Chapter 1571

At that moment, Qin Chuan stood up and said: "Deputy Chief Instructor, if you want to break through as soon as possible, you have to make preparations. I will leave first."

"Don't rush yet! Little guy, I'm very satisfied that you can achieve three functions of distraction and distraction. The more this instructor looks at you, the more he likes you. Today, I will teach you a secret skill as a reward."

Secret skills are different from martial arts. They are not restricted by the Five Elements and can be learned by any martial artist.

Qin Chuan was overjoyed: "Thank you, Deputy Chief Instructor, for your cultivation! I wonder what secret skills the deputy chief instructor wants to teach me? The deputy chief instructor was in a good mood and said with a smile on his face: "Little guy, you are quite good at climbing along the pole!" The secret technique I want to teach you is called Breath Condensation Technique, which is useful for hiding your strength."

"As long as you use the Breath Condensation Technique, you can hide any type of vitality in your Dantian. Even if others are two or three levels higher than you, it will be difficult to detect it. In this way, you can conceal your identity as a three-series warrior. Qin

Chuan's eyes lit up and he said happily: "This breath-containing technique is pretty good!" As long as I learn this secret skill, I can disguise myself as a single-type warrior or even an ordinary person. This is indeed a good way to hide my strength.

The deputy chief instructor nodded slightly: "That's right!" Letting others not understand your depth will make people awe-inspiring. Sometimes it is also a trump card that can kill others by taking them by surprise. Boy, do you want to learn?"

"study! Of course I want to learn!"

"Ha ha!! Come, let me teach you!"

At that moment, the deputy chief instructor whispered in Qin Chuan's ear and began to teach the oral instructions of the breath gathering technique.

In this way, one of the two taught it with all his heart, and the other studied it with all his heart.

After an hour, Qin Chuan had a general idea.

Then During the time when they came down, the deputy chief instructor gave another focused lecture on Fenxin Sword Technique.

In the blink of an eye, another hour passed.

The teaching between the two ended.

Qin Chuan gained a lot and was secretly happy in his heart.

"Qin Chuan, your understanding is extraordinary. In just two hours, not only did he master the breathing technique, but his understanding of the Fenxin Sword Technique also improved to a higher level. This time when you go back, you have to practice more frequently"

"I will!"

"very good! Let me remind you, you must not underestimate the distraction sword technique, it can greatly enhance your combat effectiveness. If you become proficient in Fenxin swordsmanship, your winning rate against You Hongyu will be greatly improved. Qin

Chuan's heart moved:"Deputy Chief Instructor, will You Hongyu be distracted from his swordsmanship?" The deputy chief instructor smiled coldly:"The Fenxin Sword Technique is a secret passed down by this instructor. He doesn't know it. In fact, most dual-system warriors don't know it." Qin Chuan was delighted:"

Thank you, deputy chief instructor, for your cultivation!""

"Go back and practice that swordsmanship! Remember, others use one sword to fight, but you use two swords, which is equivalent to two people fighting at the same time. Their combat effectiveness is so strong that I don't need to say more. You will realize the benefits in the future."

"In addition, your accumulated use of distracting swordsmanship over time can strengthen your second use of distraction, or even the third use of distraction."

The deputy chief instructor said it with sincerity.

In fact, the Fenfen Sword Technique is a set of superior sword techniques that the Qing family spent thousands of years secretly researching.

Qing Yunfeng naturally hopes that Qin Chuan can study it well.

"Deputy Chief Instructor, I will definitely study harder after I go back!"

At the moment, after the two chatted for a while, Qin Chuan left in a hurry.

An hour later, Qin Chuan found Du Shuyan according to the address left by Du Shuyan.

In Du Shuyan's dormitory.

Qin Chuan and Du Shuyan planned to go there tomorrow fire cave

"Qin Chuan, are you leaving tomorrow? So urgent?"

"There's no need to rush! I have a gambling battle with You Hongyu. I have to get to the fire cave earlier to have one more chance to break through. Besides, don't you want to go to the Fire Cave earlier? Du

Shuyan sighed:"My matters are small matters, but your matters are big ones!" If you waste any more time, your hands will be gone. If you ask me, you shouldn't bet with You Hongyu!"

"Shuyan, don't worry! As long as my fire energy breaks through, I will be sure to fight You Hongyu. Who will win and who loses at that time is still uncertain!"

"real?", Du Shuyan's tone revealed some unconfidence.

"Of course it's true!" Qin Chuan looked determined.

Du Shuyan's eyes lit up: "Okay! We'll leave tomorrow!"

As a friend, he naturally hoped that Qin Chuan would be fine.

At that moment, the two agreed on a time and went to Xiaofang City together.

There, Qin Chuan bought a bottle of Coagulation Powder, a bottle of Qing Ling Dan, and a bottle of general medicine Detoxification Pill.

Ningxue Powder can stop bleeding and is very effective for external wounds.

Qingling Pill is for treating internal injuries.

Later, Qin Chuan spent more than 200 gold coins to buy a Poison Heart Pill.

That Poison Heart Pill is the most popular one in Xiaofang City. The most expensive elixir is a poison elixir. Its toxicity is so strong that it can kill a third-level ferocious beast.

However, the elixir has a big drawback, that is, its smell is too strong and has a foul smell.

Most ferocious beasts are very It is spiritual and has an extremely sensitive sense of smell. If you smell the smell, you will definitely not eat it. Even stupid pigs will not eat it, so very few people will buy the Poison Heart Pill.

Du Shuyan saw Qin Chuan spend more than two hundred gold coins Buying a useless Poison Heart Pill makes me feel distressed and I can't help but nag me.

"Brother Qinchuan, why did you buy this poisonous heart pill? If you want to use it to poison ferocious beasts, forget it. The beasts won't eat it once they smell it, so you're wasting your money.

Qin Chuan smiled slightly and pretended to be mysterious:"I have my own uses.""

After buying the Poison Heart Pill, Qin Chuan packed it in a porcelain bottle and sealed the mouth of the bottle with wax to prevent the smell from escaping.

Next, Qin Chuan took Du Shuyan to the weapons shop in the city to buy some for himself. They bought a pair of swords that were handy.

After doing this, the two of them returned to the guard camp.

After arriving at the guard camp, Qin Chuan summoned the team members, explained some things, and told them that he would be away for a while. The elixir business was started by Chen Shenlai leads.....

Time flies!

In a blink of an eye, it was the next day.

At dawn, Qin Chuan and Du Shuyan left the reserve guard camp and headed towards the Huoyan Cave....

Chapter 1572

While Qin Chuan and Du Shuyan were heading to the Huoyan Cave, some interesting things were happening in the reserve guard camp.

Preparing the guard camp, inside the fourth group of camps.

At this moment, many members of the four groups were surrounding a huge green granite, arguing about who had the strongest attack power.

"Everyone, look how deep my sword can cut~! cut!"

A young man waved the long sword in his hand and slashed it hard on the hard green granite.

