

God level 1821

Chapter 1821

Qin Chuan knew that the Great Elder mentioned by the old man was one of the only three seventh-level warriors in the Zhou family.

There are three seventh-level warriors in the Zhou family, and all three of them have taken up the position of elders of the Zhou family.

The first elder is responsible for all military systems and external policies, while the second elder is responsible for all internal affairs of the Zhou family, and is in charge of the tax collection and management of all industries and affiliated territories.

The first elder and the second elder are both direct descendants of the Zhou family.

The third elder is an honorary elder hired by the Zhou family. He is a seventh-level warrior and a top alchemist. He is also the master of Yuyao and Xiao Xiang'er.

As for his duty in the Zhou family, he is to receive a large amount of money for himself every month. He would only take action when it was necessary for him to take action, and he would only be busy with his own affairs on weekdays.

At this time, the old man continued:

"As guards, you will often perform dangerous tasks, so your salary is much higher than that of reserve guards."

"There will be a salary of 500 gold coins every month, and 20 Yuan Ju Dan will be given out for you to practice. If you can become a team deputy, some of these benefits will be doubled."

When he heard these treatments, the corner of Qin Chuan's mouth twitched. These were not enough for him to stuff his teeth.

It seemed that he could see what Qin Chuan was thinking.

The old man chuckled and said: "Little guy, if you are not satisfied with these treatments. When you are not on a mission, you can go outside the city to hunt ferocious beasts on your own. A second-level ferocious beast inner elixir can be sold for two to three hundred gold coins at least. In fact, many guards will hunt ferocious beasts in their free time. beastly"

"However, second-level ferocious beasts are not so easy to hunt, and ferocious beasts of the same level are stronger than warriors of the same level. If you want to be safer, you can hunt those first-level ferocious beasts. Although it may take a while to make money, there is no danger."

"Thank you, senior, for reminding me. I will remember it."

"Um! I have explained all these trivial matters clearly to you. There are two more things below: One thing is that I will take you to the martial arts hall later, and you can choose to learn a martial skill by yourself."

Hearing this, Qin Chuan felt a little happy in his heart.

In the Zhou family, as long as you reach the second level and become a formal guard, you will be rewarded with learning a martial arts, but these martial arts are inferior martial arts.

But for For Qin Chuan, since he has the opportunity to learn martial arts, he will naturally not let it go. As the saying goes, learning too many martial arts is definitely not a bad thing. Learning too many martial arts is definitely not a bad thing.

The old man added: "The other thing is to teach you Report to the escort team where you are. You are assigned to the 'di' camp, the ninth leader and the third guard. Do you remember it?"

"Um!"

"Then you come with me, I will take you to the martial arts hall to choose martial arts."

At that moment, Qin Chuan followed the old man to the martial arts hall.

When he arrived at the martial arts hall, the old man greeted the person in charge there and let Qin Chuan enter the first floor of the martial arts hall. On the first floor of the martial arts hall, there was only one row of simple There were only more than twenty books on the bookshelf.

Each book recorded a detailed introduction to an inferior martial art, but there was no method of practice.

Qin Chuan scanned all these inferior martial arts. , which contains the 'Fire Rain Plum Blossom Sword' that he has learned, and the 'Fire Fist' that Wang Yuankun has used.

Finally, Qin Chuan's eyes fell on the 'Fire Element Shield'.

This Fire Element Shield, Qin Chuan I have long seen that many fire warriors have electives.

This fire shield is a defensive inferior martial skill. According to the detailed introduction above, it can withstand three to five attacks from warriors of the same level...

Chapter 1822

Qin Chuan's current attack power is strong enough, and his weak side is defense, so this Fire Elemental Shield is the most urgent need at the moment.

This fire shield can only withstand three to five attacks from warriors of the same level, and that's only for others.

With his fighting power, as long as he activates the fire shield, it will be difficult for warriors of the same level to break it.

If he encounters a fourth-level warrior, he may be able to resist it once, which also gives him a chance to save his life.

Thinking of this, Qin Chuan decided in his heart to learn the Fire Origin Shield.

Afterwards, Qin Chuan took Huo Yuan Shield's book and received a Huo Yuan Shield martial arts jade medal.

As long as he learns the Fire Elemental Shield, his strength will increase by one point.

After choosing and learning martial arts, Qin Chuan was taken to the escort team he belonged to by the old man.

‘Di’Zi Camp, Ninth Leader, Third Guard Camp

"Qin Chuan, this is the captain of the third guard, Captain Hao"

"The subordinate has met the captain!"

Qin Chuan respectfully saluted Captain Hao in front of him.

Captain Hao was about thirty-one or twelve years old, with a handsome face, fair complexion, and a kind smile. His cultivation level had reached the peak of the third level.

