

## God level 1841

### Chapter 1841

Qin Chuan sighed, secretly thinking that the Zhou family spends so much manpower and material resources, but they don't get much black iron essence every year.

"yes! Brother Qinchuan, you should also know that the production of this black iron concentrate is actually related to the golden energy between heaven and earth. The more intense the gold energy is in a place, the easier it is for the mineral veins in that place to produce black iron concentrate."

"This is true!

Qinchuan still knew a thing or two about the reasons for the production of Xuantie concentrate. At this time, Lao Wang said again:"

Actually, there are two rich ore spots in the Duanji Mountain vein. One is our mining area, and the other is the old mining area.""

"The old mining area was much larger than our new mining area, and the minerals in it were also very rich. In the past, thirty or forty kilograms of black iron essence could be mined in one year. However, because of a strange thing, the black iron mine was The Zhou family was abandoned, and it had been abandoned for more than ten years."

"Abandoned?"

Qin Chuan looked curious.

"Could it be that all the black iron concentrate inside has been mined?"

"That's not true. I heard that it is rich in black iron concentrate, and the output is steadily increasing every year."

"So why was it suddenly abandoned?"

"hey-hey!! This is a strange thing to say, and you may not believe it when you say it. Actually, I didn't really believe it when I first heard about it. After all, this happened more than ten years ago, and no one knows whether it is true or not."

Hearing this, Qin Chuan became even more curious and quickly asked

"What happened? Brother Wang, don't lose your kid's appetite and tell me quickly!"

"Ha ha! Look how anxious you are! I'll tell you slowly!"

Seeing Qin Chuan's impatient look, Lao Wang was very proud, and then continued.

"In fact, everyone in our mining area knows about this matter. It is said that more than ten years ago, the Zhou family's mining area was opened in the old mining area, and the output of concentrated iron ore and black iron ore there was several times that of here."

"The Zhou family can make a lot of profits every year from that mine. Unlike this mine today, it can only be said to be slightly profitable. You also know that this black iron concentrate is only produced in veins deep in the mines, so you have to dig a mine to dig it down."

"At first, nothing much happened. But as the mine went deeper, it was discovered that there were many cracks in the underground veins. At the end of the mining, it was discovered that there was a naturally formed cave passage under the ground."

"At that time, several miners were curious and entered the passage to explore, but they never came out after entering."

"At that time, everyone thought that the miners were lost in the cave, so they never came out, so they sent several more guards to search, but those few guards also failed to come out. This attracted the attention of the people above."

"Soon, a guard commander led several captains into the passage to explore, deciding to find out the reason why the guards were missing. But after the commander and several captains went down, they never came out again."

"The disappearance of a guard commander was a big event and caused a great shock at the time. The Zhou family is also planning to send some experts from the worship hall to investigate. But at this time, the ancestor of the Zhou family personally ordered that the mining area be abandoned and prohibited the Zhou family from going down to investigate."

"At that time, many people were puzzled by this order, but no one dared to disobey it, so to this day, no one knows what happened to those people who entered the passage and never came out."

Hearing this, Qin Chuan's heart moved slightly, and he seemed to have guessed the reason..

Chapter 1842

"Brother Wang, what happened next?"

"Later, the Zhou family naturally gave up that mining area and redeveloped a new mining site. This new mining site is our new mining area. However, later, some casual cultivators who heard the news did not believe in evil and entered the passage to investigate."

"What's surprising is that anyone who goes in never comes out. At this point, no one dared to go inside to explore again. The mining area has become the default restricted area in this area, and no one dares to enter anymore."

"Brother Wang, I wonder where the old mining area is?"

"Just northwest of the new mining area, seven or eight miles away"

"oh!"

Qin Chuan silently wrote down the prescription location.

"Brother Qinchuan, the old mining area is not far from here. You must never break in by mistake in the future. It would not be a good idea to lose your life in vain."

"Thank you, Brother Wang, for reminding me. I will keep it in mind."

Just as the two of them finished talking about this, another guard walked in outside the door. This guard was the guard who had been following Captain Xu before. As soon as the guard came in, he asked: "Old Wang, how are the arrangements? Already?"

"The arrangements have just been made. Does Captain Chen have any new instructions?"

"This afternoon, we will take a closer look at the traces of ferocious beasts around the mine to see where those ferocious beasts come from. This time some extra manpower is needed. After you and Qin Chuan had lunch, you went to gather outside the mine."

