

God level 1551

Chapter 1551

The instructor continued: "Qin Chuan, I would like to remind you that although you defeated Chen Shen, Chen Shen is only a first-level advanced warrior who has just broken through."

"In short, your strength is probably at the lower-middle level among many team leaders, and you still need to work hard. Otherwise, if members of our group are bullied by other groups, how can you protect them?"

"Conflicts like this often occur in the guard camp, and in the end the leaders of each group have to come forward to resolve them. If the team leader is not strong, his words will not carry enough weight."

Qin Chuan nodded slightly, thinking that no matter where he was, there was competition, and he had to improve his strength as soon as possible.

"Today, I will report the matter of your new team leader to the superiors so that they can be put on record. The day after tomorrow is the day to collect the elixir. You can go to the elixir bureau and collect the elixir by yourself."

The instructor reminded again.

Qin Chuan's eyes lit up, showing a look of joy.

As a reserve guard, he can receive some elixirs from the elixir bureau every month for practice.

Ordinary team members can only receive 2 Yuan Judan..

As the team leader, he can receive 10 pills.

And Qin Chuan has just become the team leader, and the day for distributing the pills has come.

He is really blessed with good luck and happy events!

"By the way, when you go to the elixir bureau, remember to show them the team leader's armband. Only then will they give you the team leader's share."

The instructor reminded again.

"Thank you instructor! Qin

Chuan responded happily.

He had used up all the elixirs and spent all his money. He was worried that he would have no elixirs to practice.

This time, the elixirs were distributed in a very timely manner.

Then the instructor explained a few more He asked Qin Chuan to go back.

Qin Chuan hurriedly resigned.

After leaving the school grounds, Qin Chuan did not go back to the camp dormitory, but went straight to the deputy chief instructor's residence.

This time, he won the position of team leader and completed the deputy chief instructor's residence. In the chief instructor's assessment, he should ask the deputy chief instructor how to become a true dual-system warrior.

As long as he can become a dual-system warrior, his strength will definitely skyrocket.

By then, his strength will be the best among many team leaders. , should be ranked among the top five, or even among the top three.

Of course, this is Qin Chuan's own assessment.

What the truth is, you will only know after fighting against each other.

Soon, Qin Chuan arrived at the residence of the deputy chief instructor, only to find that the deputy chief instructor The chief instructor was not there.

A guard who stayed behind told him that the deputy chief instructor had gone on a special mission and would not be back in a short time.

The guard couldn't tell when exactly he would be back. Maybe it would be ten days and a half, maybe ten days and a half. Two or three months.

In short, as soon as the deputy chief instructor comes back, he will be summoned again.

These words were told by the deputy chief instructor to the guards to Qin Chuan.

After receiving this news, Qin Chuan was slightly depressed and had to return to the camp.

Along the way, he He thought about practicing the Divine Fire Technique as soon as possible and improving his fire cultivation. In order to avoid being expelled from the guard camp a year later because his fire cultivation was holding him back, he would be disgraced.

A quarter of an hour later, Qin Chuan returned to the dormitory. , he closed the door and started practicing the Divine Fire Art.

Time flew by!

In the blink of an eye, two days passed.

This day was the day when the guards were preparing to go to the Pill Bureau to collect the pills.

Early in the morning , Qin Chuan opened his eyes from meditating, his face full of joy.

In just these two days of practice, he actually opened up seven main acupoints in one go, and his fire system cultivation has improved a lot.

This also made his overall strength, It improved a little more.

Qin Chuan found that his fire element talent was no worse than that of the wood element, and was definitely above the genius level.

The improvement of his fire element cultivation made him full of confidence.

Then, Qin Chuan thought that today was the day to receive the elixir day, his mood became happy again.

The Zhou family distributed fire elixirs, which were just used to speed up his fire training progress.

Thinking of this, Qin Chuan happily washed up and ate the food sent by the new team members. Breakfast.

Since becoming the team leader, he has had some privileges, such as the two new team members taking turns to deliver breakfast to him.

After eating breakfast, Qin Chuan was satisfied.

After cleaning up the mess, he planned to collect the elixir..At this moment, there was a rush of footsteps outside the door.

Bang~! Bang~! Bang~!

Then, there was an anxious knock on the door.

"Oh no! Oh no! Team leader, something happened!"

A team member shouted outside the door.

Qin Chuan was startled and hurriedly stepped forward to open the door.

Creak~!

The door opened and he saw a team member with a bruised and swollen face..

Chapter 1552

"Who beat you like this?", Qin Chuan looked at the team member in shock.

"The team leader, it was the gangsters from the 10th team who did it. I was not the only one who was beaten. They were still being beaten there, and I was the only one who came back."

The team member looked anxious and aggrieved.

Qin Chuan was surprised:"Why are they beating you?"

"Team leader, the thing is like this, today is the day to receive the elixir, and Awang and Li You went to receive the elixir. The two of them had just left the compound of the Pill Bureau when they met the bastards from Group 10 at the door."

"Seeing that they were this year's new team members, those bastards snatched away their pills and happened to be seen by the members of our seventh group. We went up to argue, but to our surprise, those few bastards not only refused to return the pills, but even started fighting with us."

"They have a large number of people, and there is also a first-level intermediate warrior. The strongest one on our side is only a first-level beginner. Naturally, he is no match for them, so he was beaten severely by them."

"Now, there are still five brothers detained there. When they let me back, they asked me to come over to you to get people, saying that I would teach you how to educate your subordinates well."

Hearing this, Qin Chuan frowned.

The people in the tenth group were clearly provoking him!

"snort! Walk! Take it over and have a look! Qin

Chuan snorted coldly, anger welling up in his heart.

"Team leader, come with me!"

At that moment, the team members led the way and the two of them rushed to the place where the accident happened.....

It didn't take long for the two of them to arrive at the gate of the compound of the Alchemy Bureau.

Qin Chuan saw from a distance that a dozen teenagers were punching and kicking five members of Group 7.

Those teenagers were kicking and cursing loudly.

"Grass! You guys are ignorant! I just asked the two newcomers to pay some tuition, how dare you make noises with me! Are you looking for death? Brothers, give them a good beating!"

A member of Group 7 was furious:"Bah! Jusuo! You shameless guy, you just know how to bully newcomers! You still have the nerve to say it!"

