

## God level 1431

Chapter 1431

OMG!

Qin Chuan raised the 1,200 kilogram stone lock with one hand.

The whole audience was shocked!

Everyone's eyes were so wide that they were about to fall off...

Bang~!

The stone lock fell, and the sand and dust bounced up, shaking the entire martial arts hall.

The students just woke up and looked at Qin Chuan in disbelief.

"OMG! Didn't I get dazzled just now? Qin Chuan actually lifted a stone lock weighing 1,200 kilograms with one hand!"

"yes! This is incredible!"

At this moment, everyone swallowed their saliva and couldn't even speak.

Lifting a stone lock of 1,200 kilograms with one hand, even the first-level early stage warriors may not be able to do it, let alone quasi-warriors like them..

In this comparison, Zhu Heng is nothing!

Thinking of this, the eyes of all the students looking at Qin Chuan changed.

The previous ridicule and disdain disappeared, and instead they were full of respect.

In this world where warriors are respected, the stronger you are, the more you will be respected by others.

"Senior Zhu Heng, do I win this time? Qin

Chuan wiped the dust off his hands, with a smile on his face.

Zhu Heng swallowed and said with a wry smile: "Senior Qin Chuan is so humble!" Brother, I am convinced that I lost!"

Qin Chuan can lift one thousand two hundred kilograms with one hand, and he can do so easily.

Zhu Heng visually estimated that Qin Chuan's combat power may only reach more than twelve people, which is more than twice his.

With such a strength gap, his strength Can you be convinced?

Not to mention him, every student in the audience admired Qin Chuan.

What is a genius?

This is a genius!

"Senior Zhu Heng, you are older than me, how can you call me senior?"

"Senior Qin Chuan doesn't know something. In our martial arts school, strength is the most important thing. Whoever is stronger is the senior. With your strength, you will definitely sit at the top of our junior fighting class. It is right to call you senior."

Zhu Heng was extremely sincere.

Qin Chuan couldn't laugh or cry.

The rules of this martial arts school are really weird!

He is obviously the youngest among the students, and it feels a bit weird to be called senior in the future.

However, since he is from the martial arts school, According to the rules, it's hard for him to say anything.

"By the way, senior, this is the three hundred gold coins I lost, please accept it!"

Zhu Heng took out three gold tickets from his arms, each with a denomination of one hundred. He is worthy of being the son of a wealthy businessman.

Qin Chuan accepted it calmly, feeling happy in his heart.

Everyone around him also showed his excitement. With a look of envy.

At this time, Instructor Yue also came over.

He looked at Qin Chuan with admiration and said with a smile:"Qin Chuan, you really opened my eyes! By the way, are you really a pinnacle quasi-warrior?"

As soon as he said this, all the students looked at Qin Chuan curiously.

Based on Qin Chuan's performance just now, even if he is said to be a first-level junior warrior, everyone will believe him.

"Return to the instructor, I am indeed a peak quasi-martial artist"

"strangeness! Why don't you have energy fluctuations in your body?"

"Maybe it has something to do with my practice!"

Qin Chuan said casually, unwilling to explain more.

Instructor Yue nodded slightly and did not ask further questions.

It is a taboo to rashly inquire about the details of other people's skills.

"Qin Chuan, even if you are a peak quasi-warrior, your strength is so great that even an early-stage first-order warrior may not be able to match you!"

Instructor Yue was still sighing. He still didn't believe it in his heart. Qin Chuan was really just a peak quasi-martial artist.

In his opinion, Qin Chuan was more likely to be a first-level junior martial artist.

Qin Chuan prevaricated: "I am born with divine power!"

"I see!" Instructor Yue looked astonished.

Zhu Heng on the side laughed at himself: "Others say that I am born with supernatural power. Compared with Senior Qin Chuan, my natural power is a joke. It turns out that it is the senior who is truly born with supernatural power! Instructor Yue smiled and said: "People born with supernatural power are extremely rare, and they can often crush people of the same level. Unexpectedly, our Tianshui Martial Arts School could receive a peak martial artist with natural divine power this time. At the martial arts school exchange meeting half a month later, we can regain the face we lost several times before."

As soon as these words were said, all the students seemed to have remembered something and started talking one after another.

"right! In half a month, it will be the day for our competition with the Gale Wind Martial Arts School."

"Hey~! Our junior fighting class has lost to the Hayate Martial Arts School for four consecutive years. They have been laughing at us."

"yes! Every time I see people from Hayate Martial Arts School, I feel like I can't hold my head up"

"hehe! There are five peak quasi-martialists in the junior class of the Gale Wind Martial Arts School! Today, we have five as well. This time, five versus five, it's not necessarily who wins and who loses!"

"Yes! This time Zhu Heng has broken through to the pinnacle of quasi-martial arts, and we have senior Qin Chuan, who will definitely kill them!"

"Ha ha!! In half a month, the exchange conference will begin. This time, we have Senior Qin Chuan here, we will definitely scare them!"

The students became more and more excited as they talked.

At this moment, they were full of admiration and respect for Qin Chuan.

As for the previous ridicule, they had selectively forgotten it.

Instructor Yue also looked excited.

I think he has taught junior fighting classes for many years. , has lost to the Gale Martial Arts School for four consecutive years.

If he loses again this year, he will be too embarrassed to stay and teach, so he will have to pack up and leave.

Coincidentally, Qin Chuan's arrival is like a bolt of lightning, breaking through all the haze. It gave him hope.

Thinking of this, he planned to teach Qin Chuan fighting skills in the next few days, hoping that Qin Chuan could shine at the exchange conference and vindicate his teaching ability.

And Qin Chuan listened After seeing everyone's discussion, he gained some understanding.

He knew that there are two major martial arts schools in the west area of Shenyang City, namely Tianshui Martial Arts School and Gale Wind Martial Arts School. The teaching quality and reputation of Gale Wind Martial Arts School are not bad, and are significantly higher than those of Tianshui Martial Arts School. , but the fees are more expensive and there are many requirements.

At that time, Qin Chuan thought that the tuition was too expensive and the requirements were too many, so he chose Tianshui Martial Arts School, which had an average reputation.

Unexpectedly, there was such a gap between Tianshui Martial Arts School and Gale Wind Martial Arts School. At this time

, instructor Yue said again:"Okay, everyone, sit down and start today's teaching.""

"Zhu Heng, sit in the second seat in the first row. Qin Chuan, you take the first seat in the first row"

"Yes, instructor!"

At this moment, a group of students sat down.

Qin Chuan sat in the first row, representing the position of the chief student of the martial arts school.

After the students sat down, Instructor Yue began to teach..

Chapter 1432

At this moment, a group of students sat down.

Qin Chuan sat at the top of the first row, representing the position of the chief student of the martial arts school.

After all the students were seated, Instructor Yue started teaching.....

"What I'm going to talk about today is the tiger-shaped boxing among the basic boxing techniques. Tiger-shaped boxing focuses on being strong and courageous. There are thirteen movements in total, which are: black tiger digs out the heart, fierce tiger descends from the mountain, and evil tiger pounces on food....."

Instructor Yue explained and demonstrated the movements at the same time.

Soon, he finished demonstrating the first move - Black Tiger's Heart Removal.

After the students read it, some looked confused, some frowned, some were confused, and some seemed to have some enlightenment.

Instructor Yue was not surprised. After all, everyone has different understandings and there will be differences in understanding.

What's more, he just taught it for the first time.

But at this moment, he suddenly noticed that Qin Chuan's eyes were shining, and he seemed a little excited.

What made him even more confused was that there was no doubt on Qin Chuan's face.

Could it be that this kid has already figured it out?

He only taught it once!

Generally speaking, even those children of wealthy families with good talents cannot learn it without more than ten times of teaching.

