

## God level 1331

### Chapter 1331

But on the other side, in the square in the secret place.

Among the seven or eight hundred assessors, some were meditating to heal their injuries, some gathered together to chat, and some kept staring at the entrance of the Azure Dragon Holy Realm, waiting silently.

Since the last big melee, all the forces have suffered heavy losses, and now there are only seven or eight hundred people left.

They were also frightened by the Divine Alliance. After they came out, they healed their wounds in the square. No one dared to enter the Suzaku Holy Realm and the White Tiger Holy Realm again.

Once they arrived, they were afraid that people from the Divine Alliance would also enter.

Secondly, with their current strength, they would gain little from entering the two holy realms.

At this moment, in the corner of the square.

The only five remaining quasi-saint ancestors gathered together and kept talking in low voices.

These five people are the Pingtian Saint from the Taiping Heavenly Domain. He is a tall and strong man with two horns. His cultivation is in the middle stage of the Quasi-Saint Ancestor.

The other three people are the Lingming Stone Monkey, the Brachiarua Monkey, and the Red Horse Monkey from the Changling Heaven Realm.

As well as Venerable Wei Tuo from the Wei Tuo Heaven Realm, he looks like a middle-aged man, and his cultivation is at the early stage of the Quasi-Saint Ancestor.

After Qin Feng killed the ancient ancestor of Ran Deng, the seal of the ancient heaven also fell into Qin Feng's hands.

Now, among the nine heavens and ten realms, only the Taiping Heavenly Realm, the Changling Heavenly Realm, and the Wei Tuo Heavenly Realm have fallen into the hands of Qin Feng.

At this moment, the five Taiping Saints were discussing in low voices.

"I never expected that our losses would be so heavy! Now, we don't even dare to step into the Suzaku Holy Realm and the White Tiger Holy Realm."

Sage Taiping smiled bitterly.

Venerable Wei Tuo also sighed: "Yes! Nowadays, everyone is panic-stricken and at a loss of position!"

Lingming Stone Monkey sneered: "Don't worry, you two! This time, the three foreign sects, Senior Ran Deng, and three fellow Taoists, Taotie, Qiongqi, and Yongzhu, have entered the Qinglong Holy Realm and are causing trouble for the Divine Alliance."

"With their strength, they will definitely be able to sweep through the Divine Alliance and make the Divine Alliance pay the price in blood. Let's just wait for the results!"

The tone of the Lingming Stone Monkey was full of resentment.

Among the four great monkeys in the Changling Heaven, the six-eared macaque had died at the hands of the Divine Alliance.

Naturally, the Lingming Stone Monkey hated the Divine Alliance extremely!

"Fellow Taoist Lingming is right! With the strength of the three external sects, they will definitely be able to sweep the Divine Alliance. I'll wait and see the results!"

Venerable Wei Tuo also showed hope in his eyes.

Holy Venerable Pingtian smiled:"If the three sects outside the territory win a great victory, we can safely go to the territory of the three saints to search for opportunities."

"yes! As long as the Divine Alliance survives, we will be uneasy. I wonder when the battle between them will end this time?"

Venerable Wei Tuo couldn't help but aim at the entrance of Qinglong Holy Realm.

Lingming Stone Monkey said coldly:"In any case, the strength of the Divine Alliance is not weak. There should be a hard fight between the two sides, but I'm afraid it will take a day or two to get the result!"

As soon as these words were said, a light door lit up at the exit of the Azure Dragon Holy Realm.

Immediately, a group of people walked through the light door.

Lingming Shihou and others couldn't help but follow the sound and saw Saint Taiqing. A group of people walked out with embarrassed faces.

This group of people was sparse, with only sixteen people.

In addition, the figures of Amitabha and Randen Ancestor had disappeared.

Seeing this scene, all the examiners suddenly felt Not good.

Those disciples from the Hunji Heaven Realm felt even more uneasy when they saw that there were no Taotie, Qiongqi, and Yaozhu among the crowd.

"Senior Taiqing, why didn't my three adults, Taotie, Qiongqi, and Yaozhu, come out with you?"

A disciple from the Hunji Heaven Realm cautiously stepped forward to ask.

All the assessors pricked up their ears to listen.

Saint Taiqing and Mohu looked at each other with ugly expressions on their faces.

Then, he sighed: "You don't have to wait any longer, the three of them should have died at the hands of the Divine Alliance!"

"ah!"

The Hunji Tianjie disciple was dumbfounded.

The whole place was in an uproar.

Taiqing Shengzun, Mohu and others didn't bother to pay attention, and walked to the side of the square in low spirits.

Lingming Stone Monkey saw this scene and couldn't help but step forward. Asked: "Senior Taiqing, Senior Mohu, why didn't Senior Amitabha and Senior Randeng come out with you?"

Sage Taiqing smiled bitterly: "The two of them probably won't be able to come out....."

"Why?"

"They have fallen into Qin Feng's hands!"

"What?!"

As soon as those words came out, the whole place was in a commotion, and all the examiners looked in disbelief.

"Former...senior! This...how is this possible?!"

Lingming Stone Monkey was so shocked that he couldn't speak clearly.

Mohu couldn't help but said irritably: "Do you think we and the others will tell some jokes to you?"

Lingming Stone Monkey was completely dumbfounded by this rebuke, and his mouth opened wide.

All the examiners were completely shocked.

Oh my God!

The three extraterrestrial sects and the ancient Ancestor of Randen were still beaten by the Divine Alliance. It must be a big defeat.

The strength of the Divine Alliance is too strong!

Regarding the shock of the examiners, the three external sects were not interested in paying attention.

At this time, Luo Jia suggested: "Everyone, with our current strength, we are no longer members of the Divine Alliance. It is better to avoid the opponent. It's better that we go to the Suzaku Holy Realm and the White Tiger Holy Realm to search for opportunities, maybe we can improve some strength."

As soon as those words were spoken, Saint Taiqing shook his head: "I think this is inappropriate! In this square, it is forbidden to fight each other, and we still have safety guarantee. If we enter the two holy realms and encounter Qin Feng again, we will be in danger!"

Luo Jia frowned: "Is it possible that we have to give up the opportunity within the Three Great Sages?"

Sage Taiqing smiled bitterly: "At present, it seems that this is all we can do. Of course, we cannot sit still and wait for death."

As he spoke, he looked at all the assessors.

"Everyone, you have joined forces to attack the League of Gods before. And many of your disciples died at the hands of the Divine Alliance. This is a blood debt that cannot be repaid!"

"Even if you are afraid of the Divine Alliance and don't want to worry about the blood debt, I'm afraid that the Divine Alliance will not let you go. After all, you took the initiative to attack them before. This is a life-and-death feud, and the Divine Alliance will not just let it go."

Sage Taiqing preached loudly.

After listening to it, all the examinees changed their expressions and felt uneasy.

One by one, you looked at me and I looked at you, feeling a little at a loss.

"Saint Taiqing continued:" However, you don't have to worry. Qin Feng killed Amitabha and also killed members of our Dao Sect and Demon Sect. He offended three sects outside the territory at the same time"

"The holy ancestors of our three sects will never let him go! As soon as the secret assessment is over and the three great saint ancestors arrive together, that will be Qin Feng's death!"

Hearing this, the eyes of all the examiners lit up and showed joy.

Saint Taiqing said again:"Although little Qin Feng is destined to be able to jump around for a long time, we can't let little Qin Feng continue to be arrogant. Next, there is another assessment that has not yet started."

"If you are willing to share the same hatred with our three sects, then the leaders of each sect will come and we will discuss the final assessment. Let's see how to act so that Qin Feng and others cannot take advantage."

"I believe it! As long as I and others work together, we will definitely prevent the Divine Alliance from getting better results in the final assessment. What do you think?"

As soon as these words were said, Lingming Stone Monkey hurriedly said:"Senior Taiqing, this junior is willing to discuss!"

"senior! I'm also willing to discuss it!"

"I do too!"

Sage Pingtian and Venerable Wei Tuo also expressed their opinions.

Seeing this, the leaders of all forces knew that it was difficult to turn back.

Now that things have happened, even if they do not jointly deal with the Shen Alliance, it will be difficult to resolve their hatred.

At this moment, the leaders of all forces They all agreed.

Soon, Taiqing Shengzun gathered the leaders of many forces together and began to discuss the plan for the final assessment, in order to give Qin Feng another stumbling block in the last step.

So far, he Still crying without seeing the coffin.

Not long after the leaders gathered together and discussed, the entrance of Qinglong Holy Land flashed with light.

Everyone was startled and couldn't help but follow the sound and saw Qin Feng and his party coming out..

When they saw Qin Feng, Taiqing and Mohu couldn't help but change their expressions slightly, with a hint of fear in their eyes.

The assessors looked at Qin Feng with horror on their faces, not even daring to breathe.

Unknowingly, In their minds, Qin Feng has become a demon-like existence, so terrifying that he is unattainable and second only to the three great saint ancestors.

"Dad, look at those people gathered together, I'm afraid they don't have any good intentions!"

Hongjun whispered in Qin Feng's ear.

Qin Feng smiled coldly and looked around the audience.

Wherever his eyes passed, those assessments Everyone lowered their heads. No one dared to look at him. Even the people from the three sects outside the territory silently avoided his gaze.

At this time, Qin Feng slowly spoke:"From now on, only our Divine Alliance is allowed to enter the three holy realms." The children stepped in. Anyone who dares to take a step forward will be killed without mercy!"

As soon as those words came out, the expressions of all the examiners changed.

Qin Feng was too domineering!

This was obviously to let the Divine Alliance monopolize the resources of the three realms!

All the examiners felt grievances, but no one dared to refute.

Tai Qing Sheng Zunye opened his mouth, but stopped talking, and held back what he wanted to say.

Mohu and LuoJia also darkened their faces and did not say much.

