

God level 1611

Chapter 1611

After Zhao De left Zhou Shao's box.

Qin Chuan also quickly left his box. He had no interest in the subsequent auction.

When he arrived at the checkout counter backstage, Qin Chuan handed over his jade sign

"Senior, you need to pay 3,300 gold coins for the fire dragon beast essence and blood you obtained. Your Fire Spirit Crystal fetched a high price of eleven thousand five hundred gold coins. After deducting the price of the fire dragon beast's essence and blood, and deducting the 5% commission from the auction house, the senior can get a total of 7,625 gold coins."

The young teller said respectfully

"Um!", Qin Chuan said hoarsely.

"Senior, this is the fire dragon beast essence and blood you obtained. Please keep it. Here are 7,625 gold coins, please keep them, senior!"

The young teller respectfully took out a jade bottle and a bag of gold coins.

"Give me these 7,600 gold coins and exchange them for gold tickets!"

One purple gold coin is equivalent to one hundred gold coins.

It is naturally inconvenient for Qin Chuan to bring so many gold coins.

The young teller was very efficient and exchanged it in a short time.

"Senior, here are seventy-six purple gold coins, which are equivalent to seven thousand six hundred gold coins. Please keep them!"

"Um!", Qin Chuan accepted the items and left Wanbaoxuan in a hurry.

Along the way, he was cautious and found that no one was following him, so he quickly walked to a remote alley.

With his current special talent, even an eighth-level warrior would have difficulty Follow him.

After arriving at the remote alley, Qin Chuan took off his clothes and hid them, and then quickly returned to Wanbaoxuan.

I wonder if Zhao De has bought the elixir?

Qin Chuan muttered in his heart, and his foot speed increased. He sped up a bit, and not long after, he arrived at Wanbaoxuan.

He walked straight to the second floor, and happened to see Zhao De coming out of the second floor after buying the elixir.....

Seeing Zhao De, Qin Chuan felt happy and secretly thought that he had arrived in time.

At that moment, he quickly lowered his head, pretended to be in a hurry, and walked straight over.

Zhao De had just finished buying the elixirs and was in a hurry to report to Mr. Thursday and left in a hurry.

But unexpectedly, a young man suddenly rushed in and bumped directly into him.

Zhao De couldn't dodge, and the two of them collided.

Ouch~!

The young man screamed in pain and fell to the ground.

Zhao De was knocked staggering and almost fell, and he immediately yelled: "Damn it! It's the one without eyes who hit me."Huh! It's you!"

When Zhao De looked up, he was surprised to find that the person who bumped into him was actually Qin Chuan.

Qin Chuan looked up and saw that it was Zhao De. He quickly pretended to be panicked and apologized immediately: "It turned out to be Brother Zhao. I didn't pay attention just now. I bumped into Brother Zhao. I hope Brother Zhao can forgive me!"

While apologizing, he hurriedly got up from the ground.

It didn't matter if he got up, seven or eight purple gold coins rolled out of Qin Chuan's arms.

Zhao De's eyes lit up and he stared at them greedily. Those purple gold coins.

Damn! This guy is so rich!

Zhao De murmured in his heart and couldn't help but swallowed.

Qin Chuan pretended to change his face and hurriedly picked up those purple gold coins, then turned around and left in a hurry. Not even entering the trading floor.

"stop!"

But Qin Chuan was stopped by Zhao De before he took a few steps.

"Brother Zhao, why did you call the little brother to stop?", Qin Chuan pretended to be panicked.

Zhao De looked at him maliciously, looked at him for a while, and then asked: "Qin Chuan, aren't you here to buy something? Why are you leaving again before you can even enter the gate? ?

Qin Chuan said nervously: "Brother Zhao, it's like this." I just remembered that there is an urgent matter that has not been dealt with, so I have to go back and deal with it first."

"Yeah?", Zhao De didn't believe it.

He sneered in his heart. This kid was obviously telling lies. He didn't look like there was something urgent, but like he had some ulterior secret."

"Qin Chuan, I didn't see it, you are quite rich. If I hadn't been dazzled just now, all the coins you dropped would have been purple gold coins!"

"Ha ha! What kind of money do you have there? This money was all earned from the elixir business some time ago.", Qin Chuan pretended to feel guilty.

Zhao De said in a sour tone: "Haha!! Qin Chuan, it seems that you made a lot of money with VIP orders some time ago!"

"There! There! Brother Zhao, if there's nothing else, I'll take my leave first!"

After saying that, Qin Chuan hurriedly walked out.

But after turning around, the corners of his mouth curled up slightly, revealing an evil smile..

Chapter 1612

Seeing Qin Chuan's panicked look, Zhao De suddenly became confused.

Why does this guy look so guilty?

Is there something fishy here?

Why don't I follow you over first and take a look!

Thinking of this, Zhao De hesitated and looked back at the auction house.

Thursday Shao was still waiting for him to report at the auction house.

But he knew that if he went back at this time, Qin Chuan would slip away and there would be no time to report.

Besides, if he told Young Master Zhou that Qin Chuan was rich, he would be afraid that the final benefit would be in Young Master Zhou's hands, and it would have nothing to do with him.

With this in mind, he ignored Young Master Zhou, turned around, and quietly followed Qin Chuan.

In his opinion, if he went back later, he would be scolded less by Thursday at most.

But if you follow Qin Chuan, there may be great benefits.

When he thought of those purple gold coins, his heart was burning.

But on the other side, Qin Chuan walked towards a remote alley after leaving Wanbaoxuan.

With his innate abilities, he naturally knew Zhao De and followed him.

All of this was done on purpose.

