Chapter 1681

"Captain Xing, I'll leave it to you this time! Mr.

Zhou said respectfully to the middle-aged man in front of him.

"The fourth young master is too polite. Since Xing agreed, he will definitely do it for you. However, there is one thing that Xing needs to say again. Xing only takes action for the fourth young master this time, and he will not do it next time!"

"It's enough that the criminal captain can help me once. I won't trouble the criminal captain next time."

Hearing this, the criminal captain pondered for a while.

"Fourth Young Master, it's not that I don't want to help you a few more times. After all, killing the reserve guard for no reason like this really goes against Xing's original intention."

"Moreover, if the higher-ups knew about such a thing, it would be difficult for us to explain it."

Young Master Zhou Zhou nodded and said, "I understand the concerns of the criminal captain. In fact, I wanted to create some excuses for this kid at first, and then use this as an excuse to kill him, so that I can explain to the superiors openly."

"But that little beast is very smart and doesn't give Ben a chance."

"I had no choice but to send people to assassinate him directly, but I didn't want the people who assassinated him twice in a row to disappear inexplicably."

"Oh, there is such a thing? I wonder what kind of strength the people sent by the Fourth Young Master are?"

"The first time was a second-level Dzogchen warrior, and the second time was six second-level warriors."

Hearing this, the criminal captain also showed a strange look on his face.

"In this case, that kid should not be able to escape the assassination. How did he escape?"

"yes! This is also where I am doubtful."

"Not only did he escape from assassinations many times, but even the men sent by me have disappeared inexplicably, so I wonder if this little beast is hiding his strength."

"This is also the reason why I asked the criminal captain to take action."

"With that said, this matter is a bit interesting."

The criminal captain smiled.

"However, Xing thought it was impossible for Qin Chuan to hide his strength. At the age of thirteen, it is already very good that he can reach the level of a second-level warrior. If he hides it again, wouldn't he be too evil?"

"This young master also thinks so in his heart, but he is a little worried!"

"Whether he has hidden strength or not will be known once Xing Mou takes action."

Hearing this, Zhou Shaoxi said:"If the criminal captain takes action, even if the kid is hiding, he will definitely die.

Qian Xing on the side also echoed:"What the fourth young master said is that no matter whether Qin Chuan hides his strength today, he will definitely die when he meets Captain Xing.""

The criminal captain said quietly: "Let's not talk about this for now! After all, it is better not to let outsiders know about this matter, so we must resolve it quickly. It was getting dark now, so it was time for Xing to take action."

But on the other side, Qin Chuan was still practicing the ancient body training method by the river as usual, practicing until sunset.

"It's going to get dark again so soon!"

Qin Chuan raised his head and looked at the sky. The sun had already sunk into the Western Mountains, and the thick dusk fell quietly. In the distance, there were one or two tired birds returning to their nests, flying hurriedly into the mountains and forests.

Looking at the birds on the horizon, Qin Chuan also felt like he wanted to go home. A smile appeared on his lips, and he was ready to return to town.

But at this moment, Qin Chuan's expression suddenly changed slightly, and he hurriedly listened carefully.

Because he heard something coming from a thousand meters away. There are three people sneaking over here quietly.

It is obvious that these three people have no good intentions.

Moreover, judging from the breathing sounds of the three people, the cultivation level of these three people is not shallow.

Especially one of them, the breathing sound is almost faint. Inaudible, the footsteps that landed were extremely slight, and his cultivation skills were far superior to the other two.

"Is this person a third-level warrior?"

Qin Chuan stared at the water calmly and continued to listen carefully.

But at this moment, another extremely slight voice came from a thousand meters away.

"Captain Xing, the one standing in front of the river in a daze is Qin Chuan"

"Um! Xing knows this, so you two will wait here for now. Xing will come as he goes."

Hearing this, a faint smile appeared at the corner of Qin Chuan's mouth.

Sure enough, it was Young Master Zhou!

I didn't expect it took him so long to send someone.

It seems that the third-level warriors are dispatched this time.

Then I will play with you. Just a moment!"

Thinking of this, Qin Chuan took out the last bottle of ferocious beast essence and blood, drank it in one gulp, then threw away the vial, still facing the three people behind him....

Chapter 1682

Qin Chuan looked up at the horizon, his eyes filled with emotion, as if he was admiring the profound twilight.

In the distance, Young Master Zhou looked at Qin Chuan's lonely back in surprise and muttered

"This kid is really elegant! It was so late and I was still watching the scenery by the river. If I waited for a while, I might not even know how I died!"

Thinking of this, Young Master Zhou felt an inexplicable feeling of joy in his heart.

In front of him, Captain Xing restrained his momentum and slowly moved towards Qin Chuan.

Fifty meters, thirty meters...

Gradually, the distance between the two people increased. Getting closer and closer.

Is this kid really that strong?

I hope this kid won't let him down!

A trace of fighting spirit flashed in Captain Xing's eyes for no reason.

Before long, he was less than ten meters away from Qin Chuan.

But Qin in front Chuan was still unaware of it.

A trace of contempt flashed in the eyes of the criminal captain.

It seems that this boy's strength is no more than this! Come to think of it, he will be sent on his way soon.

