

## God level 1651

### Chapter 1651

Not long after the two left, two middle-aged men came to the lakeside, both wearing instructors' uniforms.

These two people are the instructors of the preliminary guard battalion.

The two of them glanced at the lake and saw the messy footprints on the lake.

"It seems there was someone here just now!"

"Um! Judging from the previous fluctuations of vitality between heaven and earth, that person should have advanced to the second level here."

"Do you think it will be those members of our reserve escort battalion?"

"impossible! The person who just broke through was the second level of the water element. The members of the reserve guard camp are all practicing the fire element."

"Could it be that a passing cultivator came to our Zhou family's territory and used the water energy here to advance?"

"possible!"

"snort! Today's casual cultivators are so bold that they even dare to invade the Zhou family's territory. Let's go! Let's find this reckless guy and teach him a lesson!"

"Um!"

As soon as the words fell, the two instructors' figures flashed and left the lake.

But on the other side, Qin Chuan left the lake and made another circle before returning to his residence. As soon as he returned to the house, Qin Chuan He couldn't wait to close the door and test his comprehensive strength.

After this test, he was pleasantly surprised to find that his comprehensive combat power had reached the limit of the second-order Dzogchen, and could sweep away most second-order Dzogchen fighters. A master.

In other words, if he meets an opponent of Song Jian's level again, he can easily defeat him within a few moves.

Of course, if he faces a third-level master, he will be no match for him.

Even if he encounters the weakest third-level master , he will be no match for him. He has no strength to fight against a level 1 master.

The barriers of level 1 become larger as they go further back.

The extreme powerhouse of level 2 Dzogchen is still vulnerable in front of a level 3 warrior.  
.....

Qin Chuan decided to continue to improve his strength.

He must continue to accumulate strength in the hope that one day he can kill Master Zhou without anyone noticing.

Thinking of this, Qin Chuan took out the fire dragon beast's essence and blood and began to strengthen his body.

After all, both wood and fire systems are stuck at a bottleneck, making it difficult to make any progress in practice.

The water element has broken through to the second level, and the difficulty of training has also increased. If you continue to practice, your strength will not increase too quickly.

Currently, the fastest way to improve your strength is to train your body.

In this way, Qin Chuan devoted himself to training in the next time.

Time flies!

In the blink of an eye, another six days passed.

On this day, Qin Chuan was practicing the distraction sword technique in the yard.

A member of Group 7 came over to report that Miss Yuyao was looking for him and asked him to go to the Alchemy Bureau.

Qin Chuan was confused, wondering why Yuyao was looking for him.

However, he was grateful to Yuyao and naturally wanted to go there.

A quarter of an hour later, inside the pill shop.

A little medicine boy brought Qin Chuan into a study room

"Miss Yuyao, Brother Qin Chuan, the leader of the seventh group, is here.", the little medicine boy reported respectfully.

In the study, Yuyao was sitting lazily on a sandalwood chair, holding an ancient-looking book in her hands.

After hearing the little medicine boy's report, she put down the book gracefully and smiled. He said:"You should retreat first!"

"yes!", the little medicine boy respectfully resigned.

"Qin Chuan, how are you doing lately?"

Yu Yao's beautiful face showed a sweet smile.

"fine! Sister Yuyao, what do you want from me?"

"I want to take you to meet someone, someone you know"

"Someone I know?", Qin Chuan showed a trace of doubt.

At this moment, the corner of his eye fell on the book in Yuyao's hand, and he suddenly felt that the words on it looked familiar. When he looked carefully, his eyes lit up. It turned out that , the text on the book was very similar to the text on the War God's Order.

Obviously, the text on this book was probably ancient text.

Yuyao smiled when she saw Qin Chuan staring at the ancient book in her hand. Asked:"What? Do you also know ancient texts?"

Hearing this, Qin Chuan was pleasantly surprised, secretly thinking that it was really ancient writing.

At that moment, he hurriedly said:"I don't know ancient writing, but I have seen some such writing, so I felt familiar at first glance. Could it be that my sister knows ancient texts?"

Yu Yao nodded slightly:"I think we know each other, but I don't know many, and I can only recognize five or six out of ten. For some ancient documents, I can only guess while reading."

Hearing this, Qin Chuan thought of Lin Yue.

Last time, he eavesdropped on the conversation between Lin Yue and the Monkey King.

Lin Yue's knowledge of ancient writing was only 20/20, which was far worse than Yu Yao's.

Thinking of this, Qin Chuan's heart moved and he couldn't help but look at Yu Yao.

He wanted to learn ancient writing from Yu Yao, which could help him unlock the secret of the War God's Order..

Chapter 1652

Yuyao saw Qin Chuan staring at her, her beautiful face was slightly rosy.

"Sister Yuyao, why are you interested in ancient texts?"Qin Chuan asked out his curiosity.

Yuyao smiled slightly:"Martial arts were prevalent in ancient times, with many factions, and alchemy was even more prosperous. The achievements of alchemy at that time are unattainable now. My master is obsessed with the alchemy of the ancients and loves to study these ancient texts on weekdays.""

