

## God level 1281

### Chapter 1281

"The redemption channel is open! All assessors please check the clearance token!"

As soon as the words fell, everyone's tokens trembled again.

Everyone quickly picked up the tokens, and their spiritual consciousness penetrated, and they saw a series of resource bills emerging.....

Qin Feng quickly took a closer look.

1,000 drops of Jiutian Jade Dew (1 point), 1 million drops in stock.

3 pieces of Eternal Breaking Pill (1 point), 3000 pieces in stock.

1 Poji Pill (1 point), 1,000 in stock.

1 Heaven-Breaking Divine Pill (2 points), 500 pieces in stock.

1 Nine-turn Golden Body Pill (5 points), 100 pieces in stock.

1 piece of Nine Transformation Soul Pill (5 points), 100 pieces in stock.

1 Nine-turn Spirit Tempering Pill (8 points), 50 pieces in stock.

1 Ten-Turn Tempering Spirit Pill (20 points), 10 in stock.

1 group of Holy Artifact Spirits (40 points), 5 groups in stock.

Jade Creation Fragments (50 points), 2 pieces in inventory.

1 group of Spirit of Creation (200 points), 1 group in stock.....

"Huh! Fragments of the Jade Certificate of Creation!"

As soon as he read the information, Qin Feng's eyes fell on the fragments of the Jade Certificate of Creation, with a look of surprise in his eyes.

In the future, if he wants to merge the Great Flood God Realm and the Great Desolate God Realm into the 'Great Desolate God Realm', he will need The complete Jade Order of Creation, because the Jade Order of Creation is the heavenly seal that controls the Great Wilderness God Realm.

Originally, he still had two pieces missing before he could completely reshape the Jade Order of Creation.

Now, he has taken the two missing pieces with the will of the secret land. After coming out to redeem, he must not miss it, let alone let other giants redeem it first.

A piece of jade ultimatum is 50 points, and other giants are also able to redeem it.

With a thought, Qin Feng's consciousness penetrated directly into the token, where On the message on the jade tablet fragment, a redemption request was submitted.

The next second, an invisible spiritual wave came from the token.

It was the will of the secret place communicating with him through the token.

Soon, the two parties communicated Completed, the exchange was successful!

Buzz~!

Qin Feng's token lit up with a dazzling light, and 100 points were automatically deducted from his points.....

Then, a beam of light fell from the sky and landed on top of his head.

Two jade tablet fragments exuding cyan charm slowly fell along the light beam.....

When he saw that the exchange was successful, Qin Feng showed a smile.

According to the rules, only one resource and item can be exchanged for one exchange opportunity, but there is no limit on the quantity.

Qin Feng exchanged two jade certificate fragments at one time, and only used one exchange opportunity. He still had two exchange opportunities left.

At the same time that Qin Feng exchanged the fragments of the jade certificate, two more beams of light fell from the sky, landing on the heads of the phantom clone and the Xuan female clone respectively.

The phantom clone exchanged 50 Holy Artifact Spirits for 200 points.

The spirit of the holy weapon can promote the Kaiding-level holy weapon to the Heaven-casting level, which greatly enhances the power of the holy weapon. It is also a material that Qin Feng desperately wants.

Xuan Mi's clone exchanged 10 ten-turn spirit-quenching pills, which also cost 200 points. At this point, Qin Feng had all the ten-turn spirit-quenching pills he needed.

At the same second when Qin Feng and the two clones started the exchange, the children of the Shenmeng who had been eager to make the exchange immediately started to exchange.....

Buzz~! Buzz~! Buzz~!

For a time, the tokens on the side of the Divine Alliance kept vibrating.

Phew~! Phew~! Phew~!

Immediately afterwards, beams of light fell from the sky one after another.....

In the blink of an eye, more than 1,300 light beams fell towards the Shenmeng station one after another, forming a continuous beam, shining brightly, and it was very spectacular.....

All the assessors couldn't help being stunned, and they all looked in the direction of the Divine Alliance in astonishment.

Even the giants were a little shocked.

They all thought that they would first see what resources the will of the secret land would give, and then consider whether to redeem them.

Many people even did not intend to redeem it at the beginning, hoping to earn more points in the next assessment. If they could get more than 10 points, they would have the opportunity to be passed down by a direct descendant.

Those giants hope to obtain a direct line of inheritance, or even gain the qualifications to enter the Land of the Mantle.

Because of these thoughts, they did not take action.

But I didn't expect that the Shenmeng was completely different. As soon as the exchange channel was opened, they exchanged it as soon as possible, as if they were buying like crazy... In just a moment, Qin Feng got two pieces of the jade certificate, and he was overjoyed...

Xuan Mi's clone and The exchange for the phantom clone is also available.

However, Qin Feng and the two clones did not stop and continued to exchange. Three more beams of light fell from the sky...

Seeing this scene, everyone suddenly felt that something was wrong.

"Huh! Take a look at the resource exchange table!"

"Uh~! No way?"

There was an exclamation in the crowd.

Immediately, everyone looked at the resource exchange table in the token, and they were all dumbfounded.....

I saw that the exchange table became as follows:

1000 drops of Jiutian Jade Dew (1 point), 0 drops in stock.

3 pieces of Eternal Breaking Pill (1 point), 0 pieces in stock.

1 piece of Poji Dan (1 point), 0 pieces in stock, 0 piece in stock, 0 piece in stock, 1 piece of Spirit of Creation...

1 group of Spirit of Creation (200 points), 1 group in stock...

Everyone was completely dumbfounded when they saw this list.

In just a few seconds, all the inventory of exchange resources was emptied, leaving only a ball of the Spirit of Creation.....

"No...no more! All gone!"

"I haven't had time to redeem it yet!"

"This... the speed of this divine alliance is too fast!"

"Ouch~! 1 point can be redeemed for 3 Eternal Breaking Pills! It turns out points are so precious. If I had known earlier, I would have redeemed it!"

"yes! Previously, the League of Gods used 1 Eternal Breaking Pill to exchange for 1 point. It was really a huge profit."

"There are not only the Po Heng Pills, but also the Po Ji Pills and the Heaven Breaking Divine Pills. They are all resources that we have the ability to redeem!"

"But...but now there are none left!"

At this moment, many examiners were so angry that they stamped their feet and were annoyed.

On the other side, the giants and quasi-saint ancestors also had depressed faces.

One by one, you looked at me and I looked at you, a little confused.

"Hey~! If I had known that 5 points could be redeemed for the Golden Body Pill and Yuanshen Pill, I also redeemed them"

"There are also nine-turn Spirit Tempering Pills and Ten-turn Spirit Tempering Pills that are also very cheap. It's a pity that we are a step behind....."

"no way! The Divine Alliance has a lot of people, and a lot of points, so no worries about it, so the redemption process is so crazy!"

The giants kept muttering, some were annoyed, and some were sighing.

If the Shenmeng moved slower, they would be willing to spend some points to exchange for some necessary supplies.

Now, their ideas are useless, because the exchange inventory All were emptied out by the Divine Alliance. At this moment, the Divine Alliance side was extremely happy.

In just a few seconds, most of the disciples of the Divine Alliance spent all their points.

They also successfully emptied their exchange inventory.

This is definitely a huge gain!

At this time, there was another discussion among the crowd

"All the treasures have been exchanged!"

"Isn't there still a spirit of creation?"

"By the way, what is this spirit of creation?"

"hehe! You don't even know this? Let me tell you this, the spirit of the sacred weapon can promote the sacred weapon from the cauldron level to the heaven-casting level. The Spirit of Creation can upgrade the holy weapon to the Creation level!"

"Oh My God! A creation-level holy weapon! Rumor has it that that can only be possessed by the Holy Ancestor!"

"Tsk ts! It turns out that this spirit of creation is so powerful, no wonder it costs 200 points!"

Speaking of this, all the assessors were amazed.

In the corner, the giants were also jealous.

Who doesn't want to own a creation-level holy weapon?

What a pity!

It requires 200 points to redeem.

Those giants can only stare at the score.

At this moment, the crowd started talking again.

"Fellow Taoist, you said that this spirit of creation is so precious, why is it that no one redeems it?"

"hehe! Are you stupid? That's 200 points. Who can redeem it?"

Buzz~!

As soon as he finished speaking, a dazzling white light pillar fell from the sky and landed on Qin Feng's head.....

Then, a purple-gold light group, exuding the overwhelming charm of creation, slowly fell along the light beam...

At the same time, the inventory marked 'Spirit of Creation' in the exchange table became 0 points.

That purple-gold light group is the spirit of creation!

The person who spoke before pursed his lips in embarrassment.

In the corner, the giants looked at the spirit of creation in the sky, with greed in their eyes.

That is the spirit of creation!

How great it would be if it could become theirs!

In just a moment, the spirit of creation fell into Qin Feng's hands.

At this point, all exchange inventories have been emptied.

Looking at the Spirit of Creation in front of him, Qin Feng showed a satisfied smile.

As far as he knew, if the Heaven-casting level holy weapon absorbed the Spirit of Creation, there would be a one-tenth chance of being promoted to the Creation level.

If a half-step creation-level sacred weapon absorbs the spirit of creation, it will be 100% promoted to the creation-level.

The Witch God Banner in his hand is a broken sacred artifact of creation, equivalent to a half-step creation level.

If the Witch God Banner is allowed to absorb this spirit of creation, it should be able to fully cultivate itself and become a complete sacred instrument of creation.

By then, he would have two creation-level sacred artifacts.

One is the Heaven-Destroying Sword Formation, and the other is the Witch God Banner.

By then, his strength will be greatly enhanced..

Chapter 1282

Thinking of this, Qin Feng silently put away the Spirit of Creation.

Buzz~!

At this moment, the sacred monument trembled and golden light flashed!

The ranking points ranking above has changed.

I saw that the points of more than 1,300 disciples of the Divine Alliance all turned into 0 points...

Their mission had been completed, and there was no need to think about the points issue at all.....

Looking at the ranking of the top twenty points, there have also been changes: first place, Shenmeng, Qin Feng, with a total score of 170 points; second place, Extraterrestrial Dao Sect, Taiqing Shengzun, with a total score of 165 points.

The third place was held by Amitabha, the pure sect outside the territory, with a total score of 136 points.

The fourth place was Mohu, Extraterrestrial Demon Abyss, with a total score of 135 points.

Fifth place, Shenmeng, Qin Lei, with a total score of 125 points.

The sixth place is Shenmeng, Qin Mu, with a total score of 120 points.

The seventh place is Luo Jia from the Extraterrestrial Demonic Abyss, with a total score of 116 points.

The eighth place is Huanji Tianjie, Hunji Ancestor, with a total score of 115 points.

The ninth place is the Taoist Sect from outside the territory, Yuqing Shengzun, with a total score of 101 points.

The tenth place is the Taoist Sect from outside the territory, the Shangqing Saint, with a total score of 71 points.

Eleventh place, the extreme moon heaven realm, the old man under the moon, with a total score of 55 points.

The twelfth place, Ancient Tianyu, Ran Deng Ancestor, has a total score of 51 points.

Thirteenth place, Divine Alliance, Ziwei Star Master, with a total score of 46 points.

Fourteenth place, Shenmeng, Shangguan Yunxi, with a total score of 45 points.

Fifteenth place, Shenmeng, Pangu, with a total score of 43 points.

Sixteenth place, Shenmeng, Qinglin, with a total score of 40 points.

Seventeenth place, Shenmeng, Fu Zhi, with a total score of 41 points.

Eighteenth place, Shenmeng, Hongjun, with a total score of 36 points.

Nineteenth place, casual cultivator, six-root ancestor, with a total score of 31 points.

20th place, Shenmeng, Chu Chu, total points 27 points.....

After reading the rankings, everyone had mixed expressions.

In order to redeem their resources, the entire Shenmen League consumed a large amount of points. Even the points of the three Qin Feng brothers dropped below 200 points.

