

God level 1541

Chapter 1541

Qin Chuan was suddenly curious:"Then what is a true dual-system warrior?"

The deputy chief instructor smiled slightly:"If I am not wrong in my judgment, although you are a fellow practitioner of water and wood now, and both systems have reached the first level of elementary level, but Your vitality and combat effectiveness have not improved much. If you don't believe it, you can try it!"

Qin Chuan thought and circulated wood vitality and water vitality at the same time.

The next second, he was surprised to find that the two systems of energy conflicted with each other and could not operate at the same time.

Once the water energy is circulated, the wood energy is suppressed.

If the wood energy is to be circulated, the water energy must be suppressed.

In other words, Qin Chuan can only use one kind of energy at a time, and cannot use two kinds at the same time.

This means that he has two lines of vitality. Every time he fights, he can only use one.

"how so?" Qin Chuan was a little frustrated.

The deputy chief instructor's lips curled up slightly:"Have you discovered the problem now?"

"Deputy Chief Instructor, why can I only activate one type of energy at a time and not two types of energy at the same time?"

The deputy chief instructor explained:"This is caused by the laws of heaven and earth. Water and wood are mutually reinforcing each other. The energy of water and wood can only coexist

peacefully, but they cannot operate at the same time. If you can't operate them at the same time, you won't be able to take advantage of the dual-system warriors."

"Therefore, practicing two-line martial arts does not mean that you are a true dual-line warrior. In this world, there are many people who forcibly cultivate two kinds of vitality, but the results are all in vain."

"Because they cannot use two kinds of energy at the same time, their combat power cannot be superimposed, and it is of little use. You cannot discover this when you are a quasi-warrior, because a quasi-warrior cannot release his vitality. Every time you open an additional main acupoint, your physical strength will be strengthened."

"Therefore, you would think that if you practice more vitality, your physical body will be stronger, but that's all the benefits. After the first level, it is impossible to release the vitality of both systems at the same time. Even if you practice both systems, it will be in vain."

"Such cases abound in the outside world. Unless you can become a true dual-system warrior, you can release two kinds of energy at the same time, so that your combat power can be superimposed. Only then can the real advantages of dual-system warriors be shown."

After hearing this, Qin Chuan suddenly realized.

He had always thought that as long as he had talents in both systems and could practice at the same time, he would be considered a dual-system warrior. It turns out that becoming a dual-system warrior is more difficult than he thought.

In this way, even if his water energy has unlocked the seal, his strength improvement will be extremely limited!

Currently, his water energy is stronger than the wood energy.

In other words, his maximum combat power limit is water energy plus refining. The body is dead, and the combat power of the wood energy is idle.

In this way, his comprehensive combat power has barely reached the first level.

Unless he can do it, the water and wood energy are released at the same time, and the comprehensive combat power will skyrocket. , maybe he can reach the pinnacle of the first-level advanced level.

But, he can't do it now!

"Deputy Chief Instructor, can a dual-system warrior really do this and release the vitality of both systems at the same time?"

"certainly! look!"

Boom~! Boom~!

As soon as those words fell, the deputy chief instructor's whole body erupted with green and red auras. The aura was earth-shattering, and the entire area of 100 meters was crushed by the terrifying aura.

Qin Chuan opened his eyes wide in shock.

It turned out that, The deputy chief instructor is a dual-element warrior.

The cyan aura represents the wood element, and the red aura represents the fire element.

Whoa~!

The deputy chief instructor took back his vitality, and all the strange phenomena disappeared.

Qin Chuan woke up:"Deputy chief instructor, it turns out that you are both wood and fire. A warrior!

The deputy chief instructor's lips curled up slightly:"That's right!" As a dual-system warrior, it is rare for someone at the same level to be my opponent. At least in the Divine Flame City, I can crush people of the same level. This is the power of dual-system warriors."

These words were said so domineeringly that Qin Chuan's eyes shone with envy.

You know, the deputy chief instructor is a sixth-level expert!

Qin Chuan couldn't even imagine that such a powerful person could crush someone of the same level.

"Deputy Chief Instructor, how did you manage to release the vitality of wood and fire at the same time?"

"Do you want to learn?"

"think! Of course I did!", Qin Chuan answered without hesitation.

Suddenly, he thought of a question.

Could it be that the deputy chief instructor found me, fellow practitioner Shuimu, and summoned me alone, wanting to help me become a dual-system warrior.

After all, I can have two-system cultivation talents. People like this are extremely rare, and it is not easy to find such people.

It is not impossible that the deputy chief instructor found out and started to love talents again.

"You can learn if you want! However, this instructor will not teach you the dual system fusion method easily, unless you can pass my test!"

"What test?", Qin Chuan can't wait.

After learning the dual system fusion method, his strength will skyrocket.

By then, he will definitely be able to crush the same level.

After all, he has one more advantage than the deputy chief instructor, and that is body training..His physical training strength is comparable to that of a first-level intermediate warrior.

"My test is very simple. In one month, your seventh group will elect a new clan leader. If you can win the position of team leader, I will teach you the secret method of dual system fusion. If you fail, I can only say that you and I have no relationship between master and disciple!

Qin Chuan was overjoyed:"Deputy Chief Instructor, I am trying to compete for the team leader." In a month, I will definitely win the position of team leader!

The deputy chief instructor nodded slightly:"Okay!" That instructor is waiting for your results!"

"By the way, let me remind you. As far as I know, Peng Yu in your seventh group is already at the peak of the first-level intermediate level and can break through to the first-level advanced level at any time. In a month, he should be able to break through to the first level of advanced level"

"If he doesn't break through, it will be fine. Once he breaks through, his strength will be stronger than that of an ordinary first-level senior. With your current comprehensive strength, you are definitely no match for me, so don't take it lightly.

Hearing this reminder, Qin Chuan's heart trembled, and he suddenly felt a sense of urgency.

Then, he hurriedly said:"Don't worry, deputy chief instructor, I will defeat all competitors and complete your assessment in one month!"

