

God level 1851

Chapter 1851

When Qin Chuan walked only a hundred meters away from the altar, with the dim light, he could roughly see the back of the man in front of him and the appearance of the altar.

I saw the man in front of me wearing ragged clothes and a tall body. He was holding a broad-edged long sword in his right hand. The long sword was covered with dried blood. Overall, it gave people a very gloomy feeling.

Qin Chuan walked around the man again and looked at the altar ahead.

I saw a golden spiritual bead the size of a head floating in the sky above the altar, illuminating the altar brightly.

Apart from the color, the golden spirit bead was exactly the same in size and appearance as the fire spirit bead and water spirit bead he had seen before.

This golden spirit bead is the golden spirit bead among the Five Elements Spirit Beads.

Qin Chuan was more than a hundred meters away and could sense the majestic golden energy emitting from the spirit bead.

As soon as he saw this golden bead, Qin Chuan was 100% sure that the altar in front of him was sealed by the head of the Teng family.

And beneath the golden spirit bead is an altar engraved with runes.

A blue-gold boulder was suspended out of thin air above the altar, and eight demon-suppressing tablets were suspended around the boulder, slowly rotating around the boulder.

And on top of the suspended boulder, a dry corpse was tied up with iron chains, and there were seven blue long swords stuck in the corpse.

The corpse had a head of gray hair, and his head was hanging weakly at the moment, motionless, making his appearance unclear.

He should be the head of the Teng family.

Seeing the miserable appearance of the corpse, Qin Chuan couldn't help but think of his ancestors, and felt an inexplicable pain in his heart. At the same time, he felt a surge of hatred towards the mysterious mastermind behind the scenes.

But just as Qin Chuan was grieving, footsteps suddenly sounded again in the passage behind him.

Why is there a third person in this passage?

Hearing the sudden footsteps, Qin Chuan's expression changed slightly and he quickly looked behind him.

Not long after, a fat figure appeared at the end of the passage, staggering towards the altar.

At this moment, Qin Chuan happened to be in the middle of the passage. In front of him was the altar and the mysterious tall man, and behind him was the fat figure that suddenly appeared, sandwiching him in the middle of the passage.

When Qin Chuan saw that the situation was not good, he had nowhere to hide even if he wanted to.

The fat figure who appeared behind seemed to have seen Qin Chuan, and immediately stood there and paused for a while, then continued walking towards Qin Chuan.

Seeing the fat figure walking towards him, Qin Chuan had the light behind him, but could not see his appearance and expression clearly.

What made Qin Chuan a little strange was that the footsteps of the man behind him were not concealed at all, echoing in the empty and silent passage, making it extremely harsh.

The man standing in front of the altar must have heard it, but he was indifferent and stood there motionless.

This immediately made Qin Chuan suspicious, secretly thinking that the two people might know each other.

He also knew that he was likely to be discovered by the people in front of him, and it would be very disadvantageous to stand in the middle of the passage.

At that moment, he walked out of the passage gracefully and walked directly towards the altar.

When Qin Chuan walked to the altar and was only five meters away from the tall figure, he stopped.

And the man was also surprised that even though Qin Chuan was already so close to him, he still turned his back to Qin Chuan and remained motionless, which only made Qin Chuan even more confused.

"May I ask who you are? Qin

Chuan asked tentatively.

Finally, the man moved. His bones were as stiff as iron, and he slowly turned around.

But as soon as he saw the man's face clearly, Qin Chuan immediately opened his eyes in horror, and couldn't help but took a step back..

Chapter 1852

I saw that the face of the person opposite was ashen, and even some parts of the skin had rotted, exposing the bones inside, and his two eyes were emitting a faint light, which was not the look that humans should have.

Soon, Qin Chuan's eyes fell on the man's collar, which also had a collar badge indicating the identity of the leader of the Zhou family.

As soon as he saw this collar badge, an idea flashed in Qin Chuan's mind and he immediately figured it out.

It turned out that the man in front of him was the commander who disappeared in the passage more than ten years ago.

It stands to reason that he has not left the passage for more than ten years and should be dead long ago.

But now, he stood upright in front of him.

This can't help but surprise Qin Chuan

"I would like to ask you, are you a human or a ghost?"

Qin Chuan asked tentatively.

But the person opposite still didn't answer. A pair of eyes exuded a faint green light, which made Qin Chuan's heart tremble.

But at this moment, the fat man at the back of the passage also approached..

Qin Chuan finally saw the face of the man clearly through the light of the altar.

When he saw the face of the man clearly, he couldn't help but feel horrified and unbelievable.

It turned out that this fat man was not someone else. It was Captain Xu who was already dead, but Captain Xu was walking over with his eyes closed at this moment.

Seeing Captain Xu walking over, Qin Chuan took a step back, suppressed the fear in his heart, and remained silent.

