### Chapter 1491

"How did things go?

Huang Yue said hurriedly: "Fortunately, I did not disgrace my life!" The subordinates have quietly sprinkled the scent of ten miles on Qin Chuan."

The man in white nodded with satisfaction.

Then, he asked again: "Didn't he discover it?

Huang Yue said confidently: "My subordinates did it very secretly. Qin Chuan will not find out." It doesn't matter even if he finds out. The secret fragrance of Shili is extremely strange. The fragrance can enter the human body through the skin."

"Even if Qin Chuan takes a shower and changes clothes, he can't get rid of the smell. Only after waiting five days for the medicine to lose its effectiveness will the smell dissipate on its own.

Mr. Bai nodded with satisfaction: "Very good!" How far can your fragrant spirit insect sense?"

"Within ten miles, fragrant spirit insects can smell it!

Mr. Bai smiled coldly: "Shili!" enough! In the next five days, you will monitor Qinchuan's location. As long as he dares to leave Tianshui Martial Arts Hall, it will be his death! Huang

Yue asked curiously: "Mr. Bai, with your strength, it is easy to kill Qin Chuan." Why do you have to wait for him to leave the martial arts gym?

Mr. Bai sighed: "The last time, something happened at Tianshui Martial Arts School, and Jiang Tianshui became more vigilant. The Wei family and the Yan family also secretly planted experts outside the martial arts hall. If I go to the martial arts hall to kill Qin Chuan, I will only fall into their ambush."

Huang Yue suddenly understood.

At this moment, there was a faint sigh from behind the two of them.

"Why! Why bother?"

Hearing that sigh, Huang Yue's face changed slightly, and he turned around quickly, but did not see anyone. But

Mr. Bai sneered without looking back: "Lan, you want to stop me again?"

"Why!"

There was another faint sigh, and the voice was erratic for a while.

Then, a man in blue appeared strangely in front of the two of them.

The man in blue did not wear a mask, but it was impossible to see his appearance clearly. It was very strange, as if His face is always covered by a mist

"Last time, you blocked me once!"

Mr. Bai looked at the man in blue coldly, but the eyes behind the mask were obviously filled with deep fear.

"Bai, why did you have to kill that boy? He is not from the fourth family.", the man in blue asked quietly.

"He knows too much!"

"That's just your guess!"

"I'd rather kill the wrong person! Don't let it go! We don't have much chance anymore"

"Do you really have to kill him?"The man in blue asked in a low voice.

"Must be killed!"Mr. Bai's tone was very firm.

"As far as I know, you were entrusted by Elder Sun to kill that young man, but you were rescued in advance by a masked man."

"snort! You are well informed!"Mr. Bai frowned slightly.

The man in blue said quietly:"The appearance of the masked man can make you so afraid that you dare not take action. It shows that the masked man is very strong, and it also shows that the background of the young man is not simple. Aren't you afraid of bringing trouble to us when you go killing on your own?"

"I have asked Elder Sun to find out the details of that young man."Mr. Bai looked in the direction of the Zhou family from a distance.

"It seems that you are determined to take action. That's all, then I don't care about you. Just one thing to remind you."

The man in blue's voice gradually turned cold.

"What's the matter?"

"The Phoenix Master asked me to lead the Fengbu people. In the future, if you want to use someone from the Feng Department, you must say hello to me in advance!"

Speaking of this, the blue man's eyes flashed sharply, and he looked coldly at Huang Yue who was aside.

Huang Yue was so frightened that he broke into a cold sweat:"Mr. Lan, I..."

"snort! No need to say more! You help Mr. Bai complete the task first. When you go back, you will be punished!"

As soon as he finished speaking, the man in blue disappeared mysteriously into the bamboo forest.

"Mr. Bai, I....", Huang Yue was a little at a loss.

"snort! You don't need to pay attention to that arrogant guy. As long as I'm here, he won't dare do anything to you"

"Thank you Mr. Bai!"

Huang Yue breathed a sigh of relief, but he was still a little worried.....

But on the other hand, Qin Chuan felt something was wrong since Huang Yue left without saying goodbye.

He thought again that after he and Huang Yue exchanged palms before, he smelled the strange fragrance and felt even more abnormal.

"Isn't that strange smell some kind of poison? But there are no signs of poisoning on my body! Qin

Chuan murmured in his heart, a little confused.

He thought for a while, but he always felt something was wrong.

After the day's reception task was completed, he hurried back to the dormitory, took a hot bath, and changed into a clean suit. clothes.

In his opinion, after taking a bath and changing into new clothes, he should be able to get rid of the strange smell.

Thinking of this, Qin Chuan felt at ease.

He didn't know that he still underestimated the strange smell.

The ten-mile fragrance is colorless and non-toxic, but it can enter the human body. Even if you take a bath and change clothes, it cannot remove the odor...

But after Qin Chuan calmed down, had dinner and dealt with trivial matters, it was dark.

During the day, he was in Xinsheng At the reception desk, he was busy working and didn't have much time to practice.

Now at night, in order to make up for the missing practice time, he planned to stay up late to practice the Wood Spirit Art. Qin Chuan had an inexplicable sense of crisis since he didn't know when.

Let He felt that he was like a candle in the wind and rain, which would be extinguished in the storm at any time.

He had to become strong as soon as possible and turn the weak candle into a fierce fire in order to withstand the storm.

This inexplicable sense of crisis, It became the driving force for his cultivation and made him work extra hard..

Chapter 1492

Time flies!

In a blink of an eye, it was the next day.

Early in the morning, after Qin Chuan had breakfast, he rushed to the freshman reception desk and started on duty.

After practicing all night long, he gained a lot. The wood element has been opened to the 32nd main point, and his strength has increased by one point.

After arriving at the reception desk, he couldn't help but feel a little sleepy. After all, he hadn't slept all day and night.

Suddenly, he remembered that he had a water-based auxiliary martial skill - the Qingxin Curse, which could calm the mind and clear the mind.

I don't know if this Heart Clearing Mantra can clear away sleepiness.

Thinking of this, Qin Chuan took out the martial arts jade tablet of Qingxin Curse and input water energy into it.

Buzz~!

The jade tablet activated, trembled for me, and released a curtain of light.

The next second, two lines of mantras appeared in the light screen.

Below the formula, another virtual figure appeared.

The figure's hands flew and quickly pinched the seal.

At the same time, the flow route of the vitality in the figure's body within the meridians is also displayed.

Each seal corresponds to a way of meridians flowing.

Qin Chuan was a little surprised when he saw this scene.

He always thought that the Pure Heart Curse was a rubbish martial skill.

Looking at it now, it seems that the training is extremely difficult, and there is no elementary martial arts at all.

There are generally only three types of seal techniques for primary martial arts.

There are more than three types of heart-purifying mantras!

Could it be that the level of the Pure Heart Curse is not a primary martial skill...

Qin Chuan looked at the light curtain in surprise.

A full quarter of an hour passed before the figure in the light screen finished demonstrating all the seal techniques.

"Tsk tsk!! There are thirteen seal techniques in total, which are completely standard for advanced martial arts! It turns out that I completely underestimated it! Qin

Chuan was amazed and his face was full of joy.

At this moment, he realized that he had found a treasure. I am afraid that Jiang Tianshui, who gave him the jade token in the first place, did not know that this Qingxin Curse was so advanced.

