

## God level 1671

### Chapter 1671

Commander Zhu on the side said sourly: "Young man, you are very strong, but don't be too arrogant. That is a second-level ferocious beast, and most second-level warriors may not be able to fight it alone. If you want to trap your opponent, you must have second-level strength! Do you have second-level strength?"

"Who said our team leader doesn't have second-level strength? Even though our team leader is only a first-level intermediate warrior, his true strength can completely compete with a second-level warrior!"

Qin Chuan hadn't spoken yet, but Chen Shen couldn't stand Commander Zhu's tone and immediately retorted.

"Yes! I can prove it too!"

Peng Yu also testified.

Qin Chuan exchanged palms with Qian Xing in Qingyao's study, and the fight was evenly matched. The two of them heard about it, so they naturally believed that Qin Chuan's current strength has reached the level of a second-level warrior..

In fact, with Qin Chuan's current strength, let alone the second level, even the second level Dzugchen warrior can be easily captured.

Therefore, let alone just letting him trap an adult fire scorpion, even if he is allowed to deal with it at the same time alone sixIt's very easy.

After hearing what Chen Shen and Peng Yu said, everyone no longer doubted it, but they were shocked again.

Commander Zhu blushed even more, feeling a little embarrassed.

Qin Chuan's status was once again elevated in the minds of everyone, and he was unknowingly on an equal footing with the four major bodyguard commanders.

"Ha ha!! Unexpectedly, Team Leader Qin was so promising at such a young age that he once again shocked Wang!"

"Team Leader Qin also has such strength, then we can better deal with those six adult Earth Fire Scorpions."

"Wang's plan was to ask the four commanders and Team Leader Qin to each trap an adult Earth Fire Scorpion first. Wang also dealt with an adult Earth Fire Scorpion alone. After Wang kills the Earth Fire Scorpion, he will go back to help everyone and deal with the remaining adult Earth Fire Scorpions one by one. What do you think?"

Mayor Wang's strength is the second level of Dzogchen. He does have the ability to kill adult Earth Fire Scorpions independently.

"I think this plan is feasible. But, who will deal with the mutated female scorpion? That is a level three ferocious beast!"

"Don't worry, everyone, Wang has already hired Senior Liu with a large sum of money to help deal with the mutated female scorpion. Senior Liu is a third-level warrior"

"Ha ha!! Now that a third-level warrior has taken action to deal with it, this matter will be easy to handle. Otherwise, our plan will be in vain. Mayor Wang also nodded and said, "That's true. If Senior Liu didn't help, we wouldn't have to talk about the plan to suppress the scorpions." However, Senior Liu is currently involved in important matters, and it may take a few days to arrive at Beike Town."

"I wonder when that Senior Liu will arrive?"

"It may take as little as five or six days, or as many as eight or nine days!"

"Then let's wait until Senior Liu arrives and then discuss the plan in detail!"

"makes sense!"

Actually, everyone knew very well that in this human-scorpion war, the real protagonists would be Senior Liu and the mutated female scorpion, whom they had not yet met. They were just supporting roles. Afterwards

, everyone discussed for a while and waited. After the arrival of Senior Liu, he began to launch the plan of annihilation.

After reaching an agreement, everyone dispersed.

After the meeting, it was already midnight.

After Qin Chuan returned to his residence, he closed the windows and doors and fell asleep.

Wait. After sleeping until midnight, in the dead of night,

Qin Chuan quietly got up and took out the God of War Token.

A lot of things happened today, so he never had time to study the God of War Token.

However, when Qin Chuan took out the God of War Token At this time, his expression suddenly changed slightly, and he quickly put away the God of War Order.

Because, he heard an extremely slight noise coming from outside the hospital, which was the sound of sneaking footsteps.

At this moment, there were six black figures outside the hospital. Sneak into the room where Qin Chuan lives..

Chapter 1672

"Huh! What are these six people going to do?"

Qin Chuan listened carefully and had already figured out the number of people outside the house.

At this time, six black figures paused.

In the dark night, several people's whispers rang out

"Sun Yan, are you sure this is Qin Chuan's room?"

"Sure! Don't underestimate my deworming skills. Even if he turns into ashes, I can still find the location of his ashes."

"hehe!! That is, your insect repellent technique is a good tool for stalking people. It's just that I can't figure it out. This Qin Chuan is just a first-level intermediate warrior. Why did the fourth young master want to do something so big and let the six of us kill him together?"

"Don't underestimate Qin Chuan. I heard that his strength is comparable to that of a second-level warrior."

"impossible?"

"How is it impossible? He is a three-series warrior"

"He turned out to be a legendary three-line warrior! snort! Even so, the six of us are all second-level warriors. As long as we act together, even the masters of the second level of Dzogchen will have to flee."

