

God level 1861

Chapter 1861

Generally speaking, an egg of an eighth-level ferocious beast can be auctioned for tens of billions of gold coins, and it is still valuable but not marketable.

As for the eggs of the ninth-level ferocious beast, there is no need to think about it. Who can defeat the ninth-level ferocious beast?

Moreover, ninth-level ferocious beasts are extremely rare in this world.

And they also have the same intelligence as humans. No one dares to offend them, otherwise they will face extremely terrible revenge.

Therefore, the most powerful pet you can get in this world is the eighth-level ferocious beast.

Even for Qing Wushen, the head of the Qing family back then, the natal psychic beast he got first, 'Swallowing Heaven', was originally an eighth-level beast. After experiencing various adventures, it advanced to a ninth-level beast.

Generally speaking, in Dakun Country, as long as a family has an eighth-level warrior, the family can have the status and respect it deserves to become a big family.

If a family does not have an eighth-level warrior, but has an eighth-level ferocious beast pet, this family can also obtain the same status as a big family. Although it will be slightly worse, it is still the same.

This also fully illustrates the status of an eighth-level pet.

However, it usually takes hundreds of years for an eighth-level ferocious beast to produce an egg, and then more than a hundred years of incubation before a new life can be born.

Under normal circumstances, the hatched little ferocious beast needs to grow for more than hundreds of years before it can finally become an eighth-level ferocious beast. This is a very long process.

Therefore, it is not that easy to get an eighth-level pet to become a clan beast.

Moreover, after the person who recognizes the owner dies, the pet will leave on its own initiative, and its loyalty is also limited.

But no matter what, Qin Chuan now has a good opportunity to get an eighth-level ferocious beast as a pet.

Maybe he could use this beast as his own psychic beast in the future.

The way wood warriors obtain their natal psychic beasts is different from the way they obtain pets.

The relationship between the two is also different.

Pets are purely dependent on the emotions between the two, and the relationship may not be very strong. Pet betrayal also happens from time to time.

The natal psychic beast is a life-and-death relationship, and the two complement each other.

Looking at it like this, this eighth-level cub seems to be hatching soon. This is a good opportunity!

Qin Chuan stepped forward excitedly, but he immediately calmed down and looked around to see if there were any eighth-level ferocious beasts guarding him. If there were indeed eighth-level ferocious beasts guarding him, he would still decisively choose to give up.

Although the temptation of eighth-level pets is great, after all, life is the most important thing.

However, Qin Chuan soon discovered that there were no eighth-level ferocious beasts guarding him at all, which made him greatly surprised and overjoyed at the same time.

Since there are no eighth-level ferocious beasts to guard you, this is a once-in-a-lifetime opportunity!

It's just that Qin Chuan doesn't understand why this golden egg automatically floats into the air. It's so strange!

No matter what, I'd better get this golden egg first, so as not to cause trouble over time.

Thinking of this, Qin Chuan walked towards the hole and looked at the hole under his feet.

With the help of the golden light emitted by the golden egg, Qin Chuan could vaguely see that the hole under his feet was like an abyss with no bottom.

But the golden egg happened to be suspended in the center of the pit.

Qin Chuan made a visual inspection and found that the golden egg was nearly thirty meters away from him. It would be difficult for him to get the golden egg.

With Qin Chuan's current strength, he can jump over forty to fifty meters wide in one leap, but this hole is more than sixty meters wide, and he cannot jump to the opposite side by himself.

"This is how to do ah? He couldn't reach the golden egg, so how could he get it? I have to think of a way. By the way, let's try how deep the hole is first."

Thinking of this, Qin Chuan grabbed a stone and threw it down.

After a full cup of tea, Qin Chuan heard the echo of the stone falling to the ground..

Chapter 1862

Thinking of this, Qin Chuan grabbed a stone and threw it down.

It took a full cup of tea before Qin Chuan heard the echo of the stone falling to the ground.

Qin Chuan couldn't help but secretly sighed and muttered in a low voice.

"There is indeed an abyss beneath this cave! From what I heard, it was at least nearly 10,000 meters deep. If I fell down, I would probably lose nothing. It seems that I have to be careful."

At that moment, Qin Chuan lowered his head and began to think deeply.

Suddenly, his eyes twitched, and he looked at the bottom of the hole in surprise. He made an astonishing discovery.

Hey! It turns out that the ground under his feet is hollow.

It's just that the ground is too thick. , I just didn't notice it before.

No wonder there were many cracks on the ground along the way.

There was a dark wind blowing up from under the cracks.

It seems that there is a very vast underground world under the ground, but this underground world is too deep. Come on!

Forget it, regardless of this, he should find a way to get the golden egg first, right?

Thinking of this, Qin Chuan began to think deeply again

"Huh! By the way, I have the hook rope I prepared before in the space of my God of War Order. I wonder if I can use it!"

