Chapter 161

Qin Feng was overjoyed: "Lord Luo Li, can you help me detoxify now? I'm too embarrassed to go out in this state."

When Luo Li heard this, her pretty face turned red and she quickly turned her head, her heart beating wildly.

She has been extremely talented since she was a child, and she has determined to become a powerful elementalist since she was a child.

For so many years, I have been keeping my body as pure as jade.

This was the first time she had encountered this kind of embarrassment today.

What's more, Qin Feng's physique is different from ordinary people. The abruptness is too obvious and makes it even more embarrassing.

"You should find your own female companion for this matter...."

Luo Li blushed slightly and looked out the window.

She tried her best to keep her tone calm and cover up her inner embarrassment and uneasiness.

"Is it necessary to do something to detoxify this toxin?.....", Qin Feng whispered.

He has been a man for two generations and knows a lot of things, but he is not coy about it.

He is also really anxious.

How could he meet people in such a state?

"Your Majesty, is there no other way?", Qin Feng asked anxiously

"This kind of poison... Unless the poison is not too violent, it can be suppressed slowly on its own... But looking at your situation, there seems to be no other way except that method....."

After saying this, Luo Li's heartbeat accelerated.

She quickly looked out the window and suppressed some weird thoughts

"That's it...",Qin Feng sighed

"What's wrong?"

"I don't have a suitable female companion...Hey~! This happened....", Qin Feng was helpless and embarrassed.

Luo Li was surprised:"With your conditions, I'm afraid there won't be any...."

"I have always just wanted to practice hard and never thought about finding a female companion....", Qin Feng smiled mockingly.

Luo Li nodded slightly to express understanding.

So does she.

At this time, Qin Feng suddenly raised his head, as if he thought of something, and stared at Luo Li with bright eyes.

Luo Lifang's heart skipped a beat, this guy wasn't planning on her, was he?....

"Lord, you can help me....."

"I can not!", Luo Li quickly refused.

She turned to look out the window, her pretty face turned even redder, and her heart was a little confused.

This young man is too courageous!

He actually made the idea all about himself. It's really.....

She's not just any woman.....

"Lord Monarch, I misunderstood. I want to say, can you help me find a strap?"Qin Feng saw that this woman had misunderstood.

Although this woman had a stunning figure, he really had no intention of messing with her.

"What do you need a strap for?", Luo Li was puzzled.

"Tie them up... I can't stay like this....", Qin Feng was helpless.

Luo Li was stunned.

Poof!

She figured it out quickly and couldn't help but laugh.

That smile is like a hundred flowers in bloom, so beautiful.

She was shy and funny.

This guy is so good at pranks.

This smile diluted the awkward atmosphere between the two.

"Take this!", Luo Li had a blue belt in her hand.

"this is...."

"Don't forget about my hair tie.....", Luo Li blushed slightly and was about to take it back.

"Don't! It's missing!", Qin Feng quickly took the hair tie

"Your Majesty, can you go out for a moment?"

"Um~? ", Luo Li was slightly startled.

Qin Feng looked at her helplessly.

Do you want to watch from the sidelines?

Or help me tie it up?

Luo Li also immediately thought of something

"Then tie it up!." Luo Li said as she walked out, with a smile on her lips.

She didn't know why, but as soon as she pictured that scene in her mind, she felt like laughing.

Seeing her gloating about her misfortune,

Qin Feng couldn't help but said:"No stealing is allowed. look!"

Luo Li couldn't help but rolled her eyes.

She is a majestic monarch, and this guy actually misses her like this.....

But at this moment, Qin Feng's surprised voice sounded behind her.

Luo Li turned around and found that Qin Feng had recovered.

"Are you okay?", Luo Li was a little surprised

"No!" Qin Feng looked ugly, "This kind of poison attacks irregularly. It looks good, I will come again next time. This is the second time this has happened today, and each time lasts longer than the last."

Hearing this, Luo Li was surprised.

Immediately, she seemed to have thought of something.

"Qin Feng, what you have is not the ordinary poison of love and desire..."

Luo Li came back with a serious expression.

"Is this thing very harmful to my body?"

"There is no harm, but if you want to slowly wear it away with your own perseverance, it is impossible. Moreover, if you want to find a female companion, it's impossible to eliminate it in one go. I'm afraid it will take many times...."

When Luo Li said this, there was a strange light in her eyes.

"Many more times?!", Qin Feng was depressed, "I don't even have a female companion now, why?...Why~! ...Forget it, I'd better go back and figure it out on my own! Master Luo Li, my subordinates have resigned first..."

Qin Feng stood up and left directly.

He is now back to normal and can leave.

Luo Li couldn't bear it and said hurriedly: "Qin Feng, I will help you find a solution! Next time you have a toxic attack, remember to contact me immediately...."

"Um...no need!"

"Why?"

Qin Feng looked back at Luo Li helplessly: "The monarch is very beautiful, but it's a pity that he is not my female companion....."

Luo Li's face suddenly turned red.

Yes!

She was not his female companion. She was really poisonous. When she went there, she just stared at him.....

Is it possible to really dedicate yourself?

"By the way, Your Majesty, I will use this hair tie first. You should be able to use it next time you have a toxic attack. When my poison is completely healed, I will return it to you!"

Luo Li rolled her eyes angrily.

Give it back to yourself.

Can you still use it to tie your hair?

Qin Feng walked away with a bad smile.

This guy...

Luo Li was speechless.

She was so uncontrollable. Qin Feng's feeling..

Chapter 162

After Qin Feng left, Luo Li silently walked to the floor-to-ceiling window and began to think.

The poison in Qin Feng is a bit weird!

She felt that the poison was a bit like the aftereffects of the Immortal Wood Emperor's special move...

The Immortal Wood Emperor had a special move called 'Six Desires Reincarnation, Breaking Immortality! '

It can cause a person's six desires to burst out at the same time, leaving a deep imprint on the soul and following him almost forever, causing endless troubles.

Of course, that's what happens if you hit this trick from the front.

Ever since the battle between the Immortal Wood Emperor and the Jiutian Phoenix Emperor, the sea area has been filled with chaotic energy.

After everything calmed down, many underwater plants also underwent subtle changes, and they were more or less infected with the scent of the Immortal Wood Emperor.

Some people who didn't know it had various side effects after taking it.

For example, some people become manic, some people become extremely pessimistic, and some people are addicted to sex.....

All these are the sequelae of the ultimate move used by the Immortal Wood Emperor back then.

However, as time went by, the aftereffects in the sea gradually disappeared.

Unexpectedly, Qin Feng appeared again this time.

Isn't this a good thing?

She knew deeply that among the Six Desires of the Immortal Wood Emperor, the power of lust was the strongest.

Fortunately, Qin Feng was only hit indirectly, with only residual poison and very limited power.

It would be unimaginable if he were attacked from the front

"This Qin Feng said he had good luck, and he was indeed good, but he didn't go far. I had to find a way to help him get rid of this strange poison, otherwise.....Hey!"

Luo Li sighed quietly.

According to Qin Feng, the toxicity has occurred twice, each time more dangerous than the last.....

If things go on like this, if they are not eliminated, there will definitely be hidden dangers.

Should I tell Neptune about this?

