

## God level 1781

### Chapter 1781

First, Qin Chuan spent two days refining the 'Heavenly Essence Liquid', and finally improved his qualifications in the metal and earth systems from ordinary qualifications to medium qualifications.

At this moment, Qin Chuan could clearly feel that the progress of his earth energy cultivation had been several times faster than before.

Although his earth element qualifications are only average now, they are much stronger than before. This improvement in earth element qualifications still makes Qin Chuan very happy.

In the following time, Qin Chuan ate Linghu fruit every day to assist in cultivating earth energy.

Although Qinchuan's earth element qualifications are only average, with the help of the Spiritual Gourd Fruit, his training progress is comparable to that of a warrior with superior qualifications.

The effectiveness of this spirit gourd fruit is dozens of times stronger than that of Xiaojuyuan Dan.

Moreover, this spirit gourd fruit is also the food that Qin Chuan will rely on for survival in the following days.

The food stored in the space of his God of War Order had long been eaten, but he did not dare to leave the cave, so he could only satisfy his hunger with spirit gourd fruits.

However, he has nearly 300 spirit gourd fruits, which is enough for him to last for a long time.

In the blink of an eye, more than a month has passed.

For more than a month, Qin Chuan focused on the two systems of fire and earth. Since the two systems of water and wood had reached the third level, he temporarily put them aside.

During this period of time, Qin Chuan's fire energy cultivation went very smoothly. After more than a month of hard training, he finally reached the second level of perfection.

This is also because he still has a lot of the fire power of the Dragon and Phoenix Sacred Fruit in his body, which was directly refined during the cultivation process. This also greatly improved his cultivation progress, and he was able to cultivate the fire energy to the level in more than a month. The second level of Dzogchen.

As for the remaining wood medicinal power of the Dragon and Phoenix Sacred Fruit, all of it had been refined and absorbed when the Qinchuan Wood Element broke through the third level.

However, what makes Qin Chuan most gratified is that after more than a month of hard training and the help of the Spiritual Gourd Fruit, Qin Chuan's earth energy has finally reached the level of a peak quasi-warrior.

As soon as the earth energy broke through and reached its peak, Qin Chuan took out an awakening pill and prepared to take it.

If he didn't have the Awakening Pill, he didn't know how long it would take to reach the first level of earth energy.

However, with this awakening pill, he can break through the earth energy to the first level in just three days.

Looking at the Awakening Pill in his hand, Qin Chuan couldn't help but feel a little excited.

He has finally cultivated this earth energy to the peak level of a quasi-warrior. As long as he refines this Awakening Pill, he can break through to the first level within three days, and then he will become a true fourth-line warrior.

Qin Chuan couldn't help but get excited when he thought that he was going to become a warrior of the fourth line.

Warriors of the fourth line are rare in this world, and almost no one has seen them. They have always been regarded as legendary existences, and some people think that they cannot exist.

But now, Qin Chuan is about to become the legendary warrior of the fourth line.

In fact, Qin Chuan was full of expectations for the warriors of the four series.

As far as he knew, the strength of a dual-line warrior was one and a half times that of a warrior of the same level. The strength of a third-line warrior was about twice that of a warrior of the same level. As for the strength of a fourth-line warrior, he didn't know.

But one thing is certain, with each additional system of energy blending, the amplitude of the energy's power seems to be greater.

It's really exciting!

Soon, he will know the strength of the four series warriors."

Thinking of this, Qin Chuan no longer hesitated. After swallowing the awakening pill, he began to refine it..

Chapter 1782

Three days later, in the cloudy valley,

"It's been more than a month, why haven't the boy's body been found yet?"

"yes! Incense Master, do you think that boy is alive?"

"impossible! That kid's internal organs were clearly shattered by me, and even gods couldn't save him. How could he not be dead?"

Chen Xiangzhu's expression was very certain that Qin Chuan would never survive.

"If this is true, then why have we never found his body? Could it be that the body was eaten by some ferocious beast?"Lao San put forward his guess.

After hearing this, Chen Xiangzhu frowned slightly and said to himself: "It's unlikely, right? In the past month or so, we have searched almost all of this valley, but we haven't seen any ferocious beasts in this cloud valley!"

"yes! This is a bit strange. I don't know where that kid will die in the end?"

"Maybe that kid broke into some poisonous insect den and his body was devoured by thousands of poisonous insects. It's hard to say.!"

"If that were the case, the little thief would have died quite miserably, but it's a pity that my Ten Thousand Years Essence Liquid and Heavenly Essence Liquid are still in the little thief's body. Especially that bottle of Wannian Bingxin Liquid! That bottle is worth millions of gold coins!"

Speaking of this, Master Chen Xiang had a look of pain on his face.

"Incense Master, if this is really the case, what should we do?"

Chen Xiangzhu said helplessly: "What can we do? We have been searching for more than a month, but we still haven't been able to find the body of the little thief. We probably won't find it if we continue searching."

"Well, you and I will search the Cloud Valley separately. If we still can't find it, then we have to give up!"

