

God level 1581

Chapter 1581

After the two team leaders finished killing and taking the pills, they couldn't help but look at Qin Chuan and the two beheaded beasts.

At this moment, they all felt a little embarrassed when they remembered their previous attitude towards Qin Chuan.

Only at this moment did they understand why Qin Chuan was unwilling to pay the protection fee.

It turned out that Qin Chuan didn't need anyone to protect him at all.

They are the clowns

"Xiaoliu, come here!"

"oh!"

Then Xiao Liu has been confused for a long time.

He has been completely shocked by Qin Chuan's performance.

Thinking of his previous words, he is more embarrassed than the two team leaders

"Xiao Liu, go and return the protection money you received to Zhou Qing..."

Team leader Chen whispered in Xiao Liu's ear.

At this moment, they were too embarrassed to accept the protection money from Qin Chuan and Du Shuyan.

Xiao Liu Understanding, he arrived at Zhou Qing's side and refunded the protection money.

Seeing this scene, Qin Chuan's impression of Team Leader Chen and others began to change.

At least these guys are good thieves and make money by their own abilities.

They met before When they were in danger, they were not the first to run away, but asked their teammates to evacuate first, which was considered as fulfilling their responsibilities.

At this time, Team Leader Chen and Team Leader Liu took the initiative to come over

"Brother Qinchuan hides his secrets, I'm blinded. If there was any disrespect before, I apologize!"

"You two are worrying too much, I don't remember anything unpleasant that happened before!"

Qin Chuan is not a stingy person, and he will not care about it.

After hearing what Qin Chuan said, the two team leaders had smiles on their faces.

The atmosphere in the venue suddenly improved a lot.

"Brother Qinchuan, let's keep going!"

"Let's go!"

At this moment, the group continued to move forward.

Now, Qin Chuan's status has changed, and he was walking at the front with the two team leaders.

The three of them chatted while walking

"Brother Qinchuan, you are so strong and you come from Shenyang City. You are not from the four major families, right?"

At this time, Du Shuyan, who was behind the three of them, interrupted: "Yes, we are from the Zhou family's reserve guard camp." Qin Chuan is a team leader of the reserve guard battalion."

"It turns out that Brother Qin Chuan is also a team leader, which is really disrespectful!"

I heard that Qin Chuan was also the leader of the reserve guard battalion of the four major families, and the two of them became close to Qin Chuan.

A group of teenagers behind him, knowing Qin Chuan's identity, were surprised and envious, and their respect for Qin Chuan was even greater. some.....

In this way, the group of people walked and talked.

In the evening, everyone finally arrived at the Huoyan Cave.....

The entrance of the Huoyan Cave is located halfway up the mountain.

Within a hundred meters of the entrance, there is no grass and no grass. You can feel waves of heat gushing out from the cave.

"Brother Qinchuan, the fire cave is in front of us.", Team Leader Chen introduced enthusiastically.

Qin Chuan smiled and said: "Let's go in and have a look!"

"Let's go!"

The teenagers cheered and rushed into the cave impatiently.

It didn't take long for the group to enter the fire cave. As soon as they entered the cave

, Qin Chuan found that the temperature inside the cave was very high and the fire energy was also extremely strong. It was at least ten times the temperature in the outside world. More than twice as many times.

There were a lot of fire phosphorus stones on the surrounding cave walls, which illuminated the cave a fiery red without appearing dim.

Everyone continued to walk along the passage into the cave. As they went further in, the passage became narrower, and in the end they could only One person can pass through.

After passing through that narrow passage, it suddenly became wider. It was like a hall and could accommodate dozens of people.

At this time, Team Leader Chen said:"Everyone, I will stay here. If you want to make a breakthrough, you can practice in this hall. If you go further inside, it's the second floor. With your strength, you can't withstand the high temperature there."

"In fact, this first level is suitable for your cultivation. Team leader Liu and I will guard the entrance of this passage to protect you and prevent ferocious beasts from breaking in and disturbing your cultivation.

Team leader Liu also said:"There are only thirty days. If you want to make a breakthrough, hurry up." Once the thirty days are up, regardless of whether you have a breakthrough or not, we will leave."

When the young people heard this, they knew that time was running out, so they quickly sat down on the ground and began to practice one by one.

In this fire cave, most people can break through the bottleneck in thirty days, but there will still be people who fail to break through.

So, time is very precious, and no one wants to come here in vain.

Now, after all the young people were ready, they started practicing on the spot one by one.

Only Qin Chuan did not practice

"Brother Qinchuan, why don't you practice?", Team Leader Chen couldn't help but be a little curious.

"Brother Chen, from what you just said, it seems that this fire cave has more than one level?"

"Yes! This fire cave has three floors. The temperature gets higher as you go down, and the fire energy becomes stronger and stronger. If the concentration of fire energy in the first layer is ten times that of the outside world, then the second layer is twenty times that of the outside world. Qin Chuan's eyes lit up:"

The concentration is so high!" Then why don't we go to the second floor?"

Team Leader Chen smiled bitterly:"The concentration in the second layer is higher, but the temperature in the second layer is so high that even us first-level senior warriors can't bear it, let alone these rookies. Therefore, top-level quasi-martialists all choose to break through the bottleneck on the first level, and no one dares to go to the second level."

Hearing this, Qin Chuan began to murmur in his heart.

He only has seven days to break through the bottleneck.

If he stays on the first floor, he is unlikely to break through the bottleneck within seven days, with a 50% chance at most.

If he goes to the second floor , then the chance of breakthrough will be greatly increased.

In that case, why doesn't he try on the second floor?..

Chapter 1582

"Brother Chen, what's the situation on the third floor?"Qin Chuan asked again.

Team leader Chen replied:"The concentration of fire energy in the third layer is even higher, equivalent to thirty times that of the outside world, but the temperature there is also higher. We first-

level senior warriors cannot bear it. Only Only warriors of the second level and above can barely bear it."

"In fact, even second-level warriors do not dare to stay on the third level for a long time, only two or three days at most. Because breathing the high-temperature air there for a long time can burn your lungs and cause internal injuries. Brother Qinchuan, why are you asking these questions? Do you want to go to the second floor to see it?

Qin Chuan smiled and nodded:"That's right!" The concentration of fire energy here is a bit low, I want to go to the second floor."

Team Leader Chen and Team Leader Liu looked at each other and were not surprised.

With Qin Chuan's strength, he is indeed qualified to go and investigate.

"Brother Qinchuan, judging from your strength, you are indeed qualified to go and investigate. However, I still want to wake you up. Don't stay on the second floor for too long to avoid scalding your lungs.", Team Leader Chen kindly reminded

"Thank you, Brother Chen, for reminding me. I know it well."

