

God level 1411

Chapter 1411

Qin Feng showed a secretive smile.

Qin Baobao and Fuzhi became more and more curious and continued to look towards the light curtain...

Inside the light curtain, Deacon Qin was silently paying attention to Qin Chuan's practice.

Time flew by quickly, and three hours passed in the blink of an eye.

At this moment, Qin Chuan's thin body suddenly shook.

Immediately, the water energy between heaven and earth became violent, surging towards his Dantian like a tide.

Deacon Qin opened his eyes wide in surprise.

Got through!

The Qihai point has been opened!

It only took three hours to open the Qihai Point!

Qin Chuan's water talent is absolutely peerless.

Deacon Qin swallowed excitedly.

At this moment, Qin Chuan slowly opened his eyes, his face full of joy.

He found that the sky outside the window was gray and it was almost dawn.

He practiced all night without knowing it.

This night of practice was so comfortable!

Not only was he not tired, but he was even more energetic.

After just one night of practice, he felt that his Qi Sea Point was opened, and there was a clear sense of Qi in his Dantian.

What's even better is that after this night, he was also tempered by the water energy, and his strength was greatly enhanced.

By cultivating the sense of breathing, you are no longer an ordinary person, it means you have entered the ranks of quasi-warriors.

Qin Chuan is now a quasi-warrior.

In just one night, this achievement was achieved. No one dares to believe it if I say this.....

"How does it feel?", Deacon Qin smiled kindly.

"Very comfortable! I feel that it is easy to practice its water-based skills by yourself. By the way, Uncle Qin, I am not good at the water element, but poor at the other four elements, right? If this is the case, even if I become a guard of the Zhou family, I will not be able to practice their techniques."

Thinking of this, Qin Chuan scratched his ears and felt a little worried.

Deacon Qin smiled slightly: "I won't know what your other talents are like after you practice. Even if you are not talented in the fire department and cannot practice the Zhou family's divine fire art, it does not prevent you from becoming a Zhou family guard."

"They will also give you guard-level resources and treatment. They select people based on their strength. Of course, many people join the Zhou Family Guards because they fancy the Zhou Family's Divine Fire Technique. That is a top-notch fire-based technique."

"If you enter the guard area, you can try to practice the Divine Fire Technique, and you might be surprised to find something else. Qin

Chuan nodded:"Uncle Qin, I can do it.""

"Okay, it's daybreak, it's time for you to go back"

"Yes, Uncle Qin!"

"By the way, when you go back this time, Liu Ling and Chen Tian will probably cause trouble for you. After you go back, pack your bags and come to my place. I will help you deal with them.

Qin Chuan's eyes lit up:"Thank you, Uncle Qin!""

He was worried about how to deal with Liu Ling and Chen Tian.

That's fine with Chen Tian. Liu Ling is a first-level warrior, much stronger than a quasi-martialist like him.

What's more, he, a quasi-martialist, has just broken through and belongs to the most advanced level. The weak kind.

He can deal with ordinary people, but he is not enough in front of first-level warriors.

Now that Liuling has no money to redeem the Jingtao Jue, he will definitely not give up.

He cannot guard Chen Tian day and night.

If he can borrow Uncle Qin's hands are the best to deal with Liu Ling and Chen Tian.

"Uncle Qin, I'll go back and clean up first."

"Go for it!"

At that moment, after Qin Chuan resigned, he took advantage of the gray sky and left happily.

.....

In the yard, Deacon Qin watched Qin Chuan's leaving figure from afar.

After Qin Chuan walked away, a burst of footsteps suddenly sounded behind him.

Immediately afterwards, a strong black figure walked out of the back room and came behind Deacon Qin.

The black figure also looked at the direction Qin Chuan left and whispered: "Ah Sheng, this child is Ah Feng's son, right?"

"snort!"

Deacon Qin snorted coldly, as if he was dissatisfied with the strong black figure and didn't even bother to look back.

"Why are you still so reckless? Don't you know, this is the Zhou family, what if someone discovers it? The strong black shadow disagreed: "This is the outer courtyard of the Zhou family. There are no experts. What is there to be afraid of?"

"Besides, if I hadn't come tonight, how would I have known that such an outstanding genius was born in our clan. Tsk tsk!! Fellow practitioners of the three elements of water, wood, and fire, outsiders would never dare to think that our Qing family has hope for revival!"

The black shadow looked at the direction Qin Chuan left in the distance and was filled with admiration.

At this moment, if Qin Chuan were here, he would be surprised to find that the middle-aged man's voice he heard when he was knocked unconscious before was this strong man. dark shadow

"What do you want to do when you suddenly come to Shenyang City? Deacon Qin asked coldly.

The black figure looked solemn:"The great elder asked me to tell you that the patriarch's time is running out, and he can last for up to six years." Let you two brothers quickly arrange that matter. This is a secret message from the Great Elder to you.

Deacon Qin's heart sank, he took the secret letter and whispered:"I understand.""

At this time, the black shadow looked towards the direction Qin Chuan was leaving and said with emotion:"A Feng has sacrificed too much for our clan. Now, his son has to bear the responsibility...."

"It's getting late! If you don't leave, it will be completely dark, so why don't you get out!"

Deacon Qin issued the eviction order without any courtesy.

Heiying was not angry at all and said with a smile:"Ah Sheng, you are still so unhuman."

"roll!"

"hey-hey! I'm leaving!"

The black shadow chuckled, and the figure flickered, blended into the shadows of the yard, and disappeared in the blink of an eye...

After the black shadow left, Deacon Qin returned to the study.

In the study, he lit a candle.

Jumping The enchanting candlelight reflected the person's shadow and gently lengthened it.

Deacon Qin took out the secret letter and looked at it silently, his brows gradually wrinkled.

After a long time, he sighed: "Hey! Time is running out, only six years left, it's time to be prepared."

The white secret letter was placed on the candle and burned into ashes...

Chapter 1412

But he said that after Qin Chuan came out of Deacon Qin's residence, he went straight to his own residence.

As we walked along, the sky became brighter and brighter.

By the time he returned to his residence, it was already broad daylight.

Before entering the house, Qin Chuan heard snoring coming from inside.

He couldn't help but curl up the corners of his mouth, and sneered in his heart.

There are three servant boys living in one room.

Qin Chuan has two roommates, one is Chen Tian and the other is a boy named Tong.

The young man named Tong took a vacation three days ago and returned to his hometown to visit relatives, but he has not returned yet.

In other words, Qin Chuan and Chen Tian are the only two people living in this dormitory now.

Needless to say, it was Chen Tian who was snoring in the room.

Qin Chuan felt annoyed when he thought of Chen Tian and Liu Ling working together to plot against him.

What's more, Chen Tian usually likes to bully the weak and avoid the strong.

Chen Tian was two years older than Qin Chuan and a full head taller than Qin Chuan.

Due to his strength, he often bullied Qin Chuan.

Of course, he had bullied the young man named Tong.

It's just that Qin Chuan and the boy named Tong are very united and often speak in unison, so Chen Tian doesn't dare to go too far.

But now that the boy named Tong is gone and only Qin Chuan and Chen Tian live in the dormitory, Chen Tian becomes even more arrogant.

Qin Chuan has had enough of him for a long time!

Thinking of this, Qin Chuan kicked the door open.

Bang~!

A loud noise!

The door hit so hard that several pieces of the wall fell off, and a lot of smoke and dust bounced up.

"Damn it!"

Chen Tian, who was sleeping soundly, was awakened.

He sat up with a sudden jerk, thinking that something big had happened.

When he saw that it was already dawn outside, Qin Chuan walked in swaggeringly. Other than that, nothing happened. Chen Tian suddenly became furious

"Qin Chuan! Are you fucking sick? It's so early in the morning, what door are you kicking at?"

After saying this, he yawned loudly and rubbed his sleepy eyes again. He seemed to be still awake.

Qin Chuan couldn't help but see that he had two big dark circles under his eyes and he didn't take off his clothes. The ground chuckled in his heart.

It seemed that this guy didn't sleep all night, just waiting for him to come back, trying to steal his Jingtao Jue.

It's a pity that this guy waited all night in vain!

"Hello! Qin Chuan! Did you go there last night? Why didn't you come back to sleep all night?"

Chen Tian changed his tone and began to inquire.

