

God level 1601

Chapter 1601

As soon as Qin Chuan entered the hall, he was slightly surprised to see Liu Ling.

Then, he glanced at everyone in the hall, and then his eyes fell on Young Master Zhou.

"Fourth Young Master, this is Qin Chuan, the leader of the seventh group."

Steward Lin stepped forward and introduced.

Qin Chuan quickly saluted Young Master Zhou: "I have seen the Fourth Young Master. I wonder what the Fourth Young Master's instructions are for coming to my subordinates?"

"Are you Qin Chuan?"

Zhou Shao looked at the twelve-thirty-year-old boy in front of him with some surprise. He didn't expect Qin Chuan to be so young.

"Yes!"

"Qin Chuan, do you know why I came to you?"

"The subordinates don't know!"

"snort! Let me tell you, young master, who allowed you to sell elixirs in the reserve guard camp?"

Seeing this posture, Qin Chuan secretly thought something was wrong and said hurriedly: "Fourth Young Master, I have never heard that buying and selling elixirs is not allowed in the Preparatory Guard Camp."

"Shut up! I said you are not allowed to sell it, so you are not allowed to sell it! Don't you know that the elixir bureau of this preparatory guard camp is under the supervision of the principal? You, a lowly reserve guard, dare to steal my business. I think you are impatient.

Hearing these words, Qin Chuan was secretly angry:"Despicable?" If you were not born into a good child, who would be humble enough not to know it?"

Although he thought this in his heart, Qin Chuan also knew that he could not fall out with Young Master Zhou. After all, this is the Zhou family.

"Fourth Young Master, since you don't agree with your subordinates selling elixirs, I won't sell them in the future.

Young Master Zhou sneered:"We'll talk about the future later." Let me not talk about you selling elixirs. I heard that you have a VIP order from Wanbaoxuan. Is this true?"

"Exactly!"

Qin Chuan did not deny it because he knew that Master Zhou must know about it.

"Take it out and let me take a look!"

Qin Chuan hesitated for a moment, but still took out the VIP order. At the same time, he secretly sighed in his heart that he could not keep this VIP order. When

Zhou Shao saw the VIP order, his eyes lit up.

Immediately, he grabbed the VIP order After receiving the military order, he immediately turned his face and said:"Qin Chuan, you bitch! My VIP order was indeed stolen by you! You are so brave!"

"What?!"

Qin Chuan was shocked and angry. He clearly obtained this VIP order from Wanbaoxuan in the west area of Shenyan City. Master Zhou said this because he clearly wanted to occupy this VIP

order. However, even if he wanted it, Master Zhou said If you get this thing, there is no need to blame yourself like this, right?!

"Fourth Young Master, does this VIP order belong to me?"

"Ha ha!! joke! Mr.

Thursday played with the VIP order in his hand with a proud look on his face, "Who do you think you are?" Just because of your status, do you deserve this VIP order? Boy, you deserve to die if you stole something from me! In addition, you are selling pills to compete with me for business, which is even more unforgivable! Forget it, I am too lazy to talk nonsense with you. Zhao De, quickly bring this little thief Qin Chuan to justice on the spot!"

"yes!"

Choke~!

Zhao De instantly pulled out his long sword and was about to take action.

Qin Chuan was shocked. He didn't expect Young Master Zhou Zhou to be so cruel and kill him at will.

"Wait! Fourth Young Master, you have no evidence to prove that I stole the things, so you can kill people casually? Aren't you afraid of being blamed by the chief instructor?"

"snort! Do you still think you are a person? Killing you is like killing a wild dog. How could Uncle Qi blame me for a little person like you? At most, a few words of scolding. Besides, it was you, the little thief, who stole my things, and it was not my fault, so Uncle Qi would not blame me."

Of course Qin Chuan knows that the seventh uncle mentioned by Young Master Zhou is the chief instructor of the preparatory guard camp.

It turns out that we servant guards have the same status as dogs in the hearts of the Zhou family.

Thinking of this, Qin Chuan felt a little pain in his heart. Once upon a time , he also regarded the Zhou family as his own home. After all, he grew up in the Zhou family, but he did not expect that the Zhou family would treat them like this..

Chapter 1602

Young Master Zhou Zhou got a little impatient with waiting, and shouted to the guard beside him:"Zhao De, why don't you take action quickly!"

"yes!"

Zhao De took the order and pounced forward. The long sword in his hand turned into a cold light and stabbed Qin Chuan's throat directly.

This Zhao De is a formal guard and has the strength of a second-level warrior.

Generally speaking, even a first-level senior A warrior who confronts a second-level warrior will be killed instantly with one sword, not to mention that Qin Chuan is only a first-level intermediate warrior.

Therefore, in the eyes of Zhou Shao and the two guards, Qin Chuan is dead.

In the blink of an eye, Zhao De's attack When he arrived in front of Qin Chuan, a disdainful sneer appeared on Zhao De's lips.

Qin Chuan was horrified. He clearly felt that Zhao De's momentum was much stronger than that of You Hongyu.

In desperation, he only had time to draw his sword to block.

Dang!

The two swords intersected!

Gold and iron clashed!

The two figures quickly separated!