Obviously, Captain Hao's Talents and qualifications are very good

"nice! You have already cultivated to the second level at a young age, so your talent and qualifications must be very high. I think when I was sixteen years old and reached the second level, I was already a sensation. I didn't expect you to be even better than me! By the way, Qin Chuan, how old are you this year?"

"Returning to the captain, my subordinate is fourteen years old this year!"

Qin Chuan didn't dare to attract too much attention, so he reported that he was half a year younger.

The old man beside him smiled and glanced at Qin Chuan, but he didn't point it out.

"Ha ha!! Your talent is indeed better than mine. You must work hard in the future and don't let down the good talent God gave you!"

"My subordinates must work hard!"

"okay!"Captain Hao nodded with satisfaction.

The old man on the side smiled and said:"Captain Hao, the newcomer has been brought to you, you can make your own arrangements! I say goodbye!"

"What a trouble for Mr. Huang this time!"

"Captain Hao is so polite!"

After seeing the old man off, Captain Hao said to a guard in the hall.

"Xiaoliu, go and inform all the team members to gather in the lobby and get to know the new team members!"

In addition to Captain Hao, there are two bodyguards of Captain Hao in the hall.

"yes! This subordinate is going now!"

Xiao Liu left in response.

"Qin Chuan, please sit down for a while. Everyone will arrive in a while. Since you have joined our third guard, you will treat our third guard as your own home from now on. If anyone from other guards dares to bully you in the future, you Just come to me, I will never forgive him!"

"Thank you captain for your kindness!"

"Ha ha!! Come! Come! Sit down first!"

Captain Hao pulled Qin Chuan to sit next to him. It was obvious that he was very satisfied with this new member.

After Qin Chuan sat down, he glanced at the hall. The layout of this hall was very similar to the meeting hall of the previous reserve guard camp..In addition to the main seat where Captain Hao sits, there are also two rows of seats.

The first seat of the two groups of seats is placed slightly wrong with the other seats, and the chair is larger than the other seats.

Obviously, this The two seats were for the two team mates.

At this moment, Captain Hao pulled Qin Chuan to the seat next to him and sat down. The position he sat in happened to be one of the seats where the two team mates were sitting.

But Captain Hao and Qin Chuan said After chatting for a while, I suddenly remembered something, slapped my head hard and smiled bitterly.

"oops! I almost forgot something important. Qin Chuan, please wait here for everyone. The captain has some urgent matters to deal with and will be back in a moment. Xiaowu, come with me!"

"Huh?"

The guard named Xiao Wu was stunned for an inexplicable moment, and then he reacted and immediately said:"My subordinate is willing to accompany the captain!"

Then, Captain Hao asked Qin Chuan to wait alone in the lobby, but he took Xiao Wu and left..

Chapter 1823

Not long after the two left the hall, the guard named Xiao Wu couldn't help but ask

"Captain, you don't seem to have anything important to do, right? Why did you leave suddenly? Captain Hao smiled meaningfully:"What do you think of this Qin Chuan?" Xiao

Wu pondered for a while and said carefully:"This Qin Chuan's talent is very good. I'm afraid his talent is a little higher than yours, captain.""

"Of course! However, you still underestimated him. This Qin Chuan is not only highly talented, but he is also very likely to be a warrior of the third series."

"Just now, I saw that not only had his fire energy been cultivated to the second level, but his water and wood energy had also been cultivated to the first level."

"If he is not a warrior of the three systems, why does he need to cultivate the vitality of the three systems? I just didn't expect that our third guard team already has a rare dual-system warrior, and now there is a three-system warrior."

Hearing this, Xiao Wu was shocked and whispered

"Captain, if it is true as you said, this Qin Chuan is a third-level warrior, then his strength is much stronger than an ordinary second-level warrior. I am afraid he has the strength of the second-level Dzogchen."

"Um! According to common sense, his current strength should be equivalent to the second level of Dzogchen. It is a pity that his water and wood energy has not yet broken through to the second level."

"As long as one of his vitality breaks through to the second level. I am afraid that even the peak warriors of the second level of Dzogchen are no longer his match. Why! If only he could be stronger."

Captain Hao couldn't help but sigh.

Seeing Captain Hao sighing for no reason, Xiao Wu's eyes showed doubts and he asked puzzledly: "Captain, why do you want him to be stronger?"

"Why! Xiao Wu, you've been with me for so long, haven't you understood my intentions? You didn't see that I deliberately let him sit in Captain Wei's seat and left him alone in the hall."

Hearing this, Xiao Wu's eyes lit up, and he suddenly understood what Captain Hao meant, and whispered excitedly.