In the corner, the giants looked at each other, with a hint of joy in their eyes.

In particular, the faces of Saint Taiqing, Amitabha, Mohu, Luoia, Ancestor Hunji and others were even more joyful.

The three brothers Qin Feng's points have dropped, which is not a bad thing for them.

At the same time, the Shenmeng side

"Your Majesty, only those with a score of 200 or above are eligible to enter the Land of Clothes. Both you and your two clones have less than 200 points."

Ziwei Star Master had a worried look on his face.

Qin Feng looked at the sacred monument and raised the corners of his mouth slightly:"It's only 200 points! Isn't there a fifth assessment? After another assessment, my points will return to 200 points."

Ziwei Star Master nodded slightly:"I believe in your Majesty's ability, but I'm just a little worried."

"Mother, don't worry! With Dad's ability, he and the two clones will definitely be able to score more than 200 points after the next assessment. What's more, my father's total points are still ranked first."

Hongjun was extremely confident in Qin Feng.

Ziwei Star Master smiled and said:"That's good! However, His Majesty cannot take it lightly. Your current points are ranked first, but the points of Taiqing Shengzun, Amitabha and Mohu all exceed those of the two clones."

Qin Feng looked at the giants in the distance with a half-smile, and said coldly:"It will soon be time to find your own opportunity. The fifth assessment has begun. It's hard to say how many of them will be alive to accompany me in the fifth assessment! Hongjun's eyes lit up:"

Yes!" Dad, this time we are looking for an opportunity to take the test, we, the Divine Alliance, should not hold anything back, we will kill if we can. The more they die, the better it will be for our final assessment."

Qin Feng smiled and nodded.

Hongjun was right.

After the points exchange this time, not only did he and the two clones have less points.

The points of many close men also decreased, basically falling below 50 points.

If you want to get The inheritance of the direct descendants of the ancient God Lord requires 50 points.

It is still a challenge to have the points of Hongjun, Ziwei, Pangu and other close friends reach more than 50 points.

Of course, if he kills more giants, he can make everyone With fewer competitors, it would be easy to reach more than 50 points...

At this moment, an invisible spiritual pressure came and enveloped the entire square, and the voice of the secret will sounded again.....

"The points redemption session is over! After a three-day break, the Azure Dragon Holy Land, Suzaku Holy Land, and White Tiger Holy Land will be opened. Specific rules will be announced on the opening day!"

As soon as the news was announced, the whole place became commotion.

The assessors were even more excited.

"Ha ha!! Very good! This time, three holy realms were opened directly! It can be seen that the chance of occurrence this time will be three times that of the last time"

"I'm afraid it won't stop! As far as I know, the last Xuanwu Holy Realm was the worst among the four holy realms. The Azure Dragon Holy Realm, Suzaku Holy Realm, and White Tiger Holy Realm were much stronger than it. The chances of the three realms combined are more than five times that of the Xuanwu Holy Realm!"

"my God! So many!"

"Of course! Especially the Azure Dragon Holy Realm has the most abundant opportunities!"

"Tsk tsk!! This is so great! Previously, the Divine Alliance had monopolized the opportunity of Xuanwu Holy Realm, and their strength soared. If we can seize the opportunity of the three holy realms this time, it should be of great benefit to the final assessment."

"yes! I just want to seize this opportunity and get more points in the final assessment. It is certain that we can also obtain the inheritance of a true descendant of an ancient god, or even the inheritance of a direct descendant....."

"Ha ha!! Don't talk about direct inheritance, true inheritance, I am satisfied if I can have a direct descendant to pass it on....."

At this moment, the whole audience was buzzing with discussion.

The faces of all the examiners were full of excitement, and they could not wait for the opening of the three holy realms.

At the same time, the Shenmeng side was also very excited.

The disciples discussed happily

"Dad, in three days the three holy realms will be opened together. The benefits you can get are much more than the Xuanwu holy realm. This is also a great opportunity for our divine alliance to improve! Hongjun said excitedly.

Ziwei Star Lord also said:"Your Majesty, there should be many divine pattern fragments in the Azure Dragon Holy Realm, Suzaku Holy Realm, and White Tiger Holy Realm, right?" These things are of great use to Qinglin, Yunxi, and Xianling."

Qin Feng nodded slightly, and then he said:"Let's go! The rest time is only three days, so I will seize the time to digest the resources obtained this time."

As soon as he finished speaking, he turned around and walked towards the heaven and earth membrane.

The disciples quickly followed him.

After a while, Qin Feng and others all entered the heaven and earth membrane.....

In the distance, the giants watched this scene silently

"Everyone, Qin Feng's son and the children of the Shenmeng have entered the fetal membrane again. They should be eager to digest the rewards this time....."

Amitabha said in a sour tone.

Old Man Yuexia smiled coldly:"With only three days of rest, I'm afraid they won't be able to use up much. Many of their resources are ours after all."

Ancestor Randen agreed: "Yes! There are only three days left. It's time, Qin Feng's kid won't be able to jump around for long. I can't wait!"

As soon as he said these words, all the giants showed a knowing smile.

But on the other side, after Qin Feng and others entered the fetal membrane of heaven and earth, Hongjun sacrificed the Chaos Bead.

Afterwards, all the disciples got into the Chaos Bead one after another.

After everything was completed, Qin Feng communicated with the Zijin clone and performed the air summoning.

The next second, he and Xuan Mi's clone turned into a white light and disappeared out of thin air.

In the field, only the phantom clone remains in place..

Chapter 1283

But here, as the sky and the earth light up.

The clones of Qin Feng and Xuan Mi returned to their previous mysterious space.

In front of them, the Zijin clone opened his eyes happily.

Today's Zijin clone has reached perfection, its cultivation level is the same as that of the two clones, and its combat power is exactly the same.

During this period of time, Zijin's clone has been practicing in the space, and his efforts have not been in vain.

Qin Feng looked at him with satisfaction, then casually took out the Chaos Bead...

Buzz~!

The Divine Alliance roars and shines brightly!

The next second, Hongjun and others filed out

"Ha ha!! We're back!"

All the disciples were overjoyed

"Huh! Dad, the cultivation aura of your purple gold clone seems to be exactly the same as yours!"

As soon as Hongjun appeared, he noticed the progress of the Zijin clone.

All the senior officials looked at it, and it was indeed the case.

Qin Feng smiled slightly:"My father's Zijin clone has been completed, and he will also be one of my father's trump cards.

Hongjun was overjoyed:"This is great!" I'm afraid Old Yuexia and the others never thought that you were hiding such a powerful clone. This time, they will definitely be caught off guard."

Ziwei Star Master also said happily:"With this clone here, even if the three sects outside the territory have trump cards, Your Majesty doesn't have to be afraid."

Hearing this, all the disciples smiled, and they all agreed in their hearts.

Thinking about it, the combat power of each of His Majesty's clones has reached 160 million poles. Coupled with the terrifying amplitude of three hundred times, the comprehensive strength greatly exceeds The Quasi-Saint Ancestor is at his peak.....

Even if the two giants join forces, they may not be the opponents of the clone.

In other words, Qin Feng's three clones can defeat the six giants.

Coupled with Qin Feng's true body, the overall strength is better than the three clones combined, which is terrifying just thinking about it.

Of course, the giants must have trump cards in their hands.

In addition, there are fifty or sixty quasi-saint ancestors who follow the giants, and they must not be underestimated.

Qin Feng shook his head slightly: "Although the situation seems to be favorable to us, we must not underestimate the three extraterrestrial sects. They will not reveal their trump cards until the last moment. If they reveal their trump cards, it will definitely be earth-shattering."

"You can think about the Ancient Ancestor Ran Deng. He is considered mediocre among the giants, but who would have known that he has an ancient corpse in his hand that is close to the half-step Saint Ancestor?"

At this reminder, all the disciples nodded slightly.

Think about it, this is really the case.

Hongjun guessed curiously: "Dad, you said that each of the three sects outside the territory has a trump card. They were originally going to use it to deal with each other?"

Qin Feng looked into the distance and said quietly: "It's very possible! Every time the secret land is opened, the final battle is between the three sects, so the ultimate moves are used to deal with each other. But this time is different, the three sects will join forces to deal with me."

Hongjun sighed: "Dad, you can fight against the three sects on your own." I'm afraid they didn't expect this result before they came."

Qin Feng looked around at the disciples and said quietly: "No matter what, there will definitely be a hard battle next."

"We must speed up the improvement of our strength in order to survive the coming war, so don't waste time, hurry up and digest the resources we got this time!"

"yes! His Majesty!"

All the disciples agreed one after another.

At that moment, the disciples took the initiative to disperse, preparing to make full use of this time to digest resources.

Three days in the outside world, here is three hundred days, which is enough for them to digest the newly obtained resources.

After sending away the disciples, Xuan Ming The clones took Qinglin, Yunxi, and Chuchu aside, preparing to teach them the Four Symbols and Twenty-eight Constellations mind method.....

The Four Symbols and Twenty-eight Constellations of Mind Dharma is a necessary part of perfecting the Great Flood God Realm and must be practiced.....

On the other side, the Zijin clone closed his eyes again.

He is communicating with Liu Yan and trying to build Tianji Yuandi.....

At the same time, Qin Feng summoned Qin Baobao, Lu Ya, Queen Mother of the West, Kunpeng, Hongyun, and Minghe.

"Dad, why have you summoned us?"

Qin Baobao sniffed a little coquettishly.

Looking at the baby's cute appearance, Qin Feng fondly touched her little head.

Over the years, the baby has gradually grown into a girlish appearance, becoming more and more beautiful and lovely.

"Baby, have you cultivated to the limit of the peak of Heavenly Saint, right?"

"Yes! dad!"

"very good!"

Qin Feng nodded with satisfaction, then looked at Lu Ya and Queen Mother Xi

"You two are not bad either! It has also reached the limit of the peak of Tiansheng!"

"Thank you for your compliment, Your Majesty!"

Lu Ya and Queen Mother Xi quickly saluted.

"Take these three spiritual root seeds and Nine Heavens Jade Dew!"

Qin Feng waved his hand, and three spiritual root seeds and three bottles of Nine Heavens Jade Dew flew towards the three of them.

"Thank you dad!"

"Thank you, Your Majesty!"

Qin Baobao, Lu Ya, and Queen Mother Xi were all ecstatic and quickly took the spiritual root seeds and Nine Heavens Jade Dew.

Qin Feng put his hands behind his hands and smiled: "Those three bottles contain 200,000 drops of Nine Heavens Jade Dew, which is enough for you to cultivate the spiritual root seeds. Mature. By then, you will also be able to break through to the Quasi-Saint Ancestor. Go for it! Take the time to cultivate!"

"OK! dad!"

"yes! His Majesty!"

Qin Baobao took the spiritual root seed and left happily.

After Lu Ya and Queen Mother Xi bowed respectfully, they also left ecstatically.

Kunpeng, Hongyun, and Minghe looked envious.

At this time , Qin Feng took stock of the three of them.

"The three of you are not bad, you have all reached the peak of Heavenly Saint, but you are still a little short of the limit of Heavenly Saint....."

"His Majesty! We will definitely practice hard and strive to reach the limit of the peak of Heavenly Saint in these three hundred days!"

"Um! It's great that you have such ambition. However, in three hundred days, there will be a big war, and you are urgently needed to improve your strength. And with the resources you have, it will still be difficult to reach the peak of cultivation in three hundred days."

Qin Feng pondered for a while and then took out fifteen nine-turn spirit quenching pills.

"The Nine-turn Spirit Tempering Pill is a low-grade divine pill in the Holy Realm. It can greatly temper the strength of spiritual power, and can also indirectly improve the progress of cultivation. With your cultivation level at the peak of Heavenly Saint, you should be able to reach the limit of Peak Heavenly Saint as long as you refine five of them."