Qin Chuan said lukewarmly: "That's my business, are you in charge of it?"

"Ah!" Chen Tian curled his lips, "You bastard! You are quite capable! After saying this

, he yawned again, but cursed vaguely: "Fuck!" This bastard has gone somewhere, and I haven't had a good night's sleep!"

The scolding was very quiet, but Qin Chuan's six senses were amazing and he heard it clearly.

Such harsh words made Qin Chuan very unhappy.

However, Qin Chuan was calm on the surface, pretending not to hear, and went about cleaning up his own business. The clothes and daily items were packed into a suitcase.

Deacon Qin asked him to pack his suitcase and go to his residence. Naturally, he was happy to go.

In this way, he could skillfully avoid the harassment of Chen Tian and Liu Ling.

"Huh! Qin Chuan, why are you packing your bags? Going on a long trip?"

Chen Tian felt something was wrong.

He had promised Liu Ling that he would steal the Jing Tao Jue from Qin Chuan.

If Qin Chuan traveled far away, wouldn't his plan be declared bankrupt?

"Where I go, that's my business!"

Qin Chuan picked up his luggage and was about to leave.

"Huh! Qin Chuan, you are really tough in what you said today!"

Chen Tian suddenly jumped up, blocked the door, and stood in front of Qin Chuan, refusing to let him leave.

"Qin Chuan, if you don't tell me where you are going today, I won't let you go today!"

Chen Tian puffed out his chest and looked like a scoundrel.

Qin Chuan was disgusted by this and said coldly: "A good dog doesn't block the way!"

Chen Tian was furious: "Boy!" Who are you calling a dog?"

"Who's in the way? Who is it!"

"court death!"

Chen Tian jumped up with anger and slapped Qin Chuan on the face.

He always relied on his age, tallness, and strength, and never took Qin Chuan, who was only twelve years old, in his eyes.

He wanted to bully others. , and he was the only one who bullied Qin Chuan.

He didn't know if Qin Chuan had taken the wrong medicine today, but he was always confronting him.

Thinking of this, Chen Tian was so evil that he slapped him fiercely. Cruel!

Unexpectedly, Qin Chuan just tilted his head slightly and easily avoided the slap, and then slapped him back.

Bang~!

That slap was loud and clear! He directly hit someone who was a head taller than him. Chen Tian's slap flew out, and he fell heavily to the ground, knocking the tables and chairs around.

That slap directly knocked Chen Tian into confusion.

When did Qin Chuan's strength become so strong? He was slapped away!

Such strength was greater than that of a strong man!

But Qin Chuan was just a thin twelve-year-old boy, much thinner than him. How could he have such great strength?

Chen Tian really couldn't figure it out..

Of course he didn't know that after a night of practice, Qin Chuan had already entered the realm of a quasi-martial artist.

Even though he was only a half-grown child, he was stronger than a full-grown man.

This is what Qin Chuan dared to do with Chen Tian The reason why he did it.

He also wanted to take this opportunity to take revenge on Chen Tian for being bullied in the past.

"you....! you....!"

Chen Tian covered half of his swollen face and stared at Qin Chuan in horror, half speechless.

"waste! Qin

Chuan waved his hand, picked up his luggage, and walked out.....

"Qin Chuan! How dare you hit me! I won't let you go!"

Seeing that Qin Chuan was about to leave, Chen Tian yelled and cursed again.

Qin Chuan frowned.

Then, he seemed to have thought of something, rolled his eyes, and turned around and said, "It's okay to trouble me! I'll go to Deacon Qin's place. If you have the skills, you can go to Deacon Qin's place to find me!"

After saying these words, Qin Chuan walked away in a big way.

"Oh~yo~yo! It hurts so much....."

As soon as he went out, Chen Tian's painful moans could be heard behind him..

Chapter 1413

After leaving these words, Qin Chuan walked away swaggeringly

"Oh~yo~yo! It hurts so much....."

He had just gone out when Chen Tian's painful moans sounded behind him...

Qin Chuan secretly laughed in his heart.

After leaving the yard of the boy servants' dormitory, Qin Chuan met an acquaintance face to face not long after walking.

That person was none other than Liu Ling.

This early in the morning, Liu Ling came to the residence of the servants. Could it be that he came to see Chen Tian?

It seems like this guy is quite impatient!

Qin Chuan murmured in his heart.

Liuling was naturally anxious.

His Storming Wave Technique was worth three hundred gold coins, so how could he rest assured that it would always be in Qin Chuan's hands?

So, early this morning, he came over to inquire about the situation.

"Yo~! Ogawa, what a coincidence!"

Liu Ling also saw Qin Chuan, and took the initiative to say hello with a smile on his face.

A flash of inspiration flashed in Qin Chuan's mind, and he instantly thought of an idea to frame someone up. At that moment, he pretended to be panicked, but tried his best to hide it. , laughed dryly and said:"Good morning, Brother Ling!"

Liu Ling looked at Qin Chuan with a puzzled expression.

"Xiaochuan, what are you panicking about? Are you afraid that I will eat you? Qin

Chuan pretended that his face changed slightly, and then laughed dryly and said: "Brother Ling is joking, how could you possibly be able to eat people!"

"Yo ho! Xiaochuan, you don't look right! Didn't you lose my Jingtao Jue?"

Liu Ling asked tentatively, with a bit of schadenfreude in his tone.

Qin Chuan's panic made him feel even more that Chen Tian had succeeded, so Qin Chuan was afraid of seeing him.

In fact, Qin Chuan was pretending on purpose. , he hoped that Liu Ling would think like that, so that he would fall into his frame-up plan.

At the moment, Qin Chuan continued to pretend to be nervous and said: "No! no! Brother Ling, I have kept the Jingtao Jue well! Not lost!"

"Yeah?"

Liu Ling crossed his hands on his chest and said with a faint smile: "Xiaochuan, then take out my Jingtao Jue and let me take a look!"

"that.....oops! Brother Ling, I definitely can't take something as valuable as Jingtao Jue with me. Brother Ling, you asked me for the Jingtao Jue. Do you think you have collected fifty gold coins and want to redeem it?"

"this....."

Qin Chuan asked back, leaving Liu Ling speechless.

He had lost everything a long time ago, but he could still scrape together fifty gold coins.

At the moment, he hesitated for a while and then thought to himself: I don't know if this kid has lost the Jingtao Art.

If I hadn't lost it, I wouldn't be able to get the money back, which would be a bit embarrassing.

It is better to go to Chen Tian to confirm first and see if he has succeeded.

After confirmation, I will come to trouble this guy again.

Having made up his mind, Liu Ling smiled and said: "Haha! We'll get it together soon. I'll be able to redeem it from you when I've almost finished breakfast."

"ah? Redemption after breakfast?!"

Liu Ling frowned: "What?" Do you think it's too fast?!"

"No...no"

"Yeah?!"

Liu Ling stared at Qin Chuan with suspicion, trying to tell something from Qin Chuan's face.

Qin Chuan pretended to be uneasy and said: "By the way, Brother Ling, Deacon Qin has something to do with me, I'll go over first....."

After saying this, Qin Chuan hurried to Deacon Qin's residence.

Liu Ling looked at his back and became more and more convinced that Chen Tian should have succeeded, otherwise Qin Chuan would not be so panicked.

At the moment, he looked at Qin Chuan and shouted in a weird voice: "Xiao Chuan, let me remind you, my Jing Tiao Jue is worth three hundred gold coins. You have to keep it safe, otherwise you can't afford it!"

Qin Chuan lowered his head and lowered his head. No reply, but the pace quickened.

Liu Ling looked at Qin Chuan's hurry and sneered in his heart. hehe!

This kid ran so fast, Chen Tian must have succeeded.

No matter so much, I will go to Chen Tian to confirm first.

If this is really the case, Qin Chuan!

You're dead this time!

If you dare to set a trap for me, you will regret it! snort!

The corners of Liu Ling's lips curled up, and he turned around and rushed towards Chen Tian's residence.

He couldn't wait to go to Chen Tian to verify.

To be honest, he was not worried about leaving the secret worth three hundred gold coins in the hands of others.

If Chen Tian succeeded, he would have to get it back as soon as possible in order to feel at ease.....

It didn't take long for Liu Ling to arrive at Chen Tian's dormitory.