Qin Chuan took seven or eight steps back before he regained his balance, while Zhao De also took four or five steps back.

"Huh!"

Several people in the field looked at Qin Chuan in surprise, with disbelief in their eyes.

Mr. Zhou stood up from his seat in a flash, his eyes first filled with surprise, and then gradually turned into extremely angry.

That was An unstoppable jealousy.

How is this possible?

How could he withstand Zhao De's attack?

He should have been shocked to death with a sword.

Could it be that his strength has reached the level of a second-level warrior?

He has reached this level at such a young age strength, then who am I?

I only reached the second level when I was twenty-one years old this year.

Why did such a good talent appear in such a lowly servant?

God, you are so blind!

Such a lowly servant He doesn't deserve to have such a good talent at all!

The more Young Master Zhou thought about it, the angrier he became. Because of his poor talent, he had a lower status among the three generations of disciples of the Zhou family.

Now seeing that Qin Chuan's talent is so good, he couldn't help but feel jealous. The murderous intention has become more determined

"Boy! It seems that I underestimated you. However, no matter how capable you are today, you can't escape death. You will also be punished for money. You two, hurry up and kill this little thief!"

Hearing this, Qin Chuan was shocked. It would be difficult for him to deal with a second-level warrior. If two second-level warriors join forces, he will definitely die.

"Wait! Fourth Young Master, you cannot kill Qin Chuan!"

But at this moment, Liu Ling, who had been watching from the side, stopped him with words.

"Why can't I kill him?" Young Master Zhou looked at Liu Ling with a bad tone.

Liu Ling said solemnly: "Four Young Master, Qin Chuan's father was once a guard of the Zhou family. He sacrificed his life for the Zhou family in a mission. Qin Chuan has been in Zhou since he was a child. The parents grew up and were very loyal to the Zhou family. If the fourth young master kills such a loyal subordinate, it will be very chilling for us subordinate guards."

"yes! Fourth Young Master, Qin Chuan's father once sacrificed for the Zhou family, I hope Fourth Young Master will spare him this time."

The accountant on the side actually began to plead for Qin Chuan.

After hearing these words, Young Master Zhou's expression changed slightly.

"Then he stole my VIP order, shouldn't he be punished?"

"Fourth Young Master, my subordinates feel that Qin Chuan may not have stolen the VIP Order." Liu Ling said carefully.

Young Master Zhou snorted coldly: "Liu Ling, what do you mean? Do you want to say that I wronged Qin Chuan?"

Liu Ling's face changed slightly: "I don't dare!"

"Qin Chuan, tell me, is this VIP order your own? I don't believe that a lowly slave like you can get a VIP order!"

Qin Chuan's face changed, and his heart was already filled with anger, but he still pretended to be calm on the surface, and said in a suppressed voice: "The token does not belong to the subordinate, it was found by the subordinate accidentally!"

Qin Chuan knew clearly in his heart that if he insists that this VIP order is his, he will definitely die.
...

Chapter 1603

After hearing this, Mr. Zhou's expression softened a lot.

"It turns out you picked it up!"

But he was thinking in his heart: "Is what Qin Chuan said true or false? If it is true, then I can take this token as my own openly. If it is false, then this guy is too scheming to find a way out for himself so quickly and give me a step down, like this No one can stay."

Just when Zhou Shao hesitated, another clear voice sounded in the hall.

"Fourth Young Master, since Qin Chuan picked up the token, you should be grateful to him for helping you find it instead of causing trouble for him."

As soon as he finished speaking, a beautiful girl in a white dress slowly walked in. When everyone in the hall saw this beautiful girl, their eyes lit up and they were amazed.

Then they all came forward to greet her.

"I've seen the Jade Medicine Master!"

It turns out that this extremely beautiful girl is the alchemist Yu Yao whom Qin Chuan met last time.

"It turns out to be Miss Yuyao!"

Young Master Zhou Ye greeted with a respectful tone, as if he didn't dare to offend, but the way he looked at the girl inadvertently showed a trace of obscenity.

Yuyao smiled slightly, walked to Qin Chuan and said with a smile: "Qin Chuan Brother Chuan, I meet again!"

"Qin Chuan also met Sister Yuyao!"

Qin Chuan smiled bitterly in his heart. He did not expect to meet the other party under such circumstances.

"It turns out that Miss Yuyao also knows Qin Chuan?"

Young Master Zhou Zhou asked with a smile, but he was filled with jealousy. When he saw Yuyao and Qin Chuan, one sister and one brother calling each other affectionately, he felt very unhappy.

"yes! I know Qin Chuan is not the kind of person to steal. He must have picked up the token. The Fourth Young Master must have misunderstood. I think we can just let it go!"

"Ha ha!! Since Miss Yuyao said so, then naturally let it go. Qin Chuan, since Miss Yuyao pleads for you, I won't argue with you.

Young Master Zhou Zhou pretended to be generous and said. Yuyao smiled slightly: "The Fourth Young Master is indeed very graceful!"

Being praised by Yuyao, Zhou Shao suddenly felt his heart fluttering, and his whole person became energetic.

But he didn't see a hint of disdain in Yuyao's eyes.

At this time, Yuyao walked up to Liu Ling again.

