Chapter 1561

At this time, Du Shuyan said with a sad face: "The Huoyan Cave is a holy land for cultivation, but on the way to the Huoyan Cave, there will be many first-order ferocious beasts. With my strength, I will definitely not be able to get there."

"I originally wanted the senior brothers in my group to escort me there. But they all thought it was too dangerous and were unwilling to help. Among the people I met in the preparatory escort camp, you are the only one who has the ability to escort me...."

Qin Chuan smiled slightly: "That's easy to say! Shuyan, is the concentration of fire energy in the fire cave really ten times that of the outside world?"

"certainly! Otherwise, I wouldn't take the risk to make a breakthrough."

Qin Chuan said happily: "In this case, the fire cave is indeed a good place to break through the bottleneck." Coincidentally, my fire energy has also reached the bottleneck of a peak quasi-warrior. Just in time, let's go together and break through together! Du Shuyan was overjoyed:

"This is really great!"

Then, he seemed to have thought of something, and looked at Qin Chuan in shock.

"Brother Qinchuan, you are exaggerating! It has only been three months, and your fire energy has been cultivated to the peak of a quasi-warrior! I remember that you have never practiced fire energy before. This speed is too fast!"

Seeing Du Shuyan's surprised look, Qin Chuan smiled and said nothing.

"Qin Chuan, I originally thought my fire talent was pretty good, but compared to you, I'm not even as good as scum. You are such a monster!"

Du Shuyan was filled with emotion.

Qin Chuan smiled and said, "Brother Shuyan, you don't have to be anxious. You have been stuck at the bottleneck for so long, and your accumulation must be profound. This time you go to the fire cave, you will definitely be able to break through to the first level in one fell swoop."

"I hope so!", Du Shuyan looked expectant.

"Brother Shuyan, when do you plan to go to Huoyan Cave?"

"I've already prepared it and can set off at any time. It's up to you."

Qin Chuan thought for a while and said, "Let's go after I finish arranging some trivial matters for the seventh group!" Almost, three days later!"

"good! Then in three days!"

"Ha ha!! That's it!"

At that moment, the two chatted happily again.

Half a day later, after the two had finished reminiscing, Du Shuyan left with a look of joy.

After seeing Du Shuyan off, Qin Chuan began to make preparations for the action in three days.

No. After a while, there was a sound of footsteps outside the door, and then a young man came in. It was Li You, the newcomer who joined the team with him.

"Team leader, this is today's elixir sales account, please take a look at it!"

Li You handed over an account book with a smile.

Qin Chuan glanced at it and said with a smile: "The sales were pretty good today!"

"Of course, it's all thanks to our team leader's wisdom and skills!"

Li You took the opportunity to flatter him.

Qin Chuan laughed and scolded: "Don't you kid do this with me!"

"hey-hey!!!", Li You scratched his head and giggled, "By the way, team leader, I met someone today. He said he was your friend and asked around where you lived. I saw that the man looked familiar, so I told them. Has he been here?"

Hearing this, Qin Chuan knew that Li You must be talking about Du Shuyan

"That's right! That person is my friend and has already been here. In fact, he and we were in the same class of newcomers entering the preparatory camp."

"Oh, let me just say, I think he looks familiar. Team leader, go ahead and do your work first, I won't interrupt you."

After that, Li You walked away in a hurry.

Qin Chuan continued to prepare for his own affairs.

But not long after, another young man came running out of breath. It was another newcomer who joined the camp with Qin Chuan. ——Awang

"Team leader! Team leader! good news!"

"What good news? Awang said out of breath: "Don't let me ask when the deputy chief instructor will come back!" I just learned the latest news. The deputy chief instructor is back today.

Qin Chuan was overjoyed: "That's great!" Awang, you did a great job!"

"Thank you for the compliment, team leader, this is what I should do.

Qin Chuan smiled:"Then you go ahead and I'll go see the deputy chief instructor!"

"okay!"

After sending Awang away, Qin Chuan cleaned up the room, closed the door, and was about to go to the deputy chief instructor's residence.

He had been waiting for this day for two full months, and he was eager to see it. But he hadn't waited for him yet. When I left the yard, I saw Li Youfeng running back in a hurry.

"Team leader, something serious has happened!", Li You looked anxious.

Qin Chuan asked hurriedly:"What's going on?"

""Team leader, your friend was beaten!"

"What?!" Qin Chuan was shocked.

He knew that something happened to Du Shuyan.

At that moment, he hurriedly asked:"What happened?"

Li You smiled bitterly:"I don't know what's going on." I only saw him being beaten until his nose was bruised and his face was swollen. The person who bullied him was still punching and kicking him!

Qin Chuan was furious:"Let's go!" Take me to see it!"

"Team leader, come with me!"

At that moment, the two of them rushed to the place where the incident occurred..

Chapter 1562

Not long after, Qin Chuan and Li You arrived at the campus.

The Grand Campus is a training ground exclusively used by the Preparatory Guard Battalion.

The members of the thirteen groups will practice swordsmanship here and compete with each other, which is very lively.

When Qin Chuan arrived, he found a large number of people gathered in the middle of the school ground, and shouts and curses could be heard from time to time in the crowd.

"Team leader, where is your friend?", Li You pointed at the crowd.

Qin Chuan hurriedly walked towards the crowd.

After he squeezed in, he was irritated by the scene in front of him. He saw that Du Shuyan was beaten until his nose was bruised and his face was swollen. At this moment, he was being trampled under his feet, and he was severely beaten. Swearing.

Beside him, there was a broken jade bottle, and dozens of small Yuan Ju Dan scattered on the ground.

And the person who insulted him was none other than Chen Yuankun.

"Little thief! If you dare to steal my elixir, you are seeking death!"

Chen Yuankun kicked Du Shuyan hard in the face again, causing Du Shuyan's nose to bleed.

Du Shuyan endured the severe pain, ignoring the blood on his face, and opened his eyes angrily: "Bah! Chen Yuankun, you are a beast! When did I steal your elixir? This is clearly my own, and you are just deliberately looking for trouble and trying to bully me!"

Chen Yuankun also looked ferocious: "Hey! You're right, I'm just deliberately looking for trouble to bully you! Who made you get too close to that little bastard Qin Chuan!"

"Chen Yuankun, who do you think is a bastard?"

Chen Yuankun suddenly remembered a cold voice behind his back.

He was startled and quickly turned around to see Qin Chuan walking towards him.

"It's you!"

Chen Yuankun backed away in horror.

Immediately, he thought of something, and clenched his right hand tightly into a fist, with an extremely malicious look in his eyes.

He would never forget the pain of having his finger broken.

At this time, the teenagers around him also looked at Arrive at Qinchuan

"Qin Chuan is here!"