"The subordinates know!"

"Qin Chuan, you are new here, so you may feel a little uncomfortable. If you have any questions in the future, you can come to me directly"

"Thank you, Captain Chen. My subordinates know."

"Um! Then get busy first!"

After Deputy Chen left, Lao Wang couldn't help but muttered

"We just checked for traces yesterday, why do we need to check again today? Isn't this already clear? Those ferocious beasts all came from the Savage Forest area. Is there anything else to investigate?"

"By the way, Brother Wang, what happened in the mining area recently?"

"you do not know? Qin

Chuan shook his head and said, "I received an order to support the defense of the mining area. I don't know what happened specifically."

Old Wang nodded slightly to express his understanding.

When the Zhou family guards receive orders from superiors, they are not allowed to ask the reasons. They only have to carry out the orders and cannot ask the original story.

"Dude, what the hell happened? Qin Chuan asked again

"Here's the thing. Our mining area is located in a mountainous area with few ferocious beasts. There are only low-level ferocious beasts below level two in the surrounding area. In the past, ferocious beasts rarely attacked the mining area. However, recent incidents of ferocious beasts attacking the mining area have occurred frequently. There have been ten. several people lost their lives"

"Moreover, there are more and more ferocious beasts attacking the mining area, and they are getting stronger, and even third-level ferocious beasts are beginning to appear."

"As for the third-level ferocious beast that appeared, it stands to reason that there would not be one near this mining area, so everyone suspected that it came from the Savage Forest more than ten miles away. Yesterday, we conducted an investigation based on the traces left by those ferocious beasts, and found that those ferocious beasts indeed came from the Savage Forest."

Hearing this, Qin Chuan asked curiously

"Brother Wang, where is the Savage Forest?"

"The Savage Forest is a large primitive jungle located to the east of the mining area. The jungle is very large and there are many ferocious beasts in it. The deeper you go into the jungle, the easier it is to encounter high-level ferocious beasts.

"However, the most terrifying thing about this savage forest is not the ferocious beasts, but the savage tribe living inside."

"Savage tribe? Are there still savages living inside? Qin Chuan asked in surprise..

Chapter 1843

"Savage tribe? Are there still savages living inside? Qin Chuan asked in surprise

"Um! Those savages are actually uncivilized barbarians who live a life in the jungle wrapped in animal skins, eating hair and drinking blood."

"These indigenous people are very exclusive and will never allow outsiders like us to enter their area. I heard that some extreme tribes would cook and eat us outsiders if they caught them."

"He even eats people! These savages are indeed uncivilized barbarians."

"yes! But these savages are also strange, very different from us ordinary people."

"oh? what is the difference? Aren't they all human? It's just that they are not civilized yet and there shouldn't be much difference in essence, right? Qin

Chuan said what he was thinking.

But Lao Wang smiled and said, "You are wrong if you think so." Those savages are completely different from us. Their physiques are very weird and they seem to be unable to cultivate their vitality."

"However, their bodies are very strong. They can fight ferocious beasts with bare hands and tear bears and tigers alive. This is also a common thing. They are simply a group of ferocious beasts in human form."

Hearing this, a strange thought flashed through Qin Chuan's mind.

The bodies of these savages are so strong. Are they innate? If they are born, the physiques of these savages are really strange!

At this time, Lao Wang said again

"Little brother Qinchuan, let's go have lunch first, and we'll go check out the traces of the ferocious beast later."

"Why! I really don't understand. Haven't the traces of those ferocious beasts been almost found? Why still check? I think what we should do most now is strengthen our defense instead of focusing on these meaningless things. Qin

Chuan said with a smile: "Perhaps the captain hopes that we can find out the reason why those ferocious beasts frequently attack the mining area." Don't you think it's strange? Why do ferocious beasts suddenly and frequently attack mining areas during this period? There must be some reasons for this that neither you nor I know."

Hearing this, Lao Wang was stunned for a moment, and then suddenly realized: "Yes! Now that I think about it, this is indeed the case. It's really strange. What could be the reason? Qin Chuan smiled bitterly and shook his head:"

I just came here, how could I know?" Brother Wang, let's go to dinner, don't delay our afternoon tasks."

After lunch, Qin Chuan and a dozen other guards gathered outside the mining area.