Before he even entered the door, he heard Chen Tian's moans coming from inside the house.

When he pushed the door open and saw Chen Tian, he was stunned.

I saw Chen Tian lying on the bed. The left side of his face was swollen like a pig's head, and there was a clear slap mark on it.

"Ling...Brother Ling, you...why are you here?"

Chen Tian covered the left side of his face.

His face was so swollen that he couldn't speak fluently.

"Chen Tian, who beat you? It's too miserable!"

Liu Ling looked at him with surprise.

"Hey~! Brother Ling, who else can there be? It's that little bastard Qin Chuan! Early this morning, he didn't know what medicine he took wrongly, and he was always confronting me. Finally, he packed another suitcase, as if he was going on a long trip."

"I was afraid that he was going to run away with Brother Ling's Jing Tiao Jue, so I stopped him and wouldn't let him go."

"I didn't expect that little bastard to be so cruel. When I wasn't paying attention, he slapped me in the face. It hit me so hard that stars popped out of my eyes. My head is still buzzing. Ouch~! This... this face really hurts!"

Chen Tian talked like he was talking nonsense. He was the one who did it first, but he didn't say a word. What's more, when he was beaten, it was because he didn't react as well as Qin Chuan and couldn't avoid him.

"You mean, you haven't succeeded yet?" Liu Ling heard something

"Hey~! Ling...Brother Ling! That little bastard didn't come back last night, so I had no chance to make a move!", Chen Tian looked aggrieved.

"Yeah?" Liu Ling was a little suspicious.

The picture of Qin Chuan when he saw him popped up in his mind. He looked frightened and uneasy, which was obviously abnormal.

According to his idea, Qin Chuan must have lost the Jingtao Jue to be like that. Uneasy.

But how could Chen Tian say that he didn't succeed?!

"Brother Ling! That little bastard really didn't come back last night. I waited for him all night in vain and didn't even get a good sleep!"

"Oh, by the way, you just said that Qin Chuan slapped you in the face?"

"yes! It's that bastard! Brother Ling, you have to make the decision for me!", Chen Tian began to cry.

Liu Ling frowned slightly, becoming more suspicious.

He couldn't help but said: "Chen Tian, you are two years older than Qin Chuan and a head taller. Can Qin Chuan beat you?"

"Um...this...hey!" Chen Tian also looked embarrassed, "Brother Ling, I don't know what's going on. In the past, that kid was like a mouse in front of me. I could knock him down with just one hand."

"But this time, he seemed to be a different person. Not only did he become more flexible, but he also became stronger."

"Yeah?"

Liu Ling smiled coldly, obviously not believing what Chen Tian said.

In his eyes, Qin Chuan is just a young man who has not yet developed much, and how can he beat the tall and rough Chen Tian.

Unknowingly, Qin Chuan framed the blame. The strategy began to take effect in Liu Ling's heart...

Seeing that Liu Ling didn't believe it, Chen Tian was hard-pressed to defend himself.

His head was still buzzing and he was not quite sober.

In fact, he still hadn't figured it out yet. Qin Chuan was How come he was slapped away?

In any case, it was very embarrassing for him to be slapped away by a child two years younger than himself, and he didn't want to mention it more.

At that moment, Chen Tian said:"Brother Ling, Forget about those things. There is an important matter right now. Qin Chuan packed his bags early in the morning and said he was going to Deacon Qin's place. I suspect that it was a lie that he went to Deacon Qin, but that he really wanted to run away!"

"What?!"

Liu Ling was shocked.

If Qin Chuan ran away, his Jing Tiao Jue would be gone. That is a precious item worth three hundred gold coins!

Three hundred gold coins, for a third-class servant boy of the Zhou family, is definitely Astronomical figures.

It is really possible for Qin Chuan to forget his loyalty and run away with Jingtao Jue!

"right! When I met Qin Chuan before, the boy was carrying a package. I always felt a little weird. not good! He's not really going to run away, is he?"

"Brother Ling! Probably!"

"Damn it! Liu

Ling slapped his thigh, rushed out of the room, and rushed towards the direction where he met Qin Chuan before..

Chapter 1414

But on the other side, after Qin Chuan and Liu Ling separated, they went straight to Deacon Qin's residence.....

When they were approaching Deacon Qin's courtyard, a pretty little girl came out of the courtyard.

When the little girl saw Qin Chuan, her big eyes shone brightly and she ran over happily and took Qin Chuan's little hand.

"Brother Xiaochuan, why are you here?!"

"It was Deacon Qin who asked me to come here."

Qin Chuan wanted to pull his hand back, but the little girl's scalp held her tightly and couldn't.

He could only say with a grimace:"Xiang'er, have you finished all your work? If Deacon Qin sees you being lazy, he might criticize you again.

Xiang'er pursed her lips and said a little aggrievedly,"I haven't seen you for several days." Now that I see you, I just want to chat with you a few more words. Why do you look so impatient!

Qin Chuan scratched his head with a headache:"No...no!"

This Xiang'er is about the same age as Qin Chuan. She is also twelve years old this year, but she is snow-white and cute. She is considered to be very beautiful and outstanding among the servant girls. On weekdays,

Xiang'er's job is to help Deacon Qin wash and cook, and work with Qin There were many opportunities to contact Chuan.

At this moment, Deacon Qin's voice came from the yard

"Ogawa is here, he probably hasn't had breakfast yet! Xiang'er, go to the canteen and get some breakfast. Xiaochuan and I haven't eaten yet!"

"oh!"

Xiang'er stuck out her pink and tender tongue, then obediently let go of Qin Chuan's hand and skipped towards the cafeteria.....

Entering the hospital, Qin Chuan saw Deacon Qin

"Uncle Qin, I went back this time and slapped Chen Tian. On the way here, I met Liu Ling again. I told Liu Ling that I would come here. I guess he will follow you soon...."

"Do you have any plans for doing this?", Deacon Qin asked quietly.

"Uncle Qin, it's like this. Liu Ling and Chen Tian want to plot against me, so I want to drive a wedge between them and make them dog-eat-dog....."

Deacon Qin nodded slightly:"Then what are you going to do?"

"Uncle Qin, I may need your cooperation in this matter. My plan is this....."

At that moment, Qin Chuan expressed his thoughts.

After hearing this, Deacon Qin smiled:"You are cunning. Okay! I will cooperate with you. As for whether Liu Ling will be fooled, I can't guarantee it."

Qin Chuan said happily:"Uncle Qin, with your cooperation, Liu Ling will be fooled." Ling Qi Cheng will be fooled. Hey! This is...."

Halfway through his words, Qin Chuan seemed to sense something and looked outside the hospital.

He heard footsteps in the distance, walking very quickly.

Judging from the footsteps, his breath was steady, much more steady than ordinary people, he was obviously a warrior.

Deacon Qin glanced at Qin Chuan in surprise.

He just sensed the movement outside, and Qin Chuan sensed it at the same time.

It's incredible that a young man who has just broken through to the level of a quasi-martial artist has such terrifying six senses!

Thinking of this, Deacon Qin's eyes flashed with joy, and he was very pleased.

At this moment, the footsteps outside the hospital gradually slowed down.

Qin Chuan was guessing who the visitor was.

Deacon Qin whispered: "Xiaochuan, it's Liuling here."

Qin Chuan's eyes lit up and he secretly thought that Cao Cao would be here.

At that moment, he made eye contact with Deacon Qin and started planning.....

But he said it was on the other side, outside the yard.

Liu Ling chased him all the way and arrived outside Deacon Qin's yard.

At this point, he couldn't help but slow down his steps, not daring to go in for fear of disturbing Deacon Qin.

In the Zhou family, the hierarchy was very strict. As a reserve guard, he did not dare to disobey a deacon, otherwise he would end badly.

But he was unwilling to let him leave just like that.

At this moment, the sound of Qin Chuan and Deacon Qin talking could be heard in the courtyard. I don't know what they were talking about.

Liu Ling's heart moved, so she tiptoed outside the courtyard wall and listened.

In the yard, Qin Chuan was heard sighing.

Deacon Qin asked with concern: "Xiaochuan, did you really lose the Jingtao Jue?"

"yes! Before I went to bed last night, I put the secret book under my pillow. When I woke up this morning, I found that the secret book was missing. Why! Liu Ling said he would redeem it at noon, what should I give him? Uncle Qin, you have to help me!"

