

God level 1291

Chapter 1291

Star Lord Ziwei looked out of the valley silently.

Huh~! Huh~! Huh~!

Not long after, there was a rapid sound of breaking through the air outside the valley.

Then, there were flashes of light and shadow, and a group of people rushed in from outside the valley.

The leader was eight feet tall, with a monkey head and body, six ears on his head, and a ferocious face.

He is none other than the six-eared macaque, one of the four domain lords of Changming Domain.

Behind him, there were more than a hundred heavenly saints and more than two hundred supreme saints.

This group of people is powerful and majestic.....

"You finally caught up!"

Ziwei Star Lord smiled coldly and looked at the leader of the six-eared macaque.

It is said that this six-eared macaque is good at listening to sounds, can detect things, know the front and back, and can see everything. When I saw it today, its cultivation has reached the early stage of the Quasi-Saint Ancestor. The pinnacle of the world should not be underestimated.

The six-eared macaque also looked at the star master Ziwei, with a flash of disdain in his eyes.

"You, a little heavenly saint, can be so calm in the face of this king, you are quite courageous!"

Ziwei Star Lord sneered: "Speaking of which, your Changtian Domain has always had evil intentions towards our Divine Alliance. Last time in Xuanwu Holy Realm, you secretly had an idea of our divine alliance, but gave up afterwards."

"This time, you led so many people in pursuit. It seems that if our Divine Alliance doesn't give you some advice, you won't give up after all. However, if you offend our Divine Alliance, the result is destined to be destruction!"

The six-eared macaque sneered: "Haha!! A little heavenly saint dares to threaten me! court death!"

As soon as he finished speaking, he took action towards the Ziwei Star Lord first.

Boom~Long~Long!

In a moment, the six-eared macaque's big hand turned into a giant claw that reached the sky, covering the sky and the earth and grabbing the Ziwei Star Lord, only to catch thousands of miles of void. The distortion continues, and the heaven and earth roar with it.....

"Let's do it together!"

"Quick victory!"

At the same time, behind the six-eared macaque, the leading Heavenly Saints also shouted loudly.

Boom~! Boom~! Boom~!

Boom~! Boom~! Boom~!

At this moment, more than three hundred assessors also shouted Together, they attacked the people of the Divine Alliance, using various secret techniques and magical weapons to attack the people of the Divine Alliance.

In an instant, hundreds of attacks, like a violent storm, struck at the people of the Divine Alliance, and their momentum was earth-shattering.....

Gonggong, Jiuyin and more than a hundred other disciples of the Divine Alliance were all changed in their expressions.

That was a joint attack by more than a hundred heavenly saints and more than two hundred supreme saints, and the power was extremely terrifying.....

On the side of the Divine Alliance, there are only a dozen Heavenly Saints, fifty or sixty Extreme Saints, and the remaining thirty or forty people are still in the second realm of eternity.

With such strength, how could they withstand such a strong attack...

The Six-Eared Macaques had already seen this, so they attacked strongly from the very beginning in order to win the battle quickly and catch the Killing God Alliance by surprise.

At this critical moment, Master Ziwei made a thought and sacrificed the sacred weapon—Tai Chi Diagram!

Buzz~!

A clear cry!

The Tai Chi diagram is magnified hundreds of millions of times, covering the sky and the earth, like a big millstone of heaven and earth.....

The next second, Ziwei Star Master exploded with all his strength, and the momentum of the mid-stage quasi-saint ancestor was instantly revealed.

Immediately afterwards, the momentum of Tai Chi Tu matched that of Lord Ziwei.

Man and machine in one!

The Ziwei Star Lord's momentum skyrocketed again, reaching the threshold of the late-stage Quasi-Saint Ancestor in an instant.

At this moment, attacks from six-eared macaques, more than a hundred heavenly saints, and more than two hundred supreme saints came down...

Lord Ziwei quickly raised the Tai Chi Diagram and faced all the attacks.

Boom~Long~Long!

The Tai Chi diagram rotates slowly!

Suddenly, three thousand great prophecies appeared on the picture, emitting five-colored light to illuminate the mountains and rivers of the heaven and earth, and nine-colored auspicious energy that shocked the heavens and the world, with the power of the supreme treasure.....

Bang~! Bang~! boom~!

A series of earth-shattering explosions sounded in the field!

Billions of miles of space are trembling violently!

The dazzling explosion light lit up the world!

The next second, the light faded!

The Master Ziwei has a Tai Chi diagram above his head, standing in the void, with a calm and calm expression on his face.

She blocked everyone's attacks with ease.

Below, the children of the Divine Alliance cheered and were extremely ecstatic.

The six-eared macaque and others were dumbfounded, and their mouths opened wide.

You know, even the mid-stage quasi-saint ancestors couldn't resist the attack they just made together.

The woman in front of me blocked it easily

"You...you are actually a mid-stage quasi-saint ancestor!"

The six-eared macaque finally discovered the cultivation level of Ziwei Star Master, and his expression changed drastically.

The woman in front of him was not only a small realm higher than him, but also possessed a heaven-forging holy weapon, which made him extremely horrified.

Those assessors They were also completely dumbfounded

"According to the rules, if you take the initiative to attack me, if I try to kill you again, your points will not be deducted!!"

The corners of Ziwei Star Lord's mouth curled up slightly.

"What?!"

The six-eared macaque and others were shocked.

But before they could think about it, Lord Ziwei launched a counterattack...

Boom~boom~boom!

I saw the Tai Chi diagram slowly rotating, making a shocking roar!

Then, the Tai Chi transformed Liang Yi, Liang Yi Act as three talents, three talents form four images, four images become five elements, five elements form six combinations, six combinations determine seven stars, seven stars produce Bagua, and Bagua connects nine palaces.....

In just an instant, billions of golden lights shot out, shooting towards the six-eared macaque and others.....

In an instant, all dharmas will be destroyed, and the sun and moon will lose their light!

"not good!"

The six-eared macaques and others were frightened and took action to resist.....

Bang~! Bang~! Bang~!

With a series of loud noises like the shattering of the universe, dozens of Supreme Saints were exploded on the spot, turning into energy that filled the sky, and they were so dead that they could no longer die!

Those heavenly saints were all blown away until they vomited blood, and even the six-eared macaque was blown away.....

The scene was filled with screams and blood mist filled the sky!

With just one encounter, Lord Ziwei gained the upper hand, and the children of the Divine Alliance cheered!

"withdraw! Escape!"

The six-eared macaque and others exclaimed, turning around to escape.

"Where are you going to escape?"

The disciples of the Divine Alliance who had been waiting for a long time took action one after another. Hundreds of attacks blocked the escape route of all examiners.....

At this moment, Lord Ziwei launched another attack. Billions of golden lights fell. Dozens more Supreme Saints were killed on the spot. Some Heavenly Saints were injured for the second time, from minor injuries to serious injuries.....

At that moment, Lord Ziwei led more than a hundred of his disciples and launched a frantic attack on the six-eared macaque and others... The

Shenmen League had the absolute upper hand.

In the field, earth-shaking loud noises continued to be heard, as well as screams one after another.
.....

The earth-shattering energy storm also spread to all directions.....

At this moment, at the entrance of Qinglong Holy Land.

On the square, the phantom clone and the Hunji Ancestor opened their eyes at the same time and looked in the direction of the Ziwei Star Lord.

Around the square, the assessors who had been guarding all around also looked in the direction of the Ziwei Star Lord.

They couldn't see the fighting going on in the field.

But they all felt the energy fluctuations and rumbling roars that erupted from the battle...

For a moment, the assessors all showed joy.

"here we go! It's finally started over there!"

"That seems to be the direction the six-eared macaque is leading the team!"

"yes! The six-eared macaque is not weak! This time, I wonder how long the people of the Divine Alliance can hold on? Will there be any fish that slipped through the net??"

"Even if there are fish that slip through the net, they cannot escape us. Ha ha!!"

The examiners all around were chatting and laughing.

In the square, Ancestor Hunji was also looking in that direction with a smile on his face, muttering to himself

"Tsk tsk!! Judging from the level of this energy fluctuation, it is close to the threshold of the late stage of the Quasi-Saint Ancestor. I never expected that the six-eared macaque and the others could launch such a level of attack!"

Having said this, Ancestor Hunji sighed while stroking his beard.

He had never doubted that an attack of that level was not sent by the six-eared macaque at all.

In his opinion, the group of Shen League disciples that the six-eared macaque was chasing, The strongest person is the peak of the Heavenly Saint.

But the phantom clone on the side slightly raised the corners of his mouth, revealing a secretive smile.

He knew that with the strength of the six-eared macaque, he wanted to exert a combat power close to that of the late-stage quasi-saint ancestor. , that is impossible.

The strength gap between the early stage peak of the Quasi-Saint Ancestor and the late threshold of the Quasi-Saint Ancestor is huge. The shadow clone knew that it must have been caused by the Lord Ziwei.

At this moment , there was another earth-shaking loud noise from a certain direction to the west of Qinglong Holy Realm!

The monstrous energy fluctuations spread from which direction...

Another group of people started fighting!..

Chapter 1292

At this moment, there was another earth-shaking loud noise from a certain direction to the west of Qinglong Holy Realm!

From which direction did the monstrous energy fluctuations spread...

Another group of people started fighting!

Everyone looked in that direction with joy in their eyes.....

In their opinion, another group of God League disciples were going to be unlucky.

The phantom clone couldn't help but look in that direction...

At this moment, in that direction, over a plain somewhere.

Shangguan Yunxi was suspended in mid-air, wearing the sacred Suzaku divine armor. The whole body was burning with purple fire, making a hunting sound... The invisible heat emitted by the purple fire covered hundreds of millions of miles of earth, roasting the heaven and earth into a red color, making the air It became extremely hot, and looking around, it was as if there was a 10% thick frosted glass...

That was not an ordinary purple fire, but Shangguan Yunxi's other accompanying sacred weapon - the Flame of Nirvana.

In addition, above her head, there was also a huge cauldron suspended above her head, exuding a monstrous and absolute aura.

That was her heaven-forging holy weapon - the Qiankun Ding.

Shangguan Yunxi was originally a quasi-sage ancestor in the early stages of cultivation.

But with the help of the three sacred weapons, the Suzaku Divine Armor, the Flame of Nirvana, and the Qiankun Cauldron, her combat power and momentum surged to the peak of the mid-stage Quasi-Saint Ancestor... At the same time,

Shangguan Yunxi was in front of her.

A powerful early-stage quasi-saint ancestor looked at Yun Xi in astonishment, with disbelief on his face.

Behind the quasi-saint ancestor, more than 300 examiners were also dumbfounded.

Just now, Shangguan Yunxi blocked all their attacks with one person.

Of course, this is also because both the Qiankun Cauldron and the Suzaku Divine Armor have great defense capabilities. The combination of the two has extremely strong defensive power.....

And the early stage quasi-saint ancestor was not as strong as the six-eared macaque, which made Shangguan Yunxi face much less pressure than the Ziwei Star Master...

At this time, Shangguan Yunxi looked coldly at the people in front, Han Sheng said: "It's my turn now!"

She deliberately let all the forces take action first, just so that no points would be deducted for counterattack.

Now, her goal has been achieved!

But as soon as she finished speaking, the expressions of the powerful people changed slightly.

"Let's take action!"

Immediately, the quasi-Saint Ancestor strongman led the examiners and attacked Yun Xi again, and they all launched their own full blows.....

Phew~! Phew~! Phew~!

Suddenly, various attacks bombarded Shangguan Yunxi, lighting up all kinds of lights, colorful.....

This time, they all launched their strongest attack.

This combined force was actually a bit stronger than the previous attack.

They didn't believe that Shangguan Yunxi could still stop him.

But at this moment, Yun Xi roared:"Qisu is in position!"

Phew~! Phew~! Phew~!

Immediately, seven figures flew up from below and lined up behind Yun Xi in a strange formation.

All of those seven people were at the peak of Heavenly Saint cultivation, and Wu Gang and Yutu were suddenly among them.

"The stars of the well are in place!"

"The ghost constellations are in place!"

"Willow Star is in place!"

"The constellations of stars are in place!"

"Zhang Zhixing is in place!"

"The Winged Stars are in place!"

