

God level 1731

Chapter 1731

After hearing what Chief Liu said, the water warriors at the venue all opened their eyes in excitement.

There are also many people who know that they cannot afford it, so they can only sigh with excitement and look at it helplessly.

However, more people are disappointed.

Because there were mostly fire-type warriors at the venue, there were also other types of warriors, but there were not many water-type warriors.

For those non-water warriors, no matter how good this ice sword is, it is of little use to them and they can only be disappointed.

At this time, Manager Liu on the stage coughed again, drawing everyone's attention to himself.

"Everyone, just now Liu has given a brief introduction to the ice sword, and then the auction of this ice sword will begin. The base price this time is: 120,000 gold coins, and each price increase must not be less than 1,000 gold coins!"

As soon as Director Liu finished speaking, some people began to bid.

However, there were only four or five people participating in the bidding.

In the final analysis, it was because the proportion of water-type warriors in Shenyan City was too small.

Seeing such scenes, Qin Chuan's heart became active again. He stood up and thought to himself: "Looking at the momentum of the bidding, maybe I really have hope of winning the bid."

But just when Qin Chuan was thinking this, he suddenly heard a very low conversation coming from the VIP box No. 7 on the third floor.

"Incense Master, when will we bid?"

"Wait a little longer. There are many fire-type warriors in this divine flame city, but very few water-type warriors. I don't think the ice sword will fetch a high price. It's just cheaper for us."

"I think the Ice Sword can fetch 170,000 to 80,000 here, which is pretty good!"

Listen to the voice, it's a middle-aged man.

"The owner of the incense is wise. If the Ice Sword were placed in our Tianshui City, it would be sold for more than 200,000 yuan!"

"yes! Third child, it seems we came to the right auction this time! It seems that we are lucky. We originally only planned to come and take a look, but we didn't expect that there would actually be an auction of water-based spiritual weapons!"

"This incense should also bring you good luck. By the way, Mr. Xiang, how much are you going to spend to take the picture of this Ice Sword?"

"I originally planned to buy it for 200,000 yuan, but looking at the current situation, I can have a lot of money left!"

After listening to the conversation between these two people, Qin Chuan suddenly felt cold.

He didn't expect that these two people were from Tianshui City. I heard that Tianshui City, like Shenyang City, was also one of the ten largest cities in Dagon Kingdom, but Tianshui City There are many water element warriors in Shuicheng, but few other element warriors.

Listening to the conversation between the two of them just now, it seems that they are determined to get the Ice Sword. They are even willing to pay 200,000 yuan. It seems that there is no hope for them.

Thinking of this, Qin Chuan couldn't help but feel a little depressed.

However, he was not willing to give up like this!

Why not just bluff later and see if he could scare them!

Thinking of this, Qin Chuan had an idea in his mind.

At this time, the scene The bidding is still going on fiercely, and there are only three people left who are not bidding.

"I'll pay you 133,000 gold coins!"

"I'll pay you 135,000 gold coins!"

"I have 137,000 gold coins!!"

"One hundred and thirty-seven thousand gold coins, is there anything higher that can be offered?", Master Liu shouted loudly.

As soon as Master Liu finished speaking, an old and hoarse voice came from a VIP box on the third floor...

"hey-hey!! I'm going to decide on this Ice Sword. I'll offer you 150,000 gold coins!"

Of course it was Qin Chuan who spoke.

When everyone saw Qin Chuan asking for 150,000 yuan when he opened his mouth, they were all frightened. They all turned their attention to the box where Qin Chuan was sitting, but there was a thick gauze curtain between them. They couldn't see clearly what was going on inside.

The three people who had made bids before also felt a lot of pressure. They all heard the determination to buy from Qin Chuan's tone, which greatly affected their confidence in bidding.

"It turns out that the senior made the bid!"

Master Liu also recognized Qin Chuan's voice and bowed respectfully to Qin Chuan's box from afar.

Seeing Master Liu's respectful attitude towards Qin Chuan, everyone couldn't help but feel a sense of awe towards Qin Chuan..

Chapter 1732

Seeing Master Liu's respectful attitude towards Qin Chuan, everyone couldn't help but feel a sense of awe towards Qin Chuan.

Coupled with the old voice Qin Chuan made earlier, it made everyone think that there must be a white-haired master behind the gauze curtain.

However, when the two people in the VIP box No. 7 saw Qin Chuan's sudden bid, they couldn't help but murmur.

"I really didn't expect that an old immortal would appear on the way. Hearing the immortal's tone, he had to take a picture of the Ice Sword! However, judging from the attitude of the person in charge of the auction, it seems that this old immortal still has some identity."

"Incense Master, what should we do?"

"snort! What are you afraid of? This auction item is meant for the highest bidder, and the competition is based on who has the most money. No matter what his identity is, we will make the bid ourselves!"

"Incense Master, shall we bid now?"

"Um! Wait a minute and you bid 155,000 gold coins. Let's see how much this old man offers."

