

God level 1961

Chapter 1961

After hearing this, Qin Chuan couldn't help but yearn for Tian Qidan.

The further a warrior goes in training, the more difficult it becomes.

If there is not enough hard work, or if there are no chance encounters or opportunities, it is unknown whether even a highly qualified warrior will be able to reach the fifth level in this life and be unable to break through the bottleneck.

Unexpectedly, Tianqidan would have such benefits. It seemed that he would need to go to the rookie conference a year later.

If you just want to be among the top ten rookies, I'm afraid it won't be easy!

Thinking of this, Qin Chuan asked tentatively: "Brother Ye Chen, don't you know what kind of strength is needed to enter the top ten of the rookie list?"

Ye Chen thought for a while and said: "Based on the past few sessions, entering the top ten They are basically fifth-level warriors."

Upon hearing this, Zhang Shui couldn't help but take a deep breath.

I didn't expect that it would be so difficult to enter the top ten of rookies, and that it would require fifth-level strength to even have a chance.

Judging from his current comprehensive strength, there is still a big gap!"

"Unexpectedly, the top ten rookies are actually fifth-level warriors. Their talents are really terrifying!"

"yes! Anyone who can cultivate to the fifth level before the age of thirty is not a genius among geniuses, right? Although I, Nanfeng, think very highly of myself, compared with those freaks in the top ten, I feel inferior!"

Nanfeng also shook his head and sighed.

At this time, Qin Chuan said a little puzzled:"Since those who can enter the top ten are all fifth-level warriors, then what is the use of the Apocalypse Pill?"

"good! The Apocalypse Pill is indeed of no use to them. However, what they were fighting for was no longer the Apocalypse Pill, but a 'name'. Of course, they would be happy to get such a good thing as Tianqi Pill"

"Therefore, after every rookie conference, there will be an auction for the Apocalypse Pill. At that time, a large number of fourth-level warriors will appear in Kyoto."

"These fourth-level warriors are not just young warriors, there are people of all ages. Their purpose is to participate in the auction and want to buy an Apocalypse Pill, which can be regarded as a grand event."

After listening to Ye Chen's words, Qin Chuan secretly remembered it in his heart

"alright! Let's not talk about this anymore. Top 10 in the rookie rankings is too far away for us. In next year's Rookie Conference, it's still unclear how low your and my rankings will be."

Ye Chen also said:"Yes! This ranking will definitely drop. Qin

Chuan on the side asked with some confusion:"Brother Ye Chen, Brother Nan, why do you think your ranking will drop?" Nanfeng smiled bitterly and said,"It can be said that this is already a rule." Every year at the rookie conference, there will be some extremely powerful newcomers whose names have never been heard of, just like the Wang Tianqi I met today."

"The emergence of these newcomers will have a huge impact on the veteran masters on the rookie list. According to the past rules, many experts on the list will fall in ranking to a greater or lesser extent, and only a few will rise."

"I see!"

Qin Chuan suddenly nodded. In fact, he had already guessed the reason.

"By the way, brother Ye Chen, what ranking will Wang Tianqi get in next year's rookie conference?" Nanfeng suddenly asked

"this....."

Ye Chen pondered for a while and then said, "Judging from Wang Tianqi's performance today, it is still possible to enter the top 30 rookies, but it is absolutely impossible to enter the top 20 rookies." After hearing this, Nanfeng laughed and said

"Ha ha!! Brother Ye Chen really thought the same thing as Nan! Okay, the three of us have been outside for a long time. Let's go in together now. I think Xie Qishao must be impatient waiting inside. Brother Qinchuan, please come with us today."

At that moment, he led the two of them into the restaurant regardless of whether Qin Chuantong agreed or not..

Chapter 1962

In the hotel, Mr. Zhou Zhou and Qian Wei were looking for Qin Chuan, but they didn't see his shadow for a long time.

This inevitably made Zhou Shao more suspicious, so he took Qian Wei aside and whispered.

"Qian Wei, why do you think Qin Chuan suddenly disappeared? Could his disappearance be related to the mysterious Wang Tianqi?"

"Fourth Young Master, is this impossible? What kind of strength is Wang Tianqi? That Qin Chuan can't even keep up!"

"hehe!! I also think it's impossible, but I always feel a little uneasy in my heart. Besides, I only speculated about the relationship between the two people, but I didn't say that Wang Tianqi was Qin Chuan. Not even you, even I can't believe this."

"That's right! Fourth Young Master, I think you are suspicious."

"Why! You can't blame me for being suspicious! If this little bastard doesn't die, I will feel uneasy! He is like a thorn in my side, a thorn in my flesh. If I don't get rid of him, I will feel uneasy!"

"Fourth Young Master, if that's the case, then wait until you get Miss Yuyao and kill him immediately!"

"This..."

Young Master Zhou was about to say anything, but he saw the light outside the door dimming, and then three people walked into the hall.