With this in mind, he said:"Qin Chuan, come and show us how the tiger descends from the mountain....."

All the students were stunned.

No way?

The instructor only taught once and then asked people to demonstrate. Isn't this embarrassing?

"Instructor, are you forcing yourself to do something difficult? I don't even understand your moves. Why don't you explain them a few times? Zhu

Heng was the first to express his dissatisfaction.

However, Qin Chuan stood up and said with a smile: "I'll give it a try!"

As soon as he finished speaking, he strode forward.

All the students were shocked, wondering if Qin Chuan had really learned it?

Just when everyone was surprised, Qin Chuan made a move.

He saw that his left foot was fierce He took one step forward, thrust his right paw forward, and like a strong wind, he suddenly rushed forward more than ten meters away, sweeping the entire army with his momentum. The students were stunned!

Instructor Yue's eyes even shone brightly!

Oh my God!

Qin Chuan's movements are exactly the same as what Instructor Yue demonstrated before. Even the bending degree of a finger and the rhythm of each step are all perfectly matched.

"good!"

After being shocked, all the students cheered

"good! good!"

Instructor Yue also praised repeatedly.

Qin Chuan said a little embarrassedly:"Qin Chuan has shown his shame!"

Instructor Yue smiled and said:"Looking at your drill just now, you have done the best, so there is no need to be modest. By the way, have you ever learned Tiger Form Boxing before?"

"No!", Qin Chuan answered truthfully.

Hiss~!

Instructor Yue couldn't help but gasped.

Immediately, he exclaimed:"You have mastered the essence of Tiger-shaped Fist after just reading it once. Your understanding is like the only one I have ever seen in my life!"

All the students looked at each other and felt incredible.

After just one look, they mastered the boxing technique.

They have never heard of it!

Even the outstanding children of the four great families in the city are not so outstanding.

Senior Qin Chuan is too Awesome!

Instructor Yue became more and more excited as he spoke:"Qin Chuan, you have such understanding, you should be able to master fighting in less than half a month. In the martial arts competition in half a month, you will definitely shine!

Qin Chuan said hurriedly:"The instructor is impressed!" Qin Chuan should do his best!"

"Ha ha!! To be honest, our Tianshui Martial Arts School has been suppressed by the Gale Martial Arts School for too long. Whether we can be proud of ourselves this time depends on you!"

Instructor Yue seemed to be in a good mood.

All the students also agreed.

"Senior Qin Chuan, you don't know something. Gale Wind Martial Arts School is very arrogant and often bullies our Tianshui Martial Arts School. We should give them some color!"

"yes! Our Tianshui Martial Arts School has been losing for four consecutive years. If we lose again, we will be laughed at by them!"

"Let them laugh! They would never have thought that we would have a senior Qin Chuan this time!"

All the students were talking more excitedly than the other.

There was Senior Qin Chuan on the left and Senior Qin Chuan on the right.

This made Qin Chuan a little embarrassed.

Being called senior by a group of teenagers two or three years older than him, he felt a little uncomfortable. strange

"alright! Let's continue teaching! Next, let's learn the second move of Tiger Shape Boxing: Evil Tiger Pounces on Food....."

Instructor Yue interrupted the discussion among the students and continued teaching.

It seems to be to test Qin Chuan's understanding.

This time, after he finished the demonstration, he asked Qin Chuan to follow suit.

Sure enough, Qin Chuan demonstrated it perfectly and captured the essence.

His superhuman understanding once again conquered everyone.

In this way, instructor Yue taught a move and asked Qin Chuan to demonstrate it once.

Every time, Qin Chuan only needs to read it once to master it.

Instructor Yue became more and more excited the more he taught, and the more he taught, the more he felt a sense of accomplishment. At the same time, he was completely conquered by Qin Chuan's understanding.

Not to mention the students, who looked at Qin Chuan with admiration in their eyes.

There were some people who were jealous at first, but now they were completely impressed.

They didn't even have the courage to be jealous of a person who had reached the pinnacle of quasi-martial arts at the age of twelve, whose overall strength was comparable to that of a first-level beginner, and whose understanding was so superb.

In this case, what else do they have to be jealous of.

At this moment, in addition to admiration, they were still impressed.

Time flies!

In the blink of an eye, an hour passed.

Instructor Yue taught all the thirteen movements of Tiger Formation Fist.

Qin Chuan has them all.

This is also the first boxing technique he has mastered in his life...

## Chapter 1433

In the blink of an eye, an hour passed.

Instructor Yue taught all the thirteen movements of Tiger Formation Fist.

Qin Chuan also mastered them all.

This is also the first boxing technique he has mastered in his life.....

"Next is Q&A time. If you don't understand, you can ask me. As for students who have already mastered it, they can practice freely."

As soon as Instructor Yue finished his announcement, all the students gathered around him.

"Instructor, I still don't understand the second move of the black tiger pulling out the heart....."

"There is also the starting position of the seventh move, I didn't see it clearly....."

"besides....."

The students were chattering, and each one asked what they didn't understand.

Instructor Yue suddenly felt a big headache, and his head was buzzing from the noise.

"Don't worry, everyone! Ask one by one! Zhu Heng, ask first!"

At this time, the advantage of strength ranking became apparent.

Zhu Heng was delighted and started to be the first to ask for advice.

Qin Chuan saw the students surrounding the instructor and knew that he was too busy, so he quietly retreated.

He had mastered everything. There is nothing to ask for advice.

Next, he will find a quiet place to practice boxing.

According to the instructor, students who have mastered it can practice freely.

In this way, Qin Chuan quietly left the martial arts hall.

Instructor Yue looked at Qin Chuan's back was filled with emotion as he left.

It would be great if all students could have Qin Chuan's understanding.

It would be much easier for him to teach.

However, after Qin Chuan left the martial arts hall, he came to a In the deserted courtyard, he began to practice boxing.

With the thirteen moves of the Tiger-shaped Fist, he fought like a tiger.

Before, in the hall, Instructor Yue taught him once, and he demonstrated it again. Each move was performed independently. They didn't connect together.

Now, he connected the thirteen postures and performed them once, and he suddenly felt that his power was greatly increased. Qin Chuan was pleasantly surprised and performed them several times in a row.

He became more proficient and fluent as he practiced.

After five times, he performed The meaning of the boxing technique had the feeling that someone else had practiced it for three years and had become very proficient.

At this moment, his mind moved and he thought of the ancient body-refining method taught by Senior Demon Snake.

That body-refining method, What he cultivates is life energy and the seven energy gates of the human body.

Every time an energy gate is opened, the physical body will evolve and the combat power will be greatly improved.

Thinking of this, Qin Chuan began to practice boxing while running and refining. The method of the body.

Just like this, the boxing method is not smooth enough and the speed slows down a lot. However

, during the process of practicing boxing, Qin Chuan felt a hot air coming from the end of the tail vertebrae, and then along the spine, Quickly reach the skull, then follow the eyebrows, nose bones, all the way to the navel, and then return to the starting point.

After this cycle, Qin Chuan felt that his whole body was feeling relaxed and comfortable, and his strength was greatly increased.

He was immediately overjoyed.

It turned out that just now, The heat flow is the life energy produced by body refining.

The ancient method of refining the body is practiced in movement.

Therefore, Qin Chuan practices boxing to practice the body, and practicing the body is practicing the boxing.

After discovering this secret, Qin Chuan Chuan was so excited that he practiced the tiger-shaped boxing even harder. His fists were so fierce that the air continued to make popping sounds.

In this way, he was doing two things at once, practicing boxing and running the body-refining method at the same time.

The life essence he obtained He has more and more abilities, his physique is getting stronger, his strength is getting bigger, and his punching speed is getting faster and faster.