Qin Feng waved his hand, and fifteen nine-turn tempering pills flew towards the three of them, five pills for each person.

"Thank you, Your Majesty!"

Kunpeng and the others took the elixir overjoyed.

"Your Majesty, with these ten Spirit Tempering Pills, we can reach the peak of Heavenly Saint in just a hundred days."

Kunpeng's face was flushed and he looked excited.

Hongyun and Minghe also grinned happily.

Being able to break through to the limit as soon as possible is exactly what they want in their hearts.

"Kunpeng, your cultivation is a little higher than the two of them, so there will be no problem within a hundred days. Hongyun and Styx will only take about 200 days. Well, I'll give you this spiritual root seed first."

Qin Feng waved his hand, and another spiritual root seed flew over.

"Thank you...Thank you, Your Majesty!"

Kunpeng looked ecstatic and took the spiritual root seed with trembling hands.

Hongyun and Minghe swallowed their saliva and were filled with envy.

Then, the two of them looked at Qin Feng eagerly.

Qin Feng was a little funny:"You two There is no need to envy you. I no longer have the seeds of spiritual roots in my hands, so I can no longer reward you."

Qin Feng told the truth. He originally had seven seeds.

Three of them were to cultivate the Three Yuan Land.

The other four were just rewarded and naturally disappeared.

"However, there is no need to be impatient. Soon, the three holy realms will be opened. If I kill a few more quasi-saint ancestors, I will be able to get more spiritual root seeds, so you don't have to worry about not having any spiritual root seeds to use."

"Your Majesty, I will understand!"

Hongyun and Styx were overjoyed, and they were full of expectations for the future.

"Kunpeng, take these two hundred thousand drops of Nine Heavens Jade Dew. After your cultivation reaches the limit, cultivate the seeds of your spiritual roots."

"Thank you, Your Majesty!"

"Go get busy!"

"I'm waiting to resign!"

At that moment, the three Kunpeng people left happily, and they all took the time to digest the resources.

Qin Feng looked at the backs of the three people leaving with a look of anticipation.

Now, the Shenmen League includes Hongjun, Xianling, Qinglin, and Ziwei, Pangu, and Fu Zhi are the six quasi-saint ancestors.

If Qin Baobao, Lu Ya, Xi Wangmu, and Kunpeng succeed in breaking through again, the number of quasi-saint ancestors in the Shen League will reach nine.

This number is extremely impressive

"Hong'er! Ziwei! Pangu!"

Qin Feng called again

"father!"

"His Majesty!"

The three people hurriedly came forward to meet each other.

"These nine-turn tempering spirits! Take it!"

Qin Feng waved his hand and distributed more than a hundred nine-turn spirit quenching pills to the three of them. Each person had 49 pills, which just reached the limit of refining.

Then, he rewarded each of the three with a ball of holy artifacts. Spirit.

Qin Feng only has five groups of holy weapon spirits in total.

After rewarding three groups, he plans to integrate the remaining two groups into the Abi Yuantu swords and promote the swords to the Heaven-casting level.

After receiving the reward, Hongjun and Ziwei , Pangu and the three were pleasantly surprised

"Your Majesty, the Holy Artifact Spirit is extremely rare. You gave us three groups, and you only have two groups left."

Ziwei Star Master is worried about Qin Feng.

Qin Feng smiled slightly:"It is enough for me to have those two groups. Hong'er, your Chaos Bead has not been fused with the spirit of the holy weapon. This time, you try to fuse the spirit of the sacred weapon to see if you can increase the power of the Chaos Orb."

"Dad, my kid has this idea"

"Pangu, the level of your Sky-Opening Ax also needs to be improved. Also, Ziwei, you can also use the spirit of the holy weapon to upgrade your Tai Chi diagram to the Heaven-casting level."

"yes! His Majesty!"

Pangu and Master Ziwei quickly expressed their thanks.

Obviously, the three of them are Qin Feng's key training targets.

Speaking of Master Ziwei's Tai Chi diagram, it was originally used by Fuzhi and was not a sacred weapon.

Later, Master Ziwei Without a holy weapon, he used the Tai Chi Diagram as his body, absorbed many fragments of the holy weapon, and was finally promoted to a cauldron-level holy weapon.

In order to improve the fighting ability of Lord Ziwei, Qin Feng now rewards the spirit of the next holy weapon.

Distribution completed After these resources, Qin Feng sent away the three people.

Then, he also took out many resources and began to devour the refining..

Chapter 1284

At this moment, the entire Divine Alliance entered into cultivation.

Everyone is working hard to digest the newly obtained resources...

On the other side, above the square.

All the assessors also meditated and rested, not daring to waste time.

Three days later, it will be the day when the three holy realms are opened.

Naturally, they have to adjust their state to the best state before they can go all out to compete for opportunities.

Maybe, that would be their last chance.

No one can guarantee that the points will be increased to 10 points in the final assessment.

If you don't reach 10 points or above, you won't even get the worst chance of becoming a direct descendant, and your efforts will be in vain.

In other words, if you can get a big chance in the next session, you will be more likely to score more than 10 points in the final assessment.

In short, the opening of the next three holy realms is extremely important to them, and every assessor attaches great importance to it.....

Even those quasi-saint ancestors and giants also attach great importance to it.

At this moment, in the corner.

The giants are whispering

"Everyone, the last time we went to the Xuanwu Holy Realm, we all lost the chance. This time, you have to take advantage of it!"

"Of course! As far as I know, if you want to obtain the five-level Taoist robe, the seven-level Taoist robe, and the nine-level Taoist robe, you must find it in these three holy realms. That is the key token to obtain the inheritance of three kinds of disciples!"

"yes! The ancient God Lord is extraordinary. Even if his disciples inherit it, if they can obtain it, they will benefit a lot."

"I don't know about other inheritances, but those direct descendants will be of great benefit to us and other quasi-sage ancestors at their peak. If you can get it, you can hope to enter the realm of the Saint Ancestor one day!"

Speaking of this, all the giants showed yearning looks on their faces.

For them, as long as they obtain the inheritance of a direct descendant, they will be satisfied.

As for the inheritance of the mantle of the ancient God Lord, it is reserved for the saint ancestors.

Even if If they get it, they must contribute it.

The inheritance of the mantle of the ancient God Lord is related to the secret of breaking through to the seventh realm, which is something that the saint ancestors are extremely eager to obtain.

At this time, Saint Taiqing said again:"Everyone, just As far as I know, there are only three lines of inheritance from direct descendants, so there are only three Jiupi Taoist robes left behind. It is estimated that the Azure Dragon Holy Realm, the Vermilion Bird Holy Realm, and the White Tiger Holy Realm have one piece hidden each.

Amitabha nodded slightly:"It should be so!" If you think about it this way, not everyone can get it, and the competition is not small!"

"By the way, the inheritance of true descendants is also good. With his inheritance, it will be a matter of course for him to break through to the limit of a quasi-saint ancestor in the future. There is even a chance to break through to a half-step saint ancestor."

"It is rumored that the ancient God Lord has ten true disciples, several of whom have reached the strength of the half-step Saint Ancestor. It is incredible to think about it."

As soon as these words were said, the eyes of the quasi-saint ancestors who were listening around them all lit up, and they all showed fiery gazes.

Even the giants such as Old Man Yuexia, Ancestor Ran Deng, Ancestor Liugen, and Ancestor Hunji also felt hot in their hearts. , I was moved by it.

The inheritance of direct descendants is too rare and not easy to be strong.

But there are ten inheritances of true descendants, and if you get them, you can hope to break through to the strength of the half-step Saint Ancestor, which is also very good.

Even the top ancestors like Huanji Patriarch The giants were all moved by it, let alone those quasi-saint ancestors.

"By the way, there are so many inheritance tokens in the three holy realms. Then there was the Xuanwu Holy Realm before, right?"

Ancestor Ran Deng asked curiously.

His understanding of the secret place is far inferior to that of the three outside the territory.

Hearing this, Saint Taiqing, Amitabha, and Mohu looked at each other and showed a secretive smile.

Obviously , they knew more inside stories.

Then, Holy Lord Taiqing said:"Fellow Randeng, to be honest, we really know some inside stories. Xuanwu Holy Land is the first open place to seek opportunities, and it does have tokens."

"However, the Xuanwu Holy Realm is the weakest of the four holy realms and the easiest to challenge, so there will only be one Qipida Taoist robe in it, which means there will only be a token of the true disciple."

"In addition, the tokens of the nine true disciples are hidden in the three holy realms. There should be three in each holy realm."

Randeng Ancestor was overjoyed:"So, there will be one nine-dimensional Taoist robes and three seven-dimensional Taoist robes in each of the three holy realms. There are a total of twelve key tokens. Fortunately, there were few tokens in Xuanwu Saint territory, so Qin Feng did not take advantage of it alone."

As soon as Qin Feng was mentioned, Old Man Yuexia said in a deep voice:"Everyone, we will actively fight for the inheritance token. However, before that, we must first destroy Qin Feng."

Holy Lord Taiqing smiled coldly:"This is natural! If he doesn't die, the threat to us will be difficult to eliminate. What's more, if we destroy him, we can gain all kinds of benefits. By the way, fellow Taoist Yuexia, how is your communication with Xian Ling?"

The old man Yuexia smiled slightly:"We have already agreed. Let's wait three days to see how Qin Feng's son will act. I don't know if they will act in three separate groups this time, or if they will all enter a certain holy realm."

Sage Taiqing nodded slightly:"That's right! However, based on my understanding of Qin Feng, this son is extremely ambitious and greedy. He should be able to divide his troops into three groups, and he wants to take advantage of all the benefits of the three holy realms!"

Old man Yuexia smiled coldly:"This is the best! That will make it easier for us to defeat them all!"

As soon as these words were said, the giants showed knowing smiles.

Then, the giants gathered together again and began to discuss specific strategies to deal with Qin Feng.....

At the same time, in another corner of the square.

The residence of Daxian Tianyu.

There were only five people in the field, Xian Ling, Zhao Gongming, and San Xiao, and the rest of the disciples had all been eliminated.

At this moment, the five Xianling people were also discussing matters in secret.

"Territory Lord, what did Old Man Yuexia say?"

Zhao Gongming and Sanxiao asked with concern on their faces.

Xian Ling smiled coldly:"It's not just some commonplace talk, I have tried to delay it as much as possible. Next, let's wait three days to see how His Majesty will act."

Zhao Gongming nodded slightly:"That's all it can do! Territory Lord, have things been arranged for Haezhi?"

"arranged! Haechi will know how to do it"

"That's good!"

As soon as the words fell, Xian Ling and the others looked out into the sky, as if they wanted to see something...

At the same time, outside the secret place, at the entrance.

In the huge square, tens of thousands of people gathered, with their cultivation levels starting from the first The realm ranges from the realm to the extremely holy realm.

These tens of thousands of people are all eliminated.

After being eliminated, they were forcibly transported to this place by the secret intention.

However, they were still reluctant to leave, and waited at the entrance one by one to wait for the final result.

They want to see who will be the final big winner when the secret assessment is completed.

Or, they want to see what changes will happen in the end and whether they can benefit.

At this moment, in a corner of the square.

More than 200 disciples of Daxian Tianyu gathered around a middle-aged man.

That middle-aged man was called Haizhi, a peak saint and the strongest being among those eliminated from Daxian Tianyu.

"Elder Haechi, did the Territory Lord really arrange it like that?"

Another supreme saint from the Daxian Heaven Realm asked in a low voice.

"certainly! This is the domain lord's handwriting, read it yourself!"

Xie Zhi took out a jade talisman.

The Supreme Saint quickly took it, penetrated his spiritual consciousness, and checked it.

After a moment, a complex look appeared on his face.

That's right!

That was indeed the handwriting of the Territory Lord.

