

God level 1311

Chapter 1311

In the square, assessors are prohibited from fighting each other, but guardians are not prohibited from killing assessors.....

Hongjun didn't expect that he would bring a nightmare to the assessors.....

At this same moment, important things were happening in the territory of Suzaku Saint.

At this time, the Suzaku Holy Land was in a canyon.

Qin Feng and Xuan Mi's clones encountered the five Venerable Manjusri.

Before the five Manjusri could react, Qin Feng pounced directly on the four late-stage quasi-saint ancestors.

Xuan Mi's clone killed Venerable Manjusri.

In just a few rounds, Qin Feng killed two powerful late-stage quasi-Saint Ancestors and seriously injured the other two.

Venerable Manjusri was also hit by Xuan Ni's clone so much that he vomited blood, and was seriously injured after just a few encounters.

In panic, Venerable Manjushri sacrificed a snow-white lotus platform. The flower bloomed with twelve petals, exuding bursts of heavenly charm of creation and possessing the power of half a sacred artifact of creation.

That is the twelfth-grade Pure World White Lotus unique to the Pure Sect outside the territory.

Later, Venerable Manjusri merged with the twelve bottles of Pure World White Lotus, and his combat power reached 130 million, and the protection of Pure World White Lotus was activated.

But even so, he was still pressed down and beaten by Xuan Mi's clone. The protection of the twelfth-grade Pure World White Lotus did not last long before it was blasted through by the Heaven-Slaying Sword Formation, and billions of sword lights passed through his body.....

Venerable Manjusri was exploded on the spot, turning into blood mist all over the sky...

At the same moment, Qin Feng blasted through the souls of two other late-stage quasi-saint ancestors, killing them completely.....

In less than five minutes, Qin Feng killed four powerful late-stage quasi-Saint Ancestors in succession. The killing speed was so fast that he almost caught up with the Saint Ancestors.....

If the giants didn't come to see it with their own eyes, they would never dare to imagine it.

After killing four quasi-saint ancestors, Qin Feng will join forces with Xuan Mi's clone to kill the soul of Venerable Manjusri.....

But at this moment, a sudden change occurred.

Buzz~!

The twelfth-grade Pure World White Lotus suddenly emitted a brilliant light and kept its clear sound.

The next second, it took the initiative to dissolve the human body of Venerable Manjushri and no longer protected Venerable Manjushri. It turned into a white light and fled away into the distance.

"Huh!"

Qin Feng was greatly surprised. He ducked in front of Jingshi White Lotus and grabbed it with his big hand.

Whoops~!

But he didn't expect that Jingshi White Lotus broke through the space and moved in an instant to avoid it. After being intercepted by Qin Feng, he was thousands of miles away in the blink of an eye.....

"No~! "

Venerable Manjushri screamed shrilly.

He also didn't expect that at his most dangerous moment, he would be abandoned by Jingshi Bailian.

Without the protection of Pure World White Lotus, his momentum plummeted, and he fell to the threshold of the peak giant in an instant.

Xuan Mi's clone took the opportunity to increase its attack, and Manjusri's spiritual aura dropped crazily.....

On the other side, Qin Feng was also stunned when he saw Jingshi Bailian fleeing away.

This was the first time he had seen a sacred weapon actively abandoning its owner.

What's more, the Purifying White Lotus is comparable to half of the Holy Artifact of Creation. It has extremely high spirituality and should never be like this.

The higher the spirituality of the sacred vessel, the more loyal it will be to its owner.

It can be seen from this that the Pure White Lotus is definitely not the property of Lord Manjushri. I am afraid that it was borrowed by Lord Jingzu for use.

It is not difficult to imagine that at the final critical moment, Jingshi Bailian realized that the situation was not good, so he escaped first to avoid being captured by Qin Feng...

Looking at Jingshi Bailian fleeing away, Qin Feng was hesitant to go. Chasing, Venerable Manjusri's wailing sound came from behind.....

"No~! You...you can't kill me! I...I am the true disciple of Jingzu. If you kill me! My master will never let you go!"

Venerable Manjusri roared sadly.

Like the six ancestors, he is a true disciple of Jingzu, and his status is not comparable to that of ordinary disciples.

Hearing this, Qin Feng sneered, raised the witch god flag, and directly killed Manjusri. soul.....

"ah~!No~! "

Venerable Manjusri's shrill screams continued, and the falling speed of Yuan Shen's aura accelerated several times.....

In just a moment, there was a soft pop, his soul collapsed, and he died.....

"Qin...Qin Feng! My master will never let you go!"

In the void, Manjusri's last unwilling roar echoed.....

Speaking of which, the Saint Ancestor's combat power threshold is 5 billion poles, which is far stronger than the Half-Step Saint Ancestor.

And Jingzu's combat power has greatly exceeded this threshold, and may even be close to 10 billion. It is extremely terrifying, and it is definitely not something Qin Feng can deal with now.

But Qin Feng had an arrow on the string and had to shoot, and he couldn't care about that much anymore.

What's more, he had already killed an ancestor with six roots, so he didn't care about killing another Venerable Manjusri.

He had to kill him anyway, even if he didn't, Jingzu would not let him go.

What's more, as long as he can successfully obtain the mantle of the ancient God Lord, he may not be afraid of Jingzu...

After killing Venerable Manjusri, Qin Feng hurriedly cleaned up the battlefield.

In total, I got four groups of quasi-saint ancestor late-stage energy, one giant threshold-level energy, five storage rings, and five seeds of the spiritual root of heaven and earth. It was a good harvest.

After collecting the loot, Qin Feng and Xuan Mi's clones chased in the direction where Jingshi Bailian escaped.....

At the same moment, the entrance to the secret place was not far away.

In the void filled with endless black evil energy, the evil energy suddenly surged, and two scarlet eyes lit up again, transmitting a violent energy that reached the sky. It was shocking...

Jingzu appeared again!

"Damn it! Manjusri also fell!"

Jingzu's eyes looked far away in the direction of the secret place, clearly showing boundless anger.....

Just now, he sensed Manjusri's soul card shattering

"Jingzu, there is no need to be angry. My Daozu just lost two of his direct disciples....."

Daozu's ethereal voice came over

"My Demon Ancestor also lost two of his direct disciples!"

The sinister voice of the Demon Ancestor also followed.

The tone of both of them was a little depressed.

Jingzu sneered: "You only lost your direct disciples. After this ancestor, I lost two true disciples, Liugen and Manjusri. Their losses were more serious than yours. big. I wonder if the two sects of yours are joining forces to deal with our Jing sect!"

"Jingzu, maybe it was another accident!"

Daozu's misty voice sounded again.

"In that secret place, besides your two sects, who else can harm my disciples of the Pure Sect? Don't tell me, he is from the Nine Heavens and Ten Domains. Those ants can't do it, and I don't believe it either!"

Jingzu was filled with resentment.

As soon as he finished speaking, Demon Ancestor's cold voice came.

"Assess the situation! Everyone is here for the mantle of the God Lord. Even if our Demon Sect and Dao Sect join forces, there is nothing wrong with that!"

"Demon Ancestor, I have taken note of your words!"

With a cold snort, Jingzu's huge eyes gradually blurred and disappeared into the rolling evil aura without a trace.

The Demon Lord sneered and fell silent.

Daozu's spiritual thoughts turned around in the field, and followed suit. Silence.

Silence returned to the place...

Until this moment, the three saint ancestors still didn't know that the real murderer was Qin Feng, not one of their subordinates...

Chapter 1312

At the same time, within the territory of Suzaku Saint.

Amitabha, Taiqing Shengzun, and Mohu looked at the chaos in their hands in astonishment.

In the hands of the three of them, there are broken soul cards.

The faces of the quasi-saint ancestors looking around turned gloomy.

"Manjusri and his entire army were wiped out!"

Amitabha's throat rolled, and his voice was extremely dry!

"yes! Unexpectedly, they would encounter such an end. Counting the time, they should have just arrived there!"

Sage Taiqing silently put away the broken soul card, with a very sad expression.

Thinking of their three external sects, people have participated in the opening of the secret land every time, and there has never been any death of personnel.

"Two of you! If the five Manjusri were annihilated so quickly as soon as they arrived, the situation would be very dangerous!"

Mohu looked into the distance, where was the direction where Qin Feng was?

"strangeness! What danger could have caused the five Manjusri to be wiped out so quickly? Could it be Qin Feng?"

Amitabha's face was solemn.

Taiqing Shengzun smiled coldly: "With Qin Feng's strength, he will never be able to do it. If what I expected is correct, it must be the controller of this holy realm who brought a group of guardians to surround Manjusri and others."

Amitabha nodded slightly: "This is the only way to explain it. What's more, Qin Feng wasn't in that direction, so it couldn't have been him."

After hearing this, everyone nodded.

Up to now, they still haven't figured out who the real murderer is.

First, it was Qin Feng who used the trick of making false claims to attack the west to confuse them.

Second, these giants still underestimated them. Qin Feng's strength

"Not much to say, let's hurry over! Look what's really going on over there. Huh! not good! Samantabhadra and the others are in danger!"

Halfway through speaking, Amitabha suddenly thought of Samantabhadra and others, and his expression changed greatly.

Taiqing Shengzun and others also changed their expressions.

Samantabhadra and his party had a total of sixteen people, but except for Samantabhadra, who was the threshold of the top giants, there are five people who are in the late stage of quasi-saint ancestors, and the remaining ten are in the middle and early stages of quasi-saint ancestors.

Such strength is not much stronger than the five Manjusri.

The five Manjusri can wipe out the whole army, and the sixteen Samantabhadra rush over, and they can't. It must be bad luck.

"Walk! Let's go there quickly! Otherwise, Pu Xian and others will be in danger!"

"Fellow Taoist Ami! Send a message to fellow Taoist Samantabhadra quickly and ask them to return the way they came and not go to the place of fighting again."

"This is exactly what fellow Taoist reminded me!"

Amitabha hurriedly took out the communication jade talisman and sent a message to Samantabhadra, asking them to withdraw quickly.

Then, a group of people rushed in the direction where Samantabhadra and others were going.

Samantabhadra and his party were half ahead of them. Time to set off.

If Pu Xian and others retreat now, they should be able to meet each other in a quarter of an hour.
.....

But on the other side, over an endless mountain range.

Venerable Samantabhadra was rushing forward with fifteen quasi-saint ancestors...

Suddenly, a message came from his jade talisman.

He quickly took it out to check.

After reading it, he frowned slightly, showing doubt.

"Fellow Taoist Samantabhadra, what's wrong?"

All the quasi-sage ancestors gathered around

"My senior brother Ami just sent a message, saying that the front is extremely dangerous, asking us not to go to support, to withdraw immediately and join them!"