Unconsciously, the two of them entered the depths of the alley, one behind the other.

Qin Chuan came to a corner, took out a few purple gold coins, and whispered to himself there.

Zhao De was curious, so he quietly approached and listened carefully.

I saw Qin Chuan whispering there

"Why! I'm really unlucky today. That bastard Zhao De actually saw me. I have a lot of purple gold coins. I wonder if that bastard will be suspicious?"

"I don't think so! I have already told him that all this money was made from selling elixirs. In fact, you can make so much money by selling elixirs!"

"If I hadn't discovered that treasure, I would have had so much money. I got these purple gold coins and the VIP token from that treasure."

Hearing this, Zhao De, who was hiding in the dark, had his eyes lit up. There was indeed a big secret in this kid.

In fact, he had long suspected this kid. He was obviously born in a lowly position, but he had a VIP order from Wanbaoxuan. It turned out to be this guy. The boy got it from a treasure.

However, that treasure is also strange. It actually contains a VIP order?

Could it be that someone hid his money and important items somewhere, but this boy was lucky enough to find it?

Thinking of this, Zhao De felt more and more that there was some truth.

At this time, Qin Chuan continued to whisper to himself: "They all say that wealth should not be revealed. Last time, Young Master Zhou found out about the VIP order. I lost the token in vain and didn't tell him. I almost lost my life, this is a lesson"

"This time, I must not let them know that I have a treasure hiding tens of thousands of purple gold coins."

As soon as he heard about tens of thousands of purple gold coins, Zhao De, who was hiding in the dark, was so frightened that his legs became weak and he was so excited that he could hardly stand.

Oh my God! Tens of thousands of purple gold coins!

How rich is that!

So much money. It would be great if this brat got it!

Thinking of this, Zhao De felt itchy.

In the corner, Qin Chuan still looked thoughtful and whispered to himself

"Why! I still feel a little uneasy with these purple gold coins on my body, so I might as well put these purple gold coins back to the treasure house first, and when the storm is over, I will take some out for use."

After saying this, Qin Chuan pretended to look around. Seeing that no one was following him, he sneaked out of the city.

When Zhao De saw Qin Chuan leaving, he felt happy and secretly thought that his opportunity had come.

This The boy must have gone to the place where the gold coins are hidden.

Why not follow him quietly, wait until he finds the place where the gold coins are hidden, and then kill him. Those tens of thousands of purple gold coins will be his own.

Thinking of this, Zhao De was so excited His eyes flashed, and he hurriedly followed him.

As for what Master Zhou was waiting for him to report back to, he completely forgot about it.

What he reported to Master Thursday was nothing compared to that treasure.

Besides, waiting for him to get it If he gets this treasure, he can just make up some excuse to excuse Young Master Zhou.

As long as he can get that treasure, he will become famous one day. At that time, he will not care about the mediocre Young Master Thursday.

Thinking like this in his heart, Zhao De's feet speeded up, fearing that he would lose Qin Chuan.

.....

In this way, the two of them walked in tandem, one in the dark and the other in the dark, and soon left Shenyang City.

After leaving the city gate, Qin Chuan came to a remote place. Seeing no one around, he pretended to check it out.

Qin Chuan deliberately led Zhao De out of the city, with the purpose of killing Zhao De in a remote place outside the city and regaining his token.

He knew very well that Zhao De could not be killed in the city.

In that case, the sound of fighting will quickly attract others' attention, and if the assassination fails, he will be in danger.

Even if he was lucky enough to kill Zhao De in the city, even if no one found out, there would still be many clues left behind, and maybe he would be traced.

The best way is to lure Zhao De out of the city and then kill him without anyone noticing. The riverside is a good place to destroy the corpse and eliminate traces.

At that time, it will be to die without evidence and let Zhou Shao himself Get rid of suspicion.

Thinking of this, Qin Chuan rushed towards Fengwei River..

Chapter 1613

At this moment, Qin Chuan murmured in his heart while rushing towards Fengwei River.

That Zhao De is a second-level warrior. Although he also has the strength of a second-level warrior, it is not easy to kill Zhao De!

What's more, the second-level warrior has an aura field. As long as Zhao De releases the aura field, his combat effectiveness will be weakened.

When the time comes, he can only rely on his superior martial arts skills to fight a protracted battle with Zhao De.

Qin Chuan analyzed the strength gap between the two in his mind.

In his opinion, it is best to kill Zhao De within three moves.

Only in this way can Zhao De not even have a chance to escape.

If he wants to do this, he can only use strange tricks.

Currently, the most troublesome thing for Qin Chuan is Zhao De's aura field.

When a warrior reaches the second level, all the acupoints in the body are opened, and he can form his own aura field outside the body.

After the aura field was formed, the five elements were in conflict among the warriors.

For example, water can overcome fire, and the strength of a fire warrior will be weakened by the aura of a water warrior.

The first-level warriors do not have their own aura field at all, so no matter which series a first-level warrior encounters a second-level warrior, his strength will be weakened by the second-level warrior's aura.

In addition, when a warrior reaches the second level, in addition to having his own aura field, the talents of various departments will also be developed.

For example, fire warriors have strong explosive power.

The movement skills of water warriors are extremely sensitive.

Wood-type warriors have strong endurance and recovery ability.

Metal warriors have strong attack power.

Earth warriors have strong defense.

Therefore, even with the same combat power, second-level warriors are better than first-level warriors.

In this way, Qin Chuan analyzed the situation all the way.

Unknowingly, he led Zhao De to a remote river beach near Fengwei River, and then stopped.

It is more than twenty miles away from Shenyang City. Very few people pass by there, so it is considered inaccessible.

