

## God level 1811

### Chapter 1811

Hearing this, Qin Chuan also felt very amazing. He did not expect that such a mysterious place and such a legend existed in this world.

"The biggest secret hidden in the world? So what exactly is it?"

Qin Chuan couldn't help but be curious.

"Tianqi, there are many mysteries and rules in this world. However, we cannot figure out all this. The most important thing for us now is to regain the Blue Dragon Pearl from the Zhou family."

"Dad, I understand. After I returned, I reported to the instructor that my fire cultivation had reached the second level, and then I became a formal guard and entered the Zhou family's guard camp. I practiced hard in the next year, broke through to the third level, and became the Zhou family's blood guard. Zhou family forbidden area"

"good! then you go!"

"Dad, uncle, Qi resigned that day."

Qin Chuan was about to turn around and leave, but was stopped by Qing Yunfeng.

"Tianqi, you have to remember that you are a descendant of our Qing family"

"Our Qing family is the head of the five powerful clans of the ancient blood successor family and the Qinglong royal family. Our Qing family has the dignity and pride of our Qing family. No matter where or where you are in the future, never forget your identity and pride"

"However, you now bear the great honor of your family. Before you won the Azure Dragon Pearl, you were still the Qin Chuan you were before, not the Qing Tian Qi you are today."

When he heard this, Qin Chuan's expression changed, and he immediately responded: "What the deputy chief instructor taught you, the boy understands!"

"Okay, as long as you understand. There is one more thing you have to handle. The grudge between you and Master Zhou must be dealt with cleanly. It doesn't matter what method you use, but there is one thing you must keep in mind. Don't affect our ability to win Qing Dynasty. Dragon Ball's big plan."

Hearing this, Qin Chuan's heart trembled and he looked solemn.

"The deputy chief instructor can rest assured that the boy will definitely handle this matter. By the way, Deputy Chief Instructor, my subordinates have one more thing to tell you? I wonder if this will have any impact on our plans?"

"oh? whats the matter?"

At that moment, Qin Chuan expressed his suspicions about Luo Chuan.

Qing Yunfeng pondered for a while and said: "About Luo Chuan, your uncle and I will investigate secretly. In my estimation, the forces behind him will have no influence on you. He has no good intentions, and he also has no good intentions towards the Zhou family. Maybe we can take advantage of it."

"However, you don't have to worry about this matter. Your goal now is to practice hard and break through the fire energy to the third level as soon as possible."

"yes! Deputy Chief Instructor, I got it."

"good! then you go!"

Then, Qin Chuan resigned to Qing Yun Feng and Qing Yunsheng.

After Qin Chuan left, Qing Yun Feng frowned and was silent.

"Brother, what are you thinking about?"

"Ah Sheng, after listening to what Tian Qi just said, I am certain that the ninth-level master hidden in Shenyang City was one of the murderers who destroyed our five races."

"Brother, are you worried that he will hinder our plan to snatch the Blue Dragon Pearl?"

"Yes, it would be a lie to say that I am not worried. I hope he won't take action by then, otherwise all our plans will fail, and I'm afraid even the whole clan will have to pay for it."

"Brother, do we still want to carry out the robbery plan?"

"want! Of course the plan must be carried out! This is the only chance our Qing family has. If we miss this opportunity, our Qing family will never have a chance to turn around, let alone take revenge."

After hearing this, Qing Yunsheng fell silent. He understood what his brother meant.

This time, it was because of Qin Chuan's existence that they could arrange for people to lurk into the Zhou family's forbidden area. Otherwise, with the talents of the Qing family's children in the fire element, It is impossible to cultivate to the third level before the age of thirty.

"Why! Ah Sheng, this time is a gamble, and the bet is on the Zhou family's weight in their hearts. If the Zhou family is important to them, the ninth-level master will probably take action."

"Brother, I don't think they take the Zhou family seriously. Back then, the ancestor of the Zhou family was just Xiaoxiao who helped them administer poison. If he really valued it, Long Xing would not let the four families occupy only one big city."

"There is some truth in what you said, I hope so!"...

Chapter 1812

However, after Qin Chuan left Qing Yunfeng's residence, he rushed directly to the seventh group of camps.

"I haven't seen my brothers for more than seven months, and I don't know how they are doing now?"

Thinking of this, Qin Chuan suddenly missed everyone in his heart.

After all, people will have some feelings after getting along for a long time.

Seven groups of camps, in the martial arts performance hall

"Qin Chuan, you are finally back!"

As soon as the instructors of the seventh group saw Qin Chuan, they looked surprised.

"The subordinate has seen the instructor."

Qin Chuan saluted the instructor respectfully.