Venerable Samantabhadra silently put away the jade talisman of communication

"Extreme danger ahead? What's the danger?"

"Senior Brother Ami didn't say anything! However, his tone of words was very anxious. Thinking about the situation ahead, it was scarier than we expected!"

As soon as these words came out, everyone's expression changed slightly.

"Fellow Taoist Samantabhadra, even fellow Taoist Ami said this. It is extremely dangerous, so we should withdraw quickly!"

"yes! Along the way to catch up, the energy fluctuations of the battle ahead were interrupted twice. There should be two battles. I am afraid that the outcome will be divided, and fellow Taoist Ami will also get a bad result!"

Hearing this, all the quasi-saint ancestors took a deep breath of air-conditioning, feeling that it made sense, and suddenly felt nervous.

But another quasi-saint ancestor said indifferently:"No matter how dangerous the front is, with the strength of the sixteen of us together , what else are you afraid of? What's more, there are Liugen, fellow Taoist Manjusri and others ahead."

"yes! When we join them, our strength will be greatly strengthened. Even if we meet the Half-Step Saint Ancestor, we can still compete!"

"Brother Puxian, should we go and take a look? Withdrawing at this moment will put Senior Brother Liugen and Senior Brother Manjusri into trouble. Venerable

Samantabhadra looked ahead, thought for a while, and then sighed helplessly:"That's it!" Brother Ami sent this message. There must be extreme danger ahead, which we cannot handle. We should retreat! Let's withdraw!"

After saying that, Venerable Samantabhadra took the lead in withdrawing.

Some of the unwilling quasi-saint ancestors had no choice but to follow suit.

But not long after the group returned, a white light flew from a distance.

Everyone was startled and looked around. Go.

In the blink of an eye, the white light approached everyone.

Only then did they see clearly that it was a white lotus with twelve petals and a long rhyme.....

"Huh! It's the twelfth-grade Pure World White Lotus!".

All the quasi-sage ancestors recognized him at a glance.

Venerable Samantabhadra's face changed drastically, and he exclaimed loudly: "Something happened to Junior Brother Manjusri!"

"ah?!"

Everyone was shocked.

Phew~!

The pure white lotus was full of spirituality, as if it knew the Venerable Samantabhadra. It flew directly in front of the Venerable Samantabhadra, slowly rotated on its axis, emitted a holy white light, and made a low whine.

Samantabhadra's lips trembled and his eyes showed grief and anger

"Fellow Taoist Samantabhadra, how did you know something happened to Fellow Taoist Manjusri?!"

"Look at this!"

Venerable Samantabhadra waved his hand, and another twelve-name Pure World White Lotus appeared out of thin air.

Buzz~! Buzz~!

The two Pure World White Lotuses met and vibrated at the same time.

The next second, they took the initiative to merge in Together, it transformed into a larger pure white lotus, with twenty-four petals, exuding a monstrous heavenly charm of creation, crushing the void thousands of miles around, and shattering every inch.....

This time, the Purifying White Lotus has become the twenty-fourth grade, and its power has completely reached the level of a sacred artifact of creation.

"The twenty-fourth grade Pure World White Lotus!"

All the quasi-saint ancestors were amazed.

"That's right!"

Venerable Samantabhadra waved his hand and put away the twenty-fourth grade Pure World White Lotus.

"As we all know, the Purifying White Lotus is my master's treasure. It was originally the thirty-sixth grade, and its power has reached the top level of the sacred artifact of creation."

"This time, my master was worried about the dangers in the secret place, so he divided the thirty-sixth-grade Pure World White Lotus into three, turned it into three twelve-grade Pure World White Lotus, and gave them to Brother Ami, me, and Brother Manjusri respectively."

"This pure white lotus has extremely high spirituality and is good at seeking good luck and avoiding bad luck. If Junior Brother Manjusri had not encountered extreme danger and was about to die, he would not have abandoned him and escaped on his own....."

Now that the matter has come to an end, Venerable Samantabhadra no longer conceals anything and tells the truth.

Anyway, their Jingzong's trump card is not only this, there are more trump cards in Amitabha.

After everyone heard this, they gasped in air-conditioning

"Fellow Taoist Samantabhadra, according to your analysis, there is a high probability that something has happened to Fellow Taoist Manjusri!"

"Why~! ", Venerable Samantabhadra's face was full of grief.

Immediately, he suppressed his sadness:"Everyone, it seems that my senior brother Ami was right in warning. There must be extreme danger ahead, which we cannot handle. Let's retreat quickly and join up with senior brother Ami and others! Let's go!"

"Fellow Taoist is right!"

At that moment, the group of people quickly retreated. No one hesitated anymore. Instead, they all retreated quickly. They only regretted that their parents had lost two legs...

Even Venerable Manjusri had fallen, but he was still possessing the twelfth-grade Pure World White Lotus. Under such circumstances, let alone them, who would not be afraid of the strong ones from behind?.....

But before the group of people retreated for long, there were two rapid air breaks behind them.

Everyone was startled and looked back again, and saw the clones of Qin Feng and Xuan Mi rushing towards this side..

Chapter 1313

Everyone was startled and looked back again, and saw the clones of Qin Feng and Xuan Mi rushing towards this side.....

"It's Qin Feng and Qin Mu!"

"Huh! Why did Qin Feng appear there? Isn't he in another direction

?"

"Seeing how fast they were running, could they be being chased??"

"Everyone, should we take the opportunity to kill them?!"

All the quasi-saint ancestors were talking about it, thinking that Qin Feng and the two were being hunted by someone.

This shows that the three sects outside the territory despised Qin Feng. However

, Venerable Samantabhadra frowned slightly, and he vaguely felt that Qin Feng was Coming towards them, the situation seemed to be a little bad.

The clones of Qin Feng and Xuan Mi were very fast, and they were in front of the Quasi-Saint

Ancestors in a blink of an eye. Before Venerable Samantabhadra could speak, a mid-stage Quasi-Saint Ancestor strong man, I couldn't wait to ask.

"Qin Feng, kid! You came just in time! I wait....."

"die!"

Before the man could finish speaking, Qin Feng slashed out a sky-opening blade with a wave of his flag. The powerful force of the sky slashed the sky and destroyed the earth.....

Before the man could react, he was split in half by a blade, and his spirit was also cut to pieces. He was instantly killed...

Bang~!

Before the man could even scream, he died and turned into energy that filled the sky.....

"This is...."

"Oh my God!"

The remaining Quasi-Saint Ancestors were extremely horrified!

If they hadn't seen it with their own eyes, they wouldn't have believed it. Qin Feng instantly killed a mid-level Quasi-Saint Ancestor with one move.....

"not good!"

"Run away!"

The next second, everyone kept screaming, their faces turned pale with fright, they turned around and ran away, like birds and beasts scattered...

Qin Feng's blow completely shattered their fighting spirit, causing them to collapse instantly, without any intention of resistance.....

Even Samantabhadra fled in panic.....

Xuan Mi's clone stared at him, and quickly activated the Heaven-Destroying Sword Formation, firing billions of lightsabers at him, swallowing him up instantly.....

Samantabhadra felt the breath of death, and at the critical moment he sacrificed the 24th-grade Pure World White Lotus, and the overwhelming aura of creation emitted...

Then, Samantabhadra instantly completed the integration of human and weapon, and his combat power was greatly enhanced. It surpassed Venerable Manjusri and actually reached 180 million poles, which was only slightly lower than the ancestor of the Six Roots...

Bang~! Bang~! boom~!

The next second, billions of lightsabers hit Samantabhadra, causing him to vomit blood and fly backwards.....

Even with the help of the 24th-grade Pure World White Lotus, he was still no match for Xuan Mi's clone...

On the other side, Qin Feng danced the witch god flag wildly, fired thousands of air blades, and killed three more in one breath Quasi-Saint Ancestor...

The whole place was splattered with blood and screams!

"No! Do not kill me!"

"escape! Run away!"

"Amitabha is coming! Let's meet up quickly!"

"Meet them! We will be saved.....! "

"wait.....Wait for me!.....ah!"

Crack~!

Those quasi-saint ancestors ran away desperately. Qin Feng chased after him and killed one with a blow.

Then, he continued to chase.

Not long after, he caught up with the slowest one and chopped that person again. in half.....

For a moment, blood flashed in the field, screams continued, it was like Shura purgatory, and the air was filled with a strong smell of blood.....

Of course, those that run slower are weaker and easier to kill instantly.

After Qin Feng killed seven or eight people in a row, he caught up with the powerful late-stage quasi-saint ancestors, who could no longer kill him with one move...

In less than half a quarter of an hour, Qin Feng killed fourteen quasi-saint ancestors in a row. Only one strong man who was at the peak of the late-stage Saint Ancestor was left, and he escaped...

That man was extremely good at the art of flight, his speed was no less than that of the peak giants, and he was also the fastest to escape.....

Looking at the guy disappearing from sight, Qin Feng hesitated for a moment, then gave up the chase and turned around to collect the loot...

After a while, he collected fourteen groups of Quasi-Saint Ancestor energy, fourteen storage rings, fourteen A spiritual root seed, as well as several holy weapons, the harvest was extremely rich.

Qin Feng was satisfied and hurriedly went to help Xuan Mi's clone deal with Samantabhadra...

The Samantabhadra was being bombarded by Xuan Mi's clone, spewing blood.

He wanted to escape, but he was tightly entangled by Xuan Mi's clone and couldn't escape at all.

When Qin Feng arrived, he suddenly felt something was wrong.

But before he could think about it, Qin Feng's attack arrived, splitting the Jingshi Bailian's defense with a single flag.

Xuan Mi's clone took the opportunity to shoot out countless golden lights, blasting the body of Samantabhadra.....

The two began to join forces to kill Puxian's soul.

"no no! You can't kill me!"

Master Samantabhadra wailed sadly.

Naturally, Qin Feng and the others were too lazy to pay attention, and continued to strangle with all their strength...

Boom~! Boom~! Boom~!

Suddenly, the roar continued in the field!

Master Samantabhadra's screams also continued to echo.

He The aura of Yuan Shen is also falling crazily.....

While Qin Feng and his two men were strangling Master Samantabhadra, something was also happening in the territory of Qinglong Saint.

At this moment, the four-party war in the Azure Dragon Holy Realm has ended.

The battle between Hunji Ancestor and the Shadow Clone and the Zijin Clone also stopped.

Both sides retreated to the square, divided into two groups, and faced each other with clear distinctions.

Of course, the League of Gods has high morale and is watching with eager eyes.

On the side of Ancestor Hunji, everyone was dejected and extremely embarrassed.

In the previous battle, they lost nearly half of their men, and even two early-stage quasi-saint ancestors.

At this point, there are only more than a thousand assessors left on their side, which is equivalent to the number of disciples of the Divine Alliance.

