

## God level 1791

### Chapter 1791

Qin Chuan excitedly picked the 300-year-old water ganoderma and put it into the God of War Order space.

He didn't expect that he would get such a huge harvest just after entering the canyon.

It turns out that Qin Chuan is still worried about the future cultivation of water energy.

Now that his water energy has reached the third level, the Ju Yuan Dan is no longer useful to him, and the Shui Yuan Dan is also much less useful to him. It can almost be said to be a drop in the bucket and not very useful.

Therefore, it seems that he can no longer rely on pills to take shortcuts in his future water energy cultivation.

However, now that he has this 300-year-old water ganoderma, it can greatly speed up the progress of his water energy.

The effectiveness of this Water Ganoderma is definitely not comparable to that of Shui Yuan Dan.

Refining this water ganoderma can greatly improve his water energy and save me a lot of practice time.

It's a pity that this one is the only one. If there are two such water lingzhi, he will be able to cultivate his water energy to the peak of the third level in one fell swoop. As for the third level of Dzogchen, there is no need to think about it.

The training of a warrior becomes more difficult the further you go.

Even with genius qualifications, it would take two or three years to reach the peak of the third level from the third level, and it would take about ten years to reach the fourth level.

As for the cultivation after the fourth level, the cultivation methods are different.

At that time, most of the elixirs, spiritual herbs and fruits in the world were no longer very helpful in improving the cultivation level of warriors above the fourth level.

Because they have different ways of improving their cultivation.

After picking *Ganoderma lucidum*, Qin Chuan was in a good mood and continued to look for the body of Master Chen Xiang.

Regardless of whether he could get something from Chen Xiangzhu's corpse this time, getting the water lingzhi was already the biggest gain for him, and his trip to Juelong Pond was not in vain.

However, the further Qin Chuan walked into the valley, the more he felt something was wrong.

As for what was wrong, he couldn't figure it out for a while.

"eccentric! Why do I feel so weird here!"

Qin Chuan couldn't help but feel a little wary. Suddenly, an idea flashed in his mind, and he seemed to have thought of why the valley was so weird. It turned out that although the valley was full of flowers and the scenery was pleasant, it was too quiet in the valley. It was so quiet. It's a bit scary. It's so quiet that you can only hear the sound of the wind.

What's even weirder is that except for flowers and plants in this valley, Qinchuan didn't see a single animal, not even a butterfly or a small insect..

It seems that something is not normal here! He has to be careful!

Qin Chuan was secretly surprised and became more solemn.

Since this place is marked as a forbidden area, it naturally has its scary places.

Although Qin Chuan has not yet discovered what is happening here. Is there any danger, but judging from the current situation, there is something abnormal in this valley.

After walking a few kilometers into the valley, Qin Chuan smelled the strong smell of blood.

He quickly looked in the direction of the smell of blood, and it didn't take long for him to find it. Chen Xiangzhu's body was found lying in front of him. He had obviously been dead for a long time.

It is estimated that Chen Xiangzhu never imagined that he was a dignified fourth-level master, but he would die in the hands of Qin Chuan in the end.

A hundred meters behind Chen Xiangzhu's body There is a clear pool of water, the surface of the pool is as calm as water, and the gentle breeze is blowing, causing gentle ripples.

This pool is the Juelong Pool that makes people change their minds.

Qin Chuan walked to the body of Chen Xiangzhu and searched for it. After a while

, he received more than a dozen golden tickets from Master Chen Xiang, two century-old Rehmannia glutinosa plants, and a martial arts jade tablet.

"This Master Chen Xiang is really rich! He actually had more than 130,000 gold tickets on him!"

Qin Chuan put away the golden ticket and the hundred-year-old earth essence with satisfaction.

Then he picked up the martial arts jade plaque and looked at it. When he saw the martial arts name engraved on the martial arts jade plaque, a look of ecstasy appeared on his face.

It turns out that this martial arts jade tablet records the superior martial arts: Ice Dragon Roar...

Chapter 1792

The power of superior martial arts is much greater than that of intermediate martial arts.

However, most superior martial arts require understanding of the secrets, which means that only warriors of level five or above can learn them.

There are only a few superior martial arts that do not require understanding of the secrets, but they can only be learned after reaching the fourth level.