At that moment, Qin Chuan took out a bundle of thick ropes from the War God's Order space, with an iron hook tied to one end of the rope. It was originally used to climb high places.

At this time, Qin Chuan thought of an idea, and he tied one end of the rope. He grabbed a noose and grabbed the other end.

Then he used the noose to set the golden egg.

After trying it a few times, it was not accurate enough, and every time it was just a little short of the mark.

Just when Qin Chuan was about to try again, he suddenly stopped. He moved and listened carefully. He heard footsteps coming from the other end of the passage.

"It seems like someone is coming, who could it be? Qin

Chuan pondered for a while, then ducked into the darkness. He knew that he couldn't get the golden egg yet, so he might as well hide it first and see who it was.

Not long after, two people walked out of the opposite passage. Figures.

Seeing these two figures, Qin Chuan's pupils shrank slightly.

Because these two figures were very familiar to him, they were Captain Xing and Deputy Captain Wei.

"look! There is light ahead!"

"yes! Let's hurry over and take a look to see what kind of rare treasure it is!"

The excited voices of the two people came from the front.

After a while, the two people arrived at the edge of the pit.

When they saw the golden egg suspended in the center of the pit, both of them looked extremely surprised.

"Oh my God! This...this is actually the egg of an eighth-level ferocious beast."

The captain's lips trembled with excitement.

"yes! Unexpectedly, it turned out to be the egg of an eighth-level ferocious beast. It looks like it is about to hatch. We must get this egg quickly. If you wait for it to hatch, it will not be able to recognize its owner."

Vice Captain Wei's eyes also showed a fiery light.

"How to do it! This egg is too far away from us."

The criminal captain shook his head helplessly.

"What should we do?"

The criminal captain hesitated for a while before deciding.

"Otherwise, you can keep watch here while I go back and report the situation here to the commander and see if the commander can do anything."

Having said this, Captain Xing felt very distressed, but he had to do this.

The discovery of an eighth-level pet egg is a very important matter, and the Zhou family must take it very seriously.

Because an eighth-level pet, after hundreds of years of cultivation, That is an eighth-level master.

By then, the strength of the Zhou family will be doubled.

Such a valuable treasure cannot be afforded by a small person like him.

In this case, it is better to honestly explain to the superiors in exchange for some credit.

"All right! Then you go and come back quickly, I will be here to guard you."

Vice Captain Wei was silent for a while, and then agreed with Captain Xing's approach.

"good! Then you should be careful."

After saying that, the criminal captain turned to leave.

Qin Chuan, who was hiding in the dark and saw that he was going back to find someone, felt bad at the moment.

He could not let the other party find more people.

If so, he would get this golden egg He couldn't get it, so he had to prevent the other party from going back.

Thinking of this, Qin Chuan walked out of the shadows generously, crossed his hands on his chest, and shouted

"Hello! What are you two doing?"..

Chapter 1863

Suddenly seeing a person emerging from the passage, both the criminal captains were startled.

When they saw clearly that this person was Qin Chuan, both of them looked surprised and were stunned on the spot.

In the end, it was the criminal captain who reacted first and asked with a fake smile.

"hehe!! It turns out to be you! Qin Chuan, we heard that you have been missing for several days, but we didn't expect you to appear here. Strange, why are you here?"

"This! It's a long story. That day, Captain Xu took me to the underground passage in the old mining area. He said there was a treasure in the passage and asked me to go find it with him."

"The kid went in with him, and then we got separated after looking for him."

"I also got lost in the passage. But I didn't expect to see the light here today, and found out that there was indeed a treasure here, and it was an eighth-level ferocious beast egg. It seems that Captain Xu really didn't lie to the boy."

"It just made the boy a little surprised. He didn't expect to meet Captain Xing and Deputy Wei here. If they can come here, they must know that there is an exit there?"

Qin Chuan said as he walked around the pit and walked to the other side of the pit, approaching the two of them intentionally or unintentionally.

After hearing Qin Chuan's words, seven points were false and three points were true, both Captain Criminal and Deputy Wei showed suspicion on their faces. However, they couldn't find any loopholes.

They had all heard about the legend of the underground passage in the old mine. Captain Xu was stationed in the mining area all year round, so they knew it better. Logically speaking, it was impossible for Captain Xu to enter the passage.

But it is not ruled out that Captain Xu deceived Qin Chuan into the passage in order to assassinate him. Something happened in the middle and the two were separated in the passage.

This seems to explain why the two disappeared at the same time.

Thinking of it Here, the two captains seemed to think that they had guessed something right, but they also seemed to think that something was wrong.

Seeing the suspicious and thoughtful expressions of these two people, Qin Chuan snickered secretly in his heart.

