Chapter 1531

This sudden change caused an uproar in the entire audience.

It turns out that Qin Chuan also knows martial arts!

Chen Yuankun was even more frightened and angry.

If he had known that Qin Chuan also knew martial arts, he would not have been careless.

What's even more disgusting is that Qin Chuan has clearly mastered martial arts and has been holding back, waiting for him to consume a lot of energy, slow down and suddenly attack.

This kid is extremely cunning at heart, but he still falls for it.

Fortunately, I can still use one hand.

With this in mind, Chen Yuankun used his only movable hand to pull out the dagger hidden on his body, preparing to cut off the ivy.

"Bind again!"

But at this moment, Qin Chuan once again launched a martial arts.

I saw several green thorns bursting out of the ground, and light and shadow flashed.

Swish~! Swish~! Swish~!

One of them instantly entangled Chen Yuankun's hand holding the dagger. , imprisoned in place and unable to move.

The remaining ones were restrained on Chen Yuankun again, strengthening the confinement.

"let me go!"

Chen Yuankun roared anxiously.

He struggled hard, but was horrified to find that he could no longer move.

At this time, Qin Chuan stood leisurely in front of him and smiled evilly: "Chen Yuankun, you lose!"

"fart! I haven't lost yet!"

"Yeah?"

Bang~! Bang~! Bang~!

Qin Chuan dodged, rushed in front of Chen Yuankun, and punched his chest several times. At this moment, Chen Yuankun couldn't move, he was just a living target, and his chest hurt violently from the beating. His energy and blood surged.

He groaned a few times, blood flowed from the corner of his mouth, and his body softened involuntarily.

Qin Chuan's few punches caused considerable injuries to him, and he was almost unable to fight.

It was obvious that this battle It was Qin Chuan who won.

After seeing this scene, all the young people below the ring took a deep breath and were amazed.

At this moment, the examiner jumped onto the ring and looked at Qin Chuan with a smile on his face.

"Qin Chuan, let him go! You win this round!"

Qin Chuan was delighted: "Thank you, senior, for your judgment!"

As soon as he finished speaking, Qin Chuan made a seal with his hand, withdrew his martial arts skills, and the green vines disappeared one after another.

Chen Yuankun lost his restraints, completely collapsed to the ground, and kept vomiting.

The examiner shook his head slightly, and immediately announced: "This round, Qin Chuan jumped up the ranks to challenge Chen Yuankun, and Qin Chuan won! Score 10 points! The accumulated points are 62 points!"

As soon as these words came out, the people below cheered.

"Wow! 62 points! Qin Chuan is so awesome!"

"Of course! Have you ever seen a twelve-year-old first-level junior warrior? I'm afraid not many of the Zhou family's elite children can reach that level."

"You are wrong! Qin Chuan is not as simple as killing a first-level junior warrior, but he defeated Chen Yuankun! That guy is the pinnacle of the first-level intermediate level!"

"Tsk tsk!! amazing! It's really amazing!"

The teenagers sighed, and the eyes they looked at Qin Chuan changed from admiration to worship.

Among the crowd, Chen Tian's face was extremely ugly.

He really didn't expect that the eldest brother he always admired would lose...

On the ring, after the examiner announced the results, he exchanged a few words with Qin Chuan.

Qin Chuan was humble again and again.

However, they did not notice that Chen Yuankun had recovered and was no longer vomiting.

Listening to the surrounding teenagers and examiners, all of them were Praising Qin Chuan, he felt extremely harsh, and the anger in his heart became more and more intense.

He slowly raised his head and looked at Qin Chuan's back, his eyes were extremely malicious.

Impossible!

This is impossible!

How could I lose!

How could I Lost to that little bastard!

I must win it back!

Thinking of this, Chen Yuankun grabbed the dagger on the ground and rushed towards Qin Chuan with a roar

"Little bastard! I haven't lost yet! go to hell!"

Shua~!

There was a flash of cold light, and the dagger went straight to Qin Chuan's back.

"not good!"

The teenagers around him exclaimed

"stop!", the examiner exclaimed.

No one expected that Chen Yuankun would go crazy, even sneak attack after losing, and use weapons.

At that moment, the situation was very critical.

Qin Chuan also had amazing senses. When Chen Yuankun got up, In a moment, he felt it.

He was horrified and turned sideways.

Bah!

There was a sound of cloth breaking!

Qin Chuan could not avoid it completely, and the dagger cut open the clothes on his back, leaving a trace of blood.

A slight The pain made Qin Chuan furious

"Little bastard! go to hell!"

At this time, Chen Yuankun rushed over like crazy again and stabbed Qin Chuan in the throat with a dagger.

"court death!"

Qin Chuan stumbled to avoid the attack, grabbed the dagger with his backhand, and swung it forward... there was a flash of cold light!

Click~!

There was a crisp sound!

Blood splattered!

"ah~! ….."

A shrill scream!

Chen Yuankun stepped back again and again, and finally fell to the ground.

"ah! …!! My fingers! My fingers! Qin Chuan! Give me back your finger!"

Chen Yuankun held his right hand full of blood and howled miserably.

On the ground in front of him, two bloody fingers were lying there quietly.

It turned out that Qin Feng hated him for sneak attacks and wanted to kill himself. In a rage, he cut off two of his fingers

"This is a lesson for you! And next time, I will kill you!"

Qin Chuan waved his hand and threw the dagger.

Dang~!

A cold light flashed, and the dagger fell in front of Chen Yuankun, beating wildly.

Chen Yuankun's face changed.

Immediately, a stern look flashed in his eyes:"I will fight with you!"

The next second, he picked up the dagger again.

The examiner on the side grabbed it and said coldly: "Chen Yuankun! You go crazy again! I'll kill you with one slap!"

Chen Yuankun's heart trembled. The crazy look in his eyes gradually faded away, and his heart gradually returned to calmness.

But the look he looked at Qin Chuan was still extremely malicious.

"Qin Chuan, I want you to return the revenge of my broken finger!!!"

A cold light flashed in Qin Chuan's eyes, showing murderous intent without concealment.

"I am waiting!"

A grudge was thus forged...

Chapter 1532

Two hours later, the challenge was completely over, and the overall rankings were announced.