Finally, the criminal captain took action, shooting like lightning. Xiang Qinchuan, a cold light flashed in his hand, and he stabbed Qin Chuan's back with a sword.

Qin Chuan in front seemed to feel the murderous intention behind him, and his body immediately turned away, trying to avoid Captain Xing's sword.

However, Qin Chuan's speed was too slow. His dodge speed could not keep up with the speed of the criminal captain's sword.

Poof.

The sword passed through his chest, blood splashed everywhere, and bright red flowers of death bloomed in the air.

This time The sword is also a sword that pierces the heart. The vitality dissipates in an instant.

"snort! I thought you were so powerful, but it seems you are nothing more than that, too weak!"

The criminal captain slowly wiped the blood on the sword, with a sneer at the corner of his mouth, and glanced at Qin Chuan's body with disdain.

He saw that blood was still flowing out from the wound on Qin Chuan's chest, and his eyes were filled with tears. His eyes were wide open, his pupils were dilated, but the panic was still fixed on his face. It seemed that before he died, his heart was full of unwillingness and fear, and maybe there were more doubts. At this time, Young Master Zhou and Qian Xing also hurried away. come over

"Just die like this?"

Zhou Shao couldn't believe it.

Qian Xing hurriedly went up to check Qin Chuan's breathing, and after a while he said

"Fourth Young Master, he is indeed dead. He is no longer breathing and has no heartbeat!"

"His heart was pierced by my sword, can he survive?"

The criminal captain on the side had a faint sneer on his face.

"I didn't expect this little bastard to really die like this! Ha ha!! I don't think he knew how he died until he died! snort! Little bastard, if you dare to fight with me, this is your fate!"

Master Zhou seemed to feel that it was not enough to relieve his anger, so he kicked Qin Chuan's body hard again.

"By the way, Captain Xing, what do you think of Qin Chuan's strength? Is there any hidden strength?"

Master Zhou suddenly thought of this question again.

Captain Xing shook his head slightly.

"should not! I think his strength is at most that of a second-level warrior, but he's still too weak! However, it is still very rare for him to have such strength at his age, and he is indeed a talent!"

"Um! It seemed that the disappearance of Song Jian and others had nothing to do with him."

Master Zhou seems to have figured out something.

"Fourth Young Master, what should I do with his body? Bury it on the spot? Qian Xing asked.

Zhou Shao pondered for a while and said

"Tie his body to a stone and throw it into the river so that no one will find it easily."

"The fourth young master said yes! Qian

Xing responded, found some canes, tied Qin Chuan's body tightly into a boulder, and then threw it into the river.

Then, the three of them washed away the blood stains on the bank and covered it up. All suspicious traces

"This time, thanks to the help of the criminal captain!"

"The fourth young master is too polite. In fact, there is no need for Xing to take action. With your strength, you can deal with him yourself."

Hearing this, Young Master Zhou's face twitched inadvertently. At this moment, he also felt a little regretful.

If he had known that Qin Chuan was so weak, he would have taken action himself. Why ask Captain Xing to take action again?

Let himself be innocent. Give someone a favor..

Chapter 1683

"Fourth Young Master, it's time for us to leave. We shouldn't stay here for long!"

Qian Xing on the side reminded kindly.

Young Master Zhou stared at the river and pondered for a while.

"Let's wait a little longer!"

After waiting for a cup of tea, the river surface was still calm without any strange changes.

Mr. Zhou Zhou finally breathed a sigh of relief and sneered: "It seems that Qin Chuan cannot die anymore. Even if He was not stabbed to death by the execution captain's sword. He should have choked to death by the water at this moment!"

Qian Xing suddenly understood Mr. Zhou Zhou's intention, and immediately praised

"The fourth young master was so wise that he actually thought of throwing the corpse into the river. Only this move could avoid future troubles!!

"Okay, no need to talk nonsense, it's time for us to leave!"

After a while, Zhou Shao and the other two people disappeared from the shore. After a long time after Zhou Shao and the other three people left, somewhere at the bottom of the river, Qin Chuan's body, which was tied to a boulder, suddenly moved.

"It seems they have gone far!"

Qin Chuan's originally dilated pupils returned to his normal appearance.

It turned out that Qin Chuan was pretending to be dead just now, deliberately deceiving the three young men on Thursday.

Because he knew that in the face of the pursuit of third-level warriors, he wanted to escape. There is no way to escape. He can only use the "Golden Cicada Escapes" strategy to deceive Zhou Shao and the other three people by pretending to die, and buy himself some more time. At the same time, he can also clear himself of the suspicion of killing Song Jian and others.

Even if Zhou Zhou is killed in the future, When the four young masters and the three found out that they were not dead, they must have thought that they should not die. They were saved by others and would not think that they had really hidden their strength.

However, Qin Chuan dared to pretend to be dead because he was a physical practitioner. Warriors.

Controlling the body is the strength of physical warriors.

Therefore, Qin Chuan can control his heartbeat, make his pupils dilated, and more importantly, he can make his internal organs shift slightly. Position.