"fuck your mother! Do you still dare to speak harshly? Give me a hard beating! Beat him until he can't speak!"

"Zhu Suo, how dare you bully us like this! When our team leader comes, you will be dead!"

"Ha ha!! I have long heard that your seventh group has elected a leader. Who is he? Is it Peng Yu or Chen Shen? snort! Even if they come here in person, I, Zhu Suo, am not afraid of them!"

The tall and strong young man named Zhu Suo was extremely arrogant.

"How could Boss Heng be afraid of Fatty Peng and Chen Shen? This is too ridiculous!"

"that is! Ha ha!!

The ten team members burst into laughter

"Our team leader is not Peng Yu or Chen Shen, his name is Qin Chuan! When he comes, you will know how powerful he is!"

A member of Group 7 was indignant.

Zhu Suo stepped hard on the member's belly and said with disdain:

"Is Qin Chuan the onion? I've never heard of it. Do you think you can scare me by just saying a name?!"

"Ah~! pain!"

The member of Group 7 curled up in pain.

Bang! Bang! Bang!

Zhu Suo slapped the team member several times in a row.

"stop!"

But at this moment, a cold shout came from the distance.

Zhu Suo and others were startled and followed the sound.

They saw the member of the seventh group who had been let go by them earlier, taking a twelve or thirteen-year-old boy with him. The boy walked towards them.

Zhu Suo's eyes fell directly on Qin Chuan. The boy who just shouted stop was this boy.

It seemed that this boy was too young, only twelve or thirteen years old.

Then, he After discovering that Qin Chuan was only a junior warrior of the first class, he suddenly looked disdainful.

"Hold! Boy! Who are you to ask me to stop? I think you are looking for... Hey! This is...."

At this time, Zhu Suo seemed to have discovered something, and his eyes fell on Qin Chuan's arm..

Chapter 1553

At this time, Zhu Suo seemed to have discovered something. His eyes fell on Qin Chuan's arm. There was another team leader's armband.....

"Huh! Team leader's armband! Could this guy be the leader of the seventh group?"

Zhu Suo was a little surprised.

"Team leader!"

"Team leader! You are here!"

At this time, the sound of surprise from the members of the seventh group was heard in the field.

This time, Zhu Suo no longer doubted.

It turned out that this little dwarf was the patriarch of the seventh group!

"Team leader! You finally came!"

"Are you the leader of the seventh group?!"Zhu Suo still asked.

"Exactly!", Qin Chuan looked cold.

At this time, the team member next to Qin Chuan who reported the news whispered quietly.

"The team leader, the guy opposite is called Zhu Suo, he is the first master of the tenth group, and his strength is the peak of the first-level intermediate level."

Qin Chuan nodded slightly, indicating that he knew.

And Zhu Suo was also secretly looking at Qin Chuan.

He looked at Qin Chuan carefully several times, and when he confirmed that Qin Chuan was really just a first-level junior warrior, he suddenly laughed with disdain.

"Ha ha! Who am I to be the new leader of Group 7, but I don't want to be just a first-level junior kid? Your Group 7 is really in decline!"

As soon as these words were said, the members of the tenth group agreed one after another.

"Boss Heng is right. The seventh group actually let a first-level junior kid be the leader. It's so damn shameful!"

"The seventh group also includes Peng Yu and Chen Shen. They are also first-level intermediate warriors. Why didn't they become group leaders?"

"Who knows! In short, this seventh group is already the weakest group. It is not surprising that a first-level junior suddenly appears as the group leader!"

"That's right! Ha ha!!!"

Behind Zhu Suo, the members of the ten groups laughed loudly.

Chen Shen was the one who broke through to the first level a few days ago. The news has not spread yet, so we don't know about this.

Not long after Qin Chuan took over the position of group leader, something about The news about his strength has not spread.

Faced with the ridicule of the members of the tenth group, Qin Chuan looked calm.

The members of the seventh group showed angry faces one after another.

These guys from the tenth group are all looking down on others!

"Let them go!"

Qin Chuan glanced at his team members who were imprisoned on the ground.

"Why?!", Zhu Suo raised the corner of his mouth, showing a provocative look.

Then, he sneered again:"If you ask Peng Yu and Chen Shen to come over, I can consider letting them go. As for you, a first-level junior kid, you are not qualified yet!

Qin Chuan smiled coldly:"You bully the weak with the strong!"

Zhu Suo was furious:"Boy! What did you say?!"

"Call you a bastard!"

Shua~!

Qin Chuan dodged and turned into an afterimage in an instant.

Bang~!

A muffled sound!

That was Qin Chuan's fist, hitting Zhu Suo's chest

"ah~! "

A scream!

Zhu Suo was blown away by a punch!

Shock!

The whole audience was shocked!.

The members of the ten groups all opened their mouths, unable to believe what they were seeing.

With just one face-to-face encounter, Qin Chuan blasted Zhu Suo away.

The speed was so fast that none of them could see Qin Chuan's movements clearly.

Bang~!

Zhu Suo fell to the ground heavily!

Wow!

A mouthful of blood spurted out from Zhu Suo's mouth, and he collapsed on the ground, unable to get up for a long time.

The faces of the ten team members changed drastically again.

During this encounter, Zhu Suo was seriously injured.

It turned out that Qin Chuan was angry at Zhu Suo's arrogance, so he punched Zhu Suo right in the heart, fast and hard.

Qin Chuan is not a good person.

He is a person who must avenge himself!

"And you!"

Qin Chuan raised his head and looked at the ten team members with cold eyes.

The expressions of those team members suddenly changed.

But before they could react, Qin Chuan rushed towards them.

"not good!"

"Run!"

The members of the ten groups shouted in horror.

They suddenly scattered and ran away.

Seeing that Qin Chuan was too fast, he rushed over at once.

Bang~! Bang~! Bang~!

There was a burst of punches and kicks, and afterimages flashed. , the stadium suddenly screamed again and again!

In just a moment, Qin Chuan knocked six members of the tenth group to the ground, and they all cried for their fathers and mothers in pain.

"Ha ha! What a great fight!"

"The team leader is mighty!"

Seeing Qin Chuan's great power, the seven team members were ecstatic and cheered loudly.

"stop!"

At this moment, a sharp shout suddenly came from behind Qin Chuan.

Boom~!

Immediately, the wind of fists exploded.