The first one to come in was Nan Feng, and the second one was Ye Chen.

For these two people, the hall Everyone who came up already knew their identities, and they were all in awe when they saw these two people.

The third person who came in was a long-haired young man wearing a Zhou family guard uniform.

This young man was naturally Qin Chuan.

However, let To everyone's surprise, seeing how Qin Chuan and Nan Feng were chatting affectionately, Qin Chuan seemed to be very familiar with them.

Such a scene could not help but surprise everyone.

Nan Feng and Ye Chen were from Shen Yan City and Tian Shui Cheng respectively. The first of the younger generation, they don't just associate with anyone. It is difficult for ordinary rich people to associate with them.

But they didn't expect that they were so affectionate to an ordinary guard. How could this not surprise them? ?

However, the ones who were most surprised and shocked were Mr. Zhou Zhou and Qian Wei

"What's going on? Why is this little bastard with Nanfeng Yechen and the others? It looks like they have known each other for a long time, which is impossible!"

Master Zhou couldn't believe the scene in front of him.

Even if he faced Nanfeng, he would be timid and would never have such an intimate conversation.

More importantly, Nanfeng would not look at him at all.

But here At that time, Qin Chuan also saw Young Master Zhou, smiled slightly, and walked straight over.

He knew that if Young Master Zhou didn't find him after he left for a while, he would definitely have some doubts about him, so when he saw Ye Chen , he had a way to eliminate Mr. Zhou's suspicion.

On Thursday, he saw Qin Chuan walking towards him. Without waiting for Qin Chuan's entrance, he asked coldly:"Qin Chuan, where did you go? Why haven't I seen you for a long time?"

"Feel sorry! The fourth young master met a good friend and went up to greet him, but he didn't want to delay for so long. The subordinates did not ask for instructions in advance like the fourth young master, so they expected the fourth young master to punish him!"

Hearing this, Mr. Zhou was surprised and said:"Your friend? Who is your friend?"

Speaking of this, Young Master Zhou couldn't help but look at Nan Feng and Ye Chen. He didn't believe that Qin Chuan and them were friends.

Let's not talk about the strength gap between them. Even in terms of status, they couldn't be friends..

But he didn't expect that as soon as he had this idea in his mind, Nan Feng said

"It turns out that little brother Qin Chuan is your bodyguard for Young Master Zhou, so I don't think you need to punish him. This brother Qin Chuan is a friend of mine and brother Ye Chen. He has been chatting with us before, and he did not leave his post intentionally."

As soon as Nanfeng said these words, the place immediately became quiet. Surprised eyes fell on Qin Chuan, and everyone looked shocked...

Chapter 1963

In Shenyang City, there are very few people who can be friends with Nanfeng.

Although Nanfeng looks gentle and has no airs on the outside, he is very proud on the inside. It is difficult for ordinary people to fall in his eyes, let alone make friends with him.

Even among the rich kids present, few could be attracted to him.

But he didn't expect that the dignified first person of the younger generation in Shenyang City, or to be precise, the first person in the past, would actually recognize an ordinary guard as a friend.

How could this not shock the rich kids here?

This...how is this possible? When did this little bastard get involved with Nanfeng?

Young Master Zhou was shocked, and for a moment he was a little confused.

This little bastard is really not that simple! It seems that I still underestimated him before.

He was not there before, presumably to establish friendship with Nanfeng and the others, so I asked him why he suddenly couldn't be seen.

At this moment, Young Master Zhou seemed to have figured out why he had not seen Qin Chuan before.

After thinking about this, he suddenly felt a lot more enlightened. At least he didn't have to worry about the relationship between Qin Chuan and Wang Tianqi.

"Mr. Zhou, Mr. Nan would like to invite brother Qin Chuan to sit upstairs with us. You can give him a day off today. I think it should be fine, right?"

Hearing this, Mr. Zhou quickly nodded and bowed: "No problem! Of course no problem!"

Master Zhou still didn't dare to refuse Nanfeng's words.

But there was a sour feeling in his heart, and he couldn't help but be a little jealous of Qin Chuan.

Even he himself had never been invited by Nanfeng

"In this case! Brother Qinchuan, come upstairs with us!"

At that moment, Nan Feng smiled slightly and led Qin Chuan and Ye Chen upstairs.

At this time, Xie Qishao happened to come down from upstairs. When he saw Qin Chuan, Nan Feng and the others together, he couldn't help but feel a little surprised..

However, he also heard what Nanfeng and Zhou Qishao said just now, and he couldn't help but re-evaluate Qin Chuan in his heart.

Previously, Zhou Qishao paid more attention to Qin Chuan's talent and potential, but he didn't pay too much attention to it. I didn't care too much.

But at this moment, seeing Nanfeng attaching so much importance to Qin Chuan, he couldn't help but think more highly of Qin Chuan in his heart, and his attitude was much better than before.