Ding~!

The sword and stone collided, and sparks flew!

The sword cut out more than three inches deep in the hard green granite. mark

"Ha ha!! You're so bad, it's only over three inches deep, look at me!"

Another young man stepped forward and struck out with a sword.

Ding~!

Another burst of sparks flew!

That sword actually struck out a sword groove more than half a foot deep.

The young people around were amazed.

"Tsk! Tsk! This sword actually struck half a foot deep! Wang Feng, you are still awesome! You are worthy of being a first-level intermediate warrior, I admire you! admire!"

At this moment, footsteps sounded behind everyone.

Everyone couldn't help but look back and saw three teenagers approaching.

The boy in red at the head was their team leader - You Hongyu.

Behind You Hongyu, there were also Followed by two young men, one tall and one short, both were first-level senior warriors, each with a proud expression.

Those two were the first and second masters of the fourth group.

Together with You Hongyu, they were called The three giants of the fourth group.

It is because of their existence that the fourth group is the strongest group in the reserve guard battalion.

"Team leader!!"

"Team leader, you are here!"

When all the team members saw You Hongyu coming, they all greeted you happily.

"What are you playing?" You Hongyu asked with a smile.

"We were just competing to see whose attack power was stronger!"

"Wang Feng performed well this time! With one stroke of his sword, he created a sword groove more than half a foot deep."

"interesting! I'll try!!"

The person who spoke was the tall young man behind You Hongyu.

His name is Gao Ling. He is the first master of the four groups. His strength has reached the peak of the first-level advanced experts and ranks high among the first-level advanced experts in the reserve camp.

"Gaoling, chop it quickly! Let me see if your boy has made any progress!", You Hongyu joked with a smile

"Since Boss You has said this, then I will show my shame! cut~! "

Huh~!

The sword flashed and the cold blade dazzled!

Ding~!

Gao Ling used all his strength with his sword and struck it on the green granite, creating a sword groove more than a foot deep.

There was a lot of exclamation and admiration all around.

"Ha ha!! Boss You, am I okay?", Gao Ling laughed proudly

"Some progress!", You Hongyu smiled and nodded.

"Boss You, why don't you give it a try and let the brothers see if Boss You has made any progress recently?"

You Hongyu readily agreed: "Okay! I recently learned a new martial arts skill, but I haven't had a chance to show it off, and my hands are itching! Today, I will try the power of that new martial arts!"

"Boss You, have you learned a new martial art?! Come on, show it off!!"

"yes! yes! Team leader, show us how to use it quickly!"

The teenagers were very curious and excitedly urged

"Take a look!"

You Hongyu drew out his long sword, concentrated his energy to control the sword, leaped into the air, and struck down with one sword.

"Fire Moon slashes wildly!"

Shua~!

In a moment, the long sword transformed into a five-meter-long crescent light knife and struck the green granite.

Click!

A crisp sound!

The one-meter-thick green granite was cut in two!

Damn~!

Shocked!

Still shocked!

There was shock all around!

Hiss~!

The air was so quiet that only the sound of gasping was left. After a while, the young people recovered from the shock and looked at You Hongyu in great horror.

"Oh my God! This is too strong! The green granite was cut off with one sword!"

"I'm afraid the second-level warriors are nothing more than this!"

"yes! It's so perverted! At this time

, Gao Ling seemed to have discovered something and asked in surprise: "Boss You, did you just use a medium-level martial skill?"

"You still have a good sense. good! My Fire Moon Slash is an intermediate martial skill!"

You Hongyu showed a proud smile.

"It is indeed an intermediate level of martial arts! No wonder it's so powerful!", Gao Ling looked envious.

You Hongyu smiled and said: "It was my luck this time that I got this Zhongcheng martial skill, which greatly increased my strength!"

Gao Ling's eyes lit up: "Boss You, no one in the outside world knows about your intermediate martial arts skills." They think that you have only mastered two inferior martial arts. If those guys find out that you have mastered the intermediate martial arts, their jaws will drop in shock!"

As soon as these words were said, all the team members agreed one after another.

"right! With the intermediate martial arts skills, the team leader's strength has greatly increased. I am afraid that many second-level warriors will not be the team leader's opponents."

"That's right! From what I see, the only person who can defeat the team leader now is the second-level Dzogchen."

After warriors reach the second level, they are no longer divided into elementary, intermediate and advanced levels, but only two levels: non-perfection and great perfection.

Listening to the praises of the team members, You Hongyu smiled and said nothing, feeling extremely proud.

He was also last night, he completely mastered the Fire and Moon Slash.

This time his strength increased greatly, which made him quite proud.

If Qin Chuan were here, he would be extremely depressed.

It is obvious that You Hongyu's real strength has surpassed his estimate.

Even the deputy chief instructor did not expect this..

Chapter 1573

At this moment, all the players on the court were praising You Hongyu.

Then You Hongyu felt a little embarrassed after hearing too much about it.

"Everyone, although my strength has improved, it is difficult to say that I can defeat a second-level warrior.", You Hongyu pretended to be modest.

As soon as he finished speaking, a deep voice came from behind the crowd.

"You are right, it is indeed difficult to say!"

Everyone was startled and turned around to see a middle-aged man wearing an instructor's uniform walking over.

"Huh! The instructor is here!"

"I've seen the instructor!"

You Hongyu and others came forward to salute.

It turned out that the middle-aged man was the instructor of the fourth group.

At this moment, the instructor looked at You Hongyu with approval: "Hongyu, you are the most satisfying disciple in my instructor career.. If you are not at level 2, you can cut through this blue rock with one sword. It is really not easy."

"Generally speaking, even if a second-level warrior takes action, only 60% of them can cut off the blue rock. If you can do it, it means that your combat power is not considered weak among second-level warriors."

"However, it is difficult to say that you can defeat a second-level warrior. You may not be able to defeat even the weakest second-level warrior."

As soon as these words came out, everyone was confused.

You Hongyu was a little unconvinced: "Instructor, with my current combat power, I am indeed not the opponent of most second-level warriors, but against the kind of second-level warriors who have just been promoted, I should be able to do it, right?" The instructor shook his head slightly: "It's hard to say. Even if your combat power is stronger than those newly promoted second-level warriors, you may not be able to defeat them." At most you have the qualifications to fight them"

"Why?", You Hongyu looked surprised.

The instructor smiled: "This is the difference in realm! Because warriors of the second level and above begin to have aura fields, the five elements of vitality begin to interact with each other. The aura of a second-level warrior can suppress the combat power of a first-level warrior."

"Unless you have also cultivated your aura, or your vitality is not overcome by them. In short, with this influence, with your current strength, if you fight against the weakest second-level warrior, your chances of winning are only 50-50!"

You Hongyu was depressed: "I didn't expect that the gap in realm would lead to suppression in this area. It is not easy for a first-level warrior to cross the next level and challenge the second level."