Even so, not every fourth-level warrior can master martial arts. Only a very small number of fourth-level warriors can master martial arts.

And fourth-level warriors who have mastered superior martial arts are naturally much stronger than warriors of the same level.

Qin Chuan happily put away the martial arts jade token. He had seen the power of the ice dragon's roar before.

Even if a fourth-level warrior is hit from the front, he will either die or be injured.

Although he can't learn the ice dragon's roar now, he can keep it until his water energy breaks through to the fourth level before learning.

Just when Qin Chuan was feeling happy and having gained something, a sudden change occurred in the water pool not far away.

I saw countless bubbles suddenly appearing on the originally calm surface of the pool, as if something was rising rapidly.

As soon as he saw this scene, Qin Chuan's expression changed drastically and he wanted to turn around and leave.

But the next scene made him stunned. He was stunned on the spot, with a look of extreme horror in his eyes.

I saw an old man with gray hair emerging from the pool in front of him. He showed a row of white teeth and looked at Qin Chuan with a sneer. That smile was very charming.

Seeing the old man's smile, Qin Chuan was almost scared out of his wits.

Because this old man is none other than the senior in the treasure cave

"This...how is this possible?

He had clearly seen the senior's body turn into a handful of dust, so how could he appear here again?"

Just when Qin Chuan was extremely horrified, the scene that happened next made him even more stunned.

The old man began to wave to him slowly, and his cold eyes turned into a psychedelic color.

Qin Chuan Seeing the old man's psychedelic eyes, his brain suddenly became dizzy, and there was a hint of confusion in his eyes.

At this moment, he felt a voice ringing in his ears.

The voice kept saying to him:"Hurry up and get there! Come quickly!"

Hearing this voice, Qin Chuan walked forward in confusion, approaching the water pool step by step.

Sixty meters, fifty meters, forty meters...

In the blink of an eye, Qin Chuan was less than forty meters away from the water pool. meters distance

"wrong!"

At this moment, Qin Chuan suddenly became alert, his eyes suddenly became clear, and his whole body broke out in a cold sweat. Without even thinking about it, he turned around and ran away.

If his power of thought hadn't materialized, his willpower would have been far beyond that of ordinary people. , even stronger than a fifth-level warrior, it was impossible for him to wake up from the old man's confusion so quickly.

At the same time, he was also frightened in his heart.

Because he knew that the old man definitely had no good intentions, otherwise, he would not deliberately confuse him. mind.

The old man was stunned when he saw Qin Chuan suddenly regaining consciousness, then turned around and ran away.

He didn't expect Qin Chuan to be able to get rid of his confusion.

"Boy, are you going to leave like this? Are you leaving like this? Why don't you come and stay with me? Why don't you come and stay with me?"

The voice of the old man calling came from behind, but Qin Chuan ignored it at all and just kept running.

"Boy, are you so ungrateful? You took my treasure, can't you stay with me?"

"Boy, can't you stay with me?"

Seeing that Qin Chuan ignored him, the old man finally showed his ferocious face and let out a strange laugh.

"chatter! chatter! Little one, now that you're here, don't leave!"

The old man's arm stretched strangely and infinitely, and he grabbed Qin Chuan's head with one hand.

In the blink of an eye, the hand stretched hundreds of meters, and was behind Qin Chuan in a moment.

Qin Chuan heard something behind him. There was a sound of wind, and when he looked back, he found that the old man's arm had turned into a withered hand hundreds of meters long, clawing hard at the top of his head like a ghost's claw.

Qin Chuan was suddenly frightened, and was shocked...

Chapter 1794

Now, only half a year has passed, and Qin Chuan's comprehensive strength has reached the fourth level. Such progress is absolutely shocking.

But even so, Qin Chuan was still very worried about returning to the Zhou family. He was worried about the Monkey King.

The existence of the Monkey King has always been a major worry for him.

With the strength of the fifth level Monkey King, he had no chance of winning.

However, he expected that the Monkey King would not dare to deal with him openly, so he still had room to maneuver.

Another hidden danger is that there are fewer people on Thursday

"snort! Mr. Zhou, let me see how long you can keep jumping around. This time I go back and I will definitely kill you!"

The hatred for Young Master Zhou has always been buried deep in Qin Chuan's heart.