Before he knows it, he has been practicing for five hours, from morning to afternoon.

His The power of the boxing became more and more fierce as he hit it, like a tiger, leaping and roaring, the fists were filled with evil energy, causing sonic booms in the air around him, which was extremely shocking. After three hours of hard training, Qin Chuan was surprised to find that his fighting power was unknown. The strength of one person has increased to the strength of sixteen people.

Haha!!

This body training method is really good!

The strength has greatly increased!

Qin Chuan is overjoyed!

Rumor has it that a first-level intermediate warrior has the strength of twenty people.

He had the method of body training and was confident that he could reach the first-level intermediate level soon.

After practicing for a while, Qin Chuan felt a little tired and stopped.

He had been practicing for a day and it was time to take a rest.

Besides, Qin Chuan felt a little tired. , he hasn't eaten for a day, so it's time to get some food.

Thinking of this, Qin Chuan was ready to leave.

But at this moment, an old voice sounded behind him

"Little guy, your boxing practice is pretty good!"

Qin Chuan was startled, and when he looked back, he saw an old man with a thin face and a goat's beard on his chin.

However, Qin Chuan did not dare to underestimate him.

With his powerful six senses, he did not notice the old man approaching, indicating that this old man was a big master

"Little guy, look at the tiger-shaped fist you just used. The fist generates wind and is powerful. It is no less powerful than fifteen people. It is indeed a natural divine power! Come to think of it, you are the new student Qin Chuan, right?"

The old man looked at Qin Chuan with a smile, showing unabashed appreciation.

Qin Chuan was surprised: "Senior, how do you know this junior's name?"

"After hearing the report from Yue Heng, I went to your dormitory to look for you. When I found that you were not there, I went to other places in the martial arts hall and found you practicing boxing here. Little guy, not only are you talented, but you are also so hard-working, you have a bright future!"

The old man was generous with his words of praise.

Qin Chuan said a little embarrassedly: "Senior, that's a compliment! I don't know who you think Yue Heng is?"

"He is your instructor Yue!"

"Senior, who are you?"

"Ha ha! I am the owner of Tianshui Martial Arts School - Jiang Tianshui!", the old man stroked his beard and smiled

"Are you the owner?"Qin Chuan was a little surprised.

"how? Don't you look like me?"

At this moment, footsteps came from outside the hospital.

After a while, a familiar figure came over, it was Instructor Yue. As soon as Instructor Yue saw Qin Chuan, his face showed joy, and he quickly stepped forward to salute the old man.

"Yue Heng met the owner! Hall owner, this is the Qin Chuan you are looking for."

Instructor Yue introduced enthusiastically.

Jiang Tianshui smiled and nodded:"I already know, go and do your work! I want to have a chat with little brother Qin Chuan"

"Yes, the owner!"

At that moment, Instructor Yue cupped his hands and respectfully retreated...

Chapter 1434

Jiang Tianshui smiled and nodded:"I already know, go and do your work! I want to have a chat with little brother Qin Chuan"

"Yes, the owner!"

At that moment, Instructor Yue bowed his hand and respectfully retreated...

After Instructor Yue left, Qin Chuan asked curiously:"Master, why are you looking for this junior?"

"Little brother, I want you to do me a favor. Qin Chuan was a little surprised:"

Senior, what is going on?""

"The thing is, I want to bet with some old guy and need help from my little brother?"

"Who is that person?"

"The owner of the Gale Martial Arts School - Wei Jiaifeng. Qin

Chuan looked troubled:"Master, you think too highly of this junior." The other party is the owner of the museum. With the strength of this junior, who is qualified to help you? Jiang

Tianshui smiled and said:"Little brother, I want you to help me win the bet, not to fight with Wei Jifeng.""

"Um...Master, what kind of gambling method is this?"

Jiang Tianshui said:"Fifteen days later, it will be the day of exchange between Tianshui Martial Arts School and Gale Wind Martial Arts School. This time it was held at our Tianshui Martial Arts School"

"At that time, students and instructors from both academies will come to watch, as well as nearby residents."

"Your junior fighting class has lost four times in a row. If you lose again this time, your junior fighting class will completely destroy the brand of our martial arts school, so you must win this time.

Speaking of this, Jiang Tianshui couldn't help but sigh:"Hey!" The business of our Tianshui Martial Arts School is no longer what it used to be. If it weren't for the intermediate fighting class and the advanced fighting class competing against each other with the Gale Wind Martial Arts School, the Tianshui Martial Arts School would have closed down long ago."

"To put it bluntly, it is your junior class that is holding us back. Now, people outside think that we are not good at teaching in the junior class, and all the new quasi-warriors have gone to the Hayate Hall.

Qin Chuan hurriedly said:"Master, Instructor Yue mentioned this matter." What do you mean, you want me to help the junior class win a game?"

"If you want to win the next round, with your kid's strength, it's not easy to win. Just because you win a round doesn't guarantee that the junior class will win. After all, the conference adopts a best-of-five-game system, so I...hehe....."

Having said this, Jiang Tianshui smiled evilly:"I want you to fight until the last round, and then defeat all five of them with one against five."

"Ha ha!! Only in this way can we have the greatest shock effect and let those people know that we, the junior class of Tianhe Martial Arts School, also have geniuses! Qin

Chuan smiled bitterly:"Master, do you think too highly of me?" With one against five, the opponent must be at least five peak quasi-warriors. Even a first-level junior warrior may not be able to win unless he has an intermediate level of strength. But this junior is just a peak quasi-warrior.

Jiang Tianshui smiled and said,"Don't belittle yourself!" You are not an ordinary peak quasi-warrior. Even if you do not have the strength of the first-level intermediate level now, you may be able to reach the first-level intermediate level after some special training.

Qin Chuan's eyes lit up:"Do you want me to be specially trained by the gymnast?""

"That's right! This time I will personally train you, which will definitely benefit you a lot. Little brother, are you willing to help me with this? Qin Chuan said hurriedly:"

Master, even if you come to train me specially, the junior may not be able to win against five people." If I lose, I will definitely become a laughing stock and laugh at me for being so arrogant! In short, the junior feels that the risk is not small.

Jiang Tianshui stroked his beard and asked,"What do you mean?" Qin

Chuan rolled his eyes:"What's the benefit? Rewarding me in advance can stimulate my enthusiasm.""

Jiang Tianshui was stunned.

Then he smiled and said: "Little guy, you don't let go of the eagle when you see the rabbit! Do not worry! As long as you win, I will teach you the famous martial art 'Blue Sea Tide Slash', how about it?"

"What if I lose? Jiang

Tianshui glared: "What's the point of talking about if we lose?" Of course there is nothing!

Qin Chuan suddenly said reluctantly: "Then I am not at a big loss!" Just make an empty promise and let me work for you. If I lose, my hard work will be in vain."

"It seems like you won't do it without giving you some benefit. Forget it, I have a martial arts skill here, so I'll give it to you first."

Hearing this, Qin Chuan's eyes shone.

Martial arts are extremely precious things. Many families keep them as treasures and never spread them easily.

Warriors with martial arts will be stronger.

Many first- and second-level warriors have no chance. Learn martial arts.

Even the guards of a big family like the Zhou family have to practice to the second level before they have a chance to acquire martial arts. This shows how precious martial arts are.

"Master, what kind of martial arts?"

"A water-based auxiliary martial skill - the Heart-Cleaning Curse. Here! This is the martial arts jade medal of Qingxin Curse!"

Jiang Tianshui casually threw Qin Chuan a dark yellow jade tablet that was three fingers wide and long.

The three words 'Qingxin Curse' were engraved on the front of the jade tablet.

This kind of martial arts jade tablet is a way for Tianfeng Continent to pass down martial arts..

