

## God level 1461

### Chapter 1461

Qin Chuan looked at the ever-burning lamp, then at the tables and chairs, and couldn't help but murmur.

"It's very clean here, there's no dust on the tables. The longevity lamp is still lit, obviously people come here often. Hearing this

, Lin Yue nodded slightly: "Probably!"

Immediately, she said again: "What relationship do you think the people who come here often have with the Monkey King?"

Qin Chuan smiled coldly: "Maybe the people who come here often are not humans!"

"Are you talking about the Monkey King?"

"Who else could it be?! Here, we have only seen the Monkey King"

"Then let's quickly find a way out and see if there are any ways or clues to get out here. If we wait for the Monkey King to come in, we will be dead. Lin

Yue was filled with panic when she thought of the Monkey King.

Qin Chuan also knew that the situation was critical and did not dare to delay.

At that moment, the two of them began to search in the secret room.

Qin Chuan looked through the bookshelf and found that they were all about refining. There are no books on medicine and martial arts.

Although these books are precious, they are of little use to Qin Chuan.

He is in a hurry to find a way out and has no time to pay attention to them. After browsing on the bookshelf for a while, Qin Chuan found nothing I found out and went to look at the picture hanging on the wall.

The picture was very exquisite.

In the picture, a middle-aged man was holding a medicine hoe in his hand and a medicine basket on his back. He was very handsome and had a warm smile.

Next to the middle-aged man , on the left is a little medicine boy carved in pink and jade, pulling the corner of his clothes.

On the right is a little monkey with golden hair.

Seeing the little golden-haired monkey on the right, Qin Chuan's eyes lit up.

That little golden-haired monkey The child looked very much like the Monkey King.

He was certain that it was the Monkey King in his childhood.

In the painting, the two people and the monkey looked happy and getting along very harmoniously.

"It seems that the Monkey King has a lot to do with the middle-aged man in the painting. Judging from the painting, the Monkey King seems to be the pet of this middle-aged man. Qin

Chuan murmured in his heart, and looked at the lower right corner of the drawing, where there was a line of small characters: In the year of Jiazi, in the middle of the lunar month, the master returned with his disciple and the little monkey to collect medicine. The disciple wrote it based on his feelings.

Below this line of characters, there is another line Smaller calligraphy: Handwritten by disciple Tong Yu

"Tong Yu? It should be the little medicine boy in the painting. Unexpectedly, although Yaotong is young, his painting skills are extraordinary and very delicate and vivid. Huh! This is....."

Qin Feng also discovered that there were two lines of words on the stone wall next to the scroll.

Those two lines of words were carved with sharp claws, unlike those made by humans.

I saw the first line of words read: Never forget the teacher! Disciple Tong Yu pays homage!

Look at the second line: Little monkey, you died so miserably! I will definitely avenge you!

After reading these two lines, Qin Chuan was a little confused.

The little monkey is dead?

Isn't it the Monkey King?

Isn't the Monkey King alive and well?

Could it be.....

An idea came to Qin Chuan's mind that he couldn't even believe.

At this moment, Lin Yue on the other side asked:"Did you find anything over there?"

"No!"

Qin Chuan shook his head calmly.

He didn't want Lin Yue to know that

"Then come here and help me open this jade coffin. The coffin is so tightly closed that I can't open it. Qin

Chuan responded and stepped forward to help.

He was also curious about what was in the coffin.

But soon, he found that he could not open it either.

"I can't open it either! Otherwise, let's work together!"

"good!"

At that moment, the two of them worked together.

This time they still did not open the coffin, but turned the coffin a few inches from its original position.

Click~! Click~! Click~!

As soon as the coffin turned, it fell on the floor of the secret room. , there was a clicking sound.

The two were shocked and quickly looked at the sound.

They saw that the floor slowly sank, and after a while a dark hole was revealed on the floor.

Qin Chuan said happily:"I didn't expect that this coffin was still An institution. Let's go in and take a look. I can't believe we can find the exit."

"Um!"

The two of them were overjoyed and walked towards the entrance of the cave. As soon as they stepped into the dark entrance, Qin Chuan could smell the damp and moldy smell.

Then, he also saw the appearance of the cave clearly.

The cave was not big, no more than twenty or thirty years old. m.

There was a corpse in the cave, which was so rotten that only the skeleton was left.

A rusty long sword was stuck in the chest of the corpse.

Qin Chuan walked carefully to the corpse.

At this time, he found that the hand of the corpse was tightly Holding a bronze token tightly.

He picked up the token and looked at it curiously.

The token was very simple, only about the size of a palm, with several strange big characters engraved on the front and a dozen small characters on the back. Qin Chuan Don't know anyone

"Huh! This is ancient writing!"

Lin Yue came over, showing surprise.

"Do you recognize the words on this?"

Lin Yue nodded:"I can only barely know a few." I also dabbled in some ancient texts out of interest, but I don't know much about them."

"Oh, then look what is written on it?"

Qin Chuan handed over the bronze token.

Lin Yue looked at it for a while and then said: "The three big characters on the front are called: War God's Order. On the back it says: God gave me a body, the earth shaped my body, opened my hidden veins, opened my seven doors! I do not know what that means?"

After hearing this, Qin Chuan's eyes lit up.

Hidden Veins? Seven Sects?

It seems that this God of War Order is related to the body refining method passed down by Senior Demon Snake!

He also thought that Senior Demon Snake said that the method is called ancient The method of refining the body.

The words on the God of War Order are also ancient words.

It would be strange to say that there is no connection between the two.

Thinking of this, Qin Chuan calmly put away the God of War Order.

Lin Yue said nothing more. At this time, the two looked at the cave again and found that the way out was blocked by a huge rock at the other end of the cave.

"This boulder blocked the way. If we want to continue moving forward, we must move this boulder!"

Lin Yue looked at the huge boulder in front of her, feeling a little worried.

The boulder weighed at least five hundred kilograms.

Both she and Qin Chuan had taken the Turtle Breath Pill, and their skills were sealed. Even if they work together, they wouldn't be able to move it!"

But as soon as her thoughts came to her mind, Qin Chuan stepped forward, hugged the boulder with both hands and shouted lowly

"Give it to me!"

The next second, the boulder moved.

Lin Yue looked shocked.

Isn't it possible?

A little kid who looks only eleven or twelve years old is so strong!

She looked at Qin Chuan in disbelief.

At the moment, Qin Chuan's thin body lifted a boulder several times larger than him. The sharp contrast shocked her.

Lin Yue's eyes flashed with a complex look, looking at Qin Chuan's back, Even more taboo.

Bang~!

The boulder fell to the ground!

The ground shook slightly!

Qin Chuan finally moved the boulder away.

Immediately, a strong light shone in, stimulating Qin Chuan so much that he could hardly open his eyes.

After his eyes adapted, he was pleasantly surprised to find , behind the boulder was a dense forest.

They finally came out of the dark cave..

Chapter 1462

Qin Chuan finally moved the boulder away.