"Brother Nan, Brother Yechen, you should hurry up and go upstairs. Qin Chuan, I didn't expect you to be a good friend of Brother Nan and the others. It seems that I was disrespectful earlier. Please hurry up and go upstairs! Ha ha!!"

At that moment, Young Master Xie Qi warmly invited Nan Feng and the other two people to go upstairs.

Many people in the hall cast envious glances at Qin Chuan.

Only Young Master Xi Zhou looked at Qin Chuan's back with murderous intent flashing in his eyes..At this time, Nan Liushao, who was sitting at the same table as Young Master Zhou, sighed:"Young Master Zhou, it seems that your personal guard is not simple! Even I rarely have the opportunity to drink at the same table with Brother Mingfeng. Your guard was actually invited over. It's really enviable!"

"yes! I think that Qin Chuan has outstanding talent and potential. He also knows Brother Mingfeng and Ye Chen, and his connections will not be weak in the future. If he keeps going like this, he will definitely be able to make his mark in your Zhou family in a few years. When the time comes, I'm afraid it's less important than your Thursday."

Lv Wushao also expressed his thoughts.

"hehe!! We don't have to worry about that much, come on! Come! Come! Let's keep having a few drinks!"

Young Master Zhou laughed twice, and then he took the two dandy boys to eat and drink.

At this moment, he felt very uncomfortable, and naturally he didn't want to mention Qin Chuan again.

They only ate for a while, and Young Master Zhou found an excuse. , left the table...

Chapter 1964

Outside the restaurant, Qian Wei followed Young Master Zhou and hesitated for a while before asking:"Fourth Young Master, are we going back like this? What about Qin Chuan?" Young Master Zhou said angrily:"What will happen if we don't go back? ? Don't worry about Qin Chuan, he is enjoying himself with Nanfeng and the others at the moment!"

"Fourth Young Master, this Qin Chuan is really unexpected! I didn't expect that he was quite powerful and had a relationship with Master Nanfeng."

"snort! I don't know what tricks this little bastard used to make Nanfeng think so highly of him. Originally, I wanted him to have some conflict with Mr. Xie Qishao, but now it seems impossible."

"It seems that I can't wait any longer. This little bastard's wings are getting harder and harder. If this continues, I won't be able to move him."

"yes! Fourth Young Master, you have to think of a way quickly!"

"Um! There is nothing we can do about Mr. Xie Qishao. But that little bastard is too strong, and we are no match for him. Qian Wei, what do you think?"

"This..."

Qian Wei suddenly began to ponder, and then said after a while

"Fourth Young Master, if you want to kill that boy, only a third-level warrior can take action. However, Captain Xing is dead, and it will be difficult for us to find a trustworthy and reliable third-level master!"

"However, there is no way out. If we want to kill that kid, we don't necessarily have to use force. In fact, we can also use poison."

Hearing this, Mr. Zhou's eyes lit up and he said happily: "Yes! Why didn't I think of this? No matter how strong this little bastard is, he is still a second-level Dzogchen, and his ability to resist poison is limited."

"Qian Wei, go back and buy some poison. It should be colorless, odorless, and highly toxic. I will make this little bastard die cleanly this time!"

Speaking of this, Young Master Zhou showed a sinister look in his eyes.

But on the other side, Qin Chuan and Nan Feng drank together.

During the dinner, Qin Chuan found an opportunity and said to Ye Chen privately: "Brother Sheng, the last time I went to Tianshui City to perform a mission, I came back under the pseudonym Wang Yue and joined the caravan. I hope Brother Sheng won't be offended. I didn't mean to deceive Brother Sheng."

"Ha ha!! You don't need to say so much, I already understand what you mean. However, you did give me some surprises and surprises"

"Then I would like to thank Brother Sheng for your understanding!"

As soon as these words were said, the last doubt between the two people was eliminated.

After the banquet was over, Qin Chuan said goodbye to several people and went straight back to Zhou's house. However, he did not go to see Young Master Zhou Zhou, but went to He went to the Dan Pharmacy Bureau to find Yuyao and Xiang'er.

When he arrived at the Dan Pharmacy Bureau, Qinchuan gave Yuyao and Xiang'er the hundred-year-old stone milk and the two-hundred-year-old *Rehmannia glutinosa* essence he had won.

"Brother Qinchuan, I didn't expect that you are so powerful that you found a century-old stone milk so quickly! I also found a 200-year-old *Rehmannia glutinosa* plant."

Yu Yao was a little surprised that Qin Chuan brought out such a thing.

"hehe!! Sister Yuyao, my younger brother is just lucky. I would like to ask my sister to help me put some thought into refining the Earth Soul Pill this time."

"Um! Don't worry about this! The alchemy note you gave to my master last time was very practical. My master was very happy. He is very grateful to you. Now if you ask him to help you refine the Earth Soul Pill, then of course there will be no problem."