"good! Remember the agreement between you and me. If you pass the assessment, come and find me. If you don't pass, don't come. Okay, you can go back"

"yes!"

Qin Chuan bowed respectfully, exited the small courtyard, and hurried to the seventh group camp.

Now he just wants to quickly improve his strength to cope with the assessment one month later.....

At the same time, the deputy chief instructor stood in the courtyard and watched Qin Chuan leave.

After a long time, the corners of his mouth curled up slightly, revealing a happy smile.

At this moment, there was a sound of footsteps behind him.

Another slender figure walked out of the shadows in the courtyard.

If Qin Chuan was still talking, he would be surprised to find that the figure was actually Deacon Qin..

Chapter 1542

Another slender figure walked out of the shadows in the courtyard.

If Qin Chuan was still talking, he would be surprised to find that the figure was actually Deacon Qin...

"Brother, why did you stop me from telling Xiaochuan the truth?"

Deacon Qin looked at the deputy chief instructor calmly

"Ah Sheng, do you think that after telling him everything, he will have hatred in his heart? Can he feel the pain of genocide in his heart? Can he feel the grief and anger of his tribe in his heart? ?"

"This...I don't know!"

Deacon Qin's eyes showed hesitation.

"cannot! Maybe he will believe what you say, but he can't feel it as deeply as you and I, and naturally he can't understand the pain that our Qing family has carried for thousands of years. After all, he grew up in the Zhou family, not within the clan. Asheng, I know Xiaochuan better than you do"

"Yes, there is nothing better than a father to know a son. You are his father, so you naturally know him better than I do. But, brother, maybe if I say it, he won't feel it deeply, but you are his father,

and as long as you show your true face, he will understand everything. When the time comes, if you tell him the truth, he will definitely understand our painstaking efforts."

"Maybe, but now is not the time. I need an opportunity. I want him to feel it more deeply."

"Brother, you are always so cautious, even with your son."

The deputy chief instructor showed a helpless smile: "A Sheng, our Qing family is no longer the wealthy family with thousands of children a thousand years ago."

"Today's Qing family, including you and me, is only about twenty people. If we want to pull out the teeth of the Zhou family, we have to use all the strength of the whole family, so we cannot afford to lose, and we must be cautious. If we lose again, our Qing family will really be exterminated."

Hearing this, Deacon Qin sighed: "If the Zhou family hadn't taken away our Green Dragon Pearl, our God Clan Qing Family would have been revived long ago. It's because we couldn't open the Hualong Pond without the Blue Dragon Pearl."

"Without being baptized by the Hualong Pond, the Qing family's children will not live to be fifty, unless they have reached the seventh level before the age of fifty."

"However, even if you practice to the seventh level, your body will explode and die when you advance to the eighth level. This is the reason why our Qing family has never been able to revive."

The deputy chief instructor looked solemn: "Yes!" We spent so many years of hard work to find out where the Zhou family kept the Blue Dragon Pearl, and arranged for Qin Chuan to enter the Zhou family, just to take back the Blue Dragon Pearl!

"This time, we must take it back. We can only succeed, not fail! The clan leader can't hold on much longer, we can't afford to fail!"

Deacon Qin looked at his brother's resolute expression, with a hint of reminiscence in his eyes, and his thoughts went back to more than 20 years ago.

It was an endless desert, and the scorching sun burned every grain of sand like fire.

Under the scorching sun, a man The young man was holding a teenage child, staggering and trudging through the hot desert.

"Brother, I can't walk anymore."

The child slumped on the hot sand and raised his head feebly, with a trace of desire in his dry eyes.

"Ah Sheng, stand up! You can do it for sure!"

The boy in white held his brother's hand and encouraged him.

Although he also looked haggard, he still couldn't hide his almost perfect handsome face.

"Brother, we are from the Qing family, and we are all wood-type geniuses. Why do we practice this fire-type technique?"

The child's face showed pain and unwillingness.

"Because of responsibility!"

There was determination in the young man's eyes...

The memory stopped abruptly here. Deacon Qin looked at his brother's tall back and sighed with emotion. The forced hard training at a young age allowed them to make achievements in the fire element.

In this way, they could successfully blend into the Zhou Dynasty. Family.

Without the fire element talent, it would be difficult to climb to the middle and upper levels of the Zhou family.

So far, his brother has also become a wood and fire dual element warrior.

"Brother, I should go back!"

"Um!"

"By the way, brother, do you think Xiaochuan can pass the test?"

"There are some difficulties, but once Peng Yu breaks through, his strength will not be weak. However, I gave Ogawa some chances. The reward of fifty Yuan Ju Dan is not given in vain.

Deacon Qin suddenly realized:"It turns out that you did it deliberately by doubling the reward for preparing for the guard examination.""

The deputy chief instructor smiled and said nothing.

Deacon Qin also smiled, and disappeared in the small courtyard in a flash..

Chapter 1543

But he said that after Qin Chuan returned to his residence, he began to think about how to quickly improve his strength.

From the current point of view, the fastest way for him to improve his strength is to continue to practice water energy.

Now, he still has 20 water element Juyuan Dan given to him by Jiang Tianshui.

In addition, there are 50 fire element Juyuan Dan that will be rewarded this time.

"The Fire Yuan Ju Dan is of little help to my Water Yuan Qi cultivation. It seems that I have to go to the market tomorrow to replace the 50 fire element gathering pills with water element ones, and buy some ferocious beast essence and blood by the way."

Qin Chuan muttered in his heart.

He thought to himself that he would refine 70 water-based Yuan Gathering Pills, and then refine some ferocious beast essence and blood to strengthen his body.

At this rate, in a month, he should have the ability to defeat a first-level senior warrior..

As long as he completes the test of the deputy chief instructor in a month and becomes a true dual-system warrior, his strength will skyrocket again.

Thinking of this, Qin Chuan did not want to waste time, so he started practicing in the room.