Luo Li hesitated for a moment and finally decided to hide it.

At first, this was a little awkward.

Secondly, she knew the character of Neptune.

Qin Feng is the number one genius in the Southern Alliance in the past hundred years.

Neptune is very concerned about Qin Feng, and may let him help Qin Feng and make a contribution.

That's it.....

Luo Li blushed just thinking about it.

She is not disgusted with Qin Feng, and even appreciates it a little, but let her make a contribution. After all, she hasn't reached a certain stage yet...

Let Qin Feng solve it by himself!

With his external conditions, he is afraid that he will not be able to find a female companion...

As long as he finds a female companion to detoxify the next time he has an attack, and a few more times, it should be resolved.

But thinking about it this way, Luo Li felt sour again.

It seemed like what was supposed to be hers was given away to others.

This made her feel very uncomfortable...

Hey~!

A sigh!

Luo Li walked back to the office and took out Qin Feng's information from the drawer. Qin Feng's phone number was on it.

She quickly edited a text message and sent it to Qin Feng.....

But on the other side, Qin Feng was walking in the aisle and was about to see Chu Chu.

He received a text message from Luo Li.

After reading the text message, Qin Feng smiled.

What this woman means is that next time she has a toxic attack, she must be notified as soon as possible.

She will find a way to solve it for herself.

Think of ways to?

How to deal with it?

Qin Feng shook his head.

His impression of Lord Luo Li was pretty good.

But it seems that Luo Li can't do anything about this, unless.....

At the same time, in Nandu City.

In that luxury apartment.

Feiying was wearing a crisp official uniform and stood beside the sofa with trepidation.

Sitting on the sofa was a young white-haired man.

He has a face like a crown jewel, fair skin, and is dressed in a green shirt, spotless and extremely clean.

This is a handsome man as gentle as jade.

But Feiying looked uneasy and fearful in front of him.

This white-haired man is much more powerful than the swimming shark, and he is definitely not as kind as he seems on the surface.

If he doesn't take action, that's all. Once he takes action, he will kill them all.

This time, the shark swimming mission failed, and the organization was furious, so they asked a nearby white-haired man to come over and take over the matter.

This white-haired man is a gold-level member of the organization, with a late seven-star cultivation level.

"This time, the swimming shark mission failed, and punishment is inevitable! As his assistant, you also have responsibilities!", the white-haired man said softly.

Feiying was frightened:"This subordinate is willing to accept the punishment of the organization!"

But she was extremely scared in her heart.

The punishment of the organization was very terrible.

It was hard to say whether the swimming shark could survive.

Thinking of enjoying the swimming shark that she had enjoyed for many years, she might die.

She was scared and hurt in her heart.

"However, if you assist me well, I can complete the next task. Maybe you can make up for your mistakes and avoid punishment!

Feiying was overjoyed:"My subordinates will definitely cooperate with Master Flower God.""

The Goddess of Flowers smiled gently.

He was very satisfied with Feiying's attitude.

"Lord Flower God, I wonder what your mission is this time?" Feiying asked respectfully.

The Flower Goddess elegantly picked up the teacup in front of her and took a sip.

"I have three tasks when I come here this time."

"First, find the whereabouts of the demon sword and the piano master"

"Second, find out who stole the Emperor Yuan Fruit and Emperor Bone this time!"

"Third, assist the upper level to regain the emperor's bones!"

After hearing the first two tasks, I thought it was nothing.

But when I heard the third task, Feiying was shocked.

"Sir, the organization wants to take action against Nandu City?"

Feiying's eyes widened.

This news is so shocking!"

"how? Scared?!", the flower god smiled and put down the tea cup

"Sir, there is a Jiutian Phoenix Emperor guarding Nandu City. To seize the treasure in front of the emperor, I'm afraid...."

Feiying took a deep breath of cold air, a little unimaginable.

To her, the nine-star master was a god-like existence.

The flower god whispered mysteriously:"The organization recently received reliable news that after the battle between the Nine Heavens Phoenix Emperor and the Changsheng Wood Emperor, he has not fully recovered from his injuries. Besides, we have helpers this time...."

"That force..? "

"Star Orcs!"

Feiying was horrified.

Why did the organization collude with the Star Orcs for the Emperor's Bone? Doesn't this go against the purpose of the organization?...

Chapter 163

"Are you doubting the organization?", the flower god looked at Feiying with a half-smile.

Feiying was horrified:"I don't dare!"

"You don't have to doubt it!" Flower God looked out the window,"The organization only uses the Starry Sky Beast Tribe, and has no intention of colluding with them....."

"oh!",Feiying was still confused.

The Flower God explained:"The Emperor Yuan Fruit has probably been eaten by someone. The Emperor Bone should still be there. Maybe it's in that person's storage ring, so the organization wants to recapture the Emperor Bone... but to find the Emperor Bone, We have no way to find the target, but the Immortal Wood Emperor has"

"This time, the organization deliberately revealed to the Immortal Wood Emperor that his severed finger would appear in a human's storage ring after the game. What do you think the Immortal

Wood Emperor will do when he hears this news? Feiying said in shock: "He will definitely come here to look for it in person, because he can sense the emperor's bones through the storage ring!"

"good! That's it!", the flower god smiled.

Back then, the Immortal Wood Emperor had a broken finger and was seriously injured, so he had to stay in seclusion for healing.

During this period, his men came to search for the broken finger.

Unfortunately, the 'Hun' organization discovered it first and used the secret The

Emperor's men thought that the severed finger had been taken away by the Southern Alliance, so they left it alone.

A few years later, the Emperor of Immortality came out of seclusion and heard the news, thinking that the emperor's bones should fall into the hands of Emperor Jiutian Feng, and ignored it.

But now, the Immortal Wood Emperor got the news that the emperor's bones were not in the hands of Jiutian Phoenix Emperor, but in the hands of an ordinary elemental. The

Immortal Wood Emperor would definitely take it back.

To put it bluntly, the 'Hun' organization is using Immortality The Wooden Emperor came to look for the target.

Feiying finally understood everything

"Sir, what should we do next?"

The flower god mused: "The first martial arts competition will be over tomorrow. Let's look for suspicious targets and focus on them. Only then will we be able to cooperate with the higher-ups in taking action!"

"Sir, let's wait for the result of tomorrow's game....By the way, when will the Immortal Wood Emperor appear?"

"Just within two or three days, don't worry about this! At that time, the higher-ups will inform us how to cooperate.....".....

Time flies.

In a blink of an eye, it was the end of the first game.

People all over the city were excited.

Today, the number of spectators doubled and the scene was very lively.

The host explained enthusiastically.

There are also more reporters in the league.

Early in the morning, live broadcasts on major radio stations started.

People in the Southern Alliance and major base cities turned on the TV early.

Everyone is in front of the screen, waiting for the exciting moment.

Today, the rankings of the major base cities are coming out.

The personal rankings of the contestants will also be released.

This ranking is extremely critical and almost determines the outcome of the game, so people are very concerned about it.

As the countdown on the field ended, the communicators on all the contestants rang.

Lord Luo Li's voice sounded in the communicator.

All contestants must arrive at the starting point within half an hour and cooperate to collect points.