"All right!"

Then the two separated and started searching again.

But the third child was thinking while searching.

"Where will this little thief die? I remember that during the first search, his traces seemed to suddenly disappear at the bottom of the valley. Maybe there was some mystery hidden there. Why don't I go there and look for it?"

At that moment, Lao San searched for the bottom of the valley.

At the same time, Qin Chuan, who was hiding in the cave, quietly walked out of the cave for the first time.

In the past few days, Chen Xiangzhu and Lao San searched more and more frequently. Very few, especially in recent days, they only searched once a day.

Qin Chuan judged that the patience of these two people should have reached the limit and they were about to leave.

However, Qin Chuan's patience had also reached its limit. He had been delayed here for a long time. He didn't want to hide anymore, he just wanted to leave the Cloud Valley as soon as possible and rush back to Shenyang City as soon as possible.

Qin Chuan dared to come out so boldly because his earth energy finally broke through to the first level and became a true warrior of the four elements.

Qin Chuan discovered that the strength of a fourth-level warrior is equivalent to three times that of a warrior of the same level, and is equivalent to the strength of a warrior of the two elephants of wind and thunder.

Unfortunately, Qin Chuan is not yet a complete third-level fourth-line warrior.

His four-series vitality, Only the energy of water and wood has reached the third level, the energy of fire has just reached the second level of perfection, and the energy of earth is only at the elementary level of the first level.

As a result, Qin Chuan's energy is not three times as powerful as a warrior of the same level. However, after the amplitude of the four-series energy blended together, it has increased a lot compared to the original. Calculated in this way, it is still stronger than the third-level three-series warrior.

However, in addition to being a fourth-series warrior, Qin Chuan is also a He is a body cultivator.

After escaping from death this time, Qin Chuan's internal organs were completely strengthened by the energy of essence, and his physical combat effectiveness also improved a lot. If he uses the

combat skills of a body cultivator again, he will fight After the body's combat effectiveness reaches 50%, the physical combat effectiveness alone is infinitely close to that of a third-level warrior.

In other words, Qinchuan's current comprehensive combat effectiveness is no weaker than that of the Fengling Erxiang warrior.

What's more, He also has the amplitude of the spiritual weapons Ice Sword and Fire Sword. In this way, although he has no chance of winning against a fourth-level warrior, he can at least survive..

Chapter 1783

At least, he won't be instantly killed by a fourth-level warrior.

However, this is only a comparison in terms of pure combat effectiveness.

What affects the warrior's speed is the warrior's own combat effectiveness.

Qin Chuan's own fighting strength is only 320 men, so his speed is still far behind compared with the fourth-level warrior.

If he was really being chased by a fourth-level warrior, it would still be difficult to escape.

However, Qin Chuan dared to come out because he knew that Master Chen Xiang was in the Cloud Valley.

No one can move freely in this cloud valley like him, not even Master Chen Xiang is a fourth-level warrior.

As long as he relies on his abnormal hearing, he can avoid Master Chen Xiang in advance and escape quietly.

If it was before, Qin Chuan would not dare to do this, but now that his strength has improved, he is bolder again.

But he said that after Qin Chuan came out of the cave, he quietly hurried towards the entrance of the valley.

Before he walked far, his expression changed slightly and he hurriedly hid in the bushes nearby.

Not long after, a figure emerged from the thick fog.

This figure is the third child I have been looking for all the way.

"How strange! Is this little beast so dead that there is no trace left?"

"Why can't he find his body? It stands to reason that after so many days, he should have stunk from death, but he didn't smell any corpse stench there! Could it be that his body was really devoured by poisonous insects?"

The third child muttered and searched around.

"This little beast doesn't make people feel at ease even if it's dead. I've been sleeping here for a month. I have to look for his body in this hellish place every day. I don't know how many times he's been bitten by poisonous insects. If I'm... To find his body, you have to whip it!"

During this period, he suffered a lot in order to find Qin Chuan, but the third child only dared to complain behind Master Chen Xiang's back.

But at this moment, a gentle voice suddenly came from behind the third child

"Uncle, are you looking for me?"

Hearing this voice, the third child's heart suddenly suddenly turned around, and he saw Qin Chuan with his hands crossed on his chest and looking at him with a smile.

The third child was startled and immediately shouted as if he had seen a ghost: "You ... Are you a human or a ghost? How could you not be dead? This is impossible! Qin

Chuan smiled and said: "Uncle, of course I am a human, but you are about to become a ghost!"

Hearing this, the third child's face changed drastically, and he suddenly felt something bad. He turned around and wanted to run away.

But at this moment, Qin Chuan took action and cut open the third child's neck with a knife.

The third child couldn't even scream. Before he could send it out, he died on the spot. After killing Lao San, Qin Chuan went forward to search for his relics.

After a while, Qin Chuan found more than three thousand gold coins, a bottle of detoxification pill, and a large Package.

Qin Chuan opened the big package and took a look, and his face suddenly showed joy.