Qin Chuan ranked first with a score of 62 points.

Huo Qing ranked second with 53 points.

Luo Feng ranked third with 49 points.

Chen Yuankun scored 31 points, ranking fourth.....

After the rankings are announced, the examiner will eliminate all contestants ranked after one hundred.

At this point, only a hundred people remained.

The reward Qin Chuan expected was not issued.

According to the rules, they have to conduct one last special test.

Fifty people were then selected based on the results of that test.

That special test is not a competition, so it does not count as points.

In other words, the points ranking is fixed.

As for whether you can get a reward, it depends on whether you can pass the last special test. If you can pass it, the reward will be issued.

Soon, several examiners led a hundred people from Qinchuan into the Zhou family's guard camp.

This is the place these teenagers dream of.

Half an hour later, the main campus prepared to guard the camp.

One hundred young people who passed the examination stood in the center of the school grounds, looking nervously at the examiner in front of them.

Beside the examiner, there were thirteen young people standing, all under the age of twenty, all wearing uniforms prepared to serve as guards.

These thirteen young people are all reserve guards. They passed the examination several years earlier than Qin Chuan and others.

It is equivalent to being the senior of Qin Chuan and others.

Qin Chuan was curious why the examiner called these.

At this moment, the examiner's voice came from the front

"First of all, I would like to congratulate you all for successfully passing the points assessment. This means that your physical fitness has reached the standard for entering the escort team...."

"But for warriors, physical fitness is only one aspect, talent is more important....."

"Our Zhou family majors in fire-based exercises, so we value your fire-based talents more. As long as your fire-based skills can reach the intermediate level or above, you can enter the Zhou family's reserve guard camp and become a reserve guard."

"Otherwise, even if you are a first-level advanced warrior, if your fire talent does not reach the intermediate level or above, you will still lose the qualification to enter the reserve guard camp."

"Of course, if you have martial arts talent but no talent in the fire department, we will test it separately. However, those with non-fire talent need to have above-average qualifications to become reserve guards."

As soon as these words came out, the young people suddenly realized. It turned out that the special test was to test martial arts talents.

Thinking of this, the young people felt lucky.

They were basically sure that they could only practice the fire element, so they chose to come to Zhou's house. In order to be able to practice the Zhou family's divine fire art, people like Qin Chuan who practice wood element also come to participate in the Zhou family guard camp, which is a bit of a disadvantage.

First of all, the standards for becoming a reserve guard are different.

For the fire element, only medium level is required. Talent is all that is needed, but those who are not fire-types need mid-to-high-level talents.

Mid-to-high-level talents are much more difficult than medium talents.

Secondly, after becoming reserve guards, they can learn the Divine Fire Art.

Those who are not fire-types do not have this. Blessed, because they can't practice.

Among the crowd, Qin Chuan was also a little nervous.

Generally speaking, warriors in this world basically only have single-system talents, and dual-system talents are extremely rare.

As for those with three-system talents, they didn't even hear about it. As I said, it can be said that the possibility is not even one in a billion.

Qin Chuan already knows that he has talents in the water and wood elements, so does he also have the fire element?

According to normal logic, he should not have the fire element talent.

However, Qin Chuan wants to give it a try.

Maybe he has the fire element talent!

Anyway, it is a free test, and if you don't test it, it will be useless. If after the test, he has the fire element talent, he will make a lot of money.

Thinking of this, Qin Chuan is Expectation, but also nervousness.

At this time, the examiner's voice came from the front

"The test of fire talent is very simple! As long as you swallow this...."

The examiner held up a red pill

"This elixir is called the Fire Element Testing Pill. After you swallow it, you can quickly test whether your fire element talent has reached an intermediate level or above.

"Because this pill contains a drop of blood essence from the fifth-level fire-type ferocious beast, the two-headed dragon lizard. The essence and blood of the fifth-level fire beast contains majestic fire energy. It is not seriously objectionable to people with intermediate qualifications or above."

"And the better the fire element aptitude, the less objectionable one will be. But for people with moderate qualifications or below, taking this pill may cause serious rejection phenomena such as vomiting, abdominal pain, and even coma."

"Okay, I've finished my introduction, do you understand?"

"Understood!"

The young men agreed.

The examiner nodded slightly, and then looked at the thirteen preliminary guards beside him.

"Give them the elixir!"

"yes!"

The preliminary guards took the order one after another, and then took the elixir and began to distribute it.

After a while, one hundred contestants each held a fire elixir, waiting for the examiner's instructions.

"You all have the elixir in your hands now, right? Remember, if there is no serious rejection within an hour, it means that your fire element qualifications have reached the intermediate level, and you can become the reserve guard of the Zhou family."

"OK! Start swallowing now!"

With this order, all the young people swallowed the spirit-testing pill one after another.

Qin Chuan also swallowed it directly.

At the same time, as soon as the examiner waved, someone brought out a large hourglass.

The sand in the hourglass ran out, and it happened to be An hour.

However, after Qin Chuan swallowed the elixir, he quickly felt that the power of the medicine was dissolving and spreading into his body..

Chapter 1533

However, after Qin Chuan swallowed the elixir, he quickly felt the power of the medicine dissolving and spreading into his body, and then he began to have some weird feelings.

Qin Chuan was suddenly surprised and quickly closed his eyes to experience it carefully.

In the blink of an eye, half an hour passed.

Ugh~! Ugh~!

Someone started vomiting.

Immediately, there were prepared guards who took the vomiting player aside and began to rescue him.

This shows that the player's fire element qualifications are too poor and have not reached the intermediate level at all.

Since the first player with vomiting and abdominal pain appeared, almost every few minutes, another player vomited in the field.

Gradually, more and more people were vomiting and suffering from abdominal pain, and some even fainted on the spot.

Qin Chuan felt something in his heart. He opened his eyes and saw the scene in front of him. He secretly thought that the qualifications of so many people were below average.

Is it difficult to achieve intermediate qualifications?

Qin Chuan didn't know that there were 60 people in the world with low-level martial arts qualifications, and only 40 people with average or above qualifications.

As for those at the upper-middle, upper-class, and genius levels, they are even rarer.

As time went on, more and more people began to faint and vomit.

Soon, most of the time passed.

All the teenagers in the field showed signs of rejection, it was just a matter of severity.