Immediately, a strong light shone in, stimulating Qin Chuan so much that he could hardly open his eyes.

After his eyes adjusted, he was pleasantly surprised to find that there was a dense forest behind the boulder.

They finally walked out of the dark cave.....

"Huh! It's the exit! We're out!"

Lin Yue couldn't help cheering.

She could finally vent her suppressed emotions during this period.

Qin Chuan just smiled slightly and strode out of the cave.

Lin Yue was even more excited and ran out.

She just ran out After a few meters, I stepped on a boulder, twisted my feet, and fell to the ground with a groan. I was so happy that I became sad.

"Hey~yo~yo! My foot is twisted! Can you come over and give me a hand?"

Lin Yue rubbed her ankle in pain, and pitifully asked Qin Chuan for help.

"All right!"

Qin Chuan had no choice but to step forward to help her.

But at the moment Qin Chuan bent down, a complex look flashed across Qin Yue's eyes.

But then, her eyes became extremely sinister, and she quietly touched her with one hand. From her waist, she pulled out a blue dagger.

Just as Qin Chuan lowered his head to help her, she suddenly rose up and stabbed Qin Chuan in the throat.....

Qin Chuan discovered her affair with Nan Yu and knew that she had chopped off Nan Yu's arm. She would never allow Qin Chuan to live.

Otherwise, if those things were leaked, her life would be in danger.

In the blink of an eye, the dagger turned into cold light and approached Qin Chuan's throat, about to stab him.

But at this moment, Qin Chuan suddenly raised his head, raised the corners of his mouth slightly, and revealed a sarcastic smile.

Lin Yue suddenly felt something was wrong, but before she could react, a sharp pain came from her chest.

A sharp sword penetrated her chest and her heart.

Lin Yue looked at the sword in horror, watching wisps of bright red blood flowing out along the blade.

"you....."

Lin Yue slowly raised her head and looked at Qin Chuan in disbelief. Her pupils gradually became blurred and she slowly fell down.

She never expected that Qin Chuan had been wary of her for a long time

"It was you who forced me!"

Qin Chuan's hand holding the sword was trembling slightly.

This was his first time killing someone, so he was naturally a little nervous and scared.

After a while, his mood calmed down slightly, and his whole person gradually regained his composure.

Qin Chuan looked at Lin Yue Lin Yue's body showed determination in his eyes.

Although he was not a ruthless person, he was also a courageous person.

After making up his mind, Qin Chuan dragged Lin Yue's body back to the cave.

Just halfway through, he pulled Lin Yue's body from Lin Yue's body. A white jade tablet fell.

Qin Chuan picked it up and looked at it, and his face showed joy.

It turned out that this jade tablet was a martial arts jade tablet, and the martial skill recorded in it was the flame knife.

Qin Chuan had seen Nan Yu use flames before. The attack power of the sword is so astonishing that even a first-level advanced warrior would not dare to fight head-on.

If he learns this powerful martial skill, his strength will be greatly increased.

"This flame knife is a fire-based martial arts skill. It seems that I have to wait until I have mastered the fire-based skills before I can learn it."

Thinking of this, Qin Chuan put away the martial arts jade token.

Then, he dragged Lingyue's body into the cave and left the long sword in the cave.

It was Lin Yue's thing.

Qin Chuan didn't know there was something on the sword. There were no special signs.

If the Nan family happened to see through it, he would inevitably be in trouble.

Afterwards, Qin Chuan blocked the entrance of the cave with boulders, removed the blood stains and traces of footsteps at the entrance of the cave, and then made some cover up at the entrance of the cave.

After taking care of these trivial matters , Qin Chuan checked it carefully again, and after finding that nothing was missing, he left with peace of mind.

I wonder what happened to Tianshui Martial Arts School?

Maybe the competition between Tianshui Martial Arts School and Gale Wind Martial Arts School has already begun!

In any case, he will go A trip to Tianshui Martial Arts School.

Jiang Tianshui was kind to Qin Chuan in teaching him.

Naturally, he wanted to go back and give the old guy an explanation.

Thinking of this, Qin Chuan rushed towards Shenyang City..

Chapter 1463

But on that day, Jiang Tianshui lured away the Monkey Queen and waited for Qin Chuan outside the Wild Monkey Valley.

But he waited and waited, but Qin Chuan didn't come out.

Afterwards, Jiang Tianshui went back to the valley to investigate, but saw several corpses of the guards that had been torn to pieces by the monkey king.

He was horrified, so he ventured into the Monkey King's lair to explore, and found that the Monkey King was not there, and there was no trace of the monkey wine left in the stone trough. There were signs of fighting in the cave, but Qin Chuan's body was not found.

Jiang Tianshui was lucky enough to think that Qin Chuan might still be alive because he succeeded in stealing the wine.

Thinking of this, he returned to the outside of the valley and continued to wait for Qin Chuan.

In the blink of an eye, two days passed, and Qin Chuan still didn't show up.

Jiang Tianshui realized the seriousness of the problem and lamented in his heart.

Qin Chuan hasn't appeared for so long, it must be something bad.

"Hey~! It's all because I was too impatient and let the little guy take the risk alone. Although it was meant to train him, it was too much... ugh! What a pity, what a super genius! Just ruin it in my hands....."

Jiang Tianshui was extremely regretful and blamed himself.

However, he was still unwilling to give in and returned to the valley to look for Qin Chuan again.

This time, the monkey king was already in the cave, so he had to leave.

He was also more certain in his heart that Qin Chuan was in danger, but there was still a trace of luck in his heart.

After all, he hadn't seen Qin Chuan's body yet.

But after waiting to no avail, he had to go back to Tianshui Martial Arts School.

When he returned to Tianshui Martial Arts School, it was the day when Tianhe Martial Arts School and Gale Wind Martial Arts School were communicating.

In the past, the two museum meetings were held as scheduled without any postponement, but this time there was an exception.

After Jiang Tianshui returned to the martial arts gym, he was in a sad mood and no longer in the mood to hold any exchange meeting, so he postponed the meeting between the two gyms for two days.

The postponement of the exchange conference naturally aroused discussions from all sides.

At this time, Tianshui Martial Arts School, junior fighting class.

All the students gathered together and talked about it

"Strange! Why was this exchange conference postponed? This has never happened before!"

"Who knows! I heard that after the owner came back, he locked himself in the room and didn't know what happened."

"In fact, it doesn't matter if you postpone it for a few days. But have you heard that the people in the Gale Wind Martial Arts School are laughing at us? They say that this postponement is because our martial arts school is afraid of losing, so we do this."

"Go to hell! Who is afraid of them! Just tell them to come over! It's not certain who will lose and who will win!"

"Ah! It's not like you don't know that our Tianshui Martial Arts School has been losing for four consecutive years. Every time I see people from the Gale Martial Arts School, they drag me so hard that they seem to be one person higher than me! How frustrating!"

