Chapter 1351

After a few rounds, the Azure Dragon Star Beast actually gained the upper hand...

Of course, the main showdown was still between Qin Feng and the Azure Dragon Star Beast.

The three major clones and the disciples of the Divine Alliance were on the side to support them.

After the two sides fought for a while, the Green Dragon Star Beast became more and more courageous as the battle progressed, and its advantage became more and more obvious.

The lineup of the League of Gods was a little flustered.

This development made all the disciples very anxious.

Boom~! Boom~! Boom~!

After another wild bombing, the Divine Alliance's Zhoutian Star Formation was dispersed, and the situation suddenly became critical.

Qin Feng reacted extremely quickly and made up for the deficiencies in defense at the critical moment.

After these changes, everyone in the Divine Alliance was a little panicked.

Hongjun said anxiously: "Dad, the defense of this star beast is too strong and we can't break it. The situation is not good!"

Qin Feng frowned nervously.

He also knew that he couldn't go on like this.

If you are always at a disadvantage like this, if you are not careful, someone will lose their life.

Just when Qin Feng was thinking about what to do, Qin Baobao's voice rang out from the crowd.

"dad! We will continue to fight with this star beast. It won't be long before Pangu, Xianling, and Ziwei star masters will come over."

At this reminder, there was a cry from the crowd

"right! Master Pangu's comprehensive strength has reached the threshold of the peak giant, and Master Ziwei and Master Xianling are also extremely strong. Once the three of them arrive, they should be able to change the situation!"

"That's right! At their speed, they should be there soon!"

When I thought that there would be reinforcements, all the disciples became more energetic.

Qin Feng also said:"All disciples, listen up! We held on and waited for Pangu and others to arrive. If they are still defeated, they all evacuate. This beast is the guardian beast of Chuangshi Qinglian, and it shouldn't be chasing after it!"

"yes! His Majesty!"

All the disciples agreed and fought even harder.

At this moment, everyone placed their last hope on the three Pangu people.

After all, the gap between them and the Azure Dragon Star Beast might only be able to reverse the situation if the three Pangu people arrived.....

But Qin Feng and others didn't know that a battle was taking place in a certain direction not far from the temple.

The battlefield is divided into two sides.

One party is none other than Pangu, Xianling, and Ziwei star masters.

On the other side, there are eight late-stage quasi-saint ancestors from the three sects outside the territory, as well as Lingming Stone Monkey, and more than 300 former heavenly saints from the outside world.

At this time, they were besieging the three Pangu people.

It turned out that when everyone rushed here, Pangu met several powerful late-stage quasi-saint ancestors from the three sects outside the territory, and the two sides started fighting.

Pangu naturally had the upper hand.

But not long after, more and more people from the three sects and other forces outside the territory passed by and joined the battle group to besiege Pangu.

As a result, the situation gradually shifted towards the side of the three sects outside the territory, and Pangu was at a disadvantage.

Not long after, Ziwei Star Lord passed by and naturally helped Pangu and evened the situation.

Unexpectedly, not long after, Lingming Stone Monkey brought another group of people passing by and joined the battle group.

In this way, you come and I go.

The battle groups on both sides are getting bigger and bigger, and more and more people are gathering together.

In the end, Pangu, Xianling, and Ziwei faced the siege of more than 300 people.

The two sides fought so hard that the color of the sky and the earth changed, and the sun and moon lost all light.

Originally, with Pangu's strength, one could defeat eight, and one person could defeat eight late-stage quasi-saint ancestors.

However, the opponent had a large number of people. Even with the support of Xian Ling and Ziwei Star Master, they were gradually at a disadvantage.

What's even more ominous is that there are examiners passing by here every moment, and they also join the battle group and besiege the three Pangu people.

This made the situation of the three Pangu people more and more unfavorable. They had been killed to pale in comparison and were defeated one after another.

"Ha ha!! Everyone, it seems the three of them can't hold on any longer!"

"Come on, all of us! Kill them!"

"All the children of the Divine Alliance are disgusting! We must not let them leave alive!"

The assessors from all the forces were shouting excitedly as if they had been given blood.

Hearing those words, Pangu was furious:"You want to kill me and three other people! You don't have that ability yet!"

"Ha ha!! Pangu, even if we can't kill you, if we continue to fight like this, your situation will get worse and worse. In the end, you will have to discard the token and eliminate yourself. As long as you are eliminated, our goal will be achieved!"

A late-stage quasi-saint ancestor laughed wantonly.

When Pangu and Ziwei Star Master heard this, their expressions changed slightly.

The goal Qin Feng gave them was to get more than 50 points and win the direct descendants of the god master. Inheritance.

So far, they haven't had time to get it all together.

If they are eliminated just now, they will not be able to achieve the goal given by Qin Feng.

They will never be reconciled to this! With this in mind, Pangu sneered and said:"Even if we are eliminated , my Majesty will not let you go!

The quasi-saint ancestor laughed:"Haha!"! Don't scare us with Qin Feng! The assessment of the secret place is about to end, and when the secret place is closed, Qin Feng will fall. Do you think the three great saint ancestors will let him go?"

"that is! This time, the three great saint ancestors will definitely destroy Qin Feng!"

"Everyone, I don't want to talk nonsense with the three of them. I will use my full strength to force them to eliminate themselves as soon as possible!"

"Exactly!"

All the assessors agreed one after another, and their attacks became more and more fierce.

Pangu and the three people suddenly felt the pressure increased.

At the same time, more and more passers-by joined.

Unknowingly, all the forces were on one side. The number of people has increased from 300 to 400.

The situation of Pangu and the others is getting worse and worse.

Star Master Ziwei and Xian Ling have been besieged until they can't breathe.

If this continues, the two of them will inevitably be Severely injured.

Seeing this scene, Pangu was extremely anxious.

At that moment, he sent a message to the Lord of Ziwei Star

"Mistress, there are more and more people from various forces. If this continues, I'm afraid the number will increase to five or six hundred. At that time, we have no choice but to withdraw. Can I ask His Majesty for help now?"

Ziwei Star Master hesitated for a while and said:"Okay! That can only be the case!"

With the consent of Lord Ziwei, Pangu quickly sent a distress message to Qin Feng during the battle.....

At the same time, inside the temple.

Qin Feng, leading the three clones and his disciples, was fighting fiercely with the Green Dragon Star Beast.

Suddenly, a message came from his token.

Qin Feng's heart moved, and he quickly waved his flag to repel the Green Dragon Star Beast in front of him.

Then, he took the opportunity to take out the token and took a look.

At this sight, his expression changed drastically.

That was actually a distress message sent by Pangu.

The three Pangu people were being besieged by four or more people.

Qin Feng was suddenly shocked and angry

"Dad, what's wrong?"

"withdraw! Let's retreat first!"

Qin Feng had no time to explain, so he had to give up the fight with the Azure Dragon Star Beast.

When the disciples heard this order, they suddenly felt something bad.

Roar~!

A shocking roar!

The Azure Dragon Star Beast rushed over again, even more fierce than before. beast

"Damn it!"

Qin Feng had no choice but to lead the three clones to resist.

Hongjun also led the children of the Shenmeng in a tacit agreement and prepared to retreat.

But at this moment, a sudden change occurred.

Qin Feng suddenly shook his body, and a sound sounded in his mind. System prompts

"Ding~! Congratulations to the host, your Taiji Yuandi has been successfully constructed, and your completion degree of the Great Flood God Realm has been increased to 98.6.%.....The host received a large amount of combat power in return....."

Boom~Long~Long!

Suddenly, Qin Feng's momentum surged, and his combat power soared.

Qin Feng was ecstatic.

His Tai Chi Yuan Di was actually completed at this moment...

Chapter 1352

Boom~Long~Long!

Suddenly, Qin Feng's momentum surged, and his combat power soared.

Qin Feng was ecstatic.

His Tai Chi Yuan Di was completed at this moment...

2.9 billion poles.....3 billion poles.....3.1 billion poles...

In the blink of an eye, Qin Feng's combat power surged to 3.2 billion poles, which was extremely terrifying.

One body and three parts!

The three clones are Qin Feng's body extensions.

At the same time as Qin Feng's combat power surged, the combat power of the three clones surged simultaneously, and in the blink of an eye, each of them was close to one billion.

Roar~!

At this moment, the Azure Dragon Star Beast came over to kill him.

"roll!"

Qin Feng slashed at him with a banner. With a three hundred times increase, the power was unparalleled.

The three major clones also took action at the same time~!

Bang~! Bang~! Bang~! Bang~!

Four consecutive loud noises!

Five flags of heaven and earth were propped up. The defensive light shield that had been raised suddenly dimmed.

The Azure Dragon Star Beast was even more shocked by this blow and flew backwards.

In this encounter, Qin Feng and the three clones actually had the upper hand!

"This is...."

"Your Majesty has the upper hand!"

"This is great!"

The disciples who were preparing to evacuate cheered when they saw this scene.

Hongjun even shouted excitedly: "Disciples! Kill me!"

"kill!"

All the disciples immediately returned to the battlefield with overwhelming killing intent.

Whoosh~! Whoosh~! Whoosh~!

In the blink of an eye, thousands of attacks of various colors were fired at the Azure Dragon Star Beast.

Qin Feng and the three clones also launched again Take action.

The overthrown Azure Dragon Star Beast had just stabilized its figure when it was swallowed up by many attacks. The two sides fought together.

This time, the Azure Dragon Star Beast lost a lot of points.

The Divine Alliance side cheered.

Bang~! Bang~! Bang~!

The crowd's attacks continued to bombard the five-directional flags of heaven and earth, making the protective light shield continue to dim.

Roar~! Roar~! Roar~!

The Green Dragon Star Beast was impatient and kept roaring, but there was There was no choice.

At this moment, it was gradually suppressed by the Divine Alliance.

"Ha ha!! Dad, we have the upper hand!"

Hongjun was very excited.

In fact, he wanted to ask Qin Feng why his strength suddenly soared, but he also knew that it was not the time to ask now.

Not only Hongjun wanted to know, but all the disciples were also curious.

In the blink of an eye, the two sides fought hundreds of face-to-face encounters.

The Green Dragon Star Beast was defeated by Qin Feng and others, but the protective mask of the Five Directions Flag of Heaven and Earth was still strong, but the light became dimmed, seemingly weakened, but still Incomparably tough.