At this point, they are no longer qualified to compete with God.It's a hard fight.

Seeing this, Qin Feng smiled coldly:"Hong'er! Chaos Pearl!"

"yes! father!"

Hongjun understood and quickly sacrificed the Chaos Bead.

Buzz~!

The divine bead floated in the air, and the aura shone brightly.

"Everyone, I am guarding this divine bead! If anyone dares to step into the three holy realms, please give it a try!"

Throwing this warning, Qin Feng dodged and entered the Chaos Pearl.

Next, Hongjun, Xianling, Sanxiao, Zhao Gongming, Cang Sheng, Yutian, Love God, Fengdi, Hongyun, and Minghe They also followed in.

Then, the three clones led Pangu, Qinglin, Ziwei and other quasi-sage ancestors and dozens of heavenly saints into the Suzaku Holy Realm.

Seeing this scene, Taiqing Shengzun and others were also completely They gave up.

With Qin Feng monitoring the whole scene in the Chaos Bead, they didn't dare to make any small moves anymore, so they had to completely give up the opportunity of the three holy realms.

But they said that as soon as Qin Feng entered the Chaos Bead, he began to refine energy.

He is now His first goal is to seize all the time, digest the energy as quickly as possible, and increase the combat power to 2 billion poles as soon as possible. At the same time, when he is refining the energy, he can also frighten the three sects outside the territory. It can be said that they killed two birds with one stone.

In addition, Xian Ling and Zhao Gongming took this opportunity to continue to study the method of White Tiger Astrology.

Feng Di, Hong Yun, and Ming He received the spiritual root seeds rewarded by Qin Feng, and A large amount of Nine Heavens Spiritual Dew began to cultivate spiritual roots and hit the realm of quasi-saint ancestors.....

Hongjun stayed, not only to protect Qin Feng and others, but also to monitor everyone in the square.....

The Chaos Bead can block the detection of the outside world. Only Qin Feng and others can see the outside, while Taiqing Shengzun and others cannot see the situation inside the Chaos Bead.

This made Taiqing Shengzun and others always feel like they were being spied on, making them feel very uncomfortable.

Qin Feng was very satisfied with the effect.

Then, he took out a ball of energy and officially began to devour and refine it.

Hongjun is standing by and guarding silently..

Chapter 1332

Taiqing Shengzun and others were shocked and stayed in the square one by one, not daring to make any small moves.

However, they were unwilling to give in and began to secretly transmit messages and continue to discuss how to deal with Qin Feng...

In this way, Qin Feng refined energy in the Chaos Bead.....

Fu Zhi led the disciples of the Divine Alliance to search for opportunities in the Holy Land of Qinglong according to the map.

The three clones led the senior leaders of the Divine Alliance to hunt down the guardians in the Suzaku Holy Realm...

Everything developed in an orderly manner as Qin Feng expected.....

It was at this same moment.

Near the entrance of the secret place, in the endless evil energy of the Nine Heavens.

Three figures covered in divine light, incomparably majestic and whose appearance could not be seen, slowly emerged.

These three people are none other than Jingzu, Daozu, and Demonic Ancestor.

At this moment, the three of them were looking forward, their three pairs of divine eyes shining with strange brilliance, flickering unsteadily, as if they were shocked.

In front of them, they saw the thirty-sixth grade Pure World White Lotus.

At this moment, Jingshi White Lotus released scenes one after another.

In the picture, there is a picture of Qin Feng killing Venerable Manjusri, Venerable Samantabhadra and many disciples of the three sects. It is like a real-life replay, everything is vividly visible.....

It wasn't until Qin Feng appeared killing Amitabha that the scene gradually disappeared. The Pure World White Lotus also put away its spiritual light and automatically flew to the feet of Jingzu, holding it up slightly.

The three great saint ancestors also slowly withdrew the light in their eyes and looked at each other.

In those three pairs of unfathomable eyes, the stars were disillusioned and waves were surging, making the three of them appear to be in a state of uncertainty.

After a long time, Dao Ancestor spoke first: "You two, I really didn't expect that such a powerful boy came out of the secret place. It seems that both San Qing and Luo Hu are in danger!"

Demon Ancestor said unconcernedly: "As long as San Qing and Luo Hu should be more cautious, and they should be fine. Looking at those pictures, the little thief's combat power is only a billion or so, so there is nothing to be afraid of!"

Jingzu said in a cold voice: "I will kill this kid!"

Daozu nodded slightly: "This is natural! This little thief has killed many of my Dao Ancestor's disciples, and I want to take his life too!"

Demon Ancestor also said: "My Ancestor thinks the same way!"

Jing Anzu smiled coldly: "I never expected that things would turn out To this point. I thought it was a competition between the three sects of you and me, but I didn't expect that there would be a time when we would join forces."

Demon Ancestor sneered: "Haha! Then Qin Feng is just an ant, there is no need for us to join forces at all. It's easy to destroy him."

Dao Ancestor said lightly: "It's easy to kill Qin Feng, so who owns the mantle of the ancient God Lord? Looking at the current situation, it is very likely that Qin Feng will get the mantle."

Demon Ancestor sneered: "In this case, we will Xiang joins forces to kill him and seize his inheritance. As for whose inheritance it is, it depends on their own abilities!"

Hearing this, Jingzu and Daozu nodded slightly.

The three saint ancestors reached a consensus on this matter.

They were preparing to finish the secret assessment, and as soon as Qin Feng came out, they would attack Qin Feng at the same time.

In fact, the development of things to such an extent was completely beyond the expectations of the three great ancestors.

They arranged for their respective disciples to enter the secret place, hoping that their disciples would be the first to inherit the mantle and take advantage of it.

Now it seems that this opportunity is difficult to seize.

Especially Jingzu, he has given up.

Amitabha Lord has fallen, and the possibility of the disciples of the Pure Sect outside the territory to inherit the mantle and mantle is zero, so he can only rely on robbing it.

At this moment, he hoped Qin Feng could get it even more.

Dao Ancestor and Demon Ancestor still survived a bit of luck.

As long as their disciples can obtain the mantle of the ancient God Lord.

They will be able to seize the opportunity and take the mantle of the Holy Ancestor as their own.

It's just that Qin Feng's appearance made them feel that the possibility was much smaller and the pressure was considerable.

Thinking of this, Dao Ancestor and Demon Ancestor both looked in the direction of the secret place silently, with different thoughts.....

At the same time, deep in the secret place.

In the Chaos Bead, Qin Feng was accelerating the refining of energy...

At the moment when the three saint ancestors were discussing to join forces to kill.

He felt an inexplicable palpitation in his heart and a vague sense of uneasiness.

This innate premonition made Qin Feng realize that the crisis was approaching step by step, so he did not dare to waste time and tried his best to refine and break through...

Time passed like this day by day.

The Shenmeng's operation went very smoothly.

It only took Fuzhi and others two days to plunder the resources within the Azure Dragon Holy Realm.

Two days later, the three clones also killed all the guardians and controllers in the territory of Suzaku Saint, and obtained the chance map of Suzaku Saint from the senior controller.

Next, Fuzhi waited for an opportunity to take the new map and continue to sweep the territory of Suzaku Saint.

The three clones continue to enter the White Tiger Holy Realm, searching for the guardian and controller.....

Just like that, just before the distance segment was about to end.

The League of Gods completely plundered the resources of the three holy realms and obtained all the tokens.

Including the tokens obtained from Xuanwu Saint, there are a total of three nine-dimensional Taoist robes, ten seven-dimensional Taoist robes, one hundred five-dimensional Taoist robes, and dozens of quasi-saint ancestor-level energy.

What's even better is that the Divine Alliance has obtained another group of spirits of creation in the Suzaku Holy Realm and the White Tiger Holy Realm, and the harvest is extremely rich.

Seeing this scene, Taiqing Shengzun and others were extremely jealous, but they were helpless.

This also made Taiqing Saint Ancestor and others hate the Divine Alliance even more. time flies!

In a blink of an eye, it was the last day of this session.

Seeing it, only a quarter of an hour left before the session was about to end.

The children of the Shenmeng gathered in the square early. Some were meditating and adjusting their breath, while others were discussing the content of the next assessment. All of them were full of anticipation.

All the forces were whispering and waiting anxiously.

At this moment, in the center of the square, the space suddenly trembled and there was a rumbling roar.

The light door leading to the three holy realms began to slowly close.

This session is finally over!

Inside the Chaos Bead.

Qin Feng sensed the situation outside for the first time and slowly opened his eyes.

"father!"

As soon as Qin Feng opened his eyes, Hongjun greeted him happily

"Dad, have all those powers been refined? Hongjun asked with concern on his face.

Qin Feng smiled slightly:"The energy obtained this time was too huge. After eight days and eight nights of refining for my father, I only refined one third."

Hongjun said with some anxiety:"Only one-third has been refined. It will take half a month to completely refine it." But the next assessment is about to begin!"

Qin Feng nodded slightly.

He knew what Hongjun meant.

According to the past rules, fighting each other was allowed in the last assessment.

That should be Qin Feng's last chance to kill Sanqing and Luo Hu.

If he misses it, Qin Feng will kill again. It will be difficult for Sanqing and Luohu.

Right now, the three outer sects are strong, while the Divine Alliance is weak.

If there is an opportunity to weaken the three outer sects, Qin Feng cannot miss it.

Especially intercepting the God-killing Spear and the Heaven and Earth Bagua Diagram.

That will directly affect the demons. The strength of the ancestors and Daozu.

Thinking of this, Qin Feng said: "Hong'er, although my father has only refined one-third of the energy, my father's combat power has increased to 1.7 billion. If the three clones are united, there may be a chance to intercept the God-killing Spear and the Heaven and Earth Bagua Diagram. Hearing this

, Hongjun's eyes lit up: "If that's the case, that would be great!"