Hearing this, Qin Chuan was secretly happy. If he really had the Earth Soul Pill, it would be much easier for him to advance to the third level of the Earth Element in the future.

"By the way, brother Qin Chuan. With these 200-year-old *Rehmannia glutinosa* essence. You no longer need the two hundred-year-old *Rehmannia glutinosa* plants. You can take it back."

At that moment, Yuyao asked Xiang'er to return the two hundred-year-old *Rehmannia glutinosa* plants to Qinchuan..

Chapter 1965

"Brother, look what Xiang'er refined for you? Xiang'er happily took Qin Chuan's hand and took out a crystal-clear elixir like a treasure.

"Huh! This is Bing Xin Dan!"

Qin Chuan looked at the Bingxin Pill in Xiang'er's hand with a little surprise.

He had seen this Bingxin Pill in the treasure cave in Yunwu Valley. It can cure hundreds of poisons.

"whee!! I didn't expect that my brother knew me! Do you know this kind of elixir? Xiang'er took out another yellow pill.

Qin Chuan smiled and said,"I know this one too. It's Qihuang Pill, which is used to treat internal injuries."

Xiang'er said happily:"It turns out that my brother also knows me!" These elixirs were given to his brother by Xiang'er."

It turns out that Xiang'er was worried when she saw Qin Chuan injured last time, so she went to her master's place to ask for some medicine for Qin Chuan to treat poison and injuries.

Qin Chuan didn't show any pretense, so he accepted it.

Xiang'er Seeing Qin Chuan accept his elixir, his heart was full of joy

"By the way, Sister Yuyao, when will the Fourth Master's Seven Spirits Purple Fire Pill be refined?

Yuyao thought for a while and then said:"It will probably take seven or eight days!" Although this Seven Spirits Purple Fire Pill is difficult to refine, it is not difficult for my master."

"I see! If Shao Ruo asks on Thursday, I can explain to him. Sister Yuyao, Xiang'er, I can't stay here for too long, so I'm leaving now!"

After leaving the elixir bureau, Qin Chuan went back to report to Young Master Zhou.

What surprised Qin Chuan was that Young Master Zhou didn't ask him much. He only asked a few questions and asked Qin Chuan to go back.

At the same time , He also asked Qin Chuan to follow up on the refining progress of the Seven Spirits Purple Fire Pill in the past few days and go to Yuyao's place a few more times without following him.

I don't know if he had something in his heart and didn't want Qin Chuan to find out. Qin Chuan was not allowed to follow him. Or for some other reason.

And Qin Chuan was also happy to do this. He felt unhappy when he saw Young Master Zhou Zhou. It was naturally a good thing not to follow him.

In the next few days, Qin Chuan treated him like a On the pretext of asking about the progress of the Seven Spirits Purple Fire Pill, he secretly ran into the city alone and rented a guest room to practice hard in closed doors.

In the guest room, Qin Chuan was sitting on the bed with his eyes closed, and the earth energy around him was centered around him. A looming yellow cyclone was formed.

Gradually, the cyclone rotated faster and faster. At the end, it exploded with a bang, and all the earth energy was poured directly into his body from the Qinchuan Tianling Point.

At this moment , Qin Chuan also opened his eyes excitedly, with great surprise in his heart.

Haha!! Those two hundred-year-old Rehmannia glutinosa essences were indeed not refined in vain, and now his earth energy has also broken through to the second level of Great Perfection.

As long as I practice hard for a while longer In time, after cultivating the Earth Yuan Qi to the second level of Great Perfection, if you take the Earth Soul Pill at that time, it will not be difficult to break through to the third level."

Thinking of this, Qin Chuan became more and more excited.

This breakthrough of earth energy has greatly improved Qinchuan's overall combat effectiveness.

If Qin Chuan can cultivate his earth energy to the third level, his strength will increase significantly.

Just when Qin Chuan was feeling happy about his improvement in cultivation, his expression suddenly changed, and he sensed that Qiuqiu in the God of War's order had woken up.

Qin Chuan quickly released the ball.

In the past few days, after Qiuqiu ate the piece of sky-tempered gold, he also ate the piece of black iron essence.

The little guy's cultivation level has also improved rapidly, and now it has reached the peak of the third level..

Chapter 1966

However, its appearance has not changed much. It is still the same size and chubby as before, but the wings on its back have begun to lose their down and grow silver-white feathers.

After eating the Xuantiejing, Qiuqiu had nothing to eat but the gold coins.

Qin Chuan discovered that after Qiuqiu ate those gold coins, his cultivation level increased extremely slowly. This also made him understand that only by letting Qiuqiu eat more golden spiritual objects will it grow faster.

"Gujiguji!!"

Qiuqiu nestled in Qin Chuan's arms, raised his chubby little face, and looked at Qin Chuan pitifully with his two little eyes.