"The leader of the seventh group is here!"

"It turns out that he and the boy who was beaten were friends!"

"The boy who was beaten had some connections, he actually had a friend who was the team leader. This time, Chen Yuankun is going to be unlucky."

The crowd kept muttering.

The fact that Qin Chuan became the leader of the seventh group and frightened away Zhu Wei, the leader of the tenth group, has long been spread in the reserve guard camp.

Now Qin Chuan is well-known in the reserve guard camp. , can be described as a character

"Shuyan, how are you?", Qin Chuan asked with concern

"I'm fine, just a bruise."

Du Shuyan wiped the blood from the corner of his mouth and picked up the small Juyuan Dan scattered on the ground one by one.

Those were originally his, and it was not easy to get them, so he naturally cherished them.

In fact, anyone with a discerning eye can see that Chen Yuankun said Du Shuyan Stealing his elixir is lying.

Xiao Ju Yuan Dan is generally effective for warriors.

First-level warriors are basically taking Ju Yuan Dan.

As a top intermediate first-level warrior, how could Chen Yuankun carry Xiao Ju with him? Yuan Dan.

Seeing that Du Shuyan was fine, Qin Chuan breathed a sigh of relief.

Then, he slowly raised his head and looked at Wang Yuankun, his eyes showing murderous intent without concealment.

Chen Yuankun's heart trembled inexplicably, and he looked at it with a look of horror. With Qinchuan

"Qin Chuan, what do you want to do? Do you want to bully the weak?"

"Bitch!"

Qin Chuan snorted coldly, dodged and rushed straight towards Chen Yuankun.

Boom~!

Qin Chuan punched Chen Yuankun in the heart, bringing up a soaring fist wind with overwhelming momentum.

Chen Yuankun was horrified and hurriedly punched him.

Boom~!

Two fists collided!

There was a muffled sound!

"ah~! "

Chen Yuankun screamed and was blown away by the punch...

Qin Chuan stood there, motionless.

Bang~!

Chen Yuankun fell heavily thirty meters away, creating a large crater on the ground, causing a cloud of smoke and dust, and the ground trembling slightly...

The whole place was in an uproar!

"Wow! So strong!"

"yes! This Qin Chuan deserves to be a team leader level expert!"

The crowd was amazed and looked at Qin Chuan with complicated expressions. This boy was obviously much younger than them, but he was so powerful, which made them a little ashamed!

They had to envy such a talent.

It took a long time for Chen Yuankun to catch his breath. Come

"Wow~! "

Chen Yuankun got up with difficulty, opened his mouth and spat out a large mouthful of blood, shocking the audience again.

Qin Chuan was so cruel that he shocked Chen Yuankun to internal injuries with just one punch..

Chapter 1563

"Wow~! "

Chen Yuankun got up with difficulty, opened his mouth and spat out a large mouthful of blood, shocking the audience again.

Qin Chuan's attack was so ruthless that Chen Yuankun suffered internal injuries with just one punch...

Choked!

Chen Yuankun pulled out his long sword and pointed directly at Qin Chuan

"Boy! I'm going to kill you!"

"court death!"

With a flash of sword light, Qin Chuan also drew out his long sword and struck Chen Yuankun first.

Anger was aroused in his heart and he vowed to teach Chen Yuankun a lesson he would never forget.

"not good!"

There was an uproar among the teenagers around.

There was a lot of friction in the reserve guard team, but most of them were solved with fists and rarely with swords.

Because swords have no eyes, injuries are irreversible!

When he saw Qin Chuan drawing his sword to kill, Chen Yuankun suddenly woke up. , his face changed with fright.

He was just dizzy with anger before, and subconsciously drew his sword to provoke.

If he really used the sword, his death would be even worse.

In the blink of an eye, Qin Chuan came over to kill, and the white sword light pierced the sky, It came like thunder and lightning.

Chen Yuankun was so frightened that his legs became weak, and he had to bite the bullet to resist.

Oh~!

But just as he was about to take action, a sword flashed beside him, helping him to meet Qin Chuan's sword.

Dang~!

Metal and iron clashed!

The person with a sword easily blocked Qin Chuan's attack.

Buzz~!

The sword body vibrated!

Qin Chuan only felt that the person was so powerful that he couldn't help but take several steps back and hold the sword. His wrist was extremely sore and numb, and he almost couldn't hold the hilt of the sword.

He was horrified, and quickly looked at the person who came, and saw that the person who helped Chen Yuankun was a young man in red.

"Qin Chuan, not everyone can bully our fourth group.", the boy in red sneered.

"Team leader!"

When he saw the boy in red, Chen Yuankun's eyes lit up and he felt confident.

It turned out that the red-haired boy was the leader of the fourth group - You Hongyu.

The onlookers were also in an uproar, and they all looked at You Hongyu. , showing awe

"It turned out to be You Hongyu here!"

"There's something good to watch now! The leader of the seventh group faces off against the leader of the fourth group. What do you think the outcome will be?"

"Needless to say! You Hongyu is the number one expert in the reserve guard camp. Qin Chuan is the new team leader, and his strength should be average among the team leaders."

"yes! Qin Chuan is definitely not as good as You Hongyu!"

At this time, in the crowd, Li You squeezed to Qin Chuan and whispered in his ear.

"Team leader, you have to be careful. The man opposite is called You Hongyu. He has extraordinary strength. He is the leader of the fourth group of the strongest team and the top expert of the reserve guard camp. You must not fight with him head-on!"

Hearing this, Qin Chuan suddenly realized.

He did not expect that he would encounter the top master of the reserve guard camp.

He looked at You Hongyu again.

Although the two had just exchanged a move, Qin Chuan could not judge the opponent's strength.

However, he felt that the opponent did not use his full strength at all, but just blocked it casually.

It can be seen that the opponent's strength is much stronger than his.

Rumor has it that You Hongyu is already at the pinnacle of the first-level advanced level, and is only one step away from the second-level warrior. He is not far behind, and he has also mastered powerful martial arts, and his overall strength is comparable to that of a second-level warrior.

But with Qin Chuan's strength, he is not sure that he can defeat the peak of a first-level senior, let alone compete with a second-level warrior.

From This shows that his strength is indeed not as good as You Hongyu.

However, if he can learn the dual-system fusion method from the deputy chief instructor and become a true dual-system warrior, he is confident that he will not be weaker than You Hongyu.

"Qin Chuan, why are you bullying my team members?", You Hongyu asked coldly

"He hurt my friend first, and then I hurt him. This is retaliation. You

Hongyu smiled coldly: "According to what you say, if I beat you so badly that you vomit blood, it would be retaliation." Chen

Yuankun was overjoyed when he heard this.

He knew that the team leader was trying to stand up for him.

