Chapter 1971

Looking at Qin Chuan's leaving figure, Luo Feng had a complicated look in his eyes.

Could this Qin Chuan really be a descendant of the Qing family?

Judging from the previous conversation, Qin Chuan is most likely a descendant of the Qing family.

However, whether he is a descendant of the Qing family depends on whether he dares to go to our Four Kills Alliance alone.

If he really went there, he would most likely be a member of the Qing family.

If we can really find someone from the Qing family, it would be a great joy."

By the way, if Qin Chuan is from the Qing family, who is Huo Qing?

I have always suspected that Huo Qing is a descendant of the Qing family, so the He family is eager to find the Blue Dragon Pearl, but Huo Qing He never admits that he is a descendant of the Qing family. From this point of view, he is really not a member of the Qing family. However

, the Huo family is not a descendant of the Qing family, so why do they spend so much effort to steal the Blue Dragon Pearl?

This is strange At that place, I will go back and test Huo Qing again. If he is really not from the Qing family, but dares to get his hands on the Blue Dragon Pearl, then I can't blame the Four Killing Alliance for being rude.

Thinking of this, Luo Feng snorted and walked away. Go.

But not long after Luo Feng left, a rickety figure suddenly emerged from a dark corner of the alley.

The figure walked out and looked at the direction Luo Feng left, full of wrinkles. There was a look of deep thought on his face.

If Qin Chuan were here, he would definitely recognize this rickety figure as Mr. Sun, the old accountant of the Zhou family.

Unexpectedly, Luo Feng is actually a descendant of the Teng family. It seems that this four-killer The alliance is a bit interesting. In the past, we only had doubts, but now we can finally be sure.

If it weren't for the Tanshe Order to prove it, I'm afraid Luo Feng wouldn't admit it personally.

And Qin Chuan, he said that he was a descendant of the Qing family, what exactly is he? Isn't it?

If he is really a child of the Qing family, that would be great. This thousand-year search has really not been in vain, and we have actually found a child of the Qing family.

Today is really a big day for me. What a harvest! It seems that the young master did nothing wrong when he asked me to secretly follow Luo Feng!

Thinking of this, Mr. Sun and the old faces around him were all happy.

Well! It's better to tell the young master the news we got today as soon as possible!

After that, Mr. Sun's figure flashed and disappeared.

However, after Qin Chuan and Luo Feng broke up, he rushed directly to the reserve guard camp to see his father. My father didn't know that my fire element energy had advanced to the third level, and now it is It's time to tell him.

Qin Chuan's fire energy has advanced to the third level, and the Qing family's plan to seize the Blue Dragon Pearl can proceed as planned.

Naturally, he will tell his father and let them be prepared.

With their Judging from the current strength of the Qing family, it is still much worse than the Zhou family.

However, he has now discovered the descendants of the Teng family, and he must tell his father about this.

If the Teng family can be united, with the strength of our two families, If you have the strength to seize the Blue Dragon Pearl, it will be easier to succeed."

Thinking of this, Qin Chuan couldn't help but feel excited.

Being able to find members of the Teng family from the five clans in those days means that the power of Qinchuan will greatly increase.

In the future, it is not impossible for the head of the Teng family to escape from trouble, find out the identity of the mysterious ninth-level Dzogchen master, and avenge the destruction of the five clans.

Arrive at the residence of the deputy chief instructor who is preparing to guard the camp.

This time, Qin Chuan successfully found his father

"Huh! Tianqi, your fire energy has finally broken through to the third level!"

In the hall, Qing Yunfeng looked at Qin Chuan in surprise, and then said with some surprise..

Chapter 1972

"Under normal circumstances, you won't be able to break through so easily. It will take at least a few months, right? Did you have any adventures during this time? Or was it an epiphany?"

"Yes, Dad, I got a small opportunity recently."

At that moment, Qin Chuan stole Qiu Qiu, and with a drop of Heavenly Fire Liquid he stole from Mr. Zhou, he successfully broke through the bottleneck and reached the third level of the fire system. After listening to

Qin Chuan's words, Qingyun Feng smiled happily

"Ha ha!! I didn't expect that little guy Qiuqiu to be so interesting. However, this is also God's will. The Zhou family already owes us, so there is nothing wrong with you taking away Young Master Zhou's Heavenly Fire Liquid. In any case, your breakthrough is earlier than I expected. I will tell the tribe about this and let them prepare."

Obviously, Qing Yunfeng is very happy with Qin Chuan's breakthrough.

"Um! Father, I have one more thing to tell you!"

"oh? Is there anything more important than your breaking through the fire energy?"

"good!"

At that moment, Qin Chuan told Qingyun Feng that Luo Feng was a descendant of the Teng family.