He, Qin Chuan, is not a vicious person, but he is not a kind person either.

Young Master Zhou has repeatedly killed him, which has already violated the bottom line in his heart..

I haven't seen Shenyan City for more than half a year. I don't know if there have been any changes."

Suddenly, Qin Chuan felt a wanderer's homesickness in his heart. This feeling was inexplicable.

People always like to miss the first memories.

Some memories can never be erased in a lifetime

One night ten days later.

On the pipeline leading from Tianshui City to Shenyang City, a caravan of more than a hundred people was slowly moving towards Shenyang City.

Soon, the caravan arrived at a plain area. At this moment, the sun was setting in the west, the sky was getting late, and the twilight was getting darker in the sky.

The caravan is still dozens of miles away from the nearest town. It is impossible to arrive before dark.

"Everyone, stop it! Park all the carriages on the roadside, camp here tonight, and set off at dawn tomorrow!"

The guard commander responsible for the safety of the caravan gave the order to camp on the spot.

Everyone formed a circle and set up camp in an open area on the roadside.

After setting up the camp, some people set up a bonfire and some started to make a fire for cooking.

There were also groups of people sitting together and chatting.

From time to time, people's laughter could be heard in the camp. There were also people with children in the caravan, and those children ran around and played in the camp.

Under the sunset, the camp was filled with people. Warmth.

In a corner of the camp, a long-haired young man who looked to be fourteen or fifteen years old and carrying two swords was meditating silently by himself next to a tent.

This young man joined the caravan as an ordinary guard. Qin Chuan, who rushed back to Shenyang City with the team.

Now, Qin Chuan used the breathing technique to hide his energy of water, wood, and fire, making him look like just a first-level intermediate peak warrior.

At this time, from the tent, Another tall boy of seventeen or eighteen years old came out. He yawned and walked to sit next to the long-haired boy.

"Wang Yue, I said you are so hardworking! Every time I see you, you are meditating and practicing. It seems that apart from practicing, I have never seen you playing or resting. Are you still a human being? I really doubt that your kid is made of iron, he can endure hardships so much."

"My earth element qualifications are only moderate. If I don't practice diligently, I don't know when I will reach the first level of advanced cultivation!"

Qin Chuan sighed.

The tall boy curled his lips and didn't believe it.

"Wang Yue, stop joking with me. Are your qualifications average? Go ahead and cheat! I think you are only fourteen or fifteen years old"

"If you have medium qualifications, it is impossible for you to have such a cultivation level. I think your qualifications are at least above the upper level. It is very possible to say that you are a genius."

Qin Chuan smiled slightly and did not answer.

The tall boy continued: "Your current cultivation level is already at the peak of the first-level intermediate level. I think you will definitely be able to break through to the first-level advanced level before you are sixteen."

"Look at me, I only have intermediate qualifications. I only broke through to the first level of advanced level this year, but I am already eighteen years old this year. This shows that your qualifications are better than mine. Even if you are not a genius, you are at least a superior qualification."

Hearing this, Qin Chuan smiled bitterly in his heart..

Chapter 1795

His earth energy was able to achieve such an achievement after eating more than 400 spiritual gourd fruits, a century-old *Rehmannia glutinosa* plant, and a awakening pill.

The more than 400 spirit gourd fruits alone are worth more than 200,000 gold coins.

In other words, with the qualifications of Qinchuan Earth Yuanqi, it took nearly 300 yuan to achieve such an achievement in such a short period of time. The price is ten thousand gold coins.

No one is willing to invest so much money on a first-level warrior, even if it is spent on a second-level warrior.

And it was his chance and luck that Qin Chuan was able to eat so many spiritual fruits and elixirs.

Sometimes, chance and luck are also a kind of strength.

Of course, Qin Chuan's achievement was not only due to chance and luck, but also inseparable from his hard work.

At this time, the tall boy thought for a while and said

"Wang Yue, it is indeed impossible to say that you are a genius. I see that you work so hard and spend almost several times as much time as me on cultivation every day. It is not an exaggeration to think that your cultivation progress is faster than mine."

"However, if you say you have intermediate qualifications, I won't believe you even to death."

Qin Chuan smiled slightly, as if he didn't want to continue to struggle with this issue.

"Brother Zhao, will you be on night duty with me again tonight?"