"Liuling, I will refine a furnace of 'Snow Heart Pill' tomorrow. Come and get it in three days, and take it back to your uncle to detoxify it! Also, I have a bottle of 'Hundred Flower Dew' here. You can take it back and give it to your uncle, which can temporarily suppress his current toxicity."

Liu Ling took the 'Hundred Flower Dew', his eyes gradually turned red, and he squeezed it tightly. First, 'plop', bow his head and kneel in front of Yuyao

"Miss Yuyao's kindness! I, Liuling, will never forget it!"

"Liuling, there is gold under the man's knees! You are a man. If you keep doing this, I will not be happy."

Yu Yao deliberately pretended to be angry.

Liu Ling slowly raised his head, but there were tears in the corners of his eyes, and the look on his face was extremely solemn.

"Miss Yuyao, if you need anything in the future, just ask me, even if I go up the sword mountain or the sea of fire, I, Liu Ling, will not hesitate!"

This made Zhou Shao on the side very unhappy.

"alright! alright! Liuling, Qinchuan, there is nothing for you to do here. You all should go out!"

Seeing that Young Master Zhou issued an order to expel guests, Liu Ling and Qin Chuan had no choice but to leave.

After Qinchuan and Liu Ling left, Young Master Zhou smiled and flattered Yuyao again: "I didn't know Miss Yuyao was here this time. What's going on?"

Yu Yao covered her mouth and chuckled:"Last time I told the fourth young master that he would help the little girl find a maid as an assistant. I wonder if she has found one?"

"Ha ha!! So that's what happened. I have already scouted for you. I have a little girl named"Xiao Xiang'er" who is not only pretty, but also smart and agile. I will arrange for her to come over in the next two days."

"That little girl would like to thank Fourth Young Master."

"What Miss Yuyao said was so polite. As long as it is your matter, I will try my best to handle it well!"

"The little woman was so grateful. By the way, the little girl still has a furnace of elixirs that is about to be boiled. I'm afraid I don't have time to chat anymore. The fourth young master has lost the compensation."

"Since Miss Yuyao has something to do, I won't stop her."

It wasn't until Yuyao's back completely disappeared that Young Master Zhou's infatuated eyes slowly came back, but he couldn't help but feel a little disappointed...

Chapter 1604

But on the other side, Qin Chuan and Liu Ling left the Dan Pharmacy Bureau one after another.

"Liuling, thank you!", Qin Chuan suddenly stopped.

"no need to thank me!"

Liu Ling turned around and looked in the direction of Mr. Zhou, his eyes full of hatred.

"What happened to your uncle?", Qin Chuan asked softly in a low voice.

A look of pain appeared on Liu Ling's face, and his eyes gradually turned red.

"My uncle got to where he is today because of that beast on Thursday."

"That day, Master Zhou and the young men from the Yan family were jealous of women, and finally started fighting. Young Master Zhou was no match for them and was almost beaten to death by those young men."

"My uncle happened to be passing by. In order to save Mr. Zhou, he was poisoned and one of his legs was cut off on the spot."

"However, my uncle rescued him, but he didn't care about my uncle's life or death and ran back alone. My uncle crawled back by himself."

"Although my uncle didn't die on the spot, the poison was too deep. I asked Mr. Thursday for the antidote, but he obviously had it, but he wouldn't give it to me!"

Speaking of this, Liu Ling's eyes became even more filled with hatred.

"Qin Chuan, I know you are an orphan. Actually, I'm pretty much the same as you. I lost my parents when I was a child. It was my uncle who raised me single-handedly. I couldn't watch him die. I had to save him. I, Liuling, have not yet repaid his kindness in raising me."

Two lines of hot tears flowed silently from Liu Ling's eyes.

"I finally see through it. In the hearts of the Zhou family, the lives of us servants and guards are as cheap as dogs! Qin Chuan, let me advise you: don't follow your father's old path again. It's not worth it at all."

"One day, I will leave the Zhou family and live for myself! Qin Chuan, just take care of yourself!"

After hearing these words, Qin Chuan was shocked.

Servant guards like them cannot leave the Zhou family easily, otherwise they will be hunted down as traitors.

Unless they reach the fourth level of cultivation, then they will have a choice The right to freedom.

Looking at Liu Ling's leaving figure, Qin Chuan felt inexplicably sad.

"Willow Ridge!", Qin Chuan suddenly called to Liu Ling, "Liu Ling, I lied to you!"

Liu Ling slowly turned around, with a smile on his lips, but tears lingered in the corners of his eyes.

"I know. In fact, you know how to read, and your water-based skills were learned from the broken copy of Jingtao Jue that I lost to you. I even beat Chen Tian for it. I know all this, but it doesn't matter anymore. Qin Chuan, take care of yourself!"

"Willow Ridge!"

Qin Chuan looked at Liu Ling's retreating back, feeling as if he was lost.

"Zhou family! Is this the Zhou family?"

A hatred welled up in Qin Chuan's heart...

Dan Pharmacy, in the hall.

But after Master Zhou sent Yuyao away, guard Zhao De suddenly whispered: "Fourth Master, my subordinates have a saying, I don't know. Should I say it or not?"

"Say what you have to say!"