"Captain, do you want to use Qin Chuan to help you deal with Vice Captain Wei?"

"good! You're not hopelessly stupid. Lieutenant Wei has always been arrogant, relying on his elder brother and relying on his elder brother to be the leader of our ninth army. He always ignores my orders."

"Forget it, the most disgusting thing is that he actually formed a clique within the team, causing disunity in our third escort team. Every time we go on a mission, there will be some internal conflicts. I can't tolerate him anymore."

"But I really can't find the opportunity or reason to deal with him. If there is no reasonable excuse, I have no reason to deal with him. As long as he files a complaint against me to his brother, my life will not be easy."

At this point, Captain Hao couldn't help but sigh.

"Xiaowu can understand the captain's difficulties. Vice Captain Wei is always against the captain. We all know it and know it in our hearts."

"He is not only against you, Captain, but also against Captain You. In fact, we all know why he goes against you. He is jealous that you are more talented than him."

"I think he is almost forty years old, and he has only reached the pinnacle of the second level of Dzogchen. This is due to the help of his brother who is the leader, otherwise he would not be able to achieve such an achievement."

Xiao Wu's tone seemed to be very dissatisfied with that Vice Captain Wei.

"Forget it, Xiao Wu! Let's not talk too much behind other people's backs. I hope now that Qin Chuan will not disappoint me. Xiao

Wu hesitated for a while and said: "Captain, you don't really expect Qin Chuan to defeat Vice Captain Wei, do you?" Vice Captain Wei's strength has reached the peak of the second level of perfection, and he may break through to the third level at any time."

"Although Qin Chuan is a third-line warrior, his strength is at most comparable to that of the second-order Dzogchen. I'm worried that he is no match for Vice Captain Wei. Moreover, Captain Wei is very violent and cruel. Anyone who touches him will not end well. He will definitely beat him to death."..

Chapter 1824

Captain Hao sighed

"Why! There is nothing I can do! If I want to deal with Vice Captain Wei, I can only let Qin Chuan challenge him. According to the rules of the guard camp, everything is based on strength. As long as he can defeat Vice President Wei, the position of Vice President will be his."

"If Deputy Wei loses his position as deputy, what kind of trouble can he make? When the time comes, I will place him under Qin Chuan's command, so that I don't have to pay attention to him anymore, and it will save me the trouble of seeing him."

"Since the captain thinks so, why not tell Qin Chuan directly and let him challenge Vice Captain Wei! Captain Hao shook his head and said:"

Qin Chuan is new to the report. Do you think he will agree if I ask him to challenge me?" Besides, if he really knows the strength of Vice Captain Wei, he will probably back down."

"What does the captain mean?"

"What I mean is very simple. I deliberately create some conflicts between them. With Captain Wei's character, he will inevitably be jealous when he sees Qin Chuan's talent, and there will definitely be friction between the two. Maybe Qin Chuan would challenge him on the spot"

"Even if there is no challenge, if there is a rift between the two, the conflict will break out sooner or later. With Qin Chuan's talent, it was only a matter of time before he replaced Captain Wei as deputy. Hearing this

, Xiao Wu said with admiration:"The captain is still thoughtful!" It's just that I'm a little worried. If these two people really conflict, Qin Chuan may suffer."

"Do not worry! We are hiding nearby. If Qin Chuan is really at a disadvantage, I will stop him and won't let him get hurt. I just hope he doesn't disappoint me too much."

In the hall, Qin Chuan was looking around when he suddenly heard what he had discovered and began to listen.

In fact, Captain Hao and Xiao Wu did not go too far after leaving the hall.

Based on Qin Chuan's 'Tian Ting' Yes, he could naturally hear the conversation between the two clearly.

After listening to the conversation between the two, Qin Chuan had many thoughts in his mind.

Unexpectedly, Captain Hao was very scheming!

He actually wanted to use himself to help him get rid of his dissidents.

However, This man is just scheming, but he has a good heart.

He was forced to do this.

Then should he help him?

Qin Chuan hesitated in his heart, and there was a burst of messy footsteps outside the hall. Then ,

Xiao Liu, who went to summon everyone, entered the hall with a dozen guards.

Most of these dozen guards were young people in their twenties, and a few were in their thirties.

"Brothers, this is our new guard Qin Chuan, let's get to know each other!"

"You are the new guard! Not very old!"

"Tsk tsk!! Your name is Qin Chuan, right? It looks like you have great talent!"

The guards who came in all stepped forward to greet Qin Chuan enthusiastically.

Qin Chuan did not dare to neglect and also stepped forward to greet everyone.

At this moment, another pleasant voice sounded outside the door: "I heard that there are people in the reserve guard camp. He was promoted to a guard and assigned to our guard team. I wonder if he is someone I know?"