The instructor nodded slightly: "That's true!" Hongyu, you now have the ability to cross the next level and challenge the second level, but the outcome is unpredictable. In fact, this is extremely good. You must have heard of the term barrier"

"The level barrier refers to the strength gap between warriors across realms. It is very huge and difficult to overcome. If it is said that it is very difficult for a first-level junior to defeat a first-level senior, it is not impossible. It is extremely rare for a first-level high-level person to defeat a second-level person."

"It is impossible for the second level to defeat the third level. For the third level to defeat the fourth level is a rare achievement in a hundred years. This cross-level challenge becomes more and more impossible the further you go. This is the so-called level barrier."

"As far as I know, it has never happened in thousands of years for an eighth-level warrior to leapfrog a ninth-level warrior, because no one can do it. Currently, the smallest level barrier is between second-level warriors and first-level warriors."

After hearing these words, the young people suddenly realized.

You Hongyu also fell silent.

In this way, he can barely cross the level to challenge the second-level warrior, which is already extremely good.

"By the way, Hongyu, I heard that you had a gambling fight with someone recently?", the instructor suddenly asked

"Yes! That person is the new leader of the seventh group - Qin Chuan"

"How strong is he?"

"The strength is very weak, barely reaching the first level of advanced level."

You Hongyu raised the corners of his mouth slightly, with a look of disdain on his face.

Obviously, he never took Qin Chuan seriously from the beginning to the end.

"Oh, just handle this matter yourself!"

The instructor responded casually, as if he was saying something trivial.

"Hongyu understands!"

"Okay, you continue to discuss, this instructor will not disturb your enjoyment."

"Instructor, walk slowly!"

After a while, the instructor left, and the team members also started talking.

"Team leader, the instructor is here just to ask about gambling."

"should be! It's just that the instructor didn't expect that Qin Chuan was so weak, so he didn't bother to say more."

"hey-hey! If it were me, I wouldn't think I need to say more. This time, the team leader definitely won the bet between the team leader and Qin Chuan."

"I'm afraid Qin Chuan still doesn't know that our team leader has learned another Zhongcheng martial arts. On the day of the gambling fight, he was afraid that he would not be able to catch the team leader's sword."

"I, Gao Ling, can easily defeat him without Boss You taking action! Then Qin Chuan just overestimates his capabilities."

You Hongyu smiled slightly:"Qin Chuan is just a clown, I don't need to pay too much attention to him.""

"That's right! That Qin Chuan wants to use the name of the team leader to achieve success is simply a fool's dream!"

"That's it! I don't have to discuss that kid anymore! In nine days, it will be the day of the betting battle. Let's see the results then!"

"Ha ha! Exactly!"

The young men laughed and discussed for half an hour before they dispersed..

Chapter 1574

An hour later, four groups of camps were in a remote yard.

Chen Yuankun tightly compiled a red phosphorus pill in his hand, with a ferocious and proud look on his face.

"Nine days! Only nine more days! Qin Chuan's hands are mine!"

Chen Yuankun slowly raised his right hand with broken fingers, his eyes full of hatred.

Oh!

At this moment, a burst of speed broke through the air, from far to near, and fell into the courtyard in the blink of an eye.

The person who came was none other than You Hongyu!

"Chen Yuankun, why did you invite me over?"

You Hongyu held the sword in his arms, looking like a master.

Chen Yuankun's eyes lit up and he stepped forward with joy: "Team leader, you are here!"

"Tell me, what's the matter?"

"Team leader, I would like to give this elixir to you!"

Chen Yuankun flipped his palm, revealing a red phosphorus pill.

You Hongyu's eyes gleamed.

Immediately, he looked confused: "Chen Yuankun, didn't you say before that you would wait until I defeated Qin Chuan before giving away this red phosphorus pill? Give it to me?"

"Team leader, I only said that when there were outsiders around."

"Why are you doing this?"

"I want to make the team leader stronger. Be stronger and be 100% sure to win Qin Chuan, so that Qin Chuan will never be able to stand up again. You

Hongyu was stunned: "Chen Yuankun, you are looking down on me!" Even if I don't take this red phosphorus pill, I am 100% sure that I can win against Qin Chuan."

"That is! That is! Your subordinates just think that the stronger you are, the better."

"This is true! Chen

Yuankun said with an apologetic smile: "So, I want to give this red phosphorus pill to the team leader first, so that the team leader's strength can be improved even more.""

"Is there such a good thing?!"

You Hongyu took the elixir in disbelief.

Then, he asked in confusion: "Chen Yuankun, you gave me the red phosphorus elixir, so you weren't worried that I would suddenly regret it and deliberately lose to Qin Chuan in the gambling battle? Chen

Yuankun had already expected this, and said with a smile on his face: "I know that the team leader loves his subordinates, and this kind of thing is absolutely impossible to do." Besides, the subordinate also has a generous gift to give to the team leader. As long as the team leader can win against Qin Chuan, I will give it to you!"

"What kind of gift?" You Hongyu suddenly felt curious.

"That is the second red phosphorus pill. As long as the team leader wins the bet, the second red phosphorus pill will also be yours!"

You Hongyu's eyes lit up and he took a deep look at Chen Yuankun.

This guy has a great fortune, and I'm afraid he has a lot of secrets hidden in him.

Then, he smiled and said:"Okay! I will accept this elixir! After nine days, Qinchuan will definitely be defeated!

Chen Yuankun was overjoyed:"Thank you very much, team leader!"

You Hongyu smiled slightly and walked away with the elixir.

Although red phosphorus pill is only effective for the first time, You Hongyu doesn't think it's too much.

If he can't use it, he can sell it.

One red phosphorus pill is worth five Thousands of gold coins are still priceless, which is enough for him to exchange for a lot of resources.

After You Hongyu left, Chen Yuankun's mouth curled up slightly, showing a look of joy.

He was thinking that Qin Chuan would never have expected that he would give You Hongyu in advance. He rained down a red phosphorus pill to help You Hongyu improve his strength.

This time, in order to completely defeat Qin Chuan, he did not hesitate to reveal that he had multiple red phosphorus pills on his body.

A certain secret hidden in his body was also initially exposed.

No. Do you know if You Hongyu thinks too much?

However, in order to cut off Qin Chuan's hands, he no longer cares so much.

He is willing to take that risk!

When he thinks that Qin Chuan will lose his hands, Chen Yuankun feels extremely happy.

The next second, he also turned and left.

After Chen Yuankun's strange actions, You Hongyu naturally thought that Chen Yuankun might have some secrets.

In fact, not only You Hongyu thought so, Qin Chuan also suspected it.

Just when Chen Yuankun took out the red phosphorus Dan, Qin Chuan thought of Chen Tian's performance in the assessment and had some speculations..

Chapter 1575

But on the other side, Qin Chuan and Du Shuyan went straight to the Huoyan Cave.

The Fire Cave is located on the edge of Frightening Ridge. It leads directly to the underground magma. It is a natural cave formed after a volcanic eruption.

