Chapter 1441

While the two were talking quietly, there was a sudden commotion among the monkeys in front....

The two people immediately looked forward and saw a blood-covered black panther rushing out of a bush in the peach forest ahead.

The black panther had an arrow stuck in his butt, and there were several stab wounds on his body that were deep enough to show the bone.....

The sudden appearance of the black panther scared the wild monkeys into screaming and running away into the trees.

The golden-striped monkey in the monkey group roared and rushed forward, blocking the black panther as if to protect the other wild monkeys.

The five silver-striped monkeys followed closely behind the golden-striped monkey and confronted the black panther.

Roar!

The black panther growled anxiously, not wanting to get entangled with them, and turned around and ran away in the other direction.

The leader of the golden-striped monkey saw a hint of greed in his eyes when he saw the black panther fleeing without a fight.

It could see that the black panther was seriously injured, so it didn't dare to confront them.

At that moment, it roared at the monkeys a few times, jumped a few steps, rushed in front of the black panther, and blocked its way.

The rest of the silver-striped monkeys and ordinary wild monkeys followed closely and surrounded the black panther.

It turns out that golden-patterned monkeys have always been spiritual.

Seeing that the black panther was seriously injured, it suddenly became greedy and wanted to kill the black panther in front of it and devour its inner elixir.

Ferocious beasts can promote their own evolution by devouring each other's inner elixir.

The black panther was surrounded by monkeys and suddenly became very frightened and angry.

"It's the second-level ferocious beast Black Clouded Leopard! This kind of ferocious beast rarely appears in Wild Monkey Valley, and it seems that it was hunted here. That golden-striped monkey is quite clever!"

Jiang Tianshui whispered to himself.

Qin Chuan held his breath and watched the development of the situation.

At this moment, the black clouded leopard roared violently and suddenly attacked.

It saw its iron tail twitching violently, and a silver-striped leopard was pulled away from its side. The monkey moved away a few meters, tearing a gap in the circle of monkeys.

Then, it rushed out and fled deep into the peach forest. In panic, the direction it fled was the direction of the Wild Monkey Valley.

Zhizhi. ~! Squeak~! Squeak~!

The golden-striped monkey was furious.

It roared a few times and led a group of monkeys to chase it.

In a blink of an eye, there was no monkey in the peach forest in front.

Jiang Tianshui was overjoyed: "God helps me." I also! Little one, let's get there quickly! Qin

Chuan was also delighted.

He did not expect that a seriously injured black clouded leopard would suddenly appear and lure away the monkey sentries. At that moment, the two walked out of their hiding place, quickly passed through the peach forest, and headed towards the Wild Monkey Inner Valley. But not long after Qinchuan and his wife left, another group of people appeared outside the woods.

There were seven people in the group, headed by a young man in brocade clothes and a tall, fair-skinned girl.

The young man in brocade clothes was about He was sixteen or seventeen years old, with red teeth and white lips, but a frivolous look on his face, full of playfulness. The girl looked about seventeen or eighteen years old, with a tall and bumpy figure, and a hint of natural charm in her beauty.

Behind the two of them, There are also five guards in white clothes, all of whom are second-level warriors.

On the cuffs of their guard uniforms, there is a blue flame mark embroidered on them, which is the emblem of the Nan family among the four major families in Shenyang City.

This group of people He is from the Nan family.

The leading boy is a direct disciple of the Nan family, named Nan Yu.

The tall girl is Nan Yu's cousin, named Lin Yue.

The four major families in Shenyang City: Nan, Yan, Wei, Zhou, and Yi The Nan family is the strongest

"Ninth Master, judging from the blood stains and claw marks on the ground, the black clouded leopard ran towards the north."

At this time, a guard in white looked around and reported to Nanyu.

Nanyu nodded slightly: "I know! Lin

Yue on the side covered her mouth and smiled sweetly: "Cousin, let's go chase him quickly!" Otherwise, the beast will run away again. That beast is very good at running. We chased it from Yunling to here, but we couldn't catch it! Nan

Yu felt her heart heat up when she saw Lin Yue's smiling face, and her expression immediately softened: "Don't worry, cousin, I will definitely help you hunt down that black clouded leopard!"

Lin Yue smiled charmingly: "Why don't you hurry up and chase after me?"

"Walk!"

Nanyu waved his hand and led everyone to chase the black clouded leopard in the direction where Qin Chuan and Jiang Tianshui entered.....

But on the other side, Qin Chuan and Jiang Tianshui entered the valley smoothly.

As soon as he entered the inner valley, Qin Chuan found that the space was much wider.

In order to avoid alerting the monkey king in the valley, he and Jiang Tianshui tried their best to avoid the golden-striped monkey's departure route.

Soon, the two of them reached the depths of the valley. From a distance, they could see the fruit trees in the valley, with thousands of wild monkeys playing in the forest.

There are many silver-striped monkeys and golden-striped monkeys among the wild monkeys.

The two of them hid themselves and observed the situation in the valley from a distance.

Qinchuan discovered that there were three towering trees fifty or sixty meters high in the fruit forest, which were different from the surrounding fruit trees and were full of green fruits.

There is a golden-striped monkey on each of the three towering fruit trees, and there are dozens of silver-striped monkeys under the trees, seemingly guarding the three fruit trees.

"Little one, have you seen it? Those three fruit trees are called monkey trees, and the fruits they produce are called monkey fruits, which are the main raw materials for brewing monkey wine."

"The older the monkey tree is, the more energetic the monkey fruit it produces will be, and the better the monkey wine will be. Jiang

Tianshui pointed to the three towering fruit trees and introduced them to Qin Chuan.

"Old guy, how old are those three monkey trees?"

"It has been at least three hundred years, which is more than enough for brewing monkey wine. In fact, the Monkey Fruit itself is a wood-type spiritual fruit, which is very useful to wood-type warriors below the first level."

Qin Chuan's eyes lit up when he heard this.

He secretly thought that after stealing the monkey wine, he could pick some monkey fruit, which should be helpful for him to practice the Wood Spirit Art.

Speaking of which, he There are still more than 40 Wood Spirit Small Juyuan Pills in his hand that have not been used.

He plans to learn the Wood Spirit Technique before taking the preliminary guard assessment.

In this way, he can use water to make wood and wood to make fire. In the future, he can lay the foundation for practicing the Zhou family's Divine Fire Art.

Qin Chuan also believes that with the elixirs in his hands and some monkey wine and monkey fruit, he will be able to cultivate the wood energy to its peak before preparing for the guard examination. Quasi-martial artist level, even higher..

Chapter 1442

At this time, Jiang Tianshui's voice sounded in Qin Chuan's ears.

"Little guy, have you seen that cave?"

Su Tianhe pointed forward.

Qin Chuan followed the sound and saw a cave entrance with a diameter of more than ten feet high under the cliff of the valley.

The entrance of the cave was more than ten feet high from the ground.

There were seven or eight golden-striped monkeys guarding around it. Ten silver-striped monkeys.

Ordinary wild monkeys dare not approach the cave entrance and stay far away.

"Is that cave where the Monkey King lives?", Qin Chuan asked casually

"That's right! The monkey wine is hidden in that cave. Later, I will go into the cave to lure away the monkey king, and you will take the opportunity to enter the cave and steal the monkey wine."