Of course, the better the qualifications, the less likely the rejection will be.

For example, Huo Qing and Luo Feng only had slightly red faces, which was the slightest sign of rejection.

In fact, even if you have genius qualifications, there will be rejection.

After all, the blood of ferocious beasts is not something ordinary humans can bear. The difference is that people with higher talents can bear it better.

At this moment, the examiner looked at the reactions of the teenagers with concern.

He also hopes that this time he can select fifty people with above-average qualifications.

Of course, if there are middle-to-upper-level qualifications or superior qualifications, he will be happy to see them.

Just like that, the examiner's eyes swept over the young people.

When he saw Huo Qing and Luo Feng, a satisfied smile appeared on their calm faces.

These two little guys are great!

There is only a little bit of rejection for so long, probably because of the superior qualifications!

The examiner smiled and nodded and continued reading.

The next second, he opened his eyes wide and looked forward with a shocked expression.

In that direction, he saw Qin Chuan with his eyes closed, his face as usual, and an inexplicable smile hanging on the corner of his mouth.

No way!

This little guy actually has a smile on his face!

It seems that he has no objection at all.

Could it be that this kid's fire talent has reached genius level?

That's not right!

Isn't this little guy a wood warrior?

How come he still has such a high fire talent? correct! Could this be the legendary dual-system talent?

Oh My God!

People with dual talents do indeed exist!

The examiner's eyes widened and he became more and more surprised the more he thought about it.

This was the first time in his life that he saw a dual-system talented warrior.

It is rumored that dual-type talented warriors are extremely powerful and can easily crush warriors of the same level.

Thinking of this, the examiner's eyes showed envy.

With such a talent, even he can only hope to elude him.

At this moment, Qin Chuan's eyes were slightly closed, and there was a hint of joy on his face, as if he was enjoying something.

This made the examiner look confused.

According to his common sense, no matter how talented you are, you will feel pain after swallowing the Spiritual Testing Pill, but the severity will be different.

All of this is caused by the blood of the beast.

What puzzled the examiner was that Qin Chuan didn't feel anything at all and was simply a freak.

In fact, Qin Chuan was enjoying a novel discovery.

It turned out that after he swallowed the elixir, the film soon melted away, revealing the beast essence and blood inside.

He was pleasantly surprised to find that the drop of ferocious beast essence and blood not only contained a large amount of fire energy, but also contained a large amount of life energy.

Life energy is the energy needed for body refining.

Before, he had finished drinking the monkey wine and was worried that he could not find anything containing life energy to assist in body training.

Now, he discovered that the essence and blood of vicious beasts contained life energy.

He also suddenly remembered that the monkey wine was mixed with the essence and blood of the wind beast, no wonder it contained huge life energy.

In other words, all he needs to do to refine his body in the future is get some blood of ferocious beasts.

Qin Chuan was pleasantly surprised at this thought. He seemed to have found a new way to speed up his body refining.

With this in mind, he quickly used the body refining technique and began to absorb the drop of blood of the vicious beast.

It didn't take long for him to absorb the blood of the ferocious beast contained in the spirit-detecting pill and gain a lot of life energy.

His physical body was strengthened accordingly, and his combat power quietly increased by one point.

Qin Chuan still had some unfinished ideas. There was too little blood of the ferocious beast in the elixir.

At this moment, he was in an extremely happy mood.

Not only did he discover the magical power of the blood of ferocious beasts, but he also proved that he was talented in the fire department, and his fire talent was extremely high.

In other words, he is an extremely rare fellow cultivator of the three elements of water, wood and fire.

I'm afraid the examiner didn't expect this, otherwise his jaw would be dropped.

In this way, time flies by.

In a blink of an eye, an hour passed.

On the school field.

At this moment, there are only forty-seven young people who can still stand without vomiting....

Chapter 1534

In a blink of an eye, an hour passed.

On the school field.

At this moment, there were only forty-seven young people who could still stand without vomiting...

At this time, the examiner's voice came from the front

"time up! Well, there are still 47 people standing. Congratulations to the 47 of you who passed the assessment and were officially selected as reserve guards."

As soon as these words were said, the forty-seven young people showed happy expressions, but the pain on many of their faces was difficult to suppress.

They and Qin Chuan were not at fault, and they could not digest the blood of the ferocious beast, so they would naturally be in a state of pain all the time. Seeing this

, the examiner quickly waved his hand.

The thirteen preparatory guards quickly took out a pile of white pills and began to distribute them to the forty-seven people who passed the test.

Soon, the white pills were distributed.

Qin Chuan took the pills , looked at it curiously, and smelled it again, there was a different kind of fragrance.

He didn't know what this elixir was for.

At this time, the examiner's voice sounded again

"This white elixir is an elixir that dissolves the blood of ferocious beasts. If you swallow it, you will not suffer from rejection!"

At this reminder, the eyes of all the young people brightened up and they swallowed the pills one after another.

Qin Chuan hesitated for a moment and then silently put the pills away.

He had already used the body refining method to refine the blood of the ferocious beasts in his body. After melting, there was no need for the elixir at all, and eating it would be in vain.

He was also worried that eating the messy elixir would be bad for his health.

Almost no one saw this scene.

Only the examiner saw it.

The examiner secretly surprised, Qin Chuan felt that Qin Chuan was a monster. His fire talent must be so powerful that he was so unafraid of the rejection of the blood of ferocious beasts.

Rumor has it that fire talent above the genius level can indeed absorb a small amount of sixth-level talent. The following blood of ferocious beasts.

In fact, Qin Chuan's fire talent has indeed reached the genius level, but his ability to absorb the blood of ferocious beasts does not rely entirely on talent, but half on talent and half on body refining methods. In other words, a genius-level fire warrior, can only absorb a small amount of the blood of ferocious beasts below level six.

But he can absorb a large amount of blood of ferocious beasts, and is not restricted by level. At the same time, the more he absorbs, the stronger his physical strength will be. Strong.

The blood of ferocious beasts is a great tonic for him.

No one expected this.

The ancient body refining method that the demon snake gave him was definitely not simple and was unheard of in the world.

But the examiner sighed for a while, He also appreciated Qin Chuan more and more, but did not dwell on this issue.

