

## God level 1381

### Chapter 1381

Qin Feng dodged and stopped the three great saint ancestors.

The two sides fought together again...

Soon, Qin Feng gained the upper hand.

On the other side, the three master clones and Qinglong joined forces to kill the Supreme Ancestor until he screamed repeatedly.....

In the distance, the onlookers saw this scene and their hearts sank.

In the crowd, Lingming Shihou and others were completely panicked.

"Your Majesty... Your Majesty, things... are not going well!"

An old monkey came forward and muttered, and his words were all awkward.

"yes! King, what should we do now?"

All the monkeys also looked over. At this moment, Lingming Stone Monkey looked at the fighting scene in the field, and his heart was extremely desperate and irritable.

He scratched the monkey's cheek irritably, and sighed:"That's it! That's it! This king also did not expect that Qin Feng was so powerful that not even the three great saint ancestors could do anything to them. Let's go back to our nest quickly, take away its resources, and escape! One of the disciples was puzzled:"

Your Majesty, after we return to our lair, do we still have to escape?"

Lingming Stone Monkey said angrily: "Idiot!" Do you think that if we escape back, the Divine Alliance will not settle the score?! Let's go back now, take away the resources from our lair, and then go to all the worlds to find a place to hide!"

"right! Your Majesty is wise!"

"Without further ado! Let's go!"

As soon as he said this, Chang Ling Tianyu and his group slipped away quietly.

As soon as there was any movement here, the tens of thousands of onlookers were startled, whispering and asking questions.

When they figured out Chang Ling Tianyu's plan, they all woke up. Come over and start to evacuate in waves.

Lingming Stone Monkey is right, the Divine Alliance is powerful, and the three external sects may not be able to suppress the Divine Alliance. It is inevitable that they will be settled by Qiu Hou. They still return to their old nest and empty out their resources. Find another place to hide.

Even if the Divine Alliance wants to settle accounts in the future, they can only get some lairs with few resources.

At this moment, the whole place was in commotion and the crowd dispersed...

At this moment, Qin Feng was fighting against the three saint ancestors.

Everyone was watching The retreating movement naturally alarmed him.

He turned around and saw that tens of thousands of onlookers were retreating. Lingming Stone Monkey and his group were the fastest to retreat.

Seeing this scene, Qin Feng sneered in his heart.

These are all forces. The remnants cannot be left behind.

At that moment, he waved his hand, and a little starlight shot towards the onlookers.

After doing this, the three saint ancestors came over again.

Qin Feng hurriedly fought, and the two sides fought together again.....

But the onlookers were retreating in waves.

Suddenly, there was a rapid sound breaking through the air behind them.

The onlookers were startled, and they all raised their heads and followed the sound. They saw a starlight flying towards them at a very fast speed, and they were there in the blink of an eye. The top of their head.

When they took a closer look, they found that the starlight was a divine bead, that is, the Chaos Bead.

It turned out that the starlight that Qin Feng swung at was actually a Chaos Bead.

Buzz~!

As soon as the Chaos Bead arrived, The aura shines brightly!

The domain space is projected down, covering hundreds of millions of miles in an instant.

Lingming Stone Monkey and others suddenly felt that the surrounding space was imprisoned, and their movement speed dropped greatly. They were shocked.

The Chaos Orb has been promoted to a sacred artifact of creation, and the domain The power of space increased greatly.

Before the Spiritual Root Stone Monkey and others could react, Hongjun, Pangu and more than a thousand other disciples of the Divine Alliance rushed out from the Chaos Orb.....

"It's...it's Hongjun!"

When Lingming Stone Monkey saw Hongjun, he was scared to death.

He had already seen Hongjun's power in the secret place.

"quick! Run away!"

The onlookers roared in shock and fled in all directions like birds and beasts.

"Ha ha!! Can you escape?!"

"Kill me!"

Hongjun and the others laughed loudly and rushed towards the onlookers.

This confrontation was like a group of tigers rushing into a flock of sheep. There was a one-sided massacre. The screams came one after another, and they could be counted in just a few seconds. Thousands of onlookers were beheaded.....

At the same time, the battle on Qin Feng's side has also undergone tremendous changes.

The Three Saint Ancestors were fighting Qin Feng, and the screams of the Supreme Ancestor were heard not far away...

It turned out that the clones of the three masters had already struck out a series of world-destroying seals, and kept killing the Supreme Old One. The god of ancestors.

The aura of his spirit suddenly plummeted, and the light group representing his spirit continued to dim.

The Supreme Patriarch was so frightened that he shouted in horror: "Save me! Three of you! Come and save me!" When the three Jingzus saw this scene, they were also extremely shocked.

"Damn it! You two, you can't hold back anymore! Nine days away, return to the Pure Land!"

Jingzu roared angrily and raised his hand to the sky.

Suddenly, the wind and clouds above the nine heavens changed color, and there was a rumble in the void.

Then, an endless projection of the world appeared above Jingzu's head.....

I saw that in the projection of the world, there were fairy mountains, spiritual springs, rivers, lakes and seas, pavilions, all living things, human monks, everything. Its size was ten times the size of a heaven.

That is the home of Jingzu - the Nine Heavens Pure Land!

"Nine Heavens Pure Land! Strengthen my body!"

As soon as Jingzu sealed the seal, the projection of the Nine Heavens Pure Land projected endless power of heaven and earth and poured it into Jingzu's body.

Jingzu's aura suddenly skyrocketed, reaching 12 billion in the blink of an eye, which was extremely terrifying..

Qin Feng was shocked when he saw it, and secretly thought that the rumors were indeed true.

Rumor has it that even if the Holy Ancestor is infinitely far away from his lair, he can still summon the projection of the lair and borrow one-third of the power of heaven and earth.

The combat power of the Jingzu The sudden increase from 8 billion poles to 12 billion poles relied on one-third of the power of heaven and earth in the Nine Heavens Pure Land.

This is something that the Quasi-Saint Ancestor cannot do.

The Quasi-Saint Ancestor can only use the Heavenly Seal in his own lair. , borrowing the power of heaven and earth.

It is impossible to use the projection of heaven and earth to borrow power from a distance.

Of course, if the saint ancestors use this method, it will extremely consume the power of their spiritual consciousness and even lose their soul.

Therefore, the saint ancestors will not use it as a last resort. Easily performed.

Once they saw that Jingzu had used this method, Daozu and Demon Ancestor no longer hesitated.

"Nine days away, Dao Domain returns!"

Daozu made secrets with one hand and held up the sky with the other.

Suddenly, the wind and clouds in the nine heavens changed color, and another endless projection of the world appeared above Daozu's head.....

That is the home of Dao Ancestor, the projection of Jiutian Dao Domain

"Jiutian Dao Domain! Strengthen my body!"

Daozu made another seal, and the world projection projected endless power of heaven and earth, pouring into his body.

In the blink of an eye, Daozu's momentum soared to 12 billion.

At the same time, Demon Ancestor also summoned his lair. ——The projection of the Nine Heavens Demonic Abyss, and with the help of its power of heaven and earth, it also increased its combat power to 12 billion, which is extremely terrifying.....

Suddenly, the situation in the field changed subtly..

## Chapter 1382

At the same time, Demon Ancestor also summoned the projection of his home base, the Nine Heavens Demonic Abyss, and with the help of its power of heaven and earth, he also increased his combat power to 12 billion, which was extremely terrifying.....

Suddenly, the situation in the field changed subtly.....

The combat power of the three Saint Ancestors has reached 12 billion, which is not much worse than Qin Feng.

Immediately, the three of them attacked Qin Feng at the same time.

Boom~! Boom~! Boom~!

Three loud bangs!

Qin Feng groaned and was blown away by the three saint ancestors, rolling hundreds of millions of miles away.....

"Ha ha! We were finally repelled!"

The three great saint ancestors were overjoyed, and their morale was greatly boosted.

"You two, kill him and take back the mantle of the God Lord!"

"That's exactly what it should be!"

As soon as he finished speaking, the three great saint ancestors rushed towards Qin Feng.

"help me!"

At this moment, the weak cry for help from the Supreme Ancestor came from not far away.

He was bombarded by the Seal of Destruction of the three avatars and his breath plummeted. He became extremely weak and was about to be on the verge of collapse.

The three great saints Ancestor ignored his call for help and continued to pounce on Qin Feng. The Supreme Ancestor did not help the battle situation at all, which made the three Saint Ancestors extremely disappointed with him and did not bother to save him...

The Supreme Ancestor also saw it. He was so anxious that he shouted: "Help...save me!" Whoever rescues me, I will teach him the method to break through the seventh realm!"

As soon as these words were said, the three great saint ancestors were shaken all over.

They squatted outside the secret place and sent their disciples into the secret place. Everything they did was to break through to the seventh realm!

That's right!

This old man He said that he is a strong man in the seventh realm. Seeing that his soul is extraordinary, he must be telling the truth.

In this case, rescuing this old man can also get a way to break through the seventh realm. This difficulty is easier than killing Qin Feng.

"senior! I'm here to save you!"

Daozu reacted the fastest and was the first to rush towards the blood mist.

"And I!"

Jing Zu also rushed over.

Demon Ancestor snorted coldly and followed.

Seeing the three people coming to rescue, the Supreme Ancestor was overjoyed.

The three-handed clone frowned and secretly shouted that something was wrong.

Qin Feng couldn't even resist. With the three great saint ancestors joining forces, he would naturally be even more unable to resist it.

If the three great saint ancestors were really allowed to rescue the supreme ancestor, then the main body's plan to snatch the supreme inheritance would fail.

"Little thief! stop!"

"Evil dragon! Get out of here!"

In the blink of an eye, Dao Ancestor, Jing Ancestor, and Demon Ancestor came closer.

Boom~! Boom~! Boom~!

The three of them shot at the same time, and the three attacks were combined. The momentum was earth-shattering, shaking the world, and crushing the three clones. Out, invincible.

The expression of the three-brain clone changed slightly.

He could not resist such an attack.

And Qinglong was fully suppressing the Supreme Ancestor and could not free his hands to help. Qin Feng was hundreds of millions of miles away, and it seemed that he had no time to rush back to help.

This This scene made the Supreme Ancestor seem to have seen a turning point.

He was so excited that he was as excited as a flashback, and the light of his spirit was shining brightly.

Boom~Long~Long!

In the blink of an eye, three attacks came.

But at this critical moment, the three branches of mind separated the body and mind. As soon as he moved, he activated the reverse summoning of space.

