

God level 1661

Chapter 1661

Qin Chuan looked at the back in surprise and saw a line of small words on one side of the sentence on the back.

That line of small characters reads: "The gods fight in the wild, and their blood is black and yellow. I use it to draw it, and I will pass it on."

What does this sentence mean? Qin Chuan pondered in his mind.

Gods fighting in the wild, their blood is black and yellow, does it mean that those who call themselves 'gods of war', their blood is different from ordinary people?

By the way, since I practiced the ancient body-refining method, my blood is a little different from ordinary people, with a faint golden color. Could it be...

Thinking of this, Qin Chuan's eyes lit up, and he seemed to have thought of something.

But at this moment, footsteps sounded outside the door, and Qin Chuan hurriedly put away the God of War Order.

After a while, a little medicine boy came in

"Brother Qinchuan, members of your seventh group asked me to send you a message, saying that your instructor is looking for you and asking you to report to him as soon as possible."

"Where is the person who sent you the message?"

"Just outside the Alchemy Store!"

"I see! Qin

Chuan then said hello to Yuyao and Xiao Xiang'er, and then left the elixir bureau. Qin Chuan saw Youcai waiting for him outside the hospital.

Then, the two went straight back to the seventh group camp. When Qin Chuan entered the martial arts performance hall of the seventh group camp, he found that not only the instructor was sitting there, but also a strange middle-aged man.

The middle-aged man was about forty years old, with a full beard and a very rough appearance. However, this man's cultivation level is only a second-level warrior.

It can be seen from his eyebrows that the middle-aged man seems to respect the instructor very much.

The instructors in the reserve guard camp are all third-level warriors.

As soon as the instructor saw Qin Chuan, he immediately revealed smile

"Qin Chuan, come here and let me introduce you. This is Zhao Cuo, the guard commander of Beike Town. Zhao Cuo, this is Qin Chuan, the leader of our seventh group."

The instructor introduced the two to each other as soon as he came up.

"It turns out that the little brother is the leader of the seventh group, disrespect! sorry!"

Zhao Cuo stepped forward and greeted him warmly.

However, when he saw that Qin Chuan's cultivation was only an intermediate level, a flash of disappointment flashed in his eyes.

Unexpectedly, the leader of the famous Zhou family reserve guard team was only an intermediate level. He is just an intermediate warrior.

He is not as strong as the legend says! Hey! It seems that this trip may have been in vain.

Zhao Cuo sighed with great disappointment in his heart, but he still pretended to be respectful on the surface. , just not revealed

"The boy has met Commander Zhao! Nice to meet you! Nice to meet you!"

Qin Chuan also greeted him politely, but deep down he was surprised that a guard commander in Beike Town was only a second-level warrior.....

In the Zhou family, only fourth-level warriors can serve as guard commanders.

"Instructor, I wonder why you asked your subordinates to come here? Qin Chuan asked.

The instructor said:"It's a long story, so everyone should sit down and talk slowly!"

At that moment, the instructor told Qin Chuan the whole story.

It turns out that Beike Town is an affiliated force of the Zhou family and pays a certain amount of taxes to the Zhou family every year.

And the mayor of Beike Town retired from the Zhou family guard team Guards.

In the Zhou family, if ordinary guards fail to advance to the third level before the age of forty, they will be required to retire.

These retired guards will either be assigned to other positions in various industries of the Zhou family, or they will be Arrangements are made to serve as the mayor of a remote town, or to receive a pension and go home to retire.

As for warriors who advance to the third level before the age of forty, they can either stay as guard captains, enter the inner and outer courtyards as deacons, or enter the The Zhou family's elite bodyguards, the Blood Guards, either go to large towns to serve as mayors.

Choosing some loyal retired guards to serve as mayors of remote towns is also a way for the Zhou family to control their affiliated forces.

This Beike Town The mayor is one of them.

This time, a ferocious beast attacked a mountain village in Beike Town.

The strength of Beike Town could not deal with those ferocious beasts, so the mayor of Beike Town sent the town's guard commander to the old The boss has moved reinforcements..

Chapter 1662

This time, a vicious beast attacked a mountain village in Beike Town.

The strength of Beike Town was unable to deal with those ferocious beasts, so the mayor of Beike Town sent the town's security commander to move reinforcements to his old club.

"The thing is like this, half a month ago, a nest of fire scorpions suddenly appeared near Daqing Village. These fire scorpions often come out to hurt people, and sometimes even break into villages"

"This fire scorpion is a very powerful beast. How could those villagers be their opponents? Nineteen people have been killed before and after the scorpion, including both adults and children."

Zhao Cuo slowly told the whole story.

It turns out that Daqing Village is one of the seventeen mountain villages under the jurisdiction of Beike Town. It is located near Jinghun Ridge and is only about ten miles away from Beike Town.

"Daqing Village suffered such a tragic change, and their village chief asked our town chief for urgent help."