He didn't understand. Since Captain Xu was dead, why did he walk into the altar by himself?

Finally, Captain Xu walked in, but he walked straight towards Qin Chuan.

Qin Chuan suddenly felt something was wrong, snorted coldly, and struck Xu directly with his sword. Captain.

Captain Xu immediately opened his eyes, flashed red, pulled out the sword from his waist and blocked the sword.

The two swords intersected, Captain Xu stood motionless, but Qin Chuan was shocked by the sword and stepped back four times. five steps

"How is this possible? Why did this guy's strength suddenly increase several times?"

Just when Qin Chuan was puzzled, the commander who had been standing aside finally took action.

He suddenly waved the long sword in his hand and slashed towards Qin Chuan's back.

The sword was actually tinged with dark green color. The flames, this is the customary attribute attack method of fourth-level fire warriors.

Seeing this sword coming, Qin Chuan was horrified. He turned around quickly and raised his two swords to block.

The three swords intersected, and he heard a continuous sound of ""Crack!" Two crisp sounds!

Qin Chuan's double swords were actually cut off by the commander's sword. The sword did not lose its force and continued to cut towards Qin Chuan.

Seeing that Qin Chuan was about to be cut into two pieces by the sword, At this critical moment, Qin Chuan yelled

"Fire elemental shield, condense!"

A fiery red light shield immediately appeared around Qin Chuan.

Bang! There was a loud noise!

The sword struck directly on the light shield.

Suddenly the light shield shattered and dissipated, and Qin Chuan was also blown away by the huge impact.

He was caught off guard. Under the attack, Qin Chuan was cut off by the opponent with both swords. If he hadn't activated the Fire Element Shield, he might have died on the spot.

Qin Chuan had no time to rejoice, and he broke out in a cold sweat.

Fortunately, the Fire Element Shield blocked the attack for him. In the aftermath, although he was hacked away, he was not injured.

At that moment, Qin Chuan hurriedly took out the ice and fire swords. Before he could transform,

Captain Xu and the commander attacked at the same time.

Captain Xu didn't I know why, after resurrecting from the dead, my strength has greatly increased, and it is no less than Qin Chuan. And the commander's strength is obviously much stronger than Qin Chuan.

Even if Qin Chuan uses transformation, he is not his opponent.

Now that the two of them join forces, Qin Chuan Chuanli was at a disadvantage and was surrounded by dangers.

At this critical moment, Qin Chuan suddenly turned his head and shouted anxiously to the mummy in the middle of the altar.

"Senior of the Teng family, I am Qing Tianqi, the thirty-seventh generation descendant of the Qing family. Please help me!"..

Chapter 1853

Hearing Qin Chuan's call, Captain Xu and the commander suddenly stopped.

"What? Are you a descendant of the Qing family?"

It was Captain Xu who asked the question.

"Who are you?"

Qin Chuan looked at Captain Xu across the way with suspicion.

But at this moment, the altar suddenly trembled violently. The corpse with its head hanging down seemed to be alive. It moved slightly and slowly. He slowly raised his head.

Seeing the corpse move, Qin Chuan's eyes suddenly showed joy. He knew that the leader of the Teng family had come to help him.

At the same time, a white shadow emerged from the head of Captain Xu on the opposite side and floated in the air..

This white shadow turned out to be the ghost old man Qin Chuan met before.

As soon as he saw the ghost appear, Qin Chuan immediately understood everything and sneered.

"hehe!! It turns out that you were possessing Captain Xu's body. I asked him why his strength suddenly became stronger. It turns out that you are more and more responsible!"

The ghost showed rare seriousness on his face and asked in a deep voice.

"You said you are a descendant of the Qing family? But why didn't I sense the Qinglong aura from you? Qin

Chuan frowned slightly, then sneered: "What?" You ghost have also heard of our Qing family? Then you should know that the person behind me is the head of the Teng family who was in the same spirit as our Qing family back then. snort! If Senior Teng takes action today, this ghost will be wiped out!"

Hearing this, the corner of the old man's ghost's mouth twitched slightly, and a strange look appeared on his face.

But at this moment, the sealed corpse in the altar slowly raised its head and actually spoke.

"Little baby, are you really a descendant of the Qing family?"

After hearing the question, Qin Chuan quickly turned around. When he saw the appearance of the corpse, he screamed in horror.

"why you?"

"This...what the hell is going on?"

Qin Chuan looked at the corpse with great horror, and then at the old man's ghost.

It turned out that the mummy and the old man's ghost looked exactly the same.

It was just that the mummy had lowered its head before, so Qin Chuan didn't see him. appearance

"Little baby, you don't need to panic, he is just a fragment of my soul."

After saying that, the head of the Teng family signaled to the ghost.