With a flash of white light, Qin Feng appeared in front of him out of thin air.

Immediately, Qin Feng and the Sanzhi clones took action at the same time to meet the attacks of the three saint ancestors.

Bang~! Bang~! Bang~!

There were three more loud noises of earth shattering!

Followed by five muffled groans.

Both sides flew out at the same time.

This time they met, the two sides actually fought to a draw.

"This is....."

The three great saint ancestors were greatly surprised, and each of them looked at the three clones in astonishment.

Qin Feng is just that strong.

They didn't expect that the three-brained clone was also extremely powerful, with its combat power reaching 10 billion poles.

At this moment, they realized why the Supreme Ancestor was so miserable. It turned out that they had wrongly blamed the Supreme Ancestor.

It's not that the Supreme Ancestor is unbearable, but that the three holding clones are too strong.

And the green dragon is also extraordinary. It suppressed the supreme ancestor with the power of a dragon and could not be resurrected.

Of course, this was because the Supreme Ancestor was too seriously injured and could not withstand Qinglong's violent bombardment for a while.

In short, this face-to-face confrontation completely shocked the three saint ancestors.

The Supreme Ancestor was also frightened and angry.

But after the five people flew out, Qin Feng was the first to stabilize his figure.

In terms of strength, Qin Feng was naturally the strongest among the five.

The three holding clones are the weakest among the five.

Huh~!

As soon as Qin Feng stabilized his figure, he rushed towards the blood mist.

Seeing this, the Supreme Ancestor screamed in horror

"help me! Quick...save me!"

No!

The three saint ancestors suddenly woke up, quickly ducked, and rushed towards the blood mist.

They knew in their hearts that they must not let the supreme ancestor be poisoned by Qin Feng, otherwise their method of breaking through the seventh realm would be gone.

And Qin Feng had to kill the Supreme Ancestor, because it was related to his chance to break through the eighth realm.

In this way, the five of them rushed towards the blood mist at the same time.

Qin Feng was the strongest and the fastest.

Followed by the three great saints Ancestor.

The three clones are the slowest.

In the blink of an eye, Qin Feng rushed to the front of the blood mist, made a secret with both hands, and directly condensed the Seal of Destruction.

"No~!"

When the Supreme Ancestor saw the divine seal forming, he was so frightened that he shouted in horror.

In an instant, Qin Feng condensed a seal of destruction, raised his hand and blasted into the blood mist, hitting the holding god's light group

"ah~! "

The Supreme Ancestor suddenly screamed miserably, the aura of his Divine Light Ball dropped sharply, and cracks appeared on the surface.

The power of Qin Feng's use of the Seal of Destruction is stronger than that of the three-handed clone.

Qin Feng was overjoyed to achieve success with one blow and was about to gather the second one.....

"stop!"

But at this moment, the three saint ancestors arrived. At this moment, the three master clones had not arrived yet, creating a situation where Qin Feng faced the three saint ancestors alone.

Boom~! Boom~! Boom~!

The three saint ancestors He took action at the same time, and his aura covered the sky and the earth.

Qin Feng sneered, activated his mind, and summoned space. The three-in-one clone that had not yet arrived was summoned to him in an instant.

Immediately, Qin Feng and the three-in-one clone shot at the same time, Facing the attack of the three great saint ancestors.....

Bang~!

There was another loud noise like the destruction of the universe!

Both sides groaned again, and flew out each other...

But then, Qin Feng was the first to stabilize his body and pounced on the blood mist.....

In this way, the two sides entered into a fierce fight around the Supreme Ancestor, and also entered a weird cycle.

Originally the two sides were equally powerful, but Qin Feng was able to use space summons and cleverly used this ability to change the situation, and from time to time hit the Supreme Ancestor with a strike that would destroy the world.

The killing only caused the Supreme Ancestor's aura to plummet, and the Divine Light Group was full of cracks, reaching the edge of collapse.

The three great saint ancestors even looked aggrieved.

They wanted to save the Supreme Ancestor, but they couldn't.

All battle rhythms were guided by Qin Feng, leaving them with nowhere to use their power.

It was clear that the Supreme Ancestor was close at hand, but they failed to rescue him time and time again.....

"You two, this can't go on like this!"

Daozu shouted anxiously

"Damn it! Ancestor...."

Jingzu was about to speak.

An extremely shrill scream came from the front!

Click~!

There was also a soft sound!

The Supreme Ancestor's God was finally killed by Qin Feng with a strike of the World-Destroying Seal. It collapsed on the spot and turned into starlight all over the sky...

After the starlight dispersed, an inheritance seal, an inheritance light group, and a A storage ring...

Qin Feng's face showed a look of ecstasy..

Chapter 1383

After the starlight dispersed, a inheritance seal, an inheritance light group, and a storage ring were still revealed.....

Qin Feng's face showed a look of ecstasy.....

"Ding~! Congratulations to the host for killing the powerful man in the seventh realm (the supreme ancestor).....Obtain 9999 trillion redemption points....."

At this moment, the system also sent a prompt

"Damn it!"

"Huh! That seems to be the seal of inheritance! There is also the inheritance light group!"

"Grab it quickly!"

At this time, the three great saint ancestors came over to kill them.

With sharp eyes, they immediately saw the things in the blood mist. Each of them was so excited that their eyes lit up. They rushed towards the blood mist at the same time, trying to snatch the spoils. As soon as

Qin Feng saw it , If something goes wrong, the loot must be put away.

But at this moment, Jingzu takes action first and instantly sacrifices the thirty-sixth-grade Pure World White Lotus.

The Pure World White Lotus can break through the air and flash, and with a flash of white light, it reaches the bottom of the Seal of Inheritance , thirty-six white petals, wrapped towards the inheritance light group and the inheritance seal.....

Obviously, Jingzu knew very well that by grabbing the Seal of Inheritance and the Inheritance Light Group, he would be able to obtain the secret of breaking through to the seventh realm.....

"court death!"

Qin Feng was angry and struck at the Pure World White Lotus with one move.

Demon Ancestor waved his hand, and a fairy vine shot out, instantly binding Qin Feng's whole body...

The fairy vine was a strange gourd vine, and it was obviously a It is a spiritual object, but it contains extremely powerful spiritual power, and it also contains the laws of time and space. Its power is comparable to a top-quality sacred artifact of creation. It is also displayed by the Demon Ancestor, and its power is unparalleled. It is not comparable to the quasi-saint ancestors, so Qin Feng was trapped instantly

"Damn it!"

Qin Feng was furious and struggled hard.

Click~! Click~! Click~!

There were cracks on the fairy vines, and they were about to be broken.

"Daozu! Take action!"

Mozu and Jingzu shouted at the same time

"Fixed sky mirror! According to!"

Daozu instantly sacrificed a divine mirror and looked at Qin Feng, and another layer of time and space imprisonment was imposed on Qin Feng. Qin Feng suddenly felt that the flow of time around him slowed down, and the strength of the space imprisonment increased greatly.

He The speed of breaking free from the Immortal Vine is greatly reduced.

The rules and regulations possessed by the Heaven-fixing Mirror are the same as those of the Immortal Vine. It controls time and space. It is also a top-quality sacred artifact.

Two top-quality sacred artifacts exerted their power at the same time and were briefly trapped. Qin Feng.

At this moment, the petals of the Pure World White Lotus closed together and wrapped up the inheritance seal, inheritance light group, and storage ring of the Supreme Ancestor, catching them all in one fell swoop. In the next breath,

Pure World Bai Lian was about to escape through the air.

Seeing this scene, Qin Feng suddenly realized.

It turned out that the three saint ancestors did not want to save the Supreme Ancestor at all, and they were all pretending before. It was not until Qin Feng killed the Supreme Ancestor that At this moment, the three saint ancestors used all their trump cards and killed Qin Feng by surprise, intending to make a profit and steal Qin Feng's loot.....

"Stop leaving!"

When the Pure World White Lotus was about to escape, there was a flash of white light, and the three-armed clone was summoned.

He shot out like lightning and grabbed the Pure World White Lotus.

"stop!"

The three saint ancestors also arrived at the same time and blasted at the three masters' clones together.

All this happened in the lightning room. Before the two sides met, the three saint ancestors used their trump cards to trap Qin Feng first.

Boom~!

A burst of sound. There was a loud noise like the destruction of the universe!

The clones of the three masters groaned miserably, and were blasted by the three saint ancestors so much that they vomited blood and flew out, rolling trillions of miles away.

At the same time, Jingshi Bailian carried the loot and flew towards Jingzu.

The three great saint ancestors were overjoyed, secretly thinking that if the plan went well, it would succeed.

But at this moment, a sudden change occurred.

I saw that the green dragon that had been holding back suddenly transformed into its true form and turned into a flower. The forty-nine-petal Green Lotus of Creation.

When its petals closed, it covered the sky and the earth. In an instant, it swept away all the energy transformed by the Pure White Lotus and the Supreme Ancestor, and gathered them together.

"This is...."

Jingzu was shocked.

The moment the Creation Green Lotus merged, it instantly cut off the telepathy between the Pure World White Lotus and him, and seemed to instantly bind the Pure World White Lotus!

This is the complete crushing of high-level positions against low-level positions among the holy weapons.

"Pure White Lotus!"

Jingzu roared anxiously.

Daozu and Demon Ancestor also felt bad.

The three of them were about to attack the Creation Qinglian.

Click~! Bang~!

At this moment, Qin Feng broke free from the shackles of the fairy vine and mirror light, and instantly Rushed in front of the three of them.

Phew~!

The Creation Green Lotus also turned into a ray of green light and penetrated into Qin Feng's body.

"Damn it!"

"not good!"

The three saint ancestors were frightened and angry, and they all attacked Qin Feng with all their strength.

Buzz~!

At this moment, Qin Feng's whole body lit up with a green light, and an extremely huge phantom of the Creation Green Lotus appeared behind him.

People. The weapons are united into one! Fusion!

Qin Feng's aura soared crazily, and in the blink of an eye it increased significantly. The increase was much stronger than the projections from the sky of the three saint ancestors.

The next second, Qin Feng met the three saint ancestors' projections. Bombardment.

He punched away, the sky changed color, thousands of dragons galloped, and hundreds of millions of green dragons rushed towards the three people.....

Bang~! Bang~! Bang~!

Three loud bangs!

"ah~! "

"ah~! "

"ah~! "

With three consecutive screams, Daozu and the other three were vomited blood and flew backwards.....

"No~! "

Among the screams, there was also Jingzu's unwilling roar.

