Chapter 1321

In just a moment, the group of people all entered the square of Qinglong Holy Realm.

There were twenty-five people in total, including Taotie, Qiongqi, and Yaozhu.

At this moment, there are huge cracks everywhere around the square, and the laws of heaven and earth with a radius of hundreds of millions of miles are still chaotic and have not recovered for a long time.

The air was filled with the thick smell of blood and the smell of soul fragments, filling every corner of the square and making it suffocating.

Seeing the desolate scene in front of them, Taiqing Shengzun and others couldn't help but take a deep breath of cold air.

They could see that the previous battles here were very tragic.

Without the fights between countless Half-Step Saint Ancestors, such a horrific post-war scene would not have been possible.

"Everyone, look at the scene around the square. These three juniors are not exaggerating!"

Sage Taiqing was filled with emotion.

"Senior, everything we said before is true, how dare we lie in front of you."

Taotie said respectfully.

Qiongqi and Taotie also showed uneasiness on their faces.

Before, after Taiqing Shengzun, Randeng Ancestor and others came out, they asked Taotie and the others to learn about the situation.

Taotie and the others told them what they knew. Describe one side carefully.

Unexpectedly, after listening to it, Taiqing Shengzun and others were a little unbelievable.

This made Taotie and the three people unable to distinguish and did not know what to do.

Of course, this cannot be blamed on Taiqing Shengzun and others. It is really It's because the strength of the Divine Alliance has improved too fast, far exceeding their expectations.

What's more, in the descriptions of the Taotie trio, Qin Feng and Qin Mu did not appear, only Qin Lei and Qin Ye did. Speaking of Qin Ye who suddenly appeared, That was completely beyond the expectations of Taiqing Shengzun and others.

"You three, what do you think of the current situation?"

Sage Taiqing ignored Taotie and looked at Amitabha, Mohu and Randeng Ancestor.

Amitabha glanced around and said with emotion:"According to what these three little guys said, Qin Lei and Qin Ye joined forces. The strength that can suppress the ancestor of Hunji is indeed incredible!"

Randeng Ancestor nodded slightly:"Yes! Others don't know the strength of fellow Taoist Hunji, but I know it clearly. If fellow Daoist Hunji reveals all his cards, his combat power can reach 300 million Ji! This shows that Qin Lei and that Qin Ye are extremely powerful!

Mohu said coldly:"It is indeed very strong!" Not only are the two of them very strong, but their subordinates are also making rapid progress. This time, a dozen quasi-saint ancestors actually appeared. In the past, we all underestimated the Divine Alliance."

Hearing this, the giants fell silent.

Before this, they really looked down on the League of Gods, but they didn't expect that the last clown would be themselves.

After a while, Amitabha broke the silence

"Taotie!"

"The junior is here!"

Taotie quickly responded and stood respectfully behind Amitabha.

"According to what you said, Qin Lei and Qin Ye could only barely suppress Fellow Daoist Hunji, and they should not be able to kill Fellow Daoist Hunji. How did fellow Daoist Hunji perish? Did Qin Feng and Qin Mu show up?"

Saint Taiqing's eyes lit up and he asked:"Taotie, did Qin Feng and Qin Mu show up?"

At this moment, Mohu, Luoia and other giants also looked at Taotie.

Previously, in the territory of Zhuque Holy Land, their people were attacked by the clones of Qin Feng and Xuan Mi.

According to the description of the survivor Venerable Tianyi, Qin Feng Already half the strength of the Saint Ancestor, Xuan Mi's clone's combat power has reached 300 million poles, which should be at the same level as the Ancestor Hunji.

If these two people arrive, it is possible to kill the Ancestor Hunji.

Being watched by many big guys, Taotie felt even more nervous. He swallowed and then said carefully:"Returning to seniors, I was ordered by my ancestor to evacuate first, and I knew nothing about what happened next. However, before we evacuated, we didn't see Qin Feng and Qin Mu coming in....."

Amitabha frowned: "This is impossible! If Qin Feng and Qin Mu are no longer there, with Qin Lei, Qin Ye, and the people of the Divine Alliance, they will not be able to kill fellow Taoist Hunji at all."

"By the way, seniors and juniors, I remembered something. Before we evacuated, about a dozen guardians came here, including a junior controller."

"Junior controller?!" Amitabha's eyes lit up, "That's half the strength of the Saint Ancestor."

"By the way, everyone, do you think Qin Lei and others united with the guardians and controllers to kill fellow Daoist Hunji? Lord Amitabha guessed.

Lord Taiqing nodded slightly: "It is possible." It's just that the guardian attacks humans indiscriminately. How can Qin Lei make the guardian not attack him, but only attack fellow Taoist Hunji?"

"this.....", Fellow Taoist Ami frowned.

At this time, a sudden change occurred in the Holy Land.

Roar~!

An extremely loud roar came from the deepest part of the Holy Realm, causing the entire Holy Realm to tremble, resounding through every corner of the Holy Realm, and exploding in everyone's ears.

It was as if a sleeping star beast woke up at this moment.

The giants were shocked and couldn't help but look in the direction of the roar.

As soon as the roar ended, the entire holy territory boiled, and angry roars sounded from every corner, one after another, no less than thirty, as if in response to the first roar.

Immediately afterwards, faint sounds of breaking through the air were heard from all corners of the holy realm, and everyone rushed to the direction of the first roar.

Before Taiqing Shengzun and others could think too much, the change happened again.

Boom~Long~Long!

Throughout the holy realm, the heaven and earth trembled slightly, laws surged, and countless powers of heaven and earth surged towards the direction of the first roar.

It seems like someone is extracting the power of heaven and earth from the entire holy realm!

"This...what's going on?"

Taotie, Qiongqi, and Yaozhu were all panicked.

"Be the one in control!"

"That's right! It must be a holy realm controller or a high-level controller!"

Amitabha, Taiqing Shengzun and other giants showed surprise.

They know much more about the secret land than the Taotie trio.

As far as they know, only high-level controllers can extract the power of heaven and earth from the entire holy realm.....

Such changes in the power of heaven and earth in the holy realm are obviously the work of high-level controllers.

And the nine-dimensional Taoist robes they have coveted for a long time are on the body of the high-level controller.

"Everyone, it is difficult to find traces of high-level controllers! Unexpectedly, we had a target as soon as we entered."

Amitabha looked excited.

Taiqing Saint also said excitedly: "Yes! There is only one high-level controller in each holy realm. As long as you get the Nine Pi Taoist robes on his body, you can hope to obtain the inheritance of the direct descendants of the Saint Ancestor, and it is not far away to break through to the realm of the Saint Ancestor.

Mohu interrupted: "Everyone, the senior controller will not show up for no reason. Could it be Qin Lei and others who woke him up?"

Amitabha's eyes lit up: "This is the best!" As soon as the high-level controller wakes up, he will inevitably have a battle with them. I wait until this moment passes, just in time to reap the benefits!"

"Ha ha!! Fellow Taoist is right!"

"let's go!"

At that moment, Taiqing Shengzun and his party rushed in the direction of the roar.....

At the same time, in the direction of the roar, there was a huge temple.

At this time, within the Divine Alliance.

Xuan Min's clone, Pangu, Fu Zhi, and hundreds of disciples of the Divine Alliance were looking ahead with astonishment on their faces.

In front of them, there is a complex and tall altar.

There is a ball of 'Spirit of Creation' sealed in the center of the altar.

The Spirit of Creation is the most precious treasure that has been produced since the secret land was opened. It requires 200 points to redeem it.

The moment Xuan Min's clone saw the Spirit of Creation, she was extremely excited.

As long as he obtains the spirit of creation and integrates it into the Heaven-Slaying Sword Formation, the power of the Heaven-Slaying Sword Formation can be doubled, reaching the top level of the Holy Artifact of Creation.

After he got excited, he wanted to break the restrictions of the altar and take away the spirit of creation.

Unexpectedly, just when he destroyed the altar, the high-level controller hidden deep in the temple appeared.

The clone of Xuan Min looked at the sky above the altar, where a young man with fair skin and golden eyes floated.

He is the unique high-level controller in the Qinglong Saint territory.

At this moment, the controller was wearing a nine-dimensional Taoist robe, exuding dazzling nine-color brilliance, and arousing the power of heaven and earth.

For a moment, the holy realm trembled, and countless powers of heaven and earth poured into the controller's body, causing his momentum to skyrocket. In the blink of an eye, it reached 700 million, and it continued to surge.....

Pangu and others looked very nervous.

In their team, the only strong person is Xuan Mi's clone, and there is no earthly book, so it is impossible to cut off the controller's spiritual power of heaven and earth.

After all, the Book of Earth is in the hands of the phantom clone.

And the phantom clone is leading another team of people in another place far away, and it is impossible to arrive in time.

With their current strength, they may not be able to deal with this controller.

What's even worse is that while absorbing the power of heaven and earth, the controller also launched a summons, causing all the remaining guardians in the holy territory to rush in this direction.

At this thought, everyone in the Divine Alliance suddenly felt that the situation was not good.

But Pangu and others didn't know that Taiqing Shengzun and his party were also coming in this direction..

Chapter 1322

At this thought, everyone in the Divine Alliance suddenly felt that the situation was not good.

But Pangu and others didn't know that Taiqing Shengzun and his party were also coming in this direction.....

At the same moment, in the other direction of the holy realm.

Zijin's clones and Hongjun are leading a group of Shenmen disciples to search for opportunities.

The huge movement from Xuan Mi's clone immediately alerted them.

At this moment, everyone is looking in that direction in shock

"Dad, what's going on over there?"Hongjun asked curiously.

Qin Feng's three clones are mentally connected.

The Zijin clone naturally knows what's going on over there.

"Xuan Mi's clone has found its senior controller!"

The Zijin clone looked in that direction with a smile on his face.

Hongjun was overjoyed: "That's great! All we need now is the nine-dimensional Taoist robe. As long as we obtain that nine-dimensional Taoist robe, this opportunity search for the Azure Dragon Holy Realm can be ended early.

Chu Chu on the side also said: "Yes!" According to the schedule, there are only eight days of exploration left. If we complete the exploration of Qinglong Holy Realm as soon as possible, we can search for the other two holy realms."

At this moment, there was a sound of breaking through the air in the distance, and they were also rushing towards the direction of Xuan Mi's clone.

"Huh! That's over there....."

Hongjun and others couldn't help but look in the direction of the sound, but they couldn't see anything. The distance was too far.

The Zijin clone also took a look and said: "It doesn't matter so much. Those sounds that break through the sky may be the guardians summoned by the controller. It's time for us to take action. Hong'er, let's start!"

"Yes, Dad!"

Hongjun understood and quickly sacrificed the Chaos Bead.