He didn't notice either, Now he has become a master of deception, and he can make the other two follow his ideas in just a few words.

"By the way, have you two seen Captain Xu? He and I have been separated for several days, and I don't know where he is in this passage? Qin

Chuan threw another smoke bomb.

The deputy Wei was stunned, shook his head stupidly and said, "I didn't see it!"

"Didn't you see it? Why! I don't know how Captain Xu is doing now?"

Qin Chuan pretended to be worried.

At this moment, Qin Chuan was less than five meters away from the two of them.

But at this moment, Deputy Wei suddenly whispered into the ear of the criminal captain.

"Captain Criminal, how credible do you think this guy's words are?"

The criminal captain narrowed his eyes slightly and was silent for a while. He also whispered to Deputy Wei for a moment.

"Vice Captain Wei, no matter whether his words are true or not, this little bastard is not a good thing. We can't keep him. How about this, when this little bastard comes over, we push him into the hole in front of him while he's not paying attention, and let him fall to pieces."

"Anyway, everyone in the entire mining area thought he was missing. If we killed him, no one would suspect us."

Speaking of this, a trace of viciousness flashed across the eyes of the criminal captain.

After hearing this, Deputy Wei's eyes suddenly lit up and he nodded immediately, obviously agreeing with the criminal captain's idea.

He has always been jealous of Qin Chuan, He wished that the boy in front of him would die soon.

But Qin Chuan, who was opposite him, with his hearing, naturally heard the conspiracy of the two clearly in his ears.

He sneered in his heart at the moment

"Well, you criminal captain, before I had time to settle the old score with you about the last time you assassinated me, you tried to harm me again this time. It just so happens that the new accounts and the old accounts are settled together, and you will be buried here today."

"And this Vice Captain Wei is not a good person either. Since you two want to harm me, I will send you on the road together!"

Thinking of this, Qin Chuan's eyes flashed with murderous intent...

Chapter 1864

In fact, Qin Chuan said so much nonsense just to stabilize the two people first, and then walk over from the other side of the pit to approach them.

After all, there was a big hole between the three of them before. If they attacked from the beginning, something strange would inevitably happen.

Now, Qin Chuan was only a few meters away from the two of them, and his heart suddenly felt at ease. The two of them could no longer escape his grasp.

Thinking of this, Qin Chuan asked with a half-smile, "What are you two mumbling about?"

"Ha ha!! Qin Chuan, we were just discussing how to divide the credit for discovering such an important rare treasure? Do you think the three of us discovered it at the same time?"

The criminal captain laughed and walked forward.

Qin Chuan smiled and said: "What do you think?"

"This is indeed a bit of a headache, if you ask me... Hey! What do you see there?"

The criminal captain suddenly pretended to have discovered something, pointed to the depths of the pothole, and opened his eyes wide.

Qin Chuan sneered in his heart, and followed his intention, and turned his head deliberately.

As soon as he turned his head, the criminal captain immediately Revealing a ferocious face, he shouted viciously

"Little bastard, get down here!"

Captain Xing suddenly took action and slapped Qin Chuan on the back with a swift and violent palm, hoping to push Qin Chuan down the abyss.

Vice Captain Wei on the side also stabbed Qin Chuan in the lower abdomen with his sword.

The two of them attacked at the same time.

"roll!"

Qin Chuan was on guard for a long time, and suddenly turned around to meet him with a palm.

The two palms met!

Captain Xing screamed, spurted out a large mouthful of blood, and flew backwards.

At the same time, Captain Wei's attack also arrived.

Qin Chuan's eyes were filled with surprise. Showing a trace of disdain, he raised his right hand, and with his fingers like lightning, he clamped Captain Wei's sword with two fingers. With a little force, he broke the sword with a 'dang' sound, and then thrust it forward.

‘Phew! ‘Sound! , the half-severed sword pierced into Deputy Wei's throat like lightning.

"You..."

Deputy Wei opened his eyes wide in horror. Until his death, he did not understand how Qin Chuan's strength suddenly became so strong.

However, Qin Chuan killed Deputy Wei in one move and immediately chased after him. Go to the direction where the execution captain landed.

He pulled out the flaming sword on his back and stabbed forward with the sword.

The execution captain just fell from the air, but was pierced through the heart by Qin Chuan's sword.

The execution captain was completely dead. Before he died, there was still a look of disbelief on his face.

Qin Chuan quickly put away the flaming sword, glanced at the corpse of the criminal captain, and said coldly

"When you assassinated me, a sword penetrated my heart. I guess you didn't expect that retribution would come so quickly, right?"

Thinking of this, Qin Chuan hurriedly searched the two bodies.

Not long after, Qin Chuan found more than 10,000 gold coins from these two people.

With these more than 10,000 gold coins, Qin Chuan had almost the same amount of money. There were 120,000 gold coins.