As long as the vitality is input, the hidden skills can be activated.

Usually it can only be activated three times. After three times, the jade tablet will automatically collapse and turn into powder.

Judging from the color of this jade tablet, it has been activated. After two times.

A jade medal that has never been activated is white, activated once is light yellow, and activated twice is dark yellow.

"Thank you, host!"

After receiving the jade medal of martial arts, Qin Chuan was delighted.

He finally had his own martial arts..

Chapter 1435

"Thank you, host!"

After receiving the jade medal of martial arts, Qin Chuan was delighted.

He finally had his own martial arts....

"Master, what is the function of this Purifying Mantra?"

"It has great functions. After using it, it can make people feel peaceful."

"anything else?", Qin Chuan looked at Ge Fei Jiang Tianshui with expectation.

"besides.....hey-hey!...it seems to be gone.

Qin Chuan was so angry that he couldn't beat him:"Master!" Aren't you trying to deal with me? , What kind of broken martial arts is this! It's just a function that calms people's minds, but it's useless! It can neither be used for combat nor for assistance. It is useless at all!"

Jiang Tianshui's face turned red.

In fact, when he first received the Pure Heart Curse, he also cursed loudly.

He couldn't understand how such an idiot could create such boring martial arts in the world!

At that moment, he laughed awkwardly:"hey-hey! Little guy, although this martial arts is a bit rubbish, it still has some effect. For example, when you are arguing and get angry, you will inevitably do something outrageous. At this time, the Qingxin Mantra can help you quickly regain your composure....."

"Also, many warriors who have reached the second level may not have the opportunity to learn martial arts. No matter how rubbish the Heart Purifying Curse is, it is still a martial skill. Think about it, by the time you reach the first level of elementary training, you will have mastered a martial skill. How awesome is this!"

Jiang Tianshui tried his best to promote the Qingxin Curse.

Qin Chuan curled up his lips with a look of dissatisfaction.

"Oh, by the way, I remembered it. This Heart Purifying Mantra has another wonderful effect!"

"What's the magic?"

"That is, after practicing, there is a one percent chance of acquiring the talent of dual-tasking."

Qin Chuan's eyes lit up.

Dual-purpose!

This is of great use to him!

The ancient method of body refining requires dual-purpose, through practicing boxing to temper life energy.

It's just such a distraction, a lot of People cannot practice boxing well, and their skills are not running smoothly.

Most people are stuck in the introductory stage.

And Qin Chuan is a wizard in cultivation, and his six senses are astonishingly strong.

The stronger the six senses, the easier it is to do it. Because of this , the first time he used the body refining technique, he succeeded.

However, he still felt that it was a bit difficult to use distraction during the body refining process, and the boxing practice was not smooth.

No In addition, there is an essential difference between his dual-use of distraction and dual-purpose of single-mindedness. The dual

-purpose of distraction is the use of super strong six senses to do it forcefully. The dual-purpose of distraction is an instinctive talent without any stagnation.

If he can By being able to do two things at once, the problem of body refining will be easily solved.

At this thought, Qin Chuan's eyes shone, secretly thinking that this Purifying Heart Curse is not useless.

It would be great if he could gain the talent of doing two things after practicing it. Nowhere.

The only worrying thing is that it only has a 1% success rate, which is really too low.

At the moment, Qin Chuan put away the martial arts jade tablet.

At the moment, his water system has not broken through the first level and cannot Cultivation.

The minimum threshold for practicing martial arts is the first-level elementary level.

When Jiang Tianshui saw Qin Chuan put away the martial arts cards, he smiled and said:"How is it? This Purifying Mantra should be of some use, right? Qin

Chuan sneered:"Master, you are still fooling people!" The one percent chance is equal to no. Besides, I don't know yet whether it has that effect. Who knows if you made it up!"

"Huh! You kid!" Jiang Tianshui rolled his eyes in anger,"I have lived a long life and have never deceived anyone! There is really a one percent chance that this Heart Purifying Mantra can achieve the magical effect of dual purpose! Qin

Chuan said reluctantly:"Master, even if you are telling the truth, the one percent chance is too low." It's just a useless martial skill"

"Let's see if you can give me some more benefits. In this way, the boy will have some motivation to do things!"

"Forehead~!", Jiang Tianshui's old and thin face twitched.

This kid is simply a vampire!

Then, he reluctantly compromised and said:"Okay, you kid, you're reaching out for benefits before you've done anything. Well.....That's it! Jiang

Tianshui muttered and took out a green bottle.

He pulled out the cork and revealed green pills, exuding a refreshing fragrance.

"This is the Wood Spirit Small Juyuan Pill, forty-four in total. Although you are a water warrior and have no need for these, you can sell them in the market. Each one can be sold for at least ten gold coins, and these can be sold for at least four hundred and forty gold coins."

Jiang Tianshui stuffed the bottle of elixir with a painful look on his face.

"Thank you, host!"

Qin Chuan took it happily, and his heart was filled with joy.

Xiaojuyuan Dan is a pill that assists low-level warriors in their practice.

He has not yet practiced the Wood Spirit Art.

With this elixir, he can try to practice it.

Of course, It should be verified whether he has talent in the wood element.

Qin Chuan naturally doesn't know that he has merged with Qin Feng's true blood and can practice in the five elements.

In this vast world, no one can compare with Qin Chuan.

But Qin Chuan Chuan himself didn't know it yet!

And Jiang Tianshui didn't know either.

He sensed the fluctuation of water elemental power from Qin Chuan.

In his opinion, Qin Chuan was a water element warrior.

According to the rules of this world, he was talented in the water element. , the other four elements must be extremely poor, and there is no possibility of cultivation at all.

That's why he said that Qin Chuan didn't need those Wood Spirit Small Juyuan Pills.

But he said that Qin Chuan had collected the pills, and his mood suddenly felt better.

"Little guy, you've received the benefit. You have to perform well in the competition in fifteen days."

"Of course! Take people's money and help them eliminate disasters! That's what juniors should do. By the way, Gym Leader, you said before that when I win the competition, you will teach me the Blue Sea Tide Slash. Does this count?"

"Of course it counts!", Jiang Tianshui said with a serious face,"Boy, you are really a vampire! Qin

Chuan said with a playful smile:"Master, if we win, I will help Tianshui Martial Arts regain its reputation, and you will not suffer any loss!""..

Chapter 1436

"Of course it counts!", Jiang Tianshui said with a serious face,"Boy, you are really a vampire! Qin

Chuan said with a playful smile:"Master, if we win, I will help Tianshui Martial Arts regain its reputation, and you will not suffer any loss!""

"Little guy, if you accept my benefits, you must handle my affairs well. If you lose, hey!!"

Jiang Tianshui smiled strangely.

Qin Chuan suddenly felt something was wrong.

He hurriedly said:"If you lose, I will return all the benefits you gave me."

Jiang Tianshui's face was serious: "I will never take back the benefits I gave you. If you lose, you will stay in my martial arts school and work for a year, and I will give you a salary of one gold coin a month."

"What? Your salary is only one gold coin a month, you are too shameless!"

"snort! If you lose, the sign of our Tianshui Martial Arts School will be completely destroyed, and I won't be able to recruit anyone, and I won't be able to leave anyone to do miscellaneous tasks!"

"ah.....", Qin Chuan was a little confused.

This old guy still has this idea, and he really doesn't want to suffer.

Immediately, Qin Chuan said angrily: "It seems that I must win the bet."!"

"hey-hey! Boy, if I don't put some pressure on you, you won't know how to take it seriously. Don't worry, I don't want you to lose either. Starting from tomorrow, I will give you special training. However, before that, I want to try your skills myself!"