"What? Luo Feng is actually a descendant of the Teng family?"

Qingyunfeng was also very surprised when he heard this. This was completely beyond his expectation.

"Yes! Father, this is absolutely true!"

"Since you are so sure, this matter cannot be false. I didn't expect that we would find the descendants of the Teng family so quickly. We just didn't expect that they were members of the Four Kills Alliance."

"However, my father felt that the Four Killings Alliance might not be as simple as we thought. They should not all be members of the Teng family. We have also secretly investigated their organization and structure, and they are not in the form of a family."

Hearing this, Qin Chuan also said curiously.

"Dad, what kind of organization is the Four Kills Alliance?"

Qingyunfeng pondered for a while and said

"As far as I know, the predecessor of the Four Kills Alliance was called the Blood Killing Alliance. It was a killer organization. Now it has turned to the bright side and changed its name to the Four Kills Alliance. It seems to have more than one stronghold. It is divided into two masters, one bright and one dark. The bright master is called Feng Zhu, and the dark master is called Teng Zhu."

"At present, everything in the stronghold in Tianshui City is in charge of Mingzhu Fengzhu"

"In addition, it is divided into two parts: core disciples and outer disciples. The real power is in the hands of the core disciples. I think Luo Feng should be a member of the core disciples....."

Speaking of this, Qing Yunfeng suddenly stopped talking and his expression changed slightly.

Qin Chuan's eyes twitched as well.

The two of them looked at each other involuntarily, and both of them understood the meaning in each other's eyes.

"Phoenix Lord? Tent master? Father, do you also think that the Teng Master should be the current head of the Teng family? And Lord Feng is probably the patriarch of the Feng family?"

Qingyunfeng nodded slightly..

"Probably! Judging from all the previous actions of the Four Killing Alliance, they were targeting the four major families in Shenyang City, and all these actions were controlled by Phoenix Master behind the scenes."

"When it comes to hatred towards the four major families, the Feng family should be the one that hates them the most."

"After all, the ancestors of these four major families were all disciples of the head of the Feng family. It was because of the rebellion of these four people that the head of the Feng family was captured. The children of the Feng family should hate them with gnashing of teeth, so it is understandable why. The Phoenix Master has been targeting the four major families."

"Um! That's exactly what my father said! So, the so-called Four Kills Alliance is probably an organization jointly organized by the descendants of the Feng family and the Teng family? Their core disciples are the children of the two races. As for the outer disciples, they are probably the disciples recruited from outside."

"may be! If that's the case, all the better. Finding two big families at once is a good thing for our Qing family. It seems that God really will not destroy our five races!"...

Chapter 1973

"Father, how do you think the Feng family and the Teng family came together?"

"This..."

Qingyunfeng thought for a while and then said

"Among the five clans at that time, except for the artifact inherited by the Teng family, the other four clans all lost it."

"After these thousands of years, we only know that the Qing Family's Green Dragon Pearl is hidden in the Zhou Family's forbidden area. We don't know where the inherited artifacts from the other three major families are."

"It seems that after thousands of years of transformation, the Feng family recovered the inherited artifact and reactivated the Suzaku true blood in their bodies. With the subtle resonance between the children of the two tribes, it is not surprising that the two tribes discovered each other and came together."

"Father, do you mean that the Feng family has recovered the inherited artifact?"

"good!"

Hearing this, Qin Chuan fell silent. He suddenly thought of Feng Qingxuan.

When he confronted Feng Qingxuan that day, two purple-red flames suddenly appeared in the other's eyes. That kind of flame made him feel a... An extremely dangerous aura, it should be a fire inheritance talent

"Feng Qingxuan, the eldest lady of the Four Kills Alliance, she should be a child of the Feng family. Everyone in the Feng family is named Feng, but her real name is actually Feng Qingxuan. That day, I saw the flame in her eyes, which I guess was a talent inheritance from the Feng family. It seems that the Feng family's inherited artifact has really been found."

Thinking of this, Qin Chuan couldn't help but think of Yuyao

"Sister Yuyao and Feng Qingxuan look so similar, are they related?"

Just when Qin Chuan was thinking about it, Qing Yunfeng suddenly said:"Tian Qi!" There's something I haven't told you. Do you know how strong our Qing family is now?"

"I don't know!"

"Then let me tell you! Today, our Qing family only has dozens of clan members, and only three seventh-level warriors. One of them is your grandfather."

"I am the only one who is at the sixth level, and the rest are all at the fifth level, because all of us Qing family members who cannot practice to the seventh level before the age of fifty will die. My brothers who are older than me are basically all dead."