"good! Jiang

Tianshui thought for a moment and then handed Qin Chuan a dagger.

"Little one, this dagger is for you to defend yourself. If you can steal the monkey wine, then steal it. It doesn't matter if you can't steal it, your life is important.

Qin Chuan smiled and said: "Don't worry, old guy, I know what's appropriate!"

"That's good, I'll go"

"Old guy, you have to be careful.", Qin Chuan warned seriously.

Jiang Tianshui felt warm in his heart, turned around and said with a smile: "Boy, you still have a conscience."

As soon as he finished speaking, he dodged and quietly concealed himself towards the entrance of the cave.....

Qin Chuan hid behind the tree and watched Jiang Tianshui's every move nervously.

After Jiang Tianshui touched near the entrance of the cave, he suddenly appeared and rushed into the group of silver-striped monkeys guarding the entrance of the cave. He raised his hand and killed two silver-striped monkeys, causing a commotion among the monkeys.

Roar~! Roar~!

Roar~!

Immediately, the monkeys became furious and roared wildly.

In the blink of an eye, dozens of golden-striped monkeys and silver-striped monkeys rushed toward Jiang Tianshui.

Jiang Tianshui shot repeatedly, killing several silver-striped monkeys, and then broke out of the monkey group and turned around.

Roar~!

But at this moment, a shocking roar came from the cave, causing the valley to shake and all the beasts to be shocked.

Immediately, a golden shadow rushed out of the cave like lightning and rushed towards Jiang Tianshui.

When Jiang Tianshui saw Jin Ying, his face changed slightly, turned around and ran away

"Monkey King!"

Qin Chuan couldn't help but exclaimed when he saw the golden shadow clearly.

He saw that the golden shadow was a giant monkey with golden hair all over its body, bigger than the golden-striped monkey, and quite ferocious in appearance.

It was exactly that The terrifying fifth-level monkey king!

Roar~!

At this time, the monkey king also recognized Jiang Tianshui.

This old man was the human who stole the monkey wine last time.

It suddenly became furious and rushed towards Jiang Tianshui with all its strength.

Jiang Tianshui did not dare to fight After being entangled, he turned around and ran away.

Roar~!

The monkey king roared and chased after him.

At the same time, the monkeys in the valley got the order and rushed towards Jiang Tianshui.

As a result, a shocking scene appeared in the entire valley.

A The skinny old man desperately fled out of the valley. Behind him were thousands of wild monkeys chasing him. The scene was majestic and shocking.

In the blink of an eye, all the golden and silver-striped monkeys guarding the entrance of the cave were gone.

"it's time!"

Seeing the Monkey King and the monkeys running away, Qin Chuan secretly thought that the opportunity had come.

At that moment, he dodged and dived towards the entrance of the cave.

He had to steal the monkey wine in the shortest possible time.

If the Monkey King returned, His life was definitely in danger.

The risk was not small!

In just a moment, Qin Chuan came to the entrance of the cave and immediately ducked into the cave.

After entering the cave, he found that the cave was very spacious and the air was dry and cool.

In the center of the cave, there was a There was a large rough stone trough.

There was a pool of emerald green liquid in the trough, exuding an alluring aroma of wine. It was exactly the monkey he wanted.

"It smells so good!"

Qin Chuan walked to the stone trough in surprise, untied the gourd from his waist, and began to fill the gourd with monkey wine.

But before he could fill it to a third, a gust of wind suddenly sounded behind his head.

Qin Chuan's face changed drastically, He hurriedly dodged sideways.

Whoa~!

Bah~!

There was a sound of tearing cloth!

Qin Chuan narrowly avoided the sneak attack from behind. He only had one long sleeve, which was caught into several long strips of cloth and hung on his arm. Go up.

At the same time, Qin Chuan felt a burning pain on his arm.

He looked down and saw three long blood marks on it.

He looked up again and saw a ferocious golden-striped monkey. , was staring at himself angrily.

The one who attacked him just now was the golden-striped monkey in front of him... It turned out that this golden-striped monkey was the secret guard left by the Monkey King, and had been hiding in a dark corner of the cave.

That one The corner is very tricky and was specially set up by the Monkey King.

Last time, after Jiang Tianshui stole the monkey's wine, the Monkey King realized that the defense of the lair needed to be strengthened, so he arranged the corner and left a golden-striped monkey as a secret guard..Jiang

Tianshui didn't know about this matter.

And Qin Chuan also fell into the trap.

"so close!"

At this moment, Qin Chuan looked at the injury on his arm, and some cold sweat broke out on his forehead.

Just now, he noticed the movement of the golden-striped monkey.

He also narrowly avoided the sneak attack.

This was thanks to his super six senses.

If it were another first-level warrior, he would have been successfully attacked by the golden-patterned monkey..

Chapter 1443

Unexpectedly, there is a golden-striped monkey left here!

Qin Chuan silently put away the gourd and confronted the golden-striped monkey.

His visual inspection showed that the strength of the golden-patterned monkey in front of him reached the first-level intermediate level. Even if a first-level intermediate warrior faced it, he would lose more than he would win.

Qin Chuan's comprehensive strength is only infinitely close to the first-level intermediate level.

With such a comparison, he shouldn't be able to deal with the golden-striped monkey in front of him.

"I have to get out of here as soon as possible without getting entangled with it! Otherwise, when the Monkey King comes back, I won't be able to leave even if I want to."

Thinking of this, Qin Chuan swayed and rushed towards the entrance of the cave.

Whoa~!

The golden monkey was faster and turned into a gray light, instantly blocking the entrance of the cave, blocking Qin Chuan's way.....

"Evil beast! Get out of here!"

Qin Chuan used a move of the black tiger to dig out the heart of the golden-striped monkey, and directly attacked the heart of the golden-striped monkey.

Squeak~! Squeak~! Squeak~!

The golden-striped monkey bared its teeth and claws and screamed a few times, then waved its sharp claws and went up to fight.

One man and one monkey, and there was a big fight. Together.

After fighting for just a moment, Qin Chuan was horrified to realize that he could not escape.

It turned out that the golden-striped monkey was much faster than him. Even if he broke out of the golden-striped monkey's blockage, he would be killed in the next breath. The golden-striped monkey caught up.

As a result, he was tightly entangled by the golden-striped monkey and could not escape.

Bah~!

There was another burst of cloth cracking!

Qin Feng was caught in the back, leaving five more There were bloody claw marks.

He endured the burning pain and jumped back quickly to distance himself from the golden-striped monkey.

After only ten rounds of fighting, he was injured again.

Obviously, he was no match for the golden-striped monkey.!

Qin Chuan frowned, worried.

What to do?

He can't escape, and he can't fight!

If this continues, the golden-striped monkey in front of him will kill him without waiting for the Monkey King to come back! The more Qin Chuan thinks about it, the more anxious he becomes.

But before he could think about it, the golden-striped monkey pounced on him again.

In a flash of light and shadow, the golden-striped monkey dodged to Qinchuan's side and behind him, entering the blind spot of his sight. Its two sharp iron claws fiercely clawed at the skull.

Qin Chuan Although he couldn't see the golden-striped monkey's attack, he could hear the sound and identify its position. He quickly turned sideways to avoid the golden-striped monkey's attack.