"Just choose this place!", Qin Chuan muttered in his heart.

He felt that this river beach was a place where corpses and traces were destroyed.

Then, Qin Chuan looked behind him, and with his innate ability, he calculated that Zhao De was still far away and would not be able to reach him for a while.

At that moment, he took out a small porcelain bottle from his pocket, removed the sealing wax from the mouth of the bottle, and poured out a black pill with a pungent smell.

That was the Poison Heart Pill he bought before going to the Huo Cave last time.

Last time He didn't have a chance to use it, but it came in handy this time.

After Qin Chuan crushed the Poison Heart Pill, he put the powder back into the bottle, then put some river water in the bottle to make a paste.

Then, he tore it from his body He took the next piece of cloth, stuck the paste on it, and smeared it on his sword blades.

After the two swords were coated with poison, the blades turned black and emitted a cold light.

After doing this, Qin Chuan used the remaining poison to and rags, all thrown into the river and destroyed.

Then, he took off his coat and shoes and placed them by the river. He also deliberately left a line of footprints on the river beach, leading directly to Fengwei River.

After doing this, Qin Chuan stepped on his own Footprints, he jumped behind a big rock and hid his figure.

Not long after, there was a figure on the river beach. It was Zhao De who came later.

"This kid can run pretty fast! I almost lost him!"

Zhao De wiped the sweat from his forehead and looked at a line of footprints on the river beach.

Following the line of footprints, he also saw the clothes and shoes placed by the river, and he suddenly looked thoughtful.

Could it be that this boy had put those purple Are the gold coins hidden at the bottom of the river?

However, the bottom of the river is indeed a good place to hide things.

It seems that this kid really has a way!

No one would have thought that he would hide those things at the bottom of the river.

Think of this , Zhao De hesitated again, whether he should go down and take a look.

But just when Zhao De hesitated, a sudden change occurred in the field.

Swish~! Swish~! Swish~!

Seven or eight green ivy branches suddenly broke through the ground. , entangled towards Zhao De..

Chapter 1614

"not good!"

Zhao De was shocked and jumped up quickly, trying to avoid the entanglement of those ivy.

But he was still a step too late and could not completely avoid it.

Whoa~! Whoa~! Whoa~!

In the blink of an eye, four green vines appeared. The vines entangled one of his legs, and the remaining vines entangled one of his legs.

"Damn it! Break!"

Ka~! Ka~! Ka~!

Zhao De was shocked and angry. He struggled hard and broke several ivy vines wrapped around his legs.

Whoa~! Whoa~!

At this moment, two fierce murderous auras broke out. The air attack came and stabbed his junior.

Zhao De was horrified and quickly turned around to see Qin Chuan's double swords sneak attack.

His left sword slashed out the blue sea tide, and his right sword slashed out the flame knife.

Both swords came out at the same time, two Dazhong uses his martial arts skills to attack at the same time, and his strongest blow is the first shot.

"you....."

Zhao De was horrified and thought something was wrong.

He wanted to avoid it, but one hand was entangled and he couldn't avoid it.

In a hurry, he had no choice but to block with his sword horizontally, and at the same time, a dazzling red light lit up around his body.

Buzz~!

Martial skill——Fire Elemental Shield!

A light shield formed around Zhao De.

Bang~!

A loud noise!

Click~!

The light shield is broken!

The sword flew away!

Zhao De grunted and was knocked back repeatedly, but he also broke the shackles of the ivy.

In other words, if it weren't for the restraint of Ivy, that sneak attack would have blown him away.

In any case, that blow broke Zhao De's defense, knocked the sword out of his hand, and left him stunned.

He also didn't expect that Qin Chuan would be so strong.

Huh~!

A flash of light and shadow!

At this moment, Qin Chuan came after him again.

Zhao De's body was not stable yet, and he was suddenly in a hurry.

Huh~! Huh~!

Qin Chuan struck out with lightning, stabbing Zhao De's chest with one sword, and took his throat with the other sword.

Zhao De was horrified, but his long sword was blown away and he had no weapon left.

In a hurry, he took out the dagger he carried with him, blocked the sword that stabbed his throat, and at the same time released the aura field.

Buzz~!

The aura explodes!

Domain suppression!

Qin Chuan's face changed slightly, and he secretly thought something was wrong. The sword that stabbed Zhao De's chest immediately sped up.

Zhao De had no time to avoid the sword stabbing his chest. He immediately felt cruel, turned the dagger in his hand, and stabbed Qin Chuan in the chest.

At this moment, he was about to die together with Qin Chuan.

To put it bluntly, he knew that he had no time to evade, so he wanted to use a lose-lose strategy to force Qin Chuan to stop in order to save himself.

Because the rhythm of the field was completely controlled by Qin Chuan, he had no time to block, but Qin Chuan had time to stop.

Just when Zhao De thought Qin Chuan would stop.

Unexpectedly, Qin Chuan's eyes flashed with cruelty, and instead of stopping, he accelerated his stab at Zhao De.

What he wants to fight for is to lose both sides!

Phew!

Phew!

Blood splatters!

There were two sounds of swords piercing the chest!

Qin Chuan's sword penetrated Zhao De's chest.

Only half of Zhao De's dagger penetrated Qin Chuan's body

"ah!"

Zhao De roared miserably, clutching his chest and staggering back, blood gushing out from his fingers.

"madman! You are fucking crazy!"

He pointed at Qin Chuan angrily.

He had never seen someone so crazy that he would take the initiative to die with others.

"snort!"

Qin Chuan snorted coldly, covering his wound and taking a step back.

His chest was already bright red.