The person arrived suddenly and punched Qin Chuan in the back.

The momentum of that punch was extremely terrifying.

Qin Chuan's face changed slightly, and he quickly turned around to meet the punch..

Chapter 1554

The visitor arrived suddenly and punched Qin Chuan in the back.

The momentum of that punch was extremely terrifying.

Qin Chuan's face changed slightly, and he quickly turned around to meet the punch... the two fists met!

Qin Chuan and the visitor both groaned and retreated.

Qin Chuan took five steps back before he regained his balance.

The person took three steps back.

In this encounter, Qin Chuan was slightly at a disadvantage, but he was still on the same level.

If there is really a life and death battle, the person coming may not be Qin Chuan's opponent.

After all, Qin Chuan has mastered two martial arts, one of which is a powerful intermediate martial arts.

It was at this moment that Qin Chuan saw clearly the person who attacked him.

It was a young man who looked nearly twenty years old with a thin face and sinister eyes.

Kick~! Kick~! Kick~!

At this time, a member of Group 7 trotted all the way to Qin Chuan's side

"Team leader, this person's name is Zhu Wei. He is the leader of the tenth group and Zhu Suo's brother. He is a first-level senior warrior and very powerful!"

The team member whispered in Qin Chuan's ear.

Qin Chuan nodded slightly to express understanding.

At this moment, Zhu Wei was looking at Qin Chuan in shock.

This little man was obviously only a first-level junior warrior, but he could compete with him A hard punch.

If he hadn't seen it with his own eyes, he would have thought he was dazzled.

Is this guy really just a first-level junior?!

Hiss~!

Zhu Wei looked at Qin Chuan carefully for a while and found that the other person was really only a first-level junior. He couldn't help but gasp.

Then, his eyes fell on Qin Chuan's team leader's armband.

"It turns out that you are the new leader of the seventh group!"

The corner of Qin Chuan's mouth curled up slightly, too lazy to answer.

Zhu Wei added: "I heard that among this batch of newcomers, there is a first-level junior warrior named Qin Chuan. In the preliminary guard assessment, he defeated the top intermediate first-level warrior. Chen Yuankun. It seems that you are Qin Chuan! Qin

Chuan smiled coldly: "Your information is quite good!" Zhu Wei continued: "

Before, I thought others exaggerated your strength. When I saw it today, I was not disappointed. However, although you are strong, you are not as good as me."

Zhu Wei looked confident.

He felt that he was better than Qin Chuan, but he had a slight upper hand in the fight just now, and he felt a little more confident.

Qin Chuan said disdainfully: "So what?"

"how?", Zhu Wei sneered, "I won't talk nonsense to you! Let me ask you, why did you hurt my brother and my subordinates?"

Zhu Wei pointed to Zhu Suo not far away.

At this moment, Zhu Suo was still lying on the ground vomiting blood. It was obvious that his injury was not serious.

"It turns out that this bastard is your brother!", Qin Chuan looked contemptuous.

Zhu Wei was furious:"Qin Chuan! Keep your mouth clean! Don't think that just because you have some strength, you can bully others!

Qin Chuan said coldly:"If you want to bully someone, it should be your brother." If he hadn't led your ten groups, bullied our seventh group, and taken the elixirs from our seventh group of newcomers, I wouldn't have beaten him! Zhu

Wei was angry:"Even so, just ask him to return the pill and apologize. Why beat him so seriously?"

Qin Chuan sneered:"Ha!" Do you think our seven team members are easy to bully, and just apologising? Whoever dares to bully my team members will definitely make him pay the price!"

"you!", Zhu Wei was furious,"Qin Chuan, you are so arrogant! Then I want to see if your strength is worthy of your arrogance!"

As soon as he finished speaking, Zhu Wei was about to take action again.

But at this moment, a sneer came from the distance.

"hehe! I said Zhu Wei, when you bullied our seventh group before, you relied on the strength of the crowd. Today, you should also have a taste of being beaten by a crowd!"

Zhu Wei was startled and hurriedly followed the sound.

He saw Chen Shen and Peng Yu leading more than a dozen members of the seventh group, walking towards the side.

When Zhu Wei saw this formation, his face suddenly changed slightly.

In his opinion, Qin Chuan's strength does not need to be much weaker than his. Now that there is such a group of people from the seventh group, he is definitely not a match.

After all, most of their team members were injured by Qin Chuan.

What's more, Chen Shen and Peng Yu from the seventh group All are masters

"Huh! You have a breakthrough!"

At this moment, Zhu Wei discovered that Chen Shen's aura had reached a first-level advanced level.

He suddenly opened his eyes wide in surprise.

It was just Qin Chuan, and there was another first-level advanced warrior in the seventh group. , the strength was obviously higher than that of one of their ten groups.

At this moment, Zhu Wei suddenly felt something was wrong.

Speaking of which, he had not mastered the martial arts yet. Even if he broke through to the first level earlier than Chen Shen, there was no martial skill that was his. Shortcomings.

If he really had to fight Chen Shen, he felt that he might not win. At most, it would be a 50-50 victory.

Thinking of this, he suddenly looked at Qin Chuan.

Chen Shen had already broken through to the first level and was the leader of the seventh group. How could it be Qin Chuan?

Is this Qin Chuan stronger than Chen Shen?..

Chapter 1555

Just when Zhu Wei was in shock, Chen Shen and others arrived

"Zhu Wei! I have made a breakthrough, and I want to have a fight with you. Do you want to start the fight now?"

Chen Shen looked provocative.

Peng Yu said angrily: "Chen Shen, challenge him to a fight. Let's rush up and beat him up together! Bullying the minority with more people is what Group 10 likes to do! Today, we also give them a taste of being beaten by a group!"

Hearing this, the corner of Zhu Wei's mouth twitched, and his face looked a little ugly.

Chen Shen would be difficult for him to deal with.

What's more, there was Qin Chuan beside him.

If Peng Yu and more than a dozen people were added, their tenth group would definitely be He would be beaten to pieces.

At that moment, he swallowed and looked at Qin Chuan

"Qin Chuan, you are the team leader! The disputes between our two groups should be resolved between our group leaders. Now, neither you nor I can tell who is right. How about this, according to the rules of the escort camp, you and I will fight against each other, and then we will discuss right and wrong!"

Zhu Wei actually challenged Qin Chuan.

Chen Shen and others sneered.