Qin Chuan understood immediately and knew that the little guy was hungry, so he grabbed a handful of gold coins, put in front of it

"Gujiguji!!"

Seeing those gold coins, Qiuqiu immediately looked at Qin Chuan with a frown on his face, his eyes became tearful, and his little mouth turned up high.

Qin Chuan touched his little head lovingly and sighed:"Hey! Qiuqiu, this is all you have to eat now, so just make do with it. I'll go to the auction later to see if there are any gold spiritual objects that I can buy for you to eat."

"Gujiguji!"

Qiuqiu seemed to understand Qin Chuan's words, and nodded his little head obediently. A hint of secret joy flashed through his two little eyes. He didn't know if the little guy's pitiful look before was just an act. It turned out that this The little guy has become very picky about food now. He doesn't like eating these gold coins for a long time.

"alright! Little guy, are you still playing tricks with me? Qin

Chuan laughed and cursed.

"Gujiguji!"

Qiuqiu hummed a few words proudly, ate a few gold coins, and stopped eating.

These gold coins were really not to his appetite.

When Qin Chuan saw that it stopped eating, he smiled and said:"Little guy, I will take you now. Go out for a walk!"

This time, Qin Chuantu's vitality broke through and he was in a good mood, so he wanted to take Qiuqiu out to play.

"Gujiguji!!"

Qiuqiu seemed to understand Qin Chuan's words and jumped from Qin Chuan's arms to his shoulders.

Qin Chuan smiled slightly and took it out of the room.

As soon as he walked out of the room, Qin Chuan His expression changed slightly, and he thought in wonder:"Hey! The Snake Order reacted again, could it be....."

Thinking of this, Qin Chuan quickly looked towards the hall downstairs.

I happened to see a young man leaving the hall.

Seeing the young man's back, Qin Chuan was horrified and asked in surprise:"How could it be him?" It turned out that this young man was none other than Luo Feng.

In fact, in Qin Chuan's mind, he always thought that Huo Qing was more likely to be a descendant of the Teng family than Luo Feng.

But he didn't expect that the real descendant of the Teng family was Luo Feng.

Unexpectedly, Luo Feng was actually a descendant of the Teng family. What was going on with the Four Kills Alliance? By the way, Mr. Bai is also from the Four Kills Alliance.

When he thought of Mr. Bai, Qin Chuan's eyes lit up and he secretly cursed himself for being stupid.

"Why! Why didn't I think of this? At first I saw Mr. Bai releasing the puppet slaves and ground slaves. Judging from their appearance, aren't they exactly the same as the soul slaves I saw Senior Teng under the mine? It seems that the inheritance talent obtained by Mr. Bai is the same as that of Senior Teng, which is also the soul-eating talent.'"

At the beginning, the Teng family's inherited artifacts were not lost, so it was not surprising that the descendants of the Teng family could inspire the true blood of the holy beasts in their bodies and obtain inherited talents.

Also, Mr. Bai killed Wei Qingshan earlier to blame the Yan family, which caused discord between the Wei and Yan families. Now Luo Feng is lying in the Zhou family. That day he even said he wanted the head of the ancestor of the Zhou family.

Judging from various signs, they are targeting the four major families in Shenyang City.

Such behavior can also explain that they are members of the Teng family. Because the ancestors of the four major families in Shenyang City were all traitors back then, and they were all enemies of our five major families.

Thinking of this, Qin Chuan became more certain that Luo Feng should be a descendant of the Teng family..

Chapter 1967

Unexpectedly, floods washed away the Dragon King Temple, and the whole family did not recognize each other. He was almost killed by Mr. Bai twice before. If he really died, then he died unjustly.

By the way, if Luo Feng is a descendant of the Teng family, then who is Huo Qing? Why did he try so hard to steal the 'Blue Dragon Pearl' from the Zhou family?

Thinking of this, Qin Chuan had some doubts in his heart.

He originally wanted to continue to speculate for a while, but Luo Feng's figure had already walked away, so Qin Chuan hurriedly followed him.

He now wanted to go to Luo Feng for further confirmation.

At the moment, Qin Chuan quietly followed Luo Feng.

He soon discovered that the closer he got to Luo Feng, the more violent the Snake Order's reaction became.

At this moment, Qin Chuan no longer had any doubts and confirmed that Luo Feng in front was a member of the Teng family.

I don't know if Luo Feng discovered that he was being followed. He suddenly accelerated his speed, changed direction, and walked towards a remote alley.

"Huh! What does this guy want to do? Did he discover me? Qin

Chuan frowned slightly, murmured in his heart, and hurriedly followed.

When Qin Chuan entered the remote and deserted alley, he suddenly found that Luo Feng in front of him was missing, but the Snake Order was still beating.

Just when Qin Chuan was surprised, he suddenly felt a sudden shock in his heart and flashed to the side.