At this moment, he realized that not only were they hiding a trump card, it turned out that Qin Feng was also hiding a trump card.

Such a reversal caught them off guard.

Qin Feng smiled coldly and was about to step forward to hunt down the three Saint Ancestors.

But at this moment, Dao Ancestor and Demon Ancestor turned around and ran away without saying a word, escaping into the endless evil aura.....

"You two, my Pure World White Lotus is still there....."

Jingzu was shocked.

Before he could finish speaking, Daozu shouted anxiously: "Jingzu! Escape quickly! I am no match for him. Keep the green mountains here, don't worry about running out of firewood!" As soon as he finished speaking,

Daozu fled hundreds of millions of miles away. Got it

"Damn it!"

Jingzu wiped the corner of his mouth unwillingly, turned around and ran away.

As for the Pure White Lotus, he didn't dare to take it...

In the blink of an eye, the figures of the three saint ancestors disappeared into the smoky sea of evil clouds. trace.....

"Master, aren't we going to hunt them down?"

A deep and steady voice sounded in Qin Feng's mind.

It was the tool spirit of the Creation Qinglian asking.

Qin Feng looked at the direction in which the three saint ancestors were leaving, and the corners of his mouth were slightly raised.

"No need to hunt them down! Even if we catch up, with my current strength, it will be difficult to kill them. After all, the strength gap between me and them is not very big. In fact, it would be better not to hunt them down"

"Why?"

"Because next time, they will come to your door in person!"

"Master, I don't understand."

Qin Feng said confidently: "It's very simple! The three great saint ancestors we saw today were not at their strongest. Saint Ancestors are different from quasi-Saint Ancestors in that they have the ability to move their own nests."

"This time, the power of projection from Laochao that the three of them borrowed was only one-third of the power of Laochao's world."

"Next time, the three of them will definitely carry their own nests on their backs, find the Great Wilderness God Realm in person, and fight me to the death."

"I took advantage of that opportunity to kill all three of them and their disciples to avoid future trouble. Chuangshi

Qinglian suddenly realized: "It turns out that the master is playing hard to get, in order to eradicate the three of them." This plan is brilliant and the master is wise!"

At this moment, the weapon spirits of Chuangshi Qinglian all admired this new owner.

The next second, a ball of green light flew out of Qin Feng's body and transformed into the true body of Chuangshi Qinglian.

"Master, please give me a drop of blood essence, and I will reshape the spirit of Pure White Lotus."

"good!"

Qin Feng broke his finger to coagulate blood and flicked it into the Qinglian.

Buzz~!

The Chuangshi Qinglian quickly absorbed the essence and blood, and the spiritual light bloomed, shining for nine days.

After a while, the Chuangshi Qinglian took back the spiritual light, and the flower bloomed forty-nine. The petals slowly bloomed, revealing the things inside, which were the energy transformed by the Supreme Ancestor and the Pure White Lotus.

Qin Feng put away the energy with a wave of his hand.

Woo~! Woo~! Woo~!

Then Jingshi White Lotus let out a joyful roar, and took the initiative to fly towards Qin Feng, spinning intimately in front of him.

Obviously, Jingshi White Lotus's weapon spirit was successfully reshaped, and it recognized Qin Feng as its master.

The next second, Jingshi White Lotus took the initiative Blooming, the flower opened with thirty-six petals, revealing the inheritance seal, the inheritance light group, and the storage ring of the supreme ancestor.

Qin Feng was overjoyed and put away all of them with a wave of his hand...

Chapter 1384

After Qin Feng collected the loot, Chuangshi Qinglian got into his body and disappeared again.

At this time, the clones of the Three Executives also rushed back.....

On the other side, the battle between Hongjun and others was coming to an end.

At this moment, tens of thousands of onlookers had been killed.

Only the Lingming Stone Monkey was still begging for mercy after being blasted into blood mist.

Above the blood mist, Qin Baobao was desperately bombarding his soul.

"Nv...Nuwa is...my lord! Spare your life! Spare your life!"

"snort! At the beginning, I said that sooner or later, I will turn you into a stone, so that you can become a stone monkey!"

Qin Baobao looked angry.

At first, she suffered a lot at the hands of Lingming Stone Monkey.

Hongjun and others stood around and watched without taking action, letting Qin Baobao vent his anger.

Lingming Stone Monkey was even more upset in his heart. Despair.

He never expected that the little girl who was in the early stage of Quasi-Saint Ancestor would break through to the late stage of Quasi-Saint Ancestor in a short period of time.

He also didn't expect that Qin Feng's strength would increase faster than he imagined. , even the three great saint ancestors couldn't deal with Qin Feng.

The last hope in his heart was gone.

If there was regret medicine in this world, he would definitely take a pound of it!

Boom~Long~Long!

Accompanied by a violent attack! Akashi Monkey screamed miserably, and finally the soul collapsed, his body died, and his Tao disappeared, turning into energy that filled the sky.

At this point, all the onlookers were slaughtered.

The Shen Alliance won a great victory.

Hongjun stepped forward and collected it. The energy transformed by the Lingming Stone Monkey was aroused.

A multicolored sacred stone, a storage ring, and the sacred Ruyi Golden Cudgel were left in the field.

"Huh! Did this guy really turn into stone?"

Qin Baobao waved his hand in surprise and sucked the five-color sacred stone into his hand.

Hongjun said with a smile: "Although this Lingming Stone Monkey's cultivation level is not high, it is very talented. Like Kunpeng and Hongyun, it is also an innate Holy Spirit. The five-colored sacred stone is the innate sacred object he left behind. Qin Baobao suddenly said: "

No wonder he is called Stone Monkey. He was really born from a stone." Seeing that this five-colored spirit stone has complete spirituality, if it is cultivated, a stone monkey should be reborn."

At this moment, Qin Feng and Sanzhi's clones arrived from a distance.

All the disciples were overjoyed and came forward to pay their respects.

"Dad, this five-colored sacred stone was left by the Lingming Stone Monkey. Can you give it to me?"

Qin Baobao raised a fist-sized stone.

Qin Feng smiled fondly: "If you want it, just stay!"

"Dad, the remnants of those forces have been killed. These are the energies they left behind, as well as the heavenly seal left by the Lingming Stone Monkey."

Hongjun handed over the spoils obtained from the previous battle to Qin Feng

"very good!"

Qin Feng put away those energies with satisfaction, as well as the Heaven Seal of the Eternal Spirit Heaven Realm.

At this point, all the Heaven Seals of the Nine Heavens and Ten Realms fell into Qin Feng's hands. During this trip to the secret land, Qin Feng gained earned a lot

"Your Majesty, I saw before that the three great saint ancestors were beaten to the point of vomiting blood and flying backwards by you alone. The three of them are obviously no match for you. Why did Your Majesty let them leave?"

Ziwei Star Lord asked curiously

"I have the ability to overpower them, but it is impossible to kill the three of them. However, the three of them will not give in and will come to us again."

At that moment, Qin Feng repeated what he had told the Creation Qinglian Weapon Spirit before. After listening to it, all the disciples suddenly realized.

Lord Ziwei said happily: "Your Majesty is wise! This time, His Majesty has won two seventh-level mantles, and the three great ancestors will definitely be jealous. They will definitely come back. After they were delivered to the door, His Majesty came to eradicate the roots! Hongjun also echoed:"

Yes!" Jiutian Dao Domain, Jiutian Pure Land, and Jiutian Demon Abyss are hidden deep outside the Jiutian Domain. Since ancient times, no one has known its location. If we look for it ourselves, we may not be able to find it. It would be best to let them deliver it to our door."

Qin Feng said seriously: "Even so, we cannot take it lightly. This time, the three saint ancestors can use the power of projection to increase their combat power to 12 billion poles."

"If the three of them came from Lao Lao, relying on the power of heaven and earth from Lao Lao, their combat power would reach more than 20 billion poles."

Hearing this, the expressions of all the disciples changed slightly.

20 billion poles!

Even if His Majesty has the help of Chuangshi Qinglian, he still cannot reach 20 billion poles.

At that moment, Hongjun took a deep breath and said: "Dad, you With such a reminder, our crisis is not small! If they really come from their lair and besiege you with three soldiers with 20 billion extreme combat power, I'm afraid...."

Qin Feng nodded slightly: "That's right! So we have to quickly improve our strength before they arrive. Fortunately, my father has two ways to quickly improve his strength."

"One is to condense the ancient world of gods, and the other is to absorb the inheritance of the supreme ancestor. Hongjun's eyes lit up:"

Yes!" Dad, let us return to the Great Wilderness God Realm as soon as possible. You must improve your strength as soon as possible, lest the three great saint ancestors attack from their lair and we will be caught off guard."

Qin Feng nodded slightly: "This matter cannot be delayed. However, you must also improve your strength as soon as possible. The next time the three great saint ancestors come to their hometown, their descendants will definitely come with them."

"There are three sects outside the territory, with countless disciples. I learned from some information left by Sanqing and Luohu. The total number of quasi-saint ancestors from the three sects outside the territory should be seven to eight hundred, and they must not be underestimated."

Hearing these words, Hongjun and others couldn't help but take a deep breath of air-conditioning.

This time, the Shenmen League has gained a lot, and everyone's strength has greatly increased, but there are only a hundred or so people above the Quasi-Saint Ancestor. In this way

, there are more than three people outside the territory. The sect members are much weaker!

At this time, Qin Feng said again: "However, you don't need to worry too much. Although there are many quasi-saint ancestors from the three sects outside the territory, there are not many outstanding ones. Some of the outstanding ones have died in the secret place. Hongjun breathed a sigh of relief:"

I guess so!" When the three sects from outside the territory enter the secret land, they must be the best among them. For example, Sanqing, Rahu, Amitabha and others. Fortunately, they are all dead inside"

"However, there are so many of their quasi-saint ancestors that we cannot underestimate them at all! In short, there will be a decisive battle waiting for us soon!"

All the disciples nodded, secretly thinking that this is indeed the case.

It is estimated that it won't be long before the three saint ancestors come in full force.

Qin Feng and the three masters' clones will deal with the three saint ancestors.

And they will lead the billions of disciples of the Shen League to fight with Disciples from three sects outside the territory fight to the death.....

"Time is running out! It's time to go back! Let's go!"

Qin Feng waved his hand and took his disciples into the Great Flood God Realm.

Now that he has left the secret place, all space restrictions have disappeared.

Qin Feng can summon his disciples at any time and take them into the Great Flood God Realm.

At this moment, Only Qin Feng and Sanzhi's clones were left in the field.