"The stars of Zhen are in place!"

It turns out that these seven people are the disciples of Emperor Suzaku, the masters of the seven stars. It turns out that the cultivation levels of Wu Gang, Yutu and others range from the peak of the Supreme Saint to the early stage of the Heavenly Saint.

After they were selected by Yun Xi, they merged with the Stars With the Lord's Star Seal, everyone's cultivation level increased greatly, and they all reached the peak of Heavenly Saint.

"Suzaku Astrology Formation—Open!"

As soon as the seven star lords were in place, Yun Xi immediately controlled his star formation... boom~boom~boom!

In a moment, the power of the seven star lords merged with Yun Xi's power.

A huge Zhuque projection billions of feet tall , appeared above the heads of Yun Xi and the Lord of the Seven Constellations, gradually solidified, and finally turned into an entity.

The next second, the huge Suzaku slowly opened its eyes, with golden divine light flowing...

Looking at that look, it was actually It is somewhat similar to Yun Xi, but the aura it exudes suddenly reaches the late stage of the Quasi-Saint Ancestor.

This is the Suzaku Star Formation!

At this moment, the attacks from all the forces came in front of us...

A loud and long cry resounded throughout The world was shattered.

The next second, the Suzaku opened its mouth and spewed out monstrous purple fire. In the blink of an eye, all those attacks were burned to ashes. The remaining power remained unabated, swallowing up all the assessors at once.....

"ah~! "

"No~! "

For a moment, the examiners screamed in agony, and dozens of supreme saints were instantly vaporized, burned to the ground, and turned into pure energy.....

With just one face-to-face encounter, Yun Xi severely damaged all examiners, and her momentum was even more powerful than that of Ziwei Star Master....

"escape! Run away!"

The assessor of the survivors yelled in horror, turned around and ran away.

The children of the Divine Alliance who had been waiting aside took action one after another to prevent those people from escaping.....

Yun Xi controls the formation again!

The red bird spits fire and burns everything!

In a moment, the ground was thousands of miles away, and the field fell into a fiery purgatory. All the forces were completely crushed, and the screams continued...

In just a moment, dozens more supreme saints were burned alive, and even some early-stage heavenly saints The strong also die under divine fire.....

Yun Xi's advantage in the field was even greater than that of Ziwei Star Master...

Just when Yun Xi took action, Chu Chu also took action on the other side.

At this moment, Chu Chu, together with the masters of the seven constellations of Dou, Niu, Nu, Xu, Wei, Shi, and Bi, activated the Xuanwu Star Array and summoned the Xuanwu Advent.....

Suddenly, Xuanwu opened into the secluded area and was covered in ice for thousands of miles!

Turning hundreds of millions of miles of land into a world of ice and snow, turning all power assessors into ice sculptures.....

Afterwards, Chu Chu led the disciples of the Divine Alliance to massacre all directions, killing dozens of supreme saints in one go.....

On the other side, Qinglin was even more powerful.

She was already in the middle stage of Quasi-Saint Ancestor cultivation.

Hong Yue and Lu Ming were also chosen by her and became the Lords of the Stars under her sect.

At this moment, she led the masters of the seven constellations of Jiao, Kang, Di, Fang, Xin, Wei, and Ji to summon the green dragon, the head of the four elephants.

As soon as the green dragon appeared, its momentum suddenly reached the peak of the late Quasi-Saint Ancestor.

Then Qinglong controlled the wind and thunder, exerted great power, and killed a large area, including many powerful Heavenly Saints. Even the leading early-stage quasi-Saint Ancestor was injured.....

In the southern direction, Fuzhi also showed great power.

He was originally a mid-stage quasi-saint ancestor, but he was good at formations.

At this time, he sacrificed Hetu Luoshu, gathered the power of the disciples of the Divine Alliance, and actually displayed the ultra-miniature Zhoutian Star Dou Formation. He also exerted the combat power of the Quasi-Saint Ancestor in the later stage, killing the opponent indiscriminately.....

To the north, at the bottom of a cliff.

At this moment, Pangu transformed into a gigantic giant, holding a sky-opening ax, and actually split the early stage quasi-saint ancestor in half with one ax...

This scene made the whole audience dumbfounded.

Not to mention that the examiners were stunned, even the children of the Divine Alliance were dumbfounded.

None of them expected that Lord Pangu would be so powerful.

It turned out that Pangu was at the peak of the mid-term quasi-saint ancestor, but he was an extremely rare ancient shaman. His physical body was comparable to that of the saint ancestor. In addition, the sky-opening ax was a heaven-level holy weapon.

The combination of these two aspects actually made his comprehensive strength reach the peak of the late Quasi-Saint Ancestor, and he actually split the strong early Quasi-Saint Ancestor in half with one axe.

The next second, the quasi-Saint Ancestor strong man's body merged and he was instantly resurrected.

Immediately, without saying a word, he turned around and ran away.

Those examiners were so scared that they peed.

When they saw this scene, they turned around and ran away without even thinking about it, dragging their weak legs.....

"Don't even think about escaping! Kill me! Ha ha!"

Pangu laughed loudly and raised his ax to chase...

The disciples of the Shenmen League immediately cheered and chased after him...

In just a moment, the scene turned into a one-sided massacre, and the opponent did not fight back at all.....

The most terrifying scene happened in the east of the holy land.

On top of a mountain.

The forces and armies looked at Hongjun in front of them in horror.

Just now, three Quasi-Saint Ancestors, plus more than 300 of them, attacked Hongjun alone.

However, Hongjun blocked all the attacks with a casual wave of his hand.....

You must know that of the three Quasi-Saint Ancestors, two are in the early stage of Quasi-Saint Ancestors, and one is in the middle stage of Quasi-Saint Ancestors.

But even so, their cooperation was easily resolved by Hongjun.

"Dare to take action against me! Die all!!"

Hongjun waved his hand to fight back.

He struck it with one palm, and it turned into a hand that reached the sky, covering the sky and the earth. The momentum suddenly reached the threshold of the pinnacle of the Quasi-Saint Ancestor.
....

"This...how is this possible!"

"No~! "

The whole audience roared in shock!

All the disciples of the Alliance of Gods saw it and their jaws dropped.

Oh My God!

The young master's strength has actually reached the threshold of a giant.

Before they could think about it, Hongjun's palm struck down.

Suddenly, the heaven and earth shook, billions of miles of space collapsed, all the examiners from all forces were beaten into pieces, and blood mist flew all over the sky.....

With just one palm, Hongjun killed more than 200 people instantly.

Then, the three quasi-saint ancestors and dozens of injured heavenly saints turned around and fled.

Oh My God!

This...this Qin Feng's son actually has the strength to reach the threshold of a giant. How can ants like them deal with it?.....

They didn't know that Hongjun's Chaos Bead was not on his body, otherwise he would have been unable to use it. The power will be stronger, and he can be regarded as a new giant.

"Ha ha!! Can you escape?!"

At that moment, Hongjun laughed and chased them.....

"The young master is mighty!"

The people of the Divine Alliance cheered thunderously, and followed closely to pursue them..

Chapter 1293

At this moment, Hongjun, Pangu, Qinglin, Fuzhi, Ziwei, Yunxi, Chuchu and other teams were killing everyone.

However, not all Divine League teams went so smoothly.

At this moment, in the north of the Holy Land, in another direction.

Lu Ya and a strong man in the early stage of the Quasi-Saint Ancestor were fighting inextricably in the air, and for a while no one could do anything to the other.

Lu Ya was originally an innate Holy Spirit with extraordinary talent.

The innate Holy Spirit is extremely rare, and only one of the ten quasi-holy ancestors is the Innate Holy Spirit.

The innate Holy Spirit talent is extremely high, often better than the quasi-Saint Ancestors of the same level.

Therefore, Lu Ya is not considered weak among the early stage powerhouses of Quasi-Saint Ancestor.

And the opponent is the third-ranked Siberian Ape in the Changling Heaven Realm. He can use the sun and the moon to shrink thousands of mountains, argue his faults, and play with the universe.

Although he was not an innate Holy Spirit, he was born with divine power and was able to kill as well as Lu Ya.

Below them, Hongyun led more than a hundred disciples of the Divine Alliance, and they were also inextricably killed with the more than 300 examiners of various forces.

It stands to reason that the children of the Divine Alliance are small in number and have low cultivation levels, so they will not be opponents of the various forces.

But with Hong Yun on this side of the Divine Alliance, the situation becomes different.

Hongyun's cultivation has also reached the limit of the peak of Heavenly Saint, and he is assisted by the accompanying holy weapon Nine-Nine Hongyun Sansoul Gourd.

In the state of integration of man and machine, his comprehensive strength is close to that of the half-step Saint Ancestor.....

What's even better is that the Nine-Nine Red Cloud Soul-Removing Gourd is a group-attack sacred weapon. It can shoot out countless red sands, scatter people's souls, and stun people's six senses.
.....

Sacred artifacts are inherently rare treasures, and most heavenly saints do not have them.

Even Xian Ling originally wanted a holy weapon but couldn't get it.

Because of this, although there are several powerful people at the peak of the Heavenly Saint on the other side of the forces, none of them have any holy weapons in their hands.

Hong Yun's sacrifice of the soul-sparing gourd suppressed most of the opponent's combat power, and many disciples of the Divine Alliance helped him.

The two sides were fighting inextricably, and neither could do anything to the other.

The battle here has entered a stalemate.....

Another place, over a sea.

Kunpeng was holding a golden dragon scissor, and he was inextricably killed by a red-necked horse monkey ranked fourth in the Heavenly Realm.

Neither side can do anything to the other!

Kunpeng is also an innate Holy Spirit, and now he has refined the Golden Dragon Scissors into a sacred weapon, and his strength has greatly increased.

However, the red-breasted horse and monkey know the yin and yang, know people well, are good at going in and out, avoid death and prolong life, they are not ordinary people.

For a time, the two sides fought in darkness and became a draw.

Just below the two of them, the Styx raised the sacred weapon Endless Sea of Blood and surrounded more than three hundred assessors.

Styx has also cultivated to the limit of the Heavenly Saint. With the help of the endless sea of blood, his overall strength is close to the half-step Saint Ancestor.

What's even better is that their battlefield is on the sea, and the endless blood sea can use the power of heaven, earth and sea to double its power.

At this point, he actually trapped more than 300 assessors with one person.

In addition, there were more than a hundred Divine Alliance disciples helping out, giving them a slight upper hand.

This battlefield is generally a stalemate.....

In another direction, over a plain.

The Queen Mother of the West held the sacred Kunlun Mirror and fought with a powerful early-stage quasi-saint ancestor until the sky was dark and the earth was dark...

On the plain, Emperor Feng sacrificed the sacred weapon - the Map of Mountains and Rivers, trapping all the assessors.

Emperor Feng's current cultivation has also reached the limit of the peak of Heavenly Saint.

The Map of Mountains and Rivers was a great sacred tool for trapped people, and with the help of hundreds of disciples of the Divine Alliance, she could barely trap the assessors.

This battlefield is also a stalemate.

On the last battlefield, the League of Gods was at a huge disadvantage.

The battlefield was located among the mountains.

At this moment, somewhere in the valley.

The old Antarctic man worshiped the Nine-Meandering Yellow River Formation and led more than a hundred disciples of the Divine Alliance to inspire the Nine-Meandering Yellow River Formation.

They defended themselves and barely withstood the siege of more than 300 assessors.

The old man from Antarctica is not very cultivated, but he has lived a long life and has outstanding various miscellaneous skills.

Whether it is alchemy or formation, he has quite high attainments.

Among the disciples of the Divine Alliance, apart from Fu Zhi, in terms of formation, he belongs to him.

This is also the reason why Qin Feng handed him the precious Nine Curves of the Yellow River Formation and asked him to preside over the formation.

At this moment, he led his disciples and barely blocked the opponent's siege.

But the battle in the air is very pessimistic.

I saw the tops of thousands of mountains, high in the sky.

Qin Baobao was completely suppressed and beaten by a violent ape.

The violent ape has the head of a monkey and the body of a monkey, holding an iron rod that reaches the sky. Its eyes are golden and red, and its divine light shines outward.