In just one encounter, both of them were seriously injured.

However, compared with Qin Chuan, Zhao De's injuries were much more serious.

"Little bastard! you are vicious! You...you led me here just to attack me?."

Zhao De endured severe pain

"good!"

"Why?"

Qin Chuan sneered:"Because you are cheap!"

Zhao De was furious:"Little thief!" Lao Tzu...."

Before he finished speaking, Zhao De suddenly felt a little dizzy, his feet became weak, and two streaks of black blood flowed from his nostrils unconsciously.

He wiped away the nosebleed. When he saw that the blood was black, he hurriedly looked down at the wound and found that the wound had begun to turn black.

Zhao De quickly raised his head and looked at Qin Chuan in horror: "You...your sword is poisonous!"

"I just found out now, but it's too late!"

Qin Chuan showed an evil smile.

He knew that the poison of the Poison Heart Pill was starting to take effect.

This was his real trump card and the reason why he dared to hurt both sides.

The poison of the Poison Heart Pill was extremely powerful, even for third-level ferocious beasts. If you eat it, you will die within an hour or three, let alone Zhao De.

At this moment, Zhao De turned around and staggered away towards Shenyan City.

This guy found that he had been poisoned, just wanted to escape.

Qin Chuan sneered and hurriedly chased after him..

Chapter 1615

"snort! Want to escape? That's so easy!"

Qin Chuan instantly went up and stabbed Zhao De in the back with his sword.

Zhao De hurriedly turned around to block, but his hands and feet became weak due to the poison. The hand holding the dagger no longer had any strength.

When~!

The swords and daggers intersected!

Qin Chuan struck out with his sword The dagger flew away.

Zhao De hurriedly retreated, but his feet gave way and fell to the ground.

Qin Chuan chased him forward.

"Don't...don't kill me! Do not kill me! Qin Chuan, I have some very serious news to tell you. Please don't kill me!", Zhao De shouted anxiously

"what news?"

"You must first promise me not to kill me!

Qin Chuan pondered for a while:"Okay!" I promise you!"

"You won't lie to me, will you? How do I know if what you said is true or false?"

"No more nonsense! I'll kill you now!"

Qin Chuan's face turned cold, and the long sword in his hand flashed with cold light, as if he was going to stab him.

Zhao De was frightened and said anxiously:"I said! I said! Zhou Shao wants to kill you. In a few days, he will use a trick to lure you out of Shenyang City, and then send Song Jian to kill you!"

"What?!", Qin Chuan's heart ignited with anger.

"Why did he want to kill me?"

"Because he took away your VIP order and was afraid that you would be jealous, so he wanted to kill you to get rid of future troubles!"

"What a Thursday! Last time, he tried to take my life and took my token, but this time he took action again. It seems that he will not give up until he kills me!"

"It's in vain that my father even sacrificed his life for the Zhou family. Master Zhou treated me like this. I, Qin Chuan, have recorded this account!"

"Brother Qin Chuan, then... that Fourth Young Master is indeed not a good person. You...look, I have told you such important news, please let me go!"

Black blood flowed from the corner of Zhao De's mouth, and the poisonous attack became more serious.

"good! You go!

Zhao De was overjoyed:"Thank you very much, Brother Qinchuan."....."

Uh-huh!

A cold light flashed, and Qin Chuan pierced Zhao De's throat with a sword

"you.....! "

Zhao De opened his eyes wide in horror, and then slowly fell backwards.

He couldn't believe it until he died that he had died like this.

Qin Chuan knew in his heart that if Zhao De had not wanted to kill him, he would not have followed him.

If he really lets Zhao De go, he will be the one who dies next time.

After killing Zhao De, Qin Chuan quickly took out the coagulation powder used to treat knife wounds, sprinkled it on the hollow wound, stopped the bleeding, and made a simple bandage with a cloth strip.

After treating the wound, Qin Chuan went to search Zhao De.

It didn't take long for him to retrieve the VIP order and find twenty Huoyuan Dan.

Naturally, Mr. Zhou asked Zhao De to buy these Huoyuan Pills for him.

As far as Qin Chuan knows, the effect of Huo Yuan Dan is more than ten times that of Ju Yuan Dan, and it is effective even for third-level warriors. Therefore

, Huo Yuan Dan is much more expensive than Ju Yuan Dan, costing three hundred gold coins each.

Twenty Huoyuan Dan is six thousand gold coins.

Qin Chuan only got 11,000 gold coins after selling a Fire Spirit Crystal.

It can be seen from this that Young Master Zhou is willing to give up. The pills used for cultivation are of such good quality that people who are not direct descendants of the rich family cannot afford to use them.

It's a pity that all this came to Qin Chuan's advantage.

When Young Master Zhou learns that the six thousand gold coins of pills have been lost, he will definitely feel heartbroken.

Thinking of this, Qin Chuan happily put away the Huoyuan Pill.

Having said that, Master Zhou is really a rich man.

He spent more than 10,000 gold coins to buy Xuanjing Jellyfish today, but he still had so much money to buy Huoyuan Dan.

Qin Chuan couldn't help feeling a little emotional..

Chapter 1616

In fact, the children of the Zhou family gained some wealth after they passed the 18-year-old adult ceremony and took charge of some family properties.

Before the age of eighteen, people were not very rich, unless they were very talented and were regarded as key disciples by their families.

Zhou Shao is already in his twenties and is in charge of several small industries, so he naturally has some money.

However, his cultivation talent is very poor and he is not reused in the clan. He is much worse than other disciples of the same age.