The next second, with a thought, the two of them turned into two white lights and disappeared out of thin air..

Chapter 1385

At the moment, only Qin Feng and Sanzhi's clones were left in the field.

The next second, as soon as their thoughts moved, they turned into two white lights and disappeared out of thin air.....

But on the other side, after the three great saint ancestors escaped, they were secretly relieved to see that Qin Feng did not pursue him.

Later, the three of them gathered together again.

Among the three, Jingzu had the ugliest expression and was the most seriously injured.

His Purifying White Lotus was forcibly taken away by Qin Feng, which caused his soul to suffer backlash and worsened his injuries.

"I really didn't expect that! Such a powerful monster appeared in the Great Wilderness God Realm, and even if the three of us joined forces, we could not defeat him."

Daozu was filled with emotion.

Jingzu sneered: "You may not be invincible! I will be invincible when my lair is not by my side and I am unable to borrow all the power of heaven and earth. If we come from our lair, we will surely destroy that little thief!"

Demon Ancestor agreed: "That's right!" With the help of the power of heaven and earth from Lao Lao, the combat power of the three of us has reached more than 20 billion, which is enough to kill that kid. Not only that, we have countless children from the three sects, and they can also help us destroy all the children of the Divine Alliance.

Dao Ancestor nodded repeatedly: "What you two said is right." It's time for us to go out in full force and fight the Divine Alliance with all our strength, and we can't waste any time. That kid got another seventh-level inheritance this time. If he waits for the kid to finish digesting it, it will be even harder to deal with."

"Daozu is right! Let's go back quickly, we can't waste any time!"

At that moment, Demon Ancestor, Jing Ancestor, and Dao Ancestor turned around and left, rushing back to their lair without stopping.....

Everything is as Qin Feng expected. The three great saint ancestors will use the power of the entire sect to fight to the death with the Divine Alliance.....

But on the other side, Qin Feng and the Sanzhi clone disappeared out of thin air.

The next second, they returned to the Great Flood God Realm, the holy place of retreat.

As soon as he appeared, the disciples gathered around him

"Master!"

Behind the crowd, Liu Yan, Zhen Yuanzi, Di Jun, and Taiyi came over happily.

"Master, you are finally back!"

Liu Yan was extremely excited.

"I've been waiting for the master!"

Di Jun and the other three also saluted one after another.

"No gift! Liu Yan, has anything changed in the Great Wilderness God Realm outside while I was away?"

"Returning to Master, while you were away, all the disciples were working hard to cultivate. Everyone has made great progress. By the way, some things have happened during this period. For example, the disciples of Daxian Tianyu have been ordered to join our Divine Alliance, and their disciples have accepted them."

"There are also Taikoo Heaven Realm and Hunji Heaven Realm, which suddenly sent armies to attack. Di Jun and I have killed them all. What is contained in this jade bottle is their energy."

After saying that, Liu Yan took out a rune jade bottle and offered it with both hands.

"very good!"

Qin Feng nodded with satisfaction and accepted the jade bottle.

Then, he waved his hand again and four storage rings flew towards Liu Yan, Di Jun and the other four people.

"There are a lot of resources in these four storage rings, which were obtained from secret places. Take them and digest them!"

"Thank you Master (Master)! Liu

Yan and the other four were overjoyed.

At this time, Qin Feng looked at the disciples again:"Now that we have returned to the Great Flood God Realm, we will seize the time to retreat and prepare for the upcoming decisive battle. We must not neglect it!"

"yes! His Majesty!"

All the disciples agreed in unison.

Afterwards, all the disciples resigned and went into seclusion one after another.....

In the blink of an eye, only Qin Feng, Sanzhi's clone, and Hongjun were left in the field.

After all the disciples left, Qin Feng handed the third holding clone a storage ring.

The three-brained clone got the storage ring, burst out of the air, and left the Great Flood God Realm.

Hongjun was curious:"Dad, doesn't your clone retreat?"

Qin Feng smiled slightly:"He has a more important mission!"

"What task?!"

"His father just gave him nineteen heavenly seals from nine heavens and ten realms. This time, let him move all the Nine Heavens and Ten Domains to the sky above the Great Wilderness God Realm.

Hongjun's eyes lit up and he said in surprise:"I understand, kid!" Dad has the Heavenly Seal of the Nine Heavens and Ten Realms, so he is naturally the Lord of the Nine Heavens and Ten Realms, and can also borrow the power of the Heaven and Earth from the Nine Heavens and Ten Realms."

"You asked the three master clones to move the Nine Heavens and Ten Domains here to deal with the three saint ancestors, right?

Qin Feng smiled and nodded:"That's right!" The three great saint ancestors are coming in full force and cannot be underestimated. If the power of heaven and earth from the Nine Heavens and Ten Realms helps, the success rate of killing the three saint ancestors for his father will be even higher.

Hongjun said happily:"Dad, the power of the nine heavens and ten realms is limited to an individual." But the combined power of the Nine Heavens and the Ten Heavens can provide a power of heaven and earth that is not inferior to that of the Nine Heavens Pure Land, but is even better."

Qin Feng smiled and said nothing.

It was because of this that he asked the Sanzhi clone to move it.

At this time, Hongjun seemed to have thought of something, and said with some worry:"Dad, as far as the child knows, only the sixth Only the powerful Saint Ancestors in the realm have great supernatural powers and can move a heaven. Your clone has not reached the sixth realm yet....."

"Do not worry! Although my father's clone has not reached the sixth level of cultivation, its overall strength is stronger than most of the saint ancestors. It is easy to move a heaven!

Hongjun was overjoyed:"That's good!""

"Hong'er, don't waste time, it's time for you and me to go into retreat."

"yes! father!"

At this moment, Hongjun happily resigned.

Qin Feng also took a step and disappeared out of thin air.

He was going to refine the newly acquired energy and integrate the inheritance of the supreme ancestor.....

In this way, everyone in the Divine Alliance entered into seclusion and practice.

Time flies!

In the blink of an eye, two days passed.

With the speed of the three-in-one clone, he arrived at the first location in two days, which was the Great Blue Heaven Realm that was closer to the Divine Alliance.

The hundreds of millions of disciples in the Great Cang Heavenly Realm had long received Cang Sheng's order and stepped forward to greet him.

The third avatar was overjoyed and summoned Cang Sheng, and also summoned millions of sacred pillars of faith, asking him to arrange for his disciples to sign a contract and join the divine alliance.

Under Cang Sheng's arrangement, the contract was signed smoothly, and the Divine Alliance gained tens of billions more children, giving Qin Feng a lot of fighting strength.

Then, under the shocked gaze of Cang Sheng and others, the three-brained clone used his great magical power to transform into a sky-reaching giant. He held up the Great Sky Realm with one hand and rushed to the next target.

And Cang Sheng and other hundreds of millions of disciples, as well as countless living beings, are in the Great Blue Sky Domain, and each of them can clearly sense that the Sky Domain is moving in the nine-sky starry sky.

In the past, the eternal stars in the sky would slide over the sky like flowing water as the sky moved.

Cang Sheng and others were extremely shocked.

Only one day later, the three-brained clone reached the second target - the Heaven of Joy, holding the Great Blue Heaven Realm in hand.

This time, the three-brained avatar summoned Yutian and the God of Love, asking them to lead the children of Huanxi Heavenly Realm and join the Shenmen League.

It didn't take long for tens of billions of disciples from the Happy Heaven Realm to join the Divine Alliance one after another, allowing Qin Feng to receive a large amount of combat power in return.

Afterwards, the three holding clones held up the Great Blue Sky Realm and the Happy Heaven Realm and rushed towards the third target.....

Just like this, the clones of the three masters were conquering the nine heavens and ten realms everywhere.

Qin Feng is in seclusion in the Great Flood God Realm.

In the blink of an eye, seven days passed by the outside world.

On this day, in the Great Flood God Realm, in the Holy Land.

Qin Feng was closing his eyes, and the system prompts sounded in his mind

"Ding~! Congratulations to the host, you have successfully forcibly integrated the inheritance of the Supreme Ancestor... Your cultivation level has been increased to 94.73% of the Quasi-Saint Ancestor, and your combat power has been increased to 18 billion poles....."

"Ding~! Congratulations to the host for mastering the new supreme Taoist Rhythm - the Taoist Rhythm of Destruction!"

Boom~Long~Long!

At this moment, the momentum of Qin Feng's whole body surged, causing the heaven and earth to tremble, and the laws of the entire God Realm were disrupted, alarming hundreds of millions of disciples.

After a long time, all the movements subsided.

Qin Feng slowly opened his eyes, his face His face was full of joy.

He finally mastered the two supreme Taoist arts, and there was no bottleneck in breaking through to the eighth realm.

Even better, his cultivation level exceeded 94.73% of the Quasi-Saint Ancestor, and he was not far away from breaking through to the sixth realm..

Chapter 1386

The great improvement in strength made Qin Feng feel happy.

Speaking of which, during this period of time, he has devoured everything that should be swallowed, and fused everything that should be fused.

Next, it's time for him to merge with the ancient world of gods and improve his strength again.

However, before that, he had to deal with another matter.

Qin Feng thought, and his whole body lit up with aura.

The next second, a ball of green light flew out of his body, which was the Chuangshi Qinglian.

At this moment, the petals of the Creation Green Lotus are closed, forming a bud shape, blooming with water-like green light, and there is a hidden Taoist rhyme flowing in the light curtain.

Qin Feng smiled, looked at Chuangshi Qinglian and said, "Let it out!"

Woo~!

The Green Lotus of Creation trembled and bloomed slowly. The flower opened with forty-nine petals, revealing a divine axe, which was the divine axe of destruction.

At this moment, the World-Destroying Divine Ax is surrounded by wisps of green energy and is struggling hard.

It turned out that while Qin Feng was in retreat, the Creation Qinglian was also releasing Qinglian Qi, constantly infiltrating the World-Destroying Divine Ax, trying to forcibly reshape the spirit of the weapon.

The World-Destroying Divine Ax is of the same level as the Creation Green Lotus. It is impossible to reshape its spirit under normal circumstances.

But now, if the World-Destroying Divine Ax is damaged, it will be difficult to withstand the erosion of the Creation Green Lotus. There is a chance that the weapon spirit can be reshaped by it.

This is why the World-Destroying Divine Ax is struggling so hard.

When the World-Destroying Divine Ax saw Qin Feng's appearance, he seemed very frightened and struggled even more fiercely.