You must know that their previous number was more than 5,000, nearly four times that of the Divine Alliance.

Today, there are only more than a thousand of them left, and their losses have been heavy.

In addition, there are only four Quasi-Saint Ancestors in the mid-stage and six early-stage Quasi-Saint Ancestors left on Ancestor Hunji's side.

The number of these quasi-saint ancestors is not as large as that of the Divine Alliance, and they are completely at a disadvantage.

It can be seen that after this battle, the alliance of forces has been defeated.

At this moment, Ancestor Hunji stared at the people of the Divine Alliance with great resentment.

During the previous retreat, another of his quasi-Saint Ancestor subordinates, Chang You, was besieged by Fuxi and could not escape. At last Pangu, Star Master Ziwei, and Qinglin and others who rushed back midway worked together to kill them.

At this point, he only has three mid-term subordinates of the Quasi-Saint Ancestor, Taotie, Qiongqi, and Yaozhu.

"Qin Lei! Qin Ye! Are you going to keep doing this?", Ancestor Hunji asked coldly.

The assessors of all the forces couldn't help but look at the two clones, with concern in their eyes.

Although the two forces were in a confrontation, it was actually the Divine Alliance that trapped them in the square.

As long as the people As soon as the powerful people leave the square, the people from the Divine Alliance will attack.

But if they don't go out, then they will not be able to obtain the opportunity of the Azure Dragon Holy Realm. They can't keep confronting each other like this and waste time.

The Will of the Secret Earth only gave ten Days of time.

Seeing that one day has almost passed, they only have nine days left.

"Ancestor Hunji, do I need to ask more?", the shadow clone smiled coldly.

Ancestor Hunji frowned:"Qin Lei! I know you want to destroy us, but fighting each other is prohibited in this square. As long as I can't wait to get out, you can't take action. Do you want to keep monitoring us until this session is over?"

"That way, neither of us would gain anything. Everyone will lose the opportunity to gain opportunities."

The phantom clone nodded slightly:"This is true!

Ancestor Hunji said again:"It's better than this!" We both signed a strike contract. From now on, we will not attack each other, and we will each look for opportunities. The contract is valid during this period."

The phantom clone said coldly:"Obviously our Divine Alliance has an absolute advantage, why do we sign a strike contract with you?

Ancestor Hunji sneered:"It's okay if you don't sign!" Then we will consume each other, and we will all lose the opportunity together!"

Ancestor Hunji was also helpless.

He hated the Divine Alliance very much, but he was helpless.

At the same time, he felt a sense of powerlessness in his heart due to lack of strength, so he wanted to take this opportunity to explore the holy territory.

Especially the Qipi He is bound to get the token of the Taoist robe.

It is related to whether he can get the opportunity to be the direct descendant.

If he misses it, he will regret it for the rest of his life.

If he can get the opportunity to be the direct descendant, he will hope to break through to the Saint Ancestor Realm.

By then, It is not too late for him to seek revenge from the Divine Alliance.

Naturally, the shadow clone saw the thoughts of the ancestor Huanji.

At that moment, the shadow clone sneered: "With the current strength of our Divine Alliance, we only need to leave a few people." Hold you down. The rest of the people went to the holy territory to search for opportunities, so they got the best of both worlds. Ancestor Hunji raised the corner of his mouth and said with disdain: "Child Qin Lei, you know too little about the Azure Dragon Holy Realm." If it's an ordinary chance, then that's it"

"If you encounter the guardians and controllers of the holy realm, I'm afraid not many of your subordinates can resist it, so you two have to go."

"But you two insist on staying here to watch over me, how can you have the chance to protect your subordinates?"

Hearing this, the disciples of the Divine Alliance frowned, secretly thinking that this is really the case!

At this thought, everyone felt that this matter was a bit troublesome.

But before everyone could think about it, they suddenly remembered several rapid sounds breaking through the air in the distance.

Everyone was startled. , turned around and saw five figures flying rapidly towards the square.....

The leader was Hongjun, and behind Hongjun were four weirdos.....

What surprised all the assessors was that the speed of Hongjun and the four weirdos actually reached the level of the top giants.....

However, the phantom clone recognized the four weirdos at a glance as the guardians of the holy realm.

He suddenly felt something bad and quickly sent the message down, asking all the disciples of the Divine Alliance to retreat behind him.

However, all the forces did not know that the danger was coming, and they all looked at it stupidly...

Chapter 1314

However, the phantom clone recognized the four weirdos at a glance as the guardians of the holy realm.

He suddenly felt something bad and quickly sent the message, asking all the disciples of the Divine Alliance to retreat behind him.

However, all the forces did not know that the danger was coming, and they all looked at it stupidly.
.....

"That's Hongjun!"

Many examiners recognized Hongjun

"Oh My God! Hongjun's escape speed has reached the level of a giant! This is too exaggerated!"

"Huh! Who are the four people behind him?"

"Not sure! They don't seem to be weak!"

All the assessors were surprised.

On the other side, Ancestor Hunji was also shocked by Hongjun's escape speed.

Then, his attention shifted to the four guardians, feeling that something was not good.

But he didn't wait for more Thinking about it, Hongjun rushed to the square

"Little Lord!"

The children of the Shenmeng shouted excitedly

"Be careful everyone!"

Hongjun didn't have time to explain. As soon as he arrived at the square, he fought in front of the children of the Alliance of Gods, standing side by side with the shadow clone and the purple gold clone, making a protective gesture.

Swish~! Swish~! Swish~! Swish~!

Those four The guardians followed closely and entered the square.

When they saw so many humans in the field, the four guardians were also stunned. They couldn't help but stop pulling down. The four pairs of green eyes exuded a cold light. To everyone.

The Divine Alliance and the Ancestor Hunji each occupy a place in the square, and they are clearly separated.

But in the eyes of these guardians, they are all annoying humans, and they are all enemies who want to search for resources in the holy territory. There is no difference.

Guardians They looked at it for a while and then immediately separated.

Two guardians pounced on the side of the Divine Alliance, and the other two pounced on the side of the Ancestor Hunji.

In the blink of an eye, the two guardians were in front of everyone in the Divine Alliance, furious
Take action.

Two withered claws, carrying the power of destroying the heaven and the earth, blasted through the layers of space and fell on the heads of everyone. They all reached the peak of the giant's blow, and the power was extremely terrifying...

The disciples of the Shen Alliance rushed to the scene one after another. His expression changed.

But at this moment, the phantom clone sacrificed the Book of Earth.....

Buzz~!

The aura of the Earthly Book shines brightly, and immediately grows infinitely, turning into an endless membrane of heaven and earth, covering the two people in the Shen Alliance at the same time, and also covering that area of heaven and earth.....

"Jedi Tiantong! combine!"

Pinch the phantom clone's seal.

In a moment, the fetal membrane of heaven and earth closed, wrapping everyone in the Divine Alliance and the weirdos into a huge membrane space.....

The virtual shadow clone, Zijin clone, Hongjun, Pangu and other quasi-saint ancestors are outside the fetal membrane of heaven and earth, and only Fu Yi is inside the fetal membrane.

But he said that as soon as the fetal membranes closed, a sudden change occurred.

Within the fetal membranes.

Click~! Click~! Click~!

There was a strange cracking sound between heaven and earth. It was inaudible, but it resounded in everyone's hearts. It was like a law of heaven and earth being forcibly cut off...

The next second, the power of heaven and earth attached to the two guardians was visible to the naked eye. The speed fades crazily and disappears completely in the blink of an eye.....

Their fighting strength and momentum dropped back to the mid-stage of Quasi-Saint Ancestors.

This is the magical power of Book of the Earth - Jedi Heavenly Power!

This sudden change stunned the two guardians.

"Set up a great array of stars in the sky!!"

The moment he fell down, he offered sacrifices to Hetu Luoshu.

"yes!"

All the disciples quickly accepted the order.

In just a moment, more than a thousand disciples set up the Zhoutian Star Fighting Formation.

The two guardians woke up and continued to kill them.

Buzz~!

Fu Zhi triggered, the formation was activated, and thousands of people Dao Xingguang blasted away at the two guardians. The momentum suddenly reached the peak level of the late Quasi-Saint Ancestor, completely suppressing the two guardians.....

The next second, countless starlight engulfed the two guardians.

The two sides fought together.

Boom~! Boom~! Boom~!

Bang~! Bang~! Bang~!

Without the assistance of the power of heaven and earth, the guardians would be nothing more than toothless tigers, no longer to be feared...

Suddenly, the two guardians were frantically besieged by the children of the Divine Alliance.....

There was a huge sound in the field, which affected the outside world through the fetal membranes of heaven and earth, and the entire holy realm was shaken by it.....

At the same time, outside the fetal membrane, the Ancestor of Hunji was already in a state of chaos.

"not good!"

"You...what are you doing?! Fighting is prohibited in the square, otherwise you will be forcibly sent out of the secret place.....ah~! "

"quick! Run away!"

"He...how come they are not eliminated when they kill people?! Don't...don't come here!.....ah!"

But the other two guardians rushed towards the Ancestor Hunji. Many examiners were unprepared and were killed by the two guardians on the spot. Bloody light burst out and they screamed again and again... all the examiners went crazy. They haven't figured out what's going on yet.

You must know that taking action in the square area is tantamount to violating the rules and will be immediately teleported out of the secret place.

But these two guys in front of them not only took action, but also killed people, but they were fine...

Ancestor Huanji looked at At this scene, he suddenly understood.

He was so angry that he yelled:"Idiot! They are all idiots! Get out of the way! They are not human beings! They are mummies! They are the guardians of the holy realm!"

Everyone suddenly realized.

But in just a moment, more than a dozen people died in the hands of the guardians.

With the power of the peak giants of the guardians, wherever they passed, the earth was shaking, and there was no way that the assessors could resist it.....

Even Taotie and other quasi-saint ancestors did not dare to confront him head-on.

On their side, they cannot cut off the power of heaven and earth from the guardians.

At the moment, a group of assessors were running around, and the square was in chaos.

"damn it!"

Ancestor Huanji was so angry that he rushed over and stopped one of the guardians.

But the other guardian continued to chase the examiner and killed several more people in the blink of an eye.

Ancestor Huanji was so angry that he screamed , turned around to intercept another guardian.

But in this way, he lost sight of the other. The guardian who was not intercepted continued to chase the other assessors, and the screams continued.

The ancestor of Huanji had no choice but to attack one with all his strength. The guardian wants to kill him and then deal with the other one.

In this way, no one can intercept the other guardian.

And with his strength at the threshold of the peak giant, no one can resist it, even if all the forces are gathered together He couldn't withstand the force.

Suddenly, the guardian rushed into the crowd, as if entering a deserted land, killing all those who passed the assessment and fled in all directions.