Not only There are also handwritten letters from the Territory Lord, Zhao Gongming, Yunxiao, Bixiao, and Qiong Xiao, the four deputy Territory Lords.

The content of the handwritten letter is actually to ask Xie Zhi to quickly lead his disciples back to the Great Xian Heavenly Territory after they are eliminated.

Wait for them After returning to Daxian Heavenly Territory, we must quickly organize an army of quasi-gods and above in Daxian Heavenly Territory, go to the Divine Alliance, join the Divine Alliance, and take the initiative to sign a contract with the Divine Pillar of Faith of the Divine Alliance.

From then on, Daxian Heavenly Territory will It is part of the Divine Alliance.

Seeing this, the Supreme Sage was puzzled:"Elder Haechi, why do the Territory Lords arrange this? Haechi smiled bitterly:"

I don't know either!" However, since it is the domain master's order, we just do it and don't ask so many questions."

"oh!"

The Supreme Saint asked no more questions.

At this moment, there was a commotion in the square.

Haezhi and others couldn't help but look and saw two groups of people leaving the square in a mighty manner.

One group of people had There are more than a thousand people, all of whom come from the Hunji Heaven.

Another group of more than 700 people, all of whom come from the Ancient Heaven.

"hehe! The eliminated disciples of Hunji Heaven Realm and Taigu Heaven Realm left so quickly. Are they not going to wait for Ancestor Hunji and Ancestor Randen to come out?"

"who knows? Perhaps, this is the order of Ancestor Huanji and Ancestor Randeng!"

The disciples of Daxian Tianyu felt very strange.

Watching this scene, Haechi also felt strange.

Then, he said:"No matter why they left early, we should withdraw. Let's go!"

"yes! Elder!"

All the disciples agreed.

Then, Haechi led more than 200 disciples of the Daxian Heaven Realm and left silently...

They didn't know that the people from the Hunji Heaven Realm and the Randen Ancient Realm rushed back to unite. Get up and fightThe old nest of the Shenmeng to destroy the foundation of Qin Feng.....

This is just a small incident.

Rushing back to the Nine Heavens and Ten Domains from the entrance to the secret land, they had to cross the endless void. Without ten days and a half, they would not be able to launch a war.....

In this way, various forces are making adjustments in the secret place.

The giants are discussing the details of dealing with Qin Feng.

Outside the secret land, the Hunji Heaven Realm and the Ancient Heaven Realm are also targeting the Shen Alliance station and are ready to move.

In the secret place, in that mysterious space.

Qin Feng and the disciples of the Divine Alliance have been seizing the time to digest the new opportunities.

Time flies!

Before you know it, it's the third day, the last day of rest..

Chapter 1285

Time flies!

Before you know it, it's the third day, the last day of rest.....

At this moment, in that mysterious space.

Qin Feng opened his eyes from meditating, with a smile on his lips.

Two days have passed in the outside world, and more than 260 days have passed in the space.

In these two hundred and sixty days, the entire Divine Alliance has improved by leaps and bounds.

Among all the disciples, the weakest ones have reached the late stage of the second realm, the number of supreme saints has reached about 600, and the number of heavenly saints has also increased to more than a hundred.

The number of quasi-saint ancestors has also been greatly increased.

Among them, after Hongjun refined forty-nine nine-turn spirit quenching pills, he broke through to the peak of the mid-stage quasi-saint ancestor in one fell swoop.

After Master Ziwei and Pangu refined the Spirit Tempering Pill, they also broke through to the mid-stage of Quasi-Saint Ancestor.

Qinglin's Four Symbols and Twenty-eight Constellations mental method was successfully completed, and his cultivation level also reached the mid-stage of Quasi-Saint Ancestor from the pinnacle of the early Quasi-Saint Ancestor stage.

Chu Chu and Shangguan Yunxi's Four Symbols and Twenty-eight Constellations mental method have also been completed, and their cultivation has continued to break through from the peak of Heavenly Saint to the early stage of Quasi-Saint Ancestor. In addition, Qin Baobao, Lu Ya, Queen Mother of the West, and Kunpeng successively cultivated their own spiritual roots of heaven and earth, and their cultivation levels also broke through to the early stage of quasi-saint ancestors.

At this point, the number of quasi-saint ancestors of the Divine Alliance reached twelve.

Hongjun and Xianling were at the peak of the mid-stage quasi-saint ancestors.

Lord Ziwei, Pangu, and Qinglin are in the mid-stage of Quasi-Saint Ancestors.

Fu Zhi, Qin Baobao, Chu Chu, Yun Xi, Lu Ya, Queen Mother of the West, and Kun Peng are the early stage quasi-saint ancestors.

The strength of many subordinates has greatly improved, allowing Qin Feng to receive a large amount of combat power in return.

Qin Feng himself also devoured a large amount of resources, such as the Nine-turn Spirit Tempering Pill and the Ten-turn Spirit Tempering Pill, all of which were consumed to the limit, making his spiritual strength comparable to that of the late Holy Ancestor.

These two aspects have allowed Qin Feng's combat power to skyrocket to 540 million poles. He finally crossed the threshold of the Half-Step Saint Ancestor, and his combat power has increased dramatically.

The combat power threshold of the Half-Step Saint Ancestor is 500 million poles, and the upper limit of combat power is 1 billion poles.

Qin Feng's combat power is 540 million poles, but his increase multiple is three hundred times, which is much higher than the Half-Step Saint Ancestor.

With equal combat power, even the Half-Step Saint Ancestor is no match for him.

The giants would never have imagined this.

Of course, there is more room for Qin Feng's strength to improve.

Thinking of this, he couldn't help but look at the Zijin clone.

At this moment, the Zijin clone's eyes were slightly closed, and he was sitting cross-legged, surrounded by spiritual mist. From time to time, his body exuded astonishing Taoist rhyme fluctuations, which stirred the laws of heaven and earth to become unstable, and his breath was extraordinary.

Such movement can only be caused by using a Creation-level holy weapon or a Creation-level secret technique.

In fact, the Zijin clone is teaming up with Liu Yan and Zhen Yuanzi to build Tianji Yuandi.

After this construction, Qin Feng realized that he had far underestimated the difficulty of Tianji Yuandi.

It took more than 260 days and two million drops of Nine Heavens Jade Dew to create the Zijin clone, and the creation progress of Tianji Yuandi reached 87%.

The consumption of these nine days of jade dew far exceeded Qin Feng's expectation.

He originally thought that his Nine Heavens Jade Dew was enough to build the Three Walls Land.

Now that I think about it, Terror can barely build two walls.

However, Qin Feng was not worried about it, but was secretly happy.

The greater the cost and difficulty of building the Three Walls Land, the greater the power it will have after completion, the greater the improvement in his strength, and the more benefits he will get.

Thinking of this, Qin Feng became more and more hopeful that Tianyuan Land could be built as soon as possible.

Then, he withdrew his gaze and took out the Witch God Banner and the Spirit of Creation.

There are still more than thirty days left, and he will take advantage of this period to repair the Witch God Flag.

By that time, he will have two creation-level sacred artifacts, and his overall strength will be greatly increased...

With this in mind, Qin Feng began to repair the Witch God Banner.....

At the same time, in the secret place, on the square.

More and more examinees have completed their rest, and their mental state and strength have returned to their peak.

Now, there are only three hours left, and the three holy realms are about to open.

Those assessors who had rested began to gather together and talk about the three holy realms.

Some small and medium-sized forces, knowing that the next opportunity search will not be easy, began to join forces with each other.

The atmosphere in the venue gradually became noisy.

At this time, in a corner of the square.

Zhao Gongming and Sanxiao have already completed their rest and have returned to their best condition.

Xian Ling was at the side, holding a jade talisman and contemplating something.

From time to time, her face showed a look of enlightenment and some joy.

In fact, what she comprehended was the White Tiger Constellation Dharma among the Four Symbols and Twenty-eight Constellations.

It turned out that in order not to make the giants suspicious, she naturally could not join Qin Feng and others.

In this way, Xuan Mi's clone cannot teach him the inner method step by step.

The shadow clone didn't want Xian Ling to waste time, so he used the communication jade talisman to pass the secret technique to Xian Ling, allowing him to comprehend it on his own.

After all, she will have to practice this mental method sooner or later.

With Xian Ling's excellent understanding, he actually understood a lot in three days.

And this set of Four Symbols and Twenty-two Constellations of Mind Method also greatly surprised her.

If she can fully understand it, she will gain a lot of benefits in the future.

Not only can she benefit, but Zhao Gongming and San Xiao can also benefit greatly.

The so-called Four Symbols and Twenty-eight Constellations of Heart Dharma refers to the position of the twenty-eight constellations under the Four Symbols Emperor.

Each elephant emperor can control seven stars.

The seven constellations under the seat of the White Tiger Emperor are: Kui, Lou, Wei, Ang, Bi, Xi, and Shen.

As long as she uses her spiritual root Huang Zhongli and the power of heaven and earth from the Great Flood God Realm to condense the seals of the seven stars, she can recruit seven star subordinates.

At that time, she can combine with the seven star masters to form the White Tiger Star Formation, which is extremely powerful.

As for the candidates for the seven constellations, she has already identified four of them: Zhao Gongming and Sanxiao.

As long as Zhao Gongming and the four of them fuse the Seal of the Stars, their strength will be greatly increased.

The more Xian Ling thought about it, the more wonderful it became.

But at this moment, footsteps came from the front, seemingly heading towards From Xiantianyu.

She quickly looked up and saw Cang Sheng, Yu Tian, and Cupid walking towards her.

Xian Ling calmly put away the jade talisman and stood up to greet him.

"Why are the three fellow Taoists here?"

"Fellow Taoist Xianling, the three of me came here to discuss something with you. Cang

Sheng approached with a smile.

The four of them met and sat down quickly.

Zhao Gong and Sanxiao sat aside, pricking up their ears and listening.

"Brother Cang, we have known each other for many years. If you have anything to say, just say it directly!"

Xian Ling said politely.

Cang Sheng looked around the square, then stroked his beard and sighed:"Fellow Taoist Xian Ling, the forces left today are no more than a hundred, but they are divided into three parties. Do you know which three parties they are?

Xian Ling was curious:"Those three parties?" Cang Sheng said:"

One side is the Divine Alliance, and the other side is the alliance of forces. They are hostile to each other, and they will definitely have a battle in the next trip to the Three Realms. As for the last party, it is a neutral force like us."

Speaking of this, Cang Sheng looked around again and sighed:"Before this, there were still a dozen neutral forces, but they were all eliminated. Now the only neutral forces left are our Great Xian Heavenly Realm, Great Joyful Heavenly Realm, and Great Blue Heavenly Realm.

Xian Ling nodded slightly:"That's true!" Brother, you suddenly mentioned this, is it?....."

Cang Sheng smiled helplessly: "Fellow Taoist Xianling, I tell you the truth. Our Three Realms are the weakest among the Nine Heavens and Ten Realms. We have always been on good terms with the Divine Alliance, and we are unwilling to offend other forces, so we chose neutrality."

"On this point, the forces did not say that they would not allow it, but they still had opinions in their hearts. I'm worried that in the next part of the search for opportunities, if the various forces look for trouble, they might take action against us."

"After all, fighting each other is allowed in the next session. It is also a matter of fighting for opportunities, and they also have reasons to take action, so I think it will be safer if the three of us unite and act together."

Hearing this, Xian Ling suddenly thought of something, and his eyes gradually brightened.

At this time, Yutian also said: "Fellow Taoist Xian Ling, there is no Quasi-Saint Ancestor in our three major heavens. If we don't join forces to fight against the enemy, there will be no way. There is no way to compete with other forces for opportunities! Cang Sheng also said: "

Actually, not only are we uniting, but there are also alliances among the forces. I think that if our three forces join forces, we will have four peak Heavenly Saints and thirteen Heavenly Saints, whose power can be comparable to that of a quasi-Saint Ancestor in the early stage, right?"

