

## God level 1921

### Chapter 1921

Zhou Shao is just a third-generation descendant of the Zhou family with mediocre talent and low status. As the third elder, I can completely ignore his request.

Therefore, Zhou Shao wanted to ask the third elder to help him refine the Seven Spirits Purple Fire Pill. It's almost impossible.

After all, the third elder is a seventh-level warrior. He is not willing to spend his time on such trivial matters, let alone refine elixirs for a warrior of less than third-level. So what if this second-level warrior is a direct disciple of the Zhou family?

Unless it was a request from the other two elders, it would be difficult for him to agree.

But Young Master Zhou's talent is too mediocre and will not be taken seriously by the elders of the Zhou family. It is impossible for the two elders to stand up for him, which is a waste of favors.

"yes! It is very difficult to ask the Third Elder to help me refine elixirs. But there's one guy who might be able to do it. Qian

Xing pondered for a while and then said:"Fourth Young Master, are you talking about Qin Chuan?"

"good! I don't know why that little bastard is so lucky, but Miss Yuyao is very fond of him. If that little bastard comes forward, ask Miss Yuyao to help intercede. The third elder should agree. After all, Miss Yuyao is the apprentice of the third elder, so this matter should not be difficult."

Speaking of this, a burst of anger welled up in Young Master Zhou's chest. He really couldn't understand why Yuyao valued Qin Chuan, a low-born little bastard, but he valued his birth status ten times better than Qin Chuan's. It's not just the fourth young master of the Zhou family who ignores it?

Thinking of Yuyao's beautiful face, graceful figure, and elegant conversation, Young Master Zhou's heart is filled with passion.

He always fantasizes about conquering Yuyao, and maybe he can pass Yuyao got a lot of benefits.

But Yuyao was indifferent to him, but was very affectionate to Qin Chuan.

How could this not make Zhou Shao jealous?

"So who is Qin Chuan? So what if he is talented? He is just a domestic slave born in our Zhou family. After all, he is a dog of our Zhou family, a relatively talented dog."

Young Master Zhou cursed secretly, and his hatred for Qin Chuan deepened in his heart. It seemed that Qin Chuan's existence was an insult to him.

"Fourth Young Master, it seems we are going to use Qin Chuan this time."

"Yes, he is now my personal guard. I asked him to plead with Yuyao, but he dare not not go"

"As long as he begs for mercy, Yuyao should agree. As long as Miss Yuyao agrees, there should be no problem in refining the Seven Spirits Purple Fire Pill."

"It's just that I didn't expect that in the end I would need that little bastard to help me plead for mercy. Qian

Xing immediately flattered him and said,"Fourth Young Master, you asked Qin Chuan to come forward to intercede. This is because you are giving him face, and it is also his duty." After all, he is your subordinate, shouldn't you still be grateful to him?"

"snort!"

Zhu Shao sneered.

"Do you think I would be grateful to him for this small favor? This is what he should do. This little bastard is an orphan born in my Zhou family. My Zhou family has been kind to him in raising him. How can this little thing be worth the kindness of raising him?"

"That is! That is!"

"No matter what, this little bastard must die! After I use him to help me refine the elixir first, I can also use his face to deceive Yuyao and complete my plan of conquest. After everything is over, I will find a way to kill him!"

When he mentioned the plan of conquest, Mr. Zhou didn't know what he thought of, but a lewd smile appeared on his face...

Chapter 1922

"Fourth Young Master, do you want your subordinates to go find Qin Chuan now?"

"Um! Go and invite him over! The Seven Spirits Purple Fire Pill must be refined this time. I lost the Heavenly Fire Liquid. Whether I can break through to the third level earlier depends on it."

"Fourth Young Master, this subordinate will go find Qin Chuan right now!"

"Go for it!"

After Qian Xing left, Young Master Zhou clenched his fists tightly and cursed in a low voice.

"Lin Yue, you bitch, you are a good pet, you stole my Sky Fire Liquid, and now you want me to spend almost all my savings to collect materials to refine the Seven Spirits Purple Fire Pill, you can You have really caused me so much harm, you prodigal bitch!"

When he thought of the lost Sky Fire Liquid, Mr. Zhou had the urge to vomit blood. The

Sky Fire Liquid was very precious. He had worked so hard to get those two drops of Sky Fire Liquid. Now that he wants to get it again, then It was impossible.

Therefore, Mr. Zhou had no choice but to do the next best thing and refine the Seven Spirits Purple Fire Pill.

In fact, the value of the Seven Spirits Purple Fire Pill was equivalent to that of Heavenly Fire Liquid, but it could help break through the third-level bottleneck. The probability is less than half of the Heavenly Fire Liquid.

Although the Seven Spirits Purple Fire Pill can increase the probability of breakthrough, its more function is to allow third-level warriors to greatly improve their cultivation.