Although the instructor in front of him was only a third-level warrior and was no longer as strong as him, he respected the instructor in his heart. He has always been grateful to the instructor for taking care of him silently.

"Ha ha!! Just come back! I have been worried about you. Why have you still not come back after more than four months of this three-month mission? I thought something had happened to you. But now it seems that you are doing well and you have grown a lot taller!"

The instructor was also very happy to see Qin Chuan back.

Qin Chuan could see that the instructor really cared about him, and he felt inexplicably warm in his heart.

"My subordinates are ashamed that this mission failed to be completed and some delays were encountered in the process, which is why it has been delayed for so long."

"Well, you don't have to worry too much. Even if the mission fails, it's good that you can come back safely. I'll go with you to meet the deputy chief instructor later and ask him to give you a lighter punishment for your failure in this mission."

After hearing this, Qin Chuan said gratefully

"Thank you instructor for taking care of me. The subordinate has already reported the mission to the deputy chief instructor. The deputy chief instructor is kind-hearted and considers the difficulties of his subordinates without punishing them."

"Ha ha!! It would be nice if there was no punishment, hey! your cultivation...."

Only then did the instructor discover that Qin Chuan's cultivation level had increased significantly.

At that moment, he opened his mouth in surprise and praised repeatedly:"Good boy, how long have we not seen you! Your fire energy has advanced to the second level! It's really surprising. Tsk!! Tsk!! Thirteen A 2-year-old second-level warrior, it is not an exaggeration to say that you are a genius!"

"The instructor gave me a reward, it was just a fluke."

"Qin Chuan, you don't have to be modest. You are the most qualified person I have ever seen in all my years of coaching. Now that your fire energy has reached the second level, you can become a formal guard. I will report your advancement to the guard camp. It is estimated that you will be able to report to the guard camp soon."

"Then there will be labor instructors"

"You don't have to be polite to me. You have to remember that after entering the guard camp, you have to be careful about your words and actions. The guard camp is no better than the reserve guard camp"

"There are many masters inside, the hierarchy is strict, there are many factions, and competition for power and profit is common. You have just advanced to the second level. As a newcomer, you must keep a low profile in everything. Don't offend others if you can."

The instructor kindly reminded Qin Chuan

"Thank you for the instructor's teaching. I will remember it."

"Um!"The instructor nodded slightly.

"Another thing you must remember is that people in the guard camp value strength the most. If you meet a guard who is stronger than you and he orders you to do something, just accommodate him. Otherwise, you will only suffer from yourself"

"In the guard camp, conflicts between guards are resolved with fists, regardless of who is right or wrong. Whoever has the bigger fist will be justified."

The instructor was like a kind elder, teaching Qin Chuan carefully.

"Although you are a three-system warrior, I see that your energy of water and wood is still at the first level of high level, and your fire energy has broken through to the second level. I think your overall strength is only the second level of perfection."

"Although the second-level Dzogchen is considered a master among ordinary guards, there are still many people who have reached the second-level Dzogchen in the guard camp, and there are naturally many masters among them. You must not be careless."

Before Qin Chuan came in, he used breath-holding techniques to hide his cultivation. Naturally, the instructor couldn't see his true cultivation..

Chapter 1813

"Okay, I hope you can remember what I said. Just stay at Camp No. 7 for the next few days. It will take a few more days to wait for the notification from above."

"By the way, this year's preliminary guard assessment has ended, and our seventh group has recruited three new people. You, the team leader, haven't shown up yet. I'm afraid you have to solve some things yourself."

Speaking of this, the instructor's tone was a little strange.

"Instructor, my subordinates know."

Although Qin Chuan was surprised, he didn't care.

After bidding farewell to the instructor, Qin Chuan went straight back to his residence. As soon as Qin Chuan returned to the small courtyard where he had been away for a long time, he immediately aroused several shouts of surprise.

"Team leader, look, the team leader is back!"

"He is really the team leader, haha!! The team leader is finally back. Everyone, come out quickly. The team leader is finally back after completing his mission."

In a corner of the yard, several team members who were chatting together gathered around Qin Chuan in surprise.

"Ha ha!! Team leader, where have you been for the past six months? Are you going missing with your brothers?"

"That's right! It made us think something happened to the team leader."

Qin Chuan was very happy to see the team members, and chatted happily with them.

Qin Chuan also asked about some situations that happened in the Zhou family after he left.

From the chat with the team members, Qin Chuan He understood that during this period, Young Master Zhou never came to see him, which surprised him.

Just when everyone was chatting happily, two more figures came outside the crowd.

"Team leader, you are finally back!"

"yes! Team leader, you made us wait so hard! Qin

Chuan looked up and found that the two people were Chen Shen and Peng Yu.

