fact, among the Heavenly Saint powerhouses, only a few Heavenly Saint peaks reached more than 5 points, and many Heavenly Saint powerhouses reached 4 points.

Even some peak Heavenly Saints scored 4 points.

It is harder than imagined to get more than 5 points in four consecutive assessments.

Of course, on the side of the Divine Alliance, whether it is the second realm, the supreme holy realm, or the heavenly holy realm, all have reached 4 points.

Moreover, a large number of Tiansheng's points have greatly exceeded 5 points.

This point makes all the forces extremely jealous.

At this moment, in another corner of the square, Daxian Tianyu is stationed.

The more than twenty disciples of Daxian Tianyu all looked disappointed.

"Territory Lord, twenty-six of us are destined to be eliminated. Next, we can't accompany you any longer....."

One of the disciples said with a wry smile.

Xian Ling nodded helplessly.

These twenty-six disciples all have 3 points, and none of them has 4 points. She can't help even if she wants to.

"That's it! Your opportunities can only go so far. After you go out, go directly back to Daxian Heavenly Territory to help the left-behind children guard the Heavenly Territory and wait for the return of this deity!"

"Yes, Domain Lord! By the way, Territory Lord, the twenty-six of us want to trade our points to you. Territory Lord, please choose five of us."

Xian Ling looked at the disciples and shook his head slightly:"It's just one point, it can't change the overall situation. Even if I, Gongming, and Sanxiao each get one point, so what? How about this, you take this point trading right in exchange for your last chance!"

"this.....Thank you Territory Lord!"

The disciples thought it was reasonable and thanked Xian Ling gratefully one by one.

At this moment, a burst of lively shouting came from the square.

Xian Ling and others were alarmed and couldn't help but look.

I saw Hongjun in the direction of the Shenmeng. , Ziwei, Panzu, Fuzhi and others set up a stall, and thousands of disciples followed behind and started shouting.

"Exchange points! Exchange points! The League of Gods is exchanging points with other parties!"

"A breaking elixir is exchanged for a point!"

This burst of shouting came, and the whole place suddenly became commotion.

"Oh My God! One point can be exchanged for an Eternal-Breaking Pill! This divine alliance is too generous!"

"yes! That Po Heng Dan is very precious!"

"It was because I couldn't even refine a single Heng-Breaking Pill that I scored 0 points in the fourth game and failed to enter the top 5,000. Otherwise, I would have hoped to stay!"

"no! I want to exchange elixirs with the people from the Divine Alliance. This Po Heng Dan is too tempting!"

"That's right! I am at the late stage of the second realm, and I only need one Heng-Breaking Pill to break through to the peak of the second realm. I've decided to change this Po Heng Dan!"

"yes! Changed! Changed!"

"Everyone, is this bad? That's the Divine Alliance!"

"What happened to the Divine Alliance? Can't we exchange items from the Divine Alliance? The Shenmeng's bid is so high, why should we miss it?!"

"that isWe are about to be eliminated anyway, so we might as well seize this last opportunity!"

"Changed! Changed! I decided to change it!"

"I decided to change it too!"

After a heated discussion, nearly a hundred assessors walked towards the Shenmeng, preparing to trade with the Shenmeng.....

Seeing these movements, some examiners who planned to wait and see were also moved, and one by one they couldn't help but surround the Divine Alliance.

The temptation offered by the Divine Alliance is really too great!

In just a moment, one or two thousand examiners gathered around.

The children of the Shenmen League were delighted to see it.

Some other examiners who were buying points were so angry that they cursed the Divine Alliance to deserve death.

Such price gouging made them have to pay more to buy points...

In the blink of an eye, more than a thousand assessors arrived in front of the Shenmeng stall.

"Fellow Taoist Hongjun, I am willing to exchange with you. One point can be exchanged for an Eternal-Breaking Pill!"

"And I! The little girl also wants to exchange one point with you for an eternity-breaking elixir!"

"I want to change too!"

Hongjun was overjoyed:"Okay! Okay! Okay! Come one by one! If you want to trade, come to the left and find Ziwei Star Master, Fuzhi, Pangu and the others."

Fuzhi also looked at the disciples:"Trade one on one. , who of you will collect points first!"

"Master Fu Zhi, let me go first!"

A disciple of the Divine Alliance came forward happily.

An old man came immediately from the opposite side, ready to trade points with the disciple.

Fuzhi also took out a Heng-Breaking Pill, and after the transaction was completed, he gave the pill to the old man.

But at this moment, a discordant voice sounded from behind the crowd

"Everyone, please stop!"

The voice was extremely cold, ringing in everyone's ears like thunder from heaven and earth.

Everyone was startled and turned around to see that the speaker was none other than Old Man Yuexia.....

When they saw the old man Yuexia coming forward, the faces of those assessors who were about to sell their points changed slightly, and they were a little frightened.

They could tell that Old Man Yuexia didn't want them to sell their points to the League of Gods.

The power of the top giants was so great that they did not dare to offend Old Man Yuexia, but they also wanted not to miss the high price offered by the Divine Alliance, so they were at a loss for a while.

Old Man Yuexia glanced at those people coldly, and said with a gloomy expression:"Have you forgotten about the Xuanwu Holy Realm? How long has it been? You are trading your points for this little benefit. Divine Alliance!"

"Do you still have any backbone? Do you have any dignity?! I advise you to think about it carefully and don't just focus on your immediate interests. Even if you are eliminated, I will still have a chance to meet you!"

The last sentence was full of threats from Old Man Yuexia.

Those assessors who were about to sell their points changed their expressions one after another. They couldn't help but take a step back and did not dare to sell.

They were afraid of offending Old Man Yuexia. It would be bad to be settled by Old Man Yuexia after going out.

The children of Shenmeng saw that the good situation was disturbed by Old Man Yuexia, and they were furious.

If no one is willing to sell points to Shenmeng, then more than a thousand All the disciples are going to be eliminated...

Thinking of this, the disciples of the Shen League couldn't help but feel anxious.

Ziwei, Fuzhi, Pangu and other senior officials also frowned.

Hongjun was so angry that he yelled: "Old thief Yuexia, you are not If you are here to sell points, get out of here!"

Old man Yuexia sneered: "Humph! I can come when I want and leave when I want. Can you take care of that? Besides, they themselves are unwilling to sell points, so what does that have to do with me?"

Hongjun was furious: "If you weren't instigating it, how could they back down?"

Old Man Yuexia sneered: "I'm just reminding them. It's really because your Divine Alliance is unpopular, that's why you ended up like this. Who can blame you?"

Hongjun laughed angrily: "Ha!" Without your threat, do you think they would not sell points? It's just you who bullied the weak and scared them away."

"Yeah?"

Old man Yuexia looked around at everyone with a smile.

The assessors all lowered their heads in horror, appearing a little afraid.

Seeing this scene, old man Yuexia was a little proud.

But he said arrogantly: "If they really want to sell, of course I won't stop it. But you have also seen that they would rather make less profit than sell it to you, the Divine Alliance. This shows what? This just shows that your Divine Alliance is unpopular!"

Suddenly, Hongjun seemed to have thought of something, and rolled his eyes

"Old guy, believe it or not, as long as you dare to say something, you will never threaten or stop anyone who wants to sell points, let alone cause trouble for them afterwards. I promise, within three seconds, someone will come to sell points!"

"If this is the case, it means that I guessed wrong. I will admit my mistake to you in public and pay you a thousand Heng-Breaking Pills!

Old Man Yuexia smiled coldly: "Within three seconds?" You mean, if no one comes to sell points for more than three seconds, you will pay me a thousand Eternal Breaking Pills?"

"That's right!"

"Little thief, do you keep your word?"

"certainly! In front of such a person, how can the young master speak freely?! Hongjun blurted out.

When the children of the Shenmeng heard this, their expressions changed, and they secretly thought that the young master was too ambitious!

"Honger, what are you doing?...."

Lord Ziwei is even more anxious.

A thousand Heng-Breaking Pills are worth a lot!

She thought Hongjun was overwhelmed by Old Man Yuexia's anger and was going to stop him.

Not only did she think so, but all the evaluators around her thought so too. They all looked at Hongjun strangely, as if they were looking at a prodigal.

The giants who had been watching the show also shook their heads slightly, showing disdain on their faces.

They all felt funny in their hearts.

I thought Qin Feng was a great person, but I didn't expect that after giving birth to such a son, he would be so impulsive and impulsive.

"Hong'er, how could you say that and do that?....."

Star Lord Ziwei was so anxious that she reprimanded loudly.

But before he could finish speaking, Old Man Yuexia spoke first.

"good! Hongjun, I promise you! Hongjun's eyes lit up:"

Then you make your vows in public!"

Old Man Yuexia smiled strangely:"Little thief, this is what you said!" A three-second appointment! As soon as he finished speaking

, he looked around at everyone:"Everyone, you just heard it!" I will swear an oath in front of everyone now, whoever sells Shenmeng points next, I will not stop you, nor will I threaten you, let alone settle accounts later, if you violate the rules! My heart is so damned!"

