

God level 1711

Chapter 1711

But, how can I see Uncle Qin?

Qin Chuan couldn't help but feel worried again.

By the way, if you ask the deputy chief instructor for help, you should be able to meet Uncle Qin easily. I just wonder if the deputy chief instructor is willing to help?

I imagine that the deputy chief instructor has been kind enough to teach him his skills and will definitely treat him as half a disciple. Such trivial matters are just a piece of cake for him, so he should be able to help.

Thinking of this, Qin Chuan decided to go find the deputy chief instructor after returning to the city.

After Qin Chuan's Mu Yuan Qi broke through to the second level of perfection, his strength also increased greatly.

At this moment, his strength is already comparable to that of a third-level warrior. Even without the Fire Sword, he can still compete with a third-level warrior.

After leaving the cave of the scorpions, Qin Chuan looked with some surprise at the heavy snow falling like goose feathers between the sky and the earth.

However, he didn't think too much and rushed straight to Shenyan City.

After returning to Shenyan City, Qin Chuan first went to the camp to meet with the instructor and give a complete explanation of the mission.

Chen Shen and Peng Yu had already arrived at the camp one step ahead of him.

The seventh group of camps, in the martial arts hall

"Qin Chuan, this mission was completed very well!"

"Instructor, this is what your subordinates should do"

"Um! But what surprises me is that during this mission, not only did your cultivation level improve, but your appearance also underwent amazing changes. Although Chen Shen told me about it, but now that I have seen it with my own eyes, I am still a little surprised!"

The instructor looked at Qin Chuan in front of him with some emotion.

Now Qin Chuan's short black hair has turned into long hair, hanging casually on his shoulders. He is half a head taller than before.

His body is also much stronger than before. , the whole person exudes a vague evil spirit.

This kind of vague evil spirit makes the instructor feel an inexplicable palpitation.

Judging from his experience, this kind of evil spirit can only be found in those who are murderous. It can only be felt by warriors.

This made the instructor couldn't help but secretly marvel.

It seems that this kid is likely to be a murderer in the future!

"Qin Chuan, your cultivation is already at the first level. At your age, you are able to achieve such an achievement. You are the most talented person I have ever seen since I taught the seventh group of instructors! You are also the most proud of me!"

The instructor looked at Qin Chuan with great satisfaction, took out another money bag and said

"Here are three thousand gold coins, which are also your rewards for completing this mission. Take them!"

"Thank you, instructor!"

After accepting these three thousand gold coins, Qin Chuan is still in a good mood.

"Um! Qin Chuan, you should practice hard when you go back and strive to break through your fire energy to the second level as soon as possible. Then you can become a formal guard."

"With your qualifications, I think it only takes one year to break through. You will only be fourteen years old at that time! Ha ha! A fourteen-year-old guard. At such an age, you will definitely become the youngest guard in the history of the Zhou family."

Speaking of this, the instructor couldn't help but get excited, with excitement on his face.

If Qin Chuan can really become a guard at the age of fourteen, as an executive instructor, he will naturally feel bright.

"yes! My subordinates will definitely work harder!"

After bidding farewell to the instructor, Qin Chuan went straight to find the deputy chief instructor.

In the small courtyard where the deputy chief instructor lived alone, a tall and cold figure quietly looked up at the falling snow in the sky, with a look of extreme horror in his eyes.

This tall and cold figure is naturally the deputy chief instructor.

And standing next to the deputy chief instructor is a handsome middle-aged man. This handsome middle-aged man is none other than Deacon Qin..

Chapter 1712

This tall and cold figure is naturally the deputy chief instructor.

And there was a handsome middle-aged man standing next to the deputy chief instructor. This handsome middle-aged man was none other than Deacon Qin.

"Brother, is something wrong?"

Deacon Qin saw his brother's expression was different and couldn't help but asked in a low voice.

"Ah Sheng, don't you think this heavy snow is a little strange?"

"It's a little strange! Judging from the current solar term, it is not the time for snow. The deputy chief instructor shook his head slightly: "It's not as simple as you think. This heavy snow is not natural, but man-made!"

"man-made?"

"good!" The deputy chief instructor nodded slightly.

"The water energy in the hundreds of miles around has undergone subtle changes, as if it has been condensed by some external force to form snowflakes. However, only masters above the sixth level can feel these changes. It is not surprising that you can't feel it.

A look of horror appeared on Deacon Qin's face: "Only a ninth-level master can control the changes in vitality for hundreds of miles between heaven and earth." Brother, you mean that there is a ninth-level master hidden in Shenyan City?"

The deputy chief instructor nodded slightly with a solemn expression.

The ninth-level master is the first-level figure of the Protector of the Country. In the eyes of countless people, he is a god-like existence. There are only five of them in the entire Dagon Kingdom.

It is because of this Five ninth-level masters were in charge, which made Dagon Kingdom become the eastern overlord of Tianfeng Continent.

Although the countries around Dagon Kingdom had ninth-level masters in charge, there were only one or two.