This is completely different from the divine alliance in the fetal membrane of heaven and earth. The two situations can be described as one in the sky and one on the ground.

At this moment, the scene was in chaos.

Many examiners panicked and fled out of the square.

"Let's do it!"

The shadow clone gave the order.

Pangu, Ziwei, Qinglin, Chu Chu, Yun Xi, Lu Ya, Queen Mother of the West, Qin Baobao, Kunpeng and other quasi-saint ancestors rushed outside the square and began to massacre those who escaped from the square for assessment. They.

The two clones also joined the ranks.

Suddenly, there were screams outside the venue, and the number of assessors dropped rapidly.

"I am so angry!"

Ancestor Hunji was furious when he saw this scene.

He turned around and rushed outside the square, trying to stop the shadow clone and others.

But unexpectedly, the guardian was also aroused by him and chased after him. Let go.

Ancestor Hunji had no choice but to turn around and deal with the guardian.

As a result, the assessors were in despair.

Inside the square, a guardian was massacring them.

Outside the square, everyone from the Divine Alliance was also massacring them..

There is no place for them in this Blue Dragon Holy Land.

In just a moment, two to three hundred people were killed, and the scene was horrific.

At this chaotic moment, the Shenmeng side seized the opportunity and surrounded the two innocent people. Be careful of the powerful quasi-saint ancestor who escaped from the square...

When the examiners saw this scene, they became even more desperate.

"Everyone! This place is in danger! I'm waiting to evacuate quickly!"

At this moment, the voice of Ling Ming Stone Monkey sounded in the field.

The next second, he ducked, got into the light door exit in the center of the square, and actually left the Qinglong Holy Realm on his own initiative.

According to the rules of this session, all assessments There are only three opportunities to enter and exit the Holy Realm.

If you go out now, you will lose one opportunity to enter and exit.

But now, they don't care anymore.

When they saw the Lingming Stone Monkey escaping, everyone woke up and rushed to the Light Gate to escape. Go.

Although the guardian is not very intelligent, he can still see the change in the situation.

When he sees everyone fleeing towards the exit of the light gate, he also rushes towards the exit of the light gate and kills everyone.....

There are still screams in the field, and it is extremely miserable. The number of examiners is constantly decreasing, but some people continue to escape from the Qinglong Holy Realm.....

In just a moment, Pangu and others killed the two early-stage quasi-saint ancestors.

At the same moment, Ancestor Hunji finally killed the guardian.

Although the guardians are powerful in battle, they have no soul.

As long as it explodes once, it will be destroyed, and it is much more fragile than humans of the same strength.

But it was said that as soon as the guardian died, it turned into energy that filled the sky, leaving behind a storage ring, a fragment of the Azure Dragon Divine Pattern, a fragment of the Azure Dragon Holy Realm Heavenly Seal, and a Wupi Taoist Robe.....

When Ancestor Hunji saw the five-dimensional Taoist robe, his eyes lit up involuntarily, and he was about to grab it.

But at this moment, a rainbow light rushed over and grabbed Wupi Taoist Robe.

The person who came was none other than the shadow clone, and he had been waiting for a long time.

Ancestor Hunji was furious and immediately attacked the virtual clone.

He will never allow others to rob him of his spoils..

Chapter 1315

Ancestor Hunji was furious and immediately attacked the phantom clone.

He will never allow others to rob him of his spoils.....

"roll!"

Ancestor Hunji slapped it with all his strength, and the pressure of destroying the world and destroying the world instantly enveloped the phantom clone.

But at this critical moment, the Zijin clone arrived, directly sacrificed the Sun of Creation, and smashed in.

In addition to In addition, there was a huge withered claw, carrying a huge corpse aura, bombarding his back.....

It turns out that Ancestor Hunji killed the previous guardian, which naturally aroused the hatred of another guardian.

At this moment, he gave up chasing the examiners and turned to deal with Ancestor Hunji to avenge the former guardian.

Ancestor Hunji sensed it all of a sudden, and was immediately frightened and angry.

He didn't expect that things would develop like this. He had just killed a guardian and provoked another one. He was still being stared at by a fly that he couldn't get rid of.

In this way, he actually became the Zijin clone and the guardian joined forces to deal with him. The ancestor of Huanji was very angry, but he did not dare to neglect.

At that moment, he had no choice but to give up attacking the phantom clone and turned to fight against the purple and gold clone and the guardian.

Boom~!

There was a loud crashing sound!

The land for thousands of miles is cracked!

The endless void is shattered every inch!

Both sides groaned and flew hundreds of miles away, fighting equally.

The phantom clone took this opportunity and began to collect the five-dimensional Taoist robes, storage rings, fragments of the Azure Dragon Divine Pattern, fragments of the Azure Dragon Holy Realm Heavenly Seal, and the energy that filled the sky.

"Qin Lei, kid! stop!"

Ancestor Hunji was so anxious that he roared and rushed over, trying to stop him.

But it was too late. Before he could arrive, the shadow clone collected all the loot.

At the same time, the purple gold clone and the guardian once again met the Hunji Ancestor.

Boom~!

Another loud noise of earth-shattering!

The Hunji Ancestor was knocked back again, and he screamed with anger.

Then, the phantom clone and Hongjun also joined the battle circle.

Suddenly, a formation was formed. The two clones, Hongjun, and the Guardian teamed up to deal with the Ancestor Hunji, directly crushing the Ancestor Hunji to a disadvantage.

You must know that Hongjun has the Chaos Pearl to help him, and his overall strength is even better than the Guardian. For the ancestor of Huanji, he is already an existence that cannot be underestimated, even more troublesome than the guardian.....

In the square, some examiners who had not had time to escape saw this strange scene, and they all showed strange expressions.

This senior Hunji is so unlucky!

The people of the Divine Alliance and the guardians have actually formed a joint force. It seems that they will lose in a short time. The situation is not good!

"Ancestor! Let's withdraw!"

"yes! Ancestor! It's not a good place to stay for a long time!"

Taotie and Qiongqi's persuasive voices rang out in the field.

Ancestor Hunji was in a very embarrassed state at the moment and was completely at a disadvantage.

Hearing the persuasion from his subordinates, he showed hesitation and unwillingness.

But at this moment, something happened. Rebirth.

In the square, in the fetal membrane of heaven and earth, the shrill scream of a guardian rang out.

It turned out that Fu Zhi led the disciples of the Shen League and also killed a guardian of the holy realm.

Roar~!

He is attacking Hun The guardian of the ancestors suddenly looked at the heaven and earth membrane angrily, looked up to the sky and roared...

The roar shook the entire holy land slightly, and the roar was full of grief and indignation.

In just a moment, the roar spread to hundreds of millions of people Thousands of miles away, it could be heard even in the very depths of the Holy Realm. Before the roar dissipated, more than a dozen roars were heard from the depths of every corner of the Holy Realm. Immediately afterwards, from the depths of the Holy Realm, More than a dozen terrifying spiritual consciousnesses came out and swept toward the square. All of them had reached the level of peak giants, and one of them had even reached the threshold of a half-step saint ancestor.....

"This...this is...."

"not good! This guardian is calling his companions to come over!"

"Oh my God! More than a dozen spiritual consciousnesses, more than a dozen are coming!"

"There is another person whose consciousness has reached the threshold of the Half-Step Saint Ancestor. He should be the legendary junior controller!"

There was an exclamation in the square, and those examiners were completely panicked.

Just two guardians had already killed them to pieces.

If there were more than a dozen guardians, plus a junior controller, they would definitely completely annihilated.....

Huh~! Huh~! Huh~!

Then, there was a faint sound of breaking through the air in the distance.

At this time, even Ancestor Hunji panicked.

He shouted loudly: "Retreat! Evacuate quickly!"

With this order, all the assessors rushed towards the entrance of the Light Gate as if they had been granted amnesty.

At the same time, after the guardian finished roaring, he rushed towards the heaven and earth fetal membrane with overwhelming resentment...

He wanted to avenge the dead guardian.

Bang~!

There was a shocking muffled sound that shook the heavens and the earth.

The guardian forcibly broke through the protection of the fetal membrane of heaven and earth and got in.

Pangu, Ziwei, Xianling and others were shocked and rushed out one after another...

In the blink of an eye, Pangu and others all entered, and the fetal membranes of heaven and earth healed automatically.

The assessors in the square also took the opportunity to escape completely.

On the other side, without the guardian to disrupt the situation, the pressure on Ancestor Huanji was greatly reduced.

At this moment, when he saw that all his subordinates had withdrawn, he no longer hesitated and rushed out of the siege of the two clones and Hongjun, and fled towards the square.....

"The old bastard! Where are you going?!"

The Zijin clone dodged and blocked the path of Ancestor Hunji again.

"idiot! A dozen guardians will come over in a while, and one should be a junior controller. Can you deal with it?! Be smart and get out of here!"

Ancestor Hunji shouted loudly

"Regardless of whether it's right or not, you can't escape today!"

Xuanxu's clone and Hongjun also arrived soon after and tightly entangled the ancestor of Hunji.

"You are all crazy!"

Ancestor Huanji was so angry that he cursed. As soon as he finished speaking, white light flashed above his head, and two figures appeared out of thin air.

The people who came were none other than Qin Feng and Xuan Mi's clones.

It turned out that Qin Feng and Xuan Mi's clones had already After killing Samantabhadra, he rushed over immediately

"Qin Feng!"

Ancestor Hunji's face changed drastically.

But before he could think about it, Qin Feng slashed away with a flag. The blow that was close to the peak of the Semi-Saint Ancestor was unstoppable and extremely terrifying.....

At the same time, Xuan Ming's clone also launched the Heaven-Slaying Sword Formation, firing billions of lightsabers at Ancestor Hunji... The purple-gold clone sacrificed the day of creation, and smashed it towards Ancestor Hunji... the phantom clone's Abi Yuan Tu's two swords combined to attack the Ancestor Hunji...

Hongjun also sent the strongest blow to the Ancestor Hunji.....

Five attacks came at the same time, and their power destroyed the heaven and the earth.....

"No~! "

Ancestor Hunji opened his eyes wide in horror.

Boom~!

There was a loud sound of earth shattering!

Ancestor Hunji screamed miserably, and was exploded on the spot, turning into a mist of blood all over the sky..

Chapter 1316

Boom~!

There was a loud sound of earth shattering!

Ancestor Hunji screamed miserably, and was exploded on the spot, turning into a mist of blood all over the sky.....

Immediately, Qin Feng and others began to frantically strangle the soul of Ancestor Hunji.....

"Ah~! Qin...Qin Feng! I...I was wrong! Let... let me go!"

In the blood mist, Ancestor Hunji finally panicked, screaming and wailing at the same time.

The strength shown by Qin Feng made him completely despair.

Of course, Qin Feng naturally didn't bother to pay attention to the wailing of Ancestor Huanji and continued Strangling like crazy.