The fire energy inside it is extremely strong, about ten times that of the outside world, but it is also extremely violent.

After years of testing, people have found that the concentration of fire energy in the fire cave is quite effective in helping peak quasi-warriors break through their bottlenecks.

Because of this, every year many top quasi-warriors go to the fire cave to break through their bottlenecks.

Over time, the Fire Cave became a holy place for training of low-level fire warriors.

However, on the way to the fire cave, low-level ferocious beasts often appeared, making it difficult to move forward.

Beike Town is a remote mountain town, located near Frightening Ridge, about seventy or eighty miles away from Shenyang City, and is within the Zhou family's sphere of influence.

It is also the only place to go to the fire cave.

Laifu Inn is the largest hotel in Beike Town.

At this time, there were many guests sitting on the first floor of the inn.

These people included passing merchants, medicinal material purchasers, and low-level warriors heading to the fire cave.

At this moment, a boy of seventeen or eighteen and a girl of fourteen or fifteen were sitting at a table in the northwest corner of the inn.

The girl was bright and lovely, and she looked like a beautiful woman at first glance.

The young man is also handsome, and his appearance is similar to that of the girl. At a glance, you can tell that they are a brother and sister.

Both of them have the same cultivation level, they are both peak quasi-warriors.

"Brother, we have been waiting here for seven or eight days, but we still haven't found any masters coming. How long do we have to wait? Do we still want to go to the fire cave? The girl raised her mouth with displeasure.

The boy advised: "Sister, this matter cannot be rushed. There are many low-level ferocious beasts on the way to the fire cave. Although it is unlikely that second-level ferocious beasts will appear, once there are still some high-level ferocious beasts"

"Without expert escort, we would most likely end up in the mouth of a vicious beast. Although breaking through the bottleneck is important, this life is more important. In short, wherever you want to go, you must be escorted by at least a first-level senior warrior."

"Why! Brother, I'm almost dying of anxiety. I've been waiting for so many days and I haven't even seen a first-level intermediate warrior, let alone a first-level high-level warrior."

"Don't worry! Every ten days and a half, one or two first-level high-level warriors will always appear. Most of them are here to escort their friends. At that time, we only need to pay the master some protection money, and then we can go there with them."

"Brother, will there really be experts here?"

"Of course, as long as we wait patiently, we will definitely wait. Generally, experts who come to this town will come to this inn to rest. Because everyone knows that there are escort voices to do"

"oh!", the girl blinked her big beautiful eyes, "Brother, why don't we ask the experts in the town to help?"

"Sister, this Beike Town is just a remote town, so what experts are there? I heard that the most powerful master in Beike Town is the mayor, and his cultivation level is only the second level of Dzogchen, and he is still quite old. Even if you want to ask him, he is not willing to do such a small thing for you"

"Huh! A mayor has only reached the second level of Dzogchen! I heard that any guard from the four major families in Shenyang City is a second-level warrior."

"What a powerful force the four major families are! How can we compare to them? I heard that when they select guards, they have very high qualification requirements. Not just anyone can get in. Those who can get into the four major families are all the elites! I also heard that they give out pills for cultivation every month and the treatment is excellent!"

When the young man said this, his eyes were full of envy.

As soon as he said this, there was a burst of laughter outside the door.

"Ha ha!! Zhou Qing, you are right, those who can enter the four major families are elites. When we took the preliminary guard assessment, we failed."

As the words fell, five young men walked in outside the door. The younger ones were seventeen or eighteen years old, and the older ones were nearly twenty years old. The five of them were all peak quasi-warriors.

"You five are here too!"

Zhou Qing smiled and greeted the five teenagers.

His sister Zhou Yue also nodded and smiled at the five teenagers.

It turned out that these seven people had known each other for a long time.

They were all going to the Huoyan Cave.

Because they were worried about the dangers on the way. Ferocious beast, everyone is waiting at this inn, expecting to be escorted by a master

"Zhou Qing, Zhou Yue, you two brothers and sisters came early!"

Zhou Qing shook his head and smiled bitterly: "I've been waiting for so long, I'm almost dying of anxiety. No, early in the morning, my sister urged me to come over and take a look."

"Why! How long have you two been waiting? I've been waiting for a month. This can't be rushed!."

The teenagers were chatting and laughing, sitting at the same table with the Zhou Qing brothers and sisters, and ordered some tea.

Afterwards, everyone gathered around and continued chatting

"By the way, you just said that you have participated in the preliminary guard assessment of the four major families before?"

Zhou Qing asked one of them curiously.

"yes! Those assessments are so abnormal that if you fail one item, you will be eliminated on the spot. Back then, my young heart was hurt like that."

The young man had a wry smile on his face, as if he couldn't bear to look back on the past.

Another young man also said:"You are not as aggrieved as I was back then! Back then, I passed all the tests and still ranked high, but the talent test at the last level eliminated me."

"Talent test? What kind of talent is needed?"

Zhou Yue also blinked her big eyes curiously.

"Intermediate qualifications and above!"

As soon as these words came out, the teenagers were amazed.

"Moderate qualifications! Most people in this world are inferior and have inferior qualifications. The threshold for the four major families is really high!"

"you do not say!"

The young people were filled with emotion.

People with inferior qualifications may not be able to cultivate to the third level throughout their lives.

It is a miracle that people with inferior qualifications can cultivate to the fourth level.

Third- and fourth-level warriors are like that to Shenyang City For big cities, he is not a big figure at all, but for those in remote small towns, he is definitely the overlord of one party, a big shot who can make the small town tremble even if he dodges.

"When it comes to qualifications, Zhou Yue is the best among us."

"Yes, Zhou Yue, you are not yet fifteen years old! Tsk! Tsk! If you are less than fifteen years old, your cultivation level will be the same as ours, and your future achievements will definitely be much higher than ours."

"whee! All the uncles and uncles in our town said so."

Zhou Yue narrowed her eyes with a smile, showing no sign of humility.

Zhou Qing shook his head: "You girl, you really don't know how to be humble!"

Just after saying this, the light outside the door dimmed, and two young men walked in.

One was fifteen or sixteen years old, with a sword hanging from his waist. He looked delicate and quiet. This man was Du Shuyan.

The other was twelve or thirteen years old. He looks like he is carrying two long swords, his eyes are full of aura, and his temperament is very extraordinary.

This is naturally Qin Chuan..

Chapter 1576

As soon as Qin and Chuan entered the door, everyone's attention aroused.

When the diners saw the costumes of Qin Chuan and the two warriors, they didn't dare to look at them.

In this world where martial arts is respected, warriors are not something ordinary people like them can mess with.

The young men at Zhou Qing's table also looked over curiously.

At this moment, Qin Chuan used the breathing technique to hide the water and wood energy in his body, so on the surface he looked like Du Shuyan, a peak quasi-warrior of the fire element.

But when Zhou Qing and others saw this scene, they all looked surprised.