"Of course, if you really want to sell points, you can wait until three seconds later. You can also wait until I get one thousand Heng-Breaking Pills and come to me. I will give you those one thousand Heng-Breaking Pills for free!"

As soon as the last sentence came out, the whole place was in an uproar.

All the assessors' eyes were shining with excitement.

The faces of everyone in the Divine League were instantly ugly.

The giants all showed knowing smiles.

At this moment, everyone was secretly thinking. Jiang is still too old!

Since there is a free Heng-breaking pill, why do those assessors sell points? They can just wait three seconds and collect it from the old man Yuexia.

As expected, Hongjun is just a young child. His son was tricked by Old Man Yuexia.

Old Man Yuexia looked even more proud.

He was in a very good mood for being able to trick the Shenmeng.

He didn't believe that there were free Heng-Breaking Pills to receive, but some people would refuse to take them, insisting on asking for them. Buy from Shenmeng

"OK! I have finished my vow! Now start counting time: one second.....two....."

At that moment, Old Man Yuexia was counting proudly, as if he already had a chance to win.

But before he could reach tens of thousands in the second second, he remembered a loud voice in the field

"Fellow Daoist Hongjun, I am willing to trade points with you!"

The old man Yuexia's expression changed slightly.

But before he could follow the sound, three more voices sounded in the field.

"Hongjun Road, I am willing too!"

"And I!"

"Me too!"

At this moment, the whole audience was in an uproar. They all followed the sound and saw Zhao Gongming and Sanxiao walking quickly towards the Divine Alliance.

Behind them, there were also twenty-six disciples of Daxian Tianyu.

Seeing this In one scene, the face of the old man under the moon became extremely ugly...

Chapter 1274

Seeing this scene, Old Man Yuexia's face became extremely ugly...

All the assessors in the audience also looked confused.

No way?

Although they had the opportunity to get free Heng-Breaking Pills, Zhao Gongming and San Xiao didn't want them and insisted on using their own points to exchange for them.

This is obviously against Old Man Yuexia!

At this thought, everyone looked at Zhao Gongming and Sanxiao with strange expressions.

On the other side, the corners of Hongjun's mouth were slightly raised, and a cunning light flashed across his eyes.

Obviously, this was what he and Zhao Gongming had discussed, and they intended to set a trap for Old Man Yuexia.....

"Fellow Daoist Hongjun, Zhao Gongming is willing to exchange with you!"

"Ha ha!! welcome! welcome!"

Hongjun hurriedly received the reception.

Everyone in the Divine Alliance was also ecstatic.

The appearance of Zhao Gongming and Sanxiao instantly reversed the situation and became favorable to the Divine Alliance.

But at this moment, behind Zhao Gongming, the voice of Old Man under the Moon sounded cold voice

"Junior, what do you mean?!"

Old man Yuexia suppressed the anger in his heart and looked at Zhao Gongming's back with a sinister look on his face.

Zhao Gongming and Sanxiao couldn't help but turn around and saw the look of old man Yuexia wanting to eat people. Their hearts trembled, and their faces There was a hint of fear on their faces.

To say that they were not afraid of Old Man Yuexia would be a lie.

After all, Old Man Yuexia was also a giant at the pinnacle of the quasi-Saint Ancestor.

"Senior, didn't you say before that you would not prevent anyone from trading with the Divine Alliance? The junior came to trade after seeing what you said..."

Zhao Gongming explained uneasily.

The old man Yuexia said coldly: "That's what I said, but you can definitely wait until three seconds before trading, even three seconds. No, you are clearly going against me....."

"Old thief under the moon, don't forget! You have sworn in public that you will not hinder anyone from trading or threaten anyone. Now that you are threatening fellow Taoist Zhao Gongming, aren't you afraid that your vow will backfire?"

Hongjun said with a smile.

The old man Yuexia's face changed slightly, and he broke out in a cold sweat.

After cultivating to his level, he has already followed his words.

He really can't regret those words he said in public, otherwise he will encounter bad things in the future. The chance of Demon Devouring Spirits is not small.

Thinking about this, Old Man Yuexia was extremely frustrated.

Seeing Hongjun's triumphant look again, he had an inexplicable feeling that he had been fooled, and his mood became even worse.

"Zhao Gongming! hehe! And you three.....You guys, Daxian Tianyu, did a great job! snort!"

After leaving these words, the old man Yuexia retreated with a sullen face and an extremely unwilling heart.

At this point, it was useless for him to say more.

As soon as he turned around, Hongjun pulled Zhao Gongming to trade.

"Fellow Daoist Gongming, let's trade!"

"good!"

"Fellow Daoist Hongjun, we three sisters also want to trade!"

"welcome! welcome!"

"Give it back to us!"

The twenty-six Daxian Tianyu disciples also expressed their opinions one after another.

"good! good! Coming one by one!"

Suddenly, the Shenmeng stall became lively.

Soon, Zhao Gongming, Sanxiao, and the twenty-six disciples completed the points transaction with the thirty Shenmeng disciples, allowing the thirty Shenmeng disciples to collect the points. Scored 5 points...

The thirty people were immediately beaming with joy.

Hongjun and others also happily gave Zhao Gongming and others thirty Heng-Breaking Pills. When the examiners around saw this scene, they couldn't help but be jealous...

Heng-Breaking Pills Ah!

It is extremely tempting for those assessors who are about to be eliminated.....

At that moment, those people looked at each other and showed excitement.

"Exchanged for points! A breaking elixir is exchanged for a point!"

"If you want to change it, change it quickly! After passing this village, there is no such shop!"

"Two quarters of an hour has passed. The three-hour time limit is very short. Everyone, hurry up and don't miss the last opportunity!"

"Exchange quantity is limited! Our Divine Alliance only exchanges for a thousand or so, first come first served! Don't accept it if it's too late!"

Hongjun and others shouted again.

After hearing the last sentence, the examiners finally couldn't hold it in anymore, and many people began to murmur.

"yes! The Divine Alliance only has a thousand people who are short of points, but there are four to five thousand people who want to sell points!"

"That's all right! Let's go sell it quickly! If it's a little later, we won't be able to exchange for the Everlasting Pill!"

"Then...will the old man hold grudge against me next month?"

"Old Man Yuexia made a vow before that he would not pursue it later, not to mention that it has been three seconds now and we have already given him the face we should give him, so what do we have to worry about?"

"right! What are you waiting for? Let's go swap!"

"Walk!"

After some whispers, some examiners began to take action and took the initiative to trade with the Shenmeng.

As soon as they saw someone taking action, the others naturally couldn't hold it in anymore and ran to trade...

In just a moment, the Shenmeng stood in front of the stall. It quickly became lively....

"Fellow Taoist Hongjun, I am willing to exchange points!"

"And I! Little girls also want to trade!"

"I...I want to trade too!"

Those appraisers scrambled to ask for trades

"good! good! Come one by one!"

"You guys come here to trade! Everybody line up! Don't crowd! Don't squeeze in!"

Hongjun and other senior executives excitedly presided over the transaction.

All the disciples also happily cooperated.....

Old Man Yuexia felt very uncomfortable when he heard the noise coming from behind.

He walked back to the place where the giants were communicating with a gloomy look.

"Fellow Taoist Yuexia, Zhao Gongming, Sanxiao, and the twenty-six disciples of Daxian Tianyu all made deals with the disciples of the Divine Alliance!"

At this time, the Six Root Ancestors came over.

"yes! Except for Xian Ling, everyone in Daxian Tianyu has made deals with the Divine Alliance. By the way, the time for their transaction is within three seconds of you finishing your vow. This is obviously directed at you. Maybe, they have good communication with Hongjun!"

Ancestor Ran Deng also came over.

After listening to what the two people said, Ancestor Yuexia frowned.

That's right!

These people from Daxian Tianyu are obviously helping Hongjun break the situation.

Speaking of Daxian Tianyu , He didn't believe that people had nothing to do with the Divine Alliance.

This thought made him extremely angry!

Before that, he had secretly contacted Xian Ling and asked Xian Ling to stand on his side and help him deal with Qin Feng.

Now it's good, he still has Without asking what Xian Ling thought, the woman asked her men to answer him with actions.

When she thought about it, he had boasted in front of the giants before, saying that Xian Ling would definitely join them, but she was slapped in the face in the blink of an eye.

"Fellow Taoist Yuexia, didn't you say before that Xian Ling would seek refuge with us?"

The ancestors of Liugen, who couldn't bring up the pot, mentioned this matter at this time.

Old Man Yuexia was about to explode with anger.

He couldn't help but look at the Daxian Tianyu Station, and happened to see Xian Ling looking at him.

The old man under the moon looked at Xian Ling and smiled coldly, feeling extremely hateful in his heart.

But at this moment, Xian Ling's message rang in his ears

"Senior Yuexia, Xianling agrees to cooperate with you!"

Hearing this, Old Man Yuexia was stunned.