Qin Chuan was shocked and angry:"You Hongyu, you can't tell right from wrong just to protect your shortcomings?"

Chen Yuankun on the side sneered:"Qin Chuan, are you scared when you say that?" Qin

Chuan was furious.

Before Qin Chuan could speak, You Hongyu spoke again.

"Qin Chuan, I won't embarrass you. Well, if you can catch my sword, this matter will be a thing of the past. If you can't take it, just apologize to Chen Yuankun and let the matter be over."

Hearing this, Qin Chuan was furious.

It was clearly Chen Yuankun who deceived others first, but he was still asked to apologize. It is really unreasonable...

Chapter 1564

Hearing this, Qin Chuan was furious.

It was clearly Chen Yuankun who deceived others, yet he was still asked to apologize. It was really unreasonable.

Before Qin Chuan could speak, Li You on the side became anxious.

He grabbed Qin Chuan and whispered in his ear:"Team leader, don't agree to You Hongyu. This person is extremely protective of his shortcomings and is always ruthless in his attacks. He must use his full strength when he strikes. There are not many people in the entire reserve camp who can take it. If you take one of his swords, you must agree to restrain him with one sword, I'm afraid...."

"Boy, what are you mumbling about?"

You Hongyu frowned and looked at Li You impatiently.

Then he looked at Qin Chuan:"Qin Chuan, don't you dare?"

As soon as these words were said, all the young people in the audience looked at Qin Chuan.

If Qin Chuan backed down, it would be a shameful thing.

If Qin Chuan agreed, it is almost certain that Qin Chuan would lose.

By then, Qin Chuan It is also a shameful thing to apologize to Chen Yuankun in public.

No matter whether he advances or retreats, Qin Chuan will not gain any advantage.

In the crowd, the teenagers murmured

"This time, Qin Chuan was in some trouble."

"You Hongyu is a god-like existence in our preliminary guard camp. Many first-level high-level warriors cannot catch his sword. I think this Qin Chuan is very tough!"

"yes! Although Qin Chuan is also the team leader, he is only a first-level junior practitioner after all. He can become the team leader because there are no masters in the seventh team."

"Do you think Qin Chuan will agree to take that sword?"

Just as the teenagers were talking about it, Qin Chuan's sneer sounded in the audience.

"You Hongyu, I think a sword date is too childish, why not make a bet!"

"Ah! How to bet?"

"You and I will bet on the outcome!"

As soon as these words were said, the whole place was in an uproar.

Qin Chuan actually wanted to bet on the outcome with You Hongyu!

Did they hear it correctly?

You Hongyu is the number one expert in the reserve guard camp. Can Qin Chuan win against him?

This Is the boy crazy?

At this moment, everyone looked at Qin Chuan, thinking that Qin Chuan was crazy.

Li You was even dumbfounded.

What kind of joke is the team leader!

This bet is obviously going to lose!

"Will you bet with me?" You Hongyu was also stunned.

Immediately, he looked disdainful: "Haha! You still want to discuss winning or losing with me, how funny!"

Obviously, he didn't take Qin Chuan seriously.

Qin Chuan sneered: "You Hongyu, I'm not kidding you. Not only do I want to bet with you on winning or losing, but I also want to place a bet."

"bet?"

"That's right! If I lose, I will cut off one of my hands!"

"What?!", You Hongyu was shocked.

At this moment, he knew that Qin Chuan was serious, and his expression suddenly became serious.

The teenagers around him were in an uproar.

"crazy! crazy! Qin Chuan wants to gamble!"

"Is this guy confused? Doesn't he think that he can really defeat You Hongyu?"

In the crowd, Chen Yuankun opened his eyes in surprise.

He most hoped that this bet would come true.

In his opinion, Qin Chuan would lose, and he would lose a hand by then.

He lost two fingers, and if Qin Chuan lost If he loses a hand, he will be elated and his great revenge will be avenged.

"Qin Chuan, are you serious?", You Hongyu took a deep breath

"certainly!", Qin Chuan's tone was affirmative.

You Hongyu frowned:"The hatred between you and me hasn't reached that level yet, so let me bet with you to get over it! Don't let yourself lose a hand just to save face, it's not worth it."

There was a hint of persuasion in You Hongyu's tone.

Although he felt that he could definitely win, he felt that such a bet was not very interesting.

In addition, he was also a little cautious.

Qin Chuan dared to do it in public, I'm afraid he was prepared when he made such a bet.

If his boat capsizes in the ditch, accidentally loses the bet, and loses a hand, it will be extremely uneconomical.

Although he protects the team members, but He also knew what kind of character Chen Yuankun was.

He was not willing to risk losing a hand for Chen Yuankun. It was not worth it. It was precisely because of these considerations that he had the intention to persuade.

Qin Chuan saw You Hongyu's little thoughts.

He smiled and said:"Don't worry! I don't want to bet with you, I want to bet with Chen Yuankun. you win! I cut off one of my hands. you lose! Chen Yuankun cut off one of his hands!"

As soon as these words were said, the whole audience exclaimed again.

This guy is too crazy.

In the crowd, Chen Yuankun was a little confused.

Why did he pull it back and forth, and it got tied to him again. Obviously

, Qin Chuan came here for him.

, You Hongyu frowned.

If he said he would not bet on his hand, he would be willing to agree.

But the bet was on Chen Yuankun, and Chen Yuankun had to agree to it.

Betting on the hand is not a trivial matter!

Just when You Hongyu was thinking wildly, Chen Yuankun stood out from the crowd with a sullen look on his face.

Even if Qin Chuan came at him, he would naturally fight back

"Qin Chuan, I think the stakes are too small to bet on one hand. Let's change the way we play!"

As soon as he saw Chen Yuankun speaking, Qin Chuan's pupils shrank, knowing that the person who came was not good.

"How do you want to play?"

"Do you know what this is?"

Chen Yuankun took out a red pill.

As soon as the pill appeared, the whole audience exclaimed.

"That...that's red phosphorus!"

"Wow! Red phosphorus pill! I heard that whether you are a warrior or an ordinary person, after taking it, you can increase the strength of a thousand pounds and greatly increase your strength. The current market price is about five thousand gold coins, which is more precious than the Awakening Pill."

"strangeness! Why is this elixir so precious? The effect may not be as good as the Awakening Pill!"

"This is because you don't understand. Pills that enhance physical strength are extremely rare nowadays, and things are rare and valuable. What's more, there is no threshold for taking this kind of elixir, ordinary people can take it"

"That's strange!"

"What's even more strange is that this kind of elixir is not available in the market. It's not sold in any market outside. It's just luck to find one!"

The crowd kept muttering.

Qin Chuan's eyes lit up when he heard this, and he couldn't help but feel moved.

He didn't expect that Chen Yuankun had such a good thing in him.