Just before, when the criminal captain was about to penetrate his heart with a sword, he turned his body slightly to one side, pretending to be avoiding the criminal captain's attack, and at the same time, he slightly shifted the heart in his body from its original position.

Therefore, when the criminal captain pierced him with his sword, it did not penetrate his heart. However, in the eyes of outsiders, he was pierced by the sword. Even the criminal captain was deceived by him. Later,

Qin Chuan was Qian Xing was tied to a boulder and thrown into the bottom of the river.

Qin Chuan had previously taken the essence and blood of a ferocious beast. After holding his breath, the hidden veins in his body began to operate automatically, refining and absorbing the life energy in the essence and blood, and at the same time also He was quietly repairing his injuries.

So under the water, Qin Chuan didn't need to breathe at all. Not to mention the time that Master Zhou had to wait for a cup of tea on the shore, even if he waited for ten more cups of tea, he would not be The river water choked him to death.

Although Qin Chuan deceived Master Zhou this time by pretending to die, he also paid a heavy price.

The price was being pierced through the chest with a sword.

Such injuries may be very serious for ordinary warriors. , but for a body cultivator who specializes in body training, it is not as serious as imagined.

Holding back the pain in his chest, Qin Chuan broke the vines tied to his body with a strong effort, and then surfaced. After landing, Qin Chuan could no longer hold back and spat out the blood accumulated in his throat.

After vomiting the blood, Qin Chuan felt that his heart seemed to feel relieved, so he was about to take out a clotted blood powder to stop the bleeding from the wound.

But at this moment, Qin Chuan felt a sudden roar in his body, as if something suddenly opened, and then his body shook violently, and he could no longer move. At this moment, he could clearly feel that something had been lurking in his body for this period of time. A large amount of life energy actually exploded at this moment..

Chapter 1684

It turned out that the first 'war body gate' in Qin Chuan's body was opened at this moment.

At this moment, Qinchuan's whole body was strangely spraying blood-red mist. The blood mist accumulated more and more, and finally formed a solid blood cocoon outside Qinchuan's body, completely covering Qinchuan.

At this time, Qin Chuan in the blood cocoon also began to undergo earth-shaking changes, and his body was beginning to evolve for the first time.

In the blood cocoon, Qin Chuan's brain had become groggy. He was no longer aware of everything happening around him, as if he was immersed in a weird dream.

In the dream, he was wrapped in a large ball of blood-red mist, and his whole body was itching unbearably.

It was a heart-wrenching tingling, a tingling coming from the bones, as if there were thousands of ants crawling under the skin.

Night has fallen, there is no bright moon in the sky, only a few scattered stars, and the surroundings are pitch black.

A huge blood cocoon as tall as a person stood quietly on the river bank, looking a little strange in this dark night.

I don't know how long it took, but the blood cocoon still stood there quietly.

Suddenly, the blood cocoon moved slightly, and then exploded with a bang, and a slender figure emerged from the cocoon, standing on the rocks on the shore in the air.

This figure is naturally Qin Chuan who has completed his physical evolution.

However, Qin Chuan has undergone tremendous changes at this moment.

The original short black hair has now become long hair, and the height has grown by half a head.

The originally thin body has become stronger, and the skin is fairer and more tender than before.

However, his appearance has not changed much compared to before. He has just become a little more mature and looks like a boy of fourteen or fifteen years old.

Another change is that Qin Chuan has a formidable evil spirit.

I never thought that my first physical evolution would bring about such a drastic change!

Qin Chuan looked at the reflection in the water through the dim starlight.

At this moment, Qin Chuan could feel that his body was full of explosive energy.

After opening the first 'Battle Body Gate' in his body and completing his first evolution, Qin Chuan's body strength increased dramatically.

Nowadays, Qin Chuan's comprehensive combat effectiveness has been greatly improved. Although it is much stronger than before, there is still some gap compared with third-level warriors.

But at least he will no longer be as passive and helpless as before.

At the same time, Qin Chuan also discovered that after opening the 'Battle Body Gate', there was a silver energy ball in his Dantian.

As long as his mind moves, this energy ball will enter the hidden veins and run automatically. As for what this silver energy ball is, he still doesn't know yet.

Now that I have changed so much all of a sudden, I don't know how to explain it to those people tomorrow?

Thinking of this, Qin Chuan couldn't help but feel distressed again.

With a wave of his hand, he smashed all the remaining blood cocoon fragments on the shore and threw them into the river.

Then the figure flashed and disappeared on the shore, so fast that only a few afterimages could be seen.

.....

After Qin Chuan's body completed its first evolution, not only did his strength greatly increase, but even the sword wounds he had suffered previously were completely healed, leaving no scars at all.

When Qin Chuan returned to his residence, it was already late at night, so he didn't disturb anyone.

The next morning, Chen Shen and Peng Yu came to Qin Chuan's residence as usual.

When the two of them saw that the door of Qin Chuan's residence was closed, they knew that Qin Chuan was back.

"When did the team leader come back last night? do you know?"

"How do I know this? He always comes back very late from practicing, but he was just a little later than usual last night."

As the two of them were talking, they went up to knock on the door.

After a while, the door was closed tightly and no one opened it.

The two of them were confused. They thought Qin Chuan was sleeping inside and were about to call out.