Bang~!

Right there At this time, the jade tablet automatically collapsed into powder.

It completed its final mission and no longer existed.

Learning martial arts requires extremely strong memory and understanding.

Fortunately, Qin Chuan's memory and understanding are both extremely strong.

The jade tablet showed before He has a photographic memory of all the seal techniques and has memorized them one by one.

If it were other martial artists, they would only be able to remember 30% of them in one go, which would be very good.

From this point of view, learning high-level martial arts is more difficult than low-level martial arts.

After all, Low-level martial arts only have three seals, and they are simple and easy to remember, while high-level martial arts generally have more than ten seals.

At that moment, Qin Chuan began to try to use the first seal of the Qingxin Curse based on his memory. After practicing the Qingxin Curse, It's really complicated.

Each type of seal corresponds to a way of meridians running.

Thirteen types of seals correspond to thirteen types of meridians.

It took Qin Chuan more than two hours to barely master the thirteen types of seals.....

At this moment, Qin Chuan's hands were flying, and he kept forming various seals, one after another, one after another, and the speed was getting faster and faster.

When he formed the last seal, he shouted in a low voice:"Haha! Clear your heart and concentrate your mind—concentrate it for me!"

Buzz~!

The next second, Qin Chuan's body shook slightly, and the water energy in his body suddenly moved, turning into a stream of refreshing air, following the meridians in his body, and going straight to the Baihui point on his head.

As soon as the refreshing air reached Baihui Point, Qin Chuan felt like he was in a state of enlightenment and became extremely awake.

The sleepiness caused by practicing all night last night immediately disappeared without a trace.

At the same time, he felt a sense of peace and comfort in his heart.

"What an amazing feeling. Is this feeling of peace in one's heart the effect of the Pure Heart Mantra to calm one's mind? It seems the effect is pretty good!!"

Qin Chuan was very satisfied with the effect of the Qingxin Curse.

He couldn't help but think that with the refreshing effect of this Qingxin Curse, he would be able to practice day and night without feeling sleepy.

This is equal to his practicing time being twice as long as that of ordinary warriors. Then The speed of progress will also be doubled.

To a certain extent, this is equivalent to an alternative plug-in. The more Qin Chuan thought about it, the more satisfied he became. At this moment, he was full of energy, even more energetic than usual.

This state is very Suitable for practice.

At that moment, he took out a Yuan Judan and prepared to practice the Jingtang Jue.

His small Yuan Judan had been used up, so he suspended the practice of the wood element.

Those small Yuan Judan were from the wood element. Without the aid of elixirs, his Wood Element cultivation speed would slow down.

So he switched to Water Element, because the Ju Yuan Pill in his hand was of the Water Element.

Whether it was the Small Ju Yuan Pill or the Ju Yuan Pill, they were divided into metal, wood, water, fire and earth. Five series.

The same quality, except for the different attributes, has the same value.

The value of Xiao Ju Yuan Dan and Ju Yuan Dan is very different.

As we all know, Xiao Ju Yuan Dan is for quasi-warriors.

Ju Yuan Dan is Prepared for first- and second-level warriors.

The value and efficacy are naturally different.

A small Juyuan Pill is worth about ten gold coins.

A Juyuan Pill is worth about thirty gold coins.

It can be seen that the Juyuan Pill is not Ordinary small family members and casual cultivators can afford it.

Based on Qin Chuan's monthly salary in the Zhou family, even if he saves money for three years, he may not be able to buy a Yuan Ju Dan..

Jiang Tianshui gave him a bottle of Juyuan Dan as a gift to meet his apprentice.

Qin Chuan counted and found that there were forty pills in the bottle, equivalent to one thousand two hundred gold coins. It can be said that he spent a lot of money. It can be seen from this that, Jiang Tianshui attached great importance to him.

Qin Chuan took out an elixir, swallowed it directly, and began to practice the Jingtao Jue.

The elixir immediately turned into a mellow medicinal liquid when he entered his mouth, and flowed to his limbs and bones.

Next Within seconds, Qin Chuan was pleasantly surprised to find that his sensitivity to water energy had doubled, and the speed at which he could cultivate water energy had doubled.

Qin Feng was overjoyed.

This Water Spirit Gathering Pill helps water cultivation. It was indeed huge!

At that moment, he started practicing happily.

In this way, he practiced from morning to afternoon in one breath.

He opened four more of the seventy-two earth evil points, and the process was extremely smooth. In other words, his acupuncture points It has reached the forty-third level, and the strength of the water system has improved a lot.

At this time, the power of the water system Juyuan Pill has been exhausted.

Qin Chuan was still not finished, and was about to take the second one.

But at this moment, there was a sound outside the door. The sound of footsteps.

He quickly stopped practicing..

Chapter 1493

Qin Chuan still wanted to take the second pill.

But at this moment, footsteps sounded outside the door.

He quickly stopped practicing.

The light outside the door dimmed, and a fat young man walked in. It was the fat brother who had helped Qin Chuan get familiar with the reception business.

"Junior Qin Chuan, are there no new students coming today?"

The fat brother asked with a smile as soon as he entered the door.

"Not yet!"

"Oh, the owner asked me to inform you. I have worked hard for you these past two days. Starting from tomorrow, you will not be on duty. The owner has hired a new assistant. That man will come to work tomorrow.

Qin Chuan smiled and said, "This is good news."

"correct. Junior brother, in a few days, the assessment for the Wei family's preparatory guards will be held. Are you ready to participate? With your strength, you can definitely pass the assessment"

"The assessment of the Wei family's preparation for guarding?" Hearing this, Zhang Shui'er was slightly startled.

"yes! At this time every year, the guard teams of the four major families will recruit reserve guards on the same day. We are from the West District, so naturally we want to enter the Wei family. After all, the Western District is controlled by the Wei family. To get ahead in the Western District, the Wei family is the first choice."

Qin Chuan suddenly realized.

According to his idea, if he wanted to join the bodyguard, he would naturally join the Zhou family.

After all, he grew up in the Zhou family. There was no such thing as Deacon Qin who treated him like a family member, and Xiang who liked to stick to him since he was a child. His son, as well as the uncles and aunts who had taken care of him.

Seeing Qin Chuan not answering, the fat man asked: "Junior Qin Chuan, don't you want to enter the Wei family? With your talent, if you don't join the four major families, you will be buried."

"Many people who want to enter the Wei family cannot get in. You saw the martial arts exchange meeting that day. There were so many students from the two martial arts schools, but the Wei family only selected three. It shows that it is extremely difficult to enter."

"However, as long as you join the Wei family, the skills, martial arts, and resources you can get in the future are not comparable to those of casual cultivators and small families. If you can make contributions to the Wei family, the benefits you will receive will be even greater."

Speaking of this, the fat man had a look of yearning on his face.

"Fat brother, what do you mean, are you going to take the assessment of the Wei family's reserve guard?

The fat man smiled bitterly:"Hey!" I actually want to sign up! such a pity! I don't have that qualification.

Qin Chuan was stunned:"How come you are not qualified?"

"Junior Qin Chuan, you don't know something. To participate in the preliminary guard assessment of the four major families, you must be under eighteen years old. I'm nineteen years old this year, so naturally I can't participate."

"Why! It seems that in this life, I can only find a position in a small family and hang out. Or become a casual cultivator and wander around the world."

The fat man smiled bitterly.