"I also learned a lot from him. The ancient book my sister holds is an ancient book about alchemy. Why do you ask this? Are you also interested in ancient texts? Qin

Chuan nodded slightly:"I'm very interested. I wonder if sister can teach me?"

Yuyao smiled and said,"You can also let your sister teach you." However, if you meet someone with your sister first, and then help her do something, your sister will naturally teach you. Qin

Chuan's eyes lit up:"I wonder what my sister asked me to do?""

"You can talk to that person first. As for what it is, my sister will tell you after meeting that person."

Yu Yao's beautiful face showed a cute smile.

Qin Chuan was also curious and said:"Then I'll trouble my sister to lead the way."

"follow me!"

Then, the two of them left the study one after another.

Not long after, Yuyao took Qin Chuan to an alchemy room.

In the alchemy room, they saw a pretty and cute little girl, concentrating on weighing The ratio of medicinal materials.....

"Xiao Xiang'er!"

Qin Chuan was a little surprised when he saw the familiar figure.

Hearing Qin Chuan's voice, Xiao Xiang'er raised his head in surprise:"Hey! Brother Qin Chuan! whee!! Brother Qin Chuan, why are you here?"

Xiao Xiang'er quickly put down the medicinal materials in her hand, ran towards Qin Chuan happily, and hugged Qin Chuan's arm

"Xiao Xiang'er, why are you here?"

"Brother Qin Chuan, Master Zhou arranged for me to come over and be an assistant to Sister Yuyao, so now I am Sister Yuyao's assistant!"

Qin Chuan suddenly realized that the person Yuyao wanted him to see was Xiao Xiang'er.

"Sister Yuyao, do you think the person I know is Xiao Xiang'er?"

"yes! Don't you know each other?", Yuyao looked at the two of them mischievously.

Qin Chuan said slightly embarrassedly:"I'm just a little strange, how do you know, we know each other. Yuyao smiled and said:"This little girl Xiang'er talks about you in my ears every day. If I don't know that you two know each other, it won't make sense." I heard that you two grew up together. Qin Chuan nodded slightly:"

Yes!" We are all orphans and grew up in the Zhou family."

At this time, Xiang'er took out a small Juyuan Pill and handed it to Qin Chuan like a treasure.

"Brother Qinchuan, this is the first elixir I refined, and it is also a gift from Xiang'er to you."

"Did you refine this?"

Qin Chuan looked at the Little Juyuan Pill in his hand with surprise.

You know, the status of an alchemist is very noble.

Similarly, it is extremely difficult to become an alchemist.

"Xiao Xiang'er, have you learned alchemy?"

"Um! It was all taught by Sister Yuyao"

"How long have you been studying?"

"It's been half a month!", Xiao Xiang'er said happily

"Half a month? You can refine Xiaojuyuan Dan after only half a month of learning."

Qin Chuan's eyes widened in shock and he couldn't believe it.

As far as he knew, a beginner would have to learn at least half a year to refine the Xiao Ju Yuan Dan.

At this time, Yu Yao also praised sincerely: "Yes! Xiao Xiang'er has indeed only been learning for half a month. Her talent in alchemy is the best I have ever seen, even I am inferior to her. Given time, she will definitely become a high-level alchemist!"

Senior alchemists are extremely rare in the entire Dakun Kingdom...

Chapter 1653

Senior alchemists are extremely rare in the entire Dakun Kingdom.

"I never thought that this little girl like you has such a high talent in alchemy."

Qin Chuan gently scratched Xiao Xiang'er's nose.

He was really happy that Xiao Xiang'er had such a high talent for alchemy.

"snort!"

Xiao Xiang'er wrinkled her cute little nose and said proudly:"Of course!"

The little girl has no modesty at all.

At this time, Yuyao smiled and said:"Qin Chuan, I asked you to see her today because I want you to help me persuade her!"

"Advise her?", Qin Chuan was a little confused.

"Um! With Xiao Xiang'er's alchemy talent, any alchemist who knows about it will rush to accept her as a disciple. I want my master to accept Xiao Xiang'er as his apprentice and become my junior sister. But Xiao Xiang'er didn't agree. She said she would only agree if you agreed."

Hearing this, Qin Chuan's heart warmed up and he was inexplicably moved. Looking at the little girl in front of him, he couldn't help but think of his childhood.

I don't know when, but the little girl in front of him has regarded him as her biggest support.

Want to You know, the status of an alchemist is much higher than that of a warrior.

If Xiao Xiang'er can become an alchemist, her destiny will be completely changed. She will no longer be a humble little maid, but a superior alchemist..If one day, Xiao Xiang'er becomes a senior alchemist, then she will be the upper class of this continent.

"Xiao Xiang'er, why don't you agree? Don't you want to be an alchemist? Qin Chuan asked softly.

But Xiao Xiang'er said seriously: "Think about it!" But Xiang'er hoped to get his brother's consent. Even if Xiang'er becomes an alchemist in the future, Xiang'er only hopes to be her brother's alchemist and can make elixirs for him alone."