"As for the children of your generation, there are more than a dozen, among whom the one with the highest cultivation level is your cousin, whose cultivation level has reached the fourth level. You should know what this kind of strength means, right? Hearing this

, Qin Chuan was slightly moved and said in a low voice:"This means that we may have to sacrifice many people to regain the Blue Dragon Pearl from the Zhou family's forbidden land.""

Qingyunfeng smiled bitterly.

"It's good that you understand. Being able to sacrifice many people to regain the Blue Dragon Pearl is already a very good result. The only worry is that our entire Qing family army will be wiped out and we will not be able to regain the Blue Dragon Pearl."

"After all, the Zhou family's forbidden area is guarded by the ancestor of the Zhou family, and he is an eighth-level warrior. The strength of eighth-level warriors is extremely terrifying"

"Therefore, we had planned before this to leave the third-generation disciples of the Qing family and the rest of the clan on standby to recapture the Blue Dragon Pearl at all costs, because only by recapturing the Blue Dragon Pearl can our Qing Family have hope of revitalization."

"Father, I know!"

"As long as you know, the original plan to seize the Blue Dragon Pearl was a desperate battle for our Qing family. Whether this battle can recapture the Blue Dragon Pearl is unknown. However, now that we know the news about the Teng family and the Feng family, the situation is different."

"Especially since these two clans have activated blood inheritance, people from the two clans are likely to be at the eighth level. With the help of these two clans, it will be possible for our Qing family to seize the Azure Dragon Pearl from the Zhou family, and there is no need to sacrifice. The lives of most tribesmen were lost"

"Therefore, uniting the Teng family and the Feng family is extremely important to our Qing family, and all of this depends on you. Tianqi, do you understand?"..

Chapter 1974

"Tianqi understands! I will go to the Four Kills Alliance in Tianshui City as soon as possible to ask them to confirm the identity of my descendant of the Qing family."

"Um!"

Qingyunfeng nodded slightly.

"Then hurry up and prepare. After handling the matter between you and Master Zhou as soon as possible, I will ask your Uncle Yun Sheng to transfer you to him, and then assign you a task as an excuse to send you to Tianshui City. You Let's take this opportunity to go to the Four Kills Alliance"

"This matter is very important, so don't delay it any longer."

"Yes, father! I will hurry up and finish it."

"Um! As long as we recapture the Blue Dragon Pearl, the overall strength of our Qing family will greatly increase."

"You have to know that after the baptism of the Hualong Pond, we, the descendants of the Qing family, not only activated the true blood of the green dragon in our bodies, but also raised our wood element talent to a higher level. Our wood element vitality will also be greatly improved. This is also the cultivation of our Qing family descendants. A good opportunity for substantial improvement."

Hearing this, Qin Chuan felt happy. He didn't expect that being baptized in Hualong Pond would have such benefits.

"Also, since we already know that Luo Feng is a descendant of the Teng family, you should pay more attention to that Huo Qing. I don't know what the Huo family's purpose is in seizing the dragon ball?"

"Um!!"

Then the two chatted for a few more words and discussed some plans, and Qin Chuan left.

After leaving the deputy chief instructor's residence, Qin Chuan went straight to the Pill Bureau.

"It seems that the trip to kill the Four Alliances is imminent. I have to kill Young Master Zhou as soon as possible, so as not to hinder our Qing family's plan to seize the Blue Dragon Pearl. I wonder how Sister Yuyao's refinement of the Seven Spirits Purple Fire Pill is going? I guess it will be in the next two days."

"As long as the Seven Spirits Purple Fire Pill is 100%, it will be the day for him to kill Mr. Zhou."

"It is said that the Seven Spirits Purple Fire Pill can greatly improve the cultivation level, but it is easy to develop drug resistance. A person can only take seven pills at most. If it exceeds this number, it will have no effect if it is taken again, so it is called the 'Seven Spirits'. I wonder how many of the materials Mr. Zhou prepared this time can be refined?"

Thinking of this, Qin Chuan couldn't help but feel a little excited.

Qin Chuan is still extremely eager for the Seven Spirits Purple Fire Pill.

Because with this Seven Spirits Purple Fire Pill, his fire energy can be greatly improved, and maybe he can Breaking through to the peak of the third level, or even the third level of perfection.

Now, what Qin Chuan needs most urgently is to improve his strength.

Because whether he unites with the Teng family and the Feng family or not, for Qin Chuan who has sneaked into the forbidden area of the Zhou family, that is A narrow escape from death.

Only by making himself stronger can he have one more chance of survival.

However, when Qin Chuan went to the Pill Bureau, somewhere outside Shenyang City, somewhere in the Fengwei River, a handsome Zi The man with the hair is standing proudly on the reef.