As soon as he finished speaking, Jiang Tianshui suddenly rushed towards Qin Chuan and grabbed Qin Chuan's face with one claw.

"what are you doing?! Qin

Chuan exclaimed, retreating sharply to avoid the claw.

"Boy, you can't practice hard by yourself. Real fighting skills can only be understood in battle. I control my strength to the level of a first-level beginner and fight with you to see how many moves you can hold on!"

While speaking, Jiang Tianshui continued to attack.

Qin Chuan suddenly realized.

It turned out that Jiang Tianshui was testing his ability to fight.

Qin Chuan also felt that there were not many opportunities for such a battle, so he quickly dealt with it with all his heart.

Jiang Tianshui did not give Qin Chuan a chance to breathe. Time, one move after another, the attacks are continuous, attacking the vital points, fierce and tricky. This is the first time Qin Chuan is fighting against someone, so he is inevitably flustered, his boxing skills are a little messy, and he is in danger for a while, and he will be defeated at any time.

If it weren't for his super strong six senses and the ability to listen to the wind and judge the position, which is comparable to a second-level warrior, he might not be able to survive a face-to-face encounter.

However, he is tenacious and dares to face him head-on.

After the initial panic, his Boxing techniques and rhythm are starting to look good

"not bad! Boy, I'm going to get real! The sublimation of fighting skills depends on life and death! You take the move!"

"old man! Stop talking nonsense! Just take action!"

"This little guy is tough-talking and hard-working, I like it! Ha ha!!"

Jiang Tianshui laughed, accelerated his attack speed, and disappeared from Zhang Shuier's eyes in a flash.

"So fast!"

Qin Feng was startled and instantly heard the sound of breaking through the air behind him.

He quickly made a wrong step and narrowly avoided a palm from behind.

"Huh!", Jiang Tianshui's tone revealed surprise.

"Boy, watch your move again!"

Jiang Tianshui struck immediately, faster than the previous move.

Qin Chuan's steps were wrong again, and he narrowly avoided it.

Jiang Tianshui's eyes were bright again, and his surprise was beyond words.

You know, he suppressed his own strength to the first level elementary level, but he did not hold back at all when he struck.

But he is a strong man after all. Even if he suppresses his cultivation, he can still use his weakness to gain strength.

Those few moves just now were difficult for even a first-level intermediate level to deal with, but Qin Chuan actually avoided them.

This Is this really the first time for this boy to learn fighting?

If so, this boy is definitely a prodigy!

Especially this boy's Ting Feng Bian position has been superb, better than many second-level warriors! The more

Jiang Tianshui tried, the more excited he became, As if he had found a treasure, he secretly thought that this time he would definitely surprise the Gale Wind Martial Arts School. In the blink of an eye, the two sides came and went, fighting each other for thirty times. Qin Feng actually became more courageous and stronger as he fought.

Originally, he was always at the disadvantage. trend, after thirty years of meeting, they pulled back the decline, and they fought vigorously with Jiang Tianshui, fighting each other.

Jiang Tianshui also became more and more happy as the war progressed.

He was extremely satisfied with Qin Chuan's performance, which completely exceeded his expectations

"Go for it!"

Suddenly, Jiang Tianshui shouted low, and his momentum surged.

He increased his combat power from the power of ten people to the power of sixteen people, which was equivalent to Qin Chuan.

Once his power changed, his speed increased dramatically. Three points later, he immediately found Qin Chuan's flaw and hit Qin Chuan's left shoulder with a palm.

Qin Chuan couldn't help but grunted and took seven or eight steps back before he regained his balance.

"alright! That's it for today!" Jiang Tianshui smiled with a smile on his face.

Qin Chuan looked depressed:"Master, you have raised your power to the same level as me, but I can't block your move. It seems that my fighting skills are still too poor.!

Jiang Tianshui quickly shook his head:"Boy, don't underestimate yourself!" I have been practicing this tiger-shaped boxing for more than fifty years, and you have only practiced it for one day. How can you compare with me? With the same fighting power, it would be considered normal if you can't even meet me."

"In fact, your performance just now completely shocked me. It can be said that your talent in fighting is definitely a genius among geniuses. Given time, you will definitely surpass me. Hearing this

, Qin Chuan felt a little better.

Jiang Tianshui added: "There is no shortcut to improving fighting skills except fighting." Tomorrow, I will start giving you special training, hoping to improve your fighting skills to a big level after the martial arts competition!

Qin Chuan was delighted: "Master, you must work hard!"

"Ha ha! See you tomorrow then!"

At that moment, the two chatted for a while and then left.

But not long after they left, in the corner of the yard, a black beetle the size of a copper coin was lying on the big tree.

At this moment, it moved, Then it spread its wings and flew out with a buzzing sound.

Not long after, the black beetle flew to a remote garden.

In the garden, a handsome and quiet boy in white was also practicing tiger-shaped boxing.

Suddenly, he looked up and saw The black beetle flew toward him and said with a smile: "Xiao Hei, you're here, is that Qin Chuan's boxing well practiced?"

The quiet boy stretched out his white palm.

Buzz~!

The black beetle flew into his palm, "Creak! Crack!" It flapped its wings and made a strange insect language. The quiet boy listened attentively, and after a while, he showed a smile.

"Only that old guy Jiang Tianshui could think of fighting one against five. However, how can it be so easy to fight one against five? Although Qin Chuan is the strongest peak-level quasi-warrior I have ever seen, he still can't defeat one against five!"

"No matter what, Tianshui Martial Arts Hall will definitely lose in this competition, and it will lose miserably. If Tianshui Martial Arts School loses five times in a row, how can they survive in the Western District? I have to tell my cousin about this quickly."

The corners of the quiet young man's mouth were slightly raised, revealing a proud smile.

If Qin Chuan were here, he would definitely find that this quiet young man is a member of the junior class.

In addition to Qin Chuan and Zhu Heng, who are peak quasi-martialists, there are three other people in the junior class Yes.

This quiet young man is one of the three people, named Xiao Yu.

But no one knows that Xiao Yu's cousin is the owner of the Gale Martial Arts School - Wei Jifeng.

At that moment, Xiao Yu took the black beetle in A small white cloth bag, and then quietly left the Tianshui Martial Arts School.

After leaving the Tianshui Martial Arts School, he quietly rushed towards the Gale Wind Martial Arts School..

Chapter 1437

But after Qin Chuan and Jiang Tianshui separated, they felt hungry, so they went to have a big meal outside the martial arts gym. After filling their stomachs, they went back to the martial arts gym to rest.

Time flies!

In a blink of an eye, it was the next day.

On this day, in the western suburbs of Shenyang City, outside the Wild Monkey Valley.

Outside the valley is a lush green shrub, as well as some trees several feet high, sparsely scattered throughout.

The mountain wind blows, and a hare runs away from the grass, adding a bit of life to the quiet valley outside.

At this time, an old man and a young man came from outside the valley. It was Qin Chuan and Jiang Tianshui.

"Old guy, why did you choose this place for special training?", Qin Chuan looked around

"It's remote here and no one will disturb you. It's a good place to practice."

"This place is at least thirty miles away from the city, and a round trip takes more than an hour. Isn't it a waste of time every time you do this?"

Jiang Tianshui curled his lips and said, "Who said we go back every day?" In the past few days, we have been dining and sleeping here, and training hard. Young man, let alone this little bitterness, you can't bear it, right?"

"Who said that? I'm worried that your old bones can't stand the cold wind at night

"Ha ha! The little guy is tough-talking, but he has a very bad temper with me. Come! Come! Come! Let's fight for a hundred rounds!"

"Just come!"

Immediately, the two found an open piece of grass and started fighting.

Qin Chuan knew that this was Jiang Tianshui giving him tricks.