At the same time, a cold light suddenly pierced from the side and directly pierced Qin Chuan's throat.

But it was Luo Feng who was ambushing him. On the side, waiting for an opportunity to attack

"Little thief! How dare you follow me and seek death!"

"Huh! The third level of earth element is perfect!"

Seeing the sword thrust, Qin Chuan immediately judged the opponent's strength, which made him very surprised. He didn't expect Luo Feng's hidden strength to be so strong.

However, Qin Chuan had no idea about this sword. Feared.

However, just when Qin Chuan was about to block the sword, a sudden change occurred in the field. The little ball that had been lying on Qin Chuan's shoulder was furious when he saw Luo Feng suddenly attacking Qin Chuan. He roared. With a sound, he jumped down, and his figure suddenly grew. In an instant, he became a three or four-meter-sized spirit beast with a dragon head and a lion's body, a red line on its forehead, and white wings on its back, but it had no horns on its head.

At the same time, Qiuqiu suddenly wanted to swing forward with one of his giant claws, and a sword-shaped white light immediately shot out from the tip of the claw and shot straight towards Luo Feng. Originally, Luo Feng was shocked when he saw Qiuqiu suddenly transformed. At this moment, he saw Qiuqiu suddenly transforming.

The white light from the ball suddenly felt an unprecedented crisis.

In a hurry, he gave up and continued to attack Qin Chuan, made a seal on his face with his right hand, and shouted low

"Rock shield!"

A huge rock shield immediately broke out of the ground and blocked Luo Feng.

But as soon as the white light touched the rock shield, it immediately exploded into pieces and continued to fly towards Luo Feng.

Seeing the white light coming, Luo Feng was horrified and quickly blocked it with his sword.

"boom!"

There was a loud noise.

Luo Feng took several steps back, and a mark was cut out by the white light on his sword.

"This... what kind of ferocious beast is this? Why is it so powerful? It broke my rock shield easily. My rock shield is an excellent martial art!"

Luo Feng was surprised. The beast in front of him was powerful, but judging from its appearance, he couldn't recognize it at all.

Qin Chuan on the side was even more surprised. He looked at Qiuqiu with a look of horror in his eyes..

It turns out that Qiuqiu can transform. I didn't expect it to be so powerful after its transformation! What's even more unexpected is that this little guy is so strong.

This Luo Feng is a third-order Dzogchen earth warrior, even more powerful than Qiuqiu. It's a little higher!

Although Qiuqiu is a gold-type spirit beast with super strong attack power, Luo Feng is also an earth-type warrior.

Earth-type warriors have the strongest defense.

But Qiuqiu met him face to face, but Can gain the upper hand.

From this point of view, Qiuqiu's current strength is better than many third-level Dzogchen warriors."

Thinking of this, Qin Chuan couldn't help but feel a hint of surprise in his heart..

Chapter 1968

Thinking of this, Qin Chuan couldn't help but feel a sense of surprise in his heart.

The stronger Qiuqiu is, the stronger he will be in the future, and he will naturally be happy.

At this time, the battle in the field did not end.

When Qiuqiu saw Luo Feng blocking his attack, he was furious, roared wildly, and then opened his mouth and spit out a blue-black cold light.

As soon as the blue-black cold light spurted out, it hovered above its head.

Qin Chuan took a look, and his face immediately showed a strange look.

It turned out that the blue-black cold light was actually a handleless sword blade, and the sword contained a sharp energy.

Judging from the material on it, most of it is composed of sky-tempered gold and black iron essence, with some unknown substances mixed in.

Seeing this, Qin Chuan was secretly shocked.

Could it be that Qiuqiu didn't completely digest the sky-tempered gold and black iron essence, but condensed part of them into this handleless sword? But what is the use of this handleless sword?"

Only after this thought came to his mind, Qiuqiu opened his mouth again and spat out a mini energy sword.

"Huh! Isn't this Sword Spirit? Could it be that a metal beast can also condense a sword spirit?"

Qin Chuan was very surprised when he saw that mini energy sword.

He had only known that gold warriors could condense the spirit of weapons before, but each gold warrior could only condense one spirit of weapons in his life.

As for the fierce metal warriors, Qin Chuan didn't know whether the beast could condense the spirit of the weapon.

At that moment, the sword spirit ejected from the ball and its handleless sword merged into one. As soon as the two combined, a white light immediately emitted, and the sword body instantly transformed. With a white light sword blade more than one meter long, the momentum of the entire sword body suddenly increased, and a sharp energy spread out unbridled. Even Qin Chuan on the side felt a little afraid.

Luo Feng opposite looked at He was even more horrified at this scene.

No! He would never be able to catch the lightsaber sprayed out by this ferocious beast.

Qin Chuan also seemed to see that Luo Feng couldn't catch the sword.