"With such strength, we are also qualified to fight for some opportunities that we deserve within the realm of the Three Saints.

As soon as he said this, Zhao Gongming and Sanxiao looked at each other with strange expressions on their faces.

As of now, no one in the audience has discovered that Xian Ling is no longer the peak Heavenly Saint he was before, but a powerful person who is at the peak of the mid-stage Saint Ancestor.

However, Qin Feng taught Xian Ling a secret technique that allowed him to hide his cultivation so that even the giants couldn't figure it out.

Naturally, Cang Sheng, Yu Tian, and Love God couldn't detect it.

To be honest, with the current strength of Daxian Tianyu, there is really no need to unite with Dacan Tianyu and Dahuanxi Tianjie.

Ke Xianling suddenly thought that if she could persuade Cang Sheng, Yutian, and Love God to also join the Divine Alliance, Qin Feng would be able to gain three more peak subordinates of the Heavenly Saint and control the two major heavens at the same time.

What's even better is that she needs the Lord of the Seven Stars under the White Tiger Emperor.

Zhao Gongming and Sanxiao can occupy the positions of four stars, leaving three vacant positions.

If Cang Sheng, Love God, and Yu Tian also join the Divine Alliance, these three people can also obtain the remaining three stars.

With this in mind, Xian Ling made a decision and prepared to join forces with the Cang Sheng trio.

At this moment, the voice of Old Man Yuexia rang in her ears..

Chapter 1286

With this in mind, Xian Ling made a decision and prepared to join forces with the Cang Sheng trio.

At this moment, the voice of Old Man Yuexia rang in her ears.....

"Xian Ling, what do Cang Sheng and Yu Tian want from you?"

Xian Ling was startled and quickly turned her head to see Old Man Yuexia looking over here.

This old guy was very suspicious.

"Senior Yuexia, Cang Sheng, and Yu Tian want to join forces with the little girl. They are a little worried about their upcoming trip to the Holy Land....."

At that moment, Xian Ling sent a message and told Old Man Yuexia the thoughts of Cang Sheng and others.

"Senior Yuexia, at this stage of the assessment, many forces are sparse in number, so it is normal for everyone to join forces with each other. It is common sense for the younger generation to unite with Cang Sheng and Yu Tian. On the contrary, it will gain Qin Feng's trust....."

Xian Ling tried to persuade Old Man Yuexia.

After hearing this, Old Man Yuexia began to think.

Originally, he was still a little suspicious of whether Xian Ling had a secret connection with Qin Feng.

Now, Xian Ling actually wants to unite with Cang Sheng and Yu Tian, which shows that he feels isolated and helpless.

From this point of view, it is unlikely that Xian Ling has secretly joined forces with Qin Feng.

At this thought, Old Man Yuexia breathed a sigh of relief.

Naturally, he didn't hope that there would be any changes in Xian Ling.

At that moment, he sent the message back

"OK! Xian Ling, you can unite with Cang Sheng and the others. However, you must not tell them about the cooperation between you and me, lest they leak the information."

"Don't worry, Senior Yuexia! The junior will not reveal it! The little girl's cooperation with Cang Sheng and Yu Tian is just a temporary measure"

"good! Then act according to your circumstances!"

Soon, Old Man Yuexia finished communicating with Xian Ling and stopped intervening.

But on this side, Cang Sheng, Yutian, and Aishen saw that Xian Ling was not answering, and they didn't know what she meant.

Cang Sheng hesitated. After a while, he asked: "Fellow Taoist Xianling, what do you think? Xian

Ling raised her head and said with a smile: "Brother Cang, fellow Taoist Yutian, fellow Taoist Aishen, the little girl has just thought about it and feels that the three proposals are very good." The little girl is willing to join forces with you.

Cang Sheng was overjoyed: "Haha!" I knew that fellow Taoist Xianling would definitely agree."

Yutian and the God of Love looked at each other and smiled happily.

Then, the three Cang Shengs summoned all their subordinates.

The Great Cang Heavenly Realm, Huanxi Heavenly Realm and Daxian Heavenly Realm are the same. All subordinates below the Saint have been eliminated.

Now, in addition to Cang Saint, there are five Heavenly Saints in the Great Cang Heaven Realm.

In addition to the Desire Heaven and the God of Love, there are four Heavenly Saints in the Huanxi Heaven Realm.

After the three forces converge, they gather together and start discussing next steps.....

Time passed unconsciously.

In the square, more and more assessors have finished their rest and started to join in the discussion about the trip to the three holy places.....

In the blink of an eye, it was only a quarter of an hour before the three holy realms were opened.

The atmosphere in the field became very noisy, and the assessors gradually became anxious and looked up eagerly.

In the corner, the giants are also discussing in low voices

"Everyone, in a quarter of an hour, the three holy realms will be opened."

Sage Taiqing was smiling.

Obviously, he was full of expectations.

"yes! Almost three days have passed, and I wonder how many resources the League of Gods has absorbed?"

Amitabha looked at the Shenmeng station with some sourness.

Holy Lord Taiqing smiled coldly:"It's only been three days! No matter how powerful the Divine Alliance is, it can't absorb many resources. Do not worry! The resources they have are destined to be ours!"

At this time, the ancient ancestor of Ran Deng also looked at the fetal membrane of heaven and earth, and murmured:"The time is almost up, and no one from the Divine Alliance has come forward. I wonder what they have been hiding in that membrane?"

Old man Yuexia smiled coldly:"Haha! Qin Feng's son likes to play tricks the most. Don't pay attention to that. His death is coming soon....."

As soon as these words were said, all the giants showed knowing smiles, as if they were convinced that Qin Feng.....

Just when the giants were looking at the Divine Alliance station from time to time, the phantom clone in the fetal membrane slowly opened its eyes.

He also sensed that the time was coming and Qin Feng had sent him his intention to return.

The virtual shadow clone stood up, waved his hand, white light flashed in front of him, and the clones of Qin Feng and Xuan Mi appeared out of thin air.

As soon as he appeared, Qin Feng's eyes penetrated the fetal membrane and looked at the people in the square, observing the changes in the field.

At the same time, Xuan Mi's clone released the Chaos Orb.

The divine beads trembled and the aura shone brightly!

The next second, Hongjun and others filed out.

In just a moment, more than 1,300 disciples all appeared.

Everyone knew that the three holy realms were about to open, and as soon as they showed up, they started to do tricks, and the place became very lively.

Qin Feng turned around, looked at the disciples, and smiled happily.

After more than thirty days of cultivation, the disciples have digested a large amount of resources, and their cultivation strength has improved greatly.

The number of Heavenly Saints has unconsciously increased to one hundred and twenty-seven.

Among them, Hongyun and Styx have reached the limit of the peak of Tiansheng. , the two of them only need one spiritual root of heaven and earth to break through to the quasi-saint ancestor level immediately.

However, the spiritual root seed in Qin Feng's hand is gone, and he is waiting for the next battle to kill several quasi-saint ancestors.

In short, after more than thirty days, the children of the Divine Alliance have improved greatly.

This allowed Qin Feng to receive a large amount of combat power in return, and his combat power increased from 540 million poles to 550 million poles.

In addition, Qin Feng also restored the Witch God Banner in the past thirty years.

At this point, he has another creation-level holy weapon in his hand.

What's even better is that his cultivation level has also unknowingly increased to 99.999% of the Supreme Saint Realm, not even close to the Heavenly Saint Realm.

According to this progress of cultivation, he can immediately break through to the Heavenly Saint Realm as long as he devours the early-stage energy of a quasi-Saint Ancestor.

With that breakthrough, his combat power will skyrocket, and he will definitely be a nightmare for all the giants.

With this thought, Qin Feng's eyes passed through the fetal membrane and looked towards where the giants were.

His eyes fell behind the giants, where there were more than forty quasi-saint ancestors gathered, with cultivation levels ranging from the early stage to the late stage of the quasi-saint ancestors.

Those will be Qin Feng's prey.

According to his idea, he would rather kill an early-stage quasi-saint ancestor first, and then kill the giants after he breaks through the cultivation level.

That way, he would be more confident in killing the giants.

Of course, it all happened as it happened.

In fact, there is another place where Qin Feng can greatly increase his combat power, and that is the construction of Tianyuan Land.

Since Qin Feng came out, the construction progress of the Yuan Land has reached 98%, and it will only take a few days to be fully completed.

Changed to outside time, it would be three or four hours.

However, the three holy realms are about to open, and Qin Feng can't wait any longer.

Buzz~! Buzz~! Buzz~!

Just when Qin Feng was thinking wildly, everyone's clearance tokens began to tremble.

"Huh! Token news!"

Everyone in the Shen League took out their tokens one after another.

Qin Feng also took it out and read the news inside.

At this sight, a smile appeared on his face.

At this time, Hongjun also came over happily

"Dad, this trip to the three holy realms will no longer be divided into the first, second and third levels. Each holy realm is allowed to fight each other. It seems that the competition for various resources will be very fierce!"

Qin Feng nodded slightly: "That's true!" Last time, the Xuanwu Holy Realm was divided into three levels. Fighting was prohibited on the first and second levels to protect those who were not high in cultivation. This time, there was no such care. Hongjun said with a smile:

Although the cultivation of the disciples of our Divine Alliance is not high, we have the Zhoutian Star Formation, the Nine-Meandering Yellow River Formation, and the Four Symbols Star Formation. We can gather the strength of all the disciples to exert the quasi-sage." The combat prowess above Ancestor's level will definitely impress all the forces.

Qin Feng smiled: "When you take action, pay attention to your points." Although the secret will allows fighting, if you actively kill an assessor, 3 points will still be deducted. If it is a passive counter-attack, no points will be deducted. Hongjun rolled his eyes: "Dad, during the last trip to the

Xuanwu Holy Realm, 10 points will be deducted for killing one person." Only 3 points will be deducted this time, we can afford it"

"Besides, many of our children have 0 points. The worst thing is, the final killing blow will be made by those 0 elements. In this way, even if they are deducted points, they will not lose anything. Hearing this

, Qin Feng's eyes lit up:"This is a good idea!"

As soon as these words were said, invisible pressure fell from the sky above the square outside.

Everyone was startled.

They knew that the will of the secret land was coming, and the entrances to the three holy realms were about to open...

Chapter 1287

As soon as he said these words, invisible pressure fell from the sky above the square outside.

Everyone was shocked.

They knew that the will of the secret land was coming, and the entrances to the three holy realms were about to open...

At this moment, the ethereal voice sounded over the square

"In five minutes, the entrances to the three holy realms will open. Please be prepared!"

As soon as these words were said, the whole place became commotion, and everyone was talking about it.

"This holy realm is finally opening!"

"yes! This time, the three holy realms are opening together. Which holy realm are you going to go to first?"

"this.....I want to wait and see first. If there are few people going to that holy place, I will go to that one."

"Uh~! Among the three holy realms, the one with the most opportunities should be the Azure Dragon Holy Realm, followed by the Suzaku Holy Realm, and finally the White Tiger Holy Realm. Fellow Taoist, don't you think it's most appropriate to go to the Qinglong Holy Land first?"

The man smiled bitterly:"With our strength, it's good to just pick up the slack. Then do we qualify for the selection? If there is a good opportunity, we will dig in. We are afraid that if we don't get the opportunity, our life will be lost first."

This reminder made all the assessors think it was reasonable and nodded.

At this stage of the assessment, the number of people left was only about 5,000.

Except for the leaders of the Divine Alliance and Quasi-Saint Ancestors and above, among the remaining people, Heavenly Saint and Extreme Saint each have half of it.

Even if they want to compete, they can't compete with those quasi-saint ancestors and giants.