After the water energy was unsealed, He could finally use the Qingxin Curse to extend his training time.

After doing the cross-legged exercise, Qin Chuan swallowed a water-based Yuan Gathering Pill and started refining the elixir directly.....

Time flies!

In the early morning of the next day, Qin Chuan opened his eyes from meditating.

After this night of hard training, he opened up two more earth evil positions, and his water energy increased by one point.

Of course, this still has the auxiliary effect of Juyuan Dan, otherwise he can get through one at most.

This efficiency is already very high, but Qin Chuan is still a little dissatisfied

"It's time to see the instructor! Qin

Chuan looked at the sky outside the window and remembered what the instructor had told him.

At that moment, he ended his meditation and started to wash up.....

An hour later, Qin Chuan finished his breakfast.

Afterwards, he officially started life in the preparatory camp. Together with two newcomers, he went to the camp to meet the instructors.

That morning, the instructors taught them divine fire techniques and sword techniques.

At noon, he went to Fangshi alone and spent some handling fees to exchange fifty fire-type Yuanyuan Pills for water-type Yuanyuan Pills.

In addition, he bought some blood of ferocious beasts for body refining.

After completing these trivial tasks, Qin Chuan officially entered the cultivation life.

With the help of the Pure Heart Curse, two days of practice is equal to three days for others.

One month of his cultivation career is equivalent to one and a half months of others.

Even the deputy chief instructor did not expect this.

In short, in the following training time, Qin Chuan majored in the water system and occasionally practiced the divine fire technique and sword technique.

Even so, his speed of improvement in the Divine Fire Technique and Swordsmanship far surpassed that of the other two newcomers, which impressed the instructors with admiration.

During this period, Qin Chuan also took the blood of ferocious beasts to refine his body and found that the effect was pretty good.

Everything was as he expected. The blood of the ferocious beast contained a large amount of life energy, which was the essence of body refining.

Simply, he spent all the gold coins he had on him to buy the blood of the beast.

At this point, Qin Chuan didn't have a single gold coin on his body and became completely destitute.

While Qin Chuan was practicing hard day and night, all the members of the seventh group were also practicing with concentration.

Everyone is sprinting for the position of team leader in a month.

Even though many team members had no chance, they still had some thoughts in their hearts and did not give up.

Invisibly, the seventh group formed an atmosphere of competition.....

Time flies!

In the blink of an eye, there are only three days left before the team leader battle.

It was during this period that a sensational incident occurred in the reserve guard camp.

Then again, the two newcomers of this year actually took over the position of leader of this group as newcomers.

Those two people were naturally Luo Feng and Huo Qing.

Today, Luo Feng is the leader of the fifth group of the reserve guard battalion.

Huo Qing is the leader of the sixth group.

This was almost impossible to do in the past.

For a time, Luo Feng and Huo Qing became the focus of the guard camp, and people talked about them wherever they went.

After all, both of them defeated their own team leaders before becoming the new team leaders.

And their previous team leaders were all first-level senior warriors.

In other words, Luo Feng and Huo Qing are stronger than ordinary first-level advanced warriors.

After the incident between Luo Feng and Huo Qing caused a sensation, people in the preparatory escort camp thought of the seventh group again.

The seventh group has not elected a leader yet, and there is no first-order senior warrior in charge. Compared with the fifth and sixth groups, the gap is getting bigger and bigger.

The fifth and sixth groups each have Luo Feng and Huo Qing, and there are more than one first-level senior warriors.

In this comparison, the seventh group has become more and more confirmed as the weakest group.

In the blink of an eye, another three days passed.

On this day, the day finally came for the seventh group to select a team leader..

Chapter 1544

On this day, Qin Chuan was practicing in the house, and there was a knock on the door.

Bang~! Bang~! boom~!

"Brother Qin Chuan, today is the day for us to choose the team leader. The instructor said that everyone must be present."

"Senior Brother Qin Chuan, are you practicing there?"

The two people who knocked on the door were the newcomers who joined the group with Qin Chuan.

They knocked for a while, but when they saw that Qin Chuan didn't open the door, they couldn't help but look at each other, feeling a little worried in their hearts.

"Strangely, there has been no response from inside. Is something going to happen to Senior Brother Qin Chuan?"

"yes! He had not come out for five or six days since he last entered the room. I'm afraid of not going out for such a long time....."

The more they thought about it, the more worried they became.

At this moment, majestic water energy fluctuations suddenly came from the room.

The two of them were surprised.

As far as they knew, Qin Chuan practiced Wood Yuan Qi and recently practiced Fire Yuan Qi. Why were there fluctuations in Water Yuan Qi in the room?

Looking at the fluctuations of the water energy, it seems that there has been some breakthrough. Could it be.....

Just when the two of them were confused, footsteps sounded in the house.

Crunch~!

The door opened, revealing a haggard face, it was Qin Chuan.

In order to open up a key acupuncture point, he had been in retreat for five days and five nights, so he was naturally a little haggard.

Fortunately, he finally got through on this day.

Now, his water system cultivation has reached the peak of the first level, and his strength has greatly increased.

Therefore, even though he looked haggard, he could not hide the joy in his eyes

"Senior Brother Qin Chuan, you are finally out!"

"These two are..."

"Senior brother, have you forgotten, today is the day to choose the team leader. The examiner asked us to inform everyone to go to the martial arts hall. We must arrive in an hour and we must not be absent. Qin Chuan was delighted:"

Okay, I'll go after I finish washing up!"

"Okay, senior brother, let's go and notify the others."

"Um!"

At that moment, the two people left.

Qin Chuan secretly thought that it was just the right time for him to break through!

Now, his water energy has reached the peak of the early stage of the first level. His body refining strength has reached the intermediate level of the first level.

The fire element has also entered the quasi-warrior stage.

As a result, his comprehensive strength has reached the first-level advanced level, and he is fully qualified to compete for the position of team leader.

In addition, he has also learned the water martial art - Blue Sea Tide Slash.