"Having said that, it is better for us to be more cautious"

"alright! You guys, stop talking. I think that kid is fast asleep. It's time for us to take action!"

"Um! You two block the front and back doors, and the four of us go in."

As soon as the words fell, the six people were about to take action.

But at this moment, the window of the room where Qin Chuan lived opened automatically with a creak.

The six people were shocked and immediately hid their figures.

Just as the six people were surprised At that moment, a thin black figure jumped out of the window. He glanced around and saw that no one was around, then quietly sneaked out of the courtyard.

After the thin black figure left, the six people hiding in the dark left. out

"The one just now seemed to be Qin Chuan"

"This kid didn't sleep in the middle of the night, why did he sneak out?"

"There must be some ulterior secret here. Why don't we follow him quietly and kill him on the way!"

"good!"

The six people discussed for a while and then followed.

The thin black figure was Qin Chuan.

After Qin Chuan left the courtyard gate, he immediately sneaked towards the outside of the town.

The six people behind him also followed quietly.

As soon as he left the town, Qin Chuan immediately accelerated his speed and rushed towards the Frightening Ridge. The six people behind him looked at each other and were suddenly confused.

"What does this kid want to do? Running into the mountains in the middle of the night!"

"Never mind him! When we catch up, the mountains are a good place to kill people and eliminate traces. If we happen to kill him in the mountains, we will save trouble."

"hehe!! This kid will find a graveyard for himself!"

"Let's go! Stop being so nagging!"

Then, the six people also speeded up and followed.

Ahead, Qin Chuan felt the six people behind him chasing after him, with a faint smile on his lips. Sure enough, these people took the bait.

After running for about half an hour, Qin Chuan found a In a remote valley, he hid behind a boulder and waited for the six people behind him to catch up.

It didn't take long for the six people to catch up, panting.

"That kid is so fast!"

One of them said breathlessly

"Huh! Why is that boy missing? Have we lost track of you? Or has he discovered our traces?"

"Sun Yan, release your spiritual insects quickly and help us find traces of that kid!"

Just when the six people were unprepared, a faint mocking voice suddenly sounded from behind them.

"Everyone! No need to look for it, I, Qin Chuan, am right here."

Hearing these words, the six people were shocked. They all turned around and looked in the direction of the voice.

Not long after, a boy of thirteen or fourteen years old, with two swords on his back, arms folded in front of him, smiled. Walking out of the shadows...

Chapter 1673

This young man was naturally Qin Chuan, whom the six of them were following.

The six of them were shocked when they saw Qin Chuan appearing openly.

Immediately, one person sneered: "Boy, you are so courageous! It seems that you deliberately led us here!"

"good!" Qin Chuan didn't mean to deny it.

The six of them looked at each other in surprise.

Another person asked: "Boy, why did you lead us here? Qin

Chuan smiled but did not answer, but asked: "Master Zhou asked you to kill me, right?"

Hearing this, the six people were stunned for a moment.

The person from before asked again: "Boy, since you already know, why do you still lead us to the valley? Don't you think this valley is a good place to destroy corpses and eliminate traces?"

Hearing this, the corners of Qin Feng's mouth raised slightly.

"Yeah? It seems that you are also very satisfied with this burial place! Hearing this

, the six people were furious.

One person immediately yelled: "You little bastard!" Don't speak arrogantly. Even with your first-level intermediate cultivation level, you dare to say such things to us. You are simply looking for death!"

"snort!"

Qin Chuan snorted coldly, and immediately radiated the unique aura field of the second-level water warrior, instantly covering the six people. The long-term suppression and concealment finally broke out at this moment.

The six people felt Qin Chuan's aura suddenly woke up, and he was extremely horrified in his heart.

"This... this is the aura field of a second-level warrior, and he is already a second-level warrior!"

After a warrior enters the second level, an aura field will be created, and the five elements will be in conflict with each other. Among the five elements

, water overcomes fire, fire overcomes metal, metal overcomes wood, wood overcomes earth, and earth overcomes water.

Those six people all He was a fire element warrior. As soon as Qin Chuan's water element aura dispersed, the strength of the six people was suddenly weakened.

The six people were shocked and just wanted to take action.

Qin Chuan had already taken action.

"Y'all hit the road!"

I saw Qin Chuan's moves were like lightning, his figure was as fast as a ghost, and the two swords in his hands were flashing with cold light.

"ah! ah! ah!"

After three consecutive screams, three of them had no time to react and were instantly killed by Qin Chuan.

With Qin Chuan's current combat power, he would be able to win against the second-level Dzogchen, and his opponents, the second-level ones, were completely out of control. By the way, in terms of speed alone, these guards could not match them.