Qin Chuan comforted him:"Fat brother, you don't have to join a big family to get ahead. Thinking of the vastness of the world, there are countless talented people, many of whom are casual cultivators. As long as Fat Brother sticks to his original intention, he will surely succeed"

"You're right, I'm too pessimistic.", the fat man smiled

"By the way, Fat Brother, do you know anything about the markets in the West District?"

"I've been there several times. how? Junior Qin Chuan wants to go to Fangshi?"

"I want to go around and see if there is anything I need."

Qin Chuan didn't hide anything.

He wanted to go to the market to buy some wood-type Xiaojuyuan Dan to improve his wood-type cultivation.

After all, the Zhou family's guard assessment was about to begin, and he had to speed up his improvement in order to pass the assessment smoothly.

"Junior Qin Chuan, what a coincidence! I made an appointment with several students from the advanced class to go to Fangshi together the day after tomorrow. How about, junior fellow student, come with us?"

"OK! There are so many people and it's so lively, so I'll join in the fun!"

"That's it, I'll find you the day after tomorrow. Actually, I have a good thing this time. Where can I sell it?", the fat man looked proud.

"Fat brother, what good stuff?"

"An inner elixir of a first-level primary ferocious beast! This thing is worth a lot of money. Last time, I went hunting with a few of them....."

The fat man talked endlessly.

Qin Chuan could see that the first-level evil beast inner elixir was indeed valuable, otherwise the fat man would not be so happy.

Speaking of inner elixirs, he had two in his hand.

One is an intermediate level one, and one is an advanced level one.

At that time, you can go to the market to sell it and exchange it for a lot of gold coins.

In this way, the two made an agreement.

After the fat man left, Qin Chuan continued on duty.....

Time flies!

In the blink of an eye, two days passed.

In a blink of an eye, the time agreed upon by Qin Chuan and Fatty came.

During these two days, Qin Chuan didn't have to be on duty, so he stayed in the dormitory and practiced the Jingtao Art.

With the help of Yuan Ju Dan and Qing Xin Mantra, his cultivation progress has improved by leaps and bounds.

In just two days, he opened up thirteen more of the seventy-two Earth Demon acupuncture points, and his strength increased again.

Once all these earth evil acupuncture points are opened, his water system cultivation will be able to break through to the first-level intermediate level in one fell swoop.

In addition, he also found that using the Qingxin Mantra to assist in practice can shorten sleep time, but it cannot be shortened indefinitely.

After practicing to a certain level, he still needs to sleep to restore some energy.

In summary, after using the Pure Heart Mantra, he slept less and practiced longer.

He practiced for two days, which is equivalent to three days for an ordinary warrior.

Overall, his cultivation speed has greatly increased.

But on this day, Qin Chuan opened his eyes from meditating and felt his progress with joy.

"With my current cultivation progress, I will be able to break through to the first-level intermediate level in the water system within three months."

Three months later, Qin Chuan was still less than thirteen years old. He could reach the first-level intermediate level before he was thirteen years old. That was an extremely amazing achievement.

"such a pity! The Juyuan Pills were consumed too quickly, and there were only about twenty pills left. If the elixirs are not replenished in time, I think it will be difficult to break through to the first-level intermediate level within three months."

"It seems that I have to earn more gold coins. If I have money, I can have elixirs. By the way, today is the day agreed with Fat Brother. It is time to go to the market and sell the two inner elixirs."

Qin Chuan muttered in his heart.

Bang~! Bang~! Bang~!

At this moment, there was a knock on the door.

Qin Chuan quickly got up and went to open the door..

Chapter 1494

Qin Chuan opened the door and saw the fat man standing outside the door.

"Fat brother, you came here so early!

The fat man smiled and said, "It's not too early. The sun is almost gone." Junior Qin Chuan, as we agreed last time, we will go to Fangshi today. Are you ready?"

"Let's go! Fat brother! I have long been ready!", Qin Chuan has been impatient for a long time.

"Then let's go!"

At that moment, Qin Chuan closed the dormitory door and left with the fat man. When he arrived at the door of the martial arts hall,

Qin Chuan found that there were two men and one woman waiting there.

The two men and one woman were in the same class as the fat man, and they were all senior Students in the class.

They naturally knew Qin Chuan and greeted him warmly when they met.

After all, Qin Chuan became famous at the conference of the two halls, and it was difficult for them not to recognize him.

In this way, after everyone got to know each other, they all started to talk to Fang Fang. The city has arrived

"Junior Qin Chuan, there will be an auction in the market today, and it will be very lively."

On the way, a senior introduced enthusiastically

"Is there an auction?" Qin Chuan's eyes lit up and he became interested.

The senior said:"Yes! Auctions are not held every day in the market. They are usually held only once every ten days. At the auction, some rare items that are rarely seen will be auctioned."

"There are some rare items that you have never even heard of. Let's take a look this time and gain a lot of knowledge. Maybe if you happen to see some items in the future, you won't recognize them and miss them.

Qin Chuan nodded repeatedly:"That makes sense!" It's also good to gain some knowledge."

The fat man also interjected:"Actually, a few of us will go to every auction. How can children from ordinary families like us have the money to take pictures? It's purely to gain knowledge."

"Fat man! Not to mention, over the past few years, our knowledge has increased a lot!"

"That's natural! Having more knowledge is also a kind of soft power!"

"Makes sense! Ha ha!!"

At the moment, the group of people headed to Fangshi, talking and laughing along the way.....

At the same time, the western district of Shenyang City.

There is a small teahouse on the street not far from Tianshui Martial Arts School.

On the second floor of the teahouse, on a table on the south side.

Several teenagers were drinking tea leisurely while talking about the current situation in Fengyan City.

These people are Xiao Yu, Ge Fei, Zhu Heng and Liu Fei

"Unexpectedly, people from the Yan family would kill people from the Wei family. Why! It seems that Shenyang City has become increasingly unstable recently.", Zhu Heng shook his head slightly.

"Zhu Heng! Liu Fei rolled her eyes at him and said, "You always speak freely. Be careful if the Yan family hears it. It will make you unable to eat.""

"yes! Zhu Heng, it doesn't matter if you say it in front of us. Don't talk nonsense outside. The Yan family is not easy to offend.", Ge Fei also carefully reminded

"what the hell! Who doesn't know now that Wei Qingyan was killed by the Yan family. Otherwise, who would dare to do such a thing?"

Zhu Heng muttered unconvinced.

Xiao Yu smiled bitterly and shook his head without saying much.

"Having said that, since Wei Qingyan was killed, the martial arts school has been closed for several days, and it is unknown when it will reopen. By the way, I heard that the martial arts school has recruited a lot of new students these days."

Ge Fei chatted casually.

Zhu Heng said with a proud look on his face: "This time, we defeated the Gale Wind Martial Arts School. Not only did we avenge our shame, but we also disgraced the Gale Wind Martial Arts School. Now the people in the West District are saying that our Tianshui Martial Arts School is more powerful than the Gale Wind Martial Arts School."

"As soon as this news spread, more and more new students came here because of it. If Wei Qingyan's incident hadn't happened, our Tianshui Martial Arts School's reputation would be even more famous. Ge Fei nodded repeatedly:"

"Thanks to Qin Chuan!" Without him, we wouldn't have been able to win against Hayate Martial Arts School. By the way, how is Qin Chuan doing now?"