When Qin Feng saw this, he frowned and was extremely anxious.

The defense of the Five Directions Flags of Heaven and Earth is too strong!

If they continue to fight like this, it will take them a day and a night to break through the defenses of the Five Directions Flags of Heaven and Earth..

But Pangu and the other three are in danger. How can they wait for a day and a night? I am afraid that in another hour or two, Pangu and the other three will either fall or retreat from the assessment area.

Thinking of this, Qin Feng turned his mind and Zijin clone Immediately understanding this, he withdrew from the battle group and flew out of the hall.

"Huh!"

When all the disciples saw this scene, they were greatly surprised.

"Dad, why did your purple and gold clone leave?"

"He went to rescue Pangu, Ziwei, and Xianling. The three of them are being besieged by hundreds of assessors and are now in crisis. The message that just came was a distress message from them!"

"What?!"

Hongjun was shocked and angry.

The children of the Shenmen League also changed their expressions.

Immediately, Hongjun said anxiously: "Dad, do you want me to go rescue my mother and Pangu?"

"Need not! With the speed of Zijin's clone, he can arrive very quickly. Waiting for you to rush over, the speed is too slow, I'm afraid it will be too late....."

While the two were talking, the Azure Dragon Star Beast came over again.

Qin Feng led his disciples to fight.

The two sides fought again.

Boom~! Boom~! Boom~!

There was another burst of earth-shattering explosions.

This time without Zijin's clone, Qin Feng's side and the Azure Dragon Star Beast were tied again, and even had a slight upper hand.

But in this situation, Qin Feng knew that even if they killed for three days and three nights until the assessment was over, it would be difficult for them to destroy the Azure Dragon Star Beast, let alone obtain the Creation Green Lotus.

His only hope is to let the Zijin clone rescue Pangu and the others.

By then, the four of them will return and their reinforcements will be greatly increased. They may be able to kill the Azure Dragon Star Beast within one day.

"Dad, those assessors are absolutely disgusting! Hongjun was furious.

Qin Fenghan said in a cold voice: "My father sent Zijin's clone to kill without mercy!"

Hongjun suddenly realized.

Purple-gold and pink do not have any points pressure, and there is no taboo in killing those examiners.

This thought made Hongjun feel a little more relaxed.

At this moment, the Azure Dragon Star Beast came over again to kill.

Qin Feng The others stopped talking and continued to join forces to attack the Azure Dragon Star Beast. The battle continued.....

At this moment, Zijin's clone had left the temple and rushed towards the direction of Pangu and the others.....

At the same time, on the way to the temple.

The three Pangu people and other forces have been killed to a great extent.

Unknowingly, the number of people on one side of the forces had gathered to more than 500.

The pressure on Pangu and the three people is increasing, and the situation is getting worse.

Xian Ling and Ziwei Star Master have been injured. Only Pangu is the strongest and is still intact, but he is more defensive than offensive.

The situation of the three Pangu people was seen by people from various forces.

At this moment, their faces were full of excitement, and the crowd burst into laughter from time to time.

"Ha ha!! Everyone, these two women can't stand it anymore. Let's work harder and destroy them!"

Hearing this, Ziwei Star Lord was furious:"You are so arrogant!"

"Haha!! Lord Ziwei, how long do you think you can hold on? If you want to be wise, throw away the token and maybe save your life. If you persist, you will never leave alive today!"

"dream! You...ah~!"

A scream!

Ziwei Star Master was unprepared, and was struck by a strong man from the late stage of the Quasi-Saint Ancestor, who focused his blow on the back, and immediately vomited blood and flew out.

"not good!"

"Mistress, be careful!"

PanguXian Ling is in a hurry

"Kill her!"

The people from all the forces roared excitedly.

In an instant, seven powerful late-stage quasi-saint ancestors rushed towards the seriously injured Lord Ziwei at the same time.

They wanted to take this opportunity to kill Lord Ziwei.

Pangu and Xianling were shocked. Filled with anger, he wanted to go to the rescue.

But he didn't expect that the remaining late-stage quasi-saint ancestor and the Lingming Stone Monkey led hundreds of examiners to entangle the two of them. In the blink of an eye, the seven quasi-saints The late-stage ancestors had reached the side of Lord Ziwei and wanted to kill them together.

At this moment, Star Lord Ziwei felt a sense of life-threatening crisis deep in her heart.

She lamented and had no choice but to take out the clearance Token, preparing to eliminate herself.

But she was extremely unwilling in her heart!

She also knew that after her elimination, Pangu and Pangu would not be able to hold on for long.

She and Pangu would no longer be able to complete the tasks assigned by Qin Feng.

"go to hell!"

"Ha ha!!"

Boom~! Boom~! Boom~!

At this moment, the seven late-stage quasi-Saint Ancestors, each with a ferocious smile, launched the strongest blow.....

"No~! "

Pangu and Xianling roared in despair.

Hey~!

Star Master Ziwei lamented in his heart and wanted to let go and throw away the token.

But at this critical moment, a light flashed above her head, and the Zijin clone arrived just in time

"die!"

Before everyone could react, Zijin's clone waved his sword, and the Heaven-Destroying Sword Formation erupted. Thousands of lightsabers met the attacks of the seven late-stage quasi-Saint

Ancestors... and instantly destroyed the attacks of those seven. destroyed, and those seven peopleDevoured in the rain of swords...

Bang~! Bang~! boom~!

Seven consecutive loud noises!

The seven people were exploded on the spot, and their souls were instantly destroyed.

With just one encounter, Zijin's clone instantly killed seven late-stage quasi-saint ancestors.....

"His Majesty!"

Ziwei Star Master was overjoyed, feeling like he was surviving after a disaster.

"not good!"

"Run away!"

All the power examiners exclaimed, some turned around and ran away, and some took out their clearance tokens.....

"Go to hell!"

The Zijin clone waved his hand, and billions of sword lights shot away.....

Poof~! Poof~! puff~!

Each sword light kills an examiner. Wherever the sword light passes, everything is instantly killed and turned into energy. Screams come and go, making the sound loud and clear..

Chapter 1353

Zijin's clone waved his hand, and billions of sword lights shot away.....

Poof~! Poof~! puff~!

Each sword light kills an examiner. Wherever the sword light passes, everything is instantly killed and turned into energy. Screams come and go, making the sound loud and clear.....

The combat power of Zijin's clones is in the billions. The power of the Heaven-Destroying Sword Formation has reached the level of the ultimate divine artifact. Coupled with the super increase of 300 times, the power of each lightsaber has reached the half-step Saint Ancestor level. Who can resist the level of threshold?!

In the blink of an eye, the Zijin clone killed more than 500 examiners, and even the last late-stage quasi-saint ancestor fell.

Only a dozen or so clever assessors threw out the clearance tokens at the first opportunity and were eliminated by chance...

At this point, all the forces were almost completely wiped out. Except for the Divine Alliance, there were almost no other forces in the assessment area. assessor.

Even if there are, they are just a few heavenly saints with weak power, so they are nothing to worry about...

This killing spree swept across the battlefield!

The Zijin clone waved his hand and put away the sword formation.

Only the blood mist and energy that filled the sky remained at the scene, as well as hundreds of storage rings and several sacred artifacts...

Pangu and Xian Ling were dumbfounded.

After a while, the two of them woke up with a look of ecstasy.

"His Majesty!"

Pangu and the two walked happily to the Zijin clone.

"Your Majesty, you have come at the right time. If it were a step too late, I would have been eliminated."

Ziwei Star Master sighed with emotion.

"Ziwei, how is your injury?", Zijin's clone asked with concern.

Ziwei Star Master smiled bitterly: "I'm seriously injured, I'm afraid I need to rest for a day before I can fully recover."

"Mistress, please adjust your breath now. I'll clean up the battlefield!"

Xian Ling hurriedly consoled her.

Pangu had already begun to take action, collecting energy and loot from the audience.

"Your Majesty, that concubine...."

Lord Ziwei is about to ask for instructions

"Not urgent! I will give you a blessing!"

As soon as he finished speaking, Zijin's clone pressed a finger to the center of Ziwei Star Master's eyebrows.

Ziwei Star Master had great trust in Qin Feng and did not give in at all.

The next second, a golden rune exuded the aura of supreme heavenly charm, and followed The fingertips of Zijin's clone rushed out and penetrated into Ziwei's eyebrows.....

Boom~!

The star master Ziwei couldn't help but tremble, and a dazzling spiritual light suddenly bloomed all over her body, reflecting in all directions and reaching the sky.

Pangu and Xianling were shocked and looked around.

I saw the Ziwei Star Lord bathing in the colorful divine light, with auspicious aura emerging all over his body, and auspicious clouds blooming.

Golden lanterns, golden lotuses, necklaces, and hanging beads fall from the auspicious clouds all over the sky, like water dripping from the eaves in a steady stream.

There was a golden light behind his head, and a golden wheel emerged, shining thousands of miles away, brightening the entire world.

There are also smallpox floating in the sky, faint fairy music, fragrance from heaven and earth, and hidden auspicious animals such as real dragons, colorful phoenixes, and unicorns walking among the clouds, presenting the ultimate auspiciousness in the world.....

At the same time, the cultivation level of Lord Ziwei is also rising sharply.....

The late stage of the Quasi-Saint Ancestor... The peak of the late stage of the Quasi-Saint Ancestor.....The pinnacle giant of the Quasi-Saint Ancestor...

In just a moment, the cultivation level of Lord Ziwei was raised to the limit of the pinnacle giant of the Quasi-Saint Ancestor...

At this moment, countless auspicious lights in the sky attached to his body and turned into a phoenix hairpin. The crown and purple gold dragon robe are both sacred weapons, and their aura is amazing!

And the Ziwei Star Lord's combat power and momentum suddenly reached 200 million, which was extremely terrifying.

Pangu and Xian Ling were completely dumbfounded by this scene.

In just a short time, they witnessed with their own eyes that Ziweixing's main cultivation level had reached the limit of the peak giant, and his combat power reached 200 million, which was the same as Hongjun's.....

At the same moment, Qin Feng, who was far away in the temple, heard a system prompt in his mind.....

"Ding~! Congratulations to the host, your subordinate Ziwei Star Master has been successfully promoted to Tai Chi Heavenly Emperor.....The host received a large amount of combat power in return....."