"That's good!"

Then, Qin Chuan said goodbye to everyone and went to the second floor alone.

The passage of the fire cave stretched downwards and went straight to the ground. The farther inside, the higher the temperature.

Qin Chuan passed a long downhill shape. Passage, then arrived at a flat passage, the temperature inside was very high, and the air in the cave was scalding. After only staying for a while, he was covered in sweat, and even his hair was a little curled by the high temperature around him.

However, , the concentration of fire energy in that passage has reached twenty times that of the outside world.

"This should be the second level, so I'll take a look here first to see if it can help me break through the bottleneck."

Thinking of this, Qin Chuan took out a bottle of ferocious beast essence and blood and took a big sip.

Then, he held his breath tightly and started the ancient body refining method.

Boom~!

The body refining is running!

The hidden veins in the body open and start to absorb automatically. The life energy in the essence and blood of ferocious beasts.

With the supplement of life energy, Qin Chuan can maintain the normal operation of human body functions even if he does not breathe.

At first, he accidentally discovered it in the underground river under the Monkey King's Cave. Now

, Qinchuan could not be more suitable to be used in this fire cave.

The biggest hazard in the fire cave is the high-temperature air.

When breathing, high-temperature air will burn the lungs.

After all, human internal organs are very Fragile.

If Qin Chuan didn't breathe, he wouldn't have been able to isolate himself from harm and stay on the second floor for a long time.

The teenagers outside would never have imagined this.

After all, no one can hold his breath for a long time, even if The second-level warrior couldn't hold his breath for half an hour.

In this way, after Qin Chuan closed his breath, while running the body refining method, he absorbed the surrounding fire energy to break through...

At the same time, the first floor of the fire cave. The teenagers all entered the state of rushing through the barrier.

At the entrance of the cave, the two team leaders were chatting while protecting everyone.

"Brother Chen, how long do you think Qin Chuan can stay on the second floor?"

"Generally speaking, a first-level advanced warrior can last about two days on the second level. Qin Chuan should also be at this level."

"That's right. Without the level of a second-level warrior, it would be difficult for the human lungs to withstand such high temperatures, and they wouldn't be able to stay there for long."

"Let's wait and see! Maybe he will come up the next day...."

"That's not necessarily the case. Qin Chuan's strength is so amazing that he might have a special performance."

"hope so! Then let's see when he comes up..."

While the two team leaders were chatting, Qin Chuan was already working hard to pass the level on the second level.

Time flies!

In the blink of an eye, the first day passed.

Huoyan Cave, Second floor.

Qin Chuan opened his eyes from meditating, with some disappointment on his face

"After practicing for a day, there is no sign of a breakthrough. It seems that the concentration of fire energy at the second level is not enough for me to break through! In this case, I might as well go to the third floor!"

Just do it when you think of it, Qin Chuan quickly got up and prepared to go to the third floor.

On the third floor, even the second-level warriors dare not set foot easily, and now Qin Chuan is going to have a try.

He must spend the remaining six days , break through the fire element, otherwise he will have no chance to defeat You Hongyu.

If he fails in the challenge, he will lose his hands.

He will never allow such a thing to happen.

Thinking of this, Qin Chuan took another sip of the beast blood, he headed for the third floor.

A quarter of an hour later, he stepped into the third floor.

Sure enough, the temperature on the third floor was extremely high, and the hot air burned the human body like a soldering iron.

Fortunately, Qin Chuan He is a body-refining warrior. His body is stronger than that of a second-level warrior, and he can barely withstand the heat of the air.

If he were an ordinary first-level high-level warrior, let alone breathing air, even if he closed his breath, his body would not be able to withstand such a terrifying temperature. High temperature.

Of course, the concentration of fire energy on the third level has also reached thirty times that of the outside world.

Qin Chuan was very satisfied with this.

At that moment, he chose a corner, closed his breath, and continued to operate the body refining method. While absorbing the fire energy to break through the barrier.

Boom~!

Qin Chuan's body shook slightly.

This time, he closed his eyes and rushed through the barrier, and he felt that the barrier began to loosen.

Qinchuan was overjoyed.

Sure enough, the thicker the fire energy, the more conducive it is to breaking through the barrier. Pass.

At that moment, Qin Chuan mobilized the fire energy wholeheartedly and began to work hard to pass the pass...

Time passed, and the years passed!

In the blink of an eye, it was the fifth day.

Fire Cave, first floor.

The two team leaders looked at the third level from time to time. At the exit on the second floor, worries appeared on their faces.

"Brother Chen, it's been five days and Qin Chuan hasn't come up yet. Is something going to happen to him?"

"Probably not. With his strength, if he finds something is wrong, he should be able to get out of it."

"But now five days have passed, and even the second-level warrior has reached the limit of endurance. Team leader Chen frowned: "If something goes wrong, there must be a problem." Otherwise, you stay here while I go down to take a look, lest something really happened to Chuan"

"That's fine! Go check it out quickly and remember to pay attention to safety!"

"Um!"

At that moment, Team Leader Chen got up and hurried to the second floor..

Chapter 1583

Not long after, Team Leader Chen arrived on the second floor.

I saw that the second floor was empty, and there was no trace of Qin Chuan anywhere.

He was surprised and continued walking inside.

But not long after, he felt that the air was boiling hot. When he inhaled it, his trachea was so hot that it hurt, and his lungs also felt a burning sting.

Team leader Chen was frightened and did not dare to go deeper.

At this moment, he is not halfway through the second floor. If he continues to go deeper, he is afraid that his lungs will be burned.

But he couldn't understand why Qin Chuan was missing.

Could it be that he went to the third floor?

Team Leader Chen was extremely shocked as he looked at the series of footprints left on the ground, extending directly towards the third floor.

That Qin Chuan is really a freak!

At that moment, he no longer hesitated and turned back.

After about a cup of tea, Team Leader Chen returned to the first floor.

"How about it? Is Qin Chuan okay?", Team Leader Liu asked with concern.

Team Leader Chen looked complicated and said:"There is no Qin Chuan on the second floor."

"What?! He's not on the second floor? This is impossible! Could it be that he went to the third floor? Team leader Chen nodded slightly:"We should go to the third floor!"

Team leader Liu was shocked:"This is impossible!" How did Qin Chuan go to the third floor that even second-level warriors didn't dare to go to? Did you go to the third floor to see it in person?

Team leader Chen smiled bitterly:"I am too weak to go to the third floor." However, I saw a series of footprints on the second floor, extending directly to the third floor. It should be left by Qin Chuan, so I concluded that he went to the third floor."