The ghost immediately floated to the altar and merged with the head of the Teng family.

After the two merged into one, an astonishing change immediately occurred.

The corpse was originally dry. His body became strangely plump and swollen, turning into a flesh-and-blood person in the blink of an eye. The appearance of the head of the Qing family also seemed to have become more than ten years younger.

From the appearance of an old man in his seventies or eighties, he became He looked in his fifties.

What was even more frightening was that he exuded an extremely terrifying aura.

At this moment, Qin Chuan could deeply feel that the old man could kill him with just one thought.

"Little baby, you are lucky. I was practicing at a critical moment and had no time to take action, so I only let a stray soul wandering outside to deal with you. Otherwise, you would have died a hundred times over!"

"Sacrifice? Wasn't Senior Teng sealed in the altar? How can I still perform sacrifices? Don't you...."

When he thought of this, Qin Chuan immediately felt that something was wrong. In the past, he had seen his ancestors, the head of the Bai family, and even senior Tuntian, all in a situation worse than death, and controlled by the altar, and seemed to be worried all the time. Being monitored.

But the person in front of him, although he was also trapped in the altar, was taking care of himself and had an attitude of being in control of the overall situation. He didn't seem to worry about being monitored.

This even made Qin Chuan doubt whether the person in front of him was really the head of the Teng family.

At this time, the head of the Teng family spoke again:"I am indeed the head of the Teng family, you don't have to doubt this. However, I also want to verify whether you are really a descendant of the Qing family."

After saying that, the man stretched out his hand to Qin Chuan grabbed the void.

Qin Chuan was suddenly unable to move and was sucked in by the head of the Teng family through the air.

Chapter 1854

The head of the Teng family grabbed Qin Chuan, and scratched Qin Chuan's neck with his sharp nails, and then a slender bloody mouth was made, and a drop of blood suddenly flowed out.

"This drop of blood indeed contains the aura of the blue dragon, good! good!! Ha ha!! Little Doll! You are indeed a descendant of the Qing family! It's just that the Azure Dragon True Blood in your body has not been activated yet, so I didn't notice it for a while."

Speaking of this, the head of the Teng family couldn't help but get excited, and took Qin Chuan to the altar.

"It's been more than a thousand years! After more than a thousand years, I finally met the descendants of our five tribes again."

Seeing his excited expression, Qin Chuan was convinced that the old man in front of him was the head of the Teng family. At that moment, he excitedly stepped forward and saluted: "Qing Tianqi, a descendant of the Qing family, pays homage to

Senior Teng!"

"good! good!"

The head of the Teng family showed a trace of love in his eyes.

"Little doll, how is the situation outside now? Are the descendants of our five tribes okay now?"

Hearing this, Qin Chuan suddenly felt an uncontrollable sadness in his heart, and told Teng Xiaoshan everything.

"What? How dare that kid Long Xing destroy the children of our four tribes?"

The head of the Teng family showed great anger on his face. After a while, his face showed sadness again, and he said sadly.

"Unexpectedly, I, Teng Xiaoshan, was sealed for a thousand years, and only to find out a thousand years later that my family has been destroyed. It is really sad! What's more, I didn't expect that I was the only one among the five who survived. Hearing this

, Qin Chuan asked in surprise: "Senior, do you mean that the other four family heads will not survive?"

"good! After that man captured the five of us, he used the soul-crushing technique to shatter our souls. Then he sealed us in the Demon-Sealing Altar and used our flesh and blood essence to feed the Five Elements Spirit Orbs."

"You have to know that ninth-level warriors have reached the realm of immortality in body, but they have not reached the realm of immortality in soul. Their souls were broken, and after another thousand years of torture, no one could save them."

After hearing this, Qin Chuan was shocked. He had been thinking about rescuing his ancestors after he reached the ninth level of cultivation, but he didn't expect this result.

"Then senior you...."

Teng Xiaoshan smiled bitterly and said: "I know you have doubts in your mind. In fact, among the five people at that time, I was the weakest, but I was the hardest to kill because my talent inheritance is - Soul Devouring"

"It's just that this talent inheritance is too insidious. Those of us Teng family members who have obtained this talent inheritance are not allowed to use it outside. Therefore, outsiders know that very few people in our Teng family have this talent inheritance."

"This soul-eating talent has two main functions. One is to devour the souls of others to repair your own soul. The other is to turn the soul of a dying person into your own soul slave. The big man next to you is My soul slave."

Qin Chuan knew that Teng Xiaoshan was talking about the commander, and now he understood the whole story.

Teng Xiaoshan continued: "Back then, like other old friends, I had my soul shattered by that man, and I left it here. Sealed in the altar for a thousand years"

"Originally, I thought I would die like this. But I didn't expect that more than ten years ago, a few people suddenly broke into the altar, and I used my talent inheritance - Soul Devouring to swallow their souls."