Seeing Qin Chuan kill three people in a row, the other three people were frightened to death.

Then they roared.

The three people dispersed and fled in three directions.

These three people They were smart enough to know that if they ran away together, they would never escape Qin Chuan's claws. Their speed was far inferior to Qin Chuan.

Seeing the three of them fleeing for their lives, Qin Chuan sneered contemptuously, took out both swords, and struck with the Blue Sea Tide Slash. , with a flaming knife, slashed at two of them respectively.

The two people were immediately split in half and died tragically on the spot.

The last person had already escaped twenty meters away.

This last person was the one who knew the insect repellent technique. Sun Yan

"Want to run? Do you think you can run? Tie!"

Whoosh! Whoosh!

As soon as Qin Chuan finished speaking, Sun Yan in front had his legs tied up by Qin Chuan's divine binding technique and fell to the ground.

When Sun Yan saw that he was tied up, he was horrified and hurriedly raised his hand to the air. Throw dozens of small black dots.

As soon as those dozens of small black dots hit the air, they immediately flew into the distance.

Qin Chuan's expression moved, his right hand shook, he used the Fire Rain Plum Blossom Sword, and shot thirty-six vitality arrows at In the air, he shot down all the black spots trying to escape.

Qin Chuan took a closer look and found that those small black spots were actually the corpses of some spiritual insects.

It turned out that Sun Yan knew he could not escape, so he wanted to release the spiritual insects back to report the news. , but didn't want to be killed by Qin Chuan.

Seeing Qin Chuan slowly approaching him, Sun Yan turned pale with fright, and begged with trembling lips

"Qin Chuan, please don't kill me! Do not kill me! Qin

Chuan snorted coldly and struck out with his backhand sword, directly killing Sun Yan.

After killing these six people, Qin Chuan searched the bodies of these six people and found more than 2,000 gold coins from them..

This made Qin Chuan happy for a while.

What he lacked most now was money. He only had a dozen gold coins left. With these more than 2,000 gold coins, he had more money.

In addition, Qin Chuan also A book of "Insect Repellent Notes" and several bottles of spiritual insect eggs were found on Sun Yan's body, and they were collected.

Then they buried the bodies of Sun Yan's six people, and then removed the blood stains and traces of fighting around them.

After doing this , Qin Chuan left the scene..

Chapter 1674

But Qin Chuan did not go back to Beike Town directly. Instead, he found a remote place in the mountains and took out the God of War Token.

On this day, Qin Chuan took out the God of War Token several times and wanted to study it, but was interrupted by some things.

At this time, in the dead of night and the remote place, it is a good time to study the God of War's order.

Under the dim moonlight, Qin Chuan carefully looked at the simple-looking bronze token in his hand.

"The gods are fighting in the wild, their blood is black and yellow, I use it to guide them, and I will pass on the Tao."

Qin Chuan recited this line of small characters silently.

Then he cut his fingertips with his sword, dripped his own blood on the token, and then quietly observed the changes in the token.

Under the moonlight, Qin Chuan's blood and blood could be seen It seems to be a little different from ordinary people, with a hint of golden color, but very slight. If you don't look at it carefully, you can't find it. It didn't take long for the token to react and absorb the drop.

Seeing this, Qin Chuan's face He showed joy.

It seems that his guess was indeed correct!

It turned out that after practicing the ancient body-refining method from Qinchuan, his blood had a hint of golden color, and the phrase "the gods fight in the wild, their blood is black and yellow", made Qin Chuan Lean thought of this.

In fact, Qin Chuan's guess was right.

This War God's Token needs the blood of a physical cultivator to open, and it cannot be opened with the blood of ordinary warriors.

The trace of golden color in the blood is unique to physical cultivators. Life Essence.

Qin Chuan waited quietly for a moment. After the War God Token absorbed the blood, its surface became a little dark red, but there was no other change.

This puzzled Qin Chuan, and he dropped two more drops of blood.

Then, The God of War Token absorbed these two drops of blood again, and the dark red color on the token became a little darker, but there was still no other change.

Could it be that the concentration of something in his blood was not enough, so the conditions for activation have not been met?

Qin Chuan He couldn't help but guess.

In fact, Qin Chuan's guess was correct.

It turned out that Qin Chuan had only opened up the hidden veins, and not even one of the seven energy gates hidden in the human body had been opened, so he could not be considered a true physical warrior. , can only be regarded as half of a physical cultivator.

The life essence contained in his blood is naturally not as rich as those of real physical cultivators.

If the energy contained in one drop is not enough, then a few more drops will be enough, right?

Thinking of this , Qin Chuan poured another five or six drops of blood into the God of War Token.

After absorbing these five or six drops of blood, the token made a strange sound and finally began to react.