"Fourth Young Master, my subordinates believe that you got the VIP Order from Qin Chuan today. Regardless of whether this VIP Order was really picked up by Qin Chuan, he has a grudge against you.

Zhou Shaowei pondered: "Yeah!" good!

Zhao De added:"It would be fine if Qin Chuan was just an ordinary reserve guard." But judging from the moves his subordinates fought with him, Qin Chuan is extremely talented. He has achieved such achievements at such an age, and his future achievements are limitless."

"According to his subordinates, with his talent, he will definitely be able to practice to the fifth level in the future. When he reaches the fifth level, he will become a master of the worship hall. By then, he will be afraid of endless troubles!"

When talking about Qin Chuan's qualifications, even Zhao De's tone revealed a strong sense of jealousy.

"So what do you mean, Qin Chuan can't stay?"

"good!"

"However, I have just said in front of Miss Yuyao and everyone that I will no longer argue with him, and it is no longer easy to regret this matter."

Zhou Shao regretted it a little. He was very jealous of Qin Chuan's talent.

"Fourth Young Master, since we can't do it openly, then we will do it secretly.

Zhou Shao's eyes lit up:"Not bad!" Zhao De, then how do you think it is appropriate to kill him?"

"The subordinates believed that taking action inside Shenyang City would easily arouse suspicion, so it would be better to lure Qin Chuan outside the city, and then let the subordinates and Qian Xing join forces to kill him."

"That's a good idea! However, there is no need for you and Qian Xing to take action when the time comes. I will arrange for Song Jian to take action. This time, we must not miss!"....

Chapter 1605

Zhao De was overjoyed:"If Song Jian had taken action, Qin Chuan would have been dead."

Song Jian was a master of the second level of Dzogchen and was only one step away from entering the third level.

After a warrior reaches the second level, he is divided into two levels according to his cultivation level: the second level and the second level of Dzogchen.

Generally speaking, a second-level Dzogchen master can deal with four or five second-level warriors at the same time.

With Qin Chuan's current strength, he is still capable of fighting an ordinary second-level warrior. If he is a second-level master of Dzogchen, he will have no choice but to run for his life.

"good! The matter has been settled. In a few days, I will arrange a task for Qin Chuan to lure him out of Shenyang City. Then let Song Jian take action!"

"The fourth young master is wise!"

"snort! After all, Qin Chuan is just a small person, and it's not easy to deal with him!", Zhou Shao looked disdainful

"By the way, the Wanbaoxuan auction will start tomorrow. You two will accompany me there. Lin Yue has to do what she asked me to do. After all, she is also my fiancée.".....

At the same time, Qin Chuan had returned to the camp of Group 67. He summoned all the team members and told them about the VIP order being taken away by Young Master Thursday.

All the team members were furious, resentful and cursed one after another.

Without the VIP order, their financial resources are completely cut off.

"Shit Thursday is less! Why doesn't he let us sell elixirs? There is no such rule in this reserve guard camp!"

"Stop talking, he is a descendant of the Zhou family, we are just their guards, what can we argue with him? People under the eaves have to bow their heads!"

"snort! Young Master Si is not short of money this week, yet he actually wants to fight with us for even this little money!"

"that is! The children of the Zhou family, like them, have thousands of gold coins every month, but now they are fighting with us for this small amount of money."

"I think we will have to work hard for the Zhou family in the future, and if we can get some small money, he will also steal it!"

"What's even more hateful is that even though he didn't let us sell the elixirs, he even took away the team leader's token!"

Qin Chuan looked at the anger of the team members calmly.

After a while, he said:"Okay, Hong Long will divide all the money from selling the pills in the past few days. From now on, please don't mention the elixir trading anymore."

"Why~! "

All the team members sighed helplessly.

Afterwards, everyone divided the profits gained in the past few days and took back all the funds they invested.

This elixir trading thing is completely over.

Qin Chuan did not invest any capital, but was also allocated a profit share of 200 gold coins.

"Okay, this is over and everyone should leave!"

After seeing off all the team members, Qin Chuan looked at the two hundred gold coins he had just received and sneered in his heart.

"Mr. Zhou, I, Qin Chuan, will definitely get the token back with my own hands. By the way, the auction will start tomorrow, and I want to go there in person."

The next day, early in the morning,

Qin Chuan left the guard camp, bought the same hat and cloak as last time, and found a remote place to change into.

After doing this, he went straight to Wanbaoxuan Half an hour later , in Wanbaoxuan,

Director Liu looked at the mysterious man dressed strangely in front of him and said respectfully:"Senior, you are here!"

This mysterious man is dressed up by Qin Chuan.

"Um!", Qin Chuan's voice was hoarse on purpose,"I'm here to attend the auction."

"It is my honor, Wanbaoxuan, for seniors to come and participate. Senior, this auction will not start for a while. How about I arrange a VIP box for you first?"

"Um!", Qin Chuan responded lightly.

Later, Mr. Liu arranged Qin Chuan to a VIP box at the auction house, and also arranged a beautiful maid.....

Chapter 1606

"Senior, this servant was arranged by Master Liu. If senior has any instructions, just give them to your slaves!"

"No need, I like peace and quiet, you can go out!"