"hiss~! "

Team leader Liu suddenly gasped, and then he said:"Yes! There is only one exit in this fire cave. Qin Chuan is not on the second floor, he must have entered the third floor. That guy is too brave, He is not a second-level warrior yet, yet he dares to break into the third floor."

Team leader Chen also sighed:"Yes! Even a second-level warrior does not dare to go to the third floor. I don't know what he is thinking. I hope he is okay. Forehead"

"Why! Even if something happens to him, there is nothing we can do. With our ability, no one can get down to the third level."

"No more talking, just wait and see!"

At the moment, the two of them didn't say much anymore, but there was a bit of worry between their eyebrows. Although they were arrogant, they were not bad in nature and were very responsible people.

Qin Chuan came with them, and they were killed with swords on the way. The two beasts saved them once.

Naturally, they didn't want to see anything happen to Qin Chuan.

Regarding the current situation, the two team leaders had no choice but to continue to wait.

Time flew by!

In the blink of an eye, they were at the sixth level Oh my god, Qin Chuan still didn't get up.

The two team leaders became more and more worried.

However, a pleasant thing happened that day.

That is, Du Shuyan broke through the bottleneck and reached the first level of elementary level.

Originally, Du Shuyan was stuck at the bottleneck. For half a year, he had accumulated a lot.

In addition, his talent was already good, no worse than Zhou Yue.

At this time, he naturally made a breakthrough through the stimulation of the Fire Cave.

Du Shuyan's breakthrough inspired many People.

It's just that the young people didn't know that at the same moment, Qin Chuan also began to break through on the third floor. At this moment, the third floor of the fire cave.

Boom ~ boom ~ boom!

In the cave, the fire energy rioted, forming A huge vortex of vitality was formed, which was pouring into Qin Chuan's body crazily.

Click~!

Qin Chuan's whole body was shocked, and a soft sound sounded in his body.

The next second, his momentum surged, and his whole body glowed with red light.

Breakthrough!

Qin Chuan Chuan finally broke through!

The next second, he slowly opened his eyes, with a look of ecstasy on his face.

Thirty times the concentration of fire energy was extraordinary.

In just six days, his fire element successfully broke through to He has reached the first level of elementary level.

At that moment, Qin Chuan thought, and three colors of red, green and blue light appeared on his body. His aura surged all the way, and he suddenly reached the threshold of the second level warrior.

Qin Chuan was delighted.

In his opinion, he had become A true third-line warrior whose comprehensive strength has reached the threshold of a second-level warrior should have a 50% chance of winning against You Hongyu.

Of course, the premise here is that You Hongyu has not mastered the intermediate martial arts.

Unfortunately, Qin Chuan did not I don't know, but You Hongyu recently learned a Zhongcheng martial arts and got a red phosphorus pill. His strength has exceeded his expectations.

"It's still early to calculate, and I don't know what is in the depth of this third layer. Should I go in and take a look, maybe there is some treasure there."

At this moment, Qin Chuan looked into the depths of the third floor again, and a burst of curiosity surged in his heart.

Then, as soon as his heart moved, he took out a bottle of ferocious beast blood essence and drank it in one gulp.

After doing this, he held his breath , while silently operating the body refining method, he walked towards the depths of the third floor..

Chapter 1584

In this way, Qin Chuan penetrated into the third level step by step.

It didn't take long for him to reach the end of the third floor.

It was empty there, and no treasures were found at all.

Qin Chuan was a little disappointed.

Immediately, he secretly thought that with so many people coming to the Huoyan Cave, even if there was a treasure, it would have been discovered long ago, and it shouldn't be his turn.

Thinking of this, Qin Chuan smiled bitterly and prepared to return the same way.

After walking back for about thirty meters, he suddenly stopped and looked at one side of the cave wall in confusion, then put his ear to the side and listened carefully.

Sha~! Sha~! Sha~!

Behind the cave wall, there was air movement, mixed with the sound of 'sand'.

Those sounds are extremely small and difficult for ordinary warriors to detect.

But Qin Chuan was born with amazing six senses, even stronger than those of a third-level warrior, so he heard this by coincidence

"strangeness! There is a sound of air flowing behind the stone wall. That means there is space behind the stone wall. Could it be possible?..."

Qin Chuan's heart moved, he drew out his sword with a choking sound, and slashed the stone wall.

Bang~!

A loud bang!

Debris is flying!

The cave shook slightly, and dry smoke flew everywhere.

When the dust settled, a dark hole was revealed in front of Qin Chuan.

Huh!

Sure enough, there is a different world!

Qin Chuan quickly looked into the hole.

I saw that the hole was very narrow and could only accommodate one person climbing in.

The inside of the cave was winding and pitch-black, and it was difficult to see the situation clearly. It could only be vaguely seen that the hole led to the ground.

In addition, there were waves of heat coming from inside the cave, and the temperature was much higher than on the third floor.

Qin Chuan murmured in his heart

"The temperature of the air wave in this hole is higher than that of the third layer. Could it be that this hole leads to the fourth floor?"

Sha~! Sha~! Sha~!

At this moment, there was another strange rustling sound under the hole.

Those sounds were extremely subtle. If Qin Chuan hadn't had amazing hearing, he might not have been able to hear them.

These strange rustling sounds , what exactly is it?

Could there be any living things down there?

Why don't I go in and take a look. The more Qin Chuan thought about it, the more curious he became. After all, he was a brave man, so after thinking about it for a while, he followed the small hole and crawled inside. Go.

Not long after climbing, Qin Chuan felt a little regretful.

The passage was very long, far beyond Qin Chuan's imagination.

He climbed more than 500 meters in one breath, but he still hadn't reached the end of the passage.

Moreover, the further he climbed inside, the higher the temperature. The higher.

Gradually, Qin Chuan's body couldn't bear the high temperature, so he silently channeled his water energy to form a shield outside his body, which offset some of the high temperature.

In this way, he could barely withstand the high temperature.

After crawling inward for about a hundred meters, Qin Chuan finally reached the end of the cave.

At the end was a very wide cave with red mist floating everywhere, which was very strange.

As soon as he entered the cave, Qin Chuan He accidentally absorbed a wisp of red mist, and suddenly felt dizzy, his eyes turned black, and he almost fainted.

He felt bad, so he quickly held his breath tightly and at the same time took an antidote pill that he carried with him.

A moment later. Finally, the detoxification pill took effect, and Qin Chuan's eyes gradually became clear and his dizziness disappeared.

Obviously, the red mist was poisonous

"It's strange that the red mist that comes there is also poisonous. Fortunately, I can hold my breath all the time without breathing. If an ordinary warrior comes here, even if he is not poisoned to death, he will suffocate himself to death."