Qin Feng smiled and said nothing.

Now, his cultivation has reached 31.7% of the Heavenly Saint Realm, and his combat power has reached 1.7 billion poles. The combat power of the three clones has all reached 500 million poles, which is exactly half The threshold of the Bu Saint Ancestor.

Of course, this is without the use of holy weapons, and does not include the super amplitude of Qin Feng and the three clones.

In short, with the super strength of Qin Feng and the three clones, if Together, they can really rival a super strong man with 2 billion combat power.

This is where Qin Feng's confidence lies.

"father....."

Hongjun opened his mouth and was about to say something.

But at this moment, on the square, the integral monument continued to tremble, and then lit up with golden lights.

The whole audience was shocked and looked around.

Qin Feng and Hongjun were also alarmed, looking through the Chaos Bead and looking at the integral monument.....

The next second, the information on the monument continued to update and change.

After everyone read it, there were strange looks on their faces...

Chapter 1334

Soon, the long-lost ethereal voice echoed over the entire square.

"This session is over! Three days later, the last assessment will begin. Please take the time to rest!"

As soon as the words fell, the will of the secret land retreated.

At the same time, everyone's clearance tokens trembled, indicating that there was new information.

Everyone took out their tokens to watch.

Qin Feng also took out his tokens to check the information..

After a moment, he frowned slightly.

The new news was about some rules and precautions for the final assessment.

"Dad, can't you? According to the rules of this last game, although fighting each other is allowed, 20 points will be deducted for killing one person! This is not good for us!"

After reading the message, Hongjun looked depressed.

Star Master Ziwei also said depressedly:"Yes! If 20 points are deducted for killing one person, then His Majesty cannot take action against Sanqing and Luohu easily. Otherwise, if you kill them, your points will be greatly deducted, and you will not be able to get up to 200 points.

Pangu also looked puzzled:"Strange!" In the past, fighting each other would only deduct 3 or 10 points, but this time it was increased to 20 points. What is the purpose of Secret Will?

Qin Feng shook his head slightly:"I don't know!" However, even if the score increases, I may not be unable to kill Sanqing and Luo Hu. It will only be a little troublesome at most. At the same time, let the two clones make some sacrifices. Hongjun suddenly said:"

Yes!" Dad, as long as you can collect more than 200 points alone. Killing Sanqing and Luo Hu will allow the two clones to complete the final blow, and it won't be you who gets the points deducted in the end."

Ziwei Star Lord sighed:"That said, there are still some troubles. With such a high deduction mechanism, we can't kill easily.

Qin Feng shook his head slightly:"Not necessarily!" Now that it's the last game, those kids who have lost points don't have to worry about gaining points and let them take action as much as they want. However, Secret Will has not announced the assessment content yet, and everything remains to be seen."

"That's it! There are still three days left before the assessment really begins. I'd better make full use of this time and improve my strength."

"Your Majesty is right!"

Ziwei, Pangu, and Hongjun all agreed.

"By the way, these fragments of the Azure Dragon Divine Pattern, the Vermillion Bird Divine Pattern fragments, and the White Tiger Divine Pattern fragments are all of great use to Qing Lin, Yun Xi, and Xian Ling. You send it to them...."

Qin Feng took out dozens of divine pattern fragments, which were obtained from hunting the guardians and controllers before.

Star Master Ziwei quickly put it away.

Afterwards, Qin Feng made some arrangements.

The three masters of Ziwei Star followed the order and left.

After a while, the phantom clone sacrificed the fetal membrane of heaven and earth.

Subsequently, Qin Feng and all the children of the Shenmeng entered the fetal membrane.

The entire Shen League has taken a break, striving to gain some improvement in the last three days.

Qin Feng continued to devour energy.

The Purple Gold clone sacrificed the Moon of Creation.

It was originally the possession of Old Man Yuexia, but now it has been refined by Zijin's clone.

The Moon of Creation is an innate spiritual creature. It is not as difficult to refine as a sacred weapon. It can be refined as long as the spiritual consciousness is strong enough.

After sacrificing the Moon of Creation, the Zijin clone took out a ball of Spirit of Creation.

He planned to integrate the spirit of creation into the moon of creation and upgrade the quality of the moon of creation to the level of the sacred artifact of creation.

The Moon of Creation is comparable to half of the Holy Artifact of Creation.

If it is fused with the Spirit of Creation, it will definitely reach the level of the Creation-level Saint Artifact.

At the same time, the phantom clone worshiped the Sun of Creation, and also took out a ball of the Spirit of Creation, and prepared to merge the two things.

The clone of Xuan Mi sacrificed the Four Heaven-Destroying Swords, and also took out a ball of the Spirit of Creation, and wanted to integrate the Spirit of Creation into the sword formation to increase the power of the Heaven-Destroying Sword Formation.

Three days later, the assessment is imminent.

If a worker wants to succeed, he must first have sharp tools.

Qin Feng knew in his heart that improving the quality of his holy weapon was also a way to improve his strength.

In this way, the entire Shenmen League once again entered into retreat.....

At the same time, in the corner of the square.

Taiqing, Mohu and others were discussing excitedly

"Fellow Taoist Mohu, the rules of this final assessment are so beneficial to us! Taiqing stroked his beard and smiled, his old face red with excitement.

Mohu also smiled and said:"Yes!" This time, the four of us have higher points than the three Qin Feng brothers, and the hope of getting 200 points is greater than them. Luo

Jia said proudly:"According to the previous assessment rules, even if you win first place, you will only get 100 points." Qin Lei and Qin Mu scored 97 points and 95 points respectively. They could not reach 200 points together and were destined to miss the opportunity to enter the place where the mantle was inherited. Taiqing sighed with a look on his face:"In the last session, we and I didn't get a single inheritance token." I originally thought that this trip to the secret place would lead to nothing. Unexpectedly, as time passes, the opportunity I have been waiting for will come.

Mohu also smiled and said,"Yes!" As long as we collect the points to 200 points, we will have a chance to enter the Land of Clothes. Wherever you enter, you don't need any tokens. Luo

Jia also said happily: "It is rumored that as long as you enter the land of the mantle, you can still gain huge gains even if you fail to pass the final assessment." Yuqing was even more happy and said: "

Brother Taiqing, your current points are 165." Based on this calculation, you only need to be in the top six in the next assessment to get more than 200 points."

According to previous assessments, the first place is 100 points, the second place is 90 points, and so on, the sixth place is 40 points.

That's why Yuqing said this.

Hearing that, Taiqing smiled all over his face Mo

Hu also praised: "With the strength of Taoist fellow Taoist Taiqing, it will definitely be easy to get into the top six. Of course, Qin Feng, Qin Lei, and Qin Mu are threats. However, as long as you display your Sanqing True Body, neither Qin Lei nor Qin Mu will be your opponent.

"Only Qin Feng can threaten you, but fellow Taoist can still win second place. That's not even 200 points easily collected. Taiqing smiled and said: "The same is true for fellow Taoist. If you and Luo Jia combine the body of the devil, you can still enter the top three." In this way, you can also collect 200 points. In this way, our two sects It must not go to the end. correct. ...."

Speaking of this, Saint Taiqing rolled his eyes and whispered: "Fellow Taoist Mohu, I have a clever plan that may allow Qin Feng to get less than 200 points."

Mohu suddenly became excited and asked hurriedly: "What is it?" Wonderful method?"

Luo Jia, Yuqing, and Shangqing also came forward one after another.

"This is what I think."

At that moment, Holy Master Taiqing moved his lips slightly and began to transmit the sound.

After the four of them listened, Mohu's expression changed slightly.

After a while, Mohu took a deep breath of cold air and said: "Fellow Taoist, this move seems feasible, but it is extremely risky. ah! If Qin Feng counterattacks, it will be bad for us!

Saint Taiqing smiled proudly: "Fellow Taoist, the deduction mechanism for the final assessment is 20 points." Do you think Qin Feng dares to kill people wantonly? His current situation is not like you and me. My score is 165, fellow Taoist score is 135. It's not difficult to get 200 points."

"Qin Feng only scored 103 points. He had to get first place to reach 200 points. Do you think he still dares to kill people? As long as he kills one person, the hope of collecting 200 points will be slim! Mohu's eyes lit up:"

Yes!" As long as Qin Feng is afraid, you and I will have a chance. Besides, except for Qin Feng, no one in the divine alliance is our opponent. Not even Qin Lei, Qin Mu, and Qin Ye."

Sage Taiqing smiled and said: "So, is it decided like this?"

Mohu and LuoJia looked at each other and nodded with a smile.

Seeing that the two agreed, Taiqing was overjoyed.

Afterwards, several people gathered together to discuss the plan in secret.

During the discussion, Holy Lord Taiqing kept coming from time to time. Looking at the examiners around them, they seemed to be selecting candidates, which was very strange.

In this way, the Taiqing people discussed for several hours before finishing the discussion.

Finally, all the plans were agreed upon, and the five people all showed a satisfied smile and said Waiting for the new assessment to begin.

Time flies!

In the blink of an eye, three days have passed.

The time for the last assessment has finally arrived..

Chapter 1335

Time flies!

In the blink of an eye, three days passed.

The time for the last assessment has finally arrived.....

In the square, all the examiners were looking eagerly.

Although they have no inheritance tokens and there is no hope for the various descendants to pass on the inheritance, there will be a great opportunity after the assessment.

That is the opportunity to redeem points.

In other words, after all the assessments are over, as long as you still have points, you can use them to exchange for some rare resources with the Will of the Secret Earth.

After finally coming to the secret place, how could these examiners return empty-handed?

What's more, unlike the children of the Divine Alliance, they all have some points in their hands, not zero or negative points.

If it's the last assessment, it would be nice to get some more points.

At this moment, in the corner.