Later, Qin Chuan found a water element martial arts jade token from Captain Xing's body, Water Element Shield.

This surprised him a bit. After all, Captain Xing was a fire element warrior, but he didn't expect that he actually had a water element. A jade medal for transmitting martial arts skills.

This water element shield is the same as the fire element shield, which is a subordinate defensive martial art.

After getting this water element shield, Qin Chuan is still in a good mood. He is a fourth-line warrior, so he can still learn this water element shield..

If during the battle, he activates two defensive light shields at the same time, the defense will be enhanced a little more, and his combat power will also be slightly improved.

However, what surprised Qin Chuan the most was that he actually came from Team Wei A fire jade lotus seed was found on the deputy's body.

"This...isn't this Fire Jade Lotus Seed?"

Qin Chuan excitedly looked at the fiery red lotus seeds in his hands.

I heard that the fire jade lotus seeds can make the second-level fire system Dzogchen warriors feel a trace of the artistic conception of fire. There is a 5% chance that the second-level fire system Dzogchen warriors will be able to The Perfect Warrior has broken through to the third level.

I wonder if he can make his fire energy break through to the third level after taking this Fire Jade Lotus Seed?

But even if he can't break through, as long as he feels the artistic conception of fire once, it will be greatly shortened. It will be time for him to make a breakthrough later.

This Fire Jade Lotus Seed is exactly what Qin Chuan needs most right now..

Chapter 1865

This Fire Jade Lotus Seed is exactly what Qin Chuan needs most right now.

Under normal circumstances, with Qin Chuan's genius and qualifications, it would take two or three years to break through from the second level of Dzogchen to the third level.

Now that he has this fire jade lotus seed, he finally has a little confidence in breaking through the fire energy to the third level within a year.

In fact, the Fire Jade Lotus Seeds were given to Deputy Wei by Commander Wei. Before he could take them, Deputy Wei unexpectedly gave Qin Chuan an advantage.

Qin Chuan hurriedly put these things into the space of the God of War Order, and threw the bodies of the two captains into the pit.

They just left their swords behind.

The sudden appearance of these two people had already delayed him a lot of time. He had to get the golden egg quickly, otherwise it would be too late when it hatched.

Thinking of this, Qin Chuan couldn't help but feel anxious.

At that moment, he took out the bundle of long ropes from the God of War Order space.

There are long swords tied to both ends.

These two long swords belong to Captain Xing and Vice Captain Wei.

Qin Chuan used all his strength to insert the half-cut sword of Deputy Wei into the ground, and the entire sword body was almost buried in the ground.

Then he threw the other end of the criminal captain's sword to the other side of the pit.

Qin Chuan went around the pothole again and inserted the other end of the broken sword into the ground to fix it.

He actually built a rope bridge over the pothole.

After doing this, Qin Chuan stepped on the rope bridge and walked carefully to the center of the hole, like walking on a tightrope, and came under the golden egg.

Looking at the golden egg less than half a meter above his head, Qin Chuan swallowed nervously, carefully stretched out his hands, and hugged it.

The golden egg struggled slightly and then stopped moving. Qin Chuan's body temperature seemed to find it in a warm embrace. Qin Chuan could actually feel that the little life inside had a sense of dependence on him.

This feeling made Qin Chuan feel inexplicably warm in his heart.

However, before Qin Chuan could seriously experience the feeling, footsteps sounded again from the other end of the passage.

"Why is someone here again?"

Thinking of someone coming again, Qin Chuan frowned. He held the golden egg and walked to the edge of the pit on the rope bridge. After hesitating for a while, he put the golden egg into the space of the God of War Order.

The golden egg After being taken into the space of the God of War Order, the fluctuations of vitality and light around him disappeared instantly.

"Huh!"

The man at the end of the passage was Commander Wei. He obviously sensed the changes here and knew that the treasure must have been taken away.

At that moment, Commander Wei dodged and rushed to the scene in a few steps.

When Commander Wei arrived at the scene, I happened to see Qin Chuan preparing to hide and was very surprised.

"Who are you?"

In fact, Commander Wei had never seen Qin Chuan, but when he saw Qin Chuan carrying a long sword, he looked to be only fourteen or fifteen years old, and he was wearing the Zhou family's guard uniform, his face suddenly showed a look of horror. color

"Are you Qin Chuan? Commander Wei asked tentatively.

Qin Chuan also looked at Commander Wei. In fact, he had never seen him before, but he quickly remembered who he was.

At that moment, he asked:"Are you Commander Wei?"

"good!"

Commander Wei did not deny

"Qin Chuan, why are you here? Did you collect an exotic treasure just now? If so, hand it over as soon as possible!"

Actually, he has identified the other party's identity in his mind, but he still can't believe it. Why does this kid appear here?