There was a creak, but the door was there. It opened, and a long-haired boy came out of it

"Huh! Who are you? Where is our team leader?"

Chen Shen and the two looked at the long-haired boy in front of them in surprise.

Immediately, their eyes widened, their mouths opened slightly, and they looked at Qin Chuan in shock..

Chapter 1685

"Team leader, I haven't seen you all night. Why have you changed so much?"

"yes! Team leader, why have you become taller and your hair has grown longer? It seems like you have grown up a lot overnight."

Qin Chuan smiled slightly and suddenly radiated the aura from his body.

The powerful aura immediately shocked the hearts of Chen Shen and Chen, and then both of them showed horrified looks in their eyes.

"This... this is the aura of a first-level advanced warrior! Team leader, you have made a breakthrough!"

"good! Just last night, I finally made a breakthrough in my cultivation. I am now a first-level advanced warrior of the third line!"

Hearing this, Chen Shen and Chen looked at each other and swallowed hard.

They didn't know how strong the first-level senior warriors of the three series were, but they knew that when Qin Chuan was still an intermediate first-level warrior, He can compete with second-level warriors.

Now that Qin Chuan has broken through again, his strength must have reached a more terrifying level.

"Team leader, is your hair longer and taller because of your breakthrough in cultivation?"

Chen Shen asked curiously

"Not entirely, these changes are also related to an ancient secret skill that I practiced"

"It's just that I didn't expect that when I mastered this secret skill, my cultivation level would also break through at the same time. Within a few seconds, these wonderful changes would happen to me. Qin

Chuan said half-truthfully.

At this moment, he deliberately showed his external cultivation to be at the first level of advanced level just for the sake of rhetoric.

If it were just because of his breakthrough in cultivation, he had such a change.

Chen Shen and the others would not believe it, because since ancient times, no one had heard that a breakthrough in cultivation would bring about such a big change, so Qin Chuan half-truthfully said that he had practiced a secret skill

"oh! I see!"

Chen Shen suddenly realized that he obviously believed in Qin Chuan's words.

Peng Yu on the side also nodded secretly, obviously believing it.

Although the two of them were a little curious about the ancient secret skills practiced by Qin Chuan, they were both smart enough not to go and ask.

Because among warriors, it is taboo to inquire about other people's martial arts and secret skills without authorization.

But at this moment, Liu Xing walked in from outside the hospital. When he saw Qin Chuan's appearance, he opened his mouth in surprise and said for a long time. Finally, he asked carefully

"Team Leader Qin, what are you doing?"

Immediately, Qin Chuan took out the rhetoric he had said to Chen Shen and the others and explained it again.

"So that's it. Congratulations to Team Leader Qin!"

Liu Xing's tone was extremely respectful and his expression was very envious.

Although Qin Chuan is younger than him, he absolutely admires Qin Chuan's talent and strength. It can even be said that he worships him.

"I wonder what Captain Liu wants from me?"

"Report to Team Leader Qin that his subordinates were ordered by the mayor to invite Team Leader Qin to discuss matters. Commander Zhao Cuo and others are already there!"

"oh! Then please ask Captain Liu to lead the way!"

The two went straight to the meeting hall.

In the hall, Mayor Wang was discussing quietly with the four commanders.

At this time, Liu Xing came in with Qin Chuan.

"Lord Mayor, my subordinates have invited Team Leader Qin here!"

"Um! You retreat first... Hey! Team Leader Qin, why have you become like this after not seeing me for a day?"

Qin Chuan's change naturally surprised Mayor Wang.

The other four commanders also looked surprised.

Qin Chuan smiled slightly and told everyone again what he said to Chen Shen in the morning.

"It turns out that Team Leader Qin actually made a breakthrough, that's really gratifying!"

Mayor Wang had a look of wonder on his face.

But the four commanders all looked strange.

However, the five of them were very sensible and did not ask what ancient secret skills Qin Chuan had practiced.

"Team Leader Qin, Wang is very curious now! Before you break through in cultivation, you are capable of defeating a second-level warrior. I wonder how strong you will be after you break through? I wonder if Team Leader Qin can give me a punch?"

"Ha ha!! I am also curious in my heart. Since Mayor Wang is willing to give me some advice, I, Qin Chuan, can only ask for it!"

Qin Chuan laughed and accepted it readily.

"good!"Zheng Wang was overjoyed, and a strong fighting spirit suddenly rose up in his body, and the momentum of the second-level Great Perfection was immediately exuded.

"Team Leader Qin, watch out, take the move!"

Mayor Wang suddenly punched Qin Chuan with a swift punch.

Qin Chuan smiled slightly and punched forward unhurriedly.

The two fists intersected, and both of them retreated sharply.

Mayor Wang retreated continuously. He took five steps, but Qin Chuan took six steps back.

In this fight, Mayor Wang was only slightly better, almost evenly matched. The expressions of the four commanders who were watching the battle immediately changed from weird to shocked, and they immediately looked at Qin Chuan There was a hint of awe in their eyes.

Previously, the reason why they looked strange was because they thought that Qin Chuan's strength would increase greatly after he advanced. However, they did not expect that Qin Chuan's strength would increase to such an extent..

