

God level 151

Chapter 151

Swimming Shark and White Shark King were excited.

There is finally movement on this treasure.

I saw a huge severed finger stuck in the center of the deep ditch below.

The severed finger was green all over, like a sharp claw of some kind of creature, exuding extremely terrifying pressure.

At this moment, the severed finger lit up with green light and spread around.

Click~! Click~! Click~!

Wherever the blue light went, all the rubble was crushed into pieces by invisible pressure.

The swimming shark was frightened and retreated wildly, fearing that it would be shrouded in green light.

The White Shark King also retreated wildly.

It is also very afraid of blue light.

The pressure of the blue light was comparable to that of the Nine-Star Emperor.

If a six-star master is enveloped in it, he will definitely be crushed on the spot.

Only the seven-star strong ones can barely withstand the pressure.

In fact, this severed finger belongs to the nine-star powerhouse.

Decades ago, the Immortal Wood Emperor and the Nine-Tian Phoenix Emperor fought a battle over this sea area.

The trench in front of me was cut open by the Immortal Wood Emperor's claw.

In the end, both sides suffered losses.

But the Immortal Wood Emperor was even more seriously injured, one of his fingers was broken, and he escaped back to the starry sky.

The severed finger in front of me belongs to the Immortal Wood Emperor. He is a powerful wood type and one of the Eight Emperors of the Starry Sky Beast Clan.

And Emperor Jiutianfeng is the leader of the Southern Alliance.

Since that battle, Jiutian Phoenix Emperor has been in seclusion to heal her injuries, and no one knows how well her injuries are recovering.

After that battle, this sea area was filled with chaotic energy riots, and even the eight-star powerhouses did not dare to set foot.

A few years later, the chaotic energy gradually calmed down. An eight-star king from the 'Hun' organization sneaked into the battlefield and discovered the severed finger.

He originally wanted to take the severed finger away, but unexpectedly discovered that the wooden emperor's severed finger was actively absorbing the water energy from the seabed to nourish itself.

Therefore, this severed finger has no tendency to wither and rot, but is as fresh as ever.

On one side of the broken finger, something like a sapling grew.

He immediately thought that it was the power of the five elements, which could transform into each other under strange conditions.

For example, water produces wood, and wood produces fire.

This severed finger should be using the principle of aquatic wood to nourish itself.

However, what surprised him even more was the sapling growing from the severed finger.

Rumor has it that the true form of the Immortal Wood Emperor is a starry sky piranha.

What exactly is the sapling on this broken finger?

After several months of research, the Eight-Star King came to an astonishing conclusion.

The sapling will blossom and bear fruit, and eventually it will produce an emperor-level spiritual fruit, which will definitely shock the world and is a peerless treasure.

The birth of this kind of emperor-level spiritual fruit requires an extremely harsh environment and the limbs of a nine-star expert as nutrients.

After reaching the conclusion, the Eight-Star King immediately used his secret technique to hide it from others.

Afterwards, the 'Hun' organization sent You Shark and Fei Ying to take care of the Emperor Level Spirit Fruit.

In order to make the emperor-level spirit fruit bear fruit as soon as possible, You Shark would come every month to replenish the severed finger with some emperor fluid slurry (water) to speed up the growth of the spirit tree.

But without Qixing's strength, he couldn't get close to the severed finger.

Therefore, he had to use special means to get seven-star combat power and get close to the severed finger.

The more times you do it, the more people will notice it. so. There are always rumors in this sea area that there is a seven-star monster that disappears and appears sometimes. This is the reason.

Every time Neptune wanted to pursue him, Yu Shark had Fei Ying as his internal agent, and he could always avoid him in advance. This way he played tricks on Neptune for more than ten years.

At this moment, the green light emitted from the severed finger covered an area of tens of meters.

Yousha stared at the side of his severed finger excitedly.

There was a green sapling there, only a foot high.

There is a bud as white as jade on the top of the sapling.

After the flowers bloom, they will produce emperor-level spiritual fruits.

According to the explanation from the top of the organization, it takes 20 minutes for this bud to bloom and bear fruit.

"Swimming Shark, how much time is left to bloom?", White Shark King's tone was a little anxious.

"7 minutes left!", Yousha looked at the high-end diving watch on his wrist.

"That's soon! What do you think this spiritual fruit is used for?", White Shark King was a little curious.

You Shark shook his head slightly: "I don't know! The people above didn't say anything. However, since it is an emperor-level spiritual fruit, it must be extraordinary!"

"That's right! As long as we complete this mission, the rewards will be generous"

"Hope everything goes well!" You Shark's tone was a little worried.

But White Shark King didn't care and said: "It will be fine this time. Even if that person breaks in. Can he get close to this phalange? This coercion cannot be approached without the strength of Seven Stars. If he is asked to pick spiritual fruits, he is not qualified!"

"Besides, we won't stand idly by. If he really dared to come, he would be dead."

You Shark said worriedly: "If that person comes, it will be easy to kill him. I was worried that before he died, he would make a big noise and attract the Seven-Star Lord. Even Neptune attracted it. That would be terrible!"

White Shark King said quietly: "Don't worry! The Black Turtle King will definitely be able to entangle that person!"

You Shark looked at the time again: "There are only 5 minutes left, and the flowers are about to bloom. As long as the Black Turtle King can entangle that person for 15 minutes, it will be fine....."

At the same time, in the six-star late-stage sea area

, on the 10,000-meter-deep seabed, Qin Feng and the Black Turtle King were fighting fiercely.

The two sides fought for nearly half an hour.

From the beginning, Qin Feng's many weird skills caused the Black Turtle King to suffer a lot.

Later, the Black Turtle King used defense as offense. The head and limbs were retracted into the turtle shell.

Then, all the gaps in the turtle shell closed automatically, forming a giant closed turtle shell shield without any defensive dead ends.

Moreover, the turtle shell has extremely high defense.

Even the burning golden flames could not penetrate it and could only leave white spots on it, like the scars on a monk's head.

Qin Feng had no choice but to change his fighting style and take out the seven-stringed guqin.

Resonance kills, the power is tripled.

Kill through the turtle shell!

The Black Turtle King immediately suffered greatly.

It sporadically shrinks its body inside the turtle shell, thinking that this will reduce its surface area for attack.

Qin Feng could sense that the inside of the turtle shell was semi-hollow.

But he couldn't kill the Black Turtle King for a while.

At the same time, he was also confused.

The Black Turtle King is clearly at a disadvantage, so why is he still fighting so hard? Haunting yourself?

Moreover, this guy came from the six-star Dzogchen area on purpose.

Could it be that...

Qin Feng thought about those electronic instruments and became suspicious.

With a thought in his mind, he got rid of the entanglement of the Black Turtle King and rushed towards the six-star Dzogchen area.

"Humanity! Stop leaving!"

The Black Turtle King is huge, but its speed is very fast.

The turtle shell, as big as a hill, rushed forward, blocking Qin Feng's path, and brought up a raging undercurrent.

"Old turtle! Why do you keep pestering me? You know, you are no match for me. If you continue to resonate like this, you will die sooner or later!"Qin Feng said this deliberately.

Hearing this, the Black Turtle King felt uneasy.

In fact, it had been seriously injured by the resonance.

It was holding on.

It wanted to buy time for the White Shark King.

"Human, as long as you leave the late-stage area now, I will never bother you again....."

Hearing this, Qin Feng's eyes lit up.

Could it be that this later area really hides some secrets?

However, this Black Turtle King has been struggling.

There was a secret, and he couldn't find out.

It seems that he needs to improve his strength a little. correct!

Jingyuanzhu!

Qin Feng remembered something and had two late-stage six-star essence beads in his hand.

Before, before he had time to deal with these essence beads, he ran into the Black Turtle King, and they have been fighting ever since.

"Ding! Successfully swallowed the Essence Pearl, and the spatial sensitivity increased to 2.13...."

"Ding! Congratulations to the host for reaching level 2 space ability and awakening the space skill - Space Teleport (10 meters)."

Haha! It's actually a teleportation in space!

This skill is extremely amazing!

Qin Feng was ecstatic!..

Chapter 152

"Ding! It is detected that the host space ability has reached the second level, and the three-star god-level challenge is activated (only one chance)....."

The god level challenge is finally activated.

Qin Feng ignored it and swallowed the second Jingyuan Pearl directly.

"Ding! After successfully swallowing the Essence Pearl, the spatial sensitivity increased to 2.28... The instantaneous distance limit increased to 15 meters....."

It turns out that increasing the sensitivity can increase the teleportation distance.

Now, Qin Feng can teleport anywhere within a radius of 15 meters.

"Human, what were you eating just now?", the Black Turtle King was very curious.

Qin Feng didn't make a move, and it didn't move either.

In this battle, it was already passive.

"none of your business!"

Qin Feng put away the seven-stringed guqin and replaced it with the Tingfeng Sword.

The Black Turtle King also said angrily: "Ha! You have basically broken through this king's defense. What's the use of using a broken sword?"

"Can't be broken! I can kill you too!"

Boom~!

Qin Feng suddenly erupted, turned into a ray of light and shadow, and rushed towards the Black Turtle King.