Luo Feng is standing respectfully behind him

"Then Qin Chuan said that he was a descendant of the Qing family? He also has your Teng family's Snake Order?"

"Yes!"

"Um! I understand, I will tell Lord Phoenix about this. When you go back this time, be more careful about Huo Qing! Go for it!"

"yes! Master Zi, my subordinates have resigned."

But when Qin Chuan arrived at the door of the Pill Bureau, he was surprised to see Huo Qing standing at the door of the Pill Bureau, looking at him and smiling, as if he had been waiting there for a long time.

"Brother Huo, why are you here? Qin

Chuan asked somewhat unexpectedly.

Huo Qingwen smiled slightly:"I'm waiting for you!""

"Are you waiting for me?"

Qin Chuan was filled with surprise and doubt...

Chapter 1975

Qin Chuan was filled with surprise and doubt.

He had very complicated feelings for Huo Qing. He had always wanted to treat Huo Qing as his friend.

But the development of things seemed to have pushed the two of them to the opposite side unknowingly.

Looking back on the first time he met Huo Qing at Fengwei River, he was moved by Huo Qing's chivalry and enthusiasm.

He always has an unbreakable friendship in his heart towards Huo Qing

"Are you looking for me?"

"good!"Huo Qing smiled and nodded.

"How did you know I would come here?"

Qin Chuan asked the doubts in his heart.

"I have no idea. But I know you come here often. Today I just wanted to try my luck, but I didn't expect that I would actually run into you."

After hearing this, Qin Chuan fell silent.

Huo Qing knew that he came here often, which meant that he had secretly investigated his whereabouts.

After a while, Qin Chuan asked:"What do you want from me? Huo

Qing did not answer directly, but said:"Do you have time?"

Qin Chuan glanced at him in surprise:"What?"

"If you have time, let's find a remote place to chat. I have something to tell you!

Qin Chuan pondered for a while and said,"Okay!"

"Then come with me!"

At this moment, Huo Qing's figure flashed and took the lead to lead the way.

Qin Chuan also followed closely.

After a while, the two of them arrived at a remote grove.

This grove was where Qin Chuan used to go when he was preparing the guard camp. A place to practice

"Brother Huo, what do you want from me?"

Qin Chuan looked at Huo Qing's back in front of him.

Huo Qing slowly turned around and looked into Qin Chuan's eyes. After a while, he sighed softly and looked at the sky in the distance.

"It's been almost two years! When I first met you two years ago, you were just a quasi-warrior. Now you have become a master among your peers. Sometimes when I see you, I feel like I'm suddenly lost, or even in a state of change."

Listening to Huo Qing's sigh, Qin Chuan's heart was also touched.

"Qin Chuan, do you know? When I first met you, I felt a closeness to you. At that time, I didn't understand why I felt this way, but I understand today! ?"

"Why? Qin

Chuan asked calmly.

Huo Qing smiled bitterly.

"Because of fate!"

"Fate? What fate?"

Huo Qing suddenly turned around and said coldly: "Do you really want to know?"

Seeing Huo Qing's cold expression, Qin Chuan felt inexplicably disappointed.

If possible, he really didn't want to stand on the opposite side of Huo Qing's face.

"good! I do want to know!"

"good! I can tell you, but please pick up the sword in your hand. Hearing this

, Qin Chuan's face changed slightly and he whispered:"Why?"

"No reason? I just want to see if you can take my blow. If you can catch my sword, I will tell you something. If you can't catch it, you are not qualified to know."

Speaking of this, a murderous aura rippled from Huo Qing's body, instantly covering Qin Chuan.

At this moment, Huo Qing finally burst out all his hidden strength, with an extremely fierce momentum. spread unbridled

"Huh! Water Yuan Qi is at the second level, Fire Yuan Qi is at the second level, and Wood Yuan Qi is at the third level of Dzogchen. Are you a warrior of the three elements?"

Qin Chuan looked at Huo Qing with horror in his eyes.

Soon, he remembered that when he and Huo Qing first met at Fengwei River, the wave-breaking skill Huo Qing used was the water martial skill..

Chapter 1976

Huo Qing smiled faintly:"Yes! I am a warrior of the third line. Aren't you also a warrior of the third line? Are you surprised that there is someone in this world who can be a warrior of the third line like you."

Huo Qing doesn't know yet. , Qin Chuan is already a fourth-line warrior, and he is also a physical warrior.

Qin Chuan didn't speak, but he was really horrified in his heart. He really didn't expect that there was a third-line warrior in this small Shenyang City, and he was right in front of him.

Three-line warriors are extremely rare.