He is the number one stone monkey in the Changling Heaven Realm called Lingming Stone Monkey. He is aware of changes, knows the time of the sky, knows the location, and can move stars and change battles.

This Lingming Stone Monkey is the innate Holy Spirit, and its cultivation has reached the limit of the early stage of the Quasi-Saint Ancestor. The sky-reaching iron rod in his hand is a sacred weapon - the Ruyi Golden Cudgel.

In this way, his overall strength is comparable to the threshold of the mid-stage quasi-saint ancestor.

Even if Qin Baobao had the help of the sacred weapon Red Hydrangea, he was no match for him. He was so overwhelmed that he was completely at a disadvantage.

Below, the Antarctic old man and others were shocked and extremely anxious.

"Fellow Taoist Antarctic, Princess Nuwa is no match for that monkey! What should we do?"

"yes! Her Royal Highness the Princess is already at a disadvantage. If this continues, something may happen....."

The children of the Divine Alliance kept whispering, and they all looked anxious.

The old Antarctic man also frowned, feeling extremely anxious.

He wanted to help, but with their strength, they couldn't help.

What's more, they are now relying on the Nine-Meandering Yellow River Formation to barely resist the siege of the examiners. It would be good if they can protect themselves, let alone help...

This thought made the old Antarctic man even more anxious.

At the same time, outside the great formation of the surging Yellow River, many assessors were overjoyed.

"Ha ha!! Lord Lingming was different, he beat that little girl to pieces!"

"Of course! My king is the number one person below the mid-stage of Quasi-Saint Ancestor. With his strength, it is not easy to deal with a strong person in the early stage of Quasi-Saint Ancestor!"

Some contestants from the Changling Heavenly Realm showed off proudly.

Many examiners nodded slightly, secretly thinking that this was indeed the case.

At this time, some people in the crowd sighed.

"Everyone, talking about today's battle, it really surprised me. We originally thought that this team of God League disciples was ordinary. Unexpectedly, among these people there was actually a powerful early-stage Quasi-Saint Ancestor!"

"yes! Looking at the girl, she is only in her teens, and her health level is not more than a million years old. How did she break through to the quasi-saint ancestor at such a young age? Given time, I can't imagine it!"

All the examiners were sighing as they furiously attacked the formation.

From time to time, some people looked at Qin Baobao with a look of awe in their eyes.

Even if Qin Baobao was at a disadvantage, such a peerless genius still made them extremely awed.
.....

At this time, another person said: "Everyone, I have known this secretly. This girl is Qin Feng's daughter, named Qin Baobao, but the children of the Shenmen call her Princess Nuwa."

"That's it! Tsk tsk!! That Qin Feng is really amazing! Not only is he great, his two brothers are great, but his own children are also so great!"

"yes! No wonder all the giants are eager to get rid of Qin Feng. This person really cannot be kept.!"

"Everyone, I want to see you. This time, among the eleven teams of the Divine Alliance, the strongest ones are Hongjun's team and Qin Baobao's team."

"That's right! Although Qin Feng is great, there should be no strong people among his subordinates except his children. Unfortunately, their children will also suffer today!"

"yes! That Hongjun had to face three quasi-saint ancestor masters, and this Qin Baobao was really unlucky to meet Lord Lingming! If Qin Feng knew that his children were going to perish in the Azure Dragon Holy Realm, I wonder what he would think?"

"Ha ha!! No matter what he thinks, he deserves it!"

"Everyone, stop gossiping! We're going all out to break the formation! Don't let these damn guys live too long!"

"yes! As long as the Divine Alliance is destroyed, we can wholeheartedly look for opportunities!"

As soon as the words fell, all the assessors stopped talking and increased their intensity to attack the formation.

However, they were also a little strange.

How could the formation in front of them look like the rumored Nine-Meander Yellow River formation?

But Isn't the Jiuqu Yellow River Formation the world-suppressing formation of the Extreme Moon Heaven Realm?

How could it fall into the hands of the children of the Divine Alliance?

The examiners were a little suspicious, but they didn't think much about it and launched all-out attacks.

The pressure from the Antarctic old man and others, The number suddenly increased, and the situation gradually became unfavorable.....

At the same time, above the sky.

Qin Baobao was killed by the Lingming Stone Monkey and fell backwards in an extremely embarrassed state.

Suddenly, her heart became angry and she yelled loudly:"You stone monkey! How dare you bully this princess! One day, this princess will definitely turn you into a stubborn stone to avenge today!"
The

Lingming Stone Monkey sneered:"Haha! You, a sharp-tongued girl, dare to say that you will turn me into a stone. What a big joke! Whether you can survive today is a matter of course, and you still dare to say such nonsense! Then take another blow from me.!"

As soon as he finished speaking, Lingming Stone Monkey struck down with a stick.

In a moment, the heaven and earth collapsed, and the universe was reversed.

The sky-reaching stick was in front of me in the blink of an eye.

Qin Baobao was frightened and quickly used the red hydrangea to resist.....

Boom~!

A loud sound like the destruction of the universe!

The red hydrangea was smashed away with a stick!

Qin Baobao also groaned and was blown away tens of thousands of miles by the huge force of the sky.....

When the examiners saw this scene, they immediately cheered.

The expressions of all the disciples of the Divine Alliance changed drastically.

Among the crowd, the old Antarctic man secretly thought that he could not wait any longer. Her Highness the Princess might not be able to hold on for long and it was time to seek help.

Immediately, he took out the jade talisman of communication and sent out help to several nearby teams..

Chapter 1294

Among the crowd, the old Antarctic man secretly thought that he could not wait any longer. Her Highness the Princess might not be able to hold on for long and it was time to seek help.

Immediately, he took out the jade talisman of communication and sent out help to several nearby teams.....

When arranging troops this time, the phantom clone also knew that the team of Hongjun, Pangu, Qinglin, Yunxi and others would be stronger.

He also knew that the four branches, Lu Ya, Xi Wangmu, Kunpeng, and Qin Baobao, would be relatively weak.

Especially Qin Baobao's branch is the weakest.

After all, among the three teams of Lu Ya, Xi Wangmu, and Kunpeng, there are also three people, Hongyun, Minghe, and Fengdi.

The strength of these three people are all half-step quasi-saint ancestors, or close to half-step quasi-saint ancestors, which can make up for the team's combat effectiveness.

Qin Baobao's team, apart from the Jiuqu Yellow River Formation, had no other support and was the weakest.

Therefore, the phantom clone arranged two stronger teams, one on the left and one on the right, to protect Qin Baobao's team...

The team on Qin Baobao's left was Qing Lin's team.

At this time, on that battlefield.

Qinglin brought the Lord of the Seven Constellations and controlled the Azure Dragon Star Formation.

In the sky above the battlefield, he saw a ten thousand-foot-long Azure Dragon with a dragon ball in its mouth. It controlled the power of wind and thunder and killed all the more than 300 examiners...

Among all the forces, there is only the last strong person in the early stage of Quasi-Saint Ancestor left..At this moment, Qinglin controlled the Qinglong, carrying the overwhelming momentum of controlling the heaven and the earth, and frantically strangulated the early-stage quasi-saint ancestor...

Thousands of divine thunders as thick as a bowl, bombarded the quasi-saint ancestor. On the body of the strong man in the early stage of the Saint Ancestor.

In addition, there are hundreds of millions of cyan wind blades, forming a hurricane of flying blades, constantly strangling the strong man.

More than a hundred disciples of the Divine Alliance also attacked the strong man at the same time.
.....

At this moment, the strong man had been beaten to death with bruises all over his body, his momentum continued to decline, and he was extremely miserable....

"Tao...friend...misunderstanding! It's all a misunderstanding!ah~! "

The quasi-saint ancestor was screamed and screamed while being bombarded, and he wanted to break out of Qinglin's siege, but he couldn't break out for a long time.....

Qinglin naturally ignored him and mobilized the formation with all his strength to kill him crazily...

But at this moment, a Heavenly Saint from the Divine Alliance seemed to have received some news and took out the communication jade talisman to take a look.

Then, he said anxiously: "Master Qinglin, there is a rescue message from the old man in Antarctica. The battle situation with Princess Nuwa is not good!"

Qinglin's face changed slightly.

Before she could speak, the powerful quasi-saint ancestor who was strangled in front spoke first.

"Tao...fellow Taoist! Go rescue your people quickly and let me go!"

"To be honest, this time all the forces have joined forces to deal with your Divine Alliance, and each team will have a quasi-saint ancestor sitting in charge. If you don't go to the rescue, the people of your divine alliance will be in danger....."

The quasi-saint ancestor actually begged Qinglin to rescue him, hoping that Qinglin would let him go.

In order to survive, he didn't even have any shame.

When all the forces join forces, they are just a bunch of rabble.

As long as he can survive, he doesn't care about the overall battle situation, let alone the lives of others.

Qinglin sneered: "Now that things have happened, do you think I will let you go?! The disciples obeyed the order and left three of them to collect energy, while the rest rushed to support Princess Nuwa!"

"yes!"

All the disciples agreed.

At that moment, more than a hundred disciples of the Divine Alliance immediately went to the battlefield where Qin Baobao was.

Three other disciples stayed behind and began to collect energy that filled the sky.

Those energies were transformed by more than three hundred supreme saints and heavenly saints. , very huge. If Qin Feng absorbs it all, it can increase a lot of combat power...

At the same time, Qing Lin led Hong Yue, Lv Ming and other seven star masters to continue to kill the quasi-saint ancestor with all his strength.....

The sound of fighting in the field became more intense, and the screams became more harsh!

Finally, they had the opportunity to kill a powerful early-stage quasi-saint ancestor. How could they just let it go...

If the quasi-saint ancestor was allowed to escape, it would be like letting the tiger go back to the mountain.....

At the same moment, there was another battlefield.

Under the sky-high cliff, Pangu transformed into a sky-holding giant, holding a sky-opening ax and frantically slashing at the blood mist in front of him.....

Within the blood mist, shrill screams and begging for mercy were heard constantly.

"Ah~! Big...sir! Spare... spare my life!"

"Ha ha!! Spare your life? go to hell!"

Pangu laughed loudly, swinging the sky-opening ax with a buzzing sound, and splitting the sky and the earth with a strike of the axe.

The disciples of the Shen League around him were dumbfounded.

Lord Pangu is so powerful!

Now, on their battlefield, More than 300 examiners were all killed, and even the energy was collected.

Only one quasi-saint ancestor was left in the field, and Pangu had exploded him alive into a bloody mist, and then continued to strangle the quasi-saint ancestor. The soul.....

Every time Pangu struck with his axe, the person's spiritual aura would become weaker.

Looking at the situation, it won't be long before the quasi-saint ancestor will perish.

All the disciples of the Divine Alliance were amazed and excited.

"Everyone, Master Pangu is so powerful!"

"yes! I estimate that it won't be long before his comprehensive strength reaches the threshold of a top giant."

"Without further ado, let's quickly help Master Pangu to destroy the soul of the quasi-saint ancestor!"

"Exactly!"

As soon as the words fell, all the disciples stepped forward to help.

But at this moment, one of the Tiansheng disciples received a message asking for help from the old man in Antarctica.

His face changed slightly, and he quickly shouted:"Master Pangu, that old man in Antarctica. Bian sent a message asking for help. Princess Nuwa's situation is not going well! Hearing this

, Pangu was anxious and said hurriedly: "You will go to support Princess Nuwa as soon as possible!"
When I destroy this one in front of me, I will rush to help you!"

"yes!"

The disciples took the tokens and hurried towards the direction of Qin Baobao.

At the same time, Pangu also increased the intensity of his attack, killing the quasi-saint ancestor in front of him with all his strength.....

"Spare... spare my life! ah~! "

The man's screams became more and more shrill, and his spiritual aura dropped crazily.....

In short, the 11th Route Army.

On the side of the Divine Alliance, seven groups have the upper hand.

Among them, Hongjun, Pangu, and Qinglin are absolutely crushing.

In addition, Lu Ya, Xi Wangmu, and Kunpeng are in a stalemate.

Only Qin Baobao was at a disadvantage all the way, but two groups of people came to support...

The situation is still very optimistic.

At this moment, the entrance to Qinglong Holy Land was around the square.

All the examiners felt the sounds of fighting and energy fluctuations coming from all directions, and they all started chatting excitedly.

