

God level 1641

Chapter 1641

Lin Yue's tone revealed boundless resentment.

"If it weren't for that little thief, would we still need to dig out our hearts?"

The Monkey King sneered: "It's not just for you that I dug my heart out." When you were pierced through the heart by that little thief with a sword, I replaced your heart with a monkey heart, allowing you to survive temporarily."

"yes! But after all, the monkey heart is not the human heart. As time goes by, I will still have a heart failure and die. That's why you went to find me a human heart. It's a pity that you found so many hearts, but none of them suit me. Otherwise, this would have been over."

"what can I do? Even if the heart is not dug out, I can't tell whether it is suitable. However, the heart I dug out last night is very suitable for you, and it should not be objectionable to your body."

"So you don't have to dig out your heart anymore?"

"good!"

"Then when will you perform the second operation on me?"

"You haven't collected all the things I asked you to collect. How do you perform this operation?"

"The only thing you asked me to collect was a drop of Xuanjing jellyfish. I originally asked that bastard Mr. Zhou to look for it, but I didn't expect him to be ineffective at all. It seems I have to look for it myself."

Lin Yue's tone revealed complaints.

"Then you'd better hurry up! I dug out the heart last night and wrapped it with wood energy to keep it alive, but it won't last long."

"I know. I'll try to get it in the next few days. However, I am still a little worried. Can you really replace my heart?"

"snort! Are you still talking about this now? Didn't I replace that monkey heart in your body?"

"Aren't I worried? This is the first time I've heard that the heart can be replaced. It's really shocking. I don't know how you learned it?"

"snort! What's this? Back then, my mentor was both an alchemist and a doctor. Not only was his alchemy skills unparalleled in the world, but his medical skills were also unparalleled. However, many people only knew that his alchemy skills were powerful, but few knew that his medical skills were even more powerful. I only learned from them. Just scratched the surface."

There was a sense of arrogance in the Monkey King's tone.

"Your mentor is so great! Who is he? You must have been famous before, right? The Monkey King's tone turned cold:"

Why do you ask so many questions?"

"Just ask, if you don't want to say it, forget it!"

"Lin Yue, I saved your life. Don't forget what you promised me"

"Of course, as long as you replace my heart, I will translate those ancient texts and accompany you to the ruins of the Temple of War.

After saying that, Lin Yue paused:"However, I only understand about twenty-three percent of those ancient texts. If I want to translate them all, I have to look around for documents, which will take a long time."

"Just remember! In fact, if you enter the War Temple with me, you will also get a lot of benefits. However, the key item to enter the War Temple - the God of War Token, was taken away by the little thief. We must get it back!"

Speaking of this, the Monkey King thought in his heart.

If he hadn't been born as a monkey and couldn't show up in the world at will, there would still be a need for Lin Yue.

"Ah! Who told you to throw it in the hole casually and let the little thief get an advantage?", Lin Yue replied angrily.

The Monkey King was annoyed: "I don't know the ancient characters, who knew that the inconspicuous bronze medal was actually the Order of the God of War.

Lin Yue nodded: "There are indeed very few people in this world who know ancient writings." It's not surprising that you missed it too. After all, the appearance of the God of War Order is too ordinary, and most people will not care about it."

"However, you don't have to be impatient. That little thief gave us a portrait by sending us a portrait."

"How to say?"

Lin Yue sneered: "That little thief has come to our door. He must still be in Wangyue City. What's even more ridiculous is that he also sent his portrait to us.""

"Looking back, I asked someone to draw a few more portraits, and then asked my grandfather to notify the guards at the gates of the four major cities. If they saw the young man in the portrait, they would arrest him immediately."

Lin Yue's grandfather is the head of the Lin family and the lord of Wangyue City.

When he heard this, the Monkey King's eyes lit up: "Dialogue! Why didn't I think of that! Lin Yue said again:"

In addition, if I send some people to search the city again, I don't believe it. I can't find the little thief.""

The Monkey King reminded:"If you find that little thief, you must isolate him from others and don't let him talk nonsense and reveal some secrets."

"rest assured! This lady knows it well! When the time comes, we will first force this little thief to hand over the God of War Order, and then kill him to silence him."

One person and one monkey were plotting in the house.

But they didn't know that the little thief they called was not only in Wangyue City, but also eavesdropping on their conversation in the courtyard..

Chapter 1642

However, Qin Chuan was extremely shocked after overhearing their conversation.

It turns out that the Monkey King saved Lin Yue because he wanted Lin Yue to help him enter the ancient ruins - the Temple of War.

That God of War Order is a treasure!

Qin Chuan couldn't help but touch the War God's Order hidden in his clothes.

It has been half a year since he received the God of War Order.

It's a pity that he doesn't know the ancient text, so he kept it on his body and didn't study it.

Looking back for an opportunity, he would like to learn ancient writing.

At this time, the voice of the Monkey King came from the house again

"Lin Yue, do you think that young man named Hei Dan outside will suspect you to be involved in the heart poaching case? Lin

Yue pondered for a while and said:"That kid looks rustic and stupid, but I think he will be somewhat suspicious. The little thief said it so directly that everyone would be suspicious.""

"Then should we kill him and silence him?"

"Need not! In fact, even if he had doubts, he would not dare to say anything nonsense in Wangyue City. However, this black egg must be killed, but now is not the time."