Chapter 1686

Mayor Wang was also horrified in his heart, but his face remained calm.

"Brother Qin Chuan, I didn't expect that after you advanced, your strength would reach the second level of perfection."

"You are so talented at such an achievement at such a young age! This is really a boy who is a hero! Shame on us old guys!"

"There! The mayor was rewarded, but the mayor was still more powerful, so Qin Chuan was willing to lose."

Mayor Wang shook his head repeatedly.

"Brother Qin is too humble. It has been more than ten years since Wang advanced to the second level of Dzogchen, and his combat power has already reached the limit of the second level of Dzogchen."

"With my current strength, I am afraid that I am not weak even among the second-level Dzogchen masters."

"There! The mayor is impressed!"

"Ha ha!! I said, brother Qin Chuan, please stop being modest. Don't call me Mayor anymore. If you think highly of Wang, just call Wang 'brother'."

"This..."

Qin Chuan hesitated for a while and said with a smile: "Since the elder brother has spoken, the younger brother should obey his orders."

"Ha ha!! That's how it should be! Come! Come! Come! Brother Qinchuan, let's sit down and discuss things together!"

Mayor Wang enthusiastically pulled Qin Chuan to sit next to him. It was obvious that he regarded Qin Chuan as an equal master. He did this not only because he was in awe of Qin Chuan's strength, but also because he was interested in Qin Chuan. Knowing Qin Chuan's unlimited potential, he tried to please him with all his heart.

Everyone could see that the boy in front of him was only thirteen or fourteen years old, but he already had such amazing strength.

In time, he would definitely not be a thing in the pool. To please him at this time, Maybe it will be of great help to him in the future.

After Mayor Wang and Qin Chuan sat down, the four commanders consciously sat at the bottom and did not dare to sit on the same level as Qin Chuan. Among warriors, only strength can determine status.

"Ha ha!! Now that brother Qin Chuan has greatly improved his strength, this plan to suppress scorpions is a little more certain! Qin

Chuan smiled slightly: "Thank you, brother, we have to rely on Senior Liu to suppress the scorpions." I don't know why brother came to us to discuss something?"

Mayor Wang said: "This matter is related to that senior Liu."

"This morning I received a message from my senior, saying that he will arrive in Beike Town in two days. By then, we must take care of Senior Liu, so don't neglect it."

"Wang summoned everyone here because he hoped that you would convey it to his subordinates well so as not to collide with Senior Liu when the time comes."

"Um! What Mayor Wang said is exactly what he said. Senior Liu is a third-level warrior, so he must not be neglected."

Several commanders also echoed.

Afterwards, the five people discussed how to take over for Senior Liu and other specific matters.

After discussing these trivial matters, the other four commanders left one after another, but Mayor Wang left Qin Chuan alone. Down

"Brother Qinchuan, do you know ancient texts?"

"I can only say that I know a little bit about it. Why do you ask me this?"

Qin Chuan knew clearly in his heart that Mayor Wang asked this question because he must have heard himself talk about practicing some ancient secret skills, so he thought that he might know ancient writings.

Hearing Qin Chuan say this, Mayor Wang smiled and said: "If Brother Qin Chuan is right I know something about ancient texts, so let me take you to see something. Maybe you will be interested."

"oh? What is it?"

Qin Chuan also became curious about what Mayor Wang said.

"Brother, just come with me!"

Then, Mayor Wang brought Qin Chuan to show him the inner courtyard of the mayor's residence.

This inner courtyard is the residence of Mayor Wang's family, and outsiders are rarely allowed in.

After the two entered the inner courtyard, Mayor Wang took Qin Chuan to a small garden.

In the center of the small garden stood a broken stele.

The broken stele was filled with lines of ancient characters.

"Brother Qinchuan, are the words on this stone tablet ancient words?"

Qin Chuan pretended to take a closer look, walked forward to study for a while, and then said: "Brother Wang, this is indeed an ancient text."

In fact, when Qin Chuan saw the stone tablet for the first time, he recognized that the words on it were ancient words.

When he saw the content of the words clearly, he was even more shocked.

But Qin Chuan pretended to be calm on the surface, but his heart had long been rough waves..

Chapter 1687

In fact, when Qin Chuan saw the stone tablet for the first time, he recognized that the writing on it was ancient writing.

When he saw the content of the text clearly, he was even more shocked.

It's just that Qin Chuan pretends to be calm on the surface, but his heart is already turbulent.

"Brother Wang, where did this stone tablet come from?"

"This old man doesn't know that this stone tablet was left by the previous mayor. It has been placed in this yard for decades and has always been regarded as a landscape."

"I also heard someone say that the words on this may be ancient writing, so I was curious and asked me to come over and take a look."

"Brother Qin Chuan, I wonder what is written on this? Qin

Chuan shook his head and smiled bitterly: "Brother, I know very little about these ancient characters. I can only recognize a few of the characters on this stone tablet, and they are only fragments of words, not even a sentence. I don't know what they are." What exactly is recorded above?"

"However, I can make rubbings of these words and study them carefully when I go back. Maybe I can translate the words on this stone tablet!"