"yes!"

The tall boy yawned again.

"You kid is simply a monster. Last night you and I worked hard all night, and you just sat there all night."

"I didn't see you sleeping in the carriage during the day, I just saw you still meditating. Now, when I get up to see you, you are still meditating"

"You see, I sleep much more than you do, but I still yawn all the time, but you don't look sleepy at all. I really admire you. I don't know why you are so energetic? Are you born without the need to sleep?"

It turns out that after Qin Chuan joined the caravan, he chose to do night duty in order to have more time to practice.

Because the guards on night duty would arrange special carriages for them to sleep during the day.

Qin Chuan took advantage of this opportunity. , he can continue practicing in the carriage during the day, and he can also practice while on duty at night. In this way, except for sleeping for a short hour a day, he still practices crazily day and night.

In Qin Chuan's life, since he After he started practicing martial arts, he has been racing against time.

Although he practiced like crazy, in the past ten days, except for a slight improvement in the vitality of the water and wood systems, Qin Chuan's vitality of the fire and earth systems have stalled because Both systems of vitality have now reached their bottlenecks.

In the past ten days, Qin Chuan focused on the breakthrough of earthy vitality. He wanted to break through the bottleneck in one fell swoop and raise the cultivation of earthy vitality to the first level.

But for dozens of consecutive He failed every time he tried to pass the test.

Considering his low-level earth qualifications, it is not that easy to break through this bottleneck.

"Brother Zhao, we are camping in this plain tonight. If we encounter horse thieves who rob the camp, it will be a big disadvantage!"

Qin Chuan looked at the terrain around him and raised his concerns.

The tall boy said indifferently

"You don't have to worry about this. With Brother Ye Chen sitting in our caravan, do those horse thieves dare to come?"

"Even if they were invited, they would not dare to come. Don't underestimate these horse thieves. They are very smart and have their own spies."

"They all knew when the caravan set off and how many experts there were in it. Brother Ye was in charge of our caravan. They couldn't even hide. How dare they come here?"

"makes sense!"

Qin Chuan nodded in approval.

Ye Chen was not the guard commander in charge of this caravan, nor was he a guard. He just went to Shenyang City with this caravan, but he was treated as a guest of honor by the caravan boss and the guard commander, being respectful along the way..

Chapter 1796

Qin Chuan also joined the caravan because he learned that Ye Chen was in it.

In fact, all this is because Ye Chen has a special identity.

This identity is that he is the number one master among the top ten young masters in Tianshui City.

Regarding the selection of the top ten masters of the younger generation, people must be under the age of thirty. People over the age of thirty are not included in the category of the younger generation.

As far as Qin Chuan knew, Ye Chen was a fourth-level earth element warrior, but he was only twenty-two years old.

After more than ten days of observation, Qin Chuan found that Ye Chen was very kind and cheerful, and did not have the arrogance of those children from big families in dealing with others. This made Qin Chuan have a good impression of him.

A team with level 4 warriors would naturally not be afraid of those horse thieves.

Those horse thieves don't have very high cultivation levels. It's rare to be able to reach the third level. Real masters don't bother to be horse thieves.

While Qin Chuan was chatting with the tall boy, another guard came and asked them to come over for dinner.

Someone is responsible for the caravan's dinner.

After dinner, the people in the camp were noisy for a while before they went into the tents one by one and fell asleep.

As a guard on night duty, Qin Chuan naturally had to guard outside the camp.

In the summer night sky, there are many stars in the sky, and occasionally you can see a shooting star streaking down the sky.

At this time, it was already dead of night, and the surroundings were silent. Only gentle snoring could be heard from the tent, and occasionally a few murmurs in sleep could be heard.

The bonfires in the camp have long since been extinguished, leaving only unburned coals, shining with a few sparks in the dark night.

Qin Chuan was still standing outside the camp as usual, meditating silently.

Suddenly, he heard slight footsteps not far behind him.

Qin Chuan immediately opened his eyes and looked back.

But under the moonlight, he saw a young man in his twenties walking towards him with a smile.

This young man is none other than Ye Chen, the number one master among the younger generation in Tianshui City.

"Your name is Wang Yue?"

Ye Chen came to Qin Chuan and sat down with a smile.

"Um!"