Who is this Huo Qing? Judging from his current strength, he is much stronger than Luo Feng, and seems to be no worse than Qiuqiu!"

At this moment, Qin Chuan was very surprised at Huo Qing's strength. He never expected that Huo Qing's strength was so strong.

"Qin Chuan, pick up the sword in your hand!"

Huo Qing's murderous aura became even fiercer.

Feeling the murderous aura and hostility emanating from Huo Qing, the balls on Qin Chuan's shoulders stood up all over, and he looked chubby and angry. He let out a low growl, and then He was about to jump down and transform to fight, but was stopped by Qin Chuan

"Ball ball!! Don't do it, I will take this knife personally!"

Hearing what Qin Chuan said, Huo Qing opposite him was a little surprised, and then there was a hint of admiration in his eyes.

"Qin Chuan, I know you hide your strength. I will attack this knife with all my strength and will not hold back at all. I hope you can catch it."

"good! Take action!"

"good!"

As soon as he finished speaking, Huo Qing finally took action. The sword shone with the light of three-color vitality and struck Qin Chuan's face like a thunder.

"Ding!"

There was a soft sound, and the swords met.

Qin Chuan stood motionless on the spot, but Huo Qing involuntarily took a few steps back.

In fact, Qin Chuan did not use all his strength.

Huo Qing's performance from beginning to end made Qin Chuan very confused..

He could see that Huo Qing didn't seem to be hostile to him, and asked him to catch his knife, as if to give himself a test.

Because of this, Qin Chuan did not use all his strength

"I didn't expect that your strength has become so strong!"

Huo Qing looked at the young man in front of him in surprise. At this moment, he even doubted whether the young man in front of him was really the Qin Chuan he had known before.

However, the look of horror on Huo Qing's face soon turned into a look of joy.

"very good! The stronger you are, the more relieved I will be."

Seeing Huo Qing's expression, Qin Chuan's heart was full of doubts. He was also confused about Huo Qing's position now.

Putting away the long knife in his hand, Huo Qing said calmly:"You must be full of doubts now, right? ?"

"good! Huo Qing smiled slightly:"

Qin Chuan, I know that you and the forces behind you are plotting to seize the Green Dragon Pearl.""

Qin Chuan was not surprised when he heard this. He had known for a long time that Huo Qing should be aware of this matter.

"You should know, aren't your Huo family also here for the Blue Dragon Pearl?"

"good! Huo

Qing did not deny it, and then suddenly asked:"But, I still want to ask." Are you really a descendant of the Qing family?"

Hearing this, Qin Chuan was surprised. He had only said in front of Luo Bao that he was a descendant of the Qing family, but how did Huo Qing know this? Is it just Huo Qing's guess?

Thinking of this, Qin Chuan took a deep breath After taking a breath, he asked in a low voice:"How did you know?

Huo Qingwen didn't answer, but asked again:"Are you really a descendant of the Qing family?"

Qin Chuan looked at him deeply and said after a while:"Not bad!""

Hearing this, Huo Qing finally smiled

"I trust you! In fact, I thought so before coming to you."

At this point, Huo Qing's expression suddenly became solemn and he whispered:"Qin Chuan, I said before that as long as you can catch my knife, I will tell you something."

"whats the matter?" Qin Chuan was very curious.

Huo Qing said seriously:"Please tell your elders of the Qing family about this matter. Even if our Huo family risks our lives, we will still help your Qing family regain the Blue Dragon Pearl."

"What?"

After hearing this, Qin Chuan's expression changed slightly, and he was very shocked.

"Don't you, the Huo family, also want the Blue Dragon Pearl? Why did you suddenly give up and help our Qing family?"..

Chapter 1977

Huo Qing smiled bitterly

"Because this is fate, and it is also the thousand-year wish of our ancestors of the Huo family. My ancestor has been searching for your Qing family bloodline for thousands of years. Now that I have finally found you, a member of the Qing family, I think he will be pleased."

Speaking of this, Huo Qing clenched his fists excitedly, and his eyes were inexplicably moist.

This made Qin Chuan confused.

"Qin Chuan, you are very good! You are stronger than me, and your chances of successfully entering the forbidden area should be higher than mine! It was me who was supposed to die, but now it's you. Brother Qinchuan, you have to be careful."

Hearing this, Qin Chuan seemed to understand Huo Qing's intention of letting him take the knife.

"Why? Brother Huo, why do your Huo family do this?"

"No why, I haven't told you the real reason yet. However, on the day when the Blue Dragon Pearl is taken back, my ancestor will definitely tell the reason, and then you, the Qing family, will understand the painstaking efforts of my ancestor. I also hope that then.....Why!"