A quarter of an hour later, the white pill took effect.

The blood of the ferocious beast in the bodies of the young men was dissolved, and each of them showed a relaxed expression.

Thinking that they had successfully passed the assessment, everyone gathered together, chattering and congratulating each other

"Qin Chuan, I also passed the exam!"

At this time, Du Shuyan came over excitedly

"Congratulations! Congratulations!"

Qin Feng smiled.

With Du Shuyan's strength and talent, it was expected that he would pass the assessment.

"Speaking of congratulations, I have to congratulate you! If you pass the fire talent test this time, you will be guaranteed the first place reward. Those are fifty Yuan Ju Dan! Tsk tsk!!"

Du Shuyan smacked his tongue, unable to hide his envy.

Qin Chuan smiled and said nothing.

At this moment, a gentle voice sounded behind him

"Qin Chuan, long time no see! Qin

Chuan turned around and saw Huo Qing walking towards him with a smile on his face.

Qin Chuan's eyes lit up:"Brother Huo!"

"Qin Chuan, since we said goodbye to Fengweihe last time, I thought I would never see you again. I didn't expect you to be fine and making rapid progress. You even won the first place this time. Congratulations!"

Huo Qing looked sincere.

"Brother Huo, I just rely on the luck of the rules of the game. In terms of strength, I am not as good as you and Luo Feng"

"Qin Chuan, there is no need to belittle yourself. Your talent is much better than mine. Given time, you will definitely surpass me."

"Brother Huo is honored!"

The two chatted enthusiastically.

Before, due to various relationships, the two only met each other from a distance and did not chat.

Now that the assessment is over, it is natural to get together to reminisce about the past.

Du Shuyan scratched his head when he saw this scene:"So you guys know each other!

Qin Chuan smiled:"Brother Huo is my friend."

Hearing this, Huo Qing showed a smile of relief.

Du Shuyan couldn't help but sigh. Although Qin Chuan is young, he has a wide range of friends.

Huo Qing is a genius at first glance. He is younger than Luo Feng, but stronger than Luo Feng. On the front line.

In terms of talent, among this group of teenagers, Qin Chuan should be ranked first, Huo Qing is second, and Luo Feng is third.

As for Chen Yuankun, he should be in the top five, but not necessarily fourth.

After all, Chen Yuankun is eighteen years old, reaching the upper limit of his age.

One of the four first-level junior players is still fifteen years old, and his future achievements may not be worse than Chen Yuankun.

As for himself, Du Shuyan is a little ashamed when he thinks of this.

His talent is only I'm afraid he's not as good as Chen Yuankun, but he can definitely be ranked in the top ten among teenagers.

Excellent people always feel a sense of sympathy when they see excellent people.

Du Shuyan also feels a sense of sympathy because he knows Qin Chuan and the two are very close. An indescribable sense of pride.

Among the crowd, Luo Feng also looked over silently.

When he saw that Qin Chuan and Huo Qing were talking very affectionately, he couldn't help but frown slightly.

Huo Qing really didn't lie to him.

This guy and Qin Chuan He is really a friend!

Alas! He has failed the first task given by Master Zi!

At this moment, the examiner's voice came from the front again.

"Everyone, be quiet! Next, the rewards for the top three are distributed!"

As soon as these words were said, the originally noisy school ground immediately became quiet.

The young people looked at Qin Chuan, Huo Qing, and Luo Feng, all of them showing envy.

In the corner, Chen Yuankun's eyes showed hatred.

Assessment At this stage, his younger brother Chen Tian had long been eliminated.

Qin Chuan's excellence made him unable to adapt, and he was filled with deep jealousy.

What's more, Qin Chuan broke two of his fingers.

This made his heart The hatred is getting stronger and stronger..

Chapter 1535

At this time, the examiner's voice came from the front

"First place, Qin Chuan!"

"arrive!"

"Your reward is 50 Yuan Ju Dan. Little one, come up and claim your prize!"

The examiner had a smile on his face.

Qin Chuan hurriedly walked out of the team and stepped forward happily.

When he arrived in front of the examiner, the examiner took out five bottles of pills.

The bottles contained Juyuan Pills, ten pills in each bottle.

Qin Chuan happily said Take it.

The teenagers looked at it with envy.

"Work hard, little guy! I like you!"

The examiner patted Qin Chuan on the shoulder and spoke with sincerity.

He really admired Qin Chuan.

It can be said that this is the most outstanding young man he has seen in his decades of presiding over the examination.

Even if he is directly from the Zhou family, those few The elite disciples who are known as geniuses look inferior in front of Qin Chuan.

"Thanks for the encouragement, senior!"

Qin Chuan happily collected the rewards and retreated.

Next, the examiner continued to distribute the rewards to the second and third place.

Huo Qing received 30 Yuan Ju Dan, and Luo Feng received 20.

When the rewards are distributed, Just as the examiner was about to continue his lecture, there was a sound of footsteps at the entrance of the school.

Everyone couldn't help but follow the sound.

At the entrance, they saw a middle-aged man with a scar on his face entering the school with a group of senior guards.

When Qin Chuan saw the middle-aged man for the first time, he felt familiar, and there was an inexplicable sense of closeness, which made him feel strange.

In just a moment, the middle-aged man came to the young people with the guards.

He He has a cold expression and is born with a fierce murderous aura.

That kind of temperament, which is self-defeating and not angry, makes many young people dare not look at him.

"I have met the deputy chief instructor!"

At this time, the examiner stepped forward to salute the middle-aged man with an extremely respectful expression.

"I've met the deputy chief instructor!"

The reserve guards also saluted with awe.

The middle-aged man nodded slightly and looked at Qin Chuan and others, as if he was sizing up the newcomers who passed the examination this year.

"Who are the top three this year?", the middle-aged man asked quietly

"Sir, the first place is Qin Chuan, the second place is Huo Qing, and the third place is Luo Feng. You three, come out quickly and meet the deputy chief instructor!"

The examiner quickly summoned Qin Chuan and the other two people.

"I've met the deputy chief instructor!"

Qin Chuan and the other two people came out one after another and saluted respectfully.

At this moment, Qin Chuan was inexplicably nervous.

He could feel that the aura of the deputy chief instructor had reached the sixth level.