Because it is a pill that increases their cultivation, but The fire energy contained in the elixir has strong spirituality, allowing second-level Dzogchen warriors to realize the spirituality of the fire energy, so it also has the effect of breaking through the third-level bottleneck.

However, the probability of breakthrough of the Seven Spirits Purple Fire Pill is small, Zhou In order to increase the chance of a breakthrough, Fourth Young Master had to prepare more materials in the hope of refining a few more.

But these materials were very precious and almost spent all his savings over the years.

In order to be able to break through to three It can be said that he put a lot of effort into it.

It didn't take long for Qin Chuan to be found by Qian Xing.

It turned out that Qin Chuan didn't go to Xiao Xiang'er's place that day, so he came over quickly.

"I have met the Fourth Young Master!"

Qin Chuan followed the rules and saluted Young Master Zhou.

At this moment, he was hiding his fire energy cultivation. On the surface, he was still a second-level Dzogchen warrior.

In fact, according to the rules of the Zhou family, as long as he kissed When Wei's fire energy cultivation reaches the third level, he can choose to return to the guard camp and take up the position of guard captain.

But if Zhou Shaobu dies, Qin Chuan will not go back.

"Ha ha!! Qin Chuan, are you getting used to living in this mansion during this time?"

Zhou Shao asked pretending to be affectionate.

"Thank you Master Zhou for taking care of me. I am very used to living there."

"Ha ha!! Used to it! Used to it!"

Young Master Zhou Zhou nodded happily, and then sighed.

"Qin Chuan, you also know that an unhappy thing happened in the house recently. The Sky Fire Liquid that I worked so hard to obtain was actually stolen by a little beast. That was my hope of breaking through to the third level. ah!"

Speaking of this, Young Master Zhou's face was full of pain, but he was not pretending to be in pain. He was indeed very distressed.

"Therefore, during this period of time, I have been in a bad mood, so I have not arranged any position for you. Don't worry too much, I value you very much. Let's do this. From now on, just like Qian Xing, follow me!"

Qin Chuan pretended to be grateful and said:"You would appreciate Young Master Zhou's attention more! Subordinates must do their best to do their part"

"good! It's best if you think so. By the way, I have something I want you to help me with now. I wonder if you can help me?"

"Fourth Young Master, please speak! As long as the subordinates can do it, they will do their best!"

Qin Chuan said this, but secretly said in his heart:"Young Master Fourth invited me over today, what kind of tricks are you going to play? Let me see what he says?"

Seeing Qin Chuan agree on Thursday, he said:"It is true that only you can do this, not even this young master, so I can only come to beg you."

"The Fourth Young Master told a joke. If there is something that the Fourth Young Master cannot do, how can his subordinates do it?"..

Chapter 1923

"Qin Chuan, don't say that yet, only you can do this. I won't beat around the bush with you anymore, I'll talk to you directly."

"This time I lost the Heavenly Fire Liquid, and it was difficult to break through the bottleneck, so I sent people around to collect some materials in order to refine the Seven Spirits Purple Fire Pill."

"I think you should know the effectiveness of the Seven Spirits Purple Fire Pill. Although it is not as good as the Sky Fire Liquid in breaking through bottlenecks, it can still increase the chances a lot."

"The only person who can refine the Seven Spirits Purple Fire Pill is Yuyao's master, the Third Elder. I want to ask him for help. I'm afraid it will be difficult. If Miss Yuyao comes forward, it will be easy."

Hearing this, Qin Chuan understood what Master Zhou meant.

Master Zhou continued:"I know that you have some friendship with Miss Yuyao. If you help me come forward and plead with Miss Yuyao, Miss Yuyao will Definitely agree. As long as Miss Yuyao agrees, the third elder will naturally help me make elixirs."

"I wonder if you are willing to help me with this?"

"Fourth Young Master, of course my subordinates are willing to help with this!"

Qin Chuan agreed without even thinking about it.

"It's just that although my subordinate has some friendship with Miss Yuyao, I can't guarantee whether Miss Yuyao will agree."

"Ha ha!! It doesn't matter. Whether Miss Yuyao agrees or not, I won't blame you. If Miss Yuyao agrees, as long as she refines the Seven Spirits Purple Fire Pill, I will definitely give you one as a reward. What do you think?"

Seven Spirits Purple Fire Pill is a high-grade pill that can greatly improve your cultivation. One pill is worth more than 100,000 gold coins.

Unexpectedly, Zhou Shao said that he would give Qin Chuan one as soon as he opened his mouth.

Qian Xing on the side showed surprise on his face. With his understanding of Young Master Zhou, this was almost impossible. He couldn't understand why Young Master Zhou suddenly became so generous.

Hearing this, Qin Chuan pretended to be excited and said:"What the Fourth Young Master said Seriously?"