"Ha ha!! Sounds of fighting and energy fluctuations came from eleven directions, and a full-scale war finally began!"

"yes! Looking at the levels of energy fluctuations, the fighting was very intense!

"hey-hey! It was a battle of life and death. The children of the Divine Alliance were struggling to the death, so it was normal for the fight to be fierce. I just don't know how many people from the Divine Alliance can survive this time?"

"I'm afraid no one will survive! Among the eleven teams, apart from Hongjun, who has the early stage strength of the Quasi-Saint Ancestor, the strongest members of the other ten teams are only at the peak of the Heavenly Saint. Each of our teams has a quasi-saint ancestor sitting in charge."

"Fellow Taoist is right! When I think that all the children of the Divine Alliance will be killed, I get very excited!"

"What fellow Taoist said is exactly what we thought, haha!!"

As soon as those words were spoken, the whole audience laughed wildly.

These guys all thought they were right, and all the forces had the upper hand.

They knew that the shadow clone was nearby, but they didn't take it to heart at all.

With Ancestor Hunji present, No matter how strong the phantom clones are, they dare to fight against others, so there is no need to worry. At this moment, in the center of the square

, the phantom clones listened to the harsh laughter from all around and felt it was a little funny.

Although he did not personally attend the battle scene between the parties, he clearly knew , it is the Shenneng side that has the absolute upper hand.

Because, Qin Feng's mind is constantly ringing system prompts.

His karma value has been soaring, and the exchange points are also skyrocketing crazily, including many who are at the peak of the Heavenly Saint. The information that the killer was killed... and the

phantom clone, as Qin Feng's clone, is equivalent to the extension of Qin Feng's body, and naturally obtained this information...

At this moment, the phantom clone closed its eyes slightly, reading the information happily, Calculating the number of slain assessors from various forces.

Suddenly, a new piece of information emerged, making the shadow clone's mouth slightly raised with excitement, and a smile appeared.

Just now, Hongjun killed a quasi-sage ancestor in the early stage. Strong!

In this battle, the first fallen Quasi-Saint Ancestor appeared!

But the moment the shadow clone smiled, the harsh taunts of the Hunji Ancestor rang in his ears

"hehe! Qin Lei, you, the children of the Divine Alliance, are about to be wiped out. I didn't expect you to still be able to laugh!"

The phantom clone was slightly startled, and couldn't help but open his eyes and look at the ancestor of Huanji opposite him...

Chapter 1295

The phantom clone was slightly startled, opened his eyes involuntarily, and looked at the ancestor of Huanji opposite him.....

He saw Ancestor Hunji looking at him with a look of gloating on his misfortune.

The shadow clone felt speechless and asked:"Fellow Taoist is so gloating about misfortunes, aren't you afraid that extreme happiness will lead to sorrow?!"

"Extreme joy brings sorrow? Qin Lei, what are you still fantasizing about? Is it possible that you think those children of the Divine Alliance still have a chance of survival?! Ha ha!"

At the end of the sentence, Ancestor Hunji laughed happily.

Obviously, he was sure that his side would definitely win.

This conversation was also heard by the assessors around him.

They quickly started flattering

"Senior Huanji is right! Looking at the fighting sounds and energy fluctuations coming from all directions, they are all extremely violent. It can be seen that the disciples of the Divine Alliance must have suffered heavy casualties, and I am afraid that not many will survive!"

"that is! Qin Lei, until now, you still expect the children of the Shenmen League to escape this disaster. Isn't it a little late?"

"Ha ha!! That's right! Qin Lei, even if you want to save them now, it's already too late. Yes, even if you want to rescue. Senior Huanji won't let you get what you want!"

"hey-hey! Fellow Taoist disciples didn't know that Senior Hunji was eager for him to walk out of the square. In that case, Senior Hunji can take action against him"

"right! I would say that all the children of the Divine Alliance are in trouble, but this guy is still standing guard in the square with a calm face. It turns out that he was afraid of Senior Huanji and didn't dare to come out!"

"Fellow Taoist is right! Ha ha!!"

As soon as those words came out, the whole audience laughed wildly.

Now that they thought they were in sight of victory, their fear of the shadow clones was greatly reduced, and they actually started mocking openly.

Ancestor Hunji smiled.

He was also happy to see it. At such a scene, the phantom clone looked at the faces of the examiners with disdain and felt funny in his heart.

I wonder what these arrogant guys would think if they knew the truth.

At that moment, the phantom clone sneered: "Confidence is a good thing! But if you are arrogant, you will be laughed at!"

As soon as these words were said, the crowd rang with jeers.

"hehe! Qin Lei, I think you are the one who is arrogant, right?"

Another person said: "Everyone, if you ask me, he is either a tough-talking person, or he won't shed tears even if he doesn't see the coffin." I don't have to argue with him, just wait for the results to come out!"

"That's right! According to my opinion, soon some of the disciples of the Divine Alliance were killed and fled towards this direction! Until then, let's see what else he has to say!"

Just after saying this, there was a strange movement in a certain direction to the west.

Everyone was startled and turned their heads to look.

The shadow clone and the ancestor of Huanji also looked in that direction.....

Soon, everyone discovered that the sounds of fighting coming from that direction were getting louder and louder, and the source of the energy fluctuations was getting closer and closer...

Obviously, the centers of the fighting were moving here at high speed.

In other words, someone is fleeing this way.

"Everyone, have you sensed it? Someone over there escaped!"

"I feel it! The children of the Shenmen League must have escaped this way!"

"Ha ha!! Just what I said! The children of the Divine Alliance will definitely be killed and flee back. I just didn't expect that they would lose so quickly!"

At this moment, all the assessors looked in that direction with excitement.

They were waiting for the defeated children of the Divine Alliance to appear.

By then, they would be able to watch the joke of the phantom clone.....

The phantom clone smiled coldly, naturally knowing what these people were thinking.

He also wanted to see what these people's faces would look like when the truth emerged.

At that moment, he ended his meditation and stood up slowly

"Fellow Taoist, do you want to rescue me? I won't let you get what you want!"

Ancestor Hunji also stood up and looked at him with a half-smile.

Just after he said this, a group of small black dots finally appeared at the end of everyone's field of vision.....

"Look! They show up!"

The assessors shouted excitedly

"Huh! That is....."

But the next second, they felt that something was wrong, so they opened their eyes wide and began to investigate with their spiritual consciousness.

After everyone saw it clearly, they couldn't help but be dumbfounded.

In the distance, I saw a man covered in blood, running towards this side with a look of embarrassment, while roaring this way, as if asking for help...

But the distance was too far, and the roar could not be heard clearly.

And that man was none other than a quasi-saint ancestor from the Hunji Heaven Realm.

Chasing behind the man was none other than Fu Zhi and more than a hundred disciples of the Divine Alliance.

At this moment, Fu Zhizhi was chasing the quasi-saint ancestor all the way, hitting him from time to time, killing him and making him scream in agony.....

"That... that's Lord Changyou!"

"Oh my God! He seems defeated! The person chasing him seems to be Fu Zhi from the Divine Alliance!"

"This...how is this possible? Venerable Chang You was a powerful person in the early stage of Quasi-Saint Ancestor!"

All the assessors were stunned.

Ancestor Hunji was also dumbfounded.

His subordinates were actually being chased by the children of the Divine Alliance and running away!

"Ah....Help! Ancestor...Help!"

At this moment, Venerable Changyou's cry for help came from the distance...

Ancestor Hunji woke up in a startled state, suddenly anxious and angry.

"waste! waste! What a fucking waste!"

He roared violently and walked out of the square.

The shadow clone quickly dodged and stopped in front of him.

"Fellow Daoist Hunji, do you want to rescue me? I won't let you get what you want!"

Hearing this, Ancestor Hunji was slightly startled, feeling that it sounded familiar.

Isn't this what he said to stop Qin Lei just now? He didn't expect to be slapped in the face so quickly.

Ancestor Huanji couldn't help but hesitate.

But at this moment , in the distance, Venerable Chang You's cry for help came again.

Ancestor Hunji was in a hurry:"Yao Zhu, please quickly bring someone to rescue Chang You!"

"yes! Ancestor!"

A strong man guarding the west side of the square immediately led all the assessors guarding the south to meet Fu Zhi.

The strong man's name was Yongzhu, and he was under the seat of Ancestor Hunji. One of the powerful people in the middle stage of the Great Quasi Saint Ancestor.....

"Just now, didn't you laugh and say that the people who were killed were the children of our Divine Alliance? But looking at it now, why are they your people?"

Seeing the scene in front of them, the phantom clone couldn't help but laugh.

The examiners suddenly felt embarrassed, a little speechless, and at the same time frightened.

How could Master Chang You's team be defeated?

Don't wait. They were thinking too much when another movement came from the south of the Holy Realm.

Everyone quickly looked in that direction.

A moment later, they saw Shangguan Yunxi leading a group of Divine Alliance disciples, chasing and killing a quasi-Saint Ancestor and more than a dozen heavenly beings. holy.....

"No...it can't be right? This side was also defeated!"

The assessors were dumbfounded again.

"Help! Senior Hunji! Help!!"

The cry for help also came from over there.

"waste! Another bunch of trash!"

Ancestor Hunji was furious when he saw it.

"Qiongqi, please bring someone to rescue them quickly!"

"yes! Ancestor!"

At that moment, a man with a sinister face led the assessors guarding the west to rescue...

The sinister man was Qiongqi, and he was also one of the three powerful mid-stage quasi-saint ancestors under the ancestor of Hunji. one.....

But just before Qiongqi and his people had gone far, there was another movement from the north.

Everyone looked again and saw Chu Chu leading more than a hundred of the Divine Alliance disciples, chasing a quasi-Saint Ancestor and twenty or thirty assessors...

At this time, everyone in the field was completely dumbfounded, and they were also shocked. It feels bad!

It would be fine if the army along the way failed!

How come three armies in a row all failed!

"Senior Hunji, this...this situation is not right!"

Some people in the crowd started to panic.

"Help...help!"

At this moment, the examiners who had fled back from the north were also calling for help.

"waste! Total fucking trash!"

Ancestor Hunji was so angry that he stamped his feet repeatedly.

"Taotie! Bring someone to rescue them!"

"yes! Ancestor!"

At that moment, another strong man took away all the assessors guarding the north and went to the rescue...

That strong man was Taotie, one of the three powerful mid-term quasi-saint ancestors under the ancestor of Hunji.....

In just a moment, the army of assessors guarding all sides of the square were gone to three sides, leaving only the east side alone.

This continuous change made the assessors a little stunned.

Even Ancestor Hunji was caught off guard.

He really couldn't figure out how the Divine Alliance suddenly became so strong and defeated three of their armies in a row.

Fortunately, they still have defenders here who can go to support them.

I hope that other routes can win and reverse the current disadvantage.

But as soon as this thought came to his mind, his expression changed slightly.

The next second, he flipped it over and found an extra soul card in his hand.

Click~!

As soon as the soul card appeared, it broke from it and turned into two halves.

Ancestor Hunji's face instantly turned ugly.

That soul card belonged to one of his early-stage quasi-saint ancestor subordinates.

Right now, the soul card is splitting without wind, which means that the subordinate has died.

Thinking of this, Ancestor Hunji looked in a certain direction with a sad and angry look.

That direction was exactly the direction that his subordinate led the team.

At this moment, everything in that direction hitsThe sound, as well as various energy fluctuations, have stopped abruptly.....

At the same time, the phantom clone also looked in that direction with a smile on his face.

That is the direction of Pangu.

Just now, Pangu killed a powerful early-stage quasi-saint ancestor, and his body obtained a large amount of karma points and exchange points.

The phantom clone also naturally got the information..

Chapter 1296

"Senior Hunji, what's wrong with you?"

At this moment, the leader who was guarding the east saw something wrong with Ancestor Hunji's face.

The leader was a dark-skinned man with horns on his head, holding a giant axe, and his cultivation had reached the level of a Quasi-Saint Ancestor. In the middle period, he is called Pingtian Shengzun.

He is the master of Taiping Tianyu among the Nine Heavens and Ten Realms.

When he asked, all the examiners turned to look at Ancestor Hunji.

Soon, everyone saw that Old Ancestor Hunji There was a broken soul tablet in Zu's hand.