The next second, everyone got into the Chaos Bead one after another.....

At the same time, inside the temple.

The controller has fully absorbed the power of heaven and earth, and his combat power and momentum suddenly reached 900 million, which is shocking.

At this moment, he slowly lowered his head and looked down at the people of the Divine Alliance.

Those golden pupils were shining with metallic light, cold and ruthless, as if they were looking down at ants.

Everyone in the Divine Alliance was suppressed by his terrifying aura, and they were all tensed up, with cold sweat breaking out on their foreheads.

"Your Majesty, the situation is not good!"

Pangu whispered in the ear of Xuan Min's clone.

As soon as he finished speaking, the controller exploded.

Roar~!

With a low roar, the controller slapped everyone in the Divine Alliance with a palm.

Boom~Long~Long!

That Tongtian one The palm destroys the heaven and the earth, covering the whole place in an instant.

Click~! Click~! Click~!

Wherever the wind of the palm passes, all the void is shattered, and the endless laws are shattered.
.....

Before the force of the palm arrived, everyone in the Divine Alliance felt tremendous pressure, as if a force from the sky was coming.....

"not good!"

All the disciples exclaimed.

The face of Xuan Ming's clone also changed slightly, and he instantly activated the Heaven-Slaying Sword Formation, firing out billions of lightsabers to meet that palm.

Pangu, Lu Ya, Kunpeng and many other disciples of the Shen League also issued their final shouts. A strong blow, facing that palm.....

With their fighting strength, how could they withstand that blow.

At the most critical moment, a white light flashed above everyone's heads, and the purple and gold clones and the phantom clones appeared at the same time.

The next second, the Zijin clone used the Sun of Creation and blasted towards the controller.....

The phantom clone also sacrificed the Book of Earth.

Boom~Long~Long!

The book of the earth grows infinitely, and in the blink of an eye it will turn into an endless membrane of heaven and earth, covering that area of heaven and earth, and activates the Jedi Heavenly Power...

Click~! Click~! Click~!

Suddenly, the power of heaven and earth on that side was also cut off... The power of heaven and earth on the controller was fading crazily.....

At this moment, the attacks from both sides also met.

Bang~! Bang~! Bang~!

A series of earth-shattering loud noises!

Thousands of miles of void shattered inch by inch!

Immediately, the figure of the controller flew out upside down.

The Shenmeng side not only blocked the attack, but also blew away the controller.

The controller was cut off from the power of heaven and earth by the phantom clone, and his combat power dropped directly to 300 million. How could he be the opponent of the League of Gods?

"Ha ha!! This guy is no match for us!"

The Divine Alliance side cheered.

At this time, the phantom clone waved his hand again and sacrificed the Chaos Orb.

Roar~!

The controller who was blasted away roared and came over again, with those golden eyes, through He was filled with overwhelming rage and had low intelligence.

Now that the situation was unfavorable, instead of retreating, he came forward even more violently.

Seeing this, the three clones immediately went up to fight.

In this confrontation, the three clones took the lead. When they reached the absolute upper hand, they killed the controller and retreated steadily.

Without the assistance of the power of heaven and earth, the strength of each of Qin Feng's clones was not inferior to that of the controller.

Xuan Fei's clones were assisted by the Heaven-Slaying Sword Formation, and were even higher than the controller..

At this moment, it is easy to fight three against one.

Buzz~!

At this moment, the Chaos Pearl's spiritual light shines.

Then, Hongjun, Fu Zhi, Ziwei and others filed out.

In the blink of an eye, all the children of the Shen League Gather together.

It turns out that Hongjun first collected all his disciples into the Chaos Bead. The Zijin clone took the Chaos Bead, and first summoned the shadow clone in reverse space, and also collected a team of the phantom clone into the Chaos Bead..

Subsequently, the two clones came here together, and the children of the Shenmeng gathered together.

At this moment, Hongjun was overjoyed when he saw that the three clones had completely suppressed the controller.

"Let's do it too!"

As soon as he finished speaking, Hongjun also rushed forward.

Pangu, Ziwei, Chu Chu, Yun Xi and many other quasi-saint ancestors also rushed forward to kill him.

Fu Zhi summoned more than a thousand disciples and arranged the Zhoutian Xingdou Grand The formation also participated in the fight.

Boom~! Boom~! Boom~!

Suddenly, the battlefield was filled with darkness.

With the addition of the children of the Divine Alliance, the situation of the controller became even worse.

Not long after, there was a shrill and tragic sound. Roar, the controller was exploded, turning into energy that filled the sky, leaving behind a nine-dimensional Taoist robe, a storage ring, some sky seal fragments, and some green dragon divine pattern fragments. After all, the controller is just a body. Even if the combat power reached 300 million, the mummy could still be killed better than the Ancestor of Huanji.

This killing of the controller made the League of Gods cheer.

The shadow clone put away the energy in the sky, many trophies, and the most precious Jiupi Taoist robe.

At this moment, there was another sound of breaking through the air.

Many guardians summoned by the controller also arrived.

The two sides fought again.

There was a book from the Divine Alliance. The hand is a sharp weapon for hunting down the guardians.

In less than half an hour, the Divine Alliance slaughtered all the incoming guardians.

At this time, the Divine Alliance gained a large amount of energy and more than twenty A five-dimensional Taoist robe, dozens of fragments of heaven seals and divine patterns, the harvest was extremely rich. Of course, the extremely precious spirit of creation also fell into the hands of the three clones.

After cleaning up the loot, the three clones were revealed gave a satisfied smile.

Hongjun also came over happily.

"Dad, now that we have obtained the Jiupi Taoist robes, and have killed all the guardians, we have basically obtained the opportunities we should get, and it is time to go to other holy realms to see them."

The phantom clone nodded slightly, took out the storage ring of the senior controller, and took a casual look at it.

"Huh! This is....."

At this glance, he seemed to have discovered something, and took out a jade talisman from it.

After he penetrated the jade talisman with his spiritual consciousness and explored it, a smile appeared on his face, as if he had made a big discovery.

Hongjun was curious:"Dad, have you made any new discoveries?"

The phantom clone nodded slightly and was about to explain.

But at this moment, a series of rapid sounds broke through the air in the distance.

Everyone was startled and followed the sound, only to see in the distance, at the end of the field of vision, more than twenty figures appeared, flying rapidly towards this direction.

The three leaders were none other than Taiqing Shengzun, Amitabha Lord, and Mohu....

Chapter 1323

But at this moment, a series of rapid sounds broke through the air in the distance.

Everyone was startled and followed the sound, only to see in the distance, at the end of the field of vision, more than twenty figures appeared, flying rapidly towards this direction.

The three leaders were none other than Taiqing Shengzun, Amitabha Lord, and Mohu.....

"Dad, he is from the three sects outside the territory! Hongjun exclaimed

"His Majesty! It's coming with force!"

All the disciples showed nervous expressions.

At the moment, Qin Feng is still refining energy in the Chaos Bead, and he will not be able to get out for a while.

Without Qin Feng in charge, they are somewhat uneasy.

In fact, the three famous sects outside the territory are outside. , even if the Half-Step Saint Ancestor saw them, he would have to retreat three points.

Without Qin Feng present, the disciples were naturally a little worried

"Not only the three sects from outside the territory, but also the ancient Ancestor Ran Deng are here!"

The phantom clone silently put away the storage ring and looked at the ancient Ancestor Randen in the distance.

Others didn't know the details of the Ancestor Randen, but he knew it very well.

This guy has an ancient corpse. Ancestor Hunji is even more difficult to deal with and must not be underestimated.

TurnIn a short time, Taiqing Shengzun and his party had traveled tens of billions of miles. The distance between the two sides was getting closer and closer, and they could clearly see each other's expressions.

"Dad, they're getting closer!"

Hongjun was a little anxious.

Ziwei Star Master and others also looked at the three clones.

Qin Feng was not here, so they naturally followed the lead of the three clones.

Seeing the opponent's menacing and extremely fast speed, they wanted to retreat to avoid the battle. That was impossible, and it was too late.

At that moment, the shadow clone ordered: "All the disciples, listen to the order! Get in position quickly! Each formation will be deployed to meet the powerful enemy!"

"yes!"

All the disciples accepted the order one after another.

Then, a group of people formed their own formations.

Chu Chu led the masters of the seven constellations of Dou, Niu, Nu, Xu, Wei, Shi, and Bi to summon the Xuanwu star, and his combat power and momentum reached the level of a quasi-sage. Later period of ancestors.....

Shangguan Yunxi led the masters of the seven constellations of Jing, Gui, Liu, Xing, Zhang, Yi, and Zhen to summon the Suzaku constellation, and his combat power and momentum reached the late stage of the Quasi-Saint Ancestor.

Qinglin led the masters of the seven constellations of Jiao, Kang, Di, Fang, Xin, Wei, and Ji to summon the Qinglong star. His combat power and momentum suddenly reached the peak of the late Quasi-Saint Ancestor, inspiring all the disciples in the audience.....

As for Xian Ling, she was not present.

At this moment, she, Zhao Gongming, Sanxiao, Cangsheng, Yutian, and Love God were studying the White Tiger Astrology method in the Chaos Bead.

The seven people from Zhao Gongming are the masters of the seven constellations selected by Xian Ling.

Their progress is very smooth, but it will still take some time to complete the research.

But if Xian Ling succeeds, its combat power will surpass Qing Lin's Qinglong Star in one fell swoop, and reaching the peak giant level will not be a problem.

In addition, others have also completed their preparations.

For example, Pangu has sacrificed the Sky-Opening Ax, completed the integration of man and weapon, and his combat power has reached the peak of the late Quasi-Saint Ancestor, even better than Qinglong Xingxiang.

Hongjun also showed off his momentum, and his combat power suddenly reached the threshold of a peak giant.

Quasi-Saint Ancestors such as Fu Zhi, Ziwei, Lu Ya, Qin Baobao, etc. also led more than 1,300 disciples to form the Zhoutian Xingdou Formation.

When the formation was completed, its momentum reached the sky, and its power suddenly reached 100 million, which was comparable to the extreme level of the peak giant.

In the blink of an eye, the Shenmeng side was ready and waiting for the other side to come.....

At the same time, Taiqing Shengzun's side also saw the actions of the Divine Alliance side.

At this moment, while they were hurrying on their way, they kept mocking

"Everyone, have you seen it? Those little bastards from the League of Gods are waiting for us to come and kill them!"

"hehe! These ants dare to stand up to us!"

"Fellow Taoist Ami, don't underestimate your enemy! Since the appearance of the Divine Alliance, it seems that they have never lost anyone. Regardless of strength, just in terms of luck, it is extremely terrifying!"