Seeing this, Qin Feng said softly: "The divine ax of world destruction, I have integrated the inheritance of the supreme ancestor, and obtained the supreme Tao charm - world destruction. If you are willing to recognize me as the master, I will not destroy your spirituality.."

As soon as he finished speaking, Qin Feng stretched out a finger, which was surrounded by two beams of light, one green and one red, exuding a shocking Taoist aura.

Qingguang represents the Tao Yun of Creation.

The red light represents the Tao Yun of Destruction.

Woo~! Woo~! Woo~!

When the World-Destroying Divine Ax saw the red beam, it couldn't help but tremble violently and let out bursts of mournful screams.

It recognized that it was the Tao Yun of Destruction, which was practiced by the Supreme Ancestor. Qin Feng did not tell lies.

"Are you willing to acknowledge me as Lord?"

Woo~! Woo~!

The World-Destroying Divine Ax trembled slightly, but still whined.

The idea of Creating Qinglian came from Qin Feng's mind

"Master, this guy seems unwilling.

Qin Feng said in a cold voice:"The World-Destroying Divine Axe!" You should be very clear about the current situation. I have mastered the charm of the Dao of Destruction. If you cooperate with the Green Lotus of Creation, I will sacrifice you day and night. In a million years at most, I can destroy your spirituality and reshape it into a new weapon spirit that is loyal to me."

"In front of me, you have no chance to negotiate terms. I am not negotiating with you, but giving you an ultimatum. Either accept me as the Lord, or I will forcefully destroy your spirituality!"

As soon as he said these words, the Divine Ax of Creation trembled, as if he was shocked. What

Qin Feng said is true.

He has mastered the Tao Yun of Destruction, and as long as he cooperates with the Creation Green Lotus, he can indeed destroy its spirituality, but It took a long time.

But Qin Feng is already powerful enough to crush the Holy Ancestor. His life is eternal, and millions of years are fleeting.....

As a creation-level holy weapon, the World-Destroying Divine Ax is full of spirituality. In terms of spiritual intelligence, it is no less than that of normal humans. It is also afraid of the annihilation of life and death.

At this time, Qin Feng said again:"Of course, if you recognize me as your master, I will not treat you badly. For example, I can help you repair your damaged areas." As soon as these words were said, the World-Destroying Divine Ax was quiet. down.

After a while, it trembled again and made a whining sound.

Chuangshi Qinglian quickly relayed:"Master, this guy said that to repair its damage, a large number of blood sacrifices are needed to repair it."

"And the blood of ordinary creatures is not enough. It takes three to four hundred quasi-saint ancestor-level creatures' blood to completely repair it. It thinks you can't gather so many powerful creatures.

Qin Feng smiled slightly:"Haha!" This is not difficult at all! Our Divine Alliance will soon have a battle with the three sects from outside the territory. By then, let alone three or four hundred quasi-saint ancestor-level living beings' blood, we will be able to gather seven or eight hundred."

Woo~! Woo~! Woo~!

The aura of the World-Destroying Divine Ax was emitted, and it made a joyful roar.

"Master, this guy agrees to recognize you as his master!

Qin Feng was overjoyed:"This is what makes a person who knows the current affairs a hero!""

As soon as he finished speaking, he broke his finger to coagulate blood, and flicked a drop of blood towards the World-Destroying Divine Ax...

The drop of blood fell into the body of the axe, and was quickly absorbed completely by the World-Destroying Divine Ax.

The next second, Qin Feng I sensed that there was a ball of white light hidden in the Divine Ax of Destruction, which was the spirit of the Divine Ax of Destruction.

Telepathy was quickly established between the two, and a feeling of intimacy seemed to be born.

Woo~! Woo~! Woo~!

The World-Destroying Divine Ax roared with joy and flew in front of Qin Feng.

Qin Feng grabbed the handle of the ax with one hand and felt a large amount of World-Destroying Spiritual Power fed back by the World-Destroying Divine Ax and poured into his body.

Boom~ Long~long!

A fusion of breaths!

Qin Feng's fighting power surged all the way, reaching 19 billion in the blink of an eye.

At the same time, a strange voice sounded in Qin Feng's mind

"The World-Destroying Divine Ax has met its owner!"

"good!! good!!"

Qin Feng was overjoyed.

After this series of operations, the World-Destroying Divine Ax not only succeeded in recognizing its master, but also gave him a large amount of world-destroying power, making his combat power soar to 19 billion. You know

, this It's just the power of feedback, not the integration of man and machine

"Ha ha!! Today's harvest is good, let's go!"

Qin Feng laughed, and with a wave of his hand, he put away the Green Lotus of Creation and the Divine Ax of Destruction.

One person had two super holy weapons, which made him proud.

The next second, he ducked and disappeared into the secret room..

Not long after, the entire Great Flood God Realm suddenly trembled violently, space was distorted, time was stagnant, the sky collapsed, and the mountains and rivers were shattered. Hundreds of millions of creatures were frightened and ran around.

Hongjun and other high-level officials were also alarmed, and rushed out of the retreat one by one. Come out... swish~! swish~! swish~!

In just a moment, hundreds of figures appeared above the holy land of the Great Flood God Realm.

Hongjun, Pangu, Ziwei and others were among them.

As soon as they appeared, Subconsciously looking above the head, I was dumbfounded.

I saw that the sky of the Great Flood God Realm had changed. There were not only the Sun of Creation and the Moon of Creation.

Countless ancient stars could be vaguely seen above the Sun and Moon of Creation..

In other words, above the created sun and moon is the nine-sky void.

The Great Flood God Realm was moved out of Qin Feng's body.

Looking further away, on the other side, there is indeed an endless world, approaching the Great Flood God Realm.....

In that world, countless creatures were terrified, and there were countless familiar figures flying around in the air.

That endless world is the Great Wild God Realm.

In the past, the two divine realms could not see each other, but now they are on the same side.

Pangu and others suddenly realized.

It turns out that His Majesty is integrating the ancient world of gods.

Bang~!

Two worlds of gods collide!

The world shook!

Spiritual energy hedge!

The next second, the laws of time, space, and the laws of the three thousand avenues of the two divine realms collided with each other...

Boom~Long~Long!

Suddenly, the heaven and earth roared, and the spiritual energy vibrated.....

"Look! Your Majesty is at the top of Buzhou Mountain!"

There was an exclamation in the crowd.

Hongjun and others quickly looked up and saw Qin Feng standing in the sky above Buzhou Mountain, with his clothes flying.

At this moment, he was constantly pinching the seals with both hands. Controlling the fusion of the two divine realms...

At the same time, system prompts kept coming to his mind.

"Ding~! The Great Flood God Realm and the Great Wilderness God Realm are merging....."

"Ding~! The Golden Avenue is superimposed and strengthened....."

"Ding~! The Avenue of Wood is being superimposed and strengthened....."

"Ding~! The Avenue of Water is superimposed and strengthened....."

"Ding~! The Avenue of Fire is superimposed and strengthened....."

"Ding~! The Avenue of Earth is being superimposed and strengthened....."

"Ding~! The avenue of power is superimposed and strengthened....."

.....

"Ding~! The avenue of time is superimposed and strengthened....."

"Ding~! The space avenue is superimposed and strengthened....."

"Ding~! The Avenue of Reincarnation is superimposed and strengthened....."

.....

The two divine realms merged, and three thousand avenues were superimposed.

Every time a kind of avenue is superimposed, Qin Feng's momentum skyrockets...

Chapter 1387

Boom~Long~Long!

The two divine realms are merging step by step!

Three thousand avenues, superimposed one after another!

Countless powers of heaven and earth are rushing toward Qin Feng crazily...

This makes Qin Feng's momentum increase crazily.....

20 billion poles.....21 billion poles.....22 billion poles...

As the momentum increased, Qin Feng's whole body bloomed with golden aura, and it became brighter and brighter. It gradually became so dazzling that people could not see his appearance clearly. Only a light-like human figure could be vaguely seen, bright and clear. for nine days.....

Hongjun and others were unable to open their eyes, and even their eyes hurt from the spiritual light.

.....

26 billion poles.....27 billion poles... 28 billion poles.....

Boom~Long~Long!

The two divine realms are still merging!

Qin Feng's momentum continues to surge wildly.....

The spiritual light he bloomed became more and more dazzling, like a huge golden light group. Its brightness crushed the Moon of Creation and the Sun of Creation. It filled the eyes of countless living beings...

Gradually, it could no longer be seen in the eyes of all living beings. Everything is only golden light, and the dazzling human figure in the light...

And Qin Feng's momentum continues to surge, the aura all over his body is getting brighter and brighter, and the power of heaven on his body is getting stronger and stronger.....

Gradually, the disciples below Tiansheng could no longer see anything clearly, could not hear anything, could not sense everything, lost all their six senses, and fell into boundless darkness.

Countless disciples were panicked and at a loss.

Not long after, Qin Feng's fighting strength reached 35 billion, and his divine power doubled again.

At this moment, the disciples of the Quasi-Saint Ancestor also lost all six senses and could no longer sense anything, let alone Qin Feng's position.....

In the field, only four people, Hongjun, Pangu, Ziwei and Fengdi, could barely see the changes in Qin Feng.....

But all this is not over yet, Qin Feng's momentum continues to skyrocket...

When his combat strength reached 40 billion, Pangu, Ziwei, and Fengdi also lost their six senses under the pressure of that power. Can't sense anything either.

Hongjun was the only one struggling to support himself, and he could only barely get a general idea.

Boom~Long~Long!

The heaven and earth roared, and the divine world trembled!

I don't know how much time passed before all the tremors slowly subsided.

All sentient beings felt that the boundless darkness around them gradually dissipated, and the heaven and earth returned to light.

Gradually they can see everything around them clearly, hear everything around them, smell everything around them, and feel everything around them... The light is so bright, the water flow is so beautiful, the flowers and grass are so fragrant, and the wind is so sweet. The ease... is back!

Six senses are back!

Everyone cheered and looked around greedily.

Seeing this, everyone was amazed.

I saw earth-shaking changes taking place between heaven and earth.

The sky has become higher, the earth has become thicker, the divine world has become broader, the spiritual energy has become richer, and the laws of the three thousand avenues have also become more powerful.

Qin Feng finally completed the integration of the Great Flood God Realm and the Great Wilderness God Realm!

The prehistoric world of gods was born!

The world that all sentient beings see is the reborn world of gods!

"Wow~! This...is this the Great Desolate God Realm?! The law of this avenue has changed! He has become so strong!"

There was an exclamation among the crowd.