At the same time, he turned around and jumped up, leaping over the mountain stream to attack the golden-striped monkey in mid-air..Shua

~!

But at this moment, a strong wind came from the side.

Immediately afterwards, a whip shadow came in front of Qin Chuan and whipped directly towards his face. It was as fast as lightning, making people unable to avoid it..

In the critical situation, Qin Chuan could only block it with his arms.

Snap!

There was a crisp sound!

The shadow of the whip hit Qin Chuan's arm hard.

He groaned, and his whole body was whipped repeatedly by the whip. Backing up, he unknowingly retreated into the cave. His whole arm felt a heartbreaking pain, as if it had been severed. For a moment, he couldn't even lift it.

It was at this moment that Qin Chuan saw clearly that the whip shadow was Jin. The tail of the golden-patterned monkey.

It turns out that the tail of the golden-patterned monkey is one of its trump cards.

After repeated setbacks, Qin Chuan suddenly felt that the situation was not good!

If this continues, he must die.

Especially now, his entire right arm is He was numb, unable to move at all, and his strength was greatly reduced.

This was not the way to go!

He had to find a way to solve the crisis in front of him.

The more Qin Chuan thought about it, the more anxious he became.

At this moment, the golden-striped monkey pounced on him again.

Qin Chuan had no choice but to bite the bullet and fight.

Whoa~! Whoa~! Whoa~! Bah~! Bah~!

One arm could not move. As soon as the two sides fought, Qin Chuan was at a disadvantage.

After a few rounds, he had another There were a few scars, and the situation was getting worse and worse.

Damn it!

I can't die here!

Qin Chuan became more and more anxious as he fought.

Hey! That's right!

Suddenly, a light flashed in his mind, and he seemed to have thought of something, and he hurriedly backed away. Retreat, take the initiative to retreat to the cave.

Zhi~! Zhi~~!Squeak~!

The golden-striped monkey roared mockingly.

Its purpose is to prevent Qinchuan from escaping, and then wait for them, the monkey king, to come back and tear Qinchuan into pieces.

The funny thing is!

This human seemed to know that he was outmatched and actually retreated into the cave.

Thinking of this, the golden-striped monkey was very proud.

At this moment, Qin Chuan quickly took off the gourd from his waist and was about to pull out the stopper and take a sip.

It turned out that he had thought that monkey wine could increase his energy and quickly improve his strength.

Squeak~! Squeak~! Squeak~!

When the golden-striped monkey saw Qin Chuan picking up the gourd, he felt something was wrong and rushed over.

With a flash of light and shadow, the golden-striped monkey rushed in front of Qin Chuan. Without giving him a chance to pull out the wine cork, it launched a crazy attack with its two sharp claws.

Qin Chuan hurriedly dodged left and right, surrounded by dangers, and was suddenly in a panic, let alone taking the time to drink.

The attack speed of the golden-striped monkey was getting faster and faster, gaining the upper hand.

Suddenly, there was a muffled groan!

Qin Chuan couldn't dodge, and his right thigh hurt. He was scratched by the claw of the golden-striped monkey, and blood flowed out.

Suddenly, his right leg went weak and his dodge speed slowed down a bit, unable to avoid the second oncoming claw.

Huh~!

That claw directly hit Qin Chuan's chest, leaving five deep claw marks on Qin Chuan's body, which were as deep as the bone.

Blood gurgled out from the wound and soaked the clothes on his chest in a moment.

Qin Chuan grimaced in pain.

But before he could take a breath, the golden-striped monkey attacked him again.

In panic, Qin Feng smashed the gourd in his hand at the golden monkey.....

Huh~!

The sound breaks through the air!

The green gourd flew across!

The golden-striped monkey's expression changed slightly, he stretched out his paw and hurriedly reached for the gourd.

It knew that the gourd contained a lot of monkey wine, and it must not break the gourd.

Otherwise, the monkey wine will be spilled all over the floor and wasted.

The Monkey King asked him to be optimistic about the spirit wine, so naturally he could not reduce the amount without any reason, otherwise he would be suspected of stealing.

At that moment, the golden-striped monkey stretched out its paw and carefully touched the gourd in the air.

Qin Chuan's eyes lit up, secretly thinking that the opportunity had come.

He hurriedly dragged his injured body, enduring the shattering pain, and with a quick step, he threw himself towards the stone trough behind him.

There is a large amount of monkey wine in the stone trough.

As soon as I pounced next to the stone trough, I was greeted by the refreshing aroma of wine.

Qin Chuan said nothing, lying on the stone trough and drinking directly.

After the monkey drank a lot of wine, the majestic life energy spread out in his body.

The body-building exercises work automatically!

Start frantically absorbing the life energy in the monkey wine!

At that moment, Qin Chuan's injuries healed automatically at a speed visible to the naked eye.

His strength also skyrocketed crazily..

Chapter 1444

At that moment, Qin Chuan's injuries healed automatically at a speed visible to the naked eye.

His strength also skyrocketed crazily...

This change made Qin Chuan extremely happy. He drank a few more sips, and his whole body felt relieved and his strength greatly increased.

At this moment, the golden-striped monkey caught the gourd.

When it saw Qin Chuan secretly drinking monkey wine, it became furious and rushed over desperately.

Qin Chuan was drinking vigorously when he heard a sudden sound of wind behind his head and quickly moved sideways to avoid the attack of the golden-striped monkey.

The golden-striped monkey pounced with one move, and then swept with another claw.

"roll!"

Qin Chuan directly met him with a punch.

Bang~!

There was a loud noise!

One person and one monkey were knocked back at the same time.

Only Qin Chuan took seven or eight steps back, and the golden-patterned monkey took six or seven steps back.

The gap in combat power between the two sides became smaller!

This This is the miraculous effect of monkey wine.

Qin Chuan was so happy that he took the initiative to pounce on the golden-striped monkey.

"Evil beast! go to hell!"

As soon as he pounced on him, he fought with all his strength, and the ferocity in his bones completely exploded.

Bang~! Bang~! Bang~!

Squeak~! Squeak~! Squeak~!

Both sides came and went, killing each other until the sand flew away., blood flew everywhere, extremely tragic!

It turned out that Qin Chuan used a desperate style of play, only attacking but not defending, exchanging injuries for injuries.

His original strength was not as good as the Golden Monkey.

But at this time, with a desperate fight, the golden-striped monkey threw the rat weapon, and it turned out to be a draw.

What's even better is that the monkey wine Qin Chuan just drank has not been completely digested. Under the automatic operation of the body training method, it is absorbed and transformed all the time, like the blessing of the healing medicine.

In this way, no matter how many injuries he suffered, he could recover in a very short time.

The golden-striped monkey did not receive such treatment, and could not recover after being injured.

In the case of exchanging injuries for injuries, Qin Chuan became more and more fierce as he fought. Not only did his momentum not drop, but his combat power continued to increase.

The golden-striped monkey was not injured at first, then suffered minor injuries, and then the minor injuries continued to accumulate and gradually turned into serious injuries.

Finally, a scream!

Qin Chuan broke the golden-patterned monkey's arm with one punch.

The gourd it held in its claws also fell down uncontrollably.

Immediately, it glanced at Qin Chuan in horror, turned around and fled out of the cave, not daring to fight Qin Chuan again.

The human being in front of it is too scary for it.