Cut~!

The Black Turtle King was disdainful.

This human being doesn't use the guqin, so it's not afraid at all!

Because this human being can't break its defense at all..

The previous battles have already proved it.

In just a moment, Qin Feng arrived in front of the Black Turtle King, only three meters away from the turtle shell.

The Black Turtle King sneered inside the turtle shell.

It wanted to see how Qin Feng broke through. Its defense.

But at this moment, Qin Feng activated his skill.

Teleport!

Qin Feng disappeared out of thin air!

The next moment, he appeared in the turtle shell.

Within a radius of fifteen meters, he could travel through it at will.

Black Turtle The king was stunned for a moment.

In the dark turtle shell space, its two green eyes were wide open. Before it could react,

Qin Feng's attack had already been launched.

Three violent hits in a row!

Resonance kill!

Sky-burning golden flames!

Boom~! Boom~! Boom~.

Continuous explosions sounded inside the turtle shell!

There were also shrill screams!.....

Meanwhile, in the city, there are luxury apartments.

Feiying was drinking tea while staring at the light spot of the Black Turtle King.

There are still 2 minutes left before the emperor-level spiritual fruit bureau blooms.

As long as the Black Turtle King holds it for 12 minutes.

This shouldn't be difficult, right?

But at this moment, the light spot representing the Black Turtle King went out.

Bang~!

The tea cup fell to the ground!

Shattered to pieces!

Feiying stood up from the sofa all of a sudden, her face turned pale!

The Black Turtle King is dead!

She always thought that the worst outcome for the Black Turtle King was that he failed to entangle that person, but it was absolutely impossible for him to die.

You know, the Black Turtle King's defense is extremely amazing.

Other six-star Dzogchen masters will only be killed instantly when they encounter the seven-star early stage.

The Black Turtle King was able to sustain one or two encounters.

But it turned out to be dead!

Oh my God!

Who is this mysterious candidate?

Feiying was completely panicked.

With trembling hands, she took out her communication device.....

The next moment, inside a trench tens of thousands of meters deep.

You Shark and White Shark King looked at each other in shock.

Just now, they received a message from Feiying.

The Black Turtle King is dead!

This is too shocking!

Kill the Black Turtle King? How strong is that person's attack??

"Now we are in big trouble!", the White Shark King could no longer remain calm.

If it were it, it would never be able to kill the Black Turtle King.

You Shark took a deep breath:"This time, we....."

Before he finished speaking, something happened ahead.

The sapling on the wooden emperor's severed finger suddenly emitted a dazzling spiritual light.

Then the buds at the top of the sapling bloomed.

An extremely alluring fragrance spreads around at an incredible speed.

All sea water and all barriers are unstoppable!

It's finally blooming!

Swimming Shark and White Shark King opened their eyes wide and watched nervously.

At this moment, they didn't have time to think too much, they were just waiting to bear spiritual fruit.....

At the same time, the six-star late-stage sea area.

Qin Feng looked at the body of the Black Turtle King with a look of joy.

This is a six-star Dzogchen monster, and its body alone can be sold for a lot of money.

Not to mention, the value of the demon core and essence beads

"Ding! After successfully swallowing the Essence Pearl, the spatial sensitivity increased to 2.48... The instantaneous distance limit increased to 25 meters....."

"Ha ha!! The Jingyuan Pearl of Dzogchen is just different!"

Qin Feng felt happy.

A Dzogchen Jingyuan Pearl increased the sensitivity by 0.2, which is much stronger than the later ones.

His teleportation limit also increased to 25 meters.

"Huh! This is...."

At this time, Qin Feng made a new discovery.

I saw that his whole body was exuding a faint silver light, looming and almost invisible.

After the silver light appeared, his cultivation aura was obscured.

Even if the Seven-Star Lord stood in front of him, he still couldn't see through his cultivation.

Qin Feng smiled.

He was very satisfied with this change.

It turned out that after he swallowed many Jingyuan beads in succession, his mental power had surged to the limit of Seven-Star Great Perfection.

At this time, the spiritual power changed, that is, the spiritual power became manifest.

The faint silver light is spiritual power.

Originally, spiritual power is invisible and colorless, but it can manifest itself when it reaches a certain level.

If you cover your whole body with manifested spiritual power, you can cover up your cultivation and elemental aura.

Nowadays, except for those who are eight-star or above, no one can see through his true identity.

Qin Feng was very satisfied.

He cleaned up the battlefield and was about to leave.

But at this moment, a fragrance came from the sea water.

The aroma is so alluring that even sea water and protective light shields cannot stop it.

Qin Feng couldn't help but take a deep breath and felt refreshed all over.

His eyes lit up.

This is an absolute treasure!

And it can spread the fragrance so quickly on the seabed, which is definitely not an ordinary treasure!

Could it be that this is why the Black Turtle King has been blocking him?

Qin Feng looked thoughtfully towards the direction where the fragrance was coming from.

The next second, he used the Ice Concealment Technique and quietly dived in the direction of the scent.

Chapter 153

Ten minutes later, Qin Feng arrived near the source of the fragrance.

The fragrance came from the depths of an ocean trench.

The closer he got to the source, the more cautious he became.

He had already performed his violent transformation in advance, and then slowly moved towards the source, trying not to cause large fluctuations in the water flow.

The unusual behavior of the Black Turtle King made him guess that there might be an expert hiding near the source. If he rushed over rashly, he would be ambushed.

After a while, Qin Feng quietly reached the top of the trench. He could vaguely see a bright blue light deep at the bottom of the trench.

That alluring human scent comes from the blue light.

Keep diving! quietly!

Five thousand meters! Eight thousand meters!

Sixteen thousand meters.....

After a while, Qin Feng was only more than a thousand meters away from Qingguang.

His eyes did not look at Qingguang, but at the back of a huge reef near Qingguang.

There are two figures hidden there.

A bald man and a great white shark monster.

Deep in this dark trench, it was pitch black.

This human and demon had restrained all their auras and lay there motionless, like an ordinary rock, making it extremely difficult to find.

Unfortunately, Qin Feng's six senses were super strong and he found them easily.

He couldn't help but smile.

There really was an ambush.

This person and the demon are both six-star Dzogchen experts, so it is difficult to deal with them together.

Then, he looked towards Qingguang.

I saw a huge severed finger in the center of the blue light.

A small sapling grew from the side of the broken finger.

At the top of the sapling, a jade flower is blooming.

It looks like a snow lotus, crystal clear, and actually condenses the rays of light. It is auspicious and auspicious. It is also filled with thousands of fragrances that cannot be concealed by heaven and earth.

This is an absolute treasure!

Qin Feng was overjoyed.

He continued to dive, quietly sneaking behind the man and the demon.

He wanted to make a sneak attack.

To grab this treasure, you must kill these two first.

In fact, he was also very strange.

Humans and monsters are feuding and it is impossible for them to cooperate.

But these two guys in front of me are obviously working together.

Eight hundred meters...six hundred meters...five hundred meters.....

Qin Feng was approaching quietly at an extremely slow speed.

This kind of sneak attack requires patience.....

At the same time, You Shark and White Shark King held their breath and restrained all their auras.

Qin Feng's guess was correct.

The two of them were preparing to ambush Qin Feng.

But their six senses were much worse than Qin Feng's, and they didn't sense Qin Feng's arrival.

Three hundred meters...two hundred meters...one hundred meters.....

Qin Feng is getting closer and closer to them, and his speed is getting slower and slower.

The White Shark King was already restless.

From time to time it peeked around.

Yousha also looked at the time for a while, and then looked at the spirit flower in front of him.

There is only the last minute left, and the spiritual flower is about to bear fruit.

Why hasn't the mysterious master appeared yet?

Logically speaking, he should have arrived.

Could it be that he was already here and I didn't notice it?

Thinking of this, You Shark panicked.

He spread out his six senses and looked around, but still found nothing.

This situation is not normal!

This gave him an anxious feeling of being in the dark.

40 seconds...35 seconds...30 seconds.

Yousha looked at the time and saw that there were only 30 seconds left.

If that person does not come, spiritual fruit will be born.

Did that person really not come?

Isn't he curious?

At this moment, a sudden change occurred in the field.

Qin Feng was already close to seven meters behind them.

One person and one demon are still unaware.

Advanced ice concealment technique is very practical.

At this moment, Qin Feng suddenly broke out.

The five-series Hunyuan Power blooms instantly!

Boom~!

An afterimage shot!

Resonance kills!

Absolutely frozen!

Space twist!

Three violent combos!

Boom~! Boom~! Boom~!

Earth-shattering explosions continued.

Then, there were two muffled groans.

The swimming shark and the white shark king were actually blown away a hundred meters away.

One person and one demon are all decorated.

They were actually injured. fine! The injury is not serious!

And Qin Feng's figure also appeared.

You Shark and White Shark King looked at the black-clothed and masked man in front of them with horrified expressions.

They couldn't see through the masked man's cultivation.

However, when the masked man took action just now, his combat strength seemed to be less than 500,000, which did not reach the threshold of the late six-star stage!