Taiqing, Mohu and others were waiting silently and whispering

"Fellow Taoist Mohu, three days have passed. The people from the Divine Alliance have not come out of the fetal membrane. They must be digesting the opportunities they got from the three holy realms, right?"

Sage Taiqing's tone was sour.

He was very resentful that the Divine Alliance had occupied all the resources in the three realms.

Mohu also looked jealous and said:"They must be digesting those opportunities. However, in just three days, they would not make much progress."

Sage Taiqing nodded slightly and said:"There shouldn't be any progress. Having said that, apart from Qin Feng, there are really not many people in the Divine Alliance who can threaten us. If we can follow the plan and prevent Qin Feng from becoming a disciple of the mantle, that would be even better!"

Mohu's eyes shone and he smiled proudly:"If the plan succeeds, then Qin Feng will be miserable. After all the hard work, I came to the secret place, but in the end I couldn't even enter the mantle of the mantle, so it was like I came in vain."

Sage Taiqing sneered sinisterly:"The worse is yet to come. If Qin Feng cannot enter the land of the mantle, he will not be able to inherit the mantle. Without the inheritance of the mantle of the God Lord, his strength would only be at this level."

"At that time, the secret place will be closed. Qin Feng is about to face the three great saint ancestors. With his combat power of over a billion poles, he cannot even hold up a single finger of the Holy Ancestor, and he will surely be destroyed in ashes. None of the other children of the Divine Alliance will be left alive!"

At the end of the sentence, Saint Taiqing's face was full of gloating.

Hearing this, Mohu opened his mouth, as if he wanted to speak but hesitated.

Saint Taiqing said curiously:"Fellow Taoist Mohu, what do you want to say? Yes, just say it"

"this.....", Mohu hesitated for a moment, then let out a long sigh:"That's all! Now that things have come to an end, I have told the truth. You just said that after the assessment, the secret place will be closed? I'm afraid it won't be closed."

"Uh...how do you say this?!"

"Tell the truth! Before we came in, my master, Demon Ancestor, once deduced a strange hexagram. This time the secret land is opened, no matter whether a successor to the mantle of the Holy Ancestor is finally selected, the secret land will disappear forever and never exist again!"

Hearing this, Taiqing opened his eyes in shock.

After a while, he looked strange and said:"Fellow Taoist Mohu, I'm telling you the truth! My master, Taozu, also deduced a hexagram and got the same hexagram. The hexagram also said: This time, regardless of whether a successor of the mantle is chosen or not, the secret land will disappear forever.

Mohu was stunned:"No way?" The two great ancestors deduced the same hexagram. It's strange, since the existence of the secret land, it has always been selecting the successors of the mantle. Why would it disappear automatically without finding the inheritor of its mantle?

Taiqing shook his head slightly:"That's not clear." However, if only my master has deduced such a hexagram, perhaps the derivation is wrong. Your master also got the same hexagram, I'm afraid something like that will really happen."

Mohu sighed:"If the secret land disappears, the mantle of the ancient God Lord will also disappear. No wonder the three great saint ancestors attach great importance to the opening of the secret land. Do you think there is a change happening deep in the secret land, causing the secret land to disappear soon?"

Tai Qing was stunned for a moment.

Immediately, he nodded slightly:"According to your analysis, it is really possible. After all, the will of the secret earth is the last obsession of the ancient God Lord. As long as the obsession has not completed its mission, the secret place will never disappear."

Mohu thought deeply for a while and said:"Fellow Taoist, if you say that, I'm afraid there is something strange happening deep in this secret place!

Taiqing thought:"Deep in the secret place?" It should be the place where the mantle is passed down."

Mohu nodded slightly.

Then, the two of them suddenly raised their heads and looked into the depths of the secret place, with thoughtful expressions on their faces.

At this moment, Mohu suddenly thought of a question:"By the way, fellow Taoist Taiqing, over the past countless years, There are many people who have entered the land of the mantle, but none of them have been able to obtain the inheritance of the mantle. do not know why? Taiqing took a deep breath and said,"This has always been an eternal mystery." People who go in will have some opportunities, but after they come out, they don't remember the situation inside. It seems that someone has forcibly erased the memory of the land of the mantle."

Mohu nodded slightly.

He knew what Taiqing said was true.

Once the secret land was opened, some disciples of the Extraterrestrial Demon Sect were lucky enough to enter the land of mantles. They also gained some opportunities from it, but they did not receive the mantle inheritance of the ancient God Lord.

At first, the Demon Ancestor was surprised that the disciple was dishonest and wanted to conceal the inheritance.

The Demon Ancestor used secret techniques to search the disciple's soul memory, but was surprised to find that the disciple had information about the land of the mantle. 's memory was forcibly erased.

Thinking of this, Mohu looked towards the depths of the secret land again, revealing his thoughts.

At the same moment, deep in the secret land, that is, the place where the mantle was inherited.

That was A special space.

In the center of that space, there is an extremely huge altar, as huge as a galaxy.

Countless golden and purple runes are engraved around the altar, exuding the aura of creation that reaches the sky, and the aura that shines throughout the entire world. Golden light.

Those runes are creation-level sealing talismans.

At this time, above the altar, there is a group of cyan light, as big as a planet, and the aura is flickering.

The cyan light group is the remaining obsession of the ancient god, that is, The will of the secret place.

At this moment, the will of the secret place is activating the power of the entire altar, sealing a human-shaped black shadow in the center of the altar. The human-shaped black shadow is sitting cross-legged in the center of the altar, exuding black smoke, which is extremely strange.

This is At this moment, he seemed to sense something. His eyes slowly opened and closed, revealing a pair of scarlet eyes, penetrating through the layers of space.

The next second, the scene in the square was reflected in those scarlet eyes.

He I saw a group of examiners, and also saw Taiqing and Mohu.

The two people were looking towards the place where the mantle was passed down.

The cold light in the eyes of the mysterious man was flowing, and there was a hint of ridicule.

How many years have passed!

The secret land has been opened countless times.

This stupid will of the secret land attracts some ants every time to participate in the assessment over and over again.

This time is no exception, another group of ridiculous ants come!

The mysterious man's eyes are filled with light, After scanning everyone in the square, I also saw through all the cultivation levels, each one was extremely low.

Even the disciples of the Divine Alliance in the fetal membrane of heaven and earth were not missed.

As for the Chaos Bead suspended in the air in the fetal membrane, He didn't look carefully.

So he didn't find that there were several people hidden in the Chaos Pearl.

Qin Feng was also among them.

However, the mysterious man didn't care.

Not to mention the people present, the top giants with the highest cultivation level, even if they reached Even half a step ahead of the Saint Ancestor is not enough for him to crush with one finger.

After so many years.

The only ones who can threaten him are the Saint Ancestor level strong men.

What is ridiculous is that the will of the secret land prohibits the Saint Ancestor level strong men from entering, and even Even half-step Saint Ancestors are not allowed to enter, so naturally no one can threaten him.

So many years have passed.

His injuries have recovered to 100%, and he is about to escape.

The mysterious man glanced at the cyan light group above his head , a trace of ridicule appeared in his scarlet eyes.

When he breaks the ban, it will be the time when the idea of the ancient god lord is completely dead, and when the secret land disappears.

In the world, he will still get the mantle of the ancient god lord.

He is the one who fought the unparalleled war. The final winner.

Thinking of this, the mysterious man slowly closed his eyes and re-entered meditation..

Chapter 1336

With this in mind, the mysterious man slowly closed his eyes and re-entered meditation...

It won't be long before his combat power returns to the threshold level of the Holy Ancestor, and by then he will be able to break through the seal.....

With this silence, the mysterious man closed his six senses and no longer paid attention to the ants in the outside world.

Unless there is a player with a combat power of 3 billion in the outside world, he will feel a little bit of a crisis. pity!

It is destined that no such person will appear among these ants.....,

At the moment when the mysterious man closed his six senses again.

In the square, within the fetal membrane of heaven and earth, some huge movements occurred.

One after another, huge auras were seen rising into the sky, instantly covering the entire world.

All the disciples were alarmed and turned their heads to look around, and saw the phantom of Fengdi, Hongyun, and Styx emerging above their heads.

At the moment when the ghostly shadow of the spiritual root appeared, within the bodies of Feng Di and the other three people, 'Click~! Click~! Click~! ' The sound continued, as if the bottleneck of the realm was broken.

The next second, the three people's bodies shook, their momentum surged, and they broke through to the quasi-saint ancestor level at the same time.

When the children around saw this scene, they cheered

"Breakthrough! Breakthrough! Lord Fengdi has made a breakthrough!"

"Lord Hongyun and Lord Styx also broke through!"

"Ha ha!! Very good! Our Divine Alliance has three more quasi-saint ancestors!"

As soon as he finished speaking, another even more terrifying aura rose into the sky not far away, startling the entire audience.

The disciples couldn't help but look around, and saw that in the corner, Xian Ling's aura was rising crazily.

She was actually At this moment, she has broken through to the late stage of Quasi-Saint Ancestor.

You must know that Xianling's previous cultivation level was the peak of the mid-stage Quasi-Saint Ancestor.

In the past few days, she first completed the White Tiger Star Formation, gained a lot of insights, and reached the level of cultivation in one fell swoop She reached the limit of the mid-stage quasi-saint ancestor.

Later, Qin Feng rewarded her with a large number of white tiger divine pattern fragments obtained from the White Tiger Holy Realm.

Today, she finally refined those divine pattern fragments and broke through to the late stage quasi-saint ancestor in one fell swoop. level.

At this point, the Divine Alliance finally has the first late-stage quasi-Saint Ancestor strongman.

Of course, if Xian Ling unites with the masters of the seven white tiger stars and summons the white tiger star, he can exert his strength at the threshold of the peak giant.