Fight without risking your life!

Seeing the golden-striped monkey escaping, Qin Chuan breathed a sigh of relief and was overjoyed.

He didn't pursue it, and he didn't have the strength to pursue it.

Besides, he still had business to do.

At this moment, Qin Chuan was almost covered in bruises, his clothes were stained with blood, and his whole body exuded a strong murderous aura.

In fact, the golden-striped monkey was even more miserable.

Qin Chuan plucked all the monkey hair from his body, turning him into a hairless monster. One of the monkey arms was broken by Zhang Shui'er, and he was afraid that it would be crippled.

In short, after experiencing this life and death battle, Qin Chuan's fighting skills have been sublimated and his strength has greatly increased.

With his current strength, he is completely comparable to a first-level intermediate warrior.

What's more, he can continue to improve his strength.

The monkey wine in front of you is a great tonic for improving your strength!

Thinking of this, Qin Chuan picked up the gourd on the ground, pulled out the stopper, and drank the monkey wine inside.

The method of body refining operates automatically!

Countless life energy can be absorbed!

All the fatigue in his body disappeared, and his strength increased again.

Qin Chuan was secretly happy.

With the monkey wine to replenish his physical strength, he suddenly felt more energetic.

By the way, I have been fighting with the golden-striped monkey for so long. The monkey king is coming back soon!

When he thought of the Monkey King, Qin Chuan felt anxious and hurriedly walked towards the stone trough.

He encountered a first-level golden-patterned monkey, and both fought to the death.

If you encounter a fifth-level monkey king, you will definitely die.

Thinking of this, Qin Chuan didn't dare to stay even more.

He walked to the stone trough in a few steps, where there was still more than half of the monkey wine.

These monkey wines are good things. If you can take them away, take them away. If you can't take them away, drink them up.

After filling the gourd, Qin Chuan saw that there was still a lot, so he lay down on the stone trough and drank heavily.

After taking more than a dozen sips, he drank all the monkey wine in the stone trough, leaving only some pomace left over from the wine.

Qin Chuan's belly was also bulging, and his cheeks were slightly red, with a hint of alcohol.

After drinking a lot of monkey wine, the body refining method automatically operates and absorbs those life energy.

Qin Chuan's strength continued to increase, and his injuries continued to recover.

In just a moment, 90% of his injuries recovered, and his strength increased to the strength of nineteen people, and it continued to increase.

This change made Qin Chuan very satisfied.

This adventure of stealing wine has been very rewarding!

At that moment, he hung the gourd on his waist and prepared to leave.

But at this moment, there was a commotion outside the cave, followed by the screams of monkeys, running towards the entrance of the cave.

Qin Chuan's expression changed drastically. not good!

Could it be that the Monkey King is back?!...

Chapter 1445

Just when Qin Chuan was shocked.

Another strange change occurred outside the cave, and the monkey's scream turned into a scream.

Then, the voices of several people were heard

"Cousin, this golden-striped monkey seems to have been injured.", a charming girl's voice

"Never mind it! Cousin, let's take out its inner elixir first."

This is the voice of a young man

"whee.....! Cousin, you are always so impatient. Don't you think it's a little strange? Why is there only one monkey in the Wild Monkey Valley today, while all the other monkeys have gone there?"

"Well, it's a little weird. Cousin, let's not worry so much. Look, there is a cave in front of you. It should be where the Monkey King lives. Maybe there is monkey wine in it. Let's go in and have a look."

"OK!", the girl happily agreed.

The young man's voice said again: "You guys go over there to pick monkey fruits. My cousin and I went into the cave to look for monkey wine. After you finish picking the monkey fruits, just report outside the cave. You are not allowed to come in without my order."

"yes!"

Then I heard the footsteps of several people walking away.

Hearing these conversations, Qin Chuan secretly breathed a sigh of relief.

Fortunately, it was a person who came, not the Monkey King.

At this time, footsteps came from outside the cave.

Qin Chuan's heart moved. , with a flash of figure, he hid in a dark corner of the cave.

It was the place where the golden-striped monkey hid before.

That corner was the most hidden and could not be seen by ordinary people.

Qin Chuan did not know whether the man and woman who came were friends or enemies. , it is better to hide first and wait and see what happens.

As soon as he hid his figure, two people came in from outside the cave.

Qin Chuan looked secretly and saw that one was a dandy boy with a frivolous expression. The other was a tall and beautiful girl.

These two people were Nan Yu and his cousin Lin Yue.

After chasing the black clouded leopard, they came here accidentally and happened to see the golden-striped monkey injured by Qin Chuan.

The group of people chased after the golden-striped monkey. The monkey was killed.

At this time, Qin Chuan discovered that Nan Yu and Lin Yue were both first-level warriors.

He immediately held his breath and did not dare to be careless.

"Cousin, it seems we are late, the monkey wine here has already been taken away."

At this moment, Lin Yue walked to the big stone trough in the center of the cave. After taking a look, she sighed regretfully.

Nan Yu said indifferently: "If it's gone, it's gone! This monkey wine is only useful for warriors, not of much use to us."

"That being the case, why do you insist that I come with you to find Monkey Wine? Have you not...."

Lin Yue raised her head, bit her red lips, and looked at Nan Yu with a charming look on her face.

"Cousin, you know..."

Nan Yu approached Lin Yue with a smile, her eyes burning.

"You are bad!"

Lin Yue pushed Nan Yu angrily.

Nan Yu smiled evilly: "Cousin, we haven't seen each other for a long time....."

Lin Yue rolled her eyes at him charmingly: "Those guards are all outside!"

"Don't worry, they don't dare come in without my order....."

"You are so bad, why do you always bully others?"

"If you don't bully me, I won't have a chance. In a few days, my cousin will marry the fourth young master of the Zhou family."

"You still have the nerve to say it. Lin Yue squeaked, "You know that she is Master Zhou's fiancée, yet you still come to seduce her." What did you say you did?"

"hey-hey! Cousin, this is called fat water not flowing to outsiders."

"Go to hell!" Lin Yue cursed in embarrassment, "Aren't you afraid that people will find out about us? If someone finds out, even your Nan family can't save your life and mine."

"hey-hey! If you don't tell me, if I don't tell you, who else will know?"

Nanyu again...

In the corner, Qin Chuan felt bad when he saw this scene.....

Although he is only twelve years old and knows little about men and women, he still has a clear understanding of what is immoral and what is ethical.

The pair of cousins in front of them, one of whom is already the fiancée of another, yet they have an affair with their own cousin, is really a loss of morals.

From the previous conversation between the two, Qin Chuan had already guessed that Nanyu was from the Nan family in Shenyang City.

If word about them spreads, it will definitely affect the relationship between the two major families of Nanzhou and Zhou Dynasty, and even make the Nan family lose face.

The fate of these two people ranged from their reputations being ruined to their lives being lost.

Qin Chuan naturally didn't want to meddle in other people's business.

Fortunately, he broke into the secret between the two of them.

Now, if he showed up, the man and woman in front of him would definitely kill him and silence him.

But the crux of the problem is not yet here.

If it were normal, Qin Chuan would have stayed hidden and waited for the two of them to leave before leaving.

But right now, this is the Monkey King's lair.

I'm afraid it won't be long before the fifth-level monkey king returns.