However, what surprised Qin Chuan was that both of them looked bruised and swollen.

"Chen Shen, Peng Yu, what's going on with you? How did you develop such a moral character?"

When Qin Chuan asked this question, both of them turned red and looked embarrassed.

Seeing their looks, Qin Chuan knew that there must be something wrong, so he asked

"What exactly did you discover, and what are you embarrassed to say?"

"Why!"

Chen Shen sighed helplessly.

"It's like this. Among the new reserve guards recruited this year, there is one named Li Hao who ranks first, and his strength has reached the peak of the first-level advanced level."

"Later he was assigned to our seventh group. Not even three days after joining the group, he challenged Peng Yu and I respectively. As a result, Peng Yu and I were no match for him, so he beat us like this."

Speaking of this, both Chen Shen and Peng Yu blushed. It was obvious that they were defeated by a newcomer, and both of them felt a little embarrassed.

"However, what makes people angry is that it doesn't matter if that kid defeated us. It's because our skills are inferior to others, so the position of the first master of the seventh group is given to him."

"But what makes people angry is that that boy is very arrogant. He threatens to challenge you and steal the position of team leader from you. snort! Even with his little strength, he wanted to challenge the team leader. He really had no self-knowledge at all."

After hearing this, Qin Chuan finally understood what was going on and smiled.

"Since he wants to be the team leader, let him be the leader"

"Team leader, how is this possible?"

The surrounding team members all changed their expressions.

"That kid's strength is far inferior to that of the team leader. He is not worthy of being our team leader at all. Our seventh group is the strongest group in the reserve guard battalion. Only you, the leader, can be our leader."

"That is, that boy is not worthy of being our team leader? Qin

Chuan smiled and shook his head. He had cultivated his fire energy to the second level of perfection, and naturally he wanted to enter the Zhou family's guard camp. Naturally, he would not miss the position of leader of the preliminary guard camp, nor would he bother to miss it.

Just when the team members were furious, an rude voice suddenly sounded outside the crowd.

"Boy, are you Qin Chuan, the leader of the seventh team?"..

Chapter 1814

Hearing this rude voice, everyone looked at the visitor angrily.

But I saw three more teenagers in the hospital.

The leader was a boy of seventeen or eighteen years old, with rare green hair and a very wretched appearance. A pair of large nostrils facing the sky revealed a few long black nose hairs. With Qin Chuan's extraordinary eyesight, he actually saw something inside. There are boogers.

Qin Chuan could tell at a glance that the green-haired boy had an advanced level of cultivation.

The person who asked the question before was also the green-haired boy.

The two teenagers beside the green-haired boy were also very unfamiliar to Qin Chuan, having never seen them before. However, the cultivation of these two people was not worth mentioning. They were both quasi-warriors.

However, both of them looked arrogant.

Seeing the three people appearing in front of him, Chen Shen immediately whispered in Qin Chuan's ear

"The team leader, that green-haired, wretched-looking guy, is Li Hao who threatened to challenge you. He claims to be a fifth-level green-haired little monster."

Hearing this, Qin Chuan's mouth couldn't help but twitch. He didn't expect that there would be someone who claimed to be a little green-haired monster.

"The team leader and the two people around him are also new recruits this year. These two people are backed by the little green-haired monster Li Hao, and they are extremely arrogant now."

Qin Chuan nodded slightly. He finally figured out the origin of the other party.

"Boy, I was asking you just now. Are you deaf? Or pretend not to hear?"

Li Hao yelled at Qin Chuan impatiently.

Seeing his attitude, Chen Shen was furious: "Li Hao, you are still a member of the seventh team. What tone did you use to talk to the team leader? Don't you know any manners?"

Li Hao's mouth showed disdain, and he glanced at Qin Chuan with squinting eyes.

"Team leader? cut! This kid is not worthy of being my team leader. I'm pretty much his team leader."

Hearing this, the team members around him were furious and scolded him for being arrogant.

But Li Hao glanced at everyone with disdain.

"cut! Am I arrogant? The position of team leader is earned through strength. This kid, who is only fourteen or fifteen years old, can be so strong."

"I will tell you today that I will decide on the position of team leader. Qin Chuan, I have been looking for you for several days, why don't you come out and accept my challenge?"

At this time, a newcomer next to Li Hao also said arrogantly

"yes! That kid named Qin Chuan, come out and accept the challenge from our Boss Li! I heard that you have been holding the position of team leader for a long time, so it's time to move on."

Hearing this, Chen Shen became even more angry.

"Brat, it's okay for Li to be arrogant. You, a newcomer whose cultivation level is no more than a quasi-martial artist, dare to call the team leader brat. You are too damn arrogant. Are you looking for a beating?"