Immediately, he moved his lips slightly and transmitted the message.

"Xian Ling, what do you mean? Since you want to cooperate with me, why did you let Zhao Gongming and others help Hongjun break the situation? You are clearly against me!"

"Senior misunderstood! If you let the little girl deal with Qin Feng, then the little girl must win the trust of the Shenmeng. The little girl deliberately asked Zhao Gongming to do that. She was actually trying to deceive the trust of the Divine Alliance!"

Hearing this, Old Man Yuexia was shocked.

That's right!

If Xian Ling wants to gain the trust of the Divine Alliance, he should let Zhao Gongming do that. That is clearly Xian Ling's trick!

He didn't even think about it! Figure it out! These, the eyes of the old man under the moon were suddenly filled with surprise and joy.

However, he still carefully transmitted the message: "Xian Ling, if you really want to cooperate with us, then we must first sign a contract, with blood as the contract and soul as the contract. For redemption!"

Xian Ling quickly sent a message: "Senior!" This is natural! However, the square is now full of people, and the children of the Divine Alliance are all present. In order not to arouse their suspicion, we'd better not contact him for now."

"After this assessment and elimination is over, enter the next stage. Let's find a place where there are no spies from the League of Gods and sign a contract. What do you think?"

Old man Yuexia thought it was reasonable and hurriedly replied: "Okay!"

Xian Ling replied with joy: "Senior! So that's it?!"

Then, the two chatted in detail.

After a while, the conversation ended.

Old Man Yuexia swept away the gloom on his face and showed joy.

The Liugen Ancestor and the Randen Ancestor on the side looked strange and couldn't help but ask Get up.

At that moment, Old Man Yuexia told the two of them about Xian Ling's surrender.

After listening, the two also looked happy.

On the other side, after Xian Ling and Old Man Yuexia finished transmitting the news, Zhao Gongming and others also Back.

Later, Zhao Gongming sent a message to ask:"Lord, how is the situation? Xian

Ling smiled slightly and sent a message back:"Everything was done according to His Majesty's instructions. Old Man Yuexia should have taken the bait." Zhao

Gongming was overjoyed:"This time, that old guy will definitely die!"

Xian Ling smiled and said,"Your Majesty is extremely intelligent. I cannot help but admire him." Before he left, he guessed that Old Man Yuexia would threaten other assessors, so he asked you to cooperate with Hongjun"

"In this way, the obstruction of Old Man Yuexia was relieved, and he was convinced that we were using a trick to deceive His Majesty's trust. This plan can be described as killing two birds with one stone. In short, everything is as expected by His Majesty!"

Hearing this, Zhao Gongming nodded slightly, and his admiration for Qin Feng in his heart reached the point where he fell to the ground.....

Time flies!

In the blink of an eye, the three-hour points trading session has reached the time limit.

The mental fluctuations of the secret will also come again..

Chapter 1275

Time flies!

In the blink of an eye, the three-hour points trading session has reached the time limit.

The spiritual fluctuations of the secret will also come again, and the ethereal voice echoed over the square.....

"Remind all assessors that there are still three minutes left before the point transaction ends. Those who have not completed the transaction should complete the transaction as soon as possible! The elimination system will be implemented later!"

As soon as these words were said, there were still some people in the field who were anxious to complete the transaction, urging each other to trade quickly. Some players who were still bargaining also gave up their last persistence, and the square entered the final busy moment.....

On the other side, the disciples of the Divine Alliance were all beaming with joy.

As early as two hours ago, they had collected 5 points, and all members met the passing standard.

This is the resource advantage of the Shenmeng!

At this moment, the disciples of the Shenmen League were all chatting happily.

"Young Master, it will be over in just three minutes. At that time, rewards for passing the level will be distributed. I wonder what the reward for passing the level this time will be? Pangu looked expectant.

Hongjun looked at the lively crowd around him and said with a smile: "This pass is different from the previous three. It is equivalent to the summary of four assessments, so the rewards for passing the test will definitely be different."

"Makes sense! I hope this time the reward for passing the level can be something meaningful....."

"hope so!"

Speaking of this, the faces of Hongjun, Pangu and others showed looks of expectation...

On the other side, where the giants are.

Giants such as Old Man Yuexia, Ancestor Ran Deng, Ancestor Liugen, Amitabha, etc., have been whispering

"Everyone, the points trading session is almost over. Once the clearance rewards are distributed, ranking rewards will be distributed. This time, the League of Gods took all the top ten and won all the ranking rewards. It was really a huge profit!"

Sage Taiqing's tone was sour.

Old Man Yuexia sneered: "Haha! Even if the Divine Alliance makes a lot of money this time, they still have to live to enjoy it. After all the rewards have been distributed, it's time to enter the second stage of looking for opportunities, which is when we take action."

"That's right! This time, the three Qin Feng brothers must be killed, and no one can be left alive. If they continue to assess like this, the inheritance of the ancient God Lord will really fall on the three of them."

Speaking of this, Amitabha looked gloomy.

After hearing this, all the giants also darkened their faces.

Especially the giants of the three sects outside the territory, their faces were very gloomy.

The purpose of their coming here is to inherit the ancient god lord.

If it is If this task fails, they will not be able to face the Saint Ancestors behind them.

At that time, the consequences will be beyond their ability to bear.

Therefore, they must prevent the three Qin Feng brothers from skyrocketing in points. The best way is naturally Kill the three Qin Feng brothers and nip all visible signs in the bud.

"Fellow Taoist Yuexia, is Xianling reliable?"

Mohu, who has always been taciturn, also spoke up.

It was actually the three Qin Feng brothers who put too much pressure on him, forcing him to be concerned about the progress of the problem.

"It should be reliable!"

Old man Yuexia said very definitely.

Mohu said quietly:"Fellow Taoist, you need to be more careful, lest you be deceived by a junior. This time, we either don't take action, or we must strike with thunder to completely kill the three Qin Feng brothers, leaving them unable to stand up again!"

Old man Yuexia said hurriedly:"Don't worry, fellow Taoist, I don't completely trust Xian Ling either. Before the plan begins, I will sign a contract with her first!

Mohu nodded slightly:"This is appropriate!""

Sage Taiqing said again:"Not only the three Qin Feng brothers must be killed, but also the children of the Shenmen League must not be spared. We must eradicate the roots to avoid leaving behind any future troubles!"

Hearing this, Ancestor Hunji and Ancestor Randeng looked at each other and showed a knowing smile.

Then, Ancestor Hunji said with a proud look on his face: "I will tell you an interesting thing. I will execute it secretly in a while. During the elimination, both our Hunji Heaven Realm and Taikoo Heaven Realm had our children who were eliminated."

"However, these eliminated disciples will take our handwriting and return to the Hunji Heaven Realm and the Ancient Heaven Realm, mobilize the armies of the two realms, go to the Great Wilderness God Realm, and take this opportunity to destroy Qin Feng's foundation!"

As soon as these words came out, the eyes of all the giants lit up.

Ancestor Liugen said happily: "Haha!! Fellow Taoist Hunji and fellow Taoist Randeng, you two have done your job thoroughly. I am afraid that Qin Feng and others never dreamed that while others were in the secret place, disaster would come from the sky!"

Old man Yuexia hesitated for a while and then said: "You two, before I came in, you also made arrangements in this regard. I'm afraid that our allied forces from Jiyue Heaven Realm have already invaded the Divine Alliance and destroyed all its foundations!"

All the giants were surprised and looked at Old Man Yuexia in amazement.

Then, Patriarch Liugen sighed: "It turns out that Fellow Taoist Yuexia has already mastered the game!"

Old Man Yuexia sighed: "Having said that, since the assessment, the Divine Alliance has performed amazingly, and I am really worried. My previous arrangements have failed." This time, it might not be a bad thing for Fellow Daoist Hunji and Fellow Daoist Randeng to make arrangements again."

Randeng Ancestor smiled confidently: "Fellow Taoist Yuexia, don't worry, even if your arrangement fails, my arrangement with Taoist Hunji will definitely succeed."

"This time, there are seven strong men left behind in our ancient heavenly domain. One of them is still at the peak of the heavenly saints, and there are another 600 million people who are quasi-gods and above."

"The Hunji Heaven Realm is even stronger. There are more than a dozen Heavenly Saints left behind, two of whom are at the peak of Heavenly Saints, and their army of quasi-gods and above reaches 900 million."

"In this way, when our armies from the two realms unite to attack the League of Gods, we will have three peak Heavenly Saints, nearly twenty Heavenly Saints, and an army of more than 1.5 billion quasi-gods. With such strength, wouldn't it be easy to destroy the Great Desolate God Realm?"

As soon as these words came out, all the giants' eyes lit up and they showed joy.

Even the old man Yuexia nodded repeatedly: "Not bad! good! With such strength, it would be easy to destroy even ten of them, let alone one of the Divine Alliance's nests."