"yes! Incense Master!"

At this time, Director Liu on the stage began to shout: "This senior has offered 150,000 gold coins. Is there anyone who wants to offer a higher price? Do you have?"

The three people who had previously bid began to hesitate.

But at this moment, a loud voice came from the VIP box No. 7: "One hundred and fifty-five thousand gold coins!"

As soon as VIP Box No. 7 came in, the three previous people immediately gave up. When

Manager Liu saw someone else offering a high price, there was an extra smile on his face.

"One hundred and fifty-five thousand gold coins! Has anyone offered a higher price?"

"hey-hey!! I offer 170,000 yuan!"

Qin Chuan raised the price to 170,000 without hesitation.

Qin Chuan's words made everyone in the audience gasp in horror. Such a skill made people think that Qin Chuan They came prepared.

Even the two people in box No. 7 opened their eyes wide in surprise and looked at each other.

In fact, no one knew that this 170,000 yuan was already the limit of Qin Chuan's bid.

Seven In the box No. 2, both of them had solemn expressions on their faces.

"Incense Master, look at this old guy's tone, he is very determined! what should we do?"

"snort! What can be done? Let's continue bidding. Today, this incense owner will see what the limit of this old immortal is!"

The middle-aged man seemed to want to fight Qin Chuan to the end.

"Incense Master, how much will we bid this time?"

"Third brother, just call me 180,000 and see how this old man responds!"

"good!"

Just when the third child was about to call out the price, Qin Chuan's hoarse voice sounded in the hall again.

"hey-hey!! Two young friends from Tianshui City, if you want to pay 180,000 yuan, please do it quickly. Don't dawdle, I don't like people who dawdle."

Hearing these words, the expressions of the two people in Box No. 7 suddenly changed.

"Help...Xiang Master, how does he know that we are two people, or that we are from Tianshui City? He even knew that we were asking for a price of 180,000 yuan!"

The tone of the third child became a little uneasy.

The middle-aged man who was the owner of the incense also looked a little ugly.

After a while, he lowered his voice and said:"It seems that this old man is not... Oh, this old man is a senior expert.!"

At this moment, the middle-aged man was terrified. He did not dare to call Qin Chuan the old immortal because he doubted that Qin Chuan could hear them.

If this was the case, then Qin Chuan's strength would be too terrifying.

"Incense Master, what should we do? Do you want to continue bidding?"

"This..."

The middle-aged man hesitated.

But at this moment, Qin Chuan said in a hoarse voice: "You two just keep bidding. Don't worry, you two, I'm not a stingy person, hehe!!"

Although Qin Chuan said this, his tone was sinister, which made people feel ill-intentioned, especially the laughter at the end, which was even more creepy.

Both people in Box No. 7 felt that they had no good intentions. There was a numbness.

Finally, the middle-aged man seemed to wake up and said respectfully to Qin Chuan's box through the gauze curtain: "Senior is joking, I don't have much money with me, so I can't afford the price!" "...

Chapter 1733

After hearing this, Qin Chuan knew that the two of them had given up the bidding, so he laughed twice and remained silent.

This actually made the two people in Box 7 a little uneasy.

Next, Master Liu shouted three times, but no one bid with Qin Chuan. Finally, the ice sword was bought by Qin Chuan for 170,000 yuan.

After bidding on the last piece of 'Ice Sword', the auction has come to an end.

The two people in the VIP box No. 7 didn't know what they were worried about. As soon as the auction ended, they hurried away.

Naturally, the person who gained the most from this auction was Qin Chuan. Not only did he capture the expected Ice Sword, but he also unexpectedly captured the 'Distraction Technique'.

This naturally made him feel good.

However, because of taking these two items, Qin Chuan only had about three thousand gold coins left on him, and he would become poor again in the blink of an eye.

I didn't expect money to be spent so carelessly!

It seemed like he had to find a way to get some more money.

By the way, didn't he get a treasure map from Liu Kun?

It seemed that he had to find time to explore the treasure and see what treasures were hidden inside.

It's just that the location marked on the treasure map is near Tianshui City, which is too far from Shenyang City. It's not easy to go there!

Tianshui City is thousands of miles away from Shenyang City, and a round trip will take at least more than a month.

After all, Qin Chuan's current identity is still the reserve guard of the Zhou family. Although he can leave the reserve guard camp for a short time, he cannot leave for a long time.

Moreover, he had to report to the instructor every once in a while, so he wanted to explore the treasure, but there was no chance for a while, so he had to wait for the right time.

After getting the Ice Sword and the 'Distraction Technique' secret book, Qin Chuan hurriedly left Wanbaoxuan.

Along the way, Qin Chuan observed carefully and found that no one was following him, so he turned in a different direction and came to a remote place. He changed back to his original clothes, put the Ice Sword and other items into the God of War Order and put them away..

Then, Qin Chuan returned to Wanbaoxuan again and spent more than a thousand gold coins in the first-level Free Square Market to buy a native-type cultivation method and a gold-type cultivation method.