"Wang Yue, actually I have been paying attention to you for a long time."

Qin Chuan looked at him in surprise.

As if he could see the doubts in Qin Chuan's heart, Ye Chen smiled and said

"I pay attention to you because I see my shadow in you."

Hearing this, Qin Chuan became even more puzzled. Ye

Chen added:"I heard that your soil qualifications are average. They don't believe it, but I do.""

"Why? Qin

Chuan asked curiously.

Ye Chen smiled slightly:"You may not believe it, but in fact my qualifications are only average.""

Hearing this, Qin Chuan was shocked and unbelievable.

Because Ye Chen is only twenty-two years old, but he is already a fourth-level warrior. To achieve such an achievement at such an age, even if it is a genius, it is It's quite difficult.

But Ye Chen in front of him said that he has medium qualifications. How could this not shock Qin Chuan?

"how? Are you shocked? In fact, everyone who knows that my qualifications are only moderate are also shocked."

"I am able to achieve what I am today because of my own opportunities, but more importantly, I work hard in cultivation. I've seen this in you too. I discovered that we are actually the same kind of people, the kind of people who can do their best for cultivation."

Hearing this, Qin Chuan seemed to understand why Ye Chen suddenly came to look for him.

Thinking about it, it was Ye Chen who saw him practicing so hard, as if he saw his own shadow. Suddenly, he felt like he had met a confidant. a feeling of..

Chapter 1797

"do you know? At the beginning, my aptitude was tested and found to be only average, but my good friend who I had been playing with since childhood was tested to have genius aptitude. Since then, he has changed and started to deliberately alienate me, even look down on me and ridicule me."

"Until one day, he humiliated me in front of many people and broke off our friendship with me, saying that I was not qualified to be his friend."

Speaking of this, Ye Chen looked a little excited.

"It was also from that time on that I swore. So what if he is a genius? I must work hard to surpass him. One day, I will defeat him with my own hands and make him regret it!"

Ye Chen slowly raised his head and looked up at the starry sky, with a trace of determination and a trace of pain in his eyes.

"Brother Ye, have you defeated him?"

"No! He was later accepted as a closed disciple by an eighth-level warrior and went to Liantian City. I haven't seen him since. However, one day, I will go to Liantian City to find him."

Liantian City is also one of the top ten cities in Dagon Kingdom, but it is the top three cities.

Qin Chuan was silent, he seemed to understand Ye Chen's mood.

A person who he considered to be his brother ended up looking down on him, even No one will feel better if you abandon yourself. Maybe there is something hidden in it.

"Wang Yue, where are you from?"Ye Chen suddenly asked

"I was born in Shenyang City."

Actually, Qin Chuan doesn't know where he is from, because he doesn't know his life experience or where his family comes from.

"It turns out you are from Shenyang City"

"Um! Brother Ye, why did you go to our Shenyang City this time?"

"I went to Shenyang City this time to challenge someone"

"Brother Ye, who are you going to challenge? Qin

Chuan couldn't help but asked curiously

"He is the number one master of the younger generation in Shenyan City, Nan Feng, a descendant of the Nan family who is known as the number one genius in Shenyan City."

"It turns out that Brother Ye wants to challenge him. I heard that Nanfeng is already a fourth-level fire warrior."

Qin Chuan has also heard a little bit about this Nanfeng. After all, the other party is a famous figure among the younger generation of Shenyan City. He wonders if it is difficult.

"good! Nanfeng is indeed a fourth-level warrior. He is ranked 37th on the Rookie Ranking of Dagon Kingdom. My ranking is 38th. As long as I can beat him, I can take his place in the rankings"

"Rookie list? what is that?"

Ye Chen smiled and said:"This rookie list is the ranking of the strength of the younger generation of warriors in the entire Dagon Kingdom. In other words, if you want to enter this list, you must be a warrior under the age of thirty."

"Moreover, this rookie list only includes the top 100 warriors. However, all young warriors who can enter the rookie list are all outstanding among their peers."

Hearing this, Qin Chuan also felt excited. He didn't expect that Dagon Country would have such a list.

After all, young people always have a competitive spirit, and even Qin Chuan was no exception.