"When is that time?"

Lin Yue sneered:"He is a person sent by the Zhou family. Killing him will not be easy for the Zhou family. So even if we want to kill him, it is best not for us to do it." Actually, I can borrow Mr. Zhou's hand to kill him."

"As long as I reply with a letter to Young Master Zhou, I will tell you that after seeing this young lady, he spied on my beauty and repeatedly teased me. I think that idiot Mr. Thursday will be furious after reading the letter and will kill this black egg on the spot.

The Monkey King's eyes lit up:"What a trick to kill with a borrowed knife!" This method is wonderful! Lin

Yue said with a smile:"I will write a letter right now, and then let Heidan's silly fool give it to Young Master Zhou, and let him die on his own!""

In the courtyard, Qin Chuan overheard this and sneered in his heart.

How can it be so easy to kill the young master!

Having said that, this woman Lin Yue is really cruel!

By the way, should I kill Lin Yue? Did you reveal the affair with Nan Yu?

Mr. Zhou has been wearing this cuckold for a long time.

Qin Chuan couldn't help but mutter in his heart.

Creak~!

At this moment, the door in front of him was pushed open.

Lin Yue held the hand She walked out of the silver box with a smile.

Apparently, her letter had been written and placed in the silver box.

Now that the silver box was locked again, she thought Qin Chuan could not open it.

"Black Egg, I kept you waiting for a long time."

"Don't dare! This is what villains should do.", Qin Chuan pretended to be respectful

"Hei Dan, I am grateful to you for your hard work all the way to deliver the fourth young master's token. There are five hundred gold coins here, which I will reward you with.

Qin Chuan pretended to be excited:"Thank you, Miss Third, for the reward!""

Actually, Qin Chuan was actually a little happy. After all, he defrauded another five hundred gold coins.

"You're welcome, you deserve it! In addition, I have to trouble you this time. Lin

Yue handed the silver box to Qin Chuan

"This box contains my earrings as a token. When your fourth young master sees it, he will naturally understand that you have delivered the token. In addition, there is a letter in the box, also for your young master."

"Don't worry, Miss Third, I will definitely deliver the things to the Fourth Young Master."

"That's good! This letter is urgent. It contains a few things that I have told your young master. I hope you will not stay in the city and get it to the fourth young master as soon as possible."

"Don't worry, Third Miss, the younger one will leave the city today and rush back to Zhou's house."

Actually, this is exactly what Qin Chuan meant.

His disguise pill is only effective for three days. Once the time is up, it will restore its true appearance. Naturally, the sooner he leaves, the better.

At the moment, Qin Chuan put away the silver box. After that, he said goodbye to Lin Yue.

A quarter of an hour later, he left the Lin family.

Another hour later, Qin Chuan left the city.

When he could no longer see Wangyue City, Qin Chuan found a man on the side of the road. In a remote place, he took out the silver box and used a thin wire to pry open the lock.

The lock of the silver box was very precise and was specially made by Master Zhou.

He and Lin Yue each had a key.

Only Master Zhou and Lin Yue never expected that no matter how sophisticated the lock was, it would be like tofu in front of Qin Chuan....

Chapter 1643

But Mr. Zhou and Lin Yue never expected that no matter how sophisticated the lock was, it would be like dregs in front of Qin Chuan.

With his abnormal hearing, Qin Chuan could feel the structure inside the lock without looking. Clearly.

Click~!

A soft sound!

Qin Chuan struck three times, five divided two, and then the lock was opened.

Then, he opened the silver box and saw a pair of pearl earrings and a letter inside.

Qin Chuan opened the letter and read it.

The letter mainly talked about two things. One was to urge Master Zhou to help her get the Xuanjing jellyfish.

The other thing is to say that the 'black egg' is lustful towards her and teases her with words.

After reading the letter, Qin Chuan smiled coldly.

Bang~!

With a shock of Yuan Li, the letter burst into pieces and turned into countless powders.

Then, with a casual wave of his hand, Qin Chuan used his Yuan Power to stir up the snow on the roadside, swallowing up the broken letters and burying them.

When the weather warms up and the snow melts, the debris will be melted away by the snow water, leaving no trace behind.

"Lin Yue, if you want to harm me, how can it be so easy! Qin

Chuan chuckled, put away the silver box, and rushed towards Shenyan City.....

But on the other side, since Qin Chuan left the Lin family.

Lin Yue ordered people to draw dozens of portraits of Qin Chuan, and then begged her grandfather to let the guards at the four city gates monitor the pedestrians entering and exiting the city gates and find Qin Chuan.

If the young man in the portrait is found, he must be caught on the spot and handed over to Lin Yue for processing.

In addition, Lin Yue ordered the guards of the Lin family to search around the city with Qin Chuan's portrait.

Little did she know that Qin Chuan had been standing in front of her not long ago, but she didn't recognize him.

Now, Qin Chuan had already slipped out of the city.

Lin Yue spent so much effort, but in the end it was all in vain.

But he said that after Lin Yue finished handling those trivial matters, he got up and gave him a strange pill from Master Zhou.

At this time, in the room.

She took out the off-white ball and looked at it carefully.

There is still no aura at all, and there is still a faint earthy smell.

This Qixin Tongqiao Pill is really weird. Not only does it have no spiritual energy, it even smells different from ordinary pills.