It is a rare intermediate skill. Martial skills and powerful force are huge.

Generally, the martial arts mastered by second-level warriors are mostly inferior martial arts.

Only warriors of third-level and above have the opportunity to come into contact with intermediate martial arts.

The Blue Sea Tide Slash mastered by Qin Chuan is among the lowest-level martial arts among low-level warriors. He has a huge advantage.

This is also the reason why he dares to compete for the position of team leader.

In short, he must get the position of team leader.

Only in this way can he pass the assessment of the deputy chief instructor, learn the secret skills, and become a true dual-system Warrior.

At that time, his water and wood elements will be released at the same time, and his comprehensive strength will be greatly increased.

Half an hour later, Qin Chuan filled his stomach, took a comfortable hot bath, and then changed into a clean suit

He suddenly felt much more energetic. Afterwards

, he went to the martial arts hall in a happy mood.....

At the same time, in the martial arts performance hall.

Almost all the members of the seventh group have arrived.

The instructor sat in the middle seat.

The team members sat on seats on both sides of the hall.

There are twenty-nine seats in total, and numbers such as 'one, two, three, four...' are marked in black regular letters on the back.

The order in which these team members are seated is based on their strength.

For example, sitting in seat No. 1 means that you are the first master in the seventh group.

For another example, the two newcomers who joined the group with Qin Chuan sat at the 28th and 29th seats at the end respectively.

Qin Chuan's seat is the eighth one.

Now, there are eight first-level warriors in the seventh group, and Qin Chuan is ranked eighth, which means that he is the weakest among the first-level warriors.

Of course, this is just a default sorting.

As long as Qin Chuan can defeat the person in front, he can take someone else's seat

"Is everyone here?"

At this time, the instructor's voice sounded in the hall.

"Report to the instructor that Chen Shen and Qin Chuan have not arrived yet."

An old team member reported.

The instructor looked at the vacant first and eighth seats and said, "Then wait for them!"

As soon as these words were said, footsteps sounded outside the hall.

Then, the light and shadow outside the door flickered, and Qin Chuan walked in energetically holding a sword..

Chapter 1545

As soon as Qin Chuan entered the hall, he attracted everyone's attention

"Qin Chuan, that's your seat, take your seat quickly!"

The examiner pointed to seat No. 8

"yes!"

Qin Chuan sat down in response, and then looked forward curiously.

Except for the empty seat No. 1, there was a seat No. 0 next to the instructor, which was for the team leader.

But the seventh team has not had a team leader for a long time, that The seat has always been empty.

In addition, seat No. 1 is also empty.

As far as Qin Chuan knows, the person sitting in seat No. 1 is Chen Shen. The person with the highest cultivation level in the seventh group is Peng Yu, who is also the most promising to break through to the first place. However , Peng Yu is not as strong as Chen Shen and is only ranked second.

This is because Chen Shen, who is also at the peak of the mid-level first level, has mastered martial arts and has a stronger overall strength than Peng Yu.

However, once Peng Yu breaks through to the first level If he reaches a higher level, his strength will surpass Chen Shen.

In short, the competition within the seventh group is very fierce.

Thinking of this, Qin Chuan looked at Peng Yu in the second seat.

Peng Yu is a slightly fat boy, he is nineteen years old this year

"Huh! This guy...."

Qin Chuan looked at Peng Yu for a while and showed surprise.

It turns out that Peng Yu is still at the limit of the middle stage of the first level and has not broken through to the advanced level of the first level.

This was somewhat beyond Qin Chuan's expectation, even the deputy chief instructor did not expect it.

It seems that the deputy chief instructor still thinks highly of Peng Yu.

Thinking of this, Qin Chuan was secretly happy.

Peng Yu didn't make a breakthrough, so it was easy for him to win the position of team leader.

If Peng Yu breaks through to the first level, he will have some trouble defeating him.

In other words, Peng Yu has not made a breakthrough, and Chen Shen is still the strongest.

He just needs to defeat Chen Shen.

Chen Shen's cultivation progress has always been slower than Peng Yu's.

Since Peng Yu has not made a breakthrough, it is even more impossible for Chen Shen to make a breakthrough.

With Qin Chuan's current strength, it was easy to defeat Chen Shen, who had no breakthrough.

Of course, Chen Shen himself is not weak. He is much better than Chen Yuankun. He is considered an elite among the first-level intermediates.

"Why hasn't Chen Shen come yet?"

At this moment, Peng Yu's voice sounded in the hall.

He seemed a little impatient.

"Just wait a little longer!", the instructor reassured.

Then, he looked at Peng Yu with some disappointment: "A month has passed, why haven't you made a breakthrough yet? Peng

Yu smiled bitterly: "Instructor, the last step of the bottleneck is really difficult to break through."

"However, although I failed to break through, I inadvertently mastered a martial art and my strength greatly increased. I can still win today's team leader battle! The instructor was a little surprised: "I didn't expect you to learn a martial arts skill, so today's position as team leader is a bit in doubt." Peng

Yu said confidently: "My cultivation level has always been higher than that of Chen Shen. It was because I didn't master martial arts that I was beaten by Chen Shen." It's different now, I've also mastered martial arts, how could Chen Shen suppress me! This position of team leader must be mine!"

As soon as I finished speaking, there was a burst of disdainful laughter outside the door.

"Ha ha! Peng Yu, you said it too early! The position of team leader is mine!"

As loud laughter rang out, a slender young man walked into the hall.

"It's Chen Shen!"

"He's finally here!"

All the team members looked at the person who came. It was Chen Shen.

Qin Chuan also looked at Chen Shen.

He saw that Chen Shen looked about seventeen or eighteen years old, with a slender figure and a face full of arrogance.

At this time, the instructor said:"Chen Shen, You've finally arrived, the only thing left is you, so hurry up and take a seat!"

"Yes, instructor!"

Chen Shen responded, then strode to the instructor and sat down on the No. 0 seat.