"snort! So what? In the face of absolute strength, no matter how strong your luck is, it will eventually run out. What we fear is nothing more than Qin Feng's ears. Even Qin Lei, Qin Mu, and Qin Ye are not afraid of us! These three people cannot change the fate of the Divine Alliance!"

"strangeness! Why wasn't Qin Feng there?"

"Huh! Everyone, have you noticed? The sound of fighting here was constant before, but now it stopped, and the figure of the senior controller disappeared."

"right! what happened? Could it be that the League of Gods has killed the senior controller?"

"So fast?! Could it be that the senior controller was hit hard and ran away as soon as the situation was not right? And with the speed of the senior controller, Qin Lei and others cannot catch up, and the only one who can catch up should be Qin Feng. Qin Feng must have gone after the controller, so there was no one else in the field!"

"Makes sense! The old man said that it was strange that all the disciples of the Shenmeng were present, but Qin Feng was not! It seems that he is going after the controller!"

"Ha ha!! If he is not here, we will take action and kill his subordinates!"

"Everyone, we will take action soon. We must go all out and not hold back. The Killing God Alliance will be caught off guard."

"That's exactly what it should be! You have to use a knife to kill a chicken! If we wait for a while and wait for Qin Feng to come back, our great opportunity will be lost. You two, what do you think?"

"Fellow Taoist, stop gossiping! As soon as I arrive on the scene, I will definitely reveal all my cards, leaving no one behind in the Killing God Alliance!"

"This is what I mean too!"

"Ha ha!! That's good!"

A group of giants analyzed self-righteously, and soon reached a tacit understanding.

Regardless of whether Qin Feng is there or not, they will show their trump cards and no longer guard against each other.

In order to fight with all their strength, the Killing God Alliance will be caught off guard.

Let the Shen Alliance rise and fall, Let's have a good look at the true strength of the three extraterrestrial sects.

The Randen Ancient Ancestor also had the same idea.

Now, they have all felt the huge pressure brought by the Divine Alliance. They share the same hatred and do not dare to despise it as before. They just refused to admit defeat. Even so, deep down, they still underestimated the Divine Alliance and gave some self-comforting imaginations.

For example, they believed that the Divine Alliance could be destroyed in such a short period of time. Senior controller.

They self-righteously believed that it was the senior controller who escaped and Qin Feng chased him.

This can explain why the fighting here stopped so quickly and Qin Feng was not present.

If these giants knew, God The alliance did not rely on Qin Feng to take action. In such a short period of time, they killed the senior controller. I don't know what to think.

In this way, the two sides got closer and closer.

On the side of the Shen League, the virtual shadow clone and the mysterious female clone , Zijin's clone is currently in the air, ready for battle.....

It didn't take long for people from the three sects outside the territory to arrive.

Saint Taiqing, Amitabha, and Mohu led the team.

As soon as the two sides met, they started to confront each other, and the atmosphere became tense instantly..

Chapter 1324

It didn't take long for people from the three sects outside the territory to arrive.

Saint Taiqing, Amitabha, and Mohu led the team.

As soon as the two sides met, they started to confront each other, and the atmosphere became tense instantly....

"Who are you?"

Taiqing Shengzun looked at the Zijin clone at the first sight.

All the giants also looked at it.

The Zijin clone was juxtaposed with the two clones, standing in front of everyone in the Shen Alliance. At first glance, he had an extraordinary status.

"Divine Alliance! Qin Ye!"

"It turns out you are Qin Ye!"

Sage Taiqing and others were suddenly stunned and couldn't help but look at the Zijin clone.

At this time, Amitabha became a little impatient.

He stepped forward and shouted:"Qin Lei! Where is Qin Feng?"

The shadow clone smiled coldly:"What does it have to do with you?!"

Lord Amitabha sneered: "Then Qin Feng, my son, killed a member of the Pure Sect outside our territory. Do you think you have nothing to do with me?"! snort! I see that you dare not tell Qin Feng's whereabouts because the little thief is not here. If he were not here, your lives would be in danger!"

"Fellow Taoist Ami! No need to talk nonsense to this little thief! I'm looking forward to a quick victory! If you wait for Qin Feng to return, it will be bad!"

Saint Taiqing reminded him.

"Fellow Taoist is right! I'm waiting to take action!"

As soon as he finished speaking, Amitabha had a thought in his mind, and his whole body's aura exploded...

Boom~Rong~Rong!

Waves of monstrous aura spread out from his body, suddenly reaching 200 million, far exceeding the limit of the peak giant. , extremely terrifying.

This made the disciples of the Shenmen Alliance marvel at it.

Even the ancient Ancestor Ran Deng couldn't help but look at him sideways, secretly thinking that Amitabha was worthy of being the greatest true disciple of the Jingzu.

At the same time, Taiqing, Yuqing, Shangqing glanced at each other, and no longer concealed his strength, his momentum exploded with all his strength...

Boom~Long~Long!

The violent momentum spread out, covering the sky and the earth, and caused another earth-shattering roar.

In the blink of an eye , In a short time, the momentum of Taiqing Saint has reached 200 million poles, Yuqing Saint has reached 160 million poles, and Shangqing Holy Master has reached 140 million poles. On the other side, Mohu and Luoia are also at full momentum..

After a while, Mohu's momentum reached 210 million poles, which was stronger than Taiqing Saint Ancestor and Amitabha.

Luoia's momentum also reached 190 million poles, which was stronger than Taiqing Saint and Amitabha. They are almost the same.

In the crowd, Taotie, Qiongqi, and Yaozao were amazed, secretly thinking that the three sects outside the territory were indeed powerful.

When the disciples of the Shen League saw this scene, they couldn't help but feel pressured, secretly thinking that something was wrong.

These six major The momentum the giant displayed alone was so terrifying. If he used a holy weapon, his combat power would be even more unimaginable.....

"Everyone, be careful and accept the challenge!"

At this time, the shadow clone dropped these words and did not dare to neglect, and sacrificed the two swords of Earth Book and Abi Yuantu.

After the three holy weapons were combined into one, the momentum of the shadow clone surged to 230 million.

With the At the same time, the Zijin clone and the Xuan Ni clone also used the Sun of Creation and the Heaven-Slaying Sword Formation to complete the integration of humans and weapons. The momentum of the Zijin clone reached 250 million poles.

The momentum of the Xuan Ni clone reached 3 Billion poles.

The combat power and momentum of the three clones actually surpassed the six giants including Mohu.

This made the ancient Ancestor Ran Deng slightly moved.

Even with the strength of the three clones, if they join forces, even if he has the ancient corpse , and can't take any advantage!

If Qin Feng is included, he is definitely no match.

Fortunately, he has joined forces with the three sects outside the territory.

Otherwise, he will still be difficult to be ranked first in the Nine Heavens and Ten Territories.

And Mohu and Taiqing The six giants including the Holy Lord were slightly moved when they saw the momentum of the three clones.

Immediately, the six people looked at each other

"Everyone, you saw it! Qin Lei, Qin Ye, and Qin Mu are each stronger than the other, and there is a stronger Qin Feng behind them. I can't hold anything back anymore, so I have to take out all my cards and fight quickly!"

Sage Taiqing secretly transmitted the message with some anxiety.

"Fellow Taoist is right!"

After Amitabha responded, he sacrificed the thirty-sixth grade Pure World White Lotus first.

Ka~! Ka~! Ka~!

As soon as the lotus came out, the earth-shattering heavenly charm of creation crushed the area of hundreds of millions of miles. The heaven and earth were shattered inch by inch, and it was extremely terrifying. The thirty-sixth grade Pure World White Lotus was the ultimate holy weapon of creation.

The next second, Amitabha stepped on the lotus platform, and the human and weapon merged into one.

For a moment, Amitabha's momentum was all the way Skyrocketing,

250 million poles.....300 million poles.....400 million poles.....

In the blink of an eye, Amitabha's combat power reached a terrifying 400 million.

But all this was not over. He waved his hand again, and a golden wheel emitting thousands of meters of golden light and engraved with three thousand talismans broke through the air above his head.

As soon as the golden wheel appeared, the heaven and earth trembled, exuding a monstrous heavenly charm of creation.

That is the holy instrument of creation—the Golden Wheel of Annihilation!

Later, Amitabha and the Golden Wheel of Nirvana completed the integration of human and weapon, and their momentum skyrocketed again, reaching the number of 500 million in a blink of an eye, just reaching the threshold of the half-step Saint Ancestor.

At this point, Amitabha's trump card was revealed, and everyone in the audience was stunned.

Ancestor Ran Deng couldn't help but swallowed his saliva.

He has always thought that with the ancient corpse in hand, he is almost invincible.

Now in comparison, he is not as good as Amitabha.

Seeing this scene, Taiqing, Yuqing, and Shangqing looked at each other and came together.

The next second, the three people merged into one, and turned into an old man with white hair and beard, whose aura was overwhelming, and his combat power suddenly reached 500 million.

The whole audience was amazed again

"Fellow Taoist Sanqing, we meet again!"

At this time, Amitabha looked at the white-haired old man, smiled and nodded.

Regarding the identity of Sanqing, few people in the three sects outside the territory knew, and Amitabha was one of the few who knew the truth.

It turns out that Taiqing, Yuqing, and Shangqing originally belonged to One body, named Sanqing, is the only direct descendant of Daozu.

But when he was practicing the method of breaking the obsession, he turned himself into three obsession clones, and something went wrong. He was divided into three, each with his own thoughts.

Three The clones of the big obsession think that they are the original body and do not merge with each other.

Qin Feng also practiced the method of destroying the clone, but it only kills the obsession and does not transform the original body. This is correctThe method of cultivation.

In short, Taiqing, Yuqing, and Shangqing usually do their own thing.

Only at critical moments can the true body of the three pure beings be combined

"Fellow Taoist Ami joked, Taiqing is me, Yuqing is me, Shangqing is me too. When you see Sanqing, you see me!"

"rational!"Amitabha smiled and nodded.

At this moment, on the other side, Mohu and Logic also took action.

The two of them actually merged together and turned into a two-headed and four-armed monster, with an aura that reached 400 million.

"I have met fellow Taoist Rahu!"

Sanqing and Amitabha surrendered their hands to the weird man with two heads and four arms.

The fusion of Mohu and Luoia became the demon god - Luohu!

Mohu and Luoia are different from Sanqing. They are not the same person. They are two people originally. An independent individual.

This method of fusion is the body of the devil, one of the secrets of magic. It can bring together the fighting power of two people. It is similar to the method of Sanqing.

And the combination of Mohu and Luoia The demon he transformed into was also called the demon god Rahu by the disciples of the three sects.

"You two, few gossips! Take action early and destroy this group of ants from the Divine Alliance."