"Our town mayor brought the town guards to kill them, but he didn't expect that the fire scorpions were not only numerous in number, but also extremely powerful. Our town was defeated in the first battle, and therefore lost nine team members, but we didn't even have a single one. None of the earth fire scorpions were killed"

"Judging from the current situation, it is absolutely impossible to exterminate those group of fire scorpions with the strength of Beike Town. If they are not exterminated, hundreds of villagers in Daqing Village will become homeless. We really had no choice, so the mayor sent me to ask for help from my old club. Hearing this

, Qin Chuan's heart moved slightly and he asked quickly:"Commander Zhao, do you know how far away Daqing Village is from Huoyan Cave?"

"It was about four or five miles away. Team leader Qin asked why?"

"Nothing, I'm just curious."

Although Qin Chuan said this, he was horrified in his heart, because he knew that this nest of earth fire scorpions must be related to the group of earth fire scorpions on the fourth floor of the fire cave. The fourth floor of the fire cave belonged to the earth fire scorpions. There is also a fourth-level Earth Fire Scorpion King in the lair.

I have been wondering before, how did this Earth Fire Scorpion King enter the fourth level? Is there any other exit?

Now it seems that this is really the case.

Thinking of this, Qin Chuan couldn't help but think of the Dragon and Phoenix Sacred Fruit.

The Dragon and Phoenix Sacred Fruit could actually grow on the fourth floor of the Fire Cave. This puzzled him greatly and was something he had never understood.

"Commander Zhao, I wonder how many fire scorpions there are in that nest and what kind of strength they are?"

Qin Chuan asked again

"In the last battle, although we were defeated, we also figured out the strength of this nest of fire scorpions."

"There are about fifty or sixty earth fire scorpions in this nest, more than forty of which are juvenile earth fire scorpions, six adults, and one mutated female scorpion."

The earth fire scorpion has the strength of the first level in its infancy; after reaching adulthood, its strength reaches the second level. The mutated female scorpion has the strength of the third level.

As for the growth period, the strength ranges from the first level to the second level.

"Haven't you seen the Earth Fire Scorpion King? Qin Chuan asked tentatively.

Zhao Cuo smiled and said, "How can the Earth Fire Scorpion King be so easy to see?" Only in a large group of Earth Fire Scorpions can an Earth Fire Scorpion King appear. It is impossible for the Earth Fire Scorpion King to appear in such a small scorpion group."

Hearing this, Qin Chuan was still a little worried.

Because the group of Earth Fire Scorpions that suddenly appeared was too close to the Huoyan Cave, it was more or less related to the Earth Fire Scorpion King on the fourth floor of the Huoyan Cave.

At this time, someone stood aside The instructor said

"This time Zhao Cuo asked our Zhou family to help destroy the nest of fire scorpions. However, our Zhou family's escort team has been busy with many tasks recently and has been unable to spare any manpower. We originally ordered three nearby towns to send out convoys to help with the extermination, but we still didn't have enough manpower."

"The superiors ordered the strongest group from the reserve guard camp to go to support, and our seventh group was selected. This is also our seventh group's first group mission."

Hearing this, Qin Chuan suddenly understood what the instructor meant. It turned out that the instructor came to him to issue him a new task..

Chapter 1663

"The subordinates understand! However, there were fifty or sixty fire scorpions in that nest, and the weakest juvenile fire scorpions all had the strength of a first-level elementary level. Commander Zhao, I wonder how strong our side is?"

Zhao Cuo said hurriedly: "The reinforcements from the other three towns have arrived in this town. Together with the guards of this town, there are more than seventy people in total. Most of these people are first-level junior warriors, and there are also eight or nine first-level senior warriors."

"The guard commanders from the three towns are all second-level warriors. Adding me and our mayor, there are five second-level warriors. And our mayor is a master of the second level of Dzogchen."

Hearing this, Qin Chuan frowned.

"Commander Zhao, with our strength, it may not be enough to deal with those Earth Fire Scorpions. That mutated female scorpion is a level three ferocious beast. Even if more than seventy of you come together, you may not be its opponent."

The strength gap between the third level and the second level is huge. A third level ferocious beast is absolutely terrifying.

"Team Leader Qin, don't worry about this. Our mayor has paid a lot of money to hire an old casual cultivator to help deal with the mutated female scorpion. That old senior is a third-level warrior"

"In this way, it is still possible to wipe out the scorpion group." Qin Chuan also relaxed his brows.

If a third-level warrior takes action, the situation will naturally be different.

"Our current strength can indeed wipe out that nest of fire scorpions. However, the difference in strength between the two sides will not be too big. If they actually fight, there will definitely be heavy casualties. Therefore, we are in urgent need of a batch of reinforcements to enhance combat power and reduce casualties."

Qin Chuan understood what Zhao Cuo meant.

The ferocious beasts are slightly stronger than warriors of the same level.

Although there are more people in Beike Town, their real strength is not much stronger than that of the scorpions.

The instructor on the side smiled and said: "Zhao Cuo Don't worry, sir. I asked you to come see Qin Chuan, and naturally I asked him to bring seven groups of team members over to help you. Zhao

Cuo said happily: "If Team Leader Qin can lead a team of people to join our scorpion-suppressing army, it will be a blessing for us in Beike Town!" The matter of exterminating the Earth Fire Scorpion will become more certain.