Ancestor Liugen also agreed: "Yes! Looking at the subordinates following Qin Feng, a bunch of people from the second realm, the supreme holy realm, the heavenly holy realm, basically all of them with some strength were brought here. Presumably, there are no powerful disciples left in the Shen League's old nest, which is when their strength is empty. Ancestor Hunji smiled and said,

Fellow Taoist, your analysis is reasonable!" Based on the barren land of the Great Wild God Realm, Qin Feng was able to bring out so many people, which was obviously all the best. I guess, among the people left behind in the Divine Alliance, there isn't even a Heavenly Saint....."

Ancestor Ran Deng gloated: "This is a good thing! Even if this time, the Divine Alliance has a fish that slipped through the net and escaped from the secret place, it will still be homeless. Only by doing this can it be considered as true eradication!"

Under the moon! The old man sneered: "The blame for all this is their blindness. They deserve the retribution for following Qin Feng!"

As soon as he said these words, the whole square started to shake.

Immediately afterwards, the space in the field was distorted, and one assessment after another turned into white light and was forcibly teleported out.

The elimination phase has begun!

Phew~! Phew~! Phew~!

In just a moment, the whole place lit up with hundreds of white lights, one after another.

From time to time, wailing and unwillingness could be heard in the air, echoing endlessly...

Many of the eliminated people were still unwilling to give in.

At the same time, dozens of white lights lit up in the Hunji Heavenly Realm and the Taigu Heavenly Realm stations...

They were the eliminated disciples of the Hunji Heavenly Realm and the Taigu Tianyu Realm.

"They left!"

Ancestor Hunji looked at the white light going away with a smile on his lips.

"yes! It's up to them to destroy the Great Wild God Realm!"

The giants also showed knowing smiles..

Chapter 1276

At the same time, within the fetal membrane of heaven and earth.

The movement outside alarmed Qin Feng.

At this moment, he slowly opened his eyes, with a hint of joy on his lips.

After these three hours of meditation, he had almost understood Sanyuan's mental method.

There are many similarities between the three-yuan mental method and the condensation of four phenomena.

It is also necessary to absorb the power of the spiritual roots of heaven and earth, and then blend it with the power of heaven and earth from the Great Flood God Realm to condense the Three Yuan Divine Marks.

This also requires a large amount of Nine Heavens Jade Dew to be consumed, allowing the spiritual roots of heaven and earth to generate a large amount of spiritual root power, in order to accelerate the condensation of the Sanyuan Divine Pattern.

Qin Feng's preliminary assessment is that the consumption of Nine Heavens Jade Dew this time is several times greater than that of the Condensation of the Four Symbols Divine Marks, and is estimated to be about two million drops.

Of course, it is not only the Nine Heavens Jade Dew that is needed to condense the Sanyuan Divine Pattern, but also some of his confidants who want to break through to the Quasi-Saint Ancestor. He also needs a large amount of the Nine Heavens Jade Dew to let them cultivate their own spiritual roots of heaven and earth.

Based on this calculation, even if there are another three million drops of Nine Heavens Jade Dew, it is not too much.

However, there are only more than 600,000 drops of Jiutian Jade Dew left in Qin Feng's hands, and they have all been handed over to Liu Yan.....

Therefore, he still lacks a large amount of Jiutian Jade Dew.

Condensing the three-yuan divine pattern and casting the Heavenly Palace is a necessary step for Qin Feng to perfect the Great Flood God Realm and must be completed.

If the Great Flood God Realm cannot be perfected and succeeded, he will have no way to integrate the Great Desolate God Realm and obtain a stronger Great Desolate God Realm.

Thinking of this, Qin Feng naturally hopes that this ranking reward will distribute a large amount of Jiutian Jade Dew to solve his urgent need.

Of course, condensing the Sanyuan divine pattern also has great benefits.

The three Yuan lands are: Ziji Yuandi, Taiji Yuandi, and Tianji Yuandi.

The lords of the three lands are the three heavenly emperors.

The Lord of Ziji Yuandi is called the Ziji Heavenly Emperor, who is located in the central heaven and controls all immortals.

The Lord of Taiji Yuandi, known as Taiji Heavenly Emperor, is located in Beiting and controls many Big Dipper Lords.

The Lord of Tianji Yuandi is called the Tianji Heavenly Emperor. He is located in the South Courtyard and controls many Nandou Star Lords.

If you want to become the Three Extremes Heavenly Emperor, you must have subordinates who have integrated the Three Extremes Divine Patterns.

Qin Feng has already thought of a candidate. Lord Ziwei is one of his main wives and can be the Emperor Ziji.

Emperor Feng was his first woman and she never left him. She was the Emperor of Tai Chi.

Liu Yan was one of his two disciples. This time, she worked hard and worked hard to create the four-image divine pattern.

Next, Liu Yan will help him condense the three-pole divine pattern, so he should be given a generous reward.

Therefore, Qin Feng planned to let her come to the Heavenly Emperor.

The three-pole divine pattern is much more difficult to condense than the four-elephant divine pattern, and the Nine Heavens Jade Dew required is several times that of the four-elephant divine pattern.

But the energy contained in the three-pole divine pattern is also several times that of the four-image divine pattern.

Once the three-pole divine patterns are successfully integrated, the strength of Liu Yan, Feng Di, and Zi Wei will be greatly improved, far surpassing Qing Lin and Chu Chu.

Similarly, Qin Feng also obtaining a large amount of combat power in return will be of great help to Qin Feng's strength.

At this moment, the movement outside became smaller and smaller.

The eliminated ones will basically be teleported out.

Next, it's time to issue ranking rewards.

Qin Feng no longer wasted time and walked outside the fetal membrane.

At this moment, the Xuan female clone and the virtual shadow clone also opened their eyes one after another.

After these three hours of enlightenment, Xuan Mi's clone completely understood the mental methods of the Four Symbols and Twenty-Eight Constellations.

The Four Symbols and Twenty-eight Constellations method is much easier than the Three Walls method, and it is not difficult to understand it.

The phantom clone also had a smile on his face.

Just now, he had finished communicating with Liu Yan and made some arrangements.

Today's Shenmeng headquarters is no longer the same as before.

At this moment, in the Great Flood God Realm, there is a meeting hall.

Liu Yan is presiding over the meeting.

Qin Feng is not in the Divine Alliance, and Liu Yan is the left-behind leader of the Divine Alliance.

The Great Flood God Realm is directly connected to the headquarters of the League of Gods. If something happens outside, she can rush to the headquarters at any time.

However, the flow rate of time in the Great Flood God Realm is more than three thousand times that of the outside world.

Liu Yan would rather stay in the Great Flood God Realm and enjoy the benefits of more than 3,000 times the flow of time.

What's more, she has to obey Qin Feng's orders at any time, so she naturally has to stay in the Great Flood God Realm.

In other words, the Great Flood God Realm is the transfer station for the headquarters of the League of Gods.

"Lady Liu Yan summoned us, why?"

At this moment, an old man walked out from the bottom of the hall and asked respectfully.

At this moment, dozens of people in the hall looked at Liu Yan, waiting for her order.

If Qin Feng were present, he would have discovered that these They are all old acquaintances, all from the Qin sect on Earth.

Among them are the White Tiger Emperor, Ice and Snow Emperor, Whale Emperor and others who are of the same generation as the Feng Emperor, as well as Xiao Qingfeng, Duanmu Qing and others who have fought with Qin Feng...

Since Qin Feng left the earth, all the land in his hometown has been handed over to Liu Yan for control.

Over the years, under Liu Yan's care, these people have grown up and have become Liu Yan's confidants.

"I summoned you here today because His Majesty has rewarded me with a batch of resources and wants to distribute them to you....."

Liu Yan waved her hand, and dozens of jade bottles flew towards everyone.....

"There are a large number of divine elixirs in this bottle, including many eternity-breaking elixirs, which can help you break through the small bottleneck of the eternal realm....."

All the confidants were overjoyed and caught the jade bottle one after another

"Thank you, Lady Liu Yan!"

"You don't need to thank me! If you want to thank me, thank your Majesty!"

"yes! We should thank His Majesty!"

When they heard Qin Feng, everyone present was filled with emotion.

Once upon a time, Qin Feng was their peer, even a junior.

But over the years, Qin Feng has grown to a level that they will never be able to reach.

They even even met Qin Feng in person. Feng has no qualifications

"alright!! The elixir resources have been allocated. You must go to retreat as soon as possible and seize the time to improve your strength. Your Majesty is not here, so we can protect the headquarters well, which is the best way to repay him."

"And we want to protect the headquarters and improve our strength, which is the most important thing to do at the moment!"

After hearing these words, all the confidants agreed one after another.

"I'll understand!"

Then, all the confidants bowed to Liu Yan one after another, and left in a hurry.

Looking at the leaving figures of the confidants, Liu Yan was a little emotional.

Now that Qin Feng is gone, she is the only supreme saint in the Divine Alliance, and then there are these dozens of There is no confidant in the first level, but there is no one in the second level.