"Look! The two newcomers are not very old, and they are both peak quasi-warriors."

"Tsk tsk!! I think the older one is about fifteen or sixteen years old, so it can be seen that his talent is no worse than Zhou Yue's! The younger one is even more exaggerated. He is only twelve or thirteen years old at most, but he is also a peak quasi-martial artist, with even better qualifications than Zhou Yue!"

"So what if he's better than me, what's so great about it, hum!"

Zhou Yue wrinkled her little nose in dissatisfaction, and her tone was sour.

However, her big eyes had been secretly looking at Qin Chuan, showing curiosity.

"I think they must be going to the fire cave just like us. Since everyone has the same purpose, how about calling them over and discussing how to get to the Fire Cave?"

"sure! There is strength in numbers!"

"That's right! That's exactly what it should be!"

The young men quickly reached an agreement.

At that moment, Zhou Qing stood up and greeted Qin Chuan and the two of them.

"Two little brothers, are you going to the Fire Cave?"

"That's right!", Du Shuyan smiled and nodded.

"Ha ha!! The seven of us are also going to the Fire Cave, and everyone happens to be on the way, so why not come over and discuss it together, and maybe we can get together!"

Du Shuyan's eyes lit up. He also wanted to find someone to accompany him. There is a saying that there is strength in numbers.

However, he did not answer immediately, but turned back to look at Qin Chuan.

Along the way, he always followed Qin Chuan's lead, so this matter naturally took Qin Chuan's lead. Qin Chuan smiled: "Shu Yan, let's go there!"

At that moment, the two of them walked towards Zhou Qing's table.

Zhou Qing and others quickly entertained them warmly.

Nine teenagers gathered around, all of them were young people, and they soon started chatting.

"Which town are you two from?", Zhou Qing asked curiously

"Divine Flame City!"

"Tsk ts! The people who come out of Shenyan City are extraordinary. You two are not very old, but your cultivation level is the same as ours. You are so infuriating!"

Zhou Qing couldn't help but sigh.

Hearing this, Qin Chuan was fine, and Du Shuyan's expression was a little strange.

But he knew that Qinchuan, water and wood, had already reached the peak of the first-level elementary level, and was only one step away from the first-level intermediate level. The difference was not as simple as that of a quasi-warrior at the peak of the fire system.

But he didn't know how Qin Chuan did it. He actually hid the water and wood vitality, and he couldn't sense it no matter how he probed.

At this time, Zhou Qing said again "By the way, you two haven't had lunch yet, and none of us have eaten either. Why don't I, Zhou Qing, sit in the village for this meal, which can also be regarded as a blessing for the two new brothers?"

"This will cost you money."

Qin Chuan and Du Shuyan were both a little embarrassed.

However, they had traveled for a long time and were indeed very hungry.

After some polite remarks, the waiter served rich food and wine to the young people.

The group of people chatted while eating, and gradually They became familiar with each other.

From the conversation, Qin Chuan learned that these teenagers were casual cultivators who came from several nearby towns.

During this period, Zhou Yue secretly sat next to Qin Chuan.

Qin Chuan was eating happily, and a Suddenly, her little hand was placed on his head, and she touched it gently.

Zhou Yue looked at him curiously: "Little brother, you are only so old, but your cultivation level is almost the same as that of my sister. Can you tell me?" , how do you practice? Qin

Chuan opened her hand depressedly: "I'm not a child anymore. Don't touch other people's heads casually."

"whee! You are obviously very young! You still don't let your sister touch you, how ungrateful! Qin Chuan was speechless:"

If you touch me again, I will get angry."

Du Shuyan was really worried that Qin Chuan would be angry.

If Qin Chuan got mad and could kill seven guys present with one hand, that wouldn't be fun.

At that moment, he quickly changed the topic: "Everyone, since we have discussed it, let's work together. We are going to the Fire Cave together. When will we set off?" Zhou

Qing smiled bitterly: "Without an expert escort, we can't get there with our strength."

All the young people also agreed.

"yes! On the way to the Fire Cave, there are often first-order ferocious beasts."

"We wouldn't have gotten there without an expert escort."

Qin Chuan didn't take it seriously: "What are you afraid of!" As long as there are no second-level ferocious beasts, we will kill them together."

The young men were stunned and couldn't help but shake their heads secretly, thinking that this little guy only knows how to practice and has no idea how scary the beast is.

Zhou Yue even said seriously: "Little brother, you really don't understand how scary the beast is. horrible. Even though there are nine of us, even if we encounter a first-level intermediate beast, we are no match."

"Moreover, there may be first-level high-level ferocious beasts on this road. Without the escort of first-level high-level warriors, it would be impossible for us to reach the fire cave."

Zhou Qing also sighed: "Yes! We wouldn't be able to go to the Fire Cave without the escort of a first-level senior warrior. Otherwise, we would have gone to the fire cave long ago. Qin

Chuan frowned slightly: "Then when will you go to the Huoyan Cave?"

Zhou Qing was helpless:"We can only wait for the first-order senior warrior to appear. I hope he can escort us to explore."

Hearing this, Qin Chuan murmured in his heart.

It took him half a day to get from Shenyang City to Beike Town, and another half day to go to Huoyan Cave.

In this way, it would take him back and forth from Huoyan Cave to the reserve guard camp. It only takes two days.

Then he can only practice in seclusion for seven days in the fire cave.

In seven days, he has to break through the fire energy to the first level, which is almost impossible for others.

Qin Chuan relies on the fire element He has extremely high talent and hopes to break through, so he must break through.

Otherwise, he will have no chance to win against You Hongyu.

Therefore, he will not waste his time waiting for some master guard.

At that moment, he said:" Are there many first-order high-level warriors passing by? If you can't wait, it will be a waste of time."

Zhou Yue said hurriedly:"Little brother, you don't know something. This fire cave is a holy place for the peak fire element quasi-warriors to break through. Every once in a while, there are peak fire element quasi-warriors coming from nearby towns to break through."

"Many of these people have connections, and they will find a first-level senior warrior to help escort them. When the time comes, we just need to go there together with them.

Qin Chuan was confused:"Are they willing to take you?" Zhou Yue smiled and said,"

Of course I am willing, as long as we pay some protection money." Anyway, one escort is also an escort, and two escorts are also escorts. It doesn't make much difference to escort a few more, and you can also make some extra money, so why not do it."

Qin Chuan was disdainful.

He didn't have time to wait for any master.

Besides, with his strength, he was not afraid of any high-level ferocious beasts.

However, for the sake of Zhou Qing's meal, he was willing to take Zhou Qing Wait for someone to go there together..

Chapter 1577

Thinking of this, Qin Chuan was about to express his thoughts when another group of teenagers came in outside the door.

The two leaders were both seventeen or eighteen years old, and they were both first-level advanced warriors.

Qin Chuan also discovered that both of them were wearing black protective uniforms and had an armband on their right arm, which was very similar to his team leader's armband.