"Soon, more people broke in one after another, and I still swallowed them up, and turned the strongest one among them into my soul slave."

"In fact, at that time, I was still in a hazy state and ate it completely by instinct. However, after some devouring, the old man's broken soul regrouped and his consciousness fully awakened, and the old man began to refine the altar."

"This altar has been refined to one-tenth by me, and even the blood-sacrifice golden beads on my head can be controlled by me."

"When you guys broke in earlier, I was at the critical moment of refining and had no time to pay attention to you. If not, I may have killed your baby by mistake. You are lucky too!"

After hearing these words, Qin Chuan broke out in cold sweat inexplicably on his back..

Chapter 1855

He knew that what Teng Xiaoshan said was true.

Thinking of his ancestors of the Qing family, in such a situation, he could kill a fourth-level ferocious beast with just a raise of his hand.

This Teng Xiaoshan is the same as his ancestor, a ninth-level almighty, and Teng Xiaoshan has also re-condensed his soul, so he should be more terrifying than the ancestor he met at that time.

If Ruoteng Xiaoshan really wanted to kill him, it was definitely in a moment of thought.

Thinking of this, Qin Chuan couldn't help but secretly rejoice. If Teng Xiaoshan hadn't been refining the altar at a critical moment, he would have been killed inexplicably. That would have been an unjust death.

"By the way, senior, were you just saying that you were refining the altar?"

Qin Chuan suddenly thought of this amazing question

"good! Once I completely refine this altar, I will be able to get out. After I go out, I must settle the score with Long Xing, and then find out the identity of that person that day."

"Senior, don't you know who that person was back then?"

Teng Xiaoshan shook his head and said:"I don't know! The man looked very strange, but his cultivation had reached the ninth level of Great Perfection, and he had a divine weapon in his hand. I still can't figure it out, who is that person?"

"It stands to reason that there are very few ninth-level Dzogchen masters in Tianfeng Continent, and I basically know them all, but I don't know him, and I don't know where this mysterious ninth-level Dzogchen master came from."

"Senior, how can we find out the identity of that person?"

Teng Xiaoshan said:"To find out the identity of that person back then, we can start from three aspects. The first one is Long Xing, he should know something about it"

"The second one is the ninth-level master hiding in Fengyan City. I sensed his presence the last time he suddenly had a heavy snowfall. The other one is to find the Huayu Tower in Yuesheng Kingdom."

"Huayulou? Who is this person?"

"Although I didn't know the mysterious ninth-level Dzogchen master back then, I knew one of his five subordinates, and that person was Hua Yulou, the protector of the country in Yuesheng Kingdom.

Hearing this, Qin Chuan suddenly understood and asked:"Senior Teng, where is Yueshengguo?"

"Yuesheng Country is a small country on the border thousands of miles west of our Five Saints Kingdom."

Qin Chuan knew that the Five Holy Kingdoms mentioned by Teng Xiaoshan had now become the Dakun Kingdom. He also roughly knew the location of the Yuesheng Kingdom and silently remembered it in his mind.

"Senior, how long will it take for you to get out of trouble?"

"This depends on when I can refine the entire altar. According to the current progress, it will take at least sixty or seventy years. However, if a ninth-level master can help me, I can get out of trouble within a few years."

"It's a pity that among the five clans, only your Qing family has news. The children of the other four clans don't know if anyone is still alive in this world. And your Qing family doesn't even have an eighth-level master, so you can't help me!"

"In fact, according to my estimation, in more than a hundred years, all the Five Elements Spiritual Beads will be refined. At that time, the person will definitely reappear and take away these five spirit beads. Therefore, I must refine them within this hundred years. After completing the entire refining process, there is also this golden spiritual bead on top of the head."

"Although I don't know why that person wanted to raise the Five Elements Spirit Pearl, I can be sure that he must be doing something very amazing."

"As long as I can refine the entire altar, break out of the trap, and then take away the golden spirit bead above my head. If one of the Five Elements Spirit Orbs is missing, the person's plan will not be completed. I can have his thousand years of hard work ruined in one day."

Speaking of this, Teng Xiaoshan showed a trace of hatred on his face.

Qin Chuan also said: "Senior is exactly what he said. As long as the Five Elements Spirit Pearl he sacrifices is missing one and the Five Elements are incomplete, he will definitely not be able to accomplish what he planned."

Chapter 1856

Qin Chuan also said: "Senior is exactly what he said. As long as the Five Elements Spirit Pearl he sacrificed is missing one and the five elements are incomplete, he will definitely not be able to accomplish what he planned."

Qin Chuan also said: "Senior is exactly what he said. As long as one of the Five Elements Spirit Pearls he sacrifices is missing and the Five Elements are incomplete, he will definitely not be able to accomplish what he planned."