"Fellow Taoist is right! With the strength of our early Heavenly Saints, we are considered average among everyone, and are only slightly stronger than those Extreme Saints. We really have no qualifications to compete with."

"Dear heavenly saints, if you don't dare to fight, then we, the supreme saints, will not be able to hang out....."

Among the crowd, many supreme saints smiled bitterly.

At this time, an old man with a sinister face sneered:"That's not necessarily the case! Even if you are an extremely holy man,"

"Forehead.....how do I say this?"

"Don't forget, everyone, there are more than a thousand people in the Divine Alliance, only a few dozen are above Heavenly Saint, and most of them are Extreme Saints and the second realm. Especially the number of people in the second realm is as many as eight or nine hundred. You Supreme Saints can't compete with others, how can you not compete with those in the second realm?"

"this.....The League of Gods has a large number of people. We, the Supreme Saints, are afraid of fighting against them....."

"hey-hey!! What are you afraid of? The giants have already contacted the leaders of all forces and will definitely take action against the Divine Alliance at this stage. Now that things have happened, do you still want to keep it?"

"right! Our various forces can show some humility to each other, but if we meet the children of the Divine Alliance, we don't need to show humility. Anyway, at this stage, there are many giants dealing with the League of Gods, and they probably won't survive many of them. I don't have to worry about their revenge!"

"Makes sense!"

The assessors nodded slightly.

At this moment, among the crowd, the communication jade talismans of the leaders of the small and medium-sized forces came.

The leaders of the forces picked up the jade talismans one after another and looked at them. After a while, some strange things appeared in their eyes. With a look on his face, he couldn't help but look towards where the giants were.

At this moment, among the giants, Old Man Yuexia was looking over silently.

It turned out that it was the message sent to them by Old Man Yuexia just now.

Old Man Yuexia was reminding them that everyone There is a covenant between the forces. At this stage, when everyone sees the children of the Divine League, they must take action and get rid of them, and they must not break the contract.

The leaders of the forces showed some complicated expressions.

After experiencing so many tests, they have gradually become afraid of the Divine League. However

, with the covenant in front of them, they did not dare to break the contract.

At that moment, the leaders of the forces sent a message to their subordinates.

After a while, the atmosphere in the field became weird.

Among the crowd, the old man from before appeared again Spoken

"Look! I said, it's not like we, the Supreme Saints, don't have a chance. This time, all parties are going to attack the League of Gods. We supreme saints cannot deal with others, but we are still capable of dealing with the disciples of the second realm of the Divine Alliance."

"Fellow Taoist is right! At this point, we don't have to be soft. If the Divine Alliance is not destroyed, the fifth test will be even more difficult for us."

"yes! The League of Gods has a secret will to show favoritism. They took advantage of the assessment and greatly harmed our interests....."

As soon as these words were said, all the examiners nodded slightly.

Unknowingly, everyone in the field was on the same front, and their hostility towards the Divine Alliance was gradually deepening.

It is nothing more than that the disciples of the Divine Alliance generally have low cultivation levels, and those heavenly saints and supreme saints feel that they have someone to bully.

At the same time, the giants also made it clear that they would deal with the Divine Alliance, so that they, the middle and low-level assessors, felt that they had an opportunity and no worries.

In addition, the children of the Divine Alliance had previously received a large amount of resources and opportunities, which also made them particularly jealous.

Just as everyone was talking about the Divine Alliance in low voices, the fetal membrane of heaven and earth in the distance lit up.

The next second, the fetal membrane was removed, and everyone from the Divine Alliance appeared one after another.

The whole audience couldn't help but look at it.

Immediately afterwards, there was an exclamation in the venue

"Look! The cultivation level of the people of the Divine Alliance seems to have improved a lot!"

"Huh! It really is!"

"This...this...hey!"

"Those giants are right! I can no longer give the League of Gods a chance to breathe."

There were constant noises among the crowd.

The assessors looked depressed and looked at the children of the Shen League with even more anxious eyes.....

At the same time, on the other side, the expressions of the giants also became complicated.

"Everyone, did you see this? After only three days of absence, the number of disciples above the Heavenly Saints of the Divine Alliance has increased to more than a hundred, and the number of

Supreme Saints has also increased greatly! This force is too terrifying and we cannot allow them to grow any longer."

In the crowd, Saint Taiqing muttered.

He felt that his throat was a little dry.

The rapid progress of the Shen League made him a little uneasy.

The giants nodded slightly, and also felt the invisible pressure.

"Really can't wait any longer. Fellow Daoist Yuexia, have you finished sending messages to those power leaders?" asked Amitabha

"Sent! Don't be impatient, no matter how fast the Divine Alliance improves, their number will only be over a thousand. All our forces join forces, nearly 4,000 people, to crush them regardless of their number or cultivation level!"

Old man Yuexia analyzed in a low voice.

Ancestor Ran Deng also agreed:"Yes! Although the Divine Alliance has improved a lot, it still doesn't even have a quasi-saint ancestor, so there isn't much to worry about. The only ones who are worrying are the three Qin Feng brothers."

Hearing this, the giants nodded slightly and agreed.

These giants didn't know that the improvement of the Divine Alliance was far greater than they imagined.

Hongjun, Pangu and more than a dozen people had already broken through to the Quasi-Saint Ancestor.

It's just that they used The secret technique obscures the cultivation level and makes these giants take it lightly.....

Boom~Long~Long!

At this moment, a rumbling roar suddenly sounded in the center of the square, causing the entire space to tremble slightly.

Immediately afterwards, three space cracks appeared out of thin air, slowly opened, and turned into three light gates.

A blue light door leads to the Qinglong Holy Realm.

A red light door leads to the Suzaku Holy Realm.

A white light door leads to the Holy Land of White Tiger

"The entrance is finally open!"

In the field, the crowd was in a commotion, and everyone looked eagerly at the entrance to the three holy realms, but no one took the initiative to go.

Even the giants stayed where they were, waiting quietly.

From time to time, some people glanced at the crowd. The Alliance of Gods seems to be waiting for something, which makes the atmosphere in the venue a bit weird.

According to the past, as soon as the various entrances are opened, all the assessors rush in.

At most, the giants are allowed to go in first, and then they go in.

But this time, they were waiting, and no one was in a hurry to enter... The

Shenmeng side felt strange when they saw this scene.

In the crowd, Hongjun murmured next to Qin Feng

"Dad, this time is weird! How did these guys change their gender? Aren't you rushing in?"

Qin Feng looked around and saw many people looking towards him.

He understood in his heart and sneered slightly at the corner of his mouth: "They are waiting for us to enter. It seems that they want to attack us, and they can't wait any longer."

"Um, dad, how do you say this?"

"The so-called plan and then act! They want to see how we arrange things so that they can take action against us and take the initiative."

"I see! Hongjun suddenly realized, "Dad, what should we do?"

"Follow the plan!"

As soon as he finished speaking, Qin Feng walked towards the Suzaku Holy Realm alone.

As soon as he took action, everyone in the Divine Alliance also acted quickly.

At that moment, the phantom clone led the children of the Divine Alliance towards the Qinglong Holy Realm. The female clone was also alone, heading to the Holy Land of the White Tiger alone.

Seeing this scene, the giants' eyes lit up.

The Divine Alliance finally took action, and they could make targeted arrangements..

Chapter 1288

"Everyone, Qin Feng is taking action!"

Old man Yuexia was so excited that his face turned red.

He had been waiting for this moment for a long time.

"yes! This ancestor couldn't wait any longer."

Randeng Ancestor also said excitedly

"Everyone, Qin Feng's son went to the Suzaku Holy Land alone, and Qin Mu's son went to the White Tiger Holy Land alone. Qin Lei took everyone from the Divine Alliance to the Qinglong Holy Realm. hehe! What does this arrangement mean?"

Sage Taiqing murmured in a low voice.

Lord Amitabha also looked puzzled:"Yes! The Azure Dragon Holy Realm has the most opportunities and will be the best. Why doesn't Qin Feng'er go to the Qinglong Holy Land by himself?

Old Man Yuexia smiled coldly:"No matter how he arranges it, I'll just act according to the circumstances." Having said that, this little thief is as greedy as ever, not even one of the three holy realms has been taken down!"

Amitabha smiled slightly:"That's true!"

As soon as these words were said, there was new movement in the venue.

Cang Sheng, Xian Ling and others were seen walking straight towards the Suzaku Holy Realm, which was exactly where Qin Feng went.

Their movement shocked the entire audience. The eyes fell on them.

There was something strange in those eyes, which only made Cang Sheng and others feel numb and a little worried.

As the leader of the neutral force alliance, Cang Sheng did not dare to offend anyone.

I don't know why, Qin After Feng and others entered, Xian Ling urged him to quickly enter the Suzaku Holy Realm.

For the sake of the unity of the alliance, he bit the bullet and led everyone there.

Sure enough, as soon as he moved, everyone paid attention.

In front of everyone, his heart was The pressure was quite high.

Not only was he under great pressure, Yutian, Aishen and others were also under great pressure, and their foreheads were sweating nervously. At this moment, not only the assessors were looking at them, but also the giants. them.....

"Fellow Taoist Yuexia, Xianling and the others are about to enter the Suzaku Holy Realm. Did you arrange it?"

Sage Taiqing asked curiously.

Old Man Yuexia also looked at Xian Ling's behavior in surprise and shook his head slightly.

"I have no arrangements! However, she formed an alliance with Cang Sheng and others. Among the people, Cang Sheng has the highest cultivation level and the strongest strength. Naturally, Cang Sheng is the leader. I'm afraid it was Cang Sheng who decided on his own initiative to enter the Suzaku Holy Realm."

Old man Yuexia analyzed it self-righteously.

After hearing this, all the giants felt that it made sense.

Among Xian Ling's group, Cang Sheng walked at the front, followed by Xian Ling, followed by Yutian, Aishen and other Tiansheng disciples. At a glance, they could tell It can be seen that this group of people is headed by Cang Sheng

"That's fine! Qin Feng also entered the Suzaku Sacred Realm, and Xian Ling's entering the Suzaku Sacred Realm is in line with our goals. It's just that this woman, Xian Ling, behaves strangely and is not actively cooperating with our actions. Fellow Taoist Yuexia, you have to be careful!"

Sage Taiqing reminded in a low voice.

"Fellow Taoist, don't worry! Even if Xian Ling has colluded with Qin Feng, I can still make her obey my orders and be devoted to me...."

Speaking of this, Old Man Yuexia looked at Xian Ling's slender back, raised the corners of his mouth slightly, and showed a meaningful smile.

The giants were stunned when they heard this, and looked at him in confusion.

Saint Taiqing couldn't help but asked:"Fellow Taoist, what do you mean?....."

The old man under the moon's eyes slid over Xian Ling's graceful curves, and then he looked back with unfulfilled interest and looked at the giants.

"Tell the truth! What I hope most now is that Xian Ling and Qin Feng secretly collude. Best, she and Qin Feng have signed a contract"

"Why?"

The giants were a little surprised.

Old Man Yuexia stroked his beard and said with a smile:"As long as she signs a contract with Qin Feng, Qin Feng will completely trust her. At that time, I will use my means to subdue her and make her obey my words, and then I can truly deceive Qin Feng."

Sage Taiqing said in shock:"Fellow Taoist Yuexia, what you mean is that even if Xian Ling secretly colludes with Qin Feng, or even if she and Qin Feng have signed a contract, you can still find a way to forcibly subdue her and make her surrender wholeheartedly. For you?"

Old Man Yuexia nodded slightly and showed a meaningful smile.

Seeing this, the eyes of the giants lit up and they all showed great joy.

Ancestor Liugen said with excitement: "No wonder Taoist Fellow Yuexia has been so concerned about this matter from beginning to end. Just calm down, it turns out that Taoist friend has a special method hidden. This is a good trump card!"

"yes! Fellow Daoist Yuexia, if you have this method, our plan to deal with Qin Feng will be almost certain."