Those who do not arrive by the time will be disqualified from the competition.

For a time, those contestants who were still trying to find the monsters gave up hunting and rushed back desperately.

At the same time, in order to speed up the progress of the competition, a large number of staff have entered the player stands and started counting points.

In the Yunyang City stands, Shangguan Yunyang and Wei Qing were covered in blood.

"City Lord, how did you gain?", Zhou Tong hurriedly greeted them.

Chu Chu and Zi Xi also looked at the two of them eagerly.

They were very concerned about the ranking of Yunyang City, and they had a sense of the common glory of their hometown in their hearts.

"Ha ha!! The harvest this time is very good!", Shangguan Yunyang smiled heartily.

Wei Qing also smiled.

Zhou Tong and the three girls all breathed a sigh of relief.

Seeing how confident the city lord is, the results of this martial arts competition should not be bad.

"Huh! Where is Deputy City Lord Qin!" Shangguan Yunyang didn't see Qin Feng.

Wei Qing also looked around.

The two of them were very much looking forward to Qin Feng's results.

I wonder if Qin Feng had hunted a six-star early-stage monster.

If he hunted , then Yunyang City is very likely to enter the top ten this time.

Thinking of this, the two of them felt hot

"Why is Deputy City Lord Qin not here?", Wei Qing also expressed concern.

"Him!", Zhou Tong smiled playfully, "City Lord, Deputy City Lord Qin was harassed endlessly by reporters because of his handsome appearance, so he slipped backstage to rest. By now, it should be coming out."

Shangguan Yunyang laughed dumbly.

Having said that, this young man Qin Feng is indeed handsome, much better than when he was young.

At this moment, two staff members came over

"Lord Shangguan, we are here to count the points. The contestants who arrive first can count their points first, which can speed up the progress of the game. Please cooperate!"

"Ha ha!! no problem!" Shangguan Yunyang readily agreed.....

At the same time, in the high-rise building next to the stadium.

Lord Luo Li stood in front of the floor-to-ceiling window with his hands behind his back, looking at the arena below.

Her eyes fell on the contestants area of Yunyang City, but she didn't see the figure she wanted to see.

Why hasn't that guy come out yet?

Luo Li was slightly disappointed.

Really!

Not too positive for such an important competition.

By the way, in this martial arts competition, the rewards for the top 30 individuals are very generous.

I wonder if this Qin Feng has a chance to enter the top thirty?

As far as she knew, Qin Feng had level four Dzogchen strength in the late three-star stage.

It is now the late four-star stage, and it is time to have strength above the mid-five-star stage.

With such a level of cultivation, there is still a chance of entering the top thirty personally.

For some reason, Luo Li is very concerned about Qin Feng now.

At this moment, a text message came from her phone.

Luo Li took out her phone and saw that it was from Qin Feng.

Looking at the content of the text message, Luo Li became a little anxious.

This guy is real!

When is the worst time for toxicity to occur? This is the right time to attack.

There are still twenty minutes left. Players who haven't arrived yet will be disqualified.

At that time, not to mention getting rankings and rewards, not even a single point. correct! This guy calls me over as soon as he has an attack. He doesn't really have any intentions, does he?

Thinking of this, Luo Liqiao blushed.

Fortunately she found a way.

I just don't know if that method will work?

At that moment, Luo Li hurriedly left the office..

Chapter 164

A few minutes later, Luo Li arrived at a VIP lounge.

Qin Feng was sitting on the bedside with a depressed look.

Luo Li couldn't help but look at Qin Feng.....

This guy really had a seizure!

She hesitated for a moment, turned back, closed the door, and locked it.

Qin Feng glanced at her in surprise.

Why lock the door?

"Where are your strap-ons?", Luo Li suddenly thought

"Here~! That's it!"

Qin Feng had a broken hair tie in his hand.

Luo Li was shocked!

She knew at a glance that the hair tie was broken.

Oh my God!

My hair tie is so strong that it can break..This guy is much more.....

Is it iron?!

Luo Li seemed to have thought of something, her pretty face suddenly turned red, and there was a strange color in her eyes.

By the way, time is running out!

She thought about the game again and quickly looked at her watch.

"Qin Feng, take off your clothes quickly!", she said as she hurried into the bathroom.

Qin Feng was shocked:"Sovereign, you are not serious about coming, are you?!"

He called Luo Li over to find a way. He didn't really want that!

Does this beautiful monarch really want that?

"Tell you to take it off! Just take it off! What are you doing?!"

Luo Li was anxious.

In the bathroom, there was the sound of water being discharged from the bathtub.

"Stop dawdling! Do you want to miss the conference and get 0 points?", Luo Li urged again.

This woman is really.....

Qin Feng was not a shy person, so he entered the bathroom in three clicks.

The next second, there was an exclamation in the room

"What are you doing?"

"Isn't that what you said?...."

"I did not mean that....".....

Luo Li rushed out of the bathroom with a red face.

Her heart was racing.

This guy is really.....

She was here to help, not to be bullied by him.

Luo Lixin was still a little panicked.

But she didn't know why, but she didn't feel angry.

You can't blame Qin Feng.

It's all my fault that I didn't explain it clearly and let this guy misunderstand.

However, this guy really wants to do something to himself...

When Luo Li thought about it, she felt strange in her heart. She couldn't tell what she was feeling...

In the bathroom, Qin Feng watched the bathtub filled with water.

Obviously, Luo Li put it there.

In addition, there is a ball of golden spiritual liquid in the water, which is rapidly diluting and spreading.

The rich golden energy fluctuations filled the entire pond.

Qin Feng's eyes popped up with light screens, and he soon knew.

That golden spirit liquid is Emperor Liquid (gold).

Qin Feng was a little surprised.

When he was chatting with Wei Qing, he learned that the value of Emperor's Liquid (gold) in other alliances was equivalent to that of other series' Emperor's Liquid.

But in the Southern Alliance, the value of Imperial Ooze (gold) is twice that of other systems, or even higher.

But even so, you can't buy it.

To put it bluntly, there is a vacancy in the market.

As for why this happened, Wei Qing didn't know.

Perhaps, only a monarch like Luo Li can get some.

The strange thing is, what is she doing this for?

"Your Majesty, why are you putting all this imperial liquid (gold) in the bath?"Qin Feng asked across the bathroom.

"I'll give you a bath! Soak quickly! It's too late!", Luo Li urged outside.

"oh! Is this useful?"

"Of course it works! It took me a lot of effort to find this method."

At the moment, Luo Li explained outside the bathroom:"Let me tell you, the poison you were poisoned may be related to a unique skill of the Immortal Wood Emperor. That trick is called the Six Desires to reincarnate and cut off immortality"

"Its essence is that the six senses merge with the Mu Yuan force to form a mutated Mu Yuan force."

"Among the five elements, metal can overcome wood. You can try to absorb the gold elemental power in the imperial slurry (gold) and use gold to defeat the wood to see if you can clear out the mutated wood elemental power. I think even if I can't get rid of it, I can still exercise some restraint!"

After listening to these words, Qin Feng felt that it made sense.

"good! Let me try!!"

Plop~!

In the bathroom, there was the sound of water pouring in.