"this....", the maid seems to be in trouble

"You don't have to be embarrassed. If Mr. Liu blames you, just say it was my intention."

"yes! That slave has resigned!"

After sending the maid away, Qin Chuan breathed a sigh of relief. He was afraid that if he stayed with the maid for a long time, he would inevitably be exposed.

This VIP box is on the highest floor of the auction house, with a black gauze curtain in front. People could not see the situation inside, but Qin Chuan could clearly see the situation outside.

As time passed, more and more people entered the auction house.

"Huh! He's here too!"

Qin Chuan's eyes fell on the entrance of the auction house.

There, he saw a young man with a pale face and thin lips, staggering in with two guards.

The young man was none other than Less on Thursday.....

"snort! Unexpectedly, Zhou Shao also came to participate in the auction."

Qin Chuan stared at Young Master Zhou coldly.

He saw Young Master Zhou leading two personal guards into the No. 7 box on the second floor.

It was just an ordinary box, lower than Qin Chuan's VIP box. A level.

Qin Chuan secretly noted the position of Master Zhou.

After waiting for a while, the seats in the venue were almost full, and the auction began. The person who presided over the auction was Director Liu.

At this moment , Manager Liu coughed.

"cough! Everyone, Liu welcomes everyone here to support us. This is also the seventy-third auction hosted by Liu. Okay, without further ado, the auction has officially begun."

After saying that, a maid walked up to the stage holding a brocade box and placed it on the auction table in the middle.

Manager Liu stepped forward and opened the brocade box, revealing a red pill.

"It turns out to be red phosphorus!"

Qin Chuan recognized the pill at the first sight.

At this time, Director Liu in the field said:"This is red phosphorus pill. I think many people in the field know its efficacy. Red phosphorus is the best among low-grade elixirs. After taking it, it can strengthen the body and increase strength."

"However, its effect can only be reflected in the first time you take it, and it will have no effect if you take it in the future. Now we start the auction of red phosphorus pill. The base price is 3,000 gold coins. Each increase in price shall not be less than 200 gold coins. Please bid!"

As soon as Mr. Liu finished speaking, people started bidding in the venue.

"I'll pay you 3,300 gold coins!"

"I'll pay you 3,500 gold coins!"

"Four thousand gold coins!".....

In the end, Red Phosphorus was bought by a young man in his twenties for 5,300 gold coins.

"Next up is the second auction item!"

A maid, holding a half-foot-tall white porcelain object in her hand

"Everyone, this porcelain bottle contains the essence and blood of the eighth-level ferocious beast Fire Dragon Beast."

Hearing this, Qin Chuan suddenly opened his eyes with excitement and clenched his fists excitedly.

"I didn't expect that there would be an auction of blood essence and blood of eighth-level ferocious beasts here. It would be of great help to me in practicing the ancient body-refining method!"

Qin Chuan has refined the essence and blood of different levels of ferocious beasts during this period.

He found that the higher the level of ferocious beast essence and blood, the greater the help for his body refining.

The highest-level essence and blood he has refined The blood is sixth-level beast essence and blood.

This is because Wanbaoxuan has always sold higher-level beast essence and blood, and does not even have seventh-level beast essence and blood.

However, even if it is sixth-level beast essence and blood, Its effect is still not as good as Monkey Wine.

After all, Monkey Wine is made from the essence and blood of the seventh-level ferocious beast, the wind beast. Perhaps the blood essence and blood of this eighth-level ferocious beast is more effective than Monkey Wine.!...

Chapter 1607

At this time, Director Liu continued:"The auction for this bottle of eighth-level fire dragon beast essence and blood is now starting. The base price is 2,200 gold coins. Each increase in price must not be less than 200 gold coins. Please bid!"

You must know that the eighth-level ferocious beast is very special. It is rare, and every piece of material on its body is priceless, with any one costing tens of thousands of gold coins.

But the blood essence and blood of ferocious beasts are different. First, because the blood essence and blood of ferocious beasts have few uses, few people buy it.

The second reason is that if you want to obtain the essence and blood of a ferocious beast, you don't need to kill the ferocious beast. The way to obtain it is much more convenient than other materials.

Therefore, the base price of the eighth-level fire dragon beast's essence and blood is so low.

Of course, all this is only for others. To Qin Chuan, this beast's blood essence is of great value.

Therefore, as soon as Mr. Liu finished speaking, Qin Chuan made a bid.

"Two thousand five hundred gold coins!", Qin Chuan deliberately made his voice hoarse.

"Two thousand five hundred gold coins, does anyone offer a higher price?"

The people in the field were silent for a while, and then a woman shouted: "I will pay you 2,700 gold coins!"

"Two thousand seven hundred gold coins, is there anyone with a higher level?"

"Two thousand nine hundred gold coins!"

Qin Chuan shouted out the price unhurriedly.

"Three thousand one hundred gold coins!"

It was still the woman who was bidding.

Qin Chuan found that except for that woman, no one else was bidding. It seemed that there were not many people who wanted to buy the blood essence of the ferocious beast.

"Three thousand three hundred gold coins!", Qin Chuan continued to follow the price

"Three thousand three hundred gold coins, is there any higher price?"

Director Liu shouted again, but no one in the room answered.

