Chapter 191

At this moment, Qin Feng's whole body was feeling hot, and a wave of heat rushed straight into his head.

He suddenly felt groggy, and his judgment quickly declined.

Damn it~!

This poison.....

Qin Feng was shocked.

It is said that the poison of Wood Emperor can directly affect people's six senses.

Just being possessed by the consciousness of lust can seriously affect a person's ability to judge.

If the six senses are all present, the impact will be extremely terrifying, and it is worthy of being a unique skill. what to do?

Go find Luo Li!

This thought came to Qin Feng's mind.

His place has risen to prominence!

That majestic dragon looks up at the sky, eager to return to its cave... but...the water far away cannot save the fire nearby.....

Qin Feng's breathing became more and more rapid, and his judgment ability was still declining.

At this speed, he was worried that if he ran out, his self-control would become extremely poor and he might make a fool of himself in the crowd.....

It's better to suppress the toxins first and stay awake before going to Luo Li...

Qin Feng looked at the bathtub full of imperial liquid.....

I can't worry about that much anymore, let's use it a little first and then talk about it.

Forced by the situation, the emperor should be able to understand.

At that moment, he took off all his clothes and put his clothes into the storage ring.

Then, he couldn't wait to get into the bathtub, lay down, and his whole body sank to the bottom of the tank, and began to crazily absorb the golden elemental power of the Emperor's Flow Serum (Gold).....

The majestic gold energy enters the body, and it is indeed effective.

Qin Feng felt that the poison of passion and desire was somewhat restrained, and his rationality also recovered somewhat.

He began to slow down his absorption speed, but the poison of passion and desire took over again, rushing straight into his mind.....

Qin Feng was frightened and continued to absorb and suppress.....

At this time, he was shocked to find that his body was soaring straight into the sky... His natural majesty was far beyond that of ordinary people, so astonishing that the giant head almost reached the surface of the liquid.

Even though Qin Feng held his breath and lay flat at the bottom of the tank.

The liquid level only covers a few inches.....

It's really rough and majestic...too weird.....It seems to be much bigger than before.....

If Luo Li saw her again, she would be so frightened that her face turned pale.....

How could this change?

Could it be.....

Qin Feng quickly figured out that it was the influence of dragon transformation.....

But he doesn't have time to think about that now.....This is so embarrassing.....

With a thought in his mind, Qin Feng used the super ice concealment technique, and his whole body slowly became transparent, and even his breath disappeared.

Blinking his eyes, he saw no one in the bathtub, as if there was nothing.

In fact, Qin Feng was still lying there.

His majesty is still upright, rising, and indestructible...

After doing this, he continues to absorb the imperial liquid (gold).....

This method of absorption is obviously hundreds of times slower than god-level devouring.

But Qin Feng didn't want to occupy these spiritual liquids, but to absorb some gold energy to suppress the poison, so he didn't care about the speed of absorption...

In this way, he absorbed the energy bit by bit, slowly suppressing the poison...

Then The toxicity is slowly weakening... and his cultivation level is also slowly increasing.....

This way of overcoming poison is very much like a way of cultivation, which actually gave Qin Feng a wonderful feeling of cultivation, and made him enter an ethereal state without knowing it.
.....

His cultivation level is also slowly increasing.....

Five-star late stage 3%....4%....5%.....

His combat power is also slowly improving.....

Before you know it, you can go there in three hours.

The time given to Qin Feng to practice finally came to an end.

Unknowingly, he absorbed nearly one-tenth of the imperial liquid (gold), and his cultivation level improved greatly...

The liquid level also dropped significantly, almost revealing the majestic dragon head, with only a thin layer one layer covering.....

However, Qin Feng is now transparent and cannot be seen by outsiders.

At this moment, he was completely immersed in the state of ethereal cultivation, and he didn't realize that the time was up...

Chapter 192

At the same time, two figures entered the entrance to the forbidden area.

It was Neptune and Luo Li.

They came to take Qin Feng back.

After the two people came in, they both looked at the Di Yan Altar immediately, but did not find anyone.

"Wang Zun, where is Qin Feng?", Luo Li was a little panicked.

Neptune was also surprised.

Normally, Qin Feng should be in the altar, racing against time to practice.

He quickly unfolded his consciousness and scanned the entire forbidden area, but did not find Qin Feng's aura. Everything was empty..

Huh? No one!

Where did Qin Feng go?

Neptune was confused.

It turns out that the emperor's ooze is not an extraordinary object, and soaking in it also has the effect of resisting the detection of spiritual consciousness.

In addition, Qin Feng used the super ice concealment technique, and the bamboo tower There is a barrier.

Even Neptune didn't notice it

"Wang Zun, isn't Qin Feng here?"

"Not here!"

"Could something have happened to him?", Luo Li looked at Di Yan with a pale face.

"Nothing happened to him!", Neptune was very sure, "There are no ashes or Yuanwu fragments left on the altar, don't make any assumptions....."

"Oh~" Luo Li secretly breathed a sigh of relief, "Wang Zun, why is Qin Feng missing?"

"There is only one possibility!"

"What's possible?"

"He was summoned by the emperor. I guess he performed well, so the emperor took him over for questioning.....", Neptune speculated

"Makes sense!", Luo Li agreed very much, "Wang Zun, then we...."

"Let's go back! After the emperor finished asking, he would naturally let Qin Feng come back....."

At that moment, the two of them left the forbidden area.

At the same time, in a secret training chamber.

Venerable Yue'er opened his eyes from meditation.

She raised her head and looked in the direction of the forbidden area

"The time has come, Neptune should pick that guy up....."

She wanted to laugh when she thought of Qin Feng's awkward appearance in his underpants.

That guy is really funny

"Puppet spirit!"

Yue'er whispered

"Owner!", a stone puppet came out and bowed respectfully to Yue'er.

The puppet's eyes were slightly dull, and it seemed that he was not very intelligent, but the aura on his body was close to the Eight Stars, and he was extremely loyal to Yue'er.

This was not an ordinary puppet.

"Go for it! Clearance!"

"yes! Owner!"

The puppet spirit took the order and left.

Watching the puppet spirit leave, Yue'er thought of Qin Feng again.

I wonder what the results of that guy's cultivation were?

I think with the help of the emperor's liquid crystal (fire) he sent, It shouldn't be bad.....

Strange!

Why do I keep thinking of this boy recently?

Yue'er sighed softly.

There is some innocence in that beautiful face.

Speaking of which, these are all the masterpieces of the Immortal Wood Emperor.

The reincarnation of six consciousnesses will end your immortality!

Although she severely injured the Wood Emperor, her six senses were also affected, and all her seven emotions and six desires were out of control...

It was a loss of control deep in the soul, not just about lust, the harm was very terrible.....

In order to suppress it, she sealed some of her six senses, leaving only a pure and innocent heart that could not be affected by the poison of the six senses.

This also created her innocent side at the moment.

She was innocent when she shouldn't have been, and seeing such a boy again gave her the original intention of a girl.

It's like seeing each other for the first time in life, everything is so beautiful and simple..... pity! All those are the moon in the water, flowers in the mist... all illusions!

She is the emperor after all.....

That innocence does not belong to her.....

It's almost time for her to completely remove the toxin.

She has been preparing for many years, and she should be able to do it today.....

At this time, the puppet came back

"Report to the owner that there is no one in the restricted area!"

"good! Back off!"

"yes!", the puppet spirit retreated.

Yue'er stood up and looked in the direction of the forbidden area.

The poison must have been suppressed for so many years, so it must be very violent... Her will will be blurred for a while again.

She sighed helplessly, and made a hand seal to release the seal of the six senses..The next second, her whole body was shaken. Her originally clear and bright eyes gradually became confused and chaotic, and even her breathing became rapid.

Sure enough, once the poison that had been suppressed for many years was released, it would be extremely violent.

Yue She tried hard to restrain herself.

But her ability to judge was still declining rapidly.

The impact was somewhat beyond her expectation.

The matter could not be delayed and the poison must be detoxified immediately.

Fortunately, she was prepared.

At that moment, her figure flashed and disappeared into the secret room..

A moment later, in the small bamboo building in the forbidden area. There was a flash of light and shadow, and Yue'er appeared.

At this moment, she was a little anxious.

The toxicity developed rapidly, and her judgment dropped drastically. She was worse than an eight-star king.

She had to restrain herself as soon as possible. Toxic.

In a hurry, Yue'er took off her long skirt.

That flawless jade-like display was impeccable.....

Then, she quickly stepped into....

When his feet landed, he miraculously avoided Qin Feng below.

The fluctuation in the water alarmed Qin Feng.