"Silly girl! So, you agree?"

"Um! Brother, this little Juyuan Pill is a gift from me. Do you like it?"

"Um! like."

Qin Chuan accepted the Little Ju Yuan Pill with a smile.

Although the Little Ju Yuan Pill had no effect on him, it was Xiao Xiang'er's intention after all.

Xiao Xiang'er saw Qin Chuan accept the Little Ju Yuan Pill. , eyes full of joy, even happier than picking up a treasure

"Xiang'er, since you agree, I will take you to see my master in one month"

"Um! Sister Yuyao, will your master accept me as his disciple?"

At this moment, the little girl became a little worried.

Yuyao smiled and said, "Don't worry! After my master knows your talent, he will definitely agree. I think he is too late to be happy, so how can he refuse. You first practice what I have taught you these past few days, and give him a big surprise when the time comes!"

When I thought that the master would show a shocked expression when he saw Xiang'er, even Yuyao, who had always been dignified and elegant, showed a naughty smile.

Next, in order not to disturb little Xiang'er's practice, Qin Chuan and Yu Yao Yao left the alchemy room.

After a while, the two came to the study

"Sister Yuyao, you said before that you wanted me to do something for you, which was to persuade Xiao Xiang'er?"

"Yes, that's it. But what I didn't expect was that that little girl would listen to you so much. She is so affectionate towards you!"

Yu Yao's tone revealed another profound meaning.

Qin Chuan smiled slightly and turned to look out the window, recalling things from his childhood.

Deep in his memory, it was the outer courtyard of the Zhou family.

An eight or nine-year-old boy, he was full of Although his body was scarred, he was coaxing a crying little girl.

The little girl looked like she was only seven or eight years old.

"OK! Stop crying, I have beaten away all the bad guys who bullied you!"

The little boy tried his best to smile, but the bruises on his face made his smile look funny.

The little girl was immediately amused by the little boy's weird smile and burst into tears.

"Thank you brother! Are you still in pain?", the little girl asked distressedly

"Of course it hurts, my face is swollen, so how can it not hurt? By the way, what's your name?"

"My name is Xiao Xiang'er. Where are you, brother?"

"My name is Qin Chuan. I see you are about the same age as me! From now on, just play with me and ignore those bad guys."

"Um!", the little girl looked at Qin Chuan, her eyes full of joy..

Chapter 1654

"Qin Chuan, what are you thinking about?"

Yu Yao's voice interrupted Qin Chuan's memories.

Qin Chuan smiled slightly: "What do you want to say, sister?"

"how? Don't you want to learn ancient writing?"

"Of course I do!"

Yu Yao pulled out a thick manuscript from the shelf in the study room, which was about ten centimeters thick.

"Since you helped me persuade Xiao Xiang'er, I will naturally teach you. This is the "Compilation of Modern and Ancient Chinese Characters" compiled by my tutor. It contains comparative annotations between modern Chinese characters and ancient Chinese characters."

"If you can memorize all the contents inside, even though you cannot know all the ancient texts, you can still know about 70% of them."

"However, this "Compilation and Translation of Modern and Ancient Chinese Characters" was compiled by my tutor after more than thirty years of hard work. It was regarded as a treasure by my tutor and was never allowed to be touched by others. It was never shown to outsiders."

"Currently, only my tutor and I have watched it. Now I will lend it to you to read, but at the risk of being punished by my tutor, you can only read it in my study every day and must not take it out of the study. Qin

Chuan said gratefully: "My sister risked punishment to lend me such an important document. Qin Chuan is very grateful. I will never take it out of the study." Yuyao smiled and said, "Don't thank me yet. The content of 'Modern and Ancient Chinese Characters Translation' is complex and boring. I'm afraid you won't have the patience to learn it.'"

"Don't worry, sister! Since I want to learn, I will definitely work hard"

"Then you study slowly and my sister won't bother you."

At that moment, Yuyao put down the book, smiled sweetly, and turned around to leave.

After a while, Qin Chuan was the only one left in the study.

Then, he picked up the "Modern and Ancient Chinese Characters Translation" and started studying eagerly.

Yuyao In order to give Qin Chuan a quiet study environment, Yao specially arranged for a medicine boy to guard outside the study and prohibit anyone from breaking into the study.

In this way, in the next few days,

Qin Chuan made full use of the Qingxin Curse and slept only one person a day. Time.

At night, he practiced the ancient body-refining method and the distraction sword technique.

During the day, he spent all his time in Yuyao's study, studying the "Modern and Ancient Chinese Characters Translation" without sleep or food.

Because he was too devoted to studying. , he often didn't even know it was time for dinner.

Every time, it was Yuyao and Xiao Xiang'er who brought him food.

Qin Chuan studied so hard, which made Xiao Xiang'er feel distressed, and every time he advised him to take a rest. Yes, Qin Chuan smiled and said nothing.

All this fell into Yu Yao's eyes, but it was another matter.

In her opinion, Qin Chuan worked so hard, and at the age of thirteen, he could be as good as he is today. Achievements are no accident.

In the future, Qin Chuan's achievements will definitely be extraordinary.