They suddenly felt something was wrong.

Holy Lord Pingtian asked quickly:"Senior Hunji, what happened?"

"Xianyi has fallen!"

Ancestor Hunji's voice was a little dry.

"What? Lord Xianyi has fallen?!"

Everyone was shocked.

They knew that Xiang Yi was one of the four early-stage quasi-saint ancestors under the command of Ancestor Hunji.

Unexpectedly, even the giant quasi-saint ancestors had fallen.

Before everyone could recover from the shock, Come, another cry for help came from the east.

Ancestor Hunji and others quickly looked around and saw Lord Ziwei leading more than a hundred of the Divine Alliance disciples, chasing the six-eared macaques.....

"Yes...it's a six-eared macaque!"

"Oh my God! The six-eared macaque seems to be injured too!"

"Isn't it? The six-eared macaque was a big figure at the top of the early stage of the Quasi-Saint Ancestor, and he was defeated all the way....."

"It seemed like he was the only one who escaped this way!"

"Oh my God! All four paths failed!"

The assessors in the audience were stunned again.

"How...how could this be?! How could the Divine Alliance be so strong!"

Ancestor Hunji murmured to himself.

It was still difficult for him to accept everything in front of him.

The shadow clone sneered: "I have said before that fellow Taoists should not be happy too early, so as not to become extremely happy and sad. Isn't it coming true now?"

Hearing this, the ancestor of Hunji blushed.

Immediately, he became angry and was about to curse, when the six-eared macaque's cry for help came from the distance.

"Senior Hunji! Help....Help! Pingtian Shengzun was very anxious when he saw it:"

Senior, Fellow Taoist Liuer seems to be seriously injured!"

Ancestor Hunji was furious and crushed the soul card in his hand to pieces: "Go quickly!" Go and save him!"

"yes! Everyone! Come with me!"

As soon as he finished speaking, Pingtian Shengzun led the examiners guarding the east to rescue the six-eared macaques.....

In the blink of an eye, all the assessors guarding him on all sides disappeared.

This change was unexpected by Ancestor Hunji.

The shadow clone saw this and smiled.

Ancestor Hunji was very unhappy when he saw his expression, and said coldly: "Qin Lei, don't be too happy too early, the victory or defeat is not yet known!" The shadow clone was surprised: "Strange! Right now, the four of you The road has been completely defeated. There is also

the route of Xie Yi. Although they did not flee back, the Xie Yi Soul Card was broken. Don't you understand what happened to him?"

"Things have developed to this point, do you still think you can turn defeat into victory?"

After hearing this, Ancestor Huanji was startled, his anger subsided a little, and his brain became clearer.

That's right!

Four consecutive losses, and the leader of another line fell. It seems that the entire army was wiped out.

The situation has changed. How could he still think that his side would win when the situation was so bad?

It seemed that he was too prejudiced against the League of Gods. He had always thought that they were weak, but he still hadn't woken up yet!

This thought made Ancestor Hunji wake up.

At this moment, a new situation occurred in the distance again.

In the direction of Fu Zhi, Yong Zhu finally arrived.

The quasi-saint ancestor who was running away felt like seeing a life-saving straw when he saw Yong Zhu, and shouted loudly shout

"樗机! help me!"

"Long right! I'm coming too! Children of the Shenmeng, if you dare to chase and kill my people from the Hunji Heaven Realm, you are seeking death!"

Yao Zhu dodged and rushed to Chang You's side. He raised the mace in his hand and threw it at Fuzhi who was chasing him...

Boom~Long~Long!

Suddenly, the sky and the earth were spinning, the universe was in chaos, and the void roared thousands of miles away. Continuously!

He is a strong man in the middle stage of Quasi-Saint Ancestor, and the mace in his hand is also a cauldron-level holy weapon.

The power of this blow destroys the sky and the earth, and wherever the shadow of the stick passes, it shatters the void.....

In the blink of an eye, the stick was in front of Fuzhi.

Fu Zhi sneered and casually took out He Tu and Luo Shu...

Buzz~! Buzz~!

The two holy weapons lighted up at the same time. The two weapons were combined into one, and their power was greatly increased. They were almost as powerful as heaven-level holy weapons...

A protective light curtain appeared out of thin air!

Boom~!

There was a loud crashing sound!

The stick actually hit the light screen, causing circles of light to spread out in all directions... The huge force of the rebound shook Yongzhu back again and again.

More than 200 examiners who came later were dumbfounded when they saw this scene.

Lord Yongzhu is a powerful person in the middle stage of Quasi-Saint Ancestor. He is not comparable to Lord Changyou, but he was knocked back by Fu Zhi.

Oh my God!

It turns out that Fu Zhi of the Divine Alliance is so powerful!

They all underestimated Fuzhi before!

"You...you are actually a mid-stage quasi-saint ancestor!"

Yao Zhu also looked at Fuzhi in astonishment.

It wasn't until this moment that he discovered Fuzhi's true cultivation level.

Now that things have happened, Fuzhi will naturally no longer hide his cultivation level.....

"Fellow Taoist Taoist priest, all the people we brought there have been killed by Fu Zhi!"

At this time, the Venerable Chang You hid behind Yuzhu with his seriously injured body, looking at Fu Zhi with eyes full of fear and hatred.

When Yuzhu heard this, he felt angry.

He went with Chang You. Many of them are descendants of the Hunji Heaven Realm, and several of them are his direct descendants.

In other words, his direct descendants were killed by Fuzhi

"Damn Fu Zhi evil thief! Those who kill me in the Hunji Heaven Realm, I am not done with you! Everyone, come with me and destroy this beast! Long right, let's take action together!"

"good!"

As soon as he finished speaking, Yong Zhu raised his mace and took the lead in killing Fu Zhi.

At the same time, Master Chang You also dragged his seriously injured body and attacked Fu Zhi.

.....

The more than two hundred assessors also attacked Fuzhi at the same time.....

In the blink of an eye, hundreds of attacks came towards us. They were comparable to the blows of the Quasi-Saint Ancestor in the later stage, and were definitely not something that a strong Quasi-Saint Ancestor in the mid-stage could withstand...

At this moment, Yongzhu's eyes revealed a fierce intent, and his violent aura was revealed. undoubtedly.

He wants to avenge his direct descendants!

He had already seen that Fuzhi had just broken through to the mid-stage of Quasi-Saint Ancestor.

He didn't believe that Fu Zhi could stop so many people from joining forces.

"Master Fu! I'm waiting!"

At this moment, more than a hundred disciples of the Divine Alliance arrived.

"Form a formation!"

"yes!"

Buzz~! Buzz~!

Fuzhi activated Hetu Luoshu again.

The disciples quickly got into position.

They had practiced this formation millions of times.

In the blink of an eye, Fuzhi and others completed the super formation. A miniature starry formation around the sky.

A starry shield shot out across the sky, covering the sky and the earth.

Bang~! Bang~! Bang~!

A series of earth-shattering loud noises!

The star mask blocked all attacks from Yongzhu and others...

Yongzhu and others were greatly shocked.

"Kill me!"

At this time, Fu Yi gave an order, and the formation was activated again, shooting out hundreds of lights of ancient stars, blasting towards Yongzhu and others.....

In a moment, more than a dozen Supreme Saints were unprepared and were shot through the body, seriously injured on the spot.

"Damn it! Do it!"

Yao Zhu roared angrily and led the assessors to fight back again.

The two sides formed a large formation together.

In this fight, the two sides fought until the sky was dark and the sun and the moon were dark...

Although there were many people on Yong Zhu's side, there were two quasi-sages. Ancestor.

However, they are all a mob, and their hearts are not united.

Among the two quasi-saint ancestors, one is seriously injured.

And Fu Zhi, with the help of a large formation, actually exerts a combat power that is close to the threshold of the late quasi-saint ancestors...

In this large formation between the two sides, the Divine Alliance actually had a slight advantage.

Of course, the gap between the two sides was not big, and it was still a stalemate.

In the distance, Ancestor Hunji was very shocked when he saw this scene.

At this point It took him a moment to realize why Changyou was defeated so quickly.

Fu Zhi's team was stronger than he imagined!

But before the ancestor of Hunji could recover from the shock, Yun Xi's side also They were in close combat with Qiongqi's rescue team.

The two sides were also fighting fiercely, with the outcome difficult to determine, and fell into a stalemate.

Immediately afterwards, Chu Chu and Taotie's rescue team, Ziwei Star Master and Pingtian Shengzun's rescue team also came into contact with each other one after another. , fought together.

Both sides were equally matched, and they were indistinguishable from each other. Ancestor Huanji was completely shocked.

There were many people on their side, and there were also many quasi-saint ancestors, but they could only fight to a draw with the four groups of the Divine Alliance.

He Sure enough, you underestimated the Divine Alliance!

Not good?!

The other teams were afraid...

Ancestor Huanji finally realized the seriousness of the problem, and quickly took out the jade talisman and pointed it at all the people who entered the depths of the holy realm. Issue an emergency evacuation order.....

At this moment, in a certain direction.

The Lingming Stone Monkey was fully suppressing Qin Baobao, killing him so hard that Qin Baobao retreated repeatedly, blood oozing from the corners of his mouth, and he was extremely embarrassed.....

Below, the evaluators from all the forces were excited.

The children of the Divine Alliance were extremely anxious.

If this situation continues, Lingming Stone Monkey will soon seriously injure Baobao Qin.

But at this critical moment, news came from Ancestor Huanji..

Chapter 1297

If this situation continues, Lingming Stone Monkey will soon seriously injure Baobao Qin.

But at this critical moment, news about Ancestor Hunji came...

Lingming Stone Monkey's heart moved, and he quickly took out the communication jade talisman to watch.

At this sight, a strange look appeared on his face.

Below, all the examiners saw that his expression was different, and they couldn't help but be surprised.

"King! Did something happen?"

A heavenly saint from the Changling Heavenly Domain asked carefully.

Lingming Stone Monkey said with a puzzled face: "Senior Hunji asked me to withdraw to the square quickly, but I don't know what happened!"

"What?!"

All the assessors were shocked.

"King! We had the upper hand and retreated now. Not long ago, all our efforts were wasted!"

"yes! Venerable Lingming, we cannot give up halfway like this!"

The examiners were unwilling to give in and tried to persuade them one after another.

Lingming Stone Monkey looked at Qin Baobao who was in a state of embarrassment, and then at the people of the Divine Alliance who were besieged for a long time and were also in a state of embarrassment, and hesitated in their hearts.

Yes!

The current situation is very good. It would be a pity if he just retreated.

But when he thought about the wording sent by Ancestor Hunji, it seemed that the problem was very serious!

After hesitating again and again, Lingming Stone Monkey gritted his teeth and said: "Let's retreat!"

"Ah~! King...I...we...."

"Stop nagging! I'm waiting to evacuate quickly! Something big must be happening in the Place of the Square!"

Lingming Stone Monkey was also straightforward and made a decision without delay.

The examiners were afraid of his majesty, so they had to give up the good situation and stopped one after another.

Everyone in the Divine Alliance suddenly felt that the pressure was greatly reduced, and they couldn't help but stop.

"Little girl, you are lucky this time! let's go!"

Lingming Stone Monkey dropped these harsh words and led the examiners to evacuate in a hurry.
.....

Qin Baobao was furious and shouted at the back of Lingming Stone Monkey:"Monkey! Remember this! One day, my Nuwa will definitely turn you into a stubborn stone!"

"Ha ha!! Shameless talk! Just wait for the rest of your life!"

Lingming Stone Monkey laughed disdainfully and walked further and further away.....

"Your Highness, what should we do now?"

The old man in Antarctica withdrew from the Jiuqu Yellow River Formation and rushed over to ask for instructions.

All the disciples also followed and gathered around.

Qin Baobao looked at the backs of Lingming Stone Monkey and others with some hesitation.

With their strength, if they catch up, they will only get beaten. , but if you don't chase...

Just when Qin Baobao was thinking about how to act, there was a continuous sound of breaking the air from the left and right directions.....

Everyone quickly followed the sound and saw a team of people coming from both sides. Each team has more than a hundred people

"It's them!"

"They belong to Master Pangu and Master Qinglin!"