The so-called special training was for an experienced master like Jiang Tianshui to work hand in hand with Qin. Sichuan practices sparring.

Such an opportunity is not available to everyone.

Only those who are descendants of big families will have seniors in the family who are willing to spend time to teach them moves. In many martial arts schools, students fight with each other. That way, progress is extremely slow.

It is said that those who are close to red are red and those who are close to ink are black. If you fight with the weak, you will naturally gain little experience, but if you fight with the master, you will often benefit a lot.

In this way, one old and one young started to fight against each other, like two tigers. , fighting each other, roaring and shaking the sky.

The whistling fist wind caused the weeds and leaves around to fly in all directions.....

For a while, the two men were fighting like sand and rocks, and the valley was shaking.

Some small animals such as hares and pheasants hidden in the bushes were also frightened by the huge noise and jumped out of the grass and far away from the place where the two were fighting.

In the blink of an eye, the two fought for more than ten rounds.

Finally, Qin Chuan groaned and was punched back by Jiang Tianshui.....

"Boy, that's good! I raised my combat power to the same level as you, but I didn't expect you to last more than ten rounds. Yesterday, you were repulsed the moment I met you."

Jiang Tianshui was filled with admiration.

Of course he didn't know that Qin Chuan had been working hard to practice boxing since he went back yesterday, and he had made great progress until midnight.

"Old guy, stop gossiping! Here we go again!"

Qin Chuan was repulsed and was very unconvinced.

"Ha ha! interesting! I appreciate your unconvinced energy!"

Jiang Tianshui laughed.

Then the two sides fought again.

Not long after, Qin Chuan was repulsed by Jiang Tianshui, but this time he persisted for three more rounds.

The progress was obvious to all!

Jiang Tianshui was impressed, and the two sides continued to sparring.

In this way, an old man and a young man started practicing hard in this valley.....

This practice lasts only one day.

Qin Chuan's progress frequently surprised Jiang Tianshui.

Time flies!

In the blink of an eye, ten days passed.

In the past ten days, under Jiang Tianshui's special training, Qin Chuan's progress has been rapid.

Now, under the same combat power.

Qin Chuan could see this for two hundred rounds under Jiang Tianshui.

According to Jiang Tianshui's evaluation, Qin Chuan's fighting ability is no less than that of a warrior who has trained hard for ten years.

But on this side, the two were fighting again.

Qinchuan roared like a tiger descending from the mountain.

In a daze, Jiang Tianshui had an illusion.

The young man in front of him was a real tiger. The aura of the king of beasts was breathtaking.

Bang~!

The two of them exchanged palms and each took a few steps back.

"Good boy! Having understood the true meaning of the King of Tiger-shaped Fist so quickly, you have already mastered Tiger-shaped Fist. That's it for today!"

Jiang Tianshui looked pleased.

The tiger-shaped fist was perfected, and Qin Feng had already started.

This was much faster than he expected.

"Hall Master, with my current comprehensive strength, how does it compare with first-level intermediate warriors?"

"Almost the same!", Jiang Tianshui explained, "Although your combat power is not as good as that of a first-level intermediate warrior, your ability to distinguish positions by listening to the wind is stronger, and your fighting skills are mature. When compared comprehensively, there is not much difference.

Qin Chuan smiled and said, "That's good!" I wonder, in the martial arts competition five days later, how likely am I to win?"

"If nothing else, more than 70%!

Qin Chuan was stunned: "Only 70%?"

Jiang Tianshui stroked his beard and said with a smile: "The chance of 70% is not small!" Don't underestimate the Gale Martial Arts School. This time I want to stand up. Wei Jifeng doesn't want me to completely collapse."

"If what I expected is true, he will also have special arrangements this time. If we go by the past, I think you are 100% sure of winning, but this time you can only be 70% sure. Qin

Chuan suddenly realized that it made sense.

Immediately, he frowned and said, "I'm only 70% sure. That's too unreliable." If you lose, I will have to work for you for a year. This is not okay!"

"Haha~! Little guy, are you impatient? Actually, you don't have to worry. We still have five days. If you practice hard these five days, your chance of winning should increase to 90%"

"In addition, if you increase your combat power to the first intermediate level, your winning rate will be even higher, maybe even 100%."

The combat strength of the first-level intermediate level is twenty people.

Qinchuan's current strength is sixteen people, which is still a little worse.

But it is too difficult to increase from sixteen people to twenty people in five days.

He also thought about using the method of body refining to improve his combat power.

But that day, he improved the strength of one person. He used the method of body refining to improve again, and found that the speed of physical improvement had slowed down a lot. He has not yet reached the level of seventeen people. Strength.

Obviously, the method of body training also requires the assistance of some external resources.

At that moment, Qin Chuan said: "Old guy, time is limited, we can't waste it, let's practice boxing again!"

"You are such a fighting maniac! You are not tired, but I am! Let's take a break first!"

"Don't rest! Practice with me for a while longer! watch out!"

As soon as he finished speaking, Qin Chuan suddenly took action.

"Ouch! You little bastard! It was a sneak attack!"

Now, Qin Chuan has extraordinary skills and his strikes are like lightning. Being attacked by this sneak attack, Jiang Tianshui was a little confused and swung away with his palm.

Bang~!

There was a muffled sound!

Jiang Tianshui punched Qin Chuan in the heart.

Qin Chuan suddenly bared his teeth and retched in pain, vomiting out a lot of sour water.

"Damn it~! "

Jiang Tianshui suddenly felt regretful.

He just forgot to control his strength.

Speaking of which, it was Qin Chuan who had greatly improved his strength, leaving him no time to control his strength.

"Old guy, could you be gentler? Didn't you agree to control your strength to the same level as me?"

Qin Chuan covered his heart in pain.

"Why! I already told you to stop and take a rest. Your sudden attack caught me off guard and I couldn't control the strength. Don't say that much. Are you okay?!"

Jiang Tianshui was extremely regretful.

He helped Qin Chuan up, injected his vitality, and checked carefully. He was relieved when he saw that Qin Chuan was not injured.

At the same time, he also secretly marveled at Qin Chuan's ability to resist the blow.

Change it to an ordinary person. The first-level warrior was already injured under his punch.

This kid was only a peak warrior, but he was punched by him, and nothing happened.

After a while, Qin Chuan regained his breath.

"Old guy, you don't have to be so cruel, right?! You said before that no matter how you attack, you can control the force. Why can't you do it this time? If this happens again, I won't play anymore!"

Jiang Tianshui laughed a few times, feeling a little embarrassed.

He also knew that he had made a mistake.

"Why! Little guy, I was careless just now. Well, the previous agreement is cancelled, and you can no longer play sneak attacks! If I say stop, I really need to stop!"

Jiang Tianshui was also helpless.

Qin Chuan was progressing too fast.

He could no longer handle the sneak attack calmly.

Hearing his words, Qin Chuan had a straight face. The boss was not happy.

Jiang Tianshui said with a smile: "Little guy, don't be unhappy. It was my mistake just now. As compensation, I will give you something tonic."

After saying that, Jiang Tianshui took out a small green gourd from his waist, half a foot in size.

Qin Chuan's eyes were immediately attracted to it....

Chapter 1438

After saying that, Jiang Tianshui took out a small green gourd, half a foot in size, from his waist.

Qin Chuan's eyes were immediately attracted to

"what? It's mysterious, show it to me!"

Qin Chuan took the gourd and shook it vigorously. He heard the sound of water. The gourd was probably half filled.

He opened the stopper and saw the liquid inside, as bright as emerald, exuding a refreshing aroma of wine.

"So delicious! What is this?"

"hey-hey! Little guy, this thing is a good thing! I spent a narrow escape to get most of the gourd. I've always been reluctant to drink it, but this time I've given you an advantage."