By then, he would have no chance to escape.

Looking at Nan Yu and Lin Yue's lingering posture, they didn't want to leave for a while.

"What a couple! You want to die, but I don't want to die yet. If it continues like this, when the Monkey King comes back, it will be completely over."

Qin Chuan muttered in his heart and couldn't help but curse.

The more he thought about it, the more anxious he became. The fifth-level monkey king and the huge group of thousands of monkeys would die even if the fifth-level master was trapped in the cave.

What's more, he Only the first level of strength

"These two people also brought several guards with them, and it was unknown what the strength of those guards was. do not care! Expose it! Expose it! Against them, I at least have a glimmer of hope. If I face the Monkey King, I won't even have the slightest chance!"

Thinking of this, Qin Chuan's heart twitched and he was ready to escape..

Chapter 1446

Qin Chuan dodged, rushed out from the corner, and rushed towards the entrance of the cave, trying to escape.

"oops! Someone!", Lin Yue screamed in fright

"who?!"

Nanyu flashed and blocked the entrance of the cave, blocking Qin Chuan's path.

"Get out of here!"

Qin Chuan attacked Nan Yu with one palm.

Nan Yu also met with one palm.

Bang~!

The two palms met!

Qin Chuan stood motionless on the spot, but Nan Yu took several steps back and was at a disadvantage.

After drinking so many monkeys Erjiu, Qin Chuan's combat power has reached the strength of twenty-two people.

Nan Yu has just reached the first-level intermediate threshold, and is a bit weaker than Qin Chuan.

"No more company!"

Qin Chuan sneered and was about to leave.

"Want to leave?! Not that easy!"

Nan Yu instantly drew out the long sword from his waist, held the sword flower in his hand, and attacked Qin Chuan several times with his sword.

The sharp sword energy immediately forced Qin Chuan back to his original position.

"Boy! Can you leave?"

Nanyu held a long sword in his hand and blocked the entrance of the cave.

Qin Chuan frowned and looked at Nanyu coldly.

The two confronted each other at the entrance of the cave.

"hehe! It turns out that you are just a peak quasi-martial artist. Seeing that you are covered in blood, you are seriously injured, right?!"

At this time, Nan Yu saw Qin Chuan's cultivation clearly, and raised the corner of his mouth with a disdainful sneer.

He secretly thought in his heart that the palm just now must have been my illusion. With this kid's cultivation, how could he be better than mine? The strength is still strong.

Hey! It seems that during this period, I have exhausted too much energy on my cousin, and she is a little weak. I will go back and get some supplements to replenish my body.

It is true that Qin Chuan's cultivation level is not high and he is young. Nanyu didn't believe that Qin Chuan could be stronger than him.

After all, he was also a son of a wealthy family, and he was considered a leader among any younger generation.

How could a young leader like him be replaced by an eleven or two-year-old? The children who are 20 years old have been compared with each other.

"Get out of my way! I don't want to interfere with your affairs!"

Qin Chuan glanced at Nan Yu with disgust.

He was really worried about the Monkey King rushing back and didn't want to get entangled.

As soon as he finished speaking, he rushed towards the cave entrance again

"Little bastard! You must die here today!"

Nanyu stabbed Qin Chuan in the chest with a sword.

"court death!"

Qin Chuan turned his right hand, and a cold light flashed, revealing a dagger. It was the self-defense dagger Jiang Tianshui gave him.

Then, he made another mistake with his foot, avoiding the long sword, and leaned forward, stabbing Nanyu with the dagger. Throat.

Nan Yudun felt a fatal crisis and was so frightened that he quickly backed away.

Qin Chuan sneered and stepped forward, the dagger never leaving Nan Mingyu's throat.

If he didn't take action, he would do it. Once he did, he would definitely use all his strength.

"What a speed! You are not a top quasi-warrior!"

Nan Yu was so frightened that she broke into a cold sweat.

In a hurry, he defended himself with his long sword, trying to block the dagger's attack.

Qin Chuan's eyes flashed with disdain, and with a cold light in his hand, he held the dagger upside down and turned to the left. He scratched Nanyu's wrist in one stroke. Nanyu screamed in pain and couldn't hold the sword anymore. As soon as his hand was loosened, the sword fell to the ground.

Whether it was a comparison of combat power or fighting skills, Qin Chuan was obviously One step ahead.

A son of a rich family, that's all!

Qin Chuan took advantage of the victory to pursue, and stabbed Nan Yu in the heart with another dagger.

He knew in his heart that even if he didn't kill Nan Yu, Nan Yu would kill him to silence him, so it would be better to strike first. A strong smell of blood hit his nose, and Nanyu saw in horror that Qin Chuan's dagger was less than two inches away from his heart.

He was so frightened that his scalp exploded.

At this extremely critical moment, he yelled:" Fire shield! Congeal!"

Buzz~!

A pale red light shield instantly condensed around him.

It was a rare martial skill!

The resources obtained by the children of the rich family are extraordinary. Even if they are only at the first-level intermediate level, they have already mastered martial arts.

Bang!

The dagger pierced the light. Cover it!

The bit that was stabbed immediately sunk inward by an inch.

The entire mask swayed slightly and returned to its original state, except that the light was slightly dimmed, but Nanyu in the mask was unscathed.

"Huh!"

Qin Chuan was surprised.

However, he didn't care too much.

If it was a first-level intermediate ferocious beast, he would still be afraid of it.

Facing the first-level intermediate Nanyu, he didn't take it too seriously. At the same level, ferocious beasts The beast is stronger than the warrior, even if the warrior knows martial arts.

Qin Chuan can even defeat the first-level intermediate golden pattern monkey, how can he be afraid of Nan Yu?

"Ha ha! Boy! Can you hurt me?"

Seeing that he had escaped, Nan Yu laughed proudly, and at the same time retreated sharply, trying to distance himself from Qin Chuan.

"Noisy!"

How could Qin Chuan let him go so easily? He quickly stepped forward and caught up with him, stabbing him with the dagger in his hand.

"Break it for me! break! break!"

Bang~! Bang~! Bang~!

Qin Chuan stabbed the dagger three times in a row, each time on the same point.

Bang!~!

"There was an explosion!

The mask of light was actually pierced and turned into dots of starlight, dissipating in the sky

"How can it be? Three stabs!"

Nanyu's face changed with fright.

His fire element shield could not be pierced by warriors of the same level without five or six knives, but the kid in front of him only used three knives.

In fact, Qin Chuan pierced with four knives. Already stabbed once.

After piercing the Huoyuan shield, Qin Chuan did not pause at all, and stabbed Nan Yu in the chest with another dagger.

At this moment, Nan Yu had no time to stop him, and his eyes showed extreme panic.

But at this moment, Qin Feng suddenly His heart trembled, and the sound of breaking through the air sounded behind his head.

He suddenly felt a crisis coming, and quickly used the dagger to block behind him.

Ding!

There was a sound of gold and iron!

That dagger happened to catch a sword that was sneaking up from behind.

The dagger. The swords met and separated instantly.

Qin Chuan used his strength to jump away from the fighting circle. Looking back, he saw Lin Yue holding a long sword and looking at him in great shock..

Chapter 1447

Qin Chuan used his strength to jump away from the fighting circle. When he looked back, he saw Lin Yue holding a long sword and looking at him in great shock.....