The native-type technique is called: Thick Earth Technique; the gold-type technique is called: Yangjin Technique.

After buying these two exercises, Qin Chuan's money was less than two thousand gold coins, and he was one step closer to becoming a poor man.

Qin Chuan wanted to learn from the four systems. Next, he had to choose one of the two systems of gold and earth.

It stands to reason that Qin Chuan has practiced fire-based exercises. Since fire can generate earth, Qin Chuan's progress will be faster if he chooses to practice earth-based exercises.

However, deep down in Qin Chuan's heart, he prefers metal-based techniques.

Because among the five series of warriors, the gold series warriors have the strongest combat effectiveness.

This is mainly reflected in the martial arts of gold warriors.

Therefore, Qin Chuan couldn't make a decision for a while, so he simply bought both techniques.

After doing this, Qin Chuan began to return to the reserve guard camp, preparing to formally accept the test from Master Zhou.

But it was said that after Qin Chuan returned to the preliminary guard camp, he went straight back to his residence and studied the "Distraction Technique" behind closed doors.

It turns out that this dividing technique is to divide the small golden liquid in the sea of consciousness into two parts, one large and one small. The larger one is the main idea and the smaller one is the secondary idea.

The idea that the secondary mind can serve as a distraction under the control of the main mind is really imaginative.

Qin Chuan sighed in his heart, and the more he studied, the more frightened he became.

According to the method described in the distraction technique, not only can distraction be used twice, but distraction can also be used three ways.

To achieve the three functions of distraction, you only need to divide the golden liquid in the sea of consciousness into one master and two pairs.

However, in order to separate one master and two auxiliaries, the actual power of thought must be extremely powerful to a frightening level.

Simply put, it is to strengthen the golden droplets in the sea of consciousness until the second sub-thought can be separated.

However, no one knows how to continue to enhance the power of thoughts.

If he can separate the second secondary mental power, can he become a fifth-line warrior?"

Thinking of this, Qin Chuan's eyes flashed with excitement..

Chapter 1734

If he can become a warrior of the five elements, turning water, wood, and fire into wind, and fire, earth, and metal into thunder, can he also transform into a warrior of the two elements of wind and thunder?

If he could really achieve that level, to what extent would his strength be improved?

Thinking of this, Qin Chuan couldn't help but look forward to it.

He is a very ambitious person.

With his current conditions, he can only separate one sub-idea and become a four-series warrior. It is not easy to separate the second sub-idea. He must continue to strengthen his will power.

But how can we enhance our mental power?

Thinking of this, Qin Chuan was suddenly confused.

He thought about it for a moment, and then an idea flashed in his mind, and he seemed to have thought of something. Then he sat on the floor and used the Pure Heart Charm again.

After a while, Qin Chuan opened his eyes, with a hint of joy on his face.

Sure enough.

His ability to materialize his will power was the result of long-term and frequent use of the Pure Heart Mantra and constant tempering of his will power.

This shows that using the Pure Heart Mantra has the effect of enhancing the power of mind.

He tried it just now, and it did have such an effect.

However, this effect is too weak, and I don't know how long it will take before my mind can be strengthened enough to separate out the second thought.

No matter what, he finally found a way to exercise his mind power.

This discovery made Qin Chuan look forward to becoming a fifth-line warrior.

Next, Qin Chuan began to study and learn the 'distraction technique'.

But when Qin Chuan was practicing the distraction technique, something was also happening in the inner courtyard of the Zhou family.

The inner courtyard of the Zhou family, the residence of Young Master Zhou.

In the hall, Young Master Zhou was lying on a chair and dozing with his eyes squinted.

During this period of time, there was no sign of Qin Chuan, which made him uneasy and a little tired.

But at this moment, Qian Xing hurriedly broke in and woke up Mr. Zhou from his sleep.

"Money punishment! What are you doing in such a hurry? Are there any rules? Don't you know that this young master is dozing off?"

There was a hint of anger in Mr. Zhou's tone.

"Fourth Young Master, my subordinates have just received news that that boy Qin Chuan has finally returned to the camp."

"What? You said that little bastard is back?" Zhou Shao opened his eyes wide in surprise.

"yes!"

"Ha ha!! It will be good if he comes back. I will go over and see him now. This young man wanted to see if he was a human or a ghost, and how he came back to life? Qian Xing, let's go!"

"yes! Fourth Young Master!"

"Wait!"

Master Zhou suddenly stopped again and pondered for a while.

"You should go find Captain Qin right now and tell him the news that Qin Chuan has returned to the camp. I think Team Captain must also be interested in visiting that little beast Qin Chuan. Hearing this

, Qian Xingxi said:"The fourth young master is very thoughtful, I will go now!"

Not long after, Qian Xing came back, and Captain Xing came with him.

Then, the three of them went to the seventh group camp together.