"Of course, what I said is true. As long as you convince Miss Yuyao and the alchemy is successful, I will give you one as a gift and you will never lie. I see that you are also at the second level of Dzogchen. Having this Seven Spirits Purple Fire Pill will be of great help to your breakthrough. What do you think?"

"good! Since the fourth young master made such a heavy promise, his subordinates must convince Miss Yuyao no matter what!"

When Qin Chuan said this, Young Master Zhou was overjoyed:"Haha!! good! If it's convenient, you should go to the Alchemy Bureau now. The sooner the better, don't delay!"

"Um! This subordinate is going now!"

At the moment, Qin Chuan preferred Master Zhou to resign.

After Qin Chuan left the hall, he heard Qian Xing's whisper.

"Fourth Young Master, are you really going to give Qin Chuan a Seven Spirit Purple Fire Pill?"

Zhou Shao sneered: "Do you think it's possible?" Will I give that bastard such a huge benefit? I just gave him a piece of pie and asked him to put in more effort."

"However, when the time comes, I will give him a Seven-Spirit Purple Fire Pill in front of Yuyao, so that Miss Yuyao will understand that this boy is begging her because of his own interests, and will destroy this boy's reputation in Miss Yuyao's mind. impression"

"Then, we will find another opportunity to kill this kid and get back my Seven Spirits Purple Fire Pill from him.

Qian Xing suddenly realized: "It's still the fourth young master's opinion!"!"

"Ha ha!! Even this little bastard wants to fight me! You can only seek death!"

Qin Chuan heard the conversation between the two people behind him, with a sinister sneer on his face.

This Seven Spirits Purple Fire Pill is good. Anyway, my fire energy has advanced to the third level, which can greatly improve my cultivation. I will miss you on Thursday. I'm afraid this dying person won't be able to use him!!

After leaving the inner courtyard of the Zhou family, Qin Chuan did not go to the elixir bureau to look for Qingyao. Instead, he went to the market and finally bought a few sets of new clothes and a Silver mask.

After doing this, Qin Chuan walked on the street, preparing to go back to the Alchemy Bureau to find Qingyao and Xiao Bing'er.

But at this moment, he felt the Soaring Snake Order on his body beat slightly.

This discovery made Qin Chuan's heart skip a beat, and his face immediately showed a look of surprise, and he quickly looked around...

Chapter 1924

The Soaring Snake Order was given to him by the head of the Teng family, and it could sense the presence of the Teng family's children.

The response to the Soaring Snake Order indicates that there are children of the Teng family nearby.

Qin Chuan quickly looked around the street.

There were pedestrians coming and going on the street, but most of them were ordinary people and no one in particular was seen.

Since there is a reaction to the Soaring Snake Order, it means that there are children of the Teng family nearby.

If he can find this person, maybe he can find the current members of the Teng family. When the Ao-Teng family joins forces, they may be able to find the mysterious person from back then, and revenge will be more promising.

Thinking of this, Qin Chuan couldn't help but feel excited. The five races in ancient times were all of the same spirit. It would be a good thing if they could find the children of the Teng family.

Moreover, the head of the Teng family once said that when several family heads went to avenge the head of the Feng family, the others brought the inherited artifact, but he did not bring it.

This shows that the Teng family may not have lost the inherited artifact.

If the Teng family had not lost the inherited artifact, and the blood inheritance of the Teng family's children should have been activated, then the current Teng family should be more powerful than the Qing family.

Of course, all this is just Qin Chuan's speculation.

At the moment, Qin Chuan stood in the center of the street and moved a few steps forward, left, and right. He found that when he moved to the right, the Tenglong Order vibrated very violently.

Qin Chuan raised his head and looked to the right. He saw a restaurant in front of him. Qin Chuan smiled and walked towards the restaurant.

It seems that this Teng family brother should be in this restaurant. He should go up and have a look!

Walking into the restaurant, the waiter came up to greet me warmly.

Qin Chuan had no time to pay attention to him. Following the induction of Tan Snake Ling, he walked towards the second floor.

He sensed that the Teng family member was on the second floor.

The second floor of the restaurant is full of private rooms.

"Young hero, do you want to go to the box on the second floor? Or is there a friend of yours on it?"

When the waiter saw Qin Chuan going upstairs, he immediately greeted him warmly.

Qin Chuan pondered for a while and then said:"I want a private room!"

"Okay, young hero, come up with me!"

After going up to the second floor, Qin Chuan walked forward according to Teng She Ling's reaction. When he approached the box of 'Xuan Zi No. 7', the Teng Snake Ling beat even more violently.

Qin Chuan felt happy and said to himself : "It seems that he is in this box. There seem to be two people in this box."

Although there is still some distance between them, Qin Chuan has vaguely heard the voices of the two people in the box.

"Waiter, please arrange a box for me next to box number seven!"

"Young hero, box number six happens to be empty. Come with me!"