Lin Yue was very confused.

She thought that Hei Dan had mentioned that this gray-white pill could cure people's amnesia, but she didn't know if it was true or not.

Thinking of this, she suddenly remembered that the Monkey King was good at both medicine and alchemy. Maybe the Monkey King could tell the difference.

At that moment, Lin Yue found the monkey king and asked him to identify it.

The monkey king took the pill and looked at it for a long time, his eyes getting weirder and weirder.

Seeing the Monkey King's demeanor, Lin Yue felt vaguely that something was not good, and hurriedly asked: "Monkey King, is there something wrong with this pill? Is it poisonous?"

"Not poisonous!", the Monkey King slowly shook his head, "I can confirm that this elixir only has two ingredients?"

"Those two ingredients?"

"Mud and flour! Oh, and some water was mixed in!"

"What?!" Lin Yue's eyes widened.

Immediately, her face turned red with anger, "You bastard! Miss this bastard on Thursday! I'm furious! He actually gave me a mud ball and said it was some kind of Qixin Tongqiao Pill, so he actually wanted to trick me into eating mud!"

"Lin Yue, do you think Master Zhou is deliberately testing you? After all, you are his fiancée. He should be more concerned about whether you really have amnesia."

"snort! How can his pig brain think so much?".....

"hehe! People should not be judged by their appearance, maybe that's what he thinks. Otherwise, he wouldn't have sent someone to deliver a clay ball."

After hearing this, Lin Yue thought about it and felt that it made sense.

"It seems that anything less than Thursday is not credible! No wonder, I asked him to help find the Xuanjing jellyfish, but he couldn't do it. Now it seems that he doesn't want to do anything for me. I'd better go find the Xuanjing Jellyfish myself."

"However, I have taken note of today's account. Mr. Zhou, you have insulted me. I will not let you go!"

In this way, this ruthless scapegoat was inexplicably placed on Master Zhou....

Chapter 1644

Time flies!

In the blink of an eye, seven days passed.

After the heavy snowfall some time ago, we have been greeted by continuous sunny weather, bringing some warmth to the cold winter.

Today, crystal clear ice is hanging on the city walls, eaves, and tree branches.

At this time, on the official road outside Shenyang City, a young man with two swords on his back was walking alone in the snow.

This young man is Qin Chuan who rushed back from Wangyue City.

"Finally home!"

Qin Chuan looked at the Shenyang City in front and smiled.

Now, the effect of the Yi Rong Dan has long since disappeared, and he has already returned to his original appearance.

Next, he will have to face Master Zhou's suspicion.

I don't know. Will Young Master Zhou be surprised to see that he is back alive?

Thinking of this, Qin Chuan sneered in his heart.

Sooner or later, he will have to settle Young Master Zhou's debt.

Thinking of this, Qin Chuan strode towards Shenyan City Go.

An hour later, Qin Chuan returned to the preparatory guard camp and found the instructor.

The preparatory guard tasks were directly arranged by the instructors of this group, and the tasks were handed over to the instructors of this group. In the martial arts performance hall, the instructor had a smile on his face Looking at Qin Chuan

"You're back. How was the mission completed?"

In the eyes of the instructor, Qin Chuan is the most qualified person he has seen in his seven years of teaching, and he is also his most proud subordinate. He naturally likes him in his heart.

Ever since Qin Chuan defeated You Hongyu, Qin Chuan has become He became the top master of the reserve guard camp.

The seventh group also has Chen Shen and Peng Yu. These two first-level senior warriors have been regarded as the strongest group among the thirteen groups.

As the instructor of the seventh group, he Naturally, I feel very proud

"Fortunately, I did not disgrace my life! The subordinate has successfully completed the task! Instructor, in this box is Miss Lin San's token."

Qin Chuan took out the silver box and handed it over.

"Ha ha!! good!", the instructor happily took the silver box

"Qin Chuan, here are five hundred gold coins, which are the rewards for this mission. Take them! I will go see Mr. Zhou immediately and hand the token to him. You must be very tired after running back and forth for so long. Go back and have a good rest.!"

"yes! Instructor!"

Qin Chuan took the gold coins and said goodbye to the instructor.....

A quarter of an hour later, in the inner courtyard of the Zhou family, Young Master Zhou's residence.

At this time, in the hall.

Zhou Shao reclined on a rosewood chair covered with mink fur.

Qian Xing was standing behind him

"Qian Xing, hasn't Song Jian come back yet?"

"No, my subordinates have told the guard camp that as soon as Song Jian comes back, he will be ordered to see the fourth young master immediately."

"What the hell is this Song Jian doing? With his leg strength, he should be back long ago. It's been more than twenty days since the contract was signed, and the one-month deadline is coming soon. Why haven't I seen him yet?"

Master Zhou Zhou was very dissatisfied with Song Jian's work efficiency.

"Fourth Young Master, maybe Song Jian was delayed by something on the way, so that's why he hasn't come back for so long."

"snort! What else could he have to delay? Isn't it just to kill Qin Chuan? Logically speaking, this would be a piece of cake for him. Why haven't you come back yet? Could something have happened? Or maybe he ran away midway?"

"Fourth Young Master, don't worry! I don't think so. That Song Jian was poisoned by you. For the sake of his own life, he will come back."

"Hope so!"

The two were talking in the hall, and a guard hurried into the hall.