Suddenly, Qin Chuan Thought of a question

"Brother Ye, you are the number one master among the younger generation in Tianshui City. Nanfeng is the number one master among the younger generation in Shenyang City. Why aren't you both ranked very high?"

Ye Chen smiled bitterly.

"Wang Yue, don't underestimate others. I think there are billions of people in our majestic Dagon country. Among them, there are many capable people and many strangers. There are also many who can be called geniuses."

"Don't look at it. Tianshui City and Shenyang City are both among the top ten cities. But most of the experts are concentrated in the top three cities."

"I see! It seems that if you want to see more masters, you can only go to the top three cities. Brother Ye, isn't your friend in Liantian City? Those are the top three big cities."

"Yes!"

"By the way, Brother Ye, you should know Feng Qingyan, right? I heard that she is one of the top ten masters in Tianshui City. I wonder where she ranks among the top ten masters in Tianshui City?"

Qin Chuan inquired tentatively...

Chapter 1798

"I didn't expect you'd heard of her too! She is very strong and ranks third among the top ten masters in Tianshui City."

"Oh, I wonder what her ranking is on the rookie list of Dagon Country?"

"Ranked eighty-seven!"

"oh!"

Qin Chuan responded lightly.

He didn't expect that Feng Qingyan's ranking was so low. It seems that Dagon Country is really full of talents!

With his current strength, he is not the opponent of Brother Ye, but he is stronger than Feng Qingyan. It seems that he is in His ranking in the rookie list should also be relatively low.

"By the way, Brother Ye, I heard that Feng Qingyan is the eldest lady of the Four Kills Alliance. Are the Four Killers Alliance strong in Tianshui City?"

Qin Chuan tried to inquire again. He had many doubts about the Four Kills Alliance.

"This Four Killing Alliance is also a force that has suddenly emerged in Tianshui City in recent years. It usually behaves mysteriously. As for how strong it is, no one knows, but it is definitely not comparable to those small forces."

Hearing this, Qin Chuan was secretly shocked.

"It seems that this four-kill alliance is not as simple as it seems! It just made him curious, why did Sister Yuyao and Feng Qingyan look so similar? Is there any relationship between them?"

But at this moment, Ye Chen suddenly asked:"Wang Yue, why do you ask this?"

"Ha ha!! I'm just curious. By the way, Brother Ye, how did you collect the rankings on the rookie list?"

Qin Chuan laughed and changed the topic.

"In fact, the ranking of this rookie list is not necessarily absolutely accurate."

"There are also some young warriors who are strong enough to enter the rookie list. They have been cultivating in secret and have never shown their true strength in front of the world, so no one knows their existence. And these people were not included in the list."

"However, it is only a matter of time before these people enter the list. Because they are dragons, they will soar. One day, they will appear in front of the world with dazzling light."

Hearing this, Qin Chuan felt something in his heart. With his current strength, he can definitely enter the rookie list, but few people in the world know that.

"do you know? In fact, I have always had a wish in my heart, that is, to enter the Qianlong Ranking before I turn thirty."

"Hidden Dragon List? Brother Ye, what's going on with this Qianlong List?"

"In fact, this Hidden Dragon List is the same as the Rookie List. It is a ranking list of young warriors. The age included is also under thirty years old. It also only includes one hundred. But the rookie list is only a ranking of young warriors from the Dagon Kingdom. The Qianlong Ranking is the ranking of young warriors in the entire Tianfeng Continent."

"Although our Dagon Kingdom is the largest hegemon in the east, it is nothing in the entire Tianfeng Continent. You must know that there are dozens of countries in Tianfeng Continent, and there are four or five countries that are as powerful as Dagon Country. Counting this together, there are even more geniuses in this world."

Hearing this, Qin Chuan was secretly speechless.

"Brother Ye, what kind of strength does it take to enter the Hidden Dragon Ranking?"

"According to the usual analysis of strength, one must have at least the strength of the fourth level of Dzogchen Peak to be able to enter the Hidden Dragon Ranking. With such strength, in our Dagon country, we can compete for the tenth position on the rookie list."

The strength of a fourth-level warrior has a lot to do with his understanding of the natal characteristics of the elements. The deeper his understanding of the elemental characteristics, the stronger the five-element attribute damage he can exert.

Moreover, the five elements of the fourth-level warriors are in conflict with each other. , the experience becomes more and more obvious in the battle.