A sixth level strong man!

In Qin Chuan's mind, he was definitely a A great master, stronger than Mr. Bai and Qingyun Lie.

What puzzled him even more was that he felt that the chief instructor in front of him seemed to have been seen somewhere before.

It made him feel like he felt like old friends at first sight, especially the chief instructor's pair of Eyes, sharp and clear.

This feeling is inexplicable!

At the same time, the deputy chief instructor was also looking at Qin Chuan and the others.

His eyes first glanced at Huo Qing and Luo Feng, making those two people tremble.

Finally, his eyes fell on Qin Chuan.

For some reason, there was a light of relief in his eyes.

That light disappeared in a flash.

Soon, he had returned to his previous cold expression.

"Lao Wang, these newcomers are of good quality! Especially for this little guy, who is young and only at the first level of cultivation, it is very rare to win the first place."

The deputy chief instructor praised Qin Chuan in public.

The examiner smiled:"The deputy chief instructor has a keen eye. This is the first time I have seen such an outstanding seedling!"

"very good! Then arrange it for them! After they are divided into groups, I will arrange for someone to summon this little guy alone."

"Yes, my lord!"

The examiner respectfully agreed.

The deputy chief examiner nodded slightly and led the subordinates away.

Qin Chuan was a little stunned.

He didn't know why the deputy chief instructor wanted to summon him alone.

In short, he was inexplicably nervous..

Chapter 1536

After the deputy chief instructor and others walked away, the examiner secretly wiped the cold sweat from his forehead.

He seems to be afraid of the deputy chief instructor

"That person just now was the deputy chief instructor of the escort battalion! He is a sixth-level strong man. When you see him in the future, you must be respectful. Do you understand?"

"clear!"

All the young people agreed in unison, looking at the deputy chief instructor's leaving figure with awe in their faces.

In the minds of these young people, the deputy chief instructor was already a big shot.

Many people were still envious that Qin Chuan would be The deputy chief instructor summoned them alone.

With such treatment, they were not qualified.

At this time, the examiner's voice sounded again

"Now that the assessment is over, rewards have been distributed. From this moment on, the forty-seven of you are the reserve guards of the Zhou family."

"Now I will give you some basic equipment, two sets of uniforms for the preliminary guards and a long sword for each person. You guys, send it to them!"

The examiner waved his hand, and the thirteen veteran team members took the equipment that had been prepared and distributed it one by one.

After the distribution was completed, the examiner continued to announce

"We prepare a guard camp, with a total of thirteen groups. Each group has its own camp and dedicated instructors."

"Next, the forty-seven of you will be divided into these thirteen groups. As for how to distribute, it depends entirely on random selection. Now, you old team members, start drawing!"

"yes!"

The thirteen old team members responded and took out a prepared box. There were forty-seven paper balls in the box, each paper ball had the name of a new member selected.

Just before the examiner handed it out. When they were picking up the things, the assistant examiner had already completed this series of operations.

It turned out that these thirteen old team members were from different security groups.

The purpose of their coming here was to bring new people into their own groups.

For the sake of fairness, new people are selected in each session. , each guard team sent an old team member over to draw newcomers using this method of drawing lots.

In the box, there were fifty-two paper balls, but 6 of them were blank without names.

The blank paper was drawn Group, it means that no one is drawn.

Now, the lottery begins.

Thirteen old team members take turns to draw, and each person can only draw 4 paper balls.

They all muttered silently in their hearts, looking forward to drawing Qin Chuan, Huo Qing, Excellent newcomers like Luo Feng and Chen Yuankun.

As for those newcomers who have advanced quasi-martial arts training and low talent, they don't want them.

As a reserve guard, they also have to go out to perform missions frequently, so naturally they hope that the new teammates will be stronger the better.

After a while, the lottery process was completed.

Several old team members began to cry. They all drew a blank paper ball, which was equivalent to one less newcomer.

Those old team members who drew 4 people naturally felt it was gloating.

In this way, the newcomers were quickly divided up.

Qin Chuan was assigned to the seventh group.

Du Shuyan was assigned to the eighth group.

Huo Qing was assigned to the sixth group.

Luo Feng was assigned to the fifth group.

Chen Yuankun was assigned to the fourth group. At this moment, in a corner of the school ground, an old player had mixed feelings.

He was the old player of the seventh group.

What he was happy about was that he was lucky and won the first place this time, Qin Chuan. What worries him is that he also drew a blank paper ball, which means he only drew three newcomers.

Except for Qin Chuan, there are two remaining newcomers. They don't seem to be good at all, and their qualifications are very ordinary.

At the same time, Not far away.

Qin Chuan was surrounded by two newcomers

"Senior Brother Qin Chuan! Unexpectedly, we were assigned to the same group, what a fate!"

"yes! Senior Brother Qin Chuan, we all came out of the same class and were assigned to the same group. From now on, please take more care of us! The two newcomers flattered each other enthusiastically.

Qin Chuan smiled bitterly:"You two, you don't need to call me senior brother!" I'm not as old as you!"...

Chapter 1537

Qin Chuan couldn't help but smile bitterly:"You two, you don't need to call me senior brother! I'm not even older than you!"

The two of them were both fifteen or sixteen years old, obviously older than Qin Chuan.

But the two of them called each other senior, which made Qin Chuan feel a little embarrassed.

"Senior brother Qin Chuan, don't be surprised! We all know that the wise come first. You are so strong, you deserve to be our senior brother."

"That's right! Senior Brother Qin Chuan, if you don't let us call you that, you are looking down on us. Qin

Chuan was speechless:"We are all from the same class, so it is appropriate to support each other, but not to take care of each other." Besides, when you join the escort team, everyone is a colleague and no one will bully you."

"Brother Qin Chuan, you don't know something, we are all newcomers. When new members join the guard, they will inevitably be bullied by the old members. However, Senior Brother Qin Chuan, you are so strong that no one dares to bully you."

"yes! We can't. Our strength is too low."

The two newcomers were crying, a little worried about the future.

Qin Chuan looked at the two of them and found that they were both high-level quasi-warriors. Their cultivation was indeed not high. It was still possible for them to be bullied by the old team members.