"Not sure! He is different from us. He lives in the martial arts gym. We all live at home and only go to the martial arts gym when we have classes. From my perspective, he should be in seclusion in a martial arts gym!"

"Let's go to the martial arts gym to see him sometime! That guy had a hard time hiding it from us. He was so powerful and didn't even say hello to us in advance, which made us misunderstand him."

"It's time to go see him! To be honest, the person I admire the most right now is him!"

"yes! He is obviously two or three years younger than us, but he is much stronger than us. It's impossible not to admire this talent and potential!"

When they talked about Qinchuan, Zhu Heng and the others were filled with admiration.

Even Xiao Yu, who had always been arrogant, was sincerely impressed.

However, Zhu Heng and the others did not notice that in a corner of the second floor, there was a man with thick eyebrows and big eyes. The young man is sitting on the table near the window, drinking fragrant tea and looking in the direction of Tianshui Martial Arts School.

This thick-browed young man is Huang Yue!

He has been guarding here for two or three days.

He is monitoring Qin Chuan's whereabouts.

But he didn't expect that four teenagers came to the second floor today, and they were Qin Chuan's classmates.

Listening to Zhu Heng and the other two praising Qin Chuan, Huang Yue's corners of his mouth curled up slightly, showing a hint of disdain. Sneer..

Chapter 1495

Listening to Zhu Heng and the other four praising Qin Chuan, Huang Yue's lips curled up slightly, revealing a disdainful sneer...

But Huang Yue didn't notice that his disdainful look was caught by Xiao Yu.

"This person...."

Xiao Yu glanced at Huang Yue in surprise.

He didn't understand why the bushy-browed young man looked disgusted when the four of him were talking about Qin Chuan.

This young man with thick eyebrows seems to be somewhat hostile to Qin Chuan.

Xiao Yu frowned slightly, feeling a little unhappy.

Although he is an undercover agent of the Gale Wind Martial Arts School, he has stayed in the Tianshui Martial Arts School for a long time and still has some feelings for his classmates in the Tianshui Martial Arts School.

What's more, there is no hatred between him and Qin Chuan.

Why is this young man with thick eyebrows hostile to Qin Chuan?

With this thought, Xiao Yu kept a close eye on Huang Yue's every move.....

Huang Yue didn't notice that he was being monitored by Xiao Yu.

In fact, he didn't take Xiao Yu and the others seriously at all.

They were just four pinnacle quasi-warriors, not worth mentioning.

At this moment, he was sipping fragrant tea and leisurely watching the pedestrians walking on the street.

Suddenly, his expression changed, and he took out a palm-sized purple wooden box from his pocket.

Click! Click! Click!

Strange sounds kept coming from the wooden box, as if something was flapping its wings.

"Huh! in that box.....Could it be....", Xiao Yu showed a hint of surprise.

At this moment, Huang Yue half-covered the purple wooden box with his hand and slowly opened the lid, revealing the contents inside.

It was actually a large beetle with four tentacles on its head and colorful body.

"Huh! Isn't this a scent-smelling insect?"

Xiao Yu recognized the root of the spirit insect at a glance.

At this moment, Huang Yue saw the movement of the fragrant insect, and his eyes showed joy.

In the past few days, he has been guarding near Tianhe Martial Arts Hall, just waiting for Qin Chuan to come out. Now that the scent bugs are moving, it means that Qin Chuan has left the martial arts hall and entered the sensing range of the scent bugs.

Huang Yue's judgment was correct. Qinchuan and Fatty did leave the martial arts hall.

They are heading to Fangshi On the way.

As long as it does not exceed a radius of ten miles, the scent-smelling insect can accurately find Qinchuan's location based on the ten-mile secret fragrance on Qinchuan's body.

"Qin Chuan, you are finally willing to leave the martial arts gym. It has been so hard for me to wait! I have to inform Mr. Bai quickly."

Huang Yue was overjoyed and quietly took out a black beetle.

The black beetle was very similar to Xiao Yu's little black beetle, except that the size was different.

Then, Huang Yue made several sounds to the black beetle. Weird insect language.

Creak! Creak!

After the black beetle flapped its wings a few times, it flew out the window and disappeared in the blink of an eye.

Huang Yue thought he did all this very secretly.

He didn't know that what he did Everything fell into Xiao Yu's eyes.

At this moment, Xiao Yu was very shocked.

I didn't expect that in Shenyang City, there was someone like me who also mastered the art of repelling insects.

Who is this guy?

From the insect language he just said , seems to have mentioned 'Qin Chuan' 'leaving the pavilion' and 'attacking and killing'.

What does he want to do?

Does he want to do harm to Qin Chuan?!

Thinking of this, Xiao Yu's face changed slightly, and he couldn't help but glance at Huang Yueduo..

But at this moment, Huang Yue got up and went downstairs.

Looking at Huang Yue's leaving back, Xiao Yu murmured in her heart.

It seems that this person is going to be detrimental to Qin Chuan!

In any case, Qin Chuan and I are classmates. , I can deal with him, but if outsiders want to deal with him, I can't just sit idly by.

Thinking of this, Xiao Yu looked at Zhu Heng and the other three who were having a lively conversation.

"Do you want to go see something interesting?"

"Something interesting?", Zhu Heng looked curious.

Xiao Yu pretended to be mysterious and said:"You will find out if you follow me."

As soon as he finished speaking, he got up and went downstairs.

"cut! This guy is so talkative!"

"Let's go! Go check it out!"

At that moment, Zhu Heng and the other three also followed downstairs.....

But on the other side, Qin Chuan and Fatty were on their way to Fangshi.

Along the way, Fatty told Qin Chuan a lot about Fangshi.

It turns out that Nafang City was established by a chamber of commerce called 'Wanbaoxuan'.

All four major districts of Shenyang City have its branches.

Soon, the group arrived at Fangshi.

Qinchuan discovered that Nafang City was very large and divided into three levels.

The first floor is a rental area for casual cultivators, who can freely sell their belongings.

The second floor is Wanbaoxuan's own trading counter.

The third floor is the auction house..

Chapter 1496

After Qin Chuan and others entered the market, they separated to purchase the items they needed.

Qin Chuan first went to the counter on the second floor and sold the two inner elixirs for more than 300 gold coins.

In this way, the money he had accumulated totaled 700 gold coins.

Next, he went to the Free Market on the first floor to buy elixirs from those casual warriors.

In fact, Wanbaoxuan also sells elixirs, but the elixirs in the hands of casual cultivators are slightly cheaper than Wanbaoxuan.

Qin Chuan walked around the first floor and bought thirty Wood Spirit Small Yuan Ju Dan and ten Water Spirit Ju Yuan Dan. He only had about a hundred gold coins left in his hand.

"This money is so useless!"

Qin Chuan went up to the third floor while thinking about money.

The fat man had already been waiting for him at the door of the third floor.

"Junior Qin Chuan, have you bought everything you want to buy?"

"I've bought everything, fat brother. Looking at your happy face, you should have gained a lot, right?"

"Ha ha! not bad! Let's wait for a while, the three of them haven't arrived yet."

Then, the two of them were chatting at the door while waiting for the other three people.

Not long after, the three people also arrived at the door of the third floor.

The five of them entered the auction house together.

To enter the auction house, each person had to pay an entrance fee of one gold coin. Fee.