"Fourth Young Master, prepare the escort camp. The instructor of the seventh group asked me to hand this over to you and tell you that his subordinate Qin Chuan has completed the task assigned by Fourth Young Master."

"What?!"

Young Master Zhou Zhou was shocked and stood up from his chair with a swish.

Qian Xing on the side was also dumbfounded.

"What did you say? Qin Chuan completed the task I posted? How can this be!"

"Uh... I don't know!"

The guard looked confused.

He didn't know why Young Master Zhou was so excited.

"Fourth Young Master, the instructor of the seventh group said this. In this box is a token handed over to you by Miss Lin San."

"bring here!"

Zhou Shao grabbed the silver box, took out the key, and hurriedly inserted it into the keyhole.

Click~!

A soft sound!

The silver box opened.

The vial inside was gone, but there was a pair of pearl earrings.

"Huh! These are really Lin Yue's earrings, and he has actually completed the task. But...but.....How can this be!"

Master Zhou picked up the earrings with a look of disbelief on his face....

Chapter 1645

After a while, Young Master Thursday waved his hand and said to the guard:"Go down! No one else is allowed to come in without my order!"

"yes!"

The guard took the order and left.

After a while, only Young Master Zhou and Qian Xing were left in the hall.

"Qian Xing, tell me, what is going on? How did Qin Chuan come back alive?"

"This... my subordinates don't know either. Qian

Xing smiled bitterly. He had been confused for a long time.

Young Master Zhou also looked confused:"Qin Chuan is back, but Song Jian is not back." Did Qin Chuan kill Song Jian?"

"Fourth Young Master, this is impossible! Zhao De and Qin Chuan fought against each other back then. Although that boy was incredibly talented, he could only barely catch a few of Zhao De's moves. Song Jian is a second-level Dzogchen master, much better than Zhao De"

"Qin Chuan couldn't even defeat Zhao De, how could he be Song Jian's opponent?"

Qian Xing quickly analyzed it.

Fourth Young Master Xie nodded slightly:"It's really unlikely." However, Qin Chuan's talent was astonishing and he was a warrior of the three series. He might have improved his cultivation level in a short period of time.

Qian Xing sighed:"If this is really the case, then that kid would be too scary!"

Fourth Young Master Xie nodded slightly:"That's right!" If he really has this ability, even if he is blamed by Miss Yuyao, I will kill that little thief!

At this time, Qian Xing rolled his eyes:"Fourth Young Master, we can find out if Song Jian was killed by Qin Chuan.""

"How to try?"

"Fourth Young Master, please call Qin Chuan over and test his strength. If his strength increases greatly, then Song Jian may really be killed by him.

Young Master Zhou's eyes lit up:"What a great idea!" Qian Xing, go ahead and call Qin Chuan over!"

"yes!"

Qian Xing hurriedly followed the order and left...

After Qian Xing left, Master Zhou was pacing back and forth in the room, looking a little restless.

"Qin Chuan! Qin Chuan! As long as you are alive, you will be my greatest concern! Wait a moment, I will personally test your strength. If your strength increases significantly, you will not be able to live regardless of whether you killed Song Jian or not!"

The more Young Master Zhou thought about it, the more uneasy he became. He tried to kill Qin Chuan many times, but failed, and he was inevitably a little anxious deep in his heart.

Not long after, footsteps sounded outside the hall.

Then Qian Xing led Qin Chuan away. Come in.

As soon as he entered the hall, Qin Chuan saw Mr. Zhou looking at Zijin with an unkind look on his face, with murderous intent hidden deep in his eyes.

He suddenly felt a chill in his heart, secretly thinking that today was a Hongmen Banquet, and he had to be careful.

"Qin Chuan has met the fourth young master! I wonder what the fourth young master wants from me? Qin

Chuan stepped forward and saluted.

Young Master Zhou smiled coldly:"Qin Chuan, don't pretend!" You don't know why I'm looking for you?"

"Fourth Young Master, my subordinates really don't know. I hope the fourth young master will say it clearly!

Young Master Zhou suddenly shouted:"Bold!" Qin Chuan, how dare you lie in front of me! I ask you, why did you kill Song Jian?!"

"Song Jian? Qin Chuan looked confused,"Fourth Young Master, who is Song Jian?" I don't even know who Song Jian is, so how can I kill him?

Young Master Zhou sneered:"How dare you deny it!""

"The fourth young master clearly noticed that since he was a child, he has never killed a chicken, let alone killed someone!"

"snort! I would like to ask you, half a month is enough to go back and forth from Shenyang City to Wangyue City. Why did it take you more than 20 days to come back?"

"Fourth Young Master, it's like this. His subordinate wanted to give the token to Miss Lin San as soon as possible, so he took a shortcut and took the mountain road. Unexpectedly, my subordinate lost his way in the mountains and walked around for a long time before he came out. This delayed his trip. I hope the Fourth Young Master can forgive me."

After saying that, Qin Chuan pretended to look aggrieved.

After Zhou Shao heard this, he was a little unsure in his heart.

Could it be that Song Jian was following Qin Chuan in the mountains and accidentally lost him, and also lost himself in the mountains? In the mountains.

Or maybe he was unlucky and encountered a powerful beast in the mountains, so he died in the mountains...

This idea seemed reasonable to Zhou Shao, and it could also explain Song Jian's delay in returning.