At this moment , the old members of the seventh group came over

"I am Hong Long, the third master of the seventh group. I will be your senior brother from now on. You are welcome to join our seventh group!"

"I've met Senior Brother Hong! Qin

Chuan and the other three saluted.

Hong Long smiled and nodded:"You're welcome, three junior brothers. Let's go!" I'll take you to camp now!"

At that moment, Qin Chuan and the others followed Hong Long to report to the seventh group camp.

In order to learn more about the situation, Qin Chuan asked Hong Long for a lot of information along the way.

Hong Long saw that although Qin Chuan was young, he had The strength of the first-level junior is the first in this class, and his attitude is also extremely polite.

He did not neglect Qin Chuan because he was a newcomer.

As for the other two newcomers, Hong Long was a little lukewarm.

"Senior Brother Hong, how many people are there in our seventh group?", Qin Chuan asked curiously

"There are twenty-six people in our seventh group, and with the three of you, there are now twenty-nine people. Junior Brother Qin Chuan, I see you are young. How old are you this year?"

"Twelve years old!"

"Only twelve years old! Tsk! Tsk! At the age of twelve, he is a first-level junior warrior. It's amazing. Junior Brother Qin Chuan, I am also a first-level junior warrior, but I am already seventeen years old. Compared with you, I am far behind."

Hong Long was amazed.

Then he continued:"Our seventh group has a total of five first-level junior warriors, the youngest of whom is fifteen years old. In the past, I thought that man was great, but compared with Junior Brother Qin Chuan, he was far behind!"

"Senior Brother Hong, I just started practicing earlier, so there is nothing worthy of praise."

Qin Chuan lied.

If he said that he had only been practicing for a month, Hong Long would be shocked.

Obviously, Hong Long believed Qin Chuan's words and thought that Qin Chuan had been practicing since he was a child to achieve his current achievements.

But he Still sighing:"Junior brother Qin Chuan, you don't have to be modest anymore. Even if you have been practicing since childhood, your talent is beyond our reach. correct. Do you know the current strength of our seventh group? Qin

Chuan shook his head blankly.

Hong Long said: "There are twenty-six people in our seventh group, five first-level junior warriors, two first-level intermediate warriors, and the rest are all quasi-martialists." There is not a single first-level high-level warrior."

"Why! The other twelve groups all have first-level senior warriors in charge, but our seventh group does not. Today, our seventh group is the weakest group. Qin

Chuan was surprised: "Why don't the higher-ups assign a first-level senior warrior to our seventh group?"

Hong Long smiled bitterly: "There was one before, and that person was our previous team leader." But the new team leader broke through to the second level warrior a month ago, was directly promoted to a real guard, and entered the guard camp."

"After he left, our team leader position became vacant, and we no longer had a first-order senior warrior to take charge. Now, many team members are coveting the position of team leader!"

"Senior Brother Hong, what is there to fight for about the position of team leader?", Qin Chuan asked tentatively

"Junior brother, you don't know something. Being a team leader has great benefits. For example, ordinary reserve guards can only receive 2 Yuan Ju Dan each month. If you are the team leader, you can receive 10 Yuan Ju Dan. Do you think this benefit is not enough?"

Qin Chuan's eyes lit up. He can receive 10 Yuan Ju Dan every month. This is not a small amount of money!

Thinking of this, Qin Chuan's heart was moved.

If he could become the team leader.....

Just after this thought came up, Hong Long's voice sounded again

"Junior Brother Qin Chuan, are you interested in competing for the position of team leader?"...

Qin Chuan smiled and shook his head: "There are so many senior brothers here, how can it be the turn of a newcomer like me to be the team leader."

Hong Long smiled and said: "Junior brother Qin Chuan, our reserve guard camp only speaks with strength. As long as your strength is enough, you can become the team leader without any restrictions on newcomers."

Hearing this, Qin Chuan's heart moved.

As a team leader, you can get 10 Juyuan Pills a month, five times as much as an ordinary team member.

With such benefits, why didn't he do it?

You must know that elixirs are resources, and resources affect the progress of cultivation.

If he can obtain 10 Yuan Ju Dan every month, he should soon be able to break through to the second level and become a real guard!

The more Qin Chuan thought about it, the more excited he became.

Before they knew it, the group arrived at the seventh group's camp.

Not long after, Hong Long brought the three newcomers Qin Chuan into a hall.

In the hall, a middle-aged man wearing an instructor's uniform was holding a meeting for the team members.

At this moment, he saw three newcomers from Qin Chuan coming in, with joy on their faces

"You three are the new recruits recruited this year. You are welcome to join our seventh group. I am the instructor of the seventh group, responsible for guiding your future cultivation."

The middle-aged man introduced himself enthusiastically.

Preparatory guards, the Zhou family's reserve force for training guards, are all a group of young people.

In order to quickly improve their strength, the Zhou family has assigned an instructor to each group of preliminary guards.

The middle-aged man was the instructor of the seventh group.

At this moment, the instructor looked at the three newcomers happily.

Because Qin Chuan was the youngest and the shortest, the instructor did not look at him first.

According to his past experience, the younger , generally their cultivation and strength are not high.

"They are all high-level quasi-warriors!"

The instructor was a little disappointed after seeing the two newcomers.

High-level quasi-warriors are considered to be at the bottom of the reserve guard team.

The arrival of these two newcomers will not be of much help to the improvement of the strength of the seventh group!

The instructor looked disappointed, but helpless, and finally looked at Qin Chuan

"Huh! This is....."

The instructor's eyes sparkled.

The next second, he said with joy on his face: "Not bad! Not bad! There is actually another first-order junior warrior. In this way, our seventh group has six first-order junior warriors, and our strength has improved a lot.!"

As soon as he said these words, a group of old team members also looked at Qin Chuan.

After a while, the old team members also showed surprise.

In the preparation camp, first-level warriors are the backbone.

With each additional first-level warrior, the group's strength increases by one point.

For example, in this seventh group, most of the old team members are not as good as Qin Chuan.

This is a world where martial arts is respected, and the stronger you are, the more respected you are.

Qin Chuan's cultivation awes many veteran team members.

Especially Qin Chuan looks young.

With such cultivation at such a young age, his talent puts them to shame

"Hey guys, introduce yourself!"

The instructor looked at Qin Chuan with a smile.