At this point, Yuyao appreciates and respects Qin Chuan more.

In addition to talent and understanding, hard work is also essential for a warrior's achievements.

As the saying goes God rewards hard work.

Not only is Qin Chuan extremely talented and extremely intelligent, but he also works very hard. One day he will turn into a dragon with golden scales and soar for nine days.

Time flies!

In the blink of an eye, eleven days have passed.

Through these ten In one day of study, Qin Chuan memorized 70% of the contents of "Modern and Ancient Chinese Characters Translation".

This was an extraordinary memory for him. If an ordinary person could remember 10 to 20% in eleven days, even if Very good.

But on this day, Qin Chuan was immersed in studying.

There was a burst of footsteps outside the study.

Then, Young Master Zhou's voice sounded outside the door..

Chapter 1655

But on this day, Qin Chuan was studying hard.

Outside the study, there was a sound of footsteps.

Then, Master Zhou's voice sounded outside the door.

"Is Miss Yuyao in the study?"

"Report to the fourth young master that my young lady is not in the study.", the medicine boy's voice sounded outside the door.

"Yeah? Why do I feel like there is someone in the study? Get out of my way! I would like to see who is in this study?"

"Fourth Young Master, I'm afraid this is not good, right? Miss Yuyao....."

"Get out of here! I want you to give me instructions when I do something?"

The medicine boy was so frightened that he backed away.

In the study, Qin Chuan was awakened by the quarrel outside the room.

When he heard the voice of Young Master Zhou Zhou, his face changed slightly, and he quickly put the "Modern and Ancient Chinese Characters Translation" back on the bookshelf..

As soon as he put it back, Young Master Zhou barged in, followed by Qian Xing.

"why you? Young Master Zhou was greatly surprised when he saw it was Qin Chuan.

Immediately, he was furious: "You despicable servant, how dare you break into Miss Yuyao's study, do you want to die?".

Hearing this, a flash of anger flashed in Qin Chuan's eyes.

However, a small impatience will ruin the big plan.

He said softly: "Fourth Young Master misunderstood, my subordinate did not break into Miss Yuyao's study, it was Miss Yuyao Let me stay here. Mr.

Zhou Zhou smiled coldly: "Are you qualified to stay in Miss Yuyao's study?" What is your identity? What is Miss Yuyao's identity? How could Miss Yuyao let you stay here?"

"The fourth young master is right! Qin Chuan, I think you broke in on your own!"

Qian Xing also echoed, trying to please Young Master Zhou.

At this time, the medicine boy outside the door hurried over.

"Fourth Young Master, Brother Qin Chuan did not lie, it was Miss Yuyao who asked him to stay here!"

Hearing this, Young Master Zhou's face instantly darkened and became extremely sinister.

Who is this Qin Chuan?

He is just a servant and a reserve guard.

I am a direct disciple of the Zhou family.

Why is Yuyao Although he is so favored by me, he has always been lukewarm towards me. Young Master Zhou thought that he has been trying his best to please Yuyao, but he has not been able to win her favor.

And the boy in front of him has a humble status and only interacts with Miss Yuyao. They met several times, but Miss Yuyao favored him.

This immediately made him jealous, and he wanted to cut Qin Chuan into eight pieces to relieve his hatred.

"snort! Qin Chuan, you said Miss Yuyao asked you to stay in the study. Why did she do this?"

Young Master Zhou Zhou's voice was sinister, and he was already furious.

Qin Chuan said calmly: "I heard that Miss Yuyao has a rich collection of books, so I came over to borrow some books to read. Miss Yuyao agreed to let me stay in the study to read"

"hehe!"

Young Master Zhou laughed dryly, and his face became even more gloomy.

He once used the same excuse to get closer to Yuyao, but Yuyao declined.

But he didn't expect that Yuyao actually agreed to the little thief in front of him. Such a difference  
The treatment made him even more jealous

"snort! Qin Chuan, you are lying!"

Young Master Zhou Zhou was determined to teach Qin Chuan an unforgettable lesson.

"This subordinate didn't lie. This brother, the medicine boy, can prove it to me."

"snort! I think you two are colluding, so don't give me any more nonsense. Money punishment!  
Capture Qin Chuan quickly. I will take him to Miss Yuyao for questioning."

"yes!"

"Qin Chuan, you'd better just go ahead and capture him, so that I won't have to waste any time.  
Qian

Xing had a sinister smile on his face, obviously not taking Qin Chuan seriously.

Qin Chuan sneered: "Why should I just surrender?" I didn't make a mistake!

Qian Xing was furious: "Boy, you are so stubborn!" See how I deal with you!"

Boom~!

Qian Xing's whole body's momentum exploded instantly, and he rushed directly towards Qin Chuan.

The next second, he used his claws like lightning to grab Qin Chuan's chest....

Chapter 1656

Seeing Qian Xing take action, Qin Chuan's eyes showed a hint of disdain.

With his current strength, he can destroy Qian Xing with just a raise of his hand.

It's just that he doesn't want to reveal his strength yet.