Huo Qing shook his head gently, as if he didn't want to mention it again.

"Brother Huo, can you really not tell me the reason?"

"cannot! At least not now! Because I can't tell you without the order of my ancestor. However, you don't have to worry about the sincerity of our Huo family. I think it won't be long before our ancestor of the Huo family will personally talk to your elders. He will have a way to make your Qing family believe in the sincerity of our Huo family."

Hearing this, Qin Chuan felt even more depressed. He couldn't understand why the Huo family did this.

"Brother Qinchuan, in fact, I asked you out because I wanted you to convey my words to your elders. One day, my ancestors will come here so that they can meet with your elders."

"I see!"

"Just understand. My words also reached me. Brother Qinchuan, if you still have things of your own to do, go ahead and do it!"

Qin Chuan did not resign, but hesitated for a while and said

"Brother Huo! I don't know whether what you just said to me is true or false. If it is true, I really can't understand why the Huo family would do this. But no matter what, I will pass your words on to my elders"

"In the future, if I find out that everything you said is a lie, the friendship between you and me will be severed. If you are telling the truth, you are still Brother Huo in my heart"

Having said this, Qin Chuan said sincerely:"Brother Huo, I don't know if this is the last time that I will call you 'big brother'. I'm leaving!"

After saying that, Qin Chuan flashed and took the ball with him. The ball left.

Looking at Qin Chuan's leaving figure, Huo Qing's eyes were filled with complex expressions. After a while, he whispered to himself:"I can deserve your words of 'big brother'!"

But at this moment, someone in the forest suddenly appeared. A sigh came from the darkness

"Why! Young Master, you are reckless!"

As soon as he finished speaking, a rickety figure appeared from behind the tree shadow.

Seeing this rickety figure, Huo Qing said humbly: "Elder Sun, you are here too."

This rickety figure is none other than Mr. Sun.

It turned out that Mr. Sun was following Luo Feng, and after knowing the identities of Luo Feng and Qin Chuan, he hurried back to Zhou's house and told Huo Qing all this.

Huo Qing immediately rushed to the elixir. I want to see if I can meet Qin Chuan and tell Qin Chuan what he said above.

"Young master, there is no need to be so polite with me. Young Master, I am a little confused. Although Qin Chuan said that he was a descendant of the Qing family, there was not enough evidence. Why was the young master so sure that he was telling the truth?"

Huo Qing pondered for a while and said, "It's just an intuition!" There was a thought in my mind. I could feel that what Qin Chuan said was not a lie, and he did not lie to me. At least I can feel that kind of aura from him"

"Why! Maybe!"

Mr. Sun sighed and stopped mentioning this matter..

Chapter 1978

"Thousands of years! It's been a thousand years! Master, he can finally fulfill his wish. Every time I see the painful look of my master, the old slave feels bad in his heart!"

Old Sun suddenly sighed, and there were some muddy tears in his dim old eyes. He was loyal to his master, the ancestor of the Huo family.

Because he was originally an orphan who grew up with wild dogs. The big dog was taken in by the ancestor of the Huo family and raised up.

The ancestor of the Huo family was like a teacher and a father to him. How could he not respect him in his heart?

"yes! The ancestor's wish is almost fulfilled. However, the premise is that we must help the Qing family regain the Blue Dragon Pearl"

"The young master is right! As long as he can help his master fulfill his wish, he will not hesitate to sacrifice his broken body."

"Elder Sun, in fact, this matter is the wish of the ancestor, how can it not be the wish of all the children of the Huo family?"

Hearing this, Mr. Sun returned to his usual calmness. He is naturally very clear about the grievances between the Huo family and the Qing family.

"yes! Little Lord. Don't know what we should do next?"

"Next, I will find a way to contact the elders in the clan and tell the ancestors about the discovery of the Qing family's children."

"Well, it seems that's all. Young Master, this time we can finally confirm that the Four Killings Alliance is an organization formed by the Feng family and the Teng family."

"yes!"

Huo Qing also nodded slightly.

"Although we had doubts before, we were not sure. Now that we know that the Feng family, Teng family, and Qing family all have descendants, I don't know if there are any descendants of the Bai family and the Wu family."

"According to Laonu, since these three families should have descendants who survived, I think there should be people from the other two families as well. After all, the five great blood successor families in ancient times all have deep foundations and cannot be exterminated so easily."

"I hope so!"

Huo Qing sighed, and left the place in a flash.

Mr. Sun pondered for a moment and disappeared.

For a moment, the woods became empty.

However, Qin Chuan went directly to the pill after coming out of the forest. Bureau, asked about the refining progress of the Seven Spirits Purple Fire Pill.