At this moment, the energy of Ancestor Huanji was falling crazily.

"Qin Feng! Those guardians are about to rush over, and when they arrive, you will also be deeply...deeply surrounded....."

As he spoke, the sound of breaking through the air in the distance became increasingly clear.

Those guardians were indeed rushing here.

Hongjun couldn't help but worry when he heard those crackling sounds.

"Dad, the situation seems a bit critical, and there is a junior controller here....."

Qin Feng sneered:"Don't worry! Even if you let those guardians come, as soon as I open the Earth Book, I will beat those guardians back to their original form. There is nothing to be afraid of!"

Hongjun's eyes lit up:"Yes! Dad, Then let's speed up the time and kill the ancestor Hunji first!"

"That's exactly what it should be!"

At the moment, Qin Feng and his party speeded up and continued to strangle the soul of Ancestor Hunji.

They finally got such an opportunity, and naturally they would not let Ancestor Hunji go.....

"No~! "

In the blood mist, the extremely desperate wailing of the Hunji Ancestor could be heard.....

At the same time, a war was also taking place within the fetal membrane of heaven and earth.

But it was said that Fuzhi and others, after killing one guardian, began to surround and suppress the remaining guardian with all their strength.

At this moment, another guardian rushed into the fetal membrane of heaven and earth.

But as soon as he entered the fetal membrane of heaven and earth, Jedi Heavenly Power activated itself, automatically cutting off the guardian's power of heaven and earth, causing his strength to plummet to the mid-stage of the Quasi-Saint Ancestor.

Later, Pangu, Xianling, Ziwei, Qinglin, Yunxi and others entered the fetal membrane of heaven and earth, and cooperated with Fuzhi and others to besiege the two guardians.

Once the two sides fought, the League of Gods had the absolute upper hand.....

Just as the sky was darkening with the killings in the Azure Dragon Holy Realm, something was also happening in the Suzaku Holy Realm.

At this time, it was over a vast plain.

Amitabha was looking at the broken soul card in his hand with a look of sorrow and anger.

That soul tablet belonged to Venerable Samantabhadra.

At this moment, the faces of Taiqing Saint Ancestor and Mohu were also extremely ugly.

They also have several broken soul cards in their hands.

This time, among the sixteen members of Puxian's group, fifteen people died one after another.

Their three kinds of losses outside the territory are huge

"I really didn't expect that fellow Taoist Samantabhadra and others would also be brutally murdered. What happened to them?!"

"I also can't understand that with the combined power of the sixteen Samantabhadra people, even if they encounter a threshold-level figure of the Half-Step Saint Ancestor, they can still fight and retreat, and they will not fall so quickly!"

"yes! It seems the enemy is stronger than we thought!"

Sage Taiqing and Mohu sighed with gloomy expressions.

"snort! No matter who killed my junior brother! I want him to die!"

Amitabha clenched his fist angrily and crushed the soul card in his hand into powder.

Compared to the Outer Territory Dao Sect and the Outer Territory Demon Abyss, the Outer Territory Pure Sect suffered the most heavy losses, losing six ancestors, Venerable Manjusri, and Samantabhadra. His three true disciples.

This made Amitabha extremely angry and a little scared at the same time.

As the leader of the Pure Sect this time, he allowed three true disciples to fall one after another. After leaving, they would inevitably be punished by the Pure Ancestor.

"Fellow Taoist Ami! Until now, we still haven't figured out who the murderer is?"

"Aren't they the guardians and controllers of the secret realm?"

Amitabha asked casually.

Mohu also said:"Yes! Apart from the guardians and controllers of the secret realm, who can kill Puxian and the others?"

As soon as he said these words, a rapid sound broke through the air in the distance.

Everyone quickly followed the sound and saw an embarrassed figure heading towards them. Come here quickly

"It's Venerable Tianyi!"

The crowd exclaimed.

Someone recognized the person.

That person was none other than the disciple of the Taoist Sect outside the territory - Venerable Tianyi, who was also the peak powerhouse of the late Quasi-Saint Ancestor who escaped from Qin Feng.

"Very good! Tianyi actually came back alive!"

The people from the Taoist sect outside the territory were overjoyed.

"Senior brother! Senior Brother Taiqing!"

When Venerable Tianyi saw Taiqing and others, he was also ecstatic and flew over with all his strength.

Everyone hurriedly greeted him.

After a while, the two sides met.

"Master...senior brother! The situation is very bad! I escaped alone, while all the junior fellow apprentices fell behind, and fellow Taoist Samantabhadra was even trapped in place. Go and save...save them! Tianyi was so out of breath that he could not hold his breath.

Before, he had been focusing on escaping and did not dare to look back. He did not know that Pu Xian and others had been wiped out.

Taiqing Shengzun smiled bitterly: "Junior brother, there is no need to worry. As we rushed over, fellow Taoist Samantabhadra and the others all perished!"

"ah?!" Tianyi was shocked.

At this time, Amitabha asked impatiently: "Fellow Taoist Tianyi, how many guardians have you encountered?"

"protector?!" Tianyi was slightly startled.

Mohu also said anxiously: "Yes! Wasn't it that you were besieged by the guardians and that's why you suffered so many casualties?"

Venerable Tianyi suddenly understood.

Immediately, he smiled bitterly: "Senior brothers, you have made a mistake! The ones who killed fellow Taoist Samantabhadra and others were not the guardians, but Qin Feng and Qin Mu!"

"What?!"

As soon as those words were spoken, the whole audience exclaimed.

"impossible! This is impossible! Qin Feng obviously went to the east, but you were intercepted and killed in the west. How could it be him?"

"yes! Even Qin Feng and Qin Mu, with the strength of those two children, how could they kill fifteen Samantabhadra in such a short period of time?"

Amitabha and others all didn't believe it.

Tianyi wanted to cry but had no tears, so he lamented: "Brothers, Tianyi is telling the truth. If I lie, I hope it will be struck by thunder from the sky!"

Seeing him curse and swear like this, the faces of the giants changed.

Having reached their level of cultivation, they would not swear easily, so they couldn't help but disbelieve it.

At that moment, Saint Taiqing swallowed hard and then said: "Junior brother Tianyi, what is going on? Please tell me specifically!"

"Brother, this is the situation. When we were on our way to support fellow Taoist Manjusri and others,....."

At that moment, Tianyi briefly talked about the changes in the process of encountering Qin Feng and others.

After hearing this, all the giants gasped and looked extremely ugly.

The audience also fell silent and became very quiet.

After a long time, Saint Taiqing was the first to break the silence.

"Everyone! We've fallen into a trap before! We fell into Qin Feng's plan of seducing the east and attacking the west, so he defeated our forces one by one!"

"Why!", Amitabha sighed, "Indeed! However, that boy's strength actually reached the threshold of surpassing the half-step Saint Ancestor, which greatly exceeded our expectations!"

As soon as these words were said, everyone was silent again.

Previously, Venerable Tianyi described Qin Feng's comprehensive strength as having just crossed the threshold of the Saint Ancestor.

Obviously, Venerable Tianyi still greatly underestimated Qin Feng's combat power.

Such combat power is really the limit that Venerable Tianyi can imagine.

They don't know that Qin Feng's comprehensive strength is infinitely close to the peak of the Half-Step Saint Ancestor, and he has not just crossed the threshold.

However, even if This kind of assessment completely shocked the giants.

"Everyone! At this point, we have to face reality. Obviously, we all underestimated Qin Feng before. However, as long as our three sects don't hide anything and use all our trump cards, we still have a chance to kill Qin Feng."

Holy Lord Taiqing looked around at everyone.

Now, there are only twenty-one people left in the three outer sects, but all of them are Quasi-Saint Ancestors in the late stage or above, with extraordinary strength.

Hearing this, Lord Amitabha and Mohu couldn't help but look at each other.

Later, Lord Amitabha said:"Fellow Taoist Taiqing is right! At this point, our three sects must cooperate frankly. We can no longer hide our secrets. We should use our trump cards. We can no longer let Qin Feng's son grow up.

Mohu nodded slightly:"That's right!" That little thief Qin Feng has extremely terrifying potential, and his breakthroughs in strength are increasing with each passing day. If we are given another chance to breathe, we will definitely be the unlucky ones in the end!"

Taiqing Shengzun smiled slightly:"You two think so, I feel relieved. As long as our three sects are honest with each other and cooperate sincerely. With the true strength of our three sects, even if Qin Feng had half the strength of the Saint Ancestor, he would still be bleeding on the spot!"

As soon as these words were said, the giants smiled and nodded.

Obviously, they had reached a tacit understanding, and their confidence returned again.

"Let's go! Let's go there quickly! Seize this opportunity and destroy Qin Feng!"

"That's exactly what it should be!"

As soon as the words fell, a group of three sects from outside the territory rushed forward.

They didn't know that Qin Feng and Xuan Mi's clones had already gone to the Qinglong Holy Realm, and they would eventually fight in vain....

Chapter 1317

As soon as the words fell, the three sects from outside the territory and their group rushed forward.

They didn't know that Qin Feng and Xuan Mi's clones had already gone to the Qinglong Holy Realm, and they would end up fighting in vain.....

Before the group of people had gone far, a white light flew quickly from the front. In a moment, it was in front of everyone. It was the twenty-fourth-grade Pure World White Lotus.

"It's the Pure World White Lotus!"

The giants recognized it at a glance.

The next second, the twenty-fourth grade pure white lotus automatically flew to Amitabha, wailing endlessly, as if telling the story of the fall of Manjushri and Samantabhadra.

Taiqing Saint sighed;"This pure white lotus Shi Bailian is very spiritual and has already sensed the death of Manjusri and fellow Taoist Samantabhadra."

Amitabha was filled with grief and anger:"My master used his great supernatural power to make Manjushri and Samantabhadra have temporary contracts with the Pure World White Lotus, so that they can use the Pure World White Lotus at will."

"Now, the two junior brothers Manjusri and Samantabhadra have died, and the soul contract has also automatically dissipated. How could Pure World White Lotus not know about it."

As soon as he finished speaking, Amitabha waved his hand again, and a twelfth-grade pure world white lotus appeared.

Buzz~! Buzz~!

The two pure world white lotuses met each other, their clear chirping continued, and their spiritual light shined.

Then they automatically merged and transformed into The Thirty-sixth Grade Pure World White Lotus.

After this fusion is completed, the aura of the Pure World White Lotus will double. The overwhelming heavenly charm of creation rises into the sky, crushing billions of miles of void into pieces, and the laws of the boundless holy realm are disordered!

The momentum was so shocking that all the giants in the audience were stunned.

"The Thirty-sixth Grade Purifying White Lotus!"

"This is the protective object of Jingzu!"

All the giants sighed.