At that moment, Qin Chuan did not fight back. He swerved and easily avoided the swift grab.

"Huh!"

Qian Xing was greatly surprised when he saw Qin Chuan easily avoiding it, and punched Qin Chuan's face again.

Qin Chuan sneered and quickly raised his fist to meet him.

Bang~!

There was a muffled sound!

The two fists intersected!

The two of them retreated. After three steps, they were evenly matched.

Qin Chuan naturally pretended to do it.

But this result was very horrifying in the eyes of Young Master Zhou and Qian Xing.

You know, a month ago, Young Master Zhou tried it with his own hands. Qin Chuan's strength.

At that time, Qin Chuan's pretended strength was infinitely close to that of a second-level warrior, and even worse than a real second-level warrior.

But he didn't expect that a month later, Qin Chuan's strength would be as strong as that of a second-level warrior. The warriors are tied

"Qin Chuan, I didn't expect that after only a month without seeing you, your strength has increased a lot!"

The corners of Young Master Zhou's mouth were slightly raised, and the murderous intent in his eyes was even stronger.

"The Fourth Young Master has given me a reward. His subordinates have made some progress, but not much."

"Yeah? Qian Xing, stand down! I want to personally learn Qin Chuan's skills."

Seeing that Young Master Zhou was about to take action personally, Qin Chuan couldn't help but shrink his pupils.

Although Young Master Zhou is a second-level Dzogchen warrior, Qin Chuan is confident that he can defeat the opponent within one move, but this is not the time to reveal his strength.

Just when Qin Chuan was in a dilemma, a clear voice came from outside the door.

"Thursday less, what do you mean?! Who told you to hit someone in the little girl's study?"

As soon as he finished speaking, a beautiful figure walked in outside the door, it was Yuyao.

When Zhou Shao saw Yuyao, he quickly stopped and put on a smiling face.

"Miss Yuyao misunderstood. I saw this little thief breaking into your study, so I wanted to catch him and teach him a lesson. Yuyao said with frost on her face: "Fourth Young Master, Qin Chuan is not a thief, but my guest." It was the little girl who asked him to stay in the study and read. Does the young lady need to obtain the fourth young master's consent for anyone to stay here?"

Hearing Yuyao Qin Chuan on the left and Qin Chuan on the right calling each other affectionately.

He also made it clear that he wanted to protect Qin Chuan. Young Master Zhou became jealous, and his heart was filled with jealousy.

At that moment, he laughed twice: "hehe! It turns out that Miss Yuyao asked Qin Chuan to stay here. It seems that I misunderstood."

"Qin Chuan, it was just a misunderstanding, I hope you don't mind."

Zhou Shaopi walked up to Qin Chuan without a smile and patted Qin Chuan on the shoulder.

"The subordinates won't mind, but the Fourth Young Master is worrying too much."

Qin Chuan said no, but his heart was filled with murderous intent.

At this time, Master Zhou came to Qin Chuan's ear and whispered

"Qin Chuan, no matter what your reasons are, I am not allowed to enter this study again, let alone get close to Yu Yao. I hope you can remember what I said, otherwise you won't blame me for being ruthless."

After saying this, Zhou Shao retreated to Yuyao as if nothing had happened.

Yuyao frowned slightly. Although she could not hear what Zhou Shao said, it must not have been a good thing.

"Miss Yuyao, it was just a misunderstanding. I hope you don't mind."

"Since it was a misunderstanding, the little girl wouldn't mind. I wonder why the Fourth Young Master is here?"

Yu Yao didn't want to embarrass Young Master Zhou, so she changed the topic.

"Ha ha! I gained a lot from this hunting training and got a lot of ferocious beast inner elixirs. I want to ask Miss Yuyao to use those ferocious beast inner elixirs to help me refine some elixirs."

"This matter is easy to discuss. Fourth Young Master, you and I can go out and discuss it in detail. Qin Chuan, stay here and continue reading!"

Yu Yao gave the order and was about to lead everyone out of the study.

After hearing this, Young Master Zhou's expression changed and he looked at Qin Chuan with a half-smile.

The meaning in his eyes was very clear, that is, let Qin Chuan take the initiative to leave the study..

But Qin Chuan stood motionless, with no intention of leaving.

Seeing Qin Chuan like this, Young Master Zhou's face gradually became gloomy, and there was murderous intent in his eyes, without hiding anything...

Chapter 1657

Seeing Qin Chuan like this, Young Master Zhou's face gradually darkened, and murderous intent was revealed in his eyes, without hiding anything.

But in front of Yuyao, he couldn't get angry.

Afterwards, Zhou Shao smiled, turned around and left with Yuyao and others.

Looking at Young Master Zhou's unwilling to leave, Qin Chuan sneered in his heart.

He knew very well that even if he listened to Master Zhou's words and left the study, he would never set foot in the study again.

Mr. Zhou will not let him go and will kill him sooner or later.

In this case, why should he listen to Mr. Zhou?

What's more, Qin Chuan only wrote down seven-tenths of the "Compilation of Modern and Ancient Chinese Characters", and failed to write down three-tenths of it.