Qin Feng immediately opened his eyes and was stunned.

He actually saw the moon.

That beautiful look is like a fairy taking a bath.

At this moment, Yue'er is slowly sitting down.... not good!

Seeing this scene, Qin Feng was shocked.

He opened his mouth, and countless fluids poured into his mouth, blocking any sound...

Yue'er also sat down in confusion..

Chapter 193

Yue'er also sat down in confusion.....

Pfft~!

Qin Feng and Yue'er froze at the same time...

They looked at each other, extremely shocked.

Everything in the world stops at this moment.

The sound of wind, breathing, heartbeat, and blood flow all disappeared.....

Light stagnates, time stands still.....

As if everything is dead.....

Xiaozhulou was surprisingly quiet.

There was no sound...

Just like that, the world was quiet for a full ten minutes, and I didn't know what was going on inside.....

Boom~!

Suddenly, there was a loud noise!

The bamboo building exploded and instantly shattered into pieces.

The entire forbidden area was shaking violently.

In an instant, the area dozens of miles around was shaken.

Countless league officials were shocked.

Everyone looked in the direction of the forbidden area in great horror.

Neptune's Mansion.

Neptune flew into the sky with a frightened look on his face

"Wang Zun, why did there be an explosion in the forbidden area?", Luo Li followed him in a panic, "Could something happen to Qin Feng?"

"have no idea! Walk! Go check it out!"

The two people immediately rushed towards the forbidden area.

On the other side, in the air, King Lu also looked at the direction of the forbidden area with a horrified look.

How could there be an explosion in the forbidden area?

The power of this explosion is very terrifying!

It is definitely not something that the Seven-Star Dzogchen Elemental Master can do Withstand it.

But it has not reached the eight-star level...

How strange!

Who dares to be arrogant in the forbidden area?!

King Lu also rushed to the forbidden area.

At the same time, in the forbidden area... an afterimage of electric light flickered from The center of the explosion rushed out and rushed outside the forbidden area at high speed.....

Lightning Escape Technique!

Teleport!

Qin Feng's escape speed reached its extreme, crushing all seven-star perfections and reaching the legendary quasi-eight-star level.

The quasi-eight-star has initially condensed the Seal of the King, with a combat power threshold of 50 million. It can easily crush all seven-star perfections, and is no match for the eight-star.

This is a transitional period, and the stay is generally very short. It will inevitably break through to eight stars within three years.

Therefore, those who have reached this level of cultivation are doing their best to retreat and will not be reborn in the world.

Therefore, the world only knows that there are quasi-eight stars, but very few people have seen them.

At this moment, Qin Feng has reached this level in speed.

But before he could reach the exit, a white shadow fell from the sky.

Yue'er stopped in front of Qin Feng.

Qin Feng stopped.

The two confront each other.

Yue'er was dressed in a white dress, fluttering in the wind, like a fairy.

But there were tears hidden in those beautiful eyes.

Just now, she lost the most precious thing

"Is this how you repay me?", Yue'er stared at Qin Feng with shame and anger.

She should have slapped this guy to death.

But for some reason, she actually relented at the last moment.

Qin Feng remained silent.

He felt very guilty.

He did say I wanted to repay Yue'er.

But I didn't expect it to be like this.

Although it was said that Yue'er sat on it by himself, after all, he was the one who broke in first.

"Why~! "

Qin Feng sighed guiltily and turned away silently.

Yue'er looked at his guilty look and walked over slowly as if she couldn't bear it.

Qin Feng did not escape.

Yue'er actually picked up the sleeve of her white dress and gently wiped the blood from the corner of his mouth.

"Does it hurt?", Yue'er's voice is very gentle

"Um...",Qin Feng didn't hide it.

The blow just now almost killed him.

Even with atomized body protection, it can't completely withstand the damage.

"This is elixir....", Yue'er took out a healing elixir.

Qin Feng took it silently

"Put on your clothes...."

Qin Feng realized that he was still naked and a little embarrassed.

This is true.....

He quickly got dressed.....

"You go! Before I change my mind...."

Yue'er glanced at him faintly, turned around and left.

Every time she took a step, her temperament changed.

Her toxins have been completely cleared.

Her personality is no longer suppressed and everything is reintegrating.

With every step she took, her eyes became sharper and her momentum became stronger.

The magnanimity of a peerless emperor is slowly returning to her... domineering!

Ling Jue!

I am the only one!.Qin

Feng looked at Yue'er who was getting further away... He felt inexplicably a little bit inside.....

At this moment, several sounds of breaking through the air were heard outside the forbidden area.

Qin Feng sighed, turned and left.

After leaving the forbidden area, he saw Poseidon, Luo Li, and King Lu who arrived later.

Neptune and Luo Li could tell at a glance that Qin Feng had broken through to the late five-star stage.

The two were overjoyed.

Qin Feng's cultivation progress far exceeded theirs material.

Neptune was full of praise for Qin Feng.

Luo Li was also happy for Qin Feng.

King Lu on the side smiled and said nothing.

He felt that Neptune was making too much of a fuss.

Does a late five-star fire elemental master need to be so surprised?

Even though he knew that Qin Feng had dragon power, his cultivation level was too low. If he entered the Dragon Ruins, he would be cannon fodder and would not be able to do anything.

Perhaps, he will have to wait a few more decades until Qin Feng reaches the seven-star cultivation level before he can put it to use.

King Lu thought this in his heart, but he always had a smile on his face and did not show any contempt.

In fact, he is also optimistic about Qin Feng, but he is far from the level of Neptune King.

"Qin Feng, why did the explosion occur in this forbidden area? Did an outsider break in?", King Lu asked casually

"Return to Wangzun, no one breaks in....."

Qin Feng answered truthfully.

Later, Neptune and Luo Li asked a few more questions.

Qin Feng passed by vaguely.

Neptune asked him again if he had seen Jiutian Phoenix Emperor.

Qin Feng said he didn't see it.

Neptune was surprised, but did not ask further questions.

Qin Feng didn't want to say more.

He didn't want to tell what happened inside.

After a quarter of an hour, everyone was sure that nothing happened in the forbidden area and dispersed.

Before leaving, Neptune asked Qin Feng to go back and prepare.

Because tomorrow is the big day to meet Jiutian Phoenix Emperor.

Neptune said very seriously.

He asked Qin Feng to show his best spirit and go to meet His Majesty.

Make a good first impression on His Majesty.

After all, tomorrow is the day to compete for a spot in the Dragon Market.

By then, fierce competition will be inevitable.

It is definitely beneficial to leave a good impression on His Majesty.

Qin Feng said that he understood and left..

Chapter 194

A quarter of an hour later, Qin Feng returned to the villa.

Shangguan Yunyang and others have returned to Yunyang City.

Chu Chu had already moved into Luo Li's mansion two days ago.

This was originally told by Qin Feng.

He was worried that after he entered the forbidden area, the Flower God would cause trouble for Chu Chu.

In fact, let alone Qin Feng's residence.

The entire villa area was deserted, and the contestants from all cities had returned to the city.

Qin Feng only stayed temporarily for one night.

After meeting the Nine Heavens Phoenix Emperor tomorrow, it's time for him to change places.

He didn't know yet that Yue'er was the Nine Heavens Phoenix Emperor.

At this time, in the bathroom.

Qin Feng was lying in the bathtub, taking a hot bath comfortably.

Just now, he took the elixir given by Yue'er, and his injury healed quickly.

His injuries were not serious.

At this moment, he was taking a bath comfortably while looking at himself.

Now, his cultivation has reached 53% of the late five-star level, and his combat power has increased to 9 million points.

This is not far from the 10 million point combat power of Seven Stars Dzogchen.

In fact, Qin Feng can now easily kill the Seven-Star Dzogchen.

With his current strength and Longwei, he will definitely get huge gains when he enters the Dragon Ruins this time.

"Strange! Why is my love/lust poison getting worse?"

Qin Feng seemed to have discovered something, with a strange look on his face.

After his cultivation reached the five-star realm, his mental power increased and his consciousness became stronger.

In the past, the poison of love and desire that he could not sense is now faintly visible. I can sense it.

The toxin is hidden in his seven-consciousness divine ring, like a ball of light green energy.

Once it attacks, it will inevitably affect the six senses.

The light green energy used to be very thin, but now it has become thicker and the color It has also deepened, as if the concentration of toxins has doubled..... how so?

Could it be...

Qin Feng suddenly thought of Yue'er, with a strange look on his face.

The previous scene appeared in his mind.

When Yue'er sat down, he was confused.

In the confusion, something seemed to be transferred from Yue'er's body to him...