On Tianfeng Continent, The strength of the confrontation between countries is only smaller than the number of ninth-level masters, and everything else is just a cloud.

Moreover, if you want to stand on your own as a country, you must have a ninth-level master to take charge.

This is a default rule on the mainland. As the saying goes, 'a country has a ninth-level master, and there is no country without a ninth-level master'. A country without a ninth-level master can only wait to be destroyed.

Therefore, all small countries on the mainland have a ninth-level master, and these ninth-level masters are in charge. Some of the masters are from their own country, and some are masters from other regions hired with huge sums of money.

If a country can have two ninth-level masters sitting in charge, it can be regarded as a medium-sized small power. Therefore

, it can be imagined that a ninth-level master is very important to a country. What does it mean?

When Deacon Qin knew that this Shenyan City actually hid this ninth-level master, one can imagine his inner shock.

Although Shenyan City is one of the ten largest cities in Dagon Kingdom, it is ranked at the bottom. He is simply not qualified to have a ninth-level expert in charge.

"Brother, which one of those five do you think this ninth-level senior will be?"

"have no idea!"

The deputy chief instructor frowned.

"No matter who he is, I just hope that he will not be involved in our clan's affairs. However, what seems to be his purpose in doing this? Otherwise, we wouldn't have created such a strange phenomenon in the world!"

"elder brother! What do you think this ninth-level senior's intention is?"

The deputy chief instructor pondered for a while and said:"Maybe he is warning some people that he is here."

As he said that, the deputy chief instructor's expression suddenly changed and he whispered:"Ah Sheng, please step aside quickly, someone is coming!"

Hearing this, Deacon Qin was startled, and hid in a place in the yard. A remote corner.

After a while, a young man walked in outside the hospital.

This young man is naturally Qin Chuan.

As soon as Qin Chuan entered the courtyard, he first glanced at the deputy chief instructor with a strange expression, then looked around, and finally glanced a few more times at the place where Deacon Qin was hiding, intentionally or unintentionally.

Seeing Qin Chuan's expression, the usually cold-looking deputy chief instructor also had a hint of horror in his eyes.

Could it be that this child has already activated the first innate skill of the divine beast 'True Listening', 'The Art of Heavenly Listening'?

Judging from his expression just now, this is probably the case. It seems that it will be difficult to hide secrets in front of this child in the future, and I will have to be more careful when speaking behind his back in the future..

Chapter 1713

Could it be that this child has already activated the first innate skill of the divine beast 'True Listening', 'The Art of Heavenly Listening'?

Judging from his expression just now, it was probably like this. It seemed that it would be difficult to hide secrets in front of this child in the future, and I would have to be more careful when speaking behind his back in the future.

Although the deputy chief instructor was horrified, he still pretended to be cold on the surface.

"Boy, are you here to find me?"

"Yes! Deputy Chief Instructor!"

"Judging from your appearance, you have changed a lot recently!"

The deputy chief instructor was also a little surprised by the change in Qin Chuan's appearance.

"Maybe this has something to do with the skills the boy practices!"

"Um! What do you want from this instructor?"

Qin Chuan hesitated for a while and said, "Deputy Chief Instructor, I want to ask you for a favor!"

"oh? Want this instructor's help?"

The deputy chief instructor also seemed a little surprised.

"What help? Just say it! If I can do it, I can help you a little."

After hearing this, Qin Chuan's eyes lit up and he hurriedly expressed gratitude.

"Thank you to the deputy chief instructor for taking care of me. The thing is like this, I want to go to the guard camp to be alone, but as a kid I can't enter the guard camp, so I want the deputy chief instructor to help me."

"This can help! I just don't know who the person you want to meet is?"

"That man is my Uncle Qin. He was originally Deacon Qin in the kitchen outside the Zhou family's courtyard, and was later transferred back to the guard camp. The boy has never had a chance to see him since then"

"oh? What do you want from him?"

"I was an orphan, but Uncle Qin treated me like a biological uncle. If it weren't for Uncle Qin, I wouldn't be able to gain a foothold in the Zhou family."

"I haven't seen Uncle Qin for a long time since he entered the guard camp. I miss him very much and don't know how he is doing in the guard camp, so I want to visit him."

Hearing this, the deputy chief instructor's expression changed slightly, and he smiled and said:"Boy, you still have some conscience and know that you are grateful. But you don't have to visit him anymore"

"Why?"

Qin Chuan's face showed a look of surprise.

"Because he doesn't want to see you!"

"This...this is impossible! Uncle Qin will not miss me."

Qin Chuan's face showed a rare expression of excitement, and even his eyes were a little red.

Everyone has a fragile place in their heart.

In his mind, Deacon Qin is like his relative. He has been there since his father's death. From now on, Qin Chuan regarded Deacon Qin as his only relative in the world.

Although he had doubted his life experience, his feelings for Deacon Qin had not changed at all.

Now that he suddenly heard that Deacon Qin did not want to see him, Qin Chuan suddenly There was a feeling of being abandoned.

However, Qin Chuan quickly calmed down

"Deputy Chief Instructor, stop joking with me."