Seeing this At this scene, the children of the Shen League cheered again and became more and more excited.

But before the cheers could stop, a sudden change occurred in the field.

Boom~! Boom~! Boom~!

Above the crowd, the Chaos Bead suddenly trembled slightly, with waves. The monstrous force emanating from it is far stronger than Xian Ling

"Someone has made a breakthrough again!"

The children of the Shen League were extremely excited, and they all looked at the Chaos Bead excitedly.

At this moment, in a certain corner of the Chaos Bead,

Hongjun's whole body's aura was skyrocketing.

It turned out that he had also broken through to the late stage of Quasi-Saint Ancestor at this moment.

At this point, the League of Gods has the second late-stage quasi-saint ancestor.

It turns out that Qin Feng rewarded Hongjun with the Chaos Star Mirror.

Hongjun extracted all the chaos essence contained in it to strengthen the chaos. Pearl, finally strengthened the Chaos Pearl to half the level of the sacred artifact of creation, and its power was greatly improved.

He also received the power of the sacred artifact in return, and broke through to the late stage of the Quasi-Saint Ancestor in one fell swoop.

Now, with Hongjun's super combat power, Coupled with the assistance of the Chaos Bead, the comprehensive combat power has exceeded the limit of the peak giants and can reach about 150 million poles.

In the corner, Pangu is also practicing in the Chaos Bead.

At this moment, he saw Hongjun's breakthrough, and his eyes were full of envy. Color.

In the past three days, everyone in the Divine Alliance has been working hard to digest resources, and everyone has made great progress.

Pangu has also reached the limit of the mid-stage quasi-saint ancestor, and is just one step away from breaking through to the late stage.

At this moment, Hong Jun slowly opened his eyes, his face full of joy

"Congratulations to the young master for breaking through the realm!"

As soon as Pangu saw Hongjun opening his eyes, he hurriedly stepped forward to congratulate him. Hongjun was smiling and turned to look elsewhere.

In that direction, Qin Feng was meditating with his eyes closed, and three clones were sitting behind him.

Here. At this time, Qin Feng's momentum also skyrocketed crazily.

It turned out that the breakthroughs of Fengdi, Minghe, Hongyun, Xianling, and Hongjun gave him wave after wave of combat power in return, and Each wave became stronger than the last.

At this moment, the combat power aura exuded from him suddenly reached 1.9 billion, and it was still rising sharply...

1.91 billion.....1.92 billion.....1.93 billion...

In the blink of an eye, Qin Feng's combat strength reached 1.97 billion, and everything slowly calmed down.

At this time, he slowly opened his eyes.

Hongjun and Pangu hurriedly walked over happily

"Dad, looking at your momentum, you are not far from your goal of 2 billion!"

"yes! Your Majesty, your goal is almost achieved!"

Qin Feng smiled and said nothing. Speaking of which, he still has half of his energy that has not been refined, but his combat power is close to 2 billion poles.

The effect can be so fast, naturally all the disciples have it within these three days. Great progress, which brought him a lot of combat power in return.

Especially the cultivation breakthroughs of Hongjun, Xianling, Fengdi, Hongyun, and Minghe

"Dad, how much energy do you still have that has not been refined?"

Hongjun also came over and asked curiously.

Qin Feng opened his mouth to speak.

But at this moment, his tiger body suddenly shook, and his whole body momentum surged.

Boom~Long~Long!

That overwhelming momentum, a wave The waves emanated from his body, instantly stirring up the laws of the entire chaotic world and tumbling with momentum.

Qin Feng's combat power was also increasing crazily with a stronger momentum than before.....

1.98 billion.....2.01 billion.....2.14 billion...

In just a moment, Qin Feng's momentum increased to 2.27 billion before it came to an abrupt end.

In just one minute, his combat power increased by 300 million.

Hongjun and Pangu were both dumbfounded, and their mouths opened wide.

"Huh! This is.....It's finally done!"

Qin Feng was even more ecstatic.

The next second, he quickly closed his eyes and fell back into concentration.

Hongjun and Pangu looked at each other., dare not disturb.

But the two of them didn't wait long. Qin Feng's body shook slightly, and his momentum surged again. In the blink of an eye, it reached 2.3 billion.....

Hongjun and Pangu were also dumbfounded again.

The two of them didn't know that something huge was happening in Qin Feng's body, that is, in the Great Flood God Realm.

In the center of the Great Flood God Realm, above the endless void, there was an extremely tall spiritual root of heaven and earth. Its roots were rooted in the nine heavens, and the top of its lush tree held up an extremely huge holy land.

Within the holy land, there are colorful rays of light, spiritual valleys, fairy rivers, beautiful buildings and jade buildings everywhere.

In the center, there are several huge floating temples, surrounded by heavy spiritual mist and shining with rays of light.

It turns out that this holy land is Tianjiyuandi.

After so many days of hard work, Liu Yan, Zhen Yuanzi, Di Jun, and Taiyi finally created Tianji Yuandi.

Of course, the Zijin clone also spent a lot of effort in this regard.

The Tianji Yuandi is obviously more difficult to condense than the Four Symbol Divine Patterns. It can be said that it is more than ten times more difficult.

But Qin Feng didn't expect that as soon as Jiyuandi was created that day, it would provide him with 300 million Jis combat power.

In addition, Liu Yan also successfully obtained the throne of Tianji Yuandi and became the Emperor of Tianji. From then on, she took charge of the southern heaven and controlled many Nandou Star Lords.

At the moment when she became the Heavenly Emperor of Tianji, Liu Yan's cultivation level also broke through from the early stage of Tiansheng to the late stage of Quasi-Saint Ancestor, which was a huge span.

Qin Feng also received a large amount of combat power from her, and his combat power increased from 2.27 billion poles to 2.3 billion poles.

Qin Feng was extremely satisfied with this result.

Among the three lands, Tianji Wall is the weakest.

Nowadays, if the creation of Tianji Yuandi is successful, it can provide him with 300 million Ji combat power.

The stronger Taiji Yuandi and the strongest Ziji Yuandi are even stronger and unimaginable.

Thinking of this, Qin Feng looked forward to it even more..

Chapter 1337

At this moment, Tianjiyuan was above those huge temples.

Di Jun, Taiyi, and Zhen Yuanzi were looking ahead with envy.

In the sky ahead, Liu Yan was seen wearing a phoenix hairpin crown, a purple and gold dragon robe, and a colorful divine light on her feet. Her aura was extremely astonishing.

Not long ago, Di Jun and the other three witnessed with their own eyes Liu Yan fused with the Seal of the Heavenly Emperor and was promoted to become the Heavenly Emperor.

Liu Yan's cultivation also broke through from the early stage of Tiansheng to the late stage of Quasi-Saint Ancestor.

After successfully being promoted to the throne, Tianjiyuan gathered the power of the Great Flood God Realm and condensed a crown and a dragon robe, which were attached to Liu Yan's body, both of which exuded the heavenly charm of the sacred artifact.

The crown and dragon robe are clearly sacred artifacts.

With the assistance of these two holy weapons, Liu Yan's overall strength is not considered weak among the late-stage quasi-saint ancestors.

At this moment, Liu Yan slowly opened her eyes, and her eyes were filled with divine light. She looked down upon the world with a majestic aura from above.

"Emperor Jun congratulates Lady Liu Yan on her successful promotion to the throne!"

"Taiyi met Emperor Liu Yan!"

"Zhen Yuanzi also met the Emperor of Heaven!"

Di Jun and the others hurriedly came forward to pay homage, their attitudes were extremely respectful, and there was incomparable envy deep in their eyes.

"No gift!"

Liu Yan smiled slightly, feeling happy in her heart.

In other words, although Di Jun and the others respected her, they did so for Qin Feng's sake.

After all, her previous cultivation was only in the early stage of Tiansheng, and Di Jun and the others were in a large number of With the help of resources, she is already in the late stage of Tiansheng.

This gap in strength makes the three of Dijun and others somewhat disrespectful of her.

Now, Liu Yan has broken through to the late stage of Quasi-Saint Ancestor in one fell swoop, becoming an unattainable existence for Dijun and others. The three of them no longer dared to be arrogant, and at the same time, they admired Qin Feng from the bottom of their hearts. The master's methods were so powerful that even through remote control from across space, he could create a late-stage powerful quasi-saint ancestor.

The three of them didn't even think about it. Dare to think about it.

Thinking of this, Di Jun and the others became more respectful to Liu Yan.

Liu Yan is Qin Feng's confidant and one of Qin Feng's concubines.

Their respect for Liu Yan is naturally their respect for Qin Feng.

"Emperor Jun, Taiyi, Zhen Yuanzi, when I fused the Emperor's Seal before, I obtained a lot of information and got some interesting information."

"Lord Heavenly Emperor, what is this message?"

Di Jun and Tai Yi both looked curious.

Zhen Yuanzi even looked at Liu Yan's eyebrows with envy. There was a bright red dot there, which made Liu Yan even more gorgeous.

But if you look carefully , , you will find that the red dot is not an ordinary red dot, but a golden red divine pattern, formed after shrinking.

That divine pattern is the divine pattern of the Emperor of Heaven.

At this time, Liu Yan said:"I have received information before , under the three great emperors, there are still six ancestral thrones. The two ancestral thrones that I, the Heavenly Emperor of Heaven, control are the Hades ancestral throne and the Earthly Immortal ancestral throne."

Hearing this, Di Jun and the other three showed puzzled expressions.

Zhen Yuanzi quickly asked:"Master Heavenly Emperor, what are the ancestral positions of Hades and Earth Immortal? Liu

Yan put her hands behind her hands and looked into the distance:"If you get the ancestral position in the underworld, you will be the ancestor of the underworld. In the future, you can take charge of all the races in the underworld." If you obtain the position of Earth Immortal Ancestor, you will be the ancestor of the Earth Immortal World, and you will be able to take charge of hundreds of millions of Earth Immortals in the future."