At this time, Teng Xiaoshan suddenly said: "Little baby, I know that you bear the heavy responsibility of reviving your Qing family. , one year later, we will go deep into the Zhou family's forbidden area to recapture the Green Dragon Pearl. It's a pity that I am trapped, otherwise why would it be so troublesome to recapture the Green Dragon Pearl?"

"However, now all this can only be done according to your own plan. From what you just told me, I also know that the despicable junior named Zhou is now an eighth-level master."

"It must be extremely dangerous for you to go to their Zhou family's forbidden area. Since you are a child of our five tribes, and you and I meet here again, I will give you a good fortune, so that it will be less dangerous for you to enter the Zhou family's forbidden area in the future."

"The senior wants to give the junior a good fortune? Qin

Chuan asked slightly excitedly

"good! I see that among your fellow practitioners in the four majors, only the earth major has the worst qualifications. I can use the true energy of my life to improve your earth element qualifications and raise your qualifications to another level."

After hearing this, Qin Chuan was overjoyed. He also knew that the true essence that Teng Xiaoshan said could only be cultivated by ninth-level masters, and it could not be cultivated below the ninth level.

At that moment, Qin Chuan asked excitedly: "Senior, Can you really improve the earth element qualifications of your juniors?"

"certainly! However, I can only raise your earth qualifications to another level. How far you can cultivate in the future depends on your own destiny. Although he could only be promoted to the

upper-level qualifications, Qin Chuan was already very satisfied and said gratefully: "Thank you, senior!"

"Little baby, I am also very pressed for time now, let's start now! Are you ready?"

"Seniors and juniors are ready!"

"good!"

When Teng Xiaoshan made a move with his big hand, Qin Chuan couldn't help but fly in front of him.

At this time, Teng Xiaoshan stretched out a hand and pressed it on Qin Chuan's Tianling, and whispered:

"Little baby, close your eyes, absorb and refine with your heart, I want to input the true energy to improve your qualifications."

At that moment, Qin Chuan followed Teng Xiaoshan's instructions and closed his eyes.

After a while, Teng Xiaoshan input a stream of earth element essence into him and poured it directly into his body.

Qin Chuan's whole body suddenly exuded dazzling energy. There was a yellow light, and a yellow halo lit up behind his head.

Looking from a distance, it was like a god coming to the world.

At this moment, Qin Chuan felt like his whole body was soaked in a warm water tank, very comfortable, and there seemed to be something around him. Countless yellow star points surrounded him.

Qin Chuan excitedly absorbed the yellow star points around him. Every time he absorbed a little bit, he felt extremely happy in his heart.

Unknowingly, Qin Chuan was immersed in this joy, He fell asleep comfortably. He slept for seven whole days.

When Qin Chuan woke up again, what caught his eye was Teng Xiaoshan's haggard face.

"Ha ha!! Little baby, you finally woke up! In order to improve your qualifications, it took me hundreds of years of effort!"

Seeing Teng Xiaoshan's haggard look, his complexion was much worse than the first time he saw him. Qin Chuan knew that what he said was true, and he was extremely grateful.

"Junior, thank you senior for your help!"

At the same time, Qin Chuan also secretly checked, and soon he was pleasantly surprised to find that he absorbed the earth energy from heaven and earth several times faster than before.

"Very good! As expected, my soil qualifications have become superior qualifications."

Moreover, Qin Chuan also found that not only his earth element qualifications had been improved, but his earth element cultivation level had also been greatly improved.

Now, his earth element energy has broken through to the second level in one fell swoop, even though it is far away from the second level peak. Not far off, this is definitely a huge gain...

Chapter 1857

Now, Qin Chuan's soil qualification has been upgraded to an advanced qualification. This is the biggest surprise.

At this time, Teng Xiaoshan on the side said again:"My child, you have been here for a long time, it is time to leave. After you go out, if you can successfully recapture the Green Dragon Pearl, let your Qing family start looking for the children of the other four tribes."

"Since your Qing family has children alive, I believe that the other four clans should also have children alive in this world. If the five clans can reunite, their strength will be even stronger. Your Qing family alone will be a little helpless."

"Seniors and juniors know it. The younger generation will definitely bring the senior's meaning back to the elders in the clan!"

"good!"

Teng Qingshan nodded slightly and suddenly waved his hand. A palm-sized token flew out of his hand and fell into Qin Chuan's hand.

"This token is the Snake Order worn by successive heads of our Teng family. Whenever I, a descendant of the Teng family, see this order, it will be like seeing the head of the family."

"It also has a special function. If a mortal is approached by a member of the Teng family, it will react subtly. If you go out with this order, it will be of great help in finding the descendants of my Teng family. Qin

Chuan respectfully took the 'Teng She Order' and said, "Senior, don't worry, I will definitely give this order to the elders of the clan and ask them to help find members of the Teng family.""