This, he suddenlyA question came up, and that was Chen Tian.

Before preparing for the guard examination, Chen Tian was just an ordinary young man with no cultivation results at all.

But during the assessment, Chen Tian actually passed the test all the way to the last level, and finally lost in the fire talent test.

You know, at that time, many intermediate-level quasi-warriors failed to enter the final level.

Chen Tian's journey was smooth sailing, and when he reached the final hurdle, it was probably the result of taking red phosphorus pills.

Otherwise, Chen Tian doesn't have that ability.

But as far as Qin Chuan knew, Chen Yuankun and Chen Tian had ordinary family backgrounds.

At this time, Chen Yuankun could actually take out such a precious red phosphorus pill, I'm afraid there is some secret hidden in it!

In any case, Qin Chuan's heart was moved by this red phosphorus pill.

At that moment, he asked: "Chen Yuankun, how do you want to bet?"

Chen Yuankun smiled coldly: "It's very simple! If you win, one of my hands and this red phosphorus pill will be yours."

"What if I lose?"

"I want both of your hands!" ...

Chapter 1565

As soon as Chen Yuankun finished speaking, the whole audience was shocked.

The stakes are too high!

"Qin Chuan, don't agree to him!", Du Shuyan reminded anxiously

"yes! Team leader, you must not agree!", Li You was also anxious.

They were all worried that Qin Chuan was young and if he accidentally agreed to it, it would be a big trouble.

In their view, Qin Chuan was definitely not You Hongyu's opponent and he agreed to this bet. , it's like two hands are gone.

No matter how powerful a warrior is, without his hands, he's useless.

At this time, You Hongyu's voice sounded in the field

"Chen Yuankun, your method of playing, no matter whether you win or lose, seems to be of no benefit to me. Chen

Yuankun had a clear understanding and hurriedly said: "Team leader, you have misunderstood!" As long as you win, this red phosphorus is yours!"

"be mine?" You Hongyu's eyes suddenly shone.

This elixir is worth five thousand gold coins. It would be a lie to say that he is not tempted.

He also understood that Chen Yuankun was using him as a gunman, but for the five thousand gold coins of the red phosphorus elixir, he is also willing to be used as a spearman, and he will go all out.

Thinking of this, You Hongyu swallowed his saliva, resisted his greed, and moved his eyes away from the red phosphorus pill

"This gameplay is a bit interesting. I accept your bet. You

Hongyu smiled slightly and turned to Qin Chuan: "Qin Chuan, do you dare to bet?"

The focus of everyone's attention fell on Qin Chuan again.

Du Shuyan grabbed Qin Chuan and persuaded him again: "Qin Chuan, don't agree! They are trying to trick you!"

"yes! Team leader, we don't have to compete with him for a moment!"

Li Youye anxiously persuaded

"Don't worry, I have my own sense of proportion. Chen Yuankun, after you are sure that you have lost, if you cut off one of your hands, will this red phosphorus pill also belong to me?"

"Of course!", Chen Yuankun's lips curled up slightly.

"No regrets?"

"Never regret it! So many people present can testify! I'm afraid you don't dare to gamble!"

Chen Yuankun is full of confidence.

He firmly believes that Qin Chuan cannot defeat You Hongyu 100%

"good! I bet!"

As soon as Qin Chuan's words fell, the whole audience shook and exclaimed.

"Oh My God! Qin Chuan actually agreed!"

"Isn't it? Is he crazy?"

"yes! With this bet, his hands were gone. How could he be You Hongyu's opponent?"

In the crowd, Du Shuyan and Li You were both dumbfounded.

"Qin Chuan, what nonsense are you talking about?"

Du Shuyan's eyes were filled with sorrow, as if he hated iron and could not become steel.

"Team leader, let's go back quickly. Everyone agreed that there will be a meeting in the afternoon."

Li You was even smarter. He pulled Qin Chuan up and fled the scene.

He didn't want to see the team leader and jumped into the fire pit.

"I'm not talking nonsense!", Qin Chuan broke away from Li You's hand.

Chen Yuankun's eyes gleamed with excitement:"Qin Chuan, so you agree?"

"agreed! However, there must be a condition!"

"What conditions?"

"The betting battle needs to be scheduled for ten days!"

"Ten days later?"

Chen Yuankun was a little surprised.

Immediately, the corners of his mouth curled up slightly, and he sneered in his heart.

In just ten days, he believed that Qin Chuan could not make any big waves.

At that moment, he said cheerfully: "Ten days, ten days! However, after the bet is placed, you cannot deny it if you lose!

Qin Chuan sneered: "Of course I won't deny it!"

After saying this, an unusually cold voice sounded from behind the crowd.

"Since you want to bet and fight, this instructor must bear witness, and neither party needs to deny it!"

Everyone was startled and looked back, and saw the deputy chief instructor appearing behind the crowd.

Behind the deputy chief instructor, there was a young man, it was Luo Feng

"I've met the deputy chief instructor!"

The teenagers were frightened and saluted one after another, not daring to breathe.

Qin Chuan also bowed his head and saluted.

But he was a little curious as to why Luo Feng was following the deputy chief instructor.

At this moment, the deputy chief instructor glanced at everyone coldly.

"I heard all about your bet just now. You Hongyu! Qin Chuan! Chen Yuankun! You three, listen to me. A man must do what he says and his actions must bear fruit. Since you have agreed to the bet, you must not go back on it. If anyone dares to go back on it, I will kill him!"

"I will personally watch the gambling battle in ten days. I also found an enforcer for you. Luo Feng!"

"The subordinates are here!"

"Ten days later, when the outcome of the gambling battle is announced, you come and chop off your hand. If you don't chop off, I will chop off your head!"

Luo Feng was horrified: "Don't worry, deputy chief instructor!" The subordinates must act impartially, cut cleanly, and never show any mercy!"

"very good!"

The deputy chief instructor nodded with satisfaction.

Then, he didn't bother to look at the teenagers and turned around to leave.

Luo Feng quickly followed.

After the deputy chief instructor walked away, the teenagers breathed a sigh of relief.

Among the crowd, Du Shuyan and Li You both looked ashen.

They didn't expect that the deputy chief instructor would intervene in this bet, and there would be no room for regret. At this moment, the teenagers also thought about this problem, and they all expressed sympathy to Qin Chuan. His eyes were quite regretful.

In the crowd, Chen Yuankun's eyes were full of joy.

The deputy chief instructor had come forward, and he promised Qin Chuan that he would not have a chance to regret it.

This time, he would decide Qin Chuan's hands.

Thinking of this, the corners of Chen Yuankun's mouth curled up slightly, His face was full of gloating, as if a great revenge was about to be avenged...