After paying the fee, Qin Chuan entered the venue.

He found that the auction venue was very large, divided into two floors.

The lower floor was for ordinary seats.

The second floor was for VIP boxes.

Anyone who could afford the price could enter. Box.

Qinchuan and the other five were all poor losers and could only use ordinary seats.

The five of them found an empty seat and sat down. The first floor was already filled with hundreds of people.

The five of Qinchuan came at the right time.

They went in Not long after, the auction started.

The person presiding over the auction was an old man in gray with a third-level cultivation level.

"Everyone, the first item in today's auction is very precious!"

The old man coughed.

A waiter, holding a brocade box, walked onto the auction stage.

The old man opened the box and revealed what was inside.

It was a green pill, surrounded by aura, which was very extraordinary.

"It's the Awakening Pill!"

Many exclamations sounded in the hall, with a hint of surprise in their tone.

Many people's eyes lit up.

Qin Chuan looked confused.

He didn't recognize the green pill.

At this time, the old man smiled and said: "Everyone, I think someone has already recognized it. This elixir is the Awakening Pill"

"I don't need to say more about its efficacy. The auction will begin now. The base price is one thousand gold coins, and each increase must not be less than one hundred gold coins."

As soon as the old man finished speaking, everyone in the venue rushed to bid.

"I'll pay you eleven hundred gold coins!"

"I! One thousand two hundred gold coins!"

"One thousand three hundred gold coins!" .....

Looking at the fiery atmosphere in the field, Qin Chuan was amazed and at the same time became more curious.

At that moment, he asked the fat man about it.

"Fat brother, what is the effect of this awakening pill? Why are so many people taking pictures?"

The fat man smiled and said, "Junior Qin Chuan, this auction is an opportunity to increase your knowledge." Let me tell you, the Awakening Pill is specially used by peak warriors to break through their bottlenecks."

"As we all know, it takes a year and a half for a peak quasi-martial artist to break through to the first level of elementary level before he can successfully break through. But if you take the Awakening Pill, you can achieve a breakthrough within three days!"

"So fast!" Qin Chuan was very shocked.

The first level of martial arts training is for the peak quasi-martial artist to break through to the first level.

At first, the demon snake senior wanted to help him break through to the first level, but failed. In the end, he was still underground in the Monkey King's lair. , using the mysterious cold pool, he was lucky enough to successfully break through. Otherwise, it would only take two or three months for him to break through to the first-level elementary level.

Of course, this is because his water element talent is extremely high, and he can only reach the first-level elementary level in two or three months. A breakthrough within a month would take someone else a year and a half.

If someone with poor talent is stuck, it is normal for them to be stuck for three to five years.

Speaking of which, Qin Chuan's wood talent is better than his water talent, but he has to be a peak martial artist. It will take about two months to break through to the first level.

Two months!

For Qin Chuan, it is too long!

If he can get an awakening pill, he can make the wood cultivation level break through to the first level as soon as possible. Elementary.

Qin Chuan was moved by this thought.

He couldn't help but mutter: "Fat brother, this Awakening Pill is really good, but it's a pity that it's too expensive!"

The fat man said hurriedly: "Of course!" Otherwise, why would it be put up for auction? I heard that refining the Awakening Pill is extremely difficult. Even the four major families cannot refine a few pills in a year."

"What's more, the Awakening Pill is effective no matter which type of warrior takes it, so it has a wide range of applicability. More people want it, and the price has gone up. Only those with money can afford it. You don't have to think about repairing it."

"In fact, not everyone can afford it, even if they are direct descendants of the four major families. Qin Chuan nodded slightly:"

That's true!" The Awakening Pill is only effective for top-level quasi-warriors, but the price is ridiculously expensive. It is estimated that not many families are willing to spend so much investment on a pinnacle quasi-warrior, unless that person has huge potential and is worth the investment."

While the two were chatting, someone took a photo of the Awakening Pill.

The price was 3,700 gold coins!

The person who took the photo was a young man in brocade.

Qin Chuan and Fatty looked at it with envy.

Think about it. With only more than a hundred gold coins on him, Qin Chuan kept smiling bitterly, thinking that he could not compare with others, so he had better give up the idea as soon as possible.

After taking the Awakening Pill, he auctioned two more items.

Qin Chuan was very interested in those two items. He wasn't very interested, he just wanted to learn more about it and gain a little more knowledge.

When the fourth item was auctioned, his eyes lit up.

On the summit, the old man opened the brocade box held by the waiter, revealing a piece of A fiery red crystal the size of a fist.

From a distance, the surface of the crystal emits a hot red light, like a burning flame.

"It's this kind of spiritual crystal!"

Qin Chuan looked at the spirit crystal in surprise and couldn't help but touch his pocket.

At the same time, several exclamations sounded again in the hall.

"Fire Spirit Crystal!"

"That's the Fire Spirit Crystal!"

"Good guy! Fire Spirit Crystal actually appeared in this auction!"

He exclaimed with an excited tone.

Only then did Qin Chuan know.

It turned out that the fiery red crystal was called Fire Spirit Crystal.

Coincidentally, he had two pieces in his hand.

They were the ones he had in the monkey. What he found on the wall of a certain passage below Wang's lair was not as big as the ones at the auction. But he didn't expect that the two crystals he accidentally found were treasures.

Looking at the exclamations on the faces of the people around him, this fire spirit Crystal seemed to be very valuable.

At this moment, the old man's voice came from the front again.

"Everyone, I believe you have already noticed that this is a Fire Spirit Crystal!"

"Fire crystal is one of the main materials for refining fire spiritual weapons. It is usually only generated underground with lava. It is extremely rare and difficult to obtain."

"Now the auction starts with a base price of three thousand gold coins, and each increase in price must not be less than three hundred gold coins."

As soon as the old man finished speaking, someone immediately made a bid.

"I offer four thousand gold coins!"

An uninhibited voice came from the box on the second floor.

"I'll pay four thousand five hundred!"

A lukewarm voice came from another box.

Qin Chuan was stunned.

Damn it!

The Fire Spirit Crystal is so valuable?!

Before he could think about it, someone else bid.

"I'll pay four thousand eighty!"

"I! Five thousand five!".....

"Oh shit! I'll give you 10,000 gold coins!", it was still the unruly voice. As soon as the words fell, the whole audience was in an uproar. Oh my god!

Ten thousand gold coins!

The whole audience was shocked!

Everyone looked at the box.

The people in that box were really wealthy!

Likewise, He was bound to get the Fire Spirit Crystal!

Qin Chuan was also shocked.

But after the shock, he was secretly happy.

He had two small pieces of Fire Spirit Crystal!

It seemed that he was going to make a fortune this time.

There is hope for the Awakening Pill!..

Chapter 1497

Qin Chuan was also shocked.

But after being shocked, he was overjoyed.

He has two small pieces of Fire Spirit Crystal!

It seems that he is going to make a fortune this time.

There is hope for the Awakening Pill!

"Oh my God! Ten thousand gold coins! I will never make so much money in my life!"

The fat man who came with Qin Chuan clucked his tongue.

Another student also said sourly: "Hey! Rich people are rich people! However, I wonder if that person is crazy! Take 10,000 gold coins to buy a crappy thing!"

The fat man immediately retorted: "The Fire Spirit Crystal must be a treasure!" Otherwise, people would spend such a big price to take the photo?!"