"By the way, why did the rustling sound I heard earlier suddenly disappear? Qin

Chuan murmured in his heart, always feeling that there was something strange around him.

He silently drew out his swords and walked forward cautiously.

Not long after walking, he saw red reflections in the red mist.

He quickly stepped forward to check, and saw On the rock wall in front, there was a red crystal the size of a fist, which was the Fire Spirit Crystal.

Qin Chuan was pleasantly surprised.

This Fire Spirit Crystal was very valuable. He had sold it once last time.

It was estimated that the piece in front of him could be sold for at least 7 Eight thousand gold coins.

At that moment, he stepped forward and pried the fire crystal from the cave wall.

"Sure enough, the more inaccessible and dangerous a place is, the easier it is to find treasures! This trip is worth it. Qin

Chuan put away the Fire Spirit Crystal with satisfaction and continued to walk deeper into the cave.

Not long after, he found the second Fire Spirit Crystal.

In this way, Qin Chuan went all the way deep while exploring for treasure.

Not long after, he Two more fire crystals were discovered.

So far, the number of fire crystals in his hand reached four, worth 20,000 to 30,000 gold coins, and he made a fortune.

Sure enough, there were many treasures in the fourth floor.

Fortunately, there were no People know that there is a fourth layer in the fire cave.

Otherwise, the fire crystal there would have been discovered long ago.

Qin Chuan was a little lucky.

He walked several hundred meters into the cave and finally reached the end of the fourth layer of the cave.

Then At the end is a large tumbling magma pool, with a radius of a hundred meters.

Looking at the rolling red magma in front of him, Qin Chuan was amazed.

There are rumors in the outside world that the fire cave is connected to the underground magma, and it turned out to be true when he saw it today.

Qin Chuan He raised his head slightly and looked towards the center of the magma pool. There was a central island with a diameter of five or six meters.

A large red mist always shrouded the island.

Qin Chuan stared at the central island.

After a moment, a look on his face He showed a look of ecstasy.

I saw a plant growing on the small island.

The plant was no more than three feet tall, with red and green auras all over its body. There were fourteen leaves in total, seven red and seven green..

On the top of the plant, there are two crystal fruits, one red and one green, looming under the red mist.

Qin Chuan does not know the plant, but he knows the two fruits.

Last time, he was auctioning I saw someone auction it on the market.

Those two fruits are called Dragon and Phoenix Sacred Fruits, which are extremely rare wood-fire twin spiritual fruits.

The value of the Dragon and Phoenix Sacred Fruits has a lot to do with the year.

Every hundred years, the value will double.

The year is judged by the number of leaves it grows. Every hundred years, the Dragon and Phoenix Sacred Fruit will grow two leaves, one red and one green. The last time, the Dragon and

Phoenix Sacred Fruit sold at the auction was One hundred years old was finally sold for a price of 100,000 gold coins. You can imagine how valuable it is.

And the dragon and phoenix holy fruit in front of you has seven red leaves and seven green leaves. In other words, it is Seven hundred years old.

The seven hundred year old dragon and phoenix holy fruit is worth far more than the one hundred year old.

What kind of value is that, Qin Chuan can't imagine

"Unexpectedly, there are such precious spiritual fruits here!"

Qin Chuan looked at the spirit fruit and was extremely excited...

Chapter 1585

As far as Qin Chuan knows, eating the Dragon and Phoenix Sacred Fruit can greatly improve your cultivation level without the need to make elixirs for medicine.

Thinking of this, Qin Chuan couldn't help but swallow his saliva.

But then, he ran into trouble.

There is a distance of more than fifty meters from the edge of the magma pool to the central island. The middle is full of boiling magma, with no place to stay and it is impossible to pass.

Qin Chuan has no doubt that as long as he falls into the magma, he will be melted down to nothing within a few moments.

"This is how to do? If I can't get to the central island, I won't get the Dragon and Phoenix Sacred Fruit!"

Qin Chuan looked around and found no place to stay. The surroundings were full of rolling magma, unless he could swim through the magma. But even if a third-level warrior entered the magma, there would be no residue left, let alone him.

Maybe there is still a chance for a fourth-level fire warrior who has condensed true fire.

"I jumped and could jump twenty meters. As long as I was given one or two footholds, I could reach the island. But what can be done to create two footholds?"

Qin Chuan touched his chin and began to think.

"correct!"

Suddenly, an idea flashed in Qin Chuan's mind. He looked up at the top of the cave and had an idea in his mind.

He couldn't go directly through the magma, but he could go over the top of the cave.

But the top of the cave was very smooth. , there is no focus, and it is not easy to climb. If you are not careful, you will fall into the magma.

But adventure always coexists with risks!

If you don't try, how can you know the result.

What's more, how could Qin Chuan watch the spirit fruit? And don't.

Thinking of this, Qin Chuan took out the dagger he carried with him, raised his energy, and jumped to the top of the cave. The dagger in his hand quickly inserted into the cracks in the rocks on the top of the cave, while holding the hole tightly with his other hand. The protruding stone on the top.

Bah~! Bah~!

The hot stone was so hot that Qin Chuan almost let go.

He gritted his teeth, endured the heat, and hung on the top of the cave like that, moving step by step towards the central island.

In fact, it is very dangerous to do this. If you are not careful, you will fall into the magma pool below.

Qin Chuan was also frightened.

He mustered up his energy, moved step by step, and moved forward cautiously, not daring to be careless at all.

I don't know. Unknowingly, one of his hands had been burned red.

Fortunately, he was a body-refining warrior and could barely endure such high temperatures.

Twenty meters.....fifteen meters.....Ten meters.....

The small island in the center of Qin Chuanli was getting closer and closer, and a burst of joy gradually welled up in his heart.

As long as he persists for a while, he can reach the island. seven meters.....Six meters...five meters.....

Qinchuan is closer to the island.

But at this moment, a sudden change occurred in the field.

Boom~boom~boom!

The red mist that had been shrouding the island suddenly rolled violently.

Gu~lu~lu!

The magma under Zhang Shui'er's feet also boiled violently.

Qin Chuan suddenly felt bad.

At this time, the red fog on the island was decreasing at a speed visible to the naked eye.

In just a moment, most of the red mist disappeared.

At this time, Qin Chuan was horrified to discover that next to the small island, a huge scorpion was soaked in the magma, with only half of its head exposed, and it was sucking in the red mist.

At this moment, the giant scorpion was staring coldly at Qin Chuan.

Qin Chuan's expression changed drastically when he saw this.

Previously, he was unable to detect the existence of the giant scorpion because of the red mist.

When he saw it now, he was scared to death.