It turned out that the big package contained rare spiritual fruits and medicinal materials. There were at least more than a hundred spiritual gourd fruits inside, and there was also a century-old *Rehmannia glutinosa* plant. And a few medicinal herbs.

These spiritual fruits and spiritual herbs are all of the earth type, presumably related to the growing environment of the Cloud Valley.

However, this package is worth at least fifty or sixty thousand gold coins, which is an unexpected harvest.

Especially the hundred-year-old *Rehmannia* root is of great use to Qin Chuan.

This century-old *Rehmannia* root can also greatly improve the cultivation of earth warriors. Usually, the value of a century-old *Rehmannia* root is equivalent to 20,000 gold coins.

It is also It is one of the main raw materials for refining the high-grade elixir 'Earth Soul Pill'.

This 'Earth Soul Pill' can not only quickly improve the cultivation level, but also has a certain chance of allowing warriors to gain insights, which is certain for second-level Dzogchen warriors to break through to third-level Help.

Qin Chuan collected these trophies into the God of War Order space with satisfaction, and then continued to sneak towards the mouth of the valley..

I! God level elemental

Chapter 1784

Qin Chuan collected these trophies into the God of War Order space with satisfaction, and then continued to dive towards the mouth of the valley.

Soon, Qin Chuan arrived at the entrance of the valley, just as he was about to escape from Yunwu Valley.

Qin Chuan suddenly stopped and looked at the mouth of the valley not far away with a strange expression, daring not to move forward.

It turned out that he heard the breathing of a person outside the entrance of the valley. It seemed that the person was waiting at the entrance of the valley. However, Qin Chuan could not judge who this person was, so he did not dare to go out.

People outside the valley seemed to sense Qin Chuan's presence, so they shouted:"Third brother, is that you? Have you found the boy's body?"

Upon hearing this question, Qin Chuan's face suddenly changed. The person guarding the entrance of the valley is none other than Master Chen Xiang.

He didn't expect Chen Xiangzhu to go out so quickly and stay at the mouth of the valley, which made his escape plan fail.

However, when Master Chen Xiang saw that the people in the valley did not answer his questions, he suddenly frowned and became a little angry.

"Third child, what are you doing? What are you doing standing there silently? Come out quickly!"

Actually, the two of them are not far apart, only a few hundred meters apart. It's just that the valley is shrouded in thick fog and no one can see the other.

Chen Xiangzhu shouted again, but when he saw that the people in the valley still didn't answer, he suddenly became suspicious.

"Third child, what on earth are you doing?"

Master Chen Xiang shouted as he walked quietly towards the valley.

As soon as Master Chen Xiang made a movement, Qin Chuan heard it. He no longer hesitated and turned around and ran back. When

Master Chen Xiang heard the people in the valley running back, he immediately knew that the person was not an old man. Three, suddenly roared

"who!"

At the same time, he waved his hand and released dozens of ice picks, shooting towards the direction where Qin Chuan was escaping.

Hearing the sound of breaking through the air behind his ears, Qin Chuan quickly drew out his swords, turned around and blocked all the ice picks. At the moment.

Ding, Ding, Dang!

There was the sound of swords clashing in the thick fog.

Upon hearing this sound, Chen Xiangzhu's face changed slightly. He knew that the other party had resisted all his attacks, and at the same time he felt very horrified.

Although His ice pick was just a casual blow, but it couldn't be blocked by a third-level warrior, let alone a third-level warrior.

"Could this person be a fourth-level warrior?"

Thinking of this, Master Chen Xiang no longer hesitated and chased in the direction of Qin Chuan. At the same time, he shouted: "Who is your Excellency?"

Qin Chuan didn't answer his words, and still kept his head buried in running as fast as he could.

Seeing him like this, Chen Xiang had more doubts in his heart, and at the same time, an idea came to his mind that he couldn't even believe.

"Could it be that the person in front is Qin Chuan? Isn't this little thief dead? How is this possible? Thinking of this

, Chen Xiangzhu shouted: "Qin Chuan, don't run away, I know it's you!"

At the same time, Master Chen Xiang also pursued Qin Chuan with all his strength.

Qin Chuan still ignored him and ran around in twists and turns in the valley.

This Yunwu Valley is originally filled with bushes and thick fog everywhere. For ordinary people, let alone running, even walking in the valley is not easy.

But for Qin Chuan, running is easy.

Therefore, although Chen Xiangzhu is faster than Qin Chuan, he is much slower than Qin Chuan in this cloud valley.

No After a while, Master Chen Xiang was thrown away by Qin Chuan. Qin

Chuan also took the opportunity to go back to the treasure cave.

Master Chen Xiang was also very angry when he lost Qin Chuan.

Not long after, he suddenly found a corpse in front of him and walked forward to take a look. , I found out that it was the third child, and I was immediately shocked and angry.

The little thief must have killed him. I didn't expect that the little thief was not dead. It was really surprising. It seems that there must be something here that I don't know where to hide.