Chapter 1566

"Qin Chuan, I hope you won't blame me in ten days. I'm sorry."

You Hongyu's tone was slightly apologetic, as if she felt slightly guilty that Qin Chuan would lose his hands in ten days.

Qin Chuan smiled coldly: "In ten days, I may not be the one to blame!"

"hehe!!"

You Hongyu laughed dryly and shook his head repeatedly.

He couldn't understand where Qin Chuan's mysterious confidence came from.

However, he was too lazy to argue and turned around to leave. Chen Yuankun followed closely.

When You Hongyu and Chen Yuankun left Later, the onlookers gradually dispersed.

Only Qin Chuan, Du Shuyan, and Li You were left in the field.

"Why!", Du Shuyan sighed helplessly, "Qin Chuan, why are you doing this? Li

Youye smiled bitterly and shook his head: "Team leader, now that the deputy chief instructor has come forward, it's too late for you to regret it."

Qin Chuan said calmly: "You don't have to worry, I know it well." This time, I may not lose! Du Shuyan's eyes lit up:

Qin Chuan, is there any way you can win?" You Hongyu's overall strength is probably comparable to that of a second-level warrior!"

"How could I agree so easily without any chance? Chen Yuankun wants both of my hands, why don't I want to cut off one of his hands? Qin

Chuan smiled coldly.

Then, he said: "Go back!" I have something else to do!"

After leaving these words, Qin Chuan left in a hurry.

He was going to find the deputy chief instructor to learn the dual-system fusion method.

According to Qin Chuan's estimation, as long as he became a true dual-system warrior, he would have a chance to defeat You Hongyu was stunned.

A quarter of an hour later, Qin Chuan arrived at the place where the deputy chief instructor lived.

Entering the courtyard, he found that the deputy chief instructor had been waiting for a long time.

"Qin Chuan has met the deputy chief instructor! The deputy chief instructor nodded slightly: "This time, you are very reckless. How can you be sure that you can win?" If you lose, your hands will be gone and you will be almost useless. Qin

Chuan took a deep breath and said, "I know there are risks in doing that, but that is also a great opportunity for me to teach Chen Yuankun a lesson." What's more, it's not that I don't have a trump card. As long as the deputy chief instructor teaches me the fusion method, I'm sure to defeat You Hongyu. The deputy chief instructor shook his head slightly: "You are still too impulsive. You are taking a huge risk by betting your future on an undetermined matter." What if you don't have the talent to learn the fusion method?"

"If you don't have talent, even if I teach you the method, you won't be able to learn it. In the end, you still can't become a dual-system warrior, and your so-called trump card is empty talk.

Qin Chuan was surprised: "Do you need a talent threshold to learn the fusion method?"

It seems that the deputy chief instructor has never mentioned this matter before!

At this moment, Qin Chuan felt that he had been cheated.

If he didn't have the talent, he would be doomed.

The deputy chief instructor sighed: "It's my fault that I didn't explain it clearly before. , learning that kind of fusion method requires talent. There are very few people in this world who have two types of talents, and there are even fewer people who have two types of talents and can practice the method of fusion."

"This is why dual-system warriors are extremely rare. Not to mention that, you become the leader of the seventh group, which means you have passed my test. I will teach you how to fuse the two systems"

"But before that, I want to see if you have that talent. If you don't have that talent, no need to talk about it. I won't reveal any cultivation method to you. If you have that talent, I will teach you with all my heart. I will never Keep something private! Qin

Chuan looked depressed: "Deputy Chief Instructor, if the test shows that I don't have that kind of talent, I won't be able to become a dual-system warrior. Then my bet with You Hongyu will be 100% sure to be lost."

"Pretty much that! Qin

Chuan was anxious and speechless at the same time:"Deputy Chief Instructor, then give me a test quickly to see if I have that talent.""..

Chapter 1567

The deputy chief instructor said:"This talent test is very simple. I will use a set of sword techniques. If you can learn it in one day, I will teach you how to become a dual-system warrior. If you can't learn it, just pretend that I never said that. This matter!"

After hearing this, Qin Chuan thought to himself.

He has always had a high level of understanding of swordsmanship and fighting skills.

I dare not say that you can learn to be proficient and mellow in one day, but if you want to become proficient in practice, it is very easy.

Is it possible that the swordsmanship taught by the deputy chief instructor is particularly difficult?

As if he could read Qin Chuan's thoughts, the deputy chief instructor said:"The swordsmanship I teach you has nothing to do with your intellectual qualifications. It is not particularly complicated, but it is very special. Some people can learn it in an instant, while some people can learn it in a lifetime. It's hard to learn."

Qin Chuan was surprised:"I really want to experience this kind of strange swordsmanship."

"good! Give me your sword and I will demonstrate it to you!"

Qin Chuan quickly handed over the sword.

The deputy chief instructor took the long sword, then drew out his own sword, holding a sword in each hand.

"Take a good look! This set of sword techniques is called Fenfen Sword Technique, and there are seventy-two styles in total."

Whoa~! Whoa~! Whoa~!

The deputy chief instructor waved his hands and danced with his swords.

Suddenly, a strong wind swept across the courtyard, and the sword light formed a large area.

Qin Chuan watched for a while and couldn't help but frowned. , I was confused.

Strange!

Why do I think this sword technique is so simple!

Why did the deputy chief instructor say it so mysteriously?

In the blink of an eye, the deputy chief instructor finished the seventy-two distraction sword techniques, but Zhang Shui'er was so stupid Looking at him blankly, he felt a little disappointed.

He thought to himself, does this child have no talent in this area?

If that's the case... Hey!

The deputy chief instructor sighed in his heart, but looked calm on his face:"Qin Chuan, you Do you see the difference between this set of swordsmanship and ordinary swordsmanship?"

Qin Chuan shook his head blankly.

"You really didn't see it?"

The deputy chief instructor's eyes showed disappointment and unwillingness.

Seeing the deputy chief instructor's slightly disappointed look, Qin Chuan felt something was wrong.

He scratched his head hard and tried to recall the difference between the sword technique just now and the ordinary sword technique.

Suddenly , an idea flashed in his mind, and he said happily:"Haha! Do I know what is the difference between this set of swordsmanship and ordinary swordsmanship?"

"What's different there?", the deputy chief instructor's eyes showed expectation.

Qin Chuan said proudly:"Ordinary swordsmanship only requires one sword, but your swordsmanship requires two swords!"

"What?!"

The deputy chief instructor staggered, his eyes darkened, and he almost fainted from Qin Chuan's anger.

After a while, he changed from his previous coldness and said feebly:"You don't understand your feelings at all! Boy, haven't you noticed that with this set of swordsmanship, the sword moves I use with my left hand are completely different from the sword moves I use with my right hand, and they will never be repeated!"