Deputy Chen gave everyone a small whistle

"I have clearly explained the content of this mission to everyone. Everyone started to disperse to investigate. If you encounter any emergency, blow the whistle for help. After hearing the whistle, everyone will rush over to support you. Do you understand? "

"Understood!"

"All right! Let's start taking action!"

Following Captain Chen's order, the guards dispersed and took action.

Qin Chuan also chose a direction to investigate alone.

Gradually, Qin Chuan and everyone's positions were spread far apart, out of everyone's sight. Within the scope.

There are also many bushes growing outside the mining area.

Qin Chuan carefully explored the bushes all the way, thinking about the mysterious passage under the old mining area, because he vaguely guessed that there might be something under the old mining area. What could happen?

Just when Qin Chuan was thinking about it, suddenly, his expression moved slightly, and he glanced behind him intentionally or unintentionally. He heard someone several hundred meters behind him quietly following him.

"Someone is following me, who could it be?"

Qin Chuan pretended to continue to immerse himself in the investigation, but in fact he had already locked the person behind him..

Chapter 1844

Qin Chuan pretended to continue investigating, but in fact he had already locked onto the person behind him.

Soon, he judged that the person following him was a third-level warrior, and he thought in his mind.

Unexpectedly, he had just arrived at the mining area and someone was following him, and he was also a third-level warrior.

If he is a third-level warrior, he is probably one of the three guard captains in the mining area, and the most likely one is Captain Xu, because he issued this investigation mission. Could it be that he used this as an excuse to draw out the handwriting and then look for it? A chance to attack me?

So why is he doing this? Was it arranged by Commander Wei?

Thinking of this, a sneer appeared at the corner of Qin Chuan's mouth, and a hint of murderous intent flashed in his eyes.

In fact, Qin Chuan's guess was right. The person following him was none other than Captain Xu.

Just when Qin Chuan was thinking about how to deal with Captain Xu behind him.

Captain Xu boldly walked out of his hiding place and called Qin Chuan, who was still pretending to investigate, to stop.

"Qin Chuan, how is your investigation going? Hearing this question, Qin Chuan pretended to be surprised and quickly turned around to check. Seeing that the person coming was none other than Captain Xu, he said, "It turns out to be Captain Xu. Why did you suddenly appear behind the kid and scare him?" A huge jump. Captain Xu smiled disdainfully: "You didn't notice me, that's because you are too weak." I have also been checking for traces of those ferocious beasts. I happened to see you passing by here, so I stopped you by the way. How about it? Are there any new discoveries?"

"Report to the captain, my subordinates have not discovered anything new yet."

"oh! In fact, I suspect that those ferocious beasts probably came from another place. I'm going to check out some place. You can go check it out with me now!"

"yes! Subordinates obey!"

Then, Qin Chuan followed Captain Xu to the northwest.

Qin Chuan sneered in his heart.

This damn fat man must have wanted to deceive himself into a remote place, and then kill him.

Haha!! But, when the time comes We still don't know who will kill whom.

Qin Chuan's current strength, even if he only uses physical combat power, is not inferior to Captain Xu.

Captain Xu is only a third-level warrior. If Qin Chuan wants to kill him, it can be said that he is It was easy.

Both of them had ulterior motives and walked silently one behind the other, pretending to check for traces along the way. Not long after, they left the mining area five or six miles away.

Along the way, Qin Chuan was surprised Unexpectedly, he discovered that the direction Captain Xu took him was actually the direction to the old mining area.

"Captain, don't know where we are going to investigate? Qin

Chuan suddenly asked.

Captain Xu pondered for a while before he said:"The place we are going to is the old mining area, and there is something weird there." By the way, has anyone told you about the old mining area?

Qin Chuan lied and said without thinking,"No!" The subordinates have never heard of any old mining areas. If the captain doesn't tell them, they won't even know that the old mining areas exist."

"Oh, it's better if you didn't hear about it.

A hint of joy flashed across Captain Xu's eyes. Qin

Chuan saw his expression and asked deliberately:"Captain, I wonder what's so weird about that old mining area?"

"Actually, it's nothing. There are just a few ferocious beasts lurking in the mine. Let's go check it out this time to see if the ferocious beasts that have attacked the new mining area in the past few days came out of there."

"oh!"

Qin Chuan pretended to suddenly realize it, but he was secretly sneering in his heart. Huh! What kind of vicious beast is hiding and wants to deceive me? Do you really think that I don't know about the old mining area?