"hehe! Who knows what he thinks! Anyway, rich people have some abnormal brains!"

Listening to the conversation between the two, Qin Chuan snickered in his heart.

He could hear that both of them were a little envious, jealous and hateful.

There was a commotion in the place for a while before it calmed down.

In the end, the fist-sized fire spirit Jing, was photographed by the person in the box.

Next, several items were auctioned, and the prices were all ridiculously expensive.

Qin Chuan kept those rare items in mind, just to increase his knowledge.

Until the auction At the end of the meeting, the mysterious man who had previously taken the Fire Spirit Crystal did not take any other items.

After the auction ended,

Qin Chuan and his party also left the venue excitedly

"Unexpectedly, I saw some special treasures today. That Fire Spirit Crystal is the first time I've seen it"

"This is also the first time I have seen it. I heard that fire crystals are generated near underground magma. I just can't figure out who can go down there! This thing is too hard to get"

"Those are all natural treasures. If they were so easy to obtain, they wouldn't be so valuable."

Along the way, Fatty and the others chatted excitedly.

When they arrived at the Free Market on the first floor, Qin Chuan made an excuse, saying that he wanted to stroll around the market again, and asked Fatty and the others to go back first.

The Fatty and the others had no doubts. It left first.

After the fat man and others left, Qin Chuan immediately went up to the second floor and directly found Wanbaoxuan, a hall specializing in trading rare items.

He wanted to sell the two Fire Spirit Crystals and exchange them for An awakening pill.

Naturally, he didn't want more people to know about such a large-amount transaction.

After entering the hall, Qin Chuan found that it was empty without a single customer.

On the counter, a middle-aged man The middle-aged man lay on the table and fell asleep.

He stepped forward to wake the middle-aged man up.

The middle-aged man rubbed his eyes sleepily and looked at Qin Chuan.

When he found out that it was a boy of twelve or thirteen years old, he immediately lost his mind. He said angrily: "Little guy, you went to the wrong door! Only rare items are traded here, not junk! If you want to sell some junk, go out and turn right, there will be someone there to greet you"

"I'm just here to trade precious items! The middle-aged man frowned and said impatiently: "How can you, a half-year-old child, have valuable items?" What a boast! Go out and turn right, don't bother me sleeping!"

"really have!", Qin Chuan looked serious.

Seeing that he was so stubborn, the middle-aged man had no choice but to say casually: "That's all! That's it! Take it out! Let me see what kind of junk it is! I meet two or three children like you every day!"

"All of them are young, and they dream about getting rich all day long, thinking that they can pick up treasures from heaven and earth....."

The middle-aged man started thinking.

Obviously, he often encounters this kind of thing and thinks that Qin Chuan is also that kind of ignorant boy.

"Here! look at this!", Qin Chuan took out a smaller piece of Fire Spirit Crystal

"Well, you.....Huh! This is... Fire Spirit Crystal!"

When the middle-aged man saw the Fire Spirit Crystal, his eyes lit up.

The previous sleepiness was instantly eliminated, and he became excited.

He immediately picked up the magnifying glass on the side, took a look at the Fire Spirit Crystal, and carefully examined the texture and structure. After a moment, he took a deep breath and put down the magnifying glass.

"Let me just say, my stuff is not junk! Is it qualified to trade here?", Qin Chuan said with some pride.

The middle-aged man smiled: "Little brother, I was the one who was rude before. I just made a careful appraisal and found that yours is indeed the Fire Spirit Crystal, and the quality is also good. The only flaw is that it's a little too small, only about the size of a finger"

"If it were bigger, the value would be higher. Speaking of which, at today's auction, a Fire Spirit Crystal was auctioned, and that piece was as big as a fist."

After hearing these words, Qin Chuan breathed a sigh of relief.

He could see that the middle-aged man was more honest and told everything without hiding anything.

Otherwise, the middle-aged man would not have mentioned what happened at today's auction.

If someone has evil intentions, he may lie to Qin Chuan, saying it is an ordinary crystal, and then buy it back at a very low price.

Now, the middle-aged man said it frankly and said that he did not want to take advantage of Qin Chuan, which is quite reliable..

It seems that Wanbaoxuan is a relatively honest industry, no wonder it has become big.

At that moment, Qin Chuan took out the second Fire Spirit Crystal

"How much do you think these two together are worth together with this piece?"

"this...."

The middle-aged man took the second piece and looked at it again with a magnifying glass.

After a moment, he put down the magnifying glass and said: "The two fire crystals are of the same quality and have similar texture trends. They should come from the same place of origin. Unfortunately, although the second piece is larger, it is still too small."

"Your two small pieces combined are less than a quarter of the size of today's auction. The auction price for that piece today is 10,000 gold coins, so if I were to estimate it, the highest it would be is 2,500 gold coins, or even lower."

"After all, the price sold today was a premium, 9% higher than the market price. I'm afraid you won't get such a good price for your two pieces. Qin Chuan suddenly felt disappointed:"

The maximum is only two thousand five!" Is it missing a little? The middle-aged man smiled bitterly:"

Young man, at your age, it would be great to have a thousand gold coins in your hand." Two thousand and five thousand is still too little?"

Qin Chuan frowned.

He wanted to buy the Awakening Pill, but one Awakening Pill is worth more than three thousand gold coins.

But after selling these two small pieces of Fire Spirit Crystal, the money was not enough!

At this time, the middle-aged man said again : "Young man, if you want to sell more money, there is a way. Qin

Chuan's eyes lit up and he asked quickly: "What can we do?" ..

Chapter 1498

At this time, the middle-aged man said again: "Young man, if you want to sell more money, there is a way."

Qin Chuan's eyes lit up and he hurriedly asked: "What way?"

"We at Wanbaoxuan have two ways of dealing with this kind of treasure. One is to buy out at a fixed price. If you want to buy it out, we can only offer two thousand gold coins. The other option is to help you auction, and we will only take 5% of the labor fee from the final auction proceeds."

"If you want to sell it for more money, I suggest you auction it. This time, the fire crystal was auctioned for 10,000 gold coins. According to this market situation, the next auction is expected to fetch three thousand gold coins."

The middle-aged man explained carefully.

Qin Chuan frowned:"It's only three thousand gold coins! The middle-aged man smiled:"

Young man, you can auction three thousand gold coins for two small fire crystals, which is already very good."

Qin Chuan sighed:"Hey!" Manager, let me tell you the truth, I sold these two fire crystals because I wanted to buy an awakening pill. By the way, does Guibaoxuan still have awakening pills?

The middle-aged man smiled and said:"Young man, to be honest, we at Wanbaoxuan have the Awakening Pill in stock, but the value of one Awakening Pill is more than three thousand gold coins." Your two Fire Spirit Crystals are not enough! Unless the little brother can add another thousand gold coins"

"Want to add a thousand more?!" Qin Chuan gasped,"How can I have so much money?"

"Young man, you can put it up for auction here. If you are lucky, you can also get three thousand gold coins, which can almost be exchanged for an awakening pill.

Qin Chuan's eyes lit up:"This is also a way." By the way, if I put it up for auction with you, do I have to wait ten days before there is a new auction?"

"That's right! Our auction here only opens every ten days!"

"That's it....."

Qin Chuan hesitated again.

In a few days, it would be the day when the Zhou family would prepare for the guard examination, and he couldn't wait that long.