This guy was obviously afraid of being beaten by a group, but he didn't want to retreat in despair and lose face, so he came up with a strange trick to challenge him.

Not yet. Qin Chuan answered and Chen Shen laughed.

"hehe! Zhu Wei, do you really want to challenge our team leader to a duel? I think you are looking for death! Even I am not his opponent, how can you win him?"

"What? Are you not his opponent?", Zhu Wei was a little surprised.

Chen Shen smiled coldly: "Zhu Wei, with my character, Chen Shen, if he hadn't defeated me, would I have given up the position of team leader?"

Hearing this, Zhu Wei's face became a little ugly, and his eyes looking at Qin Chuan became a little awe-inspiring.

He thought to himself that he might not be Chen Shen's opponent, then it would be even less likely that he would be Qin Chuan's opponent.

If he If you insist on a duel with Qin Chuan, you will be humiliating yourself. He hesitated for a while and then said: "That's it! That's all for today! let's go!"

As soon as he finished speaking, he turned around and left.

"Brother, won't you help me get revenge?", Zhu Suo was a little confused.

Bang~!

Zhu Wei slapped Zhu Suo angrily

"idiot! It's just that you have too many things to do!"

Zhu Suo was stunned by the slap, and his head was buzzing.

Of course he didn't know that Zhu Wei was so aggrieved at this moment.

Knowing that he was not his opponent, and still being stubborn here would be humiliating himself. This younger brother is enough stupid

"let's go!"

After leaving these words, Zhu Wei left without looking back.

Seeing this, Zhu Suo's arrogance disappeared.

At that moment, he and several of his subordinates also left with frustrated faces, looking very embarrassed.

"Wait!"

But at this moment, Qin Chuan's cold voice sounded in the field.

Zhu Wei trembled, feeling uneasy, and slowly turned around

"Team Leader Qin, what else do you want? Qin

Chuan sneered: "Your team members stole my brother's elixir. Shouldn't it be returned to the original owner?"

Hearing this, Awang and Li You, who had been robbed of the elixir, looked at Qin Chuan with gratitude.

Zhu Wei stared at Qin Chuan for a while, then turned to the team members and said: "Who robbed them? The elixir, go and give it back to them!"

Hearing this, Zhu Suo walked out of the crowd with a reluctant look on his face, took out two bottles of elixirs, and handed them back to Qin Chuan.

Qin Chuan took them with a smile and gave them back to Awang and Li You. After that

, Zhu Wei and his team left in despair.

After Zhu Wei and others walked away, the seven team members cheered. After what happened today, it can be said that the seventh team defeated the tenth team.

After this incident, It is enough to prove that the seventh group is no longer the weakest group.

"Ha ha!! It's so cool this time! Let these bastards run away with their tails between their legs!"

"snort! These bastards used to bully our seventh group, but now they know how good we are!"

"From today on, I want to see who else dares to say that our seventh group is the weakest group"

"hey-hey! Speaking of which, it was our team leader who scared Zhu Wei away."

"I didn't expect that Zhu Wei was so weak that he didn't even dare to fight, so he left in despair."

"snort! This kind of person typically bullies the weak and fears the strong. If you follow him, you will be exaggerated by his habits and will not become a big trend!"

A group of team members discussed happily, and everyone felt elated.

Qin Chuan could also feel that the team members respected him even more in his tone.

Through this incident, they have seen that Qin Chuan, as a team member The leader's responsibility.

Unconsciously, the relationship between Qin Chuan and the team members became closer.

"By the way, Chen Shen, why are you here?" Qin Chuan asked curiously.

Chen Shen replied:"When our people were bullied, other team members who passed by also saw it. Those people didn't know we had a new team leader, so they approached Peng Yu and me. We got the news and rushed here."

Qin Chuan suddenly realized.

It seems that Chen Shen's connections in the reserve guard camp are quite good.

"By the way, team leader, you haven't received your elixir yet, have you? We didn't get any either. Why don't we go in and get the elixir together?", Chen Shen said with a smile.

"Let's go! Everyone together!" Qin Chuan readily agreed.

Afterwards, the group happily entered the Dan Pharmacy Bureau...

Chapter 1556

Entering the courtyard of the Alchemy Bureau, Qin Chuan found that there were many people inside.

In addition to the preliminary guards who came to receive the elixir, there were also some medicine boys who helped the elixir master.

The medicine boys were about the same age as Zhang Shui'er. They usually did some work such as selecting medicinal materials, processing medicinal materials, and cleaning the courtyard.

Along the way, Qin Chuan listened to the team members' introductions and gained some general understanding of the Pill Bureau.

The Dan Pharmacy Bureau is a department under the Zhou Family Dan Pharmacy.

All the elixirs in the elixir bureau are refined by a junior elixir master.

I heard that the junior alchemist was recently hired by the Zhou family with a high salary. Although his cultivation level is not high, his status is very high.

After all, there are very few alchemists in this world, and their status is much more noble than that of warriors. Even a junior alchemist has a status comparable to that of a fourth-level warrior.

However, the person in charge of this elixir bureau is not the junior elixir master, but a direct disciple of the Zhou family—Master Zhou.

Hearing that it was Young Master Zhou Zhou, Qin Chuan couldn't help but think of Lin Yue.

He couldn't help but murmur in his heart.

Lin Yue was Young Master Zhou's fiancée, and Lin Yue's lead was taken away by Nan Yu.

That Young Master Zhou was cuckolded, but he didn't know it, which is also sad!

After entering the elixir bureau, Qin Chuan came to the registration office surrounded by all the team members.

The clerk at the registration office is immersed in taking notes

"Secretary, our team leader is here to collect the elixir, please send the elixir quickly!"

The secretary looked up and was a little stunned when he saw that Qin Chuan was just a child of twelve or thirteen years old.

Generally, the leaders of the reserve guard team are all seventeen or eighteen years old, and some are nearly twenty years old. How could this be possible? He is a little boy of twelve or thirteen years old.

"Are you the team leader? Don't kid me!"The secretary didn't believe it.

Chen Shen on the side said impatiently:"Secretary, if you don't know our team leader, you should know me, Chen Shen. This is the leader of our seventh team. If you still don't believe it, just look at his team leader's armband and it will become clear."

With this reminder, the secretary looked at Qin Chuan's right sleeve. Sure enough, there was a team leader's armband.