But they were still injured by the sneak attack.

This makes them extremely depressed.

The two of them originally wanted to sneak attack others, but they didn't want to be attacked by others.

This masked man is definitely not simple!

"Who are you?", You Shark's tone was solemn.

Qin Feng smiled slightly, but said nothing.

Sure enough, with his current strength, even if he sneaks up on the six-star Dzogchen master, he can't kill him with one blow.

"That's it!", You Shark sighed, "White Shark King!"

The White Shark King understood immediately, and his whole body was filled with aura.

You Shark's whole body was also abuzz with aura.

Then, a strange seal formed in You Shar's hand, and he was performing a secret technique.

The next second, a strange scene appeared.

You Shar and Bai Shark The body of the Shark King gradually merged.

After a moment, the swimming shark disappeared, and the White Shark King's body swelled in size, and another shark head grew out of its neck. This combination of a human and a demon turned into a two-headed creature. The aura emanating from the shark was so violent that it had clearly reached the early stage of Seven Stars.

Qin Feng was horrified.

What kind of secret technique is this?

Humans and demons can also merge and transform.

He couldn't help but think of the demon sword and the piano master.

Those two guys combined There is an unclear relationship between monsters and beasts.

But the guy in front of him is more thorough!

However, he has no time to think about it now.

The threshold of combat power for a strong person in the early stage of Seven Stars is 2 million points.

His combat power is only more than 430,000 points.

Don't When it comes to fighting, he will definitely be killed in an instant. No matter how many skills he has, it is useless in the face of absolute strength.

But he soon discovered the flaw of Yousha.

That is, after Yousha successfully transformed, he was unable to restrain himself. Breath.

The breath of the seven-star monarch spread instantly, and the force field with a radius of ten thousand meters was affected.

This shows that You Shark cannot control this powerful force freely.

Because of this, You Shark and White Shark King , easily out of shape, which can easily be discovered by monarchs and kings among humans.

In fact, their flaws go beyond that.

Seventh-level monarchs will all master one or two super skills, but they don't.

It can be said that in this state, they are the weakest Seven Star Monarchs.

However, these don't matter, it can be used to kill Qin Feng instantly.

At this moment, Swim Shark's transformation was completed and it was time to take action.

Mutation regeneration in the field.

The spirit flower suddenly glowed brightly, and then it bore fruit at an extremely fast speed.

In just one breath, all the flesh and blood on the severed finger was absorbed by the spirit flower, leaving only a finger bone as white as jade.

The spiritual flower also withered quickly, and a green-white spiritual fruit grew under the flower stem, emitting a green glow and filling the sky with auspiciousness.

Ha ha!! The emperor-level spiritual fruit has finally matured.

Yousha was so excited that his eyes were red.

Qin Feng's eyes lit up and he rushed towards Lingguo.

How could he miss such a peerless treasure!

What's more, he is closer to the spiritual fruit.

The two-headed shark was a hundred meters behind him.

Don't underestimate yourself!

The two-headed shark also rushed towards the spirit fruit.

When it saw Qin Feng rushing over, not only was it not anxious, but it showed disdain.

The pressure of that finger bone reaches the level of a nine-star emperor, and no one under seven stars can get close.

If you enter by force, it will only crush the place.

In just an instant, Qin Feng reached the boundary of the light group..

Chapter 154

"Huh! This pressure....."

Qin Feng vaguely felt that the pressure of the light group was extremely terrifying.

But the current situation did not allow him to think too much.

The two-headed shark was extremely fast and was already more than twenty meters behind him, and was about to catch up.

Qin Feng quickly swallowed a demon core and poured out of his body against the quicksand, forming a black armor to protect everything. call out~~!

Qin Feng suddenly rushed into the aperture.

In the blink of an eye, he felt extremely terrifying pressure coming from the finger bones.....

Click~! Click~! Click~!

There was a clear sound of bone cracking in his body, and the blood on his body surface exploded.
....

"This is....."

Qin Feng was horrified.

He felt like he was about to be crushed. Even with the protection of counter-quicksand, it was useless. The pressure was too terrifying.

When the two-headed shark saw Qin Feng's miserable state, there was ridicule in his eyes.

Without the strength of Qixing, if you still want to get close to the emperor's bones, you are courting death.

He waited for Qin Feng to be crushed.

But the next moment, he was stunned.

Qin Feng was not crushed to death, but continued to approach the emperor's bones.

He didn't know that Qin Feng's god-level devouring was already in operation, and the demon coreThe amount is used to quickly repair the whole body.

The healing ability that was comparable to a super skill allowed Qin Feng to barely hold on for a few seconds. not good!

The two-headed shark is terrible!

It speeded up and grabbed the spirit fruit.

This masked man is so weird!

It must not let him steal the spiritual fruit.

Click~! Click~! Click~!

The sound of bone cracking in Qin Feng's body kept ringing.

He took a step forward, and his power increased by 10%.

The closer to the emperor's bones, the greater the pressure.

The repair speed of the demon core began to fail to keep up with the speed of bone fracture.

As long as the bones are completely broken, he will be crushed.

At this moment, the two-headed shark rushed over. It had reached the edge of the aperture...

Its speed was obviously much faster than Qin Feng.

The two-headed shark didn't even bother to look at Qin Feng!

It wants to grab the spiritual fruit first, and then kill the masked man.

Nothing is as important as spiritual fruit.

But at this moment, Qin Feng started.

He moved in an instant and suddenly appeared next to the spirit fruit.

The incomparably majestic pressure surged toward him, and the flesh and blood on his arms began to explode.

This pressure has almost doubled, and Qin Feng cannot withstand it at all.

At the critical moment, he endured the severe pain, grabbed the spiritual fruit and the emperor's bone, and put them all into the divine storage ring.

Huh~!

The aura disappeared instantly!

Everything around him returned to darkness.

The terrifying pressure also disappeared.

Qin Feng was lucky not to be crushed.

All this sounds long, but in reality it only takes 2 seconds.

The two-headed shark was immediately dumbfounded.

The spiritual fruit and imperial bones were actually stolen!

Immediately, it became furious.

The two giant mouths attacked at the same time.

Double advanced skills, big water waterfall - tsunami shock!

Two tsunami-like attacks rolled towards Qin Feng overwhelmingly, covering dozens of meters in radius, and arrived in the blink of an eye.

The power of that blow actually exceeded 2 million combat power, and it could definitely kill Qin Feng instantly.

The attack range exceeded Qin Feng's instantaneous limit, making it impossible to escape.

To put it simply, Qin Feng is 100% dead.

But at this critical moment, Qin Feng showed a smile.

The next moment, he disappeared into thin air.

Boom~!

The attack of the two-headed shark falls!

The sea area tens of thousands of meters shook.

A thousand-foot tsunami surged above the sea.

This is a real tsunami.

The 10,000-meter-long wall of waves pushed across the magical city.

The blow just now was as powerful as an undersea earthquake.

At this time, the entire assessment area was shocked.

Contestants from the four-star sea area, five-star sea area, and six-star sea area flew out of the sea one after another.

Everyone looked in the direction of the explosion in horror.

Above the six-star sea area.

Lord Luo Li was shocked.

The blow just now was clearly the blow of the Seven-Star Monarch.

How come there is such a thing in this assessment area?

Could it be that mysterious seven-star monster?

She quickly flew down and rushed towards the explosion point.

At the same time, Lord Liancheng and Lord Dongmen also rushed over.....

On the other side, deep in the trench.

After the explosion, an extremely huge pit was left.

But there was no body of the masked man at the bottom of the pit, nor was there any blood.

The masked man disappeared out of thin air.

The two-headed shark is furious.

It wandered around the explosion point for a long time.

It wants to find Qin Feng!

It wants to take back the emperor's bones and spiritual fruits!

But it wandered around for a while and still found nothing.

It's desperate.

More than ten years of hard work! just this?

What's even stranger is, where did the masked man go?

How could he disappear out of thin air?

Could it be that he was reduced to scum by himself?

If it really turned into rubbish, it should leave behind the remains and the storage ring.

But there is none of these!

"Swimming shark! Let's run away! Otherwise, it will be too late!"

One of the heads of the two-headed shark was a little uneasy.

The movement just now must have attracted the attention of the strong human beings.

"Walk!"

Another shark head made a swimming sound.

The tone was full of unwillingness.

Then, the two-headed shark fled towards the depths of the sea.

That is the base camp of the monster.

Not long after the two-headed shark escaped, a graceful And a beautiful figure appeared at the explosion point.

This was none other than the Lord Luo Li who came over.

She looked at the explosion site with a puzzled look on her face, and scanned with her six senses, but found no one or monster, only the sea water mixed with There was a little bloodshot, but the amount was very small.

Then, she looked up and looked in the direction where the two-headed shark was escaping.

At this moment, two more figures came.

It was the Lord Liancheng and the Lord Dongmen.

"Lord Luo Li, have you found anything?", the Lord of the East Gate looked at the deep pit in shock.

This was indeed made by the Seven-Star Powerful Man

"When I came, the guy fled in that direction." Lord Luo Li looked towards the direction where the two-headed shark was escaping.