After Qin Chuan collected the Huoyuan Dan and the VIP Order, he tied Zhao De's body tightly to a boulder, and then sank the boulder and Zhao De's body to the bottom of the river.

Afterwards, he cleaned up all the bloodstains and signs of fighting on the river beach, and washed the scene with river water.

After doing this, he walked to the river and put on the coat and shoes he had taken off earlier.

At this moment, his face looked very bad.

After all, he was not seriously injured.

Qin Chuan took another careful look at the scene and found that there were no doubts left before he left with peace of mind.

However, Qin Chuan did not return to the city directly, but ranIn a remote grove outside the city, I drank a few drops of the fire dragon beast's essence and blood, and then used the ancient body refining method to heal myself...

Time flies!

Unknowingly, a quarter of an hour passed.

Qin Chuan could feel the itching coming from the wound. It was because the wound was healing and new flesh was growing.

Qin Chuan was delighted, secretly thinking that everything was as he expected. The blood of the eighth-level ferocious beast was not only a great tonic for body refining, but could also help him heal his injuries by strengthening his body.

Immediately, he started practicing tiger-shaped boxing.

In the state of boxing practice, the ancient body refining method operates faster and can accelerate the absorption of life energy in the essence and blood of the fire dragon beast. call! call! call!

Suddenly, in the woods.

The fist wind roared, and the surrounding leaves were swept away with a rustling sound.

Qin Chuan could clearly feel that during his boxing practice, part of the endless life energy flowed to his wounds and repaired them.

The other part flows to his limbs and bones, strengthening his body.

Qin Chuan suddenly felt happy and started practicing like this.....

Time flies!

In the blink of an eye, two hours passed.

Qin Chuan was sweating profusely from practicing. His originally pale face turned rosy, his eyes became clear and bright, and he no longer felt weak as before.

The effect of the essence and blood of the eighth-level fire dragon beast is indeed extraordinary, several times better than the monkey wine.

He had only refined a few drops of essence and blood, and his injuries were mostly healed, and his physical strength had also increased.

According to this effect, when he refines a complete bottle of fire dragon beast essence and blood, his physical strength will definitely increase a lot.

In short, after refining a few drops of fire dragon beast essence and blood, Qin Chuan felt a sense of relief from his bones, and the pain basically disappeared.

At that moment, he was ready to leave. After all, it was not advisable to stay in that small forest for a long time.

Counting the time, the auction should be over.

Zhao De hasn't been back for so long, Young Master Zhou must be going crazy with anxiety.

Thinking of this, Qin Chuan showed an evil smile.

Afterwards, he rushed to Shenyang City.

This time, Qin Chuan did not return to Shenyang City from the north gate, but made a big circle and entered from the east gate.

The north gate is the territory of the Zhou family, and the east gate is the territory of the Nan family.

Shenyang City is one of the seven main cities of Dagon Kingdom. It covers a very large area. It took Qinchuan more than an hour to circle around to the east gate.

After entering the east gate, Qin Chuan rushed directly to Wanbaoxuan's branch in the East District.

After arriving at Fangshi, he replaced all twenty Fire Yuan Pills with Shui Yuan Pills.

Shui Yuan Dan and Huo Yuan Dan are elixirs of the same grade, but one is taken by fire type warriors and the other is taken by water type warriors.

Among the three systems of skills now, Qin Chuan's water system is the weakest and has just broken through to the first-level intermediate level. The other two systems are at the peak of the first-level intermediate level.

What he wants to improve most now is the water element.

After exchanging the elixirs, he used the VIP order to buy ten Shui Yuan Dan at Wanbaoxuan, which cost him 2,700 gold coins, which was a discount of 300 gold coins from the market price.

There are many Wanbaoxuan branches, and they take orders but not people.

Qin Chuan bought it at the East District store this time, but Thursday at least was at the West District store, so he wasn't worried about running into each other.

After buying the Shui Yuan Pill, Qin Chuan spent more than a thousand gold coins to buy a Disguise Pill.

Qin Chuan bought the disguise pill purely on a temporary basis and bought it for emergencies.

After this, Qin Chuan only had more than three thousand gold coins left.

After handling these trivial matters, he hurried to Zhou's house.

After arriving at Zhou's house, Qin Chuan tried to enter the guard camp, looking for Deacon Qin, and wanted to find out his life experience, but was blocked by the guards at the gate of the guard camp.

He had no choice but to return to the reserve guard camp...

Chapter 1617

After returning to the reserve guard camp, Qin Chuan continued to refine the fire dragon beast's essence and blood, treating his injuries while strengthening his physical combat power... In the inner courtyard of the Zhou family, in the small courtyard where Young Master Zhou lived alone.

At this moment, Young Master Zhou was walking around the room with an angry look on his face.

Qian Xing stood aside with a look of fear on his face, not even daring to express his anger.

"What's going on with Zhao De? I asked him to buy Huoyuan Dan. He didn't come back for a long time. Now he's even missing. What on earth is he doing?"

"Fourth Young Master, my subordinate has something to say, but I don't know whether to say it or not?"

Qian Xing pretended to be a little embarrassed.

"What words? Just say it!"

"Fourth Young Master, I am afraid that if I say this, you will misunderstand me."

"Do not talk nonsense! You say so!"

"yes! The fourth young master, his subordinate has worked with Zhao De for many years. Although his subordinate is not as good at making the fourth young master happy as Zhao De, his loyalty to the fourth young master is not comparable to that of Zhao De. Qian

Xing paused and continued: "Fourth Young Master, don't look at that guy Zhao De. He is usually loyal to you on the surface, but he has also hurt you secretly." In fact, that guy had already had different intentions"

"I think the fourth young master trusted him too much this time and actually gave Zhao De the VIP order and so much money. If my prediction is correct, Zhao De might have taken advantage of Cai and ran away with his things."