"Ha ha!! Since brother Qin Chuan is interested, just write it down casually. Mayor Wang said very generously.

He asked Qin Chuan to come and see the stone tablet on a whim. He mainly wanted to find an opportunity to get closer to Qin Chuan. In fact, he had no interest in the content on the stone tablet.

If he really valued this stone tablet, he would have placed it in the back garden and let it dry in the wind and sun.

Then, Mayor Wang ordered a servant to bring a pen and paper to help Qin Chuan place the stone tablet. Write down all the contents on the book.

After the two chatted for a while, Qin Chuan left and went straight back to his residence.

As soon as he arrived at his residence, Qin Chuan closed the door and window, and excitedly took out the rubbings. Ancient manuscripts written.

In fact, he knew all the words on these stone tablets.

Moreover, the content recorded on the stone tablets was nothing else but the combat skills of ancient physical warriors.

The combat skills were no less than that of physical warriors. Martial arts.

Qin Chuan carefully read those ancient manuscripts.

After reading them, he knew what the silver energy ball in his Dantian was.

It turned out that the silver energy ball was an essence that could only be cultivated by physical warriors..

This essence will only be generated after opening the first door in the body. The essence of a physical warrior is equivalent to the vitality cultivated by a Qi warrior. A

Qi warrior needs to expend vitality to use martial arts.

A physical warrior needs to use War Records. What is consumed is this essence.

And the content on the stone tablet records two combat skills.

The first combat skill is called: Battle Body Madness, and any physical warrior who opens the first door can practice it.

Use 'War After using the "Body Madness Transformation" skill, the physical combat effectiveness of the body cultivator will be increased by 50%.

In other words, if Qin Chuan learns "Battle Body Madness Transformation", after using the "Battle Body Madness Transformation", his physical strength can be increased by 50%. Success.

When the time comes, although he cannot defeat the third-level warrior, it is enough to protect himself.

When he thinks of this, Qin Chuan's heart becomes hot, and he wishes he could learn this combat skill right away.

As for the other combat skill recorded on the stone tablet The skill is even more powerful.

This combat skill is called: Clone Technique.

You can separate a clone from your own body, and this clone has the same combat power as yourself.

However, the stone tablet is incomplete, and the clone technique obtained by Qin Chuan is also incomplete, so naturally he cannot Study.

In the next two days, Qin Chuan has been hiding in his house, studying the combat skill - Battle Body Madness!

In the blink of an eye, on the third day, Qin Chuan finally learned the Battle Body Madness. Senior Liu has finally arrived..

Chapter 1688

In the mayor's mansion, two sumptuous banquets were placed in the hall.

Tonight's banquet was all for that Senior Liu.

Sitting at the banquet table were all the guard captains, including Chen Shen and Peng Yu.

Sitting at the other banquet table were Qin Chuan and the four commanders.

A group of people were sitting quietly at the table, waiting for tonight's protagonist to appear.

Not long after, Mayor Wang's voice sounded outside the hall.

"Senior Liu, please come this way!"

Then, accompanied by Mayor Wang, a gray-haired old man walked in proudly.

Behind the old man, there was also a weird man wearing a bamboo hat and a windbreaker, covering himself tightly.

That person His appearance and appearance are all hidden in his windbreaker, making it difficult for people to see clearly his appearance and body shape, which inevitably makes people feel weird.

"Senior Liu, please sit over here!"

Mayor Wang brought the old man to Qinchuan's table and introduced him.

"Everyone, this is Senior Liu Qian!"

"I've met Senior Liu!"

Qin Chuan and others all stood up and saluted.

Liu Qian bowed his head proudly, indicating that he had seen everyone, but when he saw Qin Chuan, a trace of surprise flashed in his eyes.

Now everyone sat down in order, Liu Qian Sitting in the main seat, the mysterious weirdo who had been following him stood quietly behind him, but did not take his seat.

After everyone took their seats, Mayor Wang began to introduce Liu Qian enthusiastically

"Senior Liu! This is Team Leader Qin from the Zhou Family Preparatory Guard Battalion, little brother Qin Chuan!"

"The boy has met his senior!"

As soon as Qin Chuan spoke, the weirdo standing behind Liu Qian trembled inexplicably.

This subtle change was not noticed by others, but Qin Chuan discovered it with his abnormal hearing.

Qin Chuan couldn't help but feel strange , quietly looked at the weirdo.

"Um!"

Liu Qian nodded slightly and looked at Qin Chuan with an expression that was half a smile but not a smile.

"So you are Qin Chuan?"

Qin Chuan was surprised and said:"Yes!" Does the senior know the boy?"

"hehe!!"

Liu Qian smiled and did not answer, but changed the topic.

"Sure enough, a hero comes from a boy! I see that you are only thirteen or fourteen years old, but you are already a first-level senior warrior. It is indeed rare! Your talent is so high that I have never seen it before!"

"Senior, thank you!"

Qin Chuan saw that Liu Qian didn't want to answer, so he stopped asking.

Then, Mayor Wang introduced several other commanders to Liu Qian.

Liu Qian nodded slightly indifferently, which was regarded as meeting everyone.

"Who is this...."