No. , I must find this little thief. Since this little thief is not dead, the Wannian Ice Heart Liquid and Tianmui Liquid must still be in his body. But how can I find him?

Thinking of this, Chen Xiangzhu pondered.

If he continues to If you search in the valley, you will definitely not find him. If you can find him, you won't be able to find him for a month.

Then the owner of this incense will go to the entrance of the valley and watch to see when you come out.

I don't believe it, you I'll never come out in this life...

Chapter 1785

The owner of the incense will go to the mouth of the valley and watch to see when you come out.

I don't believe it, you will never come out in this life.

Thinking of this, Master Chen Xiang immediately returned and rushed to the mouth of the valley. He firmly believed that Qin Chuan would definitely come out.

Because there was no food at all in the valley, he and Lao San had almost finished picking all the spiritual gourd fruits that could be used as food.

If Qin Chuan wanted to survive, he could only eat grass roots. He didn't believe how long Qin Chuan could hold on.

Moreover, he thought that Qin Chuan must have brought a lot of antidote pills to stay in Yunwu Valley for so long. He did not believe that Qin Chuan's detoxification pills would not be exhausted and he would come out one day.

"Little bastard! I don't believe you can't come out, so let's compete to see who is more patient!".

But it was said that Qin Chuan returned to the cave and shouted bad luck.

Alas! If the escape failed this time, Master Chen Xiang would definitely be on guard, and it would be difficult to escape again.

If he had not guessed, the old thief would definitely guard the entrance of the valley. Just wait and see.

It seems that if you want to leave here next time, you can only break out with your strength."

Thinking of this, Qin Chuan took out a 'Nine-turn Jingyuan Pill' from the God of War Order, swallowed it, and then started practicing The ancient method of body refining.

Qin Chuan knew very well that what he could do now was to improve his strength as soon as possible. Only in this way could he break out.

After swallowing the Nine Turns Essence Pill, Qin Chuan quickly discovered that he could absorb the yin and yang energy between heaven and earth more smoothly than before, and he could absorb the power of the pill faster than before.

It seems that after his internal organs were strengthened, his qualifications as a physical warrior were better than before.

But he said that once the Nine-turn Jingyuan Pill is refined, it will turn into two streams of energy. One will turn into Jingyuan Qi, which will be integrated into the Jingyuan Qi mass of Qi Sea, and the other will turn into life energy to strengthen the physical body.

In the blink of an eye, another two months have passed.

In two months, Qin Chuan had finished all the spiritual gourd fruits, and even the century-old *Rehmannia glutinosa* plant was eaten by Qin Chuan.

Although it was a pity to eat a hundred-year-old *rehmannia glutinosa* like this, Qin Chuan no longer cared so much in order to improve his cultivation level as soon as possible.

However, the effect of the century-old *Rehmannia glutinosa* essence is indeed extraordinary. It not only greatly increased Qin Chuan's progress in cultivating earth energy, but also helped him break through the bottleneck of the first-level intermediate level in one fell swoop.

Today, Qin Chuan's earth energy has reached the peak of the first-level intermediate level.

At the same time, Qinchuan's other three systems of vitality have also improved, especially the fire vitality, which has reached the peak of the second level of great perfection.

In terms of body refining, Qin Chuan refined all two 'Nine Transformations of Essence Pills' a month ago, and his combat effectiveness has also been greatly improved.

Later, after more than a month of hard training and absorbing the tempering of yin and yang between heaven and earth, now that Qin Chuan is not adapted to fighting madness, he can fight against third-level warriors with only the strength of his physical body.

His physical strength has now reached the second limit of the human body.

As for breaking through this limit, it is not something that can be achieved in a month or two. It may take several years, or it may take more than ten years.

Now that Qin Chuan's comprehensive combat power has increased by another 10%, it's time to go out and have a try.

Qin Chuan clenched his fists. He felt that there was a huge explosive force hidden in his body, and it seemed that it could burst out later.

After two months of hard training, Qin Chuan not only raised his body's strength to the limit of the first gate, but the essence of energy in his body was several times thicker than before.

Now, Qin Chuan is confident that the essence energy in his body can allow him to transform into a 'war body madness' for three to four hours, which makes him no longer afraid of protracted battles.

However, the biggest change in Qin Chuan was his height.

In the past two months, his height has actually grown by half a head. I don't know if it is because of the physical training, or because he has reached the age when his body begins to develop.

If we talk about growth, he has been eating grass roots to survive in the past half month, which has already made his mouth look like a bird...

## Chapter 1786

It turned out that in the last half month, Qinchuan had already eaten all the spiritual gourd fruits, so he had to dig some grass roots outside the cave to satisfy his hunger.

During this period, he also searched in the valley, looking for some edible food. In the end, he found that there was nothing edible except grass roots. As for the spiritual gourd fruits, the three of them had already picked them all.

In the end, Qin Chuan had to eat grass roots for half a month, and finally reached the point where his physical strength reached the limit of the first level.

Now with his own fighting power, coupled with the help of the Ice Sword and the Fire Sword, he should be able to barely fight against the fourth-level warrior.