It turns out that Zhao De knows how to flatter others on weekdays and has won the favor of Young Master Zhou Zhou. Qian Xing is very jealous.

But Zhao De has always been flawless in his work, and Qian Xing has no reason to catch him.

Qian Xing wants to compete with him, but there is no way to do it..

But I didn't expect that Zhao De made a huge mistake today.

Qian Xing naturally wanted to seize this opportunity and secretly hurt Zhao De.

But after hearing what Qian Xing said on Thursday, Young Master Zhou's face changed slightly, and the more he thought about it, The more it makes sense.

Five or six thousand gold coins is not a small sum for him, Master Zhou, and it is a huge sum for a guard like Zhao De, not to mention the more precious VIP. Order.

Wanbaoxuan is a well-known large chamber of commerce in Dagon Country. It not only has four branches in Shenyang City, but also branches in many other cities.

Zhao De took the VIP order and ran away. He could have gone to Wanbaoxuan in other cities. , use the VIP order, and learn from Qin Chuan to earn the difference in the price of the elixir.

Thinking of this, Young Master Zhou was furious.

"What a Zhao De! In vain, I have always valued him so highly and regarded him as a confidant, but he actually betrayed me for a few thousand gold coins and a VIP order. When I find him, I will definitely skin him!"

Then, Young Master Zhou Zhou ordered Qian Xing again:"Get a few more people to search the city and dig three feet into the ground to find Zhao De. I must interrogate him carefully and ask him why he betrayed me!"

"yes! This subordinate will do it now!"

Qian Xing accepted the order and was filled with joy.

No matter what the reason was for Zhao De's failure to show up, Mr. Zhou Zhou would not trust him too much in the future. Qian Xing finally had his day...

Time flies like a shuttle.

In the blink of an eye, more than ten days have passed.

In these ten days, Young Master Zhou naturally did not find Zhao De, and he did not even find any clues. He was extremely depressed.

In short, after these ten days, what happened in Shenyang City? The weather has also turned cooler.

It is already late autumn.

In the early morning, no one in the entire reserve guard camp has gotten up yet, and a layer of white frost has condensed on the ground outside.

Qin Chuan got up early and came to the camp, practicing boxing in a remote grove.

At this time, Qin Chuan was wearing a thin vest and practicing boxing crazily.

In the cold morning wind, the hot sweat on his body turned into a trace of white mist, It was rising.

Suddenly, Qin Chuan turned around and punched a waist-sized tree three times in a row.

Bang~! Bang~! Bang~!

Three loud noises!

Click~! Click~!

The extremely strong tree trunk was struck by Qin Chuan blasted out three huge fist pits. There were cracks between the pits and they were about to break. Their power was frightening.

"nice!"

Qin Chuan withdrew his fist with satisfaction.

The essence and blood of the fire dragon beast is indeed a great tonic for body refining.

In just ten days, his injuries have not only healed, but his physical strength has also improved.

However, Qin Chuan's gains are not just that.

In these days, with the help of Shui Yuan Dan, his water element energy has improved by leaps and bounds. At this point, his overall strength has improved a lot.

If he fights Zhao De again, he will be able to fight more easily Kill the opponent.

Thinking of this, Qin Chuan looked at the autumn frost everywhere.

Winter is coming soon, and after this winter, he will be thirteen years old.

Qin Chuan couldn't help feeling a little emotional..

Chapter 1618

At the same time, in the inner courtyard of the Zhou family, Master Zhou lived.

In the hall

"Money punishment! How about it? Is there any news about Zhao De?"

"No! The subordinates searched the entire Shenyang City but found no trace of Zhao De. They even searched outside the city and found no trace of him. I'm afraid Zhao De has already run away."

Bang~!

Mr. Zhou was so angry that he smashed the teacup in his hand on the ground. The porcelain pieces flew around and the tea splashed all over the floor.

"That bastard Zhao De dared to betray me! Go tell them and if you encounter that bastard in the future, kill him on the spot!"

"yes! This subordinate is going now!"

After Qian Xing left,

Young Master Zhou murmured in his heart.

Dad is right, people who are not of my race will have different feelings!

I usually treat Zhao De so well, but he betrayed him for a token and a few thousand gold coins. Me and

Zhao De will all be like this, I'm afraid that others won't be as good.

It seems that these servants are not worthy of trust at all. Zhao De just took away the VIP order and left a mess.

I just want the order. Card, but he offended Qin Chuan.

If that kid Qin Chuan was just an ordinary reserve guard, it wouldn't be a big deal if he offended him.

But that kid's talent is extraordinary, and he might be able to enter the enshrinement hall in just a few years.

By then, it would be a big deal for me. It's extremely disadvantageous!

If you cut the grass without eradicating the roots, the spring breeze will bring new growth.

If you don't do anything, I will kill this boy before he grows up!

Thinking of this, Young Master Zhou summoned Qian Xing back again

"Qian Xing, go find Song Jian!"

"yes!" Qian Xing took the order and left.

After Qian Xing left, Master Zhou made a cup of tea himself and added some red medicinal powder to it.

Not long after, Qian Xing picked up a 24-year-old The guard entered the hall.

The guard was Song Jian, a second-level Dzogchen warrior.

"My subordinates have met the fourth young master. I wonder what the fourth young master wants from his subordinates?"

Song Jian stepped forward and saluted.

Young Master Zhou said with a smile: "Song Jian, please sit down first.

Song Jian was horrified: "I don't dare!"