Outside the hospital, Liu Ling was surprised when he heard this.

Strange!

Didn't Chen Tian say that Qin Chuan didn't go back to sleep last night? He didn't succeed! But from what Qin Chuan said, Chen Tian succeeded! Could it be that Chen Tian succeeded!

Chen Tian is lying to me?!

At this time, Deacon Qin's voice came out again in the hospital

"Qin Chuan, could your technique have been stolen? The skills are not long-lasting and will not disappear for no reason."

"right!" Qin Chuan seemed to have thought of something: "Before going to bed last night, the dormitory door was closed from the inside. When I got up in the morning, I opened the door, which means that no outsiders entered my dormitory last night."

"If someone steals my secrets, it can only be a thief, and it can only be Chen Tian. That guy has always had dirty hands and feet. He and I were the only ones in the dormitory last night."

"By the way, he asked me last night, what was under the pillow? I ignored him at the time. Could it be that he really stole it? But Chen Tian doesn't know how to read, so why is he stealing the skills?"

Outside the courtyard, the more Liu Ling listened, the more he felt that the Jingtao Jue was stolen by Chen Tian.

At this time, Deacon Qin's voice came from the courtyard again

"The Jingtao Jue is worth three hundred gold coins, which is not a small amount of money. Regardless of whether Chen Tian is literate or not, it does not affect the value of Jingtao Jue. There is no guarantee that Chen Tian will not be interested in making money."

Liu Ling nodded slightly when he heard this, feeling that it made sense.

Deacon Qin's voice continued to come.

"By the way, I heard a servant say this morning that when he went to the cafeteria to have breakfast, he saw Chen Tian and Chef Chen arguing about something, as if they were grabbing something like a book. Qin

Chuan was slightly startled:"Uncle Qin, Chef Chen is Chen Tian's uncle, right?" Chef Chen has always been protecting Chen Tian. How could there be a dispute between the two? By the way, you said they were fighting for a book? Are you trying to grab the Jingtao Jue?

Deacon Qin shook his head slightly:"I don't know exactly what it is." The servant just said that the cover of the book was yellow. Qin

Chuan slapped his thigh and said,"Uncle Qin, the cover of Jing Tao Jue is yellow. It seems that the villain Chen Tian stole it." By the way, as far as I know, Chef Chen is literate. Could it be that Chef Chen is greedy for that recipe?

Deacon Qin said quietly:"I don't know if that's the case." I only heard from the servant that after Chef Chen and Chen Tian had an argument, Chef Chen suddenly slapped Chen Tian, and the two stopped, and finally Chen Tian left.

Qin Chuan said hurriedly: "I understand!" With Chef Chen's financial resources, he couldn't afford Jingtao Jue, but he knew how to read. Maybe he took the technique from Chen Tian because he wanted to go back and copy it himself."

Outside the hospital, Liu Ling's expression changed drastically when he heard this.

It turns out that Chen Tian has been lying to me!

I wonder why his face is swollen. It turns out that he was beaten by Chef Chen.

This is only right!

How could Qin Chuan beat him?.

In this case, Chen Tian had already stolen the secret and told it to his uncle, Chef Chen.

Now, Chef Chen actually wants to copy the contents of my Jingtao Secret!

Damn it!

Damn Chen Tian!

Even I You dare to take advantage of me!

See how I kill you! The more

Liu Ling thought about it, the angrier he became. He was no longer in the mood to eavesdrop, so he turned around and went to settle the score with Chen Tian..

Chapter 1415

As soon as Liu Ling left, Qin Chuan and Deacon Qin sensed it.

The two couldn't help but look at each other and smile knowingly.

After Liu Ling walked away, Qin Chuan whispered:"Uncle Qin, will Liu Ling confront you after the incident?"

Deacon Qin smiled coldly:"Does he dare?!"

Hearing this, Qin Chuan suddenly realized, Also smiled.

In the Zhou family, the hierarchy is very strict. How dare Liu Ling confront Deacon Qin.

If he dared to confront him, the charge of eavesdropping on the deacon's conversation would be enough for him.

Even better, since it was eavesdropping, no one could authenticate it.

As long as Deacon Qin doesn't admit what he said, Liu Ling won't argue with him.

This time, Qin Chuan perfectly framed Chen Tian and Chef Chen.

Speaking of Chen Tian's uncle-Chef Chen.

Qin Chuan was also angry.

Chef Chen and Chen Tian have the same character, they are both bullies and afraid of the strong.

He grew up in the Zhou family and lived a life inferior to that of a cat or a dog. He was often beaten by Chef Chen and often deprived of food.

After all, the Zhou family is not a kind family and does not raise idle people. When he was very young, he worked as a helper in the kitchen.

Chef Chen has a bad temper and takes out his anger on these child workers whenever possible.

Without Deacon Qin's care, he doubted whether he would be able to grow up.

"Uncle Qin, do you want to arrange a new job for me when you asked me to pack my bags and come to you?"

Deacon Qin smiled slightly:"I asked you to pack your bags, and of course I want you to go on a long trip.""

"Traveling far away?"

"It's not that far away actually, it's right inside the Divine Flame City."

"Uncle Qin, what exactly is this mission?"

Deacon Qin said calmly:"Don't you want to take part in the Zhou family's guard assessment in one month? If you want to pass the examination, it is not enough to just practice the Jingtao Jue and the Wood Spirit Jue. You must also have combat skills.

"So, I arranged a month's vacation for you. This month, you don't have to go to work. According to what I mean, you go to a martial arts gym in the city, where you can learn some fighting skills, which will be very useful for your assessment in a month.

Qin Chuan was overjoyed:"Thank you very much, Uncle Qin!""

There are many martial arts schools in Shenyan City.

They are the gathering place for low-level casual warriors who can teach various fighting skills, which is what Qin Chuan lacks.

Qin Chuan was overjoyed:"Thank you, Uncle Qin!"

"This is the token to go out, take it!"

"yes!"

Qin Chuan happily took the token.

Without the token given by the deacon, a servant like him cannot go out at will.

"By the way, Uncle Qin, if I leave like this, Liuling will come to me in the future to redeem the Jingtao Jue. What should I do? Although I put the blame on Chen Tian, the things are still with me. If he collects the ransom, I have to give him something"

"When will he be redeemed?"Deacon Qin asked quietly.

Qin Chuan said:"He said it's noon today! Of course, this is what he said. I think it would take ten and a half months for him to collect the ransom. But I have to go to a martial arts school outside to learn fighting skills. I can't wait for him at Zhou's house every day."

"If I don't wait for him, he will think that I am a defaulter and I will be in a lot of trouble in the future. That's it for Liuling. His uncle is the captain of the guard and is not that easy to talk to..."

Having said this, Qin Chuan was a little worried.

The identity of the guard captain was no lower than that of Deacon Qin, and he was also afraid of causing more trouble.

Qin Chuan The deacon smiled slightly:"You can leave with peace of mind! I will mobilize my contacts and ask the people from the security department to arrange a task for Liuling and let him go out for a month."

"When the time comes, it's not that you didn't wait for him, but that he didn't come to you, so he can't say you were cheating. You can stay out for a month with peace of mind and hone your fighting skills.

Qin Chuan was overjoyed:"Thank you, Uncle Qin!"

"By the way, the registration fee for entering a martial arts gym is not cheap. Do you have enough? Deacon Qin asked with concern.

Qin Chuan felt warm in his heart and smiled: "Uncle Qin, I gambled with Liuling and the others last time and won a lot of money. It is more than enough to pay the registration fee for the martial arts school."

Deacon Qin nodded slightly: "That's good!" Go ahead!"

"Yes, Uncle Qin! Qin

Chuan bowed to Deacon Qin and went out.

He dared to walk outside the courtyard and met Xiang'er, who came back with breakfast.

"Huh! Brother Ogawa, where are you going?"

"I took over Uncle Qin's mission and have to go to the city to do something!"

"But you haven't even had breakfast yet! Why don't you leave without having some breakfast?"

Xiang'er was particularly concerned about Qin Chuan and pulled him by the corner of his clothes to prevent him from leaving.