According to his estimation, Qiuqiu's sword If he went down, Luo Feng would have to be seriously injured.

Thinking of this, Qin Chuan wanted to stop Qiuqiu with words.

However, Luo Feng on the opposite side suddenly snorted coldly, with a cold light in his eyes and a low drink in his mouth.

"Talent - petrification!"

As soon as he finished speaking, Luo Feng's eyes shot out two yellow beams of light.

Seeing these two beams of light, Qin Chuan suddenly felt that something was not good, secretly thinking that it was not good.

He just wanted to stop it.

But it was too late, those two beams of light were not good at all. Unexpectedly, it hit Qiuqiu.

As soon as Qiuqiu was hit by the light beam, his whole body immediately stiffened and became motionless.

Outside his body, it began to petrify at a speed visible to the naked eye, turning into yellow rock inch by inch.

In the blink of an eye, it became It turned into a huge yellow stone sculpture.

As soon as the ball turned into a stone sculpture, the white lightsaber suspended in the air immediately fell down weakly and returned to its original blue appearance.

It turned out that what Luo Feng had just used was his own talent Inheritance - Petrification Technique, there are several types of talent inheritance of the Teng family, Soul Devouring and Petrification Technique are one of them.

Although the Petrification Technique is powerful, it can only be effective on warriors below the same level, but not on warriors one level higher than themselves. What effect.

Luo Feng and Qiuqiu are both at the third level, so this petrification technique will naturally have an effect.

Perhaps this petrification technique consumes some energy. After Luo Feng used this petrification technique, he immediately became a lot more haggard.

When Qin Chuan saw Qiuqiu turn into a stone sculpture, he was immediately shocked and couldn't help shouting

"Ball ball!!"

But at this moment, the stone sculpture turned into Qiuqiu suddenly made a slight 'click! click!', and then the whole stone sculpture showed slight cracks.

Seeing this, Luo Feng was surprised: "Not good! This guy is off the hook..

Chapter 1969

How can this be? What kind of beast is this guy? Even the petrification spell can be resisted."

As soon as this thought came to Luo Feng's mind, all the ball stone sculptures in the field exploded to pieces, and an extremely angry beast appeared in the field again.

This was the ball that escaped from the trap.

It turned out that this petrification technique first The earth energy is mixed with a strange energy, forming a petrified surface on the surface of the target. This petrified surface will make the

opponent's body stiff, and the petrified energy will also invade the opponent's body, and then slowly erode the internal organs, and finally the attack will The opponent turned into a real stone sculpture.

Qiuqiu roared and glared at Luo Feng angrily.

The previously dropped handleless sword flew up again and immediately turned into a huge white lightsaber, with that amazing sharpness It spread out again.

Then, with another 'swish', the white lightsaber instantly transformed into thirteen sword shadows, all lined up in a row, all pointed at Luo Feng.

"not good!"

Luo Feng's face immediately became extremely ugly. It was difficult for him to handle one sword, let alone thirteen swords.

At that moment, Luo Feng's eyes narrowed, and he was about to use the petrification technique again.

But at this moment, Qin Chuan suddenly shouted

"Stop it! He is not my enemy."

Hearing this, Luo Feng glanced at Qin Chuan in surprise, and then gave up.

Qiuqiu glared at Luo Feng angrily, growled, and reluctantly took back the white light sword in the air.

"Ball is back!"

"Roar!"

Qiuqiu roared, his body instantly shrunk and returned to his previous chubby appearance, and he immediately jumped onto Qin Chuan's shoulders.

"Gujiguji!!"

Qiuqiu raised his little mouth, complaining about something, and seemed to be dissatisfied with Qin Chuan for asking him to stop.

It had been hit by Luo Feng's petrification technique before, but suffered a small loss. Before it could take revenge, Qin Chuan unexpectedly It called back, naturally unhappy in its heart.

But it always listened to Qin Chuan's words and would not go against Qin Chuan's wishes, but with its temperament, it was inevitable that it would murmur a few words.

Qin Chuan smiled slightly, this little guy said it every day It screamed "Gujiguji", but he didn't understand it, so he just let it go.

Luo Feng looked at the little beast on Qin Chuan's shoulder with lingering fear. He couldn't believe it. The little beast in front of him It was the terrifying beast from before.

He also knew very well that he was no match for Qiuqiu.

"Qin Chuan, I didn't expect you to have such a powerful pet. This is beyond my expectation. But why are you following me?"

Luo Feng looked at the young man in front of him coldly.

He was not afraid of Qin Chuan, he was afraid of the little beast on Qin Chuan's shoulder.

In fact, Luo Feng didn't know Qin Chuan's true strength. Thinking that Qin Chuan is just a second-level Dzogchen warrior.

Qin Chuan glanced at Luo Feng calmly, but suddenly said

"Luo Feng, you are actually a descendant of the Teng family with the bloodline of the sacred beast Soaring Snake, one of the five great blood families in ancient times. Is what I said wrong?"