However, Those were Qin Chuan's one-sided words, and he couldn't believe it.

Thinking of this, Zhou Shao said deceitfully:"Boy! You are so stubborn! Your killing of Song Jian has been seen by others!"

Qin Chuan sneered in his heart, with a flash of disdain in his eyes.

He saw through Master Zhou's clumsy trick at a glance.

At that moment, he pretended to be confused:"Fourth Young Master, I really don't understand what you are talking about?"

Mr. Thursday said with a ferocious smile: "Humph!" If you don't understand, I will let you understand now!"

Shua~!

As soon as he finished speaking, Zhou Zhou escaped, suddenly rushed towards Qin Chuan, and punched Qin Chuan in the heart very quickly.

At this moment, he suddenly attacked Qin Chuan....

Chapter 1646

"Fourth Young Master, what are you doing?"

Qin Chuan was horrified, and he quickly used his palms to block.

The fists and palms met!

Bang~!

Click!

There was a crisp sound of broken bones!

Qin Chuan grunted, and was punched out. His arm was also punched by Zhou Shao. The shock broke.

At this moment, Young Master Zhou was stunned.

He did not expect that he could knock Qin Chuan away so easily.

Although he was also a second-level Dzogchen warrior, he had just advanced to the level and his combat effectiveness was not as good as Song Jian.

After testing with just one palm, Zhou Shao discovered that Qin Chuan was a first-level intermediate a month ago, and now he is still a first-level intermediate, and his overall strength is close to the threshold of a second-level warrior.

In other words, after more than a month, Qin Chuan Has his strength increased?

Others say that Qin Chuan is a genius and his strength has improved rapidly, but now it seems that it is nothing more than that.

With Qin Chuan's current strength, he cannot even defeat a second-level warrior, let alone kill Song Jian.

Thinking of this, Zhou Shaoan breathed a sigh of relief and looked at Qin Chuan with some disdain. What he was most worried about was Qin Chuan's talent.

He had always been afraid that Qin Chuan would grow too fast and leave problems for himself. There are hidden dangers.

But he doesn't want to ruin his image in Miss Yuyao's heart because of Qin Chuan's incident.

Therefore, he wants to kill Qin Chuan, but he doesn't want to do it himself, but wants to borrow the help of others.

Now it seems that Qin Chuan Chuan's excellence was still within his tolerance range.

In this case, he still took the best of both worlds and let others kill Qin Chuan.

Thinking of this, Young Master Zhou had a plan in mind.

At this time, Qin Chuan had a look on his face He climbed up in pain.

He covered his severed hand and said with great grievance: "Fourth Young Master! Your subordinates are loyal to you, why do you treat them like this?"

"how? do you have any opinion?" Young Master Zhou sneered disdainfully.

If it weren't for Yuyao's sake, he would have killed Qin Chuan at all costs.

However, he has to endure it now

"Qin Chuan, to tell you the truth, I advanced to the second level of Dzogchen half a month ago, and I wanted to find someone to practice with. I just asked you to try stretching my hand."

"However, I failed to control my strength just now and you were injured. Well, take this hundred gold coins back for treatment! There's nothing for you to do here, go down!"

Pa~!

Zhou Shao waved his hand, and a small bag of gold coins was thrown at Qinchuan's feet.

"That subordinate resigned!"

Qin Chuan silently picked up the gold coins, turned around and left.....

But the moment he turned around, there was overwhelming murderous intent in his eyes.

Less Thursday!

He remembered today's account!

One day, he will repay you twice as much!

In fact, Young Master Zhou was unable to break Qin Chuan's arm.

But Qin Chuan guessed Zhou Shao's intention, and at the moment of the fight, he broke his own arm.

A person who dares to be cruel to himself is truly cruel!

Qin Chuan is such a person!

He could even kill Song Jian, so how could he be afraid of Master Zhou?

However, he can endure it!

But after Qin Chuan left, only Young Master Zhou Zhou and Qian Xing were left in the hall.

At this time, Qian Xing was a little confused: "Fourth Young Master, you just let Qin Chuan go?"

"What else can I do if I don't let him go? As you saw just now, he doesn't have the strength to kill Song Jian at all. He can't even kill a second-level warrior."

"Fourth Young Master, having said that, the warriors of the three Qinchuan series should not be underestimated!"

Young Master Zhou Zhou was not impressed: "Although the warriors of the three series are invincible at the same level, they can even cross the first and second levels to challenge, but in the later stages, it becomes more difficult to cross the next level." As long as Qin Chuan's level does not improve quickly, I will have a way to deal with him"

"Besides, I tried it just now, and that kid has made no progress in strength for more than a month. His training progress is not as exaggerated as others say. However, what you said makes sense, and I cannot take it lightly."

Qian Xing nodded slightly: "The fourth young master is right!" By the way, Fourth Young Master, you have targeted Qin Chuan again and again. I'm afraid that boy already hates you to the core."

"snort! so what?", Zhou Shao looked disdainful

"I have put him on the must-kill list, but I can't find an excuse to kill him at the moment. I won't let him grow up, though. You also help me keep an eye on him. As soon as that kid makes a mistake, I will kill him!"

"My subordinates understand! Fourth Young Master, since Qin Chuan did not kill Song Jian, where did Song Jian go?"