Li Hao said coldly:"Chen Shen!" You are a defeated subordinate. If you want to beat my subordinates, you must first pass my test!"

"you!....."

Chen Shen was so angry that his face turned red.

"Okay, everyone, stop arguing!"

Qin Chuan finally started to speak, and the scene suddenly became quiet.

"Li Hao, tell me, what do you want to do? Qin Chuan asked calmly

"What don't I want to do? I just want you to accept my challenge. I want to take your position as team leader away from you. Qin

Chuan smiled slightly: "If you want to be the team leader, then I will give this team leader position to you. As for your challenge, I don't want to accept it."

Hearing this, the faces of the team members around him changed drastically and they shouted anxiously

"Team leader, why did you give up your position as team leader to him?"

"Yes, team leader! This guy is no match for you, why don't you accept his challenge."

Qin Chuan smiled and shook his head.

His current fighting power is not at the same level as Li Hao's. It can be said that they are worlds apart. If they really want to fight, he can destroy Li Hao with just a few clicks.

Such a huge gap, It makes him disdain to compete with a first-level high-level peak warrior.

This is a difference in mentality.

With his level of strength, he does not bother to compete with a second-level warrior below.

Just like a It's the same reason that adults don't want to argue with a child about who is stronger...

Chapter 1815

However, others could not know Qin Chuan's state of mind.

He doesn't want to argue with others, but some people think he is afraid to back down.

When Li Hao saw Qin Chuan voluntarily giving up his position as team leader and refusing to accept his challenge, he immediately laughed with disdain.

"hehe! Qin Chuan, they all say how great you are. I believed it a bit before, but now it seems they are just bragging! You didn't even dare to accept my challenge, so you just offered up the position of team leader obediently. It seems that you are afraid, right?"

"Ha ha!! What Boss Li said is that this guy is just scared."

The two freshmen on the side also laughed proudly. They looked at Qin Chuan with disdain in their eyes.

In their eyes, Qin Chuan refused to challenge because he was shrinking from fear.

Qin Chuan smiled slightly: "Whatever you think, this Just take the position of team leader!"

Qin Chuan really has no interest in competing with him for the position of team leader. He is very disdainful of the position of team leader.

"Team leader, are you serious?...."

The senior members of Group 7 also didn't understand Qin Chuan's behavior.

"Okay, brothers, stop talking, I really don't want to be the team leader anymore. Qin

Chuan smiled and stopped the team members from persuading them any further. He knew that these team members did not understand his behavior because they did not know that their fire energy had broken through to the second level.

"I first went back to my place to take a look. I haven't been back for more than half a year, and I don't know if the room is moldy?"

Qin Chuan smiled mockingly and walked towards his room.

But at this moment, he was stopped by Li Hao behind him.

"Qin Chuan, stop for me! Qin

Chuan frowned slightly: "Li Hao, I have given up my position as team leader to you, what else do you want to do?"

Li Hao's wretched face showed a look of disdain and sneered.

"What do you want me to do? Then I'll tell you, you cowardly bastard"

"I disdain the position of team leader that you gave up to me. I will take the position of team leader from you openly and openly in front of everyone. If you still have some guts, accept my challenge!"

Li Hao refused to accept the position of team leader that Qin Chuan offered him, and had to challenge Qin Chuan. In fact, he had his own ideas.

His idea was to deliberately defeat Qin Chuan in front of all the team members and make Qin Chuan lose face. , shameless.

In this way, his status can be greatly improved in front of all the team members.

When he thought that Qin Chuan would be defeated by him and lose all his face, Li Hao couldn't help but get excited.

Qin Chuan, I will step on him today You can't blame me for establishing my own prestige over you. If you want to blame me, I blame you for not having the strength and still occupying the position of team leader!

"how? Don't you dare? Qin Chuan, I have to challenge you today. If you don't dare to accept my challenge, get out of the seventh group camp in the future and don't take another step, because you are not qualified to be my subordinate!"

Seeing Qin Chuan's silence, Li Hao thought that Qin Chuan was really scared, and his tone became more arrogant.

After hearing this, Qin Chuan finally became angry. Although he didn't bother to fight with Li Hao, he was also a man with a temper. He is a person with limits.

At the moment, Qin Chuan slowly turned around, looked at Li Hao coldly, and said coldly

"My patience has its limits, don't try to challenge my limits."

Li Hao sneered disdainfully, "Tsk! Your patience is nothing, I am going to challenge you, so what do you do?"

"Things that don't know whether to live or die! You dare to challenge me? Get out of here!"

With a violent roar, Qin Chuan punched Li Hao in the air without even thinking about it.