He was stunned and almost thought he was dazzled. Oh my god!

A twelve or thirteen-year-old clan leader, he is still the third See you once!

"Do you understand now? Hurry up and give the elixir to our team leader!"

"that is! Dilly-dallying!"

A group of team members urged loudly.

In terms of status, this secretary is a little worse than the reserve guards, and even worse than Qin Chuan.

After all, the secretary is just a literate ordinary person who has no talent for cultivation, so he comes to do this. Work.

In this world where martial arts is respected, without strength, it is difficult to gain a superior status.

Of course, if you are an alchemist, it is different.

The status of an alchemist is higher than that of a martial artist.

But it is difficult to become an alchemist. The top figures in society, the top figures, are still those ninth-level warriors.

They are the real overlords of the party!

However, the secretary immediately recovered after being urged by everyone.

He quickly and respectfully said: "This leader, You wait later, I will register and arrange it for you now!"

But at this moment, a pleasant voice came from the inner hall.

"What are you all doing? Why all the noise?"

As the voice fell, a fifteen or sixteen-year-old girl in white walked out from the back of the hall.

The girl was extremely beautiful, with clear and translucent eyes, red lips and clear eyebrows, teeth like shells, a waist like a willow, skin like gelatin, and long hair. Shoulders, extremely beautiful.

As soon as this beautiful girl appeared, all the young people's eyes lit up, and their eyes flashed with surprise.

As soon as the secretary saw the girl, he quickly stepped forward to salute: "I have seen the Jade Medicine Master!"

Hearing this, the young men whispered to each other.

"Wow! It turns out that she is the newly hired junior pharmacist!"

"She is so beautiful!"

"yes! It's so beautiful!"

"Be careful if she hears her, she is a junior pharmacist with a very high status, we cannot afford to offend her!"

All the young people have reached the age of first love. Seeing such a beautiful girl at this moment, they were stunned for a moment.

Only Qin Chuan is only twelve years old. He doesn't know about love and regards beautiful women as nothing.

Then The girl's dark eyebrows wrinkled slightly, as if she was unhappy to be seen by the young men. She turned around and asked the clerk

"Why was there so much noise just now? Even if I want to calm down and make elixirs, it won't work. Did you get into an argument with someone?"

The secretary panicked and said:"Go back to Jade Medicine Master, my subordinates didn't have any disputes with anyone. It's just that so many people came to collect the elixirs and the chatter became a bit noisy. Qin

Chuan also smiled and said:"Sister pharmacist, we are just here to collect the elixirs. We never wanted to cause trouble. If I disturbed you just now, I hope you will forgive me!"

When the girl heard the words, she raised her head slightly and saw Qin Chuan's big black eyes, looking at her clearly and without desire, and felt a little happy in her heart.

She thought to herself:"This young man knows some manners, isn't he? Guys like those around him look at people with evil eyes, as if they want to eat them alive, which is really annoying."

At this glance, the girl seems to have a good first impression of Qin Chuan..

Chapter 1557

From this look, the girl seemed to have a good first impression of Qin Chuan.

Then, she said gently:"Secretary, since they are not here to cause trouble, you should quickly give them the elixir and let them leave early, so that this place can be quieter." After hearing this, someone started Get up

"yes! Secretary, if you don't send the elixir to our team leader quickly, how long are you going to make us wait?"

"yes! yes! I'll do it now. Team leader, please show me your team leader armband so I can register."

Qin Chuan took off his team leader's armband and handed it over.

After the clerk confirmed it, he asked while registering:"So you are Team Leader Qin of the seventh group. I would like to ask Team Leader Qin, do you want to receive Ju Yuan Pill or Xiao Ju Yuan Pill?"

"If you are receiving Ju Yuan Dan, you can receive ten; if you are receiving Xiao Ju Yuan Dan, you can receive thirty."

Qin Chuan knows that the elixirs distributed by the Zhou family every month are all of the fire element.

He is now fully cultivating fire energy, and the fire element cultivation is still at the quasi-warrior stage. It is a waste to use the Ju Yuan Dan, and use the Small Ju Yuan Dan. It's a good deal.

Thinking of this, Qin Chuan said:"I want to receive Xiaojuyuan Dan.""

"Okay, Team Leader Qin, this is the share you received this month, please keep it! Please also keep your team leader's armband! Please sign for it here again."

The secretary took out three bottles of elixirs from the counter and took out a book and asked Qin Chuan to register.

After Qin Chuan completed the registration, he happily accepted the elixirs.

With those three bottles of Xiaojuyuan Dan, he The progress of fire cultivation can be doubled again.

The beautiful girl on the side has been watching Qin Chuan collect the pills and put the team leader's armband on his shoulders, and then he covers his mouth and chuckles in surprise

"Huh! I didn't realize it, but you kid is actually a team leader."

Qin Chuan frowned slightly, feeling a little unhappy.

"This pharmacist sister is almost thirteen years old, and she is not a child."

When the girl heard this, not only was she not surprised, but she was happy to say it: "Hehe~! You are an interesting person. You are obviously young, but you still pretend to be mature. Thirteen years old is not just a big kid!"

"However, you are already the team leader, and you can also be said to be capable of doing big things. You cannot be treated like a child."

At this point, the girl's beautiful eyes turned, and she looked at Qin Chuan again. She seemed to have made a new discovery, and said with a smile: "This team leader, your cultivation level does not seem to be high. I saw other team leaders. They are all at the first level of advanced cultivation, but you are only at the first level of junior level, so you have to work harder!"

Hearing this, the team members on the side quit.

"Jade Medicine Master, although our team leader's cultivation level is not high, his strength has completely reached the first-order advanced level!"

"that is! Don't underestimate our team leader!"

"Yeah?", the girl didn't believe it.

At this time, Chen Shen said with some lust: "This little pharmacist sister, if our team leader doesn't have that strength, can he take the position of team leader from me?"

The girl saw that Chen Shen seemed frivolous and rolled her eyes at him unhappily. However, she found out that Chen Shen was a first-level senior warrior, so she looked at Qin Chuan in surprise.

"You are quite interesting. It seems that everything they said is true."

"Of course it's true, Sister Pharmacist, don't you still believe it?", Qin Chuan also asked with a smile

"Cackling!!!", the girl smiled happily, "Little brother, sister believed it. By the way, don't call me pharmacist sister anymore. Sisters have names. My sister's name is Yuyao. Just call me sister Yuyao."