Hearing this voice, Qin Chuan felt very familiar.

When the guards heard this voice, they all smiled respectfully at the visitor.

"Ha ha! Vice Captain You is here too!"

"I've seen Deputy You!"

The crowd consciously gave way to the incoming person.

Qin Chuan was also curious about who the incoming person was.

"It's you!"

When the visitor saw clearly that it was Qin Chuan, a complex expression immediately appeared on his face.

There was some surprise, some surprise, and some indescribable emotion in the complex expression.

Qin Chuan was also stunned when he saw the visitor; I thought about meeting the other person here.

It turned out that the person who came was none other than You Hongyu..

Chapter 1825

Back then, he was the one who defeated You Hongyu and won the title of the number one master in the reserve guard camp.

After that defeat, You Hongyu immersed himself in training, and soon broke through the bottleneck and entered the guard camp.

Unexpectedly, after not seeing him for more than a year, You Hongyu's strength has improved greatly, and he is now the strength of a second-level peak warrior.

But as a dual-system warrior, his real strength is equivalent to the peak of the second-order Great Perfection, which is why he can become the deputy of the team.

There are five second-level Dzogchen warriors in the entire third escort team, and these five are all over thirty years old. The most powerful among them is Captain Wei.

He is the only one among the five second-level Dzogchen warriors who has reached the pinnacle of the second-level Dzogchen. Naturally, he also became the deputy of the team.

"Qin Chuan, I didn't expect you to advance so quickly! You really didn't disappoint me."

You Hongyu walked forward with a smile.

Qin Chuan looked at the familiar face in front of him. He hadn't seen him for more than a year. The proud boy who was eighteen or nineteen years old back then has now become a steady young man in his twenties.

Time will make people learn to grow, and no one can stop this.

Qin Chuan sighed in his heart. When he saw You Hongyu, he felt like meeting an old friend in a foreign land.

Maybe it was because he had just come out of the preparatory guard camp and entered Maybe it's because of the influence of the environment of the guard camp, where everything is unfamiliar!

"Ha ha!! Good boy, I didn't expect you to advance so quickly! Back then, after I was defeated by you, I practiced harder and harder. I thought my progress was already very fast now. Now it seems that I am still a little slower than you! You kid really pissed me off!"

Feeling You Hongyu's enthusiasm, Qin Chuan also laughed heartily.

"Brother Hongyu, do you still remember what happened back then?"

"Of course, can you still forget it? I'll have a test with you later to see if you've made any progress? However, I haven't seen you for more than a year, and you have changed a lot! Not only has he grown a lot taller, but his hair has also grown so long that I almost didn't even recognize him!"

Infected by You Hongyu's enthusiasm, Qin Chuan couldn't help but smile.

Although the two had a little friction before in the reserve guard camp, as they grew up, the little friction seemed to have faded away. It doesn't matter at all anymore. Their previous experiences gave the two of them a sense of closeness and sympathy.

In fact, the two of them suddenly felt a sense of closeness. The main reason was because they had been in the reserve guard camp together. They were considered to be They were students at the same time.

They were like two teenagers from the same village. Their relationship was not very good when they were young, and they even fought over some trivial matters.

However, when they grew up, they all went out to pursue their careers, and the two met by chance in a different place. Naturally, meeting an old acquaintance in a foreign country becomes more intimate. This is a kind of human nature.

Just when the two were chatting happily, a guard next to them said curiously: "Lieutenant You, you just said that you are in the reserve guard camp." Defeated by the Qinchuan brothers? You are a dual-system warrior! His realm at that time should not be higher than yours!"

"hehe!! Don't underestimate this brother of mine, he is a third-line warrior!"

Hearing what You Hongyu said, the guards around him suddenly looked surprised and looked at Qin Chuan in a different way. Apparently they had re-evaluated Qin Chuan's strength.

Many people began to secretly look at Qin Chuan's cultivation. Therefore, we finally came to the conclusion that Qin Chuan's strength should be similar to that of the second-level Dzogchen.

After reaching this conclusion, the guards looked at Qin Chuan with respect.

The warriors always judged their superiority based on their strength..

This is the default rule that has never changed..

Chapter 1826

"Unexpectedly, the Qinchuan brothers turned out to be three-line warriors!"

"yes! Three-series warriors are too rare. Unexpectedly, in addition to the dual-system warrior named Captain You, our escort team now has a third-system warrior."

Just when the guards were sighing for Qinchuan's strength, another cold voice came from outside the door.

"What about the three series warriors? What a big deal. At most, he would be arrogant in front of warriors of the same level. The biggest difference in strength between warriors is level. What are you all doing around there? Get out of my way!"