What's more, Shenyang City is very big.

The Zhou family is in the North District.

He's now in the West End.

After he returned to Zhou's house, he didn't have much time to hang out.

This made him hesitate to auction the Fire Spirit Crystal.

At this moment, there was a sound of footsteps behind the screen at the counter.

Qin Chuan and the middle-aged man were alarmed and couldn't help but look up and saw two people walking out.

One of them was a tall, bearded man.

The other person is the old man in gray who is hosting the auction.

"I've met Mr. Liu!

As soon as the middle-aged man saw the old man in gray, he hurriedly came forward to greet him. The old man nodded slightly and looked at Qin Chuan: "Is this little brother here to trade?"

"Back to the boss, this little brother is here to consign this..."

The middle-aged man showed the two fire crystals to the old man in gray.

"Huh! Fire Spirit Crystal!"

Not waiting for the old man in gray to finish, the bearded man on the side grabbed the Fire Spirit Crystal and looked at it carefully.

"That's right! That's right! This is the Fire Spirit Crystal, the quality is still high. Ha ha!! I was worried that the Fire Spirit Crystal was not enough, but I didn't expect to see these two small ones again."

The bearded man was beaming with joy, his eyes were shining.

Qin Chuan was stunned by his crazy look.

At the same time, he felt that the bearded man's voice was very familiar.

Soon, he remembered.

This guy The voice of \_ His mood was no longer as exciting as before. He said to the old man in gray:"Old man Liu, these two small pieces of Fire Spirit Crystal are all I need to refine the Vulcan Sword. You Wanbaoxuan has so many treasures, but you don't care about this. This time, don't argue with me.

!"

"Ha ha!"The old man stroked his beard and laughed,"Young Master Wei, these two pieces of Fire Spirit Crystal belong to this little brother, I can't tell you the truth."

This reminder made the bearded man think of Qin Chuan.

He quickly changed to an amiable smile:"Little brother, how about you sell these two Fire Spirit Crystals to me? If you wish! Just make an offer!"

Hearing this, Qin Chuan's eyes lit up.

This bearded man is a rich man!

He seems to be refining some kind of Vulcan sword and is in urgent need of the Fire Spirit Crystal. The one he bought before is not enough.

In this case, he has to raise the price. Earn a little more.

At that moment, Qin Chuan said:"Four thousand gold coins!"

"What?!"

The bearded man's eyes widened.

"brat! You are too dark! You dare to sell it for four thousand gold coins for just two pieces! If you want me, it's worth at most two thousand five hundred. How about this! I offer three thousand gold coins. This price is definitely higher than the market price!

Qin Chuan shook his head:"Just four thousand gold coins, no counter-offer!" If you don't buy it, I will sell it to Wanbaoxuan!"

"you!", the bearded man was furious.

At this time, he saw the old man in gray clothes smiling and saying nothing.

Suddenly, his heart suddenly suddenly thought, secretly thinking that Old Liu was a profiteer who always ate people without spitting out their bones.

If the little guy really sold it to Wanbaoxuan, maybe Old Man Liu will sell it to me for five thousand gold coins. Old

Man Liu can do this kind of thing!

No!

I can't let the little guy sell to Wanbaoxuan!

Thinking of this, the bearded man compromised and said: "Little guy, I don't have that many gold coins now, can you ask for less?"

"Do you have any awakening pills?"

"No! However, I have a Dragon Tiger Pill. The Dragon Tiger Pill and the Awakening Pill are equally valuable. If you want to switch, I will suffer a little loss, so I will switch with you."

"Don't change! Dragon Tiger Pill is of no use to me!"

"Do you have to change the Awakening Pill?"

"One Awakening Pill plus five hundred gold coins is worth almost four thousand gold coins. Below this price, I won't sell!"

"Little guy, you are so dark!"

The bearded man cursed angrily.

Then he looked at the old man in gray and said, "Old man Liu, please replace this Dragon Tiger Pill with a Awakening Pill."

"It's a small thing!"

The old man agreed readily and ordered the middle-aged man under him to do it.

Soon, the middle-aged man took away the Dragon Tiger Pill and exchanged it for a green Awakening Pill, which he handed over to the bearded man.

"Little guy, this is the Awakening Pill, and these five golden tickets, each worth one hundred gold coins. Now you are satisfied!"

The bearded man handed it over in annoyance.

Qin Chuan took it happily.

The transaction was successfully completed.

Not only did he get the Awakening Pill he wanted, but he also got an extra five hundred gold coins. The harvest was very good.

"Boy! You have the qualities of a profiteer!"

The bearded man seemed unwilling to accept it, and patted Qin Chuan on the shoulder.

If he hadn't been in urgent need of the Fire Spirit Crystal, he would definitely not have wanted to be taken advantage of.

"Senior is joking, you and I are just doing what we need!"

"hehe! It's a good idea to each get what he needs. That's it! Old man Liu, I'm still in a hurry, so I need to take a step forward!"

After the bearded man finished speaking, he left straight away.

But the moment he turned around, there was something wrong in his eyes, and he seemed to be sneering.

The old man in gray clothes accidentally saw this scene, looked at the leaving back of the bearded man, and seemed to be smiling but not smiling.

But he said After Qin Chuan got the treasure, he didn't dare to stay and hurriedly left, but was stopped by the old man..

Chapter 1499

However, Qin Chuan did not dare to stay after getting the treasure and hurriedly left, but was stopped by the old man.....

"Boy, you are so cruel! You killed Young Master Wei this time, I'm afraid he may not be convinced. You still have to be careful.

Qin Chuan was startled and said hurriedly:"Thank you, senior, for reminding me!"

The old man smiled and said:"Little brother, for your own benefit, there is nothing wrong with you doing this." Speaking of which, I think you are very qualified for our generation. I wonder if you are interested in joining our Wanbaoxuan?"

"This... kid may not be so lucky",Qin Chuan declined

"Ha ha! It doesn't matter! If I like you, I will give you this VIP token!"

The old man threw a token casually.

Qin Chuan caught it subconsciously and asked:"Senior, this token...."

"This is our unique VIP order at Wanbaoxuan. With this token, you can enjoy a 10% discount on items purchased in any market under the Wanbaoxuan name.

Qin Chuan's eyes lit up:"Thank you, senior!" That guy is welcome!"

Don't take advantage of it, don't take advantage of it.

He accepted the token unceremoniously.

"Ha ha! Interesting little guy, whenever you want to join our Wanbaoxuan, you can come to me at any time"

"Thank you for taking care of me, senior, I will consider it. The boy takes his leave first!"

"Little brother, you have a lot of money, don't go out through the gate, lest you be targeted by someone with malicious intentions. We have a back door in Fangshi. It's safer for you to go out through there."

The old man kindly reminded me

"Then thank you senior!" Qin Chuan felt justified and quickly thanked him.

At that moment, the old man asked the middle-aged man to lead Qin Chuan away from the back door of Fangshi...

After a while, the middle-aged man returned

"Is that guy gone?", the old man asked with concern.

The middle-aged man nodded: "Leave through the back door! Mr. Liu, why do you admire that boy so much? I don't think he has any business talent."

Manager Liu changed his previous gentleness and sneered: "Do you really appreciate him?" I saw that Young Master Wei had evil intentions towards him, so I wanted to control this kid first. Maybe we can use this kid to get some benefits from Young Master Wei."