However, Qin Chuan was learning the distraction technique in the house, and suddenly his expression changed. He put the secret book of the Divination Technique into the God of War Order space, and at the same time showed a sneer at the corner of his mouth.

Huh! They are indeed here, three people again this time. Could it be that the criminal captain is also here.

This is a bit of a headache.

It turns out that , Qin Chuan heard the footsteps and conversation of three people outside.

From the conversation, Qin Chuan knew who the person was.

Sure enough, not long after, there was a knock on the door, and then Qian Xing's roar

"Qin Chuan, why don't you come out and open the door quickly! The Fourth Young Master is here to see you!"

Creak!

The door was opened from the inside, and Qin Chuan walked out calmly.

When Zhou Shao and other three people saw Qin Chuan standing in front of them alive, and his appearance had changed a lot, they all showed horror in their eyes, and at the same time they all secret passage

"This kid is really not dead!"

Although they had heard that Qin Chuan had some changes in appearance this time, they did not expect the changes to be so drastic, which made the three of them a little surprised...

Chapter 1735

"Qin Chuan has met the fourth young master!"

"hehe!! Qin Chuan, it's been so long since I last saw you, you've changed so much! Not only has your cultivation improved, but your appearance has also changed. I wonder what kind of thing you have encountered? Is there such a change? Mr.

Zhou asked tentatively.

"Report to the fourth young master that his subordinate was practicing boxing by the river that afternoon, but was attacked inexplicably. He did not know what happened next."

"When the subordinate woke up, he found himself lying by the river. All the injuries on his body had healed. His appearance had also changed. Even his cultivation level had improved. As for why this happened, the subordinate had no idea at all. Already?"

Qin Chuan was half-truthful and full of nonsense.

After Zhou Shao and the other two people heard this, they all looked weird and felt incredible.

Could it be that Qin Chuan could really come back from the dead, or was it because a passing master accidentally discovered him and saved him? Him, that's why he survived, and he also got an opportunity to achieve a breakthrough in cultivation.

In this way, this little beast must be very lucky!

However, this can only be explained at the moment.

Young Master Zhou couldn't help but feel turn away these thoughts

"hehe!! Qin Chuan, I am a little strange, why would someone kill you? Have you clearly seen the person who killed you?"

Young Master Zhou asked this and stared at Qin Chuan.

The criminal captain on the side watched the change in Qin Chuan's expression nervously.

Qin Chuan saw the two people's expressions in his eyes, sneered in his heart, and then pretended to be filled with laughter. Angry, yelling and swearing

"The subordinates don't know! But my subordinates also want to know, who was the beast who plotted against me that day?"

"But the beast attacked from behind. I didn't even see the shadow of the beast clearly, and I didn't know if the beast was sick? You attacked your subordinates out of nowhere, and until now, your subordinates still haven't figured out what happened?"

Hearing this, Young Master Zhou secretly breathed a sigh of relief.

Judging from the boy's expression and tone, what he said is somewhat credible.

In this case, he may not really know that I sent someone to assassinate him.

If that's the case, then I don't have to fall out right away.

Then I'll let you live for a few more days, and then I'll find an opportunity to kill you, so that I won't have to pay attention if I kill you now.

However, the criminal captain on the side saw Qin Chuan cursed the assassin in front of him like a beast and a lunatic at the same time. He was so angry that his face turned blue and white, but he couldn't have an attack. He couldn't say that he was the assassin. ?

"So, you really don't know about the person who made the sneak attack?"

Master Zhou asked again.

"Fourth Young Master, if your subordinates really know, why should they hide it?"

"oh!"

Young Master Zhou sneered in his heart.

Humph! Whether you know it or not, since I have come here in person today, I will definitely cause you some trouble and teach you some lessons!

Thinking of this, Young Master Zhou suddenly snorted coldly, feeling strange. typical

"Qin Chuan, do you know why I came to you today?"

Qin Chuan saw Master Zhou changing his face as soon as he said so, and he knew that Master Zhou was going to start causing trouble for him.

"Report to the fourth young master, the subordinates don't know!"

"snort! Don't you know? It seems that you really don't have the fourth young master like me in your eyes."

"Your subordinates don't understand what the fourth young master means?"

Zhou Shao pretended to be angry and said, "Qin Chuan, don't pretend to be crazy or stupid for me!" Do you really not know? Then I will tell you directly, right? Some time ago, I sent someone to send a message, asking you to go to the inner courtyard to see me. Why didn't you go?"

Hearing this, Qin Chuan sneered in his heart. He knew that Young Master Zhou was looking for trouble for no reason, just to find an excuse to deal with him.

At that moment, Qin Chuan said quietly: "Fourth Young Master, this subordinate is a reserve guard of the reserve guard camp. Without the instructor's order, the subordinates dare not go in privately. I hope the fourth young master will forgive me!"..

Chapter 1736

"Qin Chuan!"

A trace of anger flashed across Young Master Zhou's face.

"Don't use the instructor's name as an excuse. Do you think that since you are not my personal guard subordinate, I can't control you?"