At this moment, the instructor was a little confused.

All the team members were also dumbfounded.

The No. 0 seat is the position of the team leader. Why did Chen Shen just sit on it?

Oh!

Peng Yu was so excited that he stood up and shouted:"Chen Shen! Why are you sitting in that position? Why don't you get off! Chen

Shen smiled coldly:"I sit in this position, do I need your permission?" Peng

Yu was furious:"Chen Shen, do you think that if I don't break through to the first level of advanced level, you will defeat me and you will be able to sit firmly as the team leader?" I'm telling you, I've also learned a martial art, and your previous advantage no longer exists."

"Ha ha!! Fatty Peng, even if you learn a martial art, you are still no match for me, because I have broken through to the first level!"

Boom~!

As soon as those words fell, Chen Shen's whole body energy exploded, and he suddenly reached the first level.

The whole audience was in an uproar.

"Oh My God! Chen Shen actually broke through to the first level of advanced level!"

"No wonder he dares to sit as the team leader, he does have the qualifications"

"yes! Before he broke through, his overall strength was on a par with Peng Yu, let alone now."

The team members were extremely shocked.

Even the instructor opened his eyes in surprise.

Peng Yu was even more confused.

After a moment, he sat down silently with a frustrated look on his face.

Chen Shen broke through and was definitely stronger than him.

He had no chance to win the position of team leader.

In the crowd, Qin Chuan also looked depressed.

He thought he could easily win the position of team leader, but he didn't expect Chen Shen to break through.

And Chen Shen's breakthrough was even more difficult than Peng Yu's. In other words

, the difficulty of this team leader battle is more difficult than expected.

However, no matter who breaks through, Qin Chuan will win the team leader position..

Chapter 1546

At this moment, the instructor's excited voice came from the front

"Chen Shen, it turns out that you have made a breakthrough. It's great. Our seventh group finally has a first-level senior warrior."

As soon as these words were said, all the team members also showed joy.

"yes! Our seventh group finally has a first-level senior warrior. Maybe he can get rid of the title of the weakest group."

"yes! In the past two months, I have been laughed at by other groups every day, and I am so frustrated!"

At this moment, all the team members felt elated.

Chen Shen was elated and seemed to have decided on the position of team leader.

At this time, the instructor's voice sounded again in the field

"Chen Shen, although you have made a breakthrough, according to the rules, you must first ask if any team members are dissatisfied. Only if all team members agree can they sit in this seat. Chen

Shen said unconcernedly:"Instructor, besides Fatty Peng, who else in this seventh group would be dissatisfied?" Now, Fatty Peng has acquiesced, and others will not object."

As soon as he said this, Peng Yu in the crowd was full of embarrassment.

He really had to accept it now and had no confidence to object.

"Instructor, Chen Shen is right. He is now the strongest person in our seventh group. Let him be the group leader. We are all convinced!"

"that is! We all agree!"

All the team members agreed.

Chen Shen looked delighted: "Instructor, you saw it! I sit in this position, which is where everyone expects me to sit! Please hurry up and announce me as the new team leader! The instructor smiled and touched his smooth chin: "Okay, then the instructor announced...."

"Wait!"

But at this moment, a sudden voice sounded in the field, interrupting the instructor's words.

Everyone was startled and looked at the sound, and saw Qin Chuan slowly standing up.

"Qin Chuan, what are you doing?", the instructor wondered

"Instructor, I am not convinced by Chen Shen, I want to challenge him!"

Qin Chuan looked directly at Chen Shen.

The whole audience was confused again.

Isn't it?

Qin Chuan wants to challenge Chen Shen?!

All the team members thought they heard wrong.

You know, Qin Chuan is only the first level beginner, how can he challenge the first level? Senior Chen Shen.

Moreover, Chen Shen has also mastered a powerful martial arts. He is not an ordinary first-level senior martial artist.

After being shocked, all the team members murmured.

"What's going on with this new kid? With his first-level cultivation level, he still challenges Boss Chen Shen. Is this just a joke?"

"That's right! If a first-level junior challenge a first-level advanced, you will definitely lose!

"yes! This Qin Chuan is too reckless! The instructor also frowned slightly:"

Qin Chuan, are you sure you want to challenge Chen Shen?"

"Sure!" Qin Chuan's tone was very firm.

The instructor persuaded:"Qin Chuan, you are only at the first level of elementary cultivation, so I'm afraid you are not Chen Shen's opponent. I don't think you need to be impatient. It won't be too late to challenge again after your strength reaches the first level."

As soon as these words were said, all the team members nodded slightly, thinking that the instructor was right, and they all thought that Qin Chuan was a little eager for quick success.

But Qin Chuan said:"Instructor, I think my strength is enough!"

Hearing this, everyone frowned, feeling that Qin Chuan was being overestimated.

Some team members even laughed with disdain.

Only the two newcomers at the back of the team had strange looks on their faces.

They knew Qin Chuan somewhat.

This In the first newcomer assessment, Qin Chuan shined brilliantly, even defeating Chen Yuankun, who was at the top of the first-level intermediate level.

Now that a month has passed, Qin Chuan's strength has definitely improved again, and he may really be able to challenge the first-level senior warrior.

It's a pity. , these old team members were too arrogant and did not inquire about the assessment status of this new team members, so no one knew about Qin Chuan's glory.

"Instructor, since Qin Chuan wants to challenge, according to the rules, I will accept the challenge!"

At this time, Chen Shen stood up and looked at Qin Chuan with a playful expression, his eyes full of disdain.

Seeing this, the instructor opened his mouth and finally swallowed what he wanted to say.

Since Qin Chuan did not listen to the advice, he also I'm too lazy to say more.

Then let Qin Chuan suffer a little, so that he can understand the consequences of being young and frivolous.

Thinking of this, the instructor said:"Forget it! Then challenge yourself!

Qin Chuan was delighted:"Thank you, instructor, for agreeing!" Chen Shen, it's not convenient to fight here. I'll wait for you outside at the school grounds!"