"Fellow Taoist Ami, I never expected that Senior Jingzu has given you the thirty-sixth grade Pure World White Lotus for your use. This object belongs to the highest level among the sacred artifacts of creation. If it is combined into a human and an instrument, it can increase your combat power by an additional 200 million!"

Taiqing Shengzun was filled with envy.

You must know that after the general holy weapon of creation completes the integration of human beings and weapons, it will increase its combat power by 100 million to 150 million.

Only the best of the holy weapons of creation can increase the combat power by 200 million. In other words, the Thirty-sixth Grade Purifying White Lotus is better than the Six Purifying Bamboo, the Heaven-Destroying Sword Formation, and the Witch God Banner.

At least at the current stage, that is the case

"Fellow Taoist, there is no need to say more. Your trump card must be no weaker than the Thirty-Sixth Grade Pure World White Lotus, and there are more than one!"

Amitabha waved his hand, and the Pure World White Lotus fell into his palm.

Taiqing Saint Ancestor and Mohu both laughed and said nothing.

They did have similar-level trump cards, and indeed they had more than one.

At this time, Amitabha put away After seeing the Pure World White Lotus, the confidence in his heart also increased greatly.

With this treasure in hand, coupled with other means, he was confident to fight against the powerful half-step Saint Ancestor.

What's more, he was not fighting alone, there were also Taiqing, Mohu and others are standing by.

As long as they work together, they are expected to kill even the half-step Saint Ancestor.

"Let's go!"

At this moment, the group of people continued to rush forward.....

At the same time, within the territory of Qinglong Saint.

The battle progression has also changed dramatically.

Pangu and others have already killed the two guardians and emerged from the fetal membrane of heaven and earth to assist Qin Feng in killing the soul of ancestor Hunji... At this moment, Fu Zhi reorganized the formation, with Pangu and Ziwei star masters as the formation Eyes formed a stronger Zhoutianxingdou array.

The power of that formation suddenly reached the level of a peak giant, comparable to the level of Old Man Yuexia.

As soon as they joined, the spirit aura of Ancestor Huanji fell even faster.....

"Qin...Lord Qin Feng! Spare your life! Spare me!"

Ancestor Hunji was completely panicked and begged loudly for mercy.

"Ha ha!! Old Hunji, when death is imminent, you still want to beg for mercy. What a dream!"

Hongjun sneered.

"Qin...Lord Qin Feng! The old man was unwilling to go against you at first...it was Old Man Yuexia who...persuaded...Ah!"

Ancestor Hunji was begging for mercy while screaming, and the aura of his soul was getting weaker and weaker.

Swish~! Swish~! Swish~!

At this moment, the sound of breaking the air from all directions became more and more intense.

Qin Feng couldn't help but raise his head. Looking over, I saw a dozen small black dots the size of sesame seeds flying towards us in the distance. Their momentum reached the threshold of a peak giant, and one of them even reached the threshold of a half-step saint ancestor.....

"Dad, those guardians are coming! There are quite a few people!"

"yes! His Majesty! It's coming with force!"

Hongjun and others reminded.

Ancestor Hunji took the opportunity to comfort:"Qin... Lord Qin Feng! As long as you spare this little old man's life! I...I am willing to surrender to you!

Qin Feng sneered:"It's too late!" Everyone increases their efforts and kills this old thief before the guardians arrive!"

"yes! His Majesty!"

"No~! "

The despairing roar of Ancestor Hunji resounded in the blood mist.

Qin Feng and others ignored it and bombarded with all their strength.

Boom~! Boom~! Boom~!

Bang~! Bang~! Bang~!

For a moment, the bombardment in the field became dark, the sun and the moon lost all light, and it was even stronger than before.

It didn't take long before the guardians from afar finally arrived. There was a junior controller and twelve guardians in total.

As soon as the thirteen people arrived, their momentum became one, and they could completely crush the threshold of the Saint Ancestor.

Without any hesitation, they pounced directly on Qin Feng and others, stirring up the momentum of heaven and earth and directly covering the whole place.

"father! Here they come!"

Hongjun and others couldn't help but feel a little nervous.

Seeing this scene in the blood mist, Ancestor Hunji felt as if he had seen the last life-saving straw.

He roared extremely weakly: "Qin...Qin Feng, kid! You...you...kill...can't kill...I...ha...ha!"

At this moment, Ancestor Hunji thought that there were many guardians coming to disrupt the situation, and Qin Feng and others had to deal with the guardians.

He did not believe that the combination of a junior controller and twelve guardians could make Qin Feng and others People don't use their full strength.

As long as Qin Feng and others are entangled by the guardian, he can take the opportunity to escape, escape back to the square, and survive.

What's more, the square is just aside, and he can get there in just a few seconds. There is a chance to survive.

This is also his last glimmer of hope and the biggest chance.

But before the ancestor of Hunji is over happy, the shadow clone sacrifices the earth book.....

Boom~boom~boom!

The earth book flies up, the aura shines, and it begins to grow infinitely.

In the blink of an eye, the earth book turned into an endless membrane of heaven and earth, covering that area of heaven and earth.....

"Jedi Tiantong! combine!"

The phantom clone pinched the seal.

Click~! Click~! Click~!

In a moment, the power of heaven and earth on that side was also cut off...

The power of heaven and earth on the guardians faded crazily.

In the blink of an eye, ten The combat power of the two guardians dropped to the mid-stage of the Quasi-Saint Ancestor.

The combat power of the junior controller also dropped to the late stage of the Quasi-Saint Ancestor.....

"No~! "

Seeing this scene, Ancestor Hunji let out a desperate cry.

He didn't expect that the Divine Alliance would still do this.

With the strength of the guardians, there was no way they could disrupt the situation, and his last hope of escape was gone.

At this thought, Ancestor Hunji felt sad, and his last bit of will collapsed.....

As soon as he gave up, Yuanshen couldn't hold on anymore, pffff~!

A soft sound!

The Hunji Yuan Shen collapsed!

Countless laws collapsed!

The energy in the sky keeps rolling!

A generation of giants died and disappeared!

"Qin Feng, kid! The three great saint ancestors will definitely not let you go! ...ah!"

The last scream of Ancestor Hunji echoed in the void.....

"Ha ha!! The old thief Hunji is dead!"

Everyone in the Divine Alliance was overjoyed.

At this moment, the guardians also came over to kill them.

"Kill them!"

Qin Feng gave the order, and everyone in the Divine Alliance pounced on the guardians.

With just one encounter, the Divine Alliance killed seven guardians in a row, just like chopping melons and vegetables...

Without the assistance of the power of heaven and earth, these The guardian is completely vulnerable to the Divine Alliance..

Chapter 1318

With just one encounter, the Divine Alliance killed seven guardians in a row, just like chopping melons and vegetables...

Without the assistance of the power of heaven and earth, these guardians were completely vulnerable to the Divine Alliance.....

At this same moment, outside the Qinglong Sheng territory, on the square.

All the assessors looked embarrassed, some were slumped on the ground, some were meditating and recovering, and the number of them was sparse.

There were originally more than 5,000 people, but now there are only 600 or 700 people left, less than half of the children of the Divine Alliance. The desolate and miserable situation is obvious.

Because of this, these examiners lost their confidence and never dared to step into the Azure Dragon Holy Realm again.

Even the Suzaku Holy Realm and the White Tiger Holy Realm did not dare to enter.

At this moment, in the corner.

The disciples of Hunji Heaven Realm were looking anxiously at the exit of Qinglong Holy Realm.

The ancestor ordered them to withdraw first, but why hasn't he come out yet?

They all waited outside for a long time

"Taotie, why hasn't the ancestor come out yet? Nothing will happen to him, right?"

Qiongqi asked with an uneasy look on his face.

All the disciples also looked over, showing uneasiness.

Now, in addition to the ancestor Hunji, there are only three powerful mid-term quasi-saint ancestors Taotie, Qiongqi, and Yaozhu left in Hunji Heaven. Well, the remaining fifty or so people are all Heavenly Saints.

As for the four early-stage quasi-Saint Ancestors, as well as many of the Supreme Saint's subordinates, they have all died in battle.

In fact, all the examiners who survived in the hall were There is no one above the Heavenly Saint who is the Supreme Saint.

At this time, Taotie smiled coldly: "With the strength of the ancestor, how could anything happen to him! Do you think Qin Lei and Qin Ye can keep him? Before, the two of them could only barely suppress the ancestor when they joined forces. If the ancestor wants to escape, they can't stop him at all!"

Among the three mid-stage quasi-saint ancestors, Taotie is the strongest.

Now that Ancestor Hunji is not present, he naturally becomes the leader of the crowd.

But as soon as Taotie finished his words, all the disciples nodded, feeling that it made sense..

They didn't know that just after they withdrew, Qin Feng and Xuan Mi's clones also arrived.

The situation on the scene was not what they imagined at all.

At that moment, Yao Zhu also agreed:"Taotie is right! With the strength of the ancestor, he could leave whenever he wanted, and Qin Lei and Qin Ye would not be able to keep him. Qiongqi, you don't have to worry too much. Qiongqi still looked uneasy and said,"That being said, it's been a while now. Why hasn't the ancestor come out yet?""

Taotie said self-righteously:"If I look at it, those guardians must have arrived, and the scene fell into chaos. The ancestor has not come out for a long time, so he is probably fishing in troubled waters and taking this opportunity to counterattack the Divine Alliance!"

Qiongqi said with a puzzled look on his face:"Well...then the guardian will also attack the ancestor! In this way, the ancestor will be attacked by the Divine Alliance and the guardians. How can he fight back?"

Taotie smiled and said:"If you think about it carefully, the guardians attack us humans indiscriminately. They will attack the Divine Alliance, and naturally they will also attack the ancestors. Now, within the Holy Realm, we only have one ancestor, but the Divine Alliance has a large number of people."

"Which side do you think has been attacked the most? It must be the Divine Alliance. Besides, as long as the ancestor fled into the square, the people of the Divine Alliance would not dare to attack him. At that time, the ancestor will only have to deal with one guardian"

"The remaining dozen guardians will keep an eye on the people of the Divine Alliance. And with the strength of the ancestor, it is more than enough to deal with a guardian. Naturally, he could take advantage of this chaotic situation to sneak attack on the people of the Divine Alliance."

After hearing this self-righteous analysis, the eyes of everyone in Hunji Heaven were brightened.

Qiongqi said happily: "Yes! Taotie, once you analyze it like this, I will understand. Ha ha!! No wonder the ancestor asked us to withdraw first, while he stayed alone. The tactics he is using now are the same ones the Divine Alliance used to deal with us before!

Taotie said proudly: "That's right!" We suffered a loss before because of the large number of people, but the people of the Shenmeng hid in the fetal membrane of heaven and earth first. Only this time, they didn't expect that their ancestor would treat him in the same way."