"yes! Every time I meet the students from the Gale Martial Arts School, they all sneer at me, which really makes me angry. If I lose again this time, I won't be able to see anyone anymore!"

"Who said we would lose this time?! Don't forget that Zhu Heng has advanced to the pinnacle of quasi-martial arts this time. There is also the newcomer Qin Chuan, who is also a peak quasi-martial artist."

"right! In the past, we only had three peak quasi-martial artists, and the Gale Wind Gym had five, so we would lose. But now with Zhu Heng and Qin Feng, we also have fifth-peak quasi-warriors. Five versus five, it's not certain who wins and who loses."

"That's right! This time, it's time for our Tianshui Martial Arts School to feel proud. I wonder what the people from the Gale Wind Martial Arts School would think if they knew that we also have five peak quasi-martial artists? I think their faces must be ugly. Ha ha!!"

"Ah! Don't be too happy too early! You have to know that the five peak quasi-martialists in the Gale Martial Arts School are all veteran peak quasi-martialists. Qin Chuan and Zhu Heng were both newly promoted and obviously lacked experience."

"Especially Qin Chuan. I heard that he had been busy practicing before and had never learned any fighting skills. It has only been a few days since he came to our martial arts gym to learn fighting. I think he loses more than he wins against the people from the Gale Wind Gym. He may not even be as good as Zhu Heng."

"No way? The last time he bet with Zhu Heng, he defeated Zhu Heng"

"hehe! Last time, they only competed in strength. In the exchange conference, the competition is a battle, and fighting skills are very important. How long has it been since Qin Chuan came to the martial arts gym? I haven't seen him come to learn fighting in the past few days. I'm afraid that his fighting ability is limited."

"Listening to what you said, it makes some sense. With that being said, we are still not optimistic about our competition with the Gale Wind Martial Arts School this time!"

"Why! yes! I'm worried too."

After discussing this, all the students couldn't help but feel a little heavy.

"You can't think like this. In the past, we didn't even have a chance to win, but this time it's different. This time we also have five peak quasi-warriors, at least there is hope of winning."

"yes! I also have five peak quasi-warriors, so I won't necessarily lose."

"You think, if we win this time, will the students of Gale Wind Martial Arts School still drag us when they see us in the future?"

"I think they are shameless, haha!!"

At this point, everyone laughed again

"By the way, have you noticed? I haven't seen Qin Chuan for many days."

"yes! I haven't seen him for several days either. Last time I heard that he was specially trained by the owner of the gym, I don't know if it's true or not."

"That kid won't run away, right?"

"Pooh! What are you talking about? I don't think he is that kind of person. Maybe, he was arranged by the gym owner to go to a place for special training!"

"However, the martial arts competition is about to begin. The owner of the hall is back, but that guy hasn't shown up yet. I'm really worried!"

Chapter 1464

At the same time, Tianshui Martial Arts Hall was in a corner of the martial arts training hall.

Four peak warriors, Zhu Heng, Xiao Yu, Ge Fei, and Liu Fei, also gathered together to talk.

They are all contestants from Tianshui Martial Arts School

"Where did Qin Chuan go? Our competition with the Hayate Martial Arts School is about to begin, and he's gone?"

Zhu Heng looked very anxious.

"yes! Without him, just the four of us, I'm afraid we would lose this competition again."

Liu Fei also frowned.

She is the only woman among the four.

"Instructor Yue is also looking for him everywhere. I don't understand why instructor Yue values him so much?"

Ge Fei seemed a little indifferent.

Zhu Heng said dissatisfied:"Ge Fei, what do you mean?"

"I'm not interested!", Ge Fei didn't take it seriously,"First of all, I admit that Qin Chuan does have great potential and is naturally powerful, but his time to learn fighting skills is too short."

"In a battle between warriors, it is not about who is stronger who is more powerful. Fighting skills are very important. Don't say it, don't say it, just say it between you and me. In terms of strength, I am not as good as you, but if we really want to fight, are you my opponent?"

"this.....", Zhu Heng was a little speechless.

In terms of strength, he is indeed stronger than Ge Fei.

But compared to fighting, he loses more than he wins.

After all, Ge Fei practiced earlier than him and has more fighting experience.

"Ge Fei, what do you mean?", Zhu Heng was very dissatisfied.

He and Qin Chuan had never known each other before fighting, and they had some sympathy for each other. Naturally, he did not want others to look down on Qin Chuan.

At this time, Ge Fei said: "I mean, even if Qin Chuan plays, he will lose more. Win less. Perhaps, he is stronger than the four of us, but he is too young and lacks fighting experience. This big competition depends on the four of us."

As soon as these words were said, Xiao Yu, who had been silent until now, spoke.

"Don't underestimate Qin Chuan. He is strong! Really strong!"

Xiao Yu's voice was very gentle.

Liu Fei was surprised: "I heard it right! As the top master in our junior fighting class, Senior Xiao Yu, you rarely praise others. This time, you actually praised someone."

Speaking of the ranking of the fighting class.

Just five days ago, Instructor Yue organized all the students to have a battle.

In the end, Xiao Yu won the first place with his extraordinary fighting skills.

Now, he is He was recognized as the first in the junior class.

At this time, Xiao Yu said again: "Instead of me waiting here for a meaningless discussion, why not go to training! Two days later, regardless of whether Qin Chuan is present or not, the competition will begin!"

"right! It's time for the four of us to train!"

At this reminder, everyone nodded.

Xiao Yu smiled slightly, turned around and left first.

After he left the martial arts hall and walked alone in the corridor, his delicate face showed deep thought.

Then, he turned his palm over, revealing a black beetle was chirping, "Creak! Crack!"

Xiao Yu whispered to himself: "Xiao Hei, where did Qin Chuan go? That day, he and Jiang Tianshui went out together. Jiang Tianshui came back, but he didn't come back. What happened?"

At this moment, another person hurriedly walked into the corridor, it was Instructor Yue.

Xiao Yu quickly closed his palms, clenched them into fists, and hid them behind his back.

He couldn't let the instructor discover his beetle.

"Instructor, why are you looking so sad?", Xiao Yu took the initiative to say hello.

Instructor Yue said angrily: "In two days, the competition will begin. Qin Chuan has not come back. How can I not feel worried?"

"By the way, what did the owner say?", Xiao Yu carefully inquired

"The owner of the museum, asked me to go to the entrance of Wild Monkey Valley to see if Qin Chuan is going to appear, he might be there."

"Wild monkey valley mouth?", Xiao Yu was startled, "Qin Chuan wouldn't have entered the Wild Monkey Valley, right? I heard that the monkeys there are extremely powerful, and there are even fifth-level monkey kings. If he goes in, it will be very bad!"

As soon as these words were said, footsteps came from the end of the corridor.

The two of them couldn't help but follow the sound and saw the figure of a young man stumbling in front of them.

"Qin Chuan!"

The two of them exclaimed at the same time.

The person who came was none other than Qin Chuan, who was rushing back to Shenyang City!

"Qin Chuan, why do you look like this?"