As soon as these words were said, the eyes of Zhen Yuanzi and the other three people lit up.

Di Jun was even more delighted and said: "Master Tiandi, after gaining the ancestral throne, can I also improve my cultivation and strength like you?"

Liu Yan smiled and nodded: "That's right!"

Di Jun and the other three were overjoyed.

"Lord Emperor of Heaven, can I get the ancestral throne in Hades?"

"Lord Emperor of Heaven, I also want to get the ancestral throne in the underworld."

Di Jun and Tai Yi expressed their opinions one after another.

Liu Yan shook her head slightly: "The ancestral throne in the underworld already has its owner! His Majesty appointed Styx to be in charge of this job. Because Styx created the Asura clan and his cultivation attributes also lead to the underworld, he is the most suitable person to serve. Hearing this

, Zhen Yuanzi hurriedly said: "Your Majesty the Emperor of Heaven, do you still have no candidate for the ancestor of the Earth Immortal?" Can subordinates choose the position of Earth Immortal Ancestor?

Liu Yan smiled and nodded: "Okay!"

Zhen Yuanzi was ecstatic: "Thank you, Lord Heaven!"

Liu Yan said softly: "The one you should thank most is His Majesty, not me."

"Your Excellency is right!"

Zhen Yuanzi responded respectfully.

Di Juntai on the side couldn't help but became anxious when he saw that the position of the ancestor of the Earth Immortal had been taken away.

"Lord Heavenly Emperor, the ancestor of the underworld and the ancestor of the earth immortals have no place. What are the remaining four ancestors?"

Liu Yan replied:"In the future, there will be six major forces that will flourish in the God Realm. There should be six ancestors in the six directions. They are: Celestial Forces, Demon Clan Forces, Witch Clan Forces, Human Clan Forces, Earth Immortal Forces, and Hades Forces."

"Nowadays, there are still angel forces, demon forces, shaman forces, and human forces that have not yet established their ancestral throne. You two can wait a while"

"There will definitely be your ancestors in the future. This is also His Majesty's promise to you. After all, you have assisted me in creating Tianji Yuandi and have made great contributions, so you should be rewarded."

Hearing this, Emperor Juntai was overjoyed.

Then, Emperor Jun said excitedly:"Your Majesty, Emperor of Heaven, my subordinates are very interested in the ancestral position of the Celestial Immortal Force."

Taiyi also said:"Sir, Emperor of Heaven, can I get the power of the demon clan? ancestral position?"

Liu Yan smiled slightly:"If you want these two ancestral positions, that's fine." However, only when the Three Walls Land is completely created and the foundation of Heaven is constructed, can the seal of the Sixth Patriarch's position be condensed."

Di Jun and the other two people suddenly realized.

Immediately, Di Jun said impatiently:"Master Tiandi, when will we create the next two walls?"

"Nature is now! Now, His Majesty's trip to the secret place is coming to an end, and the challenges he faces will become increasingly greater. If we help him gather Tai Chi Yuan Di and Zi Ji Yuan Di as soon as possible, his strength will be greatly increased and he will be able to better cope with difficulties."

"Your Excellency is right! Then which wall should we create next?"

"Naturally it's Tai Chi Yuan Di! The Zijiyan Land is the most difficult to create, so it is left to be condensed at the end."

"Lord Heavenly Emperor, let's start quickly!"

After learning that all the Three Yuan Lands must be created, the six ancestral seals can be condensed.

Emperor Jun, Taiyi, and Zhen Yuanzi became very active and did not want to wait even a quarter of an hour.

Such a result was precisely Liu Yan wants.

She knows that Qin Feng is now eager to improve his strength, and naturally hopes to increase the enthusiasm of Dijun and the others to speed up the creation of the Three Yuan Land.

"By the way, Lord Heavenly Emperor, will your Majesty send that clone to assist us this time?"

Zhen Yuanzi asked curiously. Liu Yan shook her head and said: "Your Majesty is about to conduct the final assessment. Neither he nor the three clones have time to deal with this matter." However, I am now in the late stage of Quasi-Saint Ancestor, and my soul is already strong enough."

"I can create the Land of Three Walls without the help of His Majesty's clone. Of course, the three of you are still needed to help."

Hearing this, Di Jun and the other three were overjoyed.

"This is great! Previously, His Majesty's clone was busy with other things, and we were unable to create it independently, which delayed a lot of progress. Now the Emperor of Heaven can help His Majesty share this matter, which is killing two birds with one stone!"

Liu Yan smiled and said: "Then let's not delay and continue to create Tai Chi Yuandi."

"yes! grown ups!"

Di Jun and the others happily accepted the order.

Then, a group of four people began to create the Tai Chi Yuan.

The Tai Chi Yuan is higher than the Tianji Yuan. If the creation is successful, the benefits to Qin Feng will be greater...

Chapter 1338

Just when Liu Yan and his party went to create Tai Chi Yuandi, Qin Feng also opened his eyes in the Chaos Bead, with a look of joy on his face.

He had just looked inside the Great Flood God Realm and could clearly see every move made by Liu Yan and others.

In fact, Liu Yan acted under his instructions.

Now that Liu Yan's strength has greatly increased, he is more confident about letting Liu Yan stay in the Great Flood God Realm.

"Dad, what happened just now?"

As soon as Qin Feng opened his eyes, Hongjun asked curiously

"Just now, my father's creation of Tianjiyuandi was successful...."

At the moment, Qin Feng briefly described the events in the Great Flood God Realm. After hearing this ,

Hongjun was overjoyed:"Dad, this is great! We were still worried about whether you could increase your combat power to 2 billion before the next assessment. Unexpectedly, not only did you achieve it, but you also This goal has been exceeded."

Pangu also said happily: "Yes! Your Majesty, your combat power has now reached 2.3 billion, and you will definitely be able to capture the God-killing Spear and the Eight Diagrams of Heaven and Earth by then."

Hongjun said again: "No Wrong! Without those two top-quality sacred artifacts of creation, the strength of Demon Ancestor and Dao Ancestor will drop a lot. Faced with the alliance of the three great Saint Ancestors, Dad will be more confident."

Qin Feng smiled bitterly: "Now that I'm talking about this It's still too early! I thought that with my father's current strength, it would be difficult to escape even if he faced the Jingzu alone, let alone face the three saint ancestors joining forces."

"For the current plan, my father must raise his strength to the threshold level of the Saint Ancestor as soon as possible. Perhaps if you reach that level, your father can hope to escape from the hands of the three great ancestors and rush back to the Great Flood God Realm. Hongjun nodded slightly.

Then, he said with some worry: "Dad, even if you escape back to the Great Wilderness God Realm, the three great saint ancestors will still pursue you." If they pursue them all the way to the Great Wilderness God Realm, we will have no way out.

Qin Feng smiled coldly: "That's not necessarily the case!" Returning to the Great Desolate God Realm, I can merge the Great Desolate God Realm and the Great Flood God Realm into a stronger Great Desolate God Realm. At that time, even if the three great ancestors join forces, they may not be able to do anything to me."

Hearing this, Hongjun's eyes lit up, and he seemed to see hope.

Qin Feng continued: "Of course! The premise of all this is: before leaving the secret place, the father must raise his comprehensive strength to above the threshold level of the Holy Ancestors. Only then can there be a chance of escaping from the hands of the three Holy Ancestors."

"According to my father's estimation, if all the remaining energy is refined and the mantle of the ancient god is inherited, there may be some hope of raising the overall strength to the threshold level of the saint ancestor."

Hongjun said hurriedly: "Dad, if your comprehensive strength reaches the threshold level of the Holy Ancestors, what are the chances of escaping from the hands of the three Holy Ancestors and returning to the Great Wilderness God Realm? Qin

Feng pondered for a while and said: "My father still doesn't know the specific strength of the three great saint ancestors." In my estimation, it should be 30%. Hongjun frowned: "The 30% chance is not high!"

Qin Feng sighed: "Yes, that's why I said that the strength reaches the threshold of the Saint Ancestor. That is the bottom line." If it's not even 30%, I'm afraid there's no way to escape. Of course, if the father's final strength can exceed the threshold of the Holy Ancestor, the chance of escaping back will be even greater. Hongjun nodded slightly: "

I understand, kid!" Dad, the only way to help you improve your strength now is from three aspects. The first is to refine the existing energy in your hands..."

"Second, collect some more energy for you. Sanqing, Rahu, and other assessors from various forces are all moving energy. Third, we must get all of the inheritance of the one hundred and thirteen disciples of the God Lord."

"Whatever inheritance we get, our children of the Divine Alliance will greatly increase in strength, and dad will also get a lot of combat power to feed us back. Fourth, you can obtain the mantle and inheritance of the ancient God Lord, which will also be the way to maximize your strength."

Qin Feng nodded: "The analysis is good, so the next assessment is very important to us.""

"Not only do you have to collect 200 points to become a father, but you, the more than one hundred chosen children, also have to collect your points to meet the standards for inheritance. In this way, we can successfully obtain all inheritance."

Hongjun said with some worry: "Dad, what I'm worried about now is the group of Taiqing Shengzun. If they cause trouble, I'm afraid our people may not be able to collect the points for everyone."

"In particular, Taiqing, Yuqing, Mohu, and Luoja all have more than 100 points, which is higher than yours. They are quite a threat to you! Qin Feng nodded and said, "

Yes!" I can't be careless in this assessment. If we fail to obtain the inheritance this time, we will be in danger."

Hongjun and Pangu nodded repeatedly.

After this analysis, they had a very clear understanding of the next goal.

Then, Hongjun asked for instructions:"Dad, my son, go out now and convey your meaning. Everyone is fully prepared for the next assessment.