All the giants were overjoyed.

Of course, some of the giants looked at Old Man Yuexia, and their eyes became a little weird.

Old Man Yuexia had such a method this year, but he never said it until now. The city is not small. What's more terrifying Yes, Old Man Yuexia can forcibly enslave Xian Ling, will he also be able to forcibly enslave them?

At this thought, the giants were secretly vigilant and had a first-line defense against Old Man Yuexia.

They were originally a mob, but it was because of Qin Feng that they united in the Together, it's a joke to say how united we are.

It's just for temporary benefits. However

, Old Man Yuexia revealed the trump card, which made the giants quite happy.

Currently, for them, Qin Feng is the biggest enemy. etc. After Qin Feng was eliminated, it was not too late for them to fight among themselves.

At this moment, everyone in the Shen League had already entered the three holy realms.

Xian Ling and his party also entered.

"Everyone, they're all in, it's time for us to take action. Should we still concentrate on dealing with Qin Feng according to the previous plan?"

Amitabha looked at the giants.

Old Man Yuexia said hurriedly: "Qin Feng is the biggest hidden danger, so naturally we must concentrate our efforts to get rid of him first."

Amitabha nodded slightly: "Okay! Then let's start taking action according to the previous plan! By the way, Qin Mu went to the White Tiger Holy Realm alone, who was going to deal with him?"

"I would like to go!"

Randeng Ancestor took the initiative to petition

"Fellow Taoist Ran Deng, I am also willing to join you. It should be easy for you and me to defeat Qin Mu together."

Ancestor Liugen also expressed his position quickly.

But unexpectedly, Ancient Ancestor Ran Deng refused and said: "Fellow Daoist Liugen, Qin Mu's strength is not weak. He is almost at the peak level of Quasi-Saint Ancestor, not much worse than us. Even if you join forces, you can only defeat him but not kill him."

"In this case, it would be more appropriate for you to enter the Suzaku Holy Realm with you all and join forces to kill Qin Feng. I believe that with your help, I will be more sure of killing Qin Feng."

"And I entered the White Tiger Holy Realm just to track Qin Mu and interfere with his actions. Firstly, I didn't want him to get various benefits, and secondly, I didn't want him to find a place to hide."

"After you kill Qin Feng and come to the White Tiger Holy Realm, as long as you contact me directly, you will be able to find his location immediately and make him invisible."

As soon as these words were said, the giants nodded slightly, feeling that there was some truth.

At that moment, Lord Amitabha said: "Junior brother, Fellow Taoist Ran Deng is right. Come with me, enter the Suzaku Holy Realm, and kill Qin Feng first. talking"

"yes! Senior brother! Fellow Taoist Ran Deng, Qin Mu will be left to you!"

Ancestor Liugen readily agreed.

"Fellow Taoist, don't worry, I won't get lost, and I won't let him get any benefits."

Randeng Ancestor said this, and he was already happy.

He deliberately pushed away the six ancestors and wanted to deal with Xuan Mi's clone alone.

In his opinion, the strength of Xuan Mi's clone was only barely up to that of the Quasi-Saint Ancestor. Peak.

If it were other giants, they really wouldn't be able to deal with Xuan Mi's clone.

But he is different, he has the ancient corpse.

He is confident that by joining forces with the ancient corpse, he will definitely be able to kill Xuan Mi's clone.

As long as he kills Xuan Mi's clone, The resources and benefits on him can be monopolized by him.

In this case, why should he let the six ancestors follow him? The giants did not know the existence of the ancient corpse, and they all underestimated the strength of the ancient ancestors of Ran Deng. Naturally, they guessed It wasn't until Ran Deng was making calculations that he didn't have much doubt.

These giants were just a bunch of people, each with their own plans.

At that moment, a group of people discussed for a while, and after a simple division of labor, they started taking action.

Old Man Yuexia, Liu Gen The ancestors and the three sects from outside the territory, a total of about ten giants and more than thirty powerful quasi-saint ancestors, went to the Suzaku Holy Realm in a mighty manner.

Their target was Qin Feng.

The Randen Ancient Ancestor went to the White Tiger Holy Realm alone. The target is the Xuan Mi clone.

The remaining Hunji Ancestors, leading the forces in the Hunji Heaven Realm, and all the forces present, are preparing to join forces to enter the Qinglong Holy Realm to deal with the phantom clones and the Divine Alliance. Add up the number of all forces present, Nearly four thousand people.

In addition to the giant Ancestor Huanji, there are seventeen people who are quasi-saint ancestors.

Just after the Ancestor Ran Deng, Old Man Yuexia and others set off, the Ancestor Hunji took the leaders of all the forces Gathered together with the seventeen quasi-saint ancestors for a brief meeting... a battle was about to begin..

Chapter 1289

But on the other side, after Qin Feng entered the Suzaku Holy Realm, he found himself in a square.

The huge square was built on the top of a mountain and surrounded by a large transparent light curtain.

According to the rules, this square is a safe zone, and fighting between assessors is prohibited.

There are no restrictions outside the square, and assessors can fight each other.

Just actively killing someone will result in 3 points being deducted.

At this moment, Qin Feng stood in the square, looking through the light curtain and looking around.

Outside the light curtain, there are endless mountains, with divine peaks hanging upside down, and rainbow bridges hanging. Fairy air is everywhere, and the glow is bright.

Within the mountain stream, there are ancient beasts singing, fairy birds soaring, and the atmosphere is extraordinary and shining.

Seeing this, Qin Feng secretly thought that the weather here was good, and he didn't know how many opportunities he could get here.

However, he did not immediately look for opportunities. Instead, he looked back at the light door in the center of the square, as if waiting for something.

Not long after, the light door lit up.

Afterwards, Cang Sheng and his party walked in

"Lord Qin Feng!"

As soon as Cang Sheng and others stepped into the Suzaku Holy Realm, they saw Qin Feng standing in front of the Light Gate. They were all shocked and came forward to pay their respects.

Now, Qin Feng is comparable to a giant in their minds. How dare they show any slightest care?

"Lord Qin Feng, are you waiting for us?."

Cang Sheng inquired carefully.

The Heavenly Saints behind him also looked at Qin Feng with complicated expressions.

They knew that there were conflicts between the Divine Alliance and the giants, but they did not want to get involved in the fight between the two sides.

They were really too powerful. I am weak and dare not get involved.

Qin Feng said calmly: "Don't be nervous, I know that you don't want to get involved in the dispute between me and the giants, and I have no intention of drawing you to join the Divine Alliance. I am waiting here for Xian Ling.

Then, he looked at Xian Ling: "Fellow Taoist Xian Ling, the treasure you lent to Qin a few months ago is returned to you today."

As soon as he finished speaking, Qin Feng tossed it casually, and a gray divine bead flew towards Xian Ling.

"Lord Qin Feng is so polite!"

Xian Ling quickly took the divine bead and put it away quickly.

Behind her, Zhao Gongming and Sanxiao couldn't help but look at each other with a smile.

In fact, the divine bead was Hongjun's Chaos Bead.

This It is a key step in Qin Feng's plan

"The treasure has been returned, and Qin will bear in mind the kindness of fellow Taoist. In the future, if fellow Taoist request anything, just let Qin know and say goodbye!"

"Sir, walk slowly!"

After the two acted for a while, Qin Feng said goodbye, turned around and flew away.

Cang Sheng and others watched this scene in a daze, feeling strange.

After Qin Feng walked away, Cang Sheng asked in a low voice. stand up

"Fellow Taoist Xianling, who was Master Qin Feng looking for you just now?...."

"Brother Cang, as you just saw, Mr. Qin Feng just returned the things he borrowed to the little girl. It's not a big deal."

"oh!"

Cang Sheng nodded slightly.

He suddenly realized why Xian Ling urged him and his party to follow Qin Feng into the Suzaku Holy Realm.

It seemed that the two parties had discussed it before.

But he couldn't see that, Xian Ling and Qin Fengzhi There is something in between.

At this time, Xian Ling urged:"Brother, let's go! Master Qin Feng went to the south, so let's go to the north and stay away from him. In this way, when all the giants come in, they will also go after him. We will not be affected by them.

Cang Sheng nodded repeatedly:"That makes sense!" We only seek opportunities, not fights. We should stay as far away from the center of the fight as possible. Of course, I also wish Lord Qin Feng good luck.

Yutian also said:"Both of you are right, let's go!" Time waits for no one! This chance search only lasted ten days."

At this moment, the group of people said no more. Cang Sheng led the way and rushed towards the north of the holy realm.

In a blink of an eye, the square was empty.

Not long after, the light door lit up and another group of people entered.

The person who came was right They were Old Man Yuexia, Ancestor Liugen, and three sects from outside the territory. There were more than forty people in total, all of whom were quasi-saint ancestors or above. As soon as they arrived at the scene, they quickly looked around and soon discovered Qin Feng, Xian Ling and others. traces of people

"Xian Ling's group and Qin Feng are divided into two groups....."

Ancestor Liugen looked to the south and then to the north.

Qin Feng and Xian Ling and their group were heading in opposite directions, and the distance between them became farther and farther.

It's just that Qin Feng's speed is too fast. In just a short while, he almost turned into a small black spot and was about to disappear from the sight of the giants.

"Wait a little longer, don't let Qin Feng notice anything!"

"Um!"

The giants were standing in the square, waiting quietly.

In the distance, Qin Feng also sensed it.

He looked back from a distance and saw the giants with more than forty quasi-saint ancestors in the square.

When these people join forces, their strength will definitely reach the level of the Half-Step Saint Ancestor.

If he confronts head-on, with a pair of more than forty people, he will not gain much benefit, and may even suffer a loss.

After all, he still doesn't know the trump cards of the three extraterrestrial sects. , it is better to be cautious.

Thinking of this, Qin Feng continued to move forward, and everything went according to plan.

In just a moment, Qin Feng's figure disappeared from the sight of the giants.

The giants waited for a while, and it was estimated that Qin Feng's spiritual consciousness could no longer sense it. They just started to take action

"Everyone, let's get started!"

"good!"

As soon as the words fell, the giants began to move separately.

Old Man Yuexia and Ancestor Liugen rushed towards the direction of Xian Ling.

Forty people including Taiqing Shengzun, Amitabha and Mohu did not pursue Qin. Instead, they rushed in another direction.

They were going to find a secret place and secretly set up a killing array as a trap.

Old Man Yuexia and the Six Root Ancestors were preparing to catch up with Xian Ling, and then Old Man Yuexia would forcefully Conquer Xian Ling, and then use Qin Feng's trust in Xian Ling to let Xian Ling deceive Qin Feng into their formation trap.

At this point, they use all their strength to kill Qin Feng, leaving him with no chance of turning around.

This time The plan can be described as extremely vicious.

In this way, all parties have plans.

In the blink of an eye, Taiqing Shengzun and others disappeared into the vast mountains.

On the other side, Old Man Yuexia and Liugen Ancestor also pursued Xianling and others. Then he left and quickly disappeared into the vast mountains.....

At the same time, there is also a huge square in the Qinglong Saint territory.

At this moment, more than a thousand disciples of the Divine Alliance gathered in the square.

Hongjun, Pangu and other senior officials gathered around the phantom clone.

"Dad, what should we do next?"

Hongjun asked the phantom clone for instructions.

The phantom clone looked around. This holy realm is more majestic than the Suzaku Holy Land, and there will be more opportunities here.

"The Qinglong Saint has the most opportunities, and it is also the place where we focus on searching for opportunities. Time is limited, so follow your previous plan and seize the time to search for opportunities!"

The shadow clone ordered quietly.

Hongjun smiled and said: "Dad, although it is our first time to enter the Qinglong Holy Land, the Queen Mother of the West is very familiar with the geography here. She has marked the map here and the places where opportunities will appear."