Before entering the pill, Qin Chuan coaxed the ball into the space of the God of War Order to avoid unnecessary trouble.

Soon, Qin Chuan learned from Yu Yao , the Seven Spirits Purple Fire Pill can be refined in two days, just inform Young Master Zhou to come to the Pill Bureau to collect it.

Qinchuan's Earth Soul Pill can also be refined in five or six days.

In this way Qin Chuan was a little surprised to get the news about the Earth Soul Pill so quickly.

He didn't expect that the Earth Soul Pill could be refined so quickly.

Then, Qin Chuan went to visit Xiang'er again.

To his surprise, the little girl put him on the bed I gave her some spiritual grass for the first time and refined three earth-based elixirs.

"Brother Qin Chuan! I have finished refining all the spiritual herbs you gave me last time. It's just that my success rate in elixir refining is low now. I wasted a lot of materials and only refined these three 'Huang Jing Dan'. Don't blame me!"

Xiang'er was a little apologetic. She originally wanted to help Qin Chuan refine more elixirs.

Unfortunately, she has not been learning elixir for a long time, and it is already very good to be able to achieve this level.

After all, this Huang Jing Dan is a low-grade one. The best among elixirs, its medicinal properties are even comparable to some middle-grade elixirs in some aspects.

"Little girl, you can help my brother refine three Huang Jing Dan. My brother is already very satisfied."

"Um! When my brother thought this way, Xiang'er was happy."

Seeing Xiang'er's happy look, Qin Chuan was also very happy...

Chapter 1979

In fact, Qin Chuan was very satisfied with Xiang'er's ability to help him refine three Huang Jing Dan.

This Huang Jing Dan is an earth element elixir. It is the best among the low-grade earth element elixirs. It is of great help to improve the cultivation of earth element warriors below the fourth level.

In terms of market value, one Huang Jing Dan costs more than 7,000 gold coins, which is much more expensive than the Awakening Pill.

"I heard that this Huang Jing Pill can greatly improve the cultivation of earth energy. The three pills added together should be better than refining a hundred-year-old Huang Jing. I'll keep it for later use."

At that moment, Qin Chuan happily put away the Huang Jing Dan.

After saying goodbye to Xiang'er, Qin Chuan went directly to the deputy chief instructor's residence and passed Huo Qing's words to his father.

Qing Yunfeng heard Qin Chuan's words, Naturally, he was very surprised.

Then he told Qin Chuan not to be distracted by this matter, and to quickly deal with the matters around him, and then return to the guard camp. He would inform the clan members about Huo Qing's news.

After leaving the deputy chief instructor's residence, Qin Chuan did not go back directly to Mr. Zhou's residence, but went to the market to buy some gold spiritual objects for Qiuqiu to use as food, but unfortunately he could not buy them.

Qiuqiu could only continue to live a life of eating gold coins. His growth has also become extremely slow.

After doing this, Qin Chuan went straight back to Young Master Zhou's mansion, his residence

"It seems that we have to wait another day to tell Zhou Shao about the refining progress of the Seven Spirits Purple Fire Pill. I wonder what action he will take after knowing that the Seven Spirits Purple Fire Pill is about to be refined?"

Qin Chuan thought for a while, stopped thinking, and started meditating again.

Now, Qin Chuan has many four-series elixirs, and the worst ones are at the level of Xuan Shui Dan.

This Xuan Shui Dan is a Each pill is worth a thousand gold coins, and even Zhou Shao would not be willing to take it like this. Except for a small part of these pills that Qin Chuan purchased himself, the rest were given by Xiang'er.

Xiang'er gave Qinchuan a lot of pills. The medicine allowed Qin Chuan to save a lot of money, otherwise with his current financial resources, he would not be able to afford such consumption.

However, as long as he can improve his cultivation faster, Qin Chuan has always regarded money as floating clouds.

With these pills With the help of pills, Qin Chuan's cultivation progress of the four elements of vitality has also accelerated a lot.

Especially the earth element.

With the help of elixirs, Qinchuan's progress of earth element Qi can catch up with the higher-qualified warriors.

Now, Qin Chuan In terms of Chuan Yuan Qi cultivation, Water Yuan Qi has been cultivated to the highest level, reaching the peak of the third level.

Both wood and fire systems are still at the third level.

Earth Yuan Qi has also been cultivated to the second level of Great Perfection.

In terms of physical cultivation, Qin Chuan has opened the second door.

It's just that During this period, Qin Chuan focused all his energy on the cultivation of Fire Yuan Qi, so in terms of body refining, he has not continued to practice since opening the second door.

Now his comprehensive combat power is comparable to that of ordinary fourth-level Dzogchen masters. Let's compete.