Outside the door, Luo Li heard the sound of water and secretly breathed a sigh of relief.

This guy was finally obedient.....

But Qin Feng started to make some preparations after entering the bath.

He doesn't have a gold talent, so he can't drink the Emperor's Liquid (gold) directly. It's no different from drinking poison.

Obviously, Luo Li also understands this truth.

Therefore, Qin Feng could only forcefully absorb a little gold energy into his body through soaking.

And these golden energy will only stay in the body for a short time, and then leave the body.

Qin Feng didn't care about these.

He just needs to channel some gold energy and eliminate some alien wood energy.

At the moment, Qin Feng began to try to absorb it.

Unexpectedly, this absorption caused a sudden change.

The Six-Element Hunyuan Body in his body roared for a while, and then galloped rapidly.

Originally, he thought that he would have to spend a lot of energy to absorb a little bit of gold energy.

But at this moment, the golden energy penetrated into his body from the surface of his skin at an extremely fast speed..... how so?

Qin Feng was shocked.

Immediately, he was surprised to find that the Hunyuan Power in his body kept emitting black, green, red, and yellow light.

Soon, he figured it out.

It turns out that the five elements can produce each other.

For example, water generates wood, wood generates fire, fire generates earth, earth generates metal, metal generates water, and the cycle continues.

Qin Feng's six-system Hunyuan Power already contains four types: water, wood, fire, and earth, but gold is missing.

Now, as soon as he came into contact with such strong gold energy, it immediately reacted with the four attributes in his body, automatically forming a five-element cycle, allowing him to absorb it smoothly.

This discovery surprised and delighted Qin Feng.

Later, he discovered that after being sucked into the body, the imperial fluid slurry (gold) did not turn into gold energy, but was constantly transforming his body.

This gave Qin Feng a numb and itchy feeling all over his body, as if every cell was being modified, but it was also very comfortable and very weird.

Before I knew it, about ten minutes had passed.

The imperial liquid (gold) in the pool was completely absorbed by Qin Feng.

He actually felt very comfortable.

At the same time, he also felt that his body seemed to have changed.

"Ding! Congratulations to the host for his physical mutation and acquisition of a gold-type physique. The gold-type sensitivity is 0.07....."

Huh! This is actually possible!

Qin Feng was ecstatic.

He had unknowingly acquired a gold-type physique.

Logically speaking, it is impossible for Emperor Liujian (gold) to have such an effect. This is completely the function of the five elements!

However, the metal induction is only 0.07, which only means that you have a metal physique, but it does not mean that you have metal talent.

Only when the metal sensitivity reaches 1.0 or above can one be considered talented.

Qin Feng didn't care about this. He had a system mall where he could buy Tianpin qualification enhancers.

This time, it was really unintentional!

"Qin Feng, is it effective?"

Luo Li's anxious voice sounded outside the bathroom.

There were only six or seven minutes until the end of the scoring, and she was so anxious!

She couldn't wait to rush in right away to see if it was effective?!..

Chapter 166

When Luo Li shouted, Qin Feng thought of business.

He looked down and saw that it was indeed fine.

Qin Feng was overjoyed, finally not delaying the competition.

It seems that absorbing the Imperial Ooze (gold) has some effect on this toxin.

However, he felt that this effect was only a temporary suppression and did not completely eliminate the poison of love and desire.

If you want to truly detoxify, you still need to find a way.

In the bathroom, there was the sound of water.

Qin Feng got out of the bath and quickly wiped himself clean.

Afterwards, he put on clean clothes and walked out of the bathroom in a good mood

"Qin Feng, how are you?", Luo Li asked eagerly

"Temporarily suppressed!", Qin Feng tidied his clothes

"That's good!", Luo Li breathed a sigh of relief.

"That... there was some misunderstanding just now....", Qin Feng was a little embarrassed.

Luo Li's pretty face turned red.

She thought of the scene she saw before, it was so majestic.....

She glared at Qin Feng faintly.

She came to help out of kindness, but she was almost punished. Thinking about it, she was still a little uneasy.

"OK! Only 5 minutes left. You quickly extract the imperial liquid from the bath. You can use it next time the toxicity attacks again... I'm leaving now!"

"this....", Qin Feng glanced at Luo Li hesitantly.

He really wanted to say that he had already absorbed all the imperial liquid (gold).

There would be nothing he could do if it happened again next time.

But you can't tell Luo Li about this, otherwise it won't be explained.

Luo Li misunderstood.

She smiled sweetly: "What? Do you feel regretful?"

"Forehead? How to say?"

"I'll help you find a way to suppress it, so your little thoughts can't succeed, so you'll feel regretful, right? Don't think I don't know...."

Luo Li smiled proudly, turned around and left.....

After Luo Li walked away, Qin Feng directly opened the mall interface and purchased 3 bottles of gold qualification enhancer (Tianpin)

"Ding! Successfully swallowed the gold qualification enhancer (Tianpin), the gold sensitivity increased to 1.03, acquired the gold cultivation talent, and reached the ordinary level....."

Qin Feng was delighted that he had gained another elemental talent.

Afterwards, he finished the remaining two bottles of enhancement pills and directly upgraded his gold talent to the peerless level.

Something happened to him again

"Ding! It is detected that the host's metal talent has reached the peerless level, and the elemental fusion is automatically running....."

"Ding! The Hunyuan transformation was successful....The sixth series of Hunyuan force was promoted to the seventh series of Hunyuan force....."

At the moment of success, a large amount of golden energy from heaven and earth poured into Qin Feng's body.

At the moment, Qin Feng's momentum surged and his strength increased dramatically.

"Ding! Super skill - Six series of Hunyuan transformation, automatically promoted to super skill - Seven series of Hunyuan transformation, with increased power....."

Qin Feng was so happy that even his skills were enhanced.

In fact, this multi-system Hunyuan transformation is a growth-type skill.

When it reaches the nine-line Hunyuan transformation, it will undergo a qualitative change and become a king-level skill.

At this moment, Qin Feng felt that his strength had greatly increased.

He quickly called up the training template.

Practitioner: Qin Feng (Emperor Level)

Hunyuan Realm (Seven Elements): Late Four-Star (81%)

Seven Elements Attributes: Ice (Water), Wind, Fire, Thunder, Earth, Wood, and Metal

Combat Power Index: 1.5 million Point

Space Ability: Level 2 (sensitivity 4.6, teleportation limit 120 meters)

Seven Senses Divine Ring: Completion Degree 89.6%

"Ha ha!! Sure enough, he became stronger again!"

Qin Feng was ecstatic.

His combat power has skyrocketed from 1.2 million to 1.5 million points.

With his current strength, he can dominate the early seven-star monarchs.

Of course, he is not yet an opponent of the mid-stage seven-stars.

The threshold for early seven-star combat power is 2 million points, but 4 million points in the mid-seven-star stage.

Generally speaking, it is easy to kill the early-stage seven-star stage in the mid-stage seven-star stage.

However, although Qin Feng's current strength is not his opponent in the mid-stage seven-star stage, he has the ability to protect himself.

To this extent, It was an extremely remarkable existence in the early stage of Seven Stars.

The further you go in this practice, every time you miss a small realm, it is a qualitative leap. After closing the interface, Qin Feng looked at the time and found that there were only a few seconds left.