Could it be that Yue'er had been poisoned by the same poison?

Qin Feng was surprised.

Why is Yue'er also poisoned?

In fact, Qin Feng's guess was good.

Yue'er's toxins have been completely eliminated.

But Qin Feng's poison was not only not eliminated, but also worsened.

This is naturally Yue'er's influence on him

"aggregated.....It will be troublesome from now on....."

Qin Feng was a little speechless.

If an attack occurs after this, who can he turn to for help?

Looking for Yue'er?

I'm just afraid that she will slap herself to death.

Moreover, she is really capable of beating herself to death.

Then look for Luo Li?

Qin Feng smiled bitterly.

This matter can only be taken step by step.

Half an hour later, in the living room.

Qin Feng was sitting on the sofa, thinking about contacting Luo Li and asking about Chu Chu's situation.

As soon as he took out the phone, his expression changed slightly.

That guy is here!

Qin Feng put away his phone silently.

His consciousness instantly enveloped the entire villa area, and all the images were in his mind.

But somewhere in the villa area, a man in a green shirt was walking towards his residence.

The man was none other than the God of Flowers.

Why is this guy here?

Qin Feng stood up, walked out of the house, and waited for the flower god to come to the door.

But he just walked to the yard.

Great changes suddenly occurred between heaven and earth.

The clear sky suddenly turned dark.

An extremely huge shadow enveloped Nandu City.

Qin Feng quickly looked up and saw an extremely huge beast shadow appearing thousands of feet high in the sky, covering up the scorching sun.

What's this.....

Qin Feng was shocked.

At the same time, people in the entire Nandu City saw it and looked up one after another.

Seeing this, countless people screamed in fear.

Oh my God!

It's a starry sky beast!

On the other side, the alliance headquarters.

Countless alliance officials saw the giant beast in the sky, their faces turned pale with fright, and their legs became weak.

Three more figures flew into the air, looking up at the giant beast.

Those three people are the King of the Sea, the King of Land, and the King of Heaven.

At this moment, the three of them looked at the giant beast in the sky with horrified expressions.

"It's the Immortal Wood Emperor!", King Lu's lips were trembling.

Sea King and Heavenly King looked at each other.

They were also panicked.

This is the Nine-Star Emperor!

Why did he suddenly invade Nandu City?

At the same time, in the courtyard of the villa.

Qin Feng's consciousness Arrive, what is in front of them is a giant beast in the starry sky, and it is extremely powerful.

It's just that the giant beast blocks the sun.

Without sunlight reflection, people only see a huge black shadow, but they can't see its appearance clearly.

Qin Feng has spiritual consciousness, But he could see it clearly.

It was a giant green beast with a strange appearance, with leaves growing on its body...

At this moment, the giant beast looked down, its crimson eyes looking down to the ground, like two pillars of gods. The light penetrated thousands of feet and fell directly on Qin Feng...

He felt it.

His imperial bones were on this human boy.

This was...

Qin Feng suddenly felt that something was not good.

At this moment, the Immortal Wood Emperor He took action, and an extremely terrifying scene appeared.

A huge cyan claw shot down, exuding an extremely dazzling green light, and the clouds in the sky were rolling.

Boom~!

The giant claw shot down quickly from the air, directly towards Qin Feng's location villa.

It wanted to beat Qin Feng to death and get back the emperor's bones.

With this shot, the wind and thunder were mighty, the sky and the earth were brilliant, and everything was shocked.

Qin Feng was horrified.

He wanted to escape, but was horrified to find that the endless emperor's pressure shrouded him Coming.

Bang~!!

Under the imperial power, the entire villa exploded in an instant.

Atomized body protection!

Qin Feng resisted the pressure, but found that the surrounding space was imprisoned.

He was unable to escape. He could only watch helplessly. Watching the giant claws fall from the air, smashing him into pieces.

In the distance, the King of the Sea, King of the Land, and King of Heaven saw this scene and all exclaimed.

"not good!"

"Qin Feng is in danger!"

They want to rescue them, but they don't have that kind of strength at all.

Under the nine stars, they are all ants. Even the eight-star Dzogchen masters meet the nine-star masters.

Just like ants encountering a giant elephant, they can only score by being killed instantly.

"It's over! It's over!"

The faces of the three kings were pale.

A super genius fell like this!

At this moment, it was not just the three kings.

Countless alliance officials who saw this scene were shocked.

But at this extremely critical moment, a soft hum sounded. It rang through the entire Nandu City, as if it was ringing in everyone's ears. When the sound came, people came!

A beautiful figure appeared out of thin air over Nandu City.

She was wearing a veil and a red gilt dress, with her skirt flying in the wind. , whose temperament is unparalleled in the world.

As soon as she appeared, she shattered the pressure of the Immortal Wood Emperor.

Her beautiful back made hundreds of millions of citizens cheer.

"His Majesty! It's Your Majesty!"

"Long live your Majesty!"

People cheered with great excitement

"Jiufeng, I want to take what I have, so don't stop me!", the Immortal Wood Emperor showed fear in his eyes

"roll!"

Jiutian Phoenix Emperor waved his hand, and a long red silk ribbon met the giant claw of the Wood Emperor.

The silk claws collided!

In an instant, the world seemed to collapse!

A dazzling light shone through the sky and the earth. The heaven and earth shook violently.

The next second, A strange scene happened.

Everyone lost their vision, hearing, smell, taste, touch, and consciousness...

All six senses were blocked. Everything was invisible!

Nothing was audible!

Only the last scene of Aya's claws touching each other deeply impressed the audience. In everyone's mind, it will be unforgettable forever.....

This is the collision of Nine Stars and Nine Stars.

Of course, not everyone didn't see it.

Only four people in the field saw the complete process of the fight.

That is the King of Heaven, the King of the Sea, the King of the Land, and Qin Feng.

Because only the four of them have spiritual consciousness.

After a long time, the heaven and earth became bright again.

Everyone was terrified.

The previous collision was extremely terrifying!

At this moment, blood rain fell from the sky and the earth.

Countless people looked up in fear.

Qin Feng looked at Jiutian Phoenix Emperor in shock.

This empress is so powerful, she has the absolute upper hand..

Chapter 195

Qin Feng saw with his own eyes that the Jiutian Phoenix Emperor penetrated the claws of the Immortal Wood Emperor with just one silk ribbon.

At that moment, the Immortal Wood Emperor let out an extremely shrill howl.

It's just that at that moment, everyone's six senses were closed and they couldn't hear it.

The only ones who could hear it were Qin Feng, Haiwang and four others.

"Look! The giant beast seems to be injured!"

At this time, people discovered the abnormality of the Immortal Wood Emperor.

The huge claws were dripping with blood, and the dripping blood turned into a rain of blood all over the sky.

"Your Majesty is so awesome!"

Countless people were shocked.

But at this moment, Jiutian Phoenix Emperor snorted coldly.

She suddenly lowered her head, looked in the direction of Qin Feng, and waved her hand.

The red long silk instantly turned into a thousand feet and hit the void behind Qin Feng.

Boom~!

The space was shattered instantly.

The entire villa area was destroyed, and not a single tile was left.

Only Qin Feng stood proudly on the spot, with blood hanging from the corner of his mouth.

At the same time, everyone saw that not far behind Qin Feng, there were many There was a person.

The person's whole body was shrouded in a black robe, and all light that came close to him was absorbed by him, as if boundless darkness had been added to it, exuding an incomprehensible black light.

In the black light, a pair of golden eyes looked extremely horrified. Looking at Emperor Feng.

One of his hands was still bleeding.

Qin Feng also sensed it and immediately turned around.

At this moment, he instantly sensed that this mysterious man in black robe was actually exuding the power of the Nine-Star Emperor.

The man in black robe was also Emperor-level powerhouse!

At this moment, Qin Feng was extremely shocked.

In the distance, the Sea King, Heavenly King, Land King, and all the alliance officials were all horrified.

They could see that the black robeHe wanted to attack Qin Feng secretly, but he was discovered by Emperor Feng and was injured by Emperor Feng. what happened?

Why did two emperors attack Qin Feng in a row?

What on earth did this young man do?

"Who are you?"

Jiutian Phoenix Emperor looked at the man in black robe coldly.

This guy's aura was very unfamiliar to her and she had never seen it before.

"Jie~! Jie~! "

The man in black robe smiled strangely.

The pair of golden eyes glanced at Qin Feng, then automatically flew into the air to confront Emperor Feng.

"Pluto Emperor, why are you here?"

The voice of the Immortal Wood Emperor sounded in the air again.

Obviously, he knew the man in black robe.

In fact, the Underworld Emperor was a member of the 'Hun' organization.