Xiao Yu also looked surprised.

He saw that Qin Chuan's clothes were in tatters and there were a lot of blood stains on them. He knew that he had experienced a war before.

Qin Chuan smiled bitterly: "It's hard to explain!"

Instructor Yue was a little angry: "What a boy! You are finally willing to show up! These past few days have made us anxious to death. Without you, our Tianshui Martial Arts School would have lost again in this junior class competition."

The movement in the corridor alarmed several people in the martial arts hall.

Zhu Heng, Ge Fei, and Liu Fei walked out one after another.

"Qin Chuan!"

When they saw Qin Chuan, they were filled with surprises.

Zhu Heng, in particular, was so excited that he punched Qin Chuan on the shoulder.

"Very good! You are finally back! Everyone thought you were missing!"

At this time, Instructor Yue said excitedly: "Qin Chuan, the gym owner said it." If he finds you coming back, he will take you to see him immediately. You come with me to see the owner now!"

"good!"

At that moment, Qin Chuan said hello to several students and followed Instructor Yue to Jiang Tianshui's residence.

After the two arrived at Jiang Tianshui's residence, they found that the door was closed tightly, and several sighs could be heard from inside.

"The owner!" Instructor Yue knocked on the door respectfully.

"Who?!", the people in the room asked impatiently

"The owner, it's me, Yue Heng! Qin Chuan is back, I will bring him to see you!"

"What?!", a sound of surprise came from the room.

Creak~!

The door opened, revealing a thin old face, it was Jiang Tianshui

"Qin Chuan!"

When Jiang Tianshui saw Qin Chuan, he immediately grinned.

"Ha ha! Good boy, I knew you wouldn't die! It made me hide in the house and feel sad for several days!" .....

Chapter 1465

When Jiang Tianshui saw Qin Chuan, he immediately grinned.

"Ha ha! Good boy, I knew you wouldn't die! It made me hide in the house and feel sad for several days!" .....

Qin Chuan felt warm in his heart, secretly thinking that the old guy was treating him sincerely.

"Boy, come inside quickly! Let me see if you are missing any arms or legs!"

Jiang Tianshui pulled Qinchuan over and looked at it carefully for a long time before he breathed a sigh of relief.

"I'll just say it! I have been running a martial arts gym for so many years, and I have finally received a genius. You can't just lose it in my hands. God is wise, and nothing will happen to you. Yue Heng! You go ahead and do your work. I'll chat with this little guy for a while."

"Master, I'll leave first. After sending instructor Yue away, Jiang Tianshui asked, "Little guy, why did you come back now?" I have been waiting for you outside the valley for several days, but I am very anxious."

"Old guy, it wasn't you who caused this. You said you would lure the Monkey King and the monkeys away so that I could go in and steal the wine. But when I went in, there was a golden-striped monkey hidden inside, and I almost hung there.

Jiang Tianshui's face turned red slightly: "I was negligent in this regard." It seemed that the Monkey King was on guard, and actually had a secret guard to defend his lair. Then how did you escape?"

"I had a big fight with the golden-striped monkey, and we fought for a long time before I got the better of it. Jiang

Tianshui's eyes lit up: "You actually defeated the golden-striped monkey. It seems that your fighting skills have improved again." Then why did you come back now?

Qin Chuan smiled bitterly: "After I drove away the golden-striped monkey, the monkey king came back soon." In order to escape the pursuit of the Monkey King, I took Guixi Dan. Who knew that I got lost in the valley, so I didn't come back until now."

The matter involved the death of Nan Yu and Lin Yue, and Qin Chuan didn't dare to tell the truth.

If the Nan family knew about it, he would die without a burial place. So Qin Chuan casually prevaricated.

What's more, the people under the Monkey King's Cave The secret is too fantasy, and no one may believe it if you tell it.

Jiang Tianshui suddenly said:"I said, why can't I feel the fluctuation of vitality in your body? It turns out that it is the result of taking the Turtle Breath Pill."

Jiang Tianshui believed Qin Chuan's words.

Then he regretted:"What a pity! The efficacy of Guixidan is generally ten days. Based on this calculation, in the competition two days later, you want to be one against five. That is impossible."

Qin Chuan was shocked.

It turned out that the medicine was effective for ten days, but Lin Yue said it was two days.

That woman had no good intentions from the beginning.

"It takes ten days for the medicine to wear off, so what should I do?" Qin Chuan was a little anxious.

Jiang Tianshui thought for a while:"Don't worry, I have my own way. You go back to rest first and come see me tomorrow morning"

"All right! Old guy, that's up to you. By the way, your gourd is returned to you. Only half of the gourd's monkey wine is left in it."

Qin Chuan threw the small green gourd to Jiang Tianshui

"hey-hey! Boy, why are only half of the gourd left?

Qin Chuan said angrily: "Just to steal this monkey wine, I almost lost my life." Don't even look at how I got this injury. If it weren't for Houerjiu, I wouldn't be alive to see you old man."

Jiang Tianshui laughed and said, "Little guy, I'm just asking casually. Seeing that you are covered in injuries, you must have suffered a lot. I asked you to steal Monkey Wine just for your own good. Do you think I want this monkey wine?"

"Although this monkey wine is good, it has little effect on me at my level. I asked you to steal it. It was originally prepared for you, so take it all!

Qin Chuan took the gourd with a smile: "It's hard to refuse such kindness!" I'm not welcome!"

"You little naughty one!", Jiang Tianhe touched the young man's head lovingly.

"Little guy, I see you are very tired. Go back and rest first. If you have anything to do, we can talk about it tomorrow."

"Old guy, that kid resigned first."

At that moment, Qin Chuan excused himself and left.

Looking at the young man's back, a smile appeared on the old man's face.

"Nice little guy, maybe.....Why! Let's talk about it later!"

Jiang Tianshui thought a little.....

After returning to the dormitory, Qin Chuan didn't sleep for several days and nights, and was tired and hungry.

He hurriedly washed up and changed his clothes, feeling much refreshed.

After changing his clothes, Qin Chuan went out to have a big meal to fill his stomach before going back to sleep.

Maybe he was too tired, but he fell asleep quickly and slept soundly.....

At the same time, in the Gale Martial Arts Hall, there was a living room.

At this time, an old man with gray hair and a majestic appearance was sitting on the rosewood Taishi chair in the center of the living room.

This old man is Wei Jifeng, the owner of the Gale Martial Arts School.

At this moment, standing in front of Wei Jifeng was a handsome young man, Xiao Yu from Tianshui Martial Arts School.

"Xiaoyu, are you saying that the boy named Qin Chuan is back?", Wei Jifeng asked quietly

"Yes, cousin!"

"Um!" Wei Jifeng nodded slightly, "How strong is that young man?"

"Not sure, but Jiang Tianshui made him fight one against five, and also gave him special training, so he must be very strong.", Xiao Yu replied seriously.

Wei Jifeng also nodded slightly: "A twelve-year-old peak quasi-warrior is indeed extraordinary."