Teng Xiaoshan smiled and nodded: "Okay! good! This is what I asked your Qing family to do for me."

"You're welcome, senior! This is what juniors should do"

"By the way, kid, there is one more thing I want to tell you. You are a soul mutant, and your soul power is much stronger than that of ordinary people. If you can cultivate to the ninth level, it will be of great benefit to you."

"Is there a big benefit? What's the benefit? Qin

Chuan asked in surprise

"As far as I know, the strength of this soul power has no effect on warriors below the ninth level, but it has a great effect on warriors above the ninth level."

"Because the stronger the soul power, the greater the chance of advancing to the ninth level of Dzogchen."

"I see that your wood qualifications have reached the level of genius. If you enter the 'Hualong Pond' again to awaken, your wood qualifications should be upgraded to pseudo-spiritual qualifications. In this way, you should have a 10% chance of absorbing the wood energy into it. level to level nine"

"If you can advance to the ninth level, your achievements may surpass those of your ancestor Qing Wushen."

"The seniors have received the award, but the juniors dare not accept it!"

"Of course, all this depends on whether you can advance to the ninth level in your lifetime, otherwise everything is empty talk, so you must work hard!"

"The juniors will keep this in mind!"

"good! Go ahead, kid! By the way, I almost forgot. You go east along the passage in front, about seven or eight miles, there may be a treasure there."

"Because I recently sensed that there was a sudden strong fluctuation of gold energy there, and the fluctuation of energy is getting more intense day by day. Maybe some gold treasure is about to be born. You might as well go and try your luck."

Hearing this, Qin Chuan's eyes lit up and he said happily

"Thank you for telling me, senior. I will go and try my luck now!"

At that moment, Qin Chuan said goodbye to Teng Xiaoshan and walked east along the passage.

However, Qin Chuan was thinking while walking, and suddenly an idea flashed in his mind, and a question came to his mind.

"The direction that the senior pointed out to me just now, calculated from calculation, isn't it exactly the location of the new mineral vein? No wonder ferocious beasts frequently appear to attack mining areas during this period."

"It seems that those ferocious beasts are much more sensitive to treasures than humans. They attack the mining area for the treasures below the mining area. I don't know if this passage can lead directly to the underground of the new mining area. If it can go there, I will have a chance to get the unknown treasure."

Thinking of this, Qinchuan no longer hesitated and walked along the passage to the underground of the new mining area..

Chapter 1858

At the same time, the new mining area guards the camp.

Commander Wei is sitting on a chair in the center of the barracks hall. Opposite him are several guard captains.

"How about it? Is there no news yet about Captain Xu and that Qin Chuan?"

Commander Wei impatiently asked a guard captain below.

"Report to the commander that his subordinates have sent people to search within ten miles of the mining area, but no trace of Captain Xu and Qin Chuan has been found. I don't know where these two people went."

"However, the subordinates suspected that they might have entered the savage forest and were accidentally captured by the savages there. If this was the case, I am afraid that the two of them would only be in bad luck. Commander Wei frowned slightly and said noncommittally: "Never mind that, ferocious beasts have frequently attacked the mining area during this period, and many people have been injured or killed. You need to strengthen defense work.""

"yes! Commander!"

Since Commander Wei brought three teams of guards to the mining area to support him three days ago, he has known about the inexplicable disappearance of Captain Xu and Qin Chuan.

In fact, Commander Wei still knows a little bit about the inexplicable disappearance of the two men. At this moment, He strongly suspected that after Captain Xu killed Qin Chuan, he couldn't resist his curiosity and went into the passage to explore, but he never went back.

Commander Wei actually didn't care much about Captain Xu's disappearance. It's a little regretful.

After all, Captain Xu is one of his most loyal subordinates.

However, if Captain Xu really disappears, then no one will know that Qin Chuan's disappearance was caused by him. I'm afraid he is the only one in the world. One person knows

"By the way, Captain Criminal, how is the digging of that mine going now?"

Commander Wei suddenly asked the captain of the criminal team behind him.

This time he led troops to support the protection of the mining area, including the captain of the criminal team and deputy captain Wei.

"Report to the commander, I am ordering people to work quickly. We are not far from the place where the spiritual source fluctuates!"

"good! You continue to speed up the process. I think everyone should know the reason why the beast attacked the mining area this time, right? In the past two days, there has been a sudden surge of gold energy under the mining area. It is very likely that some gold-type treasure has been born underground."

"Moreover, this rare treasure is very valuable to ferocious beasts, so many ferocious beasts come to attack our mining area."

As soon as Commander Wei finished speaking, a guard captain said doubtfully.