Behind those two people, there were four young men wearing black guard uniforms, all of whom were at the peak of their cultivation.

Just when Qin Chuan was surprised, Du Shuyan whispered in his ear

"Brother Qinchuan, these are wearing the Yan family's reserve guard uniforms. The two leaders should be the two leaders of the Yan family's reserve guard team."

Qin Chuan suddenly realized.

For the convenience of travel, Qin Chuan and Du Shuyan did not wear the Zhou family's reserve guard uniforms.

At this time, the group also saw Qin Chuan and others.

One of the teenagers immediately smiled and said: "Team Leader Chen, you It's true, there are really a bunch of rookies waiting here."

The other boy also smiled and said: "Of course! I've been here several times and every time I see a bunch of newbies waiting to be escorted"

"Anyway, it's not bad to make some extra money!"

The two first-level senior teenagers were chatting and laughing, and they didn't take Qin Chuan and the others seriously.

Then, behind the two of them, a young man who looked a little smart looked at Qin Chuan and the others with an arrogant look.

"Are you going to the Fire Cave? We are the Yan family's reserve escort team. These two are our Team Leader Chen and Team Leader Liu. They are both first-level senior warriors."

"This time, they came here to help the four of us escort to the fire cave. If a few of you want to get together, follow the old rules and each of you must pay fifty gold coins for protection."

Hearing this, Zhou Qing and others were overjoyed.

They had waited for so many days and finally waited for the masters to arrive, and two of them appeared at once, which would be safer.

Although fifty gold coins is a lot, but It's worth it as long as you can go to the fire cave.

"Thanks to the two team leaders, we are willing to join!"

"I'm willing to join in too!"

"Two team leaders, this is my protection fee, please accept it!"

"this is mine!"

Zhou Qing and others handed over the protection money one after another without any hesitation.

Qin Chuan was a little confused and opened his mouth. It was too late to stop him.

However, he then thought, since the other person is in love with me, he He stopped making money.

At that moment, he immersed himself in eating and drinking.

Du Shuyan was naturally indifferent.

In a blink of an eye, the protection fees for the seven Zhou Qing people had been paid, leaving only Qin Chuan and Du Shuyan who had not paid.

The clever young man frowned:" Why don't you two make friends? Don't you want to be with us?
Du

Shuyan hesitated for a moment, then looked at Qin Chuan.

Qin Chuan stopped his chopsticks and said,"It's okay to be together, but we don't want to pay the protection fee."

The clever young man looked contemptuous:"You want to be with us without paying the protection fee. It's just a dream. How can there be such a good thing in the world!""

The team leader named Chen seemed to be very unhappy with Qin Chuan's words.

"Xiaoliu, don't talk nonsense to them! Forget it if they don't pay, I'm too lazy to meddle in other people's business!"

"Xiao Liu, don't worry about them! Whether they can go to the fire cave is their business, not ours!"

Team Leader Liu also echoed.

Xiaoliu nodded:"Yes! Team leader!

Then, he looked at Qin Chuan again:"You have heard what our two team leaders said!" After a while, when we set off, you must follow us, hoping that we will be taken advantage of and help you clear the way.

Qin Chuan sneered:"No need!" The two of us will set off now, and we will not take advantage of you."

As soon as he finished speaking, Qin Chuan stood up and packed his things.

Xiaoliu's eyes showed disdain:"You are so ignorant! Even with your cultivation level, you still want to think of a fire cave? Any first-level ferocious beast will kill you. Qin

Chuan smiled slightly:"You don't need to worry about this!" Shuyan, let's go! Seeing that Qin Chuan and his wife were about to leave, Zhou Yue became anxious.

She quickly stopped Qin Chuan:"Little brother, don't be so impulsive!" Haven't I told you that this journey is very dangerous. Don't you have enough money on you? Otherwise, my sister will pay for your protection money."

After saying that, Zhou Yue pulled Qin Chuan and walked to Team Leader Chen and others regardless of whether Qin Chuan answered or not.

"Brother, the two team leaders, just take them two with you. I paid their protection fees for them."

Seeing Zhou Yue do this, Qin Chuan was a little bit dumbfounded.

Du Shuyan also looked strange.

Does Qin Chuan still need protection?

In his opinion, the two team leaders are not necessarily as strong as Qin Chuan!

In fact, he doesn't know yet. Qin Chuan is already a dual-system warrior. The energy of water and wood can be superimposed, and his comprehensive strength is comparable to the peak of a first-level advanced warrior.

And the two team leaders have just reached the first-level advanced level.

Even if they join forces, Not necessarily Qin Chuan's opponent.

Obviously, Du Shuyan underestimated Qin Chuan.

Zhou Yue and others underestimated Qin Chuan even more..

Chapter 1578

At this time, Zhou Yue saw Qin Chuan frowning, so she pretended to be angry and said:"Little brother, please stop talking nonsense. If you talk nonsense again, my sister will really get angry.""

"Little brother Qinchuan, you all agreed to stay with us, are you going to leave the seven of us behind now?"

"yes! Brother Qinchuan, this journey is dangerous, so it's better for us to stay together."

The seven Zhou Qing people also stepped forward to persuade Zhang Shui'er.

Sensing the good intentions of Zhou Qing and others, Qin Chuan felt warm in his heart and thought to himself.

They all had good intentions, so he accepted their favor and would not spoil their fun..

Let me go with them. If they are in danger, I can help.

Thinking of this, Qin Chuan nodded silently and agreed.

"This is how you behave! Little brother, you should listen to your sister more in the future, there is nothing wrong!"

Zhou Yue happily touched Qin Chuan's little head.

Qin Chuan was dissatisfied: "Zhou Yue, don't touch my head!"

"whee! It won't die if you touch it. Also, don't call me Zhou Yue from now on, call me Sister Yue'er. Children must learn to be polite."

Qin Chuan rolled his eyes angrily. It was polite for her to touch someone's head casually.

After some farce, Qin Chuan finally agreed to set off with Team Leader Chen and others.

Of course, Zhou Yue paid for the protection fee.

Qin Chuan murmured in his heart that when he got there, he would find a way to get it back from Team Leader Chen and others and return it to Zhou Yue.

But on the other side, Team Leader Chen saw someone helping Qin Chuan and the two with protection money, so he also Without further ado, he reluctantly agreed to take Qinchuan and Qin Chuan with him.

Anyway, they were brought with them along the way, so it would be better if they took two more with them.

No one wants to have trouble with money.

At this moment, the leader Chen The team leader has spoken

"We have collected the protection fee, so naturally we won't ask for it in vain. We will ensure everyone's safety on the way to the Huoyan Cave. However, before that, I have a few words to make it clear"

"As the saying goes, there is no rule. In order to ensure everyone's safety, we must first set a rule on the way to the fire cave. That is: along the way, you must obey the orders of me and Team Leader Liu."

"If anyone doesn't follow orders, sorry, we will kick him out of the team and leave him to die. We don't want to put everyone in danger because of one person."