The instructor smiled slightly: "Qin Chuan, how many people are you going to bring?" Qin

Chuan pondered for a while and then said: "Instructor, in this mission to exterminate the Earth Fire Scorpions, the weakest Earth Fire Scorpions in their infancy have a first-level elementary cultivation level, so I decided to only bring those with a first-order elementary level or above." Team members pass"

"Um! I think so." The instructor also nodded in agreement.

"I don't know how many first-level and above-level players there are in your group?"

Zhao Cuo asked tentatively. In fact, he was not optimistic about it.

After all, he saw that Qin Chuan, as the team leader, was only at the first-level intermediate level, so he did not have high expectations for the other members of the seventh team.

It is said that Zhou Even though the family is in the preparatory guard camp, the young men in it are all experts.

Now it seems like this!

This seventh group is still the strongest group in the preparatory guard camp, and the leader is only a first-level intermediate warrior. It seems that the Zhou family The reserve guard camp was not as powerful as the legend said. Alas!

Zhao Cuo sighed deeply in his heart. The gap between his expectations when he came and the reality made him a little disappointed.

However, even so, he, Zhao Cuo, did not dare to underestimate Qin Chuan..

After all, the young people in the Zhou family's preparatory guard camp all have above-average qualifications. As long as they work hard, it will be a matter of time before they reach the second level.

Even entering the third level is very possible.

Zhao Cuo understands that although the young man in front of him is not high in cultivation , but his future achievements will definitely be higher than his own, which is why he dare not underestimate Qin Chuan...

Chapter 1664

When Zhao Cuo was young, he also participated in the Zhou family's preliminary guard assessment, but failed in the final qualification test.

His qualifications were only inferior, and although he was unwilling to admit this fact, he worked crazily to practice just to prove himself.

However, after more than ten years of hard work, he was able to reach the level of a second-level warrior, and was eventually promoted to the guard commander of Beike Town.

But any guard from the Zhou family's guard team who retired was a master of the second level of Dzogchen. His strength was firmly ahead of his, and he was confirmed to be the mayor.

All this forced him to admit that the gap in qualifications could not be overcome no matter how hard he worked, so he did not dare to underestimate Qin Chuan.

When Qin Chuan heard Zhao Cuo ask about the overall strength of the seventh group, he said

"Our seventh group now has two first-level senior warriors, three first-level intermediate warriors, and seven first-level junior warriors. Including me, there are thirteen people in total."

During this period of time, the strength of the seventh group has also improved, and the number of intermediate warriors and junior warriors has increased.

"What? There are two people in your seventh group who are first-level advanced warriors?"

Zhao Cuo opened his eyes wide in surprise.

You must know that their Beike Town escort team has more than thirty guards, and only two of them are first-level senior warriors, and both of them are captains of the escort team.

But what is in front of him The seventh group, just as a reserve guard group, actually had two first-level senior warriors. How could this not surprise Zhao Cuo?

However, Zhao Cuo then looked at Qin Chuan in confusion.

Because Qin Chuan He was only a first-level intermediate warrior. As far as he knew, only the strongest person in the reserve guard team could serve as the team leader, which made him a little puzzled. The instructor on the side seemed to see what

Zhao Cuo was thinking, and there was a lot. Meaningful and authentic

"Mr. Zhao Cuo, don't think Qin Chuan is just a first-level intermediate warrior, his strength is stronger than most first-level senior warriors!"

Hearing this, Zhao Cuo opened his eyes wide in horror, and then showed a look of joy.

"Ha ha!! Unexpectedly, although Team Leader Qin is only a first-level intermediate warrior, he is actually stronger than a first-level senior warrior. He is indeed a young hero! Your seventh group is indeed the strongest group. There are actually three people in one group whose strength reaches the first level or above."

Having said this, Zhao Cuo's mood improved greatly. The previous disappointment was wiped away. He suddenly found three first-order senior warriors to join him, which is quite a new force!

It seems that his trip this time was worthwhile!

He couldn't help but sweat in his heart, and almost lost his sight.

Fortunately, he didn't say anything bad just now.

"Team Leader Qin, I don't know when we can set off!" Zhao Cuo said with some urgency.

Qin Chuan pondered for a while and said: "I will inform all the team members about this first, and then make some preparations. I think we should leave in the afternoon!"

"good! Then it's troublesome for Team Leader Qin!"

Immediately, Qin Chuan resigned from the instructor and Zhao Cuo and came to the camp to gather all the team members.

He announced the mission of helping Beike Town to exterminate the Earth Fire Scorpions and asked the team members who needed to participate to make some preparations first.

Then, Qin Chuan left the guard camp and went to the market.

He accepted the money he sent for the Fire Spirit Crystal.

Qin Chuan also got more than 12,000 gold coins from the auction of the Fire Spirit Crystal.

Now, Qin Chuan There was only the last piece of Fire Spirit Crystal left on his body, and the gold coins were only more than 12,000 gold coins.