As soon as he finished speaking, Qin Chuan strode out of the hall.

"What a shame!"

Chen Shen sneered and walked out. As soon as the two came out of the hall, the team members quickly followed.

Everyone wanted to see this good show..

Chapter 1547

Soon, everyone arrived on the school field.

At this moment, Qin Chuan and Chen Shen were confronting each other.

The instructor and team members were watching

"How many moves do you think Qin Chuan can hold on to?"

"hehe! I think he can't hold on after one move."

"That's right! There is no comparison between a first-level junior warrior and a first-level advanced warrior. This Qin Chuan is a bit overestimating his abilities."

"Young people! It's always a bit self-righteous!"

"yes! You see, he has cultivated to the first level at the age of twelve, so he can be said to be a genius. It's just this character... Haha! A bit arrogant!"

"I hope Chen Shen can teach him a lesson this time and let this kid know that even if he is talented but has no strength, it is useless to be arrogant!"

"that is! I used to think this guy was pretty good, very talented, and relatively low-key, but I didn't expect him to be like this. It seems that I overestimated this guy."

A group of old team members kept mumbling.

Two new team members frowned, obviously not agreeing with it.

Then, a new team member couldn't help mumbling.

"Senior brothers, Senior Brother Qin Chuan is very strong, he may not have no chance. At least, I think he can last for dozens of rounds in the hands of Senior Brother Chen Shen."

As soon as these words were said, the old team members all smiled disdainfully.

Some of them shook their heads secretly, feeling that the newcomer looked down upon Qin Chuan too much.

A first-level junior warrior also wanted to last for dozens of rounds in the hands of a first-level senior warrior. It was simply... It's a fantasy.

At this moment, Chen Shen's voice came from the front

"Qin Chuan, pull out your sword!"

Chen Shen crossed his arms over his chest, looking confident.

After entering the reserve guard camp, and waiting for the beginning of the bloodshed, weapons began to be used in various battles, no longer bare-handed.

Even in this battle for team leader, We also have to use weapons.

In the past month, Qin Chuan has learned swordsmanship from the instructor for a long time, and his progress has been rapid. His fighting talent is already high, and he can easily use swords instead of fists.

Just using martial arts to fight is more dangerous. Double that.

After all, swords have no eyes, and no one can guarantee that they will be unscathed in a fight.

Therefore, the fight between the reserve guards is much more brutal than that between the students in the martial arts hall.

"Senior brother, you should also draw your sword!", Qin Chuan slowly pulled out the long sword

"I don't need a sword to deal with you!"

Chen Shen still crossed his arms over his chest with a look of disdain.

Qin Chuan said calmly: "Brother, please draw your sword! Otherwise, even if I win against you, you won't be convinced. I have to completely defeat you before I can take the position of team leader"

"Huh! You kid!"

Chen Shen frowned.

"Ah! Qin Chuan, you are really ignorant. Since you insist on me drawing my sword, I will satisfy you. However, ugly words come first, swords have no eyes, if you end up missing an arm or a leg later on, don't blame me!"

Choke~!

There was a sword cry!

Chen Shen pulled out his long sword. Apparently he was a little annoyed.

"Senior brother, take action!"

"Boy, you always put me first. Are you confident or arrogant? Qin

Chuan smiled and said nothing.

Chen Shen sneered: "You can laugh now." After a while, you will laugh harder than cry!"

"Senior brother, take action quickly!"

"Look at the sword!"

Whoa! Whoa! Whoa!

Chen Shen swung his long sword and stabbed Qin Chuan with more than ten swords in succession.

Suddenly, the sword light in the field became a blur.

Qin Chuan raised his long sword and held up a sword flower, He rushed forward.

Dang! Dang! Dang! The sound of the two swords clashing!

The sound continued!

After the two exchanged more than a dozen swords in an instant, they were each knocked back.

Kick! Kick! Kick!

Both sides took seven or eight steps back. Only then did he stand upright.

The whole place was in an uproar.

"Oh My God! Qin Chuan caught all Chen Shen's attacks!"

"How is this possible! Even a first-level intermediate warrior could not catch the attacks of a first-level senior warrior, but Qin Chuan actually caught them all!"

"Not only did he catch it, he even tied it!"

"Is he really just a first-level junior warrior? I'm not dazzled!"

"Huh! He seems to be the pinnacle of the first-level beginner, just one step away from the first-level intermediate!"

"Wow! It's only been a month! His cultivation has improved so much!"

"yes! This is amazing!"

The team members were extremely shocked and looked at Qin Chuan in disbelief.

In the crowd, the instructor's eyes shone with surprise.

Based on Qin Chuan's performance just now, he could tell that Qin Chuan had reached the first level of advanced level. The combat power of a first-level junior peak warrior is comparable to that of a first-level advanced warrior. This is amazing. What's even better is that Qin Chuan has such strength, which is equivalent to the seventh group having two first-level senior warriors. strength.

Then the seventh group can completely get rid of the reputation of the weakest group.

As the instructor of the seventh group, he can finally feel proud and proud..

Chapter 1548

At the same time, Chen Shen also looked at Qin Chuan in shock.

After a long time, he took a deep breath:"Qin Chuan, I underestimated you! You are much better than Fatty Peng. I admit that you have the qualifications to challenge me, but that is limited to this!"

Qin Chuan smiled slightly:"Senior Brother Chen Shen, are you too confident?"

"Ha ha! I am even more confident, now let you see my true strength!"

Shua~!

As soon as he finished speaking, Chen Shen dodged and attacked Qin Chuan.

Shua~! Shua~! Shua~!

He waved the long sword in his hand, like a lightning dragon, lifting up a sword net.

Qin Chuan also hurriedly Face to face.

The two people immediately fought and came together.

Ding~! Ding~! Ding~! Dang~!

Dang~! Dang~!

For a moment, the sword light flowed!

The sound of the two swords colliding was non-stop.

The two fought fast, The field was full of afterimages!