However, this cannot be said to be that the defense of the Shen League headquarters is weak.

Thinking of this, Liu Yan looked towards the side room of the hall

"Come in, you three!"

"yes! Lady Liu Yan!"

Following three childish voices, three young figures walked out from the side room of the hall.

Those three little guys were all three or four-year-old boys. They all had fair and tender skin, and were extremely cute..

Two of them are wearing golden robes and golden crowns, with radiant bodies and extremely noble temperament.

The third one looks the youngest, wearing a green robe, with an extremely calm aura and an otherworldly demeanor.

Look at this again The cultivation of the three children has actually reached the early stage of Tiansheng.

The three of them are the foundation of the headquarters of the Guardian Alliance.

Liu Yan looked at the cultivation of the three little guys and was filled with envy in her heart.

No matter how hard she worked, she was still far away. Far inferior to these three newly born little guys.....

Perhaps, this is the advantage of the innate Holy Spirit..

Chapter 1277

"Emperor Jun (Taiyi) has met Lady Liu Yan!"

"Zhen Yuanzi has met Lord Liu Yan!"

The three children saluted Liu Yan respectfully.

It turned out that the two little guys in golden robes were Emperor Jun and Taiyi who were reborn from the Golden Crow Egg.

Of course, they have nothing to do with their previous lives. They are completely different. The new life has Qin Feng's essence and blood flowing in his body, and he is extremely loyal to Qin Feng. The origin of Zhen Yuanzi is that Qin Feng obtained a complete innate spirit after killing the Guixu Saint Ancestor.

That After Tuan's innate spirit merged with Qin Feng's essence and blood, a group of spiritual soil was formed.

Qin Feng sent the group of spiritual soil into the Great Flood God Realm. After Emperor Juntai was hatched, the spiritual soil The group also hatched a child.

The original name of Guixu Saint Ancestor was Zhentian Taoist, so Qin Feng named the child Zhen Yuanzi.

'Zhen' takes his last name from his previous life

'Yuan' means to start over

'Zi' refers to the child.

Therefore, it was named Zhen Yuanzi.

In short, these three children all have Qin Feng's blood flowing in their bodies, and they are extremely loyal to Qin Feng.

Because of this, they also have great respect for Liu Yan, who only has the Holy Realm.

"Your Majesty asked me to hand over these Heaven-Breaking Divine Pills to you!"

Liu Yan waved her hand, and more than a dozen Heaven-Breaking Divine Pills flew towards the three of them, five pills for each person.

"Thank you, Lady Liu Yan!"

Di Jun and the other three were overjoyed and took the magic pill one after another.

"Sir Liu Yan, when will the master return?"

Zhen Yuanzi asked curiously.

Liu Yan shook her head slightly: "I don't know either! However, His Majesty has told me that before he comes back, the three of you will help me protect the headquarters of the League of Gods."

"I'll understand!"

Di Jun and the other three agreed one after another.

"Lady Liu Yan, the three of us will go back to retreat right away...."

"Not urgent! Liu Yan shook her head.

Speaking of which, Liu Yan envied these three little guys.

Not long after they were born, with the help of resources provided by Qin Feng, the three of them broke through to the early stage of Tiansheng in less than a thousand years.

Such a terrifying cultivation speed may only be possible with the innate Holy Spirit!

"Taiyi! This Donghuang Bell was given to you by Your Majesty!"

Liu Yan made a casual move, and a palm-sized divine bell was suspended in front of her.

Then, she flicked her index finger and shattered the seal on the divine bell.

Buzz~!

The Donghuang Bell rang loudly, and it instantly magnified, reaching a height of a hundred feet. , blooming with extremely dazzling golden light, instantly brightening the entire hall.

The next second, it automatically flew towards Taiyi, spinning around Taiyi, as if meeting again after a long separation, and continued to make clear sounds of joy.

"Huh! Lady Liu Yan, this clock seems to know me. I can feel it's closeness to me...."

Taiyi was also very happy, and he naturally felt close to the Donghuang Bell.

"The holy weapon has spirit! It likes you so much, which means it is destined to you and is willing to automatically recognize you as its master. This is a heaven-level holy weapon. If you can conquer it, even if you are in the early stage of Heavenly Saint, you can fight against the late stage of Heavenly Saint. Liu

Yan explained carefully, with envy in her tone.

Taiyi's eyes lit up: "Sir Liu Yan, let me try!" Divine bell, would you like to be my lord?!"

Buzz~!

The Donghuang Bell rang for a while!

Then, it shrank to the size of a fist and fell into Taiyi's hand.

"Wow! Lady Liu Yan, look! It really wants to recognize me as its Lord!"

Tai Yi was overjoyed.

Di Jun and Zhen Yuanzi looked envious.

"Di Jun, Tai Yi, you should go back to retreat and improve your cultivation and strength as soon as possible. Your Majesty is not here, so you still need to protect the Divine Alliance!"

"yes! grown ups!"

Di Juntai bowed to Liu Yan and then left. At this moment, only Liu Yan and Zhen Yuanzi were left in the field.

"Zhen Yuanzi, you go with me to cultivate a spiritual root...."

"OK! Sir, what spiritual roots do you want to cultivate this time?"

"it is this!"

Liu Yan turned over her hands, and there was a spiritual root seed in her palm.

"Huh!"

When Zhen Yuanzi saw the seed, he felt an inexplicable sense of familiarity and intimacy.

"This kind of tree is called ginseng fruit tree, which has the dual attributes of earth and space. What you practice is the dual system of earth and space. Let you help, it should be able to sprout as soon as possible....."

Liu Yan gave a rough explanation.

According to Qin Feng's arrangement, they planned to create the Tianji Yuan of the Three Yuans first.

Tianji Yuandi is the easiest to create among the three Yuandi, and it requires the least amount of Nine Heavens Jade Dew.

Qin Feng only had more than 600,000 drops of Nine Heavens Jade Dew left in his hands, so he naturally had to start from the easiest place.

Of course, the power of heaven and earth in Tianji Yuandi will also be the weakest.

However, even if Tianjiyuandi is the weakest, it is still much stronger than the Four Elephants Divine Pattern.

"Let's go!"

Liu Yan put away the spiritual root seeds and walked out of the hall.

Zhen Yuanzi quickly followed behind.....

But he said on the other side, inside the secret place.

After Qin Feng and the two clones walked out of the fetal membrane, the elimination outside was over. There were only more than 5,000 people left in the field, and nearly half of them were eliminated.....

The children of the Shenmeng accounted for about a quarter of the people who passed the test.

Such a comparison shows that the Divine Alliance is extremely unusual and has attracted the envy and jealousy of many forces.

"father!"

"His Majesty!"

As soon as Qin Feng appeared, Hongjun and others gathered around him happily, like stars holding the moon.

"Dad, the elimination round has passed. The next step should be the reward for passing the level. I wonder what the reward will be for passing the level this time?"

Qin Feng smiled slightly:"It would be nice if I could reward you with some Nine Heavens Jade Dew." Hongjun asked curiously:"

Dad, don't you have more than 600,000 drops?" Isn't this enough?"

Qin Feng looked into the distance and shook his head slightly:"Those are not enough! I have cultivated a new mental method for my father. If I want to achieve it quickly, I will need two million drops or even more....."

"That's it!", Hongjun suddenly realized.

Immediately, he smiled and said:"Dad, the ranking rewards this time are all from our Divine Alliance. They should reward a large amount of Nine Heavens Jade Dew, which may be able to meet dad's needs."

Ziwei Star Lord also said: "Yes! His Majesty! The rewards for the previous three assessments were all Jiutian Jade Dew, and each time there were more rewards. I guess there will be more rewards this time..."

Qin Feng retracted his gaze from the distance and looked back at the two of them with a smile on his lips.

"If the ranking reward this time can reach one million drops of Nine Heavens Jade Dew, I can condense two big walls. By then, my combat power should have increased by more than 30%...."

Hearing this, Hongjun, Ziwei and other senior leaders of the Divine Alliance were greatly shocked.

Oh My God!

Combat strength can be increased by 30%!

This is too exaggerated!

You know, His Majesty's combat power has reached 480 million poles.

If it increases by another 30%, it would be equivalent to an increase in combat power of about 150 million poles.

Your Majesty said that two great walls were united. What exactly was that?

So powerful!

The senior officials were surprised.

At this moment, the sky above the square shook.

The invisible coercion of the secret will fell from the sky and enveloped the entire place instantly.

The whole place was shocked and quickly fell silent.

At this time, the ethereal voice from the secret place sounded

"This assessment is over! Announcement of clearance rewards now!"

All the assessors could not help but hold their breath, prick up their ears, and listen carefully.....

"The rewards for passing the level are as follows: If there are less than 100 people in this assessment, there will be a chance to redeem points for rewards!"

"From the 11th to the 100th place, there are two opportunities to redeem points for rewards....."

"The first to tenth place will have three opportunities to redeem points for rewards....."

"Remind assessors that points can only be exchanged for one item or resource at a time when redeeming rewards....."