But as soon as these words fell, a discordant voice sounded behind Wei Jifeng.

It was a young man in black, about fifteen or sixteen years old, with an arrogant face.

At this moment, he said coldly: "Xiaoyu, what do you think Qin Chuan is? Only twelve years old. How strong can a twelve-year-old kid be? I think the reason why he can cultivate to the peak of quasi-warrior so quickly is not because of his talent, but because he took a lot of pills."

"The four major families in the city rely on this method to quickly improve the strength of their children, so a twelve-year-old peak quasi-warrior is nothing special."

"What's more, the strength duel between warriors pays more attention to fighting skills, so we don't need to look down on Qin Chuan!"

There was sourness in the tone of the young man in black.

He is Wei Yun, the grandson of Wei Jifeng, and he is also a contestant in this martial arts competition..

Chapter 1466

The young man in black had a sour tone in his voice.

He is Wei Yun, the grandson of Wei Jifeng, and he is also a contestant in this martial arts competition.....

Wei Jifeng glanced at Wei Yun indifferently and said:"Yun'er, you have to think carefully about everything. If Qin Chuan has no strength, why should Jiang Tianshui let him fight one against five?"

Wei Yun said indifferently:"That's right. Jiang Tianshui is so self-righteous! He wants to fight one against five, thinking that our Gale Wind Martial Arts School is empty? Speaking of which, they have lost four times in a row. If it had been anyone else, they would have found a latrine and drowned."

"Only people like him can shamelessly continue to open a martial arts gym in the West District. It's better now. He still wants to fight one against five. He obviously wants to earn back all the face he had in the past in one game. How can anything in the world be so cheap!"

Speaking of this, Wei Yun was a little angry.

Wei Jifeng smiled slightly:"Jiang Tianshui made a good plan, but it's a pity that he didn't know that Xiao Yu is one of ours. Wei

Yun also smiled and said:"Xiaoyu is now the number one master in the junior class of Tianshui Martial Arts School, and those students are looking forward to him very much!" Xiao

Yu smiled gently: "I am the number one master in name only. The real number one master should be Qin Chuan." Wei

Yun raised the corner of his mouth slightly: "Cousin, you just have to be responsible for losing!" As for Qin Chuan, it's up to me to deal with it!"

Xiao Yu reminded: "Cousin, although Qin Chuan is a peak quasi-warrior, he is born with supernatural power and his comprehensive combat power is only close to the first level. In addition, Jiang Tianshui gave him special training for half a month, so his fighting skills will not be bad. It may be difficult for his cousin to deal with him. Wei

Jifeng smiled coldly: "If Qin Chuan didn't have the first-level comprehensive strength, Jiang Tianshui wouldn't dare to fight one against five." Speaking of which, five peak quasi-warriors working together can be compared to a first-level junior"

"However, Jiang Tianshui still underestimated our Gale Wind Martial Arts School. Yun'er, when can you break through to the first level of elementary level? Wei

Yun said with a proud look on his face: "I was able to break through half a month ago, but it was just because of this exchange conference that I kept suppressing it and failed to break through." Xiao

Yu's eyes lit up: "It turns out that my cousin has been able to break through long ago!" My cousin is here to congratulate my cousin first! Cousin, as soon as you break through, it would be a joke for Qin Chuan to fight one against five.

Wei Yun smiled and said: "In this competition, you are inside and I am outside." You and I respond internally and externally, how did Tianshui Martial Arts School win?"

"Cousin, when are you planning to break through?"

"Naturally, he had to break through during the competition, so that Jiang Tianshui could be caught off guard. Otherwise, from the old guy's perspective, he could tell that I was hiding my cultivation after my breakthrough.

Xiao Yu said happily: "This method is wonderful!" Wei

Jifeng also stroked his beard and smiled:"In two days, the competition will begin. I can't wait. I hope to see Jiang Tianshui's jokes earlier!"

As soon as these words were said, Xiao Yu and Wei Yun both smiled knowingly.....

But on the other side, Qin Chuan fell asleep with his head covered after eating and drinking.

It wasn't until the next morning that he woke up, feeling refreshed and happy.

Qin Chuan looked out the window. The sky was gray and hazy, with only some fish belly white in the east. No one was walking outside the yard before the sun rose.

After a full night's sleep, Qin Chuan simply got up and washed himself, then prepared to go out and practice his boxing skills.

After leaving the dormitory, Qin Chuan felt the cool morning breeze and breathed in the fresh air greedily, feeling extra awake.

Not long after, he arrived at a remote courtyard and was about to start practicing boxing.

But at this moment, gentle footsteps came from outside the courtyard.

I didn't expect someone to get up as early as me, and I don't know who it is?

Are you also here for morning exercise?"

No!

It's a little weird!

Qin Chuan felt something was wrong.

The footsteps of the visitor were very light, and it was obvious that he was doing it deliberately.

At that moment, his heart moved, and he ducked behind a big tree and hid his body.

It didn't take long. , a young man sneaked into the yard.

As soon as he entered the yard, the young man looked around, as if to see if there was anyone else in the yard.

"It's him!"

Qin Chuan murmured in his heart.

It turned out that the boy was Lu Bao.

When Qin Chuan entered the martial arts gym for the first time, it was Lu Bao who greeted him.

"What does Senior Lu Bao want to do? Looking at him, something is wrong!"Zhang Shui'er held her breath and observed secretly.

Not far away, after Lu Bao made sure there was no one around, he quickly walked to the root of the opposite wall.

That courtyard wall was close to the outside world.

Beyond the courtyard wall, there was a secluded alley.

Bang~! Bang~! Bang~!

Lu Bao gently knocked three times on the thick courtyard wall, two fast and one slow

"cough~! "

There was a cough from outside the wall.

Lu Bao was surprised:"Mr. Bai, are you here?"

"Um!", a cold voice came from outside the wall.

Then, a white shadow flew into the courtyard from outside the wall.

It was a man in white wearing a silver mask.

Seeing the man in white, Qin Chuan's heart skipped a beat.

He could feel it. , the strength of this man in white is unfathomable, at least on the same level as Jiang Tianshui..

Chapter 1467

Qin Chuan's heart skipped a beat when he saw the man in white.

He could feel that the strength of the man in white was unfathomable, at least on the same level as Jiang Tianshui.

"Are you the only one here?", the man in white asked coldly

"Yes! Here belongs to the next person."

Lu Bao was very afraid of the man in white, and cold sweat broke out on his forehead.

The man in white frowned:"I was just outside the hospital, and why did I hear two different footsteps in the hospital, one is yours, and who is the other?"

Hearing this, Qin Chuan's heart trembled, and he secretly thought something was wrong. He quickly held his breath, not daring to take a deep breath.

"No way...", Lu Bao was a little unsure, "I took a look when I came in and found no one. If there are others in this courtyard, you should be able to sense it based on your cultivation. I think the entire Tianshui Martial Arts School can be hidden from your eyes and ears. There is only Jiang Tianshui"

"Ah!