Mr. Zhou thought for a moment and then said: "I think there are two possibilities." One possibility is that he detoxified the poison in his body and ran away on his own; the other possibility is that he followed Qin Chuan and got lost in the mountains and had an accident."

"Let's do this. Send an order and send someone to inquire about Song Jian's whereabouts. If you want to see him alive, you want to see his body!"

"yes! This subordinate will do it now!"...

Chapter 1647

But on the other side, Qin Chuan closed the door after returning to his residence.

In the room, he looked at his broken arm and sneered.

In order to deceive Mr. Thursday, he directed a painful trick himself.

Qin Chuan has learned the ancient body training method, and his body's strength is no longer comparable to that of ordinary warriors. He can even break the bones of his hand by himself.

In fact, he had thought that this scene would happen before he returned to Shenyang City.

Therefore, before entering the city, he used the Breath Condensation Technique to cover up part of his cultivation, making him look like he was only a first-level intermediate warrior.

Because he knew that if he performed too well, he would only be hated by Master Zhou and would be persecuted even more crazily.

If he wants to survive, he must hide his strength.

Click~!

Qin Chuan shook his arm and reconnected the broken bone.

Quickly, he fixed and bandaged it, took the essence and blood of the fire dragon beast, and used ancient body-refining methods to heal himself.

Time flew by quickly, and three days passed in the blink of an eye.

For three days, everything was quiet.

With the help of life energy, Qin Chuan's broken bones recovered at an extremely fast speed, and he has almost recovered now.

In these three days, Qin Chuan got good news.

That is, three days later, Zhou Shao is going to participate in the family hunting.

The Zhou family's family hunt is held every winter.

By then, three generations of the Zhou family will participate.

The purpose of the hunt is to train the young disciples of the Zhou family in their practical combat abilities, which lasts for one month.

In other words, in the next month, Qin Chuan does not have to worry about Zhou Shao's dirty tricks on him.

He must use this month to improve his strength as soon as possible so that he can have more self-protection capabilities.

Otherwise, when Mr. Zhou takes action again, he will be in even greater trouble.

Thinking of this, murderous intent emerged in Qin Chuan's eyes.

He knew in his heart that only when his strength reached a certain level could he have a chance to counterattack.

He won't always be in a passive position, so he must become stronger as soon as possible.

Time flies!

In the blink of an eye, three days passed.

The Zhou family's hunting activities have begun.

Zhou Shao and other direct disciples, led by the elders of the clan, went hunting in Frightening Ridge.

After these three days of recuperation, Qin Chuan's injuries were completely healed.

Now, Qin Chuan has also launched his own training plan.

First, he went to the market to auction a Fire Spirit Crystal and obtained more than 12,000 gold coins. Adding the more than 4,000 gold coins he had on him, the total was more than 16,000 gold coins.

Later, Qin Chuan spent fifteen thousand gold coins to buy fifty Shui Yuan Dan.

The effect of Shui Yuan Dan is ten times that of Ju Yuan Dan. Qin Chuan wanted to improve his strength as soon as possible, so he did not hesitate to spend gold coins to buy expensive Shui Yuan Dan to increase his strength.

After buying the elixir, Qin Chuan hurried back to his station and began practicing in seclusion.

Before retreating, he also told the instructor that he would be in retreat for a long time.

Time passed like this day by day.

In the blink of an eye, twenty-three days passed.

On this day, the guard camp was prepared, inside the seventh group of camps.

The team members are gathering together and chatting

"Everyone, the team leader has been in seclusion for twenty-three days, why hasn't he come out yet?"

"yes! I have been in seclusion for twenty-three days at a stretch. If it were me, I wouldn't be able to bear this loneliness."

"Forget it, don't talk about you, there are not many people in the whole escort camp, our team leader can be so hardworking"

"makes sense. By the way, have you heard that You Hongyu has broken through to the second level and been promoted to an official guard?"

"He finally broke through! I heard that since he lost to the team leader last time, he has been practicing hard. It seems that the last failure dealt a big blow to him."

"Of course, he has always been the invincible myth of the reserve guard battalion, but in the end, he was defeated by our team leader. What's even worse is that the team leader's level is lower than him. Is this a big blow?"

"Everyone, do you think the team leader will break through to the first level after being in seclusion for so long?"

"you still need to ask? With the qualifications of our team leader, we will definitely be able to break through."

"makes sense!".....

The team members didn't know that Qin Chuan's three-line vitality had already reached the first level.

It's just that in order to avoid the persecution of Master Zhou, he deliberately hid his strength..

Chapter 1648

"What are you talking about?"

Just when the young people were chatting happily, Qin Chuan's long-lost voice sounded from behind.

"Team leader!"

The team members quickly turned around.

When they saw that it was Qin Chuan, they were all overjoyed.

"Team leader, you are finally out of seclusion!"

"Team leader, have you broken through to the first level of advanced level?"

"Why! not yet!"

Qin Chuan pretended to be helpless and shook his head.

Many team members looked slightly disappointed.

Qin Chuan smiled slightly:"Let's talk! I'll go out and practice my swordsmanship for a while!"

"Team leader, you have just come out of seclusion and you have to practice swordsmanship again. This is too hard!"

Qin Chuan smiled and said nothing, without explaining.

He was just passing by the camp and met the team members chatting. He was not interested in chatting with everyone.