At this moment, Qin Chuan followed the waiter into the box No. 6.

Qin Chuan ordered a few drinks and food at will and sent the waiter out.

I don't know if the person in the box No. 7 sensed someone next door, so Qin Chuan entered the box No. 6. Finally, he started to stop talking.

Qin Chuan had no choice but to calm down and wait.

After a while, the waiter served the food and wine, and Qin Chuan started to eat by himself.

After a while, the two people next door seemed to be unable to calm down. , started talking in a low voice

"Brother Huo, who do you think the person next door could be?"

"How can I know? I haven't seen him"

"hehe!! That's right, why don't we talk while walking, lest the walls have ears!"

"That's exactly what Brother Luo said!"

.....

At that moment, the sound of tables and chairs being pushed came from Box 7, and it was obvious that the two people were preparing to leave.

In the box No. 6, it was Qin Chuan who was eating and drinking. After listening to the conversation between the two, a look of horror appeared on his face.

What frightened him was not that these two people noticed someone next door and avoided him.

But the voices of these two people were very familiar to him, because he knew both of them.

These two people turned out to be Huo Qing and Luo Feng..

Chapter 1925

This...how could this happen? One of them is a descendant of the Teng family.

But who is it?

Also, how come Brother Huo Qing and Luo Feng got together?

It feels like there are some hidden secrets between the two of them.

It seemed like he was going to sneak up and take a look."

At the moment, Qin Chuan locked his hearing on the whereabouts of the two people and did not rush forward to follow them. However, he said that two handsome young men of seventeen or eighteen years old walked out of the box No. 7. One was carrying a long knife, and the other was elegant and delicate. , it is Huo Qing and Luo Feng.

Huo Qing and Luo Feng entered the guard camp one step earlier than Qin Chuan.

However, their fire energy cultivation level is still at the second level, which is slightly lower than You Hongyu

After the two people walked out of the restaurant, they found that no one was following them, so they headed out to Beicheng. Shortly after the two people left, Qin Chuan 's figure appeared on the street and followed him quietly.

After leaving Shenyang City , Huo Qing and Luo Feng rushed towards a small forest.

Qin Chuan hesitated for a while, took out the silver mask in the God of War Order space, put it on, and then started the battle body madness. That's it.He became a white-haired, silver-faced man, and

his whole body exuded an astonishing evil aura. Coupled with that cold silver mask, it actually gave people a chilling feeling.

Few people have seen Qinchuan's battle body go crazy, but everyone who has seen it has already died in his hands.

Therefore, even acquaintances could not recognize Qin Chuan after putting on a mask and becoming mad.

Not only did he change his appearance, but his heart-stopping evil aura also changed his temperament.

After disguising himself, Qin Chuan followed quietly.

Soon, Huo Qing and Luo Feng came to a small forest, and the two began to talk secretly again.

Qin Chuan was also eavesdropping from a distance. With his abnormal hearing, he naturally didn't need to get too close.

Luo Feng glanced around and found that no one was following him, and then said with satisfaction: "Brother Huo, it should be safe here."

Huo Qing crossed his hands on his chest and asked calmly: "Luo Feng, you came to see me today, what exactly do you want to do?"

"hehe!! Actually nothing? It's just that Luo Mou found out today. He didn't expect that you are Huo Tianling, the famous young master of the Huo family in Chiming City."

"I heard that you became a third-level warrior two years ago, and you are the youngest among the top ten masters of the younger generation in Chiming City. Your reputation in Chiming City is soaring! Even the number one person can't compare to you, because your potential is greater than him."

When Huo Qing heard this, he didn't show any surprise on his face. He said quietly: "It seems that your Four Killing Alliance is very interested in this young master! I also specifically checked the details of this young master."

Luo Feng smiled slightly and was noncommittal.

"As far as I know, you, Young Master Huo, do not practice fire-based skills, nor are you a dual-system warrior. In order to sneak into the Zhou family, you have worked really hard, and you did not hesitate to waste a lot of time practicing fire-based skills. It seems that your Huo family is determined to win the Azure Dragon Pearl!"

"hehe!! Luo Feng, you are not majoring in fire-based techniques, nor are you a dual-system warrior. Your cultivation level is no worse than mine, and you are also a third-level warrior. You Four Killers Alliance have spent so much effort on getting you into the Zhou family. I don't think it's as simple as helping our Huo family to capture the Blue Dragon Pearl, right?"

Hearing this, Luo Feng's expression changed slightly:"It seems that your Huo family has also put a lot of effort into our Four Kills Alliance? Even for a little guy like me, you checked it out."

Huo Qing's face showed something like a smile but not a smile.

"You are not a small person. As far as I know, you and Feng Qingxuan are two heroes in the Four Kills Alliance. Feng Qingxuan ranks third among the top ten young masters in Tianshui City. How bad can your strength be?"...