"Commander, my subordinates don't understand a bit. If the exotic treasure is a gold-type exotic treasure, why are not all the ferocious beasts that attacked the mining area this time are gold-type ferocious beasts, but there are also ferocious beasts of other types?"

Commander Wei pondered for a while and said

"What you asked is exactly the doubt in my heart. But one thing is undeniable. There must be a treasure under the ground. Judging from the fluctuations in vitality, it is likely to be of the gold type. If we open up the mine and find the location of the spiritual source, we will definitely find the rare treasure."

"This time, I will trouble you five captains to guard the mining area to defend against the invading beasts. Captain Xing and I went down to the mine to look for the rare treasure. If we can successfully find that rare treasure, it will be a great achievement. When the time comes, the Zhou family will not lose our benefits. I hope everyone will work together!"

"yes! Commander, we will definitely do our best!"

"good! Then go down! Captain Xing, you should also speed up the progress. Don't delay for too long to avoid unnecessary variables."

"yes! This subordinate is going now!"

After everyone in the hall had left, Deputy Wei, who had been standing quietly aside, stepped forward and said, "Brother, what kind of rare treasure do you think there is under the ground?"

Commander Wei glanced at him lightly and said, "I didn't see it, so how do I know?"

"hehe!! By the way, brother, why did Qin Chuan suddenly disappear?"

"You ask me, who should I ask?" Commander Wei glared at him angrily.

"What are you doing here? Why don't you go help the criminal captain to monitor the progress so that you can dig out the tunnel and find the rare treasure as soon as possible?"

"All right! I'll go right away!"

Vice Captain Wei had no choice but to retire.

After Deputy Wei left, Commander Wei sat on a chair in the hall, thoughtfully..

Chapter 1859

On the other side, Qin Chuan walked along the underground passage towards the new mining area.

The caves in this underground mining area are intricate and naturally formed.

What made Qin Chuan a little strange was that there were many finger-long cracks on the ground.

Looking through the crack, I can only see the darkness inside, and I can't see much, but I can feel the cold wind blowing up from the crack.

"How come there is wind blowing up from this gap? Is it empty down there?"

Thinking of this, Qin Chuan stamped the ground a few times with his feet, but there were no empty memories. It seemed that his feet were solid.

Qin Chuan thought to himself, is it rare that he guessed wrong? The feet under his feet were not empty.

Or maybe it was the ground under his feet. The layer was too thick.

Qin Chuan did not stay on this issue for a long time and continued to move forward.

But as he moved forward, there were more and more cracks in the passage, the gaps became larger and larger, and the forks became more and more obvious. The more.

However, Qin Chuan also sensed a strong fluctuation of Jin Yuan force coming from the front.

"It seems this is the direction!"

A hint of joy flashed across Qin Chuan's eyes and he continued to walk forward.

At the same time, in the mines in the new mining area, dozens of miners were digging enthusiastically in one direction.

That direction was exactly the direction from which the fluctuations of Jin Yuanqi came..

Captain Xing and Deputy Captain Wei led several guards to supervise.

"Captain Xing, what kind of treasure do you think is under the ground? How could it cause such a big fluctuation in vitality?"

"I don't know this either! However, looking at the situation, this thing is not an ordinary treasure!"

"yes! If we can find it, it will definitely be a great achievement"

"That's true"

"By the way, I didn't expect that little bastard Qin Chuan to suddenly disappear. I didn't expect it to end well. This was an unexpected surprise!"

Vice Captain Wei couldn't help but smile proudly.

"hehe!! yes! I've long been disgusted with that kid. I just couldn't find a chance to teach him a lesson, but I didn't want him to disappear inexplicably."

Captain Xing also showed a look of gloating, but he was very confused about Captain Xu's disappearance. He vaguely felt that it must be related to Commander Wei, but he didn't dare to say it in front of Deputy Wei.

As the two chatted. At that moment, there was suddenly a cry of surprise from the front

"pass! pass! There is actually a passage below."

Hearing the shout from the front, Captain Xing and Deputy Wei both showed a hint of surprise and hurriedly walked over to watch.

"Huh! There is indeed a passage below. What a strong fluctuation of gold energy! It all seems to be coming from this passage!"

Vice Captain Wei saw a look of surprise on his face when he saw the cave entrance ahead.

"If my prediction is correct, the treasure should be in the passage below. As long as we enter this passage, we will definitely find the treasure."

Having said this, the criminal captain couldn't help but get excited and quickly ordered:

"You guys should dig a bigger entrance to this passage. And you, hurry up and inform the commander."

Captain Xing ordered another guard to inform Commander Wei.

Soon, the entrance to the passage was dug out the size of a person.

Looking at the entrance and feeling the majestic golden energy pouring out of it, Captain Xing slightly turned his eyes. , whispered to Captain Wei next to him

"Vice Captain Wei, why don't we two go in first to check it out?"