He was very satisfied with the newcomer.

"Hello fellow seniors, my name is Qin Chuan!"

The instructor asked: "Qin Chuan, I see you are not very old. How old are you?"

"Twelve years old!"

As soon as these words were said, all the team members were amazed.

"No way? He is only twelve years old!"

"Tsk tsk!! I thought he was fourteen or fifteen years old, but he looked young, but I didn't expect him to be really young!"

"yes! To have reached the first level of primary cultivation at the age of twelve is amazing."

The hall was filled with astonishment.

The team members looked at Qin Chuan with even more respect.

Of course, some people in the crowd also showed jealous looks, such as those first-level intermediates.

Qin Chuan's arrival invisibly affected them status

"good! good!!!"

The instructor nodded repeatedly. The more he looked at Qin Chuan, the more satisfied he became.

"Qin Chuan, please return to the team! You sit next to Hong Long. You two, just sit at the back of the line!"

The instructor arranged positions for the three of Qin Chuan.

At this time, Qin Chuan discovered that the higher the level of cultivation, the closer to the front and closer to the instructor's position.

Those with lower level of cultivation sat at the back of the team.

Come with Qin Chuan The two newcomers were placed directly at the back, and even the self-introduction process was omitted.

Treated so differently, the two newcomers had to sit over aggrievedly, not daring to say anything.

Soon, Hong Long and Qin Chuan After the three of them sat down, the meeting resumed.

The instructor looked at everyone and said, "The new team members are all in place. You fellow seniors should take more care of them and support them in the future!"

"Next, we continue to discuss the topic just now. Our seventh group has been without a team leader for a month, and this position cannot remain vacant forever. Who do you think is suitable?"

After hearing this, Qin Chuan's eyes lit up.

It turns out that the seventh group is choosing a team leader, and it seems that he has to fight for it..

Chapter 1539

"Instructor, the captains of other groups are all first-level senior warriors. Now our seventh group does not have a first-level senior warrior. How should we choose?"

An old team member expressed his opinion.

The instructor sighed: "This is what I want to say. matter. According to the rules of the reserve camp, only first-level senior warriors are qualified to serve as team leaders. If you don't have a first-level advanced level of cultivation, it will be enough if your overall strength reaches a first-level advanced level."

The instructor looked at everyone.

A group of old team members lowered their heads silently, with different expressions.

The instructor added: "Right now, our seventh group has become a joke. The other groups openly mocked us for being the weakest group. Don't you want to earn some face back?!"

"In fact, the deputy chief instructor has been urging me to choose a team leader and asked me to hand over the team leader list next month, so I will give you another month."

"I hope that after this month, some of you can advance to the first level of advanced level. If, after a month, no one has made a breakthrough, then according to the old rules, there will be a competition and selection. Whoever is the strongest will be the leader!"

"By the way, both of you have reached the peak of the first-level intermediate level, and are only one step away from the first-level advanced level. This month, you two have a good retreat. This instructor hopes that one of you two can break through."

The instructor looked at the two people at the front of the seat and encouraged them.

"Instructor! We will work hard!"

The two old team members responded repeatedly.

They are the two strongest people in the seventh group, and they are also the instructor's only hope.

Qin Chuan quietly looked at the two people.

He was surprised to find that both of them had strong auras. The aura of one of them is stronger than that of Wang Yuankun, and it seems that he will soon be able to break through to the first level.

Qin Chuan couldn't help but murmur in his heart.

"Judging from the aura on this man's body, he has reached the limit of the first-level intermediate level, and it is very likely that he will break through to the first-level advanced level in a month. No wonder the instructor kept delaying, probably just waiting for this person to break through!"

"It seemed that the instructor valued this person very much. However, even so, I still want to compete for the position of team leader. What's more, after a month, my strength will increase a lot. By then, even if I meet a first-level high-level warrior, I will be able to compete with him."

Thinking of this, Qin Chuan had a plan.

He did not recommend himself and said that he could serve as captain.

After all, his current comprehensive strength is only better than Chen Yuankun, barely reaching the first-level advanced threshold.

To be qualified for the position of captain, It's too reluctant, so it's better to wait and see after practicing for a month.

After a month, he is confident that he can fully reach the first-order advanced level, or even a better level.....

Not long after, the group meeting ended.

The old team members resigned one after another, and everyone was eager to go back to practice and strive to make progress in a month.

At the moment, there were only three newcomers, Qin Chuan, left on the field.

The instructor looked at the three of them and said,"You are newcomers. If you have any questions in the future, you can ask me or the senior brothers.""

"In addition, starting from tomorrow, you will come to my place every morning. I'll teach you swordsmanship and the Zhou family's divine fire technique. In the afternoon, it is your time to practice on your own."

After hearing this, the eyes of Qin Chuan and the other three people shone brightly.

They joined the Zhou family partly for the abundant training resources, and partly to learn the Divine Fire Technique.

The Divine Fire Technique is an excellent fire-based skill with high cultivation efficiency. Much higher than ordinary skills

"Thank you instructor!"

At that moment, the three of them thanked each other one after another.

The instructor smiled slightly:"Come with me! I'll take you to the dormitory!"

"yes!"

At that moment, the three of them followed the instructor and left the meeting hall together.

After arriving at the residence of the seventh group of members, the instructor arranged a dormitory for the three of them. Each of them had a single room. Qin Chuan was very satisfied with the accommodation conditions.

After arranging the dormitory Finally, Qin Chuan and the others saw off the instructor.

After the instructor left, many old team members walked out of the dormitory and stopped the other two students, but no one stopped Qin Chuan.

"Brothers, what are you doing?...."

Suddenly surrounded by a group of veteran team members, the two newcomers were a little uneasy.

An old team member smiled coldly:"We won't talk nonsense to you. From today on, you two will be responsible for the sanitation of this yard and toilets!"

"ah? Why are the two of us doing the cleaning?"

"how? Do you still have any opinions?!"

The old team members looked unkind.

The two newcomers' faces changed slightly with fear.

One of them hurriedly said:"No! no! We were just wondering, there were three newcomers, why were only the two of us allowed to clean up?"

As soon as these words came out, everyone couldn't help but turn to look at Qin Chuan.