Later, Qin Chuan bought another 20 Shui Yuan Dan for nearly 6,000 gold coins.

Last time, he spent 10,000 gold coins He spent more than 6,000 gold coins to buy Shui Yuan Dan to practice water-based skills, but he had nothing left for him.

Qin Chuan spent all the remaining more than 6,000 gold coins to buy the essence and blood of ferocious beasts. This time he was lucky enough to buy a bottle of seventh-level ferocious beasts. The essence and blood of the beast.

At this point, Qin Chuan only had a few dozen gold coins left on his body, and he was about to become destitute again.

After doing this, Qin Chuan hurriedly returned to the reserve guard camp and summoned those first-level junior team members and above. After the bell, Qin Chuan summoned all the team members, and followed Zhao Cuo, setting off for Beike Town in a mighty manner...

Chapter 1665

But not long after Qin Chuan and others left Shenyan City, Qian Xing, who had been secretly monitoring him, got the news.

The inner courtyard of the Zhou family, the residence of Young Master Zhou

"You said Qin Chuan and the others took over the mission and went to help Beike Town exterminate the Fire Scorpions?"

"Yes! What my subordinates found out is absolutely true! Qian Xing replied

"Ha ha!! God is really helping me. This little beast Qin Chuan is dead this time. Go and order Sun Yan and the other six to follow him and ambush him when he reaches Beike Town. Remember, you must arrive at Beike Town before taking action."

"yes! This subordinate will do it now!"

After Qian Xing left, Young Master Zhou sat on his chair proudly, with a proud smile on his face.

"Qin Chuan, you little beast, you finally gave me a chance and you were waiting to die. No one will dare to harass Yuyao anymore!! Yuyao girl is destined to be my young master....."

At the same time, on the other side, after an afternoon of traveling.

Before dark, the group finally arrived at Beike Town.

After arriving in Beike Town, Qin Chuan and others were arranged by Zhao Cuo to live in the west courtyard of the mayor's residence.

At this time, a guard from the town guard team came over in a hurry and reported to Zhao Cuo

"Your Majesty, after the mayor asked you to settle the Zhou family, he took their team leader to the council hall to discuss matters. The commanders and guard captains of the other three towns are also there."

"Um! I understand, please step back!"

The guard withdrew in response, but looked at Qin Chuan and the others curiously before leaving.

When he saw that Qin Chuan and the others were all young men, he was amazed.

"It is said that everyone in the Zhou family's preparatory guard camp is extremely talented and has many masters. Now it seems that this is indeed the case. I think most of these young men are sixteen or seventeen years old, but none of them are weaker than me in cultivation!"

It turns out that this guard is already over 20 years old, but his cultivation is still at the first level. Compared with Qin Chuan and others, he will naturally feel ashamed.

After the young guard left, Zhao Cuo politely said to Qin Chuan: "Qin Chuan. Team leader, let's go to the meeting hall to discuss matters!"

"Um! Please also ask Commander Zhao to lead the way!"

"good!"

Zhao Cuo agreed with a smile, then paused suddenly and said to Chen Shen and Peng Yu behind Qin Chuan.

"You two little brothers, come along too! Chen

Shen chuckled: "Commander Zhao, isn't this discussion a matter for your commander and captain?" Our team leader can just go. What do you want us soldiers to do?"

"Ha ha!! The two of them were joking. With their abilities in a small town like ours, they are fully qualified to be the captain of the guard. Naturally, they can also participate in such a meeting."

"Our team leader has the final say whether to go or not. I only listen to our team leader's orders."

"good! We only listen to the team leader."

Chen Shen and Peng Yu said such words in unison.

Hearing this, Zhao Cuo was also secretly surprised.

He did not expect that these two young men with first-level advanced strength were actually younger than them in terms of cultivation level. Qin Chuan, who was one level below them, was so obedient.

In fact, in Zhao Cuo's opinion, even if Qin Chuan was stronger than the average first-level senior warrior, he probably wouldn't be that strong.

After all, he was still an intermediate first-level warrior. It was surprising to him that a warrior could be stronger than a first-level high-level warrior.

Now seeing the attitudes of Chen Shen and Peng Yu, Zhao Cuo couldn't help but think more highly of Qin Chuan.

It seemed that he had underestimated this before. Qin Chuan, I am afraid that his strength is more powerful than he thought.

At this time, Qin Chuan spoke

"Since Commander Zhao has requested it, you two have arranged the accommodation for the others and come over here!"

"yes! Team leader! Zhao

Cuo also smiled and said:"Team Leader Qin, let's go there first!"

Chapter 1666

The mayor's mansion, in the meeting hall.

In the center of the hall sat a middle-aged man in his forties. This man was Wang Yue, the mayor of Beike Town.

Also sitting on both sides of the hall were the commanders of the other three towns and the guard captains of each town.

This time, under the orders of the Zhou family, the other three towns dispatched most of their troops to help Beike Town exterminate the Fire Scorpions.

Each town not only sent a guard commander, but also two guard captains.

It can be said that the masters are all out.