"Listen to the wind to identify your position! You are indeed not a top quasi-warrior!"

Lin Yue was surprised.

The young man in front of her could avoid her sneak attack because she could tell her position by listening to the wind. A peak quasi-warrior wouldn't be able to tell his position by listening to the wind.

But what did she think? The fluctuations of Yuan Power emitted by Qin Chuan, and They were all peak quasi-warriors.

This made her very confused.

Of course she didn't know that Qin Chuan not only cultivated Yuan Qi, but was also an extremely rare body-refining warrior. His strength cannot be judged by common sense.

What's even better is that Qin Chuan The six senses are extremely strong, and he can listen to the wind and identify his position without breaking through to the first level. Naturally, it gives people the illusion that he is a first-level warrior.

Thinking of this, Lin Yue is even more surprised.

What does she think, Qin Chuan is also He looks like he is twelve or thirteen years old.

If Qin Chuan is really a first-level warrior, his talent is terrible. He broke through to the first level at the age of twelve or thirteen. Not many of the elite children of the four major families in Shenyang City can reach that level. of

"So that's it! Little bastard! You actually hid your strength, and I almost fell into your trap."

At this moment, Nan Yu also believed that Qin Chuan was a first-level intermediate warrior, and felt a little uncomfortable in his heart.

"Get out of here!"

Qin Chuan was too lazy to tell these two people apart.

He was just in a hurry to leave now and didn't want to delay any more.

The Monkey King was about to return, and these two idiots were still chattering.

"Do you want to leave? Stop dreaming!"

Nanyu picked up the long sword, stood side by side with Lin Yue, and blocked the entrance of the cave together.

Their affair was discovered by Qin Chuan, how could they let Qin Chuan go so easily.

If Qin Chuan spread the word outside, the consequences would be disastrous.

They must Kill Qinchuan and silence him!

"Cousin, he is a first-level intermediate warrior. Can we kill him?"

Lin Yue whispered in Nan Yu's ear, looking a little worried.

"Cousin, you don't have to be afraid! You and I are both first-level intermediates. We should be able to beat two against one. If you look at him covered in blood, he must have been seriously injured, so he wanted to run away in a hurry to heal his injuries. As long as we hold him back and make his injuries worse, we will kill him sooner or later."

"OK?! Do you want to call the guards outside for help? They are all second-level warriors."

Lin Yue is still a little worried.

"Need not! If this kid reveals our affairs, it will not be good for the guards to hear about it. Cousin, what are you afraid of?! The two of us should be able to deal with him together, but if that doesn't work, it's not too late to call the guards over."

"Well, it's up to you!"

"Have you finished talking?"

With his powerful six senses, Qin Chuan heard the two people's whispers clearly, and couldn't help but feel annoyed.

This pair of bastards had to fight him to the death.

However, he no longer had the patience to deal with them..

The Monkey King should be back soon!

"You talk slowly! I won't accompany you anymore!"

At that moment, Qin Chuan sneered and attacked Lin Yue directly.

Lin Yue was so frightened that she stepped back. She had seen Qin Chuan's strength and did not dare to confront him head-on.

With this retreat, the defense between her and Nan Yu , a small gap appeared.

Qin Chuan flashed and was about to rush out of the gap. Nan Yu hurriedly chased him.

Qin Chuan had no choice but to turn back and block.

Lin Yue took the opportunity to attack, and immediately exchanged views with Nan Yu. As a horn, they formed a flanking attack on Qinchuan.

The two sides immediately fought together!

"Little bastard! Check out the move - Flame Knife!"

In the chaos, Nan Yu saw the void and struck a sword, and a flaming sword about ten feet long flew out from the tip of the sword, burning the sky and the ground with monstrous fire.

No!

Qin Chuan felt a crisis and did not dare to touch head-on. He hurriedly He turned over in the air and landed on the stone trough behind him.

The flaming sword struck the air and hit the stone trough directly.

Click!

There was a cracking sound, and the flaming sword struck the large stone trough, leaving a line nearly half a foot deep. There were big cracks, and there were scorch marks all around the cracks.

The entire stone trough was also shaken by the huge impact of the flame knife.

"What a powerful martial arts!"

Qin Chuan looked at the big scorched cracks on the stone trough, and he was still frightened.

If he hadn't escaped quickly, he would have been split in half.

This is definitely not an ordinary martial arts!

"He actually avoided it!"

Nanyu looked at Qin Chuan in disbelief, with disappointment in his eyes.

At this moment, his face was pale and his breath was very unstable.

Obviously, that flaming knife consumed too much of his energy.

In fact, with Nanyu's current strength can only fire one flame knife at most.

He has always regarded the flame knife as his trump card, but unexpectedly it still failed.

"Huh! What's down here?"

But at this moment, Qin Chuan suddenly let out a surprised sound and looked at the bottom of the stone trough.

After the big stone trough was shaken, a small hole as big as a fist was exposed on the ground.

A dark wind was blowing out of the small hole.

Obviously, there is a cave entrance under this big stone trough.

"Unexpectedly, there was an entrance to a cave under the stone trough. Could it be that someone deliberately blocked this stone trough at the entrance of the cave? Who blocked it? Could it be the Monkey King?"

Qin Chuan suddenly thought that Jiang Tianshui had said that the monkey wine here was very different from other places. At this moment, a mysterious cave was exposed under the big stone trough, which naturally made him very curious.

Vaguely, he felt that the monkey wine The difference in wine is probably related to the cave below.

I just don't know what secrets are hidden in the cave below this stone trough?..

Chapter 1448

Just when Qin Chuan was thinking about what secrets might be hidden under the big stone trough, a shrill scream suddenly came from outside the cave.

Wow~la~la~!

Zhi~zhi~zhi~zhi!

Then, the sound of shaking leaves and the barking of monkeys became one.

Qin Chuan's expression changed greatly:"No! The Monkey King is back!"

Nan Yu and Lin Yue also changed their expressions slightly, and quickly rushed to the entrance of the cave and looked out.

"Oh my God! So many monkeys!"

At this sight, Lin turned pale with fright and stepped back.

Nan Yu on the side also widened his eyes in horror.

Qin Chuan flashed and rushed to the entrance of the cave and looked out. Outside the cave, four guards in white were running towards the cave.

They were shouting as they ran.

"Just... Ninth Young Master! Quick...run! The monkey king is coming!"

Hoo~!

Just at this moment, there was a sudden sound!

A monkey with golden hair chased the four white-clothed guards at lightning speed.

That was the fifth-level monkey king!

Behind the monkey king, Thousands of monkeys were also following them, so densely packed that they could not see the end at a glance. Just when the three of Qin Chuan were shocked by the large number of monkeys, the monkey king had already caught up with a guard in white.

He saw it rushing forward, With one sharp claw, he tore the white-clothed guard in half hygienically, and blood flowed all over the floor. The screams were extremely shrill!

Qin Chuan's scalp was numb at the sight!

That white-clothed guard was a second-level warrior!

He was beaten by a monkey like this. The king was killed instantly!

The strength of this monkey king was too terrifying!

What shocked Qin Chuan was yet to come.

After the monkey king killed the guard in white, he turned into a golden lightning and rushed forward.

No way. After a moment, there were three more screams in succession.