This guy must think that no one dares to go to the old mining area. It's a good place to kill people and silence them, so I wanted to trick him into going there and kill him...

Chapter 1845

At the same time, Captain Xu was also scheming in his mind.

This fool was too easy to deceive. After a while, he introduced this kid into the mine and killed him with one palm.

No one dared to enter that mine. If this kid died there, he would be so unnoticed that no one would notice.

At that time, he said that this kid had an accident and disappeared while performing his mission.

The commander is still thoughtful! That mine is indeed a good place to kill people and silence them.

It turns out that Wei Commander Fei Ge sent a message to Captain Xu, asking him to lure Qin Chuan into the mine and kill him.

Afterwards, Captain Xu deliberately led Qin Chuan out of the camp under the pretext of checking for traces of the ferocious beast, and then he followed him quietly.

When Qin Chuan was alone, he showed up again and deceived Qin Chuan into a mine in the old mining area on the pretext of searching for traces of the beast together, and then killed him.

It can be said that there are no loopholes in all these plans.

It's just that Commander Wei underestimated Qin Chuan's strength. He didn't expect Qin Chuan's foot power to be faster than the carrier pigeon.

When Qin Chuan arrived at the camp, the homing pigeon had not yet arrived, so Qin Chuan learned about the old mining area from Lao Wang.

Soon, the two arrived at the old mining area.

The old mining area was indeed large, about twice the size of the new mining area.

However, it looked very desolate at this time, and the barracks where it was previously stationed were in dilapidated condition, obviously having been abandoned for a long time.

In the center of the mining area, there is a large mine hole with a height of more than three people, which leads directly to the underground.

"Qinchuan, there are often vicious beasts coming in and out of the mine ahead. Let's go in and investigate together!"

Looking at the dark entrance of the cave in front of him, like a vicious beast that bites people, Captain Xu felt an inexplicable chill in his heart, and the hair on his body stood up slightly.

In fact, deep down in his heart, he was still very afraid of this mine.

"As long as I don't enter the natural passage under the mine and just kill this guy in the mine, I should be fine!"

Thinking of this, Captain Xu took a deep breath, mustered up the courage for himself, and then pretended to be calm and said:"Qin Chuan, let's go in together!"

"Subordinates obey!"

At that moment, Captain Xu took the lead and walked into the mine.

Qin Chuan followed quietly.

The two entered the mine and walked straight to the bottom of the mine.

After walking for about a cup of tea, the two We finally reached the bottom of the mine. Not far ahead was the entrance to the natural passage.

Legend has it that anyone who entered the natural passage to investigate never came out.

Captain Xu stopped and did not dare to enter. That passage.

Although he hadn't entered it yet, he could already feel the coldness of the passage ahead. The darkness around him was silent and eerie. There was a faint smell of iron ore in the air, and a hint of weirdness. the stench

"This is almost enough. I will kill this stupid boy here, and then throw his body into this passage, and everything will be unnoticed.

Thinking of this, Captain Xu took a deep breath, then turned to look at Qin Chuan

"Captain, why don't you continue walking inside? Qin

Chuan asked deliberately

"No!"

"Why?"

"Because it's okay to kill you here? No need to go to the trouble of running inside!"

After saying that, Captain Xu showed a sinister sneer on his face.

After hearing this, Qin Chuan immediately showed a look of horror on his face, stepped back and said with a trembling voice.

"Team...Captain, you...why do you want to kill me? What mistake did the subordinate make? Or did he offend the captain somewhere?"

Seeing Qin Chuan's fearful look, Captain Xu was very proud. He deeply felt the pleasure of the strong bullying the weak, and he couldn't help laughing.

"Ha ha!! Silly boy, are you afraid now? All right! Since you are about to die, the captain will tell you why. If you want to blame, I blame you for offending Commander Wei. It was Commander Wei who ordered me to kill you."..

## Chapter 1846

Although Qin Chuan had already guessed that Commander Wei had secretly ordered it, when he heard Captain Xu say it himself, he still felt a surge of anger in his heart.

Well, Commander Wei, I just had some minor disputes with Wei Cheng, and he actually wanted his own life because of this trivial matter.

It's too vicious! snort! I have recorded this account, and I will settle the account with you later!

Qin Chuan is not a good person, he always takes revenge.