A strong punch directly hit Li Hao's chest.

Li Hao suddenly screamed, and his body flew out directly. He hit the courtyard wall behind him.

The courtyard wall was actually penetrated by his body, leaving a human-shaped hole with teeth and claws on the wall.

Seeing this scene, all the team members in the courtyard opened their eyes in surprise. , one after another horrified eyes fell on Qin Chuan, showing an unbelievable look...

Chapter 1816

"Oh my God! Just relying on the wind of the fist, you can knock a first-level high-level warrior away from the air. What kind of strength is this? I'm afraid even the second-level Dzigchen warriors can't do it."

"Could it be that the team leader's strength has reached the level of a third-level warrior?"

"Probably! Even if he doesn't have the strength of a third-level warrior, it's not far behind."

At this time, one of the team members suddenly remembered something and shouted loudly

"Team leader, have you broken through to the second level?"

As soon as this team member shouted, everyone suddenly woke up and quickly took stock of Qin Chuan's cultivation.

When they discovered that Qin Chuan's fire energy had broken through to the second level, they immediately showed signs of surprise.

"Ha ha!! it is as expected! The team leader has indeed broken through to the second level."

"I was wondering why the team leader suddenly wanted to relinquish his position as team leader. It turns out that the team leader was going to become an official bodyguard."

"What a surprise! After the team leader broke through to the second level, his strength was actually stronger than an ordinary second level Dzogchen warrior!"

"snort! Don't you know who it is? Our team leader is an extremely rare three-series warrior!"

But when all the team members cheered for Qin Chuan, the two newcomers looked at Qin Chuan in horror, and their legs were shaking with fear.

The strength Qin Chuan showed just now was simply too much for them. It was terrifying, far beyond their imagination.

Qin Chuan glanced at the two men indifferently, was too lazy to pay attention, and said to Chen Shen beside him

"That fifth-level green-haired little monster was seriously injured! I'm afraid I will have to lie in bed for at least a year and a half. From now on, you will be the leader of these seven groups."

Speaking of this, Qin Chuan glanced at the human-shaped hole intentionally or unintentionally.

Chen Shen naturally knew that Qin Chuan was talking about Li Hao, and he immediately gloated.

"Team leader, don't worry, I will be the leader of this team. He has delayed his training for half a year. After he recovers from his injury, he may not be my opponent. He will not be able to take the position of team leader. In fact, this bitch brought it all on himself. He dared to provoke the team leader. Isn't this looking for death? Qin

Chuan smiled lightly and said, "Chen Shen, you'd better find someone to take him to the medical office. Don't let him leave any sequelae."

Chen Shen said nothing and muttered reluctantly.

"This bitch wants to die on her own, but she still wants to trouble us when she's done. It's really unacceptable to think about it."

At this point, Chen Shen shouted rudely to the two newcomers: "You two bitches, why don't you hurry up and send that green-haired bitch to the infirmary?"

When the two newcomers heard this, they nodded repeatedly and hurriedly ran to help Li Hao, who was seriously injured, to go to the infirmary.

But before the three people left for long, the conversation of seven groups of members came from behind.

"Boss Chen Shen, these two newcomers are very arrogant and don't know how to respect their seniors at all. What do you think we should do in the future?"

"hehe!! Don't worry about this, I will take good care of them both in the days to come."

Chen Shen's tone was sinister. As soon as he heard it, he knew that the 'care' he mentioned was definitely not a good thing.

However, when the two newcomers heard Chen Shen's words, they immediately shuddered.

The two looked at each other and both looked at each other. They saw a look of mourning on the other person's face.

They knew in their hearts that without Li Hao's support, their life in Group 7 would not be easy in the future.

Because of Qin Chuan's incident, they had offended all the people in Group 7.

Look. Seeing all this, Qin Chuan shook his head and smiled helplessly.

In fact, he didn't want to care about these things. After all, he was leaving the seventh group and entering the guard camp. What

Chen Shen wants to do is Chen Shen's business, and he will respect the other party. Practice..

Chapter 1817

After experiencing the previous episode, Qin Chuan chatted with the old team members for a while and then returned to his residence.

I haven't been back for more than half a year, and the house is full of dust and has a faint musty smell.

Qin Chuan smiled bitterly and started cleaning.

After completing these trivial matters, he began to formulate future training plans.

Now, his energy of water and wood has been cultivated to the third level, and he has condensed his own soul.

However, in martial arts, the further you go, the more difficult it becomes to practice.

Nowadays, both Shui Yuan Dan and Mu Yuan Dan have extremely limited effect on the progress of Qinchuan, Shui and Mu Yuan Qi, which can be said to be a drop in the bucket.