The one who can soak his body in magma and remain unscathed must be a fourth-level ferocious beast.

Looking at the appearance of the giant scorpion, it could be the fourth-level ferocious beast—the Earth Fire Scorpion King!

At this moment, Qin Chuan finally figured out that the red mist floating around in the cave was the poisonous gas exhaled by the Earth Fire Scorpion King.

In this case, encountering the Earth Fire Scorpion King would be a bad situation!

Qin Chuan just had this idea in his mind, and the magma pool below exploded.

Bang~!

A huge red scorpion tail burst out of the magma pool, with fire splashing all over the sky.

Woo~!

The scorpion's tail swept across the sky, making a sudden sound like a poisonous whip, and swept towards Qinchuan..

Chapter 1586

Qinchuan was horrified.

At that moment, he saw the black stinger on the scorpion's tail, shining with cold light, piercing towards him like a steel spear.

The stinger is extremely poisonous, and as long as it scratches his skin, he will be poisoned and die.

The Earth Fire Scorpion King is extremely poisonous.

At that critical moment, Qin Chuan didn't have time to think too much. He used both arms together and turned over in the air.

Huh~!

At that moment, Qin Chuan used Tingfeng Bianshi to the extreme, narrowly avoiding the sweep of the scorpion tail.

Bang~!

Qin Chuan's feet landed on the small island in the center, next to the Dragon and Phoenix Sacred Fruit.

He was so surprised that he quickly picked off the Dragon and Phoenix Sacred Fruit and stuffed it into his arms.

Chi~! Chi~!

The Earth Fire Scorpion King was furious, his huge body rushed out of the magma pool, and rushed towards Qin Chuan.

The dragon and phoenix holy fruit is the treasure it has been guarding till now. How can it be allowed to be taken away by this humble human being?

At this moment, Qin Chuan also saw the full picture of the Earth Fire Scorpion King.

It was a huge scorpion with a body length of more than twenty meters and a body as red as jade.

Chi~! Chi~!

The Earth Fire Scorpion King screamed a few times in anger, and then two huge scorpion claws pinched towards Qin Chuan.

Qin Chuan hurriedly jumped to avoid it.

But at this moment, the sound of breaking through the air quickly sounded again, and it was the scorpion tail that swept over.

At this moment, Qin Chuan was in mid-air, unable to escape, so he had to draw out his swords and hold them horizontally in front of him.

Bang~!

A loud bang!

Qin Feng was whipped out by the scorpion tail!

Wow~!

Qin Chuan opened his mouth and spit out a large amount of blood, which splashed all over the sky.

With just one scorpion tail, Qin Chuan was seriously injured and vomited blood, and he flew backwards with his sword.

But Qin Chuan's two swords slashed at the scorpion's tail, leaving no trace.

But it was said that Qin Chuan was swept backwards by a scorpion tail for more than thirty meters, and then fell straight into the magma pool.

Qin Chuan was scared to death.

At this moment, he was in mid-air, with no points of strength around him. He was still about ten meters away from the shore, and he was about to fall into the magma and turn into dregs.

At this extremely critical moment, an idea flashed in his mind and his thoughts moved.

God Binding Technique!

Huh~! Huh~! Huh~!

More than a dozen emerald green vines broke out from the top of the cave.

One of the green vines instantly tied one of Qin Chuan's feet, leaving him hanging dangerously upside down in the air. His head was only half a foot away from the magma. so close!

Qin Chuan secretly exclaimed that he was lucky, and quickly used his strength several times to jump to the shore.

Chi~! Chi~!

When the Earth Fire Scorpion King saw Qin Chuan escaping from the magma pool, he was immediately furious and quickly turned back to pursue him.

Qin Chuan dared to turn around and rushed towards the exit with all his strength.

The Earth Fire Scorpion King was extremely powerful, but unfortunately his body was huge and the cave was too narrow for him, making his movement extremely inconvenient.

Seeing that this situation continues, Qinchuan will escape and take away the Dragon and Phoenix Sacred Fruit that he has guarded for many years.

The Earth Fire Scorpion King was extremely anxious and made a strange chirping sound again.

As soon as that sound came out, the whole cave resounded with a rustling sound, which was exactly the rustling sound that Qin Chuan had heard before.

Immediately afterwards, large scorpions with a size of five or six meters long emerged, some emerged from the ground, and some emerged from the gaps in the cave wall.

In the blink of an eye, more than a hundred large scorpions appeared in the cave and surrounded Qinchuan.

It turns out that the fourth floor of the fire cave is the lair of the Earth Fire Scorpion.

Those big scorpions are the second-level ferocious beasts, the Fire Scorpions.

Seeing more than a hundred Earth Fire Scorpions, densely chasing him, Qin Chuan felt his scalp numb.

Not to mention more than a hundred, even one would be difficult for him to deal with. escape!

Run away!

I absolutely can't let these guys catch up!

Otherwise, they will definitely be torn into pieces and eaten by them!

Qin Chuan fled towards the exit desperately.

But those Earth Fire Scorpions were different from the Scorpion King. They were very fast, one point faster than Qin Chuan.

Gradually, the distance between the Earth Fire Scorpions and Qinchuan was getting closer and closer, and three of them were less than three meters away from Qinchuan.

Qinchuan is still about ten meters away from the cave entrance.

The entrance passage on the fourth floor can only accommodate a thin person climbing in.

The Earth Fire Scorpion's two-meter-wide huge body is impossible to pass, let alone the Earth Fire Scorpion King who is more than 20 meters away.

Therefore, as long as Qin Chuan can get into the entrance passage, he will be saved.

At this moment, three Earth Fire Scorpions were chasing him closest.

Just when Qin Chuan was about to reach the entrance of the passage, one of the Earth Fire Scorpions suddenly accelerated and finally caught up with him. Its two scorpion claws pinched Qin Chuan's calf.

Qin Chuan's heart trembled, and he quickly jumped up to avoid the Earth Fire Scorpion's attack. At the same time, he turned around and struck the scorpion's claws with his sword.

Dang~!

Gold and iron clash!

That sword was like standing on an iron stone, with sparks flying everywhere.

There was only a shallow sword mark left on the scorpion claw, and the carapace was not even broken.

Qin Chuan was horrified and took advantage of his strength to leave.

But during this delay, the second Earth Fire Scorpion arrived and attacked from the side.

Huh~!

The scorpion claws attacked wildly.

Qin Chuan hurriedly slashed sideways with his sword, using offense as defense to block the Earth Fire Scorpion's attack.

Bang~!

In the two fights, the Earth Fire Scorpion was only shaken back half a step, but

Qin Chuan was shocked back seven or eight steps, and at the same time spurted out a large mouthful of blood.