The deputy chief instructor saw Qin Chuan's expression in his eyes, and a warmth flashed through his heart.

It seems that this child is quite emotional. He has always been worried that this child will grow into a cold-blooded and ruthless person. That is not what he wants. I saw it.

Thinking of this, the deputy chief instructor said quietly:"There are so many children in the reserve guard camp. Do you know why I value you?" In fact, this is all entrusted by your Uncle Qin. Because your Uncle Qin is my old subordinate"

"Is Uncle Qin really your old subordinate?"

Qin Chuan had a look of astonishment on his face.

"Yes, just because you don't know something, doesn't mean it doesn't exist."

So, the deputy chief instructor said earlier that Uncle Qin didn't want to see him. Is it true?

But why does Uncle Qin not want to see him?

Qin Chuan's face showed pain and confusion.

The deputy chief instructor smiled and said:"Silly boy, you It's not that Uncle Qin doesn't want to see you. He asked me to pass on a message to you. He has been waiting for you at the guard camp."

"In fact, the reason why your Uncle Qin did this is to let you practice with peace of mind and raise your cultivation level to the second level as soon as possible."

"Now your three elements of vitality, water vitality, have reached the second level, and wood vitality has reached the second level of Great Perfection, but your fire vitality is still at the peak of the first advanced level. If you want to join the escort team, you'd better break through the fire energy as soon as possible!"

The Zhou family only values fire training, so if Qin Chuan wants to join the guard, he must break through the fire energy.

Hearing the words of the deputy chief instructor, Qin Chuan breathed a sigh of relief.

It turned out that Uncle Qin did this to let him practice with peace of mind. Ah!..

Chapter 1714

"Deputy Chief Instructor, I understand Uncle Qin's good intentions, but I miss Uncle Qin very much now. Can you take me into the guard camp to see him?"

Actually, Qin Chuan is very eager to know his life experience, that's why he said this.

The deputy chief instructor sneered: "Boy, if you really want to see your Uncle Qin, just practice hard, why are you so long-winded? It seems that your cultivation level is about to break through? No matter how anxious you are, don't rush to this moment!"

"Besides, your Uncle Qin also hopes that you can enter the guard camp on your own. You are in such a hurry to see him. Do you have something to hide?"

"No! The deputy chief instructor misunderstood, but the boy missed Uncle Qin very much, that's why he was so anxious!"

"You don't have to worry about your Uncle Qin, he is doing very well now. Your Uncle Qin has now been promoted to the guard commander. Boy, you should work harder on your own practice and try to see your Uncle Qin as soon as possible!"

Hearing this, Qin Chuan's restless mood for the past few days finally felt a little joyful.

It turned out that Uncle Qin had been promoted to the guard commander. It seems that he Yu has broken through to the fourth level, which is really a happy thing!

"Deputy Chief Instructor, since Uncle Qin wants me to see him again after I break through, that kid will definitely work harder to practice and strive for a breakthrough as soon as possible after he returns. I also hope that the deputy chief instructor will greet Uncle Qin on behalf of the boy and ask him to take care of himself.

The deputy chief instructor's tone became kind again: "Very good!" Boy, as long as you understand your Uncle Qin's hard work, go back and practice hard!"

"Um!"

Just when Qin Chuan was about to say goodbye and leave, he thought of another question.

"Deputy Chief Instructor, I have another question for you!"

"oh? If you have any questions, just ask"

"I wonder if the deputy chief instructor has ever heard of the warriors of the Two Elephants of Wind and Thunder?"

"Boy, I didn't expect you to even know about the warriors of the two elephants of wind and thunder."

The deputy chief instructor's face showed a look of surprise.

"Deputy Chief Instructor, according to your opinion, the warriors of the two elephants of wind and thunder really exist. I wonder if this kid has a chance to become a warrior of the Two Elephants of Wind and Thunder?"

The deputy chief instructor squinted his eyes slightly, looked at Qin Chuan carefully for a while, and then said

"If a warrior of the three elements wants to become a warrior of the two elephants of wind and thunder, the most basic condition is that the qualifications of the three elements must be above the level."

Becoming a three-series warrior has nothing to do with your training qualifications. As long as you can achieve the three functions of distraction, you can become a three-series warrior.

Therefore, not every three-series warrior has good training talents.

Therefore, although three-series warriors are very rare, It is not very valued by others. People pay more attention to cultivation talent.

Because a third-line warrior with inferior qualifications, no matter how strong he is, can only cultivate to the third level.

Even if he has cultivated all three lines of vitality to the third level, he is not a fourth-level warrior. The opponent of a first-level warrior can only be invincible at most level four or below.

And it is not difficult for a warrior with superior qualifications to practice to the fifth level. When a fifth-level master faces the strongest third-level warrior, who is stronger and who is weaker? , you can tell at first sight.

Therefore, people pay more attention to talent than the three functions of distraction.

However, if someone can achieve the three functions of distraction and outstanding talent, it is naturally not the same, but such a person is really It's too rare.