He hurriedly left the room.

At the same time, the stadium was bustling with excitement.

The points statistics were basically completed.

Dozens of large screens in the audience were all playing the points ranking list.

This wave is the city rankings, and it is final. Change.

Personal rankings will be the next wave.

As soon as the city point rankings came out, tens of millions of viewers watched with excitement.

Some cheered, some discussed, and some were dejected.....

Behind the major live broadcast platforms, viewers from all over the league are also excitedly looking at the ranking list.

They are all looking for rankings for their cities.

Of course, all these rankings have not been finalized yet.

Because there are still more than ten seconds left in the points counting time.

When the time is up, the results will be completely locked.

At this moment, the Yunyang City grandstand area.

Shangguan Yunyang and others were so anxious that they kicked their feet.

The points tally is over soon, and Qin Feng hasn't come yet.

If Qin Feng hadn't arrived in time, Yunyang City would have been doomed.

He and Wei Qing's points combined totaled 180 points. They are currently ranked 57th, which is far from their target of 25th place. There is a big difference!

If Qin Feng hadn't come, Yunyang City's city points would have been negative if he returned this time, and it was likely to fall back to a fourth-level city in the future.

Seeing Shangguan Yunyang's anxious look, many Base City players showed gloating expressions.

"If City Lord Shangguan and Deputy City Lord Qin don't come, his qualifications will be cancelled, with only the last 10 seconds left."

The staff member responsible for counting points looked at the watch and urged

"this....", Shangguan Yunyang was so anxious that he didn't know what to say.

At the same time, on the summit of the conference.

Luo Li stood on it, looking down at the arena below.

Her eyes fell on the contestants area of Yunyang City, and there was some anxiety deep in her eyes. what happened?

Why hasn't that guy arrived yet?

"Lord Luo Li, the time is almost up and the statistics have been completed. Can you declare the statistics to be over?"

The Lord of the East Gate asked politely.

Although there is only a small realm difference between the two, their strength and status are very different. Many

"Not urgent!", Luo Li spoke calmly.

Just after saying this, a handsome and extraordinary figure appeared in the Yunyang City player area.

Luo Li secretly breathed a sigh of relief, and her eyes showed joy.

Really!

This guy always makes her worry.!

Chapter 167

Yunyang City, contestants stage

"Deputy City Lord Qin, you are finally here!"

Shangguan Yunyang looked excited when he saw Qin Feng.

Wei Qing also secretly breathed a sigh of relief.

"Something happened, so I was delayed for a while.", Qin Feng smiled calmly

"Huh! This contestant from Yunyang City is so handsome!"

When those female contestants saw Qin Feng, they were all amazed.

"Yo! Isn't this the three-star player from before?"

"Huh! He seems to have four stars"

"Ah!! So what about four stars? Yunyang City only ranked 57th in points. Could this young man help Yunyang City win the 25th place?"

Among the players, some are not optimistic about Yunyang City.

Of course, more people are looking at the ranking list on the screen.

They are too lazy to care about Yunyang City's points ranking. They only care about their own ranking.

"Deputy City Lord Qin, please take out the bodies of the monsters you hunted so that we can tally up the points!"

The staff who tallied the points were very polite.

Qin Feng glanced at the city rankings on the screen.

1st place: Qianshan City, 1094 points

2nd place: Fengming City, 1076 points

3rd place: Luohu City, 631 points 57th place: Yunyang City, 180 points. Qianshan City and Fengming City are far ahead!

Qin Feng randomly took out a monster corpse

"Damn it! Early six-star stage!"

"Oh My God! Yunyang City has entered the top ten!"

There was an exclamation all around, and all the players took a deep breath of cold air. Those who were not optimistic before were now completely shocked.

Shangguan Yunyang and others were so excited that their faces turned red.

A monster in the early six-star stage!

300 points!

After this calculation, Yunyang City has a score of 480, which is currently ranked ninth.

This ranking is really amazing for Yunyang City.

The staff in charge of the statistics trembled with their hands.

He quickly recorded the video, Take blood and authenticate.

His expression and attitude became even more serious.

In this competition, there are only seven people who are qualified to hunt the six-star early stage monsters. Among those seven people, there are two late six-star masters and two early six-star masters. Five people.

To him, these people are all high-ranking big shots.

And now, there is another big shot.

The staff can't help but feel awe of Qin Feng.

The same goes for the players around him, and their eyes change when they look at Qin Feng. You have to be in awe.

There were still people with smiles on their faces before, but now they all restrained themselves, for fear of making Qin Feng unhappy.

But at this moment, Qin Feng took out two more mid-six-star monster corpses.

Bang~!

Staff The blood-drawing device in his hand fell off.

He was extremely shocked.

There were actually two mid-level six-stars!

The contestants around him also opened their eyes in shock.

Oh my god!

Only one of them, Wu Gan and Lu Xuan, was killed. A mid-six-star.

This Qin Feng actually killed two of them by himself!

This is too exaggerated!

You know, even a late-six-star master wants to hunt two mid-six-star monsters in three days. It's extremely difficult to do.

It's not that they can't kill them, but the sea area is too big and the monsters are hard to find.

And Qin Feng has also calculated.

There are six monster beasts in the mid-six-star period, and he has killed four before.

When he comes from the sixth When Xing Da Yuan returned from the sea, he found that the remaining two were missing.

Obviously, those two were killed by Wu Gan and Lu Xuan.

Therefore, it was enough for him to take out two.

The reward for this person's first place, he took It's settled.

Qin Feng is calm.

But everyone is extremely shocked.

Everyone's eyes looking at Qin Feng become complicated. Oh my God!

Two six-star mid-term and one six-star early-stage were hunted in three days.

He How did he do it?

Is it possible that he has the strength of six-star Dzogchen?

But with such strength, why doesn't he hunt the late-stage and Dzogchen monsters?

Everyone couldn't figure it out, but they were extremely shocked. They looked at Qin Feng's His eyes were even more awe-inspiring, and he didn't even dare to breathe.

This is definitely a top expert!

The staff looked fearfully and picked up the blood collector, quickly took pictures, took blood, and authenticated. I was a little embarrassed just now.

I was rude in front of such a big shot.

The staff felt a little guilty. After a while, he finished the statistics.

With one press of a button, all statistical data and images were sent to the statistics office, where the rankings would be refreshed in real time.

The staff breathed a sigh of relief.

"Sir, the statistics have been completed, the data and information have been sent, and the rankings will be updated immediately!"

The staff reported to Qin Feng with great respect.

"good!", Qin Feng nodded slightly.

All the players around him showed envy.

This time, Yunyang City is going to get the first place!

Of course, more players don't know what is happening here.

At the same time, the conference head stage Enter.

Luo Li breathed a sigh of relief when he saw that Yunyang City had finished counting.

"Lord Luo Li, the time has exceeded 10 seconds, can you announce it?", Lord Dongmen asked respectfully.

In fact, this statistical time also allows an error of 1 minute, which is not so strict. It's just that Lord Dongmen is very curious. According to Lord Luo Li's past personality, he will announce it immediately when the time is up. , why was it delayed today?

"Well, announce it!", Luo Li looked calm.