"Well!" Qin Chuan was stunned.

The deputy chief instructor added:"The reason why this set of swordsmanship is called distracted swordsmanship is that it requires you to use your mind for two purposes. One brain can be divided into two thoughts, and you can control two hands at the same time, using both hands. Different but complementary swordsmanship"

"This is the difficulty of this swordsmanship! In this world, few people can do two things at once. For example, few people can draw a circle with their left hand and a square with their right hand at the same time, let alone use different sword techniques with both hands at the same time."

"In fact, this has nothing to do with people's understanding, but more of a nature! Therefore, some people can learn this set of swordsmanship immediately, while some people cannot learn it in a lifetime."

"Why! Observing your reaction just now, it seems that you don't have the talent in this area. If you don't have the talent in this area, then don't expect to become a dual-system warrior."

"Forget it, I'll give you one day. If you learn this set of swordsmanship, I will still teach you to become a dual-system warrior. If you can't learn it, let this matter go!"

The assistant instructor's tone was filled with unwillingness and even more sadness.

"Why! Maybe my expectations for him are too high. After all, not everyone can become a dual-system warrior. It would be good if one person in ten thousand people can become a dual-system warrior."

"Even if our Qing family has spent thousands of years studying the way of dual-system warriors, now, except for me and the clan leader, the rest of the family are not dual-system warriors."

"However, after thousands of years of research in the clan, this talent has a certain chance of being passed on to future generations. The clan leader is my father, and I have inherited his inheritance. But this child is my son, why didn't he get my Qingyunfeng inheritance?"

"Why! You can't blame him! Ah Sheng is my biological brother, and he has not received the inheritance from his father!"

Thinking of this, the deputy chief instructor felt despair.

At this time, he found that Qin Chuan was still standing there stupidly.

He suddenly became angry: "What?! Don't you want to practice this sword technique?"

When Qin Chuan heard this, he still looked stupid and looked at the deputy chief instructor blankly.

After a while, he asked naggingly: "Deputy chief instructor, is it really difficult to be distracted and do two things? ?"

The deputy chief instructor said angrily: "Of course! For the vast majority of people, it is impossible to do it in their lifetime. Even if they rely on acquired training, it is difficult to do it. It is a kind of nature! Qin

Chuan scratched his head and chuckled: "I thought that everyone could use both distraction and distraction, so there was nothing strange about it!" But I didn't expect that not everyone can do it! Deputy Chief Instructor, I can master your swordsmanship after just one look at it. It's not challenging at all!"

"What?!", the deputy chief instructor thought he heard it wrong.

"You learned it after watching it once?"

"certainly! I will demonstrate it to you now!"

Qin Chuan picked up the two swords and held up the sword flowers with both hands...

Whoosh~! Whoosh~! Whoosh~!

I saw him opening his bow from left to right and using the distraction sword technique very smoothly, which was exactly the same as what was taught by the deputy chief instructor. Deputy Chief

Instructor The chief instructor was immediately dumbfounded, his eyes widened in surprise, and his mouth opened wide..

Chapter 1568

After a while, the deputy chief instructor recovered from the shock, with a look of ecstasy in his eyes.

Ha ha!

It's true that a tiger's father has no dog's son!

This kid really got my inheritance!

His nature in this area is much stronger than mine.

It took me three hours to use this sword technique smoothly, but he learned it in an instant.

The deputy chief instructor was very happy.

After Qin Chuan finished using this sword technique, he showed a rare smile

"very nice!! I originally thought that you had no talent in this area, but I didn't expect that your talent was surprisingly high. good! good!"

"Qin Chuan, you should practice this distracting sword technique well from now on. This sword technique is not only an assessment sword technique for dual-system warriors to get started, but also a common combat sword technique for dual-system warriors. Its power is much stronger than ordinary sword techniques."

"After all, two swords are faster than one sword. Even if they have the same combat power, if you use distraction swordsmanship, you will definitely beat someone who uses ordinary swordsmanship."

Qin Chuan's eyes lit up, and he thought to himself that it made sense, and he felt happy in his heart.

He got this set of swordsmanship today, which invisibly improved his strength!

Immediately, he had some doubts again: "Deputy Chief Instructor, you teach me What does this set of swordsmanship have to do with dual-system warriors?"

The deputy chief instructor said hurriedly: "Of course it does matter!" You should know that the vast majority of warriors in this world only specialize in one system of vitality, and very few people practice two systems of vitality at the same time."

"Everyone knows that cultivating two series of vitality to the first level of elementary level can completely cultivate one series of vitality to the first level of intermediate level."

"In terms of strength, if you cultivate both systems to the first level of elementary level at the same time, your combat effectiveness will not be as good as the first level of intermediate level. Calculated this way, it is not cost-effective for practitioners with dual majors at all."

"But there is a different type of people who can do two things while being distracted. When they practice, they can practice both systems at the same time, so that they won't waste any time and energy. Qin

Chuan suddenly understood and patted his head:"I understand, the dual purpose of distraction is to cultivate two kinds of vitality at the same time. However, when two kinds of energy are running at the same time, they will conflict with each other!

The deputy chief instructor smiled slightly:"The next step is the key to dual-system warriors." Generally speaking, the route of our vitality is the same, so if you run two kinds of vitality at the same time, they will conflict with each other."

"Later, after tens of thousands of years of research, someone discovered that the running routes of each system of vitality can be changed. Each system of vitality has a new specific route, so that when they run at the same time, they will not conflict with each other, like this...."

The deputy chief instructor stretched out his hands, a string of purple flames appeared in the palm of his left hand, and a green ivy appeared in the palm of his right hand.

Peng~! Peng~!

At this moment, the energy of the two elements of wood and fire in his body was running at the same time, without any conflict, and was released at the same time.

Suddenly, the power of the wood element and the fire element were superimposed on each other, and the wood could create fire. The momentum surged, and Qin Chuan's eyes shone, and he was extremely surprised.

Huh~! Huh~!

The deputy chief instructor instantly put away the two elements of energy, the flames dissipated, and the ivy disappeared.

Qin Chuan's face was filled with envy

"See it! This is the method of using one mind and two purposes to control two different mental operations at the same time, so that the two systems of luck do not conflict. Instead, they can be released at the same time, and the energy is superimposed, greatly increasing the combat power."

"In the same way, when you are practicing, you can also do two things at once, allowing the two systems of energy to practice together."

Qin Chuan said happily: "Deputy Chief Instructor, I understand!" But the methods for the movement of Yuanli that I have mastered now are all universal methods. The five systems all follow the same line. It is difficult to avoid conflicts."

The deputy chief instructor smiled slightly and took out a book.

"Take it! This book records the new method of operating the five systems, which is common to warriors of many systems. Each system corresponds to a method of operation"

"Thank you, Deputy Chief Instructor!"