"What? It was Commander Wei who wanted to kill me! Why? Why did he want to kill me?"

Qin Chuan still pretended to be panic-stricken.

"Ah! You ask me, who should I ask? Who knows why Commander Wei wants to kill you? I'm just following orders. Boy, if you want to blame after your death, blame Commander Wei, but don't blame me!"

After saying that, Captain Xu suddenly took action and struck Qin Chuan's Tianling Gai with a lightning-like palm.

But at this moment, the panic on Qin Chuan's face suddenly disappeared. Instead, he stood still and did not dodge. A disdainful sneer appeared at the corner of his mouth.

In the blink of an eye, Captain Xu's palm was close to the top of Qin Chuan's head.

Just as he was about to take the photo, Qin Chuan shouted "Condensation" in his mouth, and a fiery red mask immediately appeared, covering the head of Qin Chuan. His whole body was shrouded. This was Qin Chuan's newly learned defensive martial art - Fire Element Shield.

Seeing Qin Chuan use the Fire Element Shield, Captain Xu showed a look of disdain on his face, and the palm did not pause at all.

A second-level The fire elemental shield used by the warrior is not as papery as it is in front of the third-level warrior, and has no effect at all. The palm power of the third-level warrior is enough to split mountains and rocks. Even a giant stone of a thousand kilograms can be broken into pieces with one palm..

At this moment, Captain Xu can already imagine that with this palm of his hand, Qin Chuan will be beaten until his brains burst and he will die!

Boom!

There is a loud noise.

Captain Xu's palm has already hit Qin Chuan's face. Fire Elemental Shield' went up.

The Fire Elemental Shield didn't even sway, and Qin Chuan stood motionless on the spot.

But Captain Xu was bounced back several steps by the huge rebound force.

"This...how is this possible?"

Captain Xu opened his eyes wide in shock and couldn't believe it.

How is it possible?

He must be hallucinating. This kid is only fourteen or fifteen years old. He is already very good if he can reach the second level.

How could he stop him? An attack?

Thinking of this, Captain Xu actually felt an unknown anger in his heart, and he cursed

"Little beast, what are you doing? Give me another punch and try it!"

Captain Xu's figure flashed and he punched Qin Chuan's chest.

This punch used up 10% of his strength.

"roll!"

Qin Chuan sneered disdainfully, raised his hand and slapped Captain Xu, as fast as lightning.

Captain Xu had no time to dodge. Before he could figure out what was going on, his eyes blurred and he was slapped by Qin Chuan. He flew away.

The speed of flying out was twice as fast as the speed at which he rushed up.

With a muffled groan, Captain Xu fell heavily to the ground.

"This...how is this possible?"

Until this moment, Captain Xu realized that the previous palm was not an illusion at all, and the young man in front of him was clearly an extremely powerful master.

Thinking of his previous performance, Captain Xu suddenly felt ashamed and annoyed. It turned out that he had been being bullied by the other party. He was playing without knowing it.

At the same time, he broke out in cold sweat, got up from the ground with a look of horror on his face, and said in a trembling voice:"Could it be...are you a fourth-level warrior?"

As soon as he opened his mouth, more than a dozen teeth fell out of his mouth. Half of his teeth were knocked out by Qin Chuan's slap.

Qin Chuan did not answer, silently approaching Captain Xu, and his body was involuntarily exuding... It emits a heart-stopping evil spirit. In this dark mine, it is like a murderous god coming out of hell..

Chapter 1847

"Don't! do not come! Please don't come here! Captain Xu stepped back in horror. At this moment, Qin Chuan was more terrifying in his eyes than the cave behind him.

"Are you scared? Qin

Chuan asked calmly

"The moment you do it, you should know the consequences. There is no chance of regret now!"

"No...please don't kill me! Captain Xu shouted in horror

"Brother Qinchuan, oh no! Grandpa Qinchuan, please don't kill me. All of this was ordered by Commander Wei, and the young one is just executing orders. If you want revenge, you should go to Commander Wei and ask you to let me go. Captain Xu begged and rolled back, looking very embarrassed.

At this moment, Captain Xu had already determined that the young man in front of him must be a fourth-level warrior.

A third-level warrior is simply incompetent in front of a fourth-level warrior. He didn't fight back at all, so he couldn't feel any resistance in his heart, and he just wanted to run away and beg for mercy.