The man in white was noncommittal, looking towards the place where Qin Chuan was hiding, and glanced doubtfully for a few times.

"Bring the stuff!", the man in white withdrew his gaze.

Lu Bao quickly handed over a note.

The man in white took the note, glanced at it, and nodded slightly: "Well done, everything went according to plan!"

"yes!", Lu Bao respectfully promised.

The next second, the man in white jumped out of the wall.

Lu Bao also left in a hurry. Qin

Chuan did not dare to show up immediately and still hid behind the tree.

Before, the man in white seemed a little suspicious.

Fortunately, He took the Turtle Breath Pill, and the effect of the medicine had not worn off, so the man in white could not sense his breath.

The reason why he was suspected was probably caused by the sound of his footsteps before.

After waiting for a while to make sure that the man in white would not come back, Qin Chuancai walked out cautiously.

What is the relationship between senior Lu Bao and the man in white?

They seemed to be doing a very secret thing.

Qin Chuan was confused.

Lu Bao's impression on him was originally not bad.

But this incident made him deeply feel that people's hearts are unpredictable, and nothing can be seen from the outside.

Thinking of this, Qin Chuan was no longer in the mood to practice boxing, and decided to find Jiang Tianshui to solve the problem of Guixidan first. After leaving the yard, Qin Chuan He went straight to Jiang Tianshui's residence.

But halfway there, a round-faced boy walked towards him and blocked his way.

The round-faced boy was Lu Bao

"Junior Qin Chuan, you got up so early!", Lu Bao greeted with a half-smile.

Qin Chuan's heart trembled, and he secretly thought that it was just a coincidence that this guy appeared at this time.?

"Senior Lu Bao, you got up early too! Lu Bao smiled and said,"

Junior, are you going for morning exercise?"

"That's right! I was planning to do morning exercises when I met my senior.!"

"Oh, junior fellow student, have you met other students doing morning exercises along the way?"

"Not really. Maybe I got up too early and didn't even see a ghost along the way. Senior, why are you asking this? Could it be that the senior got up early in the morning to find someone?"

Being Qin ChuanWhen asked in return, Lu Bao felt a little uncomfortable and quickly started to fight haha

"No no! I'm just asking casually. Junior Qin Chuan, don't get up so early in the future. You also know that it is early autumn and the weather is cold in the morning, so it is easy to catch wind chill."

"Although cultivation is important, the body is even more important. If you really get sick and catch a cold, you might even lose your life."

Lu Bao gave Qin Chuan a meaningful look, a bit warning.

Qin Chuan pretended to be confused:"Senior, you are exaggerating! Will someone die if caught cold?"

"Ha ha!! It's a bit exaggerated! I also care about you, that's why I say this!"

"Then I would like to thank my senior for your concern."

Qin Chuan pretended to be concerned.

When Lu Bao saw this, he murmured in his heart.

Judging from Qin Chuan's appearance, he probably didn't see what happened to me in the morning.

Mr. Bai said before that there was a second person, and he had been suspicious for a while.

Not long after, he saw Qin Chuan coming from which direction, and he was inevitably suspicious.

At this time, it seemed that Qin Chuan didn't know anything, so he was relieved.

Thinking of this, Lu Bao said: "Junior Qin Chuan, Then you go about your business, I won't disturb your morning exercise"

"Senior, walk slowly!"

Looking at Lu Bao's leaving figure, Qin Chuan murmured in his heart

"Is this guy doubting me?"

It seems I should be careful.

He is not afraid of Lu Bao.

Lu Bao is only a first-level junior and is not his opponent yet.

The man in white was what frightened him.

Qin Chuan couldn't figure out what the relationship was between them, and he didn't want to get involved in other people's affairs.

He just pretended not to know anything.

Thinking of this, Qin Chuan rushed directly to Jiang Tianshui's residence.

Not long after, he arrived at Jiang Tianshui's residence and found that Jiang Tianshui was already waiting for him there.

"Little one, you came quite early!"

"Old guy, let's get down to business! What should I do with the effects of the medicine on my body? Tomorrow is the exchange meeting."

Qin Chuan is a little anxious.

Jiang Tianshui treats him well, and he naturally hopes to help Tianshui Martial Arts Academy win the competition.

If the effect of Guixi Dan is not eliminated, he will not be sure to win the competition with just his physical strength....

Chapter 1468

Jiang Tianshui said with a smile: "Little guy, don't be impatient, it's not difficult to remove the medicinal power of the Turtle Breath Pill. As long as I use my skills to force out the medicinal power that blocks your main acupoint, it will be enough. Once the main acupoint is opened, your vitality will naturally back to normal"

"So simple!", Qin Chuan was delighted, "Then let's get started!"

"good!"

At that moment, the two of them sat cross-legged in the room.

Jiang Tianshui began to force out the medicine for Qin Chuan.

It was not difficult to force out the medicine, but it was very energy-consuming.

Jiang Tianshui pressed one hand on the main acupuncture point on Qin Chuan's back. A steady stream of water energy was input, forcing out the medicine that blocked the main acupoints.

Qin Chuan felt a slight tingling and tingling. It took about as long as a cup of tea.

Qin Chuan felt it As soon as the main acupuncture point on the back was clear, the surrounding water energy suddenly poured in, and it was finally re-opened.

"Finally a main hole was opened. How do you feel, little one?"

Jiang Tian Shuichang breathed a sigh of relief.

"The feeling is almost the same as before, the acupuncture points are very smooth."

Qin Chuan sensed it and found nothing unusual, and he felt delighted.

"That's good, I'll continue to help you open the second main point."

In this way, one old man and one young man continued to open up the main acupoints.

In the blink of an eye, a whole morning passed.

Jiang Tianshui opened up the thirty-five main acupoints in one breath.

He did not know that Qin Chuan had broken through to the first level of primary acupoints, and also opened up to the thirty-ninth acupuncture point.

He thought that Qin Chuan was still a peak quasi-warrior, and the Baihui point had not been opened.

Qin Chuan did not want Jiang Tianshui to know that he had broken through.

After all, he and Jiang Tianshui Within a few days of separation, he broke through to the first level.

Jiang Tianshui would naturally feel strange. If he was asked, it would be difficult for him to explain.

It was impossible for him to tell what happened below the Monkey King Cave.

The deaths of Nanyu and Lin Yue, like a sharp sword, has been hanging in his heart.

There is no telling when this crisis will explode.

Besides, the effect of Turtle Breath Pill will automatically dissipate.

When the effect of the drug dissipates, his cultivation will be fully restored. , not in a hurry

"Little guy, I have opened up all your main points. How about it? Has your strength been fully restored?"

Jiang Tianshui breathed a sigh of relief.

Qin Chuan moved his muscles and felt that the thirty-five main acupoints were unobstructed, returning to the peak quasi-warrior level, and his mood became more comfortable.

"Old guy, you really have a couple of tricks up your sleeve! I recovered!"