Qin Chuan took the book with excitement and couldn't wait to open it.

The first thing he saw was the method of moving water energy, which was a little more complicated than the conventional method.

He then looked at the method of moving wood energy. Walking The route is also more complicated than the conventional method, and is completely different from the water element force.

In this way, the water and wood two element forces, when operating at the same time, cleverly avoid conflicts.

Seeing this, Qin Chuan also realized that it is no wonder that he is so focused on two things. It's important.

For one person to run two completely different routes at the same time, he has to focus on two tasks, which is absolutely impossible for ordinary people.

But for Qin Chuan, this is easy to do, there is no threshold, and it couldn't be simpler.

It didn't take long for Qin Chuan to close the book and put it into his arms excitedly

"finish watching?"

"Um!", Qin Chuan nodded repeatedly.

"So fast?", the deputy chief instructor was a little surprised.

"Um, is it difficult to remember? I almost remembered it after reading it once."

The deputy chief instructor opened his mouth, a little speechless. Is this little guy's memory so strong?

Or is he bragging?

The operation route recorded in the book is different from the traditional route. Most people can't remember it at all if they don't remember a few hours.

This little guy only has half a cup of tea, so it would be too exaggerated to say that he has read them all!

"Now that you've finished reading, try releasing the water and wood energy at the same time.."

"OK!"

Qin Chuan has been impatient for a long time.

With a thought in his mind, he used two distractions, one of which was used to circulate the water energy, and the other was used to circulate the wood energy.

Buzz~!

Qin Chuan's whole body was shocked, and his whole body lit up with a faint light. Blue light, that is the manifestation of the water elemental power being released.

Buzz~!

The next second, he was shocked again, and the green aura lit up all over his body, and the wood elemental power was also released.

Then, water and wood were born, and blue and blue merged.

The two systems The vitality overlapped, and his momentum surged all the way.

Boom~Rong~Rong!

In the blink of an eye, Qin Chuan's momentum increased to the peak of a first-level advanced level.

Qin Chuan slowly opened his eyes, his face full of ecstasy.

Dual Elements The warrior is so happy!

His water and wood elements overlapped, and his momentum reached the peak of the first-level advanced level in one fell swoop, and his strength skyrocketed. A big chunk!

The deputy chief instructor also opened his eyes in surprise.

Success!

This guy succeeded on his first try!

This understanding and talent are so terrifying, I'm afraid there are not many people in the world who can compare with them. He is worthy of being his Qingyunfeng's son!

The more the deputy chief instructor looked at Qin Chuan, the more satisfied he became, with a happy smile on his lips..

Chapter 1569

"Qin Chuan, do you now realize the benefits of being a dual-system warrior?", the deputy chief instructor asked with a smile.

Qin Chuan nodded repeatedly: "Yes! Dual-system warriors are indeed extraordinary, and they don't seem to be difficult at all. The deputy chief instructor shook his head and smiled bitterly: "You think it's easy to become a dual-system warrior. That's because you have good talents." The vast majority of people in this world will never be able to do two things while being distracted."

"Because it is a kind of nature, if you can, you can, if you can't, you can't. In addition, I would like to remind you that practicing distraction swordsmanship more after you go back can strengthen your proficiency and strength in distraction."

"As the saying goes, practice makes perfect. The more you practice, your body will generate memory and remember the operation of the two systems. It will become an instinct for you, just like when you walk, you don't have to think about which foot to lift first. Everything depends on instinct"

"Only when you achieve this level can your distractions be used to inspire your thoughts, and only when your thoughts come to you can they become your abilities instead of a burden."

"In short, the dual purpose of distraction is a key. With this key, you can open the door of dual-system warriors. Without this key, you can only stand outside the door forever. After opening it, you have to walk in and don't stay outside the door. Qin

Chuan said gratefully: "Deputy Chief Instructor, I understand. I will definitely study the concentration sword technique diligently and strengthen the dual purpose of concentration, so that it becomes my instinct rather than a technique.""

The deputy chief instructor said happily: "It's good if you understand."

"Deputy Chief Instructor, with my current strength, what is the chance of winning against You Hongyu?"

Qin Chuan started to inquire.

He didn't know much about You Hongyu's strength, so he wanted to get some information from the deputy chief instructor.

"Is it just your current strength?"The deputy chief instructor shook his head slightly,"Qin Chuan, to be honest, you were too reckless this time. Qin

Chuan suddenly felt bad:"Deputy Chief Instructor, is You Hongyu very strong?" The deputy chief instructor smiled coldly:"

If he is not strong, why would anyone say that there are no prepared guards who can take his sword?" Qin Chuan, you underestimate You Hongyu too much"

"Even if you are now a dual-element warrior, and your overall strength can reach the peak of the first-level advanced level, you will not be You Hongyu's opponent, because he is also a dual-element warrior, fire and earth, and both systems are at the first-level. Advanced."

Boom~!

Qin Chuan's whole body was shocked, like five thunders hitting his head.

He opened his eyes wide in shock:"No way! Is You Hongyu also a dual-system warrior? Isn't it said that dual-system warriors are extremely rare? The deputy chief instructor also expressed emotion on his face:"Double-type warriors are indeed rare. Unfortunately, there are two in the reserve guard camp this time, one is you and the other is You Hongyu." Qin

Chuan suddenly looked ugly:"So, You Hongyu's combat power has completely reached the level of a second-level warrior?"""

"yes! Not only has his combat power reached the second level, but he also knows two types of martial arts. With such strength, how can you win in a bet with him?"

"this....."

Qin Chuan was speechless and his heart sank.

If he loses this bet, his hands will be gone and he will be useless.

"Qin Chuan, do you regret it now? All these consequences are caused by your recklessness."

There was some blame in the deputy chief instructor's tone, and it seemed that he hated iron for not becoming steel.

However, Qin Chuan quickly shook his head:"I won't regret it! The deputy chief instructor was stunned:"With your current strength, your chance of defeating You Hongyu is less than 10%. Don't you regret it?"

"That's right!"

Qin Chuan looked into the distance with memories in his eyes.....

"When I was very young, my father once told me that to live in sorrow and die in happiness, one needs to be ambitious, especially those who want to achieve something."

"If a person has no ambition, his achievements can only rely on the charity of God or others. After all, his achievements will be very limited, and he may even achieve nothing."

"Only ambitious people dare to compete with themselves and heaven for their fate. Even failure is wonderful. In fact, I deliberately took on this gambling battle at the expense of my own hands."

"I have to put myself in adversity and put more pressure on myself so that I can grow faster."

The deputy chief instructor was slightly moved.

Then, he sighed:"Hey! Your father put you in adversity, but he didn't put you in despair. You misunderstood what your father meant."