The remaining three guards in white were caught up by the Monkey King one after another, and they were all torn into pieces. The scene was extremely bloody.....

"Oh my god...oh my god!"

Seeing the monkey king killing four guards in a row, Lin Yue screamed in fright, and her face turned pale.

In the distance, the monkey king heard the scream and quickly raised his head, just in time to see the three people standing at the entrance of the cave.

It suddenly It was furious, roared, turned into a golden lightning, and rushed towards the entrance of the cave.

That cave was its lair!

At this moment, it was actually occupied by hateful humans, and it couldn't stand it.

What's more, there was still its biggest treasure hidden in the cave. The secret of the monkey king. Thousands of wild monkeys also followed, blocking the outside of the cave.

"It... they're coming, they're coming! what to do? what to do?"

Lin Yue was so frightened that she didn't know what to do.

"I...I don't want to die! I don't want to die!"

Nan Yu was so frightened that her legs became weak, and even her voice began to sound like crying.

Looking at the densely packed monkeys rushing over, Qin Chuan also felt his scalp numb.

"correct!"

Suddenly, he thought of the big stone trough, and quickly ducked into the cave, came to the big stone trough, hugged the big stone trough with both hands, and used all his strength to move the big stone trough half a meter away.

Suddenly, a dark hole appeared in front of it. In front of them, the two people who were about to collapse saw Qin Chuan moving the big stone trough inexplicably. When they were feeling a little puzzled, they saw a lower hole exposed under the big stone trough.

"Huh! There is a hole here, we are saved. Get out of here! Let me advance!"

Seeing the entrance of the cave, Nan Yu was ecstatic and rushed towards the entrance. At the same time, he stabbed Qin Chuan with his sword who was about to enter the cave.

Qin Chuan was on guard and knocked Nan Yu away with a dagger without looking back, and then looked at him with disgust. glanced at him

"idiot! I won't argue with you!"

After saying that, Qin Chuan jumped into the cave.

The entrance of the cave was about six or seven meters high from the ground.

As soon as he landed, Zhang Shui'er discovered that he was surrounded by stalactites of different shapes and several forked holes.

It turned out that the monkey Below the Wang Cave is a natural stalactite cave.

After Qin Chuan landed, he quickly hid behind a stalactite.

At the same time, he said with hatred in his heart:"Humph! It's strange that I don't care about you!"

It turns out that Qin Chuan was angry at Nan Yu for trying to kill him several times.

At this moment, he was hiding behind the stone, preparing to attack Nan Yu.

He said he didn't care before, just to make Nan Yu numb and careless.

Qin Chuan then hid his body and opened the entrance of the cave. There was a black shadow jumping down from above, it was Nan Yu.

As soon as he saw Nan Mingyu falling, Qin Chuan immediately dodged and attacked Nan Yu's back.

Nan Yu was in mid-air, and was unprepared for the moment.

At this moment, he suddenly felt the crisis behind him, and was so frightened that he could only yell in anger: "Boy! What are you doing?! But

Qin Chuan didn't answer and stabbed three times in a row. Two knives hit his knees and one hit his back.

"Ah~! It hurts~!

Nanyu screamed and fell to the ground

"snort! Whether you can survive or not depends on God's will!"

Qin Chuan glanced at Nan Yu coldly, determined a direction, and disappeared into the dark cave.

He didn't kill Nan Yu, just because he wanted to use Nan Yu's half-disabled body to delay the rush. The monkey king arrived..

Chapter 1449

Qin Chuan just left, and Lin Yue fell from the entrance of the cave.

As soon as she landed, she saw Nan Yu lying on the ground groaning miserably, and she quickly stepped forward and asked: "Cousin, what's wrong with you?"

"Cousin, I was attacked by that little bastard just now! Help me up quickly! I can't stand up!"

It turns out that Nanyu's knee socket was pierced by Qin Chuan, and he couldn't stand up at this time.

"What?! Can't you stand up? Lin

Yue looked at Nan Yu's legs in surprise, but she still stood there and did not help Nan Yu.

Seeing that Lin Yue did not come to help herself, Nan Yu was a little angry: "Cousin, why don't you come over and help me quickly?" Lin

Yue had a complicated look on her face. Instead of stepping forward, she stepped back: "Cousin, you can't even stand up now." There's no way I can help you escape like this. Those monkey kings are going to chase you soon."

"Cousin, if you still love your cousin, please don't hurt your cousin, okay? I will always remember you in my heart. After saying that ,

Lin Yue turned around and was about to leave.

Nan Yu panicked, hurriedly threw herself together, grabbed one of Lin Yue's feet, and cried and begged: "Cousin, please take me to escape with you, please don't lose it." Get off me"

"Cousin, let go!"

"Cousin, please don't leave me!"

Lin Yue desperately tried to pull her foot away, but Nan Yu held on tightly.

But at this moment, a squeaking sound came from above the cave entrance.

The Monkey King had already led the group of monkeys into the cave.

Lin Yue suddenly became anxious: "Cousin, let go! You'll kill me if you do this!"

"Cousin, I beg you, don't leave me!"

Nanyu still held her feet tightly.

"Will you let it go?!"

"Cousin, I...ah! Bitch! You bitch! You actually cut off my hand!"

Nan Yu screamed miserably.

One of his hands was cut off by Lin Yue.

Lin Yue also took the opportunity to break away from Nan Yu's entanglement and fled deeper into the cave.....

"Bitch! Lin Yue, you bitch! I won't let you go even if I'm a ghost!"

Nanyu looked at Lin Yue's back and roared miserably.

"Bitch! I hate it so much! I really hate why I didn't kill you...in bed! Lingyue, you bitch...ah!"

There was another scream!

That was Nan Yu's scream before he died!

He was torn to pieces by the monkey king who caught up later.

Somewhere in the cave, Qin Feng kept running forward.

He didn't He knew whether there was an exit ahead, and everything could only depend on luck. But he knew that there would be a group of monkeys chasing him, and even a monkey king, so he couldn't look back and could only keep running forward. Fortunately, there were many people around him.

There was a lot of fluorite on the cave wall, which emitted weak fluorescence in the dark cave, allowing him to barely identify the direction in the dark cave.

At this moment, he heard Nanyu scream before he died, His heart tightened and he became even more panicked.

He knew that the Monkey King had also entered the cave.

At that moment, Qin Chuan accelerated and ran forward.

But not long after, the sound of squeaking monkeys came from behind him, and there were also fast running animals. The sound of breaking through the air.

The speed of hearing that sound was more than ten times faster than that of the golden-striped monkey.

Could it be that the monkey king was chasing after him?!

Thinking of this, Qin Chuan turned pale with fear...

Whoosh! Whoosh! Whoosh!

That sound of breaking through the air It was getting more and more urgent, getting closer and closer, incredibly fast.

In panic, Qin Chuan used all his strength to run forward desperately, and his speed suddenly became faster.

But this increased speed was different from that of the Monkey King Compared with the speed, it is not worth mentioning at all.

What to do?

What to do?!

Qin Chuan's thoughts raced in his mind, and he was so anxious that he broke into a cold sweat.

One hundred meters.....Ninety meters.....eighty meters.....

Qin Chuan ran away while calculating the distance between the Monkey King and.