"If I tell you to sit down, just sit down, why bother with mother-in-law and mother-in-law!"

"yes! yes!"

Song Jian sat down in fear, thinking to himself, this week Young Master Zhou always looked aloof when meeting these guards. Why is he so enthusiastic today? It's a bit strange. At this time, Young

Master Thursday smiled and said : "Song Jian, I made this cup of tea for you personally. This is my wish. Don't refuse! Song

Jian was surprised: "Fourth Young Master, you have no reward for your merits, and your subordinates have no merit. How can you let Fourth Young Master help your subordinates make tea? This subordinate cannot bear this. ""

"Whatever you can afford or can't bear, I am happy to drink it if you are told. That's a lot to say!"

"yes! yes!"

Song Jian didn't dare to disobey and drank the cup of tea in one breath.

"how is the taste?" Young Master Zhou showed a playful smile.

A trace of doubt flashed in Song Jian's eyes, but he said: "Since the fourth young master brewed the tea himself, it must be good tea."

Hearing this, Young Master Zhou was very satisfied: "Song Jian, you are indeed a good slave, everything you say is so lovable. Don't you think the tea tastes a little different?"

Song Jian's face changed slightly. He didn't know what Mr. Zhou was doing. After hesitating for a while, he said honestly: "The taste of this tea is indeed a bit strange."

"That's right, because I put poison in the tea!"

"What?!"

Song Jian's face changed drastically, and he knelt down in front of Young Master Zhou with a look of sadness on his face.

"Fourth Young Master, your subordinates have always been loyal to you. Why do you want to poison your subordinates?"

"Do not worry! I don't want your life, I just want you to do two things for me. After the matter is completed, I will give you the antidote"

"This poison will not take effect within thirty days, but once the thirty days are over, it will take effect automatically. Without my antidote, you will definitely die!".....

Chapter 1619

Song Jian was frightened:"Fourth Young Master, if you have anything to do, just ask, I will do my best!"

Master Zhou nodded slightly:"Don't worry! As long as you can successfully complete the task, I will not only give you the antidote, but also give you the antidote." You will also be rewarded"

"Fourth Young Master, what are the two things you want your subordinates to do?"

"The first thing is to help me kill someone. That person was Qin Chuan, the leader of the seventh group of the preliminary guard battalion. However, you cannot kill him in the city. You must leave Shenyang City before you do it."

"The second thing is, I have a token, please help me bring it to the third lady of the Lin family in Wangyue City - Lin Yue. That thing is very important. You must keep it safe. After you hand it over to her, you must have a personal note written by her as a certificate."

"yes! My subordinates will definitely do it well! However, what should my subordinates do to lure Qin Chuan out of the city?" Song Jian looked uneasy.

Young Master Zhou smiled coldly:"I have already made arrangements. In two days, I will give the reserve guard battalion the next task and ask Qin Chuan to deliver my token to Wangyue City."

"You intercept and kill him on the way, and then you deliver the token to Miss Lin San. Song

Jian suddenly realized:"It turns out that the Fourth Young Master has already made a plan. The younger one will definitely handle this matter. Please rest assured, Fourth Young Master!"

"good!"

Mr. Zhou Zhou nodded with satisfaction:"You have to remember that you must complete the task within thirty days." Otherwise, you will die of poison!"

"yes! My subordinates will never waste time!"

Wangyue City is a small city, more than 500 miles away from Shenyang City. With Song Jian's foot power, it takes at most half a month to go back and forth.

Song Jian is confident that he can complete the task within a month.

"You go down, I will notify you then!"

"yes! Subordinates resign!"

Song Jian retreated in panic.

After Song Jian left, Young Master Zhou picked up the tea cup on the table and took a leisurely sip of tea.

"Qin Chuan, if you want to blame me, it's your bad luck. Who allowed you to be a slave but have such a good talent? Why! Today's slaves can't be trusted! It won't work without some means!"

Master Zhou sighed and put down his tea cup.

The reason why he poisoned Song Jian was precisely because of Zhao De's betrayal, which made him distrust the guards.

Besides, the token he wanted to give to Lin Yue was very valuable, so naturally He didn't want Song Jian to become the second Zhao De and run away with his things, so he poisoned Song Jian in the hope of controlling him...

Time flies! In the blink of an eye, it's the next day.

This day , Qin Chuan was practicing water energy in the house.

There was a knock on the door, but it was the instructor who sent someone to find him.

Soon, Qin Chuan arrived at the martial arts hall of the seventh group camp and saw the instructor.

"Qin Chuan, your performance during this period has been very good."

As soon as the instructor saw Qin Chuan, he couldn't help but praise him.

Now, Qin Chuan is the number one expert in the reserve guard camp.

Together with the seventh group, he has become the strongest group among the thirteen groups.

As the instructor of the seventh group, , Naturally, his face is bright.

The instructor also knows that the seventh group can achieve its current glory, which is inseparable from Qin Chuan's contribution, and he is naturally extremely satisfied with Qin Chuan

"The instructor gave me a reward! You asked your subordinates to come here. Why?", Qin Chuan asked with a smile.

"The situation is like this. Fourth Young Master Xie has issued a task and named you to carry it out. The task is as simple as yours, which is to deliver this silver box to the third lady of the Lin family in Wangyue City. After completing the mission, there will be a reward of five hundred gold coins. Not bad, right?"

The instructor said with a smile on his face.

But Qin Chuan was shuddering in his heart and felt it was ironic.

Zhou Shao asked him to complete the task by name. He probably couldn't hold it anymore.

This time, he wanted to lure him out of the city, which was not good for him..

Before Zhao De died, he revealed some information and mentioned that Young Master Zhou wanted to kill him.