"The subordinates dare not!"

"Don't dare?"

Master Zhou snorted coldly.

"You've already done it and you still say you don't dare. I see that you are getting bolder and bolder."

"Fourth Young Master, I am obeying the instructor's orders. This is also my responsibility. There are some things that I cannot help but do. Please forgive me, Fourth Young Master!"

Although Qin Chuan's words were polite, the implication of his words has shown that he is not under the jurisdiction of the Thursday Youth Division.

"What a shame!"

Thursday Shao was so angry that he laughed instead.

"Qin Chuan, I can't tell you are so sharp-tongued. You said you obeyed the instructor's orders, but you didn't obey the orders of the instructor?"

"snort! Then today I want to see if you have the courage. Qin Chuan, I am ordering you to immediately go with me for a walk outside the city!"

"Feel sorry! Fourth Young Master! Without the instructor's order, subordinates are not allowed to step out of the reserve guard camp."

Qin Chuan knew very well that if he really agreed to leave Shenyang City, it would definitely not be a good thing. Maybe the three of them would attack him together when they left the city gate, so he couldn't agree to it anyway. Qin Chuan refused, and Qian Xing immediately shouted

"Be bold! Qin Chuan, how dare you disobey the Fourth Young Master's order? You are simply looking for death!

Mr. Zhou was so angry that his face was livid: "Money punishment!" Let this little beast, the Major General, take it!"

"yes!"

Qian Xing took the order, and suddenly drew out his long sword and struck directly at Qin Chuan. The sword was full of killing intent and there was no room for maneuver.

His move was also to test how far Qin Chuan's strength had improved. Such a situation.

When Qin Chuan saw Qian Xing rushing towards him, he immediately sneered and swayed his figure sideways to avoid the sword. At the same time, he punched Qian Xing's chest with a punch as fast as lightning.

Qian Xing did not expect Qin Xing to do so. Chuan's strength had actually increased to such an extent that before he could even react, Qin Chuan punched him in the chest and sent him flying.

"boom!"

With a loud noise, Qian Xing flew out and hit the courtyard wall. Even a large part of the courtyard wall collapsed. The violent collision even made Qian Xing say "Wow", vomited a large mouthful of blood, and then looked at him. He slipped and fell to the ground.

Apparently, with just one blow, Qin Chuan had severely injured Qian Xing.

Seeing this scene, both Zhou Shao and Captain Xing had a look of horror on their faces.

"This...how is this possible? This boy's strength has improved so quickly!"

Young Master Zhou whispered to himself in disbelief.

In just one face-to-face encounter, Qin Chuan defeated Qian Xing. In Young Master Zhou's eyes, Qin Chuan's strength has completely reached the level of the second level of perfection.

In fact, Qin Chuan only used 30% of his strength. If he had used all his strength, Qian Xing would have died long ago.

Looking at the strength of this little bastard, I am afraid that even if I take action, it will be difficult for him to be his opponent.

I didn't expect him to It's really infuriating that your strength has reached this level after you have only been promoted to the first level of advanced level. Why does God always favor this bastard from a humble background?

God, you are so fucking blind!

Young Master Zhou is very worried. He looks down on servants who were born like Qin Chuan.

But it is such a humble servant whose talents and adventures are hundreds of times better than his own. This makes Master Zhou even more difficult to accept, and he can't help but feel boundless jealousy and anger in his heart.

"Qin Chuan, you are so brave. You dare to injure one of my subordinates. Do you really want to change the world? I see that you not only don't take me seriously, but you also don't take the entire Zhou family into consideration!"

Hearing this, Qin Chuan was furious.

He cursed in his heart, you idiot, you want to kill me, why would I take you seriously?

What Zhou family? It's just bullshit! What if ? Aren't you just born a little better, and relying on your status to be superior to others, you bully others, force others, and even kill others.

In fact, except for your noble status, you are nothing. In my eyes, you are not even a human being. Even worse than a dog!

Why would I take a dog seriously?

And why would I take the Zhou family that raised a dog seriously?

It's so shameful that I never found a chance to kill you, this beast!..

Chapter 1737

Although Qin Chuan was cursing in his heart, he still pretended to be calm on the surface. No one could tell what he was thinking.

"Fourth Young Master, it was your subordinates who struck first, I only fought back out of self-defense!"

"snort! How dare you speak so harshly! Qin Chuan, do you feel that your strength has increased so much that I can't do anything to you? I will personally teach you a lesson!"

After saying that, Young Master Zhou was about to take action himself, but was stopped by the criminal captain on the side.

"Fourth Young Master, why do you need to take action against such a little beast who doesn't know etiquette? Let this captain come and meet him!"

"Then there is the torture captain!"

When he heard that Captain Xing was about to take action, Young Master Zhou's eyes lit up with joy. In fact, his previous actions were just for Captain Xing to see. If he really had to take action, he had no confidence that he could defeat Qin Chuan.