The Antarctic old man and others recognized it at a glance, and they all showed expressions of surprise.

"your Highness! Our support is late! I hope you can forgive me!"

The two teams also saw Qin Baobao and others, and they shouted loudly.

In just a moment, the two teams arrived.

When they saw that Qin Baobao and others were safe, they all breathed a sigh of relief.

At this point, the three teams converged Together, the number of the children of the Divine Alliance reached more than 300.

Qin Baobao was overjoyed. With such a large number of people, if the Antarctic Ancestor is allowed to activate the Nine-Meander Yellow River Formation, the power of the Formation can be tripled.

Thinking of this, Qin Baobao felt confident.

She immediately said:"Everyone, you all heard what Lingming Stone Monkey said just now. It was the ancestor of Hunji who summoned them to withdraw. Something big must have happened in that square, let's go there! The old man in Anji was shocked:"

Your Highness Nuwa, even if we have more than 200 people now, we are still no match for Lingming Stone Monkey and the others!" Wouldn't it be a bit rash to follow us like this? Qin

Baobao shook his head and said:"We are just following them from a distance, not chasing them, as long as we don't conflict with them." Besides, my father's clone is guarding the square. Where has he gone? What should we be afraid of?

The old Antarctic man suddenly said:"Yes!" It's my subordinate's fault!

Qin Baobao smiled proudly:"Let's go!" By the way, how is the situation with Pangu and Qinglin?"

"Returning to His Highness Nuwa, Master Pangu is invincible and has already killed all the forces. When I arrived, only the quasi-saint ancestor was left struggling to his death."

"Back to Your Highness, the situation with Lord Qinglin is also the same!

Qin Baobao was overjoyed:"Great!"! Then send them a message quickly and ask them to go directly to the square after killing the last quasi-saint ancestors. There is no need to come here for support, so as not to miss the opportunity!"

"yes! Your Highness!"

At this moment, among the crowd, there were two heavenly saints who sent messages to Pangu and Qinglin respectively.

Then, Qin Baobao led more than 300 people and followed Lingming Stone Monkey and his party from a distance to the square. Go.....

At the same time, in the other direction.

Kunpeng and Minghe led more than a hundred disciples of the Divine Alliance and followed Chijiri Mahou and his group not far or near.

Both sides can see it, but neither wants to conflict with the other.

Keeping a distance from each other, they rushed towards the square in tacit understanding...

Just now, the red-armed horse monkey received a message from Ancestor Hunji, asking them to evacuate quickly.

Chijiri Mahou did not dare to delay and quickly led people to evacuate.

Kunpeng and Minghe didn't know what was going on, so they led the disciples of the Shenmen League and followed them not far or near.....

The same situation also happened to Lu Ya and Hong Yun.

They also led their disciples and followed the group of monkeys from a distance.

On the other side, Queen Mother of the West and Emperor Feng also led the children of the Divine Alliance, tracking the last group of forces who suddenly evacuated...

In this way, the three-party battlefield that was originally in a stalemate ended the battle one after another, and turned into a situation where you retreat and we chase. The strange state...

At the same time, among the high mountains.

Pangu was rushing towards the direction of Qin Baobao's previous battle.

Suddenly, a message came through his communication jade talisman.

After reading the message, his eyes showed joy.

The next second, he changed his route and rushed towards the square.....

At the same time, in the square.

After the Ancestor Huanji sent out the message, he watched the battles around him and waited anxiously.

At this moment, the battles all around are almost draws, so there is no need to worry.

What he was worried about was the other six teams. He didn't have any information yet, and he didn't know what the situation was.

He also wanted to go to the rescue in person, but he knew that the shadow clone would definitely stop him.

Not only this, he is also worried that he still doesn't know the fighting situation of each road, so which road should he rescue?

If he ran to rescue a certain group of people, would he fall into the trap of diverting the tiger away from the mountain and have the remaining groups defeated by the League of Gods?

He has no skills on his own and cannot put out fires everywhere.

Ancestor Hunji thought about it and decided to recall all the horses so that he could control the situation.

Thinking of this, Ancestor Hunji suppressed the anxiety in his heart and waited silently.....

The phantom clone on the side had his mouth slightly raised, and he had been watching the battle around him leisurely.....

At the same time, a bigger situation also occurred in the Suzaku Holy Land.

At this time, in the territory of Zhuque Holy Land, there was a valley somewhere.

Cang Sheng, Yu Tian and others looked at Old Yuexia and Ancestor Liugen in front of them with horrified expressions.

They never expected that while their group was searching for treasures, they would be blocked by two giants.

Old Man Yuexia and Ancestor Liugen obviously did not come for them.

As soon as the two arrived, their eyes fell on Xian Ling..

Chapter 1298

Old Man Yuexia and Ancestor Liugen obviously did not come for them.

As soon as the two arrived, their eyes fell on Xian Ling.....

"Fellow Taoist Xianling, you run very fast!"

Old man Yuexia looked at Xian Ling and sneered.

Following him all the way, he sent countless messages to Xian Ling, but the woman never replied or stayed. Instead, she accelerated deeper into the holy realm. It was obvious that she had something evil in her heart.

The matter is here For this reason, how could he not see that Xian Ling had deceived him.

In this case, they no longer had to avoid Cang Sheng and the others, so they directly caught up and blocked Xian Ling and his party.

"Fellow Taoist Yuexia, this woman is only a small peak of heavenly saint, yet she dares to play tricks on us, please don't let her off lightly!"

Ancestor Liugen reminded him angrily.

Cang Sheng and others looked even more frightened when they heard these words.

They didn't know what Xian Ling had done to make the two giants come to visit.

"Senior Yuexia, in fact, a little girl....."

Xian Ling opened her mouth and was forcibly interrupted by Old Man Yuexia.

"No need to say more! No matter what you think, it doesn't matter anymore! Do you think I have to get your consent before I can cooperate with you? That's because you underestimated me!"

Old Man Yuexia waved his hand, and a red book and a writing brush with a yellow stem and red hair appeared out of thin air.

Those were his alternative trump cards - the Marriage Book and the Yuanyang Brush.

Then, Old Man Yuexia appeared in front of everyone. , open the marriage book and pick up the Yuanyang pen.....

The next second, the tip of the Yuanyang pen lit up with a dazzling red light, extremely gorgeous... shua~! Huh~! Huh~!

Immediately afterwards, the old man Yuexia wrote a line of red words on the white pages of the marriage book with a large stroke of his pen.

"The marriage between the old man under the moon and Xian Ling is destined to last forever!"

Buzz~! Buzz~!

As soon as I finished writing, every word burst out with light, which was particularly dazzling. Everyone in the audience saw it.....

Xian Ling was inexplicably frightened, and her face changed drastically:"Senior Yuexia, what do you mean?"

"Haven't you understood yet? Today I will hand-pick a mandarin duck book to marry you. My son and daughter have passed away. Seeing that you have an extraordinary appearance and very good qualifications, I asked you to marry me and give birth to a new pair of children! Ha ha!!"

The old man Jie Jie smiled strangely under the moon.

Xian Ling was ashamed and angry: "This is absolutely impossible! Even if I, Xian Ling, die, I will never marry you!"

"Ha ha! Regardless of whether you are willing or not, a woman who has been selected by me will definitely be devoted to me and will remain loyal to him for the rest of her life. Even if you have signed a contract with someone else, or even recognize someone else as your master, you will always be loyal to me first!"

"What?!"

Xian Ling's face instantly turned pale.

Zhao Gongming and San Xiao were also dumbfounded.

They all knew that Xian Ling and Qin Feng had signed a contract.

If the power of this random Yuanyangpu actually suppressed the power of the contract, then The consequences would be too terrible.

Old Man Yuexia can directly instruct Xian Ling to betray Qin Feng.

Not only that, Xian Ling will also have children for the old thief in front of him in the future.....

When Zhao Gongming thought of that scene, he found it difficult to accept it.

Sanxiao couldn't bear it even more.

They have all signed a contract with Qin Feng and are extremely loyal to Qin Feng. How can they accept the facts in front of them.

What's more, His Majesty Qin Feng is handsome, naturally noble, and extremely powerful. He is hundreds of times stronger than the sinister and wretched old man Yuexia.

If the chief of the domain were to marry, it should be to His Majesty Qin Feng. How could he take advantage of Old Yue Xia, a bad old man!

"Domain Lord! You have to guard your mind!"

"Domain Lord! Don't fall for his ways!"

"yes! Old Man Yuexia is good at spiritual attacks. This secret technique must be a manipulation of his spiritual consciousness!"

Yunxiao, Bixiao, and Qiongxiao reminded hurriedly.

Xianling was even more frightened and backed away, not daring to take even one step closer to the old man Yuexia.

"Ha ha!! Do you think keeping your mind is useful? What a bunch of ignorant fools! The marriage that I have determined in this marriage book will remain unchanged for thousands of years and will remain unchanged forever. From now on, Xian Ling will be my son in life and my ghost in death!"

"Even if I unfortunately die in the future, my true spirit will be lost and my soul will disappear. Xian Ling will also stay loyal to me until death!"

As soon as these words came out, Sanxiao was dumbfounded!

Xian Ling turned pale with fright.

The power of this marriage book is too terrifying!

In a normal master-recognition contract, as long as the master dies, the contract will automatically expire.

The marriage determined in the marriage book did not even last for the death of the old man Yuexia.relief.

Thinking of this, Xian Ling's heart sank, secretly thinking that this life was going to be over!

Ancestor Liugen on the side heard this, his eyes lit up.

Immediately, he said with a look of amazement:"Fellow Taoist Yuexia, is your marriage book really magical?"

"hey-hey! This is one of the two special sacred artifacts that I accidentally obtained outside the Nine Heavens Territory. It can control part of human nature. It can be called a humanistic sacred artifact!"

"Um, what is the other special sacred weapon?"

"The other one is the Book of Life and Death. That sacred instrument controls the underworld. It can be said to be a human tool of the underworld. It was originally given to my son, but it's a pity... Oh! Come to think of it, that sacred weapon has fallen into Qin Feng's hands!"

"I see! Fellow Taoist Yuexia, this marriage book is so magical, can you also help me select a few marriages, so that I can also enjoy the blessings of being together?"

Ancestor Liugen's face glowed red, and he seemed a little excited.

Master Yuexia laughed:"Haha!! As long as Taoist friends want it, I will definitely fulfill your wish. By the way, fellow Taoist, there are several girls in front of you who are all good-looking. Do you want to choose one?"

With this reminder, Liugen Ancestor couldn't help but look at Yunxiao, Bixiao, and Qiongxiao.

These three girls are indeed extremely charming.

When Sanxiao saw Liugen Ancestor, his face turned pale with fright, and each one Back off.

When Yutian on the side saw this scene, he was so frightened that he pulled the God of Love behind him.

The God of Love was his Taoist companion.

He didn't want to be snatched away by the Liugen Ancestor.

This scene naturally fell in the eyes of the Liugen Ancestor. Inside.

He looked at Yutian displeasedly:"Haha! I'm not interested in married women, not to mention that your Taoist companion is not as beautiful as these three girls. You don't have to be secretive....."

These words made Yutian and Cupid angry and embarrassed.

At this time, the old man Yuexia said with a smile:"Fellow Taoist, you have good taste! The qualifications of Yunxiao, Bixiao, and Qiong Xiao are all good, and they and Xianling are all perfect at first sight. This marriage book of mine is perfect for the perfect jade. The effect of a woman is better. If it is not a perfect jade, the effect will be halved!"

Ancestor Liugen said with a smile:"That's it! Fellow Taoist, I think Yunxiao, Bixiao and Qiong Xiao are all good, can I get them all together?"

"Ha ha!! Of course you can! However, you wait until I subdue Xian Ling first!"

The old man Yuexia turned his palm over, and there was a red line on his palm.

"Fellow Taoist, this is....? "

"This is the red line! As long as the man and woman who are destined to be married are tied to one of the threads in the marriage book, the marriage will take effect immediately. Xian Ling will immediately follow me wholeheartedly. Fellow Taoist, you should take good care of it!"

As soon as he finished speaking, the old man under the moon wrapped one end of the red thread around his finger.

"Domain Lord! If you don't run away now, when will you wait?!"