Speaking of this, Team Leader Chen glanced at Qin Chuan intentionally or unintentionally, as if he was telling Qin Chuan specifically. Qin

Chuan sneered in his heart and didn't take it seriously at all.

Team Leader Chen continued:"The other thing is: when we arrive at the fire After entering the cave, you will be kept in seclusion for thirty days. After thirty days, whether you have broken through the bottleneck or not, we will leave"

"Okay, I'll give you some time to make some preparations. After half an hour, we set off."

After hearing this, the young people started to get busy and bought a month's worth of dry food and water from the inn.

Qin Chuan and Du Shuyan also prepared some.

Half an hour later, the group officially set off for the Huoyan Cave.....

It is about twenty miles from Beike Town to Huoyan Cave.

Along the way, Team Leader Chen gave detailed instructions to Qin Chuan and others.

"Listen carefully. If we encounter a vicious beast on the road in a while, just protect yourselves. Team Leader Liu and I will deal with the beast."

Qin Chuan silently followed the end of the team.

The two team leaders walked at the front.

Zhou Qing and others were in the middle of the team, trembling with fear along the way.

Along the way, everyone went deeper and deeper into the forest.

The jungle on the road became more and more dense. The denser it is, the more hidden dangers there are.

Unknowingly, they entered an area where ferocious beasts often hang out.

The teenagers were nervous, watching all directions and listening in all directions, walking cautiously, with nervous expressions on their faces. Stretched.

Even the two team leaders looked serious.

All the team members were praying that it would be best not to encounter any high-level ferocious beasts.

If they did, it would be difficult for the two team leaders to work together to deal with it.

This Thinking about it, the team members were naturally a little uneasy.

Even Du Shuyan was no exception.

Among the crowd, only Qin Chuan looked calm..

Chapter 1579

Along the way, Qin Chuan and others still encountered fierce beasts.

Those were two first-order elementary blood-eyed giant wolves.

When the blood-eyed giant wolf appeared, Zhou Qing and others were very panicked.

Subsequently, Team Leaders Chen and Liu took action.

It didn't take long for the two of them to kill two ferocious beasts.

At this moment, the blood of the beasts was flowing freely, and the place was filled with the smell of blood. Team Leaders Chen and Team Leader Liu looked at the two wolf corpses with proud expressions.

Zhou Qing and others were amazed

"Tsk tsk!! The two team leaders are so awesome!"

"yes! This blood-eyed giant wolf is a first-level primary ferocious beast. Without the two team leaders, our thirteen peak quasi-warriors would be no match for them if we join forces!"

Zhou Qing sighed with a look on his face.

The thirteen peak quasi-warriors he mentioned naturally included Qin Chuan.

Xiao Liu said with a proud look on his face:"Of course! Our two team leaders are both first-level senior warriors. It is not easy to deal with these two first-level beasts. Now, you know that your protection money is not in vain, right?"

Zhou Qing nodded repeatedly:"That's right! That is!"

At this time, the two team leaders had dug out the evil beast's inner elixir, and both of them were still a little bit unsatisfied.

"These two blood-eyed giant wolves are too weak!"Team Leader Chen shook his head with some disdain.

Team Leader Liu also smiled and said: "Yes! I haven't had enough fun killing yet! However, being able to wait for this first-level elementary inner elixir can be considered a small gain!"

The two of them spoke very easily and freely.

The teenagers looked at it with envy and admiration.

At this moment, Qin Chuan's voice rang out from the crowd.

"You two, let's go quickly! If the blood of this ferocious beast is spread out, it will attract other ferocious beasts." Qin Chuan was kindly promoted.

Team leader Chen frowned and was a little displeased: "Do you want you to talk too much?"

He was enjoying the admiration of the young people, and was somewhat unhappy to be interrupted by Qin Chuan.

"Brother Chen, it's time to go! In three or four miles we will reach the Fire Cave."

Team Leader Liu also urged

"Then let's go!"

Team Leader Chen put away the inner elixir and was about to set off.

Roar!

But at this moment, a thunderous roar came from behind the trees, shaking the mountains and forests.

Wow! La!

Followed immediately. , the sound of ferocious beasts rushing through the forest came from the direction of the roar, like an overwhelming sound, and the leaves kept rustling.

The young people were shocked and looked forward quickly.

Boom~!

Not long after, a huge beast rushed out from the direction of the sound. The shadow broke several giant trees and fell in front of the team.

Everyone was shocked and quickly looked around and saw that it was a giant leopard three feet long and the sky was as black as ink.

"It's the first-order advanced ferocious beast, the twin-tailed Demonic Cloud Leopard!"

Exclamations rang out from the crowd.

Zhou Qing and others' expressions changed.

This is actually a first-order high-level ferocious beast. Trouble has finally come.

"Everyone, step back quickly!"

Team Leader Chen waved his hand to block in front of everyone, with a very serious look on his face. Generally speaking, ferocious beasts are stronger than warriors of the same level.

If he were to face the two-tailed demon cloud leopard alone, he would be in trouble.

Fortunately, He also has the first-level senior team leader Liu here.

"You stay away from us. If we start fighting, we won't be able to take care of you."

Team Leader Liu also hurriedly urged.

Seeing the two team leaders being so cautious, the hearts of the young people immediately jumped up, and they all retreated backwards, not daring to be careless at all.

Roar~!

At this moment, the two-tailed Demonic Cloud Leopard With a low roar, he rushed towards Team Leader Chen.

"Go together!"

Whoa~! Whoa~!

The two team leaders flashed and faced the Demon Cloud Leopard.

Boom~! Boom~! Boom~!

In a moment, the two sides fought together, and the sky was dark and the ground was dark, and sand and rocks were flying.

Not far away, The teenagers were horrified to see it.

In the blink of an eye, the two sides fought for dozens of rounds, and they were so inextricable that it became a draw.

Seeing this anxious battle situation, the teenagers began to worry.

"elder brother! Do you think the two team leaders will win?", Zhou Yue was a little nervous.

Zhou Qing swallowed:"I should win. The two-tailed demon cloud leopard is a first-level advanced beast, and the two team leaders are also first-level advanced warriors. If you fight two against one, you will win sooner or later!"

"Brother, the ferocious beasts are indeed stronger than warriors of the same level. I see that the two team leaders only managed a draw with the ferocious beast. Do we want to step forward to help?"

"This...hey! Our strength is too weak, and we can only hold ourselves back if we go up. We simply cannot intervene in a battle of this level."

Zhou Qing was a little helpless.

All the teenagers also smiled bitterly.

They knew that Zhou Qing was telling the truth.

Boom~! Boom~! Boom~!

At this moment, the battle ahead was getting more and more intense, and explosions and roars continued.

The teenagers became more and more fierce. The more nervous he looked, the more he dared not take a breath.

Among the crowd, only Qin Chuan looked calm.

At this time, Du Shuyan walked over quietly

"Qin Chuan, do you want to help them? Du Shuyan asked in a low voice.