Chapter 1926

Luo Feng laughed dryly:"Young Master Huo, Luo won't beat around the bush with you anymore. Let's open the window and speak frankly. Our Four Killers Alliance knows that your Huo family is here for the Blue Dragon Pearl. According to the original agreement, you have to Qinglongzhu, we want the head of the ancestor of the Zhou family"

"good!"

Huo Qing nodded slightly.

Luo Feng suddenly said:"But now the situation has changed!"

"How do you say this?"

Luo Feng smiled slightly: "I think Young Master Huo should have known about it for a long time." Your Huo family is not the only one who wants to seize the Blue Dragon Pearl. There is another force that is also pursuing the idea of Qing Longzhu.

Huo Qing's expression changed slightly: "Are you talking about the forces behind Qin Chuan?"

"It seems that Young Master Huo really knows about this matter. I wonder what Young Master Huo thinks about this matter."

Huo Qing pondered for a while and then said

"This was indeed beyond our expectations. The forces behind Qin Chuan want to seize the Blue Dragon Pearl. Our Huo family has long been aware of it. We thought everything was still under our control, but we didn't expect that there was a variable, and this variable was Qin Chuan."

"good!"

Luo Feng also nodded.

"We all underestimated Qin Chuan's fire talent. His cultivation time is shorter than ours, but his cultivation has increased very quickly. Now he has reached the second level of Dzogchen, and the fire energy of both of us is still there. In the second level"

"If he continues at this rate, when he recruits the Blood Guard next year, he should be able to break through the fire-based skills to the third level. As long as he enters the Blood Guard, they will probably take action. It seems that the forces behind him are impatient."

"yes! Qin Chuan's talent is really surprising! I didn't expect that he would reach the third level so soon."

Huo Qing sighed, and couldn't help but recall in his mind that the childish boy he met at Fengwei River has now grown into a being on par with himself.

"I think your Huo family should also know that the Green Dragon Pearl is hidden in the Zhou family's forbidden area. Only by becoming a blood guard can you enter the Zhou family's forbidden area."

"According to your Huo family's original plan, you should wait for Young Master Huo to practice the fire system to the third level, then sneak into the Zhou family's forbidden area, and then take the opportunity to seize the Blue Dragon Pearl.

Huo Qing smiled bitterly:"It doesn't seem necessary now." Since Qin Chuan wants to sneak into the forbidden area, he can complete the task of finding out the location of the Zhou family's forbidden area. But it's okay, this way the plan to win the Blue Dragon Pearl is just brought forward, which is not a bad thing."

"good! At that time, the strength of our two parties will wait and see what happens. We can also use them to weaken the power of the Zhou family. When both of them fight, they will both lose. You, the Huo family, will seize your Green Dragon Pearl, and our Four Killing Alliance will want the head of the ancestor of the Zhou family.

Huo Qing shook his head slightly:"I don't think it's appropriate!" No matter what force is behind Qin Chuan. At present, the Zhou family can be said to be the common enemy of our three parties. How about we three parties defeat the Zhou family together and kill the ancestors of the Zhou family?"

"Afterwards, you, the Four Killing Alliance, will help our Huo family steal the Blue Dragon Pearl. What do you think? Luo

Feng pondered for a while, then nodded and said:"This may be safer." The only worry now is that when we surround and kill the Zhou family, it is impossible for the other three major families to watch. When the time comes for the Zhou family to ask for help, it will be a very big trouble."

"If you just grab the Blue Dragon Ball, it doesn't have to be so troublesome. If he wanted to kill the ancestors of the Zhou family, he would probably attract the ancestors of the other three major families. So it seems that your Four Killing Alliance is holding us back."

Luo Feng's face twitched uncomfortably, but he suddenly asked

"Young Master Huo, Luo has never understood that your Huo family has spent so much energy on the Blue Dragon Pearl. Is it possible that your Huo family is the Qing family, the head of the ancient blood successor family?"

When Luo Feng asked this, his eyes were fixed on Huo Qing's, as if he wanted to see the changes in his heart..

Chapter 1927

Huo Qing shook his head slightly:"No!"

"hehe!! Since your Huo family is not the Qing family, why did you spend so much effort on the Qinglong Pearl? Although this Green Dragon Pearl is a sacred object of the wood type, it has limited effect on ordinary wood type warriors, and is of real use to the Qing family. What use does your Huo family have for it? Huo

Qing smiled coldly:"What's the use? That's our Huo family's business, so you don't have to worry about it." On the contrary, why do you, the Four Killing Alliance, want the head of the ancestor of the Zhou family? This makes Huo deeply puzzled."

"hehe!! I think Young Master Huo should know that the Four Killing Alliance is just what we call it externally. Internally it should be called the 'Blood Killing Alliance', which is a famous killer organization in Dakun Country. Hunting down the ancestors of the Zhou family is just a task we have taken on."