"Liancheng, follow me and chase!", Luo Li turned back to look at the two of them, "Dongmen, can you check if there are any capable people or monsters nearby?"

At that moment, Luo Li and Liancheng chased the two-headed shark in the direction of escape.

The Lord of the East Gate stayed there to search for suspicious points.

Not long after, another white-haired old man with a majestic temperament appeared in the field out of thin air.

"My subordinates have met Wang Zun!"

The Lord of the East Gate was frightened and respectfully came forward to pay homage.

The old man was the King of the Sea.

"How's it going?", Neptune glanced at the pit lightly.

"Back to Wang Zun, Lord Luo Li and Lord Liancheng were already chasing the seven-star monster towards the deep sea. My subordinates are checking here to see if there are any suspicious humans or monsters....."

"No need to check! I have checked that there are no humans or monsters within tens of thousands of meters.

Poseidon looked at Dongmen Jun again calmly: "Go back!" Keep hosting the game!"

"yes! King Zun!"

The Lord of the East Gate left quickly.

The Sea King observed the explosion point carefully for a while.

"strangeness! There is actually a bit of the Nine-Star Emperor's breath left here. What's going on?"

He muttered in his heart, but couldn't figure it out.

Then, he rushed in the direction of Luo Li and others.

At the same time, Qin Feng was lying on a beach very comfortably.

This is a beautiful island.

There is everywhere on the island. They are all colorful flowers with overflowing fragrance.

Qin Feng likes this kind of scenery very much.

In fact, this island is not the earth world, but a god-level challenge space - Huan Shen Island.

Just before, that extremely critical moment.

Qin Feng directly started the god-level challenge and escaped into this paradise-like island.

In this way, the attack of the two-headed shark failed and no one could find it. He lay down for a while, and Qin Feng got up comfortably..His injuries have fully recovered.

Now he wants to take a look, what is that spiritual fruit?..

Chapter 155

The next second, Qin Feng had a green and white jade-like spirit fruit in his hand, which was as big as a fist.

As soon as the spiritual fruit appeared, the wood energy in the world became restless.

In a moment, the concentration of wood energy around Qin Feng increased by more than ten times.

A flower bud not far behind him seemed to be affected by the wood energy, and it bloomed automatically.

This spiritual fruit is absolutely extraordinary, and a light screen pops up in Qin Feng's eyes.

Item Name: Emperor Yuan Fruit (Wood)

Category: Unparalleled Rare Item (can only grow under extremely harsh conditions)

Effect: After a water elementalist eats the core, there is a 10% chance of gaining wood talent.

After Mu Yuan master eats the core, his cultivation level can be greatly improved.

Other elementalists cannot eat it.

The pulp can only be eaten by Mu Yuan masters. It can help condense divine seals and star patterns.

The effect is remarkable and is effective for people under eight stars.

Side effects: The fruit core contains a small amount of love toxin, which attacks from time to time and is not harmful to the body. The poison can be detoxified by finding the right method.

"Huh! This spiritual fruit can actually allow water elemental masters to gain wood-type talents! good! good!"

Qin Feng was very surprised.

Speaking of which, he is also considered a water elemental master and can eat this spiritual fruit.

But the gain is only 10%!

This is too low!

"Ding! Remind the host that your god-level swallowing can digest spiritual fruits most perfectly, and the chance of obtaining wood talents is doubled to 20%...."

Huh! It can still be like this!

Qin Feng was a little surprised.

However, the 20% chance of obtaining it is still a bit low.

Also, what the hell are these side effects?

Love|Desire poison? Is there really no harm to the body?

Qin Feng feels a little weird.

He looked at the island behind him, then separated the spirit fruit, took out the core and swallowed it.

Although this island is picturesque, it is a challenging space after all, and there must be something terrifying hidden there.

He fled in hastily and made no preparations.

If you want to pass this challenge, you need to improve your strength

"Ding! Successfully swallowed the core of Emperor Yuan Fruit (Wood)....."

A strange energy spread throughout Qin Feng's body, exuding a faint fragrance.....

"Ding! Congratulations to the host for obtaining the wood cultivation qualification (ordinary level)"

"Ha ha!! It worked!"

Qin Feng was ecstatic!

20% chance!

He actually succeeded.

This is such good luck!

He quickly looked at himself and found no abnormalities in his body. It seems that the side effects are indeed harmless.

I think so, the poison of love | desire It's not considered poison.

Qin Feng secretly breathed a sigh of relief.

"Ding! Remind the host that your wood talent is at the ordinary level. After it is upgraded to the peerless level, it can be automatically integrated into the power of Hunyuan....."

Qin Feng's eyes lit up, he quickly opened the system mall page and purchased two bottles of wood qualification enhancer (Tianpin)

"Ding! Successfully swallowed the wood qualification enhancer (Tianpin), and the wood talent was upgraded to genius level....."

"Ding! Successfully swallowed the wood qualification enhancer (Tianpin), and the wood talent was upgraded to peerless level....."

"Ding! Elemental chaos starts automatically, and the five series of Hunyuan force evolve into the sixth series of Hunyuan force....."

"Ding! Successfully swallowed the pulp of Emperor Yuan Fruit (wood), and the completion of the fourth star pattern was greatly improved....."

After a series of operations, Qin Feng experienced tremendous changes.

He opened the training template with anticipation.

Practitioner: Qin Feng (Emperor Level)

Hunyuan Realm (Six Elements): Three-Star Dzogchen (Fourth Star Pattern 83%)

Five Elements Attributes: Ice (Water), Wind, Fire, Thunder, Earth, Wood

Combat Power Index: 500,000 points

Space ability: Level 2 (sensitivity 2.48)

"Ha ha!! This Emperor Yuan Fruit is indeed a good thing!"

Qin Feng laughed heartily, feeling extremely comfortable in his heart.

The Emperor Yuan Fruit (Wood) allowed his Hunyuan Power to evolve to the sixth system, and his combat power skyrocketed from 350,000 points to 500,000 points.

If he transforms again, his combat power will increase. It will also skyrocket.

In addition, the spirit fruit caused his fourth star pattern completion rate to skyrocket from 0.01% to 83%.

This improvement is really great.

With such strength, he is confident that he can deal with three or four six-star Dzogchen powers at the same time. Of course

, he is not an opponent in the early stage of Seven Stars.

The further this elementalist goes, the greater the realm, the stronger the difference.

He wants to deal with the Seven Star Monarch unless he breaks through to the fourth star.

Now, he is the fourth star. The pattern completion degree is 83%, and it is not far away from four stars.

Now it is time to complete the challenge mission.

Qin Feng smiled slightly and performed violent transformation.

His combat power soared to 600,000 points again.

Then, he went to the island. He walked inside and began to explore the secrets of the challenge.

Along the way, he did not find any monsters.

On the contrary, the flowers were in full bloom along the way, and the scenery was pleasant.

Unknowingly, Qin Feng walked to the center of the island.

There was a flower forest there.

Flowers There was a black stone tablet in the middle of the forest, with many petals scattered around it.

A gust of sea breeze blew, and countless petals were flying.

Qin Feng silently looked at the stone tablet and saw three words engraved on the stone tablet: Summoning Tablet.

There was also a line of small words below: My heart reaches to heaven and earth, and my mind spans the four seas. If you ask about old friends, you can meet them in just one thought.

"What the hell is this?"

Qin Feng was confused.

After reading the small print below, he pondered for a while.

Could it be that this stone tablet....Try it first before talking.

Qin Feng began to think about what Chu Chu was doing?

As soon as this thought came up, the stone tablet suddenly lit up with a dazzling spiritual light.

After a while, a black hole appeared in the middle of the stone tablet.

A petite figure was thrown out of the black hole and fell directly on the lawn.

Qin Feng took a closer look.

Damn it~!

This cute and beautiful little loli is my sister!

Isn't it?

Could this summoning monument really be able to summon anyone it thinks of?

At this moment, Chu Chu looked around in panic.

She seemed confused.

She really couldn't figure out, wasn't she watching the game from the stands?

Why did you end up here all of a sudden?

Where is this place?

"elder brother!"

Chu Chu turned around and saw Qin Feng.

She got up immediately and ran towards Qin Feng with a face of surprise.

Qin Feng avoided it calmly.

Is this person really his sister?..

Chapter 156

Chu Chu looked particularly happy when she saw Qin Feng.

Those sincere eyes cannot be faked.

Qin Feng's heart felt warm

"Brother, your clothes...are you okay?"

Chu Chu saw that Qin Feng's clothes were torn and covered in blood, and her eyes immediately turned red.

Her brother must have experienced a lot of dangers before.

The little girl felt very distressed.

She held back the tears and rubbed her red eyes.

"Little girl, aren't I pretty good?" Qin Feng pinched her little face lovingly, "By the way, how did you get here?"

"Yes!", Chu Chu scratched her little head and said with a puzzled face: "I was watching the game, and then I was sucked in here inexplicably."

"Brother, where is this place?"

Chu Chu looked around curiously again.

Qin Feng smiled and did not answer directly.

"Little girl, what's going on in the stands now?"