If he were to face those fourth-level Dzogchen warriors who have superior martial arts or spiritual weapons, I'm afraid he would not be their opponent.

Although his current strength is much stronger than that of warriors of the same level, with his current Entering the forbidden area of the Zhou family with enough strength, the chance of survival is estimated to be almost zero.

Thinking of this, Qin Chuan couldn't help but sigh for his future fate, and at the same time, he also felt that the burden of responsibility he carried was so heavy.

Because he knew very well that taking back Qing Qing The Dragon Ball is not just for him, but for the entire Qing family. He embodies the hope of the entire clan.

So he cannot retreat! And he is absolutely unwilling to retreat!

Not only does he want to help the clan regain the Qing family's Qing family, Dragon Ball, he still wants to get out alive..

Chapter 1980

Qin Chuan not only wants to help his tribe regain their Qing family's Green Dragon Pearl, but he also wants to get out alive.

Because he still has his own ambition, he wants to become a ninth-level warrior, or even a ninth-level Dzogchen warrior.

He also wants to find the mysterious ninth-level Dzogchen warrior who killed the five ancient races, and he wants to use their blood to pay tribute to the dead heroes of the five races!

Therefore, he cannot die easily! Even if the Zhou family's forbidden land is a dragon's pond and a tiger's den, he will still survive!

Thinking of this, Qin Chuan became more determined.

People can grow faster only in adversity. Faced with the pressure of entering the forbidden area, Qin Chuan not only did not shrink back, but instead aroused his fighting spirit.

However, he is still too weak now. With his current strength, the chance of surviving in the forbidden area is almost zero.

In addition to the ancestors of the Zhou family, there are many fifth-level and sixth-level masters in the Zhou family's forbidden area.

As far as Qin Chuan knew, in addition to the Zhou family ancestor who was an eighth-level master, the entire Zhou family also had two elders who were seventh-level masters.

These two elders handle the daily affairs of the Zhou family all year round, so naturally they will not be in the forbidden area.

As for the direct descendants of the Zhou family who have cultivated to the sixth level, there are also five or six, and there are at least a dozen who have cultivated to the fifth level.

These direct descendants of the fifth and sixth levels all hold extremely important positions in the Zhou family.

Of course, there are also some people who live in seclusion behind the scenes, enter the forbidden areas of the Zhou family, and cultivate in secret with the ancestors of the Zhou family.

Qin Chuan is now worried about those fifth- and sixth-level disciples who are cultivating in the Zhou family's forbidden area.

As the ancestor of the Zhou family, even if Qin Chuan made some small moves in the forbidden area, he would not take action easily personally. He would definitely send a fifth- or sixth-level Zhou family disciple to take action first.

If Qin Chuan wants to survive, he must have the ability to survive in the hands of fifth-level and sixth-level masters.

There are not many sixth-level masters in the Zhou family, and many of them still hold important positions in the Zhou family.

It seems that there are only one or two sixth-level masters in the forbidden area.

However, there must be many fifth-level masters.

If his overall strength could reach level five, he would have a 30% chance of survival."

However, when Qin Chuan thought of reaching the fifth level of strength, he smiled bitterly and shook his head.

The strength of the fifth level warrior is more than ten times stronger than that of the fourth level Dzogchen peak warrior, and after reaching the fifth level, it is not only the strength of The gap between them.

That is a qualitative change.

The further you go, the greater the strength span between warriors.

Qin Chuan's current combat effectiveness is not even at the peak of the fourth-level Dzogchen, let alone the opponent's fifth-level master. That is simply It is to die.

The last time Qin Chuan faced the Monkey King, if the other party had not wanted to know the whereabouts of the God of War Order, he had thrown a rat weapon at him. If the Monkey King was really determined to kill him, it would have been an easy thing.

Maybe he would wait until he used the water, wood, and fire. After cultivating all three elements of vitality to the fourth level, and then transforming these three elements of vitality into the power of the wind elephant, he becomes a wind elephant warrior. Perhaps then, his overall strength will be infinitely close to that of a fifth-level warrior!

When he thinks that he can become a Wind Elephant Warrior, Qin Chuan thought of a Thunder Elephant Warrior.

If he wanted to become a Thunder Elephant Warrior, only warriors from the three systems of Fire, Earth and Gold could transform, and the talents of the three systems must all be of superior qualifications. If he wanted to become a Thunder Elephant Warrior, he would have to first improve the qualifications of the metal system.

However, these are things for later, and Qin Chuan has no time to think about them now.

Thinking of this, Qin Chuan knew that it was useless to think too much, so he stopped thinking about it and continued to meditate and practice.

Unknowingly, Qin Chuan practiced all night again...