"oh!"

"Little brother, sister will not accompany you. If there are any of you who haven't received the elixir, please hurry up and leave as soon as you finish. I'm going to make the elixir. I hope there are fewer people here and it can be quieter. I'll excuse you."

After saying that, the girl turned and walked towards the inner hall.

Seeing that the girl was about to leave, all the young people looked at her with longing.

Qin Chuan shook his head helplessly.

Finally, after the team members had all received the pills, he still pulled a Only by helping others can I leave..

Chapter 1558

Out of the pill store.

Another team member said to Qin Chuan:"Team leader, I also received the elixirs. Let's go to Xiaofang City to have a look. We want to buy some useful elixirs there. Team leader, are you going?"

"Xiaofang City? What is that place?", Qin Chuan looked curious.

"Team leader, in addition to distributing some elixirs every month, this elixir bureau also sells elixirs to us reserve guards. This is also one of its sources of income. There are many elixirs suitable for us.

Qin Chuan's eyes lit up:"Let's go!" Then go check it out!"

A quarter of an hour later, everyone arrived at Xiaofang City.

Qin Chuan found that Xiaofang City was very lively, much more lively than the Pill Bureau.

Soon, he was surprised to find that many of the reserve guards were buying pills. It was just one or two hundred gold coins, which was very generous.

He couldn't help but wonder.

As far as he knew, the cost of preparing a guard for one month was only ten gold coins.

Why are these people so rich!

Chen Shen on the side seemed to see that Qin Chuan's doubts were explained.

"Team leader, the monthly payment of ten gold coins we prepare to protect is just a symbolic meaning. Our main income comes from two aspects. One is to hunt ferocious beasts and sell some ferocious beast materials and inner elixirs in exchange for some money.

"Generally speaking, a first-level high-level warrior can earn three hundred gold coins a month. Another major source of income is from receiving tasks."

"The next task?" Qin Chuan was immediately curious.

Chen Shen continued to explain: "Sometimes the official guards are too busy and there are not enough manpower, so some simple tasks will be assigned to our reserve guards. As long as we complete it successfully, there will be rewards"

"The rewards for these tasks are not low, ranging from dozens of gold coins to hundreds of gold coins. However, these tasks are released passively and are not something we can actively apply for. Qin

Chuan suddenly understood and nodded slightly.

"By the way, are the prices of elixirs in Xiaofang City the same as those outside?"

Qin Chuan thought of a new question.

"Of course it has to be cheaper. If it's not cheaper, why would everyone buy it in Xiaofang Market? If you have the money, just go to the outer market to buy it. There are many types of elixirs there, and there are more choices than here."

"How much cheaper are the pills in Xiaofang City than outside?"

"In fact, it's not much cheaper. The little Juyuan Dan outside costs ten gold coins, but here it sells for nine and a half gold coins. Juyuan Dan is sold for thirty gold coins outside, but it is sold here for twenty-nine and a half gold coins."

"Although it is only half a gold coin cheaper than outside, it is still cheaper after all. After all, money is not easy to make. When hunting ferocious beasts, you are risking your life to make money. If you do not do well, you will be killed by the beast, so if you can save a little, everyone will be willing to come here to buy."

After hearing these words, Qin Chuan's eyes lit up, and he thought of a good way to make money.

I was worried about having no money to spend!

It seems that I have a way to make money.

If it succeeds, I won't have to worry about it in the future. The money was used to buy elixirs.

Thinking of this, Qin Chuan's lips curled up slightly, showing a delighted smile.

Although he had just received thirty small Juyuan elixirs, those elixirs would only last for a month and a half at most.

For Qin Chuan , , those elixirs were far from enough.

Thinking of this, he continued to inquire:"I wonder what elixirs are sold in this Xiaofang City?
Chen Shen said:"

This Xiaofang City mainly sells low-grade elixirs. There are not many types. They probably include Xiao Juyuan Dan, Ju Yuan Dan, Ningxue Powder, Qing Nei Dan, Anthelmintic Powder, Detoxification Pill, and Poison Heart Pill.""

"That's all I remember, and there are still some things I can't remember. However, the two best-selling products are Xiao Ju Yuan Dan and Ju Yuan Dan."

After hearing this, Qin Chuan had already made up his mind.

He smiled and asked the team members:"Are you here to hang out, or do you want to buy elixirs?"

"Team leader, the three of us hunted and killed a first-level beast a few days ago and exchanged some money for it. This time we came here to buy some elixirs."

"Ha ha! Me too! I'm lucky. Five days ago, I picked up a fire sun flower in Dawuling. I exchanged it for more than 80 gold coins, and I'm going to buy three Yuan Judan."

All the team members talked about their gains during this period, and they were all very happy. They all had good gains.

Qin Chuan asked again:"How much money can you make in a month?"

"This one mainly depends on luck. Sometimes, I can earn over a hundred gold coins a month, and sometimes I can only earn thirty or forty gold coins."

"Why! Hong Long, you are a first-level junior warrior. Of course you can earn that much. Peak quasi-martialists like us earn less. It would be good to earn thirty or forty gold coins a month."

"yes! It's not easy to make money!".....

Hearing this, Qin Chuan pretended to be serious and said:"Brothers, I now have an easy way to make some money. Do you want to do it together?"

The team members' eyes lit up.

"Team leader, do you have any good ideas? Are you taking us to hunt ferocious beasts?"

"Hunting ferocious beasts is a bloody business, and it is not easy! Qin

Chuan smiled and shook his head: "Of course it's not about hunting ferocious beasts!" My method is easy and safe."

Hearing this, the eyes of all the team members shone brightly.

Chen Shen asked in surprise: "Team leader, do you really have an easy and safe way?"..

Chapter 1559

Chen Shen asked in surprise: "Team leader, do you really have an easy and safe way?"

Qin Chuan smiled with a hint of meaning: "Of course, if you believe me, follow me back to discuss now, and I will tell you how much money you can make." A way to make money."

Hearing this, all the team members were delighted and started urging them one by one.

"Team leader, let's go back quickly!"

"Let's go! I can't wait to find out.

Qin Chuan smiled slightly: "Let's go!" go back!"

At that moment, the group left Xiaofang City happily.