Although he is not a match for the fourth-level warriors, it is still possible to escape from them.

Moreover, his distraction sword skills will also enhance his combat effectiveness."

When he thought of this, Qin Chuan's confidence increased greatly and he was about to get up and leave.

At this time, he remembered something again and took out the map of the Ten Thousand Beast Mountain Forest from the God of War Order space.

He wanted to choose the best escape route to avoid At that time, he panicked and ran to the wrong place.

Qin Chuan studied the map carefully.

"Huh! This place is a bit strange!"

I saw Qin Chuan's eyes wide open, looking at a standard on the map.

The mark was highlighted with red ink, and it was called 'Juelongtan'. It was a forbidden area for all beasts in the forest.

This Juelongtan is far away from the Yunwu Valley. It's not far.

Going out from the entrance of Yunwu Valley and walking ten miles to the west, there is a cliff of ten thousand feet, called 'Wan Zhang Cliff'.

Below the cliff of ten thousand feet is the Juelong Pond.

As soon as he saw the cliff of ten thousand feet, Qin Chuan's mind came alive. He stood up, a pair of big black eyes rolling around.

After a while, a sinister sneer appeared on his face.

"Master Chen Xiang, don't you want to kill me? Then don't be cruel and ruthless, let's see how I will kill you!"

Thinking of this, Qin Chuan packed up his things, left the cave, and walked directly towards the entrance of the valley.

Cloud Valley, the entrance of the valley.

Master Chen Xiang was waiting there with a haggard look.

He has been waiting in pain for the past two months because he was worried about Qin Xiang. He would sneak out when he was in the river, but he never dared to go too far from the mouth of the valley.

At night, he didn't dare to sleep too deeply.

After two months, he was tortured to the point of haggard.

It's been two months, and this little thief really has something. Be patient!

Why doesn't he come out yet? How many antidote pills did he bring with him?

I don't know how long he had been eating grass roots in there.

Thinking of this, Chen Xiangzhu couldn't help but feel a little irritable.

But at this moment, he saw a The black shadow slowly walked out of the thick fog.

Seeing this black shadow, Chen Xiangzhu's eyes suddenly lit up, and at the same time he slowly drew out the long sword on his body.

Such a long wait had already worn away his Be patient.

At this moment, he just wanted to confirm whether the black shadow in front of him was Qin Chuan.

If it was Qin Chuan, he just wanted to kill the other party with one sword and didn't want to talk to him anymore.

After a while, the black shadow finally came out , but it was a young man with two swords on his back, white hair and red eyes, and a sinister aura.

This young man was naturally what Qin Chuan looked like after his transformation.

When he saw Qin Chuan's appearance, Chen Xiangzhu was shocked

"Huh! Little thief, how did you become like this?"

Immediately, Chen Xiangzhu thought of something and burst out laughing.

"Ha ha!! Little beast, did you eat grass roots for two months and become malnourished to become this virtuous? Ha ha!! I think that must be the case. You are so pitiful. You have turned white hair at such a young age."

Hearing Chen Xiangzhu's self-righteous words,

Qin Chuan couldn't help but twitch the corner of his mouth.

Then he smiled coldly, and his blood-red eyes revealed a heart-stopping evil aura.

"Master Chen Xiang, thank you for helping me guard the valley for two months. You are better behaved than my Ah Huang!

Hearing this, Chen Xiangzhu frowned and asked casually:"Who is Ah Huang?"

"Ah Huang is my family's watchdog!"

Hearing this, Chen Xiangzhu was furious:"You little bastard! you wanna die!"...

Chapter 1787

Qin Chuan chuckled, turned around and ran towards the Wan Zhang Cliff to the west.

"Little beast! Don't even think about running!"

Master Chen Xiang dodged to catch up, and struck Qin Chuan in the back with one sword.

At this moment, he wanted to tear the little bastard in front of him into pieces.

Feeling a sharp cold air coming from behind, Qin Chuan quickly drew out the Ice Sword , turned around to block.

The two swords met, and Qin Chuan took seven or eight steps back. Chen Xiangzhu also took a step back.

"How can this be?"

Chen Xiangzhu opened his eyes wide in disbelief. He couldn't believe that Qin Chuan had taken his sword just now, and he couldn't believe that everything he just discovered was true. You know, more than three months ago, he only used He punched Qin Chuan to the point of death with a punch that had seventy degrees of power.

However, just how long had passed before Qin Chuan's strength had improved to such an extent. How could this not frighten him?

However, after Qin Chuan blocked a sword , no longer interested in fighting, turned around and ran away.

Is this kid a human or a monster?

His strength has improved so quickly, he is simply a monster!

No! This kid can't stay!

Thinking of this, Chen Xiangzhu's eyes flashed with a hint of murderous intent, and a trace of determination.

"snort! Little bastard, do you think you can run away?"

Chen Xiangzhu cursed and immediately chased after him.

After a while, he caught up with Qin Chuan.