Luo Hu's two heads spoke at the same time, with the same tone.

As soon as he finished speaking, he waved his hand.

Boom~Rong~Rong!

A long spear as black as ink slowly penetrated the air. It came out and crushed the laws of heaven and earth for hundreds of millions of miles.

The breath of the spear was cold, and it carried the aura of destroying the world, which was extremely terrifying.

"It's the God-killing Spear!"

Sanqing and Amitabha couldn't help but exclaimed. Immediately, Amitabha sighed:"Rahu, I didn't expect that the Demon Ancestor would lend you his God-killing Spear!""

"Brother Ami! Didn't Jingzu also give you the thirty-sixth grade Pure World White Lotus for your use?"

It turns out that the God-killing Spear is the possession of the Demon Ancestor.

It is on the same level as the thirty-sixth-grade Pure World White Lotus, and it is also the top-grade sacred artifact of creation.

Speaking of the Pure World White Lotus, Qin Feng has encountered it many times, but he has never been able to capture it..This is the extraordinary thing about the best holy weapon of creation.

As soon as he said that, Luo Hu grabbed the handle of the gun and completed the integration of human and weapon.

In the next second, his momentum surged to 600 million.

Sanqing saw Here, a holy weapon of creation, the Qingping Sword, was also sacrificed, which also completed the integration of human and weapon, and the momentum also surged to 600 million.

Obviously, Sanqing has kept his hand, and there is still a trump card.

But the Shenmeng When the disciple saw this scene, his face turned pale.

Just in front of him, there were the fighting power of three half-step saint ancestors.

His majesty's three clones were definitely no match.

What's more, in addition to Sanqing, Rahu, and Amitabha, there were ten more to deal with. Five powerful late-stage quasi-saint ancestors, and three mid-stage quasi-saint ancestors named Taotie.

What's even more frightening is that they also have a giant, the ancient Ancestor Randeng has never shown his trump card.....

The situation on the Shenmeng side is extremely bad....

Chapter 1325

The situation on the Shenmeng side is extremely bad....

"Your Majesty, something is wrong!"

Hongjun's face was full of anxiety.

All the disciples were also very uneasy.

There were three half-step saint ancestors on the opposite side.

Even if the three clones plus their subordinates came together, it would be good to be able to deal with two at most.

What's more, to deal with There are also the Ran Deng Ancient Ancestor and more than a dozen powerful late-stage quasi-Saint Ancestors who are watching with eager eyes.

In this confrontation, the Divine Alliance will definitely be at a disadvantage.

Thinking of this, the disciples of the Divine Alliance are naturally anxious.

The Phantom Clone, the Purple Gold Clone, and the Xuan Female The clone also frowned slightly.
.....

On the other side of the three sects outside the territory, Ancient Ancestor Ran Deng watched this scene silently, with a strange look in his eyes.

Looking at this situation, it seems that he can destroy the League of Gods without having to show his trump card.

If possible, he did not want to reveal his trump card prematurely and would rather be underestimated by the three outsiders.

After all, the people who knew his trump cards, namely Qin Feng and others, were not known to the three foreign sects.

Ancestor Ran Deng was still wary of Sanqing, Amitabha and others.

After all, they were a ragtag group of people who only temporarily joined forces to deal with the League of Gods.

In terms of concerted efforts, they are far inferior to the Divine Alliance.

No matter what, the current situation is greatly beneficial to the three foreign sects.

The disciples of the three sects all had their eyes gleaming, and they were all gearing up to take action.

Taotie, Qiongqi, and Yaozhao looked even more excited, secretly thinking that their ancestor's great revenge should be avenged.

At the same moment, inside the Chaos Bead.

Qin Feng is refining energy with all his strength.

At this time, his whole body was shrouded in spiritual energy, making it difficult for people to see his condition clearly.

Not far away, Xian Ling, Zhao Gongming, San Xiao and others were looking anxiously at the scene outside the Chaos Pearl.

In this Chaos Bead, they can see the scene outside, but people outside cannot see the situation inside.

Xian Ling and others were originally studying the White Tiger Astrology Formation, but the arrival of three sects from outside the territory interrupted their study.

"Territory Lord, this situation is not good, what should we do?"

Qiong Xiao was so anxious that she almost cried.

Cang Sheng also had a sad look on his face: "Lord Xian Ling, looking at this situation, our Divine Alliance may not be able to hold on for long. Xian

Ling frowned: "Looking at this critical situation, only Your Majesty can resolve it personally." But His Majesty has now reached the most critical moment of breakthrough and cannot be disturbed. Otherwise, it is very likely that all your efforts will be wasted!"

Hearing this, several people couldn't help but look at Qin Feng not far away.

They saw that the spiritual things outside Qin Feng's body were getting thicker and thicker, and they were constantly surging.

Looking at this situation, they would break through the cultivation level at any time, but it is also extremely critical. The moment must not be interrupted.

Seeing this scene, Xian Ling and others could only be anxious, but there was nothing they could do.

"That's it! Your Majesty is at a critical moment and we must not interrupt him. If you are not strong enough, you will continue to stay in the Chaos Pearl to protect His Majesty. I go out and fight to the death with the three sects outside the territory!"

As soon as the words fell, Xian Ling stood up

"Territory Lord Sister!"

Sanxiao couldn't help but look worried.

"Domain Lord, do you want to go out?"

Zhao Gongming also looked at her with concern.

Xian Ling looked determined: "Right now, the Divine Alliance is at its most critical moment. As a member of the Divine Alliance, how can I stand by and watch? What's more, with my current comprehensive strength that has reached the late stage of Quasi-Saint Ancestor, I should be able to deal with a disciple of the Third Sect and share the worries of the Divine Alliance!"

As soon as these words fell, Cang Sheng, Yu Tian, Aishen and others also stood up one after another.

"Lord Xianling, I will go with you! Xian

Ling quickly tried to dissuade him: "None of the enemies here have a cultivation level below the mid-stage of Quasi-Saint Ancestor. If you go, I'm afraid you won't be able to help much." If you have practiced the Zhoutian Xingdou Formation before, you may be able to join Fu Zhi's formation."

"For now, it would be more appropriate for you to stay in the Chaos Bead and protect His Majesty."

"This...hey!"

Cang Sheng and others smiled bitterly.

Now, they, these peak Heavenly Saints, have become a drag.

A sense of powerlessness due to lack of strength spreads in their hearts, but there is nothing they can do about it.

"Look! They took action!"

At this moment, Bi Xiao exclaimed.

Xian Ling and others were startled and quickly looked towards the field.

In the field, they saw that the disciples of the three sects from outside the territory also sacrificed their own weapons.

Then Sanqing , Rahu, and Amitabha took the lead to kill the Shenmeng side...

On the Shenmeng side, the three major clones immediately went up to fight.

The Xuanfei clone faced Sanqing.

The purple gold clone faced Rahu.

The Xuanying clone faced Amitabha.

Seeing it. The war is about to break out, and sudden changes occur in the field.

I see Hongjun pinching the seal.

Buzz~!

The next second, the Chaos Pearl in the air shines brightly, instantly projecting a boundless and vast world of chaos...

In a moment, , in a land with a radius of hundreds of millions of miles, the laws of the Three Thousand Avenues have undergone tremendous changes. The power of heaven and earth with a radius of hundreds of millions of miles was controlled by Hongjun.

The next second, the endless power of heaven and earth poured into Hongjun's body.

His momentum was all the way It skyrocketed and reached the level of Old Man Yuexia in the blink of an eye.

Not only that, Hongjun also controlled countless powers of heaven and earth, pouring into the bodies of the children of the Divine Alliance.

In a short time, all the children of the Divine Alliance received the assistance of the power of heaven and earth, and the battle The strength has increased.

In this way, the overall combat strength has been greatly improved!

This is the magical power of the Chaos Bead - Chaos Domain!

"Huh! This spirit bead....."

"It's Hongjun who is causing trouble!"

"Kill that little bastard first!"

Sanqing, Luohu, and Amitabha suddenly realized the source of the problem.

The next second, the three giants pounced on Hongjun at the same time, trying to kill Hongjun in one fell swoop.....

They knew in their hearts that if Hongjun did not die, it would be much more difficult to eliminate the Divine Alliance.

Boom~Long~Long!

The three giants pounced on Hongjun with great force, and their boundless momentum stirred the sky and the earth to tremble.

Hongjun's face changed with fright.

With his current fragile strength, how could he face the combined attack of the three giants? That was the strength of three half-step saint ancestors!

I'm afraid that if he meets him, he will be blown up on the spot!

"Little Lord! Run away!"

The faces of all the disciples also changed greatly when they saw it, and they all exclaimed

"stop!"

The three clones also arrived instantly and stopped in front of the three giants.

"roll!"

Sanqing, Luohu, and Amitabha all attacked the three clones one after another, with disdain on their faces.

The gap in combat power between the two sides was too great, and the three clones couldn't stop them at all.

As long as they blasted away the three clones, they could defeat them in the next step. Hongjun bombarded the spot.

The phantom clone and Amitabha were the first to face each other head-on.

As soon as Amitabha waved his hand, the Golden Wheel of Annihilation spun at high speed, carrying the power of destruction that cut the heavens and the earth, towards the phantom clone. Shooting away...

At the same time, the Sanqing sword pointed out, and the Qingping sword shot towards the Xuan Mi clone.

Luo Hu also waved the God-killing spear and stabbed the Zijin clone.

The God-killing spear was completely black, but There are sun, moon and stars shining in it, as if the infinite universe is included in it, exuding the supreme Taoist charm, and the sound of killing is echoed from time to time.

Not to mention looking at the spear, the trembling echo from the gun body alone can annihilate the space around the gun body , all the laws collapsed, and all the souls below the eternal realm were scattered...

Inside the Chaos Bead, Xian Ling saw this scene, no longer hesitated, and rushed out of the Chaos Bead in a flash.....

The moment she rushed out of the Chaos Orb, Zhao Gongming and others opened their mouths to speak.

But at this moment, an earth-shattering aura rose into the sky behind them, causing the entire world inside the Chaos Pearl to tremble violently.

Zhao Gongming and others were shocked. They quickly looked back and saw that the spiritual mist surrounding Qin Feng was pouring into Qin Feng's body crazily, and Qin Feng's momentum was also rising crazily...

Qin Feng was actually here Breaking through to Tiansheng in a moment.....

Zhao Gongming and others were overjoyed...

Chapter 1326

Qin Feng actually broke through to Tiansheng at this moment...

Zhao Gongming and others were ecstatic.....

Boom~Long~Long!

I saw Qin Feng's whole body rushing with momentum, and his combat power soared. In the blink of an eye, it reached 1 billion poles, reaching the limit of the combat power of the Half-Step Saint Ancestor...