Qin Chuan wanted to cultivate the energy of water and wood to the peak of the third level. With his genius qualifications, it would normally take at least two or three years.

There is not much difference in strength between the third level warrior and the third level peak. Therefore, Qin Chuan will not buy these two series of elixirs to assist his cultivation for the time being. Let it develop naturally.

He now focuses on the vitality of the fire and earth elements.

A breakthrough in Huo Yuan Qi is imperative.

Not only must he break through, he must break through within a year.

This is not only a matter of improving his personal cultivation, but also the expectation of the entire family.

For the sake of his family and his grandfather, Qin Chuan must improve his Huo Yuanqi cultivation as soon as possible.

In fact, Qin Chuan's fire element qualifications are the same as those of water and wood elements. They are both genius qualifications.

But he had fewer opportunities in the fire element, which was why his fire energy was still at the second level of Dzogchen, which was much worse than the other two elements.

However, if Qin Chuan's fire element energy can break through, his strength will increase.

After all, going from the second level of Dzogchen to the third level is a very big jump.

In addition, Qin Chuan also needs to focus on cultivating the earth element, but his qualifications for the earth element are too poor and his cultivation level is also the lowest.

If it hadn't been for various unexpected encounters, it would have been impossible for his earth energy cultivation to reach the first level in such a short period of time.

As a warrior of the four elements, Qin Chuan also wants the balanced development of the four elements of energy, so he also wants to improve the cultivation of earth energy as soon as possible.

Moreover, the cultivation level of earth energy is still very low, and a large number of pills can be used to assist the cultivation.

As for physical training.

Qin Chuan's physical strength alone has now reached the level of a third-level warrior.

Judging from his first breakthrough experience, it would take a long period of accumulation to break through the second limit, so Qin Chuan did not focus on this aspect and just allowed it to develop.

With his future training plan in mind, Qin Chuan went directly to the Pill Bureau to find Yuyao and Xiao Xiang'er.

He hadn't seen them for more than half a year, and he also wanted to see how they were doing, especially Xiao Xiang'er.

I wonder how Xiao Xiang'er's alchemy study is going now?

He got a lot of spiritual herbs during this trip, and even two hundred-year-old *Rehmannia glutinosa* plants, so that the little girl could help him refine some elixirs.

As for the Di Huang Jing, I wonder if that little girl can refine the 'Earth Soul Pill'?

Probably not. No matter how talented she was, she would not be able to learn to refine the 'Earth Soul Pill' in such a short period of time. This Earth Soul Pill is a top-grade pill!

Qin Chuan made a small calculation in his mind. Although eating the earth root essence can greatly improve his earth element cultivation, it would be a waste. It would be better to refine the 'Earth Soul Pill' to break through the third level bottleneck for him in the future, but Very helpful

"By the way, Xiao Xiang'er can't refine it. I wonder if Sister Yuyao can refine it? I guess she is unlikely."

When he thought of Yuyao, Qin Chuan thought of Feng Qingyan. The two people looked very similar. If they said there was no relationship between them, Qin Chuan would never believe it. He didn't know what the relationship was between them?..

## Chapter 1818

When Qin Chuan arrived at the Alchemy Bureau, he learned that Yuyao and Xiao Xiang'er had recently gone to learn alchemy from their masters, and Qin Chuan had to return without success.

Afterwards, he went to the market and spent 54,000 gold coins to buy 200 Earth Element Pills.

This is because he used the VIP order to get a 10% discount, otherwise it would have cost 60,000 gold coins.

These Tu Yuan Dan are enough for Qin Chuan to take for three months. With the help of these Tu Yuan Dan, his progress in training of Tu Yuan Qi will be greatly improved.

You must know that the pills taken by ordinary first- and second-level warriors are Juyuan Dan, and this Juyuan Dan is worth thirty gold coins each.

But this Tu Yuan Dan is worth three hundred gold coins, and its effectiveness is several times that of Ju Yuan Dan.

Although Tu Yuan Dan is very effective in improving cultivation, ordinary first and second level warriors cannot afford it. Even those direct descendants of the Zhou family are not willing to take Tu Yuan Dan to assist their cultivation until they reach the second level.

Only people like Qin Chuan, who regard money as dung and water like running water, are willing to buy a lot of Tuyuan Dan to assist cultivation when he is at the first level.

Because in his eyes, improving one's cultivation is always the first priority, and money, power, etc., are all just clouds.

After buying the Tuyuan Dan, Qin Chuan spent another 10,000 gold coins to buy a large amount of blood essence and blood from sixth-level ferocious beasts.

Since opening the first door, the effect of the essence and blood of these ferocious beasts on him has been reduced. The essence and blood of ferocious beasts below the second level have no effect on him at all.