As for why the boy in front of him was already a fourth-level warrior when he was only fourteen or fifteen years old, in his opinion, the boy in front of him was not at all What kind of genius? It is impossible for a genius to achieve such an achievement, so the boy in front of him must be a monster, a monster that is not human.

Thinking of this, Captain Xu felt even more frightened.

"You want me to let you go, do you think it's possible?"

Qin Chuan smiled, and murderous intent gradually appeared on his face.

Captain Xu seemed to sense Qin Chuan's determination to kill, and there was a look of hesitation in his eyes. After a moment, he gritted his teeth, ducked into the passage behind him, and ran away for his life.

Qin Chuan Seeing Captain Xu go in, Chuan showed a smile as if his plan had succeeded, and followed him in unhurriedly.

In fact, even if Captain Xu didn't lead him here, he would come and investigate in person.

Because in his heart It is speculated that there may be a seal altar in the deepest part of the cave, and the seal inside should be one of the heads of the five ancient families.

Looking at this place, it is located deep in the mine veins and is a place rich in gold energy.

According to the two seal altars he previously discovered According to the rules, it is probably the head of the Teng family of the Tang Snake royal family.

Because Tang Snake is a sacred animal of the earth system, and soil can produce gold, this place is a good place to worship the golden spirit beads.

When Qin Chuan heard the story of the mine, It is speculated that the missing people are probably related to the seal altar.

The ancestor of the Zhou family should know that there is an altar under the mining area. He did not dare to destroy the altar, so he issued a ban, prohibiting the disciples from entering the passage to explore, and ordered the entire area to be abandoned Mining area.

Since it was speculated that there was a seal altar below, Qin Chuan naturally went to investigate.

At this moment, Qin Chuan glanced at the dark cave passage in front, took a deep breath of the cold air in the cave, and without any hesitation, He walked forward.

The anxious footsteps of Captain Xu were still heard in front of him. However, the underground cave passage was too dark and Qin Chuan could not see his figure clearly, but he could clearly judge his location by relying on his hearing.

Qin Chuan Chuan still followed him calmly.

He didn't want to kill Captain Xu now, because he also wanted to use Captain Xu to help him explore the path.

The two of them just ran around in the passage desperately, while following behind. Followed without hesitation.

Gradually, the two of them walked deeper and deeper, and Qin Chuan gradually felt that the golden vitality around him was getting stronger and stronger. He couldn't help but sigh in his heart. It

's so rich!

Maybe if they go in this direction, You can find a Jin Yuan Qi spiritual eye. If you guessed correctly, the seal altar should be inside.

But just when Qin Chuan was thinking about this idea, deep in the passage ahead, Captain Xu suddenly heard a horrified cry. Screaming, and then heard the footsteps of Captain Xu running back desperately..

Chapter 1848

Upon hearing this exclamation, Qin Chuan's expression moved slightly, then he stopped moving forward.

Soon, Captain Xu's figure appeared in front.

Captain Xu's face was pale and his lips were trembling with fear. When he saw Qin Chuan, he didn't even run away. Instead, he pointed at the dark cave behind him and said with a trembling voice.

"There is a ghost, there really is a ghost, there is really a ghost behind! It's about to catch up!"

Hearing this, Qin Chuan frowned slightly. Naturally, he didn't believe there was a ghost behind him, because he didn't hear any sound behind Captain Xu at all.

With his hearing, as long as there was a faint sound, he couldn't escape him. But he didn't hear any sound at all, which meant that Captain Xu was lying.

But looking at Captain Xu's expression, he was indeed frightened, but it didn't look like he was lying.

Just when Qin Chuan had doubts in his heart , Captain Xu fell to his knees with a plop, crying and shouting

"Grandpa Qinchuan, please kill me! I would rather be killed by you than killed by a ghost! If you don't kill me, get out of the way quickly and let's run for our lives together. There is really a ghost behind us!"

Hearing this, Qin Chuan was even more surprised. Just when he was about to start speaking, he suddenly saw a white shadow floating silently out of the depths of the cave. As soon as

Qin Chuan saw the white shadow, he was immediately frightened. , exclaimed in my heart

"It turns out there really is a ghost!"

It turns out that the white shadow is actually a person floating in the air.

To be precise, it cannot be called a person.

Because the person has no body at all. He is completely composed of a white mist, floating in the air, shaking. It was shaking, and seemed to have no weight, let alone any sound.