Hearing this cold voice, all the guards were stunned for a moment, but no one dared to speak and they all got out of the way. Only after everyone got out of the way did Qin Chuan see clearly that the person who had spoken previously was a man of about three years old. A middle-aged man of eighteen or nineteen with a gloomy face. This man's cultivation is at the pinnacle of the second level of Dzogchen. It is obvious that the person coming is Captain Wei.

"Huh! Who asked you to sit here?"

When Vice Captain Wei saw Qin Chuan sitting in his seat, he immediately felt an unknown anger in his heart.

Especially when he saw that the other party was no more than fourteen or fifteen years old, he couldn't help but feel jealous.

For a long time , he was suppressed by Captain Hao, who was much younger than him, making him feel humiliated.

This humiliation was buried deep in his heart, making him feel an inexplicable resentment towards Captain Hao.

Later, another talent emerged. You Hongyu, who was equally good, was on an equal footing with him and became the deputy of the team. This reminded him of the pain he felt in the past.

Since he was a child, his elder brother had always been more talented than him.

Whether it was family members or neighbors, , all admired his brother, but looked down upon him.

Even his parents were partial to his brother.

He was a narrow-minded person, and the supercilious looks and indifference of the people around him were premature. Pushing him into a dark state of mind.

He always felt that he was living in the shadow of his brother. The reason for all this was because his brother was too talented.

His brother's light obscured him, and whenever others compared him with When his brother compared him, he only gave him cold and contemptuous eyes. When he thought of those ruthless and cold eyes, he felt extremely hateful in his heart.

This childhood experience, after a long period of suppression, actually made his heart gradually become distorted. , began to hate those who were more talented than him.

This was a process of psychological distortion.

"Boy! Is this seat suitable for you? Get out of here!"

Vice Captain Wei yelled at Qin Chuan.

Hearing this, Qin Chuan frowned slightly. He didn't expect that Vice Captain Wei was really as virtuous as Captain Hao said.

"Vice Captain Wei, what do you mean? What if you sit down for a while?"

You Hongyu was very dissatisfied with Captain Wei's tone.

"What's wrong? You Hongyu, don't you know that this guard camp is highly hierarchical and there are differences between top and bottom? There are such regulations in the guard camp. Those who commit the following offenses will be severely punished."

"If there were no such regulations and the subordinates did not obey the orders of their superiors, then the thousands of people in the guard camp would have no rules and all would be in chaos."

"This guy is just a guard who has just joined the camp. If he sits in my position without my consent, he is disrespectful to me and is guilty of the following. Not only would I tell him to get lost, I would also punish him severely."

Hearing this, You Hongyu said angrily

"Vice Captain Wei, don't go too far. Qin Chuan is just a newcomer to the camp, and he doesn't know many of the rules yet. Besides, he didn't mean to sit in your seat. Don't grab someone's tail as soon as you come up and use it as an excuse to punish them."

Captain Wei said coldly: "What's wrong with the newcomer?" Can it be tolerated just because he is a newcomer? Not only can the newcomers not be tolerated, but they must be punished more severely. Only in this way can they remember the lesson. how? Boy, are you still getting out of my seat?"..

Chapter 1827

When Qin Chuan saw Captain Wei scolding him coldly, he hesitated for a while and then silently stepped aside.

The reason why he got out of the way was because he didn't want to be used as a weapon by Captain Hao.

He knew that all this was what Captain Hao wanted to see. Captain Hao wanted to use his own hands to oust Captain Wei from his position as captain.

However, speaking to Qin Chuan, no matter what Captain Hao's purpose was, the feeling of being plotted always made him feel very uncomfortable.

Even if you really have to deal with Vice Captain Wei, you have to do it out of your own will.

Therefore, Qin Chuan chose to give up his seat.

Seeing Qin Chuan give up his seat, many of the guards heaved a sigh of relief. They were worried that if the two of them really clashed, Qin Chuan would suffer a loss.

Seeing Qin Chuan get out of the way, Captain Wei thought that Qin Chuan was frightened by his lustful power, and he couldn't help feeling a little contempt for Qin Chuan.

I also felt self-righteous in my heart. Humph! Is there any use for a good talent?

What do the warriors of the three series count?

As long as I am stronger than you, you will still be afraid of me.

Besides, no matter how good your talent is, you have to hope that you can live a long life. If you die accidentally, what's the use of having those good talents?"

Thinking of this, Vice Captain Wei became even more self-righteous and immediately sneered.

"Boy, do you think it's all over if you just get out of the way? Didn't you hear what I just said?"

"I wonder what Vice Captain Wei wants from me?"

At this time, Qin Chuan was also a little impatient.