"yes! The current God Realm is more suitable for our cultivation, and it is easier to break through bottlenecks than before!"

"Ha ha!! Very good! Originally, with my qualifications, it would be good if I could cultivate to the level of Heavenly Saint in this life. Now with this prehistoric world of gods, I have hope of breaking through to the Quasi-Saint Ancestor!"

At this moment, the children of the Divine Alliance cheered.

One side of the earth and water nourishes one side of the people!

The creatures born in a powerful world will also be extremely powerful, and their talents will also become extremely strong.

This is why the creatures from the Small Thousand World and the Great Thousand World, Their strength is far inferior to that of the Nine Heavens and Ten Territories. The disciples of the Nine Heavens and Ten Territories are far inferior to the three sects outside the territory.

And the Great Desolate God Realm is so vast that even if the combined bases of the three outside sects are less than one-third of the Great Desolate God Realm.

It can be seen from this that , the creatures born in the ancient world of gods will be higher than other worlds in terms of strength, talent, and potential.

In fact, the vastness and power of the ancient world of gods can no longer be compared.

After thinking about this, the disciples of the Shen League were very excited. , cheering loudly one by one.

The entire prehistoric world of gods is boiling.

All living things are greedily breathing spiritual energy and happily feeling the changes in the avenue.....

Joy filled every corner.

In the center of the ancient world of gods, at the foot of Nabuzhou Mountain.

The senior leaders of the Alliance of Gods were even more ecstatic, and their faces were all red with excitement.

"Ha ha!! Your Majesty succeeded! Finally succeeded!"

"Huh! Where is your majesty?"

At this time, the senior executives remembered Qin Feng. They looked at the sky above Buzhou Mountain one by one, only to find that it was empty and there was no sign of Qin Feng at all.

The senior executives were stunned.

"strangeness! Why is Your Majesty missing? Where did he go?"

"I do not know! Previously, under the influence of Your Majesty Tianwei, I lost all my six senses."

"Me too!"

"Lord Pangu, do you know where your Majesty has gone?"

All the senior officials looked at Pangu.

Pangu smiled bitterly: "Your Majesty is powerful, and I can't bear the power of heaven that he unintentionally exudes. I also lost my six senses before, and I don't know where he went. By the way, the young master may know."

At this reminder, everyone looked at Hongjun.

When they looked at it, they found that Hongjun was looking in the direction of the top of Buzhou Mountain, with a look of shock deep in his eyes.

"Hong'er, did you see where Your Majesty went?"

Ziwei Star Master was anxious.

She was worried that something would happen to Qin Feng.

This inquiry made Hongjun wake up from his shock.

He quickly turned around and said with a complicated expression: "Mother, my child saw his father's momentum after merging with the prehistoric world of gods. Reached 44 billion poles. But then, his whole person turned into countless points of light and merged into the space between heaven and earth."

"The child spread his consciousness and searched for traces of him everywhere, but he could not sense his presence. But we also vaguely feel that he is all around us."

As soon as these words were said, all the senior officials showed strange expressions.

Lord Ziwei frowned: "Hey! When you say this, I also feel that His Majesty seems to be all around us, seemingly everywhere. But I tried to sense it with my heart, but I couldn't sense his presence."

"right! I also have this feeling!"

"Me too!"

All the senior officials agreed.

"strangeness! Where has His Majesty gone?!"

"yes! Will my brother be okay?"

"I'm worried about Dad too!"

Chu Chu, Qin Baobao and others looked even more anxious.

They were extremely worried about Qin Feng's safety.

"Young Master, please try again with your heart and see if you can sense the direction of Master. ...."

Yun Xi also reminded anxiously.

At this moment, everyone in the Divine Alliance was a little panicked.

Without Qin Feng, they seemed to have lost their backbone.

Just when the senior officials were panicking, an invisible thought from heaven and earth poured into everyone's minds.

The senior executives couldn't help but close their eyes, sensing that thought.

After a while, they slowly opened their eyes, with joy on their faces.

It turns out that idea was conveyed by Qin Feng, telling them not to worry

"I really didn't expect that after your majesty merged with the ancient world of gods, such wonderful changes would happen!"

Pangu looked at the world around him with emotion.

Hongjun smiled and said:"The Great Flood God Realm was created by my father, and the Great Wilderness God Realm was created by the ancient God Lord, but my father is the successor of the God Lord and can perfectly control the world. Wild God Realm"

"Nowadays, the Great Flood God Realm and the Great Desolate God Realm have merged to form the Great Desolate God Realm, and the changes are naturally different. This point is incomparable to Dao Ancestor, Jing Ancestor, and Demon Ancestor."

Ziwei Star Master smiled and said:"As long as your Majesty is fine!

Hongjun said with a smile:"Dad is not only fine, he is still in the process of improvement. When he is completely released, his strength will improve tremendously."...."

It turns out that Qin Feng is different from Dao Ancestor, Demon Ancestor, and Jing Ancestor.

The lairs of the three great saint ancestors were not created by them. They can be controlled and used, but they cannot be integrated into one.

The Primordial God Realm is equivalent to being built by Qin Feng himself, and he can integrate with the Primordial God Realm.

Before, Qin Feng turned into countless points of light and merged into the ancient world of gods.

Of course, he can show up at any time.

However, Qin Feng discovered that in that fusion state.

His understanding and perception increased tenfold, and his cultivation speed increased a hundredfold.

At this moment, he was enjoying that wonderful state, and soon entered an efficient practice similar to a state of enlightenment.....

His combat power is also improving bit by bit.

Before, he sensed the worries of the disciples and released his thoughts to reassure everyone.

However, Hongjun and others felt relieved after learning about Qin Feng's condition.

At this moment, a monstrous aura rose into the sky not far away, and someone actually broke through to the Quasi-Saint Ancestor at this moment.

Hongjun and others were startled, and they dispersed their consciousness and scanned

"It turns out that Jiuyuan broke through to the Quasi-Saint Ancestor!"

Hongjun and others soon discovered the reason.

That direction was the retreat place of Jiuyuan.

At this moment, Jiuyuan broke through to the Quasi-Saint Ancestor, and they were extremely happy.

"Huh! How did he break through so quickly? According to my previous estimates, it would take decades for him to have a chance to break through!"

Pangu was a little surprised.

Hongjun smiled and said:"Your previous assessment was only for the Great Flood God Realm. Today, the world we live in is the prehistoric world of gods, and the laws of the great road have changed, which is more helpful to our cultivation and makes it easier to break through. Pangu Yiliang said:"

Yes!" The young master is still wise!"

Ziwei Star Master's eyes also lit up, and he said happily:"Everyone, Your Majesty created the Great Desolate God Realm to create a better cultivation environment for us. Let's take advantage of the opportunity for the three great saint ancestors to attack in full force, and quickly practice in seclusion!"

"Maybe, with the help of the power of the ancient world of gods, everyone can make great progress in cultivation. In this way, when we face the next decisive battle, we will have greater certainty of victory."

"The mistress is right!"

The senior executives agreed one after another.

Afterwards, the senior executives resigned happily and went to retreat one by one happily. Soon, not only the senior executives, but also the ordinary disciples of the Shen League entered retreat one after another, not wanting to miss the establishment of the prehistoric world of gods. There will be great benefits in the future...

And the great improvement of these disciples can also bring a lot of combat power to Qin Feng.

This scene is naturally what Qin Feng wants to see....

Chapter 1388

In this way, after the creation of the ancient world of gods was completed.

The children of the Shenmeng entered into seclusion to practice in order to absorb the dividends brought by the dawn of the prehistoric era.

Those birds and beasts, all creatures, and even the flowers, plants and spiritual creatures that have turned on their spiritual wisdom, also sense the changes in the rules of the world and can't help but enter the state of cultivation...

The entire prehistoric God Realm is like a newborn baby, full of vigor and vitality. growing.....

In just the past day, tens of millions of the disciples of the Divine Alliance have broken through the bottleneck and made great progress in cultivation, bringing a lot of combat power back to Qin Feng...

In addition, hundreds of millions of living creatures have also made great progress in cultivation....Countless spiritual flowers and spiritual grasses have evolved...

Even some dead objects such as clouds, rivers, rocks, etc. have given birth to some spiritual intelligence.....

What surprised Qin Feng was that these changes also allowed him to receive a large amount of combat power in return, and even an increase in redemption points...

At this time, he was pleasantly surprised to find that as long as it was something born in the prehistoric god world, no matter what Whether you have signed a contract with him or not, as long as everything is improved, it will bring him a lot of benefits.....

This discovery made Qin Feng feel very good, and he became even more obsessed with practicing.  
.....

And his cultivation realm and combat power are also improving bit by bit.....

Time flies!

In the blink of an eye, ten days passed.

In these ten days, the entire prehistoric divine world has undergone earth-shaking changes.

Spiritual flowers and spiritual grass grow luxuriantly, birds and spiritual beasts have greatly improved in strength, and even insects, ants, and ants have evolved.....

Many spiritual trees that were originally only a few feet tall have grown to be ten thousand feet tall, with extraordinary momentum.....

The spiritual energy between the heaven and the earth is becoming more and more intense, and various spiritual and blessed places are beginning to breed heavenly materials and treasures...

What's even better is that all the children of the Shenmeng are making rapid progress.

In just ten days, more than a hundred people had broken through to the Quasi-Saint Ancestor.

As a result, the number of powerful Quasi-Saint Ancestors from the Divine Alliance was close to three hundred.

In addition, Qinglin, Xianling, Fuzhi, and Qin Baobao have all reached the threshold of peak giants.

Pangu, Ziwei Star Master, and Fengdi have all reached the threshold of the Half-Step Saint Ancestor, with combat power of 500 million poles each.

Hongjun's combat power has reached 1.2 billion poles, and his combat power has exceeded the limit of the Half-Step Saint Ancestor.....

Such a huge change naturally brought a lot of benefits to Qin Feng.

Now, Qin Feng's body has integrated into the ancient world of gods.

He didn't know to what level his combat power had been raised, at least it was more than 46 billion poles.

However, he knew that his cultivation level had reached 99.17% of that of Quasi-Saint Ancestor, and he was only one step away from breaking through to the sixth level.....

Just as the prehistoric God Realm was prosperously developing, the three great Saint Ancestors had entered the Nine Heavens from the ancient starry sky and were heading towards the location of the God Realm...

At this time, they were in the outer starry sky.

The Dao Ancestor transformed into a towering giant, holding the Jiutian Dao Domain in one hand and striding forward.