At the moment Qin Feng broke through, outside the Chaos Orb, strange creatures appeared. changes occur simultaneously.

But it was said that Amitabha's golden wheel of annihilation cut through layers of space, and in the blink of an eye it was in front of the shadow clone, trying to split the shadow clone into two.

The phantom clone pointed its sword, and Yuantu Abi's swords began to join together, ready to fight.

Seeing this scene, Amitabha looked disdainful and his eyes were full of ridicule.

His current combat power has reached 500 million poles, but the phantom clone only has 230 million poles. How could he withstand his Golden Wheel of Nirvana.

If this one comes face to face, the shadow clone will be severely injured.

But at this critical moment, the phantom clone suddenly shook its tiger body, the momentum of its whole body suddenly exploded, and its realm aura instantly broke through to the holy realm.

Following this, the combat power of the phantom clones skyrocketed instantly, from 230 million to 400 million in the blink of an eye.....

Amitabha was greatly horrified, with a look of disbelief in his eyes.

He didn't expect that the shadow would break through at this critical moment.

Of course Amitabha doesn't know that the shadow clone is Qin Feng's clone.

The moment Qin Feng breaks through the realm, the three clones will also break through simultaneously...

Phew~!

Abiyuantu's two swords combined, turned into a sky-shattering golden rainbow, facing FaLun's destruction.....

Boom~!

Click~click~click!

There was an earth-shaking loud noise!

Billions of miles of void are shattered inch by inch!

The next second, there were two muffled groans!

Both the shadow clone and Amitabha flew hundreds of miles upside down, and they fought evenly.

Although the phantom clone's combat power is only 400 million poles, it is a full 100 million less than Amitabha's 500 million poles.

But the amplification multiplier of the phantom clone is three hundred times, which is much higher than that of Amitabha.

One was ebbing and the other was ebbing, and the two sides were evenly matched.

The same scene also happened in two other places.

The cultivation levels of Zijin's clone and Xuan's clone have also broken through to the Heavenly Saint realm, and their combat power has reached 420 million poles and 470 million poles respectively.

Bang~! Bang~!

There were two more earth-shaking loud noises.

Xuan Mi's clone also fought equally with Sanqing, and both sides retreated hundreds of miles each.

On the other side, Zijin's clone flew thousands of miles backwards, while Luo Hu only retreated a hundred miles.

But this was just a slight disadvantage, and the Zijin clone was not injured at all.

In this way, the three clones actually blocked the first wave of attacks from the three giants.

This scene made the whole audience dumbfounded!

Even Sanqing, Rahu, and Amitabha are unbelievable.

They never expected that the three major clones would achieve breakthroughs in cultivation at this critical moment.

At the same time, they also realized something, which was extremely shocking.

It turns out that Qin Lei, Qin Mu, and Qin Ye only broke through to Tiansheng at this moment, and they were not hiding their cultivation as they imagined.

In other words, three little Heavenly Saints, who had just broken through, could fight on a par with them. If they hadn't seen it with their own eyes, they would never dare to imagine it.

In terms of this potential, even the three great saint ancestors are less than one percent of the three great clones.

If compared with Qin Feng, the three great saint ancestors are even worse.

Sanqing, Rahu, and Amitabha all feel terrible just thinking about it.

The four Qin Feng brothers must not stay!

Otherwise, if they are allowed to grow up, there will be endless troubles!

"Ha ha!! Blocked! Your Majesty blocked it!"

The Shenmeng side cheered

"Damn it!"

Sanqing and others were furious.

"All my disciples, listen! Kill me!"

"Kill them all! Leave no one behind!"

Sanqing, Luohu, and Amitabha gave orders one after another.

Then, the three of them rushed towards the Shenmeng.

The shadow clone, the purple gold clone, and the Xuanfei clone rushed to meet the three of them.

The next second, the disciples of both sides pounced on each other. Kill him.

Ancestor Ran Deng dodges and goes straight to Hongjun.

He knows that if Hongjun does not die, the strength of the Divine Alliance will be greatly enhanced with the help of the Chaos Realm.

As long as Hongjun is destroyed, the Divine Alliance will be destroyed. It would be easier.

But when the two sides fought, Hongjun was only slightly at a disadvantage.

This horrified the ancient Ancestor Randen.

Hongjun benefited the most from the help in the chaotic field, and his combat power was comparable to the level of Old Man Yuexia.

It is impossible for the Ancestor Randen to crush him.

Unless the Ancestor Randen comes up with his trump card - the ancient corpse!

At the same time, other places on the battlefield have been divided into several large and small battle circles, fiercely The battle started.

Xian Ling stopped a strong person in the late stage of the Quasi-Saint Ancestor. The two sides fought fiercely, evenly matched.

Chu Chu led the masters of the seven major stars in the north, controlled the Xuanwu Constellation, and stopped a strong person in the late stage of the Quasi-Saint Ancestor. , and the killing was evenly matched.

On the other side, Shangguan Yunxi led the masters of the seven constellations in the south, controlled the Suzaku constellation, and also stopped a powerful late-stage quasi-saint ancestor.

Qinglin led the masters of the seven constellations in the east, controlled the Qinglong constellation, and One against two, he stopped two powerful late-stage quasi-Saint Ancestors.

With the assistance of the Chaos Realm, Pangu's combat power was close to the threshold of the peak giants. With one against four, he stopped four powerful late-stage quasi-Saint Ancestors..

And Lord Ziwei stopped a late-stage quasi-Saint Ancestor strongman from joining forces with Taotie, Qiongqi, and Yaozhao.

The rest, Fu Zhi led the disciples to control the Zhoutian Star Dou Formation and stopped five The late-stage powerhouses of the Quasi-Saint Ancestor...

At this point, the two sides were divided into several battle circles, and they fought until the sun and the moon changed color, and the sky and the earth were dim. In the field, except for Zijin's clone,

Hongjun, and Ziwei Star Lord, who were at a slight disadvantage, the rest of the battle circles They were all evenly matched.

Sanqing and others definitely did not expect such a result.

In short, the battle between the two sides started, and the Shenmeng side actually resisted and was not completely at a disadvantage...

This made the people of the three sects outside the territory extremely depressed, and still felt in their hearts. Some are anxious.

They are worried whether Qin Feng will rush back at any time.

If Qin Feng rushes back, their situation will not be good.

Until now, they still don't know that Qin Feng is on the scene, but he hasn't come forward yet..

On the contrary, the children of the Shenmen League knew that Qin Feng was in the Chaos Pearl, and they had hope in their hearts. The more they fought, the braver they became, and their morale was high.....

At the same moment, inside the Chaos Bead.

Qin Feng had opened his eyes and looked at the battle outside with joy.

Finally, his eyes fell on the ancestor of Ran Deng.

He knew that the Ran Deng Ancestor was a variable, and this guy's trump card hadn't been revealed yet!

Of course, Sanqing probably still has some cards to play.

So far, he has only taken out an ordinary sacred weapon of creation - Qingping Sword, which is much inferior to Amitabha's Purifying White Lotus and Rahu's God-killing Spear.

"Ha ha!! His Majesty! Very good! Our people actually blocked them!"

"yes! Our Divine Alliance can resist them without His Majesty personally taking action. Now it seems that the three sects outside the territory are nothing more than this!"

At this moment, Zhao Gongming, Cang Sheng and others looked at the battlefield scene outside with excitement.

Qin Feng also showed a happy smile.

"Your Majesty, when will you take action? Yun

Xiao asked carefully.

She was still a little worried about the children of the Divine Alliance.

After all, the Divine Alliance was still at a disadvantage.

"Not urgent! Wait until I refine this first!"

Qin Feng turned his palm, and there was a drop of purple-gold divine blood in the palm of his hand, exuding the heavenly charm of creation. It was the drop of the holy blood of creation.

Now, his cultivation has broken through to the realm of heavenly saint, and the strength of his physical body has been greatly strengthened. It can completely refine this drop of the holy blood of creation.

And it only takes an instant to refine the holy blood.

Thinking of this, Qin Feng opened his mouth and sucked in the drop of the holy blood.

Zhao Gongming and others saw this Everyone showed excitement at the scene.

They understood what His Majesty meant.

This time, His Majesty wanted to use his strongest state to take action.

If he didn't take action, he would definitely kill everyone!...

Chapter 1327

However, it was said that after Qin Feng swallowed the holy blood of creation, his tiger body shook, and the power of blood energy radiated from his body and spread to all directions, stirring the heaven and earth, making the wind and thunder move.....

Bang~! Bang~! Bang~!

There were bursts of explosions!

Qin Feng's exposed skin outside his robe swelled, forming knotted muscles. His whole person looked more majestic, his aura soared, and his combat power also continued to increase.....

In the blink of an eye, his combat power surged from 1 billion poles to 1.2 billion poles, and his momentum was overwhelming.

At this moment, every inch of skin and every cell contains the Taoist charm of creation, which is extremely terrifying.....

This is the benefit of thoroughly refining the holy blood of creation.

It can be said that his current physical strength has been greatly doubled, comparable to the peak of the Saint Ancestor.

If the three great saint ancestors heard about this, their jaws would be shocked!

After a long time, Qin Feng slowly opened his eyes, and saw Zhao Gongming and others looking at him in amazement.

The beautiful eyes of Yunxiao, Bixiao, and Qiongxiao shone brightly, and they looked at Qin Feng's figure carefully, with a strange look deep in their eyes.

It turns out that after Qin Feng completely refined the drop of the holy blood of creation, his figure became more slender and perfect, his skin was as white as jade, and he faintly exuded the supreme Taoist charm, and his temperament became more otherworldly, making people worship him involuntarily, and become more and more charming

"His Majesty! How fast you refined the holy blood this time!"

Zhao Gongming sighed.

Qin Feng smiled slightly:"It has been fused before, but the physical body cannot bear it and cannot be completely refined. This complete refining is a natural process. However, the completely refined state is better than I expected!"

Speaking of this, Qin Feng showed a satisfied smile.

Before this, he forcibly fused the holy blood, and his combat power could only be increased by 100 million poles.

But this time after complete refining, his combat power increased dramatically. 200 million poles, twice as powerful as the temporary fusion.

At this moment, the battle outside the Chaos Pearl changed again.

I saw that the Sanqing saw that the situation was not right, no longer concealed it, and resorted to a gossip Picture.

Boom~Long~Long!

The Bagua diagram rotates slowly!

Suddenly, countless prophecies of the great road appeared on the picture, emitting nine colors of light to illuminate the heaven and earth, making the heaven and earth move, and the heavens were shocked. The power of the supreme treasure, in an instant Overwhelm everyone.....