As soon as this information was announced, there was a commotion in the venue.

"Huh! What are the points redemption rewards?"

"I have heard! In the past, during the secret assessment, points would be redeemed for rewards in the middle and later stages."

"Um, what the hell is that?"

"You can understand it as: use your points to exchange resources with the will of the secret land. As far as I know, the exchangeable resources provided by the secret land are extremely precious."

"That's it! That's pretty good too! I'm worried about whether I can pass the next assessment. If you can't pass the level, the points in your hand will be wasted. It's better to exchange them for resources first....."

"That's right! I think so too....."

Before everyone stopped talking, the voice of the secret will sounded again

"The points redemption link will open later! Ranking rewards begin now!"

As soon as the words fell, the whole place fell silent.

Everyone raised their heads and looked into the sky.

They were curious about what the ranking reward would be this time.

Even the giants paid attention.

And Hongjun was even more excited. Face raised his head excitedly, staring at the sky, waiting for the announcement of the secret will.

The ranking reward he had been waiting for for so long was finally going to be distributed!...

Chapter 1278

And Hongjun raised his head with excitement, staring at the sky, waiting for the announcement of the secret will.

The ranking rewards he has been waiting for for a long time are finally going to be distributed!

At this time, the ethereal voice of the secret place sounded

"Tenth place, Shenmeng, Hongjun, reward: two Nine-turn Spirit Tempering Pills, 40,000 drops of Nine-Heaven Jade Dew....."

As soon as this information was announced, there was an exclamation from the crowd.....

"Tsk tsk! Two Nine-turn Spirit Tempering Pills and 30,000 drops of Nine-Heaven Jade Dew! The tenth place in the field test seems to be a nine-turn tempering elixir and 20,000 drops of nine-day jade dew. This time the reward has been doubled!"

"yes! These ranking rewards are getting richer every time!"

"Why! This time the League of Gods has made a lot of money again!"

People were envious.

But before they could finish sighing, the secret will continued to announce.....

"There is also an additional reward: a ten-turn tempering elixir....."

As soon as this information came out, the whole place was in commotion.

Sure enough, the privileges of the Divine Alliance are here again, and additional rewards are indispensable. It is really enviable!

But what is the ten-turn tempering elixir?

The assessors were very curious.

They didn't know anything about the Ten-turn Spirit Tempering Pill, but the giants of the three outside sects were shocked.

Saint Taiqing, Amitabha and others all opened their mouths in surprise.

Mohu also swallowed, feeling very uncomfortable.

The old man Yuexia on the side saw some clues and asked hurriedly: "You three, why are you so surprised? Is the Ten-turn Spirit Tempering Pill extraordinary?"

The three of them came back to their senses.

Amitabha looked at Old Man Yuexia and showed a sour smile.

Then, he sighed and said:"Hey! Fellow Taoist, I don't know. The Nine-turn Spirit Tempering Pill is a low-grade divine pill in the Holy Realm. The Ten-turn Spirit-Tempering Pill is a variant of the Nine-turn Spirit Tempering Pill, and its quality reaches the middle-grade Holy Realm!""

"Well.....Holy realm middle grade! hiss~! "

The old man under the moon gasped.

If the ten-turn spirit-tempering pill is a middle-grade holy realm, the value of that one is comparable to ten nine-turn spirit-tempering pills, or even more...

Thinking of this, Old Man Yuexia swallowed his saliva and said with a look of jealousy:"This secret will is really nothing. It has always favored the Divine Alliance. Every time it is given a reward, it is so precious. It is really... ugh!.."

"yes! How infuriating!"

The giants sighed and were filled with jealousy.

At this time, the corners of Saint Taiqing's lips curled up slightly and he sneered:"Don't be disappointed, everyone. No matter how good the treasure is, you have to live to enjoy it. We will enter the next step soon"

"When the time comes, if we take away the lives of Qin Feng and others, the treasures and resources on their bodies will be ours."

Hearing this, all the giants smiled knowingly.....

Old Man Yuexia even stroked his beard and said with a smile:"I hope we can enter the next step earlier. I can't wait."....."

Ancestor Ran Deng also smiled and said: "I have the same idea....."

While the giants were discussing in low voices, there was cheering from the League of Gods...

The rewards of the Secret Will were as generous as ever, and they did not disappoint.

"Dad, that's great! The nine-day jade dew rewarded this time is double that of the last time, which is exactly what you need....."

Hongjun looked happy.

Qin Feng also showed a satisfied smile.

In addition to the Nine Heavens Jade Dew, what made him even more delighted was the Ten-turn Spirit Tempering Pill.

He refined seventeen more Nine-turn Spirit Tempering Pills, and he reached the limit of forty-nine. Further refining would be ineffective.

Next, he can only refine the ten-turn spirit-quenching pill, and he only has one ten-turn spirit-quenching pill in his hand.

Good thing now, the secret land has started to give rewards again, which just meets his needs.

Qin Feng is eager to improve his strength. If he completes refining those nine-turn spirit-quenching pills and ten-turn spirit-quenching pills, his combat power will be greatly increased...

Buzz~!

With a clear sound from the sky and the earth, a beam of light descended from the sky and landed on Hongjun's head.....

Immediately afterwards, those generous rewards fell down along the beam of light.

Afterwards, Hongjun received the reward under the envious eyes of everyone.....

"Ninth place, Shenmeng, Chu Chu, reward: three nine-turn spirit-quenching pills, 50,000 drops of nine-day jade dew, and additional reward: one ten-turn spirit-quenching pill....."

Soon, Chu Chu's reward was also announced.

A beam of light fell from the sky, bringing an even richer reward. Falling down the beam of light.

Chu Chu also received the rewards in the enviable eyes of everyone...

Next, the ranking rewards were distributed one after another.....

"Eighth place, Divine Alliance, Fu Zhi, reward: four nine-turn spirit-quenching pills, 60,000 drops of nine-day jade dew, and additional reward: one ten-turn spirit-quenching pill....."

"Seventh place, Shenmeng, Qinglin, reward: five nine-turn spirit-quenching pills, 70,000 drops of nine-day jade dew, and additional reward: one ten-turn spirit-quenching pill....."

"Sixth place, Shenmeng, Pangu, reward: six nine-turn spirit-quenching pills, 80,000 drops of nine-day jade dew, and additional reward: one ten-turn spirit-quenching pill....."

"Fifth place, Divine Alliance, Ziwei Star Lord, reward: seven nine-turn spirit-quenching pills, 90,000 drops of nine-day jade dew, and additional reward: one ten-turn spirit-quenching pill....."

"Fourth place, Shangguan Yunxi from the Divine Alliance, reward: eight nine-turn spirit-quenching pills, 100,000 drops of nine-day jade dew, and additional reward: one ten-turn spirit-quenching pill....."

In a blink of an eye, the rewards were distributed to the fourth place.

Each of these rewards is more generous than the last.

Everyone was dazzled and envious... and then came the highlight of the ranking rewards, which were the rewards for the top three...

Every time, the rewards for the top three were much richer than those for the fourth to tenth places.

I wonder what rewards will be given to the top three this time?

Everyone was curious.

Qin Feng also raised his head slightly, showing an expectant look.

At this moment, the voice of the secret will sounded again, but he said something that surprised the whole audience.....

"It was detected that Shangguan Yunxi received a full score in this assessment, and received a full score for additional bottlenecks. The overall evaluation was perfect, so she could receive a super reward!"

This announcement caused an uproar in the audience.

"No way! The fourth place will get a super reward!"

"OMG! this.....The people from the Divine Alliance are exaggerating!"

Everyone was amazed.

Even the giants were stunned.

Qin Feng was greatly surprised.

He also didn't expect that there would be super rewards starting from Yun Xi. This is definitely an unexpected surprise!

Buzz~!

God The earthquake rumbled, and the voice of the secret will sounded again

"Super bonus content of this game: All rewards are doubled"

"Therefore, the rewards Shangguan Yunxi received were recalculated as follows: sixteen nine-turn spirit-tempering pills, two hundred thousand drops of nine-day jade dew, and two ten-turn spirit-tempering pills....."

After this announcement, everyone was amazed.

Immediately afterwards, a beam of light fell, and extremely generous rewards fell along the beam...

Yun Xi was excited and began to collect the rewards amid countless envious and jealous eyes...

Qin Feng looked at this scene and felt very pleased..

So far, his seven subordinates have harvested a total of 8 Ten-turn Spirit Tempering Pills, 43 Nine-turn Spirit Tempering Pills, and 590,000 drops of Nine Heavens Jade Dew. The harvest is very rich.

Of course, these are not enough for Qin Feng.

He also needs more than 40 Ten-turn Spirit Tempering Pills and more than one million drops of Nine Heavens Jade Dew.....

Soon, Yun Xi collected all the rewards.

The discussion in the audience fell silent, and everyone looked up again, looking forward to the announcement of the top three.

Qin Feng also waited quietly, his face full of expectation..