His time is precious!.....

After leaving the seventh group of camps, Qin Chuan went alone to the grove where he often practiced swordsmanship.

In fact, during these twenty-three days of seclusion, with the assistance of a large amount of Shui Yuan Dan, his water energy had reached the peak of the first-level advanced level.

The vitality of the two systems of wood and fire also reached the peak of the first-level advanced level six days ago.

After all, he still has a lot of medicinal power from the Dragon and Phoenix Sacred Fruit in his body.

In other words, the vitality of Qinchuan's three systems has reached its bottleneck, and its overall combat effectiveness has skyrocketed.

Next, he only needs to break through the bottleneck to advance to the second level.

This cultivation speed can be said to be extremely fast, and he will soon catch up with You Hongyu.

If Mr. Zhou knew this, he would be shocked.

However, it is not easy to break through from the first level of advanced peak to the second level.

Even for advanced qualifications, it takes two years.

Lower qualifications require seven or eight years.

Inferior qualifications take more than ten years.

Therefore, among the warriors, there are many who reach the second level only in their thirties and forties.

After all, about 40% of people in this world have inferior qualifications.

Qin Chuan didn't know when he could break through this bottleneck.

Because even if you are a genius, it still takes a year and a half.

At this time, the sky was gray.

The tree crowns were piled with white snow, and the branches were covered with ice.

Qin Chuan was walking alone in the forest.

Not long after, he found an open space, sat on the ground, and began to look inside at the sea of qi in his dantian.

There are three vitality groups of blue, green and red suspended in the air sea, which are the three elements of water, wood and fire.

When a first-level warrior reaches the peak of the first-level advanced level, all the acupoints in his body will be opened, and his own Qi sea will be opened up in his Dantian.

The vitality that used to exist in various acupoints will now gather into the sea of qi to form a group of vitality.

This is the first level of enlightenment.

The second level is aura!

If a warrior wants to enter the second level and form a field of aura, he needs to transform the energy group in the sea of qi into a cyclone.

How to turn the vitality ball into a cyclone is to break through to the second level of difficulty. This process is very slow.

Thinking of this, Qin Chuan felt a little irritable.

He stood up, shook the long sword in his hand, and thirty-six sword flowers bloomed like plum blossoms at the tip of the sword.

In the blink of an eye, thirty-six plum blossoms turned into thirty-six rockets and shot out in all directions.

Poof~! Poof~! puff~! ...

There was a crackling sound, and dozens of large trees were shot through by rockets.

This is Qin Chuan's newly learned group attack martial art - Fire Rain Plum Blossom Sword, which he got from Song Jian.

At this time, light snow began to fall in the sky again.

Qin Chuan put away his sword, stepped on the snow, stared at the gray sky, and suddenly felt lonely.

"Falling snow and flying flowers! What a nice view!"

Qin Chuan sighed.

At this moment, a flute sound came from the distance.

The sound was melodious and beautiful, but it was so ethereal, and there was a vague sadness.....

In the distance, a flute sound suddenly came from the distance. The sound was melodious and melodious, but it was also so ethereal, faintly revealing an inexplicable sadness.

The faint sadness slowly melted in Qin Chuan's heart and quietly penetrated into his soul.

Inexplicably, I felt a burst of heartache, which came from the depths of my heart.

The memory wakes up at this moment.

The grief, the helplessness, and the day and night watch reminded Qin Chuan of his heartache when he was young, looking lonely at the door outside the courtyard, anticipating his father's return.

But in the blink of an eye, time passed, and the years left no trace. He was already thirteen years old.

My father still has not returned, and he is still lonely.

The corners of my eyes were moistened at some point, and the white snowflakes melted with tears.

Why has he become so fragile today?

Qin Chuan gently wiped away his tears and walked towards the direction of the flute.....

Outside the woods is a beautiful lake.

In winter, there is a thick layer of ice on the lake.

At this moment, a fresh and refined girl in white was standing quietly by the lake, playing the flute gently.

The girl's face was very beautiful, like a snow lotus blooming in the snow.

But that beautiful face showed a touch of sadness, and two crystal tears condensed in the corners of her eyes.

It turns out to be her!

Qin Chuan stood quietly behind the girl.

The sound of the flute gradually stopped, the girl turned around, and the sadness in the corner of her eyes quietly disappeared.

"Sister Yuyao's flute sound is both beautiful and sad.", Qin Chuan sighed.

Yuyao looked up and happened to see the wetness in the corners of Qin Chuan's eyes.

She was also touched and whispered:"It turns out that you are also a lonely person at heart!"

Qin Chuan's body trembled slightly.

He has been an orphan since he was a child, living among deceitful servants. No matter how smart he is, he is still just a child at heart.

Whenever it is quiet at night, he will inevitably feel lonely.

"Qin Chuan, who gave you your name?", Yuyao asked softly

"My dad started it. He said, I hope I can be like water, with an endless flow. No matter how big the obstacles are, they can't stop me from moving forward."

"Qinchuan, look at the ice in this lake. If water freezes into ice, how can it break through obstacles?
Qin

Chuan's heart trembled slightly, and a flash of light flashed in his mind, as if he had caught something.

Yuyao smiled softly again: "If your heart is cold, the water will freeze. When spring comes, the ice will turn into ice." Water can become an endless river."