In each town, only the mayor and some guards are left.

"Mayor Wang, you said that the Zhou family would send some people to support you. Why haven't the support people arrived yet?"

The speaker was a fair-faced middle-aged man who was also the guard commander of Huarong Town. Commander Huarong

"Ha ha!! Don't worry, everyone, I just received the news. Commander Zhao Cuo has rushed to the town with people supported by the Zhou family. Their leader will come to meet us soon."

"It turns out that they are all here! I wonder who the people sent by the Zhou family to support this time are?"

"Wang originally wanted to ask the Zhou family's guard team to take action, but the Zhou family's guard team has been too busy recently and cannot spare any manpower, so this time the Zhou family sent a group of people from the reserve guard battalion."

Hearing this, a dark and thin middle-aged man below said with a sinister sneer.

"hehe! Zhu originally thought that the group of people sent by the Zhou family would be the strongest among our five forces, but he did not expect that they only sent a group of reserve guards. It seems that the Zhou family did not pay attention to this matter at all."

As soon as the middle-aged man finished speaking, Commander Hua sitting next to him immediately reminded him.

"Commander Zhu, you'd better be careful what you say. Maybe Mayor Wang doesn't mind what you just said. It would be great if someone from the Zhou family heard it! Their people will be arriving soon"

"hehe! Commander Zhu laughed dryly and remained silent. In fact, he also knew in his heart that what he just said was a bit rash. At this time, Mayor Wang smiled and said:"Commander Zhu, don't mind, no matter what, it's a good thing that the Zhou family can send someone here." , it can also be considered as adding a new force to us."

"What Mayor Wang said is exactly what he said, but he didn't know how strong the reserve guards they sent were?"

"I think it shouldn't be too bad! It should be worthy of a guard team in our town!"

Generally speaking, the guard camps in these small towns have two to three guard teams.

Each fully-equipped guard team has fifteen to twenty people, among whom there will be a first-level senior warrior as the guard captain.

This time, in order to fully support Beike Town, the three towns sent the guard commander and guard captain, and the ordinary guards also sent a complete team.

"hehe!! I heard that the reserve guards in the Zhou family's reserve guard camp are all talented and young. I don't know if it's true or not? The little girl will give it a try after a while."

The speaker was a sixteen or seventeen-year-old girl wearing a hot red dress. She was also the daughter of Huarong Town Hua Commander--Hua Xiyue, a first-level senior warrior and one of the two captains of the Huarong Town's escorts.

"Ha ha!! Junior Sister Hua is exactly what she said, and my younger brother Bucai also has this idea!"

A boy of seventeen or eighteen years old also echoed.

This boy is also a guard captain in Beike Town.

The two of them are the youngest among the guard captains and the most talented. They are all above average qualifications.

The others The guard captains are all in their twenties, and one or two are even over thirty years old.

You know, most people in this world have low or inferior qualifications. Less than 30% of people have average or above qualifications.

This gave the two of them a sense of superiority.

However, they often heard people praise the reserve guards of the four major families, how powerful and beautiful they were.

Although the two of them didn't say anything, they still felt in their hearts. They have long wanted to compare.

According to their thinking, they are no worse than the reserve guards recruited by the big families, or even stronger.

At this time, there is an opportunity for them to verify, and it is also an opportunity for them to become famous. It was a good opportunity, so the two of them thought of it together...

Chapter 1667

"People from the Zhou family are coming soon, so you'd better be careful what you say."

Commander Hua reminded.

But both of them had a look of indifference on their faces.

But at this moment, there was a sound of footsteps outside the hall.

Everyone in the hall immediately looked towards the door. They knew that the Zhou family was going to send someone. People are coming.

Outside the hall, Zhao Cuo strides in. Behind him is a young man of about thirteen or fourteen years old who carries two swords.

"Ha ha!! Everyone, Chen is late. Let me introduce you. This little brother is the leader sent by the Zhou family to support this time, Qin Chuan, leader of the seventh group of the reserve guard."

"Qin Chuan has met you all!"

At this time, everyone in the hall saw Qin Chuan's cultivation clearly.

When they saw that Qin Chuan's cultivation was only an intermediate level, everyone had a very strange look on their face.

You must know that the people in the hall, Either the guard commander or the guard captain, their cultivation level is at least the first level.

But a first-level intermediate warrior appeared in front of them, and he wanted to sit on an equal footing with them and talk about the important matter of annihilating the Earth Fire Scorpions.

Even the one sitting in the middle of the hall Mayor Wang's face was a little stiff.

He was originally from the Zhou family's guard team and knew the Zhou family's reserve guard camp very well. As far as he knew, the leaders of the Zhou family's reserve guard battalion were all first-level senior warriors. , when can a first-level intermediate warrior be the team leader?

What's going on?

Didn't the Zhou family say that they would send the strongest group of reserve guards?

Why did they send a team with a first-level intermediate warrior as the team leader?

Could it be that ? Is the weakest group sent out?

Thinking of this, Mayor Wang suddenly felt his heart freeze, and there was an inexplicable loss and anger in his heart.