"No! You are not my father, how do you know that I misunderstood him?"

"Forehead...."

The corner of the deputy chief instructor's mouth twitched, and he cursed in his heart:"Bad boy, I am your father!"

At this time, Qin Chuan said again:"My father once told me such a story. Once, a newborn baby was The eagle is raised with a flock of chicks"

"When the eagle grew up, it always thought that it was a chicken. Like other chickens, it could not fly and could only scratch the soil to catch insects."

"Finally one day, the person who raised it dropped it from the cliff. During the fall, the eagle flapped its wings desperately and struggled desperately in the air."

"Just when it was about to be thrown to death, it was saved because it finally learned to fly."

"Although I, Qin Chuan, was born in a humble family, just a servant boy of the Zhou family, I also want to see whether I am an eagle or a chicken."

"If I were just a chicken, I would not be able to realize my ambition after all, and I would just fall to death. If I were an eagle, I would spread my wings and fly high."

The deputy chief instructor was slightly moved:"It seems that you did not accept that gambling fight impulsively." You are truly brave.

Qin Chuan said again:"Deputy Chief Instructor, I dare to do that because I still have a trump card.""

"What trump card?"

"Deputy Chief Instructor, since there are dual-series warriors, there should be three-series warriors. I am now a fellow practitioner of the three-series martial arts of water, wood, and fire. If I can become a three-series warrior, will I have a chance to defeat You Hongyu?"

The deputy chief instructor's eyes lit up, and he thought to himself that he still underestimated his son.

This little guy really left a way out for himself..

Chapter 1570

At that moment, the deputy chief instructor smiled slightly:"You are right. Since there are dual-series warriors in this world, there are naturally three-series warriors, and even fourth- and fifth-series warriors. However, both the fourth and fifth series are legendary. It is unknown whether the character exists or not."

Qin Chuan looked excited:"Deputy Chief Instructor, please teach me how to become a three-series warrior."

The Deputy Chief Instructor said:"Actually, I don't need to teach you anymore. Dual-series Warriors need to do two things at once, and warriors of the three elements naturally need to do three things at once. As long as you can do three things at once and remember the operation routes of the three elements of water, wood, and fire, you can try it."

Qin Chuan's eyes lit up:"Deputy Chief Instructor , I have memorized the three-system operation route for a long time. I want to try three-purpose, but my fire system is only at the peak quasi-warrior level, and I cannot release my energy." The deputy chief instructor nodded slightly:"That's right! If you want to become a three-series warrior, you must first break through the fire system to the first level. However, if you want to test whether you have the talent to become a three-series warrior, I can help you."

Qin Chuan was surprised:"You How can I help?"

"Very simple! I input a fire energy into your Dantian, and you try to circulate it in your body, and then you control the water and wood energy at the same time. If all three systems of vitality can operate smoothly, it means you can do three things at once."

"Deputy Chief Instructor, let's start the test!"

"good! Before the test, let me remind you that three uses of distraction are hundreds of times more difficult than two uses of distraction. Because of this, among the millions of people in this world, it is difficult to find a third-line warrior, so don't expect too much"

"oh!"

Hearing that, Qin Chuan became a little nervous.

He was worried that he couldn't do three things at once.

If he couldn't do it, he wouldn't be able to become a three-series warrior, and then there would be no hope of defeating You Hongyu.

With this thought, He was naturally a little worried

"Qin Chuan, come to the practice room with me!"

"oh!"

At that moment, the two of them entered the house one after another.

Not long after, they entered the practice room and each crossed their legs to do their exercises.

Then, the deputy chief instructor pressed his palm on Qin Chuan's Qihai point and input continuously Fire energy.

Suddenly, Qin Chuan felt three groups of energy in his body, namely water, wood, and fire.

"Qinchuan, start operating!"

"good!"

Qin Chuan looked at his nose and his heart with his eyes, and began to try the three functions of distraction and at the same time circulate the energy of the three systems in his body.

Whether he can become a warrior of the three systems depends on this attempt.

The deputy chief instructor also showed his nervousness Color.

The three uses of distraction are hundreds of times more difficult than the second use. He has never seen anyone who can use the three uses of distraction in his life.

Can this child do it?

The deputy chief instructor became more and more uneasy as he thought about it.

Buzz~!

At this moment , Qin Chuan shook slightly, his whole body lit up with blue light, and the water energy was released.

The deputy chief instructor began to get nervous.

Buzz~!

Qin Chuan's body lit up with green light again.

The deputy chief instructor became more and more nervous.

Whether Qin Chuan can succeed or not depends on Look at the next second.

Buzz~!

At this moment, Qin Chuan's body lit up with a dazzling red light.

The next second, the red, blue and green lights blended together, and the three systems of vitality were superimposed. Qin Chuan's momentum surged all the way, In the blink of an eye, he reached the level of a second-level warrior.

The deputy chief instructor's eyes suddenly shone with ecstasy.

Great!

This little guy has achieved the three functions of distraction!

Our Qing family finally has a third-level warrior!

He is worthy of being my son, Qing Yunfeng!

He is indeed a tiger father with no dog son! Haha!!

The deputy chief instructor was extremely ecstatic in his heart. He could no longer maintain his calmness as before, and his hands were trembling with excitement.

It took him a long time to calm down. Excited, he withdrew his hand from his Dantian.

As soon as the input of fire energy was cut off, the red light on Qin Chuan's body dissipated.

The fire energy was not Qin Chuan's own, and without the indoctrination of the deputy chief instructor, there would be no source.

At this moment, Qin Chuan also stopped moving his vitality and opened his eyes with a look of joy.

"Deputy Chief Instructor, I succeeded! I can do three things at once! I can become a three-series warrior!

The deputy chief instructor smiled calmly and said,"Qin Chuan, you did a great job!" Unexpectedly, the first three-series warrior I saw in my life was actually you."

"Deputy Chief Instructor, with my strength as a three-series warrior, what is the chance of defeating You Hongyu?"

"About 50%!"

"Only 50%?"

"Half and half, that's pretty good! Qin

Chuan then thought: "That's right. Even though it's a 50-50 chance, it's still much better than the previous 10% chance."

"Qin Chuan, don't be too happy too early. You only have the talent to become a warrior of the three elements, but you are not yet a warrior of the three elements. You still need to break through the fire element to the first level."

With this reminder, Qin Chuan suddenly felt that time was running out.

That's right!

His current fire system cultivation level is still stuck at the peak quasi-martial arts level.

Next, he will have the fire system break through to the first-level elementary level within ten days. That's it.

Otherwise, everything is just talk!

Thinking of this, he felt that it was time to find Du Shuyan and rush to the fire cave in advance.

That was where he had the chance to break through the fire element..