This was the reason why Qin Chuan had not heard any sound before.

The ghost was also stunned when he saw Qin Chuan, and did not seem to think that besides Captain Xu, there was another person here..At this time, Qin Chuan saw the appearance of the ghost clearly, but it was an old man with gray hair and a gloomy face.

"Who are you?"

Qin Chuan boldly shouted loudly and asked

"Ga!! Ga!! Can I be a human being like this? Of course it's a ghost!"

The ghost was chattering and laughing strangely, looking at his sinister smile that chilled the bottom of his heart.

Hearing this, Qin Chuan was shocked.

Is it rare that he guessed wrong??

He always thought that those people were missing in the passage, It's related to the altar.

Could it be that the reason why they disappeared was all because of the ghost in front of them?

If that's true, then he would be in danger today.

Thinking of this, Qin Chuan couldn't help but feel a little fear in his heart.

At this time, the ghost in the sky appeared again He smiled strangely and said:"No living person has come down for more than ten years. I didn't expect two more to come, just in time for me to swallow your souls and nourish them!""

"It turns out that those people who disappeared more than ten years ago were all killed by you?"

"Ga!! Ga!! That's right, even if I swallow their souls, you will soon end up like them! Little fat man, you are the first one!"

The ghost laughed proudly, then suddenly opened its mouth, revealing a big mouth full of fangs, and sucked hard on Captain Xu's head.

Captain Xu screamed and wanted to run away, but his whole body suddenly stiffened and A ball of white gas flew out from Captain Xu's head and was inhaled by the old man's ghost.

Captain Xu immediately fell to the ground, motionless, and died like this.

The old man's ghost sucked the ball of white gas into his mouth and chewed two He swallowed it, with a look of unfinished content on his face.

Seeing this scene, Qin Chuan was so shocked that he turned around and ran away without even thinking about it..

Chapter 1849

Qin Chuan didn't expect this ghost to be so terrifying and capable of swallowing people's souls alive.

When he thought that more than ten years ago, even a commander disappeared in this passage, he felt cold sweat all over his body.

Those who can serve as commanders are all fourth-level warriors, and even fourth-level warriors cannot escape the poisonous hands of this ghost, let alone him.

At this time, the ghost's harsh and weird laughter sounded again behind Qin Chuan:"Gah!! Ga!! Little baby, don't run away, let me swallow you up!"

After saying that, the ghost chased after him.

Feeling the ghost of the old man chasing behind him, Qin Chuan was horrified and ran away even more desperately.

"Huh! Little baby, you seem to be much stronger than warriors of the same level?"

The old man's ghost seemed to know the strength of the warrior very well, and he could tell the strength of Qin Chuan at once.

However, Qin Chuan had no time to pay attention to him, and still ran away desperately. He just wanted to escape from this passage as early as possible, as early as possible Escape from the clutches of this ghost.

However, he was fast, and the old man's ghost was even faster. Like a phantom, silently, he caught up with Qin Chuan in a moment and clung to Qin Chuan's back. , blowing the dark wind on his neck

"Ga!! Ga!!! Little Doll! Your meat is so tender! So white! I wonder if your soul is also delicious?"

Hearing this, Qin Chuan felt chills all over his body. He turned around and punched the ghost. It actually passed through the ghost's ethereal body and did not hurt the ghost at all.

"Ga!! Ga!! Little Doll! Your attacks are useless against me, because I am a ghost, so let me eat you and swallow your soul!"

After saying that, the old man's ghost opened his mouth and sucked it towards the top of Qin Chuan's head.

Qin Chuan was horrified and wanted to run away, but it was too late.

He felt an invisible force that wanted to pull him out of his body. came out, as if he was about to float out of the body.

But at this moment, the golden droplets in Qinchuan's sea of consciousness, which were materialized by the power of his mind, suddenly emitted a bright golden light and pulled him back alive.

"Huh! The soul mutates and the soul power becomes substantial. The little doll really surprises me!"

At this time, Qin Chuan also woke up from a period of confusion. He found that he had not been swallowed by the old man's ghost. He was very lucky. However, he was still shocked and broke out in a cold sweat.

"However, the mutated soul is a great tonic. I will definitely suck your soul out this time, gah!! Ga!!!"

The ghost chattered and laughed strangely, and his eyes shone with excitement, as if he had seen a big meal.