Not long after, Qin Chuan and others returned to the camp.

Everyone gathered in Qin Chuan's dormitory and held a small meeting

"Team leader, do you have any way to make money? Please tell me quickly. I'm so anxious!"

"yes! Team leader, please speak up quickly and stop torturing us."

"In fact, the way to make money is very simple, because I have this."

Qin Chuan took out a dark token, which was Wanbaoxuan's VIP token.

"What's this?"

None of the young men have seen this thing.

""This is Wanbaoxuan's VIP order." Qin Chuan rolled his eyes,"With it, I can get a 10% discount on elixirs purchased at Wanbaoxuan."

Chen Shen was surprised:"This is such a good thing!" Peng

Yu had an idea:"Team leader, do you want to make the difference?""

"clever!", Qin Chuan smiled and nodded.

"With this VIP order, I went to Wanbaoxuan to buy the Juyuan Pill. One pill only cost twenty-seven gold coins, which was three gold coins cheaper than others. If I sell it for twenty-nine gold coins, which is half a gold coin cheaper than that in Xiaofang City, I think it will be very popular in this reserve guard camp!"

As soon as these words came out, everyone's eyes lit up, and everyone looked astonished.

"right! In this way, one Juyuan Dan can earn two gold coins."

"Team leader, this is a great idea! You can indeed make a lot of money!"

The team members began to get excited.

Qin Chuan chuckled:"We share the same hardships and share the blessings. Of course, the brothers make the money together. I have already told you my plan. What everyone has to do now is to raise money together to make capital."

"I am responsible for purchasing the elixirs, you are responsible for selling them, and then we will share them according to everyone's contribution. What do you think?"

Qin Chuan was already penniless, so he thought of this way to raise funds. As soon as he finished speaking, Chen Shen was the first to express his stance

"This is a great idea! I did it!"

"I did it too!"

All the team members enthusiastically participated in

"Team leader, the token is yours. We only contributed some capital, but we took advantage of you.

Qin Chuan said with a smile:"We are all brothers, don't say those disrespectful words." Now everyone is starting to raise funds. Whoever invests more will get greater profits. If you have money, invest more."

"Ha ha! I'll invest five hundred gold coins first!

Chen Shen readily took out five golden tickets, each with a denomination of one hundred.

"I also put in five hundred gold coins."Peng Yu was not to be outdone.

"Ha ha!! You two are rich people. I don't have that kind of money, so I'll just give you three hundred gold coins."

The third person to invest is Hong Long.

He is the third master of the seventh group, and he is also the young man who received Qinchuan's three newcomers. As soon as these three people made their move, the atmosphere in the field became heated.

All the players were enthusiastic They all invested their own money.

It didn't take long for Qin Chuan to raise more than 3,100 gold coins, which surprised him.

He didn't expect that these team members had quite a lot of savings!

This also shows that there are many people. With great power, small money can turn into big money.

Of course, there is not a penny of Qin Chuan's in this. He is now a pauper and can only be left with nothing.

Next, everyone discusses the division of labor.

Qin Chuan is the leader of the entire system. The person in charge is mainly responsible for the purchase of elixirs.

Chen Shen and Peng Yu are responsible for financing.

As for the elixir sales, Hong Long and a group of seven team members are responsible for it.

Newcomers Awang and Li You are arranged by Qin Chuan to do their daily work Account records.

After arranging these, we discussed the issue of sharing.

Because Qin Chuan issued the VIP order and contributed the most, Qin Chuan got 30% of the net profit.

After confirming these, everyone's money-making plan was officially It started...

That afternoon, Qin Chuan went to Wanbaoxuan with a huge sum of more than 3,100 gold coins. The Wanbaoxuan he went to this time was the Wanbaoxuan in the North District, not the same one last time. When the receptionist saw him showing the VIP order, he was very polite to him.

You know, Wanbaoxuan doesn't issue the VIP order easily, and many fifth-level experts don't have it.

Qin Chuan got the VIP order by mistake. Collision.

The VIP order can be used in Wanbaoxuan anywhere.

Because of this, Wanbaoxuan will not recognize the VIP order.

As long as the VIP order is presented, they will treat it as a VIP and give a 10% discount.

After Qin Chuan arrived at Wanbaoxuan, he bought more than 110 Juyuan Pills and hurried back.

As for the Xiao Juyuan Pills, he didn't buy any. On the Xiao Juyuan Pills, even if he used VIP Order, each one costs nine gold coins.

And the price in Xiaofang City is nine and a half gold coins. In this calculation, he has no profit to make.

Therefore, Qinchuan's main sales direction is all on Juyuan Dan.

Return After arriving at the camp, Qin Chuan summoned Hong Long and others, gave them the elixirs, and asked them to go out and sell them.

Hong Long and others were very motivated. After everyone divided the elixirs, they went to various groups to sell them.

At this point, After Qin Chuan's work was completed, he stopped caring about other trivial matters and waited for the dividends. During this period, he went into seclusion to practice.

A large part of the reason why Qin Chuan recruited the team members to join the team to make money was because he wanted the team members to help him do the work. After all

, selling pills is also very energy-consuming.

With the addition of these team members, he doesn't have to worry about it and saves a lot of time for his own practice.

What Qin Chuan didn't expect was that in less than a day, the one hundred and one All ten Yuan Ju pills were sold out. They were very popular and even some were in short supply.

This first attempt was a complete success.

Everyone made more than two hundred gold coins in one day. They were in a good mood and became more enthusiastic about it.

According to the dividends, Qin Chuan could get more than sixty gold coins.

However, he was not in a hurry to pay the dividends and continued to use them as investment funds.

Seeing the hope of making big money, the team members did not pay the dividends and instead increased their investment.

This time , Qin Chuan purchased more than 200 Juyuan Pills, which were still very popular.

In the next few days, Qin Chuan, besides practicing the Lihuo Jue, also went to purchase goods.

The seventh group's elixir business is getting more and more prosperous, their reputation is getting bigger and bigger, and they are making more and more money.

The team members were very happy..

Chapter 1560

In the next few days, the seventh group's elixir business was in full swing.

What surprised Qin Chuan was that Hong Long was very good at dealing with people.

He actually opened up the sales channel for the escort team.

After all, the Juyuan Pill is also effective for second-level warriors, and second-level guards have more money, unlike reserve guards who only buy two or three pills at a time.