He had been seriously injured by the Earth Fire Scorpion King before, and now the Earth Fire Scorpion's attack caused another internal injury.

But Qin Chuan was entangled by two Earth Fire Scorpions, and a third Earth Fire Scorpion also caught up with him.

It did not attack Qinchuan, but followed the cave wall, went around behind Qinchuan, and directly blocked the entrance passage.

Seeing this scene, Qin Chuan was anxious.

He didn't expect that these Earth Fire Scorpions would be so cunning and know how to cut off his retreat.

If the entryway is blocked, he's dead!

Sha~! Sha~! Sha~!

At this moment, more than a hundred fire scorpions not far away were almost all chasing after them. Less than ten meters away from Qinchuan, the situation became extremely critical....

Chapter 1587

Qin Chuan was so frightened that he broke into cold sweat and rushed to the cave entrance desperately.

But the two Earth Fire Scorpions that caught up quickly came up to fight.

The third Earth Fire Scorpion was only one meter away from the cave entrance, and an encirclement was initially formed.

In desperation, Qin Chuan thought and activated his martial arts.

God Binding Technique! Tie!

Phew~! Phew~! Phew~!

More than a dozen green vines burst out of the ground and instantly bound the three Earth Fire Scorpions in place.

Qin Chuan's figure flashed and he rushed to the entrance of the cave and hurriedly ducked in.

Bang~! Bang~! Bang~!

At this moment, three Earth Fire Scorpions broke off the ivy and rushed over.

Sha~! Sha~! Sha~!

Qin Chuan heard the crawling sound behind him and crawled forward desperately.

Boom~! Boom~! Boom~!

The next second, there was a huge crash behind him.

It was those three fire scorpions that were frantically hitting the cave entrance.

The entrance to the cave was too small, and their bodies were too big. No matter how hard they squeezed, they couldn't squeeze in. They hit the entrance and made gravel fly everywhere, causing the cave to tremble.

In the passage, Qin Chuan was secretly happy, but he did not dare to relax and continued to crawl forward desperately.

Sha~! Sha~! Sha~!

Chi~! Chi~!

A moment later, there was a dense crawling sound of Earth Fire Scorpions behind him, as well as the angry and strange screams of the Earth Fire Scorpion King.

However, they couldn't enter the narrow passage.

Boom~! Boom~! Boom~!

It didn't take long for the Earth Fire Scorpion King to go completely crazy, frantically destroying the underground cave.

The entire fire cave was shaken violently by its attack.

Qin Chuan ignored this and crawled forward desperately.

In the blink of an eye, he climbed out of the more than 600-meter-long passage and reached the third floor, then breathed a long sigh of relief.

Then, he turned around and blew down the exit, using rubble to block the entrance to the fourth floor.

After doing this, he took out a Qingling Pill specially designed to treat internal injuries. After swallowing it, he immediately sat cross-legged to heal the internal injuries.

The Earth Fire Scorpion King on the fourth floor is still going crazy.....

At the same time, the first level of the fire cave.

At this moment, the first floor of the fire cave was also shaking slightly.

That was caused by the Earth Fire Scorpion King's attack on the fourth level.

The teenagers were extremely shocked and looked around in astonishment.

"what happened? Why did this fire cave suddenly start shaking?"

"I do not know!"

"How strange! This vibration seemed to come from deep inside the cave."

"Something must have happened somewhere. Shall we go in and take a look?"

"This...it's better to avoid it! The temperature on the second floor was so high that we couldn't even get in!"

The teenagers kept mumbling.

In the crowd, Team Leader Chen and Team Leader Liu looked at each other.

"Old Liu, do you think this shock was caused by Qin Chuan?"

"It's possible that he hasn't come up for six days." Team Leader Liu's tone was a little uncertain.

"You say, should we go down and take a look?!"

"I think it's better to skip it! You went to the second floor last time and didn't find Qin Chuan. He must be on the third floor. You can't get to the third floor, so running is in vain."

"This... is fine! If there is any movement, it means that Qin Chuan is fine. We should wait slowly!"

Team Leader Chen also had a look of helplessness.

At this moment, the vibrations in the fire cave disappeared and tranquility returned.

Only then did the young people calm down from the panic.

After a while, everyone went into meditation one after another to practice.

Time is precious, they Except for Du Shuyan, no one among them had broken through, and they had to speed up the time to pass the level.

Among the crowd, only Du Shuyan had not entered the samadhi.

He had already broken through, so there was no need to go through the level again.

At this time, he looked at the second level direction, looking uneasy.

He knew that Qin Chuan had entered the third level.

Before, he had tried to enter the second level to see Qin Chuan, but found that he couldn't bear it at all.

He hadn't reached the second level yet. At the entrance to the first floor, he was forced to retreat by the high temperature, let alone go to the third floor to find Qin Chuan.

At this moment, there was a sudden vibration deep in the fire cave. He suspected that it was Qin Chuan who did it, and he was a little worried that something would happen to Qin Chuan.

However, , his strength is limited, and he can't help Qin Chuan even if he wants to. He can only watch and hope that Qin Chuan will come out on his own.....

But he said on the other side, the third floor of the fire cave.

At this time, the Earth Fire Scorpion King on the fourth floor finally calmed down, and the restless rustling inside also disappeared.

Obviously, the Earth Fire Scorpion King gave up the pursuit.

After Qin Chuan swallowed the Qingling Pill, he has been adjusting his breath to heal his injuries.

After a while, he slowly opened his eyes, and his originally pale face gained some color and was no longer sluggish.

The Qingling Pill was very effective and allowed him to recover most of his injuries.

It's really dangerous this time!

Qin Chuan looked at the blocked entrance to the fourth floor with lingering fear.

If it weren't for such a narrow passage, he would have died this time.

Thanks to the favorable geographical location, he had a chance to escape.

In short, he narrowly escaped death this time.

Of course, the greater the risk, the greater the reward.

Thinking of this, Qin Chuan happily took out his harvest - the Dragon and Phoenix Sacred Fruit.

Dragon and Phoenix Sacred Fruit, one red and one green, crystal clear.

Inside the red fruit, there is a lifelike phoenix, which is a fire spiritual fruit.

Inside the green fruit, there is a blue dragon flying in the air, which is a wood spiritual fruit.

Both fruits are full of spiritual light and overflowing with fragrance. They are not ordinary things at first glance.

Qin Chuan was delighted and sniffed it with his nose.

The fruity fragrance entered his body, and he suddenly felt relaxed and comfortable. Even his injuries were better.