If he could not enter the study room again, he would lose a great opportunity to learn ancient writing, and he was not willing to give up such a rare opportunity.

After all, if he wants to understand the 'Order of the God of War' and the legendary God of War Temple, he must first understand the ancient texts

"snort! Less Thursday! One day I will kill you!"

In the study, Qin Chuan's eyes were full of hatred and murderous intent.

Let me listen to you and really treat yourself as a person!

Qin Chuan sneered in his heart.

He also knew that today's matter did not directly break up with Young Master Zhou. Shameless, but his actions have hurt Young Master Thursday's interests.

With Young Master Thursday's vengeful character, I'm afraid it won't be long before he will retaliate crazily against him.

However, as long as he doesn't leave the reserve guard camp, Young Master Thursday will It's hard to get a chance to do it.

What's more, he also has a trump card, which is to hide his strength and make Zhou Shao miscalculate.

Thinking of this, Qin Chuan immediately abandoned the distracting thoughts in his heart and immersed all his thoughts in learning ancient texts.

He The most important thing to do now is to seize the time to memorize the "Compilation of Modern and Ancient Chinese Characters".

If an ordinary person has experienced the changes just now, I am afraid that he will no longer have the heart to learn any ancient characters.

From this alone, it can be seen that, Qinchuan has gradually possessed the potential to remain calm despite shock and possess great wisdom and courage.....

In the next few days, Qin Chuan went to Yuyao to study ancient writing as usual during the day.

Go to the forest at night to practice physical skills and distraction sword skills.

During this period, due to refining its body every day, the fire dragon beast's essence and blood have been completely used up.

Qin Chuan spent all the money he had on him to buy two bottles of the essence and blood of sixth-level ferocious beasts.

As for the remaining two Fire Spirit Crystals, he took out one and sent it to Wanbaoxuan for auction.

But on this day, in the inner courtyard of the Zhou family, Young Master Zhou lived.

In the hall, Zhou Shao smashed the rosewood chair back with one palm

"What did you say? Haven't you seen that bitch Qin Chuan? Qian

Xing was horrified: "Yes, Fourth Young Master, I went to the seventh group's camp several times. Every time he seemed to know in advance that I was going to find him, so he left early. My subordinates have never been able to meet him."

"Then did you ask someone to send a message to him, asking him to come and see me?"

"I asked someone to pass it on, but he just didn't come."

It turns out that Qian Xing ordered Qian Xing to look for Qin Chuan a few times on Thursday, but Qin Chuan avoided him and escaped in advance.

Qian Xing also asked seven groups of team members to send a letter to Qin Chuan, so that after Qin Chuan learned about it, he Go to the inner courtyard of the Zhou family to meet Young Master Zhou.

Qin Chuan ignored those messages.

After all, Qin Chuan is a reserve guard, and his immediate superior is the instructor of this group.

Although Young Master Zhou has a distinguished status, he does not have direct jurisdiction over Qin Chuan. Power.

The instructors are all third-level warriors, with the same status as the guard captain of the guard camp.

Although he, Zhou Shao, is a direct disciple of the Zhou family, he is a third-generation disciple with no real power.

For a guard captain at this level, it is difficult to control him. , there was nothing he could do against Qin Chuan.

In fact, he didn't have any good intentions when he asked Qin Chuan to go there.

Qin Chuan also knew that it was the Hongmen Banquet, so he simply didn't go....

Chapter 1658

"Fourth Young Master, I think Qin Chuan doesn't take you seriously at all. You see, he has been running to Miss Yuyao all day long these days, making it clear that he wants to go against you."

Qian Xing on the side was slandering Qin Chuan even more. After Zhou Shao heard this, he became even more furious.

"Qin Chuan, this little bastard, even though I told him not to look for Yuyao, he kept running around all day long, but I simply ignored him. Young Master Zhou became more and more angry as he thought about it:"

Previously, I was afraid that Yuyao would be angry, so I kept thinking of going outside the city to take action. This time, as soon as this little beast leaves the reserve guard camp, I will kill him!"

"Fourth Young Master, I'm afraid this is inappropriate! You and Qin Chuan had two conflicts, and Miss Yuyao saw them both. If Qin Chuan died suddenly as soon as he left the reserve guard camp, Miss Yuyao would definitely be suspicious of you, which would definitely affect your plan!"

Hearing this, Young Master Zhou pondered for a long time before whispering:"You're right, I can't ruin my big things just because of a little bastard."

"That little girl Yuyao pretends to be arrogant in front of me all day long. One day I will put her on the bed and make her submissive. When the time comes, hehe....."

I don't know what he thought of, Young Master Zhou laughed out loud.

"What the fourth young master said is true, so what the fourth young master has to do now is to make Miss Yuyao put down her guard, so that she can attack in secret!"

"Money punishment, you still understand my thoughts. Have you got the medicine I asked you to prepare?"

"Got it! Qian

Xingxianbao seemed to take out a small porcelain bottle and said, "Master, this medicine is called 'Heaven's Death'. Even if an immortal takes it, his whole body will become hot and he will be unable to resist."....."