Mayor Wang hesitated and looked at the weirdo behind Liu Qian.

"This is my personal attendant, please don't pay any attention to me."

"It turned out to be the follower of the senior!"

At that moment, Mayor Wang stopped introducing the mysterious entourage, and the banquet began.

After three drinks, Liu Qian suddenly said:"Mayor Wang, please ask me to take action. I wonder if you have prepared the reward."

"Senior, don't worry, the reward coins of 10,000 gold coins have been prepared. Here is the deposit of 5,000 gold coins. I hope senior will accept it! After the deed is completed, another five thousand gold coins will also be given."

Mayor Wang took out the deposit that he had already prepared.

"Um! Liu

Qian nodded slightly, accepted the deposit and handed it to the attendant behind him.

Seeing Liu Qian accept the deposit, Mayor Wang respectfully asked

"Excuse me, senior, how sure are you of dealing with that mutated female scorpion?"

"If it were three days ago, I would have only been 50% sure, but now I am 100% sure. Hearing this

, Mayor Wang was surprised: "Why did senior suddenly become so confident?" Liu

Qian pretended to smile mysteriously, and whispered to the entourage behind him: "Take out my flaming sword!"

Hearing this, the attendant handed over a long wooden box with a simple style that he carried with him.

Liu Qian took the wooden box and opened it, but inside lay a very ordinary sheathed long sword.

Liu Qian took it out. The long sword was drawn casually.

Whoa!

The long sword was unsheathed, and a fiery red long sword illuminated the hall in fiery red!

"Huh! This...this sword is actually a spiritual weapon!"

Mayor Wang looked at the sword in Liu Qian's hand in surprise, with envy in his eyes.

The other four commanders also showed envy..

Chapter 1689

Seeing everyone's envious looks, Liu Qian laughed proudly.

"Ha ha!! Mayor Wang has a good look. This flaming sword is indeed a spiritual weapon."

"After I got this flaming sword, my strength increased by more than 20%. It was not easy to deal with the mutated female scorpion."

Mayor Wang suddenly realized it and immediately showed joy.

"That's what the senior said! With the help of this flaming sword, senior can certainly kill the mutated female scorpion. It seems that with the help of senior, this scorpion eradication plan will be a big victory!"

"Of course, why did it take you so long to arrive at Beike Town? Isn't it just to get this flaming sword that I delayed it?"

"I see! Congratulations to this junior!"

But he said that when Qin Chuan on the side saw the Fire Flame Sword, he was also shocked.

He had also heard of the spiritual weapons. They were very rare and extremely precious items.

Any one of them would cost hundreds of thousands, or even Hundreds of thousands of gold coins.

Generally speaking, an offensive spiritual weapon can increase a warrior's attack power by 20% to 30%.

Therefore, if a warrior obtains a spiritual weapon, his strength will definitely increase greatly.

However, compared to this, Although people were shocked by the Huo Yanjian, Qin Chuan was more concerned about the attendant behind Liu Qian.

Although the attendant did not speak from the beginning to the end, Qin Chuan could faintly feel that the attendant's eyes hidden behind the veil, It seemed that he had been staring at me coldly, with a kind of hostility.

This feeling made Qin Chuan very uncomfortable and made him feel inexplicably uneasy.

Who is this guy?

He seems to be very hostile to me. ?

And the old man Liu Qian, he seems to have known about me for a long time.

Thinking of this, Qin Chuan couldn't help but be more wary of Liu Qian and his entourage, but he just pretended to be unsuspecting on the surface.

After the banquet was over , Mayor Wang announced that he would have a good rest tonight and officially march into Daqing Village to exterminate the Earth Fire Scorpions tomorrow.

Then everyone left the table and returned to their respective residences.

After Qin Chuan left the hall, he did not return to his residence. Instead, he quietly lurked outside the courtyard where Liu Qian lived, and then quietly eavesdropped on the conversation between the two people inside.

Inside the house, an oil lamp was lit.

Liu Qian was sitting on a chair drinking hot tea.

"master! When will you avenge your disciple?"

The attendant on the side suddenly spoke. It turned out that he was not mute.

"how? Can't wait so soon? Liu Qian asked with a smile.

"Yes! Master, that little bastard Qin Chuan caused my disciple to lose one of his hands. I will never forget this hatred for a moment. I only hope that someone will kill him soon, so that the hatred in my heart can be relieved!"

His tone revealed incomparable resentment, and he slowly stretched out his left hand.

The left hand was cut off at the wrist, but now it was equipped with a gleaming iron hook.

It turned out that this follower was no one else, but a revenge man. Chen Yuankun came here, and Liu Qian was his master

"Disciple, don't worry! Your teacher will definitely avenge you. But now is not the time, because I still want to get the 10,000 yuan reward from Beike Town."

"Then when will the master help his disciple take revenge?"

"tomorrow! When the Earth Fire Scorpion is exterminated tomorrow, I will find a way to trick him into the scorpion cave, then kill him in the cave, and then destroy the body and eliminate all traces of it."

"When the time comes, it will be said that the boy was killed by the mutated female scorpion, and Mayor Wang and the others will not doubt it."

Hearing this, Chen Yuankun was overjoyed.