That is the sacred tool that Taoist ancestors borrowed from Sanqing Dynasty - the Bagua Diagram of Heaven and Earth. It has a certain effect similar to that of Tai Chi Diagram, but it is far stronger than Tai Chi Diagram.

This picture, like the God-killing Spear and the Thirty-sixth Grade Purifying White Lotus, is a top-grade sacred weapon of creation. It can attack, defend, and assist at the same time, and its power is infinite.

As soon as the Eight Diagrams of Heaven and Earth came out, the Sanqing Dynasty completed the integration of human beings and weapons, and their combat power instantly increased to 800 million.

The next second, the Heaven and Earth Bagua Diagram turned into an extremely huge millstone of Heaven and Earth, smashing into the Heaven-Slaying Sword Formation of Xuan Mi's clone...

Bang~! Bang~! boom~!

A series of earth-shattering explosions sounded in the field!

Billions of miles of space are trembling violently!

The millstone of heaven and earth is crushing down!

The dazzling explosion light lit up the world!

Click~! Click~! Click~!

Bang~!

The millstone of heaven and earth fell, and the Heaven-Slaying Sword Formation completely collapsed!

The clone of Xuan Ming groaned and was also thrown away by the millstone of heaven and earth.
.....

"not good!"

The whole audience exclaimed!

The expressions of the children of the Divine Alliance changed drastically!

At the same time, the ancient Ancestor Randen sacrificed a golden pagoda.

As soon as he sacrificed it, the small pagoda swelled when it saw the wind, and in the blink of an eye it turned into a ten thousand-foot tall tower. , the whole body emits thousands of rays of light, penetrating the nine heavens.....

That is the sacred weapon of the ancient ancestor of Ran Deng - the Golden Linglong Pagoda, also known as the Thirty-Three Heavenly Linglong Pagoda.....

Buzz~!

As soon as the Linglong Tower came out, it moved toward Hongjun. The hollow bottom of the tower instantly generated infinite suction...

The next second, Hongjun was uncontrollably sucked into the Linglong Tower.

As soon as Hongjun was sucked in, the Linglong Tower continued to shrink, shrinking to the size of several fists in the blink of an eye.....

At the same time, Ancestor Randen sacrificed the ancient coffin.

Boom~Long~Long!

The coffin and corpse coffin's strangely huge coffin lid slid slowly, making a rumbling roar, and the torrential corpse energy also surged out, shocking the earth.....

Immediately, a giant corpse with a height of ten thousand feet stepped out of the coffin...

As soon as it appeared, it caused chaos in the laws of heaven and earth, and the void shattered inch by inch...

The next second, the eyes of the ancient corpse slowly opened and closed, revealing His eyes turned scarlet, and his overwhelming fighting power surged crazily, reaching the number of 500 million in the blink of an eye.....

This scene shocked the whole audience!

Especially the three sects outside the territory were full of surprises.

They didn't expect that the Ran Deng Ancestor also had such a strong trump card...

Kacha~!

At this moment, the golden exquisite tower that had shrunk to the size of a fist suddenly exploded, and Hongjun's figure rushed out from the tower.....

The Golden Exquisite Tower is used to trap people, but it needs someone to control it, otherwise it will not be trapped for long.....

However, after Hongjun escaped from the trap, before he could take a breath, the Ancestor Randen controlled his ancient corpse and slapped Hongjun with a palm.....

"Little bastard! go to hell! Ha ha!!"

The ancient Ancestor of Ran Deng Jie Jie laughed strangely.

Boom~Long~Long!

The ancient corpse was slowly struck with his palm, covering the sky and the earth. The corpse energy was overwhelming. It was infinitely close to the Saint Ancestor's strike, which was enough to destroy the world. , how can Hongjun resist it?.....

"not good!"

"Little Lord!"

The Divine Alliance exclaimed.

The phantom clone even knocked back Amitabha with a sword, and was about to step forward to rescue Hongjun.

"Qin Lei, where are you going?!"

Unexpectedly, Sanqing arrived in an instant and smashed the millstone at the phantom clone again.

He originally smashed Xuan Mi's clone away and was about to continue the chase. When he saw the phantom clone going to rescue Hongjun, he quickly changed his mind. strategy to prevent him from going to the rescue.....

Boom~!

There was another loud, earth-shattering sound!

The phantom clone also groaned, and was thrown away...

At the same time, the giant claws of the ancient corpse fell, and countless space fragments were crushed by the overwhelming corpse energy.....

Hongjun had no choice but to bite the bullet and resist.

He knew that he couldn't resist it. Even if he didn't die under this palm, he would still be severely injured...

But he was locked by the ancient corpse and had nowhere to escape!

The hearts of everyone in the Divine Alliance sank instantly.

The Randen Ancient Ancestor, the three foreign sects, and others opened their eyes wide and watched with surprise.....

It seems that in the next scene, they will see Hongjun being slapped into pulp.....

But at this extremely critical moment, a majestic figure descended from the sky, and struck the ancient corpse with a banner...

Crack~!

A crisp sound!

The divine flag drew a light blade billions of miles long, splitting the heaven and the earth, splitting three thousand avenues, and splitting the ancient corpse.....

The huge ancient corpse was split into two and fell to the left and right... The person who came was none other than Qin Feng!

At this time, the whole audience was dumbfounded!..

Chapter 1328

The person who came was none other than Qin Feng!

At this time, the whole audience was dumbfounded!

"Qin Feng!"

The whole audience exclaimed!

"It's you!"

Ancient Ancestor Ran Deng was even more stunned.

His ancient corpse was the corpse of the Holy Ancestor. Its defense was stronger than its attack, but it was split in half by Qin Feng.

But before he could think about it, Qin Feng A banner flew towards him.

"not good!"

The face of Ran Deng Ancestor changed drastically.

He himself is not very strong, and he relies entirely on the Ancient Corpse to reach the threshold of half-step Saint Ancestor combat power.

With his energy, how can he dare to resist that banner.

He also wants to run away, but he is angry. It has been locked by Qin Feng and it is too late to escape.

"stop!"

At this moment, Sanqing roared and rushed over.

He knew that the ancient Ancestor Ran Deng could not resist, so he rushed to the rescue in time. Before the people arrived, the Eight Diagrams of Heaven and Earth turned into a big millstone of heaven and earth and smashed towards Qin Feng. Boom

~Long~Long!

The extremely huge millstone of heaven and earth came, covering the sky and the earth with its momentum, crushing everything, making the space of billions of miles tremble violently!

"roll!"

Qin Feng looked back with a banner, directly facing the big millstone of heaven and earth.....

In the blink of an eye, that flag collided with the great millstone of heaven and earth.

Bang~!

There was a shocking loud noise!

The dazzling explosion light lit up the sky and the earth!

Endless sound waves shook the void billions of miles apart, forming a huge exploding black hole.
.....

The next second, the big millstone was blown away.

Sanqing also screamed and vomited blood and flew out.

The whole audience was completely dumbfounded!

Oh My God!

With just one meeting, Qin Feng severely damaged Sanqing!

You know, the Sanqing's combat strength has reached 800 million!

Everyone does not know that Qin Feng's combat power has reached 1.2 billion. After being integrated with the Witch God Banner, his combat power has reached 1.3 billion.

In addition, Qin Feng's growth rate is 300 times, which is much higher than that of Sanqing. With the same combat power, no one can be his opponent.

After a comprehensive calculation, his strength is equivalent to that of 1.6 billion opponents, which is twice as strong as the Sanqing. Naturally, he can severely damage the Sanqing in person.....

"withdraw!"

"Escape!"

Seeing this scene, Luohu and Amitabha exclaimed at the same time, turned around and ran away.

Even Sanqing was severely injured by one move, let alone them, how could they dare to stay...

The expressions of the disciples of the three sects outside the territory changed drastically. , also turned around and left.

Ancestor Randeneng ran the fastest.

He took advantage of the moment Qin Feng hit back at Sanqing and slipped away first.

Unexpectedly, he was stopped by Hongjun after he had just escaped a few steps..

At this moment, Qin Feng turned around and struck the ancient Ancestor Randen with a banner.

When the banner was struck, billions of light blades were produced, which strangled the Ancestor Randen into dregs and turned into a blood mist all over the sky.....

"No~! ah.....!"

In the blood mist, an extremely shrill scream came out!

Immediately afterwards, there was a puff, the soft sound of the soul being shattered!

The ancient ancestor of Ran Deng died and disappeared!

In just one face-to-face encounter, Qin Feng instantly killed a top giant, making the whole audience feel numb.

Even Sanqing, Luohu, and Amitabha were so frightened that they broke out in a cold sweat. They all sped up and fled in panic. Not to mention the disciples of the three sects outside the territory, each one escaped faster than the other!

"Chase!"

"Don't even think about escaping!"

The children of the Divine Alliance cheered and hurriedly chased away.

The three clones were also preparing to chase and kill.

But at this moment, the ancient corpse that was split in two began to automatically fuse and was about to be resurrected.

The three clones hurriedly Rushing over, he attacked the ancient corpse at the same time, blasting it into pieces again, and began to strangle it with all his strength. With a wave of his hand, Qin Feng put away the energy transformed by the ancient Ancestor Ran Deng, as well as the stored energy left behind. Material rings, spiritual root seeds, sacred artifacts, the Universe Ruler, and the Golden Exquisite Pagoda.

After collecting these trophies, Qin Feng also pursued and killed him.

But on the other side, Sanqing, Luohu, and Amitabha escaped with the disciples of three sects from outside the territory.

The three of them People can escape very quickly, but the disciples of the three sects are much slower. Taotie, Qiongqi, and Yaozhu are even slower.....

In just a moment, Pangu, Qinglin, Ziwei and others caught up and blasted the three Taotie into blood mist.

The disciples of the Divine Alliance who arrived later began to strangle the souls in the blood mist.

Pangu and others continued to chase, and it didn't take long before they caught up with a disciple of the late Quasi-Saint Ancestor, who was a disciple of the Pure Sect outside the territory.

As soon as Pangu caught up with him, he flew the disciple away with an axe.

Qinglin and Ziwei Star Master followed closely and also attacked the disciple at the same time.....

"Brother Ami! help me!"

The disciple shouted anxiously

"Damn it!"

Amitabha was originally running ahead. When he saw someone behind him being entangled by Pangu and the others, he quickly stopped.

However, he did not turn around to save him, but casually took out a banana leaf-like fan.

"Children of Shenmeng! Everyone, go back!"

Amitabha waved his fan away, and a huge wind blew between heaven and earth, sweeping the sky and the earth, and directly flew Pangu, Qinglin, and Ziweixing master fans back tens of thousands of miles away.

Pangu and the three of them were also behind. The nearly a thousand disciples of the Divine Alliance who were chasing after them were also blown back one after another, and they were all knocked unconscious and in a very embarrassed state.