"Three thousand three hundred gold coins, is there any higher price?"

Master Liu shouted three times in a row, but still no one bid.

The woman who had raised the price before seemed unwilling to compete with Qin Chuan.

In the end, Qin Chuan actually bought the bottle at the ultra-low price of 3,300 gold coins. The essence and blood of Fire Dragon Beast.

This price is lower than the auction price of Red Phosphorus Pill, but in Qin Chuan's eyes, the value of Fire Dragon Beast's essence and blood is much higher than that of Red Phosphorus Pill.

Qinchuan estimates that this bottle of Fire Dragon Beast's essence and blood, which can greatly increase his physical strength, and is several times stronger than red phosphorus pill, and it is even possible to be ten times stronger.

Thinking of this, Qin Chuan was extremely satisfied.

At this time, a maid walked into the box

"Senior, this is the jade plate representing the auction number of the fire dragon beast's essence and blood. You can use this jade token and rubble to check out at the backstage and receive items."

The maid held a jade plaque and respectfully handed it to Qin Chuan.

"Well, I understand. Qin

Chuan accepted the jade token and sent the maid away at will.

Next, a dozen precious items were auctioned at the conference.

Those items became more precious as they went to the back.

Qin Chuan secretly revealed the characteristics and appearance of those items. Remember to enhance your knowledge so as not to miss it if you encounter it in the future.

At this time, Manager Liu started a new item auction

"The item being auctioned next is very precious and practical, and it is very popular in our Shenyang City. What exactly is this item? You will find out soon!"

Master Liu waved his hand, and a beautiful maid gracefully walked onto the stage holding a brocade.

Master Liu stepped forward and slowly opened the brocade box, revealing a gleam of red light.

I saw the brocade box surface, quietly Lying quietly was a fist-sized red crystal, which was Qinchuan's Fire Spirit Crystal.

"It's the Fire Spirit Crystal! This is the Fire Spirit Crystal!"

"This is the main material for making fire-type spiritual weapons!"

There was a stir in the audience.

The crowd was talking a lot.

There are many fire-type warriors in Shenyang City.

The Nan, Yan, Wei, and Zhou families are all fire-type.

The fire spirit crystal is the main material for refining fire-type spiritual weapons. Therefore, it is very popular in Shenyang City.

As a result, there are too many monks and too few people. Every time the Fire Spirit Crystal is auctioned, there will be many people bidding.

At this time, Director Liu's voice sounded on the stage again.

"Everyone, I don't need to explain the purpose of this Fire Spirit Crystal. Everyone knows it. The auction for this Fire Spirit Crystal begins now. The base price is six thousand gold coins. Each increase in price must not be less than five hundred gold coins. Please bid!"

As soon as he finished speaking, everyone in the venue started bidding fiercely.

"I'll pay you six thousand five hundred gold coins!"

"I'll pay you seven thousand gold coins!"

"I'll pay eight thousand gold coins!"

"Eight thousand five hundred gold coins!"..

Chapter 1608

Qin Chuan was very happy to see so many people bidding.

The higher the price, the more profit he makes.

What surprised Qin Chuan was that Zhou Shao also participated in the bidding.

However, when the price reached nine thousand gold coins, Zhou Shao gave up.

In the end, the Fire Spirit Crystal was bought by an old man for 11,500 gold coins.

This price was much better than Qin Chuan expected, which made him really happy again.

After auctioning the Fire Spirit Crystal, he auctioned off the tenth item. Qin Chuan wrote them down one by one as a way to increase his knowledge.

"Everyone, the items being auctioned next are very precious!"

At this time, the auction of new items started again.

A beautiful maid came to the stage carrying a brocade box.

"Everyone, please take a look!"

Master Liu slowly opened the brocade box, revealing a cyan vial and a white jade plate.

Then, Master Liu picked up the cyan vial and poured out a drop of crystal clear water.

The water drop was crystal clear, condensed but not scattered, like a The transparent jade beads rolled back and forth on the jade plate, which was very strange.

Seeing this, the audience exclaimed again

"It's the Xuanjing jellyfish!"

"Oh My God! It's really a mysterious jellyfish!"

At the same time, in Box No. 7 on the second floor, Young Master Zhou's eyes lit up with a look of surprise.

"I didn't expect that there would be a Xuanjing jellyfish auctioned at this auction, and I finally got it!"

Zhao De on the side immediately flattered him: "Yes!" As long as the fourth young master takes a picture of this drop of Xuanjing jellyfish, Miss Lin Yue will definitely be impressed by you."

"That damn girl Lin Yue, although she is my fiancée, has always been lukewarm towards me. If it weren't for the fact that the Lin family has some power, marrying her would be helpful to me, so I wouldn't have to please her."

"That is! That is!", Zhao De nodded and bowed repeatedly.

"However, she hasn't married her yet, so I still have to try my best to please her. Once she marries me, everything will be settled. It's just strange that she is neither a water warrior nor an alchemist, so why is she looking for this mysterious jellyfish?"

"This...fourth young master, you don't even know, let alone the younger one."

"Shut up! Did I ask you this? However, this thing is really weird. Since Lin Yue came back from amnesia, her behavior has become weird. Although she is no longer as cold to me as before, she always feels weird to me. No matter so much, I will order this drop of Xuanjing jellyfish today!"