His speed was much faster than Qin Chuan.

Unexpectedly, Qin Chuan suddenly drew out the Fire Sword, turned around and struck out with a knife. The flaming knife drove him back.

"Huh! This is an intermediate martial art! Yours is a fire-type spiritual weapon, and there is also an ice-type spiritual weapon. You have quite a few treasures on your body!"

Seeing the two spiritual weapons in Qin Chuan's hands, Chen Xiangzhu's eyes showed greedy eyes.

Suddenly, he remembered something, and his eyes stayed on the ice sword in Qin Chuan's hands.

"Isn't that the Ice Sword? Why is it in your hands?"

Chen Xiangzhu couldn't help asking the doubts in his heart.

Qin Chuan ran away and said in a hoarse voice.

"Young man, why is it strange that I have this ice sword?"

As soon as he heard this hoarse voice, Chen Xiangzhu was furious.

"Little bastard, it turns out you were the one who was faking it at the auction that day! It makes me so angry that I have to tear you apart today!"

Chen Xiangzhu could no longer suppress the anger in his heart. He roared and chased after him, slashing hard at Qin Chuan with his sword.

Qin Chuan drew out both swords and turned around to fight.

Although Qin Chuan's fighting power was slightly inferior to his opponent, he used his distracted sword technique, and the two swords came out at the same time. With two enemies against one, they were evenly matched with Chen Xiangzhu. In the blink of an eye, the two of them fought for dozens of rounds.

Qin Chuan fought and retreated, deliberately turning the battlefield. Leading to Wan Zhang Cliff.

However, Chen Xiangzhu became more and more frightened and angry as he fought.

In his opinion, the boy in front of him was clearly a third-level warrior, but he could be tied with him. This was incomprehensible and unbearable to him..

However, the two of them fought and retreated. After all, Qin Chuan was no match for the other party and gradually fell into a disadvantage.

However, the two of them were only two miles away from the cliff.

At this time, Chen Xiangzhu's patience seemed to have reached its limit. I was willing to spend more time and immediately sneered.

"Little bastard! I have been playing with you for so long, it's time to send you on your way! Now let me show you what superior martial arts is! Look at me - the ice dragon roars!"

Master Chen Xiang made a false slash with his long sword, and a huge ice dragon roared, flew out from the shadow of the sword, and rushed towards Qin Chuan.

Qin Chuan saw the huge ice dragon 20 to 30 meters long behind him rushing towards him, and his heart was filled with excitement. A huge sense of crisis flashed through him, and at the same time he felt an unprecedented amount of spiritual pressure suppressing his whole body, making it difficult for him to move..

Chapter 1788

"not good!! Qin

Chuan secretly exclaimed and dodged to one side, barely escaping the ice dragon's frontal attack.

Although the ice dragon did not attack Qin Chuan head-on, it exploded, and the huge impact knocked Qin Chuan flying. More than ten meters away.

A super-large hole thirty meters long and two to three meters deep was left on the ground.

‘Wow! Qin

Chuan spat out a mouthful of blood.

The huge impact had seriously injured him.

In addition, half of Qin Chuan's body was covered with a thin layer of ice. This half was numb from the ice and could not move for a while.

Qin Chuan circulated the fire energy in his body, allowing half of his frozen body to recover.

Chen Xiangzhu on the side saw that the attack was effective and immediately laughed proudly.

"Ha ha!! You little bastard, you know how powerful martial arts are! Today I must cut you into pieces in order to relieve the hatred in my heart!"

The attack power amplitude of superior martial arts is 40%, while that of intermediate martial arts is only 20%.

This shows how powerful superior martial arts are.

Not only that, Chen Xiangzhu's attack also comes with ice attribute damage.

If Qin Chuan is really attacked from the front, He would definitely die on the spot.

Although he escaped, Qin Chuan was still seriously injured.

In fact, Chen Xiangzhu is not yet proficient in mastering this superior martial art. After all, he has just advanced to the fourth level.

Otherwise, as early as in the previous battle, , he used it.

In fact, most of the superior martial arts require understanding of the secrets before they can be displayed. Only a few martial arts do not require it. However, these few superior martial arts need to reach the fourth level of turning virtual reality into reality before they can be displayed.

In other words, The strongest martial arts that martial artists below the third level can learn are the intermediate martial arts.

"snort! Boy, you took advantage of me time and time again, this is your fate!"

Chen Xiangzhu sneered and walked slowly towards Qin Chuan, who was seriously injured and fell to the ground.

Qin Chuan sneered sadly and wiped the blood from the corner of his mouth. His blood-red eyes actually exuded bloodthirsty madness.

"If you want to kill me, it's not that easy! Qin

Chuan roared, suddenly got up from the ground, turned around and ran towards the Wan Zhang Cliff.

"Huh!"

Master Chen Xiang was also surprised. He didn't expect Qin Chuan to recover from the freezing effect so quickly.

"snort! Little bastard, do you still want to fight to the death?"

Chen Xiangzhu sneered and chased after him again.