At that moment, Qin Feng's momentum suddenly surged, reaching 3.3 billion.

The three major clones also increased their combat power by more than 30 million.

This surge in combat power caused subtle changes in the battle within the temple.

Qin Feng led the two clones and his disciples to gain the upper hand again and suppressed the Azure Dragon Star Beast.....

The children of the Shenmen League cheered, their fighting spirit was high, and their attacks became more fierce.....

But on this side, Pangu and Xian Ling were completely stunned by the scene in front of them.

The Zijin clone also showed joy, feeling very satisfied.

The energy of Taiji Yuandi is indeed much stronger than that of Tianji Yuandi.

The benefits obtained by Ziwei Star Master were far greater than Liu Yan's and exceeded his expectations.

Ziwei Star Lord's breakthrough also greatly increased his strength.

At this moment, all the visions in the sky disappeared.

The light around Ziwei Star Lord dissipated, revealing her appearance.

At this moment, there was a cinnabar-like red dot between her eyebrows, which was the talisman of the Emperor of Heaven, making her more charming and noble.

At this time, Lord Ziwei slowly opened his eyes, his beautiful eyes filled with ecstasy.

She first looked at herself in disbelief, and then said with joy: "Your Majesty, my injury is healed! The effect of this Tai Chi Heavenly Emperor is extremely amazing!"

At the moment of merging with the throne, Lord Ziwei accepted There is a lot of information, so you naturally know what is going on.

When Pangu and Xian Ling heard this, they were suddenly enlightened, and their eyes showed envy.

The Zijin clone also smiled slightly: "Yes! None of the three heavenly emperors are weak!"

In fact, he didn't say a word.

The energy obtained by the Taiji Heavenly Emperor is much greater than that of the Tianji Heavenly Emperor.

According to this situation, the strongest Ziji Heavenly Emperor should have higher energy.

Originally, Qin Feng wanted Ziwei Star Master to be the Ziji Heavenly Emperor, but due to circumstances, he could only promote her to Taiji Heavenly Emperor.

As for the position of Emperor Ziji, let his other virtuous wife, Emperor Feng, take over.

Of course, Ziwei Star Master did not suffer.

She also has a direct descendant of the ancient god lord who can inherit it.

After such a calculation, the benefits she gained were no less than those of Emperor Feng, or even more.

Thinking of this, the Zijin clone said:"Let's clean up the battlefield quickly! There is some trouble on the main body's side, and we need four of us to go over and support it!"

"yes! His Majesty!"

This reminder, Ziwei Star Master and the other three people agreed with a bang.

Afterwards, the group quickly cleaned the battlefield.

The energy transformed by more than 500 heavenly saints was very huge.

What's more, eight of them were late-stage quasi-sage ancestors..

After collecting the loot, the Zijin clone glanced at it casually.

There were hundreds of storage rings, large and small star beast inner elixirs, nearly a hundred, which was another huge harvest.

With so many inner elixirs , the creation speed of Ziji Yuandi can definitely be accelerated.

The Zijin clone collected all the loot with satisfaction, and led the Ziwei trio towards the temple..

Chapter 1354

The Zijin clone collected all the loot with satisfaction, and led the Ziwei trio towards the temple...

At the same time, there were more than a dozen lonely figures on the square in the secret place.

These people were lucky enough to escape from the Zijin clone.

Of course, if they discarded the clearance token, they would lose the qualification to continue the assessment and be directly eliminated.

Even so, they felt lucky.

If they hadn't been clever and discarded the token immediately, they would have died inside.

After all, all the powerful people in the late stage of the Quasi-Saint Ancestor were instantly killed, let alone them.

Speaking of which, Lingming Stone Monkey is also among them.

He is the only surviving Quasi-Saint Ancestor, but his cultivation is only at the peak of the Early Quasi-Saint Ancestor, and he is no longer on the stage.

At this moment, Lingming Stone Monkey looked at the points monument in front of him with a wry smile on his face.

"Lord Lingming, why are you smiling so bitterly? I should feel lucky to be able to escape with my life!"

A Heavenly Saint said with emotion on his face.

Lingming Stone Monkey motioned the man to look at the Integral Monument and said with a wry smile: "Fellow Taoist, look at the names on the Integral Monument. There are more than 1,300 people in the Divine Alliance. , not one is missing, and there are only thirteen of us and other forces on top."

"What's even more frightening is that even the names of giants such as Taiqing, Mohu, and Luojia have all disappeared."

At this reminder, everyone was shocked and looked at the sacred monument.

The next second, their faces became extremely ugly.

Sure enough, everything was as Lingming Stone Monkey said, the names of Taiqing Shengzun, Mohu and other giants , have all disappeared.

The disappearance of their names can only indicate one situation, that is, Taiqing Shengzun and other giants have fallen.

"Oh my god! Taiqing and other seniors have all fallen! How...how could this happen??"

"Hey~! Not only have they fallen, but if you look at the sacred monument, except for the children of the Divine Alliance, there are only thirteen people from other forces left, and we have exactly thirteen people here."

"In other words, except for the children of the Divine Alliance, there are no other forces in the assessment area right now?"

"exactly!"

As soon as these words were said, everyone in the room looked at each other with a wry smile.
.....

At the same time, outside the secret place, near the entrance.

The figures of Dao Ancestor, Demon Ancestor, and Jing Ancestor reappeared.

At this moment, the three great saint ancestors were all staring in the direction of the secret place silently.

After a long time, Daozu sighed:"Hey! They are all dead!"

Jingzu also smiled bitterly: "Yes! They all died! I didn't expect that all the disciples of our three sects outside the territory died in the secret place. This time, all three of our sects have made a miscalculation."

As soon as these words were said, the faces of the three great saint ancestors showed sadness.

This time, the three sects outside the territory suffered heavy losses. It would be a lie to say that they were not in pain.

Especially Dao Ancestor and Demon Ancestor, they even lost their sacred weapons.

"You two, now that things have happened, it becomes more and more clear that there is something strange going on in the secret place....."

"Just wait and see! The secret place is about to be closed, and all the truth will be known soon!"

"hehe! This time I want to see who is behind this!"

With a burst of sneer, the figures of the three great saint ancestors faded again, and finally disappeared into the endless evil aura.....

But he said on the other side, in the assessment area, inside the temple.

The battle on the field intensified.

Qin Feng's side became more and more courageous as he fought, killing the Green Dragon Star Beast and retreating steadily.

The protective light shield of the five flags of the sky and the earth became increasingly dimmer.

Seeing this scene, the disciples of Shenmeng were extremely excited.

"father! Looking at this situation, we will soon be able to break through the protection of this star beast!"

Hongjun said excitedly

"Continue to strengthen the attack!"

"yes! father!"

The attacks of the disciples became more and more fierce.

Boom~! Boom~! Boom~!

Wave after wave of attacks that destroyed the world, bombarded the light barrier held up by the five flags of heaven and earth.

Roar~!

The green dragon star beast roared incessantly.!

The two sides fought desperately.

The brightness of the mask was dimming little by little, and the defense power was decreasing unconsciously.....

In the blink of an eye, the two sides fought for half an hour.

The protection of the five flags of heaven and earth became extremely dim, and seemed to be shattered at any time, but it would not be shattered.

The resilience of the defense also surprised Qin Feng, secretly thinking that the defense of the Five Directions Flags of Heaven and Earth was too amazing.

Not only Qin Feng thought this way, but also the children of the Shenmeng became more and more frightened as they fought.

Just when everyone was thinking about when the protective light shield would be broken, several rapid sounds of breaking through the air were heard at the entrance of the hall.

Everyone looked back and saw Zijin's clone rushing back with Pangu and the others.

"Your Majesty's clone is back!"

All the disciples were overjoyed.

Roar~!

When the Qinglong Star Beast saw reinforcements arriving, it was so smart that it roared in panic and fought back desperately.

"court death!"

Qin Feng slashed down with one banner.

At this moment, the shadow clone and the Xuan female clone shot at the same time.

The purple gold clone that followed also activated the Heaven-Slaying Sword Formation and shot out billions of sword lights.....

Hongjun and all the disciples of the Divine Alliance also took action.

Ziwei Star Master, Pangu, and Xian Ling also took action one after another... Especially when Ziwei Star Master took action, his momentum was earth-shattering, comparable to Hongjun level, and shocked the entire Divine Alliance.

The next second, everyone's attacks fell on the five flags of heaven and earth.....

Boom~! Boom~! Boom~!

Click~! Click~! Click~!

With a series of earth-shattering loud noises!

The indestructible protective light shield finally made a soft clicking sound, and countless cracks appeared.

The Azure Dragon Star Beast's eyes showed fear.

The disciples of the Shenmen League were pleasantly surprised

"Ha ha!! Cracked! It finally cracked!"

"kill! Kill me!"

Boom~! Boom~! Boom~!

The morale of the Divine Alliance was greatly boosted, and they bombed and bombarded with all their strength. In a moment, the Qinglong Star Beast was swallowed up by the attacks of Qin Feng and others, and the clicking sound was endless...

Everyone knew that the five directions of the world The flag's protection is about to be shattered, leaving no room for damage.....

At this moment, the sky and the earth shook, the mountains and rivers shook, and there was a constant roar in the hall.

Not long after, there was a shocking"click"!

The defense of the Five Directions Flags of Heaven and Earth has finally been breached!

Qin Feng and others attacked, and all fell on the Qinglong Star Beast, swallowing it up...

Roar~!

After another painful struggle and roar, the Qinglong Star Beast was exploded under the crazy siege by Qin Feng and others, turning into a sky full of energy, leaving behind a super huge inner elixir.

.....

At this point, the Azure Dragon Star Beast was completely wiped out!

Qin Feng is overjoyed

"Ha ha!! died! That star beast is dead!"

The children of the Shenmen League cheered endlessly.

Buzz~! Buzz~! Buzz~! Buzz~! Buzz~!

At this moment, the five flags of heaven and earth roared loudly, transformed into five lotus leaves again, and fell towards the center of the altar..

Chapter 1355

Buzz~! Buzz~! Buzz~! Buzz~! Buzz~!

At this moment, the five flags of heaven and earth roared loudly and transformed into five lotus leaves again, falling towards the center of the altar and becoming one with the creation green lotus.