Qin Feng stood up slowly:"That's fine!" You can let everyone understand the current situation, which will be more conducive to our next actions. Speaking of which, the test is about to begin, and it's time for the father to go out."

The three major clones also stood up.

Then, the purple gold clone pinched the seal in the hand and sacrificed the Sun of Creation. The shadow clone sacrificed the Moon of Creation.

Boom~Long~Long!

Two things appeared, one Yin and one Yin. Yang, all exuded the monstrous heavenly charm of creation, oppressing the entire chaotic world to tremble.

It turned out that the two clones merged a spirit of creation into the sun of creation and the moon of creation.

So far, the sun of creation and the moon of creation have Yue has reached the true level of creation.

"bring it on!"

Qin Feng raised his head and looked at the sun and the moon in the sky.

Buzz~! Buzz~!

Two shocking roars!

Both the Sun of Creation and the Moon of Creation were shrinking rapidly.

The next second, the Sun of Creation escaped into Qin In Feng's left eye, the Moon of Creation escaped into Qin Feng's right eye.

Immediately, Qin Feng closed his eyes and let the two things merge with his flesh and blood. His momentum increased crazily again, from 2.3 billion to 25 in the blink of an eye. Hundreds of millions.

After a moment, Qin Feng opened his eyes again, and the divine light in his eyes shone brightly. It seemed to contain the stars of the universe. It was unfathomable and daunting.

Hongjun and Pangu were stunned. If they hadn't seen it with their own eyes , Seeing that, they all couldn't believe that Qin Feng could actually hold the sun and the moon in his eyes.

You know, the eyes are the most vulnerable part of the body.

The Sun of Creation and the Moon of Creation are both Creation-level things, containing extremely terrifying powers. Energy, even the Saint Ancestor did not dare to do this.

It can be seen that Qin Feng's physical body is stronger than the ordinary Saint Ancestor.

At this time, Qin Feng withdrew the divine light in his eyes, and used secret techniques to cover up his fighting power and momentum, allowing him to It seems that his combat power is the same as before.

He did this to paralyze Sanqing and Luohu.

He must hunt these two people.

"Let's go!"

Qin Feng left these words and was about to leave Chaos Pearl.

"Dad, what should I do with your purple and gold clone? He does not have the identity of an assessor, so he is afraid that he will not be able to enter the new assessment area.

Qin Feng smiled slightly:"This is easy to handle!"

As soon as those words fell, the Zijin clone merged with the virtual shadow clone. In the blink of an eye, they merged into one and became the purple virtual clone. The combat power was also increased to 1.4 billion.

After Qin Feng's strength greatly improved, the three clones The combat power of Zixu has reached 700 million.

Zijin and Xuying merged into one, becoming the Zixu clone, and the combat power naturally reached 1.4 billion. Of course, the appearance of Zixu's clone is the same as that of Xuying, Sanqing and Luohu It was unrecognizable.

Later, Zixu's clone and Xuan's clone also used secret techniques to cover up their combat power.

After doing this, Qin Feng felt that everything was perfect, so he took the lead out of the Chaos Pearl.

Hongjun and Pangu , the two clones also followed closely behind....

Chapter 1339

The next second, Qin Feng and his two clones, Hongjun and Pangu, appeared in the fetal membrane of heaven and earth.

"I've been waiting to see Your Majesty!"

When all the disciples saw Qin Feng, they happily came forward to pay homage.

Qin Feng nodded slightly.

At this time, Lord Ziwei stepped forward: "Your Majesty, why did you come out of seclusion?"

Qin Feng raised his head and looked outside the fetal membrane of heaven and earth, and said: "Counting the time, the assessment is about to begin, and it's time to come out."

At this time, Hongjun interrupted: "Mother, our current situation is a bit urgent....."

At that moment, he simply relayed Qin Feng's analysis.

Ziwei pondered for a while, then looked at the hundreds of disciples in front of the crowd and said: "Everyone, you have heard what the young master said. This last assessment is of great importance. We must collect the points and get the All legacies"

"Only when our strength improves greatly can His Majesty obtain more combat power in return, and only then can His Majesty reach the threshold of the Holy Ancestor. Only then can Your Majesty hope to escape from the hands of the three great ancestors and return to the Great Wilderness God Realm."

"Simply put: As long as His Majesty is here, the Divine Alliance will survive! If Your Majesty fails, the Divine Alliance will surely perish!"

After hearing these words, all the disciples looked serious and felt a great deal of pressure.

They naturally paid more attention to the next assessment and vowed from the bottom of their hearts that they would go all out.

It was related to the life and death of Qin Feng and the Shenmeng. , they have to pay attention to.....

At this moment, everyone's clearance tokens trembled, and the secret will finally sent a new message.

All the disciples took out their tokens one after another.

Qin Feng also took out the token and checked it.

After a moment, a look of surprise appeared on his face.

It turns out that the information was about the assessment rules.....

At the same moment, in the square, Taiqing, Mohu and others showed great joy on their faces after seeing the message.

"Ha ha! Fellow Taoist Taiqing, the rules of this assessment are very beneficial to us! Mohu looked delighted.

Taiqing also stroked his beard and said with a smile, "Yes!" This last test is actually about hunting star beasts to gain killing points. Then conduct a ranking based on the kill points obtained."

"The person who ranks first in the final kill points will get 100 evaluation points, the second place will get 90 points, and so on. The tenth place will get 10 points. Ranking from 11th to 100th is worth 5 points, and ranking from 101st to 300th is worth 1 point."

"These evaluation points, plus our previous points, add up to 200 points to enter the land of inheritance. If you collect more than 50 points, you can become a direct descendant. 30 points are true descendants, and 10 points are direct descendants."

"However, apart from entering the place where the mantle is inherited. The inheritance of those descendants is of no use to us, because we have no tokens in our hands. In this case, we must stop the Divine Alliance so that they cannot inherit from their descendants."

Mohu said with a smile: "The contestants who entered the assessment area this time were randomly assigned to various corners of the assessment area. Nowadays, the Divine Alliance has a large number of people, but their cultivation level is low. When the disciples of our three sects outside the territory encountered them, we took action against them and forced them to give up the assessment."

As soon as he said this, Luo Jia said in confusion: "Killing one person will deduct 20 points. Are our people going to take action against the children of the Shen League?"

Mohu sneered:"Why don't you take action?" Anyway, all the forces and the disciples of our three sects outside the territory have not inherited the tokens, and they can no longer be passed on by their descendants. Since we can't get it, naturally we won't let the children of the Divine Alliance get it."

"What's more, the secret place also gives the examiner a chance to save his life. That is, after encountering danger, as long as the clearance token is discarded, the assessor will be teleported out of the assessment area instantly."

"But in this way, you will lose the qualification to continue the assessment and cannot continue to obtain killing points. Do you think that when the children of the Shenmen League encounter danger, will they be so frightened that they drop their clearance tokens? Luo

Jia's eyes lit up and he suddenly realized:"Yes!" As long as we force the children of the League of Gods to throw away their tokens, they will have no hope of inheriting the inheritance from their children. In this way, the tokens in their hands become a pile of waste, haha!!

Taiqing stroked his beard and said with a smile:"Of course!" Look at the current points of the children of the Shenmeng. Except for Qin Feng, Qin Lei, and Qin Mu, the remaining children don't even have more than 30 points. Luo

Jia suddenly thought of something and said worriedly:"Fellow Taoist Taiqing, what should we do if we meet Qin Feng and he uses this method to deal with us?" Taiqing smiled coldly:"Then we just throw down the token and escape from the assessment area." hey-hey! In this way, Qin Feng is stronger than us and can't do anything to us."

At the end of the sentence, Taiqing looked proud.

Luo Jia nodded repeatedly:"That makes sense!"

Taiqing said coldly:"Humph! Even if Qin Feng'er is lucky enough to score 200 points and enter the land of mantle, he may not be able to inherit it. Even if he gets the inheritance, he will eventually die in the hands of the three great ancestors. He won't be able to bounce for long.

Mohu smiled and said, "Fellow Taoist, don't talk about this." We quickly ordered to go down and enter the assessment area soon. Let everyone see the children of the Shen League. If you can, do it. If you can't fight, just run away.

Taiqing smiled and said, "That's exactly what it should be!"

At this moment, several giants communicated with the evaluators around them.

All the evaluators hated the Shenmen League. After this communication, they quickly reached an agreement.....

At the same time, within the fetal membrane of heaven and earth.

After reading the message, Hongjun, Ziwei and others frowned.

After a moment, Hongjun said with a worried look on his face: "Dad, these assessment rules are not good for your plan!"

Star Master Ziwei also said: "Yes! You want to take this opportunity to kill Sanqing and Luohu, but it seems impossible..As long as they drop the clearance token as soon as they encounter danger, they can be secretly sent out of the assessment area, and then they can escape."

"In this way, His Majesty will have no chance to kill them, let alone intercept the God-killing Spear and the Heaven and Earth Bagua Diagram."

Fuzhiye on the side said: "I'm afraid it's not just this matter that will be affected. With the virtues of Sanqing and Luohu, they will definitely take action against us, the children of the Shenmen League, and make usThe children of the alliance cannot get the inheritance from the children of the God Lord."

"After all, when entering the examination area this time, we were randomly teleported to various places in the examination area. Without the protection of our father, when we, the children of the Divine Alliance, encounter Sanqing, Luohu, and those powerful late-stage quasi-saint ancestors, it will be impossible for us to throw away our tokens to save our lives."

As soon as these words fell, everyone frowned slightly, with worries on their faces.

They knew that what Fu Zhi said was true.

Qin Feng smiled coldly:"They must have that motive, but I have a way to make their plan Failed. Hongjun was surprised:"

Dad, what can you do?""

"This is my plan....."

At that moment, Qin Feng revealed his plan.