Qin Chuan suddenly opened his eyes in surprise and became nervous. Observing the changes of the token,

I saw that the token made a slight sound, then made a "Woo! Woo!" sound, and then floated strangely, slowly rising in front of Qin Chuan.

After a slight pause, a dazzling red light pillar suddenly shot out from the token and shot straight into the sky. At the top of the red light pillar, a light curtain appeared, and in the light curtain appeared a man who was more than ten feet tall and looked like a god of war. The shadow of a stalwart man.

The man had long blood-red hair, slender eyebrows, and was wearing a set of black armor. He was looking into the distance, but he exuded an extremely fierce murderous aura.

This fierce murderous aura made people even hundreds of meters away Qin Chuan felt an inexplicable palpitation in his heart.

It seemed that he was as weak as an ant in front of the man in front of him, which caused a tremor and fear deep in his soul, and he almost did not dare to look up.

But when Qin Chuan was shadowed by the man, When he was so oppressed that he almost didn't dare to raise his head, a surge of arrogance surged in his heart.

The guy in front of him was just a shadow, what was there to be afraid of?

Thinking of this, Qin Chuan suppressed the throbbing in his heart and looked up proudly to the air...

Chapter 1675

The guy in front of me is just a shadow. What is there to be afraid of?

Thinking of this, Qin Chuan suppressed the throbbing in his heart and proudly raised his head to look into the sky.

But at this moment, the shadow in the sky changed again, and a line of ancient text suddenly appeared in the light curtain in the sky, and then disappeared.

Qin Chuan looked surprised when he saw the ancient text.

Which line of ancient characters reads: Forged Body Seven Divine Styles.

After the line of ancient writing disappeared, the man in the light curtain also began to move, and actually began to practice a set of very weird movements.

It is called boxing, but unlike boxing, there is no so-called attack and defense.

Qin Chuan's heart moved, and he started practicing with the man in the light curtain. At the same time, the ancient body refining method was silently running in his body.

Qin Chuan's ancient body refining method caused the hidden veins in his body to burst out, running at a high speed dozens of times faster than before.

This horrified Qin Chuan, and at the same time he suddenly realized that he had been practicing the ancient body-refining method wrongly before.

The ancient body-refining methods he knew were only mental methods, and combined with this set of seven body-refining techniques, this was the real way of body-refining.

In the past, he used tiger-shaped boxing combined with body-training and mind-training methods to practice, but in fact, he was totally wrong.

If it weren't for the large amount of high-level ferocious beast essence and blood, there would also be monkey wine, red phosphorus pill, and the help of senior demon snake.

If Qin Chuan wants to improve his body-refining power to the current level, he doesn't know that he will have to practice it until the year of the monkey and the month of the horse.

Soon, Qin Chuan made another surprising discovery.

When he practiced the Seven Gods Style of Strengthening the Body, he could feel two strange energies from heaven and earth pouring into his body.

As soon as these two unfamiliar energies entered his hidden veins, they immediately blended together and turned into a stream of life energy that he refined and absorbed.

In fact, these two strange energies are the yin and yang between heaven and earth.

In ancient times, warriors were divided into: Qi warriors and physical warriors.

Qi cultivators practice the five elements of vitality.

Physical warriors cultivate the two qi of yin and yang.

All living things in the world are born from the two qi of yin and yang. When yin and yang are in harmony, all things are born.

Therefore, the two qi of yin and yang blend into life energy.

Physical cultivation warriors take the essence and blood of ferocious beasts to practice, which is actually the same as warriors taking elixirs to practice.

Therefore, in ancient times, when there were many body cultivators, the essence and blood of ferocious beasts was very expensive. The blood essence and blood of any fifth-level ferocious beast would cost thousands or even tens of thousands of gold coins.

Unlike today, those who practice martial arts have become extinct.

Almost no one cares about the essence and blood of ferocious beasts. A bottle of fifth-level ferocious beast's essence and blood is only worth one or two hundred gold coins, which is a bargain for Qin Chuan.

The man in the light curtain practiced the Seven Gods Form of Forging the Body three times, and Qin Chuan also practiced it three times.

As soon as the three times were over, the light curtain in the air shook for a while, and then turned into a red light and was included in the War God's Order.

Just as Qin Chuan was secretly amazed, the God of War's order changed again.

Suddenly the red light rose again, and the entire token turned into a red light and shot directly into the palm of Qin Chuan's left hand.

Qin Chuan was horrified and wanted to get out of the way, but it was too late.

Turning over his hand, he saw that the War God's Order had disappeared, but there was a bright red ancient text on the palm of his hand.

"war!"

Qin Chuan recited this word silently.

At the same time, Qin Chuan felt that there seemed to be something more in his mind. As soon as he thought about it, the word 'war' in his palm disappeared immediately, and a simple token suddenly floated in his palm.