In an instant, the Creation Green Lotus became complete again, with a brilliant aura and thousands of auspicious colors.

After a while, under the gaze of everyone, it slowly rose and flew towards Qin Feng

"Look, the Creation Green Lotus is flying over!"

All the disciples looked nervous.

Qin Feng waved his hand and put away the energy in the sky and the huge inner elixir.

After he finished all this, the Creation Green Lotus slowly flew in front of him.

Qin Feng Taking a deep breath, he looked at Qinglian in front of him with excitement, and his heart was full of expectations.

Logically speaking, he killed the Qinglong Star Beast, which is equivalent to passing the test of the will of the secret land. Creation Qinglian should recognize him as Master. I saw the creation green lotus, shrunk to the size of a head, slowly rotating around Qin Feng, as if sizing up Qin Feng.

Woo~!

After a moment, the green lotus trembled slightly and made a joyful trembling sound, as if Extremely satisfied with Qin Feng.

The next second, Chuangshi Qinglian emitted waves of mental fluctuations, and those mental fluctuations contained its thoughts.

Qin Feng couldn't help but close his eyes, and also sent out his own thoughts, and The thoughts of Chuangshi Qinglian began to communicate.

Seeing this scene, the disciples around held their breaths and watched quietly one by one, not daring to breathe.

After a while, the exchange between one person and one lotus was completed.

Qin Feng slowly opened his eyes Opening his eyes, there was excitement in his eyes.

Woo~! Woo~!

Chuangshi Qinglian also made a very happy roar.

It seemed that an agreement was reached between the two.

Then Qin Feng stretched out his left hand.

That Chuangshi Qinglian also continued to shrink, and in an instant it became the size of a fist, slowly falling into Qin Feng's palm.

When Qinglian came close to the palm, countless translucent tentacles sprouted from its roots, which penetrated deeply into Qin Feng's palm, and then sucked the essence. Blood.

Wisps of blood flowed into the body of Chuangshi Qinglian along the translucent tentacles.

Gradually, the spiritual light emitted by Chuangshi Qinglian became stronger and stronger, and there was a faint red light...

Woo~!

After a moment, Chuangshi Qinglian The green lotus sucked up enough blood and emitted an extremely refreshing cry. Then it automatically blended into Qin Feng's palm and turned into a green lotus flower, shining brightly.

At the moment when the green lotus turned into a picture and text, a green lotus was created. A stream of extremely pure green energy flows from the palm of his hand to Qin Feng's limbs...

Chi~! Chi~! Chi~!

Wherever the green energy passes, Qin Feng's pores can't help but open up, and his whole body... It was like soaking in a hot spring, extremely comfortable, every cell, every hair, every inch of bone emitted a silent roar of joy, and it was extremely pleasurable.

After a while, the green energy flowed all over Qin Feng's body, transforming Qin Feng Every inch of his skin and every cell.

After a long time, Qin Feng slowly opened his eyes, feeling as if he had been reborn, and his whole body was refreshed. The disciples around him also looked at him in astonishment.

In just a moment, Qin Feng's combat power The momentum skyrocketed to 3.5 billion, which was extremely terrifying.....

"Dad, does Chuangshi Qinglian recognize you as the master?"

Hongjun stepped forward to ask with concern on his face.

The disciples around him also showed expectant looks.

Qin Feng smiled slightly:"I haven't fully recognized the master yet, I can only count half of it."

"Uh...how do you say this?"

"Before, after communicating with it as a father. Chuangshi Qinglian is extremely satisfied with his father, and what makes him even more happy is that his father has the blood of the ancient god in his body, making him the most ideal choice."

"But according to the rules left by the ancient God Lord, the master it chooses must be the inheritor of the ancient God Lord's mantle. Nowadays, my father has not obtained the mantle of the God Lord, so he is naturally not its owner."

"Creation Qinglian wanted to recognize me as its master, but also didn't want to disobey the divine master's order, so it reached an agreement with me. That is to temporarily reside in my palm and lend me part of my power and part of my magical power."

"After I receive the mantle and inheritance of the ancient God Lord. It will truly be my lord! When the time comes, you can use its full power!"

After hearing these words, everyone suddenly understood

"So this is ah! Dad, if it completely recognizes you as its master, your combat power will be greatly improved!"

"Of course!"

"Tsk tsk!! Dad, just giving you part of the power will increase your combat power to 3.5 billion poles. If you give them all, your combat power will definitely increase even more. Hongjun sighed and said nothing.

Then, he asked curiously: "Dad, did the Creation Qinglian lend you those magical powers?"

"One is the Five Directional Flags of Heaven and Earth, and the other one is....."

Qin Feng waved his hand, and several sacred artifacts of creation appeared in front of him, including six pure bamboos, Qingping Sword, and the Golden Wheel of Nirvana.

Buzz~! Buzz~! Buzz~!

These three sacred artifacts of creation kept vibrating. Although they were sealed, they were still struggling, trying to escape.

Qin Feng waved his hand and drew the Qingping Sword in front of him.

Casually, he slowly unfolded his left hand, and from the green lotus mark on his palm, a huge green lotus phantom rose up and wrapped around the Qingping Sword...

Buzz~! Buzz~!

Qingping Sword was suddenly frightened, vibrating violently, and struggled desperately, but couldn't break free.

When those lotus petals completely wrapped the Qingping Sword, a strange clicking sound came from inside...

After a long time, there was a soft popping sound inside the Qingping Sword, as if something was shattered, and a silent wailing sounded in the void. echoed in.

The entire divine sword also dimmed in light, and its divine power was greatly reduced.

Qin Feng quickly broke his finger to coagulate the blood, flicked his index finger, and a drop of blood flew towards the Qingping Sword...

As soon as the blood fell into the Qingping Sword, it was quickly absorbed completely.

After a moment, Qingping Sword once again lit up with dazzling spiritual light, and its divine power bloomed, just like before.

Qin Feng quickly moved the seal to release the seal.

Click~! Click~! Bang~!

The seal was shattered and Qingping Sword was free again.

Buzz~!

But it didn't just run away. Instead, it chirped and whirled around Qin Feng, making an extremely intimate roar, as if Qin Feng was its master.

This scene made Hongjun and others stunned.

Immediately, they figured out what was going on, and each of their faces showed a look of ecstasy.

It turns out that the Creation Qinglian borrowed Qin Feng's magical power to kill the artifact spirit of the holy artifact and then create a new artifact spirit.

Now, the Qingping Sword's weapon spirit was born from Qin Feng's essence and blood. It naturally has a natural affinity for Qin Feng and automatically recognizes Qin Feng as its master as soon as it is born.

"good! good!"

This is how I got a sacred artifact of creation.

Qin Feng was very happy.

"father! Your magical power is really amazing!"

Hongjun was envious

"Ha ha!! The fun is yet to come!"

Qin Feng laughed and took action again..

Chapter 1356

Qin Feng laughed and took action again. Two phantoms of the Creation Green Lotus bloomed in his palm again and flew towards the Golden Wheel of Nirvana and the six pure bamboos.

After a moment, the shadows of two green lotuses wrapped around the Golden Wheel of Annihilation and six pure bamboos.

After another similar operation, the spirit of the Golden Wheel of Nirvana and the six pure bamboos were reshaped.

After the seal was lifted, the two sacred artifacts of creation made a cheerful sound and revolved around Qin Feng, and two more sacred artifacts of creation were obtained.

"Ha ha!! good! good!"

Qin Feng felt very happy.

Then, he waved his hand, and the Qingping sword flew towards the shadow clone. The shadow clone put away the Qingping sword with satisfaction.

Speaking of which, the power of this Qingping sword is extremely powerful, not even a little bit. Not on the Wu Shen Banner, the power is more than ten times more powerful than the Yuantu Abi Swords on his body.

Thinking of this, the shadow clone summoned the Yuantu Abi Swords

"Styx!"

"The subordinates are here!"

"These two swords of Yuantu Abi are very consistent with your cultivation system. From today on, it will be given to you to use!"

The shadow clone waved his hand, and the two swords of Abiyuantu flew towards the Styx.

"Thank you, Your Majesty!"

Minghe was ecstatic, with trembling hands, he took the swords excitedly.

Buzz~! Buzz~!

Yuantu Abi's swords vibrated and made a sound of response.

Seeing this scene, all the disciples showed envy.

Then Each of Yuantu's Abi swords is of the Heaven-casting level. When the two swords are combined, their power reaches the top level of the Heaven-casting level. How can all the disciples not envy them?

"Dad, the holy weapon in the baby's hand is very ordinary, I also want something powerful!"

Qin Baobao couldn't help it anymore and was the first to stand up.

"Dad, baby...hehe!!"

Hongjun also showed a slightly shy look in his eyes.

Not only the two of them, but also all the senior officials looked at him with eager eyes.

"Ha ha!! Don't worry! This time, everything that should be there will be there!"

Qin Feng waved his hand, and hundreds of sealed holy artifacts appeared in front of everyone, ranging from the cauldron level to the heaven-forging level.

These were the holy artifacts that Qin Feng obtained after massacring other quasi-saint ancestors. They just couldn't be refined. Transformation, he sealed them all, such as the Universe Ruler, the Golden Exquisite Tower, the Seven Arrows Book of Nailheads, the Judge of Life and Death Pen, the Book of Marriage, etc. As soon as the holy artifacts appeared, Qin Feng used his magical power, and the phantoms of green lotuses appeared one after another. Wrap those holy vessels.....

It didn't take long for the spirit of nearly a hundred sacred weapons to be reshaped, and they all recognized Qin Feng as the master.

Qin Feng was overjoyed and distributed the holy weapons.

At this point, everyone at the top of the Divine Alliance has a sacred weapon in hand, and their overall strength has skyrocketed.

In addition, Qin Feng also awarded Hongjun three stars for killing the wolf, which was comparable to half of the holy artifact of creation.

After the sacred weapons were distributed, all the senior officials showed joy and were excited.

"Ha ha! Dad, this time everyone above the peak of Heavenly Saint has basically been assigned a sacred weapon, and the overall strength of our Divine Alliance has improved a lot!"

"yes! Your Majesty, with the help of the Holy Artifact, even a peak Heavenly Saint expert can kill a peak Heavenly Saint level star beast with one person."

Hongjun and Ziwei Star Master both said excitedly.