He felt that he had been tricked by the Zhou family

"I, Wang Hong, have paid so much for the Zhou family, but now that they have sent such a weak team to such a big event, and the Zhou family is so perfunctory with me, it is too chilling."

The more Mayor Wang thought about it, the angrier he became, and the look on his face became very stiff.

At this time, everyone in the hall was silent, and the atmosphere quietly became a little awkward.

Qin Chuan was smart in his heart and asked the people in the hall to Everyone's expressions were seen in their eyes, as if they had some understanding.

Zhao Cuo didn't seem to feel anything was wrong in the atmosphere at all, and continued to introduce Qin Chuan enthusiastically.

"Ha ha!! Brother Shui'er, this is the mayor of our Beike Town."

"Qin Chuan has met the mayor!"

"Um!"

Zhenzhang Wang nodded stiffly, as if he had seen it before.

"This is Commander Hua from Huarong Town, this is Commander Zhu from Zhulin Town, and this is Commander Lin from Linshui Town."

Qin Chuan also immediately met the three commanders. Commander Hua and Commander Zhu also tensed their faces and nodded stiffly, indicating that they had met.

Only Commander Lin smiled warmly at Qin Chuan.

"Ha ha!! Brother Shui'er, the rest are the guard captains of each town. Brother Shui'er can get to know each other after the meeting!"

"Um!"

"Brother Shui'er, let's sit down and talk first! That's your place."

Zhao Cuo pointed to an empty seat next to Commander Lin.

There were two rows of seats in the hall.

Sitting in the middle was naturally Mayor Wang.

On the left and right sides, there were four seats next to Mayor Wang. Commander.

Qin Chuan's seat was right next to Commander Lin. The original arrangement was because of Qin Chuan's special status. After all, Qin Chuan was sent by the Zhou family.

After saying that, Zhao Cuo took his seat.

Qin Chuan also asked He walked to his seat.

But at this moment, a clear voice sounded in the hall

"Team Leader Qin, I heard that all of your preliminary guard battalions are young and promising, and there are as many masters as there are. I, Hua Xiyue, am very curious. I wonder if Team Leader Qin can give me two tips?"

The person who spoke was naturally Hua Xiyue.

Hua Xiyue was a little disappointed when she saw that Qin Chuan only had an intermediate level of cultivation. At the same time, she also felt that the Zhou family was nothing more than that. At this moment, she wanted to challenge Qin Chuan because she wanted to Damage the Zhou family's face.

If she can defeat Qin Chuan and spread the word in the future, she will naturally have a bright face..

I! God level elemental

Chapter 1668

Qin Chuan smiled slightly when he saw Hua Xiyue challenging him.

"Sorry, I never like competing with women."

As soon as Qin Chuan's words came out, he immediately attracted the contempt of many people.

Most people in the hall thought that it was not that Qin Chuan didn't want to, but that he didn't dare.

After all, his first-level intermediate cultivation level was there, and he How could he be Hua Xiyue's opponent?

"snort! What happened to the woman? Does Team Leader Qin look down on women, or does he not dare to compare?"

Hua Xiyue's eyes were provocative, and she had no intention of letting Qin Chuan go.

Qin Chuan glanced at her lightly, smiled without answering, and walked straight to his seat.

His behavior naturally aroused everyone's contempt. They all thought that Qin Chuan was really scared, so they deliberately pretended not to hear.

Seeing Qin Chuan like this, Hua Xiyue was also upset, her face was slightly red, and she sneered.

"how? Is Team Leader Qin deaf? It seems like you didn't hear what I said"

"Xiyue, don't be presumptuous! How could you speak to Team Leader Qin like this?"

Commander Hua scolded his daughter in a low voice, but there was not much blame in his tone.

"But...Dad! he....."

Hua Xiyue is still unwilling

"alright! Just go and sit down in your seat! Since others are not willing to compete, why should you force me?"

"yes! Xiyue's niece, Team Leader Qin Chuan, is indeed very talented, and is already a first-level intermediate warrior at a young age. But after all, he is only a first-level intermediate warrior, so you don't need to embarrass him anymore."

Commander Zhu also echoed the words in a strange way.

Qin Chuan listened to these words and smiled slightly, not caring.

"snort! coward!"

Hua Xiyue glared at Qin Chuan angrily, and then sat down angrily.

Qin Chuan turned a blind eye and was about to sit down.

But at this moment, another unkind voice came from

"Team Leader Qin, that seat is not for you."

The person who spoke was the 17-18-year-old boy who had told Hua Xiyue before that he wanted to ask Qin Chuan for advice.

Seeing that the boy was obstructing him, Zhao Cuo immediately scolded him.

"Liu Xing! what are you doing? Hurry up and get out of here!"

This Liu Xing is the guard captain of Beike Town, and naturally he is also his subordinate.

"Commander, am I wrong? He has no right to sit in that position!"

"you!..."

Zhao Cuo was furious and was about to explode when he saw the mayor on the side hinting at him with his eyes. Suddenly he understood something, so he held back and remained silent.