Vice Captain Wei sneered disdainfully.

"snort! I don't want you to do anything. As for your disrespectful behavior, since you are the first offender, I can give you a lighter punishment. Just kneel down and kowtow to me three times, and I won't care."

Hearing this, Qin Chuan felt angry for no reason. He had never seen such a person who was so unreasonable and so unreasonable.

Many guards also had strange expressions on their faces. Apparently they were very dissatisfied with what Deputy Wei was doing. I don't agree, I just dare to be angry and dare not speak out.

You Hongyu even sneered in a sinister manner:"Vice Captain Wei, are you farting? ? Upon hearing this

, Vice Captain Wei was furious:"You Hongyu, don't meddle in my fucking business." Qin Chuan, why are you still standing there? Why don't you kneel down and apologize to me?"

Qin Chuan glanced at him with disdain and sighed in his heart.

Hey! Originally, he didn't want to be used as a gunman and wanted to keep a low profile, but now Captain Wei refuses to let him get what he wants. In this case, he still has this position. Sit down.

Thinking of this, Qin Chuan didn't even look at Deputy Wei, and only asked You Hongyu

"Brother Hongyu, is there such a rule in the guard camp that whoever is stronger can take the position of team deputy?"

"good! There are such regulations!"

You Hongyu replied with a smile. He seemed to have guessed Qin Chuan's intention.

Regarding Qin Chuan's strength, You Hongyu knew much better than the surrounding guards. According to his estimation, Qin Chuan really wanted to challenge Vice Captain Wei. There is at least a 50% chance of winning.

After hearing Qin Chuan's words, the guards around him felt that something was wrong.

Captain Wei frowned and asked in a cold voice: "Boy, what do you mean by this?"

Qin Chuan ignored him at all, sat back down in his previous position, and pretended to mutter to himself.

"It's still a comfortable position to sit in! I'm sitting down today!"

Vice Captain Wei was furious: "You little bastard!" Do you dare to sit in this position? Do you have that qualification?"

"Ha ha!! Vice Captain Wei joked, you are qualified to sit, why am I not qualified to sit?"

Captain Wei sneered angrily: "You little beast!" Are you challenging me?"

"good! I think it's not appropriate for Deputy Wei to sit in this position. You'd better go down below and find a seat for an ordinary guard!"

Hearing this, Captain Wei was so angry that he almost vomited blood: "Haha!! Little bastard, you are looking for death! No one can save you today. Since you challenged me, let's go out and draw a line!"...

Chapter 1828

Seeing that things suddenly developed to this point, the guards around him changed their expressions. Most of them were worried about Qin Chuan, while some shook their heads secretly and sighed in their hearts.

Although this Qin Chuan has good talent, he is a little impulsive at a young age.

I don't know how to endure the anger for a while and suffer less.

Especially when faced with the ruthless hands of Vice Captain Wei, those who challenged him in the past would not end well!

"Little bastard! Come out quickly, I'm waiting for you outside the hall!"

Vice Captain Wei sneered and walked out of the hall with a gloomy look.

At this moment, he sneered disdainfully in his heart.

Humph! This little bastard is really a bit arrogant. He dares to challenge me even with his cultivation level. This time I He must take this opportunity to destroy him! He will never be able to practice martial arts in the future.

Thinking of this, Captain Wei became a little excited unconsciously. When he thought that a genius would be destroyed in his own hands, he had a feeling in his heart. Inexplicably excited.

At this time, Qin Chuan also came out of the hall.

The two confronted each other in the yard outside the hall.

The guards in the hall also ran out to watch, and the guards who came to gather later also participated. Onlookers.

Those who came later were very surprised when a young warrior suddenly appeared to confront the deputy of Captain Wei. After asking later, they found out the whole story. They couldn't help but shake their heads at Qin Chuan's impulsiveness.

Among the subsequent guards, There were three or four people who were close associates of Captain Wei. When they heard that Qin Chuan was going to challenge their boss, they couldn't help but laugh at him.

"Did this little bastard take the wrong medicine? He has such a small amount of talent, but he really thinks he is a dish."

"That's right! Even he dares to challenge Boss Wei, wait and see how he dies!"

The courtyard became more and more lively. Soon, all the members of the Third Guard arrived, and everyone's focus was on Deputy Wei and Qin Chuan in the center of the courtyard.

"Boy, draw your sword!"

Deputy Wei smiled coldly.

At this moment, Qin Chuan was very confused.

To be honest, with his current strength, he really didn't bother to fight with Deputy Wei.

With Qin Chuan's strength, it would be easy to kill Deputy Wei instantly. But he can't reveal all his strength, otherwise it will be too exaggerated. So what

Qin Chuan is worried about now is that he cannot win too easily.