The team members were so frightened that they didn't even dare to express their anger. At the same time, they were surprised that Qin Chuan's swordsmanship was so sophisticated that he could even tie with Chen Shen.

You know, Chen Shen is a student He has been practicing swordsmanship for three years, but Qin Chuan has only learned it for a month!

This kid's talent for learning swordsmanship is too terrifying!

At this moment, a low shout suddenly came to mind in the audience.

"Fire shield!"

Boom~!

Chen Shen's whole body fire energy burst out.

Suddenly, the fire light lit up, and the red light penetrated the sky!

A flame shield formed around his body.

Chen Shen finally displayed the martial arts he was proud of - fire Yuan Shield.

It is an inferior defensive martial skill!

As soon as the Fire Yuan Shield was opened, Chen Shen ignored the attack and rushed directly into Qinchuan's defense circle, launching a strong attack. The surrounding team members exclaimed.

Many people secretly Thinking that Qin Chuan is going to lose.

After all, Chen Shen has a protective shield that can withstand Qin Chuan's attacks. He can only attack but not defend, taking advantage.....

Dang~! Dang~! Dang~!

Sure enough, Qin Chuan stabbed the light shield with several swords, but could not break the light shield's defense. It only made the light shield slightly dim.

In a short time, he was defeated by Chen Shen.

Seeing this scene, all the team members sighed.

The instructor also secretly said it was a pity, Qin Chuan would definitely lose once the Fire Origin Shield was opened!

Chen Shen's eyes also showed a proud look.

This is the difference between having martial arts and not having martial arts.

If he didn't have martial arts skills, he would probably be tied with Qin Chuan at most, but once he had this martial arts skills, he would be able to compete!

But just when everyone thought Qin Chuan was going to lose, a sudden change occurred in the field.

"The blue sea surges!"

Boom~!

Qin Chuan's whole body of water energy burst out instantly, and he struck down with a sword in the air.

Swish~! Swish~! Swish~!

From the shadow of the sword, three huge blue wave sword shadows shot out, half overlapping each other, like ocean waves rising into the sky. , one wave is stronger than the other.

That is the Zhongcheng martial art - Blue Sea Tide Slash!

Three waves with one sword!

One wave is stronger than the other!

"Huh! This is...."

Chen Shen suddenly felt something was not good.

At this moment, the first blue wave sword shadow shot out.

Click~!

A crisp sound!

The first blue wave sword shadow split the fire shield into pieces.

Immediately afterwards, the second blue wave sword shadow also arrived.

Chen Shen was horrified and quickly blocked with his sword. when!

The long sword roared!

Chen Shen suddenly felt a surge of energy and blood in his chest, and his hands holding the sword were so sore that he almost couldn't hold it.

That second sword shadow is stronger than the first one!

But before he could think about it, the third sword shadow struck again!

In panic, Chen Shen quickly raised the crossbar of his sword.

Bang!

Chen Shen groaned, the sword in his hand was knocked away, and his whole body was knocked away by the sword.

It turns out that the third sword shadow is the strongest!

The whole audience was dumbfounded and exclaimed..

Chapter 1549

The blue sea rises with the tide, and one tide turns into three waves!

One wave is higher than the other, and one wave is stronger than the other!

This is the characteristic of Bihaishengtidezhan

"OMG! Qin Chuan blasted Chen Shen away!"

"It turns out he can also do martial arts!"

In the crowd, the instructor opened his eyes in surprise.

"That... is a medium-level martial skill!"

The instructor was shocked.

Martial arts are rare. Most low-level warriors use inferior martial arts. Even third-level warriors master most of the martial arts.

Now, Qin Chuan, who is only at the first-level elementary level, suddenly used How could he not be surprised when he showed a medium martial skill?

Bang~!

Chen Shen fell heavily to the ground, splashing a cloud of smoke and dust.

The next second, he wanted to stand up.

But at this moment, the mutation happened again.

Whoa! ~! Swish~! Swish~!

Several green vines burst out of the ground, binding Chen Shen in place, making him unable to move.

That was Qin Chuan's divine binding technique.

The moment Chen Shen fell, he switched. After removing the Mu Yuan Qi in his body, he used the God Binding Technique and tied up Chen Shen.

Before Chen Shen could break free,

Qin Chuan dodged and came in front of him.

Whoa~!

The sword light flashed!

The sharp sword tip stopped. Above Chen Shen's throat

"Chen Shen! you lose!"

Chen Shen was so frightened that his face turned pale and his forehead was covered with cold sweat.

If this was a life and death battle, he would be dead at this moment.

"Why! I surrender!"

Chen Shen smiled bitterly, looking a little depressed.

Seeing this, Qin Chuan held up a sword flower.

Choking~!

The long sword was sheathed!

The battle was over.

At this time, Chen Shen stood up in frustration and patted the dust on his body.

Then, he Looking at Qin Chuan with admiration

"Qin Chuan, I didn't expect you to know two kinds of martial arts, but they are of different types. I really admire you. Especially the previous sword, one sword turned into three waves, one wave was stronger than the other, it was too powerful. Wouldn't that be a medium-level martial skill?

Qin Chuan smiled:"That's right!"

As soon as these words came out, everyone took a deep breath and looked in amazement again, and more people showed envy.

Intermediate martial arts!

Generally only third-level warriors can master it.

Unexpectedly, Qin Chuan is only a first-level junior I mastered it.

With such powerful martial arts, it is not easy to surpass the same level.

At this moment, the instructor came over

"Qin Chuan, congratulations on winning this challenge! From now on, you are the leader of the seventh group!"

This announcement made all the team members cheer.

The seventh group finally has a leader!

"Qin Chuan! congratulations!"

Chen Shen also showed a kind smile.

This time, he was convinced that he lost.

When he thought that Qin Chuan was so young, he was stronger than him.

If he were the same age as him, he couldn't compete with Qin Chuan!