Qin Chuan had no choice but to smile bitterly: "Okay! Give me that meat bun and I'll eat it while walking"

"Hehe~! This is right! Brother Xiaochuan, let me tell you, skipping breakfast is not good for your stomach. You have to be obedient and you can't skip breakfast from now on, do you understand?!"

"Um!"

Qin Chuan took the big bun handed over by Xiang'er and took a big bite. It was fragrant and glutinous, and really delicious.

Xiang'er was very happy to see Qin Chuan eating so deliciously that his eyes narrowed into crescent moons.

"By the way, Brother Ogawa, when I came back, I passed by your dormitory and heard someone arguing inside."

"Who? Are they Liu Ling and Chen Tian? Qin

Chuan asked casually while eating meat buns.

"Yes!"

"What exactly are they fighting for?"

Xiang'er shook her head obediently: "That's not clear!" They didn't have a few words of argument before Liu Ling went crazy and beat Chen Tian wildly. Chen Tian was in terrible condition and was beaten until he lay on the ground vomiting blood."

Qin Chuan snickered in his heart, secretly thinking that his alienation plan was successful.

Chen Tian brought this upon himself.

However, Liu Ling was really ruthless and beat Chen Tian to the point of vomiting blood.

At this time, Xiang'er said again: "Look, if Chen Tian doesn't lie down for ten and a half days this time, he won't be able to get out of bed at all. It's really pitiful. This incident has alarmed Chef Chen. Now Chef Chen is arguing with Liu Ling about asking someone to confront him!"

Hearing this, Qin Chuan was shocked.

Liu Ling and Chef Chen would definitely not dare to confront Deacon Qin when they were looking for someone to confront him, but they dared to confront him!

If he was dragged to confront him, if he It's not good to find the Jingtao Jue on his body.

It seems that he can't stay in Zhou Mansion and has to escape quickly to prevent Chef Chen and Liu Ling from finding him.

Thinking of this, Qin Chuan swallowed half of the food in his hand. Steamed buns, and took two meat buns from Xiang'er's hand

"Xiang'er, I have to go out to do some errands, so let's not talk so much now!"

"Brother Xiaochuan, are you free tomorrow? I don't have to go to work tomorrow, can you go shopping with me? Qin

Chuan said without looking back: "I'm going to the city this time. I'll be busy for a while and I won't have time. Let's do it next time!" After saying that

, Qin Chuan left in a hurry

"Hate! I will never ignore you again!" Xiang'er was so angry that she stamped her feet.

At this time, Deacon Qin's voice came from the yard

"Xiang'er, where's my breakfast!"

"oh! Xiang'er didn't dare to neglect, so he had to go back to the yard, just looking at Qin Chuan's back in the distance, his eyes a little resentful..

Chapter 1416

After Qin Chuan left Zhou's home, in order to avoid acquaintances, he went to the West District far away from Zhou's home.

Shenyan City has four major districts, controlled by four major families.

The North District is controlled by the Zhou family, and the West District is controlled by the Wei family.

There are two martial arts schools in the West District.

The martial arts gym is a place dedicated to teaching various fighting techniques to low-level warriors.

The students are basically warriors below the second level, mainly casual cultivators, and there are also a few small family warriors.

The children of the big family have a complete teaching system and disdain to learn fighting skills in martial arts gyms.

But for Qin Chuan, the martial arts school is his hope to change his destiny.

He can learn the fighting skills he wants from it.

For low-level warriors, fighting skills are very important and are often the key to victory or defeat.

An hour later, Qin Chuan selected the martial arts gym he was going to sign up for - Tianshui Martial Arts Gym.

There are two major martial arts schools in the West District.

Qinchuan chose Tianshui Martial Arts School not because of its good teaching quality, but because its registration fee was cheaper.

For a poor boy like him, if he can save money, he should naturally save more.

At this time, in the backyard and corridor of Tiansheng Martial Arts Hall.

A round-faced boy of seventeen or eighteen years old was leading Qin Chuan to the dormitory area.

Along the way, Qin Chuan looked around curiously.

This time, he spent forty gold coins for registration fee and ten gold coins for accommodation, a total of fifty gold coins.

This made him feel pain for a long time, and he secretly thought that a martial arts school was really not affordable for poor people and children.

If he hadn't won thirty-seven gold coins from Liu Ling, he might not be able to claim his name.

In fact, most of the people who can study in martial arts schools are children from well-off families.

The perfect young man who led the way was named Lu Bao, and he was very talkative.

Along the way, he kept introducing the situation of Tianshui Martial Arts School.

Soon, the two arrived at the dormitory area.

When he arrived at the door of a dormitory, Lu Bao handed Qin Chuan a key.

"Junior Qin Chuan, this is your single dormitory."

Lu Bao greeted warmly

"Thank you, senior! Qin

Chuan took the key and opened the door.

He had been busy all morning, and by the time he finished signing up, it was noon before he knew it.

After opening the door, Lu Bao helped Qin Chuan carry his luggage into the dormitory.

The dormitory is not big, but it is very tidy. , beds, cabinets, toiletries, and futons for meditation.

Qin Chuan looked very satisfied.

"Junior Qin Chuan, here, you are respected for your strength. If you are not strong enough, you will be looked down upon. Juniors must practice fighting skills diligently and strive to improve, and don't be outcompeted by others."

Lu Bao said earnestly while putting Qin Chuan's luggage on the bedside.

"The senior is right!" Qin Chuan suddenly felt a sense of urgency.

It was brought about by the invisible competitive atmosphere.

"Junior Qin Chuan, you should familiarize yourself with the environment today. I will take you to meet the instructor of the junior combat class tomorrow."

"Senior, I would like to ask, are all the students in the junior fighting class quasi-martial artists?"

"Yes! Most of them are junior quasi-martialists, but there are also intermediate quasi-martialists and advanced quasi-martialists. After you enter, be sure not to provoke those intermediate and advanced quasi-martial artists. You have to respect them. After all, strength is respected here, and there is no benefit in offending them."

Lu Bao had a good impression of Qin Chuan, and he really had something to say.

Qin Feng nodded repeatedly after hearing this, and felt a sudden pressure in his heart.

Originally, he was still excited when he was promoted to a quasi-martialist.

Now he is a quasi-martialist. environment, he realized that he was still at the bottom.

He had to work hard to change this situation.

Quasi-warriors are divided into four levels: primary, intermediate, advanced, and peak.

The human body has thirty-six masters.

Open up 17 masters. If you open 18 to 26 main acupoints, you will be an intermediate martial artist. If you open 27 to 34 main acupoints, you will be a high-level martial artist. If you open 35 main acupoints, you will be a high-level martial artist. If you open 36 main acupoints, you will be a peak martial artist.

, he can form a small Zhoutian cycle and become a first-level warrior.

Qin Chuan has just opened a main point, and he is at the bottom of the list of junior quasi-martialists.

With his strength, he can't even mess with ordinary junior quasi-martialants. Come on, how dare you provoke those intermediate and high-level quasi-warriors?

"alright! Junior Qin Chuan, take care of yourself. If you have anything, go to the Academic Affairs Department and see me."

"Okay, sorry, senior!"

"You're welcome! Then I will take you to see the instructor tomorrow!"

"Thank you, senior!"

That's it, Qin Chuan sent Lu Bao away politely.

Then, he simply tidied up the room. Feeling a little hungry, he closed the dormitory door and went out to find food.

After leaving the martial arts hall, Qin Chuan He found a random restaurant on the street, filled his stomach, and hurried out of the city.

Knowing that the students in the junior fighting class were all quasi-martial artists, Qin Chuan became more competitive.

He wanted to find a suitable place. Go and practice the Jingtao Jue.

The Jingtao Jue is a water-based skill. Naturally, you need to practice it in a place with a lot of water energy, so that you can get twice the result with half the effort and get the best effect.

And the more water there is, the more water energy there will be.

North Gate of Shenyang City Outside, there is a small river named Fengwei River, which is Qinchuan's destination.

Half an hour later, Qinchuan arrived at the Fengwei River. After a brief sense, he found that the water energy on the riverside was indeed thicker than in the city. Double.

Qin Chuan was overjoyed and thought that he had chosen the right place.

At that moment, he chose a remote river beach, sat cross-legged, and began to practice with his eyes closed.

As soon as he fell into concentration, he felt the thick water by the river. The vitality rushed towards his Qihai Point.

It didn't take long for his Qihai Point to be filled with water vitality.