With just this one encounter, the pursuit of the Divine Alliance was completely shattered.

Lord Amitabha was overjoyed, and he He was about to turn around and continue to escape.

But at this moment, a ray of light and shadow came hurriedly.

Amitabha looked closely and found that the person coming was Qin Feng, and his face changed greatly with fright.

He subconsciously fanned towards Qin Feng, and for a moment , flying sand and rocks, strong winds.

But Qin Feng was not affected at all, and did not even slow down much, and continued to kill.

Amitabha was so frightened that he turned around and ran away.

The fan was called the banana fan, and it was just a cauldron-level sacred weapon. , used to deal with Pangu and others, with immediate results.

It could be used to deal with Qin Feng, with little effect.

In a hurry, Amitabha put away the banana fan.

Before he could escape far, several shrill screams rang out from behind him.

Those were several disciples of the three sects from outside the territory who were slow to escape, but they were killed instantly by Qin Feng.

Master Amitabha's scalp was numb when he heard this, but he did not dare to turn around to save him. He did not even dare to look back and ran away at full speed.....

At this moment, he regretted that he was nosy and had to save people, so he stopped.

His escape speed is slower than Luo Hu and Sanqing. If that giant will be the first to be caught up, it must be him.

As soon as he had this thought, there was a rapid sound in the back of his head.

Qin Feng actually caught up with him

"Where to escape!"

Before Amitabha could think more, Qin Feng gave a sharp shout and chopped down a flag. The sky-reaching light blade opened up the sky and the earth, seeming to cut through everything.

Amitabha's expression changed greatly, and he quickly used the Golden Wheel of Nirvana to resist... ~!

There was a scream from heaven and earth!

The Golden Wheel of Annihilation was knocked away directly.

The power of the flag did not diminish, and it continued to cut down.

"Damn it!"

Amitabha roared and activated the sacred lotus platform at his feet.

Buzz~!

The thirty-sixth grade Pure White Lotus was activated!

The aura of heaven and earth shined!

A white light shield rose up, emitting thirty-six layers of halo, reflecting The sky was in all directions.

Boom~!

The remaining power of that flag struck the light mask!

Click~! Click~! Click~!

The light mask was cracked and numerous fine lines appeared, and it actually blocked the remaining power of that flag.

But Amitabha Zun was also blown away by a banner!

"Huh!"

Qin Feng was a little surprised and hurriedly chased him forward.

The thirty-sixth grade Pure World White Lotus implies the creation of heaven and earth and is endless. It is best at defense and healing.

It is not surprising that it can block Qin Feng's blow..

In just a blink of an eye, Qin Feng caught up with the rolling Amitabha, and struck down another flag...

The protective light shield of the Pure White Lotus was already full of cracks, and he had not yet fully cultivated himself at this moment.

That flag struck down Come on, Amitabha knew that he couldn't resist, so he couldn't help but call for help.

"Fellow Taoist Sanqing! Fellow Taoist Rahu! quick! Come and help me!."

Crack~!

As soon as he finished speaking, Qin Feng struck down with a flag, directly shattering the defensive light shield of the Pure World White Lotus, blasting through Amitabha's chest. Blood flew out, and a miserable roar echoed in the void.....

"Ah~! Samcheong! Rahu! help me! Come and save me!"

Amitabha was shouting loudly.

Sanqing and Luohu felt their scalps numb when they heard this.

Not only did they not turn around to save them, but they ran away faster.

At this moment, not to mention that Amitabha was entangled by Qin Feng, even their junior disciples Even if they are entangled, they will abandon them.

"No~!"

Seeing Sanqing and Luohu abandoning themselves and running away, Amitabha roared in despair...

Qin Feng did not miss this opportunity and launched a crazy attack on them.....

Boom~! Boom~! Boom~!

Immediately, a series of earth-shattering killing sounds were heard in the field, as well as the miserable roar of Amitabha..

Chapter 1329

Boom~! Boom~! Boom~!

Immediately, a series of earth-shattering killing sounds were heard in the field, as well as the miserable roar of Amitabha.....

"Ah~! Samcheong! Rahu! help me! help me!"

Amitabha was unwilling to give in and still called for help.

But Sanqing and Luohu walked further and further away, paying no attention to him.

Amitabha became more and more desperate.

With his strength, he had no power to fight back in front of Qin Feng...

Bang~!

Finally, under a series of violent bombings, Qin Feng exploded Amitabha, turning it into blood mist all over the sky...

Boom~! Boom~! Boom~!

Qin Feng quickly blasted away the blood mist and began to strangle Amitabha's essence. god

"ah~!...ah~!...ah~!"

In the blood mist, the screams of Amitabha were heard constantly.

His spiritual aura is also constantly declining.

He was also completely panicked

"Qin...Qin Feng! You can't kill me! I...I am the chief disciple of Jingzu! If you kill me, my master will never let you go!"

Amitabha roared hysterically.

At this moment, he only had one threatening move left.

Qin Feng sneered: "Ha! I have killed many disciples of the Pure Sect outside the territory. Even if I let you go, the Pure Ancestor cannot let me go. It is extremely ridiculous for you to say these useless words!"

"no, I can not! As long as you let me go! I am willing to sign a contract with you and ask Master to let you go! I promise I can do it!"

"Ha ha!! Don't be nagging! Even if your persuasion succeeds, it's useless. This deity is intended to inherit the mantle of the ancient god. Do you think Jingzu would give up the inheritance and let me get it?"

"This this...."

Amitabha was speechless for a moment.

For Jingzu, the inheritance of the mantle and mantle of the ancient god lord is much more important than the life of Amitabha.

That is the key to his breakthrough to the seventh realm!

If it were for the inheritance of that mantle, he could sacrifice the lives of Amitabha and others.

"Ha ha!! Amitabha! Just accept your fate!"

Boom~! Boom~! Boom~!

Qin Feng continued to strangle madly. Amitabha suddenly screamed again and again.

Swish~! Swish~! Swish~!

At this moment, another series of piercing sounds came from far away.

It was exactly Hongjun, Pangu, Qinglin and other disciples of the Shenmeng rushed over.

"father!"

"His Majesty!"

Everyone saw Qin Feng and paid their respects one after another.

"Huh! Amitabha was exploded!"

The disciples soon discovered the screaming Amitabha in the blood mist.

Hongjun waved his hand:"I won't delay! Hurry up and hunt down the three sects outside the territory!"

"yes!"

All the disciples woke up and promised to continue the pursuit.

"Don't chase the poor bandits!"

Qin Feng quickly stopped

"Dad, why?", Hongjun was puzzled.

Qin Feng looked at the three disciples from outside the territory who had gone away, and almost escaped from their sight.

"With your strength, even if you try to catch up, you won't get any advantage. What's more, there are Sanqing and Luohu in front of me. If you stay too far away from me, you will be in danger.

Hongjun suddenly realized:"My child understands!" I just feel a little pity! Qin

Feng smiled slightly:"As long as we can kill Amitabha, we will have achieved the greatest result. It is not a pity!"

Pangu said happily:"Your Majesty is right!" Once Amitabha dies, the three outside sects will have nothing to fear!"

Ziwei Star Lord also said happily:"Then what are we waiting for? Please help your Majesty to destroy Amitabha!"

"yes!"

The disciples happily agreed.

At that moment, everyone rushed towards the blood mist.

With their participation, Amitabha's soul energy began to fall faster.

Amitabha was frightened and roared anxiously.

"You...you can't kill me! Hongjun sneered:"Now that things have happened, it's so ridiculous that you are still talking about these useless nonsense!"

Amitabha roared:"Qin...Qin Feng! I'll tell you the truth... I'll tell you the truth! My...master's combat power has reached more than 8 billion poles! With your current strength, you can't last more than one round in front of my master!"

As soon as these words were said, the expressions of everyone in the Divine Alliance changed slightly.

Oh my God!

Jingzu's combat power is so terrifying. His Majesty is afraid that he will not see this for a round.

Qin Feng was also horrified, secretly thinking that he still underestimated him. Jingzu.

He originally thought that Jingzu's combat power was about five to six billion poles.

If there were 8 billion, his combat power would be less than one-sixth of Jingzu's.

It seemed that Qin Feng could see Qin Feng's strength. Worried, Amitabha continued to shout

"Qin...Qin Feng! I will tell you again that the combat power of Dao Ancestor and Demon Ancestor is no longer lower than that of my master, their combat power is about 8 billion. If you dare to touch the mantle of the ancient god lord, you will be besieged by the three great ancestors."

"At that time, even if your combat power reaches the threshold of the Saint Ancestor. But under the siege of the three great saint ancestors, you can't even hope to survive! What's more, with your strength, even if you get the mantle and inheritance, you still won't reach the threshold of the Saint Ancestor!"

"You are simply not qualified to possess the inheritance of the ancient God Lord! Even if you get it, you will die without a burial place! If you are smarter, let me go now. I will show you a way out! Ha ha!!"

As soon as these words were said, all the disciples' expressions changed slightly, and they all looked at Qin Feng and became worried about him.

If what Amitabha said is true, then even if His Majesty inherits the mantle of the God Lord, it will be extremely dangerous!

Qin Feng will not He thought he was satisfied and said firmly:"Stop talking nonsense! All my disciples, listen! Use all your strength to destroy him!"

"yes!"

The disciples of the Shen League responded with a bang and launched all-out attacks one after another. Qin Feng also attacked with all his strength.

Boom~! Boom~! Boom~!

Suddenly, the explosions in the field became more intense, and Amitabha's soul energy fell faster.

"No~! "

Amitabha shouted in horror

"Stop...stop! Qin...Qin Feng! No...don't do this! You will regret this!"

Qin Feng laughed endlessly.

The more Amitabha said that, the less likely he was to give up the legacy of the ancient god lord.

That was his only hope of survival!

No matter whether he let Amitabha go or not, none of the three outside sects wouldPass him.

What's more, by killing Amitabha, he can obtain a large amount of energy, which can greatly enhance his combat power.

In this way, he would have a little more hope of survival when facing the siege of the three great ancestors. How could he miss it.

Huh~! Huh~! Huh~!

At this moment, white light flashed, and three majestic figures appeared out of thin air, appearing in front of everyone.

It was the Shadow Clone, the Purple Gold Clone, and the Xuan Female Clone who arrived.

Qin Feng showed joy when he saw the three clones.

Just now, the three of them teamed up to kill the Ancient Corpse, gaining a large amount of energy and gaining a huge harvest.

Those energies can greatly increase Qin Feng's combat power, which naturally makes Qin Feng satisfied.

But he said that as soon as the three clones arrived, they immediately took action against Amitabha.