Zhao Gongming yelled anxiously.

Xian Ling woke up in shock.

That's right!

As long as the other end of the red thread is tied to her, the marriage in the marriage book will take effect, and she will be controlled by Old Man Yuexia.

Then she shouldn't run away quickly!

Thinking of this, Xian Ling turned around and ran away.....

"Three sisters! What are you still doing?"

Zhao Gongming yelled at Sanxiao again.

Only then did the three women wake up, turned around and ran away.

"court death!"

The ancestor of Liugen was furious. With a flick of his finger, a gust of wind shot out towards Zhao Gongming.

Zhao Gongming was horrified and turned pale with fear.

"elder brother!"

Sanxiao also screamed.

That Zhao Gongming was only in the early stage of Tiansheng, and he could really withstand the finger of the peak giant.

I'm afraid that Zhao Gongming would fall on the spot if that finger hit him.

"not good!"

When Xian Ling saw this scene, she quickly flashed her figure and rushed in front of Zhao Gongming...

Boom~!

At this moment, the aura all over her body burst out, her cultivation was no longer hidden, and she reached the level of Quasi-Saint Ancestor in just an instant. The peak of the middle period.

Buzz~! Buzz~! Buzz~!

At the same time, the white tiger divine armor possessed him, and the tiger soul swords came out of thin air.

The three holy weapons merged into one!

Xian Ling's momentum surged, and in an instant he was promoted to the level of the late quasi-saint ancestor.

Then, Xian Ling's two swords came out to meet the finger wind.

Bang~!

There was a shocking loud noise!

Xian Ling grunted and was blown thousands of miles away by the finger, but he also blocked the finger wind.

Eh!!

Is this?!

Ancestor Liugen and Old Man Yuexia were dumbfounded.

Cang Sheng and others were even more shocked!

Oh my god!

Xian Ling's cultivation has actually reached the peak of the mid-stage quasi-saint ancestor, and his overall strength is even more impressive. Compared to the later period of the Holy Ancestor....

Immediately, Old Man Yuexia was overjoyed:"Xian Ling, you have hidden deep enough! You are also better than I imagined. A woman like you is more suitable to give birth to children for me. Please surrender to me! Haha!"

As soon as the words came out, the old man Yuexia flicked his index finger... shua~!

That red line was like a dragon breaking through the sky, turning into a rainbow light and shooting towards Xian Ling. It shot thousands of miles in an instant, its momentum was shocking and unmatched...

Xian Ling was shocked and knew it was difficult to avoid it, but she absolutely couldn't avoid it. She would not be captured without mercy...

At this critical moment, she sacrificed the Chaos Bead hidden on her body...

Chapter 1299

Xian Ling was shocked, knowing that it was difficult to avoid, but she would never surrender...

At this critical moment, she sacrificed the Chaos Bead hidden in her body...

Buzz~!

As soon as the divine bead appears, the inspiration shines brightly!

Phew~!

At that moment, the red line came through the air, and it was in front of Xian Ling in an instant. Its momentum was earth-shattering...

Xian Ling quickly raised his two tiger swords to resist.

Dang~! Dang~!

Two golden and iron clanging sounds!

The red thread directly knocked away Hu Po's swords, and at the same time shocked Xian Ling to retreat wildly backwards.

Then, the red thread wrapped around Xian Ling's slender waist again.....

Xian Ling's face changed with fright.

If she is entangled in the red thread, it means her marriage is destined and she is trapped in slavery.

Huh~! Huh~! Huh~!

At that moment, she dodged again and again, trying to avoid the entanglement of the red thread.

Phew~! Phew~! Phew~!

The red thread is like a red python, chasing Xian Ling and wrapping around it, full of spirituality.

Just counting his breaths, the end of the red thread was in front of Xian Ling, about to wrap around him.

At this critical moment, the Chaos Pearl's spiritual light shined brightly, and a slender figure came out and slapped the red line with a palm.....

"court death!"

The old man under the moon sneered. With a flick of his finger, the red line shot out towards the figure, like a red spear.....

Boom~!

A loud noise!

Hundreds of millions of miles around were shaken by it!

The person who came here knocked back the red thread with one palm, causing it to shrink and slump back at an extremely fast speed, as if it had been severely injured.

"Huh!"

Old man Yuexia's voice of astonishment rang out in the field.

He quickly looked at the person who came.

Everyone also looked at him.

The person who came could actually repel the sacred weapon attack of the peak giant with one palm. He is definitely a giant-level figure...

But wait and see After everyone saw clearly, there was a look of astonishment on their faces.

They saw that the person who came was a strange young man, wearing a green robe, with handsome features and noble temperament, but his cultivation level was no more than that of a supreme saint.....

No way?!

A supreme saint actually blocked the blow of Old Man Yuexia!

This is too exaggerated!

Also, who is this young man?

Why haven't they seen it before?

Everyone looked at the young man in astonishment. They felt like they had seen him before, but they couldn't remember where they had seen him.

"His Majesty!"

At this moment, Xian Ling ran behind the young man with a face of joy.

It turned out that the young man was none other than Qin Feng's third clone - Zijin clone.

Qin Feng knew that the old man Yuexia would If you want to cause trouble for Xian Ling, let Zijin's clone hide in the Chaos Orb and wait for the opportunity.

"His Majesty?!"

Ancestor Liugen was full of doubts.

Old Man Yuexia looked at the Zijin clone carefully for a while, and suddenly discovered something, and exclaimed: "Fellow Daoist Liugen, look at this kid's appearance, does he look similar to Qin Feng?"

"Huh! It really is!"

With this reminder, everyone in the audience quickly looked at the Zijin clone, and saw that it was really like that.

Old Man Yuexia's face suddenly darkened: "Who are you? What is your relationship with Qin Feng?"

The Zijin clone said with an indifferent expression: "Shenmeng! Qin Ye!"

"Qin Ye? Qin Feng, Qin Lei, Qin Mu, Feng Lei Muye! It seems that you are four brothers, and your name is listed last. As I expected, you are the youngest."

Old man Yuexia analyzed self-righteously.

Cang Sheng and others couldn't help but believe it after hearing this.

Having said that, if this is really the case, then the four Qin Feng brothers are too powerful!

Far beyond their imagination. Ah!

At this time, Old Man Yuexia continued: "No wonder you can block my red line's blow, you four brothers of the Qin family are not easy. I just don't understand why I haven't seen you before? Where have you been hiding all this time?"

"Noisy!"

The Zijin clone sneered and disdained to answer.

That look of disdain made the old man under the moon burn with anger.

He was furious:"My son, do you think you are Qin Feng?! If Qin Feng were here, I would still retreat, but you can't! Don't think that just because you can block my blow, you have the strength of a peak giant. At best, you've just reached the threshold!

Ancestor Liugen also said coldly:"Qin Ye!" There is a road to heaven but you don't take it, and there is no door to hell but you rush in. Fellow Taoist Yuexia, you first subdue Xian Ling, then I will deal with Qin Ye!"

"good!"

As soon as he finished speaking, Old Man Yuexia flicked his fingertips, and the red line shot towards Xian Ling again...

Zijin's clone dodged and was about to intercept it again.

"Little thief! Die!"

The ancestor of the Six Roots stepped into the air with one step, and in an instant he was thousands of miles away. He suddenly reached the top of Zijin's clone, and at the same time he struck it with a palm...

At that moment, the momentum of his whole body burst out, and suddenly reached the 100 million limit.....

Oh My God!

100 million poles!

This is the ultimate combat power of a top giant!

Cang Sheng and others were completely dumbfounded.

It turns out that the Six Root Ancestor is so strong, they had greatly underestimated him before...

Xian Ling, Zhao Gongming, and San Xiao also saw their expressions change greatly, thinking that something was wrong, and couldn't help but worry about Zijin's clone...

Boom~ Long~long!

At this moment, Liugen Ancestor's palm fell.

That palm covered the sky and the earth, and wherever it passed, the sky and the earth shook, and the roar continued...

The Zijin clone directly greeted it with a palm.

Touch your palms together!

Bang~!

A loud noise that shattered the sky and earth!

The entire Suzaku Holy Land was shaken by it!

The next second, the six ancestors groaned and were blasted hundreds of thousands of miles away by a palm...

The whole audience was dumbfounded, and everyone's mouths opened wide.

The old man under the moon hurriedly pulled the red thread with his fingers, stepped back in horror, and looked at the purple gold clone with a wary expression.

He never expected that this guy could blow away six ancestors with one palm.

Xian Ling, Zhao Gong and San Xiao were overjoyed.

However, after being blasted away, the Six Root Ancestor finally managed to stabilize his figure and looked at the Zijin clone with a horrified look on his face.

After a while, he swallowed his saliva, moistened his dry throat, and then said: "Fellow Taoist Yuexia, this kid is difficult to deal with! It seems that among the four Qin Feng brothers, except Qin Feng, he is He is the strongest!"

Old Man Yuexia nodded slightly: "I think so too. Fellow Taoist, if we don't get rid of this guy, it's hard to have a chance to conquer Xian Ling. Let me show my trump card!"

"good!"

As soon as he finished speaking, the old man under the moon made a seal...

Click~! Click~! Click~!

Suddenly, the space above his head split open, and an extremely huge red moon slowly broke through the sky. out.....

As soon as the giant moon came out, it emitted a monstrous heavenly charm of creation, crushing thousands of miles around and shattering the void inch by inch.....

That was Old Man Yuexia's Moon of Creation, the source of extremely yin power, the only one in the world, comparable to half of the Holy Artifact of Creation.

As soon as the Moon of Creation appeared, it projected a moon-white spiritual light, pouring continuously into the head of the old man under the moon.....

The next second, Old Man Yuexia's momentum skyrocketed crazily, reaching 120 million in the blink of an eye. Xian Ling and others were horrified to watch.....

At the same time, the six ancestors also sacrificed the sacred artifact of creation—the six pure bamboos.

Buzz~!

The spiritual light of the six pure bamboos shines brightly, and the Tao rhymes and the heavens sing!

The heavenly charm of creation it exudes is twice as powerful as the moon of creation. It crushes the surrounding area, distorts time and space, and causes chaos in the laws.....

Immediately afterwards, the power of the endless holy weapon poured into the six ancestors' bodies.
.....

The momentum of the six ancestors then skyrocketed, reaching 180 million in the blink of an eye. The momentum was shocking and terrifying.....

"I...oh my god!"

Cang Sheng and the others' throats went dry and their jaws dropped.

Based on their cultivation, they had never seen a creation-level holy object in their lives.

Unexpectedly, in just a moment, they saw two of them in succession.

The more terrifying thing was Yes, with the help of the Holy Artifact of Creation, Old Man Yuexia and Ancestor Liugen, their combat power has exceeded the limit of the peak giants...

Ancestor Liugen has even reached 180 million poles, and their momentum covers the sky and the earth, covering the four fields. , just like the true god descending, looking down at all living things...

Cang Sheng and others have no doubt that as long as the six ancestors are willing, a sneeze can destroy them.....

This thought made Cang Sheng and others even more frightened.

Xian Ling, Zhao Gongming and others couldn't help but look at Zijin's clone, worried about him.
.....

At the same time, Old Man Yuexia and Ancestor Liugen completed the integration of the sacred weapon. After their momentum surged, their confidence increased greatly.....

"Little thief! This time I want you to see our true strength!"

The six-gen ancestors raised their bamboo sticks proudly.

The corners of Zijin's clone's mouth curled up slightly, with a look of disdain.

His combat power has reached about 180 million, which is equivalent to the current combat power of the six-gen ancestors.

But the six-gen ancestors borrowed foreign materials. To achieve such combat power, he hasn't even borrowed foreign objects yet!

"Little thief! What are you sneering at?", Liugen Patriarch was a little angry.

"Don't think that you are the only ones with creation. I have it too! Come!"

The purple gold clone waved to the sky above his head.

Click~! Click~! Click~!

Suddenly, the space above his head split open, and an extremely huge golden sun slowly broke through the sky.....

As soon as the giant moon came out, it emitted endless light, brightening the whole world, and the overwhelming heavenly charm of creation crushed the void of thousands of miles into pieces.....

That was the day of creation that Qin Feng had obtained before, the source of the power of the extreme sun, the only one in the world, comparable to half of creation Sacred vessel.