Hearing these words, Qin Feng thought of business.

"By the way, there should be no examiners from other forces in this assessment area, only our Divine Alliance is left. Calculating the time again, there are only two days left before the assessment is over."

"But in this assessment area, there are still a large number of star beasts that have not been hunted. We must hunt them all quickly and not miss any of them. Because the inner elixirs of these star beasts are of great use to me.

Hongjun stepped forward and said, "Dad, this matter is easy to handle!" Now, we and other senior leaders have greatly increased their strength and can disperse their actions. My child suggests that quasi-saint ancestors and above can act alone."

"The remaining ten people form a group, with at least one Heavenly Saint peak leader in each group. In this way, even if they encounter a quasi-Saint Ancestor-level star beast, they will still be able to fight. Even if you can't fight, you can still escape intact."

Hearing this, Qin Feng nodded slightly.

According to Hongjun's grouping, each group of people will have at least one peak heavenly saint, five or six heavenly saints, and the rest are all supreme saints.

So far, Qin Feng has brought All of the disciples have been promoted to the level of Supreme Saint or above.

In this way, each group of people has the strength close to the threshold of the early stage of Quasi-Saint Ancestor, and it is time to take risks.

"That's fine! Na'er quickly hunted the star beasts and tried his best to kill all the star beasts in the assessment area before the assessment ended!"

"yes! His Majesty!"

All the disciples happily accepted the order.

After being divided into groups, the three clones led dozens of quasi-saint ancestors and one hundred and thirty groups and left in a mighty manner.

After leaving the temple, everyone headed towards the hundred and thirty Actions were dispersed in more than sixty directions.

With such a high-density and all-round sweep, it would be easy for the Divine Alliance to kill all the star beasts in the assessment area within the remaining two days.

Because of this, Qin Feng did not follow him out. He didn't plan to hunt it himself.

With the inner elixir in his hand, he had accumulated nearly 10,000 killing points, and could securely win the first place.

At this time, the temple became quiet, and only Qin Feng remained. One person.

I saw Qin Feng's eyes penetrating through the temple, looking at the backs of the disciples leaving, with a look of relief on his face.

After the disciples left, he slowly withdrew his eyes, and then waved his hand, and the God-killing Spear appeared. In front of him,

Chuangshi Qinglian can forcibly reshape the spirit of the sacred vessel, and it can also reshape the top-grade sacred vessel. The difference is only one level, and the power is the same in heaven and earth.

It can be seen from this that Chuangshi The horror of the sacred artifact!

Of course, reshaping the artifact spirit is one of the natal magical powers of Creation Qinglian, and it is a unique magical power in this world.

Not all creation sacred artifacts have the magical power to reshape the artifact spirit.

Think of it. Here, Qin Feng was about to activate the magical power of Creation Qinglian, and wanted to forcibly reshape the weapon spirit of the God-killing Spear and make it his own weapon.

But at this moment, Liu Yan's cry came from his mind.

He quickly closed his eyes, and his mind was immersed in the divine world within his body. The next second, in the Great Flood God Realm,

Liu Yan stood on the clouds, leading Di Jun, Taiyi, and Zhen Yuanzi, looking up to the nine heavens.

Suddenly, The sky and the earth were brilliant, and the nine heavens were shaking.

An extremely majestic projection appeared on the nine heavens.

That projection was Qin Feng!

"Disciple pays homage to Master!"

Liu Yan happily bowed to Qin Feng's projection, with both respect and love in her beautiful eyes.

Like Yun Xi, she is both Qin Feng's disciple and Qin Feng's concubine. She treats Qin Feng naturally. Extremely intimate

"Zhen Yuanzi pays homage to his master!"

"Emperor Jun (Taiyi) pays homage to his master!"

Zhen Yuanzi and the other three also saluted one after another with extremely respectful expressions.

Qin Feng nodded slightly and looked at Liu Yan

"Yan'er, why are you summoning me?"

"Master, the Nine Heavens Jade Dew has been completely exhausted, but the construction of Ziji Yuandi has only reached 11.6%, which is a huge gap."

Speaking of this, Liu Yan looked sad.

In fact, the amount of Jiutian Jade Dew Ziji Yuandi needed to consume was far more than she imagined.

She spent 1.37 million drops of Jiutian Jade Dew to make Ziji Yuandi's The degree of completion has reached 11.6%. If it is to be fully completed, only ten million drops are needed.

The consumption of these Nine Heavens Jade Dew actually exceeds the sum of Tianji Yuandi and Taiji Yuandi.

"That's what happened!"

Qin Feng was also a little surprised.

He naturally knew how much Nine Heavens Jade Dew Liu Yan had consumed.

However, this also shows that the power of Ziji Yuandi will exceed the sum of Taiji Yuandi and Tianji Yuandi. Just think about it. shocking

"Yan'er, I still have more than one million drops of Nine Heavens Jade Dew here. You can use it first."

As soon as he finished speaking, a storage ring appeared out of the air and slowly fell towards Liu Yan. Liu Yan took the storage ring and took a closer look. As expected, there were more than one million drops inside, and she couldn't help but reveal a touch of relief. The color of the Nine Heavens Jade Dew was collected by Qin Feng from the storage rings of Sanqing, Luohu and others.

"Master, these more than a hundred drops are still not enough. The disciple made a rough calculation and found that we need at least more than eight million drops to complete the creation of Zijiyuan."

Speaking of this, Liu Yan smiled bitterly.

More than 800 drops of Nine Heavens Jade Dew, a huge amount.

She couldn't imagine whether Master could still raise it.

Qin Feng took a deep breath and felt even more stressed.

So many Nine Heavens Jade Dew. It is indeed difficult to raise Jade Dew.

But he must complete the structure of Zijiyuandi, which is the last step for him to perfect the Great Flood God Realm.

If the Great Flood God Realm cannot be perfected, he can't even talk about integrating the Great Flood God Realm.

"Yan'er, you can continue to build Ziji Yuandi. As for the lack of Jiutian Jade Dew, there should be results in two days."

"Two days later? So fast?"Liu Yan was a little surprised.

Qin Feng said:"To be honest, I have discovered an inner elixir for my master, which contains fragments of the Three Wall Divine Patterns. It should be able to replace the Nine Heavens Jade Dew and be used to construct his own wall. According to the teacher's estimation, its effect is even better than Jiutian Jade Dew.

Liu Yan was overjoyed:"There is such a wonderful inner elixir in this world!" That's great! Master, where is the inner elixir?

Qin Feng smiled:"The inner elixir comes from the star beast and is the product of this assessment." In short, after this assessment is over, the teacher will hand over the inner alchemy to you to deal with."

Liu Yan said expectantly:"Disciple understands. By the way, Master, building the Ziji Yuan is extremely expensive. Even five or six hundred Star Beast Inner Pills may not be enough. Master, you must hunt more inner elixirs to ensure the resources needed in Zijiyuan Land."

"This is natural!"

After saying this, Qin Feng looked at Zhen Yuanzi, Di Jun, and Taiyi again.

"The three of you have been assisting Yan'er in building the Sanji Yuandi. There is no merit but hard work."

"Yan'er gave the Donghuang Bell to Taiyi before, which was regarded as a reward to Taiyi in advance. Di Jun and Zhen Yuanzi have not yet received their rewards."

"Let's do this. I'll give you two these sacred artifacts, the Book of Earth and the Demon-Slaying Sword, as a reward for you."

As soon as he spoke, a book and a sword appeared out of thin air, falling towards Zhen Yuanzi and Di Jun respectively.

The book was the Book of the Earth, and it fit very well with Zhen Yuanzi's training system. The sword was the demon-slaying sword, and it was the same as the Emperor's. Jun's training system is also very suitable.

These two holy weapons were also left to them by Qin Feng.

"Thank you, Your Majesty!"

"Thank you master!"

Zhen Yuanzi and Di Jun were overjoyed. They each took the sacred vessel and thanked them excitedly.

"OK! Time is running out and you also need to speed up the organizational process...."

"Yes, Your Majesty!"

Liu Yan and the others agreed.

Qin Feng said no more, his projection gradually faded, and finally disappeared above the nine heavens.

The next second, his spiritual thoughts returned to the body.

At this moment, in the secret assessment area, in the temple.

Qin Feng slowly opened his eyes and looked at the God-killing Spear in front of him.

Then, he activated the magical power of the Creation Qinglian and began to reshape the God-killing Spear's weapon spirit..

Chapter 1357

Qin Feng slowly opened his eyes and looked at the God-killing Spear in front of him.

Then, he activated the magical power of the Creation Qinglian and began to reshape the weapon spirit of the God-killing Spear.....

A huge green lotus shadow rose from Qin Feng's palm and wrapped around the God-killing Spear.

Buzz~! Buzz~! Buzz~!

The God-killing Spear seemed to realize something, and suddenly felt frightened, vibrating violently, and wanted to struggle.

But in the sealed state, it cannot escape.

Only a moment later, the God-killing Spear was wrapped by the phantom of Qinglian... click~! Click~! Click~!

There was a constant crunching sound!

The God-killing Spear keeps struggling!

The phantom of Qinglian kept shaking, almost wanting to be broken by it.

Obviously, the reshaping of the god-killing spear is much more difficult than that of ordinary sacred weapons of creation.

Qin Feng emitted his spiritual consciousness, penetrated into the Qinglian Phantom, used his spiritual power to forcibly suppress the God-killing Spear, and assisted the Qinglian Phantom to reshape the weapon spirit... With this operation, the God-killing Spear roared even more violently. , struggling even more fiercely.

Qin Feng also increased the infusion of the power of divine consciousness.....

Bah~! Bah~! Click~! Click~!

For a moment, the invisible power of consciousness collided violently with the power of the weapon spirit, and a silver-blue electric light exploded, surrounding the gun body and making a crackling sound.

Every explosion caused the heaven and earth to tremble, with unparalleled power!

In this way, the two sides entered into a wonderful battle.

But with the cooperation of Qin Feng and Chuangshi Qinglian, the weapon spirit of the God-killing Spear was no match after all.

A quarter of an hour later, there was a loud bang inside the gun body and a silent cry. Immediately, the light of the God-killing Spear quickly dimmed.

Its weapon spirit is finally gone!

Qin Feng quickly broke his fingers to coagulate blood, and flicked it onto the gun body...