Look. Seeing this scene, Qin Chuan was surprised.

He didn't expect that the God of War Token could be actively integrated into his body. In this way, he could summon it at any time in the future, without having to worry about being discovered while hiding it on his body..

Chapter 1676

"Huh! This is?"

At this time, Qin Chuan was surprised to find that there was actually his own space in the God of War Token.

The space was as large as seventy or eighty square meters.

This God of War Token is so magical, it even has storage space!

As for the storage ring, Qin Chuan has heard about this magical item for a long time. He heard that most of these rings only appear in the hands of ninth-level warriors.

As for why ninth-level warriors have such items, it is rumored that those ninth-level masters come from another place. It was obtained in a mysterious place.

As for where it was, Qin Chuan could not know.

Qin Chuan suppressed the excitement in his heart, closed his eyes and scanned the entire space in the God of War Order.

He found , the space in the God of War Token was empty, with only one blood-red jade bead.

Qin Chuan thought, and he took out the blood-red jade bead from the God of War Token.

Looking at the blood-red jade bead in his hand, Qin Chuan did not He knew exactly what the blood-red jade bead was, but he felt an inexplicable palpitating feeling that made him very uncomfortable. After hesitating for a moment, Qin Chuan still took the blood-red jade bead into the God of War Order.

After pondering for a while, Qin Chuan Chuan threw the two thousand gold coins, a fire spirit crystal, more than twenty water essence pills, a dozen bottles of ferocious beast essence and blood, the insect repellent manual and insect eggs in his bag into the God of War. In the order's space.

He only left a few hundred gold coins outside his body for backup.

With this War God Order, it will be much more convenient for Qin Chuan to store some secret things in the future.

From the activation of the vision to the end of the War God Order, it is enough It's half an hour.

Fortunately, this place is more than ten miles away from Beike Town. It's dead of night and it's an inaccessible place.

If he had activated this War God's Order in a small town, with the astonishing effect that this War God's Order had just issued, I'm afraid everyone in the whole town will notice it."

Thinking of this, Qin Chuan couldn't help but secretly thought he was lucky.

After studying the War God's Order, Qin Chuan did not leave just yet.

Instead, he took out a bottle of the essence and blood of a sixth-level ferocious beast, took a drop, and then practiced the seven-god body-forging style.

Qin Chuan was only halfway through practicing the seven-god body-forging style when he stopped, with a look of horror on his face at first, and then turned into a look of ecstasy.

In the past, it would take him at least two or three hours to refine a drop of blood essence from a sixth-level ferocious beast.

And now a drop of blood essence has been refined in a matter of seconds.

Such a comparison shows that it is dozens of times faster than before!

So, wouldn't he be able to refine his body much faster in the future?

Thinking of this, Qin Chuan couldn't help but get excited.

At that moment, Qin Chuan took out the only bottle of blood essence of a seventh-level ferocious beast and began to refine it.

The most urgent thing he needs to do now is to improve his strength as soon as possible.

The fastest way to improve one's strength is to open the first 'Battle Body Gate' in one's body, allowing oneself to become a true physical warrior.

After mastering the true method of physical training, Qin Chuan made rapid progress.

Time was passing, and before he knew it, Qin Chuan had been practicing for two hours.

Suddenly, Qin Chuan shouted loudly and punched a tree nearby, breaking the tree as thick as a bowl.

This punch relied entirely on his physical strength and did not use any vitality.

Unexpectedly, after only practicing for two hours, his physical training would make such great progress.

With the real method of body training, practicing will indeed achieve twice the result with half the effort.

Qin Chuan looked at his fist in surprise, feeling very happy.

However, if he wants to open the first door in his body, he must break through his body's limits. It's not the time for him to be happy yet.

Thinking of this, Qin Chuan swallowed another large mouthful of seventh-level blood essence and continued to practice...

Chapter 1677

However, if Qin Chuan wants to open the first door in his body, he must break through his body's limits. It's not the time for him to be happy yet.

Thinking of this, Qin Chuan swallowed another large mouthful of seventh-level blood essence and continued to practice.

Soon, he discovered.

When he continues to practice the ancient body refining method, he can still refine the blood essence, and his body is still absorbing the life energy.

At the same time, he is also absorbing the yin and yang energy between heaven and earth.

However, no matter how much life energy he refined and absorbed, his physical strength no longer increased.

However, although the excess life energy did not improve his physical strength, it had quietly penetrated into every cell of his body and was quietly strengthening his body cells.

Unknowingly, Qin Chuan practiced for more than an hour, and the bottle of blood essence and blood of the seventh-level ferocious beast was completely refined by him, but Qin Chuan's strength still did not increase at all.