"Boy, you dare to be disrespectful to the fourth young master, then don't blame this captain for being rude!"

Captain Xing slowly walked towards Qin Chuan, his face was extremely cold, and he looked at Qin Chuan from the corner of his eyes with even more disdain.

Even if Qin Chuan's strength is as strong as the second-level Dzogchen, so what?

In front of the third-level warrior, the second-level Dzogchen warrior It's not worth mentioning at all. It only takes one face-to-face to kill him easily.

Therefore, Captain Xing didn't take the strength that Qin Chuan showed just now in his eyes at all, and even looked down on him.

Qin Chuan's face turned slightly when he saw Captain Xing was about to take action. Changed.

In fact, he is not afraid of Captain Xing at all, he is just worried that in the next conflict, his true strength will inevitably be exposed.

That is not what he wants.

If his true strength is really exposed, he will lose The final trump card.

Thinking of this, Qin Chuan couldn't help but feel a little anxious, and didn't know how to deal with it for a while.

Seeing Qin Chuan's expression was different, the criminal captain felt proud.

Oh, this kid was really scared. It seemed that he really didn't have any fear that day. Hide.

However, regardless of whether you have hidden it or not, today the Japanese captain will cripple one of your arms so that you will not be able to stay in the reserve guard camp. Otherwise, with your qualifications, you will definitely be Xing's enemy in the future?

Thinking of this , the criminal captain's face became even colder, he took another step closer to Qin Chuan, and said coldly at the same time

"Boy, don't say that I want to bully the small. I will give you a chance. As long as you can take three of my captain's moves, my captain will let you go. Don't say Xing didn't give you a chance!"

Hearing this, Qin Chuan couldn't help but cursed in his heart.

"What nonsense are you talking about! You actually played this trick with me!"

Normally speaking, when a second-level Dzogchen warrior faces a third-level warrior, he will only be killed instantly with one move and has no chance to fight back.

But the captain of the punishment team said that he wanted Qin Chuan to take three of his moves. He clearly didn't want to let Qin go. Qin Chuan wanted to say something high-sounding.

Just when Qin Chuan was about to answer, a cold voice suddenly came from outside the hospital.

"Yeah? Captain Xing, do you want to give this instructor a try first?"

As soon as the voice fell, a figure flashed strangely and appeared among the crowd. When

Qin Chuan saw the person, he was overjoyed and hurriedly stepped forward to greet him.

"The boy has met the deputy chief instructor!"

Zhu Shao and Captain Xing had a look of extreme awe on their faces when they saw the deputy chief instructor. At the same time, they were also very surprised.

"I have met the deputy chief instructor!"

The criminal captain immediately stepped forward to salute him anxiously.

The deputy chief instructor gave him a cold look and said in a cold voice.

"Captain, this instructor will give you two options now. The first option is: give me a slap in the face, and then get out of the reserve guard camp; the second option: cut off one of your own hands, and then get out of the reserve guard camp!"..

Chapter 1738

Upon hearing this, the criminal captain's face changed drastically, and his lips trembled as he said

"Sir, I wonder what mistake the villain made? Do adults want to punish children like this?"

"Don't talk nonsense, if you don't choose, this instructor will treat you as acquiescing to the first one!"

Hearing this, the criminal captain was so frightened that his liver and gallbladder broke. This deputy chief instructor was a sixth-level warrior. If he dared to receive the deputy chief instructor's palm, it would be no different from death.

If he had to choose, he would rather chop. Drop one's hand

"Sir, if you must punish your subordinates, can you tell them why?"

"good! The instructor will tell you why!"

The deputy chief instructor gave him a cold look.

"First: You broke into the reserve guard camp without permission. You deserve to be punished!
Second: You bullied the reserve guards as a guard captain, you deserve to be punished!..."

Before the deputy chief instructor finished speaking, Master Zhou Zhou on the side helped to defend himself.

"Deputy Chief Instructor, you misunderstood. The criminal captain was brought into the reserve guard camp by me, he didn't break in without permission."

"right! right! The subordinates were brought into the camp by Young Master Zhou Zhou and did not break in privately. My subordinates are not bullying the reserve guard, I am disciplining him for

their instructor! The deputy chief instructor sneered:"The reserve guards in our reserve guard camp are disciplined by their own instructors. When will it be your turn to take charge?" Captain, are you being too lenient? This must be punished!"

"Deputy Chief Instructor, you misunderstood. Captain Xing took action when he saw Qin Chuan injuring my personal guard. He didn't do it without reason."

Master Zhou defended Captain Xing again.

"And this thing?"

The deputy chief instructor frowned. He glanced at Qian Xing, who was slumping on the ground and vomiting blood, and suddenly became furious.

"waste! A dignified guard was beaten to the point of vomiting blood by a reserve guard. What's the point of living for you? What this instructor hates the most is trash like you! Captain Punishment!"

"The subordinates are here!"

"Drag this piece of trash out and chop it up!"