"I believe that within five days, we will be able to search for all the opportunities in the Azure Dragon Holy Realm. The phantom clone smiled slightly: "Not only the Azure Dragon Holy Realm, but also the opportunities of the Suzaku Holy Realm and the White Tiger Holy Realm are waiting for us!"

With this reminder, Hongjun suddenly felt that time was running out. This time, the will of the secret land only gave them ten days to search for opportunities.

Within ten days, they had to search for opportunities and resources in the three holy places, which was not easy..

At the moment, Hongjun and others did not dare to waste time.

At the moment, more than a thousand God League disciples were divided into more than a dozen groups and set off in more than a dozen directions.

Each group was led by a high-level quasi-saint ancestor.

They In each hand, there was a map provided by the Queen Mother of the West.

In just a moment, all the children of the Shenmeng were gone, and only the shadow clone was left in the square.

He was waiting for the ancestor Huanji.

As Qin Feng's clone, he was Qin Feng's clone. Feng's body extends.

He already knows the situation in the Qinglong Holy Realm through his body.

He also knows the situation in the White Tiger Holy Realm from Xuan Mi's clone.

Then, next, the ancestor of Huanji should lead all the forces into the Qinglong Holy Realm. Got it.....

The phantom clone didn't wait long before the light door in the center of the square flashed with light.

The next second, old man Hunji led many leaders of forces into the square..

Chapter 1290

The phantom clone didn't wait long before the light door in the center of the square flashed with light.

The next second, old man Hunji led many leaders of forces into the square.....

In just a moment, more than 4,000 people entered the venue and filled the square.

When these people saw the phantom clone staying in place, they felt wary and did not dare to approach it one by one.

Only Ancestor Hunji and the seventeen quasi-saint ancestors looked calm and did not take the phantom clone to heart.

After all, in their eyes, the phantom clone is just a supreme saint, and they have not yet seen its true strength.

What they heard was the action of Qin Feng and Xuan Mi's clones.

According to their analysis, the strength of the shadow clone is at most equal to that of the Xuan female clone, which means it has barely reached the peak of the quasi-saint ancestor.

For such strength, Ancestor Huanji didn't take it seriously at all.

The seventeen quasi-saint ancestors were greatly unconvinced, thinking that the giants had overestimated the phantom clones.

They don't believe that a little supreme saint, no matter how talented and potential he is, can't break through the limitations of his cultivation realm and crush them in terms of strength.

Because of this thought, those quasi-saint ancestors looked at the phantom clone with indifference and even provocation.

They really want to fight the phantom clone to try this guy's strength and see if he is as powerful as the rumors say.

"Ancestor, look! The people from the Shenmen League were divided into more than a dozen groups and walked in more than a dozen directions."

At this time, a quasi-saint ancestor of the Hunji Heaven Realm whispered something in the ear of the Hunji Ancestor. The

Hunji Ancestor nodded slightly, looked around, and looked at the leaving figures of Hongjun and others.

Then, he He withdrew his gaze and looked at the phantom clone, with a trace of confusion in his eyes.

According to his idea, the phantom clone should go search for opportunities with Hongjun and others. Why stay here alone?

With this in mind, he quickly summoned The quasi-saint ancestors whispered, seeming to be making arrangements.

After a moment, all the quasi-saint ancestors nodded and started to take action.

Not long after, the thirteen quasi-saint ancestors each received 300 people, divided into Eleven directions, chasing the children of the Divine Alliance.

Not counting Xian Ling, the Divine Alliance now has eleven quasi-saint ancestors.

Therefore, the Divine Alliance is divided into eleven groups, and each quasi-saint ancestor brings a hundred people.

Ancestor Hunji made this arrangement, which was obviously aimed at the Divine Alliance, and every group of people was unwilling to let it go.

Among the group of people chasing Hongjun, there were three quasi-saint ancestors sitting in charge. They obviously attached great importance to Hongjun and wanted to use it to Three enemies to one suppressed Hongjun.

After those people left, the remaining four saint ancestors each led more than 300 people, left the square, guarded the four sides of the square, and surrounded the entire square.

At that moment, the entire square Inside, only the shadow clone and Hunji Ancestor were left.

The shadow clone watched all this silently and looked around.

The four quasi-saint ancestors guarding around the square were all mid-stage quasi-saint ancestors. , three of them are from Hunji Heaven.

In addition to Hunji Ancestor, there are three mid-stage quasi-saint ancestors and four early-stage quasi-saints in Hunji Heaven.

It can be seen that Hunji Heaven is very powerful and deserves to be the leader of Jiutian The first among the Ten Domains.

Of course, it is far behind the current Divine Alliance.

If the Divine Alliance includes Xian Ling, there are twelve Quasi-Saint Ancestors alone, five more than the Hunji Heaven Realm..

If you include the terrifying existences like Qin Feng, the shadow clone, the Xuan female clone, and the purple gold clone, it would be even more terrifying. At this time, the shadow clone withdrew its gaze and fell on the ancestor of Huanji.

"Fellow Taoist Hunji, what do you mean?"

Ancestor Hunji stroked his beard and smiled:"Qin Lei, can't you still see it?"

"What do you think!"

"The only place in the Holy Land where fighting is prohibited is this square. Now, there are people guarding the square. Even if the children of the Shenmen want to escape back to the square, they will not be able to come back.

The phantom clone smiled coldly:"So, you want to kill all the children of our Divine Alliance!"

"You are not stupid! Unfortunately, it's too late for you to wake up now!!"

Ancestor Hunji showed a proud smile.

The shadow clone frowned:"Fellow Daoist Hunji, are you happy too early?"

"how? Do you want to save them? Don't forget, I stay here just to watch you. As long as you take half a step out of the square, I will attack you. With me here, you naturally have no time to spare. How do I see you going to the rescue?"

Ancestor Hunji said proudly.

It turned out that Patriarch Hunji arranged for eleven groups of people to hunt down the children of the Divine Alliance, and he stayed behind to stare at the shadow clones and prevent them from rescuing any party.

In addition , In addition, he was also worried that someone from the Shen League might slip through the net and escape, so he deployed heavy troops around the square to prevent the children of the Shen League from breaking back into the square. What he wanted to do was to drive out all the children of the Shen League and leave no one behind.

"hehe!! If you forces join forces to attack our League of Gods, aren't you worried that you will regret it one day?"

The shadow clone looked calm.

"regret?! Shouldn't it be your Divine Alliance who has to regret it? If your divine alliance hadn't been too public, how could it have caused public outrage?! Besides, isn't it a little late for you to bring this up now?"

Ancestor Hunji stroked his beard with one hand and showed an expression of watching a good show on his face.

The shadow clone said with a half-smile but not a smile: "Your Excellency, you think your plan is good, but have you ever thought about it, we may not be the ones killed by then? Children of the Divine Alliance?"

Ancestor Hunji sneered: "Qin Lei, I don't know where you get your confidence." Everyone can understand at a glance the cultivation and strength of you, the children of the Divine Alliance."

"Each team sent by me has a quasi-saint ancestor sitting in charge, followed by more than 300 people. And what about your Divine Alliance? There are only about a hundred people in each team, and the strongest one is only Tiansheng."

"Hongjun, the strongest among you disciples of the Divine Alliance, has barely reached the early stage of the Quasi-Saint Ancestor. I also specially sent three quasi-saint ancestors to him. As a result, your 11th Army of the Divine Alliance will inevitably be completely defeated."

Having said this, the smile on the face of Ancestor Hunji became even thicker.

He seemed to be proud of his perfect arrangement.

He did not realize that he had completely underestimated the strength of something.

The phantom clone saw Here, pretend to sigh: "Hey~! It seems that no matter what I say, it is useless. I can only stay here and wait for news."

"If I were you, I would definitely stay in the square and not take a step easily. Otherwise, as long as you take half a step, I will definitely take action against you. By then, it's hard to say whether you will be alive or not."

The tone of Ancestor Hunji was full of threats.

He was also confident that he could easily defeat the shadow clone, and even have a chance to kill the shadow clone.

The shadow clone smiled coldly, was too lazy to talk nonsense with him, and sat cross-legged directly on the spot. He closed his eyes and meditated.

Besides, his goal had been achieved.

It turned out that the shadow clone had long expected that Ancestor Hunji would lead an army of various forces to encircle and suppress the children of the Divine Alliance.

But he also knew that if the Divine Alliance With his current strength, if he confronts the armies of all forces head-on, he will definitely suffer.

The best way is to disperse the forces of all forces.

Therefore, he thought of a good way, which is to stay in the square and let everyone The disciples divided their forces and went forward.

Sure enough, after he used this move, Ancestor Huanji was fooled.

In the mind of Ancestor Huanji, the shadow clone is the biggest threat to the disciples of the Divine Alliance.

In order to keep an eye on the shadow clone, He stayed.

At the same time, he wanted to kill the children of the Shen League quickly, so he sent heavy troops to guard the surroundings of the square, not giving the children of the Shen League any chance of survival.

After all, the phantom clone was in the square, and he wanted to keep an eye on it. With the phantom clone, it is difficult to prevent the children of the Shen League from escaping, so heavy troops must be sent to guard the square.

In this way, the phantom clone can hold back the ancestor Huanji, the four quasi-saint ancestors, and An army of more than a thousand assessors...

When he saw the shadow clone meditating with his eyes closed, Ancestor Hunji smiled coldly, sat cross-legged opposite the shadow clone, and also closed his eyes and meditated.....

In just a moment, the Eleventh Army of the Divine Alliance and the armies of other forces disappeared from everyone's sight.

The evaluators guarding the square were watching all this with smiles and talking about the outcome of the upcoming war.....

"Fellow Taoist, they are all very fast! Just for a moment, he disappeared. Presumably, those in the Divine Alliance also noticed that someone was chasing them, right?"

"It must have been discovered. However, they couldn't escape even if they wanted to. At their speed, there is no way they can escape our people. In terms of cultivation strength, ours is still higher!"

"yes! I believe the war will break out soon. It's a pity that those guys are too far away, we can all see it"

"If you can't see it, you can't see it! We just need to stay here and wait for the good news....."

"That's right! Ha ha!!"

The assessors around were talking happily.

In the square, the phantom clone listened, and the corners of his mouth were slightly raised, revealing a faint smile.....

Time flies!

In the blink of an eye, two hours passed.

Within the territory of Qinglong Saint, there is a hidden valley.

Lord Ziwei stood in the valley.

Behind her, there were about a hundred disciples of the Divine Alliance.

Gonggong stood behind her.

Now, Gong Gong's cultivation level has greatly increased, and he is already a powerful person in the late stage of Tiansheng.

"Mistress, this distance is far enough. For a while, we were fighting here, and Ancestor Hunji couldn't be scanned by his spiritual consciousness."

Gonggong analyzed in a low voice.

Star Master Ziwei nodded with satisfaction:"That's good! Various forces want to encircle and suppress us, and if we want to fight back against them, we cannot let them discover our true strength in advance. Otherwise, it will be difficult for us to expand our results.

Gonggong smiled and said,"My mistress is wise!"

Just after saying this, a figure emerged from Taniguchi and quickly walked to the Ziwei Star Lord.

The person who came was none other than Jiuyin, who was also a late-stage cultivator of Tiansheng.

"Mistress! The armies of all forces are about to arrive. The subordinate just used secret techniques to investigate. The leader is a strong early-stage quasi-saint ancestor, and there are more than 300 examiners....."

Jiuyin reported seriously.

Star Master Ziwei nodded slightly:"Very good! Get ready! Wait for their arrival!"

"yes!"

All the subordinates acted quickly and formed formations to wait.

Lord Ziwei rose into the air and looked quietly outside the valley.

She knew that a big war would break out here soon.

The number one in the Qinglong Saint territory This war should have started from her.

I'm afraid those giants didn't expect that the first war would start from the Azure Dragon Holy Realm..