Then, a bright flute sounded throughout the audience.

The audience was excited.

The most exciting moment has arrived.....

At this time, the host's passionate voice resounded throughout the audience

"Everyone! The statistical points are over, and the rankings of the major base cities have been released. As you can see, the first and second ranked cities are Qianshan City and Fengming City."

"Their points are far ahead of the third place, and they are worthy of being a first-class base city. Let us give applause to Qianshan City and Fengming City!"

The audience cheered thunderously.

Fans from the two cities even shouted excitedly.

Reporters pointed their cameras at the cheering people.

The players from Qianshan City and Fengming City also showed joy.

But in this area of Yunyang City , everyone frowned.

What are you doing?

The first place should be Yunyang City!

The total points of Yunyang City are 1480 points, which is much higher than Qianshan City and Fengming City!

"Why hasn't it been refreshed yet?" crowdSomeone muttered.

Many people became dissatisfied.

At this moment, people in this area moved towards Yunyang City subtly.

When a person's excellence makes people stop, what he gets is not jealousy, but admiration.

"Didn't you say you would update it soon? Why hasn't it been updated yet?"

Chu Chu was anxious.

The staff member was sweating profusely, and he was anxious too!

Just then, his cell phone rang.

He quickly picked it up.

There was a voice on the other end of the phone.

"Hello! Brother Wang, are you right in your statistics? Yunyang City has 1480 points? Nearly four hundred points higher than Qianshan City? Isn't this too exaggerated! Isn't Yunyang City a newly promoted third-level city?

The staff member was furious: "Yunyang City has a score of 1480!" Didn't you see those camera records? Update quickly! It affects the results of the competition, it depends on how you explain it!"

"oh! oh! Time was so short that I didn't have time to watch it. It's just that your points are so scary! I was scared when I saw it and thought you had made a mistake, so I called you immediately to confirm. If it's correct, I'll update it!"

"correct! Update quickly!"

"good! good! I'll update it soon!"

Brother Wang scolded.

The staff there started operating in shock and contacted the host in time.

On the other side, Qianshan City and Fengming City thought they had won first and second place.

The staff in the two cities were in a mixed mood. Very good.

The players around wanted to congratulate them.

Wu Gan and Lu Xuan were all smiles.

But at this moment, the host received the news from the background.

He was very shocked.

Then, he quickly pointed at the microphone and started to save the situation.

"Everyone! I am sorry! Because there is a delay in statistical points, it is not the real ranking just now! Now the ranking has been updated, please look at the big screen!"

The audience was slightly stunned and looked at the big screen.

Dozens of screens in the audience went black at the same time.

The next second, they were refreshed at the same time!

The new ranking list came out!

The first place: Yunyang City, 1480 points!

This Suddenly, the whole place was shocked, and everyone was stunned.

Chapter 168

The first place turned out to be Yunyang City!

"Oh My God! 1480 points!"

Everyone in the audience opened their mouths in surprise.

1480 points!

The second place Qianshan City only has 1094 points!

The third place Fengming City only has 1076 points!

Yunyang City is about 400 points higher than them.

Let's look at the third place. Luohu City, ranked fourth, only has 631 points, which is about 350 points less than Qianshan City and Fengming City.

You know, Qianshan City and Fengming City are both first-class cities.

Luohu City is a second-class city.

With such points The gap is normal.

But this Yunyang City is about 400 points more than Qianshan City and Fengming City.

This is simply a level gap!

"Wow~! This Yunyang City is too awesome!"

In the audience, a young man wearing earrings was so excited that he crushed the Coke bottle in his hand.

The drink splashed on the hair of the girl in front of him.

"What are you doing?!", Girl is upset

"Feel sorry! Feel sorry! I'm so excited! This is the first time I have seen such a powerful city!", the boy with earrings quickly apologized.

"Dude, you are right! This Yunyang City is awesome!"

A yellow-haired boy also echoed excitedly.....

At this moment, the audience was filled with exclamations.

Even the host was shocked.

1480 points?

I am not wrong, right!

The host was shaking with excitement.

That's right! It's really 1480 points!

The host swallowed to make sure he was not dazzled.

Immediately, he excitedly pointed at the microphone: "Everyone! As you can see, the first place, Yunyang City, got 1480 points!"

"Historically, the best score for first place is 1,233 points. Yunyang City broke this record and exceeded it by more than 200 points! It is a well-deserved champion! We give applause to the champion!"

The audience burst into countless thunderous applause.

There were also countless exclamations from the crowd.....

At the same time, in a luxurious live broadcast room.

Neptune leaned on the sofa and watched the live broadcast with interest.

Yunyang City's points were 1,480 points, more than the first place in any previous session.

This surprised him.

At this time, a female staff member came over

"Wang Zun, these are the points statistics!"

The female staff member respectfully handed over a piece of information and then stepped aside consciously.

Neptune opened the information at will and looked directly for Yunyang City's points record.

Soon, he turned to a page of Yunyang City's records. Article 1.

Deputy City Lord: Qin Feng, hunting record: two mid-six-star monsters, one early-six-star monster, cumulative points: 1300 points.

Neptune's eyes suddenly lit up.

This little guy gave himself another Surprise!

Totally exceeded my expectations!

"This guy is good! Really good!"

Neptune's face was full of joy.

The female staff on the side was secretly surprised.

It's not easy to get praise from Neptune.

Which player is it that Neptune looks up to so much?

"Xiaoli!"

"The subordinates are here!", the female staff member walked over respectfully

"When the conference is over, ask Luo Li to bring Qin Feng over. I want to meet this boy!"

"yes! King Zun!"

At the same time, in the city.

In that luxurious apartment.

The flower god was sitting on the sofa, sipping tea and leisurely watching the live broadcast of the competition.

Feiying stood aside respectfully.

At this time, the competition ranking points came out.

First place Yunyang City, with 1480 points, is very dazzling

"1480 points, which is much higher than the first place in the previous session. This Yunyang City is not bad!", the Flower God nodded in approval.

Feiying's face changed slightly:"Sir, there is indeed something wrong with this Yunyang City!"

"Um?", the Flower Goddess put down the tea cup in confusion.

"My lord, the place where Yao Dao and Qin Shi disappeared is Yunyang City!"

"oh~! ", Flower God's eyes lit up,"It seems that the murderer who killed the demon sword and the piano master is among the contestants in Yunyang City."

At this moment, the host's voice sounded on the TV

"The second wave of exciting moments has arrived. Next, is the personal points ranking! Please look at the big screen!"

As soon as these words fell, the whole place was excited again.

For the audience, personal rankings are more exciting than city rankings, and they also worship individuals more.

Because this is an era of worshiping personal heroes.

At this time, personal points appeared in front of the TV Ranking.

First place: Qin Feng, 1300 points, Yunyang City.

Second place: Wu Gan, 640 points, Qianshan City.

Third place: Lu Xuan, 630 points, Fengming City, fourth place: Zhou Lin.....

"Well, the first place is Qin Feng!"

The flower god stretched out his hand towards the teacup and froze it in mid-air.

Feiying also opened her eyes in surprise.

"Did Yao Dao and Qin Shi lose contact after going to find Qin Feng?", the Flower God picked up the teacup and took a sip.