The newcomer's words obviously meant why Qin Chuan was not allowed to clean.

Hearing this, Qin Chuan couldn't help but frown.

He originally planned to go back to the dormitory..

This drama suddenly happened in the yard.

He naturally wanted to stop and take a look.

Unexpectedly, one of the newcomers brought the flames of war to him.

But he said that as soon as the newcomer reminded him, the old team members looked at Qin Chuan.

But The next second, they looked away.

One of the old team members smiled coldly:"Can you two compete with Qin Chuan? Really not sensible at all! According to the old rules, the cleaning work is given to the two weakest people in the group."

"You two are new here and are the weakest, so you will be responsible for the sanitation work. If you are not convinced, pick any two of us to fight. Those who are defeated by you will work for you. This is the rule of our seventh group!"

After hearing these words, the two newcomers suddenly realized

"So this is ah! Brothers, we understand!"

"Don't worry, brothers, we will clean the toilets seriously!"

"That's right! Go for it! As long as you have the strength, one day you can also let others clean the toilet!"

"Brother, we will work hard!"

"Ha ha! Let's all disperse!"

The old team members smiled knowingly and dispersed.

Qin Chuan smiled and turned back to his dormitory..

Chapter 1540

After returning to the dormitory, Qin Chuan closed the door and tidied his room.

In that room, all the daily toiletries are available, and they are all brand new.

He got some water and washed his face, feeling refreshed.

At the end of the day, I felt somewhat tired.

Qin Chuan came to the bed and lay down, feeling extremely comfortable.

At this time, the sound of sweeping and watering could be heard outside the door.

There were two newcomers cleaning the yard and watering the greenery in the yard.

Qin Chuan smiled and sighed that it is good to have strength.

This also made him eager to break through to a higher realm and gain a higher social status as soon as possible.

Speaking of cultivation, he thought of the fifty newly obtained Yuan Ju Dan.

Finding some time, he should refine those elixirs to improve his strength.

"By the way, the senior who saved me said that after the preliminary guard assessment, Uncle Qin will help me unlock the seal and tell me some secrets."

"Now that I have entered the reserve guard camp, how can I contact Uncle Qin?"

Qin Chuan thought of what Qing Yunlie told him.

For a moment, he didn't know how to find Deacon Qin.

If he couldn't find Deacon Qin, the water energy seal in his body would not be unlocked.

Bang~! Bang~! Bang~!

At this moment, there was a knock on the door, interrupting Qin Chuan's thoughts.

He quickly got up, opened the door, and saw the instructor standing outside the door.

"Instructor, why are you here?"

The instructor smiled slightly: "The deputy chief instructor wants to see you, let me take you there!""

"Oh, what does the deputy chief instructor want from me?!"

"Not sure!", the instructor shook his head slightly.

In fact, the instructor did not dare to ask more about the deputy chief instructor.

Then, the instructor urged:"Let's go, we can't keep the deputy chief instructor waiting for too long."

"oh!"

At that moment, Qin Chuan closed the door and left with the instructor.

Along the way, he was wondering why the deputy chief instructor wanted to see him, and he felt a little uneasy.

Not long after, Qin Feng, led by the instructor, , came to a small private courtyard.

In the courtyard, the deputy chief instructor had his back to them, like an unsheathed sword, standing motionless in the center of the courtyard.

"Deputy Chief Instructor, Qin Chuan has already arrived."

The instructor respectfully reported to the man

"Um! Get out of here!"

"yes!"

The instructor took the order and retreated.

After the instructor left, the deputy chief instructor turned around.

"Little guy, come here!"

"Qin Chuan has met the deputy chief instructor!"

The deputy chief instructor smiled slightly, and suddenly his eyes narrowed, piercing Qin Chuan's eyes like a sword.

Qin Chuan's heart was trembling, and he did not dare to stare at him.

"snort!"

The deputy chief instructor snorted coldly, and suddenly exuded a substantial murderous aura, crushing towards Qin Chuan.

Qin Chuan suddenly felt endless murderous intent coming, and there were mountains of swords and seas of fire in front of him. The murderous aura was overwhelming, and the murderous aura was getting stronger and stronger. It was thick and the pressure was getting bigger and bigger.

It was like an invisible mental oppression.

Qin Chuan was frightened and tried to support himself.

After a while, cold sweat broke out on his forehead.

"Huh! Not bad willpower!"

The deputy chief instructor exclaimed and withdrew his murderous intent.

Qin Chuan suddenly felt relaxed all over, and the vision of mountains of swords and seas of fire disappeared without a trace.

"Little guy, very few people below the second level can survive my murderous intent for so long. You are only a first-level beginner, and your willpower is much stronger than those first-level advanced warriors."

The deputy chief instructor praised with satisfaction.

"Thank you, deputy chief instructor, for the compliment! I wonder what the deputy chief instructor wants from me?"

The deputy chief instructor smiled slightly, then suddenly took action and patted Qin Chuan a few times.

Everything happened in the blink of an eye, and Qin Chuan had no time to react.

But the next second, he was shocked to find that the water in his body was The vitality seal was actually released.

Qin Chuan was stunned!

According to Qing Yunlie's explanation, Deacon Qin would come to unlock the seal for him.

Now the person who unlocked the seal for him was the deputy chief instructor.

But he didn't know the deputy chief instructor. Chief Instructor!

Could it be that the Deputy Chief Instructor discovered that he had water energy and was curious about it?

"You go back!"

"ah!"

Qin Chuan stood there blankly.

Seeing that Qin Chuan did not leave, the deputy chief instructor said expressionlessly: "Do you have some doubts in your mind?"

"Um! Qin Chuan answered honestly

"You must confess! The deputy chief instructor nodded with satisfaction:"Whether you can seal the water energy or not, I can't hide it." I unlocked your seal because I wanted to give you a chance, a chance to become a true dual-system warrior. Qin

Chuan was confused:"Deputy Chief Instructor, I am now a fellow practitioner of water and wood elements. Am I not considered a dual element warrior?"

"It doesn't count! Because you have no idea what a true dual-system warrior is. Not everyone can become a dual-system warrior, and you are not a dual-system warrior just because you have practiced two-system skills. Qin

Chuan suddenly felt curious:"Then what is a true dual-system warrior?"..