Speaking of this, Jiang Tianshui couldn't help but swallowed his saliva, and looked at the gourd in Qin Chuan's hand with longing eyes.

Seeing his greedy look, Qin Chuan secretly thought that the wine in the gourd must not be ordinary wine. This The benefits cannot be underestimated

"Old guy, you haven't told me yet, what's the use of drinking this stuff?"

"hey-hey! It's so useful! Drinking it can not only quickly restore physical strength, but also strengthen the body and increase strength. Generally speaking, one sip can increase your strength by five kilograms."

Qin Chuan was shocked:"One drink can increase your strength by five kilograms. If you drink two hundred sips, you can gain a thousand kilograms of strength!"

"Two hundred drinks? Little guy, do you think this thing is water? As much as you want? Jiang

Tianshui couldn't help but roll his eyes at Qin Chuan:"Are you going to drink it?" If you don't drink, pay me back! By the way, remember."

Qin Chuan quickly protected the gourd:"Drink! I drink! Who says I don't drink?

Jiang Tianshui reminded again:"Remember!" You can only take one sip, not more! It's not easy for me to get these!"

"Know it!"

After saying that, Qin Chuan raised his head and took a big sip, and drank more than half of the half-gourd of green liquid in one sip.

"Ouch!"

Jiang Tianshui screamed, grabbed the gourd, and looked at the small amount of green liquid in the gourd with great distress.

"You little brat!!"

Jiang Tianshui gave Qin Chuan a hard blow.

Qin Chuan rubbed his head and muttered: "You asked me to take a sip, and I only took one sip. I didn't take two sips."

"You...hey! never mind!"

Jiang Tianshui shook his head helplessly.

This kid was too cunning. He knew he had to admit that he was unlucky.

In order to avoid accidents, Jiang Tianshui drank the remaining spiritual liquid in one gulp.

After drinking, he licked his mouth, it seemed that he was not enjoying himself enough.

However, after Qin Chuan drank the spiritual liquid, he suddenly felt a refreshing fragrance entering his body, as mellow as fine wine, lasting for a long time.

Then, his Dantian burned like fire, seeming to contain violent energy. The energy quickly restored his tired body.

In addition, he was also pleasantly surprised to find that the spiritual liquid contained a large amount of life energy.

At this time, his body-refining technique actually operated automatically, actively absorbing those life energy.

Following this, his strength increased rapidly. In the blink of an eye, all the life energy was absorbed, and Qin Chuan's strength also increased by about a hundred kilograms in one fell swoop.

At this point, his combat power has quietly increased. Silently promoted to the strength of seventeen people.

All this was completed in less than a quarter of an hour.

Qin Chuan was overjoyed.

He figured out that the spiritual liquid in the gourd contained a large amount of life energy, which was just right. Absorbed by his body refining method.

In other words, for his future body refining, it is not enough to rely on the exercises alone. He also needs to collect some spiritual liquid containing life energy.

This accidental discovery made Qin Chuan feel great..

In addition, he also realized that a sip of the spiritual liquid just now can increase the strength of five kilograms for others.

A sip for him can probably increase the strength of twenty or thirty kilograms.

Because he has the ancient body refining method, he can Perfectly absorbs the life energy in the spiritual fluid and will not waste it in vain

"How do you feel, little one? Do you feel that your strength has increased?"

Jiang Tianshui buzzed with pride.

"The effect is not bad! What exactly is the spiritual liquid?"Qin Chuan still has some unfinished ideas.

"hey-hey!" Jiang Tianshui smiled and said nothing.

Then he looked at the sky and said,"It's getting dark! Today's special training ends here. You go collect some dry firewood while I hunt for prey. Tonight, we'll spend the night here"

"mean! Forget it if you don't say it!"

Under the setting sun, an old man and a young man began to bicker and work.

The mountain wind blew and the leaves rustled.....

When it gets dark, a bonfire is lit outside the Wild Monkey Valley.

An old man and a young man gathered around a campfire, eating barbecue and discussing cultivation issues.

It wasn't until late at night that the two of them had eaten and drank enough before falling asleep...

Early the next morning, Qin Chuan was sleeping soundly when Jiang Tianshui's call came to his ears.

"Little one, wake up!"

Qin Chuan rubbed his sleepy eyes, looked at the gray sky, and sat up reluctantly.

"Why are you waking up so early? It's not even bright yet!"

Looking at Qin Chuan's dazed look, Jiang Tianshui touched his head lovingly.

"Little one, don't sleep too much, there is a new special training plan today!!"

"oh! Qin

Chuan responded in a daze, and washed himself with the morning dew.

Then, the two re-roasted the game they had not eaten last night, and began to feast on breakfast.

"Old guy, what's the new special training today?"

At this moment, Qin Chuan's sleepiness has completely disappeared.

"Well!...."

Jiang Tianshui took a bite of the barbecue in his hand, chewed two big bites, and then said: "You are very proficient in the tiger-shaped boxing, and you have mastered the true meaning of the boxing. Taken together, you have reached the first limit in terms of fighting skills. Got it"

"In the next few days, if you continue to practice like this, you won't make much progress, and the improvement in your strength will be limited, so we need to change our strategy."

"So what is the new training?" Qin Chuan also ate a large piece of barbecue.

"Little one, you have a strong will to fight. It's a pity that your heart is not ruthless enough, so it is difficult for you to make breakthroughs in your fighting skills for the time being."

"Not cruel enough? So what can you do to make yourself cruel?"

"Only after experiencing real killing, a real battle of life and death, can you understand it. Qin

Chuan's eyes lit up: "Does your new training plan require me to experience a real life-and-death battle?"

"That's right!" Jiang Tianshui nodded, "Your current strength is infinitely close to the first-level intermediate level. You should be able to fight a first-level ferocious beast, so the following training will let you hunt down the first-level ferocious beast."

"OK!"

Qin Chuan's eyes were burning, and he was actually a little moved. He had long wanted to test his true strength.

When fighting Jiang Tianshui, both sides always had some restraint, and there are limits to improvement. The real sublimation of fighting comes from life and death. Between..

Chapter 1439

Seeing Qin Chuan's willingness to agree, Jiang Tianshui reminded him: "Little guy, when warriors of the same level face fierce beasts of the same level, the warrior usually has a higher chance of losing. Aren't you afraid?"

Qin Chuan said proudly: "What are you afraid of?! What I want is this kind of challenge! Only in this way can I put myself in a life-or-death situation and achieve a breakthrough!"

"Ha ha! good!" Jiang Tianshui laughed, "I like this fierceness in you. People who dare to be cruel to themselves! That's really cruel!"

"Where are we going to find the beast now? Jiang

Tianshui touched his beard and said mysteriously: "Little guy, do you know what the spiritual liquid I gave you to drink yesterday was?"

Qin Chuan's eyes lit up: "What is the spiritual liquid?"

"hey-hey! Let me tell you, that thing is Monkey Wine, a spiritual wine brewed by the monkeys in the Wild Monkey Valley."

"No wonder it tastes like wine when I drink it. Unexpectedly, it was brewed by monkeys. This monkey is so smart that he can actually make wine."

Jiang Tianshui said: "It's not unusual for monkeys to make wine. The monkeys in many places can make wine, but the wine they make is very different from the monkey wine in this valley."

"what is the difference?"

Jiang Tianshui explained: "Let's put it this way, although ordinary monkey wine is a spiritual wine, its effect is extremely limited and is only useful for warriors."

"The monkey wine in this valley can increase your strength by five kilograms after one sip. It is effective even for fifth-level warriors. It is extremely rare and extremely precious."

"I only discovered this secret by accident. Boy, I'm in love with you and that's why I'm telling you this secret. You must never tell anyone else!"