Every step he takes is like crossing the span of tens of thousands of universes. He seems to be moving slowly, but in fact his speed is incredibly fast.

Behind Taozu, Jingzu is holding the Nine Heavens Pure Land in his hands.

Further behind is the Demon Ancestor holding the Nine Heavens Demonic Abyss in his hand.

The three great saint ancestors came together with extraordinary momentum.

Not only the three of them, hundreds of millions of disciples from the Dao Domain have already gathered in the sky above the Nine Heavens Dao Domain, among which the number of Quasi-Saint Ancestors is nearly three hundred.

In the sky above the Nine Heavens Pure Land and the sky above the Nine Heavens Demonic Abyss, hundreds of millions of disciples have gathered, and they are all gearing up, waiting to rush to the God Realm, and these disciples will kill the Divine Alliance.

Of the three sects outside the territory, the most lively one belongs to the Jiutian Dao Domain.

At this moment, in the sky above Jiutian Dao Domain, a group of people surrounded an old man with long eyebrows wearing Taoist robes and complimented him endlessly.

Among those who complimented him, there were many people from the Extraterrestrial Pure Sect and the Extraterrestrial Demon Sect.

And the aura exuded by the long-browed ancestor suddenly exceeded the limit of the half-step saint ancestor, and his combat power and momentum reached 2 billion, which was extremely terrifying.

It turns out that the old man with long eyebrows is named Patriarch Yangmei, and he is also a member of the Taoist sect outside the territory.

He was originally the same generation as Daozu, Jingzu, and Mozu, and was Daozu's junior brother.

But his talent is slightly inferior, and his cultivation has been stuck at the bottleneck of the Half-Step Saint Ancestor for countless years, and he has not been able to break through to the Saint Ancestor.

In order to break through to the Holy Ancestor Realm as soon as possible, he has been in seclusion for many years and has never been involved in world affairs. Very few people in the three sects outside the territory know of his existence, let alone the Nine Heavens and Ten Domains.

Naturally, Qin Feng and others did not know about his existence.

It was only now that the three sects from outside the territory wanted to mobilize to destroy the Divine Alliance, so Daozu invited him out.

With him here, he will definitely be a great weapon for the three sects outside the territory!

At that time, if it were not for the restrictions of the secret place, the Half-Step Saint Ancestor could not enter the secret place to explore. This Yangmei Ancestor would have gone into the secret place to explore. These are all off-topic.....

But at this moment, some high-ranking disciples of Dao Sect, Jing Sect, and Demon Sect stood respectfully beside Yangmei Ancestor, analyzing the next situation with him.

According to previous discussions, the target of the three saint ancestors is Qin Feng.

Ancestor Yangmei will lead the disciples of the three sects to massacre the disciples of the Divine Alliance.

At this moment, a senior member of the Demon Sect said with a flattering look on his face: "Senior Yangmei, if you personally come out this time, it will be easier for our three sects to kill those Shenmeng disciples."

Yangmei Ancestor stroked his beard and smiled: "Even if I don't take action, , you can easily kill all the children of the Divine Alliance"

"Ha ha!! Senior Yangmei said it right! I heard from my ancestor that the Divine Alliance only has more than a hundred quasi-saint ancestors. The total number of quasi-saint ancestors from our three sects is nearly 900, which is eight or nine times their number, not to mention that the number of our heavenly saints is even higher. too much"

"yes! This time the Divine Alliance is doomed!

The ancestor raised his eyebrows and smiled slightly: "Those disciples of the Divine Alliance are all ants. The key battle is for my senior brother and the two Taoist friends Jingzu and Mozu to face Qin Feng.""

"The senior is right! Then Qin Feng got the mantle of the ancient God Lord, like a carp leaping through the dragon's gate, and his strength reached the sky in one step, which is really enviable!"

The corners of Yangmei Ancestor's mouth curled up slightly, and he said somewhat sourly: "Haha!! Just a kid who got his inheritance through good luck! This time, my senior brother, Jingzu, and Mozu personally led the lair away"

"With the help of the power of the three realms of heaven and earth, the three of them can each have a combat power of more than 20 billion, and they can definitely destroy Qin Feng's son."

As soon as these words were said, the disciples of the three sects all agreed and smiled happily.

One of the disciples of the Demon Sect said: "Senior Yangmei, I heard that Qin Feng has obtained the mantle of two strong men in the seventh realm. As long as he is eliminated, the benefits the three ancestors will gain are immeasurable. Even you, senior, are expected to benefit from it and break through to the Saint Ancestor Realm in one fell swoop."

Yangmei Patriarch laughed heartily: "Haha!! Hope so! Not much to say, you all go back and make some preparations. In three days, we will be able to reach the God Realm."

"yes! senior!"

The top leaders of the three factions agreed one after another.

Afterwards, everyone resigned and prepared for war.....

Time flies!

In the blink of an eye, three days passed.

On this day, a rumbling sound of wind and thunder came from far to near, and in the blink of an eye it reached the sky above the ancient world of gods, instantly alarming hundreds of millions of living beings..

Chapter 1389

In the blink of an eye, three days passed.

On this day, a rumbling sound of wind and thunder came from far to near, and in the blink of an eye it reached the sky above the ancient world of gods, instantly alarming hundreds of millions of living beings.....

At this moment, in the ancient world of gods, in a palace at the foot of Mount Buzhou.

Hongjun was meditating in a secret room with his eyes closed.

Suddenly, a roar from outside the temple startled him.

He suddenly opened his eyes:"What a big noise! Could it be the attack from three sects from outside the territory?"

Thinking of this, Hongjun dodged and disappeared into the secret room.

The next second, he appeared above Buzhou Mountain.

Huh~! Huh~! Huh~!

At the same time, one after another white light lit up below Buzhou Mountain.

Pangu, Ziwei, Fengdi and other senior officials rushed out of the retreat one after another and came to Hongjun's side.

The group of people raised their heads and looked towards the sky.

I saw a towering giant holding the sky with both hands above the nine heavens, slowly falling down.

"Huh! It's Your Majesty!"

As soon as Pangu saw the giant clearly, his face showed a look of ecstasy.

Hongjun and others also smiled. The person who came was none other than the Sanzhi clone.

He saw the Sanzhi clone, holding the sky with both hands, and there were nineteen directions on it. In the big world, each world is hundreds of times larger than the Great Thousand World and is boundless.

In each world, there are countless monks and creatures.

At this moment, many creatures have reached the edge of the world, looking down at the prehistoric world...

Those creatures are all The creatures in the Nine Heavens and Ten Domains, as well as many monks who had joined the Divine Alliance.

At this time, their eyes were all shocked, as if they were shocked by the scene in front of them.

It turned out that they found that the Great Wild God Realm in front of them had changed, and it was different from the rumored one. It was different, it seemed to be dozens of times bigger, dozens of times bigger than their Nine Heavens and Ten Domains combined...

Even before they got close to the God Realm, they felt that the laws of the Great Dao contained in it were larger than their Nine Heavens and Ten Domains. The domain is hundreds of times stronger, unimaginable.....

These people don't know that the God Realm in front of them is no longer the Great Desolate God Realm before, but has become a stronger Primordial God Realm.

Boom~Long~Long...

At this time, the three-handed clone stopped moving, and the roar of wind and thunder between heaven and earth gradually stopped...

Then, his figure quickly shrank, his height reduced to the size of an ordinary person, and he walked towards Hongjun and others.

At the same time, several people flew out from each of the Nine Heavens and Ten Domains, dozens of people in total, following closely behind the three-handed clone...

Cang Sheng, Yutian, Love God, Zhao Gongming and others were among them.

These dozens of people were arranged by the clones of the Three Executives, the temporary leaders of the Nine Heavens and Ten Domains.....

After all, the Nine Heavens and Ten Realms are not deserted lands. There are a large number of creatures and monks in them... The clones of the Three Holdings brought back not only the nineteen big worlds, but also tens of billions of monks and creatures.....

After a while, the three avatars and the others arrived in front of Hongjun and others.

"father!"

"I've been waiting to see Your Majesty!"

The senior officials came forward to pay homage happily.

"Dad, you came back earlier than expected!"

Hongjun was very happy.

According to previous estimates, it would take about four days for the three-brain clone to return.

Unexpectedly, the three-branch clone completed the task ahead of schedule.

"The main body strength has greatly increased, and my strength will naturally increase accordingly. Both my ability and speed will increase greatly. Naturally, I will be four days ahead of schedule."

The three-brained clone explained with a smile.

Hongjun suddenly understood and quickly looked at the three-branched clone.

After a moment, he was surprised to find that the aura of the three-branched clone was so natural that he couldn't see through the depth at all. Naturally, he didn't know what the three-branched clone was. What kind of strength.

At this time, more and more senior leaders of the Divine Alliance rushed over.

Below, tens of billions of Divine Alliance children looked up to the sky one by one, watching excitedly.

They already knew that His Majesty's clone completed the task ahead of schedule. He has already rushed back.

In this way, with His Majesty and the clones of the Three Leaders sitting together, the Divine Alliance is impregnable and is not afraid of the three sects from outside the territory attacking.

At this moment, the clone of the Three Leaders glanced at the high-level officials who came over, and his face showed He looked satisfied.

In just these days, Hongjun's combat power has reached 1.5 billion poles.

Pangu has reached 1 billion poles, Ziwei and Fengdi have both reached 800 million poles.

These four people are all half-steps. The fighting power of the Holy Ancestor.

In addition, Qing Lin, Xian Ling, Fu Zhi, Qin Baobao, Chu Chu, Yun Xi, and Liu Yan have all reached the peak giant level.

Lu Ya, Xi Wang Mu, Kun Peng, Hong Yun, Ming He, Zhen Yuanzi, Di Jun, Taiyi and dozens of other people have reached the late stage of Quasi-Saint Ancestors.

The total number of Quasi-Saint Ancestors has also increased from about 300 to more than 400...

In just ten days, the strength of the Divine Alliance has undergone earth-shaking changes. The progress has been huge, and the benefits this has brought to my own body are naturally not small.

Thinking of this, the three clinging clones are very satisfied.

"Dad, you brought back many new children this time, right?"

Hongjun looked curiously at the Nine Heavens and Ten Domains above the Nine Heavens.

The nineteen celestial domains were suspended one by one quietly in the sky above Buzhou Mountain.

The Sanzhi clone smiled slightly: "The new disciples brought back should be seven hundred. More than 100 million...."

"Dad, what should we do with these Nine Heavens and Ten Domains?"