After all, there are too many people watching today, and Captain Hao is observing in the dark.

If he acts too eye-catching, he will inevitably attract too much attention from the upper class, which may be detrimental to his plan to regain the Blue Dragon Pearl.

This guard camp is no different from the reserve guard camp. It is a mixed bag of fish and dragons, and the relationships are complicated. Before he can figure it out, Before dealing with various relationships within the guard camp, he must choose to keep a low profile.

Thinking of this, Qin Chuan secretly thought in his heart.

It seems that in today's competition, I will pretend to win more difficultly, which is a bit embarrassing for myself.

Just in Qin Chuan's mind While thinking these thoughts, Vice Captain Wei seemed to be a little impatient.

You"Boy!" I'll give you a chance, take action first! Don't wait a moment, you won't even have a chance to take action!"

Qin Chuan sneered in his heart.

This man really doesn't know what to say. He is arguing with himself at a very old age and still puts on such a posture. It's really ridiculous!

"good! Vice Captain Wei, that guy won't be polite to you anymore!"

As soon as he finished speaking, Qin Chuan drew his sword and stepped forward to attack.

Vice Captain Wei sneered and faced him.

At that moment, the two of them started fighting together..

Chapter 1829

Seeing Qin Chuan and the two fighting in full swing, the surrounding guards watched nervously.

Captain Hao, who was hiding in the dark, was even more nervous.

Of course he expected Qin Chuan to defeat Vice Captain Wei.

In the blink of an eye, Qin Chuan and Vice Captain Wei had fought for nearly a hundred rounds.

The two of them fought more and more fiercely and fought harder and harder, but the people watching around them became more and more worried and surprised.

At this moment, Qin Chuan brought them more and more surprises.

None of them expected that Qin Chuan could persist for so long, and judging from the fighting scene, the two were evenly matched.

Qin Chuan did not fall behind at all.

At this moment, Qin Chuan's status in everyone's hearts rose again.

In their opinion, Qin Chuan's strength has completely reached the peak of the second-order Great Perfection, and he has the strength to compete with Vice Captain Wei.

At this moment, Qin Chuan's status in their hearts was as high as that of Vice Captain You Hongyu Wei.

Watching the fierce fight between the two, Captain Hao, who was hiding in the dark, became even more nervous.

Xiao Wu on the side couldn't help but asked in a low voice: "Captain, who do you think will win?"

"It's hard to say. The strength of the two is between the two. Who loses and who wins seems to matter in a matter of seconds. This Qin Chuan did not disappoint me, he exceeded my expectations for him. If he can defeat Vice Captain Wei, that would be even better!"

As soon as Captain Hao finished speaking, the battle in the field suddenly changed.

Qin Chuan grunted, stepped back a few steps, and a trace of blood spilled from the corner of his mouth.

He was actually punched by Captain Wei. It was obvious that he had suffered severe internal injuries.

Lieutenant Wei was even more miserable. He was struck by Qin Chuan and flew away with a sword.

A large mouthful of blood spurted out from his body and he flew more than ten meters away before he fell to the ground and passed out.

Qin Chuan Naturally, he was faking the internal injuries.

As for Vice Captain Wei, Qin Chuan did not kill him, he just caused him serious internal injuries and then knocked him unconscious.

After all, Vice Captain Wei's brother is from the Ninth Leader Commander, that was a fourth-level warrior.

Qin Chuan did not dare to attack too harshly, lest he cause his brother's revenge.

With his current strength, he was not a match for a fourth-level warrior.

Seeing Qin Chuan's tragic victory, many of the guards showed their faces. Happy, but more of a surprise

"Ha ha!! Qin Chuan, you did a great job! Is your injury okay?"

In the crowd, You Hongyu happily stepped forward to congratulate him. At this moment, he was also secretly surprised.

In fact, his strength is about the same as that of Vice Captain Wei.

Since Qin Chuan can defeat Vice Captain Wei, he can also defeat himself.

"hehe! My injury is nothing serious!"

Qin Chuan wiped the blood from the corner of his mouth, but sighed helplessly in his heart.

Hey! When others fight with each other, they are always thinking about how to maim each other.

But I want to hurt myself, suppress myself into internal injuries, and pretend to be He was injured due to being beaten and vomiting blood. At this time, Deputy Wei, who fell to the ground unconscious, was revived by his cronies.

As soon as Deputy Wei woke up, his eyes were blood red, and he seemed to be roaring like crazy, and he was about to rush up and fight with Qin. Sichuan fights again

"Little bastard! I'm not convinced, come and compete with me again!"