Those second-level guards, you can buy them for a dozen, or even twenty or thirty.

This time, the business situation was completely opened up.

What surprised Qin Chuan even more was that Hong Long not only opened up the market for second-level guards, but also the casual warriors near the Zhou family, all of whom became his sales targets.

Soon, the entire team's management and sales system gradually matured.

Sales profits are also basically stable at a certain value.

Qin Chuan also went to Wanbaoxuan every two or three days in the past to purchase once every seven days, saving a lot of time and energy.

Of course, Hong Long played an important role in this.

In order to reward Hong Long, Qin Chuan specially increased his share of the profits to make him more motivated.

Time flies!

In the blink of an eye, a month has passed, and the deputy chief instructor has not returned yet.

Qin Chuan had no choice but to practice alone.

However, during this month, there were also things that made Qin Chuan happy.

First of all, their elixir business gave him a dividend of more than 2,000 gold coins.

The other team members also received hundreds of gold coins in dividends, at least one of them had about 200 gold coins.

This is much better than risking their lives to hunt ferocious beasts.

Another thing is that just three days ago, Qin Chuan, with the assistance of a large number of pills, finally cultivated the fire energy to the peak quasi-warrior level.

In this way, his strength has greatly increased.

Next, he wanted to break through the fire energy to the first level. That would not happen in a day or two, it would take at least two or three months.

However, as long as you have the Awakening Pill, it only takes a day or two to achieve a breakthrough.

However, an Awakening Pill costs at least 3,500 gold coins. Qin Chuan still doesn't have enough money, so he can only postpone the purchase.

At this point, his fire element training had reached a bottleneck.

As for the progress of his water energy, there are currently only two earth evil acupuncture points that have not been opened.

Those two acupoints are Fengchi acupoint, one behind the left ear and one behind the right ear.

Once these two acupuncture points are opened, the water energy can break through to the first-level intermediate level.

However, Fengchi acupoint is the most difficult to open among the seventy-two earth evil acupoints, let alone two at the same time.

This is also the peak of the first-level elementary level. Breaking through to the first-level intermediate level cannot be achieved in a day or two.

In short, Qin Feng's water and fire elements have reached a bottleneck, and only the wood element can continue to practice.

Qin Chuan simply stopped practicing the water and fire elements, then spent more than 1,800 gold coins to buy a large number of wood element Juyuan Dan, and began to cultivate the wood element energy with all his strength.....

Time flies!

In the blink of an eye, another month has passed.

The deputy chief instructor still hasn't returned.

In this month, Qin Chuan also cultivated Mu Yuan Qi to the peak of the first level, and his strength increased again.

At this point, his three systems of energy have reached their bottleneck.

On this day, Qin Chuan was making plans in his mind, planning to buy an awakening pill next, so as to break through the fire energy to the first level.

It's just that during this period of time, in order to speed up the cultivation of the wood element, he frantically bought pills. He only had 800 gold coins left, which was far from enough to buy an awakening pill.

At his current rate of making money, it would take him another month and a half to get enough money to buy the Awakening Pill.

Thinking of this, Qin Chuan felt a little worried.

To him, a month and a half was too long.

Bang~! Bang~! Bang~!

Just when Qin Chuan was thinking wildly, there was a knock on the door.

"Who?"

Qin Chuan stood up and opened the door.

Squeak~!

The door opened, and there was a handsome young man standing outside. It was Du Shuyan.

"Qin Chuan! Finally found you!", Du Shuyan looked delighted.

"Shuyan, long time no see!"

Qin Chuan also had a look of joy.

The two were selected as members of the same class. They were classmates and had some friendship.

At that moment, Qin Chuan enthusiastically invited Du Shuyan into the house and entertained him.

After making two cups of hot tea, the two While drinking tea,

Du Shuyan showed some envy when he saw that Qin Chuan's dormitory windows were bright and clean, and there were all kinds of supplies. He seemed to be living a good life.

"Huh! Qin Chuan, your cultivation has reached the peak of the first-level elementary level! Tsk tsk!! It has only been three months and you have made such great progress!"

At this time, Du Shuyan saw Qin Chuan's cultivation clearly again and was amazed.

Qin Chuan smiled and said nothing.

His water energy had broken through to the peak of the first-level elementary level two months ago.

Now, he is a water tree. Both systems have reached the peak of the first-level elementary level, and Huo Yuanqi has reached its peak and is a quasi-warrior.

His true strength far exceeds Du Shuyan's imagination.

"Shuyan, how is your cultivation progress during this period?"

"Why! Du

Shuyan sighed: "I'm still stuck at the pinnacle quasi-warrior stage and haven't been able to break through." That last main point is really difficult to get through. In fact, I've been stuck at this bottleneck for almost half a year, and I'm going crazy!"

Having said this, Du Shuyan looked sad.

Qin Chuan was also a little surprised. He thought that it would be much easier for him to break through the bottleneck.

He didn't expect that it would be so difficult for Du Shuyan to break through the bottleneck of a peak quasi-martialist.

Only after such a comparison, he felt, His talent is indeed extraordinary.

Speaking of which, Du Shuyan's talent is very high. In the process of testing the spiritual pill, his fire talent exceeded that of most newcomers.

At this time, Du Shuyan hesitated for a while and then said:"Qin Chuan, Actually, I came here this time to ask you to do me a favor. I don't know..."

Du Shuyan seemed a little embarrassed to speak.

Qin Chuan smiled and said,"Shuyan, if you have anything to say, say it directly. As long as I can help, I will try my best to help.

Du Shuyanxin said:"Brother Qinchuan, you are really loyal!" Let me tell you the truth. I want your help to break through the bottleneck."

"I asked my fellow seniors that there is a place called Fire Rock Cave in Jingxun Ridge outside Shenyang City, which leads to underground magma. The fire energy inside is very rich, almost ten times that of the outside world."

"That's a good place to break through the bottleneck of the fire system. I plan to go to the fire cave to retreat for a period of time, and use the rich fire energy to break through to the first level in one fell swoop."

When he heard this, Qin Chuan's eyes lit up.

His fire energy was also stuck at the bottleneck of a peak quasi-warrior.

If he went to a fire cave, he could also borrow the rich fire energy and break through to the early stage of the first level in one fell swoop!

What if? If it succeeds, he can save a lot of money to buy Awakening Pills....