"Naturally, he has integrated into the ancient world of gods!"

As soon as he finished speaking, the Sanzhu avatar waved, and nineteen heavenly seals appeared in front of him.

Then, he waved his hand, and the nineteen heavenly seals were scattered throughout the prehistoric world of gods.

Then in full view of everyone, the ten heavenly seals The nine heavenly seals, like sugar cubes falling into boiling water, melted into the world and disappeared.

Hongjun and others were surprised.

Then, after thinking about it for a moment, they understood.

Now, Qin Feng and the prehistoric world of gods are in harmony. As one body.

The Great Desolate God Realm is Qin Feng, and Qin Feng is the Great Desolate God Realm.

Those disappeared heavenly seals were refined by Qin Feng and disappeared.

Immediately afterwards, the sky above Buzhou Mountain continued to roar...

The Nine Heavens and Ten Domains were invisible. Pulled by the force, it slowly fell towards the edge of the ancient world of gods in nineteen directions.....

Not long after, the Nine Heavens and Ten Domains reached the edge of the Great Desolate God Realm, bordered the Great Desolate God Realm, and began to merge.....

Each side of the heaven has its own unique three thousand avenues.

At this moment, the three thousand avenues of the Nine Heavens and Ten Realms began to be forcibly swallowed up, merged, and superimposed by the avenues of the Ancient God Realm.....

Boom~Long~Long!

Suddenly, the entire prehistoric world of gods began to tremble, the territory was expanding, the spiritual energy was getting thicker, and the avenues were strengthening.....

Qin Feng is integrating the Nine Heavens and Ten Domains!

The ancient world of gods continues to be strengthened!

This strengthening process is the process of improving Qin Feng's strength.

The three-in-one clone is an extension of Qin Feng's body.

At this moment, his momentum is increasing crazily.....

Hongjun and others' eyes lit up and they were filled with surprises.

But at this moment, nine days away, a rolling roar like wind and thunder suddenly came.

Hongjun and others were startled, and they all looked around after the sound, and saw three towering giants in the distant starry sky, each dragging an area of the sky and striding towards this side.

Hongjun and others couldn't help but change their expressions slightly.

The three great saint ancestors arrived at this moment..

Chapter 1390

Hongjun and others were startled, and they looked around following the sound, and saw three towering giants in the distant starry sky, each dragging an area of the sky, striding towards this side.

Hongjun and others couldn't help but change their expressions slightly.

The three great saint ancestors arrived at this moment.....

"Dad, they are coming!"

Hongjun looked nervous.

All the disciples also looked frightened.

The three great saint ancestors came from the sky with great momentum. Such a scene made them a little shocked.

"Saw it! You will prepare for the battle as soon as possible!"

"Yes! Your Majesty!"

Hongjun and others quickly accepted the order and flew back to the Great Desolate God Realm.

The next second, tens of billions of children surged into the Great Desolate God Realm, formations of light pillars soared into the sky, and various defensive formations were opened.

At this time , At the same time, there was also a surge of people in the Nine Heavens and Ten Domains that were being merged. The newly joined Divine Alliance disciples also joined the Divine Alliance army one after another and began to prepare for war.....

On the other side, the clones of the three masters flew up, straight up to the nine heavens, and faced the three saint ancestors directly.....

After a while, the two sides met on the nine heavens.

The Dao Ancestor, the Pure Ancestor, and the Demon Ancestor stopped one after another, their figures shrunk like ordinary people, and they faced off against the clones of the Three Holdings in the distance.

When Daozu saw that Sanzhi's clone came alone, he couldn't help but express doubts.

Jing Zu and Mo Zu looked behind the Sanzhi clone one after another, as if to confirm whether Qin Feng was following.

After a while, the three of them were sure that Qin Feng really hadn't followed, and they all frowned.

"Boy, why are you the only one here? Where is Qin Feng?!", Daozu asked.

The clone of Sanzhi sneered:"What does it have to do with you?"

Daozu was furious and was about to curse.

Jingzu on the side intervened: "Boy, are you hiding something? I just scanned the God Realm several times with my spiritual consciousness. There is no breath of Qin Feng in it. Is that kid not in his lair? Demon Ancestor's eyes lit up:"

Jing Ancestor is right!" This ancestor also scanned the God Realm several times, but did not find Qin Feng's aura. However, this Great Desolate God Realm seems to be different from the rumors."

With this reminder, Daozu quickly spread out his spiritual consciousness and swept towards the God Realm.

After a moment, a look of surprise appeared on his face.

Jingzu and Demon Ancestor were right. There was no breath of Qin Feng in the God Realm. Obviously Qin Feng is not in his lair.

Thinking of this, Daozu is overjoyed.

If Qin Feng is not here, it will be easier for them to destroy the Divine Alliance.

"After working on it for a long time, it turned out that Qin Feng was not in his hometown. Could it be that he guessed that we were coming and escaped in advance?"

Dao Ancestor inquired.

The corners of the mouth of the three-handed clone were slightly raised, and he was too lazy to explain.

Qin Feng has merged with the ancient world of gods. Even if the three saint ancestors came in person, they could not find the existence of Qin Feng.

At the moment, Qin Feng is fully integrating with the Nine Heavens. Ten Domains, had no time to show up.

Naturally, the three-brain clones would not tell the truth.

Seeing that the three-branch clones did not argue, Dao Ancestor became more and more sure of his guess.

Demon Ancestor even sneered: "Dao Ancestor, there is no need to ask. That kid Qin Feng was most likely scared away by us. He thought he would be fine if he ran away, but it was a pity that if he could run away, the monk could not escape from the temple."

"These children of the God Realm are all descendants of the ancient God Lord, and so is Qin Feng. My ancestor has a secret technique. As long as we kill all the people of the Divine Alliance, and then use the essence and blood of the children of the Divine Alliance as a guide, I can find out Qin Feng's location.

Jingzu was overjoyed: "This method is wonderful!" That idiot Qin Feng never expected that we would have this trick!"

The clone of the three masters said coldly: "I'm afraid you three are too happy too early!

Daozu sneered: "You are still talking stubbornly when you are about to die!" You two, kill this kid first!"

"good! Nine Heavens Pure Land! Strengthen my body!"

"Nine Heavens Demonic Abyss! Strengthen my body!"

"Jiutian Dao Domain! Strengthen my body!"

Boom~! Boom~! Boom~!

Suddenly, above the Nine Heavens, the Dao Domain, the Demonic Abyss, and the Pure Land shook violently, shocking countless creatures in the three big worlds.

Immediately, the endless energy of heaven and earth erupted from the Nine Heavens. The Dao Domain, the Nine Heavens Demon Abyss, and the Nine Heavens Pure Land appeared and poured into the Dao Ancestor, the Demon Ancestor, and the Jing Ancestor... The three-in-arm clone sneered, then casually took out the God-killing Spear and pounced on the three of them.....

At this time, at the edge of the three major sects, more than 10 billion quasi-god disciples had already gathered, watching the battle of the three avatars from afar.

Before, the three great saint ancestors stopped, and they gathered at the edge of the sect, ready to join the battle at any time...

The Yangmei Ancestor was among the crowd.

At this moment, Yangmei Ancestor saw the clones of the three masters taking the initiative to kill the three saint ancestors. The corner of his mouth curled up slightly, showing a touch of disdain.

"hehe! A small quasi-saint ancestor dares to challenge the majesty of the three great saint ancestors. He is really looking for death! By the way, what is the relationship between this man and Qin Feng?"

Yangmei Ancestor asked curiously.

Someone around him quickly said:"Senior, this man seems to be Qin Feng's brother. The information we can get is limited. However, his strength seems not to be weak either."

Yangmei Ancestor said disdainfully:"It seems good, but it is not worth mentioning in front of the three great saint ancestors. I heard from my senior brother that he can defeat this person with the help of the projection of Jiutian Dao Domain. What's more, this time, my senior brother and two other Saint Ancestors came in full force, and their strength was much stronger than before. This guy was definitely dead!"

"The senior is right! Let's just watch how this kid dies!"

"Ha ha!!"

As soon as those words fell, the whole audience burst into laughter, and everyone showed a look of gloating.

At this moment, Dao Ancestor, Demon Ancestor, and Jing Ancestor completed the fusion of the power of heaven and earth, and their combat strength reached 20 billion. Above the extreme number.

Among them, Dao Ancestor reached 22 billion, and Demon Ancestor and Jing Ancestor had 21 billion.

At this moment, the three-brained clones rushed to them.

Dao Ancestor quickly sacrificed a Dao sword and completed the task in an instant. Man and weapon merged into one.

In the blink of an eye, Dao Ancestor's combat power increased to 23 billion poles.

The Dao Sword was a top-quality sacred artifact of creation. It was originally a sacred instrument of the Sect, but he also took it out this time.

Demon Ancestor He sacrificed a top-quality holy weapon of creation, which was a black magic sword.

In the blink of an eye, he completed the integration of human and weapon, and his combat power once again surged to 22 billion poles.

Jingzu sacrificed a golden sword, and The integration of man and machine was completed in an instant, and the combat power surged to 22 billion poles. At this moment, the three saint ancestors all reached their strongest state.

At this moment, the clones of the three masters came over to kill

"Ha ha!! You little thief, go to hell!"

Dao Zu reached the sky with a sword and slashed at the San Zhi clone.

Demon Ancestor also slashed the sky and the earth with one sword and slashed at the San Zhi clone.

Jingzu also hit the San Zhi clone with a golden light fist.....

The three great saint ancestors joined forces to attack, swallowing the sky and the earth, causing the nine heavens to split and all realms to be destroyed.....

Yangmei and others were stunned and amazed.

The three master clones did not hesitate and met the attacks of the three saint ancestors with one shot.

The three Dao Ancestors couldn't help but sneer at the corners of their mouths.

A person who was once inferior to them dared to fight one against three. He was really looking for death.

Ancestor Yangmei and others also held their breaths and looked forward to it excitedly.

They want to see how the three-brained clone dies.

In the blink of an eye, the attacks from both sides collided!

Bang~! Bang~! Bang~!

Three loud explosions!

Nine days are shattered!

The road is ruined!

A dazzling light exploded in the void, brightening all the heavens and worlds!

Immediately, four muffled sounds sounded in the field.

Both sides retreated millions of miles each!

The three master clones actually knocked back the three great saint ancestors with one shot.

The two sides actually ended up in a draw.

The three great saint ancestors were immediately dumbfounded.

Above Jiutian, Yangmei and others were even more shocked, their mouths opened wide...