Qin Chuan knew that his body's strength had reached a bottleneck, and he didn't know when he would be able to break through.

Although he didn't know when he would be able to break through, Qin Chuan knew that as long as his body absorbed enough life energy and reached saturation, it would naturally break through.

As long as he breaks through and reaches the first gate, the Battle Body Gate, his strength will definitely increase greatly.

At this time, the sky is about to break.

Qinchuan stopped staying and rushed back to Beike Town.

He had to quietly return to Beike Town before dawn and not let others know his whereabouts last night.

When Qin Chuan returned to Beike Town, it was just dawn.

Qin Chuan quietly went back to his room without disturbing anyone.

Then I tidied up a bit and fell asleep.

During this period of time, he has been practicing high-intensity every day, only sleeping for one hour a day, and he is also slightly exhausted physically and mentally.

As soon as he lay down, he fell into a deep sleep.

He slept until three o'clock in the morning when Qin Chuan was woken up from his sleep by Chen Shen.

Chen Shen woke him up and asked him to have breakfast together.

After Qin Chuan got up, he looked at the sun outside the window. He estimated that he had slept for more than an hour, so he secretly recited the Qingxin Mantra, and he suddenly felt energetic and energetic again.

Today, Qin Chuan's practice is inseparable from the Pure Heart Curse.

This is also the reason why he only sleeps for an hour every day, but is still very active.

If ordinary people lived like this, they would probably die suddenly long ago.

Qin Chuan also found that after frequently using the Pure Heart Curse, its effect became better and better, and it even helped his three distractions, making his three distractions smoother.

This made Qin Chuan vaguely feel that the 'Pure Heart Curse' was not simple. It must have some special effect. As for what effect it was, he could not know it now.

After breakfast, Qin Chuan went to the meeting hall and discussed with several security commanders and the mayor about the extermination of the Earth Fire Scorpions.

Finally, Mayor Wang took out a dozen town guards and assigned them to Qin Chuan's tent.

Qin Chuan also divided his subordinates and the dozen town guards into two teams, with Chen Shen and Peng Yu as captains respectively.

At this point, the Scorpion Suppressor army was divided into five armies.

The four commanders and Qin Chuan each led one side, and each leader had two teams and two captains.

In addition, Mayor Wang will lead the entire army.

After these marching arrangements were made, the next step was to wait for the arrival of the mysterious Senior Liu.

Without the participation of Senior Liu, this scorpion-killing plan would not have been possible, because only Senior Liu could deal with the mutated female scorpion.

After discussing with the leaders, Qin Chuan returned to his residence, made some instructions and arrangements for Chen Shen and Peng Yu, and went straight to the small river outside the town.

I found a remote place and continued to practice hard..

Chapter 1678

Time flies, five days have passed.

The weather has been sunny since this time and the snow on the ground has melted.

Fish and ducks were playing in the river, and even the violet trees on the shore showed a bit of life.

A breath of early spring comes quietly.

In the past five days, the mysterious Senior Liu has not appeared.

Qin Chuan has been practicing body training crazily during these five days.

During the day, he practiced by the stream outside the town; at night, he secretly went to the mountains to practice. He still only slept for an hour every day.

Ever since Qin Chuan mastered the real method of body refining, his speed of refining blood essence has been astonishingly fast.

In just five days, Qin Chuan refined the dozen or so bottles of ferocious beast essence and blood he brought down to the last bottle, and the rest have been refined.

However, after refining so much ferocious beast essence and blood, Qin Chuan's physical strength still stayed at the bottleneck, unable to make any progress.

But Qin Chuan vaguely felt that there was already an explosive power lurking in his body.

This explosive force is gradually reaching saturation. As long as it breaks through this saturation, it can reach a new realm.

This feeling filled Qin Chuan's heart with anticipation.

Because he knew that this was a symbol of an impending breakthrough.

However, what Qin Chuan didn't know was that refining a large amount of high-level ferocious beast essence and blood like him to assist in body refining was unimaginable in ancient times.

In ancient times, there were many martial arts practitioners, which made the essence and blood of ferocious beasts extremely expensive.

Most people at Qin Chuan's level only take the essence and blood of first- and second-level ferocious beasts to assist their cultivation.

Taking the essence and blood of third-level ferocious beasts is too luxurious for them.

Not to mention that someone like Qin Chuan, who consumes a large amount of blood essence and blood of level six or above, can make those ancient body cultivators go crazy with jealousy.

This also makes it difficult for ancient body cultivators to practice.

Usually, it would take at least seven or eight years for a decent martial artist with good qualifications to open the first door.

If you have poor qualifications, it may take more than ten or even twenty years.