As a result, Qin Chuan only had about 90,000 gold coins left.

Afterwards, Qin Chuan went to inquire about the status of the auction to see if there were any novel items for auction, but came back in vain.

After returning to the camp, Qin Chuan resumed his usual hard training.

During the day, he cultivated his vitality in his room, and at night he went to the grove to refine his blood and body.

Three days passed before I knew it.

On this day, Qin Chuan received a notice from his instructor, asking him to report to the Zhou Family Guard Camp.

Outside the Zhou family's guard camp, there were four guards standing guard at the gate of the camp.

Qin Chuan looked at the huge camp ahead and took a deep breath.

A year ago, he wanted to enter the camp to find Deacon Wang, but was stopped by the guards guarding the camp. At that time, his fire energy had not yet reached the second level, and he was not qualified to enter the camp.

Now, he can go in openly.

I heard that this guard camp is no better than the reserve guard camp. It has strict levels and many masters. It can be said that there are hidden dragons and crouching tigers, and the number of people is also very large.

There are only more than 400 people prepared to guard, but there are seven to eight thousand people in this guard.

Qin Chuan was amazed when he thought of this number.

In the Zhou family, after becoming a reserve guard, if you fail to become a second-level warrior before the age of twenty, you will be disqualified as a reserve guard and leave the reserve guard camp.

Therefore, the number of people in the reserve guard camp has never been large.

After becoming a guard, you can stay until you retire. If you can break through to the third level before the age of forty, you can be promoted to captain and continue to serve.

Therefore, there are far more guards than reserve guards.

"Boy! stop! This is the escort camp, not the escort camp you prepared, so don't go to the wrong place!"

A guard guarding the entrance of the camp saw Qin Chuan dressed as a guard and immediately stopped him.

Qin Chuan stepped forward with a smile and said: "Brother, I am the new guard who came to report to the guard camp."

Hearing this, the guard laughed

"Ha ha!! Boy, how old are you when you brag and don't draft? I think you are only fourteen or fifteen years old, but you say you are the guard of the new report. Do you really think you are a genius?"

Hearing the guard's ridicule, the other guards also laughed knowingly. Obviously they didn't believe that Qin Chuan was already a second-level warrior at such a young age, and they all thought Qin Chuan was bragging...

Chapter 1819

Qin Chuan had no choice but to smile bitterly and could only explain: "Brother, I'm really not bragging. I'm really a heart guard here to report."

"oh?"

Seeing Qin Chuan's serious expression, the guard also doubted Qin Chuan's truth, but said coldly

"Boy, do you know the consequences of deceiving us!"

"I really didn't lie to you. I still have a reporting pass and a reporting order."

After hearing what Qin Chuan said, the guards regained their composure and became serious. They all looked at Qin Chuan's cultivation.

Soon, the four guards showed surprise on their faces, because they discovered Qin Chuan didn't lie, he was indeed a second-level warrior.

"Huh! This kid is really a second-level warrior!"

"Tsk! Tsk! Boy, you are really not simple! It seems that I underestimated you"

"Um! Little brother, it's very good! From now on, we are all guards together. You are welcome to join the guard camp!"

When the guards saw that Qin Chuan was a second-level warrior, their attitudes immediately changed 180 degrees.

In the world of warriors, strength is the most important thing. As long as you are strong enough, even if you are older than If you are much younger, others will respect you.

Qin Chuan didn't care about their change of attitude and smiled.

"The elders are so polite. I am a newcomer and have just entered the camp. I hope that the elders will take care of me in the future."

"Easy to say! Easy to say! However, little brother, as usual, please show us your pass!"

"This is natural! Qin

Chuan then handed over the pass.

After the guard confirmed that it was correct, he let Qin Chuan in and told the guard the direction of the reporting office.

After Qin Chuan walked away, the four guards estimated that Qin Chuan heard their conversation, and then started talking in a low voice

"This kid is really not simple! He looks like he is only fourteen or fifteen years old, but he has already reached the second level of cultivation."

"I'm afraid he will be the youngest guard in our guard camp."

"Um! I think his qualifications are at least top-notch. It is possible to say that he is a genius."

"It's hard to say. How can genius appear so easily? There are only a few geniuses in the entire Fengyan City."

"And which one of these people is not among the top ten masters of the younger generation. Although this boy is not weak in strength, there is still a gap between him and the top ten masters!"

"That's right. Which of the top ten masters is not a third-level master? Nanfeng, who ranks first, is even a fourth-level master."

"You can't say that. This kid is much younger than them. He may catch up with them in a few years."

"hehe! Do you think it is easy to break through from the second level to the third level?"