At this time, the deputy chief instructor said again:"You are a warrior of the three elements of water, wood and fire. Your qualifications in the three elements are almost genius. You have met the basic conditions to become a warrior of wind element.""

"Of course, there are other conditions, and it is too early to tell you now. After all, if you want to transform into a wind elephant warrior, you have to wait until you have cultivated all three elements of vitality to the fourth level before you can transform!"

"Going to the fourth level?"

Qin Chuan was a little disappointed.

It seems that you have to cultivate the three elements of vitality to the fourth level before you can transform into a wind elephant warrior. I don't know how long it will take?..

Chapter 1715

Qin Chuan was a little disappointed.

It seems that you have to cultivate the three elements of vitality to the fourth level before you can transform into a wind elephant warrior. I don't know how long it will take?

He originally thought that he could switch to the second level, but it seems that Mayor Wang's knowledge is limited!

Seemingly sensing Qin Chuan's disappointment, the deputy chief instructor comforted him.

"Boy, the top warrior in the world is the warrior of the two elephants of wind and thunder. Countless people dream of becoming a warrior of the two elephants of wind and thunder, but they are not qualified and can only sigh."

"And you should be happy that you have this qualification. If you want to become a wind warrior as soon as possible, then just practice hard! Qin

Chuan suddenly realized:"What the deputy chief instructor taught me is that the boy has been taught a lesson!""

"Um! If you still have any questions about cultivation in the future, just come and ask me! This instructor will answer your questions to the best of his knowledge! Hearing this

, Qin Chuan said gratefully:"Thank you, Chief Instructor, for your kindness!""

"Well, if you still have something to do, please come back!"

At that moment, Qin Chuan said goodbye to the deputy chief instructor.

Not long after Qin Chuan left, Deacon Qin walked out of the hiding place. As soon as Deacon Qin came out, he wanted to speak, but the deputy chief instructor suddenly made a move to him. A gesture of silence.

Deacon Qin stopped immediately and stopped talking, but there was a look of doubt in his eyes. After Qin Chuan left the deputy chief instructor's yard, there was a trace of suspicion in his eyes.

He had entered the deputy chief instructor's room before. In front of the yard, he clearly heard the voices of two people there. After he entered, the man was hiding behind the rockery. Judging from the heartbeat of the man, he was a master. Strange, who is this man? Why should he avoid it

?

Drive me and act mysterious.

It seems that the deputy chief instructor is not as simple as he appears!

Thinking of this, Qin Chuan hesitated for a while, and did not leave immediately, but looked around. He quietly returned to the outside of the deputy chief instructor's courtyard, and then listened carefully to the situation inside.

After a while, Qin Chuan frowned.

Strangely, there seemed to be no one inside this time!

Hey, forget it, after all, everyone has His secret, the deputy chief instructor treated him well. Since the deputy chief instructor didn't want him to know, why should he dig into it?

Thinking of this, Qin Chuan stopped staying and left.

This time, after Qin Chuan really left, The figures of the deputy chief instructor and Deacon Qin came out from a corner outside the hospital.

"This little brat really wants to eavesdrop on our conversation!"

The deputy chief instructor looked at the direction where Qin Chuan disappeared and cursed with a smile.

"I didn't expect Qin Chuan to activate the talent of 'Tian Ting' so quickly. Although it is not a talent inherited by our Qing family, this talent is still very amazing!"

"yes! From now on, we have to be careful when talking behind this guy's back. It's best not to say bad things about him, lest this guy hears it and holds a grudge."

"Ha ha!! Brother, you are worrying too much!"Deacon Qin showed a look of doting on his face.

"By the way, brother, why don't you let Qin Chuan see me? I always feel that Qin Chuan should already know something!"

"good! Judging from this kid's intelligence, he should have discovered something. He may be looking for you just to clear up some confusion."

"Brother, then why do you want to stop him from seeing me?"

Deacon Qin had a look of confusion on his face.

The deputy chief instructor chuckled and said,"The more he wants to know the truth, the more he wants to see you. Isn't this better?"

"When the time comes, when we tell him the truth, it will be easier for him to accept it. Sometimes, the harder it is to get something, the more people will cherish it"

"but! I think he will definitely practice harder when he goes back this time, and it will not take long for him to achieve a breakthrough. But, brother, you can really tolerate it!"

"A small leak will sink a great ship! Anyway, he is about to break through, and we won't have to wait too long. Judging from Qin Chuan's qualifications, he can only wait for half a year at most. Why should we be anxious?"..

Chapter 1716

At the same time, on the other side.

After Qin Chuan returned to his residence, he began to think about it.

Because he knew that the only way to know his life experience was to speed up his cultivation and break through his fire energy to the second level as soon as possible.

However, to break through from the top of the first level to the second level, even with genius qualifications, it would take a year and a half. It seemed that he would need at least half a year.

But he couldn't wait any longer.

Qin Chuan knew in his heart that if he wanted to break through the fire elemental power, he could only rely on practicing slowly over time, unless he could achieve enlightenment or have other adventures.