The two fought together again, Qin Chuan still stood and retreated towards the Wanzhang Cliff. At this moment, Qin Chuan was seriously injured, and naturally he was no match for Chen Xiangzhu. The two of them had not fought for ten years. After a few rounds, Qin Chuan got another sword wound on his body.

Not long after, the two finally reached the Wan Zhang Cliff. At this moment, Qin Chuan was covered in sword wounds, his whole body was stained red with blood, and he had been turned into a bloody man, with his white hair and bloody eyes, looks like a murderer from hell.

"Boy, you can really persevere!"

Chen Xiangzhu looked at the young man covered in blood in front of him. He felt a sense of admiration and fear in his heart for no reason.

What terrible perseverance!

If he were an ordinary warrior, he would have lost his fighting spirit long ago, but this kid in front of him seems to be unbeatable. No matter how serious the injury is, he is still full of fighting spirit!

However, this will make it even more impossible to stay!

"Ha ha!! I said, if you want to kill me, it's not that easy!"

Qin Chuan's blood-red eyes were still filled with heat and madness. At the same time, his body slowly retreated. Two meters behind him was the Wan Zhang Cliff.

"Boy, stop struggling to your death, there is a cliff behind you, you have no way out, you will die today!"

Chen Xiangzhu showed a sneer on his face and slowly approached Qin Chuan.

Qin Chuan pretended to wake up and looked back. The cliff was right behind him. If he took another step back, he would fall. He had no way to retreat..

Looking at the cliffs at his feet and the bottomless valley, Qin Chuan showed a bleak smile. It seemed that at this moment, his will finally collapsed.

Chen Xiangzhu on the side saw Qin Chuan's expression Expression, tense heart finally relaxed..

"Boy, do you regret it now?"

Chen Xiangzhu sneered proudly, and took a few steps closer to Qin Chuan.

Qin Chuan's eyes were hesitant, and he looked back at Jue Ya, with a sudden look of determination in his eyes.

Seeing Qin Chuan's look, Chen Xiang Zhu suddenly felt that something was wrong.

Sure enough , , Qin Chuan suddenly raised his head, looked at Chen Xiangzhu and sneered sadly.

"I said, it's not that easy for you to kill me! Even if I die, I will not let myself die in your hands! Ha ha!!"

Qin Chuan suddenly laughed crazily, and suddenly tore off his blood-stained clothes, revealing his bare upper body.

There were more than a dozen sword wounds visible to the bone. He still stood tall in the mountain wind, like the reincarnated God of War.

"Boy, what do you want to do?"

Chen Xiangzhu's tone was a little urgent. He had already vaguely guessed what Qin Chuan wanted to do.

"snort! What do I want to do? Qin

Chuan sneered and suddenly took out two small porcelain bottles. These two porcelain bottles were the bottles containing the Wannian Bingxin Liquid and Tianmui Liquid.

"Master Chen Xiang, aren't you just chasing me for these two things?"

"Even if I jump off this cliff and break into pieces, I won't let you get them!"

"I want to throw them down first, and then jump off myself. Let me see what you can do to me? Even if I die, I will not die in your hands!"

Hearing this, Master Chen Xiang's expression changed drastically. If Qin Chuan really threw those two things down, they would definitely be smashed into pieces, and the Wannian Bingxin Liquid and Tianmui Liquid contained in them would naturally be gone.

Qin Chuan is dead. It was a job, he didn't care, but he cared about those two things very much.

In the past three months, he had spent so much thought and energy just for those things!

"Boy, don't get excited yet! We can discuss this matter carefully. I only want the two things in your hands. As long as you give them to me, I can let you go without killing you!"

Chen Xiangzhu said as he moved a few steps forward, quietly closing the distance to Qin Chuan.

"hehe!! Do you think I will believe it? I just don't want you to get them today!"

The more Qin Chuan talked, the more excited he became. He seemed to unconsciously wrap the two porcelain bottles with the bloody clothes in his hands.

"Qin Chuan, I didn't lie to you, I told the truth. As long as you give me those two things, I will....."

Having said this, Master Chen Xiang's expression turned cold and he suddenly took action, wanting to snatch the blood coat wrapped in the porcelain bottle in Qin Chuan's hand.

Qin Chuan seemed to be on guard for a long time. He moved faster than him and threw the bloody clothes in his hand towards the cliff.

"don't want!"

Chen Xiangzhu's face changed greatly, and his figure flashed. His speed was faster than the speed of the blood suit.

He was alone in the air, and he reached out to grab the blood suit. At the same time, he rotated his body in mid-air, and returned to the cliff.

However, at this moment, he suddenly felt something was wrong. He felt that the blood coat in his hand was not only wrapped with two small porcelain bottles, but also a fist-sized bead.

Just when he was surprised, he suddenly saw standing Qin Chuan, who was on the edge of the cliff, was looking at him proudly, with a sinister sneer on his face.

Seeing this, Chen Xiangzhu suddenly felt something bad, and secretly said in his heart: "No!"