Yao Zhu said with a smile: "Hehe!! In this way, the Divine Alliance is in trouble this time. It can be said that the ancestor is really wise. In such a long time, he analyzed the pros and cons and thought of ways to counter the Divine Alliance. Taotie shook his head and said with a smile: "So, I advise everyone not to be anxious and just wait for the ancestor to return and bring us good news!"

"Ha ha!! That's exactly what it should be!"

Everyone in Hunji couldn't help but smile.

But they were only halfway through laughing. Qiongqi seemed to sense something, and his face changed slightly.

The next second, he flipped it over, and there was a black and purple soul card in his hand.

Click ~!

As soon as the soul card is played, it will automatically break from it and split into two.

"Ancestor!"

Qiongqi looked up to the sky and roared sadly, his eyes were red.

"Isn't this the ancestor's soul card? Oh My God! The ancestor has fallen!"

"This...how is this possible!"

Taotie and Yaozhu were completely dumbfounded.

The disciples around them were also stunned, and the smiles on their faces froze.

"no! I want to avenge my ancestor!"

Qiongqi put away the broken soul card and rushed to the Qinglong Holy Realm.

He is a direct descendant of Ancestor Hunji, and his feelings for Ancestor Hunji are extraordinary.

"Qiongqi! return!", Taotie quickly stopped

"yes! Qiongqi, all the ancestors died inside. If you go in with your strength, you will only die!"

Yao Zhu also shouted to dissuade.

At this time, other examiners in the square also understood.

They were all shocked to learn that the ancestor Huanji had died.

There was a commotion in the field, and many people gathered around.

Qiongqi also woke up and couldn't help but stop.

But he was still unwilling to give in, and said in a dry voice:"What should we do? Could it be that our ancestor was killed by the Divine Alliance and we just let it go?"

Taotie said with a look of grief and anger:"Of course I want revenge! However, with our strength, we definitely cannot take revenge. If you want to avenge your ancestor, you have to find the three sects outside the territory."

Yao Zhu agreed:"Yes! If we want to take revenge, we can only rely on the three sects outside the territory. Well, let's go and send a message to the three sects outside the territory now and tell them about the death of our ancestor. Presumably, they will rush to the Qinglong Holy Realm to avenge their ancestor!"

Taotie nodded slightly:"That's right!" There must have been a huge change in the Azure Dragon Holy Realm, otherwise the ancestor would not have fallen. Now I wonder if Qin Feng and others also went to Qinglong Holy Realm...."

Qiongqi frowned:"Didn't Qin Feng go to the Suzaku Holy Land?"

Taotie smiled bitterly:"I just guessed that what happened now is completely beyond expectations, and I can't explain it clearly. Anyway, we will inform you now People from three sects outside the territory"

"And the ancient ancestor of Ran Deng! He is in the territory of White Tiger Saint! He still doesn't know that all his subordinates have been killed in the Azure Dragon Holy Realm. If he gets to know this news, he will definitely be extremely angry and will definitely go to the Azure Dragon Holy Realm to cause trouble for the Divine Alliance!"

Yao Zhu reminded me again.

Taotie nodded quickly:"That's right! We will notify you immediately! I'm going to the Suzaku Holy Land. Qiongqi, go to the White Tiger Holy Land and contact Senior Ran Deng!"

"good!"

At this moment, the two of them stopped talking. One entered the Suzaku Holy Realm and the other entered the Xuanwu Holy Realm.

The three holy realms are isolated from each other and cannot use communication jade symbols to transmit messages. This is a restriction of the rules of the secret place.

Only by entering the same holy realm Only in this environment can you use the communication jade talisman to contact the other party.....

After a while, Taotie entered the Suzaku Holy Realm.

As soon as he entered the square, he took out the communication jade charm and sent a message.

At the same time, deep in the Suzaku Holy Land.

The place where Qin Feng killed Samantabhadra.

Amitabha and others looked at the desolate battlefield with helpless expressions.

They have been here for a while. Apart from seeing blood stains on the ground and smelling the smell of blood in the air, they can't find any trace of Qin Feng and others leaving.

"Fellow Taoist Ami, we are late! I don't know where Qin Feng went, there is no trace at all."

Sage Taiqing looked depressed.

Lord Amitabha also frowned: "If we can't find Qin Feng, we will be in trouble this time. strangeness! Even if that kid leaves, he should leave some clues. He seems to have disappeared out of thin air here.

Mohu whispered: "How about we continue the search?"....."

As soon as he said these words, a message came from the communication talisman of Saint Taiqing, which was sent by Taotie.

Taiqing Shengzun quickly took out the jade talisman and checked it.

At this sight, his expression changed drastically.

"Fellow Taoist Taiqing, what's wrong?"

Amitabha and others couldn't help asking.

"Fellow Daoist Hunji has fallen!"

"What?!"

"This is a message from Taotie, see for yourselves!"

Taiqing Shengzun gave the communication talisman to everyone.

The giants quickly took it to check.

After reading this, everyone's faces were very ugly.

Then, everyone returned the communication talisman to Taiqing Shengzun.

"Everyone, what do you think about this? Taiqing silently put away the communication talisman.

Amitabha's throat rolled:"It's a bit hard to accept!" However, I wonder if Qin Feng did it?

Mohu was startled:"No way?" Qin Feng was in the Suzaku Holy Realm, and Hunji Ancestor died in the Qinglong Holy Realm. How could Qin Feng do it?"

Amitabha sneered:"Before, we went to the west for Qin Feng, but in the end he took action in the east and killed Puxian. It means that the boy has mastered a secret space technique that can break through the space restrictions of the secret place."

As soon as these words came out, the eyes of the giants lit up and they felt that it made sense.

Taiqing Shengzun immediately said:"I also feel that he is in the Qinglong Holy Realm. Not to mention that much, we are rushing to the Qinglong Holy Realm now, and we must not give him any chance to breathe again!"

"Walk!"

As soon as the words fell, the giants turned back and rushed towards the exit of Suzaku Holy Land...

This time, they did not find Qin Feng.

And Taotie's notice gave them the information they needed most...

Chapter 1319

"Walk!"

As soon as he finished speaking, the giants turned back and rushed towards the exit of Suzaku Holy Land.....

This time, they did not find Qin Feng.

And Taotie's notice gave them the information they needed most...

At the same time, at the entrance of the Suzaku Holy Land.

Taotie also received a reply from Saint Taiqing, with a look of relief on his face.

According to the message from the Holy Ancestor Taiqing, they will rush to the exit of the Holy Realm in three hours...

After all, the Holy Ancestor Taiqing and his party have already penetrated deep into the Suzaku Holy Realm, and they will not be able to come out in a while...

But on the other side , within the territory of White Tiger Saint.

At this moment, above a certain desolate mountain range, the ancient Ancestor Ran Deng stood on the shoulders of the ancient corpse, holding the communication jade talisman in his hand and checking the information inside.

When he read the information inside, he had a look of disbelief on his face.

After a long while, he silently put away the jade talisman and looked up towards the exit of the holy realm.

After Xuan Min's clone disappeared out of thin air, he was unwilling to give in. He searched for Xuan Min's clone everywhere in the White Tiger Saint territory, but found nothing.

Just when he was about to give up and look for opportunities, he got a piece of news that he couldn't accept.

That means the ancestor of Hunji has fallen!

"I really didn't expect that! Fellow Daoist Hunji actually died in the Qinglong Holy Realm! What is going on? Just relying on the strength of the Divine Alliance, I'm afraid it can't be done!"

Ancestor Ran Deng whispered silently.

He knew very well how strong Ancestor Huanji was.

Once upon a time, he also challenged Ancestor Hunji and saw Ancestor Hunji's trump cards - Chaos Star Mirror and Sha Po Lang Three Stars.

In that challenge, he failed, so he admired Ancestor Hunji very much and respected Ancestor Hunji as the number one person in the Nine Heavens and Ten Realms.

However, that was only in the past.

Now, he feels that the number one person in the Nine Heavens and Ten Realms should be Because this time he got a blessing in disguise and could completely control the ancient corpse.

This made his overall strength infinitely close to the threshold of the half-step saint ancestor.

The ancestor of Hunji had all his trump cards out, and his comprehensive combat power was only 300 million poles. It was far behind him.

The combat power of the half-step Saint Ancestor was 500 million.

However, he also felt that he should go to the Azure Dragon Saint Realm.

The death of Ancestor Hunji was not a small matter, and he had to pay attention to it.!

Thinking of this, Ancient Ancestor Ran Deng controlled the ancient corpse and flew towards the exit.....

At the same moment, within the territory of Qinglong Saint.

All battles in the field are over.

The junior controller and the twelve guardians were all killed.

Qin Feng received a total of one seven-dimensional Taoist robe, twelve five-dimensional Taoist robes, a dozen fragments of the Holy Realm Heavenly Seal, and a dozen fragments of the Azure Dragon Divine Pattern.

What's even better is that the energy transformed by Ancestor Huanji was also collected by him.

He also obtained the Hunji Ancestor's storage ring, spiritual root seeds, Slaying Wolf Three Stars, and Chaos Star Mirror, and the harvest was extremely rich.

After the battlefield was cleaned, all the disciples gathered around excitedly

"Dad, this time we won a great victory!"

At this moment, Hongjun was very excited.

Qin Feng smiled and said:"At present, we have achieved a great victory, but the crisis has not been resolved yet. The true strength of the three sects outside the territory has not yet appeared, and the ancient ancestor of Randen has the ancient corpse. If these four parties come together, they should not be underestimated! Hongjun nodded slightly:"

This is a bit troublesome!""

Qin Feng said again:"The ancestor of Huanji has died, and the remaining disciples of Hunji Heaven should get the message. They will definitely seek help from the three foreign sects and the ancient Ancestor of Lantern as soon as possible."

"If my predictions are correct, the three extraterrestrial sects and the Randen Ancient Ancestor will soon arrive at the Qinglong Holy Realm, and a big battle will be inevitable."

"However, they won't be here right away. Before that, let's search for the resources of Qinglong Holy Realm."

"Dad, my son thinks the same way. By the way, dad, this is the trophy that I got when I killed all the forces before."

Hongjun smiled and took out a storage ring and several rune jade bottles.

Those rune jade bottles were filled with a large amount of energy, including the three quasi-saint ancestors he killed.

"very good!"

Qin Feng smiled slightly and put away the energy

"Your Majesty, this is my concubine's harvest!"

"Dad, the baby's harvest is not bad!"

"Master, this is Pangu's harvest...."

"Brother, there's still mine....."

At this time, Ziwei, Qinglin, Pangu, Qin Baobao, Chu Chu and others turned in their harvests one after another.

Qin Feng put them away one by one, and immediately gained a lot of money.