In the VIP box, Qin Chuan's eyes were filled with surprise when he heard this.

His hearing was extremely amazing, and he was always paying attention to the movements of Young Master Thursday, so he naturally heard what Young Master Zhou said.

It turned out that Young Master Thursday The purpose of taking this drop of Xuanjing jellyfish was to please Lin Yue.

In this way, Lin Yue is really not dead.

Listening to Zhou Shao's tone, it is not sure whether she has real amnesia or fake amnesia.

However, Nan Yu's Even if she dies, she can't escape her involvement, and I'm not afraid of her telling the truth. But I can't figure it out. I clearly pierced her heart, how could she survive?

Qin Chuan's heart is full of doubts.

He doesn't know that Lin Yue returned to the Nan family covered in blood.

The Nan family naturally asked her about Nan Yu's whereabouts, but they didn't want Lin Yue to say that she had lost her memory.

She could not remember the experience of entering the mountains at all. When she woke up, at that time, she was outside the mountain.

As for whether Lin Yue was telling the truth, only the devil knows.....

At this time, Director Liu's voice sounded again on the stage.

"Everyone, this mysterious jellyfish is one of the main raw materials for refining high-grade elixirs. Not only that, if water warriors swallow it directly, they can also improve their cultivation. There is no need for Liu to explain its preciousness."

Hearing this, Qin Chuan secretly exclaimed, thinking that this mysterious jellyfish is really a good thing!

You must know that the Awakening Pill and the Red Phosphorus Pill are both the best among low-grade pills.

Although they are the best among low-grade pills, but after all, it is not as good as a middle-grade elixir, let alone a top-grade elixir.

From this, it can be seen that this Xuanjing jellyfish is very precious.

It seems reasonable to think that if the value of Xuanjing jellyfish is not high, it cannot be ranked among Huoling. The crystal was auctioned later, and it was only a drop....

Chapter 1609

At this time, Manager Liu's voice came from the stage again.

"Everyone! The auction for this drop of Xuanjing jellyfish begins now, with a base price of seven thousand gold coins! Each price increase must not be less than five hundred gold coins! Guys, please bid!"

"I'll pay you seven thousand five hundred gold coins!"

As soon as Mr. Liu finished speaking, Young Master Zhou couldn't wait to bid.

"I'll pay eight thousand gold coins!"

"I'll pay you 8,500 gold coins!"

There were not many people bidding, and it was much deserted compared to the scene where people were bidding on the Fire Spirit Crystal.

This does not mean that Xuanjing jellyfish is not precious, but that most of the people in Shenyan City are fire-type warriors, there are very few water-type warriors, and even fewer people can use Xuanjing jellyfish.

"I'll pay nine thousand five hundred gold coins!"

"I'll pay you 10,000 gold coins!"

Soon the price rose to 10,000 gold coins, and the only bidders were Mr. Zhou Zhou and a middle-aged beautiful woman.

"I'll pay eleven thousand gold coins!"

Master Thursday increased the price by a thousand gold coins.

He was determined to get this drop of Xuanjing Jellyfish.

Seeing this, the middle-aged beautiful woman stopped bidding and seemed not to want to continue arguing with Master Thursday.

In the box No. 1, Zhou Shao looked proud.

Zhao De also said with a flattering look on his face: "Fourth Young Master, I only spent 11,000 gold coins to get this drop of Xuanjing jellyfish. What a bargain! If we look at the real value, this drop of Xuanjing jellyfish is worth at least Thirteen thousand gold coins."

Mr. Zhou said proudly: "Hehe!! Only in our Shenyang City can we buy it at such a low price. It is impossible in other cities."

"In fact, according to my previous budget, as long as it does not exceed 15,000 gold coins, I will take the photo. But looking at the situation, 11,000 gold coins will be enough! Ha ha!!"

In the VIP box on the third floor, Qin Chuan overheard this and his expression moved slightly.

At this time, Director Liu's voice sounded in the venue,

"Eleven thousand gold coins, is there anyone who offers a higher price?"

"Eleven thousand gold coins, the first time!"

"Eleven thousand gold coins, the second time!"

Mr. Liu paused for a moment. Seeing that there was still no one to bid, he shouted again: "Ten thousand gold coins before the first....."

Zhou Shao smiled proudly, thinking he had made up his mind.

But at this moment, a hoarse voice came from a VIP box on the third floor.

"I offer you twelve thousand gold coins!"

Hearing this, the smile on Young Master Zhou's face froze.

The bidder was naturally Qin Chuan.

Ha! Young Master Zhou, you want to get the Xuanjing Jellyfish so cheaply, but I won't let you do it.

Qin Chuan sneered in his heart.

He would never let Young Master Zhou have an easy time.

At this moment, in Box 7,

Young Master Thursday was very annoyed: "We were about to take the photo, why did such an old guy come out halfway? It's really disappointing!"

"Fourth Young Master, do we still want to bid?"

"bid! Of course you have to bid! This young master has already promised Lin Yue that woman."

At this time, Manager Liu on the field shouted again: "Twelve thousand gold coins! Is there any higher price?"