"Many contestants were injured in the past two days, and dozens of contestants have withdrawn one after another. Fortunately, no one died. By the way, brother, let me tell you an interesting thing!"

Chu Chu said with excitement, she seemed to have thought of something.

"Tell me, what's the matter?", Qin Feng smiled.

"This is what happened! Hengzhou City, which has always disliked our Yunyang City, is so unlucky in this competition!"

"First, deputy city leader Liu Shen had an arm bitten off by a monster and had to withdraw from the competition. After that, the city lord Zhao Hengfeng and another player were also severely injured and retired from the competition! This time, Hengzhou City will score 0 points."

"They also wanted to make a fool of us in Yunyang City, but they themselves made a fool of themselves first. By the way, I heard that Liu Shen also lost his storage ring. It's really tragic! whee!"

Chu Chu looked gloating and seemed to feel particularly relieved.

Qin Feng smiled.

There was no need to doubt it.

The little girl in front of her was her sister. Otherwise, how could she know the fate of Liu Shen and Zhao Hengfeng? She even didn't even know what happened to Liu Shen.

You all know about losing your storage ring

"Little girl, I have a big enemy and I need your cooperation. Can you do it?", Qin Feng suddenly said

"whee!! Brother, do you want me to use my ability to control time?", Chu Chu suddenly thought of

"clever!"Qin Feng smiled and said,"I will summon it now. Remember, if you see it appear, take action immediately"

"Hmm~! Know it~! ", Chu Chu nodded obediently.

Qin Feng began to wonder where the White Shark King was?

This idea just came up, summoning the stone tablet to change, and the black hole reappeared.

The next second, a huge white shark more than ten meters long was thrown out of the black hole.

It is the White Shark King who is with You Shark.

Bang~!

The White Shark King was thrown to the lawn and was a little confused.

Qin Feng rushed forward and stabbed with his sword.

At the same time, Chu Chu also used time delay.

The White Shark King's thinking speed suddenly slowed down by half a beat, because its time flow rate was only half of the usual speed.

Immediately afterwards, there was a shrill roar!

The White Shark King was pierced through the eye by Qin Feng's sword and his brain was shattered.

It didn't understand how it died until it died.

In this way, the White Shark King was killed instantly by the Qin Feng brothers and sisters.

"Brother, we succeeded!", Chu Chu cheered excitedly.

There were a lot of sweat beads on her forehead.

Obviously, it was not easy for her to use her time ability.

"Chu Chu, there is one more! Can you still cast it?", Qin Feng put away the body of the White Shark King

"Brother, I can do it!", Chu Chu said obediently.

Qin Feng smiled meaningfully

"good! Then I summoned you, be prepared"

"OK!", Chu Chu nodded obediently.

Qin Feng quickly summoned the swimming shark.

The next second, a bald man was thrown out of the black hole of the stone tablet, and it was the swimming shark.

Qin Feng rushed over.

At the same time, Chu Chu used time delay.

But just At this moment, a sudden change occurred.

Qin Feng moved in an instant and suddenly appeared behind Chu Chu. With a sword with all his strength, he killed Chu Chu to pieces, and blood mist flew all over the sky. The huge explosion shook the entire island.

The swimming shark not far away was stunned and looked at Chu Chu's corpse with a blank expression.

Qin Feng raised his head and looked at the swimming shark with a smile.

At this time, a strange scene happened.

Chu Chu's body was actually visible to the naked eye. The visible speed turned into clouds of white mist.

Then, the white mist gathered and turned into a man in white who was half human and half demon.

This man had human facial features and was quite handsome, but his head had dragon horns and his neck had fish scales. It was very weird..

As soon as he appeared, everything around him immediately changed.

Flowers, trees, and exotic flowers all disappeared.

The island was covered with thorns and withered grass, dead forests and rocks.

Even the previous summoning stone tablet was fake, it was just an ordinary piece of stone. The big rock.

The swimming shark was also changing. After a while, it turned into an otter demon with gray fur on its face. Qin

Feng seemed to have known the changes around him for a long time, with a calm expression on his face.

"Why~! "

A sigh

"How did you spot the flaw?"

The man in white looked at Qin Feng with a depressed look.

Chapter 157

"How did you spot the flaw?"

The man in white looked at Qin Feng with a depressed expression.

Qin Feng ignored it.

He glanced at the otter demon.

It was a six-star perfect spirit.

But it stood behind the man in white with a look of awe and a little fear. The man in white.

Qin Feng glanced at the ground not far away again.

There was a stream of blood there.

It was left when the white shark died.

At this moment, the illusion around him disappeared, but the blood stains did not disappear.

Qin Feng seemed to be thinking of something, he smiled slightly: "The White Shark King I just killed was your subordinate?"

Hearing this, the man in white became even more depressed.

The White Shark King just now was indeed transformed by his subordinate.

He originally thought of joining forces with that subordinate to trick Qin Feng.

Unexpectedly, he underestimated Qin Feng's strength.

The late six-star subordinate was actually killed by Qin Feng with one sword.

Of course, it may be that they were too involved in the acting.

The subordinate pretended to be slowed down by time and pretended to be unresponsive..Unexpectedly

, the fake became real, and my life was lost!

"You haven't told me yet, how did you discover the flaw?", the man in white sighed and put his hands on his back.

He was really curious.

He obviously had no flaws.

But how did Qin Feng realize that he was pretending?

Qin Feng looked at the man, and a light screen popped up in his eyes.

Category: Monster

Name: Fish Mirage Emperor (King Level)

Level: Level 30 (Six-Star Great Perfection)

Skills: King Illusion (Spiritual King-Level Skill, Skill Stones Can Be Dropped on the First Kill)

Memory Stealing (Spiritual King-Level Skill, Can Steal the Target Within the Last Three Days)
Memory, the first kill drops skill stones)

Spiritual Contract (spiritual super skill, controls subordinates, first kill can drop skill stones)

Atomized Body Protection (water super skill, all damage is halved, first kill may drop skill stones)

Multiple water sword skills (advanced water skills, group attack, skill stones can be dropped on the first kill)

Warning: Extremely dangerous level (win rate less than 1%)

Reminder: The Fish Mirage King is a descendant of the Mirage Dragon. If you kill it for the first time, you will drop a drop of true magic. Dragon's blood.

After reading the information, Qin Feng took a deep breath.

This was actually a six-star Dzogchen king-level spirit.

Speaking of which, this was the first time he had encountered a king-level monster.

If he guessed correctly, this guy His mental power has reached the level of an eight-star king.

Otherwise, he would not have two king-level skills, both of which are mental. The so-called king-level skills are skills that can only be mastered by an eight-star king. They are more powerful than super skills. Stronger.

Fortunately, mental skills are more auxiliary than killing.

Otherwise, he would have been instantly killed by this guy.

It seems that this guy's attack power is weak!

Qin Feng quickly analyzed The advantages and disadvantages of the Fish Mirage Emperor.

The advantage of the Fish Mirage Emperor is that it has a strong spirit, comparable to the Eight-Star King.

Secondly, it has very strong defense.

The Fish Mirage Emperor's atomized body protection is a super skill that can reduce damage by half. It is difficult to kill it in an instant at the early stage of Seven Stars.

In the end, this guy's weakness is that his attack power is too weak.

The multiple water sword skills are advanced skills, but they have group attack attributes. The single attack power should be about the same as ordinary skills.

Such attack power, for Qin Feng is not much of a threat.

However, this guy's auxiliary skills are so powerful that they can completely entangle the seven-star early stage powerhouse and slowly wear him to death.

After all, the king-level illusion he casts cannot be broken by the seven-star monarch.

The same The truth is, although he can't kill Qin Feng instantly, he can easily trap Qin Feng and then slowly torture him to death.

"You can see my memories of the last three days, so you know that I have a sister, and you also know some of the things I have experienced in the last three days.", Qin Feng suddenly spoke.

The Fish Mirage Emperor was shocked.

How did this guy know the details of his skills?

"Is this a flaw?!", the Fish Mirage Emperor was puzzled.

He felt that this was his advantage, not a weakness.

"good! It's the flaw!"

"Why?"

"What we saw in three days was ultimately one-sided! For example, when my sister used her time ability once, she was unable to use it again... You actually said you can still use it"

"oh~!",If the Fish Mirage Emperor realized something,"That's because I was careless....."

"Also, I have been using my water power in front of you, but you are not surprised at all!"

"This... is there anything surprising about this?", the Fish Mirage Emperor was puzzled.

Qin Feng smiled slightly:"My sister always thought I was a fire elemental master!"

The Fish Mirage Emperor was stunned.

Then he thought of something.

"You were lying to me from the beginning!", the fish mirage emperor's face darkened.

It turned out that this guy saw the flaw for the first time, but pretended not to know.

He felt that he was being played, and he was very angry.

He had always been playing tricks on others..

But today, it's the other way around!

"It seems that if I don't kill you, it won't be enough to satisfy the hatred in my heart! What's more, you have so many secrets!"

The Fish Mirage Emperor showed a meaningful smile.

He thought of getting everything from Qin Feng.

Qin Feng sneered:"I'm afraid you can't kill me!"