When the energy was full, it overflowed!

A large amount of wateryuanqi overflowed from his Qihai Point and flowed to the upper third of his Dantian. Shenque point.....

Qin Chuan was greatly surprised.

So soon, he will attack the second main point..

Chapter 1417

Qin Chuan was greatly surprised.

So soon, he will attack the second main point.....

Not long after, Qin Chuan's whole body was shaken, the Shenque point suddenly opened, and the water energy in his body doubled.

What's even better is that a large amount of water energy poured into his body and instantly flowed to his limbs and bones, making him feel as comfortable as soaking in a hot spring.

After a moment, Qin Chuan slowly opened his eyes, his face full of joy.

The second main point is opened!

He could feel that his strength had greatly increased.

Qin Chuan moved his arms, feeling the explosive power contained in his muscles, and was overjoyed.

Then, he looked up and looked around, and was surprised to find that his six senses had also been enhanced.

In the past, he could only hear the sound of crawling ants ten meters away, but now he should be able to hear it fifteen meters away.

It seems that opening up the main acupuncture point can not only increase his strength, but also increase his six senses. This should be the so-called cultivation improvement!

The more Qin Chuan thought about it, the happier he became.

He didn't know that every time other quasi-warriors opened a main point, they could only increase their energy, but not their six senses.

But Qin Chuan is different. He has merged with Qin Feng's divine blood.

Every time one more main acupoint is opened, a little more power of divine blood can be stimulated, greatly improving its six senses.

But as soon as his six senses improved, Qin Chuan felt that the whole world became a little clearer.

"Huh! This is....."

Suddenly, his eyes fell on the middle of the river ahead.

Just now, he heard a strange noise under the river.

Is there something under the river?

Isn't there a big fish?

Qin Chuan murmured in his heart.

The river was turbid and was dozens of meters deep, so naturally it was impossible to see what was under the river.

However, Qin Chuan understands the nature of water.

He suddenly had an urge to go under the water.

After all, with his breakthrough in cultivation and greatly increased abilities, it is inevitable that newborn calves are not afraid of tigers.

At this moment, a large fishing boat appeared in Qinchuan's field of vision, coming down the river from a distance.

Qin Chuan saw from a distance a young warrior wearing black attire and carrying a long sword standing on the bow of the ship.

Behind the young warrior, there were seven or eight fishermen standing.

At this time, the young warrior and the fishermen also saw Qin Chuan.

At that moment, the anxious shouts of fishermen came from the fishing boat.

"Hello~! That kid over there! Get out of there!"

"There's danger in the waters over there! don't get close!"

"quick! Leave now!"

The tone of the fishermen was very anxious.

Is there any danger?!

Qin Chuan's mind was filled with questions.

He had been staying by this water area for a while, but he didn't see any danger!

Looking at this water area again, the water flow was gentle, seemingly There is nothing dangerous about it.

The only thing that is weird is that there are strange movements under the river.

Thinking of this, Qin Chuan once again lowered his gaze to the core.

At this moment, the calm water surface emerged. There were a lot of bubbles, as if hot water was boiling.

Qin Chuan couldn't help but be startled.

Soon, he clearly heard the sound of rapid water coming from under the water, and it seemed like something was swimming towards the shore quickly. , the target was the direction he was in.

When he took a closer look, arrow-like water patterns appeared on the river, heading straight for him, and he reached the shore in a blink of an eye, only a few meters away from him.

Qin Chuan felt bad. , quickly retreated.

Boom~!

But at this moment, the river surface exploded, and a huge black shadow rushed out, bringing with it flying rain, covering the sky and the earth, and rushed towards Qinchuan.

Qinchuan felt that the world was darkened, He quickly raised his head and saw that what was rushing towards him was a huge snake head several meters in diameter. What rushed out of the river was actually a black python thicker than a bucket.

He was so frightened that he turned around and ran away.

But as soon as he turned around, he suddenly His foot was in the air and he fell to the ground.

The dragon python took the opportunity to bite down, trying to swallow Qin in one gulp.

"not good!"

In the distance, the fishermen exclaimed.

But at the critical moment, Qin Chuan listened to the wind and rolled on the spot without looking back.

Bang~!

The python jumped into the air and bitten the gravel on the ground.

"Huh! He avoided it!"

In the distance, the fishermen exclaimed again

"Tingfeng debates?"

On the bow of the boat, the young warrior also showed a look of surprise.

The young warrior looked seventeen or eighteen years old, with a handsome and fair face.

With his ability, it was obvious at a glance that Qin Chuan was just a junior quasi-martialist.

But Feng Bian Positioning is a method that only first-level warriors can master.

Because only after a warrior breaks through to the first level, his six senses will be improved and he can be able to listen to the wind and identify positions.

But the young man in front of him is not a first-level warrior at all, and he is not even at the peak level. He was not a warrior, just a junior quasi-martialist. How could he be able to judge by listening to the wind?

Thinking about this, the young warrior became very curious about Qin Chuan.

At the same time, Qin Chuan's crisis was not over yet.

The python Extremely flexible, he missed a hit and quickly turned his head and pounced to the right, as fast as lightning.

At this moment, Qin Chuan had his back to the python. When he heard the fishy wind coming from behind, he quickly rolled forward and narrowly opened the python's mouth again. The python was furious and attacked again and again.

But Qin Chuan was as if there were eyes in the back of his head. He avoided it every time with great danger, causing the fishermen to scream in surprise.

The young warrior was also dumbfounded.

The boy's six senses were too great. Be strong!

You know, he could tell at a glance that the black python was as strong as a first-order advanced ferocious beast.

A first-order advanced ferocious beast was as powerful as a first-order advanced warrior.

In other words, Qin Chuan could only rely on Tingfeng By arguing, he avoided the attack of a first-level senior warrior.

The strength of Qin Chuan's six senses can only be compared with that of a second-level warrior.

Only in this way can Tingfeng Bian be used to such a terrifying level. It was as if he was born with intuition.

The more the young warrior thought about it, the more surprised he became. Looking at Qin Chuan, he could not help but reveal a touch of admiration....

Chapter 1418

The more the young warrior thought about it, the more surprised he became. He looked at Qin Chuan with a look of admiration...

In this way, Qin Chuan avoided the python's bites more than a dozen times in a row.

Gradually, he got further and further away from the river.

But at this moment, the python suddenly changed its strategy.

The python head outflanked Qin Chuan and suddenly opened its mouth wide.

Qin Chuan was running forward, but for a moment he couldn't control the inertia of his body and rushed towards the mouth of the snake.

At this moment, he smelled the fishy smell and saw the green saliva flowing from the python's fangs.

Qin Chuan was horrified, but he couldn't stop himself. He was about to fall into a trap, rush into the mouth of the snake with red flesh and be eaten alive.

From a distance, I saw this horrific scene.

The fishermen exclaimed.

At this extremely critical moment, Qin Chuan advanced instead of retreating.

I saw that he made a mistake in his steps, changed his direction slightly, and rushed towards the mouth of the python at a faster speed.

Bang~!

A muffled sound!

Qin Chuan's body hit the python's fangs hard, and the huge rebound force sent him flying five or six meters away.

Hiss~!

The dragon python vomited continuously, and the strong pain in the roots of its teeth made it burst into tears.

This human child was so cunning that he hit its fangs directly, catching it off guard.

In the distance, on a fishing boat

"What a wit!"

The young warrior secretly praised him.

All the fishermen were also amazed.

Qin Chuan took advantage of the python's pain, rolled and crawled, and jumped out more than ten meters away.

The python was furious and pursued again.

But it only caught a few seconds. Mi, his body suddenly stopped and could no longer move.

Qin Chuan sensed this immediately and quickly turned around to see the python twisting in place and trying hard to pounce on him, but it couldn't move forward even half a minute.

Its lower body seemed to It was stuck by something and was firmly nailed to the bottom of the river.

Seeing this scene, Qin Chuan was overjoyed:"Evil beast! Come on horseback!"

Seeing that it could no longer move forward, the dragon python stopped struggling. Its two snake eyes stared at Qin Chuan coldly, revealing a trace of ridicule and contempt.

That look gave Qin Chuan an illusion.

He felt that he was staring at Qin Chuan. His eyes were not snake eyes, but more like human eyes.