Not to mention those with too much energy to count, he got three of the Heavenly Seals from just one side of the sky.

One is the seal of Penglai Heaven, the other is called the Seal of Yingzhou Heaven, and the other is the seal of Fangcun Heaven.

If you include the Seal of Hunji Heaven obtained from the ancestor of Hunji, fifteen of the Nine Heavens and Ten Realms will be controlled by him.

Now, only the Heavenly Seals from the Ancient Heaven, Taiping Heaven, Changling Heaven, and Wei Tuo Heaven are left in his hands.....

"Dad, our harvest this time is very good!"

Hongjun saw that Qin Feng had harvested countless energy, and he was really happy for his father.

All the children were also overjoyed.

Chu Chu also said happily: "Brother, with so much energy, it is enough to increase your strength by another big grade. By then, our League of Gods will become stronger."

Ziwei Star Master reminded: "Your Majesty, you have killed many people from the three outer sects this time, and the three outer sects will never let you go. I remind you that as long as you have the opportunity to improve your strength, you must not relax."

This reminder made all the disciples wake up.

That's right!

His Majesty's real enemy is outside the secret place.

Those are the three Saint Ancestors!

"What Ziwei said makes sense, I can't wait to slack off. Before the three types of extraterrestrial creatures and the ancient ancestors of Ran Deng arrive, let's seize the time to collect resources!"

"yes! His Majesty!"

All the disciples quickly accepted the order.

After being reminded by the Ziwei Star Master, everyone felt the pressure and did not dare to slack off.

But at this moment, Qin Feng suddenly frowned slightly, with a look of pain on his face.

Then, he The whole body was shaken violently, and the body was trembling slightly.

"Dad, what's wrong with you?", Hongjun couldn't help but asked in surprise.

At this time, Qin Feng's blood energy dropped sharply, as if a kind of power was peeled off from him, and his whole body was gradually losing weight.

After a moment, he opened his mouth, and a drop of Purple-gold blood flew out of his mouth, his body returned to its original slender appearance, and his fighting strength dropped back to its original level of 550 million.

Hongjun and others recognized at a glance that the purple-gold blood was that of the Saint of Creation. Blood

"Dad, can't you completely refine the Holy Blood of Creation?"

Hongjun asked curiously.

It turned out that Qin Feng had only temporarily fused with the holy blood of creation.

At this moment, the physical body's endurance reached its limit and had to separate out

"No! However, I think as long as you have a lot of energy and refine a ball of quasi-saint ancestor energy, you can break through to the heavenly saint. By that time, the physical strength of the father's body has greatly increased, and there will be no problem in completely refining the holy blood of creation. Hearing this

, Hongjun was overjoyed: "Dad, in that case, you can break through in seclusion now." "

Ziwei Star Lord also said: "Yes! His Majesty! Your body is now physically exhausted and you cannot use the Holy Blood of Creation, so your strength will be greatly reduced. If the three sects from outside the territory and the ancient Ancestor Ran Deng arrive at this time, it will be difficult for us to deal with them.

Qin Feng nodded slightly: "That makes sense!" Let's do this, Hong'er, I'll go into seclusion in your Chaos Pearl to break through your cultivation. You hurry up and go treasure hunting!"

"OK! father!"

Hongjun happily sacrificed the Chaos Bead.

Then, Qin Feng made some detailed arrangements and got into the Chaos Bead to retreat and break through.

After Hongjun collected the Chaos Bead, the people of the Divine Alliance were divided into three groups..

One group is led by the shadow clone.

One group is led by the Xuan female clone.

The other group is led by the purple gold clone.

Each team has a map of the holy realm provided by the Queen Mother of the West. Where there may be opportunities and treasures, They also know very well.....

After a while, the three teams set off in a mighty manner..

Chapter 1320

After a while, the three teams set off in a mighty manner.....

At the same time, inside the Chaos Bead.

Qin Feng sat cross-legged and hovered in mid-air.

Then, he took out a ball of energy from the early stage of the Quasi-Saint Ancestor.....

His cultivation progress is 99.999% of the Extreme Saint Realm. He only needs to refine a ball of energy from the early stage of the Quasi-Saint Ancestor to break through the Heavenly Saint in one fell swoop.

Once he breaks through, his strength will definitely improve tremendously.

In this way, he would have more confidence when facing the powerful Saint Ancestor.

Thinking of this, Qin Feng opened his mouth and sucked in the energy, swallowing it up.....

At the same time, the entrance to the secret place was not far away.

In the void of endless black evil energy, a shocking huge shadow emerged, with golden haloes, like Buddha's light, reaching the sky and the earth.

At this moment, the shadow opened its eyes slightly, revealing two golden and cold eyes, staring in the direction of the secret place...

Those eyes were extremely huge, each one was comparable to a side of heaven, and the truth was hidden in the eyes. The starry sky of the universe is bottomless.

The eyes alone are so huge, not to mention how majestic the entire phantom is.

It's just that this shadow is still a bit illusory, making it difficult for people to see his appearance clearly.

In fact, he is Jingzu!

At this point, Jingzu could no longer bear it any longer.

He has sensed that Venerable Samantabhadra has also fallen.

In addition, four or five named disciples also died.

The losses suffered by the Pure Sect outside the territory were huge, which made him extremely sad.

If it weren't for the fact that he couldn't break into the secret place, he would have wanted to go in and take a look immediately.

Boom~Long~Long!

Behind Jingzu, the endless evil energy suddenly surged and made a rumbling roar.

The next moment, two shocking huge shadows, one green and one black, slowly emerged, both carrying divine light that penetrated the sky and the earth, reflecting in all directions.

Similarly, the two figures are also dreamlike, making it difficult to see clearly.

The visitors were none other than Dao Ancestor and Demon Ancestor.

The cyan figure is the Dao Ancestor, and the black figure is the Demon Ancestor.

"Jingzu, your disciples are so ruthless!"

Daozu spoke first, his tone no longer gloating, but rather resentful.

Jingzu sneered: "Just allow your Dao sect and Demon sect to join forces to deal with our Jing sect, but don't allow our Jing sect to fight back?"

Daozu said solemnly: "There is nothing to say in the battle between victory and defeat." But counting the time, our disciples are already fighting so fiercely before the last test has even begun. By this time, seven members of our Dao Sect have died!"

"Our Demon Sect also lost six people!"

Demon Ancestor's voice was as cold as ever.

Jingzu was a little surprised: "So many of your disciples have fallen. To be honest, our Pure Sect has lost eight people, and three of them are still true disciples."

"Jingzu, this is a little abnormal! Our three sects have always had a tacit understanding and will not easily fight each other until the final test. Even if there is a fight, my disciples and I will exercise restraint. Now that the last level has not yet begun, the fighting is so serious. Will there be any changes?"

Daozu began to doubt.

Demon Zu was silent and his breath was still cold, but it was obvious that he also had doubts.

Jingzu thought for a while and then nodded slightly: "It's a little weird! To be honest, I gave the Pure World White Lotus to my three disciples for use. That white lotus can reflect all scenes of life and death, and can also break through all endless voids."

"If something strange really happens inside, as long as my disciple Ami returns the Pure World White Lotus, I will be able to learn some truth from it.

Daozu sighed:"I hope it's not an extraneous problem!" This time, the three of us deduced the divination, and we all got the hexagram"Heaven and Earth are not", which means that the heaven and the earth are in peace. It means that the inheritance of the ancient god lord must be inherited by someone."

"I don't know whose family it will end up with? If there is a change in the secret place, we will know about it in advance and we can make some preparations."

As soon as these words were said, Jingzu and Demon Ancestor were silent.

The three of them were still a little uneasy in their hearts.

The mantle of the ancient God Lord was related to the key to their breakthrough to the seventh realm.

They had been waiting for countless years, and they didn't want to be here again. Something went wrong at the last moment

"You two, do you think there is a possibility? The death of our disciples was not caused by our three sects fighting each other, but by someone else?"

Daozu put forward his guess.

Jingzu was a little disdainful:"This is unlikely! With all the ants in the Nine Heavens and Ten Realms and all the worlds, who can threaten our three sects?"

"What if there is?"

"snort! If he does appear, the three of us should join forces to get rid of that person. The inheritance of the ancient God Lord can only fall into the hands of the three of us!"

"I agree!"

"Ah! Those who can enter the secret land cannot surpass the peak giants in cultivation, not even the half-step Saint Ancestor. If an outsider really gets the mantle, any one of us can kill that person!"

As soon as these words were said, the three great saint ancestors finally showed a smile.

Compared with the life and death of their disciples, they cared more about the inheritance of the God Lord's mantle.

They knew very well in their hearts that as long as they got the inheritance of the God Lord, they would be able to soar into the sky.....

Time flies!

In the blink of an eye, three hours passed.

The people of the Shenmen League are making extremely smooth progress in the territory of Qinglong Saint with the help of the map provided by Queen Mother of the West.

All three armies discovered more than a dozen places of great opportunity and reaped huge harvests.

Of course, they also met a dozen guardians and two junior controllers along the way.

But in the face of the powerful strength of the three major clones and the children of the Divine Alliance, they were all easily killed.

This allowed the Divine Alliance to obtain more than a dozen five-dimensional Taoist robes and two seven-dimensional Taoist robes.

Having said that, Qin Feng is concerned about the inheritance of the various descendants of the god masters, the inheritance of the true descendants of the seven-dimensional Taoist robes, and the inheritance of the direct descendants of the nine-dimensional Taoist robes.

Both of these inheritances are extremely precious and their quantities are limited.

Qin Feng planned to leave both direct lineage and true inheritance to his children, wives, concubines and important confidants.

He has only one goal, and that is to inherit the mantle of the ancient God Lord.

As far as Qin Feng knew from the information he obtained, in the entire secret land, there were only three direct descendants and only ten direct descendants.

Now, he has received the inheritance from four true disciples, one of which comes from the Xuanwu Holy Realm.

According to the data, it can be seen that each of the three realms of Qinglong, Suzaku, and White Tiger has three tokens of seven-dimensional Taoist robes and one token of nine-dimensional Taoist robes.

These tokens are more precious than any opportunity in the Holy Land, and they are also what the giants want to get.

They are also the main targets of the League of Gods.

Now, the Divine Alliance has obtained three tokens of seven-dimensional Taoist robes in the Qinglong Holy Realm, and is only missing the last token of nine-dimensional Taoist robes.

The nine-dimensional Taoist robe is in the hands of the senior controller of the Holy Realm.

However, the three armies of the Divine Alliance have been searching for the senior controller, but found nothing...

At this moment, at the entrance of the Azure Dragon Holy Realm, the light door flashed and a group of people came in.

The leader is none other than Saint Taiqing.

Behind him are Amitabha, Mohu, and the ancient Ancestor Ran Deng..