Hearing this, a flash of horror flashed in Luo Feng's eyes, but he regained his composure instantly, pretending to be confused on the surface, and said with some displeasure.

"Qin Chuan, I don't know what you are talking about? Qin

Chuan smiled slightly: "Luo Feng, don't you still want to admit it?" You should know this one, right?"

I saw Qin Chuan taking out the Tang Snake Token. As soon as

Luo Feng saw the Tan Snake Token, his expression changed drastically, and the cold light in his eyes surged.

"Qin Chuan, who are you? Why do you have the Snake Order of our Teng family?"

"It seems you admitted it!"

Seeing Luo Feng admit it himself, Qin Chuan finally breathed a sigh of relief. At this moment, he no longer had any doubts. The Luo Feng in front of him was a descendant of the Teng family.

"snort! Who are you?"

Luo Feng has grasped the sword in his hand tightly. At this moment, he has murderous intention in his heart. As long as Qin Chuan gives a bad answer, he will kill him without hesitation.

In his opinion, although Qin Chuan's little beast is scary, but He was confident that he would be seriously injured by Qin Chuan's little beast and kill Qin Chuan...

Chapter 1970

Seeing Luo Feng's wary look, Qin Chuan smiled slightly

"Luo Feng, you don't have to be so nervous. In fact, I am also a descendant of the ancient blood family."

"The same to you?"

"good! I am a descendant of the Qinglong Qing family, the head of the five great blood families in ancient times."

"What? Are you from the Qing family?"

When he heard this, Luo Feng was shocked.

After a while, he whispered:"I didn't expect that there are still descendants of the Qing family alive in this world. Back then, Long Xing focused on the Qing family. Everyone thought that the Qing family had no descendants."

"snort! Maybe this is an opportunity given by God to our Qing family, so that our Qing family is lucky enough to leave some blood. Our Qing family will definitely avenge this blood feud a thousand years ago, and Long Xing must also pay the price for what he did a thousand years ago!"

Qin Chuan's eyes showed undisguised anger.

Luo Feng looked at him silently and couldn't help but feel a little shaken in his heart.

"Could this Qin Chuan really be a descendant of the Qing family?"

Seemingly seeing that Luo Feng still had doubts about his identity, Qin Chuan asked directly:"What? Are you still doubting my identity?"

"good! I do wonder if you are a descendant of the Qing family. Although I also know that you and the power behind you are plotting to seize the Blue Dragon Pearl, all this does not prove that you are a descendant of the Qing family. Hearing this

, Qin Chuan smiled and said:"It seems that you know a lot. You even know that our Qing family wants to seize the Blue Dragon Pearl.""

Luo Feng said indifferently.

"In fact, you should know a lot about us. By the way, I want to remind you that when there is no more evidence to prove that you are a Qing family member, please do not call yourself a Qing family member."

"Don't think that if you take out our Teng family's Snake Order and say that you are a descendant of the Qing family, you are a descendant of the Qing family. I won't believe it without enough evidence."

Hearing this, Qin Chuan smiled slightly. He understood Luo Feng's cautious look very well. If it were him, he would probably do the same.

"It is very simple to prove that I am a descendant of the Qing family. Just identify whether the blood in my body contains the aura of the Qing Dragon. Wouldn't everything be clear?"

"good! However, my Luo Feng's lack of strength cannot be discerned. They can only do it if the seniors of our clan come forward."

Originally, the disciples of the five races would be able to sense each other, but the Qinglong bloodline in Qin Chuan's body had not been awakened through the 'Hualong Pond', so naturally they could not sense each other.

"good! Another day I will personally go to the Four Kills Alliance in Tianshui City to meet your elders and let them identify my identity."

Hearing this, a complicated look flashed in Luo Feng's eyes. At this moment, he somewhat believed that Qin Chuan was really a descendant of the Qing family.

"If that's the case, all the better! However, I would also like to remind you that you end up going alone. If you bring others with you, there may be misunderstandings!"

"Don't worry, I can swear a poisonous oath here. I, Qin Chuan, will definitely go to the Four Kills Alliance alone one day."

Qin Chuan knew what Luo Feng was worried about, so he said these words

"good! When you put it like that, I actually somewhat believe that you are a descendant of the Qing family. If you are really a descendant of the Qing family, then you are my life and death brother, Luo Feng. If you lie to me, don't underestimate the power of our Teng family. I hope you can act accordingly."

"Do not worry! I'll let you know the truth soon!"

"I hope so too! I'm waiting for news!"

"Then it's settled, I'll take my leave first!"

At that moment, Qin Chuan said goodbye to Luo Feng and left the alley.

Looking at Qin Chuan's leaving back, Luo Feng had a complicated look in his eyes.

Is this Qin Chuan really a descendant of the Qing family?..