Vice Captain Wei got up, but before he could walk a few steps, he vomited a large mouthful of blood. His legs gave out and he fell to his knees.

Two of his cronies hurriedly stepped forward to help him up, but they looked very embarrassed.

Obviously, he was seriously injured

"Vice Captain Wei, what do you mean? Can't you afford to lose?"

You Hongyu saw that Deputy Wei was in a state of embarrassment and did not forget to take the opportunity to be sarcastic.

Hearing this, Deputy Wei was furious and gritted his teeth and said: "You Hongyu, why don't you just say sarcastic remarks on the sidelines?"

"how? Vice Captain Wei, did I say something wrong? You just lost completely. All of this is seen by all of us. From now on, you should give up your position as team deputy to Qin Chuan!"

"You fart! Qin Chuan, a little bastard, is not qualified to sit in my position!"

Hearing this, You Hongyu sneered.

"snort! Lieutenant Wei, are you brain-stuck or damaged? This is the rule of our guard camp. Whoever is stronger can take the position of team deputy. If you say you won't let it, can you not let it go? Judging from your age, you are becoming more and more ignorant."

"You..."

Captain Wei was so angry that he glared furiously..

Chapter 1830

"What are you all arguing about?"

I suddenly remembered a gentle voice outside the crowd, but it was Captain Hao who pretended to be late.

"I've only been away for a while, and this place is so chaotic. You Hongyu, what happened here?"

"Report to the captain that Qin Chuan, the newly promoted guard, challenged Deputy Wei and defeated him."

Hearing this, Captain Hao pretended to open his eyes in surprise.

"There is such a thing, Qin Chuan, you surprise me. Captain Hao pretended to think for a while and said

"Since Qin Chuan defeated Captain Wei, according to the rules of the escort camp, Deputy Wei's position as deputy captain should be given to Qin Chuan. Qin Chuan, you will be the deputy of Captain Qin from now on, and the deputy of Captain Wei will be under your command from now on. I wonder if Vice Captain Wei has any opinions?"

"Ha ha!! Opinion? ? Of course I have an opinion! Hao Jian, do you think I care about the position of team deputy?"

"I, Wei Cheng, will tell you some news today. In less than a month, I will be able to break through the bottleneck and become a third-level warrior."

"By then I will also be the captain, and I will be on an equal footing with you. You, Hao Jian, don't need to put on a high profile in front of me now. I don't care about the position of vice president of this team!"

"Be bold! Wei Cheng, you are so arrogant that you dare to call the captain by his real name!"

"Ha ha!! You Hongyu, who the hell are you? When I become the third level, it will not be easy to kill you. Don't be arrogant with me now, or you will fall into my hands in the future."

"And Qin Chuan, the same goes for you little bastard. Are the three-line warriors amazing? I will kill you instantly as if I had become the third level! Don't be arrogant first, just wait for me!"

Hearing Wei Du's crazy words, Captain Hao couldn't help but darken his face.

"WEI Cheng! You keep saying that others are arrogant. I think you are the arrogant one, right? You are not a third-level warrior now, but you are still my subordinate. What you just did was clearly contempt for my existence. Do you really want to commit the following crime?"

"Ha ha!! Hao Jian, even if I commit the crime below, what can you do to me?"

Hearing this, Captain Hao also flashed a look of anger in his eyes.

"WEI Cheng! Although your brother is the commander, you are not afraid that I will go to the vice president to file a complaint against you. When the time comes, the Vice President will punish you for committing crimes, and even Commander Wei will not be able to help you."

Vice Captain Wei didn't seem to be afraid at all and sneered.

"Hao Jian, if you want to sue, just sue. As long as I break through to the third level, I will be on the same level as you, and I will not be considered a superior. Do you think the Vice President understands and blames me?"

"snort! I no longer want to be in this third escort team. Are you going to arrange for me to work under this little bastard Qin Chuan today just because he is qualified? I won't talk nonsense to you. I will leave the Third Guard today and say goodbye! You also come with me!"

Vice Captain Wei immediately took a few of his cronies and wanted to leave.

"Wei Cheng, where are you going? You are all my subordinates. Do you want to withdraw from the Third Guard without my consent? Are you taking the rules of the escort team too inappropriately?"

This time, Captain Hao seemed to be really angry.

The atmosphere in the field suddenly became tense.

The guards around him had complicated expressions and felt a little uneasy. They did not expect that things would develop to such an extent.

They were present. When the atmosphere was tense, another person suddenly walked in outside the hospital.

"Yo! What's going on here? Why are there so many people?"

As soon as the visitor spoke, Qin Chuan's expression changed slightly, and he quickly looked up at the old man, with a strange look on his face.

Because the visitor was none other than the criminal captain who had assassinated him.