But Qin Chuan is an exception, because no one has many adventures and a superior cultivation environment like him, and can refine large amounts of high-level ferocious beast essence and blood to assist cultivation regardless of cost.

Before the ancient body cultivator opens the first gate, his strength is very weak. Even if he reaches the limit of the first gate, he is only slightly stronger than the first-level intermediate warrior.

However, when a physical cultivator opens the first door in his body, his strength will undergo earth-shaking changes.

His combat effectiveness skyrocketed, reaching the level of a second-level Dzogchen master.

This is why Qin Chuan is eager to open the first door. As long as he opens the first door, his combat power will inevitably increase greatly.

When the time comes, you will have more confidence to save your life against third-level warriors.

There is only the last bottle of blood essence left. If he can't break through after refining it, he can only rely on his body to absorb the yin and yang energy between heaven and earth to strengthen his body.

But this kind of exercise speed is too slow!"

Qin Chuan couldn't help but smile bitterly in his heart. He hesitated whether he should go back to Shenyang City to purchase some blood essence.

Just when Qin Chuan was worried about the beast's essence and blood, Young Master Zhou of Shenyang City was also worried about it. Worried about the disappearance of six people from Sun Yan

"how? Haven't you found any news about Sun Yan and the six others?"

"No! The subordinates also quietly went to Beike Town and asked the local residents, but no one heard about the presence of six people in the town, nor did anyone hear about the fight."

"The subordinates also searched secretly, but found no trace of the six of them."

Qian Xing was also extremely puzzled.

"How can this be? What about Qin Chuan? Is he dead?"

Qian Xing hesitated for a while before speaking.

"Report to the Fourth Young Master that Qin Chuan is still alive and well!"

"How can it be? Why isn't this kid dead yet?"

Master Zhou was very angry.

"What is that little beast doing there every day now?"

"Reporting to the fourth young master, according to inquiries from his subordinates, Qin Chuan goes to practice boxing by the river outside the town every day, and there is nothing else going on.

Zhou Shao said angrily: "It's been five days, what are Sun Yan and the others doing?" Why haven't you taken action yet?"

"Even if the operation fails, it's time to come back and see me. But even their shadows were gone. Could it be that they disobeyed my orders and defected to the Zhou family?"...

Chapter 1679

Zhou Shao said angrily: "It's been five days, what are Sun Yan and the others doing? Why haven't they done anything yet?"

"Even if the operation fails, it's time to come back and see me. But even their shadows were gone. Could it be that they disobeyed my orders and defected to the Zhou family?"

Qian Xing immediately said: "Fourth Young Master, this is impossible." Based on what I know about Sun Yan and the other six, it is absolutely impossible for them to defect from the Zhou family."

"Their families all live in Shenyang City, how could they defect from the Zhou family? Don't you care about the safety of your family? I think they probably had an accident."

"makes sense! So where did Sun Yan and the others go? Did something happen to Sun Yan and the others?"

"However, even if there was an accident, with Sun Yan's insect repelling skills, he should have released some spiritual insects back to report the news. Could it be that the enemies they encountered were so powerful that they didn't even have the chance to report the news?"

"If the fourth young master has such strength, I am afraid it is the work of a second-level Dzogchen master."

"But to be able to kill the six of them quietly and prevent Sun Yan from reporting the news, I don't think a second-level Dzogchen master can do it. At least three second-level Dzogchen masters are needed to do it."

"It would be easier if a third-level warrior took action. Fourth Young Master, do you think someone is secretly helping Qin Chuan?"

Master Zhou nodded slightly and thought about it secretly. He felt that it was very possible.

After pondering for a while, Master Zhou shook his head and said to himself

"If someone helped Qin Chuan kill the six of Sun Yan, I think it is unlikely! Only you and I know about the assassination of Qin Chuan."

"Sun Yan and the others set off immediately after receiving the news, and they set off in the evening. It was probably dark when they arrived in Beike Town, and it was impossible for anyone else to know about it. Qian

Xinglue thought it made sense, and then asked with some confusion: "Fourth Young Master, who will kill Sun Yan and the other six?"

"I think there are two possibilities. One possibility is that Sun Yan and the others accidentally collided with an expert on their way to Beike Town, and the expert killed the six of them in anger. Another possibility is that the six of them were killed by Qin Chuan.."

When he heard the second possibility, Qian Xing had a look of disbelief on his face.

"impossible! This is absolutely impossible! Fourth Young Master, how could Qin Chuan have the strength to kill six people from Sun Yan?"

When I thought of the second possibility, Young Master Zhou couldn't help but break out in a cold sweat.....

"I also think it's impossible. However, have you noticed? Ever since I got into trouble with Qin Chuan, a lot of strange things have happened around me."