"I have killed even the early seven-star warriors, and there were more than one. You, a guy with less than four stars, still want to survive?"

What the Fish Mirage Emperor said is true. His ability is very special.

However, he can only deal with the strong ones in the early stage of Seven Stars, but cannot deal with those in the middle stage of Seven Stars."

"Where are the kings!"The fish mirage emperor's voice was not loud.

But the sea near the island boiled in an instant.

One after another, late six-star and six-star great perfection level spirit monster kings rushed out of the seabed.

All the spirit monster kings appeared and kowtowed to the fish mirage emperor one after another.

"See my emperor!"

A moment later, all the spirit kings rushed behind the Fish Mirage Emperor.

There were a total of eleven six-star Dzogchen spirit kings and fifty-seven late-six-star spirit kings.

Even the seven-star Dzogchen monarch wanted to have so many It is impossible for powerful subordinates.

Only the Fish Mirage Emperor can do it.

Because he has a super skill - spiritual contract, he can easily control his subordinates.

Having said that, with so many six-star strong men taking action together, in the early stage of seven-star Even a strong person cannot hold it, and it is even easier to kill Qin Feng.

This is also the confidence of the Fish Mirage Emperor

"Humans, have you seen this?", the Fish Mirage Emperor waved his hand proudly.

The surrounding scenery immediately changed.

In the blink of an eye, it turned into an endless desert, with ten suns hanging in the sky, extremely hot.

Qin Feng could feel that his skin was hot from the sun, and the air was extremely dry. He couldn't help but swallowed.

He knew these were illusions.

But this illusion was too real!

"One minute!", the fish mirage emperor showed a smile on his lips.

"what for?"

"Within one minute, I will kill you!"

The Fish Mirage Emperor waved again, and all his men disappeared.

Qin Feng could not feel the breath of any monsters.

He knew that this was the Fish Mirage Emperor using illusions to cover up.

In this way, the enemy was in the dark and we were in the dark. His situation extremely dangerous

"Ding! The divine challenge begins!"

Challenge content: Kill the Fish Mirage King and all his men within one minute.

Reminder: If you miss to kill any monster, the challenge will fail!

"Ding! The challenge will automatically start after 3 seconds...3...2...1.."

"Ding! The challenge begins! Automatic timing 60 seconds...59 seconds....."

Damn it~!

This mission is really.....

Not even the Seven Star Dzogchen masters can do it.

System, can you be more perverted?!

Qin Feng was no longer able to complain.

He grabbed a handful of demon core and swallowed it directly, and the sand poured out of his body, forming a battle armor.

At this time, the body of the Fish Mirage Emperor slowly faded and disappeared, and he was about to take action.

But Qin Feng also took action

"Die all!"

A long white light shot out from his hand, it was the emperor's bone!

Bang~!

The huge finger bone fell to the fish mirage emperor's previous position and was directly inserted into the ground. The terrifying pressure of the nine-star powerhouse spread instantly. Ka

~ka~!

The surrounding illusion was instantly shattered.

Under such pressure, the fish mirage emperor's illusion could not be used.

Ah~! Ah~! Ah~!

At this moment, those six-star spirit monster kings were suppressed one after another. Explosion.

How could they withstand the pressure of the nine-star powerhouse.

The miserable screams came one after another.

Bang~! Bang~! Bang~!

The explosions continued!

Within three seconds, they were all dead, and six people were everywhere on the ground. Star crystal core.

Only Qin Feng and the Fish Mirage Emperor are still alive in the field.

Qin Feng's strength has greatly increased, and there is a demon core to heal his wounds, and his endurance has increased, and it can reach eight or nine seconds.

The Fish Mirage Emperor has a mist protection The body, the damage was halved, barely holding on for three to five seconds, and trying to escape.

But Qin Feng didn't give him a chance, and he teleported to catch up.

Resonance kill!

Three violent hits in a row!

The sky-burning golden flame!

There was a shrill scream. Yell!

The Fish Mirage Emperor was killed!

His body collapsed instantly, leaving 5 skill stones, a crystal core, a ball of light, and a drop of true dragon essence and blood on the ground.

Haha! This time he was prosperous!

Qin Feng was extremely happy.!

Those skill stones alone contain two king-level skills!

Not to mention other gains!..

Chapter 158

Qin Feng teleported out of the pressure range of the Emperor Bone and swallowed another demon core.

When the injury was completely recovered, he teleported again, appeared next to the Emperor's Bone, and quickly put the Emperor's Bone into the storage ring, and all the pressure disappeared.

Qin Feng secretly breathed a sigh of relief. Looking at the six-star crystal cores all over the ground, he felt so happy.

After a while, he cleared the battlefield.

This harvest is really amazing!

There are sixty-nine six-star crystal cores alone

"Ding! Devouring skill stones successfully.....Acquire advanced skills - multiple water swordsmanship (water system)....."

"Ding! Devouring skill stones successfully.....Obtain super skill - Mist Body Protection (Water System)....."

"Ding! Devouring skill stones successfully.....Obtain super skill - Spiritual Contract (Spiritual Type)....."

In the blink of an eye, Qin Feng acquired three skills.

He took out two more king-level skill stones

"Huh! This is....."

Item Name: Skill Stone (Memory Stealing)

Category: Strange Object (Peerless Rare)

Level: Spiritual King-Level Skill

Note: Can be swallowed (a complete six-consciousness divine ring needs to be condensed first). Swallowing this skill stone actually requires six senses. Divine ring.

The same goes for the king-level illusion skill stone.

The Six Consciousness Divine Ring is formed by condensing spiritual power to a very high level and has many incredible abilities.

Generally only the Eight-Star King possesses it.

Qin Feng's mental power has not yet reached the eight-star level.

He quickly took out a ball of light, which was the Six Consciousness Essence Group, left behind after the death of the Fish Mirage Emperor.

"Ding! Successfully devoured the Six Senses Essence Group... Congratulations to the host for condensing the Seven Senses Divine Ring... Completion Level 73%....."

The next second, seven looming haloes appeared behind Qin Feng's head, like gods, with a touch of pressure.

This is the seven-consciousness divine ring, not the six-consciousness divine ring.

It is stronger than the Six Consciousness Divine Ring.

Only those who have awakened the seventh consciousness can condense the seven consciousness divine ring. Many eight-star kings cannot do this.

Qin Feng showed a smile on his face

"Ding! Due to the successful condensation of the seven-consciousness divine ring, the host's spatial sensitivity has increased.....Teleport limit increase...."

"Ding! Successfully swallowing the essence and blood of the true dragon... Congratulations to the host for raising the physical strength to the seven-star level... Increased combat power by 20,000 points...."

"Ding! Congratulations to the host for gaining dragon power (it has a strong deterrent effect on monsters)...."

Qin Feng looked at himself with satisfaction.

This time, he was strengthened in all aspects!

"Ding! Congratulations to the host for completing the three-star god level challenge and starting to distribute rewards....."

"Ding! Reward 3 super strengthening stones!"

"Ding! Reward 6 six-series Hunyuan star pattern fragments!"

"Ding! Open the advanced mall exchange function, and a six-star crystal core can be exchanged for a demon core of the same level....."

Super Strengthening Stone allows advanced skills to evolve into super skills.

Six-series Hunyuan star pattern fragments have a completion rate of 20% for the fourth star pattern and 10% for the fifth star pattern, which is much stronger than ordinary star pattern fragments.

Qin Feng's fourth star pattern completion rate is 83%.

He only used a Hunyuan star pattern fragment to break through to a four-star elemental master, and his mental power also improved a lot.....

The remaining five star pattern fragments are kept for use when condensing the fifth star pattern.

Then, Qin Feng exchanged all the crystal cores into six-star demon cores and swallowed them all. His cultivation level increased crazily.....

A quarter of an hour later, six stars filled the sea area.

Deep in the dark seabed, in the silent trench, a figure appeared out of thin air, it was Qin Feng.

As soon as he appeared, he couldn't wait to open the training template.

Practitioner: Qin Feng (Emperor Level)

Hunyuan Realm (Six Elements): Late Four-Star (77%)

Five Elements Attributes: Ice (Water), Wind, Fire, Thunder, Earth, and Wood

Combat Power Index: 1.2 million points of space Ability: Level 2 (sensitivity 4.0, teleportation limit 100 meters)

Seven Senses Divine Ring: Completion 84%

Super Skills: Burning Sky Golden Flame, Resonance Kill, Spiritual Contract, Atomized Body Protection, Super Ice Invisibility Technique (Advanced) Ice Hidden Technique Evolution), Six Series Hunyuan Transformation (Violent Transformation Evolution), Violent Nine Strikes (Violent Three Combo Evolution).....

Advanced skills: advanced earth escape technique, multiple water sword techniques.....

"Ha ha!! good! good!"

Qin Feng laughed heartily.

His title changed from emperor level to emperor level. His combat power increased from 500,000 points to 1.2 million points.

Three skills were upgraded to super skills by super strengthening stones.

Now, he has a total of 7 Super skills.

You know, the average seven-star monarch only has one or two super skills.