The next second, the essence and blood merged into the magic gun, and the spirit of the weapon was reshaped.

After a while, the reshaping of the weapon spirit was completed, the seal was lifted, and the God-killing Spear shined brightly, flying directly in front of Qin Feng, letting out a joyful cry.

Qin Feng was overjoyed and grabbed the handle of the gun, feeling extremely advantageous. At this point, he had obtained a top-quality sacred artifact of creation.

Afterwards, Qin Feng put away the God-killing Spear, took the Eight Diagrams of Heaven and Earth, and continued to reshape the weapon spirit.....

At the same moment, near the entrance of the secret place, there was endless evil energy.

Daozu and Jingzu looked at Demon Ancestor in shock.

Just now, Demon Ancestor suddenly groaned, his breath became much weaker, as if he had suffered some backlash.

"Demon Ancestor, what's wrong with you?", Daozu inquired carefully.

Jingzu also looked at Demon Zu in confusion.

"damn it!"

The Demon Ancestor gritted his teeth and looked at the secret place, his sinister eyes showing overwhelming hatred.

After a long time, he slowly turned back and looked at the Dao Ancestor and the Jing Ancestor.

"You two, the weapon spirit of this ancestor's God-killing Spear has been destroyed!"

"What?!"

Daozu and Jingzu were shocked.

Once the weapon spirit is destroyed, there is no possibility of regaining the God-killing Spear.

At the same time, the owner of the weapon spirit will suffer backlash and the soul will be damaged.

No wonder the Demon Ancestor's aura will suddenly become sluggish

"This is impossible! If you want to destroy the weapon spirit, you must first destroy the gun body. But your God-killing Spear is the ultimate holy weapon of creation. Even if a strong man at the Saint Ancestor level takes action, it cannot destroy the body of the gun. How can it destroy the spirit of the weapon?"

Dao Ancestor didn't believe it at all.

Jing Anzu was also shocked and found it unbelievable.

Naturally, they didn't know that Qin Feng had the Creation Green Lotus in his hands and could do things that even the Holy Ancestor couldn't do.

At this time, Demon Ancestor He smiled bitterly: "Both of you, I am connected to the spirit of the God-killing Spear in my heart and soul. I can naturally sense whether it has been destroyed or not. The weapon spirit of the God-killing Spear is really gone!"

Hearing this, Jingzu couldn't help but take a deep breath.

"But....."

Daozu still didn't believe it and opened his mouth to speak.

But at this moment, he was suddenly shaken, and he couldn't help but groaned, and his whole body suddenly became weak.

"Huh! Daozu, what's wrong with you?", Jingzu was greatly surprised.

Daozu slowly turned his head, looked at the secret place with a sad and angry face, and said in a dry voice: "What the Demon Ancestor said is true, because my ancestor's weapon spirit has also been destroyed!"

"Uh~! this....."

Jingzu was shocked.

Demon Ancestor also had a strange look on his face.

The atmosphere in the field became extremely quiet at this moment.

After a while, Daozu turned around and said: "Jingzu, please pay attention to the activities in the secret place alone. Demon Ancestor and I are going to recover the Yuan Shen's injuries."

Jingzu nodded slightly: "Go!"

As soon as he finished speaking, Dao Ancestor and Demon Ancestor looked at each other, then their figures faded and gradually disappeared into the evil aura.

After a while, Jingzu was the only one left in the field, silently paying attention to the direction of the secret place.

His expression also became solemn.

His intuition told him that when the secret place is closed, there will be a big war.....

At the same time, in the secret assessment area, inside the temple.

Qin Feng was looking at the Eight Diagrams of Heaven and Earth in front of him with a look of joy.

Just now, he used the same method to turn the Eight Diagrams of Heaven and Earth into his own sacred weapon.

At this point, he has three top-quality sacred weapons of creation, namely: the Heaven-Slaying Sword Formation, the God-killing Spear, and the Heaven and Earth Bagua Diagram.

After observing the Eight Diagrams of Heaven and Earth for a while, Qin Feng put it away with satisfaction.

Then, he sat cross-legged, took out a ball of Quasi-Saint Ancestor energy, and swallowed it directly.....

There are still two days until the assessment ends.

For Qin Feng, he no longer has to worry about the assessment, so he might as well use these two days to speed up refining the energy.

He wanted to improve his strength so that he could face the next three great ancestors.

With his current strength, he is still not as good as a threshold-level Saint Ancestor, let alone compared to the three Saint Ancestors.

This is the pressure that has been hanging on Qin Feng's heart.

Boom~Long~Long!

Once it is swallowed, the effect is immediately apparent.

Qin Feng's momentum began to increase rapidly...

As his cultivation level improved, the power of his magical powers also increased, and the efficiency of god-level devouring was also accelerated.....

In this way, the disciples of the Divine Alliance spread all over the assessment area, hunting star beasts outside and taking care of each other.

Qin Feng is in the temple, devouring energy with all his strength.

Time flies!

In the blink of an eye, two days passed.

On this day, there was only a quarter of an hour left before the assessment ended.

Qin Feng slowly opened his eyes, his face full of joy.

Over the past two days, he had refined a large amount of energy, and his combat power had increased to 3.8 billion without even realizing it.

Apart from this, only the energy from Sanqing and Luohu remained in his body, and the rest had been digested.

But when Qin Feng opened his eyes, he saw three clones, Hongjun and all the disciples standing around, quietly protecting him.

"Dad, are you finished with your retreat?"

When Hongjun saw Qin Feng finished meditating, he ran over happily.

Qin Feng asked with a smile: "Have all the star beasts outside been hunted?"

"Dad, luckily you have lived up to your destiny! We have raided them three times and killed them all. What is contained in this storage ring is the inner elixir of those star beasts and the energy they transformed."

Hongjun happily handed over a storage ring.

After Qin Feng took it, his consciousness scanned slightly, and his face showed a look of joy.

There were more than 5,000 inner elixirs stored in the storage ring. The energy stored is comparable to three and a half steps of Saint Ancestor level.

The harvest this time is extremely rich!...

Chapter 1358

After Qin Feng took it, his consciousness glanced slightly, and his face showed a look of joy.

There are more than 5,000 inner elixirs stored in the storage ring, and the energy stored is comparable to three and a half steps of the Saint Ancestor level.

The harvest this time is extremely rich!

"Well done!"

Qin Feng took back his consciousness with satisfaction.

"Dad, the assessment will be over in less than a quarter of an hour. Hongjun reminded in a low voice.

Qin Feng nodded slightly: "Father knows." By the way, during your sweep, did you find players from other forces?"

"No! Only we, the people of the Divine Alliance!"

"very good! Hong'er, according to our previous plan, you will distribute these inner elixirs so that those in need can collect the corresponding points."

Qin Feng waved his hand and took out all the more than 5,000 inner elixirs in the storage ring.

"yes! father! Come all of you!"

After Hongjun collected the inner elixir, he happily summoned Pangu, Ziwei and other senior officials to come over and distribute the inner elixir together.

This assessment is based on the level and quantity of the inner elixir obtained to calculate the killing points.

The number of killing points is The rankings of this assessment have been determined.

The allocation of inner elixirs is the internal ranking of the children of the Shen League.

This time, the Shen League has three direct successors, ten true successors, and one hundred direct successors to inherit.

There are a total of 113 high-level officials. He needed to gather the corresponding points, so he naturally had to make arrangements.

On the other side, Qin Feng summoned the Phantom Clone and Xuan Ni Clone, took out the inner elixir on his body, and distributed the inner elixir.

The Zijin Clone did not have the status of assessor, so Those who need to be divided.

Shadow clones and Xuan female clones have the opportunity to enter the place where the mantle is inherited. Qin Fen will naturally make arrangements.

After a while, the distribution of the entire audience was completed.

Hongjun stepped forward and reported: "Dad, everything has been arranged.. However, more than 800 of us, the children of the Divine Alliance, have negative points. According to the rules, these negative elements will be eliminated directly as soon as the assessment is over. Qin

Feng pondered for a while and then said: "Let those negative elements enter your Chaos Bead." In this way, even if they are eliminated, they will not be teleported out secretly. Hongjun's eyes lit up: "

Dad, this is a good idea." The child was still thinking that the three great saint ancestors were waiting outside the secret place. If these disciples are eliminated, I am afraid they will be poisoned by the three great ancestors.

Qin Feng nodded: "That's right!"

At that moment, Hongjun said no more and sacrificed the Chaos Bead, allowing those disciples with negative scores to enter the Chaos Bead one after another.

As of now, their mission has been completed.

After these people enter the Chaos Bead, they He began to retreat and continued to digest the large amount of resources previously obtained.

In addition, the Zijin clone also entered the Chaos Orb.

After all, the Zijin clone did not have the status of an assessor. After leaving the assessment area, it would be forcibly teleported out. Only the remaining The Chaos Bead was ready.

After doing all this, Hongjun put away the Chaos Bead, and there were only more than 400 people left in the field.

Not long after, the hall trembled and the space was distorted.

The assessment was finally over!

The next second, The people of the Divine Alliance turned into streaks of white light and disappeared into the hall.

After a while, the sky and the earth rotated, Qin Feng and others returned to the square hall

"Look! They're out!"

"The assessment is over!"

More than a dozen exclamations sounded in the square, it was Ling Ming Shi Monkey and others.

Qin Feng couldn't help but look over.

When Ling Ming Shi Monkey and others saw Qin Feng, they were like mice seeing a cat, and they all lowered their heads in fear. My head was shaking, I didn't even dare to take a breath.

Buzz~!

At this moment, in the center of the square, the sacred monument trembled, and the spiritual light shined.

The killing points for this assessment began to be tallied...

The star beast inner elixirs on everyone's bodies were synchronized. Zhen Ming, that is exactly what is being counted and accumulated by the will of the secret land.....

After a while, line after line of information appeared on the monument.

The first place is Qin Feng from Shenmeng, with a kill score of 7321.

The second place is Qin Lei from Shenmeng, with a kill score of 6420.

The third place is Shenmeng, Qin Mu, with a kill score of 5730.

Fourth place, Shenmeng, Hongjun, kill points.....

.....

In just a moment, all the rankings on the sacred monument were displayed.

The first three hundred people are all members of the Divine Alliance.