Qin Chuan sneered in his heart, thinking that Young Master Zhou was a wolf-hearted thing.

Now that Young Master Zhou is powerful, there is nothing he can do. But one day, he will settle this debt.

By the way, I wonder if the person who wants to kill me is Song Jian?

Qin Chuan remembered that Zhao De mentioned Song Jian...

Chapter 1620

"Qin Chuan, this is your first mission, you must complete it well!"

The instructor's voice interrupted Qin Chuan's meditation.

"The instructor can rest assured that his subordinates will definitely complete the task. I wonder if there is a set time for this mission to start?"

"Zhou Shao means that you should set off today. This is the map to Wangyue City. When you arrive at Wangyue City, just give your things to Miss Lin's Third Sister."

"Miss Lin San? Qin

Chuan suddenly thought of something and asked quickly: "Miss Lin San is Mr. Zhou's fiancée Miss Lin Yue?" The instructor looked at Qin Chuan in surprise:

"Little guy, I didn't expect you even knew this." Yes, Miss Lin San is the fourth young master's fiancée. Lin Yue is her given name."

Hearing this, Qin Chuan was shocked.

Although he had guessed that Miss Lin San was Lin Yue, he couldn't help but feel uneasy after getting confirmation from the instructor.

Young Master Zhou actually asked him to hand the things to Lin Yue. Yue's hand, wouldn't he have to meet Lin Yue directly?

Qin Chuan was worried when he thought of meeting Lin Yue against his will.

He had killed Lin Yue once.

Moreover, he also knew about the affair between Lin Yue and Nan Yu, so Nan Yu's death had something to do with Lin Yue.

If Lin Yue really had amnesia, that would be fine. If Lin Yue had fake amnesia, Lin Yue would never let him go.

Whether it was to silence him or to take revenge, there was always a reason to kill him.

Now, if he takes the initiative to send someone to his door like this, he is tantamount to being a sheep in the tiger's mouth and seeking death.

The more Qin Chuan thought about it, the more uneasy he became. He always felt that Lin Yue's amnesia was fake.

Sending this token would probably cost him his life.

However, if he wanted to refuse this mission, it would be impossible.

In the Zhou family, no matter whether they are reserve guards or guards, they cannot refuse the tasks assigned by the superiors.

Therefore, he must accept this mission.

Whether he gives it or not, he will die. What should he do?

Qin Chuan hesitated for a moment before taking the silver box. He believed that he could save himself when he reached the bridge.

"Instructor, after your subordinates go back and tidy up, they will set off immediately!"

"good! You go back and prepare! This trip to Wangyue City will take a lot of time."

At that moment, Qin Chuan excused himself and went straight back to his residence.

A quarter of an hour later, Qin Chuan returned to his residence.

After closing the door, he took out the silver box and looked at it carefully.

The silver box The box is very delicately made, with fine patterns on the surface and a keyhole on one side.

The box is locked and cannot be opened unless you have a key.

Obviously, both Zhou Shao and Lin Yue have keys, and Only the two of them can open this box.

What token did Mr. Zhou give to Lin Yue?

Qin Chuan couldn't help but become curious.

Otherwise, he could open it and take a look.

Thinking of this, Qin Chuan found two thin He tried to pick the lock with the wire.

In the past, Qin Chuan had learned to pick the lock when he was practicing rolling dice.

This lock-picking skill has a lot to do with hearing.

Now, Qin Chuan's hearing has greatly improved, even if he can't see the structure inside the lock clearly. , but with his superhuman hearing talent, he is overqualified for unlocking.

It only took half a cup of tea.

Click~!

A soft sound!.

The lock of the silver box bounced open, and Qin Chuan easily opened it. Opened.

His eyes lit up, and he opened the lid with joy, and saw a small white porcelain bottle lying flat inside the silver box.

Qin Chuan took out the porcelain bottle, opened the cork, looked inside, and saw on his face It turned out to be that drop of Xuanjing jellyfish.

Mr. Zhou really spent a lot of money on it!"

Looking at the Xuanjing jellyfish in the bottle, Qin Chuan began to fall into deep thought, with countless thoughts passing through his mind.

After a moment, a light flashed in his eyes, as if he had come up with a good idea.

He must go to Lin Yue's place.

First, he wanted to see if Lin Yue really had amnesia.

Secondly, he wants to get this drop of Xuanjing jellyfish.

Master Zhou wanted to kill him.

Then he took this drop of Xuanjing jellyfish as interest and accepted it first.

Thinking of this, Qin Chuan put away the bottle containing the Xuanjing jellyfish and took out an empty bottle and put it into the silver box.

I'm afraid Young Master Zhou never imagined that the Xuanjing Jellyfish he spent 17,000 gold coins to photograph would actually give Qin Chuan an advantage in the end.

If Qin Chuan dared to do this, he naturally had a countermeasure to deal with Mr. Zhou Zhou and Lin Yue.

However, before that, he still had to find a way to deal with Zhou Shao's interceptions.

After thinking about it several times, Qin Chuan hurriedly packed up and set off.

Half an hour later, Qin Chuan arrived outside the city.

Not long after Qin Chuan left the city, three figures appeared at the city gate, watching Qin Chuan's leaving figure from a distance.

Those three people were Zhou Shao, Qian Xing and Song Jian

"That kid Qin Chuan has already set off. Song Jian, come with me!"

"yes! My subordinates are leaving now!"

"Remember, stay far away from Shenyan City before taking action!"

"The subordinates know!"

As soon as he finished speaking, Song Jian followed Qin Chuan quietly in the direction he left...