In addition, he also has space ability. His current comprehensive strength is comparable to the early seven-star monarchs.

Wait until he condenses a complete The Seven Senses Divine Ring can swallow those two king-level skill stones, and its strength will skyrocket.

"One more day and the game is over!"Qin Feng raised his head and looked at the six-star initial sea area.

The next second, he rushed towards that sea area.

The energy required to enhance the six-series Hunyuan Power was too huge.

He ate more than seventy six-star demon cores, It has only broken through to 77% in the late four-star stage.

Therefore, he urgently needs more six-star demon cores.

What's more, condensing the seven-consciousness divine ring requires a large number of Jingyuan beads.

Those monsters don't have Jingyuan beads on them, but these six-star demons The beast has.....

In the blink of an eye, an hour passed.

Qin Feng looked at the corpse of the monster at his feet with a smile on his lips.

This is the last monster in the six-star early sea area.

In just one hour, Qin Feng killed all the remaining 6 six-star early-stage monsters.

"Ding! Successfully swallowed the water demon core (six-star early stage), and the cultivation level increased to 80 in the late four-star stage.%....."

A six-star early demon core only increased Qin Feng's cultivation level by 0.5%

"Ding! Successfully swallowed the Essence Pearl, and the spatial sensitivity increased to 4.6....The completion degree of the Seven Consciousness Divine Ring has been increased to 89.6%....."

"good! The effect of this Jingyuan Pearl is still very obvious!"

Qin Feng is very satisfied with the effect of the Jingyuan Pearl.

According to this progress, he will be able to condense a complete seven-consciousness divine ring with a dozen more Jingyuan Pearls.

The next second, Qin Feng flew out of the sea, Rushing to the stadium stands.

Although there are still about twenty hours before the end of the game, Qin Feng has no interest in continuing to hunt.

All the six-star monsters have been killed by him, so he can just wait for the game to end.

This time The first place must be his.

I heard that the reward for the first place is very generous.

A few hours after Qin Feng left, three figures appeared over the sea.

One was the Sea King, and the other two were Lord Luo Li and Liancheng Monarch.

At this moment, Neptune looked at the sea below in surprise, with doubts in his eyes.

"Wang Zun, what's wrong?" Lord Luo Li asked curiously

"strangeness!", Neptune touched his chin, "Why is there not a single six-star monster alive in this sea area? Are the contestants this year so strong?!"

Luo Li and Liancheng were shocked.

They couldn't help but look at each other.

It seems that the contestants this year are not so strong!

It's really strange!..

Chapter 159

"Are there any six-star players in this class that we don't know about?", Lord Liancheng guessed

"not necessarily!" Lord Luo Li shook his head slightly, "Don't forget the two-headed shark king. Maybe it was a trick. Come on, that guy....."

Luo Li sighed helplessly

"how? Feel it a pity?", Neptune put his hands behind his back.

It turned out that they had already captured the two-headed shark king. But unexpectedly, a deep-sea king happened to pass by and begged Neptune to let go of the two-headed shark king. The deep-sea king is the eight-star giant monster on the bottom of the sea. They can completely transform into human beings.

They all have very high intelligence and are no different from humans. What Luo Li didn't expect was that Sea King readily agreed and handed over the two-headed shark king on the spot. However, the two parties agreed that the two-headed shark king would

King Shark can no longer appear in the waters near Nandu City, otherwise he will be killed without mercy.

"Wang Zun, my subordinates feel a little pity. After all, the two-headed shark king is too cunning, and it was luck to catch him this time. Besides, if you don't let him go, there's nothing the King of the Deep Sea can do...."

Luo Li looked regretful.

Liancheng also looked at Neptune with a puzzled look on his face.

He was also a little confused about this matter.

After all, the relationship between humans and the Deep Sea Clan is not harmonious, and there have been many wars, large and small.

"That place is about to open!", Neptune's tone was calm.

However, Luo Li and Liancheng's eyes lit up, and their faces showed joy.

At this time, they finally understood why Neptune let go of the two-headed shark king.

It was deliberately to give face to the king of the deep sea.

To put it bluntly, it is for the opening of that place.

That place does not belong to the Southern Alliance, but is jointly controlled by the seven major alliances and the Deep Sea Clan.

At this juncture, everyone will deliberately avoid conflicts.

At least the eight-star king and above are Will not conflict easily

"Wang Zun, I wonder where I will enter this time? How many of us in the Confederacy are there?"
Lord Luo Li's eyes were a little excited.

Neptune looked at her with a smile but not a smile: "I know that you girl wants to go in. But this matter is not decided by me. However, I will fight for you!"

Luo Li was overjoyed and thanked her quickly.

Even the Lord of the City also looked envious.

He was not qualified to enter that place.

To enter that secret place, you need at least a mid-seven-star strength or above, so he could only envy him.

"By the way, Wang Zun, I heard that the Deep Sea Clan produced a super genius a few years ago, who was born with dragon power!" Luo Li suddenly remembered a rumor.

As soon as these words came out, Liancheng was surprised and said: "With Longwei, you can take advantage of that secret place!"

"yes!" Luo Li looked envious, "It is said that we Chinese people are descendants of dragons, but the strange thing is that we Chinese people have not yet seen a genius with dragon power..."

When he heard about genius, Neptune thought of something and turned around. Look at the two people

"What happened to Qin Feng?"

"Returning to Wang Zun, he went to the four-star monster area before. That sea area is under the supervision of Dongmen....."

Neptune nodded slightly: "The young man named Qin Feng is very good! Although he only has a three-star cultivation level, his strength is that of a fourth-level lord. As long as he does not go to the five-star sea area, there should be no danger."

Luo Li smiled and said: "The same is true for my subordinates. think!"

"Well, take a moment and see how Qin Feng is doing now. See if the little guy is injured. If there is an injury, treat it as soon as possible so as not to leave any sequelae....."

Neptune is very concerned about Qin Feng and looks forward to it.

This is the number one genius among the younger generations of the Confederacy. We must protect him.

"Wang Zun, my subordinates will do it in a moment!", Luo Li responded respectfully.

After a while, the three people left.

But they said the other side.

Qin Feng flew to the grandstand area in a swagger.

Along the way, he met more than a dozen contestants.

There was only one day left in the competition. It's time, and the contestants are racing against time to search for monsters.

They want to hunt one or two more monsters before the end of the game to increase their points.

Qin Feng flew by like this, looking like he was doing nothing..

Those contestants had no time to pay attention.

Only a few contestants shook their heads and sighed, secretly thinking that this young man was too unmotivated and relaxed before the game was over.

When Qin Feng arrived at the Four Star Sea Area, the scene became lively.

There were many helicopters filming in the sky.

There were also some reporters filming under the sea.

These were extraordinary reporters, they were official members of the alliance, and they all had four-star cultivation.

The appearance of Qin Feng immediately attracted the attention of many reporters.

Some reporters began Give him the camera.

When he arrived at the grandstand area, his figure appeared on several light screens.

In the grandstand area, tens of millions of spectators were in commotion.

In the crowd, countless girls screamed wildly

"Wow! Look! so hot!"

"dying! dying! Is this a player from that city?! This is so handsome!"

"yes! So charming!"

In addition to those crazy girls, many mature women also had fiery eyes.

The host who was broadcasting a certain scene noticed this movement.

He looked up at the screen and was shocked.

Damn it~!

In this world, there are actually And there is such a handsome boy!

Eh~!

Why didn't I notice it before?

The host suddenly felt a little regretful.

He should not have noticed such a good selling point of the competition before.

And those reporters who followed the filming were too bad. Such a handsome young man, they were all blind before, didn't you see?

A competition like this must be topical, and you can't just film the contestants fighting!

The host got excited and quickly pointed at the microphone

"Everyone! Everyone! As everyone can see on the camera, a young contestant is returning from the competition!"

"Look at the blood stains all over his body, they are immortal medals left from the battle! He is the returning hero! Let us welcome our heroes back with applause!"

The host was broadcasting like a chicken blood.

The audience burst into thunderous applause, which was also mixed with the crazy cheers of the girls.

Qin Feng was stunned by such a scene.

What's going on?

I don't Just coming back, it felt like these people had taken the wrong medicine.

When Qin Fengfei returned to the Yunyang City player area, he saw Chu Chu looking at him in surprise, with his mouth wide open.

Shangguan Zixi on the side was also there Her beautiful eyes were wide open, staring at herself with a look of obsession, like a nymphomaniac.

Even Zhou Tong's eyes were shining.

"Um, what's wrong with you? Are there flowers on my face?", Qin Feng was confused.

These words made the three girls sober up.

Shangguan Zixi's pretty face turned red, and she looked away, not daring to look at Qin Feng.

But Zhou Tong smiled, with light in his eyes.

"Wow!! Brother, why do I feel that you suddenly become so much more handsome!"

Chu Chu ran over happily.

The old man was already a handsome guy, and now he is more than twice as handsome. This is simply... the little girl was so excited.

"Yeah?", Qin Feng was stunned.

He didn't know that after his body was strengthened by dragon blood, his entire body had changed, reaching a golden ratio, which was fatally tempting to women.