Master Zhou's eyes lit up: "Oh? Is this thing so powerful?"

"Of course!"

"hey-hey! With this thing, the woman Yuyao is not just allowed to be ravaged by him"

"Fourth Young Master, that's what women are like. As long as you occupy their body, no matter how arrogant a woman is, she will become docile and considerate, and she will be completely devoted to you."

"hey-hey!! I can't tell you about money punishment, but you know a lot about it!"

"There! There! Just a little bit of experience."

The two of them smiled obscenely

"However, the woman Yuyao is very wary of me, so this matter needs to be considered in the long run. As for that little beast Qin Chuan, I will definitely not let him go. This time, he has made it clear that he is against me. If I don't kill him, it will be difficult for me to vent my hatred!"

"Fourth Young Master, don't worry! Then Qin Chuan can't stay in Shenyang City forever, he will always leave the city. This time, just send a few more people to kill him."

"good! This little beast's strength has improved quite quickly. After a month, his strength has reached the level of a second-level warrior. Qian Xing, how many people do you think should be sent to kill him this time? Qian

Xing thought for a while and said:"Fourth Young Master, you currently have eight personal guards, including the younger ones. Why don't you send six people out to assassinate them?" I think six second-level warriors will surround and kill him, and it will be difficult for him to escape even if he wants to."

"Um! It is indeed safer to send six people to kill him together, so that the kid cannot escape."

Then, Fourth Young Master Xie seemed to have thought of something, and said:"However, after meeting this boy, my luck seems to have deteriorated a lot. First, Zhao De ran away with the VIP order and money, and then Song Jian disappeared inexplicably"

"The original ten-man personal guard under me has lost two people like this. I always feel that that little bastard Qin Chuan is my nemesis. If he doesn't die, I will have trouble sleeping and eating!"

It turns out that every adult child of the Zhou family will have his own bodyguard.

There are ten members of this bodyguard, all of whom are second-level warriors.

Therefore, Song Jian is the strongest among the ten-man bodyguard on Thursday. He is dead.

Losing Song Jian was still a big blow to Mr. Zhou Zhou..

Chapter 1659

Losing Song Jian was still a big blow to Mr. Zhou Zhou.

As for the third-level warriors, they are all captain-level figures in the escort team and are also elites in the escort team. The Zhou family will not assign third-level warriors to third-generation disciples as members of the personal guard.

Even with Zhou Shao's qualifications, it is difficult to recruit third-level warriors.

However, although he cannot be summoned, he can still be summoned because of his reputation as a direct disciple of the Zhou family.

As for the fourth-level warrior, who is a commander-level figure in the escort team, or a third-level worshiper in the worship hall, he is not qualified to command him on Thursday.

After all, he is only a third-generation disciple of the Zhou family, and his status among the third-generation disciples is not high.

"Fourth Young Master, don't worry! Qin Chuan will definitely die this time! I will always monitor him secretly. As soon as he leaves Shenyang City, it will be his death"

"good! I'll leave this matter to you. It's best to kill him as soon as possible. I don't have that much patience." .....

In the blink of an eye, another five days passed.

It has been sunny and good weather for three consecutive days. The snow in the sky and the earth has begun to melt slowly, and the ice on the lake has become thinner, which seems to tell people that winter is about to leave.

As the saying goes: If it snows, it doesn't get cold, so it turns into cold snow.

This weather is actually colder than before.

Early in the morning, when many people are still sleeping.

In the woods, a boy of thirteen or fourteen was shirtless, practicing boxing in the cold snow.

Steam was rising from the boy's body, the sweat evaporating from his body in this cold morning.

This young man who practices hard is naturally Qin Chuan.

He stayed up all night, practicing crazily from last night until now.

However, the hard work paid off. After this period of crazy training, Qin Chuan's physical strength increased a lot.

Qin Chuan had an intuition in his heart that as long as he practiced hard for a while, his ancient body training method could break through a limit.

Breaking through the first limit of the ancient body-refining method can open the first of the seven doors in the body, the 'Gate of War'.

Then his body will evolve for the first time. As his body evolves, his strength will greatly increase. By then, even if he meets a third-level warrior, he may be able to fight.

Thinking of this, Qin Chuan couldn't help but feel more hopeful.

During this period of time, he has been practicing the ancient body-training methods crazily, just to open the first door in his body and make himself a true body-trainer.

This is also the fastest way he can think of to improve his strength.

Just when Qin Chuan was thinking about it, a jackdaw flew from a distance, rested on a branch, ruffled its feathers, and then looked at Qin Chuan sideways for a few times. Qin Chuan raised his head and glanced at the jackdaw with a smile. , continue to practice the kicking technique.

This practice lasted until the morning fog dissipated and the sun rose high, and Qin Chuan was not willing to give up.

When the jackdaw saw Qin Chuan stop practicing, it flapped its wings and flew away, causing even the snow on the branches to fall.

Qin Chuan looked at the jackdaws flying away with a smile. His smile gradually turned cold, and murderous intent gradually appeared in his eyes.