Hearing this, Qin Chuan seemed to have some realization.

He nodded slightly: "Yes, there is nothing more sad than death. How can you get what you want if you don't have any thoughts in your heart?"

"If a person can fight against the sky, his only capital is his heart. If there is heaven in your heart, it is heaven; if there is no heaven in your heart, you are heaven. If the heart dies, it is more terrible than the death of a person. Yuyao

's beautiful eyes showed surprise: "I didn't expect you to have such a deep understanding. It really surprised me.""

"Water is indeed a wonderful thing. It turns into ice when it gets cold and turns into fog when it gets hot. Although it looks fragile, it is everywhere and extremely tough."

Hearing this, Qin Chuan had an inexplicable understanding.

He raised his head gently and looked at the snowflakes flying in the sky. He unknowingly stepped into the lake and stood quietly on the thick ice. On the floor.

Yes! Look at the snowflakes in the sky, the ice under your feet, and the water vapor floating everywhere. Isn't it all water? It seems weak, but it is extremely powerful.

Qin Chuan slowly closed his eyes, and his heart changed at this moment It felt very peaceful.

He gently stretched out his hands, feeling the caress of the snowflakes, and listening to the sound of water flowing under the ice.

At this moment, he seemed to feel that the water in the world had life and spirituality. He felt that he had become part of the water.

An extremely comfortable feeling spread from the bottom of Qin Chuan's heart.

He seemed to be in a warm embrace, and he was inexplicably moved from the bottom of his heart. Tears fell quietly. They were tears of happiness.

I don't know. Unconsciously, Qin Chuan entered a wonderful state of enlightenment...

I! God level elemental

Chapter 1650

Unknowingly, Qin Chuan entered a wonderful state of enlightenment.

At this time, he seemed to have merged into the world, and his whole aura became different, seemingly unfathomable.

Snowflakes flying all over the sky swirled slowly around him.

The water energy in the entire lake was also changing quietly, and was gradually flowing into his body at an extremely fast speed.

At this moment, in Qinchuan's air sea, the water elemental air mass was slowly transforming into a blue cyclone, slowly rotating.

As the cyclone slowly forms, the rotation speed becomes faster and faster.

Between heaven and earth, more and more water energy poured into Qin Chuan's body, and his momentum became stronger and stronger.

Boom~Long~Long!

After a while, a huge vortex of water energy formed above the entire lake, making a roaring sound.

Yuyao looked at all this with a surprised look on her face, with a look of disbelief in her eyes.

Epiphany!

This is an epiphany!

Enlightenment is very rare!

Some people have an epiphany only once in their lives.

Qin Chuan was only thirteen years old, but he suddenly had an epiphany.

It seems that not only is he talented in cultivation, but he also has extremely high levels of understanding, and his future achievements will surely be limitless!

Thinking of this, Yuyao looked at Qin Chuan with a hint of appreciation.

Enlightenment relies on understanding and chance. It cannot be deliberately forced. It is a wealth that can be encountered but cannot be obtained.

Many people never have an epiphany in their lifetime, but some people often get it.

Enlightenment is also a way to improve your cultivation.

Its appearance has nothing to do with cultivation talent, but only has to do with understanding.

For example, it is extremely rare for a person with inferior qualifications to be able to cultivate to the third level.

But a very small number of warriors with inferior qualifications can still practice to the fourth level, which is related to their understanding.

After a while, Qin Chuan opened his eyes and came back to his senses.

At this time, he was pleasantly surprised to find that the water energy had broken through to the second level, and the accumulation was very strong.

Feeling the improvement in cultivation, Qin Chuan couldn't help but exude the aura field.

The next second, he clearly felt that the recovery speed of water energy was at least three times as fast as before.

Now that he has his own aura field, he doesn't have to worry about being overcome by the aura and affecting the performance of his combat power when he encounters a second-level warrior.

"Qin Chuan, congratulations on your great improvement in cultivation!"

At this moment, Yuyao's melodious voice sounded from the side.

"Thanks to Sister Yuyao's kind words, my little brother finally had a clear understanding."

Yu Yao smiled slightly: "If you weren't perceptive, even if my sister said what she said before a thousand times, you still wouldn't be able to realize it."

"No matter what, Qin Chuan is still very grateful to Sister Yuyao"

"And what happened last time, my brother never had time to thank his sister for saving her! Qin

Chuan looked sincere.

Yuyao smiled and said, "You are talking about what happened last time with Zhou Shao!" You don't have to worry about it, but you should be careful about Young Master Zhou. He is a person who will retaliate for his anger."

"Thanks for the reminder, sister! By the way, my little brother has made great progress in cultivation this time. I hope my sister doesn't let Mr. Zhou know about it."

"This is natural!"

At this moment, Qin Chuan seemed to have noticed something, and suddenly turned his head and looked into the distance.

Then, he turned to look at Yu Yao

"Sister, someone is here, and he is a third-level master. Let's get out of here!"

Yu Yao glanced at Qin Chuan and listened intently. After a while, she showed a look of surprise.

"Sure enough, someone is here. Qin Chuan, your hearing is really extraordinary. You actually noticed it before your sister. No more talking, since someone is here, let's go!"

"Um!"

At that moment, the two people's figures flashed and left the lakeside.

Not long after the two people left, two middle-aged people came to the lakeside, both wearing instructors' uniforms..