At this time, The instructor also smiled and said:"Chen Shen, you don't have to be depressed. This time, you have broken through to the first level, which is a great joy for our seventh group."

"Together with Qin Chuan, our seventh group now has two first-level senior combatants. When the time comes, I look at the members of that group and dare to laugh at our seventh group as the weakest."

As soon as these words came out, all the team members showed joy.

"The instructor is right, our seventh group now has two first-level advanced combatants, and they will definitely not be the weakest!"

"Ha ha!! Not to mention the weakest, I think it can be ranked in the top five!"

The boys became more and more delighted as they talked.

At this time, the instructor took out a golden armband.

There was a rectangular metal piece on the armband, and a black word 'seven' was clearly engraved on it.

"Qin Chuan, this is the armband symbolizing the identity of the team leader!"

The instructor helped Qin Chuan put it on.

Seeing this, all the team members stepped forward to congratulate him.

"Awang has met the team leader!"

"Li You also met the team leader!"

The two new team members were the most active and were the first to run up to congratulate them.

It was as if Qin Chuan had become the team leader and their faces were shining.

"Chen Shen met the team leader!"

"Peng Yu also met the team leader!"

A group of old team members also came forward to salute.

Qin Chuan's strength showed that they were convinced.

After all the team members congratulated, they were dismissed by the instructor, leaving Qin Chuan alone..

Chapter 1550

On the school field, the instructor looked at Qin Chuan with a smile on his face.

This boy gave him a big surprise

"Qin Chuan, I am very surprised that you can become the team leader. However, since you have become the team leader, I have to explain some things clearly to you first."

"Instructor, tell me! The instructor smiled and nodded:"

As a team leader, although you have many benefits, you also have to shoulder a lot of responsibilities." You also know that there are thirteen groups in the reserve escort battalion, and there will inevitably be friction between them."

"In the future, if you see members of our group clashing with people from other groups, as the group leader, you must protect the members of this group. Only in this way can you make your team members admire you.

Qin Chuan nodded slightly:"I know!"

The instructor added:"In addition, the fire energy in your body fluctuates very weakly. It seems that you haven't practiced the Divine Fire Art very much. This is not a good sign."

"Why?", Qin Chuan was a little puzzled.

During this period, he devoted all his energy to practicing the Water Yuan Qi and did not have time to practice the Divine Fire Technique. He only practiced it occasionally, and the natural progress was very slow.

In fact, Qin Chuan's accumulated time practicing the Divine Fire Technique has not yet More than a day.

Even so, his fire element cultivation has already reached the level of a junior quasi-martialist.

If the instructor knew this, he would be shocked by Qin Chuan's fire element progress, which is definitely genius level.

The instructor continued:"The Zhou family majors in For fire-based techniques, all resources are aimed at fire-based warriors. If you want to develop in the Zhou family and obtain more fire resources, it is best to practice fire skills."

"What's more, to be promoted from a reserve guard to a formal guard, the Zhou family's assessment standard is to practice the fire element to the second level. If you reach the age and have not yet reached this standard, you will be assigned to other logistics departments."

"Even if you have practiced the water element to the second level but not the fire element to the second level, the Zhou family will marginalize you and assign you to other logistics departments. In short, if you want to develop well in the Zhou family, you have to major in the fire system. Qin Chuan suddenly said:"

So that's it!""

The instructor continued:"In addition, as a guard of the Zhou family, fire-based exercises are compulsory. Moreover, progress must be assessed every year"

"Within one year, the fire element cultivation must reach the peak quasi-martial artist; within two years, it must reach the first level of elementary level; within three years, it must reach the first level of intermediate level; within five years, it must break through to the second level."

"If you fail to meet the above requirements, it means that you do not have enough fire qualifications or you are not diligent enough. However, no matter what the reason is, you will be expelled from the reserve guard camp and lose the qualification to join the guard team."

"The Zhou family did this to put some pressure on the team members so that they would not slack off in their cultivation. At the same time, I also hope to find some fire talent. Qin Chuan, as the team leader, I hope you will not relax your practice of fire element."

"Instructor, I will definitely work hard to practice the Divine Fire Technique!"

Qin Chuan responded and began to mutter in his heart.

It seems that he can't do the Divine Fire Art without practicing it, and he must major in it.

Otherwise, if he can't keep up with the progress of the fire element, he will be kicked out of the reserve guard camp sooner or later.

This week His weird approach obviously favors the fire element.

But this is his territory, and he can only obey the rules.

Fortunately, he can practice the three elements of water, wood, and fire, and his talent in the fire element is also extremely high.

As long as he works hard enough, I believe that the fire element cultivation will soon catch up.

What's more, the improvement of the fire element cultivation will also enhance his strength.

At this time, Qin Chuan thought of the deputy chief instructor.

If he could learn the integration of multiple systems from the deputy chief instructor With this method, you can practice the three systems of exercises at the same time instead of switching one by one.

In this way, the progress of practice can be greatly improved without delaying the practice of any one system.

At this time, the instructor laughed again He said:"Let's not talk about that. Speaking of which, this instructor is in a very good mood today. My seventh group includes you and Chen Shen. These two first-level advanced combatants have greatly increased their strength."

"If Peng Yu can break through in the near future, our team will have three first-level advanced combat capabilities. At that time, the strength of our seventh group will definitely rank among the top three in the reserve guard battalion. Just thinking about it makes people look forward to it! Qin

Chuan was curious:"Instructor, how many first-order senior warriors are there in our preliminary guard camp?"

The instructor said:"Let's put it this way, there are nearly 400 reserve guards in this reserve guard camp, and there are no more than 20 who have reached the first level of advanced level." Except for you, a special being, the leaders of each group are all first-level senior warriors."

"However, most teams only have one first-level senior warrior. In some groups, there are two. There are three first-level senior warriors, but only one is the strongest group - the fourth group."

Hearing this, Qin Chuan's heart moved.

The fourth group?

He vaguely remembered that Chen Yuankun was assigned to the fourth group..