Jiang Tianshui gave a few serious instructions.

"do not worry! Only you and I know this secret! By the way, why is the monkey wine in this valley so strange?", Qin Chuan was very curious.

"hey-hey! You finally got to the point. Monkey wine is brewed by the Monkey King himself. The ordinary monkey king is just a first-level ferocious beast. Most of the monkeys and descendants under it are ordinary beasts, and at most there are a few mutated beasts."

The mutated beast is between a wild beast and a ferocious beast, equivalent to a human quasi-warrior.

Jiang Tianshui continued:"The monkey king in this valley is different. I also accidentally discovered that it is actually a fifth-level ferocious beast. , the appearance is also very different from the ordinary monkey king"

"It is covered in golden fur, huge in size, and physically very strong. Even if I fight it alone, I may not be its opponent."

"What's more, it also has more than twenty first-level wild monkey guards, more than two hundred mutant wild monkeys, and thousands of wild monkey citizens. When I face them, I can only run for my life. Not to mention those low-level warriors"

"It was by chance that I got a chance to get hold of a small gourd of monkey wine, and only then did I discover its secret. Qin

Chuan rolled his eyes:"Old guy, you have told me so much, do you want to take advantage of the monkey wine again?"

Jiang Tianshui chuckled:"Little guy, don't you want to drink that monkey wine?"

Having tasted the benefits of the monkey wine, Qin Chuan naturally couldn't resist the temptation.

He couldn't help but licked his lips:"Old guy, just tell me, what are you going to do?"

"This is my plan. I am responsible for luring the monkey king and most of the wild monkey guards away. You can sneak into the monkey king's cave and steal some monkey wine.

Qin Chuan smiled and said,"It's easy!" Jiang Tianshui said with a serious face:"

Little guy, don't underestimate that monkey king." I always feel that the monkey king is a bit weird, seems to be very smart"

"Even if I lure it away, it will still leave one or two wild monkey guards to guard the cave. You have to find a way to lure away the wild monkey guards left behind in order to steal the monkey wine."

"This is a bit difficult to handle!"

Qin Chuan frowned slightly.

Most of the first-level ferocious beasts of the Wild Monkey Guards have first-level elementary strength, but there are also first-level intermediate ones.

If he encounters two first-level intermediate ones, he will have a headache, and he will not even have the chance to escape. Very slim

"Little guy, this time is not just to steal monkey wine, but also to train you specially. When the time comes, I will be chased by the Monkey King and will have no time to take care of myself. Everything can only be done by yourself."

"At that time, you will have to face one or two first-level ferocious beasts alone, which may put you in a dilemma of life and death, but such an opportunity can also allow you to truly improve your fighting skills. Of course, if you don't want to take the risk, we can cancel the plan.

Qin Chuan said angrily:"Old guy, you look down on people too much." Although this is risky, the benefits will be huge. Besides, I'm not one to back down easily!"

"Good boy! I read you right!"

At that moment, the two began to discuss the detailed plan.

After the discussion, Jiang Tianshui gave the small green gourd to Qin Chuan to hold the monkey wine.

After doing this, the two officially set off for the Wild Monkey Valley..

Chapter 1440

After entering the Wild Monkey Valley, Qin Chuan discovered that the Wild Monkey Valley was much larger than he had imagined.

In the valley, there were dense forests and animals everywhere. On the road, they also encountered two low-level ferocious beasts, namely the first-level intermediate iron-backed wolf and the first-level high-level three-tailed fire fox.

If Qin Chuan encountered him alone, he would have no choice but to run for his life.

However, these two ferocious beasts were easily killed after Jiang Tianshui failed to hold on for three moves.

Only then did Qin Chuan see Jiang Tianshui's true strength.

This also made him respect Jiang Tianshui a little more. correct!

This old guy said that the monkey king was stronger than him.

If I meet the Monkey King alone, I'm afraid I'll be killed instantly!

Qin Feng suddenly felt bad when he thought of this problem.

I'm afraid this drinking trip will be more dangerous than he imagined!

"Little one, come here!", Jiang Tianshui interrupted Qin Chuan's thinking.

"What's the matter?"

"These two inner elixirs are for you! It's a reward for your hard training!"

Jiang Tianshui casually threw the two ferocious beast inner elixirs to him.

Qin Chuan was overjoyed and took the two inner elixirs happily, almost grinning.

Those two ferocious beast inner elixirs are worth mentioning. Three hundred gold coins.

Including the more than four hundred gold coins in his hand, his net worth reached more than seven hundred gold coins.

He planned in his mind that after the martial arts competition was over, he would go to the market to see if he could buy some enhancements. The elixir for water cultivation level can be used to break through to the first level in one fell swoop. In this way, he will be sure to take part in the Zhou family's guard assessment.

Thinking of this, Qin Chuan's face was full of smiles

"Little one, stop giggling! Just two inner elixirs! It makes you happy. Why don't you hurry up and hurry up? Do you want to wait until dark?"

"whee! Master, please hurry up!"

"Huh! Boy, I suddenly realized that you are very snobbish! You have never been so polite to me before. Could it be that just two inner elixirs bought you off?"

"there is? My respect for you can be seen in the sky and reflected on the earth, just like the rivers, the sun and the moon, it remains unchanged forever....."

"Really?! Why didn't I see it?" .....

In this way, the two of them bickered and rushed to their destination.

To cross a valley stream.

Qin Chuan saw from a distance that there was a large forest of wild peach trees ahead.

Many wild monkeys are playing and chasing each other in the trees

"Little one, don't make a sound! Don't disturb these monkeys!"

Jiang Tianshui pulled Qin Chuan behind a huge rock and secretly observed the monkeys in front of him.

"Old guy, these are just ordinary monkeys, at the beast level, what's there to be afraid of?"

"Hey! You don't know something! Although these monkeys are ordinary, they are sentinels. If you make any unusual move, you will alert the Monkey King in the lair. Qin

Chuan was surprised: "The Monkey King is so smart, he still arranges sentries?"

"Little guy, don't underestimate the wisdom of the monkey king. In fact, this place is still a little far away from the Monkey Valley. Pass through the peach forest in front and walk more than a mile further to reach the real Monkey Valley."

"The peach forest in front is the only way to enter the Monkey Valley. It is difficult to detour, so the Monkey King will set up an outpost here."

Hearing this, Qinchuan secretly thought that the Monkey King is indeed not simple.

"Old guy, what should we do next?"

"Wait and observe for a while before talking."

So, the two of them hid behind the boulder and observed secretly.

Qin Chuan counted more than thirty monkeys in this group.

Among them, five gray-haired monkeys were larger than ordinary monkeys, ranging from the top of their heads to the top of their heads. There is a long silver stripe on the tail vertebra.

Jiang Tianshui introduced that those five are mutant wild monkeys, also called silver striped monkeys, which are equivalent to the strength of quasi-warriors among humans.

In addition, there is a larger one The monkey has a golden stripe on its back. It is the wild monkey guard, also called the golden-striped monkey. It is a first-level ferocious beast.

Looking at the monkey in front of him, Qin Chuan's heart moved:"Old guy, you said that in this valley, Approximately how many monkeys are there?"

"Um! This is it....", Jiang Tianshui thought for a while, and then said:"At least there are five or six thousand of them!

Hearing this, Qin Chuan was shocked.

If he accidentally fell into such a huge group of monkeys, he would probably be without any bones. At this time, Jiang Tianshui continued:"Actually, this place was not called Wild Monkey Valley before, but Fenghuang Valley. It was about forty years ago that the name was changed to Wild Monkey Valley. The monkey group here began to grow rapidly forty years ago."

While the two were talking quietly, there was a sudden commotion among the monkeys in front of them..