Therefore, it is very complicated to judge the strength of the fourth-level warriors, and the evaluation cannot be as specific as before.

Similarly, the battle between the fourth-level warriors is also It is full of many variables.

Although it is difficult to evaluate the combat power of fourth-level warriors, one thing is certain. The combat power of fourth-level Dzogchen warriors is more than twice that of fourth-level warriors. The further the warrior's combat power goes, the higher the level. It increases by geometric multiples, and the comparison is no longer as simple as adding up.

With Qin Chuan's current strength, it is difficult to fight against the fourth-order warriors, let alone the fourth-order Dzogchen warriors.

It seems that he wants to enter Qianlong list is very difficult!..

Chapter 1799

Then again, there are hundreds of millions of people in Tianfeng Continent, and there are probably more than a billion warriors under the age of thirty. It is indeed not that easy to stand out among these billions of people and enter the top 100.

In fact, he doesn't need to be so anxious. I'm only thirteen years old, so it won't be too difficult to get into this Qianlong list.

But his goal is not just that, he also wants to sit at the top of the Qianlong list. I wonder what that feels like?

Thinking of this, Qin Chuan asked:"Brother Ye, do you know what kind of strength the person who ranks first on the Hidden Dragon List now has?"

Ye Chen shook his head and said,"I don't know this either. But as far as I know, our big brother The one ranked first on the rookie list of the Gen Country is a fifth-level Dzogchen warrior, and he seems to be ranked ninth in the Qianlong List."

Hearing this, Qin Chuan was shocked. A fifth-level Dzogchen warrior was in Qianlong. The Dragon Ranking is only ranked ninth, so what kind of strength does it mean to be ranked first?

Seemingly seeing the surprise in Qin Chuan's heart, Ye Chen said again

"Anyone who can sit at the top of the Hidden Dragon List is a genius among geniuses."

"And the achievements of these people in martial arts in the future are also very amazing. For thousands of years, everyone who can sit at the top of the Qianlong Ranking has finally become an eighth-level warrior, and a very small number of them have become a ninth-level warrior."

"Ninth level warrior! That is a god-like existence, and maybe I will never have a chance with it in this life!"

Speaking of this, Ye Chen shook his head and sighed.

Qin Chuan on the side was silent, but the look in his eyes was more determined.

A ninth-level warrior?

One day, he will reach such a height.

Qin Chuan's eyes looked at Looking towards the distant starry sky, my heart becomes more determined

"Wang Yue, it's so late, I should go back to sleep. I had a great time chatting with you this time"

"Brother Ye, me too!"

"Um! come on! I believe that as long as you are willing to work hard, you can become a strong person"

"By the way, I see that your earth energy has reached the peak of the first-level intermediate level. I have a bottle of Earth Accumulating Pill here, which can increase the chance of an earth warrior breaking through the first-level advanced bottleneck, but it can only increase the chance of breakthrough by 3%."

"I got this by chance a long time ago. It is of no use to me now. Take it. Maybe it can help you break through to the first level."

"Thank you, Brother Ye!"

Qin Chuan took the bottle of Yun Tu Dan in surprise.

Qin Chuan had heard about the effects of Yun Tu Dan for a long time, and he also wanted to go to the market to buy it.

However, he visited all the markets in Tianshui City and found that He didn't find any for sale.

As for Shenyang City, he had never seen anyone selling it before.

This was mainly because Yuntu Danna increased the chance of breakthrough by 3%, and the effect was very limited, so the selling price was very low, but refining this However , the cost of Yuntu Dan is very high.

Therefore, no alchemist is willing to refine this useless elixir, which results in the fact that it is not sold in the market.

Ye Chen has Yuntu Dan in his hand, which makes Qin Chuan a little bit Unexpected.

It seems that Brother Ye is indeed a person with a great chance. Otherwise, with his qualifications, he would not have reached the level of a fourth-level warrior at such an age. After

Ye Chen left, Qin Chuan opened the Medicine bottle.

After counting, there were thirteen Yuntu Pills in it.

At that moment, Qin Chuan took one Yuntu Pill and tried to break through the bottleneck.

Unfortunately, it failed in the end, and he still could not break through the bottleneck.

Here we are. Early the next morning, the caravan set off and continued towards Shenyang City.