A glimmer of greed flashed in Captain Wei's eyes, and he said knowingly:"Okay!"

The two of them are thinking about going in first to take advantage.

Because no one knows what kind of rare treasure is underneath? If it is a rare treasure that can be hidden, they don't mind getting some sweetness first..

Chapter 1860

Because no one knows what kind of rare treasure is underneath? If it's a rare treasure that can be hidden, the two of them don't mind getting some sweet spots first.

In fact, the reason why the criminal captain called Deputy Wei was because Deputy Wei was the younger brother of Commander Wei. Even if Commander Wei wanted to punish him, he would also punish his younger brother.

He did this just to use Captain Wei as a shield.

Immediately, the criminal captain asked several guards to guard the entrance, and he and Deputy Wei entered the passage.

The two of them went in and made an appointment for a cup of tea. Commander Wei came over after hearing the news.

"Huh! Where are Captain Xing and Deputy Wei?"

A guard stepped forward tremblingly and said: "Report to the commander, Captain Xing and Deputy Wei have entered the passage."

"snort! These two are really 'smart'!"

Commander Wei snorted coldly, with a trace of anger flashing in his eyes.

"You all guard the entrance. I will go in first to investigate. No one is allowed to enter without my order!"

"yes! Lord Commander!"

The guards immediately bowed their heads and accepted the order.

At that moment, Commander Wei was alone and ducked into the passage.

But on the other side, Qin Chuan was walking in the intricate passage.

He detoured around many bends and finally sensed what was ahead. The majestic fluctuations of vitality, according to his judgment, should have reached the underground of the new mining area at this moment.

"What a strong fluctuation of gold energy! The treasure should be right ahead!"

When he thought of the unseen treasure, Qin Chuan suddenly became curious.

"Looking at the fluctuating formation of vitality, this treasure may have a great future! Huh! There is light there!"

Qin Chuan suddenly saw a ball of golden light in front of him and walked over quickly.

When Qin Chuan walked to the light source, his mouth suddenly opened in surprise.

He saw that the cave in front was like a hall, very open. In the center of the hall On the ground, there is a huge hole, with a diameter of at least fifty or sixty meters wide.

And above the hole is suspended a huge golden egg, which is as big as two watermelons.

Qin Chuan saw it before The golden light is emanating from this golden egg.

At this moment, all the surrounding golden energy is gathered around the golden egg, and the rich golden energy actually turns into a golden mist, surrounding the golden egg.

There seems to be life in the golden egg It was like being pregnant.

With his amazing hearing, Qin Chuan could vaguely hear the heartbeat sound of "Plop! Plop!" inside the egg.

With the heartbeat of the little life inside the golden egg, the surrounding golden energy also vibrated regularly, which caused fluctuations in the golden energy between heaven and earth.

It turned out that the strange treasure to be born here was actually this golden egg.

Those fluctuations in golden energy were also caused by this golden egg.

It seems that this golden egg gave birth to a Gold spiritual beast. Hey! Eight haloes! That's not...

Qin Chuan opened his eyes wide with excitement, and the excitement on his face could not be concealed.

He saw eight faint lights emitting around the golden egg Wow, this means that the little life inside the golden egg is the cub of the eighth-level ferocious beast.

Unexpectedly, it is the cub of the eighth-level ferocious beast. No wonder so many ferocious beasts attack the mining area. If it can swallow up the eighth-level ferocious beast, The eggs of ferocious beasts, those low-level ferocious beasts can increase the chance of advancement.

However, if he can accept this eighth-level ferocious beast as a pet, wouldn't his strength be greatly increased in the future!

Thinking of this, Qin Chuan couldn't help but Get excited.

Generally speaking, if you want to accept a ferocious beast as a pet, you must hatch the little ferocious beast yourself before the ferocious beast hatches.

Because ferocious beasts have a habit of always looking at the first sight after birth. Those who arrive are regarded as their blood relatives.

In addition, it is difficult to accept those ferocious beasts as pets. It is difficult for people to get along with ferocious beasts, so there must be a prerequisite for accepting a ferocious beast as a pet. , the premise is to find the egg of a ferocious beast.

However, no matter what ferocious beast it is, the eggs it lays are as precious as life. Even if they die together, they will not let humans touch their eggs.

Therefore, It is very difficult to find an egg of a ferocious beast, and it is even more difficult to find an egg of a high-level ferocious beast.

For example, if you want to find an egg of an eighth-level ferocious beast, you must defeat an eighth-level ferocious beast, or It may be two eighth-level ferocious beasts. Who knows if these couple beasts will live together?

Generally speaking, an eighth-level ferocious beast's egg can be auctioned for tens of billions of gold coins, and it is still valuable but not marketable..