Du Shuyan knew very well that among these people, only Qin Chuan could take action.

Qin Chuan pursed his lips slightly:"They will win without me taking action!""

Crack~!

Blood splattered!

As soon as those words were spoken, one of the tails of the Demonic Cloud Leopard in front was cut off by Team Leader Chen's sword.

Team Leader Chen was overjoyed: "Haha!! This beast is injured!"

"If we work harder, this beast will be finished!" Team Leader Liu's eyes also shone.

"good!"

When Zhou Qing and others saw this scene, they were all extremely excited.

Du Shuyan was surprised and secretly thought that Qin Chuan's vision was really accurate.

In this way, the two team leaders became more excited and braver as they fought...

The Demon Cloud Leopard was killed so hard They were retreating steadily, roaring continuously, and the shouts were full of anxiety and anger.

Just when the teenagers laughed at Demon Cloud Leopard that he was struggling to death and the dawn of victory was about to come, a sudden change occurred in the field.

Roar~! Roar~!

Two people A shocking roar came from the jungle not far away, shaking the mountain forest.

It was actually the roar of two demon cloud leopards!

It turned out that the demon cloud leopards had been roaring towards the sky to summon their companions.

At the moment, two demon cloud leopards responded. Wow

~la~!

Immediately afterwards, an overwhelming sound of leaves was heard from both directions of the roar.

The faces of the young people changed drastically.

No!

Two more Demonic Cloud Leopards are coming....

Chapter 1580

The faces of the two team leaders also changed drastically.

Immediately, the two of them shouted anxiously

"quick! Run away! Two more Demonic Cloud Leopards have arrived!"

"The two of us hold back this demonic cloud leopard first, and you run away! If you can escape, it counts! Life and death are left to fate!"

As soon as these words came out, all the young people were shocked and panicked.

"Go quickly!"

The crowd exclaimed,"

Boom~!

" The teenagers woke up and immediately ran away.

Wow~la~!

Ka~cha~cha~!

But at this moment, there was an earth-shattering sound of leaves rustling from behind the woods, and a series of The sound of trees breaking.

Bang~!

Bang~!

The sound of two giant objects hitting the ground!

I saw the light and shadow dim, and two larger Demonic Cloud Leopards fell from the sky and landed in front of the teenagers. The huge and heavy bodies were smashed. The earth shook and mountains shook, and dust flew into the air.

Zhou Qing and others were dumbfounded. Their faces turned pale and they retreated in fear.

"Oh my God! These two...."

Not far away, the two team leaders also opened their eyes in horror.

The two new Demonic Cloud Leopards are larger and significantly stronger.

It was enough for the two of them to work together to deal with one, but now two stronger ones came, and they definitely couldn't hold it back.

It's over!

It's completely over now!

There is a kind of despair in the hearts of all young people

"Everyone run away! We are leaving too!", Team Leader Chen yelled.

Hearing this, the legs of all the teenagers went weak.

Even the two team leaders were trying to escape. What hope did they have? This time they would definitely have a narrow escape from death.

Roar~! Roar~!

Two A shocking roar!

Hundreds of miles of mountains and forests trembled!

At this moment, the two newly arrived Demonic Cloud Leopards suddenly dodged and pounced on Zhou Qing, who was at the front of the team.

"elder brother!", Zhou Yue screamed in horror.

Oh!

At this extremely critical moment, Qin Chuan dodged and rushed in front of Zhou Qing in an instant.

Choke~! Choke~!

The two swords vibrated and were unsheathed at the same time!

The sword light reached the sky and cut through The sky shines in all directions!

Qin Chuan's two swords came out at the same time, facing the giant claws of four ferocious beasts.

Bang~! Bang~!

Two dull and loud noises!

The two demon cloud leopards were shocked back, and Qin Chuan couldn't help but move back. He took several steps back.

Qin Chuan fought one against two, and it was a draw.

Boom~!

The whole audience was shocked!

Oh my God!

Did they read that right?

Qin Chuan actually fought off two giant beasts with one person..Is this true?

At this moment, all the boys looked at Qin Chuan in disbelief.

Zhou Yue was even more surprised and opened her mouth so wide that she could stuff a big duck egg.

Not far away, two team leaders They were also dumbfounded.

They didn't expect Qin Chuan to be so powerful.

Roar~!

Roar~!

The roar shook, and the forest shook!

The two giant beasts were enraged and rushed towards Qin Chuan at the same time.

Buzz~! Buzz~!

Both Qin and Chuan The swords glowed!

One sword glowed blue, and the other sword glowed green.

Water and wood overlapped, and vitality blended.

The next second, he faced the two beasts.

Swish~! Swish~! Swish~!

Boom~! Boom~! Boom~! Boom~!

For a moment, the sword light filled the sky, and explosions continued continuously.

One person and two beasts fought together.

Qin Chuan used the distraction sword technique, like a fish in water, as if one person became two people, fighting two giant beasts It was a tie.

The young people looked at it dumbfounded.

They couldn't believe that a young man who was much younger than them could be so strong.

On the other side, the two team leaders saw Qin Chuan carrying two more powerful Demonic Cloud Leopards. They immediately gave up the idea of escape.

Then, they joined forces to deal with the Demon Cloud Leopard in front of them.

A quarter of an hour later, they gradually gained the upper hand.

At this time, the battlefield on the Qinchuan side also changed..

I saw that Qin Chuan's hands flashed with sword light and connected together.

That thin little body contained infinite energy, shaking the two giant beasts at all times, like a god of war.

This was the first time Qin Chuan used dual systems. It was the first time for a warrior to fight with the distraction sword technique. The more he fought, the braver he became, and the more he used the sword technique, the more proficient he became, and he gradually gained the upper hand.

Whoosh~! Whoosh~! Whoosh~!

Suddenly, more than a dozen ivy branches appeared. Break out of the ground!

The God Binding Technique! Activate!

In an instant, the two giant beasts will be bound again!

Swish~! Swish~! Swish~!

The blue sea surges and slashes down wildly!

One huge wave after another kills them away!

Ka~cha! ~!

Crack~!

Continuous splashes of blood!

With two shrill roars, the two giant beasts were decapitated and their bones rolled down.

The young people were completely dumbfounded. They all looked at Qin Chuan's back in awe. Incessantly.

Even Du Shuyan was dumbfounded.

Until this moment, he didn't know that Qin Chuan was so strong, no wonder he dared to challenge You Hongyu.

Choke~!

The two swords were sheathed!

Qin Chuan took out a dagger and started Digging out the inner elixir.

After a while, he dug out two inner elixirs and showed a satisfied smile.

These two first-level advanced ferocious beast inner elixirs could be sold for five hundred gold coins at least, and the harvest was not small.

Then, he collected some more blood of ferocious beasts.

At this moment, another shrill beast roar sounded in the field.

The weakest Demonic Cloud Leopard was finally killed by the two team leaders..