"ah! Captain Xing was stunned. Qian

Xing, who was crawling on the ground and vomiting blood, was so frightened that he fell to his knees.

Young Master Zhou's face also changed drastically:"Deputy Chief Instructor, this..."

In fact, for the Deputy Chief Instructor, Young Master Zhou would never dare to offend him, and even Young Master Zhou's father would not dare to easily offend the deputy chief instructor.

Because the deputy chief instructor is a sixth-level warrior, and his father is only a fifth-level warrior.

The entire Zhou family has eight There is only one first-level master, and that is the current ancestor of the Zhou family.

There are only three seventh-level masters, two of whom are the elders of the Zhou family.

The other is an honorary elder hired by the Zhou family and is also Yuyao's master.

As for the sixth-level master , , the total number of direct disciples and disciples of the entire Zhou family does not exceed ten.

It can be seen from this that the importance of this deputy chief instructor in the Zhou family

"Deputy Chief Instructor, he made no mistake! Killing him doesn't make sense, right?"

Young Master Zhou Zhou is not a fool. At this moment, he knows very well that the deputy chief instructor is obviously favoring Qin Chuan, but he is afraid of the deputy chief instructor and does not dare to say anything.

"It's okay not to kill! However, this instructor was upset when he saw this kind of trash. Qian Xing, this instructor doesn't want to see your shadow in the reserve guard camp from now on!"

"yes! Please keep this in mind!"

Qian Xing didn't dare to refute

"And Captain Punishment, this instructor doesn't want to see you overstepping your authority in the future to discipline you on things you shouldn't!"

"yes! The adults taught you a lesson!"

"Okay, I wonder if there's anything else that Mr. Zhou has to do? Young Master Zhou smiled awkwardly:"Deputy Chief Instructor, I have nothing to do. I'll take my leave now!""

After that, the three of them left in dejection.

After Thursday and the other two left, Qin Chuan said gratefully: "Thank you, the deputy chief instructor, for your rescue!"

The deputy chief instructor said coldly: "Do you know why they are afraid of me?"

"Because of the strength of the deputy chief instructor!"

"good! Only absolute strength can achieve absolute status in this world. Boy, I think you should be able to understand this!"

Hearing this, Qin Chuan's heart moved and he seemed to have some understanding..

Chapter 1739

"Okay, everything is settled, it's time for me to go!"

The cold look on the deputy chief instructor's face disappeared, revealing a faint smile.

"Practice well, your Uncle Qin is still waiting for you in the guard camp!"

"Thanks to the deputy chief instructor for telling me, Qin Chuan will definitely work harder!"

Qin Chuan bowed respectfully to the deputy chief instructor.

The deputy chief instructor smiled slightly, and disappeared into the yard in a flash.

However, he said that Master Zhou and the other three returned to Master Zhou's residence in despair.

"Unexpectedly, the deputy chief instructor would want to protect that little beast! This young master is really mad at me!"

Master Zhou clenched his fists, unable to vent his anger.

"Fourth Young Master, now that I think about it, it is only natural for the deputy chief instructor to protect him."

"Think about it, this Qin Chuan is the number one expert in the preparatory guard camp, and he is also the youngest in the preparatory guard camp. With such a natural talent, as the deputy chief instructor, he naturally loves him eagerly and is very fond of him!"

The criminal captain said what he was thinking.

After hearing this, Zhou Shao not only did not relieve his anger, but became even more jealous.

Why? Why would such a good talent appear in such a lowly and low-level slave? Body?

Why does God always favor him? He is really unwilling to do so!

There seems to be a resentment in Mr. Zhou's heart that cannot be resolved.

"What do you think we should do? Now that little beast Qinchuan is protected by the deputy chief instructor, and he can't be touched in the reserve guard camp!"

The criminal captain said: "Don't worry, Fourth Young Master, he can't stay in the reserve guard camp forever, he will eventually leave the camp. As soon as he gets outside the camp, we have a chance."

But at this moment, Qian Xing, who was seriously injured beside him, coughed violently.

"Qian Xing, how are your injuries? Why don't you go get some treatment first?"

"If Master Zhou is more concerned, this subordinate is not that serious! Actually, my subordinates have a good way to deal with Qin Chuan"

"any solution? Come and listen! Zhou Shao asked curiously

"The subordinates believed that since the deputy chief instructor intervened, we could not deal with him for the time being. Why don't we let Qin Chuan go for the time being and wait until he reaches the second level of cultivation and become a formal guard before dealing with him!"

Hearing this, Young Master Zhou was puzzled and said angrily at the same time.

"Qian Xing, did your head get damaged just now? You asked me to let him go for the time being and sit back and watch his strength getting stronger day by day! How can this be? I must not let that little bastard grow any longer!