At this time, the Wood Emperor's figure quickly shrank, turned into a man in blue shirt, and stood in the air.

The Underworld Emperor Ignoring the Wood Emperor, he looked at the Feng Emperor, stretched out his scarlet tongue, and licked the blood from his fingers.

"You are much stronger than the rumors say....."

The Pluto Emperor's voice was very deep, as if coming from the abyss

"Jiufeng, you have become stronger!"

There was strong jealousy in the eyes of the Immortal Wood Emperor.

After the last battle, he practiced hard for decades and finally recovered his strength and became a little stronger.

He originally wanted to regain his place.

Unexpectedly, Jiutian Phoenix Emperor His strength has improved even more.

He is no match now.

"Join forces?", the Immortal Wood Emperor asked in a voice

"Jie~! Jie~! good!", Pluto Emperor laughed strangely.

Countless people below heard this, and their expressions changed greatly.

Two emperor-level masters actually wanted to join forces to deal with Feng Emperor.

This situation is extremely bad!

Hundreds of millions of people were panicked.

Sea King and Land King also looked frightened..

The King of Heaven forced himself to calm down:"Quickly activate the barrier formation to protect Nandu City!"

With this order, the air defense barrier of the entire Southern Capital City was activated.

An extremely huge protective light shield protected the entire Southern Capital City from being attacked by the three emperors and destroying the entire city.....

At this moment, the three emperors in the sky took action.

The Immortal Wood Emperor gently held out a finger.

That is his unique skill - the reincarnation of six desires and the end of immortality!

With one finger extended, the spiritual spectrum at the fingertips shines for eight thousand miles in the nine heavens and ten earths, and its power can reach the five eyes and six connections for three thousand lifetimes.....

There is a divine bell in the hand of the Hades Emperor.

He knocked down the clock.

Buzz~!

The divine bell rang low, and the sky and the earth shone brightly. There was only one sound between heaven and earth, emanating from the bell.

Like the first rooster crow at dawn, it resounds through the starry sky and fills the ears of all living things, making it impossible for all living beings to hear a second sound again.

Both the Immortal Wood Emperor and the Underworld Emperor launched their strongest blows.

They want to work together to defeat Jiutian Phoenix Emperor.

At this time, Emperor Feng also took action.

She waved her jade hand, and the divine silk ribbon was born. Under the nine-sky sky, there was only a trace of red light, blooming on the top of the silk ribbon.

Like the first ray of light in the morning, it pierces the dark night and brightens the eyes of all living things, so that all living beings can no longer see the second color.

Bang~!

The three attacks collided at the same time.

There was a shocking loud noise in the sky!

The movement was more than ten times more powerful than the previous strike.

The heaven and earth shook violently.

The sound of the explosion echoed throughout the world and lingered for a long time!

Above the sky.

That red light shines across the heaven and earth, frozen forever!

This scene is deeply engraved in everyone's heart.....

Immediately afterwards, the world fell into boundless darkness.

Everyone's six senses were sealed again.

It was as if everything fell into silence.

Boundless fear welled up in everyone's hearts.

The King of the Sea, the King of Land, and the King of Heaven all showed fear.

They can't see it, they don't feel anything yet.

But they have spiritual consciousness and can see the whole battle, which makes them even more afraid.

The so-called ignorant people are fearless!

Sometimes, the more you know, the more you are in awe.

But no one noticed it.

The moment Pluto took action, a proud smile appeared on his lips.

The chess piece he arranged was also taken action at this moment.

At the same time, the villa area below.

A figure appeared behind Qin Feng.

It is the God of Flowers, the dark chess piece of Emperor Hades.

It turned out that the Pluto Emperor's idea was that he and the Wood Emperor would work together to hold back the Feng Emperor.

The flower god took the opportunity to kill Qin Feng and regain the emperor's bones.

So, everything is perfect.

In his opinion, it is not difficult for the Flower God to kill Qin Feng.

Because of the information fed back to the organization by Yousha, Qin Feng's strength has not yet reached the early stage of seven stars, while Huashen is in the late stage of seven stars.

What's more, the people in their organization are generally stronger than those at the same level.

Flower God is not an ordinary late seven-star.

At the same time, the Flower God looked at Qin Feng's back and showed a proud smile.

The aftermath of the Immortal Wood Emperor's attack can seal all six senses. Even the Seven-Star Perfection cannot be avoided.

At that moment, no one can see or hear.

Only those with eight stars or above can avoid it.

Regarding this, the Hades Emperor had already expected this and had given him a jade talisman in advance to isolate him from the aftermath of the Wood Emperor.

Therefore, his six senses are normal now.

At this moment, when he saw Qin Feng standing there, looking up at the sky, he wanted to laugh.

This kid must have his six senses blocked.

Then it would be easier to kill.

He smiled slightly and strode over.

He wants to kill Qin Feng to avenge Feiying.

He wanted to wash away the last humiliation with blood.

The flower god slowly drew out his sword.

The next second, he suddenly rushed behind Qin Feng and slashed at Qin Feng's neck with his sword.

But at this moment, Qin Feng turned around and showed a joking smile...

Flora was shocked.

Qin Feng's eyes were clear and he was clearly not affected in any way. what happened?

How come this guy wasn't affected?

At this moment, Qin Feng's eyes suddenly burst into silver light.

Memory stealing is activated!

He wants to know more about the secrets of 'Hun'.

The skill is completed instantly and a large amount of memory is acquired.

At the same time, he punched the flower god.

The terrifying explosive power scared the flower god's face.

How can it be?

How many days has it been?

This kid's strength has reached such a terrifying level.

He couldn't resist it at all.

Bang~!

The long sword flew away!

The remaining energy blasted towards Flower God's chest.

Boom~!

The flower god's body turned into thousands of petals and scattered everywhere.

This is the defensive super skill - Ten Thousand Flowers Disintegration, which can greatly reduce the damage.

Crazy thunder technique!

Qin Feng casually made a move, and thousands of thunders came, smashing the petals into pieces, turning into countless blood rain, and scattered all over the sky.

Dang~!

A storage ring falls from the sky.

The flower god was killed in this way, and no bones were left.

Qin Feng picked up the ring silently.

At this moment, the battle in the air ended.

The shocking explosion stopped.

Everyone's six senses gradually recovered, as if the world had reopened.

At this moment, everyone saw the Nine Heavens Phoenix Emperor standing proudly in the sky, his beautiful back making people look up at him, like a god.

The Immortal Wood Emperor and the Underworld Emperor were both gone.

Qin Feng, Sea King, Land King, and Heavenly King were all extremely shocked.

They all saw that Emperor Feng fought back both the Wood Emperor and the Pluto Emperor with one against two.

The two emperors were frightened and retreated voluntarily.

Afterwards, the three kings all showed extremely excited expressions.

His Majesty's strength has improved and he can definitely enter the top three among the seven leaders.

The Confederacy's status was about to rise.

Qin Feng also stared blankly at Feng Di's beautiful back.

He always felt that this figure looked familiar.

However, he was more amazed.

The strength of this empress is truly extraordinary.

Then, he looked towards the direction where Hades Emperor was escaping.

Through Flower God's memory, he learned that the organization "Hun" actually had two Nine-Star Emperors.

The other one is stronger than Hades, and even claims to be the strongest person in the human race.

I'm afraid he is even stronger than Feng Emperor.

Qin Feng couldn't help but frown.

What is the use of the Emperor's Bone?

It's surprising that the 'faint' organization has made such a big splash.

I have to digest the emperor's bones as soon as possible, so as not to be remembered all the time.

At the same time, the entire Nandu City cheered.

Hundreds of millions of people have seen it.

Their majesty defeated two nine-star emperors

"Our Majesty is too strong!"

"Long live your Majesty!!"

Countless people cheered excitedly.

Those young people were even more excited with tears in their eyes.

That peerless figure! That demeanor of dominating the world!

This is the goal they strive for throughout their lives!

Among the crowd, there were those who were happy to survive the disaster, and some The blood was boiling with excitement, and the whole body was in worship.

At this moment, everyone was looking up to the sky, looking up to their Majesty.

The Nine Heavens Phoenix Emperor slowly turned around.

She had a fierce temperament and an aloof figure.

This time, she was completely victorious! She was not harmed in any way.

She lowered her head and looked down, her eyes falling on Qin Feng.

Deep in her sharp eyes, an indescribable complex color passed across.

Then, her figure flashed and disappeared.

The next second, she appeared in front of Qin Feng.

Qin Feng was slightly startled when he saw the sudden appearance of the empress.