Boom~! Boom~! Boom~!

Suddenly, the explosion was shocking and the sky and the earth were dark!

Amitabha's spiritual aura is falling crazily!

He desperately screamed and begged for mercy, but it had no effect at all... Just like this, under the crazy attack from all the members of the Divine Alliance, Amitabha's soul could not hold on...

A quarter of an hour later, with a soft sound of 'Puch'!

Amitabha's soul finally collapsed, and he died and disappeared.....

"Qin Feng! You will regret this! Pure World White Lotus has recorded all images! Master Item will definitely take revenge on me! Just wait to die! ah~! "

At the moment when Amitabha died, he used up his last thoughts and let out his last mournful roar.
.....

As soon as the roar ended, a ray of white light quickly fled away. It was the thirty-sixth-grade Pure World White Lotus...

Qin Feng quickly ducked out of the way, hoping to capture the Pure World White Lotus.

Phew~!

Unexpectedly, the thirty-sixth grade Pure World White Lotus disappeared out of thin air in an instant, leaving Qin Feng in the air.

The next second, it broke through the space and disappeared from everyone's eyes.

Qin Feng's expression changed slightly.

He knew that the pure white lotus split the space and escaped from the secret place, directly looking for Jingzu.

If what Amitabha said is true, killing Venerable Manjusri, Samantabhadra, and Amitabha will all be recorded by the Pure World White Lotus.

After Jingzu took back the Pure World White Lotus, he naturally knew the truth of all this.

He hasn't left the secret place yet, but he has to face the Holy Ancestor to worry about him. There will be a lot of pressure in the future!.....

Of course, the elusiveness of the top-grade sacred artifact also made Qin Feng look at him with admiration and envy him..

Chapter 1330

"Dad, that thirty-sixth-grade Pure World White Lotus ran away again!"

Hongjun looked at the direction where the Pure White Lotus disappeared with some regret.

Qin Feng nodded slightly:"After all, it is the best of the sacred artifacts of creation. It is not easy to capture it! Perhaps, when my combat power reaches more than 2 billion poles, I can hope to capture this level of sacred artifacts."

Hongjun's eyes lit up:"Dad, Sanqing and Luohu both have top-grade holy artifacts of creation. If you can break through the combat power to 2 billion as soon as possible, there is hope that you can take away their top-grade holy artifacts of creation."

Ziwei Star Lord also said:"Yes, Your Majesty! If what I expected is correct, those two top-quality sacred artifacts should also belong to the Dao Ancestor and the Demon Ancestor. It would be bad for you if you let those two treasures escape!"

Qin Feng nodded slightly.

He understood what Lord Ziwei meant.

He will eventually have a battle with the three saint ancestors!

If the God-killing Spear and the Eight Diagrams of Heaven and Earth escape and return to the hands of the Demon Ancestor and the Dao Ancestor, it will be equivalent to increasing the strength of the Demon Ancestor and the Dao Ancestor was reduced.

If he could intercept it, even if he could not refine it, it would be one of the ways to weaken the strength of the Demon Ancestor and the Dao Ancestor. At this point, Qin Feng no longer took Sanqing and Luo Hu into consideration.

His There were only three Saint Ancestors left.

However, with his current strength, he was not a match for any of the Saint Ancestors, let alone facing the three Saint Ancestors joining forces.

This thought made him feel pressure.

At that moment, Qin Feng said:"You are right, I should quickly improve my strength. Having said that, since the start of this link, I have gained a lot of energy. I have dozens of groups of energy at the quasi-Saint Ancestor level alone."

"In addition, there are seven giant-level energy levels: Amitabha, Ancestor Hunji, Ancestor Liugen, Old Man Under the Moon, Ancestor Ran Deng, Venerable Manjushri, and Venerable Samantabhadra.

"And the energy transformed from the ancient corpse is even closer to that of the half-step Saint Ancestor. If I refine all this energy, I think I will have a chance to reach 2 billion poles."

After hearing these words, all the disciples were overjoyed.

They naturally hope that the stronger Qin Feng is, the better.

As long as Qin Feng is around, the Divine Alliance will never fall!

"Your Majesty, this storage ring contains a lot of energy. It belongs to the four powerful late-stage quasi-saint ancestors that you slaughtered during the battle just now. I put it away for you when I came. There are also some trophies they left behind."

Ziwei Star Master respectfully presented a storage ring again.

"Your Majesty, this bottle also contains some energy, which is used to kill Taotie, Qiongqi, and Yaozhu. These are the storage rings and sacred objects left by the three of them."

Qinglin also presented many trophies

"very good!"

Qin Feng put it away happily.

What he lacks most now is energy. The more energy he can get, the better.

At present, his first goal is to quickly digest the huge energy and increase his combat power to 2 billion..

However, those energies may not be enough.

With this in mind, Qin Feng waved his hand and put away the energy transformed by Amitabha, as well as the storage ring left by Amitabha, as well as the sacred banana fan and the Golden Wheel of Nirvana.

When he got the Golden Wheel of Annihilation, Qin Feng felt secretly happy for a while.

The Golden Wheel of Annihilation is a creation-level holy weapon with extraordinary power.

The only pity is that he can only seal the Golden Wheel of Annihilation and cannot refine it for use..

The holy weapon has a spirit, and it is extremely difficult to subdue it, let alone a creation-level holy weapon.

At this time, the three major clones threw another storage ring.

Qin Feng all put it away.

The three storage rings contained The energy transformed by dozens of guardians and controllers, as well as the Spirit of Creation worth 200 points.

Qin Feng also attaches great importance to the Spirit of Creation. Can the power of his Heaven-Destroying Sword Formation reach the level of the top-grade Holy Artifact of Creation? The level depends on the spirit of creation.

Qin Feng knew in his heart that the three great saint ancestors all had the best sacred artifacts of creation.

He could not be at a disadvantage when it came to the sacred artifacts, so he naturally had to strengthen the power of the Heaven-Slaying Sword Formation.

Seeing Qin After Feng finished handling the trivial matters, Hongjun stepped forward to ask again.

"Dad, what should we do next?"

Qin Feng pondered for a while and said:"Of course he wants to go to the Suzaku Holy Realm and the White Tiger Holy Realm to get all the resources there. Especially those tokens such as the five-dimensional Taoist robes, the seven-dimensional Taoist robes, and the nine-dimensional Taoist robes. One of them cannot be missing."

"These are related to the inheritance of the descendants of the ancient God Lord, especially the inheritance of the three direct lineages is the most precious. If you wait for these inheritances, you will definitely be able to achieve a breakthrough in cultivation and greatly improve your strength."

"And if your strength increases greatly, I will be able to obtain a large amount of combat power in return. Maybe, before I leave the secret place, I can reach the strength of the half-step Saint Ancestor, or even be stronger!"

As soon as these words were said, all the disciples' eyes lit up.

Hongjun said happily: "Yes! As long as our strength increases greatly, your strength will also increase greatly. In this way, we must collect all kinds of inheritance tokens from the Suzaku Holy Realm and the White Tiger Holy Realm, and we cannot let Sanqing and Luohu take advantage."

Ziwei Star Lord smiled and said: "That's right! However, it is hard to say whether Sanqing and Luo Hu dare to go to the Suzaku Holy Realm and the White Tiger Holy Realm."

Qin Feng smiled slightly: "Whether they dare to go or not, we must speed up and go to the two realms to collect tokens."

"Dad, let's set off!"

"Wait! Fu Zhi!"

"Father, Fu is here!"

"Take this jade talisman. The map depicted in this jade talisman marks all the opportunities in the Qinglong Holy Realm. You can lead your disciples to collect those opportunities."

Qin Feng waved his hand, and a jade talisman flew toward him.

That jade talisman was the opportunity he had obtained when he killed the senior controller.

"yes! Father!"

Fu Zhi happily put away the jade talisman.

Afterwards, Qin Fengyou made some arrangements and took a group of quasi-saint ancestors and dozens of heavenly saints to rush to the exit of the holy realm.

And Fuzhi led thousands of divine allies The disciples began to search according to the map and comprehensively searched for the opportunities left in the Qinglong Holy Realm.

Now, there are no guardians and controllers in the Qinglong Holy Realm, leaving Fuzhi and others to collect the opportunities without any problems.

And Qin Feng led a group of accurate The Holy Ancestor left because he wanted them to go to the Vermillion Bird Holy Realm and the White Tiger Holy Realm to hunt down the guardians and controllers.

After this division of labor was completed, Qin Feng and his party left in a hurry.....

At the same moment, at the entrance of Qinglong Holy Land, on the square.

Sanqing and Luohu both looked into the depths of the holy realm with lingering fears.

Beside the two of them, there were only eleven powerful late-stage quasi-saint ancestors left, and only three of them came from the Pure Sect outside the territory.

At this moment, the three people looked extremely sad.

When they were escaping, they saw with their own eyes that Senior Brother Ami was entangled by Qin Feng, and they were afraid that the situation was in danger.....

"Why! Fellow Taoist Luohu, the sound of fighting over there has stopped, and Fellow Taoist Ami has not returned. I'm afraid he's in danger!"

Sanqing sighed with emotion.

"yes! I saw a white light escaping into the void before, which seemed to be the Pure White Lotus. If fellow Taoist Ami had not died, Pure World White Lotus would not have abandoned him."

Luo Hu's two heads sighed in unison.

As soon as he said this, the three Jingzong disciples who had hearts in mind became even more sad.

Sanqing smiled bitterly:"I didn't expect it! We waited for the three sects outside the territory to use all their trump cards, but we still lost so miserably that even fellow Taoist Ami fell. From this moment on, we no longer have the capital to deal with the Divine Alliance!

Luo Hu also sighed:"Yes!" I had underestimated the Divine Alliance before. However, Qin Feng could not be proud for long. He killed Jingzu's chief disciple, how could Jingzu spare him?"

"As long as he leaves the secret place, Jingzu will definitely kill him and avenge fellow Taoist Ami! Sanqing also said coldly:"Not only Jingzu will not let him go, but your master and I will not let him go." That guy killed a lot of people from our two sects! Luo Hu gloated:"

Yes!" When the time comes, the three great saint ancestors will take action together. Killing him is like crushing an ant. This kid won't be able to jump around for long!"

"Let's go! I'll wait and watch the show slowly!"

Sanqing sneered, but his heart was still full of resentment.

This time, they lost so miserably, so naturally they couldn't be happy.

At that moment, Sanqing split into three with a flash, and turned back into Taiqing, Yuqing, and Shangqing. He led his disciples towards the light door at the exit.

Luohu no longer stayed, and automatically released his combined body and transformed into Mohu and Luoja. He also led the disciples towards the light door.

In just a moment, the group came out. Qinglong Holy Land..