"hey-hey! Just make a full recovery. Don't forget our agreement. Tomorrow in the conference, you have to fight one against five, defeat the five contestants in one breath, and defeat them shockingly."

"Don't worry! I will do it!"

Qin Chuan looked confident.

His water system cultivation had returned to the peak of a quasi-warrior.

And his body-refining strength was comparable to that of a first-level junior warrior.

Superimposed on the two, he could sweep away most of the first-level junior warriors. Naturally, he would not defeat five The top quasi-warrior takes it seriously.

If he restores his cultivation to the first level, he will be even stronger.

Looking at Qin Chuan's unconcerned look, Jiang Tianshui couldn't help but remind him

"Little one, don't be careless. Don't forget, if you lose this time, you will have to work for me for a year. The monthly salary is only one gold coin.

Qin Chuan curled his lips: "I don't lose that easily!" Don't forget it either. If I win, you will teach me your famous martial art - Blue Sea Tide Slash."

"hey-hey! This is natural! As long as you win this game, I will naturally teach you."

"Keep your words!"

"I always stick to my word!"

"That's good! Old guy, I'm going to practice my boxing skills to prepare for tomorrow's competition. You've spent a lot of energy all morning, so go take a rest."

"Go for it!"

After the two chatted for a while, Qin Chuan resigned.

After leaving Jiang Tianshui's residence, Qin Chuan found a remote place to practice tiger-shaped boxing and wait for the martial arts competition the next day.....

In a blink of an eye, it was the next day.

On this day, the sun was shining brightly and there was a lot of people.

The exchange meeting between Tianshui Martial Arts School and Gale Wind Martial Arts School was just about to take place.

There are only two martial arts schools in the entire western district of Shenyang City. Most of the students in these two martial arts schools are children from well-off families in the western district, with a few from surrounding towns.

Of course, there are also a handful of people from other cities.

The martial arts hall is a gathering place for young warriors and a place of enlightenment.

The exchange conference between the two museums has always been a major event that people in the West District talk about.

Therefore, every time the exchange conference is held, a large number of local residents come to watch.

Also coming to watch were the leading figures from three small families in the West District.

Although these three small families are far less powerful than the Wei family, in the eyes of ordinary people, they are still forces that cannot be messed with.

In addition to these three small families, the Wei family will also send people to watch.

The four major families in Shenyang City are: Nan, Yan, Wei, and Zhou.

The West District is the territory of the Wei family.

But he said that the reason why those family forces paid attention to the exchange conference between the two martial arts gyms was to recruit some potential young talents from the two major martial arts gyms to strengthen their family strength.

The two major martial arts schools are also willing to recommend students to various forces to expand their influence.

Therefore, many of the students from the two major martial arts schools have sought positions in various forces.

This creates an intricate network of relationships between the two major martial arts schools and various forces.

Invisibly, the two major martial arts schools have become forces that cannot be ignored in the Western District.

Of course, there is also competition between the two major martial arts schools, and it is very fierce.

The exchange conference between these two museums is the intersection of competition between the two museums.

Chapter 1469

The exchange conference between the two museums is held once a year.

This time it was held at Tianshui Martial Arts Hall.

At this moment, the Tianshui Martial Arts School grounds were already buzzing with people and overcrowded.

Residents gathered in the square to watch.

On one side of the school grounds is the summit platform with six seats.

At this moment, Jiang Tianshui was sitting on one of the seats, while the other five seats were still empty.

"Why haven't the people from the Gale Martial Arts School arrived yet?"

"Just wait a little longer, it should be coming soon!"

"snort! This Gale Martial Arts School's airs are really getting bigger and bigger...."

To the west of the school grounds, a group of students in white clothes were discussing.

These are all students from Tianshui Martial Arts School, divided into three groups according to age.

The first group is all teenagers under the age of fifteen or sixteen, about forty or fifty in number, and they are all students in the junior fighting class.

The second group is mostly teenagers from sixteen or seventeen to twenty years old. There are only about thirty in number. They are all students in the intermediate fighting class.

The third group is mostly young people in their twenties and thirties, with no more than twenty in number. They are all students in advanced fighting classes.

Standing in front of this group of students are the instructors of three fighting classes.

Instructor Yue stood at the front of the junior combat class.

Behind Instructor Yue, there were five peak quasi-warriors, Qin Chuan, Xiao Yu, Zhu Heng, Ge Fei, and Liu Fei, standing side by side.

After that there are the advanced quasi-martial artist, the intermediate quasi-martial artist, and the junior quasi-five warriors.

The ranking of this team is based on strength.

Just as the students in Tianshui were talking about it, a low shout rang out from the crowd.

"Look! The people from Gale Wind Martial Arts School are here! Qin

Chuan hurriedly followed the sound.

At the entrance of the school grounds, he saw a majestic old man with gray hair, leading more than 200 students into the school grounds.

These people were the students of the Gale Wind Martial Arts School.

"There are quite a lot of students in this Gale Martial Arts School. There are more than 200 people, which is almost twice as many as our Tianhe Martial Arts School."

Qin Chuan couldn't help but muttered.

Just after he finished speaking, a sigh came from beside him.

"Why! Senior Qin Chuan, you also know that our Tianshui Martial Arts School has lost in the exchange conference for four consecutive years, and its reputation has naturally plummeted. Naturally, there are fewer people willing to come to our Tianshui Martial Arts School to study."

The person who said this is Zhu Heng

"oh~!",Qin Chuan nodded slightly.

Zhu Heng smiled bitterly:"We must win this competition. If we lose again this year, the prospects of our Tianshui Martial Arts School will be even more bleak."

After hearing these words, Qin Chuan secretly vowed to help Jiang Tianshui win the competition..

He is a man who always repays kindness and repays hatred.

Jiang Tianshui treated him sincerely, so he naturally wanted to help Jiang Tianshui solve the predicament at hand.....

At this moment, people from the Gale Wind Martial Arts Hall appeared, and the atmosphere in the venue became heated, and the residents cheered one after another.

"Ha ha! The people from Hayate Martial Arts School are finally here!"

"The fun is about to begin!"

"Guess who will win this competition between Gale Wind Martial Arts School and Tianshui Martial Arts School?"

"Is there any need to guess? Hayate Dojo must have won!"

"That's right! Tianshui Martial Arts School has been losing for four consecutive years, and every time they lose miserably. I think among the five games this time, if they can win one or two, it would be considered good."

"yes! In the five competitions last year, Tianhe Martial Arts School lost all five of them, which was really a loss of face!"

"This is also destined! You don't even look at how many students there are in Tianshui Martial Arts Hall and how many students there are in Gale Wind Martial Arts Hall. The more students there are, the higher the chance of finding talented people."

"Who can blame us for the lack of people? Who doesn't want to go to a better martial arts school to study?"

"In this way, Tianshui Martial Arts School is definitely going to lose this time!"

"Of course!"

"Not always!"

A dissatisfied voice came from the crowd.