The empress wore a veil and a wide red gilt dress, and her aura was so self-centered that it made people awe.

"I have met His Majesty!" Qin Feng stepped forward and saluted.

Facing the aloof emperor, he did not dare to neglect.

Although the figure of the empress seemed a bit familiar to him, he did not think much about it.

Yue'er was very innocent and gentle.

He was absolutely connected. Unexpectedly together

"Got into a fight again?" Jiutian Feng Emperor glanced at the blood stains on the ground.

"Someone just wanted to assassinate my subordinate!"

Qin Feng answered truthfully.

It's just that he was wondering why Emperor Feng used the word 'and'

"You are quite capable of causing trouble!"Feng Di's beautiful eyes were full of resentment.

She was wearing a veil.

Qin Feng couldn't see her expression and was a little embarrassed.

"Have you done anything bad recently?", Emperor Feng suddenly asked

"I don't know why the Wood Emperor and the Pluto Emperor want to kill me....."

"This is not what I am asking about!"

Qin Feng was shocked.

He looked at the Empress with a guilty look on his face.

Did the Empress know that he was wandering around in the forbidden area?

She didn't even know about Yue'er, right?

Qin Feng looked up and saw the Empress' eyes Looking at herself sharply, something is wrong...

Did Yue'er really say that?

"That's my fault.....", Qin Feng looked ashamed,"Can I still see Yue'er?"

"Why do you want to see her?"

"I want to apologize to her...."

"Oh~", Feng Di's sharp eyes gradually softened.

At this moment, three piercing sounds came with the wind.

The King of the Sea, the King of Land, and the King of Heaven arrived.

"I have met His Majesty!"

The three of them saluted with great respect.

After this battle, Emperor Feng's status in their hearts became even more unattainable.

"Are there any casualties this time?", Emperor Feng asked casually

"Return to Your Majesty! We opened the air defense barrier in time and there were no casualties.", the King of Heaven reported respectfully.

Emperor Feng nodded with satisfaction.

At this time, King Lu saw Qin Feng and couldn't help but ask: "Qin Feng, I see that the Wood Emperor and the Pluto Emperor are all here for you. What exactly is going on?"

"Logically speaking, with your cultivation level, you shouldn't attract the attention of two emperors! Is it on you....."

Before he finished speaking, a cold snort interrupted King Lu's question.

Emperor Feng looked at King Lu with sharp eyes.

King Lu was horrified: "My subordinate is talking too much!"

"It's good to know!", Emperor Feng looked away.

This scene surprised the King of the Sea and the King of Heaven.

"Today's matter ends here. You are not allowed to ask Qin Feng the reason.", Emperor Feng looked at the three kings, "Not just you three, but anyone! Violator! cut!"

"I'll understand!"

The three kings were horrified.

Even though your majesty is a woman, he is a decisive and decisive person. He will kill at will, even the eight-star king is no exception.

At that moment, the three kings quietly looked at Qin Feng.

Their eyes changed..

Your Majesty seems to take special care of Qin Feng.

According to the past, your Majesty would not bother to take a look at a newcomer no matter how talented he is.

Unless he is a super genius with the potential to become a king, she might pay a little attention to him.

Maintaining it like this today is really This is the first time!

The three kings are a little confused and even a little envious.

Even they have never been protected like this by His Majesty.

"Neptune!"

"The subordinates are here!"

"Let Qin Feng settle down well! His place of residence is gone...."

"Subordinates obey!"

Neptune accepted the order, but felt strange in his heart.

This seems not to be in line with Feng Emperor's character.

She never asked about such trivial matters in the past.

But today she specifically mentioned it.

It seems that Qin Feng will be treated well in the future.....

"Tomorrow is the day to run for places in the Dragon Market. Have you decided on your candidates?", Emperor Feng asked casually

"Return to Your Majesty, we have confirmed it!"

"good!" Emperor Feng nodded slightly and disappeared from the scene.

Seeing the empress leaving, the three kings breathed a sigh of relief.

Then, King Lu smiled and said:"Everyone, it's time to go back and prepare. Heavenly King, the subordinates you trained this time are pretty good! You won't take all five spots, right?"

"You are overthinking it!", the King of Heaven smiled proudly.

He is a middle-aged man with elegant temperament.

"You two, I'll leave first. Brother Qin Feng, farewell!"

The King of Heaven actually said hello to Qin Feng before leaving.

"That king is gone too! Neptune, little friend Qin Feng, farewell!"

King Lu also showed a friendly smile to Qin Feng.

Emperor Feng's attention quietly improved Qin Feng's status.

A quarter of an hour later, Qin Feng and Neptune left together.

Because Qin Feng's villa was destroyed, Neptune originally wanted to Arrange a new villa for Qin Feng.

As a result, Luo Li volunteered and invited Qin Feng to stay with her for a day or two. After the quota in Longxu was confirmed, it would not be too late to arrange a new residence.

Her reason was that Chu Chu was with her Home.

It is better for the two brothers and sisters to be together.

Both Neptune and Qin Feng agreed.

That afternoon, Luo Li took Qin Feng home..

Chapter 197

Near the alliance headquarters, there is a large luxurious villa.

This is Luo Li's residence, which is much more upscale than the villa Qin Feng lived in before.

At this moment, Qin Feng was wearing comfortable slippers and leaning leisurely on the sofa.

I don't know why, but he didn't feel restrained at all in Luo Li's home, as if he was living in his own home.

In fact, he was not restrained when facing Luo Li.

After experiencing some embarrassment between the two, it became easier to get along with each other.

"Where is Chu Chu?", Qin Feng didn't see his sister coming out

"She is in full retreat! It is estimated that it will take five or six days to leave customs.....", Luo Li sat down next to him

"It takes so long?"

"I gave her a lot of ice spirit pills, and there is nothing that can't be refined in five or six days... By the way, do you have the strength of the mid-seven-star stage now?", Luo Li asked with concern

"have!", Qin Feng smiled casually.

Now he can easily kill even the Seven-Star Dzogchen, let alone the Seven-Star Middle Stage.

"That's good!", Luo Li secretly breathed a sigh of relief.

"What's wrong?", Qin Feng was curious.

Luo Li sighed:"Tomorrow, the competition for places in Longxu will be fierce. You have Long Wei, and as long as your strength reaches the mid-seven-star stage, you should be able to enter. I might be eliminated...."

Qin Feng was surprised:"Last time, you said that if you have the strength of the mid-seven-star stage, you will have a chance. Now that you are in the late-seven-star stage, will you still be eliminated?"

Luo Li smiled bitterly:"This time is different from the past. This time the distance between Longxu It took a long time to start the last time, and major organizations have had enough time to cultivate talents, so the strength of the candidates will be enhanced."

"Not to mention other forces, just talking about the king of our Southern League, he has five candidates who are above the late seven-star stage."

"Although I am also in the late seven-star stage, I have just broken through, and my background is not as good as theirs, so there is a high possibility that I will be eliminated....."

Luo Li sighed helplessly.

Qin Feng smiled:"So that's what happened. Don't worry! Tomorrow, I will help you get a place...."

"Um, help me... You're not looking for His Majesty, are you? Let's forget it, His Majesty doesn't like this very much."

Luo Li said very seriously.

She knew that Emperor Feng valued Qin Feng very much.

But she would rather not have a quota than Qin Feng leaving a bad impression on Emperor Feng.

Qin Feng shook his head slightly:"I have my own There is no need to ask His Majesty... Is there any water to drink?"

"Stop making me happy...forget it, just do your best, I'll make you a cup of tea...."

Luo Li didn't care about Qin Feng's words.

In her opinion, Qin Feng's strength was not as good as hers, so how could he help her, so she didn't think much about it.

After a while, Luo Li made tea.

"Qin Feng, your tea....."

She bent down and placed the tea cup in front of Qin Feng.

The moment you bend over, your graceful curves are fully revealed.....

Luo Li's figure is absolutely superb, impeccable.

Qin Feng's eyes flashed with admiration

"Have you never been addicted to love?", Luo Li asked with concern.

This matter is also her heartache.

"Would you believe me if I said...my toxins got worse?"

"How could it be aggravated?.....", Luo Li was confused.

But Qin Feng looked serious and didn't look like he was talking nonsense.

Luo Li asked in shock:"Are you really getting worse?"

"Um~! "Qin Feng nodded helplessly

"how so?"

"this.....Not sure!"Qin Feng naturally wouldn't tell anything about Yue'er.

Luo Li was immediately anxious.

It's not a good thing for the poison to get worse.

At that moment, she asked anxiously:"Qin Feng, if the poison gets worse, will it be harmful to you? Bad effect?"