Qin Chuan's eyes lit up: "Tsk! Tsk!! This spiritual fruit is really extraordinary! I just took a breath of the fragrance and felt the hair on my body spread out and my whole body felt so comfortable!"

At this time, Qin Chuan thought of the people at the auction. The host's introduction to Dragon and Phoenix Lingguo..

Chapter 1588

At this time, Qin Chuan remembered the host's introduction to the Dragon and Phoenix Spirit Fruit at the auction.

The Holy Dragon and Phoenix Fruit is a rare treasure. It is said that it contains two strands of essence of the ancient holy beasts, the green dragon, fire and phoenix. The growth conditions are extremely harsh.

It has always grown only in places where the spiritual energy of wood and fire is abundant.

What puzzled Qin Chuan was that the fourth floor of the fire cave was only filled with tyrannical fire energy and no wood energy at all. How could it grow the Dragon and Phoenix Sacred Fruit, and it was still seven hundred years old.

Qin Chuan couldn't figure it out, and felt a little weird, afraid that things were not as simple as they appeared.

However, he couldn't figure it out and didn't bother to think about it.

"At the last auction, the Phoenix Saint Fruit I saw was one hundred years old, and it sold for 100,000 gold coins. According to the host, the value of the Dragon and Phoenix Holy Fruit will double every one hundred years."

"Based on this calculation, my Dragon and Phoenix Sacred Fruit can be sold for millions of gold coins!"

Plop~! Plop~!

Qin Chuan's heart was beating with excitement.

Several million gold coins!

That was an astronomical figure to him.

After being excited for a moment, Qin Chuan's mood gradually calmed down.

He thought about it carefully, and felt that he could not put it up for auction.

He was too weak, and putting such a precious item up for auction would definitely get him into trouble, or even kill him.

The experience at the last auction had already made him cautious.

Besides , Well, such a treasure of heaven and earth can improve one's cultivation level without entering the elixir. Why doesn't he eat it by himself? In any case, improving one's own strength is the biggest benefit.

In short, he has always kept this spiritual fruit on his body. It's not safe.

Thinking of this, Qin Chuan swallowed the two spiritual fruits in one gulp.

The next second, he sat cross-legged and began to refine the spiritual fruit's medicinal power.

.....

Time flies!

In a blink of an eye, it was the seventh day.

Qin Chuan opened his eyes from meditating, his face full of ecstasy.

The 700-year-old Dragon and Phoenix Sacred Fruit is truly a rare treasure.

In just one day, Qin Chuan's wood fire energy had all broken through to the peak of the first-level intermediate level, which was just one step away from the first-level advanced level.

In fact, he only refined one-tenth of the medicinal power.

All the remaining medicinal power was hidden in his body.

Only after Qin Chuan breaks through the bottleneck and reaches the first level of advanced cultivation can he continue to absorb the remaining medicinal power.

This is tantamount to saying that Qin Chuan possesses a treasure house of medicinal power, and all he needs is a key to open it.

Speaking of which, after Qin Chuan's cultivation level broke through, his water system cultivation level became the lowest, still at the peak of the first-level elementary level.

Both the wood and fire systems are the pinnacle of the first-level intermediate level.

And his comprehensive combat power has completely reached the level of a second-level warrior, and he is not even considered weak among second-level warriors.

In addition, he possesses two martial arts skills, one of which is an intermediate martial skill. He is confident that he has a winning rate of more than 80% in a battle with You Hongyu.

He even dared to challenge a real second-level warrior.

At this thought, Qin Chuan suddenly felt proud.

Calculating the time, it was time for him to return to Shenyang City.

At that moment, Qin Chuan stood up, patted the dust on his body, tidied up a little, and walked to the first floor.

Speaking of which, after his breakthrough in cultivation, his internal injuries healed.

That is also an additional benefit brought by the Dragon and Phoenix Sacred Fruit....

Chapter 1589

But Qin Chuan walked all the way and closed his eyes unknowingly, not using his eyes to see the road at all.

It turned out that Qin Chuan discovered that he had a special ability.

That is, he can clearly judge the surrounding links by relying only on his hearing. It is as if he is seeing it with his own eyes, which is incredible.

Generally speaking, after a warrior breaks through to the first-level intermediate level, the Fengchi point behind the ear is opened, and the hearing will be doubled. The vibration of sand grains within three meters can be heard clearly.

This is also the only qualitative leap in the hearing of warriors. No matter how the warriors' cultivation level increases in the future, their hearing will not change much.

But Qin Chuan was different. Before he broke through to the first-level intermediate level, he could clearly hear the vibration of sand grains within five meters.

Now, after he broke through to the first-level intermediate level, his hearing has undergone a qualitative change, almost increasing by a hundred times.

To put it simply, he could clearly hear the vibration of sand grains a hundred meters away.

Ordinary warriors are simply incomparable, not even sixth-level warriors can do it.

Not only that, Qin Chuan could clearly hear the sound of blood flowing in his body.

For ordinary warriors, the sound of human blood flowing is inaudible, but to Qin Chuan's ears, it is like a constant roar of waves.

What surprised him even more was that he could clearly hear the sound of the five elements' energy particles colliding within three meters nearby.

This world is composed of the Qi of the Five Elements, and the particles of the Five Elements constitute the foundation of all things.

This is the fundamental reason why Qin Chuan can imprint the surrounding environment in his mind just by listening with his ears.

In other words, he can see the world without using his eyes, only his ears.

This is definitely an innate ability that cannot be achieved by normal hearing.

Of course, as long as Qin Chuan wants, he can block some sounds at any time.

The discovery of this gift made Qin Chuan excited and began to doubt his own life experience. strangeness!

Why has my hearing been so much better than others since I was a child, comparable to that of a warrior?

Why do I have such natural abilities as soon as I break through to the first-level intermediate level?

Could it be that I am really different from ordinary people and have some strange life experience?

Qin Chuan suddenly thought of Senior Demon Snake, the headless man in white under the Monkey King's Cave, and Qing Yunlie who saved his life.

All kinds of strange experiences made him have to doubt his own life experience.

He also remembered that Qing Yunlie had said that after he became the reserve guard of the Zhou family, Deacon Qin would tell him something.

Could it be that those things are related to his life experience?

When I think of Deacon Qin taking care of me since he was a child, he feels like a family member.

Qin Chuan vaguely felt that Deacon Qin was the key figure who knew all the truth.

It's a pity that he is only a reserve guard and is not qualified to join the guard team.

Otherwise, after he enters the escort team, he must find Deacon Qin and ask for the truth.

In any case, after he breaks through to the first-level intermediate level, he awakens an innate ability, which is definitely not a bad thing. On the contrary, it will greatly enhance his strength in some aspects.