According to the rules, the first place is worth 100 evaluation points, the second place is 90 points, and so on, and the tenth place is worth 10 points.

11th to 100th place is worth 5 points.

The 101st to 300th place is 1 point.

More than a dozen people from Lingming Stone Monkey failed to enter the top three hundred..... soon, The information on the monument changed again.

The total points ranking of the five assessments is out again: first place: Shenmeng, Qin Feng, total points: 230 points.

The second place is Shenmeng, Qin Lei, with a total score of 210 points.

The third place is Shenmeng, Qin Mu, with a total score of 205 points.

Fourth place, Shenmeng, Hongjun, total points 101 points fifth place.....

Soon, the total points ranking came out, and the children of the Divine Alliance cheered.

Sure enough, everything was as they expected.

The total points of Qin Feng and the two clones reached more than 200 points, reaching the standard for entering the place where the mantle is inherited.

The points of Hongjun, Ziwei Star Master, and Pangu reached more than 50 points, reaching the standard for entering the direct inheritance land.

Ten people, Fengdi, Fuzhi, Qin Baobao, Qinglin, Chuchu, Yunxi, Xianling, Kunpeng, Hongyun, and Minghe, have met the criteria to enter the true land.

One hundred people, including Lu Ya, Xi Wang Mu, Jiu Yin, Gong Gong, Hong Yue, Lu Ming, Cang Sheng, etc., met the criteria to enter the place of personal inheritance...

When the total points were announced, the ethereal voice of the secret will echoed in the sky above the square.

"This secret land assessment is all over! Next, there is the point exchange for resources. Please seize this last opportunity....."

Buzz~!

As soon as those words fell, everyone's communication tokens trembled, and new information came.

Qin Feng and others picked it up and took a look, and saw that the information was a resource exchange list.

1 Nine-turn Golden Body Pill (5 points), 200 pieces in stock...

1 Nine-turn Spirit Pill (5 points), 200 pieces in stock... 1

Nine-turn Spirit Tempering Pill (8 points), in stock 100 pieces...

1 Ten-turn Golden Body Pill (12 points), 100 pieces in stock... 1

Ten-turn Soul Spirit Pill (12 points), 100 pieces in stock... 1

Ten-turn Spirit Tempering Pill (20 pieces) points), 50 in stock.....

1 group of Spirit of Creation (200 points), 3 groups in stock.....

In this last assessment, there are no ranking rewards. The inheritance reward is the biggest reward, and the rest is resource exchange.

Seeing these resource lists, Qin Feng and the Shenmeng disciples exchanged them happily.

On the other side, the dozen or so Lingming Stone Monkeys were dumbfounded.

This time the resource exchange is more generous than the last time.

But the lowest resource requires 5 points to redeem.

Among them, only Lingming Stone Monkey has more than 5 points, and the rest are less than 5 points.

The Lingming Stone Monkey's points were only enough to exchange for a Nine-turn Golden Body Pill, which was miserable.

At this moment, these assessors couldn't help but murmured

"Hey~! All the benefits have been taken away by the Divine Alliance!"

"yes! In this exchange of resources, Lord Lingming only got a Nine-turn Golden Body Pill, and the rest will be taken by the Divine Alliance."

"Who gave the children of the Divine Alliance more points! Look at how proud they all are, it's really enviable.....Why~! "

"hehe! Everyone, don't look at the Shenmeng being proud now. Soon, they will be in disaster. The three great ancestors are waiting outside!"

"right! After we are eliminated, don't leave in a hurry. Let's just stay at the entrance of the secret place and watch the show!"

Lingming Stone Monkey and others looked at each other, all showing signs of gloating over misfortune.

Most of their disciples died at the hands of the Divine Alliance, so naturally they are full of hatred for the Divine Alliance.....

At this time, Qin Feng and the children of the Shenmen League all exchanged their resources and once again made a lot of money.

This makes Qin Feng very happy!

Afterwards, those disciples of the Divine Alliance who were ranked behind the three hundred entered the Chaos Bead one after another.

At this time, the ethereal voice echoed over the square again

"This resource exchange session is over!"

Boom~boom~boom!

As soon as those words fell, the entire square space roared slightly.

The next second, more than a dozen Lingming Stone Monkeys turned into white light and were forcibly teleported out.

According to the rules, only the first three hundred people entered. Only the most famous assessors are qualified to witness the next inheritance, and the rest will be eliminated.....

At the moment when Lingming Stone Monkey and others were eliminated, deep in the place where the mantle was inherited.

The mysterious figure trapped in the sealed altar was awakened.

At this moment, he slowly raised his head and opened his eyes, revealing a pair of scarlet eyes like blood.

"The assessment is finally over! I hope that among the three hundred ants left behind this time, there will be one or two worthy of attention. I am really lonely!"

The mysterious man sneered playfully, his eyes penetrated the layers of space, and swept towards the square where Qin Feng was..

Chapter 1359

The mysterious man sneered playfully, his eyes penetrated the layers of space, and swept towards the square where Qin Feng was.....

The next second, he could clearly see the three hundred people in the square.

After a moment, a disdainful sneer appeared on the corner of his mouth.

The examiner who came this time was too bad.

There was only one peak giant, three late-stage quasi-saint ancestors, and the rest were even more unsightly.

The mysterious man's eyes swept away the four people one by one from Ziwei Star Master, Hongjun, Pangu, and Xianling, and felt that these four people were the only ones who looked alike.

Nowadays, Ziwei Star Master is at the peak of giant cultivation, and Hongjun and the others are in the late stage of Quasi-Saint Ancestor.

Others can't get into the mysterious man's eyes at all.

As for Qin Feng and his two clones, the mysterious man didn't even bother to take a look.

In his eyes, these three little heavenly saints are just ants among ants. He can kill them with just a breath, so why would he pay attention to them?

The mysterious man is extremely confident.

With his magical powers and abilities, no one can hide their cultivation from under his nose.

In fact, what he saw were the true cultivation levels of Qin Feng and others.

But cultivation is one thing, strength is another.

The mysterious man only saw Qin Feng's cultivation, but could not see through Qin Feng's true strength, so he naturally greatly underestimated Qin Feng

"Hey~! This year's assessors are really unbearable to watch! The strength is too bad!"

The mysterious man shook his head slightly, with disdain in his eyes.

He finally got out of the trap and was about to play with these ants. Unexpectedly, he met the worst examiner of the session.

According to the past, every session of the examiner came. There are no less than five assessors at the peak of their powers, and no less than twenty late-stage quasi-saint ancestors.

In comparison, the group of assessors in front of us is really terrible.

"It seems that my luck has come! When I was out of trouble, I was greeted by the worst class of assessors, who were too unchallenged. Even if you kill all these ants, it won't be enough to add to the fun!"

"That's it! I'd better solve the problem of getting out of trouble first! By the way, the next step should be to obtain the inheritance of the God Lord's children. The first one to appear is the direct descendant. According to the past, there will be about twenty people to obtain this level of inheritance."

"I wonder how many of this generation's examinees will be passed down as direct descendants? There won't be only five or six, right?"

The mysterious man's eyes showed a playful look.

He suddenly became interested and silently paid attention to everyone in the field.

At the same time, in the square, everyone in the Divine Alliance was excited

"Dad, the elimination round is over. Next, it's time to get the inheritance!"

Hongjun said with excitement.

Qin Feng smiled and said nothing.

All the disciples were so excited that they were gearing up.

At this moment, the voice of the secret will sounded in the sky above the square.

"Now open the inheritance place for your direct descendants! If the total points reach 10 points or more, please bring the inheritance token 'Five Pi Taoist Robes' to enter....."

Boom~Long~Long!

As soon as those words fell, the center of the square trembled.

Immediately, the space cracked, and a white light door slowly opened.....

"opened! The entrance is open!"

"Ha ha!! It's finally on! I can't wait!"

After a moment, the light door opened completely.

Lu Ya said excitedly: "Everyone, let's go in!"

As soon as he finished speaking, he took the lead towards the entrance.

Queen Mother Xi followed closely behind.....

At the same time, deep in the secret place.

The mysterious man watched this scene silently, with the corner of his mouth raised slightly, and said with some disdain: "Just two? It can't be that bad!"

As soon as he finished speaking, the crowd started to move again, Jiuyin, Gonggong, Hongyue, Green Ming also walked towards the entrance one after another.....

"Huh! There are six!"

The mysterious man was a little surprised.

But just after this thought came up, the crowd started to move again. Yingzhao, Bie Tie and more than a dozen people also followed him towards the entrance...

Isn't it right?

So many people have met the qualifications to become direct descendants?

After calculating this, there were about twenty people, which was comparable to the previous ones. The mysterious man was a little surprised.

But before he could think about it, the crowd was commotion again, and Xiang Liu and the other twenty people also followed suit, walking towards the place one by one. The entrance to the inheritance place.

The mysterious man was a little confused.

Can it be true?

More than forty people have arrived?

This is twice the number before!

But at this moment, Jiuyuan and more than fifty people, Walking towards the entrance one after another.....

At this time, the mysterious man was completely dumbfounded and his mouth opened wide.

In this way, he watched helplessly as the children of the Divine Alliance entered the entrance to the place of inheritance one after another.

There are exactly one hundred people, which is the upper limit of the number of places given by the secret place!

In previous years, the best result was only passed down by more than 30 people.

This time, he actually saw with his own eyes that among the group of people in front of him, one hundred people had been personally taught, reaching the quota limit.

Aren't these the worst people ever?!

The mysterious man was completely confused.

After a while, he came back to his senses and silently closed his mouth.

Weird! eccentric!

This group of players is obviously not very high in cultivation, how can they get a full quota of direct descendants to pass on?

This is so unreasonable!

Did I read it wrong before?

At this moment, the mysterious man became suspicious.

He quickly looked at the whole place again, checking the cultivation level of everyone in the Divine Alliance one by one.

After a moment, he withdrew his spiritual thoughts, and the confusion on his face became more intense.

He was right!

The players in the field are not very high in cultivation. The strongest one only has one peak giant and three late-stage quasi-saint ancestors. The rest have low cultivation and are unsightly.

"It's really confusing, maybe they are just lucky. That's it! This ancestor will retreat for a while, and we will check back later!"

The mysterious man shook his head slightly.

He really couldn't figure out the reason, so he didn't bother to think about it anymore. After all, he only cares about the candidates who enter the land of mantle.