However, such opportunities are too rare and not everyone has the opportunity to encounter them. Cultivation still requires down-to-earth hard work.

However, Qin Chuan still has a lot of medicinal power from the Dragon and Phoenix Sacred Fruit in his body, which makes it much easier for him to break through the bottleneck than others.

After thinking about this, Qin Chuan decided to practice in seclusion for a long time and try his best to attack the bottleneck of fire energy.

But before that, he had to deal with one thing first.

This thing is less from Thursday.

That beast, Young Master Zhou, must have thought that I was dead. I wonder what his expression would be like if he knew that I was still alive. I'm really looking forward to it!

Qin Chuan knew that in a few days, the news that he was back alive would reach Young Master Zhou's ears.

Mr. Zhou must be very shocked by then, and he must come to find out the truth.

I wonder what kind of vicious ideas Master Four will come up with to deal with him this week after going through this?

It seems that Zhou Shao is immortal and he cannot rest in peace. He must find a way to get rid of Zhou Shao as soon as possible to avoid future troubles.

Thinking of this, Qin Chuan's eyes showed infinite murderous intent, and his body exuded a heart-stopping evil aura.

However, before that, he had to deal with the chores at hand.

Qin Chuan thought again about the gains from slaying the Earth Fire Scorpions this time.

He now still has more than 30,000 gold tickets obtained from the old thief Liu Kun, as well as a cargo ticket.

Qin Chuan was also very curious about what Liu Kun had deposited at Wanhui Bank, and there might not necessarily be some unexpected gains.

Thinking of this, Qin Chuan left the reserve guard camp and went directly to Wanhui Bank located in the center of Zaishenyan City.

This Wanhui Bank is the only one in Shenyan City. I heard that it has a very strong background, but its reputation is very good.

Before Qin Chuan came to Wanhui Bank, he first bought two sets of hats and cloaks. One set he put on himself, and the other set he put in the God of War Token space for spare use.

Although Wanhui Bank has a good reputation, Qin Chuan still thinks that it is better to be cautious. Even if the people at Wanhui Bank don't have his idea, it's hard to blame some envious passers-by who will.

Inside Wanhui Bank.

Behind the counter, the tall and beautiful waitress looked at the mysterious man wearing a bamboo hat and a cloak in front of her. She smiled gently and asked, "Can I help you?"

This mysterious man was naturally the disguised Qin Chuan.

"I came here to redeem the golden ticket."

Qin Chuan took out all the more than 30,000 gold tickets.

The waitress looked at the ticket stubs carefully. After verifying that they were correct, she smiled sweetly and said: "Old senior, please wait a moment!"

The waitress's performance surprised Qin Chuan. I think this waitress often sees such denominations being spent, so she is not surprised.

But for Qin Chuan, this is the most money he has ever seen in his life.....

After a while, the waitress exchanged the gold tickets and took out three large bags of gold coins.

Qin Chuan suppressed his excitement and happily accepted three bags of gold coins.

After leaving the gold coin exchange hall, Qin Chuan put three bags of gold coins into the God of War space.

All this was done under the cloak, so of course no one could see it.

With the Ares Space, Qin Chuan felt that it would be safer to put the money on himself than in a bank.

After that, Qin Chuan went to the hall where the items were stored and exchanged a cargo ticket for the items.

But it was a black iron box one foot square. The iron box was locked with a chain lock.

The chain structure is very complex and difficult to create.

Liu Kun worked hard to create this kind of lock, thinking that the things inside must be very precious.

This made Qin Chuan feel curious. He weighed it with his hands and found that the box was relatively heavy and he didn't know what was inside.

After leaving Wanhui Bank, Qin Chuan directly found a remote place and began to try to open the iron box.

Although Qin Chuan did not have the key to the iron box, it was not difficult for him to unlock it.

Not long after, Qin Chuan opened the chain lock that gave countless people a headache.

Qin Chuan opened the box and took a look. His eyes immediately glowed with golden light, and his face showed a look of surprise..

Chapter 1717

After a long while, he recovered from the surprise and couldn't help laughing and scolding:"That old immortal is really damn rich!"

The box was filled with purple gold coins. Qin Chuan took a quick look and saw that there were at least several hundred, which represented tens of thousands of gold coins!

"No wonder this box is so heavy and contains so many purple gold coins!"

In addition to the purple gold coins, this box also contains two Heavenly Thunderbolts and a map.

Qin Chuan has already seen this Heavenly Thunderbolt. It is extremely powerful and is a good thing for sneak attacks. Qin Chuan is naturally very happy. I like it.

And this thing is also extremely valuable, one piece is worth nearly ten thousand gold coins.

As for the ground, Qin Chuan looked at it carefully and vaguely thought it might be some kind of treasure map.

In fact, the map was a treasure map.

Liu These purple gold coins and Tianleizi were all obtained from that treasure.

Later, Qin Chuan carefully counted the purple gold coins and converted them into one, which was worth a total of fifty-seven thousand gold coins.