This jackdaw has been appearing in his training place for more than half a month. This is definitely not an ordinary bird. Could it be that someone is spying on him?

Qin Chuan had countless thoughts in his mind. He also thought that it might be Mr. Zhou, but when he thought about it, it was unlikely.

Zhou Shao only came back five or six days ago, but this bird has been monitoring him for more than half a month. It should not be Zhou Shao.

But besides Zhou Shao, who else is it? Qin Chuan couldn't understand for a while.

No matter, if I go to Sister Yuyao's place to study for half a day today, I should be able to finish learning all those ancient texts.

Thinking of this, Qin Chuan felt better again.

In the early morning, the Zhou family guard camp was in the east area, beside a secluded small lake.

A handsome middle-aged man was quietly looking at the thin ice in the lake.

But at this moment, a jackdaw flew from the distant horizon and landed on the middle-aged man's shoulder.

This jackdaw is the one that monitors Qin Chuan every day.

If Qin Chuan were present, he would definitely recognize that this handsome middle-aged man was actually the Deacon Qin he had always wanted to see..

Chapter 1660

"elder brother! How is Qin Chuan now?"

"That kid practices very hard!"

It was actually the jackdaw who spoke.

"elder brother! It seems that your decision was correct. Let him grow up among the servants of the Zhou family. Only in this way can he develop a personality that is not afraid of hardship and is good at being independent."

Deacon Qin also admires his brother's foresight.

"Ah Sheng, I let him grow up in the Zhou family not only to sharpen his personality."

"Brother, I know, the main reason is to regain our Qing family's 'Blue Dragon Pearl'. I wonder what Qin Chuan's current cultivation level is?"

"Progressing quickly! His water energy has broken through to the second level, and both wood and fire elements are stuck at the bottleneck of breaking through to the second level."

"So fast!"

Deacon Qin was very surprised, and soon his face showed a look of ecstasy.

"With Qin Chuan's cultivation progress, I think he will be able to reach the third level soon. As long as he reaches the third level, he will have the opportunity to become the Zhou family's blood guard and enter the Zhou family's forbidden area. At that time, we will also have the opportunity to take action."

"good! Not only you, but also me are surprised at the speed of this kid's cultivation. Originally, I was worried that his cultivation progress was not enough, but it seems that I was overly worried. And he seems to have practiced a kind of physical training that I don't know about."

"In any case, we are likely to take action earlier than scheduled."

"Isn't this better? Our Qing family has been waiting for this day for a long time."

Deacon Qin's eyes showed a fighting spirit.

"snort! Of course, when the time comes, our Qing family will definitely use all our strength to severely damage the Zhou family and regain the Qing Dragon Pearl that originally belonged to our Qing family.

Deacon Qin also said:"Hmph!" This Zhou family is just a lackey of the person behind the scenes. As long as we recapture the Blue Dragon Pearl, we can revitalize the Qing family. When the time comes, we must find out the person behind the destruction of our Qing family!"

"There's no need to worry about it in advance. For now, I'd better find a way to get the Blue Dragon Pearl back first."

"Um! Brother, tell me, when will we tell Qin Chuan the truth about all this?"

"Now, his fire skills have reached the bottleneck of advancing to the second level. As soon as he breaks through, he can join the escort team. At that time, we should tell him all the truth."

"I don't think it will take long, and, as far as I know, there is a lot of conflict between him and the fourth young master of the Zhou family."

"Brother, should we help him?"

"Need not! Let him deal with it on his own. This is just an opportunity to temper him and make him hate the Zhou family. This is exactly what I want."

"However, I am still a little worried about Qin Chuan. After all, the other party is a direct disciple of the Zhou family. If he offends the other party, he may be in a very dangerous situation."

Deacon Qin couldn't help but look worried.

"If there is no danger, how can it be called grinding? Only in adversity can people grow faster! Ah Sheng, I'm leaving, take care!"

"Um!"

.....

Preparing the guard camp, the elixir bureau.

In Miss Yuyao's study.

Qin Chuan studied ancient texts eagerly and sat motionless in his chair.

After a while, Qin Chuan stood up and stretched, with a happy look on his face.

After nearly half a month of hard reading, Qin Chuan finally memorized the entire "Compilation of Modern and Ancient Chinese Characters".

Nowadays, although Qin Chuan dare not say that he recognizes all ancient texts, he can at least recognize nine out of ten, which is better than Yu Yao, let alone Lin Yue.

This kind of harvest made Qin Chuan very satisfied.

Qin Chuan stood up and saw that he was the only one in the study, so he took out the War God's Order that he had hidden on his body and studied it carefully.

I saw that the War God Token looked like it was made of bronze, and its style was very simple.

On the front, there are three characters "Order of the God of War" written in ancient characters, and on the back it says, "God gave me a body, the earth shaped my body, opened my hidden veins, and opened my seven doors."!

The sentence on the back summarizes the function of the ancient body-refining method, so Qin Chuan suspects that the ancient body-refining method is a technique spread from the God of War Sect.

"Huh! There is another line of fine print here!"..