"Besides, a fire spirit crystal from a twelve or thirteen year old boy? Don't you think it's a little strange? The middle-aged man nodded slightly.

Immediately, he said with some confusion: "Mr. Liu, since you want to control that kid, why did you give him a VIP order?" That VIP order is not something that ordinary people can get. Even to Mr. Lu, we have never given it to him. The old man sneered: "This kind of thing cannot be done in our Wanbaoxuan, otherwise it will ruin our reputation." I gave that kid the token to paralyze him and reduce his defenses. When I chase after him again, he won't have any doubts.

The middle-aged man suddenly said: "That's it!" Then why did the person in charge let him go through the back door?

The old man sneered: "Young Master Wei must be waiting for this boy at the front door." I let this kid go through the back door just to avoid Young Master Wei."

Hearing this, the middle-aged man said with admiration: "The person in charge is as careful as his hair!"

The old man smiled slightly: "You just need to learn more!"

As soon as he finished speaking, he turned around and left.

He wanted to catch up with Qin Chuan quickly.....

But on the other side, after Qin Chuan left from the back door of Fangshi, he rushed towards the martial arts gym.

It was noon.

There weren't many people on the streets.

Qin Chuan returned home with a full load and was in a good mood.

When he reached a remote street, he seemed to feel something. He couldn't help but stop and look coldly at the corner of the street ahead.

After a while, he sneered: "Come out!"

"Huh!"

A surprised sound came from the corner.

The man seemed not to have expected that he would be discovered by Qin Chuan.

Then, the light and shadow flickered slightly.

A figure walked out of the dark corner.

"Qin Chuan, we meet again!"

"It's you!"

Under the light and shadow, Qin Chuan could clearly see the appearance of the person coming.

It was a thick-browed young man with a sinister smile. It was the Huang Yue he had seen last time.

"Surprised?", Huang Yue had a joking expression on his face.

Qin Chuan frowned slightly, feeling something bad.

He was also curious. Huang Yue seemed to be ambushing here in advance.

Strange!

How did he know that he would take this path?

By the way!

The last time I slapped him, there was some strange smell coming from his body. Could it be that the strange smell was a mark?

But I have obviously taken a shower and changed clothes, so why haven't I been able to remove it?

Qin Chuan was deeply troubled by this thought. Take a breath of air.

It's definitely not a good thing for the other party to deliberately deal with you.

"Huang Yue, why are you following me? Huang

Yue sneered:"Well... that's all!" You are dying anyway, so there is no harm in telling you. Because you discovered the secret of Lu Bao and Mr. Bai, Mr. Bai wants to kill you. Qin Chuan was shocked:"

So you, Lu Bao and the others are in the same group!""

"Ha ha! I really haven't wronged you, you really know some secrets. It's a pity that you have good talent, but you are going to die here today."

"Just you?!", Qin Chuan was shocked and angry.

Although he was only at the first level of elementary training, Huang Yue was at the first level of intermediate training.

But in terms of true strength, Huang Yue may not be his opponent.

However, Huang Yue must be prepared when he comes..

Thinking of this, Qin Chuan quickly looked around, his six senses pushed to the limit, but he didn't find anyone around.

Immediately, he suddenly said:"I understand! Huang Yue, you talk so much nonsense to me just to delay time. It seems that Mr. Bai hasn't arrived here yet."

"Huh! Huang Yue was surprised:"Boy, I still underestimated you. You are very smart and you guessed my plan all of a sudden." However, with Mr. Bai's speed, he will arrive soon, and you will have no hope of escape."

Hearing this, Qin Chuan's face changed drastically.

Huang Yue had already admitted it, which meant that Mr. Bai was really almost there.

If he wanted to survive, he had to escape from this remote alley and enter the bustling main road as quickly as possible..

As long as there are more people, Mr. Bai may be able to avoid killing people randomly in the busy market.

This is his only chance to survive.

Otherwise, he will only die when facing Mr. Bai.

Thinking of this, Qin Chuan quickly stepped away and He rushed out of the alley.

He wanted to escape from this alley as quickly as possible.

What he lacked most now was time to escape.

"Ha ha! Can you escape?"

Huang Yue laughed loudly and rushed forward to intercept.

He is an intermediate level 1 martial artist and is confident that he can stop Qin Chuan, a level 1 beginner.

He believes that as long as he can stop him for a quarter of an hour, Mr. Bai will definitely arrive..

Chapter 1500

Huang Yue laughed and rushed to intercept.

He is a first-level intermediate warrior, and he is confident that he can stop Qin Chuan, a first-level junior.

He believed that as long as he could stop him for a quarter of an hour, Mr. Bai would arrive.

Huh~!

In just an instant, Huang Yue rushed to Qin Chuan and slapped Qin Chuan with his palm.

"Get out of here!"

Qin Chuan also met him with a palm.

Huang Yue sneered.

This guy actually asked him to get out?

How arrogant!

He already knew Qin Chuan's strength the last time they faced each other.

There should be little difference in strength between the two sides.

This is He dared to intercept Qin Chuan's confidence.

Just between the lightning and flint, the two attacks collided!

Bang~! There was a loud noise!

Immediately, Huang Yue let out a muffled groan, and was knocked back by Qin Chuan's palm. In the end, he staggered and fell to the ground.

How is this possible!

Huang Yue was extremely shocked and looked at Qin Chuan in horror.

Just a few days ago, he could barely receive Qin Chuan's palm.

How? Only a few days later, he was at a huge disadvantage.

Qin Chuan's strength had improved too quickly! Is this kid really just a first-level junior?

Huang Yue naturally didn't know that with Qin Chuan's current strength, even if he encountered A first-level high-level warrior could fight, so how could he be afraid of him?

But Qin Chuan knocked back Huang Yue with one palm, then dodged and fled out of the alley.

"Boy, stop leaving!"

Huang Yue was anxious.

Immediately, he took out a pill and swallowed it directly.

As soon as he swallowed it, his whole body turned red, and his aura surged, and he instantly rose to the level of a first-order advanced warrior.

Then, he He roared and thought about Qin Chuan.

This time, in order to keep Qin Chuan, he actually used forbidden drugs that were harmful to the body.

Even if he risked his life, he would hold Qin Chuan back.

If Qin Chuan escaped, he would not be able to escape. Mr. Bai's punishment.

For this reason, he would rather fight to the death!

In the blink of an eye, Huang Yue caught up with Qin Chuan and killed him desperately.

"Damn it!"

Qin Feng felt the wind behind him, and the violent fist wind came instantly, and he was very angry.

After taking the forbidden drug, Huang Yue's strength was forcibly upgraded to the first level. Qin Chuan did not dare to underestimate him, so he had to fight

Bang~! Bang~! Bang~!

In a moment, the two sides fought again.

I saw fists flying, and for a while no one could do anything to the other. The two sides fought in a draw, but Huang Yue was extremely shocked.

He had taken Only with banned drugs can he achieve such results.

And the effect of banned drugs can only last for a quarter of an hour.

After a quarter of an hour, his strength will plummet, and he will not even be as good as his original strength.

By then, Mr. Bai has not arrived, and he It was dangerous.

In this way, the more Huang Yue fought, the more frightened he became. Qin Chuan was also extremely upset.

He was entangled with Huang Yue, and the longer he went, the more dangerous he became.