Qin Chuan was horrified. He knew that he could escape the ghost's first soul-sucking, but he would never escape. It sucked souls for the second time.

However, as soon as the ghost finished speaking, its whole body emitted a silvery light, and at the same time, it opened its mouth wide and was about to start sucking souls for the second time.

But just when the ghost exuded silvery light, Qin Chuan suddenly felt that the two blood beads in the War God's Order were shaking violently.

Qin Chuan's heart moved and he immediately released a blood bead. As soon as the blood bead came out, it immediately glowed red and emitted a dazzling light. Strong light.

As soon as the strong light shone on the old man's soul, the old man immediately screamed miserably, and bursts of white smoke came out from his body. Then he quickly retreated, pointed at the blood bead in Qin Chuan's hand, and shouted with horror in his eyes.

"So..what exactly is that?"

Qin Chuan didn't expect this outcome, but when he saw that the Blood Soul Pearl could hurt the old man's soul, he was immediately overjoyed.

"I don't know what it is, but you seem to be afraid of it!"

After saying that, Qin Chuan approached the old man with a blood orb in his hand and an evil look on his face.

Seeing Qin Chuan approaching, the old man showed a look of horror on his face, shouted, turned around and fled into the cave..

Chapter 1850

Seeing the old man's soul escaping, Qin Chuan breathed a sigh of relief and sighed secretly.

What a fluke today!

I didn't expect that this blood orb could actually hurt ghosts. If I didn't have the blood orb in my hand, I might really die here.

What surprised him was that there really were ghosts in this world! And he's also a soul-eating ghost! He chased after him to see where the old ghost came from.

Thinking of this, Qin Chuan was ready to chase the ghost.

Thinking about it, only a bold person like Qin Chuan would dare to continue. If it were an ordinary person, after experiencing the danger just now, he would have slapped his butt and avoided others.

When Qin Chuan walked to Captain Xu's body, he stopped and went forward to search Captain Xu's body.

Soon, they found seven or eight thousand gold coins, a fist-sized black iron essence, and nothing else.

Maybe Captain Xu has been guarding the mining area for a long time and has no oil or water on him, so he has very few gold coins. The only valuable black iron spirit is probably hidden by this guy to enrich his own pockets.

The Black Iron Essence was very heavy. Although it was only the size of a fist, Qin Chuan weighed it with his hands and found that it weighed at least three kilograms, which was equivalent to thirty thousand gold coins.

Overall, there are still quite a few gains.

Qin Chuan casually put the gold coins and the black iron essence into the space of the God of War Order, and then chased in the direction where the ghost escaped.

About the time it took for him to chase a cup of tea, several forks appeared in front of him, which immediately put Qin Chuan in trouble. He didn't know which way to pursue.

Because the ghost moved silently, he could not judge the whereabouts of the lonely soul from the direction of the sound.

Just as Qin Chuan was hesitating, he suddenly heard extremely slight footsteps coming from one of the forks.

Hearing the footsteps, Qin Chuan was very surprised. Is there a second person besides him in this underground passage?

Thinking of this, Qin Chuan pondered for a moment before diving into the passage.

Gradually, Qin Chuan went deeper and deeper, getting closer and closer to the people in front.

The man's footsteps became increasingly clear.

Not long after, Qin Chuan finally saw a tall figure walking forward step by step a few kilometers ahead.

It's just that the tall black figure's movements were a little stiff, which made people feel a little strange. strangeness! Who is this person?

How come it appears deep in the passage?

Looking at this man appearing in front of me, he should be in the passage ahead of me. Why didn't the ghost kill him?

Thinking of this, Qin Chuan couldn't help but feel a little confused, and then he continued to follow.

After about another cup of tea, there was a turn ahead.

The tall figure turned around and disappeared from sight.

Qin Chuan's heart tightened and he quickly followed.

When Qin Chuan also turned the corner, his eyes suddenly lit up. There was some light in front of him. What surprised him even more was that there was a huge altar at the end of the passage.

Those lights are emanating from within the altar.

And the tall figure was standing in front of the altar, with his back turned to him, motionless.

As soon as he saw the altar, Qin Chuan clenched his fists in excitement.

There is indeed a sealing altar in this underground cave. If his guess is correct, the one who was sealed should be the head of the Teng family.

But who is the person in front? What was the purpose of this man entering the altar?

After hesitating for a while, Qin Chuan decided to step forward to see what happened...