"it's him! Feiying was very sure,"Sir, I can now confirm that Qin Feng killed the demon sword and the piano master.""

"This Qin Feng's ranking is actually above Wu Gan, and his strength must be above six stars. He does have the ability to kill demons with a sword and a musical instrument."The Goddess of Flowers silently put down the tea cup

"But based on my previous investigation. In this conference, there are only 7 six-star masters, and Qin Feng is not among them. His cultivation level is only three stars. Can such a cultivation level really have such strength?" Feiying raised doubts again.

Flower God smiled coldly:"Cultivation is just superficial. Some people are weak in cultivation but strong in strength. Just like the people in our organization. Or maybe the cultivation you see is just his superficial cultivation."

"Makes sense! By the way, sir, do you think the person who stole the Emperor Bone and Emperor Yuan Fruit this time could be Qin Feng?", Feiying made a guess.

"Read on to find out!"

Flower God narrowed his eyes and looked at the live broadcast.

There are two matches in this event. The next second game is a challenge between the top ten individuals.

If you are not satisfied with the opponent's ranking, you can launch a challenge.

Flower God wants to see , what is the strength of this Qin Feng?..

Chapter 169

At the same time, the stadium was filled with surprises!

"Wow! Who is that Qin Feng? He actually scored 1,300 points!"

"yes! The combined points of City Lord Wugan and City Lord Lu Xun are not as many as his!"

"This is too awesome!"

The crowd was amazed.

At this moment, everyone was full of curiosity about Qin Feng.

Everyone wanted to know what this mysterious master looked like. In the player area, Qin Feng sat on a chair calmly, thoughtfully.

Regarding the outside world He was not interested in the discussion.

The question he was thinking about was that after he came back from Huanshen Island that day, he did not see the bald man and the White Shark King.

Although the bald man did not see his appearance, would he be there at this moment? Watching the live broadcast?

When he saw that he had won the first place, he must have doubts about himself.

Qin Feng thought of something again, and a smile appeared at the corner of his mouth.

He wanted to tease the bald man in front of the screen and his accomplices. Only his smile is so beautiful, it makes people feel like spring breeze. Zi Xi on the side is fascinated.

Even Chu Chu looks like a little nympho.

Wow~!

Brother is getting more and more charming!

"Chuchu, can I be your sister-in-law?"

Zi Xi leaned against Chu Chu's ear and whispered.

"not good!", Chu Chu's little mouth curled up.

As expected, we must guard against fire and theft, and guard against besties. Sister

Zi Xi, a best friend, actually has an idea for her brother, so she must be on guard.

"mean!", Zi Xi was dissatisfied

"snort!", Chu Chu was proud.

Not far away, the corner of Qin Feng's mouth twitched.

His six senses were too strong.

He heard the two girls whispering.

At this moment, the host's voice sounded again

"Next is the second and final game of this martial arts competition. We first welcome the top ten masters!"

"First of all, I would like to invite Marquis Fangtong, who is ranked tenth, to welcome you with applause....."

As soon as he finished speaking, a middle-aged man flew out from the crowd and landed on the ring in the center of the arena with an arrogant look.

His ability to enter represents strength.

If you want to be in the top ten, you must have at least five-star Dzogchen strength and be the best in Dzogchen.

That's right!

At this time, thunderous applause sounded from all around.

There were also excited cheers from countless young people.

The five-star perfect marquis!

All the young people admired her so much

"Next, let's invite the ninth person, Marquis Li Mo...."

With thunderous applause, another white-haired old man came on stage.

Next, starting from the eighth place, there are all six-star dukes.

Soon, Lu Xuan, who was in third place, and Wu Gan, who was in second place, all came on stage one after another.

This detonated the whole audience.

Countless young people cheered excitedly.

These two are both star-level city lords, with extremely high popularity and fans in the league.

Wait for the excitement in the audience to calm down.

The host is finally going to announce the first place.

Who is this mysterious and powerful number one?

What does he look like?

At this moment, both the audience at the scene and in front of the TV were looking forward to it.

The host was also very excited

"Now, let's invite our champion, Lord Qin Fengxun... to come on stage...."

The host's tongue was tied.

He looked at the hand card provided by the staff again...

That's right! It was written like a Lord!

The host was a little panicked.....

Did the staff get the title wrong?

How could a Lord get first place?

The audience at the scene and in front of the TV were also confused.

Damn it~!

Did the host report the wrong title?

Can a four-star strong man get the first place?

Just when everyone was stunned, an extraordinary and handsome young man flew out of the crowd and landed on the ring.

Qin Feng appeared gracefully.

All cameras immediately focused on him.

His figure appeared on the big screen.

When people saw Qin Feng's appearance clearly, they were immediately shocked.

"This is so handsome!"

In the crowd, a beautiful girl's eyes shone, she bit her red lips gently, and looked at Qin Feng on the screen.

On the screen, Qin Feng was wearing a straight official uniform, with perfect and delicate facial features. , with smooth and white skin, and a looming red line between the eyebrows, which looks evil and attractive.

Coupled with that slender figure, perfect golden proportions, and that otherworldly temperament, it is like a fairy prince descending into the world.

Wow~!

This is He was indescribably handsome.

It was as if Qin Feng had his own light, blooming in the crowd, extremely dazzling.

Because of his presence, everything around him lost its light and color.

Countless girls saw their hearts pounding and their cheeks turned red..

The top ten masters also looked at Qin Feng curiously.

The first place was actually so young.

What was even more shocking was that they couldn't see through Qin Feng's cultivation.

"May I ask Lord Qin Feng, are you really a lord?", the host asked curiously

"Exactly!", Qin Feng admitted frankly. This shocked everyone.

Lord is equal to four-star strength.

Can a four-star strength get the first place?

The top ten masters all looked confused.

Among the crowd, only Lu Xuan seemed to be surprised when he saw Qin Feng. Thinking of something, a flash of panic flashed across his eyes.

It was so similar!

Qin Feng's back and figure reminded him of the mysterious man in black at the bottom of the sea.

The man in black left a deep shadow in his heart. Thinking of the man in black, his hands were shaking.

At that time, the man in black just snorted, which traumatized him.

Is this Qin Feng related to the man in black?

"Everyone, next is the second session of the conference. Top 10 Ranking Challenge! Who is willing to be the first to challenge?"

"Let me do it! This city mainly challenges Lord Qin Feng for the first place!"

As soon as the host finished speaking, Wu Gan was the first to come out.

His words shocked the whole audience.

At this opening, there is a highlight!

Yunyang City contestant area.

Shangguan Yunyang and Wei Qing saw Wu Gan After launching the challenge, his expression changed slightly.

Wu Qian is the strongest among all the players, and his cultivation level is in the late six-star stage.

Will Qin Feng be his opponent?

Shangguan Yunyang is a little worried.

Chu Chu and Zi Xi both showed their faces Nervous.

At the same time, in the city, in that apartment,

Flower God and Feiying were paying attention to the competition.

When Wu Gan raised the challenge, Flower God smiled.

He believed that a six-star late-stage powerhouse Taking action should be able to test the depth of Qin Feng.