In fact, he was also a little curious in his heart, what is this Qin Chuan? What kind of strength?

At this moment, anger gradually surged in Qin Chuan's heart, and he thought to himself.

He repeatedly tolerated it and wanted to keep a low profile.

However, these short-sighted guys just didn't want to let him go!

It seems that they didn't show their hands, so as to shock them. They, they really don't know what is good or bad."

Thinking of this, Qin Chuan asked with a smile

"Captain Liu Xing, you said this seat is not for me, so where should I sit?

Liu Xing sneered disdainfully:"Team Leader Qin, are you blind?" Didn't you see that the people in this hall are either first-level senior warriors or second-level warriors. You are the only one who is a first-level intermediate warrior. I think you don't need to sit down. It's most suitable for you to stand there."

Hearing this, Qin Chuan's expression turned cold and he sat down in his seat.

"Then I have to sit in this position today. If Captain Liu feels that I'm sitting inappropriately, you can come over and ask me to change positions."

"good! This is what you said! Liu

Xing stood up from his seat and walked straight towards Qin Chuan, his eyes full of ridicule.

He was very happy to teach the ungrateful boy in front of him a lesson. When everyone in the hall saw that Liu Xing was about to take action, they all felt They wanted to see how the superior Zhou family could be defeated by people from remote towns like them. It was an inexplicable pleasure for them to be able to severely damage the face of the Zhou family. , this is a kind of human nature.

But he said that in the hall, Liu Xing strode up to Qin Chuan, and without any nonsense, he grabbed Qin Chuan's chest with one claw.

"Team Leader Qin, I think you should get up!"

When everyone saw Liu Xing taking action, their eyes widened with excitement. They all wanted to see how Qin Chuan would make a fool of himself.

"Provincial captain, you'd better go back to your seat!"

I saw Qin Chuan sitting motionless in his position, waving his hand impatiently like a fly.

This wave not only easily blocked Liu Xing's grasp, but also made Liu Xing fly away like garbage. He flew away in one go. After walking seven or eight meters, he fell directly into his chair.

The force was neither light nor heavy, but it hit Liu Xing back to his chair accurately.

Click!

There was only a soft sound, and the chair could not withstand the impact. The power suddenly fell apart.

Liu Xing suddenly fell to the ground with his arms and legs spread out, looking very embarrassed.

There was silence in the hall. Everyone was shocked by what they saw in front of them. They all looked at everything in front of them in disbelief. Horrified eyes fell on Qin Chuan...

Chapter 1669

There was silence in the hall. Everyone was shocked by what they saw and looked at everything in disbelief. Their horrified eyes fell on Qin Chuan.

This...how is this possible? How could this person defeat Liu Xing so easily? Isn't this person a first-level intermediate warrior?

Hua Xiyue stared blankly at Liu Xing, who was lying on the ground moaning, in disbelief.

At this time, she felt Qin Chuan's eyes looking at her vaguely.

There was just a hint of ridicule in that look.

Hua Xiyue's face suddenly turned red, and she felt extremely embarrassed.

When I remembered that I had clamored for Qin Chuan to teach me earlier, I wanted to find a crack in the ground and crawl into it.

With her strength, she was not qualified to ask Qin Chuan to teach her.

She even felt that in the eyes of the other party at that time, she must have been like a clown, and she was still smug.

Fortunately, the other party did not agree to her challenge, otherwise she would be the one lying on the ground in embarrassment.

In the hall, Mayor Wang also looked at Qin Chuan with great horror. It took him a while before he woke up from the shock.

The expression on his face suddenly became lively, and I didn't know where the previously stiff expression had gone.

"Ha ha!! It turns out that Team Leader Qin is so powerful, which really opened Wang's eyes! I think Team Leader Qin's strength is at least a high-level peak, right? I'm afraid he's not far behind that second-level warrior, right? Mayor Wang asked tentatively.

Qin Chuan did not follow his lead and asked with a smile:"Haha!" Mr. Mayor, it turns out that first cold and then hot is your way of hospitality?"

Hearing this, Elder Wang Zhen's face turned slightly red. Thinking of his previous indifference to Qin Chuan, he regretted it now and hurriedly apologized.

"Ha ha!! Team leader Qin misunderstood. If there was any negligence just now, I hope you will forgive me!"

Qin Chuan smiled and said nothing.

This made Mayor Wang unable to figure out his thoughts, and he couldn't help but secretly thought in his heart.

This Qin Chuan is not old, but he is so strong. His behavior is steady, mature and dignified. In the future, this kid will It must not be easy! I can't offend myself.

At this time, Liu Xing, who was thrown to the ground heavily, also got up.

His face had long lost the previous arrogance and disdain, and the look he looked at Qin Chuan actually became a little more... He was afraid.

At this time, Zhao Cuo also spoke.

"Liu Xing, you were too presumptuous before. You know how embarrassing it will be this time! Why don't you apologize to Team Leader Qin quickly!"

Liu Xing is also an upright person. He is convinced that he lost to Qin Chuan and immediately apologized to Qin Chuan.