In addition, Qin Chuan now has of gold coins, he currently owns nearly 100,000 gold coins.

This data made Qin Chuan excited for a while. He never thought that the harvest this time would be so huge.

Afterwards, Qin Chuan combined those purple gold coins with All the treasure maps were put into the space of the God of War Order, and he rushed to the market.

With such a large amount of money, Qin Chuan couldn't figure out how to spend it for a while. He could only think of going to the auction to see if he could sell it at the auction. What a good thing I took.

Now, Qin Chuan still has a lot of dragon and phoenix holy fruit medicinal power left in his body, which means that he does not need to think about buying any wood and fire elixirs to assist his cultivation. He only needs to buy water elixirs.

And He still has a lot of Shui Yuan Dan in his body and will not be short of it for a while, so the money will not be used for a while.

After arriving at Fangshi, Qin Chuan used the seventy-eight second-level inner elixirs and a third-level inner elixir in his body. All the inner elixirs were sold for a total of 64,000 gold coins.

Now, Qin Chuan's total money is 162,000 gold coins.

Such a large amount of money made Qin Chuan so excited at first that he was at a loss what to do..

In fact, when he saw Qin Chuan taking out seventy-eight second-level inner elixirs at once, the teller responsible for purchasing the inner elixirs was also shocked, and then he served Qin Chuan with awe.

In the heart of the shrewd teller It is very clear that this person can take out so many second-level earth fire scorpion inner elixirs in one breath. This person must have destroyed a large group of earth fire scorpions.

Such strength may only be achieved by fifth-level masters, even fourth-level Dzogchen masters If you want to do it, you have to pay a considerable price.

However, no matter whether it is a fourth-level Dzogchen master or a fifth-level master, a small teller like him cannot be offended. Therefore, the teller's attitude towards Qin Chuan became unusually polite.

Satisfied that he put away the gold coins, Qin Chuan went to the third floor of Wanbaoxuan, a hall dedicated to sending and auctioning precious items.

"Senior, you are here!"

The young teller saw Qin Chuan and greeted him warmly.

Qin Chuan was already a regular visitor here, so the teller was very familiar with him.

"Um!"

Qin Chuan said hoarsely, pretending to be arrogant.

"Excuse me, senior, what do you want to send for photography this time?"

"I have this Fire Spirit Crystal, please send it to me for a photo!"

Qin Chuan took out the last Fire Spirit Crystal. He originally planned to use the last Fire Spirit Crystal to find a weapon refiner to refine a fire spiritual weapon for him.

However, now that he already has the Fire Flame Sword, naturally There's no need for this anymore

"Senior is here to send the Fire Spirit Crystal again!"

This is the fourth time Qin Chuan has come to send Huo Lingjing, and the young teller is naturally very familiar with it.

"By the way, I also have an inner elixir from a fourth-level ferocious beast here. Do you think it can be auctioned?"

Qin Chuan took out the inner elixir of the Earth Fire Scorpion King again.

The young teller looked at it carefully and nodded:"This is indeed the inner elixir of the fourth-level fire element beast. If it is auctioned, it can probably be sold for six to seven thousand gold coins. look. Senior, are you sure this inner elixir will also be included in the auction?"

"Um!"

"Senior, wait a moment, junior, I will complete the registration procedures for you."

At this time, another middle-aged man came out from behind the counter. It was Manager Liu who Qin Chuan was familiar with.

When Manager Liu saw Qin Chuan, he immediately showed a respectful look on his face..

Chapter 1718

At this time, another middle-aged man came out from behind the counter, it was Manager Liu who Qin Chuan was familiar with.

As soon as Mr. Liu saw Qin Chuan, he immediately showed a look of respect on his face.

"senior! You are here!"

"Um! Qin

Chuan nodded slightly, suddenly thought of something, and asked in a hoarse voice:"Mr. Liu, I wonder when the next auction will start?"

"Seven days later!"

"Um! What cherished items will be auctioned then?"

Hearing this, Manager Liu seemed to get excited, and then he pretended to be mysterious and lowered his voice.

"Senior, I want to tell you something, the final item in the auction in seven days will be a spiritual weapon."

"Spiritual weapon?"

Qin Chuan's eyes hidden behind the veil also showed a glimmer of light.

"I don't know what kind of spiritual weapon it is? Qin Chuan asked in a hoarse voice. With his natural potential as a profiteer, Manager Liu immediately noticed that Qin Chuan seemed to be very interested in spiritual weapons, and immediately introduced him enthusiastically.

"Senior, the final spiritual weapon this time is a water-type offensive spiritual weapon, named: Ice Sword!"

Hearing this, Qin Chuan was overjoyed.

Now that he already has the Fire Sword, he still lacks a weapon.

If he can get the Ice Sword, his strength will be greatly enhanced.

When the time comes, he will He can have a fire sword in one hand and an ice sword in the other, coupled with the distraction sword technique, it will be perfect. This is what he wants most at the moment. It's just that spiritual weapons are very precious. No matter how ordinary a spiritual weapon is, one It also requires hundreds of thousands of gold coins, and some even require hundreds of thousands of gold coins, which makes Qin Chuan a little worried.