It was completely refined by the Zijin clone

"That...is...the day of creation!"

The old man under the moon was shocked.

At this moment, the Sun of Creation cast endless golden light, pouring into the head of the purple gold clone continuously.....

The momentum of the Zijin clone skyrocketed crazily, reaching 250 million in the blink of an eye.
.....

That terrifying momentum was so shocking that it completely suppressed Old Man Yuexia and Ancestor Liugen..

Chapter 1300

That terrifying momentum was so shocking that it completely suppressed Old Man Yuexia and Ancestor Liugen.....

Seeing this scene, Xian Ling and others were pleasantly surprised.

Cang Sheng and others were completely dumbfounded. They all looked at Zijin's clones in awe.

"Fellow Taoist, this guy's fighting prowess....."

Old Man Yuexia's face looked very ugly.

Ancestor Liugen gritted his teeth:"Fellow Taoist, let's take action! Before killing Qin Feng, it is also a good choice to kill Qin Ye first!"

While speaking, he moved his lips slightly to transmit a message to Old Man Yuexia.

"Fellow Taoist Yuexia, don't worry! The huge movement happening here should have attracted the attention of my senior brother and others, and they will definitely send someone to check it out!"

"You and I can take action, as long as we hold Qin Ye back. By the time our reinforcements arrive, this kid will be dead!"

After hearing this transmission, Old Man Yuexia's eyes lit up and he felt it made sense.

"Do it!"

Throwing these words, the Six-Gen Ancestor pounced directly on the Zijin clone.

Old Man Yuexia followed closely.

"Little thief! Die!"

In the blink of an eye, the six ancestors rushed to the Zijin clone, picked up six pure bamboos, and smashed them directly at the Zijin clone's Tianling.....

The momentum of that stick was earth-shattering. Wherever it passed, the void was shattered and the laws and regulations collapsed.

It can be said that one stick divides yin and yang, and one move cuts off the past and present. The power is extremely terrifying!

At the same time, Old Man Yuexia also pointed out the secret, causing the Moon of Creation in the sky to also hit the Zijin clone.....

The power of the moon of creation is unparalleled. Wherever it passes, it penetrates all voids and crushes all laws.....

In the blink of an eye, two attacks arrived in front of the Zijin clone at the same time, with destructive power, destroying the world.....

"roll!"

At this moment, the Zijin clone waved his hand, and the day of creation faced those two sky-raising attacks...

Bang~! Bang~!

Two consecutive loud noises!

The entire Suzaku Holy Land shook violently again!

Then, The old man under the moon screamed, vomited blood and flew out.

The six-gen ancestor groaned and was also blown away.

Cang Sheng and others were dumbfounded again.

This time, the Zijin clone had the absolute upper hand and achieved The advantage was greater than the last time.

Of course they didn't know that the Zijin clone was not only powerful in combat, but also had an increase of three hundred times. How could the Liugen Ancestor and Yuexia Old Man jointly deal with it.

The next second, the Zijin clone He held up the Sun of Creation with one hand and attacked the two ancestors of Liugen.

The ancestors of Liugen were frightened, but they still took the attack.

Old Man Yuexia wiped the blood from the corner of his mouth and rushed forward again.

The two of them decided to die. Keep knocking.

They firmly believe that Amitabha and others will definitely support them.

Of course, they also firmly believe that no matter how strong the Zijin clone is, it can only defeat them, but not kill them.

This is why they dare to knock to the death. The reason!

At that moment, the two sides were fighting together.

In a short time, the field was filled with sand and stones, the sun and the moon were dim, and the sky and the earth were eclipsed!

The Zijin clone had the absolute upper hand, suppressing the Liugen Ancestor and the Old Man under the Moon... Sheng and the others looked at it in shock...

The shocking energy collision generated by the fight spread out in waves like a tsunami.....

At this moment, over a certain plain in the Suzaku Holy Land.

As expected by the two ancestors of the Six Roots, Amitabha, Taiqing Saint Ancestor, Mohu, Luoia and other giants were looking at the direction of the fight with horrified expressions.

"What a terrifying energy fluctuation!"

"There are also fluctuations in the heavenly charm of creation, and even the laws of heaven and earth are disrupted. Someone is using a creation-level holy weapon!"

"yes! The direction of the fight is the direction where Xian Ling is! Calculating the time, Liu Gen and fellow Taoist Yuexia should have caught up with them. Could it be that Fellow Daoist Yuexia and Fellow Daoist Liugen are in trouble?"

As soon as these words were said, the giants looked serious.

Amitabha said with some worry: "I'm afraid there is really trouble. Should I go over and take a look?"

"this.....", Holy Lord Taiqing hesitated.

He looked at the billions of miles of plains below, and then said:"Fellow Taoist Ami, the three sects outside our territory have spent several hours, using the sky as a chess piece and the earth as a formation, to lay out these billions of miles of plains into a land of nine deaths."

"Now, only one-third of the great formation in this land of nine deaths has been deployed, and if it is abandoned like this, isn't the previous energy wasted?

Mohu also nodded slightly:"Yes!" This matter does not wait to be abandoned halfway! Even if Old Man Yuexia failed to conquer Xian Ling, this place of death would still have its uses."

Amitabha is also concerned and confused.

He thought for a while and said:"We don't have to go all of them, just send a part of them!"

"Makes sense! Who to send?"

"Look at the level of fighting. It's extremely intense, and I'm afraid the opponent is also a top giant. Or, should we send more people?"

"Strange! There were only Xian Ling and others in that direction. With Xian Ling's strength, it couldn't be her. Unless Yuexia and fellow Taoist Liugen met Qin Feng, such an amazing fight would have broken out. But isn't Qin Feng in another direction?"

The giants were confused and turned to look in another direction, which was the direction where Qin Feng was.

Suddenly, Amitabha's heart moved:"Everyone, could it be that Qin Feng went around and met them in that direction? Already?"

"impossible! They were walking in opposite directions, so there was no way they could meet....."

As soon as he said these words, there were continuous loud noises and intense energy fluctuations coming from the other direction.

That was in the direction Qin Feng was going.

Obviously, Qin Feng is also fighting with others.

The giants were stunned, looking to the left and right for a while.

There was a fight on both sides at the same time.

After a while, the Taiqing Saint Group analyzed:"Everyone, the two sides were fighting at the same time, which means that it was not Qin Feng who was fighting Yuexia and Liugen Daoist fellows."

Mohu nodded slightly:"That's right! They went there The directions are in opposite directions, so it is impossible to fight together. I am afraid that some ferocious beasts in the holy territory, or some guardians appear, and they meet."

Hearing this, Amitabha breathed a sigh of relief and said:"That makes sense! Over the years, after the three holy realms were opened together, some guardians of the holy realms would emerge. They were all the children of the ancient god lord during his lifetime."

"We want five robes, seven robes, and nine robes. Also obtained from them. I'm afraid both Liugen and Qin Feng have met the guardians."

Sage Taiqing said again:"As long as the two of them encounter someone other than Qin Feng, there is nothing to worry about. With the strength of those guardians, they could not harm the two Taoist friends of Six Roots. Besides, when they met the Guardians, they met by chance. We should be envious of them."

Amitabha smiled slightly,"Fellow Taoist, what you said makes sense! However, is this fight too intense? I am always a little flustered. Why don't we send a few people over to have a look and inquire about the situation?"

"However, don't have too many people, lest if you really meet the opportunity, Yuexia and Liugen will see many people passing by and misunderstand that we want to get a share of the pie."

"Well, that's exactly how it should be!"

At this point, the giants reached a consensus.

Afterwards, they discussed for a while and asked Venerable Manjusri to take four powerful late-stage quasi-saint ancestors to inquire about the situation and provide support in case something big happens.....

The combined strength of the five Manjusri is comparable to that of a peak giant, even stronger than Old Man Yuexia.

In their view, such support is enough.

Soon, Venerable Manjusri came with The four quasi-sage ancestors rushed towards the direction where Yuexia and Liugen were fighting.

Here, there were a total of forty-one people from the three outer sects.

Once the five Manjusri left, thirty-six people were left.

Later, Taiqing Saint Wait for thirty-six people and continue to set up the formation.....

At this moment, the sound of fighting and energy fluctuations stopped in the direction of Qin Feng. It was obvious that the battle was over...

Taiqing Shengzun and others thought that Qin Feng had killed a guardian, and they were inevitably a little envious...

However, they did not waste any time and quickly entered the formation.

At the same time, it was in the direction of Qin Feng.

Over a valley, Qin Feng crossed his hands on his chest and looked in the direction of the three outer sects with a smile.

Then, he turned his head and looked in the direction of Zijin's clone.

The purple and gold clone is an extension of his body.

He could clearly see what happened somewhere, as if he had seen it with his own eyes.

At this moment, images were running through his mind.

In the picture, Old Man Yuexia was bombarded by Zijin's clone and was vomiting blood. He was seriously injured.....

"It's time to end!"

Qin Feng muttered, and then looked at the valley below him.

He saw that the valley was in a mess, with countless huge pits, filled with extremely chaotic energy storms and broken laws.

Just now, Qin Feng was in chaos here. After attacking, he made earth-shattering explosions and energy fluctuations, telling the people of the three sects outside the territory that he was still in this direction.

He believed that the people of the three sects outside the territory would definitely believe this, and then they would fall into He was paralyzed and careless. In this way, his opportunity came.

Thinking of this, Qin Feng turned his palm, and there was a white rune jade bottle in his palm...

Click~!

He squeezed the jade bottle with his big hand, and the jade bottle collapsed, and a drop of gold The purple divine blood emerged...

Boom~!

As soon as the divine blood appeared, a monstrous heavenly charm of creation instantly erupted, stirring the land thousands of miles around and disrupting the laws of heaven and earth.....

That was the Holy Blood of Creation that he had always treasured.

Then, he opened his mouth and swallowed the holy blood of creation.....

As soon as the holy blood entered the throat, it instantly burst out with monstrous blood energy, rushing directly towards Qin Feng's limbs and bones...

Boom~!

The next second, Qin Feng's tiger body shook, and his body continued to swell like a balloon. The overwhelming power of blood and energy emitted from his body and spread to all directions.....

Suddenly, the power of the blood stirred the heaven and the earth, and the wind and thunder moved together.....

Bang~! Bang~! Bang~!

There were bursts of explosions!

Qin Feng's exposed skin outside his robe swelled, forming knotted muscles, making his whole person look more majestic.

Immediately afterwards, he emitted a monstrous blood light, and his momentum skyrocketed, from 550 million poles to 650 million poles in the blink of an eye.....

After a long time, Qin Feng opened his eyes happily.

He was so satisfied with the power of the holy blood of creation. It was only a temporary refining, but the increase in combat power was terrifying.

However, this is not over yet.

Qin Feng waved!

Boom~boom~boom!

A huge divine flag shot out of the sky above his head!

Click~! Click~! Click~!

As soon as the sacred flag appeared, it emitted billowing blood flames, and there was a dancing glow of clouds, and auspicious clouds billowing.

It also exudes a monstrous heavenly charm of creation, crushing every inch of the surrounding space into fragments, stirring up the laws of heaven and earth, and instantly causing chaos and terror.

That was the Witch God Flag that had been repaired by Qin Feng, and it was already a complete sacred artifact of creation.

Buzz~!

The sacred flag trembled, calling Qin Feng affectionately.

After swallowing the holy blood of creation, the power of blood in Qin Feng's body changed, allowing Wushen Banner to take the initiative to regard him as his master.

At that moment, with a thought in Qin Feng's mind, the Witch God Banner cast down the power of the sacred weapon and poured it into his body.

Immediately, the divine banner burst into blood, and the holy power penetrated in all directions.

In just a moment, Qin Feng completed the integration of human and weapon, and his combat power once again surged to 750 million. His momentum was earth-shattering...

At this time, he raised his head slightly and looked towards the fighting direction of Zijin's clone, with substantial golden light flowing in his eyes. , it seems that one look from him can destroy everything.

Now, it's time for him to take action!

As soon as this thought came to his mind, Qin Feng activated the reverse summoning of space and disappeared out of thin air.

The next second, he will appear next to Zijin's clone and kill the two people under Yuexia together with him...