Then, the python ignored Qin Chuan's provocation, slowly retracted into the river, and disappeared in the blink of an eye.

Not long after, the fishing boat in the distance also arrived.

Wait. After docking, people on the boat disembarked one after another

"Little brother, are you injured?"

All the fishermen came forward to ask.

After hearing this, Qin Chuan felt some pain in his chest. He quickly looked down and saw that blood had stained his chest, and even the clothes on his chest were torn in large pieces. Obviously

, a large piece of his clothes was torn.

, this was caused by him hitting the python's fangs before.

"Little brother, please untie your clothes quickly and see if you are poisoned?"

The fishermen were anxious.

The teeth of ferocious beasts such as pythons are often highly poisonous.

Qin Chuan also felt something bad and quickly untied his clothes.

After untying them, a deep wound with bone visible and blood was revealed. There was a gurgling flow, there was a blue-black circle around the wound, and there was a faint soreness and numbness.

Obviously, he was poisoned!

"This...this is not good! Little brother, you seem to have been poisoned by snake venom!"

As soon as these words were said, the faces of the fishermen changed slightly.

"What to do?"Qin Chuan was also a little anxious.

"Let me take a look!"

A faint voice came from behind the crowd. It was the young warrior.

"Mr. Huo, please!"

The fishermen all gave way to the young warrior with extremely respectful expressions.

In this world where martial arts are respected, warriors have a high status among mortals and usually do not call them by their first names. As soon as the young warrior approached, Qin Chuan sensed Yes, the vitality and spiritual pressure on his body is much stronger than that of Liuling.

"Little brother, let me see your wound."

The young warrior said gently.

Then, he carefully observed Qin Chuan's wounds.

After a moment, a strange look appeared on his face.

"Huo Shaoxia, how is the situation?"

The fishermen asked with concern

"Brother Huo, am I deeply poisoned?"

Qin Chuan is also worried.

"no!", Huo Qing shook his head slightly, "But it's a little weird."

"What's weird?" Qin Chuan was puzzled.

Huo Qing looked strange and said:"If I'm not wrong, the little brother was not poisoned by snake venom, but corpse venom."

As soon as this statement came out, the fishermen were in an uproar.

"How can this be!"

"yes! How could this be corpse poison? The little brother was injured by the venomous fangs of the black water dragon python. It should be snake venom."

The fishermen were all talking about it.

Qin Chuan also felt that he was poisoned by snake venom, not corpse poison, but

Huo Qing said with great certainty:"I can be sure that this little brother was poisoned by corpse poison, not corpse poison. Snake venom, because I have seen corpse venom. Besides, if the little brother had been poisoned by the venom of the black water python, his mouth and tongue would have been paralyzed and he would have been unable to speak."

As soon as this was said, the fishermen felt that it made sense.

"strangeness! The little brother was obviously injured by the fangs of the black water python. Logically speaking, it should be snake venom, not corpse venom."

"It seems that there is something weird here!"

"I saw that the python's lower body seemed to be stuck at the bottom of the river with something, preventing it from getting out. I'm afraid it was really weird."

After this discussion, everyone felt more and more that the python was unusual.

"Village elder, does the python like to eat corpses?"

Huo Qing looked at an old man among the fishermen.

In his opinion, if the python likes to eat corpses, and over time, corpse poison will accumulate on its fangs, then everything can be explained.

"Back to Young Hero, the python doesn't eat corpses."

The village elder began to explain

"The thing is, this python only appeared in this water area a month ago and attacked the fishermen in my Hekou Village, but every time it only sucked human blood and never ate human flesh. We used some cattle and sheep to trap and kill it, but it never touched it and only sucked human blood.

Huo Qing frowned: "As far as I know, black water pythons like to devour living beings, not blood." If you say so, then this black water python is a bit weird!"

"yes! This black water python is different from the one in the rumors. It is indeed extremely weird."

All the fishermen nodded.

"Village elder, please go get some vegetable oil. Let me clean this little brother's body poison first."

Chapter 1419

"Village elder, please go get some vegetable oil. Let me clean this little brother's body poison first.

Upon hearing this, the village elder quickly ordered a fisherman to go to the boat to get some vegetable oil for cooking and some clean water.

Huo Qing first used vegetable oil to clean the area where the corpse poison had been exposed, and then washed the wound with water.

Then, he took out a white porcelain medicine bottle, poured out some white medicine powder and sprinkled it on the wound. It only took a moment to coagulate the blood in the wound.

"Little brother, it's okay. I'll probably recover in seven or eight days."

Huo Qing casually threw the medicine bottle in his hand to Qin Chuan

"This bottle contains coagulation powder, which is a necessary medicine for warriors when traveling. It is very useful for sword wounds, so I gave it to my little brother."

"Thank you, Brother Huo!"

Qin Chuan gratefully took the Ningxue Powder, and his affection for Huo Qing doubled.

Huo Qing smiled heartily: "Everyone encounters difficulties when going out. This little effort is not worth mentioning. I am Huo Qing, a wandering martial artist. I don't know your little brother's surname."

"Little brother Qin Chuan!"

Qin Chuan became interested in making friends and did not conceal his name.

"Brother Qinchuan, although you are only a junior quasi-warrior, your six senses are astonishing and you are so proficient in listening to the wind and positioning that even first-level warriors cannot match you. With your six senses as strong as yours, your future in martial arts will be bright."

Huo Qing sincerely praised

"It turns out that little brother Qin Chuan is a quasi-martial artist! I'm so disrespectful!"

The village elder smiled and bowed his hands to Qinchuan and apologized.

The fishermen looked at Qinchuan with a hint of respect.

The status of a warrior has been deeply rooted in the hearts of the people. Even if he is just a quasi-martialist, ordinary people can't. I will respect you from the bottom of my heart.

Qin Chuan quickly said humbly:"The village elder is too polite. Are you here to hunt the black water python this time?"

"yes!", the village elder sighed,"That python has killed many fishermen. If we don't get rid of it, we fishermen will be in trouble!"

"It's just that the black water python is a ferocious beast, and we ordinary people can't deal with it at all. Originally, we wanted to hire a warrior to help, but the commission was too expensive and our fishing village couldn't afford it."

"Fortunately, Mr. Huo is very kind and willing to help us get rid of this trouble without charging a penny."

Having said this, the village elder looked at Huo Qing with a grateful face.

Huo Qing joked:"Village elder, I didn't say no reward. I want to decide on the inner elixir of the black water dragon python.

The village elder laughed loudly:"That's what you deserve!""

"Little brother Qinchuan, are you willing to hunt the python with us?"

Huo Qing extended the invitation.

Qin Chuan said cheerfully:"Even if Brother Huo doesn't invite me, I won't let that evil beast off easily!"

"good! Huo Qing was overjoyed,"With the help of little brother Qinchuan, we have one more chance of winning.""

"Having said that, the black water dragon python is a first-level high-level ferocious beast. Although I am also a first-level high-level warrior, I am not sure of victory when facing it head-on. I need my little brother to help me contain it from the side. Qin Chuan readily agreed:"

Brother Huo, no problem!"

Generally speaking, the strength of a first-level high-level ferocious beast is equivalent to that of a first-level high-level warrior.

If there is a competition, the warrior will lose more.

Therefore, when hunting down ferocious beasts of the same level, most of the two warriors act together, and only a few Only strong warriors would choose to face it alone.

Next, Huo Qing, Qin Chuan and others began to discuss how to hunt the black water python.

After the discussion, the fishermen took out some knives, guns and harpoons from the fishing boats. There were also several iron chains with barbs.

Qin Chuan was also assigned an iron chain with barbs.

After all preparations were made, everyone started to take action

"I'll go into the water and lure the python up. You try to contain the black water python and prevent it from returning to the water. As long as it's on the shore, I'm sure of killing it. Little brother Qinchuan, the key point depends on you!"

"Brother Huo, I will try my best!"

"good!"

After giving these instructions, Huo Qing pulled out the long knife on his back and made a seal with his left hand.

Buzz~!

A clear cry!

A faint blue light shield completely enveloped Huo Qing.

That was his Martial skills - water shield.

When Qin Chuan saw this scene, his eyes were filled with envy.

You know, martial arts are very powerful and are regarded as the most precious things by all major forces.

A warrior with martial arts is better than one without Martial arts practitioners are much stronger.