Could it be that the underground passage in the old mining area can also lead here?

If so, Captain Xu may be in trouble. If it is less, he may have been killed by this kid.

So, this kid has hidden his strength. His real strength is stronger than that of a third-order warrior?

He has even reached the level of third-order perfection? How is this possible?..

Chapter 1866

Commander Wei was suddenly filled with doubts. He could not believe that a thirteen-year-old boy could possess such strength.

If this is true, in terms of talent alone, the young man in front of him may be on par with the top ten talents on the rookie list. In time, he is also expected to enter the Qianlong list.

The one who can enter the Hidden Dragon List is not the best among men. For young warriors, that is the highest honor.

Thinking of this, Commander Wei took a deep breath of cold air, and at the same time a murderous intention surged in his heart.

Suddenly, out of the corner of his eye, he saw blood stains on the ground and a broken sword beside him.

The broken sword belonged to Captain Wei.

Seeing this, Commander Wei felt a surge of sadness in his heart, and his eyes spurted out boundless anger. He pointed at Qin Chuan and said sternly.

"Did you kill Deputy Wei and Captain Xing?"

Qin Chuan was stunned. He didn't expect Commander Wei to be so sharp. He guessed the result after just one glance at the scene.

Just when Qin Chuan was thinking about how to deal with the opponent

"Little beast! go to hell! I want you to pay for them with your life!!"

Commander Wei roared, and he suddenly attacked. He used the most powerful martial arts move at the beginning. At this moment, he hated Qin Chuan in his heart and wished to cut him into pieces.

Commander Wei waved his long sword, and the sword shadow flew out of the way. The seven flaming knives formed a big wind wheel, spinning at high speed, and whirled towards Qin Chuan.

The seven flaming knives were all made of real flames.

Qin Chuan was horrified when he saw the attacking seven flame whirlwind knives. He shouted loudly: "The fighting body becomes crazy!"

Immediately transformed into the evil god with white hair and red eyes. At the same time, he took out the swords of ice and fire in both hands, and slashed out the blue sea tide slash and the flame knife, trying to offset the opponent's attack.

Facing the attack of Commander Wei, Qin Chuan did not dare to neglect at all, of course he would go all out

"boom!"

With a loud noise, Qin Chuan's two swords came out at the same time. They did not completely disperse the opponent's attack. Only six of the seven flaming knives were fragmented. The last flaming knife broke through Qin Chuan's defense and attacked Qin Chuan. The head was chopped down.

At this critical moment, Qin Chuan shouted: "Fire Yuan Shield! Congeal!"

A mask immediately appeared around Qin Chuan

"Boom!"

The flaming knife easily chopped Qin Chuan's fire shield.

Qin Chuan was horrified and retreated sharply, but it was too late, and he was still hit in the chest by the flaming knife.

Qin Chuan suddenly screamed and spurted out. There was a lot of blood, and his body flew backwards.

Bang!

Qin Chuan's back hit the cave wall behind him hard, and he spat out a large mouthful of blood. When he lowered his head, he saw that a foot-long slash was cut out on his chest. The wound was so deep that the bones were visible, and there were traces of being scorched by the flames. It was painful.

If it was just a pure knife wound, it would heal quickly, but it was very difficult to heal a wound burned by a flame.

This is just skin and flesh. If the sword energy invades the body, it will definitely burn the internal organs. This is the power of attribute attacks.

However, fortunately, the fire element shield offset 80% of the attack power, and Qin Chuan escaped the danger of being disemboweled.

What a risk! This guy's fighting power is so strong!

Qin Chuan was very horrified. Commander Wei in front of him was stronger than Master Chen Xiang.

Compared with the horror in Qin Chuan's heart, the horror in Commander Wei's heart was incomparable.

His Seven Flame Whirlwind Knife He is considered the best among intermediate martial arts, and is better than most intermediate martial arts.

With his own attack power, coupled with the Seven Flame Whirlwind Knife, he is a fourth-level Dzogchen warrior, let alone a third-level Dzogchen martial artist. The warrior was struck and was about to be seriously injured and dying.

But the fact was that Qin Chuan took the sword and did not die.

How could this make him not shocked?..

Chapter 1867

"You are not dead!"

Commander Wei was greatly surprised. With that blow just now, even a third-level Dzogchen warrior would definitely be killed instantly by him, but Qin Chuan was only seriously injured.

At that moment, Commander Wei's pupils shrank slightly, and soon he There was a surprising discovery

"Huh! Both the water and wood systems are at the third level, and he has also practiced earth energy. hehe!! I said how could you withstand the attack I just made? It turns out that you are not only a third-level warrior, but also a very rare fourth-level warrior. It seems that I still underestimated you."

"You've hidden it well enough. Everyone thought you were a second-level warrior. It seems you're not very old, but you're quite scheming."