He is bound to get this ice sword.

This weapon suits him very well.

But this thing is very precious, and I don't know if I have enough money to take the picture!

Now he has more than 160,000 gold coins. Although it is a lot, it is still hard to say whether he can take the picture of this ice sword! After all, he is too poor.!

Thinking of this, Qin Chuan also took out the three water crystals he had obtained.

"Mr. Liu, let me put these three items here for auction!"

"This...this is Shuixi Crystal! Still three!"

As soon as Mr. Liu saw Shui Xijing, his shrewd little eyes shone with excitement.

However, before Mr. Liu could calm down from his excitement, Qin Chuan took out another Tianleizi.

"Mr. Liu, there is another Tianleizi here. Let's put it up for auction in your bank!"

"Oh my God! It turned out to be Tianleizi, this thing is very rare!"

Master Liu's eyes widened in surprise, and he took the Tianleizi with both hands excitedly. In his eyes, the value of this Tianleizi was higher than that of Shuixi Crystal.

Soon, Master Liu woke up from the shock.

I secretly sighed in my heart, this mysterious senior is really a master from this world! Just take out a few things, they are all treasures. It seems that I will have to be careful in the future. Thinking of this, Director Liu's attitude towards Qin Chuan became more respectful stand up

"Senior, this is your receipt, please keep it!"

The young teller on the side quickly completed the procedures and respectfully handed the documents to Qin Chuan.

"Um! Qin

Chuan responded lightly and put away the receipt with satisfaction.

"Mr. Liu, I will come to attend the auction in seven days."

"When the time comes, the juniors will definitely welcome the seniors!"

After leaving Wanbaoxuan, Qin Chuan went to a remote place, changed his clothes, put his bamboo hat and cloak directly into the War God's Order, and rushed back to the camp. On the way back,

Qin Chuan was also thinking about it. , the items he just sent for auction at the auction house can be auctioned for fifty or sixty thousand gold coins at least.

If you calculate this, Qin Chuan's gold coins will be more than two hundred thousand.

Two hundred thousand gold coins should be able to be auctioned. It's an offensive spiritual weapon, but I don't know what will happen on that day. Will anyone bid with him?

Hey! Don't think too much about this matter. Just go to the auction in seven days..

Chapter 1719

It was obviously the beginning of spring, but it was still snowing heavily in the sky and the earth. This snowfall was very heavy. It snowed very heavily in any previous year, and the temperature of the air became extremely cold.

Many people in Shenyan City are cursing this damn weather.

Many people were wrapped in thick layers of cotton clothes, but they still could not resist the cold wind.

However, compared to the curses of these ordinary people, the martial arts masters of level 6 and above in Shenyan City all have a trepidation attitude.

Because they knew in their hearts that the heavy snow was not caused by natural changes in the weather, but caused by a ninth-level supernatural power user.

After Qin Chuan returned to the camp, he directly confessed to the instructor and left the camp.

Because he knew that Young Master Zhou would come to visit him soon, so Qin Chuan chose to avoid Young Master Zhou for the time being and let Young Master Zhou be suspicious!

The reason Qin Chuan did this was because he didn't want Thursday to ruin his participation in the auction seven days later.

Therefore, Qin Chuan decided to return to the camp after the auction was over.

After all, he would have to face Thursday Shao sooner or later.

After leaving the camp, Qin Chuan went to the southern area of Shenyan City.

This southern area is the area of influence of the Yan family.

Qin Chuan found an inn in the South District, rented a room at three times the price, and told the boss not to disturb him no matter what happened without his order within seven days.

After giving all these instructions, Qin Chuan closed the door tightly and began to practice in seclusion with all his strength.

He wanted to sprint with all his strength to break through the bottleneck of Huo Yuanqi, so naturally he couldn't let go of any second.

In the blink of an eye, three days passed.

The heavy snow also lasted for three days and three nights before it stopped. The snow on the ground was piled up to a depth of more than three feet.

Inside the inn, there were a few tables of guests sitting sparsely, all eating and chatting around the hot hot pot.

"Why! Shopkeeper, the snow this year is really weird!"

The waiter, who finally had some time to relax, looked at the snow outside the door and couldn't help but sigh.

"You're the only one who talks a lot! No matter how it snows, we still have to live this life."

"Shopkeeper, having said that, this snow is indeed a bit strange. Moreover, the snow is heavier than in previous years. You can see that the snow outside is more than three feet thick. It is really difficult to walk!"

Because the snow is so thick, there are very few pedestrians on the street.

But the shopkeeper said:"Boy, you are still too young and have seen too little. Although this strange thing is not common, it is Not a lot"

"For example, the young man upstairs has stayed in our inn for three days. You see, he has never opened the door to his room in the past three days. He is locked in there without eating or drinking. You don't know what he is doing?"

Hearing this, the waiter also showed a hint of curiosity in his eyes.