Thinking of this, Qin Chuan felt a little happy.

Of course, he was more curious about his life experience.

In this way, Qin Chuan thought about it all the way, and unknowingly reached the first floor

"Qin Chuan!"

A shout of surprise awakened Qin Chuan from his deep thoughts.

The next second, Qin Chuan saw Du Shuyan running over with a face full of joy.

"You are indeed fine! Hey, you guy went down there without saying a word, and you stayed there for seven days, which made me worried to death! Fortunately you are fine! Du

Shuyan complained.

Qin Chuan felt warm in his heart: "Shuyan, I'm fine." By the way, I also want to congratulate you! You finally broke through!"

As soon as he said this, Du Shuyan smiled happily.

These days, what he is most worried about is Qin Chuan's safety.

His happiest thing is that he successfully broke through.

"Ha ha!! Okay! I have been stuck in this bottleneck for more than half a year. If I don't break through, I will go crazy! correct.....Huh! Qin Chuan, you also have a breakthrough!"

Du Shuyan opened his eyes wide in surprise.

This exclamation attracted many young people to look at him.

Sure enough, Qin Chuan's fire element cultivation level has also broken through to the first level.

At this sight, all the young people showed envy..

The two guards of the Zhou family were different. In just seven days, they all broke through.

Qin Chuan smiled and said nothing.

In fact, his fire element cultivation is the peak of the first-level intermediate level, and is only one step away from the first-level advanced level..

Of course, he cannot reveal such a cultivation level, otherwise it will arouse the suspicion of many people.

He must not reveal the secret of the dragon and phoenix holy fruit.

For this reason, he used the breath-condensing technique to disguise his fire cultivation level into a
Therefore, in the eyes of Du

Shuyan and others, he had just broken through to the first level.

At this time, Team Leader Chen asked:"Brother Qinchuan, did you go to the third level?"

"Um!", Qin Chuan nodded slightly.

He knew that since he hadn't come up for several days, the other party must have gone to the second floor to see it, so there was no need to hide it.

Hearing Qin Chuan's personal admission, Team Leader Chen was still shocked.

Even though he had guessed it a long time ago.

Those The teenagers were also amazed.

Generally speaking, only second-level warriors have the strength to enter the third level. Unexpectedly, Qin Chuan did it and stayed for seven days.

You must know that even second-level warriors can hardly enter the third level. They have to stay on the floor for seven days, only two or three days at most.

Thinking of this, how could the young people not be amazed.

Thinking of this, Team Leader Chen looked at Qin Chuan with even more awe..

Chapter 1590

"By the way, brother Qinchuan, there was some sudden shaking in the cave yesterday. Do you know the reason?"

Team Leader Chen inquired about the tremors in the Huoyan Cave again.

Qin Chuan quickly shook his head:"I don't know! Yesterday, I also felt some shaking on the third floor. Maybe it was an earthquake or something!"

Qin Chuan naturally didn't want others to know about the Dragon and Phoenix Sacred Fruit, so he prevaricated it like this.

"So this is ah!"Team leader Chen nodded slightly.

The fire cave is close to the underground magma. If there are some earthquakes, it can be explained.

"By the way, everyone, Shuyan and I have made a breakthrough and will stay here soon. Everyone, we take our leave now."

Qin Chuan was still thinking about the gambling, so naturally he didn't want to stay for a long time.

Du Shuyan also understood what Qin Chuan was thinking and said goodbye to everyone.

"Then I wish you both a safe journey!", Team Leader Chen bowed his hands.

To this day, he feels quite sympathetic to Qin Chuan.

"Everyone, I'll take my leave then!"

Qin Chuan bowed his hands to everyone, nodded with a smile to the Zhou Qing brothers and sisters in the crowd, and left.

Du Shuyan followed closely.

In the crowd, Zhou Yue looked at Qin Chuan's leaving back, feeling empty in her heart and revealing in her eyes A touch of sadness.

Maybe this farewell is forever.....

On the way there, Qin Chuan and others were attacked by vicious beasts.

On the way back, Qin and Chuan did not encounter any vicious beasts and returned to Beike Town smoothly.

After resting for a while at Laifu Inn, the two continued on their way and returned to Shenyang City that afternoon.

Qin Chuan asked Du Shuyan to go back to the preliminary guard camp first, but he went to Wanbaoxuan instead.

He wanted to sell the Fire Spirit Crystal in his hand to exchange for some money.

After all, he only had a few hundred gold coins left on him, and he was somewhat unable to make ends meet.

With the lesson learned last time, Qin Chuan acted very carefully this time.

Before entering Wanbaoxuan, he bought a curtained hat and a large cloak to cover up his appearance, and then used the breath-condensing technique to cover up his aura, making him look a little unfathomable.

At this moment, Wanbaoxuan, at the counter.

The young teller looked at the cloaked man in front of him curiously.

The guy in front of me is very mysterious, with a vague aura that makes it difficult to detect his cultivation level. He looks like a tall man, but he is a bit short.

This mysterious cloaked man is Qin Chuan

"Sir, what items do you want to send for photography?", the young teller asked politely

"I want to auction this! Qin

Chuan said in a hoarse voice and took out a fist-sized Fire Spirit Crystal.

Although he had four Fire Spirit Crystals on his body, taking them all out at once would be a bit eye-catching, so he only took out the smallest one.

"Huh! This...this is the Fire Spirit Crystal!"

The young teller's eyes widened with excitement, and even his lips trembled a little.

"Your Excellency, such a large piece of Fire Spirit Crystal is too valuable, and a small one cannot make the decision. I'll ask the chief to come over and take a look. Please wait a moment."

"Um!", Qin Chuan responded incomprehensibly.

The young teller apologized and entered the backstage.

Not long after, Qin Chuan heard the whispers of two people in the backstage.

"Mr. Liu, the Fire Spirit Crystal that man took out was as big as a fist. According to my estimation, it won't be a problem to get 10,000 gold coins."

"What's that person's background?"

"The subordinates don't know! Judging from the appearance, the man is a short man. He just wears a bamboo hat. He seems to not want people to see his appearance, which is quite strange."

"Oh, take me there and see!"

"yes!"

Actually, the two people in the background were talking in a closed room, and the sound of the conversation was extremely low.

Logically speaking, even fifth-level warriors could not hear the content of their conversation.

In the auction house, confidentiality of information is very important, and the layout of the room is very Paying attention to the sound insulation effect.

But the two people in the room didn't know that Qin Chuan had innate abilities and his hearing was stronger than that of a sixth-level warrior.

He actually heard the conversation between the two people in the room clearly.

Crunch~!

The door opened, A young teller and a middle-aged man walked out of the back room...