But at this moment, Qin Chuan shouted

"Explode!"

"boom!"

A loud bang |!

The blood-cloth wrapped in the porcelain bottle suddenly exploded.

Thunder and fire suddenly intertwined in the air, and the huge explosion shook the entire cliff.

Chen Xiangzhu in mid-air screamed miserably, with a handful of blood raining down. , falling down the cliff of the ten thousand feet mountain.

It turned out that what Qin Chuan wrapped in blood clothes was not only two small porcelain vases, but also a Tianleizi hidden inside.

In fact, those two small porcelain vases were also empty bottles he had prepared in advance.

Looking at the bottomless cliff, Qin Chuan sneered in his heart.

Even a fourth-level warrior could not bear the power of Tianleizi.

Chen Xiangzhu was first seriously injured by Tianleizi, and then fell from such a high cliff. If you fall down, it would be weird if you don't break your body into pieces!...

Chapter 1790

"If you want to kill me, this is your place! By the way, I wonder if there is anything good about him? After a while I will go around to the bottom of the cliff and look for his body."

Thinking of this, Qin Chuan first took out coagulation powder on the cliff to stop the bleeding from the wounds, and then sat on the top of the cliff to heal the injuries.

Perhaps because Qin Chuan is a physical warrior, his injuries recover much faster than ordinary warriors..

After about an hour of healing, Qin Chuan's injuries were 60-70% healed. He took a new shirt from the War God's Order and put it on, then took a detour to find Chen Xiangzhu's body at the bottom of the cliff.

Under the Wanzhang Cliff It is the forbidden area of the Ten Thousand Beasts Forest, the Juelong Pond.

This Juelong Pond is very mysterious.

Ferocious beasts above the fifth level, for some reason, never dare to enter there.

Ferocious beasts below the fourth level occasionally break in, but those who have been there The ferocious beast never came out, as if it disappeared out of thin air.

There was once a fifth-level master who did not believe in evil and broke in, but never came out.

Since the fifth-level master disappeared, this Juelongtan has become After all the warriors talked about the forbidden area, no one dared to enter.

Everyone in Tianshui City knew about Jue Longtan. But

Qin Chuan didn't know that he was not from Tianshui City after all.

On the map he got, It only marked the location with a red mark, showing that this place was extremely dangerous.

According to Qin Chuan's understanding, there must be an extremely powerful beast hidden there.

But he was not worried. He was confident that with his abnormal hearing, as long as If you are careful, you can completely avoid that powerful beast, and then find Chen Xiangzhu's body without anyone noticing.

In fact, Qin Chuan dared to do this because he was born to be bold, and he was bolder than others. If it were anyone else, he would not dare to go in.

After circling for more than an hour, Qin Chuan finally walked around to the bottom of the cliff and came to the entrance of Juelong Pond.

Juelong Pond is in a canyon with three sides. Only one side of the cliff is the entrance to the canyon, and the entrance is very narrow, only seven or eight meters wide.

Passing the entrance of the canyon, Qinchuan entered the Juelong Pond.

The vision in front of him suddenly became clear, and Qinchuan's eyes suddenly lit up.

He could only see the canyon in front of him. , is a scene of colorful purples and flowers in bloom.

There is a pleasant fragrance floating in the air, which makes people feel relaxed and happy when breathing.

So beautiful!

It is already summer outside the valley, but it is still spring in the valley. It is really magical!

Qin Qin Chuan couldn't help but marvel at the beautiful scenery in the valley, and took a deep breath of the air in the valley.

He could feel that the water energy in the valley was very rich, almost ten times that of the outside world. It was definitely a good place to practice water energy.

Qinchuan was not too Pay more attention to appreciating the scenery in the valley.

He sniffed the smell in the air vigorously. With his extraordinary sense of smell, he smelled a trace of blood, which should be emitted by Chen Xiangzhu's corpse.

Qin Chuan followed the smell of blood and headed towards Go inside the valley

"Huh! Isn't this water lingzhi?"

Not long after walking, Qin Chuan was pleasantly surprised to see a Ganoderma lucidum more than one foot tall growing in a rock crevice in front of him.

This Ganoderma lucidum was different from ordinary Ganoderma lucidum. Its whole body was crystal clear, and its interior contained meridians like human meridians. Blood lines.

There are three blood lines in total. Except for one that runs through the entire Ganoderma lucidum plant, the other two blood lines are branched off from this main blood line.

As far as Qin Chuan knows, the number of these blood lines represents The year of this Water Lingzhi.

One blood line represents one hundred years.

Three blood lines represent three hundred years.

In other words, the Water Lingzhi in front of you is three hundred years old.

Generally speaking, water that is one hundred years old The value of *Ganoderma lucidum* is equivalent to that of century-old *Rehmannia glutinosa*.

But every hundred years more, its value will increase several times.

The three-hundred-year-old water *Ganoderma lucidum* in front of us is worth more than 100,000, which is equivalent to Tianmui liquid. It is definitely a natural material. Dibao...