"Shopkeeper, are you talking about the young hero in Room 3 of Tianzi who carries two swords?"

"Isn't it him I'm talking about!"

"hey-hey!! Don't tell me, this young hero is indeed a little different. Ordinary people would be starving if they don't come down to eat for three days, but he seems to be fine."

Speaking of this, the waiter suddenly lowered his voice and said

"Shopkeeper, do you think something will happen if he doesn't eat or drink? Should we go over and take a look? It wouldn't be good if something happened!"

The shopkeeper frowned, thought for a while, and then said

"I don't think it's necessary. You've forgotten what this young hero told you before. Don't bother him even if something big happens."

"If we bother him at such a risk, we are likely to offend him. After all, this man is a warrior, so we'd better not offend him."

"Besides, for such an old man, could he not have any sense of proportion? Will he starve to death in his room?"

"That's right!"

The young hero mentioned by the waiter and the shopkeeper is Qin Chuan.

However, Qin Chuan has been practicing in seclusion since he entered this inn.

This practice lasted three days and three nights without a wink or a break...

Chapter 1720

In the past three days, Qin Chuan ate some dry food when he was hungry, and used the "Qingxin Curse" to concentrate when he was sleepy.

In the past, when Qin Chuan was practicing, he would sleep for more than an hour every day.

Now, he hasn't slept for three days.

He worked so hard just to let the fire energy break through earlier, so that he could know his life experience earlier.

Now, in Qin Chuan's heart, the mystery of his life experience is like an ever-present inner demon, plaguing him all the time, making him eager to know the truth of everything.

However, after these three days of hard training, Qin Chuan still gained a lot.

Because he is a three-line warrior, he can concentrate on three functions, and naturally he can also practice in three lines.

In the past three days, the fire energy mass in Qinchuan Qi Sea has become more solid than before.

This progress made him a little surprised and a little surprised.

With this kind of progress, it would only take him three to five months to break through the bottleneck of Huo Yuanqi.

At the same time, Qin Chuan's water energy also made some progress.

However, Qin Chuan's Mu Yuan Qi made no progress at all.

After all, his Mu Yuan Qi has reached the second level of Great Perfection, and all that's left is to think about how to break through to the third level.

Breaking through from the second level of Dzogchen to the third level will be a huge gap, and some people may not even be able to cross this gap in their entire lives.

Because to break through this gap, it is no longer a simple accumulation of vitality, but also requires understanding and a preliminary understanding of the characteristics of the elements.

The amount of vitality mastered by third-level warriors is not much greater than that of second-level warriors, but they have initially mastered the characteristics of elements, allowing the vitality in their bodies to produce a kind of spirituality, a spirituality of self-awareness.

This state is also called: third level agility.

Once the vitality becomes spiritual, its power will increase several times.

This is also the reason why third-level warriors are much stronger than second-level warriors.

In the blink of an eye, another three days passed.

The door of the room where Qin Chuan lives is still closed, with no intention of opening it.

The waiter and shopkeeper were naturally more curious.

The two of them had thought many times about knocking on the door and asking to see if anyone was still inside.

However, they finally endured their curiosity.

In fact, during these six days.

Some interesting things also happened in the Zhou family's inner courtyard.

In the inner courtyard of the Zhou family, where Young Master Zhou lives.

In the hall, Mr. Thursday sat on a chair with a haggard face, and even his hair became a little messy.

"how? Haven't seen Qin Chuan yet?"

"Yes! The subordinates went to the seventh group camp again, but there was still no sign of him there. I also asked other team members, but I don't know where he is?"

Qian Xing said respectfully from the side.

"So where did this kid go?"

"Back to Fourth Young Master, I asked their instructor. The instructor of the seventh group said that Qin Chuan had some personal matters and had been out for a few days. Maybe he would be back in a few days."

"As long as he comes back, why is this little beast running out when there is so much snow outside?"

"Fourth Young Master, this subordinate is unclear!"

"snort! I know you don't know anything! However, what worries me is, why is this little beast not dead yet?"

"We clearly saw him die with a sword piercing his heart. Furthermore, we tied his body to a boulder, sunk it to the bottom of the river, and waited for a cup of tea by the river. Even if he was If he wasn't completely dead, he should have been drowned. How could he still be alive?"

"What a hell!"

"yes! I also saw that boy being killed with my own eyes. How come he is still alive, my subordinates can't understand!"

Qian Xing also looked puzzled.

In fact, when Zhou Shaogang learned that Qin Chuan had come back alive, he was very horrified. He couldn't believe anything he said, so he immediately took Qian Xing to the reserve guard camp to find Qin Chuan..

But when he arrived at the preparatory guard camp, he was in vain.

By that time, Qin Chuan had already gone to the inn to practice in seclusion.

Naturally, Young Master Zhou was unwilling to give in. He still didn't believe it, so he asked the members of the seventh group.

All the team members said that Qin Chuan was alive and well, which convinced Young Master Zhou that Qin Chuan was really not dead.

After confirming this answer, Young Master Zhou couldn't sleep anymore..