Chapter 1279

Soon, that ethereal voice sounded over the square

"Third place, Divine Alliance, Qin Mu, reward: one Tenth Turn Spirit Tempering Pill, ten Nine Turns Spirit Tempering Pill, 150,000 drops of Nine Heavens Jade Dew, and additional reward: one Tenth Turn Spirit Tempering Pill....."

"In addition, Qin Mu scored 300 points in this assessment, and his performance exceeded the assessment score limit, so he was awarded a super reward and a special reward....."

This announcement once again caused an uproar in the audience.

Only third place, and even a special reward!

The will of the secret earth continues to be announced

"The content of this super reward: All rewards are doubled!"

"This special reward: All rewards are doubled again!"

"Therefore, the rewards obtained by Qin Mu are recalculated as follows: 8 Ten-turn Spirit Tempering Pills, 40 Nine-turn Spirit Tempering Pills, and 600,000 drops of Nine Heavens Jade Dew....."

As soon as the result was announced, everyone stared in shock, and everyone's mouths opened wide.....

The intensity of this reward is too terrifying, it is many times more generous than the first place in the previous game!

Those giants were so jealous that their hearts were broken.

Soon, Xuan Mi's clone collected the reward.....

"Second place, Shenmeng, Qin Lei, reward: two ten-turn spirit-quenching pills, fifteen nine-turn spirit-quenching pills, 200,000 drops of nine-day jade dew, and additional reward: one ten-turn spirit-quenching pill....."

"In addition, Qin Lei received a super reward and a special reward....."

"Therefore, the rewards obtained by Qin Lei are recalculated as follows: 12 Ten-turn Spirit Tempering Pills, 60 Nine-turn Spirit Tempering Pills, and 800,000 drops of Nine Heavens Jade Dew....."

Sure enough, Qin Lei also has super rewards and special rewards.

The whole audience was in mourning.

The giants felt that their throats were dry.....

Qin Feng was smiling and overjoyed.

So far, the total rewards received by the two clones and seven subordinates are: 28 Ten-turn Spirit Tempering Pills, 143 Nine-turn Spirit Tempering Pills, and 1.99 million drops of Nine Heavens Jade Dew.....

These are not far from his minimum requirements.....

Of course, Qin Feng's own reward has not yet been distributed, and it should be even more generous.

Soon, the phantom clone also finished receiving the rewards.

The ethereal voice sounded again....

"First place, Shenmeng, Qin Feng, reward: three ten-turn spirit-quenching pills, twenty nine-turn spirit-quenching pills, 250,000 drops of nine-day jade dew, and additional rewards: one ten-turn spirit-quenching pill....."

"In addition, Qin Feng received a super reward once and a special reward once....."

"Therefore, the rewards obtained by Qin Feng are recalculated as follows: 16 Ten-turn Spirit Tempering Pills, 80 Nine-turn Spirit Tempering Pills, and 1 million drops of Nine Heavens Jade Dew....."

As soon as those words fell, the whole audience was in awe.

Everyone was almost numb with amazement.

In the corner, the giants looked at each other, their throats extremely dry.

After a moment, Saint Taiqing said sourly:"Since the three Qin Feng brothers took part in the assessment, they have obtained more Nine Heavens Jade Dew from the secret land than any other time the secret land was opened before!"

Amitabha nodded slightly:"Yes! I'm afraid Since the establishment of this secret place, all the nine-day jade dew accumulated over time will be emptied by them....."

Mohu looked ugly:"According to me, it should be almost empty. From now on, the will of the secret land doesn't know what else to reward, and we can't let these three boys live anymore. If this continues, what will happen to us? It's all gone."

Old Man Yuexia quickly comforted him:"You three don't have to be impatient. Once this kid is killed, they will get everything, including ours."

"That's right! My desire to kill Qin Feng is becoming increasingly difficult to suppress!"

"yes! Watching him empty out the secret place's inventory again and again, my heart felt like a knife!"

"Hey~! He must not be allowed to survive any longer!"

"Fellow Taoist Yuexia, as soon as the next link starts, you should contact Xian Ling and sign a good contract with her. We must take action early, I can't wait any longer"

"Fellow Taoist, don't worry! This is natural!"

The giants were whispering, each of them was in agony, and their murderous intention towards Qin Feng was increasing every moment.....

On the other side, everyone in the Divine Alliance was delighted.

Qin Feng was also happy.

Doing the math, the total rewards received by the Divine Alliance this time are: 44 Ten-Turn Spirit Tempering Pills, 223 Nine-Turn Spirit Tempering Pills, and 2.99 million drops of Nine Heavens Jade Dew...

If we also count that he already has a Ten-Turn Spirit Tempering Pill. , his Ten-turn Spirit Tempering Pills can reach 45, and he is only 4 short of perfection.

As for Jiutian Jade Dew, plus the more than 600,000 drops in his hand, the total can reach 3.6 million drops.....

"Dad, we have gained a lot this time! There are only 4 pieces missing from the ten-turn quenching elixir you need. The urgently needed Nine Heavens Jade Dew is just enough. God is really helping us in all this!"

Hongjun's face was filled with joy.

The Ziwei Star Master on the side also said sweetly:"Your Majesty has always had unrivaled luck, and this time will be no exception.

Qin Feng smiled slightly:"This reward has indeed satisfied my urgent need." If all are digested, the strength of this deity will be greatly exceeded. By then, it will be time for the giants to suffer.

Hongjun said with a smile:"Dad, even those of us who are close to you cannot estimate your strength." As a child, those giants will definitely look down on you. When the time comes, you will

show off your power and kill them without even a single step, making them regret going against you!"

At this time, Ziwei Star Master seemed to have thought of something and asked in a low voice: "That's right, Your Majesty! Just kill the giants of the Nine Heavens and Ten Domains. Do you also plan to kill the giants of the three sects outside the territory?"

Qin Feng smiled coldly: "Why not kill?" Even if I want to let them go, they won't let me go. In this case, I don't have to hold back!"

Ziwei Star Lord nodded slightly: "That's right! It's just that I'm worried about the Saint Ancestor behind those three sects. If you don't kill the people from the three sects, you may still have some room for maneuver, but if you kill their people, you will have a deadly feud with the three saint ancestors."

Qin Feng sighed: "I don't even want to form a deadly feud! Rumor has it that every time the secret land is opened, the saint ancestors behind the three sects are hidden at the exit of the secret land. That's all in the past, every time the three cases gained the most, they wouldn't take action"

"But this time when the secret land is opened, our Divine Alliance gains the most each time. Do you think they will let us go? In that case, let's have a good time. Either don't take action, or if you do, don't be afraid of falling out."

"What's more, with your strength, if you continue to make breakthroughs, you may not be able to compete with them. If I can successfully obtain the mantle of the ancient God Lord, I will be more confident."

After hearing these words, Ziwei breathed a sigh of relief: "Your Majesty has a plan, and I feel relieved. I thought you didn't think that much."

Hongjun also said: "Mother, father never fights an uncertain battle!"

Ziwei Star Master smiled sweetly: "No matter whether he is sure or not, as long as he decides something, my mother will support it even if she dies."

"Huh! Why haven't you given out this reward yet?"

Qin Feng muttered and looked up at the sky.

Ziwei and Hongjun also realized that after the secret will announced the rewards, it has not cast a beam of light for a long time.....

Even the assessors noticed it and felt a little strange.

At this moment, the voice of the secret will sounded again.....

"Appraisal Yu Qin Feng scored more than 1,000 points in this assessment and performed extremely well. I think he will be given another special reward!"

What?!

There is also a special reward!

As soon as that was announced, the whole audience was in an uproar!

The giants also opened their eyes in astonishment, some were speechless, and at the same time a little nervous...

What will this secret will reward?

If the rewards continue, the inventory will be almost gone in the end, right?!

The League of Gods was pleasantly surprised.

They were also curious, what would the special rewards be?

"The content of this special reward: Qin Feng will be awarded another 100 points!"

As soon as the news was announced, the audience was once again in awe.

Hongjun was surprised:"Dad, you can get extra points as a reward, it's 100 points!"

Ziwei Star Master frowned:"Are there any reward points for this?"

Qin Feng's lips curled up slightly:"I'm afraid there are a lot of benefits! The next step is to redeem points for resources. These 100 points can just be used to redeem items....."

Upon hearing this, Star Master Ziwei's eyes suddenly shone.....

At this moment, a dazzling light pillar descended from the sky.

The generous reward for the first place slowly fell along the beam of light, under the envious gaze of the audience..

Chapter 1280

At this moment, a dazzling light pillar descended from the sky.

The generous reward for first place fell slowly along the beam of light, under the envious gaze of the audience...

Qin Feng was delighted and waited for the reward to fall.

At the same time, all the giants looked on sourly, feeling unhappy.

"Everyone, the Secret Will just announced that Qin Feng will be given an additional reward of 100 points. This benefit is not small!"