"have! Once an attack occurs, I suffer from poor judgment. In other words, when the time comes, I won't be able to control myself....."

Qin Feng said truthfully

"What should I do?....", Luo Li was so anxious that she almost cried.

She doesn't know why, but she cares more and more about Qin Feng now.

When she thought that Qin Feng was going to Longxu soon, she became anxious if she lost control because of the poison and was in danger.....

"Qin Feng, your poison must be cured as soon as possible.....", Luo Li said very seriously.

There is no distracting thought in those beautiful eyes

"I want it too! But the toxicity just didn't happen... There's nothing you can do to eliminate it.....", Qin Feng was helpless

"All right!" Luo Li was helpless.

Suddenly, she thought of something. She blushed and said,"How about we try first and see if we can actively induce the toxins when there are no poisonous hairs....."

"How to trigger it?", Qin Feng wondered

"Fool.....",Luo Li looked at Qin Feng faintly.

That cute look, with its shyness, has a different kind of temptation.

Luo Li is really beautiful!

Qin Feng was also moved.

Besides, his poison must be cured as soon as possible.

Entering Dragon Ruins, the threats from other forces are only a small part.

More dangers come from Longxu itself.

There are certain forbidden areas in Longxu where even the Eight-Star King may be seriously injured if he enters, let alone him.

In a place like that, if he lost his mind, he would probably perish.

To detoxify him, he still had to rely on Luo Li.

Yue'er didn't have to think about it, it was a misunderstanding and it was impossible to help him.

He's not that thick-skinned either.

Thinking of this, Qin Feng silently put down the teacup in his hand.

He looked at Luo Li.

But he found that Luo Li was looking at him tenderly, as if expecting something.

At this moment, the living room became quiet, except for the sound of two people's heartbeats.

Qin Feng's heart also became hot.

He stood up and walked towards Luo Li.

Luo Li's heartbeat accelerated.

Seeing the boy she admired approaching, she felt happy, scared, and a little at a loss.

After a moment, Qin Feng walked up to Luo Li.

The two looked at each other.

Luo Li's eyes changed from shy to affectionate.

Qin Feng reached for Luo Li's collar.....

He has never been like this since he was reborn...

But can this method really induce the toxin, can it really cause it to take action?

Qin Feng was unsure.

Luo Li blushed and did not dodge.....

It's just that she was a little scared in her heart, after all, she had never experienced..

Chapter 198

Just when the two of them were about to move, footsteps sounded from upstairs.

Qin Feng was startled and quickly stopped.

Luo Li also panicked and hurriedly arranged her clothes.

After a while, Chu Chu came down from the stairs jumping up and down.

"Huh! elder brother!"

When the little girl saw Qin Feng, she was so happy that she hurried down

"Brother, I miss you so much! How did you go to practice in the forbidden area? Wow! You are already in the late five-star stage...."

Chu Chu was so excited when she saw Qin Feng.

The brother and sister have always been dependent on each other, but they are rarely separated.

Qin Feng was also very happy when he saw his sister

"Chu Chu, why did you get out of seclusion so quickly?", Luo Li said quietly at the side.

Her eyes were full of resentment.

She felt that Chu Chu had ruined her good deeds.

"I have finished refining the elixir, so I have no choice but to come out!", Chu Chu scratched her little head in confusion.

"Have you finished refining?", Luo Li didn't believe it, "Hey! your cultivation....."

The next second, Luo Li's eyes widened in shock.

It's only been a few days!

Chu Chu actually broke through to three-star Dzogchen.

Could it be that Chu Chu really finished refining the elixir?

If not, it can't be so fast!

In fact, even if all those elixirs were refined, the progress would not be that great!

Oh My God!

Could it be that Qin Feng's sister is a peerless talent?

Ordinary geniuses simply cannot reach this level!

Luo Li was completely shocked, and her eyes glowed when she looked at Chu Chu, as if she had discovered a new world.

At the same time, she was shocked.

I didn't expect that my brother was so good and my sister was so extraordinary.

Moreover, both brothers and sisters are extremely good-looking.

Could it be that their family has good genes?

Luo Li couldn't help but look at Qin Feng, with affection in her eyes and her legs slightly closed.

She's imagining things again

"Little girl, it looks like you haven't been lazy recently, so you're doing pretty well....."

Qin Feng touched Chu Chu's little head.

He was very satisfied with the little girl's progress.

With Chu Chu's current strength, he should be able to barely deal with the five-star early stage.

The stronger Chu Chu is, the more advantageous it will be for him to enter Longxu.

He planned to summon Chu Chu in.

Then, the three of them started chatting.

Although Chu Chu's appearance interrupted Qin Feng's plan to introduce poison, his relationship with Luo Li became closer.

"Sister Luo Li, are you going to Longxu too?", Chu Chu looked delighted.

Luo Li smiled bitterly: "I just have a nomination. Whether I can get in or not will be known after tomorrow's assessment. However, I think my success rate is less than 30%.... Your brother said he could help me get in..."

Luo Li looked at Qin Feng with a smile.

She didn't care whether Qin Feng's words were true or false, but those words made her feel happy.

"Forehead,.....Brother, don't you also want to sign a spiritual contract with Sister Luo Li?....."

Chu Chu spoke quickly and said it all at once.

Qin Feng glared at her angrily.

Chu Chu was so scared that she stuck out her tongue.

"What contract?", Luo Li was curious.

Chu Chu didn't dare to speak.

Qin Feng shook his head helplessly.

When he thought about it, Luo Li was not an outsider.

He could feel Luo Li's sincerity and thoughts towards him.

"I have a secret technique, as long as you sign a spiritual contract with me. I have a way to summon you from afar to my side.....", Qin Feng briefly described it.

Luo Li was extremely shocked:"There is such a magical secret technique! Is it king-level?"

Qin Feng smiled and said nothing.

This made Luo Li even more surprised. , the man I like is extraordinary!

Her beautiful eyes shone brightly:"Qin Feng, I want to sign a contract with you...."

"My spiritual contract is a master-slave contract, I am the master and you are the slave. In the future, if you disobey my orders, there will be some mental backlash... Although the damage is not serious, it will have an impact on you after all....."

Qin Feng told the truth.

Luo Li looked at him faintly:"I'm already like this, what else can't I do? Sign it....."

Seeing Luo Li volunteering, Qin Feng stopped talking.

He directly activated the skill, and his mental power automatically condensed a contract star pattern, which was implanted between Luo Li's eyebrows.

The contract is signed!

At that moment, the two souls resonated and created a magical connection.

Luo Li's feelings towards Qin Feng also changed subtly.

She was even more attracted to the boy in front of her and more devoted to him.

An hour later, the three of them went back to their houses.

In the room, Qin Feng's mood became very good.

He didn't expect that Luo Li was really willing to sign a contract with him.

This kind of contract requires the active consent of the other party in order to be successfully signed.

At the same time, the master's mental strength must be higher than that of the slave.

In terms of mental power, Qin Feng is not worried at all. His mental power is comparable to that of Eight Stars.

After signing this contract, Qin Feng doesn't have to worry too much about detoxification.

In the future, when the toxicity occurs, he can summon Luo Li to his side and solve it easily.

He finally breathed a sigh of relief now.

I finally found a solution to my love affair.

After sorting out these trivial matters, Qin Feng took out another storage ring.

That is the relic of the Flower Goddess.

He began to count his loot.

After this count, he was overjoyed.

The harvest this time was so surprising.

The Goddess of Flowers actually has an Emperor Liquid Crystal (Wood), thirteen bottles of Emperor Liquid Liquid (Wood), and a secret technique - Ten Thousand Flowers Disintegration (Super Technique).

Qin Feng couldn't wait to digest this rich resource.

His cultivation reached five-star perfection in one fell swoop, and his combat power soared to 10 million points.

This happens to be the combat power value of Seven-Star Dzogchen.

Qin Feng's strength increased dramatically.

Later, he learned how to disintegrate thousands of flowers.

He was pleasantly surprised to find that Wanhua's disintegration and atomization cooperated with each other, and his defensive power was comparable to that of a king-level skill.

As a result, he has a king-level attack skill - the sky-burning golden flame.

The speed has a king-level skill - the lightning escape method.

The auxiliary category includes king-level skills - king-level illusion, memory stealing, and space summoning.

He has almost no shortcomings.

In addition, he also has two high-grade Yuanwu pieces.

Nowadays, under the king, as long as the eight stars are accurate, no one can be his opponent.

Qin Feng is very satisfied with his progress.

After breaking through to the five-star Great Perfection, he can condense the sixth star pattern to prepare for the breakthrough to the next realm.