"That's true, but this guy's future future is much better than ours. I think he will at least reach a position above the commander's level in the future."

"yes! I think I have been in the guard camp for ten years, and my cultivation level is still at the second level. It seems that when I retire, I will not be able to break through the third level! Why! It's so irritating that people are so different from each other!"

With Qin Chuan's perverted hearing, he naturally heard the words of these people.

A sneer appeared on the corner of Qin Chuan's mouth. He did not enter the guard camp for the leadership position. He did it to take back the Qing family's Qing family. Longzhu, in order to revitalize their Qing family.

What does the Zhou family count this time? What does the leader of the Zhou family count?

He Qin Chuan is a descendant of the Qing family, and the descendants of the Qing family have their own dignity and pride.

The Qing family used to be How can the Qinglong Royal Family of the Five Saint Kingdom be comparable to the Zhou family, a family founded by a despicable villain?

Perhaps in the eyes of ordinary people, the ancestor of the Zhou family is a high-ranking and unattainable peerless figure.

But in the eyes of Qin Chuan, The ancestor of the Zhou family is just an ungrateful and despicable person..

Chapter 1820

Soon, Qin Chuan arrived at the new guard reporting office.

At the reporting office, the person responsible for receiving the newcomers was an old man in his fifties. This old man was only a third-level warrior.

When the old man took over the reporting order from Qin Chuan, he was still a little surprised

"Your name is Qin Chuan, and you are only thirteen years old?"

"Um! Almost fourteen years old!"

"Tsk! Tsk! You became a guard when you were less than fourteen years old. You are the youngest guard I have ever seen."

The old man couldn't help but admire while registering.

"Boy, judging from your qualifications, you can have a good future in the Zhou family in the future, so work hard! Here, let me first introduce to you the general situation of the guard camp."

"Um! Senior, please tell me!"

"Our guard camp is divided into four major camps: "Heaven", "Earth", "Xuan" and "Huang".

"Each major camp has a president, who must be a sixth-level warrior and is usually a direct descendant of the Zhou family. Below the presidential collar are three vice-presidential collars."

"The vice-presidential position is usually held by a fifth-level warrior, and is usually held by a direct disciple of the Zhou family."

"Of course, there are also people with foreign surnames who serve as vice presidents. However, if a person with a foreign surname wants to serve as the vice president, he must be a sixth-level warrior."

Hearing this, Qin Chuan sneered in his heart.

It seems that the Zhou family does not trust people with foreign surnames at all, and arranges some important positions for their own clansmen.

Even if they arrange for people with foreign surnames to serve, the requirements are higher than those of their own clansmen. Much more. No wonder his father, as a sixth-level master of wood and fire, can only be the deputy chief instructor of the preparatory guard camp in the Zhou family.

Thinking of this, Qin Chuan suddenly became curious about what his father's natal psychic beast was. Well, it is undeniable that his father's natal psychic beast must be of the fire element, and it is a spirit beast with extremely high talent in the fire element.

Otherwise, with his father's fire element qualifications, it would be impossible to master the fire element at such an age. He has cultivated his vitality to the sixth level.

Thinking of this, Qin Chuan's heart was moved.

This psychic technique is worthy of being the best martial arts, and it can actually greatly improve his natural qualifications.

Which series of spiritual beasts will he choose as his natural psychic beast in the future? ?

There is no need to consider the three elements of water, wood and fire. He must choose the two elements of metal and earth. Should he choose the metal element? Or the earth element?

Thinking of this question, Qin Chuan became entangled in his heart, and he didn't know for a while Which one should I choose?

Just when Qin Chuan was thinking wildly, the old man's voice sounded in his ears

"Little one, don't get distracted, okay? You'd better remember all these things I said. This guard camp is highly hierarchical and has many systems. It is not the preparatory guard camp you have been in before."

Hearing the old man's somewhat reproachful words, Qin Chuan smiled sheepishly.

"I continue to speak, and you also listen attentively."

"There will be three commanders under the vice president. This leadership position will be filled by fourth-level warriors. Both disciples with foreign surnames and disciples of the Zhou family can hold the position. There will not be too many restrictions on disciples with foreign surnames."

"Under the leadership is the guard captain. Each commander will have ten guard captains under his command, and each guard captain must be a third-level warrior. The position of captain of the guard is held by members of other clans, and the children of the Zhou family will not participate."

"Each guard captain has thirty to forty guards under his command. Among these guards, the two strongest ones will be selected as team vice-presidents."

"The deputy's duty is to assist the captain in managing the guards. That's about it for the hierarchy of the Guard Camp. As for the four presidential leaders, they are all under the control of the Grand Elder."