Qian Xing said:"Fourth Young Master, have you ever thought about it?" Why does that boy Qin Chuan dare not to listen to you? It's actually very simple, because he is not your subordinate"

"So what your subordinates do is, after Qin Chuan becomes an official guard, you apply to the master to transfer Qin Chuan to your side as a personal guard. At that time, he will be your subordinate, and it is not up to you to decide what you want him to do.. By then, it won't be easy to kill him?"

In the Zhou family, personal guards can only choose from ordinary guards.

Hearing this, Young Master Zhou's eyes lit up.

"yes! Why didn't I think of this before? However, if that kid really becomes a second-level warrior, then I will no longer be his opponent, so how can I kill him?"

"The fourth young master doesn't have to worry about this. When the time comes, he can still ask the criminal captain to take action! Even if Qin Chuan becomes a second-level warrior, he cannot be the opponent of a third-level warrior."

"Um! makes sense! It seems that this method does work!"

Captain Xing also nodded in agreement.

"Ha ha! It seems that the criminal captain is willing to take action?"

"certainly! If this kid doesn't die, I won't feel at ease!"

"Ha ha!! If so, then that's it!"..

Chapter 1740

At that moment, the three of them discussed in detail and made a decision.

After a while, the criminal captain said goodbye and left because he had important matters.

After Captain Xing left, Qian Xing lowered his voice and said

"Fourth Young Master, I asked you to take Qin Chuan as your personal guard. One purpose is to create opportunities to kill him, and the other purpose is to get Miss Yuyao into Fourth Young Master's bed."

Young Master Zhou's eyes lit up.

"how do I say this?"

"Fourth Young Master, haven't you always been troubled by the fact that Miss Yuyao doesn't trust you, so you never have the chance to use aphrodisiacs?"

"But Miss Yuyao trusted Qin Chuan very much. If the fourth young master takes Qin Chuan as his personal guard, you can give him the aphrodisiac through Qin Chuan's hands. Then won't Miss Yuyao become the beauty in the young master's bed?"

"This...why would Qin Chuan help me do this?"

"My Fourth Young Master, of course we can't tell Qin Chuan the truth. We have to hide it from him in advance so that he doesn't even know it, and then he can do things for the Fourth Young Master without knowing it!

After hearing this, Mr. Zhou seemed to have some realization and said happily:"That's right!" When it comes to money punishment, you still have your own tricks! This plan turns out to kill two birds with one stone! Ha ha!!"

The two men's cunning laughter came from the room.

In the next few days, to Qin Chuan's surprise, Young Master Zhou stopped sending people to monitor him.

Not long after, Qin Chuan heard a piece of news.

The news is that one month later, Major General Thursday and Lin Yue, the third daughter of the Qin family, got married.

I didn't expect that they would get married so soon.

I wonder if she would be surprised when she meets Lin Yue in the future?

By then , will she want to kill people and silence them? And will the Monkey King come too?"

Thinking of this, Qin Chuan couldn't help but feel a little uneasy. Both Lin Yue and the Monkey King were an uneasy factor for him.

After another three days, Qin Chuan finally learned the 'distraction technique' and officially began to learn the fourth series of exercises.

Qin Chuan first tried to learn the gold system technique "Yang Jin Jue", but he found that his metal system talent was much worse than his water and wood talent, and the same was true for his earth system talent.

However, the progress of practicing earth-based skills is slightly faster than that of gold-based skills.

This is because he has already practiced the fire element. Fire can generate earth, which has improved the speed of his earth element cultivation.

"how so?"

Qin Chuan's heart is filled with countless questions.

As far as he knows, there are only two types of people in this world.

One type is most ordinary people. Their talents in the five elements are balanced. If the talents in a certain series are medium, then the other four The talents of all departments must also be of medium qualifications.

There is also a group of people from the blood-successor family. These people have very outstanding talents in a certain department, while the other four talents have inferior qualifications."

But he is completely different from the rest of the world. His water and wood skills The talents of the three fire elements are all geniuses, but the two elements of metal and earth are very ordinary.

Why does this happen?

Could it be related to my life experience?

I guess that's how it should be! But what is his life experience?

Thinking of these, Qin Chuan had countless difficult questions in his mind.

Why! It seems that the only way is to quickly reach the second level and enter the guard camp to ask Uncle Qin personally.

At this time, Qin Chuan thought of another question.

I didn't expect that my talents in the two elements of metal and earth were so ordinary. It seemed that it was impossible for me to become a warrior of wind and thunder."

Thinking of this, Qin Chuan felt a little disappointed.

Because in order to transform the thunder elephant vitality into the body, the two elements of metal and earth must have the qualifications above, but at present, Qin Chuan's qualifications in these two elements are ordinary.

Even if he cannot be the same as Feng Lei, However, it does not prevent him from becoming a five-line warrior.

By the way, isn't the 'Heavenly Marrow Liquid' that he saw at the last auction something that can change his qualifications?

If he can get the 'Heavenly Marrow Liquid', wouldn't it be Can the qualifications of the two elements of metal and earth be upgraded to a higher level?

With this thought, Qin Chuan's mind became active again...