He doesn't care too much about who will inherit the inheritance of other children, not to mention, he is still Not completely out of trouble.

Thinking of this, the mysterious man withdrew his spiritual thoughts, closed his eyes again, and entered seclusion again.....

At the same time, in the square.

At the moment when the mysterious man withdrew his spiritual thoughts, Qin Feng raised his head slightly and looked in the direction of the mysterious man, showing a thoughtful look. strangeness!

Why does he feel like someone is watching?

Qin Feng murmured in his heart.

The disciples were completely unaware of the mysterious man's peeping.

Qin Feng was slightly aware of it.

He could clearly sense that the looming wave of thoughts was different from the wave of thoughts of the secret will, and it was definitely not the will of the secret.

Could it be that there is something else hidden deep in this secret place?

Thinking of this, Qin Feng felt a sense of vigilance in his heart and did not dare to be careless.

"Dad, Lu Ya and the others have all gone in. According to the rules, they need to wait until they have inherited those inheritances before they can open the following entrance to the true inheritance."

Hongjun's words interrupted Qin Feng's thinking.

"Um! It should be a few days later when they finish acquiring the inheritance. Hong'er, sacrifice your Chaos Bead. Let's take advantage of this waiting time to digest the resources recently harvested!"

"yes! father!"

Hongjun quickly sacrificed the Chaos Bead.

Buzz~!

The divine bead rang loudly, and the aura shone brightly.

The next second, Qin Feng and Hongjun entered the Chaos Bead one after another...

Chapter 1360

After Qin Feng and Hongjun entered the Chaos Bead, the two clones also followed.

"Hong'er, take this spirit of creation and refine it!"

Qin Feng casually gave out a ball of the Spirit of Creation.

Hongjun was overjoyed: "Thank you dad!"

With this Spirit of Creation, he doesn't need to destroy the Chaos Star Mirror. He can directly integrate the Spirit of Creation into the Chaos Bead, and then he can promote the Chaos Bead to the Creation level.

Thinking of this, Hongjun took out the piece Chaos Star Mirror

"Dad, please reshape the spirit of this Chaos Star Mirror!"

Qin Feng smiled and happily took the Star Mirror.

Not long after, the spirit of the Chaos Star Mirror was reshaped with Hongjun's blood and blood, and it automatically recognized Hongjun as complete.

Hongjun happily took the Chaos Star Mirror. Mirror, just walked away in a hurry.

Before, Qin Feng rewarded him with the three stars of Sha Po Lang.

The three stars of Sha Po Lang and the Chaos Star Mirror can exert the power of the holy artifact of creation.

If he uses the three stars of Sha Po Lang again. The spirit of creation can be integrated into the Chaos Bead, and the Chaos Bead can be promoted to a holy weapon of creation.

At that time, Hongjun will be equally capable. The two sacred artifacts of creation can be regarded as the first among all the disciples.

After sending Hongjun away, Qin Feng took out a ball of energy and began to devour and refine it.

He had just noticed that someone was spying on him, and he felt a sense of crisis in his heart, which made him even more eager to improve his strength.

He doesn't want to waste any free time he has right now.....

At the same time, the three clones also closed their eyes and meditated, projecting towards the Great Flood God Realm.

They should work together to assist Liu Yan and speed up the progress of the creation of Ziji Yuandi.

All the other star beast inner elixirs have also been transferred to the Great Flood God Realm.....

Completing Ziji Yuandi as soon as possible will also help Qin Feng improve his combat power.

Somehow, Qin Feng had an intuition that there was a terrible existence hidden deep in the secret place.

He must speed up the improvement of his strength.

In this way, Qin Feng and the three clones became busy.

Hongjun was busy integrating the Spirit of Creation.

In the Chaos Pearl, all the disciples are also in retreat, digesting the previous gains.

On the square, more than 200 high-level officials, including Ziwei Star Master and Fuzhi, were waiting for Lu Yao and others to come out while digesting the previous gains.

Just like this, everyone in the Shenmen League entered into cultivation.....

Time flies by in a blink of an eye!

In the blink of an eye, three days passed.

In the past three days, the Divine Alliance has consumed a large amount of resources, and its overall strength has improved significantly.

This allowed Qin Feng to gain a lot of combat power in return.

In addition, the creation progress of Ziji Yuandi has also reached 33.7%.

But on this day, Qin Feng seemed to sense something and opened his eyes from meditating.

In the past three days, he had refined one-third of his energy, and his combat power had unknowingly increased to 4 billion, and his cultivation progress had reached 61.3 in the Heavenly Saint Realm.%

"father!"

As soon as Qin Feng opened his eyes, Hongjun walked over happily.

In the past three days, Hongjun also successfully integrated the spirit of creation into the Chaos Bead.

Now, the Chaos Bead has been successfully promoted to the form of creation. It's a sacred weapon.

This has greatly improved Hongjun's overall strength.

"Dad, have you finished refining your energy?"

"Only one third of it has been refined. However, Lu Ya and the others are coming out soon....."

As soon as he finished speaking, Qin Feng's eyes penetrated the Chaos Bead and looked towards the square.

At the same moment, a series of system prompts came to his mind

"Ding~! Congratulations to the host, your subordinate Lu Ya has successfully obtained the inheritance of his direct descendants... Lu Ya's cultivation has broken through to the mid-stage of Quasi-Saint Ancestor, and the host has received a large amount of combat power in return....."

"Ding~! Congratulations to the host, your subordinate Queen Mother Xi has successfully obtained the inheritance of her direct descendants... Queen Mother Xi's cultivation level has broken through to the mid-stage of Quasi-Saint Ancestor, and the host has received a large amount of combat power in return....."

"Ding~! Congratulations to the host, your subordinate Yingzhao... Yingzhao's cultivation has broken through to the early stage of Quasi-Saint Ancestor, and the host has received a large amount of combat power in return....."

"Ding~! Congratulations to the host, your subordinate Xiang Liu...Xiang Liu's cultivation has broken through to the early stage of Quasi-Saint Ancestor, and the host has received a large amount of combat power in return....."

"Ding~! Congratulations to the host, your subordinate Hongyue....."

.....

Following a series of system prompts, Qin Feng's tiger body shook, his body suddenly roared, and his momentum increased crazily...

Boom~Rong~Rong!

The violent increase in momentum caused the entire Chaos Pearl to shake, alarming all the disciples, who all looked over in surprise...

Just like that, Qin Feng closed his eyes, feeling the surge in combat power.

As long as each more disciple succeeds in inheriting, his momentum will skyrocket.

This change lasted for a full quarter of an hour before it ended.

After a long time, Qin Feng slowly opened his eyes, his face full of joy.

This time, after Lu Ya and other one hundred people obtained the inheritance, more than fifty people broke through to the early stage of Quasi-Saint Ancestor and above, and the remaining forty or so people also reached the limit of Heavenly Saint, just one step away from Quasi-Saint Ancestor..

This has greatly improved the overall strength of the League of Gods, which is a huge improvement.

Of course, Qin Feng also received a large amount of combat power in return, and his combat power unknowingly increased to 4.2 billion poles.

"Dad, your combat power has improved a lot this time. Are you getting closer to the threshold of the Saint Ancestor? Hongjun asked with concern.

Qin Feng was in a happy mood and said with a smile:"It's not far behind!" To be honest, my father did not expect that the inheritance of this direct descendant would be so powerful. It would actually make Lu Ya and others improve their cultivation greatly, and my father would also receive huge benefits.

Hongjun was overjoyed:"Dad, this is great!" The inheritance from direct descendants is so powerful, then the effect of true inheritance and direct inheritance will definitely be even better.

Based on this calculation, when all the disciples have received the inheritance, your combat power should be able to reach the threshold of the Holy Ancestor, right?"

Qin Feng smiled and said nothing.

According to this progress, it is indeed possible.

Looking at Qin Feng's expression, Hongjun already understood.

He said with excitement: "Dad, if your combat power reaches the threshold of the Saint Ancestor, then Obtaining the mantle of the ancient god lord, the battle power will increase greatly. By then, I'm afraid your combat power will reach 6 billion poles, or even more...."

"At that time, you will be able to break through the interception of the three saint ancestors. As long as dad rushes back to the Great Desolate God Realm, and then merges into the Great Desolate God Realm. There is no need to worry about the three great saint ancestors coming to kill you. Qin Feng smiled and shook his head:"

Hong'er, don't be too optimistic." Don't forget, before his death, Amitabha revealed that Jingzu's combat power was 8 billion. Dao Ancestor and Demon Ancestor should be similar to this"

"These three people join forces to become a superpower with a combat power of tens of billions. What's even more frightening is that the father has no idea about their cards. I'm afraid their real strength is more than 8 billion poles"

"If this is the case, even if my father's combat power reaches 6 billion, he will not be able to escape their encirclement. If we can't escape their encirclement, the consequences will be disastrous!"

At the end, Qin Feng was a little sad.

He was not sure of victory in the future.

After all, the Saint Ancestor was far stronger than the Half-Step Saint Ancestor and the peak giant, and we couldn't look at it from the previous perspective.

What's more, his current combat power There was only 4.2 billion poles, which was still far behind the 6 billion poles.

At this moment, a huge roar sounded outside the Chaos Bead.

Lu Ya and others came out.

That was the entrance to the place of direct inheritance that was closed. Sound.

Next, the land of true inheritance is about to open.

"Let's go! Go out and have a look!"

Qin Feng thought and took the lead to bring out the Chaos Bead.

Hongjun quickly followed.....

At the same time, deep in the secret place.

Inside the seal altar, the mysterious man was also alarmed by the sound of the place of personal inheritance being closed.

He slowly opened his eyes, his scarlet eyes showing great excitement.

As he broke through the last seal in his body, his cultivation recovery became faster and faster.

In just three days, his combat power had increased significantly, surpassing the threshold of the Saint Ancestor.

In short, the stronger he is, the faster his recovery will be, slowly entering a virtuous cycle.

After all, he was once a superpower in the seventh realm, much stronger than the three great ancestors.

"There's a lot of commotion outside! It seems that those ants have finished inheriting the inheritance....."

The corners of the mysterious man's mouth curled up slightly, his scarlet eyes revealed divine light, penetrating through the layers of space, and swept towards the square again..