"Thank you, master, for helping your apprentice get revenge! Liu

Qian smiled and said:"Disciple, you don't have to thank me for being my master. This is my teacher's reward for you.""

"If you hadn't told me about the treasure, I wouldn't have gotten the flaming sword, let alone so many precious elixirs."

"Now, with those elixirs, your and my future cultivation will be much smoother. Maybe I will be able to advance to the third level of Dzogchen soon!"

Speaking of this, Liu Qian couldn't help but look happy on his face.

Outside the hospital, Qin Chuan clearly heard the conversation between their master and apprentice, and couldn't help being shocked. Unexpectedly, that follower turned out to be Chen Yuankun, and Liu Qian even more so. His master.

Humph! Since you want to kill me, I, Qin Chuan, am not a kind person either.

I don't know who will be killed then!"...

Chapter 1690

Qin Chuan's eyes showed murderous intent, but he knew very well that with his current strength, he was no match for Liu Qian, and besides, the opponent also had a flaming sword in his hand.

There is an insurmountable gap in strength between third-level warriors and second-level Dzogchen warriors.

Although Qin Chuan has now broken through the Gate of War, he is still no match for a third-level warrior. what to do?

When the scorpions are suppressed tomorrow, the old guy will definitely assassinate him. He has to find a way."

Qin Chuan couldn't help but think about it. After a while, he thought of an idea, and a sneer appeared at the corner of his mouth.

At that moment, Qin Chuan returned to his residence and fell asleep.

When he woke up, it was already midnight, and most people were already asleep. Ripe

"Presumably the master and apprentice must have fallen asleep too!"

Thinking of this, Qin Chuan quietly sneaked into the courtyard where Master Chen Yuankun and his apprentice lived.

Listening carefully, he heard snoring all over the house. It was obvious that someone was asleep. It was dark and windy at the moment, and he couldn't see his fingers, but Qin Chuan was there. Such a night was like a fish in water, as if it were the same as during the day.

Qin Chuan climbed to the roof with ease, uncovered the tiles, and sneaked into the house.

Once inside, Qin Chuan used the technique of body refining to control his heartbeat and let His heartbeat stopped, and he used the breathing technique to restrain the energy fluctuations in his body.

At this moment, Qin Chuan's whole body's breath was hidden, and he stood in the room like a cold stone. It was almost impossible to feel his presence, although he was clearly standing there. In front of his eyes.

It turns out that Qin Chuan knew that even when a third-level warrior is asleep, he still has a subconscious alert. If he is not careful, he may wake him up. That's why

Qin Chuan restrained his whole body like this.

If it were an ordinary person, it would be He didn't dare to explore the residence of a third-level warrior at night like Qin Chuan, because no one could control his heartbeat and restrain his breath like Qin Chuan.

Afterwards, Qin Chuan quietly searched the house. After much searching, he finally found the wooden box containing the Fire Sword in Liu Qian's room.

The wooden box was lying quietly next to Liu Qian's pillow.

Qin Chuan took the wooden box away with great care until he exited. He dared to open the wooden box only when he was in Liu Qian's room.

He was afraid that he would be too close to Liu Qian and the noise would wake Liu Qian up.

After opening the wooden box, Qin Chuan pulled out the Fire Flame Sword and put it directly into his God of War Order, and then took out another An ordinary sword was inserted back into the scabbard.

Because the hilts of the two swords were very similar, it was almost invisible. If they had not taken out the sword, even Liu Qian and Chen Yuankun would not have discovered that the Fire Sword had been stolen. After doing this, Qin Chuan put the long wooden box back next to Liu Qian's pillow.

Then he secretly returned to the roof, covered it with tiles, and left.

"snort! tomorrow! We still don't know who killed whom?"

Qin Chuan felt very proud when he thought of the flaming sword in the War God's Order.

Early the next morning, Mayor Wang organized the army and officially marched.

A group of nearly a hundred warriors headed for Daqing Village.

When they arrived at Daqing Village, at the entrance of the village Nearly a hundred villagers came out to greet Qin Chuan and others. The leader was an old man who was also the village chief of Daqing Village.

It turned out that these villagers all rushed back to the village when they heard that the mayor had brought troops to destroy the Earth Fire Scorpions.

Mayor Wang The others did not stay in Daqing Village for long, and rushed directly to the valley where the Earth Fire Scorpions lived.

This valley is located at the northern end of Frightening Ridge, only a few miles away from the Fire Cave.

"Everyone, the cave ahead is the lair of the Earth Fire Scorpion."

The mutated female scorpion lives in the innermost part of the cave. The five adult earth fire scorpions and a group of juvenile earth fire scorpions live outside."

"Team Leader Qin, commanders, everyone is preparing an ambush at the entrance of the cave according to the previously discussed arrangements."

"Wang and Zhao Cuotong went in first and lured out the Earth Fire Scorpions outside."

"As for the mutated female scorpion, as long as its scorpion group is attacked, it will come out on its own initiative. When the time comes, please ask Senior Liu to help."

"Everyone, if you have no objections, then I remember to go in first."

"Wait!"

But at this moment, Liu Qian suddenly stopped him..