After hearing this, everyone's eyes lit up, and they all thought it was feasible. They couldn't help but look overjoyed.

Pangu even looked in admiration:"Your Majesty is still wise! He can come up with such a clever plan!"

Qin Feng smiled and said nothing.

Boom~Long~Long!

At this moment, there was a roar in the center of the square.

Qin Feng's eyes penetrated the fetal membrane and looked towards the square.

I saw that in the center of the square, the space was cracking, and a white light door was slowly opening.

The entrance to the examination area is finally open...

Chapter 1340

"It's on! It's finally on!"

In the square, the assessors all showed nervousness.

They have been looking forward to this assessment for a long time.

This will be their last chance and their last chance to take revenge on the Divine Alliance.

Of course, they also want to complete it as soon as possible. After the assessment, they left this secret place that made them sad. During this trip to the secret place, except for the Shen League, no force suffered heavy losses, and even many forces were completely wiped out.

In the corner, Taiqing, Mohu and others There was even more excitement and expectation on their faces.

In their opinion, this assessment system is very beneficial to them, and they should have the opportunity to show off their talents.

"Senior brother and fellow Taoist Mohu, the entrance is open! Let's get in quickly! There are only three days for this assessment, so we must seize the time to hunt down the star beasts!"

Sage Shangqing stared at the slowly opening entrance, looking a little anxious.

His points were not as good as those of Taiqing, Yuqing, Mohu, and Luojia. He only had 71 points.

He was no longer interested in obtaining the inheritance from his direct descendants. He was counting on it, because he had no inheritance token.

The only thing he was counting on was to collect 200 points and enter the place where the mantle of the ancient God Lord was inherited.

As long as he had the chance to enter, he would get a big opportunity.

And according to the rules, if he hunted the star beast If the kill points obtained exceed 500 points, no matter how high the ranking is, he can get 10 extra evaluation points.

If the kill points reach 1000 points or more, he can get 30 extra evaluation points.

In other words, as long as his kill points reach If he scores more than 1000 points, he will have a chance to enter the Land of the Mantle.

Originally, he had no chance to do it based on his strength, but Taiqing, Yuqing, Mohu, and Luojia all agreed to help him.

Those quasi-sages from the three sects outside the territory The strong men in the late Zu period are also willing to help him, so he has a chance.

Because of this, as soon as he sees the entrance opening, he can't wait to enter the examination area to hunt.

His goal is to obtain more than 1,000 kill points Points, naturally I don't want to waste any time. If you enter the examination area earlier, you may be able to hunt one more star beast.

"Junior brother, the Divine Alliance is still taking action!"

Holy Lord Taiqing reminded.

Everyone couldn't help but look in the direction of the fetal membrane of heaven and earth.

They saw that the membrane had not been removed yet, and none of the disciples of the Shenmen League came forward.

At this moment, the entrance was fully opened.

In the square, those The assessors were impatient and wanted to enter the assessment area immediately.

However, Taiqing, Mohu and others did not enter, so they did not dare to overstep.

However, Qin Feng and others did not enter, and Taiqing, Mohu and others did not dare to take the lead easily..Unconsciously

, Qin Feng's status in the field has reached the top of the pyramid.

However, Taiqing, Mohu and others waited for a while, but still did not see Qin Feng coming out of the fetal membrane of heaven and earth, and they were a little impatient.

Shangqing He even urged:"Elder brother, we don't need to pay attention to Qin Feng, we'd better go in first! The assessment time has already been calculated from the moment the entrance is opened. ...."

At this reminder, Taiqing and Mohu couldn't help but look at each other.

Immediately, Taiqing said:"That's it! I don't care about the Divine Alliance, I'll talk about it after we go in first. Second Junior Brother, Third Junior Brother, let's start!"

"yes!"

As soon as the words fell, Taiqing, Yuqing, and Shangqing merged into one and turned into Sanqing in the astonished eyes of the entire audience, with an earth-shattering momentum.

Later, Mohu and Luoqia also merged into a two-headed and four-armed one. Luohu.

Taiqing and Mohu know very well that only by doing this, they will not be scattered randomly after entering the examination area.

At least Taiqing, Yuqing, and Shangqing will be together, and Mohu and Luoqia will be together

"Let's go!"

After saying these words, Sanqing walked towards the entrance.

Then, Luo Hu and others followed closely.

In just a moment, Sanqing and his party all entered the examination area.....

Seeing that there was still no movement from the Divine Alliance, the assessors couldn't help but look at each other.

After a while, some people in the crowd couldn't help it.

Pingtian Shengzun and Lingming Stone Monkey were the first to enter the light gate, and other assessors followed one after another.

In the blink of an eye, the entire square was deserted.

At this time, the fetal membranes of heaven and earth were removed.

Only then did all members of the Divine Alliance show up.

"Dad, those people are all in!"

Hongjun looked a little anxious.

"let's start!"

"Yes, Dad!"

Hongjun quickly sacrificed the Chaos Bead.

Buzz~!

The divine bead floated in the air, and the spiritual light shone brightly.

Now, the Chaos Bead has absorbed a large amount of Chaos Essence, and its quality has been improved to another level, reaching half the level of a sacred artifact of creation, and its appearance has also improved. Some changes have taken place.

I saw the gray spirit bead, exuding endless chaotic spiritual power, mixed with the looming heavenly charm of creation, and its size was more than twice as big as before, which shows that its power has been greatly improved.....

"Come on soon!"

Hongjun looked at the disciples of the Divine Alliance.

Then, under the leadership of Fu Zhi, the disciples of the Divine Alliance got into the Chaos Bead one after another. After a while, only Qin Feng, Zixu clone, Xuan Ni clone, Hongjun, Pangu, Xian Ling, and Ziwei Star Master.

At this time, Hongjun waved his hand and took the Chaos Bead back into his palm, with a satisfied smile on his lips.

This is the way Qin Feng came up with, using the Chaos Bead to defeat the Divine Alliance. If the children are sent to the examination area, they will not be scattered.

"Time is running out! Let's go!"

After leaving these words, Qin Feng walked towards the light gate first.

Hongjun and others followed closely.

The weakest person in this group was the Ziwei Star Master.

However, even the weakest Ziwei Star Master has a comprehensive strength of Comparable to the late stage of the Quasi-Saint Ancestor.

Except for Sanqing and Luohu, no one can threaten her.

Although Sanqing and Luohu can threaten her, they cannot kill her instantly.

If her life is in danger, she will have time to discard the token and escape. Assessment area.....

The same goes for Pangu and Xianling.

As for Hongjun, with the Chaos Pearl and more than a thousand Shenmen disciples around him, he could hold on for a while even if he encountered Sanqing and Luohu.

In this way, a group of people entered the light gate.....

But Qin Feng said that as soon as he stepped into the light door, he felt a whirlwind of heaven and earth.

The next second, he found himself in an extremely vast land, surrounded by spiritual mist, flowing clouds, mountains and flowing water in the distance, and Qiongtai buildings, which seemed like a fairyland.

According to the information provided by the secret place, this assessment area is more than ten times larger than the three holy realms. It is extremely difficult to visit every corner in three days.

Qin Feng hurriedly glanced around and quickly locked in a direction.

He clearly sensed that in which direction, there was the aura of a spiritual beast. It should be the star beast mentioned by the secret will.

According to the rules, the higher the level of the star beast you kill, the more killing points you will get. The more you kill, the more points you will get.

In addition, if the killing points are accumulated to 500 points, an additional 10 evaluation points will be obtained.

When the killing points are accumulated to 1000, you can get an additional 30 evaluation points.

When the killing points are accumulated to 2000, you can get an additional 50 evaluation points, and so on...

Qin Feng needs more evaluation points.

Not only does he want to reach the 200-point threshold, he also wants to destroy Sanqing and Luohu. Naturally, the more evaluation points, the better...

With this in mind, Qin Feng is no longer wasting time and is about to hunt.....

Buzz~!

But at this moment, a ray of divine light descended from the sky and landed on top of his head.

The next second, his body shook, his mind cleared, and the coverage of his consciousness doubled in an instant.

Soon, he could clearly sense the auras of dozens of star beasts within hundreds of millions of miles around him.

Qin Feng was overjoyed.

That divine light is the light of the God Lord, and it is the care of the descendants of the God Lord given by the will of the secret land.

With the assistance of the Divine Lord's Light, Qin Feng's divine consciousness scanning range has doubled, which greatly facilitates his hunting of star beasts.

Finding the star beast quickly is also a big advantage in competition.

Otherwise, a lot of time will be spent and even a single star beast cannot be found, so naturally the points will not be high.

What's more, the scanning range of Qin Feng's spiritual consciousness is extremely broad, almost ten times that of Sanqing and Luo Hu.

Now, with the assistance of the Divine Lord's Light, his range will be more than twenty times that of Sanqing and Luohu.

In other words, the speed at which he can search for star beasts will be more than twenty times that of Sanqing and Luohu.....

At that moment, Qin Feng happily flew away in one of the directions.

In that direction, several star beasts gathered together.....

At the same time, in other corners of the assessment area.

Zijin's clone, Xuan's clone, Hongjun, Pangu, Xianling, and Ziwei Star Master also showed happy expressions.

They also received the assistance of the Divine Lord's Light.

Especially Hongjun, with the help of the light of the God Lord, his spiritual consciousness scanning range is no less than that of Sanqing and Luohu.

Although the scanning range of Pangu, Xianling, and Ziwei is not as good as that of Sanqing and Luohu, they are far stronger than those of other late-stage quasi-saint ancestors... and the scanning ranges of Zixu's clone and Xuanmi's clone are even stronger than It's more than ten times more than Sanqing and Luohu.....

In this way, with the help of the powerful spiritual scanning, Hongjun and others quickly discovered some star beast targets as soon as they entered the examination area.

They hurried over and jumped into the competition..