Preparatory guards of the Zhou family are not qualified to acquire martial arts.

Only after practicing the second level and becoming a formal guard, will they be taught a low-level martial skill.

Huo Qing has mastered martial arts at the first level of advanced level, which shows that its origin is not simple.

But it is said that after Huo Qing opened the water shield, he jumped into the water and dived directly to the bottom of the river.....

Qin Chuan and others waited anxiously on the shore.

Time passed by minute by minute.

The water was calm.

Gradually, everyone's hearts began to rise.

Everyone is worried about whether something will happen to Huo Qing.

Just when everyone started to get restless, Qin Chuan was startled and looked towards the river.

"Attention everyone! They are coming out!"

The fishermen quickly grasped their weapons.

Qin Chuan is a quasi-warrior, and no one dares to despise his words.

In other words, he is the leader of the fishermen, and everyone is willing to obey his instructions.

Sure enough, Qin Chuan's words showed that, There was movement on the river.

Gu~lu~lu!

A series of bubbles rose!

Boom~!

Then, the water surface exploded, and a figure rushed out, it was Huo Qing.

Behind him, a huge black figure rushed out. The shadow is the black water python

"Take action!"

Qin Chuan gave the order and took the lead in throwing out the hooked iron chain in his hand.

The fishermen also took action one after another.

Swish~! Swish~! Swish~!

In the blink of an eye, several iron chains wrapped around the seven-inch part of the python.

Click~! Click~! Click~!

Qin Chuan pulled hard, and the sharp barbs on the iron chain got stuck in the gaps between the scales of the snake's body.

All the fishermen followed suit.

The python was immediately in pain.

At the same time,... Qing Qing turned around and started to kill the python..

Chapter 1420

At the same time, Huo Qing turned around and started to kill the python... As soon as the black water python saw this scene, it knew that it had been ambushed. Regardless of the pain, it turned around and fled towards Hezhong.

"Don't let it escape back into the water! Qin

Chuan exclaimed, desperately tightening the iron chain in his hand, and pulling hard to the shore.

Click~! Click~! Click~!

Those sharp barbs penetrated into the gaps between the scales, and penetrated a little deeper.

After a while, Scarlet-black snake blood gurgled out from the gap.

Roar~!

The strong stinging pain completely angered the python.

With a sudden flick of its snake head, it threw away all the fishermen holding the iron chain, leaving only Qin Chuan was holding on to the chain with all his strength.

"Evil beast! Go to hell!"

At this time, Huo Qing slashed at the python.

The python was frightened and did not dare to fight. It retreated desperately into the river.

But Qin Chuan tightly held on to the iron chain, which greatly slowed down its retreat.

With this delay, Huo Qing's attack came.

The python had no choice but to fight with Huo Qing.

At the same time, the fishermen also caught up, grabbed the iron chain, and worked together to bring the python to the shore.

Qin Chuan and the others The fishermen interfered, and the python couldn't help itself, and was immediately suppressed by Huo Qing.

What's more, its lower body was still locked at the bottom of the river, and it was restrained everywhere and could not exert its full strength.

It didn't take long for the python to have more More than a dozen deep bone knife wounds were visible.

Bang~! Bang~! Bang~!

A series of fierce fighting sounds!

Huo Qing killed the python so hard that the scales of the dragon python were turned out and blood and flesh flew everywhere.

"Break the waves!"

Suddenly, Huo Qing roared, and the sword light turned into a three-foot-long sword of light.

Several iron chains also slipped from the snake's body. The black water python also took the opportunity to escape.

Click~!

There was a crisp sound!

Blood spurted out!

Huo Qing! The green hand raised the knife and cut off the huge snake head.

Bang~!

The huge headless snake corpse fell weakly, shaking the ground slightly.

The python was finally killed!

The whole audience cheered!

"Ha ha!! died! This beast is dead!"

Qin Chuan was also happy in his heart, and at the same time he looked at Huo Qing with envy.

Huo Qing's last move, Breaking the Waves, should also be a martial skill.

A first-level warrior actually mastered two martial arts. Huo Qing's origin is definitely unusual,

Qin Chuan I was also thinking that it would be great when I could master a martial arts skill.

At this time, the village elder said with excitement:"Huo Shaoxia, thanks to you this time, we have the honor to kill this evil beast! Huo Qing shook his head slightly:"

Old man, you can't just thank me." Without the restraint of little brother Qin Chuan, I wouldn't be able to kill this beast. This thing is extremely powerful in the water. When it reaches the shore, its strength is greatly reduced, and I have a chance."

"Of course! Mr. Qin, thank you for your help!"

The village elder saluted Qin Chuan with a grateful face, and even changed his title from little brother to young hero.

The fishermen looked at Qin Chuan with more respect.

Before, the python saw the After falling into the trap, he tossed his head and threw all the fishermen away. Qin Chuan was the only one holding him back.

Without Qin Chuan, the python would have fled back to the bottom of the river.

In other words, if he killed the python this time, Huo Qing takes the first credit, Qin Chuan takes the second

"The village elder is so polite! I just put in a little effort, and it was thanks to Brother Huo that I was able to successfully kill the python this time. Qin

Chuan said humbly.

The village elder also wanted to say some words of gratitude.

But at this moment, something strange happened in the scene.

The headless snake corpse on the side suddenly came to life and stood up suddenly. He got up, quickly retreated into the river, and disappeared in a blink of an eye. A layer of blood floated on the river.

Everyone was dumbfounded, and their eyes widened in shock.

At this moment, the air froze, and the whole place became extremely quiet.

For a long time , everyone woke up

"Wasn't my eyes dazzled just now? Wasn't the snake's head chopped off? How come it's alive again?"

Someone murmured in the crowd.

The rest of the people looked at each other.

This thing is too weird.

This is the first time Qin Chuan has seen such a weird thing.

"Brother Huo, you just entered the river bottom, can you see the lower body of the python?"

Huo Qing shook his head slightly:"No!" After I entered the river bottom, I searched for a long time, but I couldn't see the shadow of the black water python, let alone its lower body locked at the bottom of the river. The python suddenly appeared behind me and attacked me. I almost got killed."

Hearing this, everyone felt even weirder

"strangeness! If the python was not chained at the bottom of the river, why didn't it just wash ashore?"

Qin Chuan raised the doubts in his heart.

Everyone looked at each other and couldn't figure it out.

"do not think too much! Wait until I take out the inner elixir!"

Huo Qing walked to the head of the dragon python.

He saw the snake head's eyes wide open in anger, and the python's mouth opened wildly. It was extremely ferocious. Even though it was dead, the evil aura was still there.

Huo Qing swung the long knife in his hand!

Click~!

There was a cold light. Flash!

Blood flew!

The python head was split open with a knife.

Everyone around was screaming!

I saw that there was no inner elixir in the snake head, and there was no brain tissue. It was all muscle.

"how so!"

Huo Qing was surprised.

All the fishermen were also confused.

This black water python is weird from beginning to end, and it is different from normal ferocious beasts.

"strangeness! There is no brain in this snake's head. Could it be that its brain is in its body?"

Qin Chuan's curiosity was aroused, and he had the urge to find out the truth.

"I'll go to the bottom of the river to see again!"

Huo Qing dropped these words and walked straight to the river.

"Brother Huo, be careful!"

Huo Qing smiled slightly: "Thank you for your concern, little brother!" This python has a head, I'm not afraid of it. Now that it has no head, there is no need to be afraid."

After saying this, Huo Qing activated the water element shield and escaped to the bottom of the river.

Qin Chuan and others were waiting anxiously on the shore.

It didn't take long for Huo Qing to break through the water again.

"Brother Huo, how is the situation?"

"No trace! Even the headless snake corpse is gone!"

Huo Qing looked confused.

"Mr. Huo, could the headless snake corpse escape with the current?"

The village elder put forward his own ideas

"possible! Huo Qing looked at Qinchuan and said, "Brother Qinchuan, how about we go search the nearby waters?"

Obviously, Huo Qing values Qin Chuan very much and wants to invite Qin Chuan together

"OK! I also want to see what the hell this python is."

Qin Chuan readily agreed.

He was indeed aroused by this incident.

At that moment, the group packed up their things and went directly to the fishing boat, preparing to follow the smell of blood flowing downstream to have a look..