The 10 star pattern fragments rewarded from the last god-level challenge directly helped him increase the completion rate of his sixth star pattern to 50%.

After doing this, Qin Feng felt comfortable and continued to count the flower god's storage rings.

This time during the inventory, he discovered a surprising news.

This time the Dragon Ruins opened, the 'Hun' organization actually wanted to get involved.

They are preparing to arrange for some members to enter.

Flora is one of them.

The Emperor Liu Jing (Wood) and Emperor Liu Jing (Wood) were given to the Flower Goddess by the 'Hun' organization in the hope that the Flower Goddess could break through to the Seven-Star Great Consummation in a short period of time.

Flower God originally planned to start seclusion after handling Qin Feng's matter.

Unexpectedly, God's calculations are not as good as those of man, and Qin Feng is better off with all this.

"This trip to Longxu is not peaceful!"

Qin Feng frowned slightly

‘The Hun' organization has never joined the Dragon Ruins Exploration before.

Joining suddenly this time will definitely cause more troubles.

What's more, he and the faint organization have already formed a deadly feud..

Chapter 199

A night of silence.

Early the next morning, Qin Feng had the breakfast carefully prepared by Luo Li, and the two went to the Neptune Mansion together.

At this moment, in the living room of Neptune's mansion.

Neptune hasn't shown up yet.

Qin Feng and Luo Li sat on the sofa and waited.

The servants had made fragrant tea for the two of them and prepared some nut snacks before they left respectfully.

Qin Feng was drinking tea and eating nuts.

That nut is no ordinary fruit.

The shape and pulp are like walnuts, with a fragrant aroma and a crisp texture. After eating it, people feel more energetic and their mental strength is improved.

This is a new type of spiritual fruit that emerged after the earth mutated. It evolved from pecans and is called Jing Yuan Spirit Core.

Eating it initially will increase some mental power.

If you eat too much, although it cannot improve your mental strength, it can still refresh you and make you more energetic.

This kind of spiritual fruit is a special product of the Xuanwu League. It is very precious. The outside world will judge the price by one piece, but there is still no market for it.

Ordinary elementalists can't eat it at all.

This was specially prepared for them by Neptune.

Today is the day to run for a spot.

Neptune also hopes that they can show their best mental outlook.

It was the first time for Qin Feng to eat it.

Therefore, every time he eats one, his mental strength increases a little.

This made him feel good and couldn't help but eat a few more pills.

Seeing that Qin Feng liked to eat, Luo Li kindly helped him peel the shells.

Now, Luo Li is getting smaller and smaller in front of him.

"Aren't there three people?"

Qin Feng patted the chopped nuts on his hand and took a sip of tea.

After eating more than twenty pieces, the improvement of mental power of these nuts became less and less, almost non-existent.

However, Qin Feng was already satisfied. Yes, I am in high spirits and in very good condition.

"There is also a year-round retreat! He will be released from quarantine today. He will not miss such a great opportunity....."

Luo Li continued to help Qin Feng peel the nuts.

Each king has three recommendation quotas.

In addition to Qin Feng and Luo Li, there is another candidate recommended by Neptune this time.

It's just that that person's cultivation level is worse than Luo Li's.

While the two were chatting, footsteps sounded outside the living room.

Qin Feng looked up and saw a middle-aged man with an arrogant face walking in.

His cultivation level is at the peak of the mid-seven-star stage.

As soon as he entered the door, he saw Qin Feng and Luo Li

"Master Luo Li, you're here early!"

The middle-aged man greeted with a smile, and the arrogance on his face was a little less.

Facing Luo Li, he couldn't be arrogant.

Under the command of Neptune, there are many Seven-Star Dzogchen Perfectionists, but they are all over a hundred years old.

Within a hundred years old , the one with the most talent and strength is Luo Li, he can only be ranked second.

Of course, he is still a little unconvinced

"Lord Gaolong, after being in seclusion for so long this time, you have gained a lot, right?", Luo Li asked politely.

"Ha ha!! good!"

Gao Long said modestly, but he was very proud in his heart.

This time in retreat, he broke through to the peak of the mid-seven-star stage in one fell swoop.

He was confident that he could compete with Luo Li for the first place.

Gao Long stood next to the sofa with a proud look on his face.

He glanced at Qin Feng inadvertently.

This young man was very unfamiliar to him.

When Qin Feng became famous in the Southern League, he was in retreat, so naturally he didn't know Qin Feng.

Then, Gao Long frowned slightly, secretly wondering if this young man didn't understand. Polite?

When the majestic Seven-Star Lord came in, the young man kept sitting like that. He didn't know how to stand up and salute, and he didn't know who taught his subordinates?

However, he didn't pay too much attention and sat down very proudly.

At this time, He then carefully looked at Luo Li.

After this look, he was shocked. Luo Li was already in the late seven-star stage.

"Luo Li, you have made a breakthrough!", Gao Long was shocked.

The tone was full of envy and a bit sour. His arrogance suddenly weakened.

Luo Li didn't care:"So what? This campaign will be fierce. With my strength, I'm afraid I won't be able to get in....."

"Lord Luo Li was joking.....", Gao Long didn't think so.

He thinks he is good enough, so why can't he get in?

Luo Li said that just to be modest.

"By the way, this campaign. On our Neptune side, besides you and me, who is the third candidate?"

"It's him! Qin Feng, let me introduce to you, this is the Gaolong monarch we are running for election together....."

Luo Li enthusiastically helped Qin Feng introduce him

"I've met Lord Gaolong!", Qin Feng said hello with a smile.

Gao Long was stunned.

Is that right?

The young man in front of him, who has only attained five-star perfection, is also one of the candidates?

Lord Neptune is not joking, right?

Gao Long swallowed his saliva

"That... Luo Li, little friend Qin Feng is really.....", Gao Long was a little doubtful

"Of course it's true. Do you think I'm lying??",Luo Li said angrily to him

"Um...it seems that little brother Qin Feng has something special about him....."

Gao Long smiled, but his eyes were full of worry.

He felt that Lord Neptune was impulsive.

With Qin Feng's strength, it is absolutely impossible to be selected, and a spot is wasted.

However, he just thought this in his heart but did not say it out loud.

At this moment, footsteps sounded outside the hall.

When the three of them knew that Neptune had arrived, they all stood up.

After a moment, Neptune walked in.

He glanced at the three of them and then said:"We are going to meet His Majesty today, so you three must not lose your etiquette. If you make His Majesty unhappy, I will not be able to save you." Neptune said very seriously.

"Wang Zun, we will understand!"

Luo Li and Gao Long also agreed.

"Let's go!"

At that moment, the group set off.

A quarter of an hour later, the group arrived at the Fengdi Palace.

Dozens of officials had gathered in the palace hall, all of them were Seven-Star Monarchs or above, and many of them were powerful Seven-Star Dzogchen.

This time The quota election is regarded as a grand event within the alliance.

Although many monarchs are over the age and do not have the authority to participate in the election, they can watch it.

When the Sea King and his party arrived, the atmosphere in the venue became more lively.

The King of Lu had already arrived.

Among the three candidates he brought, one was in the late seven-star stage and two were in the mid-stage seven-star stage.

After the Sea King and the Land King met, they started chatting.

Not long after, footsteps sounded outside the hall.

An elegant man walked Entering the hall.

He is the King of Heaven.

Behind him, there are five people.

Everyone looked at the five people, and there was a burst of exclamation from the crowd.

"Two Seven-Star Dzogchen! Three late stage players! The King of Heaven is so powerful!"

"Tsk tsk!! This time, the King's subordinates won't want to take up all five places, right?"

I heard the crowd exclaim.

The king only showed a faint smile.

But the five players behind him all had bright faces.

This time, they came for all the places.

In the crowd, Qin Feng took a look at the king. candidate, nodded slightly.

Except for the two Great Perfections, the three later stages were all very powerful and truly powerful.

Each of them was stronger than Luo Li.

It seemed that Luo Li had some trouble getting selected this time.

At the same time, King Neptune and King Lu looked at each other with wry smiles on their faces.

Gao Long was even more dumbfounded.

Damn it~!

As soon as this lineup came out, it seemed like there was nothing wrong with him.

"Qin Feng, I have no chance this time.....", Luo Li whispered in Qin Feng's ear.

Qin Feng smiled slightly:"Not necessarily....."..

Chapter 200

At this time, Gao Long's sigh came from behind Qin Feng

"Why! There are people outside the world, and there is heaven outside the world!"

Gao Long shook his head slightly, feeling despair.

At this time, he saw Neptune also smiling bitterly, and then looked at Qin Feng beside him, and suddenly realized.