"Yeah?

"Huo Qing showed a faint smile

"I don't know who wants to kill the ancestor of the Zhou family?

Luo Feng laughed dryly:"Haha!" Our Blood Killing Alliance only cares about killing people, no matter the reason, as long as we can afford the price, we will kill them! As for who wants to kill the ancestor of the Zhou family, that is a secret of our industry."

"Maybe!"

Huo Qing smiled slightly, but there was a look of disbelief in his eyes. It was obvious that he didn't believe Luo Feng's words at all.

"By the way, Master Huo, I suddenly had an idea"

"what idea?"

"You said that your Huo family is not a descendant of the Qing family, so is Qin Chuan a descendant of the Qing family?"

Huo Qing shook his head and said: "If Qin Chuan is a descendant of the Qing family, his fire talent should be very poor. I don't think he is a descendant of the Qing family."

"Besides, thousands of years ago, Long Xing led his people to destroy the five ancient families, and the Qing family was the most thorough. Because what he fears most is the Qing family, and of course he doesn't want to see the Qing family come back to life."

"Um! There is some truth to this. However, what is strange is that since he is not a descendant of the Qing family, why did he spend so much effort for the Blue Dragon Pearl?"

"You'll have to ask him yourself about this. In fact, I'm also very curious!"

But at this moment, Qin Chuan, who was not far away, listened to the conversation between the two, and was shocked like a storm in his heart.

Unexpectedly, Huo Qing came to the Zhou family for the Green Dragon Pearl. What is the purpose of the Huo family wanting the Green Dragon Pearl?

And these Four Killing Alliances, they actually want to kill the ancestor of the Zhou family, and what are they doing for that? Which of these two people is the descendant of the Teng family?"

Countless thoughts passed through Qin Chuan's mind, and he soon had a plan in mind.

"No matter what happens to these two people, after they separate, I will know who is the descendant of the Teng family. As long as one of them is confirmed to be a descendant of the Qing family, the strength behind him should be an ally of our Qing family."

At the same time, a golden light suddenly flashed in a corner of the woods.

A monkey with golden hair appeared from the shadow of the trees, but it was the monkey king who almost vomited blood and died of Qin Chuan's anger.

At this moment, the monkey king used Nose vigorously sniffing the smell wafting in the air

"Huh! How come there is the smell of Qinchuan's little bastard in this smell? Is that little bastard nearby, still in this small forest?"

When he thought of this, the Monkey King was overjoyed and immediately touched the smell quietly.

It was a ferocious beast, and its ability to distinguish smells was naturally beyond the reach of ordinary people.

But he said the other side.

The two people in the forest seemed to have ended their conversation.

"Master Huo, I will convey your thoughts to Lord Zi."

"That's good! Huo said goodbye!"

Huo Qing said goodbye and was about to leave.

Seeing that the two were about to separate, Qin Chuan, who was hiding in the dark, felt happy, because he soon knew who was the descendant of the Teng family.

But at this moment, Qin Chuan Chuan's expression changed slightly, because he heard someone not far away coming towards the direction where he was hiding..

Chapter 1928

The man was sneaky and didn't seem to suspect good intentions.

Qin Chuan was immediately on guard, but suddenly realized something was wrong. He listened carefully, with a strange look on his face.

He thought to himself:"Why does this man just walk from the tree? The sound he makes when scratching the tree is like the sound of claws.""

"Huh! The sound of paws?"

When he thought of this, Qin Chuan's mind suddenly shook, and he was horrified. He turned around and ran away without even thinking. He also didn't care to judge which one of Huo Qing or Luo Feng was a descendant of the Teng family, because he had already guessed , the person who was quietly approaching him was actually not a human at all, but the Monkey King.

Facing the Monkey King, Qin Chuan had no choice but to run for his life, and he dared not stay there for long. He found that Qin Chuan suddenly turned around and ran away, quietly walking not far away The monkey king who touched it was stunned. It did not expect Qin Chuan to be so alert.

However, the monkey king immediately became furious, roared, rushed out of the woods, and chased Qin Chuan in the direction of his escape.

Qin Chuan rushed After leaving the woods, he fled directly towards the official road.

He was not far from Shenyan City now, and it was broad daylight.

No matter how arrogant the Monkey King was, he would not dare to break into Shenyan City in the daytime.

Shenyan City is a big city, There are many warriors inside, including many fifth-level masters.

If the Monkey King breaks into the Shenyang City during the day, it is inevitable that the warriors will besiege and die.

After all, it is a human society, and ferocious beasts dare not break in.

Qin Chuan As soon as he rushed out of the woods, he used the Bleeding Shadow Escape Technique. His speed suddenly increased. His whole body was covered with blood, and his whole body was like a blood shadow. The

Monkey King behind him saw Qin Chuan's speed increased greatly, and was shocked physically and mentally.