"First, Zhao De disappeared with the VIP order, then Song Jian disappeared after chasing Qin Chuan, and now Sun Yan and six others disappeared again after going for an assassination. There were three disappearances in a row, all related to Qin Chuan. Don't you think it's too much? Coincidence?"

"However, Fourth Young Master, Qin Chuan is only thirteen years old. At his age, it is already very amazing and rare that his strength can reach the second level. But if it is said that his strength exceeds the second level of Dzogchen, I really can't believe it."

Qian Xing found it difficult to accept this result.

"Don't say you don't believe it, even I can't believe it myself"

"You and I have also fought against him. The boy's strength is only at the second level at best. With his strength, it is absolutely impossible to kill the six Sun Yans. I suspect that he may be hiding his strength."

When I thought that Qin Chuan might be hiding his strength, Master Zhou felt an inexplicable fear in his heart.

If this was the case, that Qin Chuan would be so terrible. He, Master Zhou, would kill Qin Chuan at all costs.

"Fourth Young Master, what should we do now?"

Qian Xing felt uneasy for no reason in his heart..

Chapter 1680

"what to do? If Qin Chuan is not eliminated, this young master will be in trouble. After all, he is my serious concern! I must kill him"

"Fourth Young Master, it seems that we can only ask a third-level master to take action this time."

"Please ask a third-level master to take action?"

Young Master Zhou couldn't help but frowned and sighed softly.

"Why! How can a third-level master be so easy to hire?"

"Fourth Young Master, if you don't ask a third-level master to take action, I'm afraid there will be another accident this time, so I think it's more appropriate to ask a third-level master to take action."

"Moreover, it can also be verified whether Qin Chuan really hides his strength. If it's not hidden, then it's fine. If you kill it, you'll kill it. If it's really hidden, I'm afraid....."

"snort! If he really hides his strength, even if he has the strength of a third-level warrior, I will try my best to kill him and never let him live!"

After saying these words, Mr. Zhou Zhou's face revealed an extremely ruthless and determined look.

"What the Fourth Young Master said was that if he really had that kind of strength, it would be too terrifying. Given time, he would grow into an eighth-level master, or even a ninth-level warrior like the Great God Protector of the Country."

"good! However, from my point of view, no matter how talented that kid is, reaching the second level of Great Perfection is already the limit, and it is absolutely impossible for him to have the strength of the third level."

"But to be on the safe side, I really have to ask a third-level master to take action!"

"I wonder which one the fourth young master plans to invite?"

"This young master has some friendship with Captain Xing. If this young master goes to ask him in person, he will definitely agree to it for the sake of his father."

"Ha ha!! The criminal captain is the master's old subordinate. He was once the master's personal guard. He has a deep relationship with the young master. If the young master begs him this time, he will definitely agree."

"Stop talking nonsense! Qian Xing, you and I will go over there to pay a visit to Captain Xing. After all, he is a third-level warrior. It is necessary for me to pay him a visit in person."

"yes! Fourth Young Master!"

.....

In the blink of an eye, Qin Chuan had been waiting in Beike Town for six days.

Senior Liu still hadn't arrived, which made Mayor Wang and others anxious.

During this period, the village chief of Daqing Village came twice.

It is said that the group of fire scorpions became more and more rampant and invaded the village more and more frequently. Many villagers fled the village with their families.

Nowadays, there are fewer and fewer villagers left behind in Daqing Village.

Mayor Wang had no choice but to comfort him and persuade him to go back to appease the villagers first. After his side was sorted out, he sent troops to exterminate the scorpions.

In fact, he would never dare to send troops to exterminate the scorpions without a third-level warrior in charge.

You know, even if there is only one third-level mutant female scorpion, if they all go together, they may not be the opponent of that mutant female scorpion.

In fact, Qin Chuan was even more curious about the so-called Senior Liu.

In his spare time, Qin Chuan also took a look.

It is said that Senior Liu is a casual martial artist who is over sixty years old and has been advanced to the third level martial artist for several years.

Inferring from this, Senior Liu's qualifications are at best average.

But even so, a third-level warrior is definitely a powerful figure in a small place like Beike Town.

Soon, night fell, and in a remote grove outside Beike Town, three strangers suddenly appeared.

The leader of these three strangers is a middle-aged man with a cold expression.

Behind the middle-aged man were two young men in their twenties.

Of these two young men, one of them had an excessively fair complexion, a pair of thin lips, and a pair of triangular eyes, which made him look a bit mean.

If Qin Chuan were present, he would definitely recognize this mean-looking young man as Young Master Zhou Zhou.

The other young man was naturally Qian Xing, Zhou Shao's personal guard.

As for the middle-aged man, he is Captain Xing, a third-level warrior invited by Young Master Zhou to assassinate Qin Chuan..