"But, having said that, with your talent, you will be qualified to compete for the top three positions in the rookie rankings in the future. It's a pity that you may not have that chance, because I won't give you a chance to live. You must die here today!"

As soon as he finished speaking, Commander Wei had a gloomy face and approached Qin Chuan with his sword.

Qin Chuan's face changed slightly. He endured the severe pain in his chest and stood up slowly, but his eyes scanned around, trying to find him. A way to escape.

In his current state, he is no match for Commander Wei, so he can only find a way to escape.

"Commander Wei, I want to ask you a question? Qin

Chuan asked while secretly regulating the chaotic vitality in his body. He wanted to use this to delay time.

Commander Wei frowned slightly:"Ask!""

"Commander Wei, I think I have never offended you, so why do you try to kill me so many times?

Commander Wei sneered:"Hmph!" In the past, I may have killed you just because I had the idea of killing you, but today I have a reason to kill you. Because you killed my brother. Although my brother is a loser, he is my biological brother after all"

"I never allowed anyone to hurt him, but you killed him today. So I want to use your blood to comfort his forgotten soul."

After saying this, Commander Wei's eyes showed a cold murderous aura, and he seemed to be about to take action again.

But at this moment, Qin Chuan's eyes flashed with cold light, and he took action first. The Fire Flame Sword in his right hand shot out a flaming knife, directly attacking Commander Wei's body. Facing the door, he turned around and ran towards the passage on the right. That direction was the direction of the altar of the head of the Teng family."

"According to his thinking, as long as he can hold on till that point, Commander Wei will definitely die if the head of the Teng family takes action.

"court death!"

Commander Wei showed a hint of disdain in his eyes, and he deflected Qin Chuan's attack with a sword.

Just as he was about to catch up, he found that several energy ivy branches suddenly burst out of the ground and entangled his legs.

But it was Qin Chuan who used The 'God Binding Technique'.

Commander Wei snorted in annoyance, his legs shook, immediately shattering the energy ivy, and he quickly chased after him.

However, in this delay, Qin Chuan had already fled forty or fifty Meters away

"Little beast! Don't even think about escaping! You can't escape!"

At this moment, Commander Wei was extremely angry. He didn't expect Qin Chuan to trick him right in front of his eyes.

If Qin Chuan really escaped from him, how would he lose his face?

The two of them chased each other and escaped. Commander Wei caught up with Qin Chuan within a few dozen meters.

His speed was much faster than Qin Chuan's.

"You little bastard, go to hell!"

Commander Wei struck at Qin Chuan's back with his sword.

Hearing the sudden sound of wind behind his head, Qin Chuan had no choice but to turn around and block it.

The two sides immediately fought.

Qin Chuan held two swords in his hands and used distracting swordsmanship to fight Commander Wei. The fight started.

However, Qin Chuan had been seriously injured before, and his own strength was not as good as Commander Wei.

Within a few rounds, Qin Chuan was at a disadvantage and was forced back by Commander Wei. The situation was very critical.

At this moment, Qin Chuan was at a disadvantage. Chuan couldn't help but feel extremely anxious.

He wanted to escape, but he was entangled by the opponent, making it impossible for him to escape.

If he wanted to fight to the death, it would definitely be a dead end..

Chapter 1868

However, just when Qin Chuan was extremely anxious, Commander Wei on the other side was also feeling very anxious.

This little bastard is so extraordinary. He actually fought with him for so long with the strength of a third-level warrior.

If he continues to grow like this, when he reaches the third-level perfection, won't he be able to compete with, or even defeat, fourth-level warriors?

He never thought that there was someone in this world who could challenge a fourth-level warrior with the strength of the third-level Dzogchen. If he hadn't seen it with his own eyes, he wouldn't have believed it!

The level barriers for warriors become larger in the later stages, and the possibility of overstepping challenges becomes smaller and smaller. In the later stages, the possibility of overstepping challenges is zero.

For example, although it is very rare for a second-level Dzogchen warrior to challenge a third-level warrior, it still exists.

A second-level Dzogchen warrior of the four series can easily do it.

However, it is absolutely impossible for an eighth-level Dzogchen warrior to challenge a ninth-level warrior.

Even if he is an eighth-level Dzogchen warrior from the fifth series, if he leaps forward to challenge a ninth-level warrior, he will be killed easily.

There is an uncrossable gap between the eighth-level Dzogchen and the ninth-level warrior. It is an absolute level barrier.

No one can break this level barrier for at least tens of thousands of years. As for whether anyone can break it in the future, that is unknown.

But it is said that of these two people, one is a fourth-level master, and the other is an expert infinitely close to the fourth level.

With the destructive power of these two people, they started fighting in this narrow underground passage. The ground shook and gravel flew everywhere.