At this time, there were still seven or eight days to go before Shenyang City.

In the remaining seven or eight days, Qin Chuan still wanted to practice hard as usual. He would take Yuntu Pills every day to break through the bottleneck of earth energy.

When he was only one day away from Shenyang City.

Perhaps it was Qin Chuan's character that exploded, but he was lucky enough to have only two Yuntu Pills left. Breaking through the bottleneck and raising the earth energy cultivation level to the first level..

Chapter 1800

The breakthrough of earth energy made Qin Chuan ecstatic.

Now, Qin Chuan's comprehensive combat power after transformation is one step closer to that of a fourth-level warrior.

In the carriage, the tall boy who often worked the night shift with Qin Chuan looked at Qin Chuan in great surprise.

"Wang Yue, you have broken through to the first level so quickly! I originally thought you would need at least a year and a half, but I didn't expect you to break through so quickly."

The tall boy looked at Qin Chuan and sighed in admiration.

Qin Chuan smiled faintly: "Brother Ma, I'm just lucky."

"lucky? Why! Why am I not so lucky? It's so irritating that people are so different from each other!"

Qin Chuan shook his head slightly, smiled and remained silent.

Another day later, the caravan arrived at Shenyang City, and Qin Chuan said goodbye to Ye Chen and others.

"Wang Yue, I hope that when I see you next time, you will already be a second-level warrior. I hope you won't disappoint me"

"Brother Ye, I won't let you down."

After saying goodbye to Ye Chen, Qin Chuan rushed directly to the Zhou family's preparatory guard camp.

It has been more than seven months since he left the Zhou family, and he doesn't know how many changes have taken place in the Zhou family.

The Zhou family prepares a guard camp.

The residence of the deputy chief instructor.

In the hall, the deputy chief instructor was sitting on a chair. He always had a cold expression, but there was a hint of exhaustion in his eyes.

And Deacon Qin next to him looked even more haggard.

"Brother, more than four months have passed beyond the mission deadline. Why hasn't Qin Chuan come back yet?"

The deputy chief instructor also shook his head slightly with a sad look on his face.

"I don't know either. My father sent a message saying that Qin Chuan left him five months ago. Something must have happened in the meantime, otherwise he wouldn't have come back yet."

"What happened to delay Qin Chuan for so long? Nothing will happen to him, right? The deputy chief instructor shook his head slightly: "I planted an initiation spell on him. If something happens to Qin Chuan, I will feel it." Currently, I sense that he is still alive."

Hearing this, Deacon Qin breathed a sigh of relief.

"Just be fine!"

Actually, the deputy chief instructor did not say that during this period he sensed that Qin Chuan was almost dead, but he did not want to say it because he was afraid that Deacon Qin would be worried.

Just when the two of them were worried about Qin Chuan, the deputy chief instructor's expression suddenly changed. Moved slightly and whispered

"Someone is here, a third-level warrior"

"It seems that the instructor from the preliminary guard camp has come to find you!"

"Well, Ah Sheng, please avoid it for a while!"

Deacon Qin nodded slightly and entered the back of the hall.

After a while, there was a sound of footsteps outside the hall, and a long-haired young man with two swords on his back walked in.

Naturally, this young man was Qin Chuan who rushed back to the reserve guard camp. As soon as

Qin Chuan returned to the camp, he came to the deputy chief instructor's residence to submit the task

"It's you!"

The deputy chief instructor looked at Qin Chuan in surprise, and stood up from his seat in excitement, his fingers trembling slightly with excitement.

"The boy has met the deputy chief instructor!"

Qin Chuan bowed respectfully to the deputy chief instructor.

Looking at Qin Chuan in front of him, the deputy chief instructor's excitement gradually calmed down and turned into anger.

"Brat, you still know how to come back? What on earth have you been doing? Why did it take more than four months to come back? Qin

Chuan knew he was in the wrong and said in a low voice: "The kid was hunted down and was trapped in a valley for more than three months before he got out. That's why it took so long." Regarding this mission, it was the boy who failed, and the deputy chief instructor was asked to punish him!"

Hearing this, the deputy chief instructor's expression softened and he began to look at the changes in Qin Chuan.

After this inspection, the deputy chief instructor's eyes widened in surprise..