"I'll pay you twelve thousand five hundred gold coins!", shouted Thursday Shao

"Thirteen thousand five hundred gold coins!" Qin Chuan followed the bidding without haste.

Young Master Zhou frowned: "Fourteen thousand gold coins! Qin

Chuan raised the corners of his mouth slightly, revealing a wicked smile: "Fourteen, six hundred gold coins!" Mr. Zhou Zhou was furious:

It seems that this old immortal has got into trouble with me."

"Fourth Young Master, please keep your voice down, this person is in the VIP box, I'm afraid we can't afford to offend him!

Young Master Zhou said angrily: "I certainly know this, you don't have to tell me this!"

Actually, Young Master Zhou knew very well that those who could enter the VIP box were either direct disciples with higher status in the big family, people with great background and strength, or very powerful casual cultivators. No matter which group Humanoids are not something he can easily provoke....

Chapter 1610

"Fourth Young Master, do we still want to bid?", Zhao De asked carefully.

Young Master Zhou was very depressed. The price Qin Chuan offered made him very entangled.

He originally set the lowest price for himself, which was 15,000 gold coins.

But the price Qin Chuan offered was too high. It was 14,600 gold coins, and each increase was no less than 500 gold coins.

He had to shout out at least 15,100 gold coins, which was 100 gold coins more than he expected.

VIP box Inside, Qin Chuan was leisurely sipping tea.

He was not worried that Young Master Zhou would not bid. One hundred gold coins more was not too much.

If Young Master Thursday really wanted the Black Essence Jellyfish, he would definitely bid.

At this time, Seven In box No.

"Fourth Young Master, we..."

"do not talk!"

At this moment, Young Master Zhou looked at Qin Chuan's box with an angry look on his face.

He couldn't see the situation inside because of the black curtain there.

"Since this old immortal insists on having trouble with this young master, I will trick him. Zhao De, go and bid, this time you will pay 17,000 gold coins! Zhao De was surprised:"

Ah! Seventeen thousand gold coins?!" Fourth Young Master, didn't you say you don't want it if it exceeds fifteen thousand gold coins?"

"snort! I just don't want it anymore. I asked you to shout for seventeen thousand gold coins because I wanted to deliberately raise the price and let that old immortal take advantage of you!"

Zhao De's eyes suddenly lit up, and he instantly understood what Mr. Zhou meant.

He smiled and said:"The fourth young master is still smart, my subordinates will raise the price now!"

"Seventeen thousand gold coins!"

There was a bid again in Young Master Zhou's box.

Qin Chuan clearly heard the conversation between Young Master Zhou and Zhao De.

At this moment, he felt funny in his heart.

Young Master Zhou, I think this is a big mistake, it's better for you to go alone. Do it!

At this moment, Qin Chuan no longer bids

"Seventeen thousand gold coins! Is there anyone with a higher price?"

Master Liu's voice sounded on the stage.

There was silence in the audience.

There was not even a sound in Qin Chuan's box.

Young Master Zhou suddenly became nervous.

"strangeness! Why doesn't that old guy call out the price?"

"Seventeen thousand gold coins, are there any bids?"

Director Liu asked again.

The audience was still silent.

"Seventeen thousand gold coins, the first time!"

"Seventeen thousand gold coins, the second time!"

Young Master Zhou suddenly felt bad, and his face gradually turned pale.

"Seventeen thousand gold coins for the third time! good! make a deal!"

"This drop of Xuanjing jellyfish was photographed by the guest in Box No. 7!"

Boom~!

There was a roar in Mr. Zhou's head, like five thunders hitting his head, and his face was instantly ugly. At this moment, he only felt a stinging pain in his chest, and a surge of anger rushed to the top of his head. He couldn't help but yelled: "Fuck! This young man was actually tricked by that old immortal!"

He originally wanted to trick others, but unexpectedly, he was tricked by others.

The market price of one drop of Xuanjing jellyfish is generally around 13,000 gold coins, and the bid of 15,000 gold coins is already the limit.

He actually spent 17,000 gold coins to take the photo. It was really not worth it.

In the VIP box,

Qin Chuan felt extremely comfortable when he heard Young Master Zhou was furious.

"Oh shit! It was a bad day for me to go out today. I actually spent 17,000 gold coins to buy a drop of Xuanjing jellyfish. What a disappointment! I don't want to stay at this auction anymore, let's go!

Zhao De hurriedly stopped him: "Fourth Young Master, have you forgotten?" Before you came out, your father asked you to help him take a picture of the final item of the day. Don't you take a look? Zhou

Shaoyi patted his head: "Yes, I almost forgot about the business when I was angry!"

"How about this! Zhao De, take my VIP order and the money and go to Wanbaoxuan on the second floor to buy twenty Huoyuan Pills for me. I have almost run out of Huoyuan Pills."

"I really don't want to stay at this auction anymore. I will leave as soon as the last item is auctioned. You go and buy the elixir for me first, so that I don't have to go back and make the trip myself."

"yes! This subordinate will do it now!"

Zhao De took the VIP order and the money and left the box.

On the third floor, in the VIP box.

After Qin Chuan overheard the conversation between the two, his heart moved, and his big eyes started to move.

In the blink of an eye, he came up with a brilliant idea..