He was so worried that he almost went crazy. He ran forward like crazy.

During his escape, his body was scratched by some protruding rocks in the cave, leaving numerous scars....

"how so? Where is the road? Where is the road?!"

Suddenly, he stopped and looked ahead with great despair.

In front of Qin Chuan, he saw a hard stone wall.

He actually ran to the end of the cave, and there was no way to go ahead.

"Why is there no way? Why is there no road? Qin

Chuan searched around unwillingly.

In the end, he found in despair that it was a dead end with nowhere to go.

Swish! Swish! Swish!

The sound of breaking the air behind him kept coming out, getting louder and louder.

The Monkey King was getting closer and closer to him. Getting closer.

Sixty meters.....Fifty meters...forty meters.....

"calm! calm! There must be a way! There must be a way!"

Qin Chuan suppressed the fear in his heart, but still couldn't control his fearful reaction, and his hands trembled slightly.

"Huh! This is the sound of water flowing!"

Suddenly, Qin Chuan looked at the ground under his feet.

The ground under his feet was all hard Qingwu Rock, and the sound of water flowing came from under the Qingwu Rock.

"There is a certain underground undercurrent under this Qingwu Rock! By the way, items can be found and escaped along the underground undercurrent!"

Qin Chuan's eyes lit up, and he quickly raised his fist and slammed it on the rock under his feet.

Bang~!

A muffled sound!

His fist hit the rock hard.

The rock seemed to have no reaction.

Qin Chuan did not give up and swung. The fists continue to pound

"Break it for me! break! break!"

Bang~! Bang~! Bang~!

A series of crazy smashes!

Qin Chuan's entire fist was smashed to pieces.

He seemed to have forgotten the pain and still smashed with all his strength.

Click!

There was a crisp sound, and the rock finally cracked. He opened a gap two fingers wide, and cold water vapor surged up from below.

Qin Chuan opened his eyes wide in surprise. Sure enough, there was an underground river below.

Chapter 1450

Click!

With a crisp sound, the rock finally cracked a crack as wide as a fist, and cold water vapor surged up from below.

Qin Chuan opened his eyes wide in surprise.

Sure enough, there is an underground river below.

At this moment, the Monkey King was getting closer...

Thirty meters... Twenty meters.....Ten meters.....

"Break it for me! break! break!"

Qin Chuan smashed the ground like crazy. His entire fist turned blood red, and even the rocks on the ground were dyed blood.

The cracks on the ground became bigger and bigger.

Nine meters...seven meters.....Five meters... no!

It's too late!

Qin Chuan had already smelled the Monkey King's breath and knew that the Monkey King was about to pounce.

His expression changed drastically, and he used all his strength to punch the rock hard!

"Break it for me!"

Bang~!

There was a loud noise!

Debris flew everywhere!

A big hole was finally smashed out of the Qingwu Rock, which was more than half a foot thick.

Plop~!

Water splashed!

Qin Chuan jumped into the underground river at once.

Roar! ~!

The monkey king screamed anxiously, his speed suddenly increased, and he caught up in an instant, grabbing Qin Chuan's back with one claw.

Poof~!

The cloth was torn!

Flesh and blood flew everywhere!

After all, it was a step slower, only on Qin Chuan's back. Five deep blood marks were left on his body, and some flesh scraps remained in his nails.

The damage from that claw was not light!

Qin Chuan felt a burning pain in his back. As soon as he rushed into the underground river, he was hit by the cold underground water. When stimulated, the pain was so painful that he almost fainted.

He knew that he must not faint, so he had to grit his teeth, endure the severe pain, and with the help of the monkey king's grasp, he followed the underground current and escaped underwater. In the blink of an eye, his figure disappeared into the turbulent underground undercurrent.

Squeak~! Squeak~! Squeak~!

Seeing Qin Chuan escaping in front of his eyes, the Monkey King was so anxious that he squeaked and surrounded the entrance of the underground undercurrent. , it was jumping around and pulling its own hair, and it didn't know what to do for a while.

After a while, it calmed down, and its two monkey eyes looked at the entrance, thinking deeply. An ordinary ferocious beast.

After a while, the Monkey King seemed to have made up his mind and jumped into the underground undercurrent. It seemed that he had to kill Qin Chuan.

However, after Qin Chuan jumped into the underground undercurrent, he immediately held his breath and followed. The turbulent water flowed along the river.

The river was full of water, and there was no place to breathe. He could only hold his breath and follow the undercurrent to the exit.

If he couldn't hold his breath to the exit, he would have to be killed alive. Stifled to death in the water.

In the darkness, the cold groundwater soaked the wound on his back. After the initial stimulation, it gradually numbed the wound, which in turn reduced some pain.

Qin Chuan swam underwater for a while before his eyes gradually adapted to the surroundings. It was dark.

There was no light source around here, only darkness, so Qin Chuan could not see anything.

Fortunately, he could still hear sounds under the water.

He could only rely on the sound of water flow to judge what was in front and behind him.

Suddenly, Qin Chuan heard the unusual sound of water coming from not far behind him.

Judging from the sound, it should be a larger object moving towards him quickly.

Qin Chuan was startled, thinking that it was What thing?!

The speed will be faster than the speed of the water. That thing must be a living creature that can move on its own.

Could it be that the Monkey King is chasing?!

At this thought, Qin Chuan was shocked and rowed forward desperately.

What if Being caught up by the Monkey King, he had no choice but to die.

As Qin Chuan rowed desperately, he moved forward faster.

But when the things behind him saw that he was speeding up, they also speeded up.

Then It must be the Monkey King!

Qin Chuan was even more convinced that the person chasing after him was the Monkey King.

At that moment, the speed of swiping with his hand became a little faster.

Of course, the person chasing after Qin Chuan was the Monkey King.

Monkey Wang is extremely fast on land, but his speed underwater is much slower, but he is still much faster than Qinchuan.

In this way, one person and one monkey chase and escape underwater.

Close! Close! Again Close!

Qin Chuan felt that the Monkey King was getting closer and closer to him.

He was getting more and more anxious, and at the same time a strange thought came to his mind.

Why is the Monkey King pursuing him so hard?

Does it hate itself for stealing monkey wine, or is it because it discovered the entire cave?

Qin Chuan couldn't understand, but he didn't have time to think about it at the moment.

Not only that, he felt that his chest was getting more and more stuffy, and it was getting harder and harder to hold in his breath. He still tried his best to endure it and rowed forward with all his strength.

It turned out that Qin Chuan's ability to hold his breath was almost reaching its limit.

He was greatly anxious.

If he continued like this, he would not be able to find an outlet for breathing, and he would drown in the water before the monkey king behind him could catch up. exit!

Why haven't you reached the exit yet?

Qin Chuan's chest felt more and more uncomfortable, and his eyes gradually turned black, which was caused by lack of oxygen.

At the end, Qin Chuan finally couldn't hold it in any longer. As soon as he let go of his mouth, he was poured several large gulps of water into his mouth. He choked and became dizzy, spurted out nosebleeds, and became confused. His whole body was paddling in the water, and he lost control of his body..

The monkey king behind him seemed to have discovered Qin Chuan's drowning and immediately swam faster. He wanted to take this opportunity to kill Qin Chuan.

In the blink of an eye, the monkey king was less than ten meters away from Qinchuan..