"Team Leader Qin, Liu was reckless just now. Please forgive me for any offense I may have offended!"

"Captain Liu is worrying too much! I can't remember what just happened!"

"Ha ha!! It was all a misunderstanding just now. Now that the two have settled their differences, let's all sit down and discuss how to destroy the Earth Fire Scorpion! Liu Xing, please find another chair and sit down!"

Mayor Wang hurriedly came up to smooth things over.

"yes! Mayor!"

After the battle just now, Qin Chuan's status has been greatly improved in the hearts of everyone. He is far above the captains and second only to the four commanders. No one dares to underestimate him anymore. The eyes of the guard captains when they looked at him were filled with excitement. With a hint of fear.

After everyone was seated and just about to prepare for discussion, there was another sound of footsteps outside the hall, and then two teenagers of seventeen or eighteen years old walked in.

However, what shocked everyone in the hall was that these two teenagers They were all first-level senior warriors.

Many guard captains in the hall looked at the two teenagers, and then at Liu Xing and Hua Xiyue.

Liu Xing and Hua Xiyue were already extremely talented in their minds, but they didn't want to. Suddenly two young men with extraordinary talents came out.

Just when everyone was wondering where these two young men came from, the two young men walked straight to Qin Chuan and said respectfully

"Team leader, the team members' accommodation has been arranged!"

These two young men are naturally Chen Shen and Peng Yu.

"Um! Thank you for your hard work, please find a seat and sit down!"

At this time, everyone realized that these two talented young men were actually Qin Chuan's subordinates..

Chapter 1670

At this moment, many people were amazed that the Zhou Family Guard Camp was really full of talented people!

There are so many powerful masters in a reserve escort team!

Some people also secretly speculated.

This Qin Chuan's strength is probably similar to that of a second-level warrior.

He also has two subordinates who are first-level senior warriors. It seems that the strength sent by the Zhou family this time is not much worse than that of the other three towns!

This time, the guard commander of each town brought two guard captains.

At this time, the happiest person is Mayor Wang.

"Ha ha!! It turns out that these two little brothers are also the subordinates of Team Leader Qin! Your seventh group is indeed the strongest group in the Preparatory Guard Battalion. It is really a blessing for us in Beike Town to invite you to join us!"

"There! The mayor has given you the award!"

Qin Chuan said humbly.

Afterwards, everyone came down to discuss how to deal with the Earth Fire Scorpion.

"Everyone, now that Team Leader Qin has joined the team, the subsequent actions will be much easier!"

"The mayor is right! Not sure what we should do next?"

Mayor Wang pondered for a while and said, "Team Leader Qin, I wonder how many people you brought here?" What about strength?"

"Two first-level senior warriors, three first-level intermediate warriors, and seven first-level junior warriors"

"There are actually three first-level intermediate warriors!"

Mayor Wang's face showed a hint of joy again.

Although Qin Chuan only brought twelve people here, and the other three towns all had seventeen or eight people, the average strength of the team members Qin Chuan led was stronger than that of the other three towns. A lot.

Most of the team members in the other three towns are first-level junior warriors, and the total number of first-level intermediate warriors does not exceed four.

"Um! With Team Leader Qin joining us, we have nearly ninety people."

"There are only fifty or sixty scorpions in the group, so what Wang means is that every two first-level junior warriors can deal with one infant Earth Fire Scorpion, and a first-level intermediate warrior can deal with one or two of them alone. The other guard captains It's all up to you, kill as many as you can"

"Our goal is to exterminate the nest of fire scorpions with zero casualties among members."

"Mayor, there are six adult fire scorpions in that nest!"

Adult Earth Fire Scorpions, each one is a second-level ferocious beast.

"The mayor knows this clearly. If Team Leader Qin hadn't arrived, Wang would still be worried about this matter! Now that Team Leader Qin has joined, it will be easier to deal with the six adult Earth Fire Scorpions."

Mayor Wang had a full-on smile on his face.

"Mayor, how are we going to deal with six adult Earth Fire Scorpions?" Zhao Cuo asked

"Originally, Wang wanted you guard captains to trap an adult Earth Fire Scorpion, but trapping one would require at least seven or eight first-order senior warriors, which would be a huge waste of manpower on our side."

As he said that, he turned to look at Qin Chuan: "Now that Team Leader Qin has joined, I think with Team Leader Qin's strength, plus your two subordinates, we should be able to trap an adult Earth Fire Scorpion. ?"

"If I just trap an Earth Fire Scorpion, I can do it alone without the help of the two of them."

Qin Chuan said calmly.

Hearing this, everyone in the hall was shocked.

Originally, they estimated Qin Chuan's strength to be very high, but no matter how high it was, it still hadn't reached the level of a second-level warrior, so they didn't think so. He can trap an adult Earth Fire Scorpion by himself.

If you want to trap one by yourself, you need at least level 2 strength.

After all, level 2 ferocious beasts are slightly stronger than level 2 warriors.

"Are you sure you can get trapped by yourself?"

Mayor Wang still can't believe it.

"Um!"

Qin Chuan nodded slightly..