It was a middle-aged fat man.

"hehe! Do you think Tianshui Martial Arts School will win?", someone retorted Big Fatty

"Who says it's impossible? I heard from my son that this time Tianshui Martial Arts School also produced five peak quasi-martialists, so it is not certain who will lose and who will win!"

This middle-aged fat man is Zhu Heng's father.

"Friend, your son is studying at Tianshui Martial Arts School?"

"Yes! So what?", Zhu Heng's father didn't take it seriously.

"Ha ha! I'll just say it! How could you speak for Tianshui Martial Arts School? It turns out there is such a relationship. I think you should stop dreaming. How could Tianshui Martial Arts School win over Gale Wind Martial Arts School? Even if they produce five peak quasi-warriors, it won't help!"

As soon as these words were said, the crowd burst into laughter.

These people had blind confidence in the Gale Wind Martial Arts School.

Zhu Heng's father was laughed at by the crowd, and his fat face turned red with anger.

He said angrily: "Okay! You don't believe anything I say. You'll know after watching the game."

"Ha ha! OK! We just came to see how the Gale Wind Martial Arts School defeated the Tianshui Martial Arts School."

"yes! I wonder if Tianshui Martial Arts School will lose all five battles like last time!"

"You... Humph!", Zhu Heng's father was so angry that he could not speak..

Chapter 1470

Just as the field was bustling with excitement, Jiang Tianshui stood up with a smile and looked at the majestic old man who was the leader of the Gale Wind Martial Arts School.

"Mr. Gale! You are finally willing to come here! Let me wait until now!"

"Ha ha!!"

Wei Jifeng laughed heartily and strode towards the summit.

"Tianshui old monkey, you are so anxious for me to come here. Could it be that he is impatient and wants to see how badly he will lose?"

Jiang Tianshui laughed dryly: "Hey!" Mr. Gale! It's only been a few months since I last saw you, and you've become even thicker-skinned!"

"Old monkey, I know you are not convinced! The results of the competition will come out later. Let me see if you have anything else to say!"

"hehe! I mean the same thing."

When the two museum owners met, they were tit for tat.

In the corner of the school ground, Zhu Heng introduced Qin Chuan in a low voice.

"Senior Qin Chuan, the old guy who was quarreling with the gym owner, is Wei Jifeng, the owner of the Gale Martial Arts Gym. Like the owner of the hall, he is also a fifth-level warrior. Qin

Chuan nodded slightly and kept it in his heart.

At this time, Wei Jifeng walked to the summit and sat down next to Jiang Tianshui.

The students of Jifeng Martial Arts School had been arranged to stand on the other side of the school ground, and they were standing next to Tianshui. The students of the martial arts hall looked at each other from a distance.

The students of the Gale Wind Martial Arts Hall also stood separately in three classes: junior, middle and high school. The junior fighting class where Qin Chuan was in was far opposite to the junior fighting class of the Gale Wind Martial Arts Hall.

"Senior Qin Chuan, did you see that? The five people in the front row on the opposite side should be our opponents this time."

Zhu Heng looked at the opposite side.

Qin Chuan couldn't help but look over.

At the same time, the five teenagers opposite also looked over with bad intentions.

However, most of the eyes of the five teenagers were focused on Qin Chuan.

Qin Chuan was only twelve years old. He was standing with a group of fifteen or sixteen-year-old boys. He was a lot smaller.

But he was still standing in the front row, so he naturally looked very conspicuous.

"Why is that little man standing in the front row? Is he our competition opponent?"

"hehe! That little guy looks only eleven or twelve years old, how strong can he be? Isn't he just pretending to be fake?"

The five players from the Gale Wind Martial Arts Hall murmured.

"Don't underestimate him. As far as I know, this guy is not simple."

Wei Yun, among the five of them, muttered.

"Boss Wei, do you know anything about this little guy?"

The other four people looked at Wei Yun one after another.

"Um!", Wei Yun nodded slightly, "As far as I know, this little man's name is Qin Chuan, and he is only twelve years old this year. Despite his young age, he is a peak-level quasi-warrior. He is said to be stronger than the average peak-level quasi-warrior!"

"snort! I do not believe!"

A tall and thin boy looked disdainful.

"I wouldn't be surprised if this little man named Qin Chuan has the cultivation level of a peak quasi-warrior. As long as he takes a lot of pills, it is possible for him to reach the peak at his age."

"But if you say that this little dwarf is stronger than the average peak-level quasi-warrior, I wouldn't believe it even if I beat him to death!

Wei Yun said coldly: "Gao Yan!" Don't be too self-righteous! Believe it or not, you will know in a moment"

"Yeah?" Gao Yan disagreed, "Then I want to see how powerful this little dwarf is. I just hope this little dwarf won't be the first to meet me. When the time comes, I won't be merciful"

"as you like!"

Wei Yun is too lazy to say more.....

Wei Yun and the other five spoke in very low voices.

But Qin Chuan's six senses were astonishing, and he could clearly hear their conversation even though they were across the school field.

Qin Chuan looked calm on the surface, but he was snickering on the inside.

He was thinking, what would he do if he really met Gao Yan?

Of course he will not show mercy!

After waiting for a while, the competition meeting was not held yet.

Qin Chuan was a little impatient with waiting.

"Zhu Heng, why hasn't the competition started yet?"

Zhu Heng gestured to the summit with his eyes.

"See those four empty seats? There are three left for the three heads of the Chen family, the Chu family, and the Li family. There is another one left for the Wei family. They haven't come yet, so the meeting can't start yet"

"Will people from the Wei family come too?"Qin Chuan was a little surprised.

The Wei family is one of the four major families in Shenyang City.

He did not expect that the Wei family would also attend such a competition meeting.

"Of course! The Wei family would send someone to the competition every year. In fact, the exchange meeting between the two museums was held for these families."

"Why?"

"This exchange conference allows students from the two martial arts schools to demonstrate what they have learned throughout their lives in front of several families. Each family will select the students they like among the students and recruit them into their respective families. However, most of them only select seniors from advanced fighting classes."

"oh!", Qin Chuan had some idea.

At this moment, there was a commotion in the crowd

"look! People from the Chen family, Chu family, and Li family are all here."

Qin Chuan followed the sound and saw three old men in brocade clothes, talking and laughing while walking towards the summit platform.

"Ha ha!! The three of them are finally here!"

On the summit stage, Jiang Tianshui and Wei Jifeng stood up one after another and bowed their hands to the three old men.

Off the stage, Zhu Heng quietly introduced to Qin Chuan.

The three old men are the heads of the Chen family, the Chu family, and the Li family.

As soon as the three heads of family took their seats, there was another commotion outside the school grounds.

"Look! The Wei family is finally here!"

As soon as these words were said, the whole place became commotion.

Everyone looked towards the entrance of the school ground.

The Wei family is one of the four major families.

As for the protagonists of this competition, in addition to the players participating in the competition, the Wei family It will also be a dazzling existence..