But at this moment, Qin Chuan was forced to a disadvantage by Commander Wei, and was surrounded by danger for a while.

Suddenly, Qin Chuan was struck by Commander Wei's sword and became unsteady. He staggered back two steps and spurted out a large mouthful of blood.

However, Qin Chuan was unable to dodge Commander Wei's attack just now, so he took another sword. This sword immediately aroused his old injury, causing blood to spurt out again.

Seeing Qin Chuan vomiting blood, Commander Wei was overjoyed. Knowing that Qin Chuan could not hold on much longer, he immediately jumped into the air

"Little beast! go to hell!"

Commander Wei roared, and struck down with the Seven-Flame Whirlwind Knife in the air again.

Qin Chuan's expression changed greatly, but he did not dare to take the move forcefully, and quickly moved out of the way.

Commander Wei's blow immediately struck the air.

"Boom!" There was a loud noise!

The blow hit the ground directly, and the entire passage shook violently. Then the passage on the ground made a 'click! click!' sound.

Hearing the 'click' sound, Qin Chuan suddenly felt something bad. Because he knew that the ground under his feet was hollow, and below was the abyss.

At this time, Commander Wei also felt that something was wrong, and looked at the ground with suspicion. He saw that the ground in front of him cracked with a 'click' sound. A huge crack, and then the crack spread rapidly at a speed visible to the naked eye. When he saw this, Commander Wei exclaimed that it was not good.

But when he saw Qin Chuan on the opposite side, he had already jumped up and wanted to jump away.

At that moment, Commander Wei did not dare to hesitate and jumped away.

Unfortunately, both of them were a step too late.

Qin Chuan had just jumped up when the ground under his feet made a loud noise and collapsed, revealing a huge pit. Cave.

But Commander Wei didn't even have time to jump up, and he fell into the abyss along with the collapsed ground. His screams still echoed in the air.

But Qin Chuan jumped into the air and grabbed the top of the cave with both hands, thinking He grabbed a protruding rock.

However, the top of the cave was bare and there was no point of strength. Qin Chuan grabbed nothing with his hands and fell into the abyss again. He was so frightened that he screamed loudly. After falling in, Qin Chuan Then I saw that the abyss under the ground was extremely vast, and there were no stone walls around it. It was all empty.

It turned out that the entire underground area from the old mining area to the new mining area was empty.

"what to do? what to do? If you fall this time, you will definitely be shattered into pieces, and you will die without any chance of survival! It's at least 10,000 meters high here!"..

Chapter 1869

Previously, in order to obtain the golden egg, he tested the depth of the abyss with stones. It took a long time before he heard the response. According to his estimation, the abyss was at least 10,000 meters deep, and maybe more.

At such a height, let alone a third-level warrior, even a fifth- and sixth-level warrior would die if he fell.

Only eighth-level warriors who can fly in the air will not have any worries.

As for the seventh-level warrior, he would probably fall half to death.

Thinking of this, Qin Chuan couldn't help but feel extremely anxious, but there was nothing to grab around. He could only draw his hands randomly in the air, and the whistling wind could be heard in his ears.

At this time, Commander Wei's desperate and unwilling roar came from beneath Qin Chuan.

"Little bastard! This is all your fault! This is all your fault! I don't want to die! I don't want to die!"

Qin Chuan didn't care about Commander Wei's scolding. At this moment, he was racking his brains to think of ways to survive.

But time no longer allowed him to think so much. No matter how deep the abyss was, it wouldn't take long for him to fall from it.

Why? What to do? What to do? Am I really going to die like this?

I didn't expect that I would fall to death in the end!

Can't be anxious! Can't be anxious! There must be a way, there must be a way!

At this moment, Qin Chuan's head was filled with anxiety. Sweating profusely, he forced himself to calm down.

Suddenly, an idea flashed in his mind and he thought of a way.

"correct! That egg! Can't that golden egg float in the air?"

Thinking of this, Qin Chuan's mind moved, and he quickly released the golden egg in the War God's Order space and held it in his arms.

His falling speed immediately slowed down, but he continued to fall. Obviously, the buoyancy of the egg still could not be lifted. He rose.

However, Qin Chuan was ecstatic in his heart.

Haha!! Sure enough, the bet was right. The buoyancy of the egg greatly reduced his falling speed, so that if he fell, he would not fall to death! Unexpectedly, this little guy hasn't died yet! He was born and saved his life!

Just when Qin Chuan released the golden egg, Commander Wei below saw a ball of golden light, and then saw Qin Chuan's speed slowing down greatly. He suddenly understood something and roared unwillingly.

"That egg! That should have been mine! be mine!"

It's just that he fell faster and faster, and in a blink of an eye he fell into the dark abyss, unable to see his figure.

After a long time, he heard a resentful cry from below:"My balls!"

Then, there was another shrill scream.