It turned out that Qin Feng was just making up the numbers.

Neptune really had good intentions.

Gao Long thought smugly.

He looked at Qin Feng and felt a little warm.....

At least he wouldn't be the worst if he wasn't picked for a while.

The crowd, the monarchs belonging to the power of the Sea King, also looked worried.

If no one from the Neptune side is chosen, they will naturally become less powerful than the Heavenly King in the future.

The same is true for King Lu.

Even within the same alliance, there is competition among each other.

Sometimes, good competition can enhance members' ambition, while bad competition is not conducive to unity.

How to balance it depends on the leader's methods.

And Emperor Feng is an excellent leader

"Your Majesty is here!"

In the spacious hall, the celebrant's voice spread throughout the whole place.

The noisy hall fell silent instantly.

Everyone held their breath and did not dare to speak.

After a moment, a red light flashed past.

Above the hall There was an arrogant and domineering figure on the dragon throne.

She was the Nine Heavens Phoenix Emperor!

At this moment, the Phoenix Emperor was wearing a veil, a phoenix crown, and a red phoenix skirt.

She looked down at everyone majestically

"Meet your Majesty!"

All the officials were in awe, and stepped forward one after another, bending down to salute.

Gao Long was even more frightened, and was so frightened that he did not dare to raise his head.

Qin Feng also stepped forward to salute.

At this time, he seemed to sense something, and looked up, just in time to see When Emperor Feng looked at him, there was a hint of tenderness hidden in those majestic eyes, which made him a little baffled.

"No gift!"Fengdi slowly sat down.

"Thank you, Your Majesty!"

All the officials stepped forward one after another.

Qin Feng could feel that the monarchs looked at Emperor Feng with not only awe, but also admiration.

Emperor Feng was the pillar of the entire Southern League.

"King, let's start with you!"

"Yes, Your Majesty! You three, come out!"

Following the order of the Heavenly King, three monarchs came out of the Heavenly King's forces, two of them were seven-star Dzogchen masters, and one was a late-stage master.

Especially the two Dzogchen masters. As soon as they came out, they attracted everyone's attention.

Everyone. Looking at the two people, they both showed admiration.

The Sea King and the Land King also showed approval.

Qin Feng also looked at the two people curiously.

One had a crew cut and a short black beard on his lips. He looked like a middle-aged man. His name is Li Xun.

The other one is a cold young man named Wan Hansheng.

Both of them have a touch of arrogance on their faces.

However, they do have the capital to be proud.

Cultivating to the Seven-Star Perfection within a hundred years of age, no one can compare to anyone. In a league, they are all the top talents.

Even Feng Emperor nodded slightly, very satisfied with these two people.

According to the past, it would be good to have a seven-star Dzogchen player in the Southern League.

This time, it actually appeared. Two were selected.

This made Emperor Feng very satisfied.

It seems that the quality of this batch of candidates is better than the previous one.

"King, you did a great job!", Emperor Feng praised casually.

"Thank you for your compliment, Your Majesty, this is what you should do.", the King of Heaven was very excited.

It was an honor to be praised by Emperor Feng on the spot.

Then, it was King Lu's turn.

Of the three people he recommended, only one was in the late seven-star stage, and two were in the middle stage of the seven-star stage.

In this comparison, Lu The king's side was obviously far behind.

Soon, it was the turn of the Neptune King's side.

Qin Feng, Luo Li, and Gao Long came out.

As soon as everyone saw Qin Feng coming out, there was a commotion in the field.

"what happened? Why did Neptune let Qin Feng stand for election? Isn't this a bit inappropriate?"

"yes! Qin Feng only has a five-star cultivation level, which is not enough....."

Many monarchs in the field knew Qin Feng.

After all, Qin Feng won the first place in the martial arts competition a few days ago. He was so popular that he could be considered a celebrity.

But their inherent concepts made these seven-star monarchs not believe that Qin Feng had the strength to be selected.

"Your Majesty, the recommended candidates have been selected. Please make your preliminary selection!"

The three kings saluted respectfully.

Emperor Feng nodded slightly.

"Li Xun, Wan Hansheng, Chen Boye, Lu Ming and Luo Li stayed....."

Emperor Feng quickly made his choice.

Those who were named and selected showed joy.

If it is not selected, it will automatically move back to both sides.

But Neptune and Luo Li were stunned.

Why didn't Emperor Feng choose Qin Feng?

At that moment, Neptune stepped forward and said:"Your Majesty, Qin Feng is a person with dragon power, he should be elected!"

As soon as these words came out, the whole audience was shocked.

"What? Longwei?!"

"Oh My God! Qin Feng actually possesses dragon power!"

Everyone looked at Qin Feng in surprise and sighed.

People with dragon power will have more than ten times more opportunities to enter Dragon Ruins.

It can be said that one person can be equal to ten.

Such talents can definitely give people a chance if they enter Dragon Ruins. The Southern League has brought great gains!

However, people with dragon power are so rare. They have only heard about it but never seen it.

Unexpectedly, one of them from the Southern League came out, and that was Qin Feng in front of them.

At this moment, everyone The monarch was excited.

They looked at Qin Feng one by one, as if they were seeing a big treasure.

Even Gao Long was shocked.

Only then did he know why the King of the Sea recommended Qin Feng.

But the next second, everyone felt It's a pity.

Qin Feng is good with Dragon Power, but his cultivation level is too low.

This may be the reason why Emperor Feng didn't choose Qin Feng.

However, even so, Qin Feng's status in the hearts of everyone has still risen significantly.

Such a talent must be cherished

"Your Majesty, look.....", Neptune continued.

Emperor Feng glanced at Qin Feng and then said:"Let's move on to the next step first and talk about it later....."

"yes!", Poseidon had to obey.

Qin Feng also wondered, why didn't Emperor Feng choose him?

Did he feel that he was not strong enough?

He would have to prove it later.

Longxu, he must go!

Next, the quota election was carried out. link.

That is to challenge the five people in the primary election.

As long as the age of the players is under 100 years old and they feel that they are qualified to enter, they can challenge one of the five people.

Soon, a seven-star late-stage player emerged from the Heavenly King force and asked Lu Ming Issued a challenge.

Lu Ming was the strongest genius in King Lu's force, and his cultivation level was in the late seven-star stage.

The two sides fought hard in the center of the hall.

In the end, Lu Ming was lucky enough to win half a move and keep his spot.

This made King Lu One force was overjoyed.

The King of Land even showed off in front of Sea King.

Sea King rolled his eyes in anger.

The King of Heaven was not expecting something.

"Your Majesty, I want to challenge Lord Luo Li!"

Another person came out of the Heavenly King's forces.

It was a short, fat man with dark skin, named Chen Hu.

As soon as he came out, the forces on the Sea King's side sighed.

This Chen Hu is very powerful and has defeated Luo Li before. Not to mention this time.

It seems that the whole army of Neptune King has been wiped out.

"Wang Zun, I...", Luo Li looked at Neptune anxiously.

When she saw Chen Hu, she really had no confidence

"Go for it! Just try your best!", Neptune comforted him.

Luo Li had no choice but to bite the bullet.

The two sides soon started fighting.

Sure enough, Luo Li soon fell into a disadvantage when the battle started.

People on Neptune's side sighed.

Gao Long looked pessimistic:" Brother Qin Feng, it seems that our Sea King force will lose miserably this time... I am afraid that the whole army will be annihilated....."

Qin Feng smiled slightly:"That's not necessarily the case! Luo Li will win!"

"How can this be? You see Luo Li is completely at a disadvantage and doesn't even have a chance to fight back. How could she possibly....."

Before he could finish his words, there was a sudden loud noise in the field.

Chen Hu was knocked away by Luo Li's punch.

He fell at the door of the hall, spitting blood and fainted.

At this time, everyone in the audience was stunned, with their mouths wide open.

Even Luo Li herself was shocked.

She stared at her fist blankly, dumbfounded.

She didn't even know how she defeated Chen Hu.

I won?!

Luo Li couldn't believe it.

The whole place fell into silence.

This change was so sudden that everyone was unable to turn around.

The King of Heaven, the King of Sea, and the King of Land were shocked and confused.

They just felt something vaguely, but they didn't know it clearly...

Qin Feng's expression was calm, but he was still a little uneasy in his heart.

Seeing the confused expressions of the three kings, he breathed a sigh of relief.

It seems that the three kings did not realize that it was him who did it.

There was no other way, in order for Luo Li to be selected, he had to help Luo Li.

But at this moment, he felt a pair of eyes looking at him.

Qin Feng quickly turned around and saw Emperor Feng glance at him and then shift his gaze..