Unless Qin Feng is far stronger than Wu Gan and reaches the level of Seven-Star Monarch.

Otherwise, he can see it.

Thinking of this, the Flower God showed a confident smile...

Chapter 170

On the field, the host's voice sounded

"How exciting! The first game of the challenge is a duel between two powerful players! Let us welcome Lord Qin Feng and Duke Wu Gan to the center of the ring!"

On the field, thunderous applause sounded again.

The showdown between masters and masters!

It's so exciting!

The audience was excited.

Countless girls were worried about Qin Feng.

"Xiao Meng, do you think Lord Qin Feng will lose? I'm so worried!"

In the crowd, a beautiful girl with long hair held her best friend's arm tightly, her big eyes full of worry.

"Nana, your scratching hurts me!", another beautiful girl with a ponytail was so painful that she almost cried.

"oh! Feel sorry! Feel sorry! I'm really worried that Lord Qin Feng will lose. I really don't want him to lose!", the long-haired girl quickly let go of her best friend's arm

"I'm so worried too! Lord Qin Feng should not lose, I like him so much!", the ponytail girl looked obsessed.

"However, he is only a four-star lord, and that Wu Gan is already a six-star duke...."

"Don't worry, Lord Qin Feng can win the first place, there must be something powerful... Let us cheer for him together..."

"Um~".....

At the same time, on the stage.

Qin Feng and Wu Gan walked to the center to confront each other.

The other eight top ten masters all consciously retreated to the edge of the ring.

The audience watched nervously.

The crowd cheered for Qin Feng one after another.

Especially the girls are crazy about it.

Qin Feng's popularity completely overshadowed that of Wu Gan

"Ah!"

Wu Gan snorted in his heart, a little unhappy.

He is a star city lord, and his popularity and fans have always been very high. Today, he was completely crushed by others, and naturally he felt a little uncomfortable.

"Lord Qin Feng, please advise!"

Wu Gan made a casual move.

A black nine-headed python rushed out of his body, circled in the air, and turned into a long black whip, landing on his hand.

There was a sudden exclamation of surprise all around.

"Wow~! That's a top-grade Yuanwu!"

"Tsk tsk!! It turns out that this is a high-grade Yuanwu! so amazing!"

The audience was amazed.

The high-grade Yuanwu already possesses spirituality and can be directly integrated into the master's body. After reaching a certain level, it can automatically protect the master, which is very useful.

Its power is also several times more powerful than the middle-grade Yuanwu.

It's just that this kind of rare treasure is extremely rare. Generally, it is good for a master at the monarch level to have one.

This Wu Gan is not a monarch yet, but he has one, which is very rare.

For a time, the top ten masters were envious. Even Lu Xuan couldn't help but swallow his saliva.

Although he had seen the Nine Shadow Whip several times, he still couldn't help but be envious.

But this made the girls in the crowd even more worried about Qin Feng.

Yunyang In the player area of the city, Shangguan Yunyang's face turned ugly when he saw the Nine Shadow Whip appearing.

He silently took out a cigarette.

Chu Chu clenched her fists nervously.

Can brother win?

At the same time, that In a luxurious apartment.

Flower Goddess and Fei Ying saw this scene on TV and both showed joy.

"Sir, this Wu Gan is a late six-star powerhouse. With the help of high-grade Yuanwu, his overall strength should reach the threshold of six-star perfection."

Feiying analyzed while adding some hot water to Flora's teacup.

Flora smiled slightly:"This is better! The stronger Wu Gan is, the more he can test Qin Feng's depth."

At this time, on the TV,

Wu Gan smiled confidently and said:"Lord Qin Feng, the reward for the first place this time is a high-grade Yuanwu. I heard that it is a very good high-grade Yuanwu, better than the one in the hands of this city lord."

"Even for this reward, this city lord has to come out to challenge. I hope Lord Qin Feng will not be offended.

Qin Feng smiled:"This is human nature, why is it so strange?"

"good! Lord Qin Feng, show your weapons!"

"good!"

Qin Feng responded and started to take weapons.

Everyone became curious.

Wu Gan took out a rare high-grade Yuanwu.

So what level of Yuanwu would Qin Feng use to fight?

But in a second, everyone was stunned. They were stunned.

Qin Feng took out a long black sword, without any aura in it.

Damn it~!

That wasn't a titanium-manganese alloy sword!

The whole audience was confused!

Is that right?!

Wu Gan took it out A high-grade Yuanwu.

This Qin Feng actually took out a titanium alloy sword, which was inferior to a low-grade Yuanwu.

Bang~!

Shangguan Yunyang's cigarette fell off.

He thought he was being blinded.

But look carefully!

That's right!

That's a titanium-manganese alloy sword!

In front of the TV screen, Flower God and Feiying were also confused.

What's going on?

Is this Qin Feng's head broken?

Does he want to use a titanium-manganese alloy sword to fight against high-grade Yuanwu?

At this time , the voice of Wu Gan's dissatisfaction came out on the TV

"Lord Qin Feng, are you insulting this city lord? This city lord doesn't believe that you, a lord, don't even have a low-grade Yuanwu."

Qin Feng smiled and said nothing.

He stroked the long sword lightly and flicked his finger on the tip of the sword.

Resonance kill!

Target locked!

Wu Gan was hit immediately, his body trembled slightly, and the internal organs in his body seemed to be shaking in an instant. It felt like it was about to explode.

He quickly suppressed it and endured it. No outsider could see this scene.

Only Wu Gan could feel it.

But the familiar feeling just now made him think of something for a moment.

By the way! This is it. A terrifying sonic attack.....

That day, it appeared when he was fighting the baby fish.....

Could it be.....

Wu Gan suddenly raised his head and looked at Qin Feng in horror.....

But he saw Qin Feng looking at him with a smile.

That smile means a lot.

He thought of something again and turned to look at Lu Xuan.

Lu Xuan looked at him seriously and nodded slightly.

Wu Gan's expression suddenly changed.

After returning from this competition, Lu Xuan once secretly told himself that he met a mysterious and powerful man in black in the late-six-star waters.

That man was killed in just a few minutesFish and crab monster.

Could this Qin Feng be the mysterious man in black?

If so, he is definitely not Qin Feng's opponent, and he is afraid that he will not be able to get away even if he meets him three times.

Thinking of this, Wu Gan looked at Qin Feng in awe.

"May I ask Lord Qin Feng, have you been to Liu...."

"Ah~!", Qin Feng smiled casually.

But with this smile, resonance started.

Wu Gan's blood surged again, and his next words were directly interrupted.

He was horrified.

At this time, he had confirmed that Qin Feng in front of him was the mysterious man in black.

Lu Xuan told him that the man in black could hurt him with just a casual hum.

How similar was the blow just now?

Obviously, Qin Feng didn't want to ask the question himself, and he didn't hold back.

Otherwise, he would have been injured just now.

His strength is comparable to Lu Xuan.

If Qin Feng can hurt Lu Xuan, he can naturally hurt him.

At that moment, Wu Gan took a deep breath of air and bowed his hands to Qin Feng respectfully.

"I lost!"

As soon as these words came out, the whole audience was confused again.

Even the host was dumbfounded.

Is that right?

You haven't started the fight yet?

Why did you lose?