How could this kid's speed be possible? Can it be so fast?

At least the speed of the fourth level of Dzogchen. Isn't his strength only the second level? How could he have such speed?"

There was an incredible look in the Monkey King's eyes.

At this time, the monkey king also rushed from the woods.

Qin Chuan's figure also appeared within its sight.

But what it saw was a white-haired man wearing a mask, not the red-haired boy it imagined.

The person in front was so different from the Qin Chuan it knew, both in appearance and strength, that it was difficult for the Monkey King to connect the two. For a moment, the Monkey King was stunned.

With this stunning technique, Qin Chuan rushed to the official road ahead and fled directly towards Shenyang City.

But on the other side, the Monkey King and Qin Chuan suddenly rushed out of the woods one after another, which naturally alerted Huo Qing and Luo Feng who were having a secret conversation in the forest.

The two people's faces suddenly turned ugly.

Then, the two looked at each other and chased in the direction of the movement.

When the two chased into the woods, they saw a golden-haired monkey chasing a white-haired man on the official road from a distance. Both of them had a strange look on their faces. They had never seen a ferocious beast dare to be near the city. Those who hunt down human beings on official roads.

However, a look of horror soon appeared on the two people's faces.

"Young Master Huo, the speed of that white-haired man is really terrifying! It's definitely not something you and I can handle."

Luo Feng couldn't help but sigh

"He should be a fourth-level Dzogchen master."

Huo Qing also nodded slightly.

"yes! However, the monkey chasing him was even more terrifying. It should be a fifth-level ferocious beast. When did such a high-level ferocious beast appear near Shenyang City?"

Luo Feng had a look of confusion on his face. In the past, it was difficult to see even a first-order ferocious beast near the Divine Flame City, let alone a fifth-order ferocious beast....

Chapter 1929

"Master Huo, do you think the white-haired man was eavesdropping on our conversation just now?"

Huo Qing thought for a while and said, "I think it's unlikely." Don't you think the appearance of this fifth-level ferocious beast is strange? Maybe this white-haired man was chased all the way by a fifth-level ferocious beast and happened to pass by where we were talking."

Luo Feng nodded slightly. This is very possible.

"Master Huo, don't you think the white-haired man is strange? What on earth did he do to provoke a fifth-level ferocious beast to come out of the mountains desperately and chase him all the way to the city gate? This is the first time I have heard of such a strange thing, and the first time I have seen it."

But on the official road in the distance, Qin Chuan and the Monkey King staged a chase scene one after another.

The Monkey King is a fifth-level ferocious beast with terrifying speed, even faster than Qin Chuan.

It and Qin Chuan The distance between them was getting closer and closer.

At this moment, the monkey king was also full of doubts. He doubted whether the person he was chasing was Qin Chuan, so he wanted to catch up to the man in front and see his true face.

At this time , At the same time, on the official road ahead, there were three young warriors rushing to Shenyan City.

"Ha ha!! Ahead is Shenyan City! That's one of the top ten cities in our Dakun Kingdom! It is said that there are many masters in Shenyan City, and the younger generation is even more talented, especially the children of the four major families. There is always no shortage of geniuses."

"yes! I came to Shenyan City this time just to see the top ten young masters of Shenyan City. They are all role models for our generation!"

"That is! I also heard that among the top ten young masters in Shenyan City, the weakest are all third-level peak warriors. How amazing! It is rare to reach the third level before the age of thirty, and it is even more difficult to reach the peak of the third level. It seems that the top ten young masters of Shenyan City are not easy either!"

"Of course, the one who can become one of the top ten young masters is not a genius!"

"yes! If one day I can become one of the top ten masters, how glorious that would be!"

"Ah! Can you forget it? You are twenty-four or five years old this year, and your strength is still at the first level. If you want to become a top ten master, I think you should do it in your next life!"

"Why! makes sense! Don't blame me, even the top master of our young generation in Qingxi City has only just reached the third level, which is far behind compared with Shenyang City."

It turns out that these three people are from a small town called Qingxi City on the border of Shenyang City. They came to Shenyang City this time to travel and see the world.

"Having said that, among the top ten masters in Shenyang City, the one I admire the most is Nan Mingfeng. He is the number one among the younger generation in Shenyang City and the only one among the top ten young masters who has reached the fourth level. Not even thirty years old, he is already a fourth-level warrior. This is simply unimaginable!"

After speaking, the young warrior shook his head and sighed, with a look of sincere admiration on his face, and a trace of fanatical worship hidden in his eyes.

"yes! This time when I come to Shenyang City, the person I want to see the most is Nan Mingfeng."

"Me too!"

The other two young warriors also showed fanatical admiration.

In the hearts of young people, there is a unified feeling of admiration for the strong, especially for the strong among their peers. In fact, it is also a kind of admiration for power. Longing.