Sage Taiqing sighed with a face

"yes! Next is the point redemption process. The Secret Will will take out a lot of inventory treasures, and you need enough points to redeem them. But these points are the key to obtaining the inheritance of the ancient God Lord and cannot be spent easily. It is really a dilemma!"

"That's right! Unless you have enough points, don't redeem them easily.

Secret Will gave Qin Feng an extra 100 points this time, which is a good thing for him! He can exchange it for some treasures"

"hehe! Even if the Secret Will does not reward points, the scores of the three brothers are still much higher than ours. The next stage will still be of great benefit to them!"

"Why! I wonder what treasures the secret land will bring out in exchange this time? I hope the treasure is not too precious...."

Having said this, the giants felt sad.

At this moment, Qin Feng received the reward in the enviable eyes of everyone...

The ethereal voice echoed in the air again

"Points redemption is about to begin! Please read the redemption rules carefully! Next, everyone's total points will be announced first....."

As soon as he finished speaking, the sacred monument lit up with a dazzling spiritual light, illuminating the entire audience!

Everyone was startled and looked up.

Buzz~! Buzz~! Buzz~!

On top of the sacred monument, the previous ranking disappeared.

Then, starting from the bottom of the monument, lines of golden light flashed, and the total points ranking appeared.....

From bottom to top, all 5 points.

It wasn't until I was ranked 273 that my points began to change, slowly increasing from 6 points.....

After a while, the total points ranking will be displayed.....

When everyone in the audience saw it, they couldn't help but take a deep breath.

The faces of the giants also became ugly.

But everyone on the Divine Alliance side was beaming with joy.

After Qin Feng read the information on the sacred monument, a smile appeared on his face.

I saw the ranking of the top 20 divine monuments as follows:

First place, Shenmeng, Qin Feng, with a total score of 470 points.

Second place, Shenmeng, Qin Lei, with a total score of 350 points.

The third place is Shenmeng, Qin Mu, with a total score of 340 points.

The fourth place is Taoist Sect from outside the territory, Taiqing Shengzun, with a total score of 165 points.

Fifth place, Amitabha, from the Pure Sect outside the territory, with a total score of 136 points.

Sixth place, Mohu, Extraterrestrial Demon Abyss, with a total score of 135 points.

The seventh place is Luo Jia from the Extraterrestrial Demonic Abyss, with a total score of 116 points.

The eighth place is Huanji Tianjie, Hunji Ancestor, with a total score of 115 points.

The ninth place is the Taoist Sect from outside the territory, Yuqing Shengzun, with a total score of 101 points.

Tenth place, Shenmeng, ZiweiMain, the total score is 76 points.

Eleventh place, Shenmeng, Shangguan Yunxi, with a total score of 75 points.

Twelfth place, Shenmeng, Pangu, with a total score of 73 points.

Thirteenth place, Taoist Sect from outside the territory, Shangqing Shengzun, with a total score of 71 points.

Fourteenth place, Shenmeng, Qinglin, with a total score of 57 points.

Fifteenth place, the extreme moon heaven realm, the old man under the moon, with a total score of 55 points.

The 16th place, Ancient Tianyu, Ran Deng Ancestor, has a total score of 51 points.

Seventeenth place, Shenmeng, Fu Zhi, with a total score of 41 points.

Eighteenth place, Shenmeng, Hongjun, with a total score of 36 points.

Nineteenth place, casual cultivator, six-root ancestor, with a total score of 31 points.

20th place, Shenmeng, Chu Chu, total points 27 points.....

After seeing the total points ranking of the top 20, the whole audience was filled with sighs.

Among the top twenty, the Divine Alliance actually accounted for half.

However, what shocked them was that Hongjun, who performed very well in the League of Gods, was only ranked eighteenth.

The other top-ranked children of the Shenmen League had unremarkable performances in the first three games, and only shined in the fourth game.

It was the ranking in the fourth game that widened the points gap.

This may not be fair to Hongjun, but it is even more unfair to the giants.

After all, Hongjun's ranking has surpassed the six ancestors who are the top giants, which is extremely remarkable...

At this moment, the giants looked at the points on the list and felt very uncomfortable.

When they saw the points scored by Qin Feng and the two clones, their hearts hurt even more.

As the top giants, their points are less than half of the two clones, and some are less than one-third.

As for comparing with the wind, it is even worse.

Such a huge gap makes them lose all face.

The assessors around him were even more moved.

Buzz~!

At this moment, everyone's clearance tokens trembled, and new information came.

Everyone quickly watched.

Qin Feng also took out his token and watched.

After a moment, a smile appeared on his face.

Those are the exchange rules and related tips sent from the secret place.

According to the prompts, after the exchange process is over, the self-seeking opportunity process will begin.

After the self-seeking opportunity phase is over, the final assessment will begin.

It will be the most intense assessment, with no one allowed to fight against each other, and it will also be the last chance for all assessors to score points.

According to the prompts of the secret place, only those with more than 200 points are eligible to enter the land of mantle inheritance and obtain the mantle inheritance of the ancient God Lord.

If your points reach 50 or more and you have the nine-level Taoist robe as a token, you can become a disciple and obtain the inheritance of a direct descendant.

If you have more than 30 points and have seven robes as tokens, you can become a disciple and obtain the inheritance of a true disciple.

If you have more than 10 points and have five Taoist robes as tokens, you can enter the disciple inheritance class and obtain the inheritance of a direct-level disciple.

The next information is the exchange rules.

In the fourth assessment, there is only one redemption opportunity for those under 100.

Only one item or resource can be exchanged for one opportunity.

Those ranked 11th to 100th will have two redemption opportunities.

There are three redemption opportunities for the first to tenth place.

After reading these information introductions, the audience couldn't help but start talking about

"Tsk tsk!! Only those with more than 200 points are eligible to enter the land of inheritance. This is too exaggerated!"

"It's too exaggerated! However, Qin Feng, Qin Lei, and Qin Mu have all reached this limit, and are far beyond this limit. Even if they didn't get a single point in the fifth assessment, they were still qualified to enter."

"yes! According to the past, after all five assessments, only two or three people met this standard. The three Qin Feng brothers were better off. After four assessments, they far exceeded the standard. The opening of the secret land this time is really different!"

"Indeed! However, even if they enter the place where the mantle is inherited, Qin Feng and the others may not be able to inherit it. In the past, when the secret land was opened, people entered the final mantle every time, but they always failed. I'm afraid it will be the same this time!"

"It's hard to say! Now that things have happened, I no longer dare to underestimate the three Qin Feng brothers....."

In the crowd, all the assessors were filled with emotion

"By the way, points redemption will start soon. Do you want to exchange it?"

"This... I want to wait and see!"

"I also want to wait and see! As mentioned above, if you score 10 points, you will have a chance to obtain a direct descendant inheritance. I have 5 points now. If I can get another 5 points in the fifth assessment. Just in time to get a inheritance"

"That's right! As long as there is still a chance, I think I can give it a try, and I am not in a hurry to redeem it!"

"This... I still think we should first see what resources the secret place will come up with!"

At this moment, there was a lot of discussion in the field.

Everyone was discussing whether to spend points to redeem it next.

Most of the assessors did not intend to redeem it, but wanted to give it a try.

Even the lowest level of direct descendant inheritance is not good for them. It is said to be an extremely precious opportunity.

Not only do they think so, but the giants are also discussing it. None of them want to redeem their points.

Especially those with more than 100 points, they still long for reaching more than 200 points and have the opportunity to enter the inheritance of the mantle. Land. For those with a score of less than 100, even if they cannot enter the Land of the Mantle, it is very good to be passed down by a direct descendant. The ancient God Lord is the rumored seventh realm power.

His direct descendants are all expected to become Candidates for the Sixth Realm Saint Lord.

If they can get direct lineage inheritance, it will be of great help to them to break through to the Saint Ancestor.

Of course, these giants are not willing to give up the opportunity to exchange, and they always feel that it is a loss.

This Thinking about it, they couldn't help but envy Qin Feng.

At this moment, the discussion on the Shenmeng side seemed to be relaxed and extremely cheerful.

"Dad, if you score more than 200 points, you can enter the place where the mantle is inherited. That's enough for you and your two clones. Next, you can redeem the extra points for the resources you want...."

Hongjun said excitedly.

Qin Feng smiled and said nothing.

At this time, Lord Ziwei interjected: "Your Majesty, many subordinates asked me just now, how should they choose after the redemption channel is opened? Who needs to redeem, and those who don't?"

Feng thought for a while and then said: "There is only one final assessment left, and it is impossible for everyone to achieve more than 10 points. What's more, to obtain the inheritance of the worst direct descendants, not only 10 points are needed, but also five Taoist robes as tokens"

"The number of those five robes must be limited, so not everyone can get them. Let's do this, tell all the disciples, those who score less than 10 points should exchange them for resources. Don't miss this opportunity."

"In the next assessment, Secret Will may not open points redemption, so we must seize the opportunity!"

Ziwei Star Master nodded repeatedly: "I have the same idea."