Qin Chuan knew that Commander Wei had fallen to death!

But he said that Qin Chuan was holding the golden egg and falling. Although his falling speed was greatly reduced, the further he fell, the faster he fell..

Before long, Qin Chuan approached the bottom of the abyss.

When Qin Chuan saw the environment at the bottom of the abyss, a look of surprise suddenly appeared on his face.

It turned out that the bottom of the abyss was actually a large jungle, and there was another world under the ground..

It's just that those plants all emit a faint fluorescence, maybe they evolved like that after being in the dark for a long time.

"Almost landing!"

Qin Chuan carefully controlled his landing position.

Although he had the help of the golden egg, he finally landed very quickly.

"boom!"

There was a loud noise!

Qin Chuan's feet landed first. The huge impact made his legs soften and he fell to his knees with a 'plop'!

This kneeling squeezed the golden egg in Qin Chuan's arms.

Then The golden egg couldn't bear the sudden squeeze, and it cracked several times.

Qin Chuan felt heartbroken when he saw the cracks in the golden egg.

"oops! This is how to do? The egg is about to burst before the little guy is born. It is said that once the eggs of ferocious beasts are broken, even ninth-level ferocious beasts will be stillborn. This little guy won't die inside, right?"..

Chapter 1870

Thinking of this, Qin Chuan couldn't help but become anxious, and at the same time he was extremely annoyed with himself.

If the little life in this pet egg is really dead, then he will be in vain.

Besides, this guy saved his life even before he was born. There is nothing he can do to make him die.

"Little one, you must not die!"

Qin Chuan held the golden egg in his arms, feeling extremely heartbroken.

After a while, his numb legs regained consciousness and he stood up reluctantly.

Fortunately, he was a physical warrior and his body was extremely strong. If he had been an ordinary man, the martial artist's legs were crippled by the impact of landing just now. At this time, Qin Chuan felt that the heartbeat of the little life in the egg was a little weaker than before, and it seemed to be much weaker.

This discovery made Qin Chuan. He became extremely worried.

What to do? The little guy's breath was much weaker. Could it be that his balls were cracked and he was about to die?

Thinking of this, Qin Chuan suddenly had a headache, but he had no way to do it.

Still. First find a safe place to see if the little guy can survive on his own. Speaking of which, it is all because of himself that he is in this situation. At this moment, Qin Chuan felt a little guilty for the little life in the golden egg.

At the moment, He no longer hesitated and wanted to find a safe place in the underground jungle.

After scanning the surrounding environment, Qin Chuan soon made a new discovery.

Hey! Isn't this a silver fir tree?

This is the largest tree in ancient times. Common plants are almost extinct now.

Hey! And this... isn't this nine-leaf grass? It was also a common plant in ancient times.

Qin Chuan learned about these ancient plants from some ancient documents. There was a detailed introduction to the landforms and plants of the ancient continent.

Plants such as silver fir trees and nine-leaf clover were common on the ancient continent.

Soon, Qin Chuan discovered that most of the plants growing in this jungle were plants from the ancient period. Many plants were unknown to him, and they were even extinct on the mainland today.

Could this jungle be an ancient jungle?

Later, due to special reasons, it was hidden underground, so it can be preserved to this day?

Thinking of this, Qin Chuan couldn't help but look at his arms. The golden egg in his arms.

If this jungle is an ancient jungle, then the eighth-level pet egg in his arms is probably an ancient beast.

Because this egg floats up from this jungle.

Legend has it that all ancient beasts are They are relatively fierce, and compared to the same level, their strength is much stronger than today's ferocious beasts.

However, the ancient ferocious beasts have a shortcoming, their shortcoming is that it is difficult to breed the next generation.

Later, after tens of thousands of years of evolution, this shortcoming disappeared , but the strength of the ferocious beast has become weaker.

Depending on the situation, this little guy is probably an ancient ferocious beast.

If so, when it grows into an eighth-level ferocious beast, wouldn't it be stronger than an ordinary eighth-level ferocious beast? Want to be stronger?

Thinking of this, Qin Chuan couldn't help but get excited, but soon he became worried again.

Because it was still unknown whether this little life could survive, how could he not be worried.

Just when Qin Chuan was about to leave At that moment, he suddenly heard gnawing and gasping sounds not far away, as if some ferocious beast was gnawing.

Hearing this sound, Qin Chuan was secretly frightened.

Unexpectedly, there were still living things in the ancient jungle. The thing exists, but I don't know what kind of beast it is? Why not go and have a look!

Thinking of this, Qin Chuan walked in the direction of the sound.

The place where the sound came from was very close to Qin Chuan.

It didn't take long for Qin Chuan to find it The direction that the voice came from.

But as soon as he saw the scene in front of him, Qin Chuan suddenly felt an unknown anger in his heart..