However, when the three of them were chatting, there was suddenly a loud noise behind them.

The three of them were startled and wanted to look back to see what was happening behind them.

However, before the three of them could look back to see what was going on, they saw a The blood shadow flashed past the three people and rushed towards Shenyang City.

"What a speed!"

The same thought flashed through the minds of the three people.

Obviously, they were all shocked by the speed of the blood shadow.

In the blink of an eye, the blood shadow was already a thousand meters away from them....

Chapter 1930

"This speed is too fast. Could it be... could he be a fourth-level warrior?"

One of the young warriors looked horrified.

"I'm afraid it's not just the fourth-level warriors, this speed may reach the fourth-level Dzigchen."

"Um!! This Shenyang City is indeed not comparable to our small town of Qingxi. The fourth-level warriors are all big shots here! It's usually hard to see. Nowadays, outside Shenyang City, you can meet a fourth-level Dzigchen warrior just walking on the road. It seems that this Shenyang City is really full of masters!"

"That's right!"

Just as the three people were sighing, 'shua' another golden light passed by the three of them.

The speed was much faster than the blood shadow.

The three young warriors were stunned. When they saw clearly that the golden light was a When they saw a monkey, the faces of the three people immediately showed a look of fear.

"Oh my God! Isn't that a vicious beast? I'm not dazzled, right?"

"Such a fast speed, could it be a fifth-level ferocious beast?"

"Isn't this...this Divine Flame City terrifying? There are fifth-level ferocious beasts killing people outside the city in broad daylight?"

But Qin Chuan in front was very anxious at the moment. The Monkey King behind him was too fast. He was only twenty or thirty meters away from him, and he was about to catch up.

With his current strength, there was no way he could face the Monkey King. The only way to fight back is to be killed by Miao

"Soon!! Ahead is the city gate!"

Qin Chuan could vaguely see the city gate in front of him.

But at this moment, a figure suddenly rushed out of the city gate and rushed towards Qin Chuan. His speed was no less than that of the Monkey King. Apparently the people coming were also five. A fifth-level master.

It turned out that the aura of the Monkey King aroused the reaction of a fifth-level master guarding the city gate. He walked over and took a look, and happened to see the scene of the Monkey King chasing Qin Chuan. Only the fifth-level master was seen. The master shouted in the distance: "Evil beast! Under the blue sky and white sun, you dare to hurt people outside our Shenyan City and seek death!"

Unfortunately, he was too far away from Qin Chuan.

When the Monkey King saw a fifth-level master suddenly appear, a sharp look flashed in his eyes. He quickly increased his speed, and with a flash of golden light, he arrived behind Qin Chuan.

"Little bastard! If you dare to deceive this Monkey King, I will tear you in half today!"

The monkey king looked ferocious, gritted his teeth and roared, and grabbed Qin Chuan with two sharp claws at the same time.

Qin Chuan was horrified and shouted: "Ning! Congeal!"

In an instant, two red and blue light shields lit up outside Qin Chuan's body, but it was Qin Chuan who activated the fire element shield and water element shield at the same time.

However, these two shields were like paper under the monkey king's claws, and were easily destroyed. The ground was torn apart, and the sharp claws reached Qin Chuan's back in an instant, and he was about to tear Qin Chuan in half.

The strength of the fifth level was definitely not something that a fourth level warrior could withstand.

Qin Chuan was so anxious that he roared: "You monster Monkey, you killed the wrong person!"

At the same time, he made a mistake in his steps and wanted to escape from the monkey king's sharp claws.

The monkey king also hesitated slightly, raised his right paw upwards, and grabbed Qin Chuan's facade directly. He was also wondering whether he had killed the wrong person. Qin Chuan originally wanted to avoid the Monkey King's oncoming claw, but unfortunately the difference in strength between the two was too great. He could not completely avoid it. He was swept away by the wind from the Monkey King's claw, and the silver mask immediately fell apart, revealing a boy's face. His face was exactly that of Qin Chuan's delicate appearance.

But Qin Chuan at this moment was a little different from usual. Those blood-red eyes exuded a heart-stopping light.

As soon as he saw Qin Chuan's true face, the Monkey King knew that he was being deceived, he immediately became furious: "You little bastard, you dare to deceive me, the Monkey King, go to hell! This monkey king will tear you apart now!"

The monkey king's claws no longer hesitated and were about to tear Qin Chuan alive.

But Qin Chuan suddenly stopped and gave up resistance completely: "Kill me now if you dare!"

The Monkey King was startled and said in surprise: "Little bastard, do you really dare not to treat yourself as the Monkey King?!"

Qin Chuan smiled calmly and said: "The God of War Token was hidden by me in a secret place and is not on my body.""

Hearing this, the monkey king's eyes burst out with anger and he went crazy with anger...