And the hidden power of the dragon, As well as the change in temperament brought about by the condensed seven-consciousness divine ring, as well as the looming red line between the eyebrows.

This has caused a qualitative change in Qin Feng's temperament.

That kind of elegant and ethereal temperament is like the son of God who does not eat fireworks coming to the world. You can see it from a distance It should not be blasphemed.

Combined with his exquisite and perfect facial features, all the women in the room were shocked in an instant.

Even many male compatriots were amazed.

The facial features can be imitated through plastic surgery, but the temperament is natural and cannot be imitated.

Just like Qin Feng, he is otherworldly. His temperament is unique.

Even though he is covered in blood and his clothes are torn, his flaws are not hidden and his temperament is not affected at all..

Chapter 160

"Brother, are you not injured?"

Chu Chu looked at the blood stains on Qin Feng's body and began to worry again, and quickly checked it in person.

"Little girl, stop stroking my sleeves. I'm not hurt.....",Qin Feng touched Chu Chu's little head.

This made Shangguan Zixi a little envious.

The relationship between these siblings is really good.

At this time, Qin Feng saw a commotion under the players' stands.

Two reporters were rushing here carrying cameras and microphones.

Qin Feng smiled slightly.

These two people should be here to interview him.

Such a grand event.

Popular among the people!

There is always some tidbits of all kinds

"Deputy City Lord Qin, look! A reporter is coming!", Zhou Tong also saw it

"Sister Zhou, I have to leave for a while. Please help me get rid of these two people.....", Qin Feng is not interested in appearing on TV

"Easy to say!", Zhou Tong smiled and nodded.

"Brother, where are you going? I want to be with you!"

Chu Chu grabbed the corner of Qin Feng's clothes and pursed her mouth slightly.

She hadn't seen her brother for a few days, and she had already thought bad about it.

"Stop making trouble! I'm going to take a shower backstageChange into clean clothes. Do you want to follow too?", Qin Feng gently patted Chu Chu's little hand away

"oh~! ", Chu Chu's little face turned red.

"Deputy City Lord Qin, do you need someone to rub your back?", Zhou Tong suddenly said with a smile

"Um...Sister Zhou, please stop teasing me....."

After bidding farewell to Chu Chu and others, Qin Feng went to the contestants' backstage.

Behind the player stands is the backstage area.

It provides various logistical services to the players.

Bathrooms, changing rooms, restaurants, training rooms, lounges, etc. are all available.

After all, the contestants are all local big shots and should not be neglected.

Qin Feng went to the bathroom and took a hot bath. His fatigue from the past few days was gone and he felt extremely comfortable.

An hour passed by this time.

After taking a bath, Qin Feng changed into clean clothes, feeling refreshed and looking more handsome.

Afterwards, he left the bathroom in a happy mood, ready to go back and see Chu Chu.

In the corridor, Qin Feng was walking.

A stream of heat was born out of thin air in his body.

Qin Feng suddenly felt hot and hot all over his body, and his body began to change.

Damn it~!

What the hell is this!

This idea just came up.

That weird air flow disappeared again.

Qin Feng's body returned to normal.

He quickly checked his body and found no problems, then secretly breathed a sigh of relief.

How could this be?

Could it be the poison of love|desire?

Qin Feng quickly thought of the side effects of Emperor Yuan Fruit.

This side effect is not harmful to the body, but it may occur from time to time.

Once an attack occurs, he cannot control the physical changes.

How embarrassing it would be if he suddenly did this in the crowd in the future!

Qin Feng was stunned when he thought of this.

This problem must be solved as soon as possible.

Ta~! Ta~! Ta~!

At the other end of the aisle, the sound of high heels hitting the floor was heard.

Qin Feng looked up and saw a young woman wearing an official uniform walking towards him.

This woman is sweet-looking and tall.

At this moment, when she saw Qin Feng, her eyes were filled with surprise and some joy.

"Are you Lord Qin Feng from Yunyang City?", the woman asked politely

"it's me!", Qin Feng nodded casually.

The woman was delighted:"Lord Qin Feng, Lord Luo Li heard that you have returned and would like to invite you over!"

"What's the matter?"Qin Feng was a little surprised.

This Lord Luo Li is a mid-seven-star powerhouse and the top host of this game.

Why does she want to see him?

"I don't know what it is specifically....."

"Let's go!"

A quarter of an hour later, the woman took Qin Feng into a luxuriously decorated office and left.

Qin Feng looked at the woman in front of him curiously.

The woman's back was facing him, her back was slim, her waist was thin, her legs were long, her hips | Round and straight, she is a woman with a very good figure.

This woman is Lord Luo Li.

At this moment, her eyes are looking through the glass wall in front of her at the arena below.

What is happening below can be seen from her perspective Nothing left.

Hearing the footsteps behind her, Luo Li turned around.

The sunlight shone through the glass wall and shone on her beautiful face. The moment she looked back, she was astonishingly beautiful.

In fact, she was actually a beautiful woman with skin as white as jade..

She also saw Qin Feng, with amazement in her eyes, and even her heart jumped inexplicably.

It had only been two days since they had seen each other, and this young man had become even more handsome!

Hey! It seemed like a change in temperament!

Changes in cultivation would also bring about There was a change in temperament.

Luo Li quickly looked at Qin Feng's cultivation.

Hey! He was actually in the late four-star stage!

Luo Li was pleasantly surprised, and his beautiful eyes lit up.

This boy is even more talented than Neptune expected!

If Neptune knew about this, , will definitely be very happy.

Luo Li is also happy.

She is naturally happy that the alliance can produce such a super genius.

Today's seven major alliances are fiercely competitive, and they are all very hungry for talents.

At the moment, Luo Li appreciates Qin Feng even more.

This guy is not only He is extremely good-looking, and his talent is even more amazing

"You have made great progress!", Luo Li smiled gently.

"Just a little chance!", Qin Feng smiled.

He had no intention of hiding his cultivation, otherwise Luo Li wouldn't be able to see through it.

"sit down!", Luo Li pointed to the sofa aside.

Qin Feng sat down casually

"Are there any injuries in this game?", Luo Li sat elegantly opposite Qin Feng

"No!"

"That's good!", Luo Li secretly breathed a sigh of relief.

Now Neptune is very close to Qin Feng.

She doesn't want anything to happen to Qin Feng.

In fact, this Qin Feng is more powerful than she imagined.

Not surprisingly, Qin Feng has a great future The chance of becoming a king is definitely higher than hers, so she cannot neglect it.

At this time, Qin Feng couldn't help but ask, "Why did the Lord summon his subordinates to come over?"

"Lord Neptune attaches great importance to you. Let me ask you if you were injured during the game. If you are hurt, say it clearly and don't keep it secret just to save face. It's not good to leave hidden dangers behind!"

Luo Li confessed.

"oh! The subordinates were not injured. Thank you to the Lord and Lord Neptune for their concern.",

Luo Li smiled and said: "That's good! By the way, if there are any hidden dangers, just mention it to me and I will help you solve it.

Qin Feng shook his head casually: "There are no hidden dangers."No, I think I have one...."

Luo Li was shocked:"What's the hidden danger?"

"that....."

Qin Feng looked at Luo Li's beautiful face and regretted a little.

There are some things that cannot be said.

But at this moment, the poison of love and desire broke out again.

Qin Feng's body also changed accordingly.

The seven-star strong person has extremely strong six senses.

Luo Li noticed it immediately.

Her eyes widened and she looked at Qin Feng's rise in shock.

So majestic!

Ordinary people are never half as good!

Immediately, she turned her head calmly.

What happened to this boy?

Could it be that she had such a change because of her beauty...

She is so courageous!

"Lord Qin Feng, please respect yourself!" Luo Li stood up and walked to the window.

Her expression was cold and serious.

Qin Feng smiled bitterly:"This is my hidden danger, I am poisoned!"

Luo Li frowned, obviously not believing it.

But when she looked back, she sensed Qin Feng's aura fluctuations, and was trying to suppress it, but to no avail.

Looking at Qin Feng's eyes again, they were clear, without any blasphemy.

Thinking about it, that's the case. The handsome young man really wants to find a female companion, but is he afraid that he won't be able to find one?

Could it be that he really misunderstood?

"How did you become like this?", Luo Li only stared at Qin Feng's handsome face.

She tried not to look at anything else, so as not to panic.

"The reason my cultivation level improved so quickly was because I ate a strange fruit. I didn't expect that fruit to have such side effects. Maybe there is some toxin in the fruit.....", Qin Feng's words are half true and half false.

But Luo Li believed it.

In less than three days, Qin Feng broke through from the late three-star stage to the late four-star stage.

It is impossible to say that there are no adventures

"If this monarch guessed correctly, you may have been poisoned by love and desire, and this poison is not fatal.....",Luo Li analyzed carefully

"So, can this poison be cured?"Qin Feng is very concerned about this issue.

"Of course it can be solved! Qin

Feng was overjoyed:"Lord Luo Li, can you help me detoxify now?" I'm embarrassed to go out in this state....."

Unexpectedly, when Luo Li heard this, her pretty face turned red.
